WE CARE

The "best choice" leads to Gold and Platinum.

AGFA PEM 469

There's no substitute for the sound quality captured by AGFA PEM 469 studio mastering tape. It delivers a wide dynamic range, low print-through and consistent, reliable performance time and time again.

If you're reaching for gold or platinum, **the best choice** is AGFA.

World Radio History

ABOVE AND BEYOND

PDO created the industry standards for CD replication. Yet we rise above and beyond those standards with every CD we replicate.

Above and beyond in R&D. We are the only company that has spent over $1 billion to perfect the medium we invented.

Above and beyond in quality control. We are the only company that laser-scans 100% of every CD we ship.

Above and beyond in product development. We are the only company that offers you all of the latest CD innovations: Picture Discs; Maxi-Singles; 5″, 8″ and 12″ CD Videos.

Above and beyond in service. We treat every project as if it's the most important project in the world. Because if it's *your* project, it *is*.

World Radio History

When it's time to entrust your music to a CD replicator, look above and beyond the ordinary. That's where you'll find PDO, alone.

How To Use This Directory

As a guide to locating specific listings, the following explanations are presented for each major section. As a first step for finding any listing, refer to the Contents page or Keyword Index page for the first page of the particular section desired and note whether the listings are arranged by state or alphabetically.

UNITED STATES

MUSIC & VIDEO COMPANIES

Record Companies

Finding a record company is straightforward since listings in this section are in alphabetical order by company name. Record labels are cross referenced back to their parent companies.

Video Program Suppliers & Buyers

The Video section includes alphabetically sequenced listings for video program suppliers and buyers.

Music Publishers

Music Publishers are listed in alphabetical order by company name. Affiliates and administered companies are cross referenced back to their primary company listings.

Sheet Music & Folio Suppliers

These listings are in alphabetical order by state.

RETAIL SUPPLIERS

Wholesalers

These listings are in alphabetical order by state. Listings include distributors, one stops, rack jobbers, importers, and exporters of audio and video disks, tapes and accessories, and computer/video games.

Retail Accessory Suppliers
Display & Other Fixtures
Computer Systems and Services

Each section has listings in alphabetical order by company name.

INDUSTRY SERVICES

Associations & Professional Organizations
Entertainment Attorneys
Licensing Organizations—Music, Audio & Video
Music Libraries
Public Relations & Record Promotion
Retail Promotion, Merchandising Services & Products
Schools & Instruction

Each section is arranged alphabetically by company name or by state. Company listings are limited to those services and supplies done in-house and provided to outside clients.

MANUFACTURING PLANTS, SERVICES AND EQUIPMENT

Tape Custom Duplicators

These listings are in alphabetical order by state. Companies providing duplicating services for tape audio/video products. (Audio duplication is High Speed only.)

Equipment Manufacturers
CD Replicating & Manufacturing Systems
Tape Duplicating and Processing
Record and Tape Manufacturing
Tape Packaging & Labeling

Each section is arranged alphabetically by company name.

CD Replicating & Manufacturing Plants
Plating, Processing & Pressing Plants
Packaging & Labeling Services

Each section is arranged alphabetically by state.

MATERIALS & SUPPLIES

Blank and Bulk Raw Tape Product Manufacturers & Charts

These charts of audio and video blank and bulk raw tape should be used in conjunction with the listings for manufacturers of tape products which precede the charts and present the addresses, telephone numbers and personnel of the companies.

Cartridges, Cassettes, Reels and Other Parts

These listings are in alphabetical order by company name.

Envelopes and Mailers

These listings are in alphabetical order by state.

Jackets & Sleeves

These listings are in alphabetical order by state.

Labels—Record & Tape

These listings are in alphabetical order by state.

Polybags and Shrinkwrap

These listings are in alphabetical order by state.

Raw Materials

These listings are in alphabetical order by company name.

Surveillance & Security Systems

These listings are in alphabetical order by company name.

Tape, Record & CD Supplies and Accessories Manufacturers

These listings are in alphabetical order by company name.

INTERNATIONAL SECTION

Refer to international section.

ADVERTISERS INDEX

To quickly locate an advertiser within the International Buyer's Guide, turn to the Advertisers Index. Companies are listed in alphabetical order and page number(s) are indicated on which their advertisement(s) appear.

GENERAL INFORMATION ABOUT LISTINGS

Make note of any legends that may appear below any of the section heads. They contain important information that applies to that section's listings.

The listings contained in this publication are based solely upon information supplied to Billboard as of presstime. All information is checked for accuracy as of that time. However, Billboard is not responsible for changes in management or any other related business associations that may supersede the listings contained herein. Efforts are made by questionnaire mailings and phone calls to obtain information on companies which should be listed. If you would like to be listed in the next issue of the International Buyer's Guide please send the relevant information in the format of the section under which it should appear. Information should be addressed to: Rusty Terry, Operations Mgr., Billboard Publications, Inc., Box 24970, Nashville, TN, 37202.

World Radio History

"SPINSATIONAL"™

AdCo Products' DEFINITION:

MORE MOVIES... FULL-FACE... LESS SPACE.

Patent No. 4,584,950

THE SPINSATIONAL
MODULAR SPINNER™

...capable of displaying more movie titles *full-face* in a 16″ square of floor space than any other display on the market today!

The **Spinsational Modular Spinner™** requires NO tools for assembly yet comes complete with your choice of Gray, Champagne or Woodgrain finished base with leveling glides and top cap. A pedestal of pre-mounted strips with the simple addition of the popular cyrstal clear Ad-just'm™ Shelves makes this Spinsational unit complete.

Here's just one example of the **Modular Spinner's™** *full-face* movie display capabilities.

Strips are available in 6 colorific colors.

Against a wall 52′ long using 39 88″ tall **Modular Spinners™** set side-by-side, **over 3100** movie titles can be displayed *full-face* in Paramount type VHS boxes.

The **Modular Spinner™** is available in standard heights of 61″, 70″, 79″ and 88″. Custom heights designed for your special needs, upon request.

