RADIO REVENUES RISING HIGHER

Radio ad revenue gains outpaced all other media in 1993, according to Interep's Exec. VP/CFO Pat Healy. Meanwhile, the RAB reports that October radio revenues rose 5% — and McCann-Erickson Sr. VP Robert Coen predicts '93 local radio ad spending should finish 9% ahead of last year.

NY, L.A. Stations Announce Curbs On Questionable Songs

KPWR to bleep certain words; Inner City, WBSL opt for outright ban on songs

Two major stations in radio's two largest markets are cutting back on explicit lyrics — but they're going about it in different ways: KPWR/Los Angeles is bleeping out questionable words, while WBSL/New York has slapped an outright ban on songs it considers offensive.

KPWR, which was threatened with a boycott of its advertisers by community groups, said it has begun masking the words "nigger," "bitch," and "ho" from records it plays.

Expletives Deleted

That decision was made after the Emmis Churban station aired public forums featuring representatives from the "Stop The Violence Increase The Peace Foundation," which organized the boycott, as well as recording artists Ice Cube, Queen Latifah, Public Enemy's Chuck D and 2 Live Crew's Luther Campbell.

"We let the audience discuss the issues, and it was clearly a split debate," KPWR PD Rick Cummings said. "While we're uncomfortable with putting any kind of restriction on freedom of expression, we're also uncomfortable with the word 'nigger' on this station. Even though it's sort of a greeting, and I can't tell Snoop Doggy Dogg how to address his homies, we may be doing harm by legitimizing the word for other cultures that can't or don't understand the black culture."

Cummings said of the station's new policy, "The audience feels

Thurmond Rejects NAB Compromises, Will Press For Alcohol Ad Warnings

\$81.5 million in radio ad revenues at stake; industry proposal to mount grass-roots education campaign rebuffed; stage now set for all-out war

Sen. Strom Thurmond (R-SC), after rejecting compromise proposals put forward by the broadcast industry, will mount an aggressive effort to enact legislation requiring broadcast beer and wine ads to carry health warnings.

"The Senator feels strongly about the need

for the legislation and, therefore, will not be participating in any alternatives proposed by the broadcasters," said a Thurmond spokeswoman. "It is my understanding that he intends to move ahead with the bill when appropriate."

Thurmond's decision has the NAB gearing up for an all-out fight to kill the warning label bill (S.674) introduced by Thurmond

earlier this year and presently awaiting action by the Senate Commerce Committee.

The trade group is urging

"The committee is not only our first line of defense, it's our best line of defense," said NAB Exec. VP/Government Relations

Jim May. "If it gets to the floor, you see momentum build."

In those meetings, broadcasters will likely argue that health warnings will not reduce alco-

hol abuse, but will prompt beer and wine advertisers to dramatically reduce — or eliminate — their use of broadcast media.

Issues Vs. Emotions

They will no doubt cite the beer industry's repeated threats to abandon broadcast ads if brewers' spots are required to include health warnings, which they believe would significantly reduce the effectiveness of their marketing messages. The alcohol industry spent \$848.5 million on advertising last year, with \$81.5 million of that going to radio.

NAB and alcohol industry leaders said they must make their

members to seek face-to-face meetings with their Senators during the current congressional recess to express the industry's concern about Thurmond's bill — or any variation on the mandatory warning concept. It's particularly important, NAB officials say, to reach those lawmakers who sit on the Commerce Committee.

Hefel, SRN Set \$150 Mil Merger

Hefel Broadcasting Corporation and Spanish Radio Network have announced plans to merge, creating one of the nation's largest Spanish-language radio groups. The parties say the aggregate value of their properties is more than \$150 million.

The merged group will operate WQBA-AM & FM-WAQI & WRTO/Miami, KTNQ & KLVE/Los Angeles, and WADO/New York (along with Long Island sister WGLI/Babylon, NY). The new company, which will retain the Hefel Broadcasting Corporation name, said it is seeking other acquisitions, particularly in the country's five largest Spanish markets.

'Perfect Marriage'

"The foundation established by this transaction can be used to pursue opportunities created by the liberalized radio ownership rules," said Hefel President Carl Parmer, who will retain that position after the merger.

"This is the perfect radio mar-

riage," said SRN President Mark Blank. "We will have a powerful presence in the top three U.S.

Harvey Leeds and Barbara Seltzer have been boosted to VPs/Promotion at Epic Records. The two will jointly fill the vacancy created when former Sr. VP/Promotion Polly Anthony left to become head of Sony 550 Music.

Scramble On To Find Successor To FCC's Duggan

FCC Commissioner Ervin Duggan has been named President of Public Broadcast Service.

Duggan

The impending departure of Duggan, who assumes his PBS duties next February 1, has set off a frenzy of speculation — most of it baseless — over possible successors.

"In the absence of the opportunity to discuss the Redskins' playoff chances, speculating about possible FCC nominees has become a major pastime in Washington," joked Media Access Project Exec. Director Andrew Schwartzman.

Likely Possibilities

Among those who have been identified in press reports as possible candidates are new FCC General Counsel William Kennard, investment banker and Clinton fundraiser Susan Ness, and former Senate Commerce Committee staffer Antoinette

Hunt Named Zoo Sr. VP/Marketing

Brad Hunt has joined Zoo Entertainment as Sr. VP/Marketing.

"Brad and I go back to my Elektra days," remarked Zoo President Lou Maglia. "He is an extremely bright, honest, and creative individual who's in tune with the industry. His philosophy toward artist development is in step with Zoo's, and his experience with groups similar to [those on] our roster will be invaluable."

Hunt

"I'm very happy to join Lou again and be part of the Zoo family," Hunt said. "I'm looking forward to helping break more of Zoo's artists. From the music I've heard, I know what we have is something special. Lou's vision of an artist development-driven label is paying off, and I look to help Zoo continue to expand and break new ground."

Hunt most recently was GM at Hollywood Records. He previously spent 10 years at Elektra, including stints as VP/AOR Promotion and GM.

Berman Upped To RIAA Chairman

The RIAA board of directors has voted to promote six-year President/CEO Jason Berman to the organization's newly created Chairman/CEO post.

Berman

"Jay has had many successes since taking the helm of the RIAA, but perhaps the most valued has been his ability to tackle trade, copyright, and piracy issues on a worldwide scale," remarked longtime RIAA board member and MCA Music Entertainment Group Chairman Al Teller.

"I'm proud of the confidence the board has shown in me, and I look forward to the challenge of these new responsibilities," said Berman.

Prior to joining RIAA in 1987, Berman had been Warner Communications Inc. VP/Public Affairs. RIAA will not name a replacement for Berman as President.

Radio Paces '93 Media Growth

Interop exec says spending increases span all market sizes, predicts healthy uptick in '94

Radio's ad revenue gains have outpaced those of all other media in 1993, according to Interop Exec. VP/CFO Pat Healy. Radio revenues have risen 9% this year, compared to 5% for magazines, 4% for outdoor, 3% for newspapers, and 1% for TV.

Speaking to the annual Paine Webber Media Conference in New York, Healy noted, "This has been a mixed year for advertising spending when compared to 1992. However, the good news is that all major media are up — but at varying degrees."

Healy said local radio revenues, which represent 79% of total radio expenditures, were up 9% through September, while national spot and network spending were up about 7% each. He projected total radio ad revenues will reach \$9.5 billion, an 86%

increase over 1992 (radio revenues were up just 2% that year).

Positive Outlook

According to Healy, another healthy sign for radio is that national spending increases are across all market sizes. "When total radio advertising is viewed from a long-term perspective, it shows a growing industry. In the past 31 years, radio dollars have only declined once: in 1991, when U.S. advertising was in the midst of a major recession."

Among the other points highlighted in Healy's address:

- The radio revenue picture also looks bright for '94, thanks to an improving economy and advertising environment. National

RAB Reports October Revenues Up 5%

Total radio revenues rose 5% in October, according to figures compiled by the **RAB**. Through the first 10 months of 1993, total revenues were 8% ahead of the same point last year.

"The fact that radio outperformed by 5% the growth it charted in October 1992 — a presidential election month in which radio benefited from heavy political ad spending — is further proof that radio revenues are healthier than ever," said RAB President **Gary Fries**.

Local, Regional Breakouts

Local radio revenues rose 5% in October for the nation as a whole. The East was up 6%, followed by the Midwest and South at 5%. West 4%, and Southeast 3%.

National spot revenues climbed 6% for the month. The Midwest

was up 18%, followed by the Southwest at 15%, East 7%, and Southeast 5%. The West, however, posted a 5% decline in national revenue.

For the first 10 months of the year, local revenues were up 9%, while national spot revenues showed a 7% increase.

RAB's calculations are based on data reported by the accounting firms of **Miller, Kaplan, Arase & Co.** and **Hungerford, Aldrin, Nichols & Carter**.

Coen Sees Local Radio Up 9%, National 6.9%

Advertiser spending on local radio this year should finish 9% ahead of 1992, **McCann-Erickson Worldwide Sr. VP/Director/Forecasting Robert Coen** said in his "Insiders Report."

Coen also said national radio spending (both network and spot) should finish 1993 with a 6.9% gain. According to his figures, that would put national radio spending at \$2.06 billion and local radio ad buying at \$7.33 billion.

Bright '94 Outlook

Coen, who presented his report Monday (12/6) to a **PaineWebber** conference in New York, said advertising spending for all media this year should total \$138.1 billion, a

gain of 5.2% over 1992. He's projecting 6.3% growth in 1994, which would take total ad spending to \$146.8 billion.

"The U.S. advertising outlook for 1994 is clearly brighter than it has been for years," he said. "The economy will experience another year of improvement, and there will be a lot less fear of a dip back into recession."

Coen's 1994 forecast doesn't separate radio and TV. He predicts that

total broadcast advertising at the national level will rise 6.8%. Local broadcast ad spending is forecast to increase by 6.5% in '94.

Local Radio: Top Gainer

Coen's figures back up claims by the **RAB** and others that radio was one of the hottest advertising vehicles in 1993. The 9% growth for local radio was the strongest for any media, with "other local media" (billboards, cable TV, etc.) a distant second with a 5.5% gain.

At the national level, radio's growth of 6.9% was exceeded only by cable TV networks and syndicated TV, both up 15%.

Pioneer Joins Eureka/Canadian DAB Tests

Pioneer Electronics Corporation announced the **Eureka-147** consortium has accepted its application to become the first non-European company to join the project aimed at establishing Eureka as the worldwide standard for DAB.

The Japan-based company also said it would provide prototype receivers for a Canadian demonstration of Eureka DAB. The Pioneer commitment was welcome news to Eureka's Canadian backers, who are pressing for a quick rollout of Eureka to get a jump on U.S. efforts to develop in-band FM and AM DAB systems.

'Vital Breakthrough'

"This is a vital and major breakthrough in our members' plans to bring listeners digital radio as early as possible," said **Canadian Association of Broadcasters** President **Michael McCabe**.

The Canadian demonstration project, a joint effort by the **CAB, Canadian Broadcasting Corporation**, and the Canadian government, is scheduled to begin testing the Eureka DAB system at L-band (approximately 1500 MHz) frequencies early next year. A DAB symposium also has been scheduled for March in Toronto.

This is a vital and major breakthrough in our members' plans to bring listeners digital radio as early as possible.

—**Michael McCabe**

Pioneer, however won't have its receivers ready until 1995.

