GEORGE GOES SOLO - COMPOSING

Dear Go-Setter,

Referring to the December 27th, 1967 issue of Go-Set, you would be interested to know that eight months ago, Lynne Randell and I started our record label called 'Margaret Roper'. It is now called 'Lynne Randell'.

Unfortunately, our recent problems have forced us to close our recording studio and label. We are currently searching for a new studio and label to continue our work.

Best regards,

Dear Go-Setters,

I am writing this paragraph to the Cineplex movie which was held at Gare de l'Est, Paris. It is one of the few times we have been able to see a Cineplex movie in Paris.

The film is called 'The Monkees'. It is a documentary that follows the Monkees as they tour France. The film is expected to be released in France in the coming weeks.

For more information, please contact us at our new address: 123 Monkees Street, Paris 75001. We look forward to hearing from you.

Regards,

Dear Go-Setters,

I am writing this paragraph to the Bee Gees concert which was held at the Centre Pompidou in Paris. It was a fantastic concert and the audience was very enthusiastic. I would highly recommend attending their next concert in London.

For more information, please contact us at our new address: 123 Bee Gees Street, London SW1 1AA. We look forward to hearing from you.

Regards,

* The Bee Gees' latest single, "Staying Alive", has been a huge hit on the radio and has become one of the most popular songs of the year.

* Western dancing at one of the Bee Gees' TV shows, "The Monkees Show".

* Barry Gibb

This week, the Beatles have topped the charts with their new album, "Abbey Road." The album has been very successful and has sold over one million copies in the United States alone.

BEE GEES: "We love Australia"

"Some of the greatest talents have been destroyed by narcotic drugs!"

on exclusive by GO-SET's Sydney office.

Bequehan says the Bee Gees are currently taking the pop world by storm. Barry and Robin Gibb arrived in Australia for a short Christmas visit, almost unnoticed!

The band, which has been together for several years, has been gaining in popularity and gaining worldwide recognition.

RAYK dressed in a press shirt, with a "From the Heart" supplement, Ray's father was obviously happy to be in Australia and to be on GO-SET about this experience.

"Of course, the competition over there is fierce, but..."

AUSTRALIA THEIR HOME

Regrettably, the band never got to introduce itself to the local music scene. They have been touring the country and have been very successful in Britain and America.

COOLST said that anyone who holds a great talent against the Bee Gees, because of their age, was not the right audience. They were a group of young people who were building a name for themselves.

FINA said that they were using their talents to make waves in the music world. They were not interested in being a part of the "old guard." They wanted to be a part of the "new style."

Front cover competition

There were so many brilliant entries to this competition that we have been unable to choose just one winner. We have decided to award the L.P. to the people whose entries are printed below. Each winner should ring the City of Music office and claim their L.P. of their choice. As for the outright winner, the decision was hard, and we could not be separated by Ian McDonald at Averay Rd, Mount Eliza, N.S.W. and J. B. Powell of Milton Street. However, the choice is J. B. (we're not sure whether it's Mr or Miss) and Ian, you win TWO L.P.'s each and we may use your work on the front cover soon!