THE SPINSATIONAL
END CAP DOUBLE SPINNER™

The **Double Spinner** allows you to maximize your end cap space by attractively displaying more movie titles *full-face* in a 2′x4′ area than you ever thought possible.

The clear extruded plastic, 3″ wide shelves allow you to display hundreds of movie titles. By using only one **Double Spinner** unit you can show-off 224 movie titles *full-face* while displaying a total of 448 titles.

Using 2 **Double Spinners** placed back-to-back as a center island unit, 896 movie titles can be displayed while showing *full-face* 448 at all times.

All that in just a 48″ square of your valuable floor space...

The **End Cap Double Spinner™** is available in your choice of Gray, Champagne or Woodgrained finish. Unit comes complete with catagory sign holder.

Patent Pending

FOR MORE INFORMATION OR TO ORDER EITHER SPINSATIONAL™ SPINNER DISPLAY UNIT...

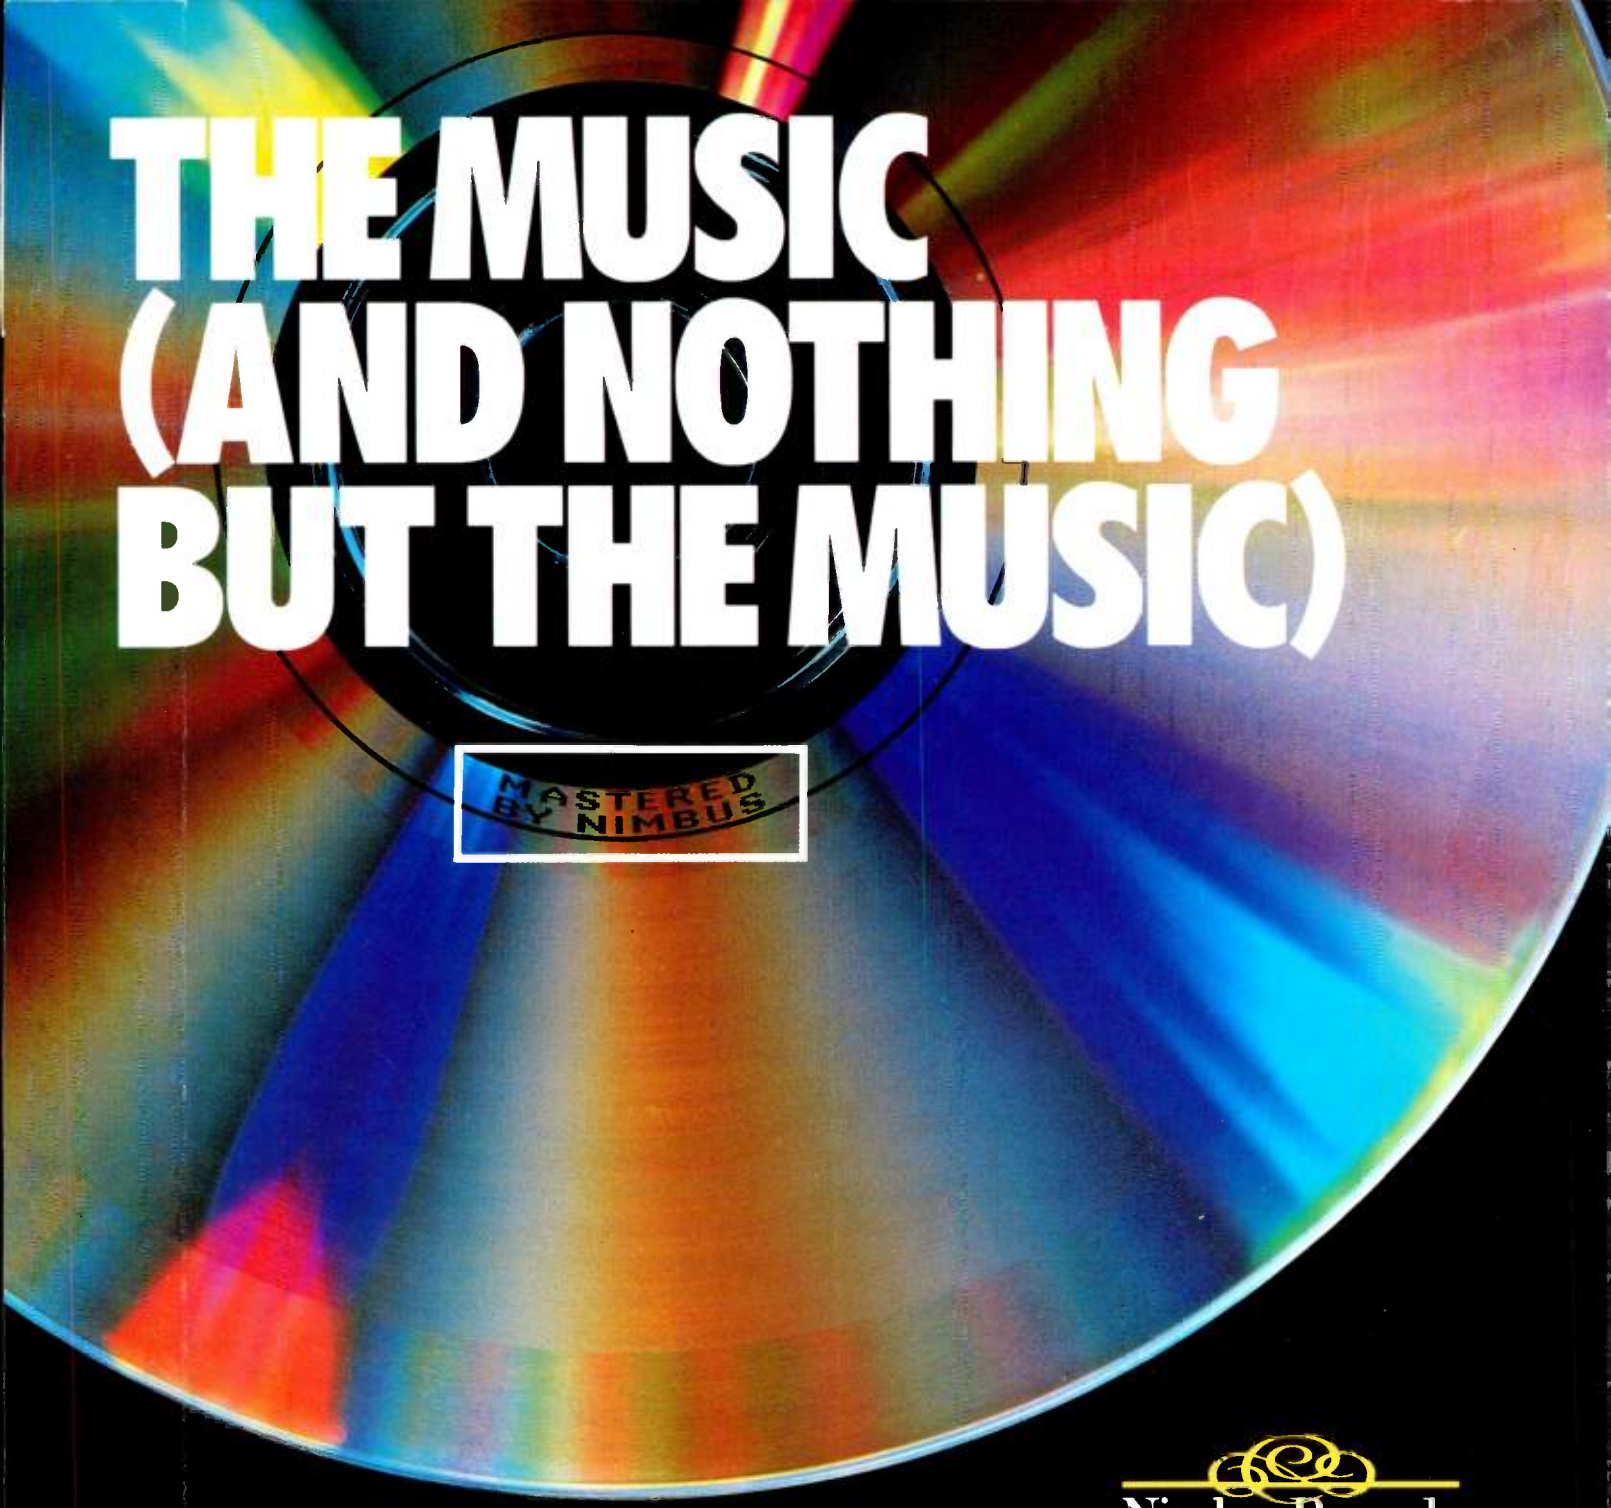
THE MUSIC (AND NOTHING BUT THE MUSIC)