According to a **CAB** announcement, Pioneer Managing Director and GM/Research & Development **Masao Sugimoto** told a recent CAB convention that most manufacturers support Eureka as the worldwide DAB standard. He said establishment of worldwide demand for a single system would be sufficient to trigger production, even if the U.S. adopts a different DAB system.

Kennard Named FCC General Counsel

New FCC Chairman Reed Hundt has named former NAB Asst. General Counsel William Kennard to serve as General Counsel of the agency.

Hundt also tapped congressional staffer Merrill Spiegel and attorney Karen Brinkmann to serve as Special Assistants to the Chairman.

Kennard is a partner in the law firm of Verner, Lipfert, Bernhard, McPherson & Hand, where his clients have included Pulitzer Broadcasting, NBC, and Black Entertainment Television. Spiegel, who will focus on mass media

matters, was involved in broadcast and other communications issues as legislative director for Rep. Rick Boucher (D-VA), who sits on the House Telecommunications Subcommittee. Brinkmann comes to the agency from Hundt's old law firm, Latham & Watkins, where she worked for a variety of broadcast clients, including Evergreen Media. Hundt named another Latham & Watkins veteran, Ruth Dancey, to serve as his Confidential Assistant. She was the secretarial supervisor at the law firm.

In other Washington personnel news, Antoinette "Toni" Cook-Bush, a one-time candidate to lead the FCC, has resigned as Senior Counsel to the Senate Commerce Committee. The panel is searching for a replacement.

Court Says Fairness Doctrine Not Law

The Federal Court of Appeals in St. Louis has rejected a labor group's claim that the Fairness Doctrine was written into law when Congress amended the Communications Act in 1959.

The case was prompted by the Arkansas AFL-CIO's challenge to the FCC's ruling that a station airing ballot-issue advertising does not incur Fairness obligations. The NAB, which filed briefs opposing the union's position, hailed the 7-5 decision and expressed satisfaction that

YOUR COMPUTER IS SO ADVANCED,
WHY HAVE IT SCHEDULE MUSIC LIKE THIS?

Certainly your computer is more capable of rotating music than a shoebox full of index cards. So why give it software that schedules like one?

Do you notice certain artists bunching up? Do songs "disappear" (especially dayparted songs) without a trace of airplay? Do you have to shuffle constantly? These are common problems with shoebox-type systems.

MusicSCAN is the only system available that does NOT schedule this way.

Only MusicSCAN is able to maintain an even spread of artists (or tempos, sound codes, etc.) Only MusicSCAN is advanced enough to compensate for difficult-to-schedule songs naturally, without sending them to the back of a shoebox after airplay.

The result? Better rotations and a more consistent sound. Call today and learn how MusicSCAN's advanced scheduling process can solve your rotation problems.

Nasdaq Drops American Network Group

The National Association of Securities Dealers has removed American Network Group from its Nasdaq Small Capitalization stock list, where it had traded with the symbol "AMNTC." American Network Group is still traded on the Boston Stock Exchange with the symbol "ANW."

President **Robert Williamson** announced last Friday (12/3) that the NASD had denied the Nashville-based company's request for an exemption from the Nasdaq capital and surplus requirements.

The company said it is continuing negotiations to complete a merger announced in September with **Las Vegas Entertainment Network** (Nasdaq Small Cap: LVEN). American Network Groups owns two radio stations, plus a number of state radio networks and regional sports networks.

Few Takers Materialize For Capital Cities/ABC Buyback

Most shareholders apparently said "no thank you" to an offer by **Capital Cities/ABC** (NYSE: CCB) to buy back up to two million of its own shares.

Only 1.1 million shares were tendered for the buyback offer, and one million of those came from **Bershire Hath-**

away, which is and will continue to be the largest shareholder of Cap Cities/ABC. All 1.1 million shares are being bought at the maximum tender price: \$630. The stock had traded above that level before the tender offer closed.

Court Says Fairness Doctrine Not Law

several of the participating judges recognized changes in the media marketplace have brought the constitutionality of the Doctrine into question.

Andrew Schwartzman, who represented the labor group, said he was disappointed with the ruling but hinted his client might appeal: "We'll be back."

Artist/Activist Frank Zappa Dies

Legendary artist Frank Zappa finally succumbed to prostate cancer Saturday (12/4) at his Los Angeles home. He was 52.

Known for his rock, jazz, and classical works, Zappa was also an outspoken critic of censorship, a label owner several times over, a record producer (Alice Cooper, Grand Funk Rail-

Zappa

road), an advocate of young voter registration, and even a guest host on Financial News Network. He charted a restless, iconoclastic path throughout his career, which began in the early '60s in L.A.-area garage bands and flowered after he burst upon the national scene in 1966 with the Mothers Of Invention.

Zappa released more than 50 LPs in his nearly 30 years of re-

ording, winning a Grammy in 1987 for "Jazz From Hell." His forays into classical music culminated with "The Yellow Shark," a record of Zappa compositions released on Rhino just last month. He was also affiliated with such labels as Verve, Reprise, Mercury, CBS, Rykodisc, and his own Barking Pumpkin, Bizarre, and Straight.

Though he was known for such novelty hits as "Don't Eat That Yellow Snow" (1974) and "Valley Girl" (1982), Zappa's profile soared in 1985 when he took on Tipper Gore's PMRC (Parents' Music Resource Center), a group that sought to censor and label records. His uncompromising stance — taken at a time when much of his own output was instrumental-only — helped limit the effects of what he called "a group of bored Washington housewives."

He is survived by wife Gail, daughter Moon, and sons Dweezil and Ahmet. They request that

Caruso Joins A&M As Alternative Director

After nine years at AOR WNEW-FM/New York, MD Lorraine Caruso has joined A&M as National Director/Alternative Promotion. She'll be based in New York and work closely with VP/Alternative Jack Isquith.

Sr. VP/Promotion Rick Stone predicted Caruso will "really add a new dimension to how we market our music." Isquith added, "She's got great ears, she's fun to work with, she's cool, and she knows and loves alternative radio. We're also anxious for her to explain to us the difference between TSA and TSL."

Caruso, who referred to her A&M post as "my new dream come true," began her WNEW-FM career as an intern in 1984.

Industry Mourns Record Vet Larry Uttal

Larry Uttal, whose various record labels released dozens of hits in the '50s, '60s, and '70s, died in New York Thanksgiving Day (11/25) of AIDS. He was 71.

Uttal, who began his career in music publishing, started Madison Records in 1958 and scored hits with the Viscounts, Dante & The Evergreens, and Nino & The Ebb-Tides.

But he really hit his stride in the '60s running Bell Records and its affiliates, Amy and Mala. Del Shannon, Lee Dorsey, the Box Tops, Mitch Ryder & The Detroit Wheels, Tony Orlando & Dawn, the Partridge Family, Barry Mani-

low, Melissa Manchester, the Sweet, Gary Glitter, Terry Jacks, Mountain, and Al Green were just some of the artists who had hits on Uttal's stable of labels.

In the late '60s, Columbia Pictures bought the Bell label family. Uttal stayed on until 1974, then left to form Private Stock, where he had hits with Frankie Valli, Blondie, Austin Roberts, Walter Murphy, Starbuck, David Soul, and Samantha Sang.

In 1978, Uttal closed the label and moved to England, where he entered the film business. For the

"WAR IS HELL, BUT A FADED DECAL REALLY CHAPS MY BUTT!"

— George S. Patton, 1942

Remember when you passed out the bright red decals you got from that salesman with the great deal you just couldn't pass up? Remember how six months later your red sticker became pink? Made you look a little cheap, didn't it? A faded bumper decal is an embarrassment that never needs to happen again. Our decals use the finest, long-lasting materials because war is Hell, doesn't mean your decals have to look like Hell! Give us a call.

MANAGEMENT

Seven Strategies That Encourage Innovation

Innovation is the key to your station's success. Instead of waiting for unexpected opportunities, "Liberation Management" (Alfred A. Knopf) author **Tom Peters** recommends these seven strategies to stay ahead of the game:

Adopt a philosophy of "Ready, aim, fire." Don't get locked into "Ready, aim, aim, aim . . ."

Ask dumb questions. They can be the foundation for innovation. The computer mouse, for example, was the result of someone asking why all

computer commands came from keyboards.

Listen to everyone. Good ideas can come from anyone.

Spend 50% of your time with "outsiders" (people who don't work in radio). And spend 50% of that time with "wacko" outsiders.

Keep people a little bit off balance. That way their ruts won't get any deeper than they already are.

Leave your office occasionally. After all, when was the last time

something really creative happened in it?

Encourage employees to attack the corporate culture with ideas that could have a large impact on what's happening in the organization.

'Radio Demo' Line Showcases Air Talent

If your station seeks new air talent — or vice versa — **Kim-communications'** 24-hour "Radio Demo" service can help. Here's how it works: Personalities seeking on-air positions can dial (800) 705-DEMO and record their three-minute demos, which are showcased free for three months.

At a cost of \$1.99 per minute, radio execs can call (900) 225-DEMO to hear the demos. If they choose, they can leave recorded responses, which talent can retrieve by phoning the same 900 number. For more information, call the Nashville-based company at (615) 646-5831.

National Spot Radio Scoreboard

Total national spot radio expenditures for the month of October topped \$121 million — a 4.8% increase over 1992 figures.

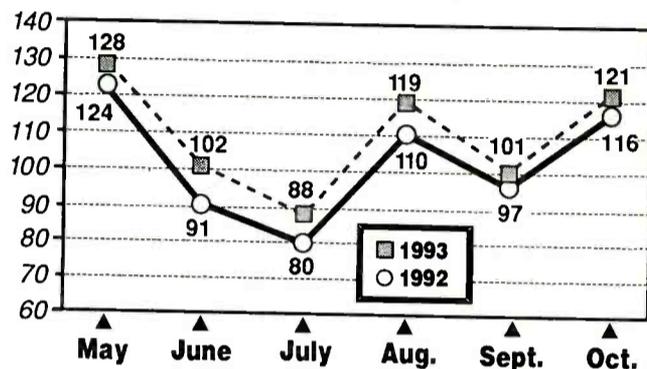

Note that there were four weeks in October 1992, as opposed to five weeks in October 1993. Thus, actual national spot radio expenditures were much higher in October 1993. All of the figures below, however, have been adjusted to reflect the true difference in national spot radio activity.

While the figures reflect total billings as reported by America's leading national rep organizations, they are not typical of any specific market. Furthermore, spot billing in individual markets, market groups, or geographic areas may differ substantially.

'Age Gauge' Your Target Audience

Need to determine which era of music you should play to target a specific audience? Consult **Harker Research's** "Age Gauge," a plastic slide-rule-type device that quickly calculates your target's influential teenage listening years.

Here's how it works: Align the current year with your target's age (36, for example). The yellow-shaded area delineates the years when your target was 16-22 years old (in this case, '72-'79). This eight-year span outlines the era of music that will attract that target.

If you reverse the process, you can identify what age you're targeting with the music you already play. For more information on the Age Gauge — which ranges from 1940 through the year 2000 — call the Raleigh-based company at (919) 954-8300.

More Stern 'Parts'

Following the success of "Private Parts," Howard Stern is mulling his options, says *Entertainment Weekly*. Will he take Fox-TV's late-night slot? Will he star in a film adaptation of the book? Co-host Robin Quivers says, "I'd say he'd go for the TV deal... being the competitive person that he is, he's much more inclined to be the king of late-night."

Stern also shows up in *People's* look at dis-membered John Wayne Bobbitt. Bobbitt's portrayed on-air with Stern, who helped raise thousands for his medical expenses and invited him to help judge Stern's New Year's beauty pageant.