Nimbus Records

When it's *your* music on the line, come to the CD manufacturer who always puts your music first—Nimbus Records.

At Nimbus we've done more than anybody to master CD manufacturing because we want your music to sound as good as it did when you recorded it. We've fine-tuned and improved every step of the CD replication process and back that up with absolute 100% quality control—so we guarantee 100% satisfaction.

No pops. No clicks. No hassles. Just your music.

More industry professionals are singing the praises of Nimbus than any other custom pressing facility. So when you want your music (and nothing but your music), come to Nimbus—The Music People.

The leader in high-tech CØ cassettes.

For years we've been known as the leader in providing CØ cassettes and boxes to America's recording and blank load industries. Among our newest products are the "high-tech" sonic weld and five-screw CØ cassettes pictured above. The internal design of these cassettes provides excellent azimuth for the most accurate tracking path available. The external cosmetics, such as the grid pattern border and hot-stamped window, make these cassettes look as good as they work. Lenco also offers a completely clear CØ cassette for that futuristic look. And like all Lenco products, these are available from distribution warehousing in Los Angeles, Dallas, Nebraska and Atlanta.

Lenco guarantees the finest competitively priced audio cassette products available, delivered where and when you need them. Call for prices and samples and see for yourself why we're the leader.

College for Recording Arts
665 Harrison Street · San Francisco, California 94107 · (415) 781-6306

To save you time and money we've just spent over 546 hours training your next employee!

When money and time are tight, you can't afford to train an employee from scratch. Our graduates have spent a full year in an intensive study of Audio Engineering, Music Production, Studio Electronics, Music Business and Finance, Copyright Laws and Entertainment Contracts. They're young, knowledgeable, and–because they're well trained–effective from the start. Graduates and referrals among the Majors!

If you are in need of someone already possessing the basic knowledge and skills of the industry, we might just have the person to fit your situation. If you know a promising and talented person that you'd like to help along, why not let us train them for you!

The school is accredited by the Accrediting Commission of the National Association of Trade and Technical Schools (NATTS), approved by the Calif. Superintendent of Public Instruction, approved for Veteran training, and is authorized under Federal law to enroll non-immigrant alien students. It is also endorsed by the National Academy for Recording Arts and Sciences Training Institute

Give Us Your Best Song.

Please

John Stewart did. Now Rosanne Cash and John Hiatt have joined the club.

If you're also a world-class singer/songwriter (with worldwide compassion), ENTERTAINERS AGAINST HUNGER wants the **publisher's share** of one of your songs. EAH will use the continuing income from the song to help feed the people who need it most.

ENTERTAINERS AGAINST HUNGER

For more details, write:

This space contributed as a public service.

"YES, THERE IS LIFE AFTER BREAST CANCER. AND THAT'S THE WHOLE POINT."

—Ann Jillian

A lot of women are so afraid of breast cancer they don't want to hear about it.

And that's what frightens me.

Because those women won't practice breast self-examination regularly.

Those women, particularly those over 35, won't ask their doctor about a mammogram.

Yet that's what's required for breast cancer to be detected early. When the cure rate is 90%. And when there's a good chance it won't involve the loss of a breast.

But no matter what it involves, take it from someone who's been through it all.

Life is just too wonderful to give up on. And, as I found out, you don't have to give up on any of it. Not work, not play, not even romance.

Oh, there is one thing, though.

You do have to give up being afraid to take care of yourself.

AMERICAN CANCER SOCIETY®

Get a checkup. Life is worth it.

WHEN IT COMES TO OLDIES YOU CAN HAVE IT ALL!

AMERICAN RECORD SALES, THE OLDIES EXPERTS!

MANUFACTURER & DISTRIBUTOR OF ERIC RECORDS
PROFESSIONAL OLDIES ONE-STOP FOR OVER 20 YEARS

- SPECIAL ATTENTION TO EXPORT ORDERS
- QUALITY PRESSINGS & ORIGINAL VERSIONS ONLY — All records are carefully inspected before shipping and packed with the care they deserve.
- BEST FILLS IN THE BUSINESS — Fills from our oldies catalog average over 95%. We stock what we advertise.
- COMPETITIVE PRICES — In one easy-to-use catalog you'll find all the best-selling original hits at our low one-stop price, plus our special 79¢ list of recent hits and our special list of imports and hard-to-get oldies.
- LARGEST SELECTION IN THE USA — Our Special Order Department contains over 20,000 titles on all labels, many no longer available from any other source.

ERIC RECORDS

- ERIC RECORDS is our own high quality oldies label containing over 230 pairings, many in true stereo and many available exclusively on ERIC. Write for separate catalog and special low prices on ERIC orders over 300 pieces.

1120 CROWN POINT RD. • P.O. BOX 287 • WESTVILLE, NJ 08093 • (609) 848-1900

We grew out of a small collector's shop, so we know the needs of the small specialty retailer. We give great service to even the smallest accounts. Our salespeople take care of your order from beginning to end, to assure top notch fill and delivery, with less mistakes, and less bent corners. And we have in stock those records that the other distributors have never even heard of, but your customers have been asking for.

ROCKABILLY • BLUES • PSYCHEDELIC • PUNK • GARAGE • MERSEYBEAT • BRITISH INVASION • HARDCORE • BOOKS • FANZINES

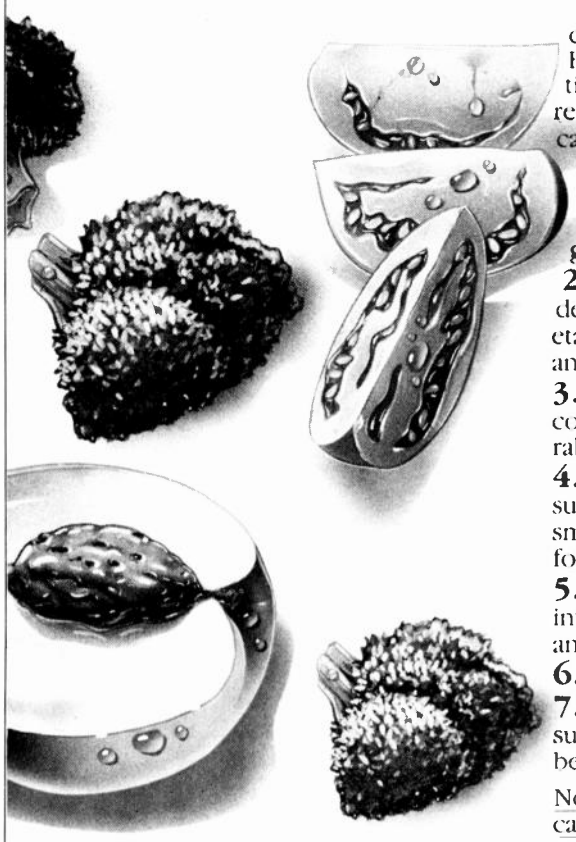
This space contributed as a public service.

A defense against cancer can be cooked up in your kitchen.



There is evidence that diet and cancer are related. Follow these modifications in your daily diet to reduce chances of getting cancer:

1. Eat more high-fiber foods such as fruits and vegetables and whole-grain cereals.
2. Include dark green and deep yellow fruits and vegetables rich in vitamins A and C.
3. Include cabbage, broccoli, brussels sprouts, kohlrabi and cauliflower.
4. Be moderate in consumption of salt-cured, smoked, and nitrite-cured foods.
5. Cut down on total fat intake from animal sources and fats and oils.
6. Avoid obesity.
7. Be moderate in consumption of alcoholic beverages.

No one faces cancer alone.

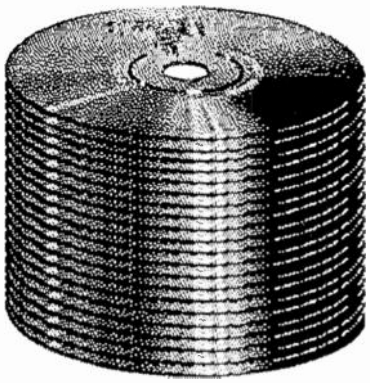
World Radio History

The ARChive of Contemporary Music is a non-profit music library and research center located in New York City. The ARChive collects, preserves and provides information on the popular music of all cultures and races throughout the world from 1950 to the present.

THE ARCHIVE OF CONTEMPORARY MUSIC

call (212) 964-2296

The ARChive can help you locate original master recordings, do fact-checking, provide mailing lists, locate individuals working in all areas of the music business, and provide in-depth research services to authors, the press and the music industry.



230,000 recordings

Support the ARChive! If you need any form of music information please give us a call. Make sure your company is sending information and recordings. And if you have not already done so, please consider a tax-deductible contribution to the ARChive.

THE SPEED OF SOUND

Fast Turnaround. Technidisc's superb quality metal mastering technology and robotic production ensure the fastest turnaround time in the industry Our customer service representatives will schedule, monitor, and ship CD's on your timetable.