Power 106/L.A.'s "Lorena Bobbitt Wienie Toss" is also pictured, while DJ George Baier of WCSX/Detroit says his "Re-Attach My Member" (sung to the tune of "Let's Spend The Night Together") has "been kept alive because of requests. It's one of our bigger novelty songs."

Billy's Second

"I always thought it was written in stone that you had your era — and that was it," says Billy Joel. "Rock is a cannibalizing business, it eats its own. I was hip for about a second in the '70s. But here we are. I'm 44. It's 20 years since 'Piano Man,' and I have a No. 1 album. That's not supposed to happen" (*People*).

Star Power

4 Non Blondes singer Linda Perry tells *Interview*, "In the music business you sell yourself: your music, your personality, your lifestyle, your records. And what you do in your daily routine is you sell, 24 hours a day."

Phil Collins tells *Rolling Stone*, "Apart from what I was doing myself, 1993 meant nothing to me musically. Sorry!"

Couples Therapy

Jerry Hall has banned husband Mick Jagger from booze for a year, on threat of divorce (*National Enquirer*).

"Paula Abdul pitched a fit after studio bigwigs decided hubby Emilio Estevez wasn't right to play her love interest" in the film "12 Bar Blues" (*Globe*).

Michael Bolton has been "making beautiful music with model Alicia Guzman," who's in his video (*Star*).

Ingrid Casaras, the "galpal" of such stars as Madonna and K.D. Lang, is writing a tell-all memoir (*Globe*).

GUNS N' EXPECTATIONS — Guns N' Roses guitarist Slash tells *People*, "When you sell millions of records, there's always this underlying pressure to turn out the next one. You have to live up to somebody else's expectations. Even old acquaintances start asking you what you're doing next... This record ["The Spaghetti Incident?"] is more or less us screwing around in the studio and doing what felt good." Also, spin the Globe for ex-GNR drummer Steven Adler's sordid tales of life with Axl and his temper.

Cover Lovers

Bette Midler is on the cover of *TV Guide*.

Ziggy Marley is on the cover of *High Times*.

Townshend Vs. Rollins

Pete Townshend tells *Rolling Stone* he likes rap, but "I can understand why some people are confounded or intimidated by it, because that's what it's meant to do. It's meant to be in your face, like the *Who* were. If I was young now, I would probably listen to as much rap as I would guitar music."

Henry Rollins, however, says, "Most rap records now really suck. It's really generic, not a lot of people saying a lot anymore." As the other big interview in the year-end double *Stone*, the alternative pioneer — who recently co-founded the *One* label with American's Rick Rubin — offers a distinct contrast to Townshend.

Rollins adds, "In my mind, Nirvana slayed [*sic*] the hair bands. They shot the top off the poodles. All of a sudden, all those bands... became like Rommel in the desert: overextended, bloated, no more Vaseline... Bands like Nirvana... are going to be remembered for changing the face of rock."

More Star Power

Prince took out mysterious ads in both the *Star* and the *National Enquirer* that read: "Eligible Bachelor Seeks the most beautiful girl in the world to spend the holidays with. All interested should send videos and/or pictures to: Paisley Park..."

Barry Manilow says, "You either are or you aren't [hip], and I am. I'm the hippest person you will ever meet" (*Entertainment Weekly*).

the integrity of the music is still there and that we're not selling out, but they also feel we needed to take off lyrics that are racially offensive and offend women. As with all things, the audience will continue to be our guide."

Big Apple Ban

In New York, Inner City Broadcasting said it has banned music "containing derogatory, profane, or misogynist lyrics, or lyrics which advocate violence" on its Urban flagship WBSL, as well as its UC KSJL/San Antonio and, perhaps symbolically, NAC KBLX/San Francisco.

"We are taking this initiative because of the effects of violent material disseminated by the media on our nation's youth," remarked Inner City Chairman Pierre Sutton. "We are simply not interested in broadcasting material that advocates violence against women, homosexuals, and other groups."

Inner City representative Joe Carella refused to say whether the new policy forced WBSL or KSJL to remove any songs from their playlists, but he earlier told UPI that Bu-

ju Banton's "Boom Boom Bye Bye," which allegedly advocates killing gay men, would be an example of a song that would be banned.

Carella said Inner City officials also explored the possibility of bleeping offensive words instead of banning songs outright, but argued, "That would only encourage our listeners to buy the record in order to find out what it was we bleeped."

From The Street

Jay Stevens, OM of Churban WPGC/Washington, said his station is likely to bleep rather than ban. "Our position has always been to try to avoid songs that blatantly promoted violence, sex, and drug use. When there is a hit song with questionable content, we will edit those songs. But it's a sticky area . . . if the listeners want it, you have to play it."

But Stevens stressed, "We're just an entertainment messenger, and I don't think stations should be held totally accountable. Most of this music is a reflection of the society and streets, and stations can't be faulted for playing what these rappers see and feel. We have to play the music that's happening on the streets, or we don't have listeners."

Hefel Broadcasting, currently 100% owned by former U.S. Congressman Cecil Hefel, owns KTNQ & KLVE and jointly owns WAQI & WRTO with Mambisa Broadcasting Corporation. Mambisa will continue as part-owner of that combo. SRN owns WQBA-AM & FM, WADO, and WGLI.

Details of the merged corporation's ownership structure had not been disclosed at R&R's deadline, but Hefel and Parmer will clearly be in control of the new group.

case to lawmakers before Thurmond, who lost a daughter earlier this year in an alcohol-related traffic accident, begins making personal appeals for support — appeals even skeptical senators will find difficult to resist. "On the merits of the [issue], we would win hands down." **Beer Institute** VP **Jeffrey Becker** told R&R. "On the emotional side, it gets a little stickier."

Becker said his organization expects to work closely with NAB and various ad industry groups in shaping a strategy to defeat the warning label bill.

In opting to press his legislation, Thurmond rejected an NAB proposal in which member stations would have voluntarily mounted an aggressive grass-roots alcohol education effort that would have included not only PSAs, but also various community and media activities.

Duggan

"Toni" **Cook-Bush**, who was once considered the leading candidate to chair the FCC.

Schwartzman, a veteran Commission observer, declined to speculate on who might get Duggan's seat. But he said the job will likely go to either a Washington communications policy insider who can help new Chairman **Reed Hundt** get things done or a Clinton loyalist who may or may not have communications experience. Another scenario:

The Clintonites might tap a nominee tailored to satisfy a specific constituency (e.g., consumer groups).

Duggan was appointed to the Commission by President **Bush** in 1990 for a term that would have expired next June. His impending departure leaves the administration with two vacancies to fill on the Commission. San Francisco communications attorney **Rachelle Chong** is widely reported to be the lead candidate to fill the other opening on the panel, which must go to a non-Democrat.

Her general involvement in the decision-making process, commitment to changing markets, and relationships with programmers across the country have made her a leader in a difficult and challenging format."

"Guitars and rock & roll are my passion," Leeds said. "I'm looking forward to focusing my total attention on the music I love most and exercising greater control on creative decisions involving that music."

Seltzer noted, "Radio is the most

interesting medium I know and what I feel most comfortable doing with my professional life. The interaction with Dave Glew, [Exec. VP] **Richard Griffiths**, and the senior management team of Epic — as well as working with Harvey Leeds — is very appealing to me."

Leeds had been Epic's VP/Album Promotion for the last seven years. He joined the label in 1976 and eventually became its first Director/Video Promotion. He started in the business 20 years ago as a CBS college rep.

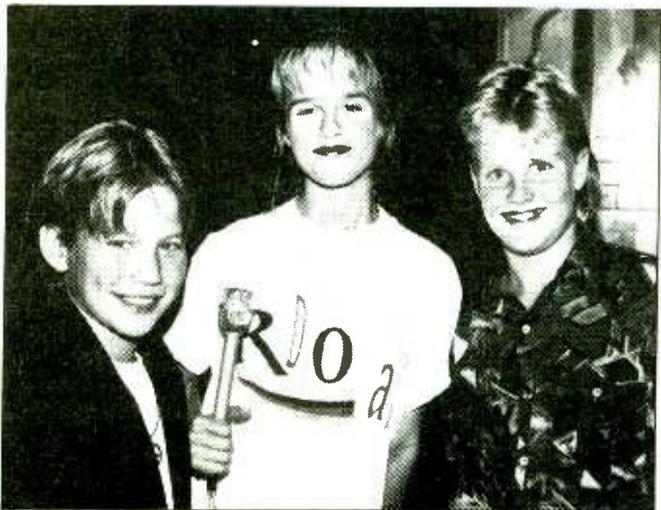

Seltzer had been VP/Singles Promotion since 1991. She joined Epic in 1989 after four years in the **Atco** promotion department.

Foos Loose With Client Cash?

According to a report in the *Chicago Sun-Times* last week, there's a widening federal investigation into the affairs of attorney/radio talent agent **Saul Foos**, centering on allegations of a "megamillion-dollar scam" pertaining to his former clients' investment money.

On Tuesday (12/7), the *Chicago Tribune* reported that Foos agreed to an involuntary bankruptcy proceeding and owes a group of four investors "nearly \$900,000." The paper also speculates that Foos is believed to owe between \$5 million and \$10 million.

Sources tell ST that Foos reportedly asked clients for money to invest in commodities and radio station ownership. The *Tribune* says Foos told investors he was putting in their money in "futures contracts at the Chicago Mercantile Exchange, where Foos was once a member." Where did the money actually go? Windy City insiders say Foos had a sizable gambling habit.

Among the radio stars who *may* have been affected: **ABC Radio's Tom Joyner** and **Moby**, **Air Support's Fred Winston** and **Chuck Buell**, **WQYK/Tampa's Cleveland Wheeler**, **KHKS/Dallas's Kidd Kraddick**, **WGCI/Cleveland's Doug Banks**, **Don Wade**, **Stevens & Pruitt**, and former **Q101/Chicago** morning man **Robert Murphy**. ST hears that Chicagoland legends and Foos clients **Wally Phillips** and **Larry Lujack** were unaffected, never having invested with Foos.

While declining to say what happened to the money, Foos's attorney, **Larry Wolfson**, told the *Tribune*: "Not all the investments people thought were made were made." An FBI spokesman declined comment in the absence of formal charges.

Rumors

- Is **K92/Roanoke PD Chris Taylor** making plans for the new year?
- Are adult music promo indies **Callahan-West** bringing a major market AC MD aboard to expand the company's scope? And ... look for current **C-W** in-house Nat'l Secondaries AC promo **Nick Bedding** to stay put.
- When **Gery McDowell** and **Tari Laes** dissolve their indie partnership at the first of the year, will **Capricorn's Rick Rockhill** join Laes as a partner in **Tandem Promotions**?

LATEST ARBITRENDS

NYC CHR Race Tightens; L.A. Goes For The Gold

While **WRKS** maintained a share lead over the rest of the NYC pack in the September/October/November Arbitrends, cross-town **WLTW** registered the period's biggest gain, a half-share boosting the AC to a tie for second. A 4.6-4.4 move for **WHTZ** combined with a 3.7-4.1 jump for **WPLJ** and a 3.5-3.8 climb for **WQHT** considerably tightened the CHR battle. **WINS** swept ahead of **WCBS** in the News race, and **NAC WQCD** enjoyed a solid gain.

In L.A., **KLAX** opened a two-share lead over **KPWR**, while Talker **KFI** and **KROQ** improved within the Top 5. **KIIS** gained slightly, while both **Gold KRTH** and **KCBS-FM (Arrow 93)** showed solid upward moves. Also gaining appreciably were **KBIG** and **KNX**.

Howard Stern bolstered his edge over **Mark & Brian** in L.A., but still trailed **KLAX's** morning team by seven-tenths. In NYC, Stern slipped almost a share (8.9-8.0) while the **WINS** morning news combo gained 6.1-6.7. **KROQ's Kevin & Bean** made an L.A. Top 10 debut in an otherwise fairly stable morning survey.

Limbaugh Outta AFRTS Limbo

The wildly overpublicized tiff between **EFM Media** talker **Rush Limbaugh** and the Defense Department came to an end Tuesday (12/7) when the DOD agreed to make a one-hour version of Limbaugh's radio program available through the **Armed Forces Radio and Television Service (AFRTS)**. A Pentagon spokesman told ST the decision whether to actually air the show will rest with local AFRTS programmers and will be based on what military people stationed in the area want to hear.

The flap began late last month when conservative members of Congress — including occasional Rush fill-in host Rep. **Robert Dornan (R-CA)** — asked the Pentagon to explain why Limbaugh's show wasn't carried on AFRTS. The military's initial response: soldiers prefer sports and music programming to gabfests of any sort.

Late flash — ST hears all staffers at **Golden West CHR KPLZ/Seattle** were pink-slipped Tuesday (12/7). They were told they could reapply for their gigs when new owner **Fisher Broadcasting** — which owns crosstown **KVI** — takes over Friday (12/10).

A nonprofit foundation established by the will of **Park Communications** founder **Roy Park** will become the controlling shareholder of his media empire. The *Ithaca Journal* reported that Park — who died last month at age 83 — left a 51% stock interest to the **Park Foundation**. The rest of his 89% interest in the radio-TV-newspaper group was left mostly to family members.

In addition to **Brad Hunt's** new Sr. VP/Mktg. slot at **Zoo** (see Page 3), look for an imminent announcement of Nat'l Dir./CHR Promo **Bill Pfordresher's** boost to VP/Promo.

Rumbles

- **KEDG (The Edge)/Las Vegas** GM **Dax Tobin** exits.
- **NEWTEX** closes on a deal to buy **KRZR/Fresno** from **Olympia**, with PD **E. Curtis Johnson** named acting GM.

- **WFKS/Daytona Beach** inks **Power Pig/Tampa** swing personality **Rich Stevens** as PD/morning man.
- **WFXS/Chattanooga** PD **Dennis Dillon** and MD **Steve Wayne** exit. Former 'FXS PD **John Thomas** returns to the station to fill both positions.
- **KGGI/Riverside** APD **Mike Marino** will join **KMEL/SF** in the same capacity.

- **KLFX/Killeen, TX** morning man **John Hart** becomes PD at Hot AC **KRLB/Lubbock, TX**.

- Ex-KYYS/KC air talent **Frankie** returns for midday duties.
- **KHTN/Modesto** morning man **J.V.** resigns.

Point For Cochran

Former **KDWB/Minneapolis** morning man **Steve Cochran** returns to the Windy City for wakeup service at **Century Hot AC WPNT (FM100)**. Cochran spent only four hours in morning drive at crosstown **WCKG** last May before exiting immediately after being told he'd be hosting a sports show ... which never materialized.

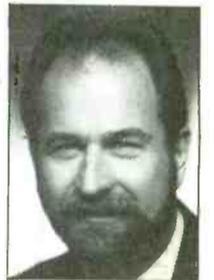

Steve Cochran

Cochran said, "I hope this gig will last more than 12 hours. I've trashed my sign that read 'Will tell jokes for food.'" He begins January 3.

Interep CFO Pat Healy will exit at the end of this year to become Exec. VP/CFO of **NFO Research**. ST expects Healy's right hand man at Interep, **Mike Tsavaris**, to be stepping up soon.

With **A&M Sr. VP/Promo Rick Stone** set to relocate to L.A. early next year, look for the label to adjust overall responsibilities and day-to-day duties at the national promo level.

KIOI/SF PD Bob Laurence will exit the AC next Wednesday (12/15) to return to his San Diego base.

Cap Cities Sportin' KMPC?

Look for a mid-teen million-dollar price tag when **Cap Cities/ABC** buys **Golden West's KMPC/L.A.** ST hears there were several bidders, but Cap Cities/ABC won out because it agreed to maintain the struggling-so-far Sports/Talk format — in particular keeping the live play-by-play of the **California Angels** ... owned by **Golden West** owner **Gene Autry**.

CBS and **Cox** completed their **Dallas-Tampa** duopoly swap Monday (12/6). **CBS** now owns **KTXQ & KRRW** (formerly **KLRX/Dallas**, with **Clint Culp** serving as VP/GM of the dual FMs. **Cox** owns **WSUN-WCOF** (formerly **WWRM**) & **WWRM** (formerly **WYNF/Tampa**, with **Todd Leiser** handling VP/GM duties for the AM-FM-FM operation.

MCA Scores Third Straight Championship

MCA won its third consecutive overall Label Performance Review championship, scoring the most combined points in the five track-oriented formats: AC, AOR Tracks, CHR, Country, and UC (see "Behind The Numbers" for more details).

The 11th annual label tally saw MCA's overwhelming UC and Country victories (plus a strong No. 2 CHR finish) propel it to the hat trick. **Arista**, with its best performance in recent history encompassing wins in CHR and AC, swept to second place, up from fifth last year.

Epic repeated its third-place '92 finish, and **RCA** made a solid return to the Top 10. **Virgin**, **PLG**, **Geffen**, and **Giant** gained inside the Top 20.

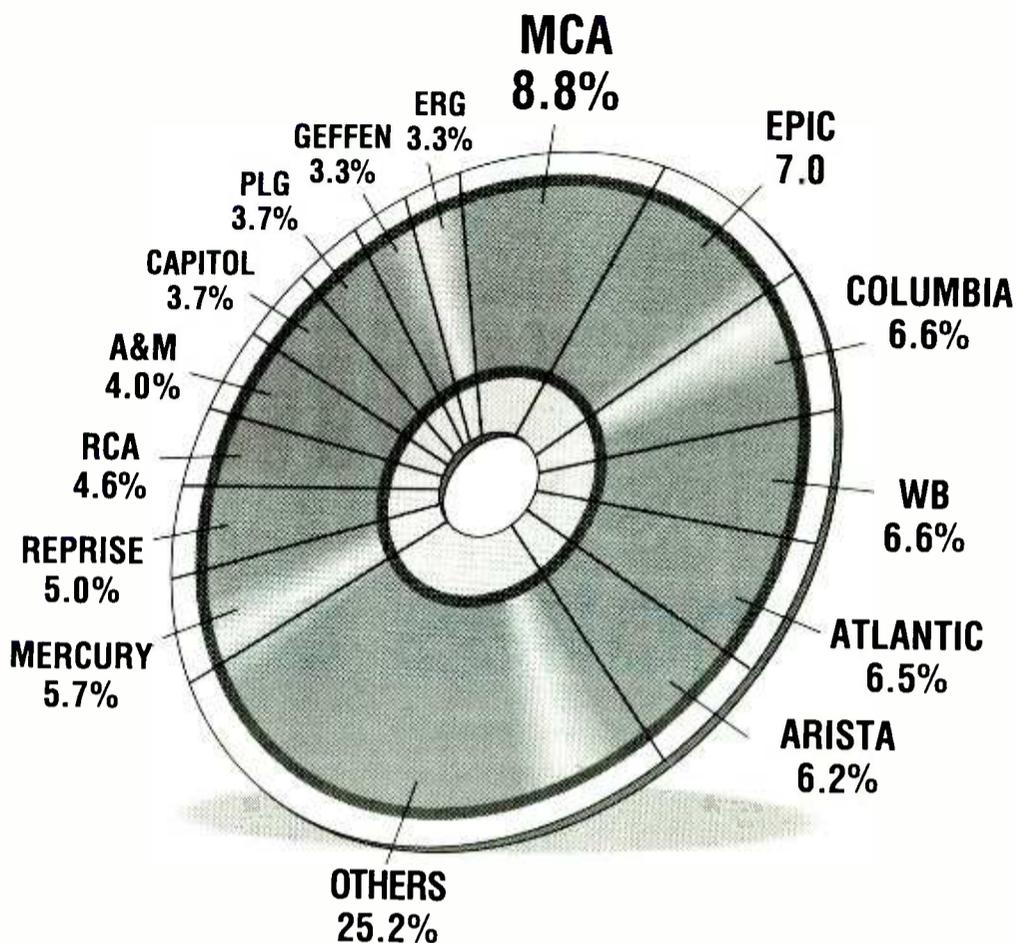

Individual format breakouts follow.

Behind The Numbers

Here are the key details on the methods we use to put together the R&R Label Performance Review:

- **LABEL RANKINGS** (Top Ten) in the five tracks-based formats (AC, AOR Tracks, CHR, Country, Urban) are based on a charted song's *peak position*. Each peak is assigned a point value, and each label's total points accumulated over the year (December 4, 1992 through November 26, 1993) are added up to produce the rankings.

- In the four albums-based formats (AOR Albums, Contemporary Jazz, NAC, and New Rock), the focus is an album's *chart longevity*. Albums earn position points each week they're on the chart, and each label's total is, again, added up to produce the rankings.

- **GRAND TOTAL RANKINGS** (the Top Twenty list shown at left) are compiled from the total points earned by each label in the five tracks-based formats. The album-format points, which are based on a different system, aren't compatible and so do not figure into the grand total rankings or other overall categories.

- **CHART SHARE** is a label's percentage of 1993's total number of charted tracks or albums in a format. If 200 songs charted in CHR, for example, a label with 12 chart records would have a chart share of 6.0. Shares of the leading labels are graphed for easy visual comparison. The Grand Total Chart Share figures are combined from the five tracks-based formats.

- **TOP 5 HITS** and **NUMBER 1 HITS** are simple totals garnered by labels in those categories. Again, the Grand Total figures on this page are the sum of the labels' totals in the five tracks-based formats.

- **LABEL CREDITING** is as straightforward as possible, with most custom label and logo deals credited to the parent label (e.g., **London/PLG**, **Sire/WB**). Occasionally dual credit will be awarded to a custom label with significant participation in the promotion of its records as well as its parent label (**American** and **Reprise** or, in Country, **Curb** and **MCA**, for example).

More detailed, in-depth rankings and statistics are available from R&R's Information Services Department.

Arista Edges Columbia In AC Race

In the closest format race this year, Arista and Columbia were neck-and-neck in almost every respect, but Arista emerged the victor, breaking a five-year run at the top for Columbia.

ERG soared to fourth from eighth last year, while WB leaped 7-5 and A&M climbed 10-6. RCA returned to the Top 10 in impressive fashion.

Geffen Conquers Tracks Field

Geffen and Atlantic battled it out for chart share, but Geffen turned on the heavy artillery to dominate all other categories and sweep to a lopsided overall AOR Tracks victory. The label had finished fifth in 1992.

Atlantic and Columbia staged impressive comebacks, the former moving up from fourth last year and the latter zooming all the way from eighth. Virgin was the year's only debut in the Top 10.

Geffen Completes AOR Sweep

Geffen bolstered its AOR Tracks victory (see above) with an even more overwhelming performance in AOR Albums. The winner of one of these contests doesn't automatically win the other, since Tracks standings are based on peak position points and Albums rankings are based on points accumulated throughout a record's chart life.

Chief beneficiaries of the difference in methodology in the Albums category were Columbia (second in Albums, third in Tracks), WB, and Virgin.