State-of-the-Art Capabilities. Our engineers designed and developed the systems and procedures used in the manufacture of the Technidisc CD. From order entry, through sophisticated computerized production management and quality control, to efficient packaging and shipping, Technidisc offers complete inhouse CD capabilities.

11 Years of Optical Disc Experience. Technidisc has been deeply involved in the research and development of optical discs since 1976. We are one of the few manufacturers of videodiscs in America. All of our production systems are the end product of years of patient development. The result is competitive pricing, brilliant quality, and unmatched turnaround. Please call us today to find out how Technidisc can serve your CD needs.

We do it all

The oldest established audio recording company in the industry.

"...COOK has been that legendary, almost mystical entity that was symbolic of, and synonymous with, quality recording."

-Henry Brief
International Tape/Disc Assoc.

COOK Quality

Record Mastering, Plating and Pressing

- Disc mastering
- Complete metal processing
- Premium quality virgin vinyl
- Microfusion™ record pressing
- Large or small quantities

Cassette Duplication

- Cook's proprietary Advanced Duplication Systems (ADS)
- Unequaled quality high speed duplication
- BASF chrome and high-bias tape
- Premium quality sonic and screw-type shells
- Plant capacity to meet any quantities
- Printing, packaging, assembly and fulfillment

Compact Discs

- Preparation of digital master from analog master
- Creation of glass master
- Replication of compact discs
- Plant capacity to meet any quantity requirements
- Printing, packaging, assembly and fulfillment

World Radio History

The World Picks Gauss

Gauss manufactures the finest high-speed audio tape duplicating equipment in the world.

Internationally, the Gauss name is synonymous with leadership and reliability in duplicator technology and quality. Gauss assures a dependable, long-term and cost-effective investment.

In our long history, Gauss has pleased the most discerning music and record companies and the most fastidious duplicators of spoken word tapes in the world. It doesn't matter if you are listening to Mozart or Springsteen. Or listening to Shakespeare or a best-selling novel. Or learning a language on tape. If you demand quality duplicating, the Gauss Series 2400 is your only choice.

The Gauss Series 2400 represents a new dimension in quality equipment. A combined master and loop bin in a single unit is designed to operate reliably and efficiently at speeds up to 480 ips.

Like the Gauss duplicator, the Gauss Tape Test System Series 1100 is your only choice to verify the performance of your equipment. It is compatible with most duplicating systems operating from 1:1 through 128:1. Another reason why the world picks Gauss.

If you are listening to audio cassette tapes anywhere in the world, most likely you are listening to tapes duplicated on Gauss equipment.

The world picks Gauss. Nothing else comes close.

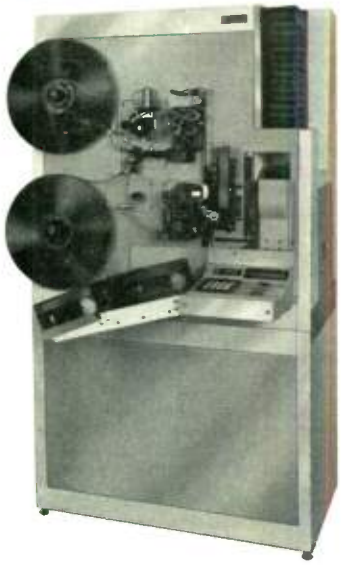
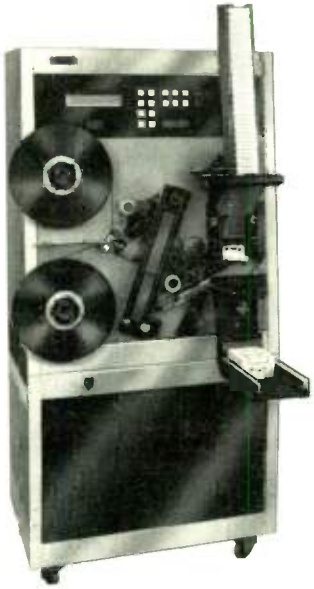
160 San Gabriel Dr., Sunnyvale, CA, 94088, (408) 245-6600. Telex: 34-6324. Fax: (408) 733-0632. Pres.: Bob Barone; Sales Mgr.: Mark Nevejans.
Product(s): High speed tape duplicators.

World Radio History

Model 2797

Model 2500





These are the most productive tape loaders in the world today.

They increase productivity by the fastest speed and uninterrupted high throughput, shift after shift, using the two-pancake system. They require fewer operators, less maintenance and produce consistently superior quality cassettes.

The **King 2500** dual supply, fully automatic loader winds blank or prerecorded video cassette tape into VHS-type cassettes. The microprocessor-controlled 2500 has a sophisticated tape guide system that uses air bearings which cause the tape to virtually "float" over the guides. The system provides smooth tape handling while minimizing tape-to-guide contact during winding.

Uninterrupted production through a shift results from the 2500's automatic supply reel changer. Changeover takes about 8 seconds. The empty tape reel can be replaced with a new reel while the machine runs.

The loader's modular design not only simplifies maintenance, but also facilitates interface with new or existing infeed/outfeed systems.

Solidly based on proven technology, the 2500 features the latest in computer program control of all operations including test function.

The **King 2797** dual supply, fully automatic loader winds audio prerecorded or blank cassette tape into Philips-type cassettes.

Controlled completely by a microprocessor, the 2797 features a two-pancake supply system that permits the machine to run for a full production shift without stopping for the normal pancake change. The dual-axis servo drive system provides extremely accurate tape tension and reduces the possibility of tape damage during winding.

The infeed stacker accepts cassettes in any direction, automatically orienting them for proper insertion into the loading nest.

Loaded cassettes are automatically stacked and, can be stamp-coded to identify the program or product.

Other KING tape loaders

Model 1800 8 mm video cassette loader

As the world leader in tape tailoring technology, always a step ahead of competitors, King developed the 1800 to load 8 mm video tape directly into cassettes. This sophisticated technological innovation in tape loading is ready for delivery, now that the market has caught up to us.