Trading off with sister label **Reprise**, **WB** reclaimed the New Rock title it last won in 1991; Reprise was the 1990 and 1992 champ. This year Reprise edged **PLG** by a whisker for runner-up position.

A turbulent year saw high debuts in the Top 10 for **Virgin** and **Columbia**. **Capitol** also debuted, and the overall level of competition was extremely tight, with **A&M**, **ERG**, and **Mercury** narrowly missing the Top 10.

Delivering The Hits: A Label-By-Label Comparison

This section, instead of comparing the number of hits each label scored, measures the labels' relative success in taking their charted records to higher levels. It's a quick way to see which labels best maximized the ultimate potential of their charted records... as opposed to who scored the most hits. The simple method for all this has been called "Efficiency Averages."

We measured averages in three areas: Top 15 hits, Top 5, and No. 1. The numbers work like batting averages: If a label had 15 chart records in CHR and 10 of them went Top 15 or higher, the label's

How To Read The Scoreboard

- The top number, in the white area of each label's box, is the label's Top 15 average
- The middle number, in the gray area of the box, is the label's Top 5 average
- The bottom number, in the black area of the box, is the No. 1 average

Top 15 average would be .667 (10 divided by 15). Similarly, if the same label had five Top 5 records among those 15 charted CHR hits, the Top 5 average would be .333 (5 divided by 15). If three of those records went all the way to No. 1, the No. 1 average would be .200 (3 for 15).

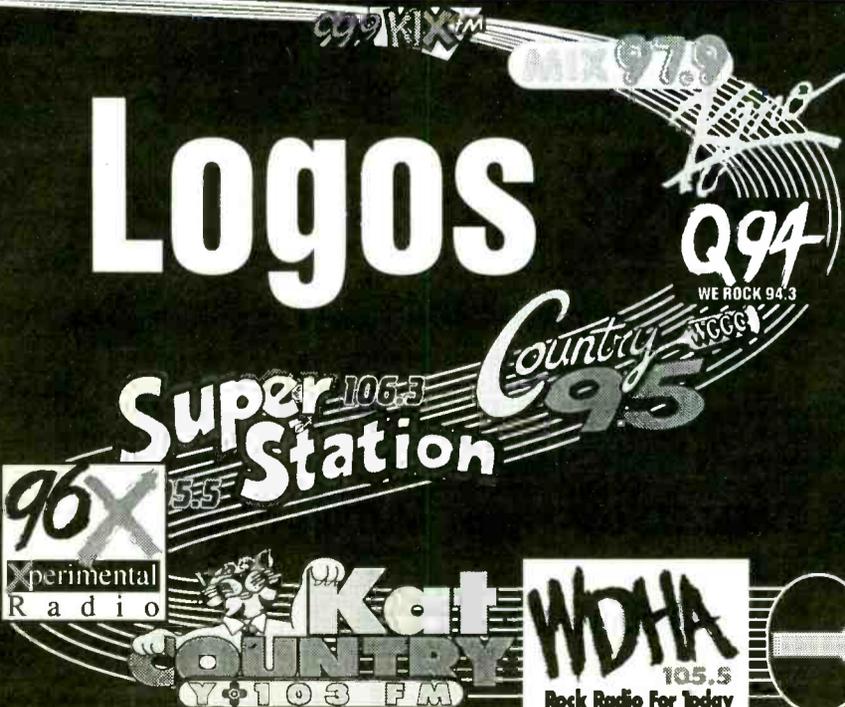

In the graph above we present the overall averages

for the leading broad-spectrum labels over the five track-oriented formats: AC, AOR Tracks, CHR, Country, and Urban. Label leaders for each individual format (also including the album-oriented formats — AOR Albums, New Rock, NAC, and CJ) are presented at right.

In comparing averages, a couple of points should be

considered. On the overall Efficiency Average Scoreboard, the total records charted by the labels vary widely, all the way from Giant's 27 to MCA's 112. This factor can have a significant bearing on the averages.

In listing the individual format average leaders, we note the number of records on each format chart. In general, the longer the chart, the lower the averages. Individual format average leaders had to meet a minimum total chart record number (which varied by format); in a few cases, an exceptional performance with a lesser number of chart records edged out a slightly lower percentage with higher totals.

WIDE RANGE OF CONCERNS

Tracking The Year In Talk Topics & Trends

NAFTA, the Clinton administration, health care reform, Bosnia, and Somalia were some of the biggest news stories of 1993. But were they the hottest Talk radio topics of the year?

Although such stories certainly grabbed their share of airtime, many programmers say issues hitting listeners closer to home generated more intense response.

Local Interests

According to KSTP/Minneapolis PD Steve Konrad, misuse and outright abuse of public funds was the theme that united many of his station's hottest topics. Konrad says KSTP's airwaves buzzed the loudest when the station discussed welfare fraud, Northwest Airlines' efforts to extract tax concessions from the state government, and a perks scandal involving state lawmakers. "The whole idea that legislators have perks paid for with taxpayer money was a recurring theme throughout the year," he notes.

WGR/Buffalo PD Chuck Finney echoed that analysis, but said the anger went a bit further with his audience. "There's a mistrust of institutions in general," says Finney. "People don't trust government, the products they buy, or the people who service their cars. There's a lot of fear, anger, and frustration."

The spate of attacks on Florida tourists made crime the hot topic at WFLA/Tampa. Asst. OM Sure

[Race] was the hot topic this year, just as it was last year and probably will be next year.

—John Mainelli

Trecasse says the issue even encompassed listeners' perceptions that state government was more interested in protecting visitors than its own residents.

At WGST/Atlanta, race was a dominant topic. "Atlanta is the cradle of the civil rights movement," says exec. producer Nancy Zintak. "Race is, without question, the No. 1 topic on our talk shows. Issues like the Rodney King and Reginald Denny beating trials and the Tupac Shakur case have been very big for us."

According to WABC/New York PD John Mainelli, the race issue also dominated his station in '93. "It was the hot topic this year, just as it was last year and probably will be next year," he notes. Even crime and

local election issues, he adds, featured a strong racial element.

Mainelli believes listeners ration their attention as the world becomes more complex; the issues that affect them directly receive the most interest and scrutiny. "Those issues tend to be local," he says.

World 'Hunger'

However, WTMJ/Milwaukee PD Steve Wexler believes his audience has developed a hunger for discussing national and world issues — topics they've obviously studied up on. "Back in the history of the format, you might have been afraid to do these complex topics," he says. "Today, complex and tough issues are fair game. There's a depth of knowledge and interest in things like NAFTA, Bill Clinton, and health care reform. NAFTA was huge for us — people wanted to know what it was about and how it would affect them."

KSDO/San Diego exec. producer Gayle Falkenthal says her listeners were frustrated over their inability to be heard on national issues. "A

big theme here has been the failure of authority figures — public officials and media elites — to listen to what the public wants," she says. On such topics as gays in the military and health care reform, she explains, "Listeners feel like they've been knocking at the door, and no one answers. So they turn to [Talk

WLS-AM & FM/Chicago also devoted much of their time and attention to weighty issues. But OM Drew Hayes says offbeat tales of personal tragedy provided some of their best programming. Among the tabloid people he dubs the "tragedy

"[These stories] last only a couple weeks, but they give us some of our best stuff," says Hayes. "There's something about them that sticks in the American psyche. They provide a little real-life soap opera. And the listeners can relate — the people involved seem to be just like them."

1993's Significant Action: The Music

More fragmentation leads to fewer consensus hits, but a better variety

There were plenty of reasons for CHR programmers to be excited in 1993: A diverse crop of active hit records helped bring the format its best numbers in quite some time.

Along with a great crop of music came a renewed level of confidence in the format, and many programmers got the green light from management to play 12-24 and 12-34-oriented music again. That resulted in more 12-34-targeted CHR stations catering to the tastes of the audiences, rather than those of the GM or the sales department — and winning.

The Big Three

While the lack of consensus about hit records became more evident throughout 1993, there were three artists just about all CHR programmers could agree upon: Mariah Carey, Janet Jackson, and Whitney Houston.

become the No. 1 song of 1993, but it also set a new R&R record with nine consecutive weeks at No. 1. Additionally, Carey became the top-ranked artist in R&R chart history: As of the end of the 1993 chart year, her 10 singles — all of which have topped the chart — had logged a total of 36 weeks at No. 1.

Janet Jackson grabbed the year's No. 2 slot with "That's The Way Love Goes" and surpassed brother Michael's mark of 23 total weeks at No. 1. With 24 weeks under her belt, she's just behind Whitney Houston, whose success this year gave her a career total of 25 weeks on top.

Fragmentation Grows

While Carey, Jackson, and Houston each got plenty of airplay, none could secure play on 100% of R&R's CHR reporters. Carey garnered 97% with "Dreamlover." Houston's "I Will Always Love You," which peaked at the beginning of the '93 chart year, accumulated 96%. And Jackson assembled 94% for "That's The Way Love Goes."

Here's yet another illustration of the lack of national consensus among CHR programmers: 62 titles this year debuted and climbed the

New Rock's influence on CHR intensified, with hit records from Pearl Jam, Stone Temple Pilots, 10,000 Maniacs, Blind Melon, Gin Blossoms, and Spin Doctors crossing over.

CHR National/Airplay 40 without achieving Breaker (60% of reporters) status. Many became big hits for those who played them, and their individual successes were documented on the Parallel Chart Analysis P1, P2, and P3 charts. Perhaps the most vivid example was "Hey Mr. DJ" by Zhane, which peaked at No. 9 on the National Airplay/40, No. 4 on the P1 chart, No. 13 on P2, and No. 35 on P3 — all without ever reaching Breaker.

Splintered Tastes

The variety of genres producing hit records within CHR stretched the envelope more than in recent years. In particular, melodic rap and hip-hop (e.g., Dr. Dre's "Nuthin' But A 'G' Thang" and

1993's First-Time Breakers

The number of first-time new artist Breakers dropped dramatically — from 40 to 27 — in 1993, and the overall total of 139 Breakers was off compared to last year's 162, and 1991's 168.

This year, 18.7% of all Breakers came from first-time artists — a huge drop from 1992's 24.7% and 1991's 29.8%.

Below are 1993's first-time Breakers and their peak chart positions. (For those first-time artists with more than one Breaker this year, only the first Breaker was used for this tabulation.) The number of weeks spent at No. 1 is indicated after the slash, while an asterisk denotes records still active as of November 26, 1993.

Chart Performance 1989-'90-'91-'92-'93

In 1993, the average peak position of first-time new artist Breakers was off ever so slightly from last year's average peak on the R&R National Airplay/40.