There are many reasons to rely on KING

King machines are built to last
King offers exceptional follow-up technical support
King is the world's largest manufacturer of cassette loaders
King has factory-trained service technicians worldwide
King has spare parts depots throughout the world

Model 1150 R-DAT cassette loader

- Fully automatic loading
- Selectable tape tension
- Microprocessor controlled
- High quality finished product
- Efficient compact design

Model 582-B 3/4" video hub loader

- High throughput
- Ease of operation and maintenance
- Precise tape length consistently
- Selectable tape tension
- High quality professional product

World Radio History

The plastic laser-read compact disk is rapidly becoming the digital information storage medium of choice for everything from music to masses of computer data. And the plastic material of choice for this exciting new development is Mobay's Makrolon CD-2000 polycarbonate.

Makrolon CD-2000 is the special super-clean polycarbonate resin designed to provide outstanding transparency and optical purity to assure a high transmission factor for the laser beam; minimal water absorption to help prevent warpage and possible read-out errors; high impact resistance; stiffness; and heat deflection temperature.

Makrolon CD-2000 resin also accurately reproduces the intricate mold surface, can be molded with the extremely low stress level required for minimal optical distortion, and achieves extremely high flowability while maintaining polycarbonate's excellent mechanical properties.

For more information in the USA, contact Dr. H. Loewer at 412 777-2864. Or write Mobay Corporation, Plastics & Rubber Division, Mobay Road, Pittsburgh, PA 15205-9741.

2 Ways To Duplicate Your Master Audio Tape For Demos Or Retail Sales

Audio Cassettes:
Eva-Tone is a full-service supplier, offering duplication from analog and digital masters, labeling, packaging, additional printing and complete mailing services. Write or call for your free copy of "Cassette Talk," our newsletter complete with information, specs, layout sheets and prices.

Soundsheets:
Use these low cost, thin, flexible vinyl recorded discs as audio pages in magazines, as direct mail inserts, as handouts at concerts or trade shows, or even as retail products. Write or call for your free copy of our Soundsheet Idea Kit, complete with information, samples, specs, layout sheets and prices. Then send your analog or digital master.

Printing, Packaging & Mailing:
Ask your Eva-Tone Representative about our commercial printing and mailing services, too. We just may be the full-service promotional supplier you've been looking for!

World Radio History

Portrait of the Great American Investor

She's never in one place for long. Wherever the story takes her, she'll go. She invests her time in her work and her money in U.S. Savings Bonds. Over 23 million Americans like her invest in Savings Bonds. They are the Great American Investors. People everywhere are discovering that Bonds have changed. When held five years or more, Bonds pay competitive rates, like money market accounts. And they're free from state and local income tax.

Bonds are easy to buy. You can purchase them at most banks or though Payroll Savings at work. So, whether you are investing $25 or $5000, buy U.S. Savings Bonds. The Great American Investment.

Find out more, call 1-800-US-BONDS.

U.S. SAVINGS BONDS

THE GREAT AMERICAN INVESTMENT

Bonds held less than five years earn a lower rate.

A public service of this publication.

PRODUCT CHART KEY

AV—Avilyn
BC—back coated
C—chrome
CD eq—chrome equivalent
CM—cobalt modified
CrO^2—chromium dioxide
EC—epitaxial cobalt
EHO—extra high output
EO—epitaxial oxide
ER—extended range
F—ferric
FC—ferric colbalt
FCh—ferric chrome
FCo—ferricobalt
FCr—ferrocrystal
FE—ferrite oxide
FG—ferric gamma hemate
FO—ferric oxide
FS—ferros
GFO—gamma ferric oxide
HB—high bias
HD—high density
HE—high energy
HF—high ferric
Hf—high fidelity
HO—high output
HP—high performance
LN—low noise
M—mastering
MB—master backed
MO—maximum output
MT—metal particle
NB—normal bias
P—polyester
PF—pure ferric
PLN—premium low noise
PxGH—Px gamma hematite
SC—super coating
SF—standard ferric
SHf—super high fidelity
SLN—super low noise
SP—standard performance

World Radio History

What chrome once did for your eyes, it's finally doing for your ears.

Now there's much more to chrome than meets the eye.

The unmistakable new sound of UCR pure chrome audio tape from Sunkyong.

UCR's optimum magnetic and mechanical properties result in digital sound quality on cassettes duplicated at 64 to 1. If that sounds good to you, you'll be relieved to hear that you probably won't even need to readjust slaves when you switch.

You'll also appreciate the quality control you get from Sunkyong's vertical integration. From our own natural resources and refineries to our manufacturing plant and Technical Center in Los Angeles.

That means if you've heard one tape, you've heard them all. They're absolutely consistent.

If you can't wait to hear our pure chrome tape, you're not alone.

Consumers can't either. Our SKC audio cassettes are a big hit, too.

It just goes to show. Chrome was never meant to be seen and not heard.

Sunkyong. Nobody carries a tune like we do.

SUNKYONG

Digital sound from analog tape.

Audio Tape Division, 17106 S Avalon Blvd., Carson, CA 90746

Announcing A Clearly Superior Line...

V-zeros, C-zeros, Audio Pancakes and Custom Video-Loading Services

We're Swire Magnetics' Professional Products Division and we offer the professional audio and video duplicator a truly superior line of products and services.

From our new high-technology series of c-zeros to our reliable and economical v-zeros, our quality audio pancakes and cost-effective, custom video tape loading services... we've set the standard.

Our v-zeros lead the industry in quality and reliability at competitive prices. And our c-zeros have been totally redesigned to incorporate new, advanced features.

We manufacture every unit we sell. That means we have total control over quality. So, as a professional duplicator you're assured of the same consistent high quality in every shipment... in every cassette.

And, because we're Swire Magnetics, with over ten years of experience and more than a billion audio and video cassettes behind us, you can count on us to provide quality audio and video products and services for many years to come.

With large, modern distribution facilities on both the east and west coasts, we're able to deliver quality products in quantity and on time to meet your needs.

Call us today and take a look at our Clearly Superior Line...

LEADER LOCK

THE HEART OF YOUR CASSETTE

BETTER THAN EVER

That little piece of staking rod is the big difference in the quality of your cassette.

Our Leader Lock is better because of our unique Solid Extrusion process which delivers a rod diameter tolerance of not more than ± .0006" (.0127mm).

—Sizes from .049" (1.2446mm) to .068" (1.7272mm).

—Extruded in increments of .001" (.0254mm).

—Tolerance not more than ±.0006" (.020 mm).

—Popular sizes — .052" (1.320mm) and .062", (1.575mm stocked for immediate shipment.

Designed and engineered for the cassette industry, our staking rod virtually eliminates cassette failure due to leader tape pull-out.

We also make **special** extrusions for particular requirements.

Portrait of the Great American Investor

You wouldn't know it to look at him. But he has an investment plan that's working, even though he's not.

From Elm Street to Wall Street, people all over America are discovering that U.S. Savings Bonds have changed. And they're now the Great American Investment.

It's easy to see why. When held for five years or more, Bonds pay competitive rates, like money market accounts. So you make the most of your money without having to work at it.

Plus, Bonds are free from state and local income tax. What's more, they're easy to buy. You can purchase Bonds at most banks or though payroll savings at work.

Whether you're investing $25 or $5,000, buying U.S. Savings Bonds today is one of the smartest moves you can make. Now that Bonds pay a competitive return, it's easy to become a Great American Investor. Find out more, call anytime 1-800-US-BONDS.

U.S. SAVINGS BONDS

THE GREAT AMERICAN INVESTMENT

Bonds held less than five years earn a lower rate.

"YES, THERE IS LIFE AFTER BREAST CANCER. AND THAT'S THE WHOLE POINT."

–Ann Jillian

A lot of women are so afraid of breast cancer they don't want to hear about it.

And that's what frightens me.

Because those women won't practice breast self-examination regularly.

Those women, particularly those over 35, won't ask their doctor about a mammogram.

Yet that's what's required for breast cancer to be detected early. When the cure rate is 90%. And when there's a good chance it won't involve the loss of a breast.

But no matter what it involves, take it from someone who's been through it all.

Life is just too wonderful to give up on. And, as I found out, you don't have to give up on any of it. Not work, not play, not even romance.

Oh, there is one thing, though.

You do have to give up being afraid to take care of yourself.

AMERICAN CANCER SOCIETY®
Get a checkup. Life is worth it.

World Radio History

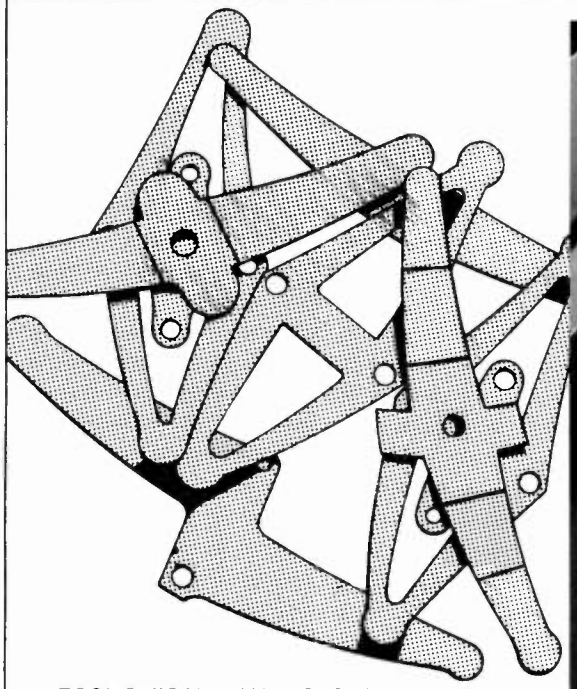
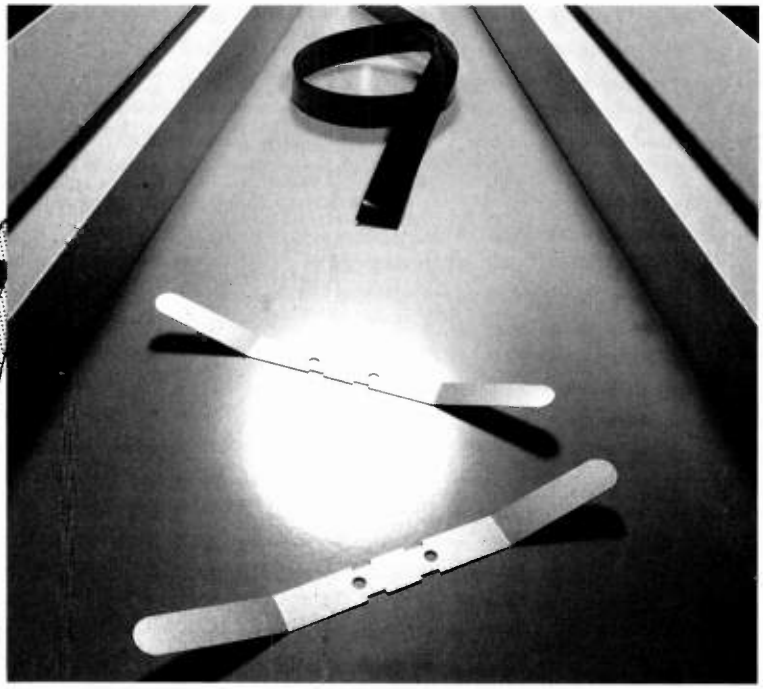
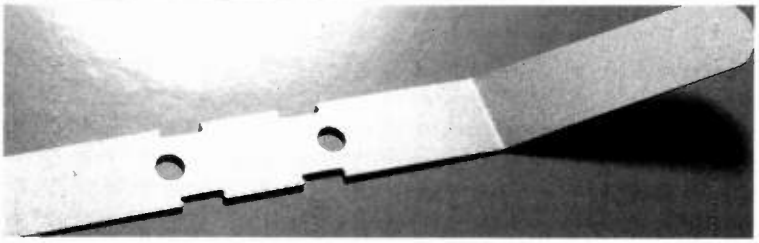
NEW VHS REEL SPRING