Here's a five-year trend:

- 1993: 10.5
- 1990: 11.2
- 1992: 10.4
- 1989: 12.6
- 1991: 10.2

But the average peak position for all CHR Breakers reached a five-year high:

- 1993: 10.0
- 1990: 10.9
- 1992: 10.4
- 1989: 10.8
- 1991: 10.5

Of 1991's 45 first-time new artist Breakers:

- Two records (4%) climbed to No. 1 and dominated the chart for three weeks
- 12 records (26%) reached the Top 5
- 23 records (51%) reached the Top 10
- 34 records (76%) reached the Top 15

In 1990, 45 first-time new artist Breakers:

- Four records (9%) reached No. 1 and dominated the chart for seven weeks
- 16 records (36%) reached the Top 5
- 22 records (49%) reached the Top 10
- 29 records (64%) reached the Top 15

Of 1989's 39 first-time new artist Breakers:

- Four records (10%) hit No. 1 and held that position for five weeks
- 11 records (28%) reached the Top 5
- 18 records (46%) reached the Top 10
- 24 records (61%) reached the Top 15

Among 1993's 27 first-time new artist Breakers:

- One record (3.8%) went to No. 1 and dominated the chart for two weeks.
- 11 records (42.3%) reached the Top 5
- 16 records (61.5%) reached the Top 10
- 23 records (85.2%) reached the Top 15

Among 1992's 40 first-time new artist Breakers:

- Three records (7.5%) went to No. 1 and held that slot for a total of six weeks.
- 15 records (36.5%) reached the Top 5
- 25 records (60.9%) reached the Top 10
- 30 records (75.0%) reached the Top 15

Snoop Doggy Dogg's "What's My Name?") and Urban ballads (e.g., SWV's "Weak" and Silk's "Freak Me") gained more mainstream acceptance, while reggae — through the success of UB40, Inner Circle, and Snow — gained momentum. New Rock's influence on CHR intensified, with hit records from Pearl Jam, Stone Temple Pilots, 10,000 Maniacs, Blind Melon, Gin Blossoms, and Spin Doctors crossing over. (Four of those acts — it should be noted — are at least equally classifiable as AOR artists.) Meanwhile, the format witnessed two of the biggest comebacks we've seen in years: the resurrections of Duran Duran and Meat Loaf.

Tempo, Tempers Up

Another distinctive aspect of the music in 1993 was a tempo that was considerably less ballad-oriented than in recent years. Much of the reason for that stems from the labels and artists who've heard — and acknowledged — radio's concerns on the tempo issue. While there were some times when the mix leaned a little ballad-heavy this year, overall there was more variety

available — which may have played a role in the format's ratings gains.

But as 1993 came to a close, there was a growing controversy in both the CHR and Urban formats about

"gangsta" rap and its effects on younger demos. Perhaps fueled by increasing community pressure, programmers at a number of major-market stations that espouse the hip-hop culture have been rethinking their stances on lyrical content and have, in some cases, revised their stations' policies regarding the genre.

Music Rewind '93: A Look Back

In 1993, the format certainly lived up to its name: There were plenty of new artists achieving breakthrough success, and there was plenty of rock. But when all was said and done, it was a format veteran that emerged wearing the year's New Rock crown.

U2, who ran away with top honors last year for "Achtung Baby," occupied the No. 1 spot on the weekly chart for 13 weeks with "Zooropa" and nearly repeated as champions. But Depeche Mode's "Songs Of Faith And Devotion," despite a shorter run at the top of the chart (seven weeks), managed to squeak out a victory on the strength of 10 additional weeks on the survey (see "Chart Endurance").

No. 1 Honors

In addition to U2 and Depeche Mode, nine other artists reached the coveted No. 1 spot this year for a total of 11 — three more than last year. R.E.M.'s "Automatic For The People" logged eight weeks on top for a second consecutive year, enabling it to finish No. 9 for the year. New Order's "Republic" spent six weeks at No. 1, contributing to its third-place standing for the year. Pearl Jam's "Vs.," released just two months ago, finished the year with five weeks on top and managed to achieve No. 31 for the year.

Belly's "Star" held top honors for four weeks and finished fifth overall. Tears For Fears' "Elemental" (No. 7) and Porno For Pyros' self-titled debut (No. 8) each spent multiple weeks in the big chair, while three artists were masters of the New Rock domain for a single week: Jesus Jones ("Perverse," No. 15), Blind Melon ("Blind Melon," No. 16), and Peter Gabriel ("Us," No. 24).

Paeans To Persistence

It was a very good year for several new artists. In all, nearly 30% of the

Top 93 consists of first-timers. The Cranberries (No. 6) were one of three new bands to finish in the Top 10, but were the only one that could unequivocally call itself new: Porno For Pyros and Belly (not to mention several other "new" artists) were the result of established artists splintering from previous bands.

The Cranberries — hailing from Ireland — arrived on the scene with no previous history, and I recall a couple of PLG execs musing over how difficult their record would be to break. Needless to say, the results achieved by the group's debut far exceeded expectations. In a Rockfile profile two weeks after the album's debut (R&R 6/4), PLG Sr. Director/National Alternative & Video Promotion Steve Leeds boldly predicted, "We expect this record to be around long after Thanksgiving."

It's taken up permanent residence on the weekly chart ever since . . .

Two other new bands finished in the Top 20: Blind Melon and Radiohead (No. 20). Blind Melon's debut, which was actually released in August '92, followed on the heels of the buzz generated from the band's inclusion on MTV's "120 Minutes" tour. The leadoff track, "Tones Of Home," initially debuted last October and vanished in January after a mid-chart run. But once again, persistence paid off — six months later, Capitol delivered "No Rain" as the follow-up, and the project reached No. 1 in September. And as 1993 winds down, "Tones" is again moving up the chart. As for labelmates Radiohead, the track "Creep," which propelled their debut to No. 4 in June, could probably be claimed the format's anthem of '93.

Among the up-and-coming artists who achieved their biggest chart success to date in 1993 were Stereo MC's and Dinosaur Jr, whose "Connected" and "Where You

Imports Vs. Domestic

In 1993, 128 different artists appeared on the weekly New Rock charts — down 15 from last year. Here's a look at where they came from, along with a comparison to last year's geographic breakdown:

Country	1993	1992
United States	49%	43%
United Kingdom	38%	50%
Ireland	4%	1%
Canada	3%	1%
Australia	1%	2%
Jamaica	1%	1%
France	1%	—
Germany	1%	—
Iceland	1%	1%

make a repeat performance this year. Of those, seven achieved even greater success in '93: R.E.M.'s "Automatic For The People" (No. 17 in '92, No. 9 in '93), Soul Asylum's "Grave Dancers Union" (40-14), 10,000 Maniacs' "Our Time In Eden" (29-17), Dada's "Puzzle" (80-24), Ned's Atomic Dustbin's "Are You Normal" (67-32), Sundays' "Blind" (50-42), and Neneh Cherry's "Homebrew" (83-60).

Maintaining their presence on 1993's year-end survey after peaking in 1992 were INXS, Peter Gabriel, Screaming Trees, Suzanne Vega, and the Lemonheads; 10,000 Maniacs, INXS, Red Hot Chili Peppers, and the Lemonheads were the only artists to place their '92 year-end charters alongside current releases on the Top 93 of 1993.

Crossover Action

New Rock more than doubled its crossover presence at CHR and AOR in 1993, with six acts on the

year-end survey scoring triple-format coverage: Blind Melon, Gin Blossoms, Peter Gabriel, R.E.M., Soul Asylum, and Stone Temple Pilots. Of that group, only Gabriel and R.E.M. had accomplished the feat previously.

Breaking it down by format, 13 artists in New Rock's Top 93 are part of CHR's Top 93:

- Tasmin Archer
- Blind Melon
- Duran Duran
- Peter Gabriel
- Gin Blossoms
- New Order
- R.E.M.
- Soul Asylum
- Stereo MC's
- Sting
- Stone Temple Pilots
- Tears For Fears
- UB40

As for New Rock-AOR crossovers, 14 artists occupy spots on both formats' year-end lists:

- Blind Melon
- Gin Blossoms
- Lenny Kravitz
- Midnight Oil
- Nirvana
- Pearl Jam
- Peter Gabriel
- Posies
- Red Hot Chili Peppers
- R.E.M.
- Soul Asylum
- Stone Temple Pilots
- Urge Overkill
- U2

HATS OFF TO JULIANA — Chi-Town stations WKQX (Q101) and WCBR were on hand at Tower Records to welcome Juliana Hatfield for an in-store stint. Doing the schmooze thing are (l-r) WKQX Promotions Asst. Julie Joseph, MD Mary Shuminas, Tower's Phil Meyer, Atlantic's Rick Sudakoff, unidentified snarling Tower employee, Hatfield, Atlantic's Matt Nixon and Tod Elmore, and WCBR AMD Robert English.

WALT LOVE

Music '93: The Year In Review

A total of 265 releases made it onto R&R's UC chart in 1993. That figure continues a downtrend marked by the 274 that charted in 1992, 272 in 1991, and 293 in 1990.

Tighter Policy

The format's increasingly conservative approach to music is further illustrated by the fact that only 29 songs made it to the No. 1 spot this year, down from 34 in 1992 and 37 in 1991.

In fact, one song stayed at No. 1 for four weeks — **Toni Braxton's** "Another Sad Love Song." Five other songs held onto No. 1 for three weeks — **Jodeci's** "Lately," **SWV's** "Weak," **Tony Toni Tone's** "Anniversary," **Levert's** "ABC-123," and **Whitney Houston's** "I Will Always Love You." Another seven records hung in at No. 1 for two weeks, compared to nine in '92.

Near The Top

Five of the Top 10 records on our year-end survey failed to make it to No. 1 on our weekly chart. **Bell Biv DeVoe's** "Something In Your Eyes"

JUST THE TWO OF US — KJLH/Los Angeles PD Frankie Ross gives special guest Tina Turner a warm welcome.

made it to the No. 2 position, while **Silk's** "Girl U For Me" and **Vertical Hold's** "Seems You're Much Too Busy" went as high as No. 3. **Brian McKnight's** "One Last Cry" made it to No. 4 on the weekly chart, and **Jade's** "One Woman" reached No. 7. Chart longevity accounted for their high year-end rankings.

Only one artist and one group scored four Top 15 records during 1993 — Whitney Houston and SWV. Another 12 hit the Top 15 three times in '93: **Mary J. Blige, Bobby Brown, En Vogue, Hi-Five, Intro, Janet Jackson, Jade, Levert, Portrait, Shai, Silk, and Luther Vandross.** Judging from these acts, R&B artists who incorporated a hip-hop flavor did well this year.

Fully 20 artists sent two songs apiece to the Top 15 on the R&R charts throughout the year.

Gender Blender

For the third consecutive year, male artists dominated the year-end chart, nailing 57 of the spots. On the

Breaking Big

This year, 16 records (up from 14 last year) achieved Breaker status with a bang by gaining airplay at 80% or more of our reporters.

other hand, only SWV placed four songs on the Top 93 of '93. Five others placed three songs on the Top '93: **Silk, Hi-Five, Intro, Whitney Houston, and Janet Jackson.**

As for the gender basis of those songs that reached the UC chart's Top 15 all year, male groups dominated with 49 (up from 37 last year), followed by male solo acts with 36 (same as last year). Female solo acts scored 33 Top 15 hits (down from 37 last year), while female groups narrowed the gap slightly, scoring 15 such hits (up from 10 last year). The number of Top 15 hits by mixed-gender acts (whether male-female groups or duets) dropped to eight from 12 last year.

New & Old

Once again, new artists played an important role at Urban radio, as seen in the success of **Big Bub, U.N.V., Xscape, Zhane', Joe, Rob-in S, and Nona Gaye.** On the other end of the spectrum, **Earth, Wind & Fire** reappeared on the year-end chart, joining such other longtime core artists as **Luther Vandross, Maze f/Frankie Beverly, Michael Jackson, Teddy Pendergrass, Alexander O'Neal, Michael Cooper, Prince, and Walter & Scotty** (who were both new and old, as former members of the **Whispers** making their solo debut this year).

LAID BACK — Frankie Beverly stopped by KKBT/Los Angeles to promote Maze's latest release. Giving thumbs up are (l-r) WB's Gary O'Neal, KKBT MD Harold Austin and Michelle Santosuosso, Beverly, PD Keith Naftaly, and WB VP/Black Promotion Hank Spann.