J&P MILANO







ECONOMICAL ADVANTAGES

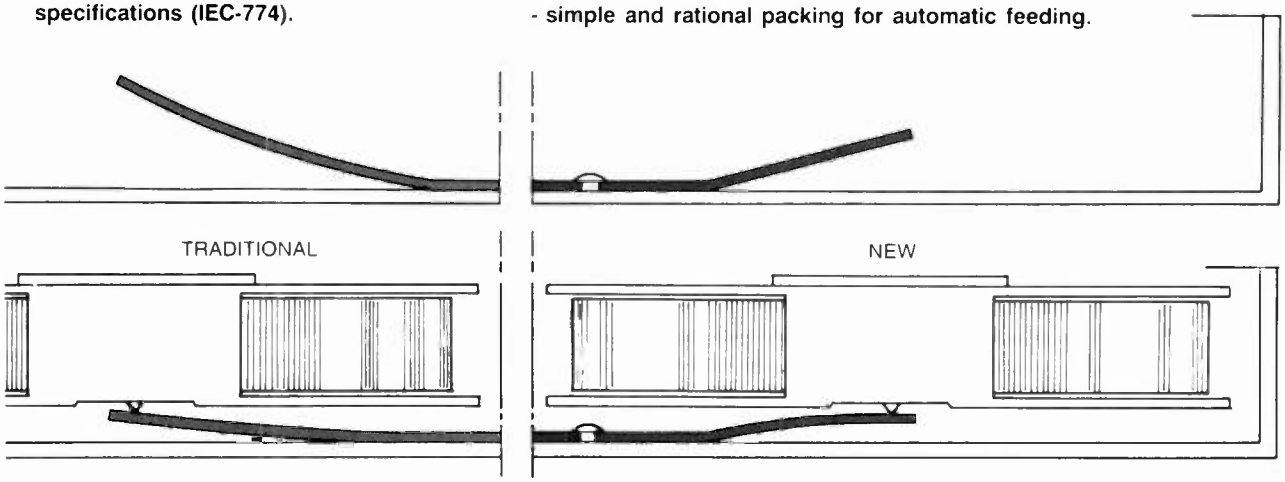
- saving of material by reducing width
- less weight, less volume.

FUNCTIONAL ADVANTAGES

- no more concentrated and outwards over cover stresses, but apportioned alternated and opposed ones;
- spring force on the reels in full compliance with international standard specifications (IEC-774).

ASSEMBLING ADVANTAGES

- reel spring free height reduced almost to a half;
- simple and rational packing for automatic feeding.



BREVETTATO

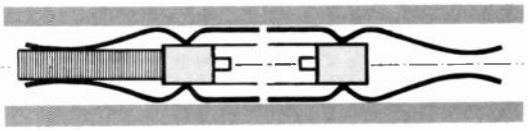
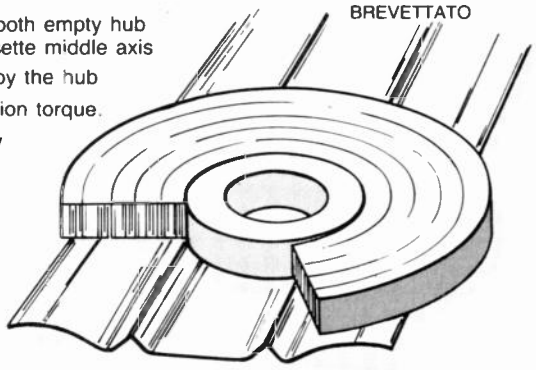
help in azimuth

CORRUGATED LINER: TWO DIFFERENT ELASTIC WAVE-FLEXIBILITIES

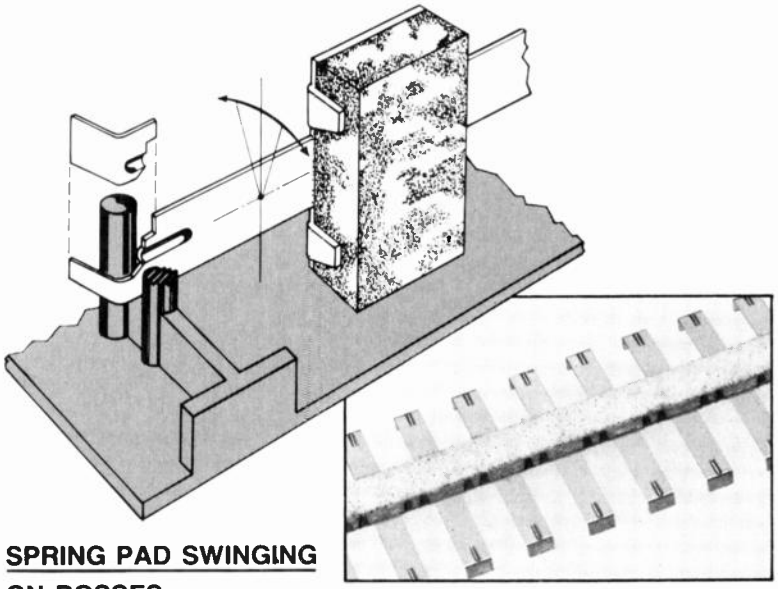


Inner wave: low flexibility
- simultaneous centering of both empty hub and full reel as to the cassette middle axis
- reel total mass supported by the hub
- maximum reduction of friction torque.

Outer wave: high flexibility
- loop by loop parallel tape alignment
- maximum reduction of telescopic effects (crests)
- minimum additional friction torque
- possible to omit graphite coating.



That is ATB's. For top quality results we rely on our customers' expertise.



SPRING PAD SWINGING ON BOSSES

Advantages as to the magnetic head plane.

- the spring pad is free to adjust itself to the best position
- uniform pressure on the tape
- orthogonal tape sliding (non skew).