WUSL GOES BOOM! — Jazzy Jeff & Fresh Prince recently visited WUSL (Power 99FM)/Philadelphia to promote their new single, "Boom! Shake The Room." Taking advantage of the photo opportunity are (l-r) PD Dave Allan, morning co-host Brian Carter, Promotion Director Jacqui Allen, Fresh Prince Will Smith, Jazzy Jeff, morning co-host Dave Sanborn, MD Ladonna Monet, and Jive VP Vernell Johnson.

LAUGH TIME — Charlotte Hornets' Larry Johnson shared a laugh with the KJMZ/Dallas morning crew. Clowning around are (l-r) KJMZ's Russ Parr, MD Helen Little, co-host Alfredas, and Chris Adams.

ADULT CONTEMPORARY

Love Is The Right Combination

In this year's Top 25 alone, four duets — including '93's top AC tune — are represented. Five pairings dotted the entire "Top 92 of 1992."

"Love Is" teamed newcomer **Brian McKnight** with '92 megastar **Vanessa Williams**. The former Miss America scored two of last year's overall Top 20 songs: "Save The Best For Last" (No. 2) and "Just For Tonight" (No. 20). Williams & McKnight spent three consecutive weeks in the runner-up slot before hitting No. 1, where they had a similar three-week run.

ed — and should do well for next year's totals. He was also the only artist placing more than one song in '93's overall Top 10; Bryson was featured in the year's fifth and sixth highest records.

Restless Heart's "Tell Me What You Dream" featured sax solos from **Warren Hill**, who, earlier in '93, gained his first solo AC chart appearance.

Country-oriented songs to the chart. **Restless Heart's** accomplishments, however, were extremely significant. Both of the group's '93 releases went to No. 1, putting **Restless Heart** in the overall third and 25th slots.

Dodging A Bullet

The downward bullet — considered by some to be instant death — had redemption this year. **Restless Heart's** "When She Cries" survived a 4-5 backward bullet and went on to become a No. 1 record. It's the first time in my seven-year tenure as AC Editor I can remember a downward-bulleted record going all the way to the top.

Last year, **Rodney Crowell**, **Vince Gill**, **Wynonna**, **K.D. Lang**, and Mr. "Achy Breaky" himself, **Billy Ray Cyrus** surfaced on AC. In addition to **Restless Heart**, **Lang**, and **Wynonna**, other Country-rooted artists crossing AC territory this year were **Mary Chapin Carpenter**, **Little Texas**, and **Collin Raye**.

AC's occasional harder edge was supplied by artists like **Bryan Adams**, **Bon Jovi** (their song peaked at No. 29), **Duran Duran**, **Don Henley** (with one No. 30 song): **Meat Loaf**, and **Soul Asylum**.

28	52	37	27	34	27

Number of songs reaching Top 15 in AC without charting in CHR.

"Love Is" remained on the chart for 25 weeks (as did **Expose's** "I'll Never Get Over You Getting Over Me") and was Williams's only '93 chart appearance. McKnight, however, capitalized on the opportunity, riding Top 5 "One Last Cry" to No. 29 overall. It crested five months after "Love Is" landed at the No. 1 slot.

Dave Koz had good reason to be happy, turning in his best AC chart performance with "You Make Me Smile," and **Bruce Hornsby's** chart-topping piano-intensive "Fields Of Grey" ended '93 as the year's No. 30 song.

Despite Country's continued ratings success, AC didn't propel many

Film Flavor

Two other '93 Top 25 duets were from movie soundtracks: **Peabo Bryson & Regina Belle's** "A Whole New World" ("Aladdin") and **Celine Dion & Clive Griffin's** "When I Fall In Love" ("Sleepless In Seattle").

Bryson, whose last solo AC chart hit was 1991's No. 8 "Can You Stop The Rain," also shared his talent on this year's No. 6 song, **Kenny G's** "By The Time The Night Is Over." Prior to her Top 10 (and No. 57 overall) "If I Could," Belle's last solo AC chart action was in 1990.

Like McKnight, Griffin followed up the big duet with his first solo effort, which is still climbing. And easily one of the format's hottest new stars, Dion — in just three years — has registered three solo No. 1's and two duet No. 1's. Her latest release, "The Power Of Love," will peak in '94.

Sax Appeal

Curtis Stigers's "Never Saw A Miracle" (No. 40) was last year's only primarily instrumental song appearing in the "Top 92." The format's instrumental profile, however, changed dramatically in '93. Not surprisingly, **Kenny G** led the way. Two of his works climbed all the way to the top and a third ("Sentimental") nearly cracked the Top 10 — before **R&R's** chart season end-

DREAM YEAR CONCLUDES

This Year's Chart Heroes Held Back

David Crosby & Phil Collins and **Mariah Carey** shared a chart oddity for '93.

Veterans **Crosby & Collins** collaborated on "Hero," a song that went to No. 2 in June. It remained locked there for three weeks, shut out from the top spot first by **Rod Stewart** (for two weeks) and then by **Kenny G w/Peabo Bryson**.

Five months later, **Mariah Carey** experienced a similar fate. She took a *different* song with the same "Hero" title to number two and remained there for three successive weeks, barred from number one by **Columbia** labelmate **Michael Bolton**. Earlier in the year, another **Columbia** artist, **Billy Joel** ("The River Of Dreams"), kept Carey's "Dreamlover" frozen at No. 2 for two weeks. That song, however, took over the penthouse for one week.

The first week of the new season (12/4/92) **Elton John** remained in second with "The Last Song" for the fourth straight week, never landing at No. 1. In March, however, he avenged the situation by anchoring "Simple Life" No. 1 for an equal four-week period.

Breaker History

1991	1992	1993
86	103	95

It took **Whitney Houston** three weeks to get "I Have Nothing" from second to first, but "The Bodyguard" co-star managed to do it in April.

Breakers & Chart Movers

Ninety-five songs achieved **R&R** "Breaker" status (12/4/92-11/26/93). The average chart position at which a record reached Breaker was 22.1, down slightly from last year's 21.3. The year's best Breaker chart spot: **Mariah Carey's** "Dreamlover" and **Michael Bolton's** "Said I Loved You . . . But I Lied" — No. 12.

Eight songs experienced double-digit chart moves, with only one rocketing a song into the Top 10. No single artist placed multiple entries in this elite group, but two of the "Three Musketeers" are included.

AC: These Songs Are For You

The following 27 songs reached Top 15 on **R&R's** AC chart, but didn't have any **CHR** support. **Lauren Christy** and **Celine Dion** are represented twice. Asterisks (*) indicate songs still moving upward at presstime.

Debuts

The year included 98 debuts and a song's typical first-week chart position was 28.8. Highest debuts (not counting a debut that was also a Breaker the same week) were **Go West's** "What You Won't Do For Love" and **Paul McCartney's** "Off The Ground" (No. 25).

Most Added

Two of '93's Top 10 "Most Added" weren't even the pacesetters for their particular week, and only **Elton**

John put more than one song in the Top 10 "Most Added."

In March, AC programmers were either especially conservative or had little available product from which to choose. The weeks of 3/19 and 3/26 were the second and third lowest "Most Added" weeks (17 and 15).

1993: The Year In Music

Ask anyone and everyone in Country radio about the format's success: They'll credit the music emanating from Nashville as the driving force. In 1993, neither the quantity nor quality of music showed signs of slowing down.

Thirteen artists achieved Top 15 status for the first time, almost doubling last year's number and marking the second-highest total in the last seven years.

Top 15

A total of 244 records charted in 1993 — by far the lowest total since I started recording these stats seven years ago. Of those, 146 peaked at or above No. 15. Those 146 hits were divided among 61 acts. (Duets by otherwise solo artists counted as a single act.) In 1992, 260 records charted, and 138 Top 15s were split among 55 acts. The breakdown for recent years shows:

- '91: 66 acts, 135 Top 15s, 264 charted records.
- '90: 68 acts, 146 Top 15s, 257 charted records.
- '89: 62 acts, 139 Top 15s, 257 charted records.
- '88: 70 acts, 142 Top 15s, 258 charted records.
- '87: 68 acts, 139 Top 15s, 256 charted records.

The 13 artists achieving Top 15 status for the first time in '93 accounted for 17 Top 15 hits. The acts/Top 15 hits comparisons for the last few years are: '92, 7/14; '91, 19/30; '90, 9/15; '89, 7/10; '88, 8/12; and, '87, 9/15.

Here's a barometer of how Top 15 achievers from past years fared in '93: Of the seven acts reaching Top 15 for the first time in '92 — **Confederate Railroad, Billy Ray Cyrus, Radney Foster, Tracy Lawrence, Lee Roy Parnell, Michelle Wright, and Wynonna** — only Wright failed to do so this past year.

Of the 19 acts reaching the Top 15 for the first time in '91, seven are missing from the '93 Top 15: **Rob Crosby, Davis Daniel, Ray Kennedy, Shelby Lynne, Mike Reid, Pirates Of The Mississippi, and the Remingtons**. The first five also were absent from 1992's Top 15 arena.

The class of '90, which featured 10 acts posting Top 15s for the first time, saw only five in the ring in '93: **Carlene Carter, Mark Chesnutt, Joe Diffie, Alan Jackson, and Doug Stone**. Missing were **Jann Browne, Kentucky Headhunters, Robin Lee, Mac McAnally, and Marty Stuart**.

Continuing its stellar performance was the class of '89. Of the seven artists who initially hit the Top 15 that year — **Clint Black, Suzy Bogguss, Garth Brooks, Mary Chapin Carpenter, Lionel Cartwright, Lorrie Morgan, and Travis Tritt**

time Top 15 achievers — **Larry Boone, Rodney Crowell, Skip Ewing, Patty Loveless, the McCarters, Billy Joe Royal, Shenandoah, and**

New Artists In The Top 15

- **Boy Howdy (Curb)**
- **Brother Phelps (Asylum)**
- **Tracy Byrd (MCA)**
- **Gibson Miller Band (Epic)**
- **Faith Hill (WB)**
- **Toby Keith (Mercury) (2)**
- **Chris LeDoux (Liberty)**
- **Martina McBride (RCA)**
- **John M. Montgomery (Atl. Nash./AG) (3)**
- **Robert Ellis Orrall (RCA)**
- **Larry Stewart (RCA)**
- **Doug Supernaw (BNA) (2)**
- **Clay Walker (Giant) (1)**

— only Cartwright failed to hit the Top 15 in '93. Interestingly, these seven acts have a near-perfect record of Top 15s. In the last four years, only Cartwright this year and Bogguss in '90 missed the Top 15.

Reflecting the format's increased turnover rate, of 1988's eight first-

Jo-EI Sonnier — only Loveless and Shenandoah turned the trick this year.

Number Ones

A total of 26 artists accounted for 47 No. 1 songs in 1993 — an indication of just how good a musical year

HIT MEN — Arista and Sony/Tree recently held a luncheon to celebrate the success of Brooks & Dunn's "She Used To Be Mine" single. The song was co-published by Deer Field Court Music and Sony/Tree. Seen on the scene were (l-r) Sony/Tree's Walter Campbell, producer Scott Hendricks, Arista/Nashville President Tim DuBois, band members Ronnie Dunn and Kix Brooks, co-producer Don Cook, and Arista/Nashville VPI/Promotion & Artist Development Jack Weston.

THE 'WHEEL' DEAL — When Patty Loveless was presented with a gold award for her first Epic/Nashville album, "Only What I Feel," partygoers were treated to ferris-wheel rides in commemoration of her "Nothin' But The Wheel" single. Celebrating the occasion are (l-r) Sony/Nashville Exec. VPI/GM Allen Butler, Epic/Nashville VPIA&R Doug Johnson, Sony/Nashville VPI/Sales Mike Kraski, producer Emory Gordy Jr., Epic/Nashville's Rob Dalton, Loveless, and Sony/Nashville VPI/Promotion Jack Lameier, VPI/Marketing Connie Baer, and Sr. VP Scott Siman.

it was and how competitive the race for the top has become. Last year, 28 acts had a combined total of 47 different No. 1s, both record-high numbers at the time.

Garth Brooks led this year's hit parade with five chart-toppers. **Alabama, Clint Black, Vince Gill, Alan Jackson, Reba McEntire, and George Strait** each posted three aces. Brooks, Jackson, and Travis

Tritt were the only artists to have a record remain No. 1 for two weeks.

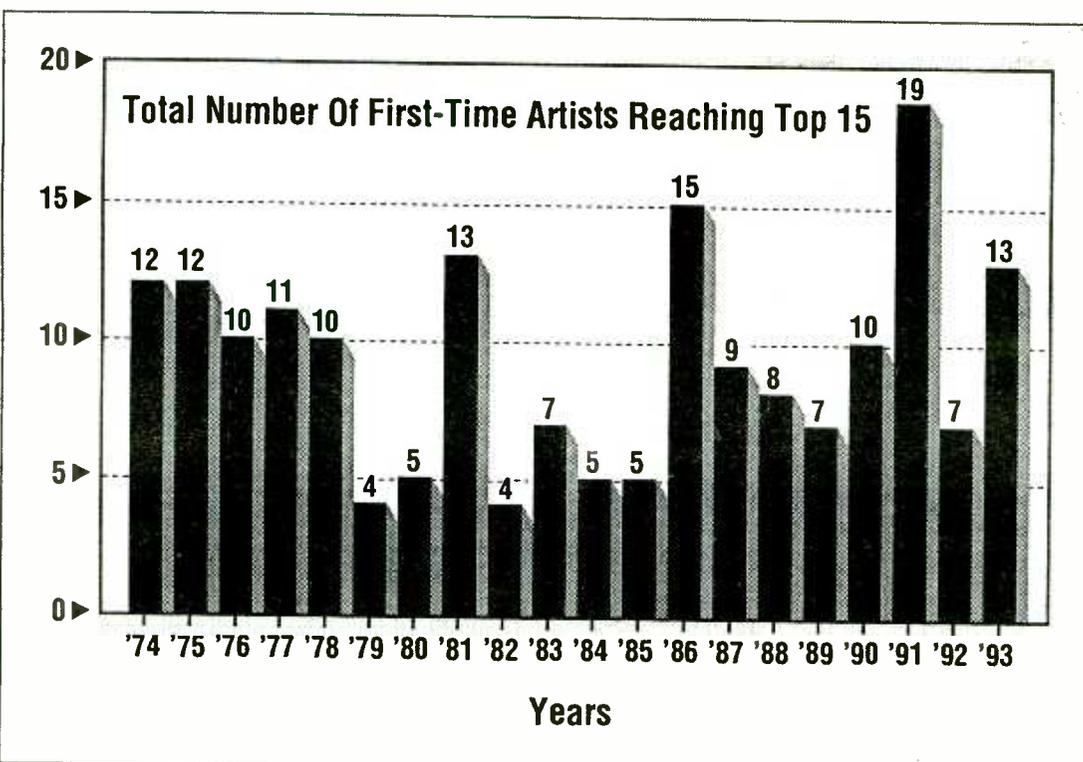

Only three of the 13 artists reaching Top 15 status for the first time in '93 — **Toby Keith, John Michael Montgomery, and Clay Walker** — notched No. 1 records. In '92, it was three of seven; in '91, seven of 20; in '90, two of ten; in '89, two of nine; in '88, one of eight.

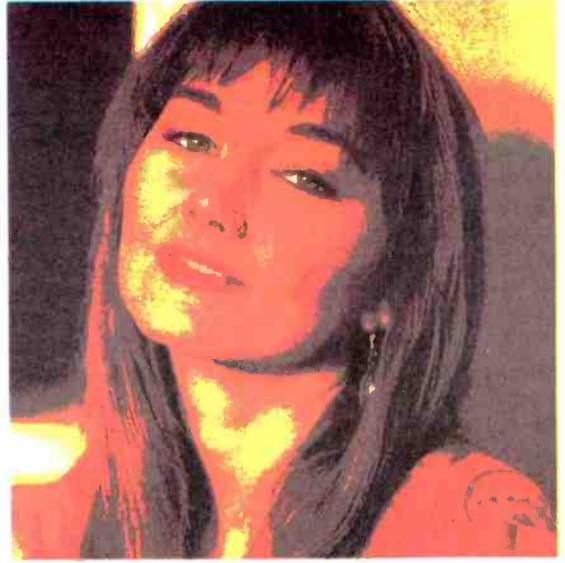

Tracy Byrd deserves honorable mention: His "Holdin' Heaven" held down the No. 2 spot for two weeks, but a couple of guys named Brooks and Cyrus held him out of the top slot. By the way, Byrd's the only Top 15 newcomer to place a song at No. 2.

80% Artist Turnover

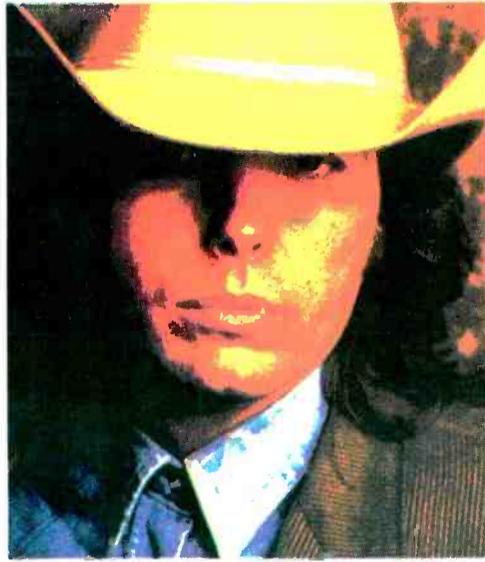

Last year's "Comeback Kid," **John Anderson**, continued 1992's path with three '93 Top 15s. However, for the first time in the seven years I've been writing these round-ups, no established acts who'd been missing from Top 15 during the last few years staged a comeback, nor was anybody with many years of Top 15s missing.

Finally, a mind-blowing example of the format's musical metamorphosis is found when comparing the Top 15s from 1988. Of the 70 different acts with Top 15 hits that year, only 14 notched a Top 15 in '93. That's an 80% turnover of Country's star acts in just five years — an incredible amount by any format's standards.

Hot Streak Continues

Record precious metal for Country

Country kept its hot streak saleswise in 1993, with 64 albums reaching gold, platinum, or multiplatinum status.

Perennial megaseller **Garth Brooks** sold a record 10 million copies of his "No Fences" LP, while **Billy Ray Cyrus's** debut surpassed the seven million mark. Among 1993's other top sellers:

Brooks was joined in the platinum-plus winner's circle this year by newcomers **Brooks & Dunn**, **Vince Gill**, and **Wynonna**. Gill achieved his first double platinum for "I Still Believe In You," while Brooks & Dunn's **Arista/Nashville** debut, "Brand New Man," topped the three-million mark. Wynonna's **MCA** self-titled debut helped her make history as the first woman in country to have a triple-platinum studio album.

First Time's A Charm

Several artists struck gold/platinum for the first time ever in 1993. **Marty Stuart** mined his first gold album with "This One's Gonna Hurt You," as did **Chris LeDoux** with his 25th release, "Whatcha Gonna Do

With A Cowboy." New artists **John Michael Montgomery** ("Life's A Dance") and **Confederate Railroad** (self-titled) were also awarded platinum honors for their debut **Atlantic/Nashville** efforts, while **Diamond Rio** hit their first million mark with their self-titled debut. And this year heralded **Aaron Tippin's** entry into the platinum stratosphere with his sophomore LP, "Read Between The Lines."

October was a banner month for many country artists. In fact, one-third of all gold certifications during the month went to country albums. Among those claiming gold status for a second time in 1993 were **Billy Dean** ("Fire In The Dark"), **Suzy Bogguss** ("Voices In The Wind"), **Sammy Kershaw** ("Haunted Heart"), **Patty Loveless** ("Only What I Feel"), and **Pam Tillis** ("Homeward Looking Angel").

1993's Rock Music Review

A mix of established and new artists provided plenty of variety for the diverse AOR audience this year. The music, which ranged from classic to mainstream to new rock, came from acoustic-based (**R.E.M.**, **Jayhawks**), hard rock (**AC/DC**, **Ozzy Osbourne**), classic (**Aerosmith**, **Eric Clapton**), and new artists (**Blind Melon**, **Cry Of Love**).

Spotlight On No. 1

Here's a look at the albums which spent three or more weeks at No. 1 on the Albums chart:

- Various Artists**/"Last Action Hero" ST (Columbia) 11 weeks
- Aerosmith**/Get A Grip (Geffen) 8 weeks
- John Mellencamp**/Human Wheels (Mercury) 6 weeks

- Coverdale/Page**/Coverdale/Page (Geffen) 5 weeks
- R.E.M.**/Automatic For The People (WB) 5 weeks
- Pearl Jam**/Vs. (Epic) 4 weeks
- Mick Jagger**/Wandering Spirit (Atlantic) 3 weeks

The following songs spent three or more weeks at No. 1 on the Tracks chart:

- Aerosmith**/Livin' On The Edge (Geffen) 7 weeks
- Aerosmith**/Cryin' (Geffen) 6 weeks
- Coverdale/Page**/Pride And Joy (Geffen) 6 weeks
- Cry Of Love**/Peace Pipe (Columbia) 3 weeks
- Mick Jagger**/Wandering Spirit (Atlantic) 3 weeks
- Rush**/Stick It Out (Atlantic) 3 weeks

The Mighty Top 15

Eighty-nine artists had tracks in the Top 15, nine more than last year. In 1993, 136 different tracks went to Top 15, compared to 118 tracks last year.

Guns N' Roses' Top 15 track this year ("Ain't It Fun") marks the band's record-setting sixth consecutive year with a song in the Top 15. (Way to go, guys!)

Chart Novices

There were just 25 New Artists (first-time Breakers) in 1993, compared to last year's 31, but a substantial number of relatively new bands — such as **Pearl Jam**, **Spin Doctors**, **Alice In Chains**, **Nirvana**, **Jackyl**, and **Ugly Kid Joe** — provided enough new music choices for stations.

Congratulations to the 1993 AOR New Artist Of The Year: **Stone Temple Pilots**. The band's 29 weeks on the chart for "Plush" propelled them into the top slot. **Brother Cane** were the first runner-up, spending 24 weeks on the chart with "Got No Shame."

Enjoy the stats . . . I'm going home to wrap gifts.

HE IS NOT THE VOICE OF GOD

A lot of voice-over guys would be bothered by that...But who cares about a bunch of voice-over guys?

I read 'em like you want 'em. Warm-edgy, slow-fast, hard-soft, funny-serious, staged-conversational. REAL. My price is right. And I do your work 'til it's just what you want. I am market exclusive and only interested in a

handful of clients. Too many stations = slipshod service...and that won't cut it for either one of us. The Voice of God, I'm not. But if you want a Real Voice with Impact and all the service you can handle, call for a demo and let's get started.
