Arbitron Says Survey Gaffes Gone For Good

Kelly, Goldstein new Advisory Council officers

Arbitron used meetings with GMs, researchers, and consultants last week to send a clear message to subscribers: The recent rash of software gremlins that have plagued the company has been fixed.

"We didn't pull our punches," said KGO/San Francisco President/GM Mickey Luckoff, who presided over a four-day meeting of the Arbitron Radio Advisory Council in Sarasota, FL. But council members came away satisfied with Arbitron's response to its survey problems: "[Arbitron President] Steve Morris has been cooperative in every way," Luckoff said.

Arbitron said it corrected the cause of errors that resulted in incorrect cash payments going to some households in the first phase of its fall survey, including failures in some cases to pay higher premiums to Afri-

can-American households and households with 18-24 males. The company told the council — and the "Consultants Fly-In" audience

'People Meter' Economics Cited In Rollout Delay

xactly two years ago, Arbitron set the industry on its ear when it unveiled plans to develop a listening device that would track consumers' radio usage habits. Had things gone as planned, testing would have been completed by now and live usage of the Portable Personal Meter would have been implemented in 1995.

But things didn't go as planned. Although Arbitron Director/Research Jim Peacock expressed satisfaction with the first field test of Portable Personal Meters mockups, a couple of more years' worth of R&D will be required. At least two more field tests are planned in 1995.

On top of that, other Arbitron execs are concerned that hefty R&D costs will not be recouped by selling

Congress stays out of broadcasters' pocketbooks for now, while FCC turns up the regulatory heat

thorny issues

As 1994 draws to a close, broadcasters can look back on a satisfying year that kept Congress out of pockettheir books. But it was also a year in which an indifferent, telecom-ob-

sessed FCC let thorny broadcast regulatory issues simmer on the back burner.

One of the country's biggest stories of 1994 left broadcasters with reason to be optimistic about 1995. The GOP's sweep of the House and Senate in November's midterm elections will presumably mean a new Congress that's less regulatory in nature.

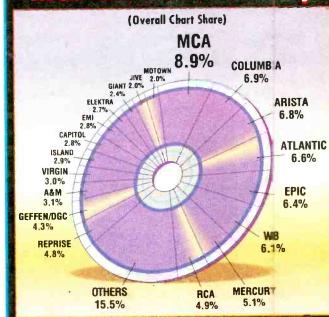

NAB fought off a number of legislative proposals that would have seriously cut into radio's increasing revenues, the most significant being a \$5 billion spectrum

royalty tax proposed by the Clinton administration to pay for

Other Capitol Hill battles successfully fought by NAB blocked performance royalties and new restrictions on beer and wine advertising, and defended advertising tax deductions. But NAB warns that as a Republican-con-

Mays Upbeat As Clear Channel Stock Falls

Expects improved after-tax cash flow; analysts blame 'uncertain market'

Clear Channel Communications President/CEO L. Lowry Mays was undaunted by a \$4 drop in his company's stock price. He told PaineWebber's 22nd Annual Media Conference attendees (12/8) that Clear Channel will continue to post strong financial growth for years to come.

"We feel we can improve our after-tax cash flow per share by 20% a year if we never make another acquisition," Mays remarked. Of course, Mays does expect to make more acquisitions and noted the company has plenty of borrowing capacity available.

Analysts contacted by R&R were at a loss to find any fundamental reason for Clear Channel's stock price dropping last week (12/5-9) to \$42.50. "Frothy stocks are the first to fall in an uncertain market," said Paul Kagan Associates' Bishop Cheen, who noted general concerns on Wall Street about rising interest rates.

'Attractive 1995'

A.G. Edwards analyst Michael Kupinski took advantage of the price dip to add Clear Channel to his "buy" list. He blamed the sell-off on "year-end profit-taking" fol-

lowing Clear Channel's price gains earlier this year.

At the PaineWebber conference, Mays simply ignored the price decline. "Don't ask me about the price of the stock. What I try to do is increase the after-tax cash flow per share. I figure if I do that, that you guys will take care of the rest — up or down." Mays then told the New York gathering that Clear Channel expects continued growth from its radio stations, calling radio the "fastest-growing advertising sector."

He also predicted further profit gains from duopoly combinations. "The benefits [of duopoly] haven't been realized yet. We've realized the economies of combining the stations, but not the synergy of having the stations together. All indications are that we will have a very attractive 1995, and I don't see anything on the horizon that could keep that from happening."

Clear Channel's stock (NYSE: CCU) slipped 25 cents Monday (12/12) to \$42.25, but rebounded \$1.13 on Tuesday to close at \$43.38.

Former FCC Official Proposes 1% Broadcast Spectrum Fee

ormer FCC General Counsel Henry Geller, now an Annenberg Senior Fellow, says broadcasters should pay 1% of their gross revenues to the government in return for a 15-year franchise and less regulation.

In his study released Friday (12/9), Geller said broadcasters should come up with their own spectrum fee deal because it's only a matter of time before the government comes looking for money. "The feds are going to come after the broadcasters," he noted, citing as an example the Clinton administration's plan earlier this year to charge a spectrum fee to help fund the GATT trade treaty. The proposal was beaten down by the NAB.

"[NAB President] Eddie Fritts knows it, the Chairman [Reed Hundt] has said it," Geller added. "I don't care whether you're talking about the Republican Congress or the Democratic White House, they need money."

'In The Cross-Hairs'

NAB VP/Policy Jack Goodman, who participated in the forum, agreed that broadcasters look good to a money-hungry government. "We're sitting right in the crosshairs, and it's going to come again, particularly given the amazing dollar amount the Commission seems to be getting in the marketplace on the PCS and other spectrum auctions."

But the NAB official said he has problems with Geller's plan, including continuing obligations such as EEO and the possibility of Congress upping a spectrum fee once it is in place.

Panelist Erwin Krasnow, an attomey and former NAB Sr. VP, said it "pains me to be critical of vintage Henry Geller." However, he dismissed his colleague's proposals, saying they are "great ideas that have been rejected" before.

Unattended Stations: FCC Seeks Comments

roadcasters have until January 20 to tell the FCC what they think about a proposal to permit unattended operation of broadcast stations and do away with licenses for station operators.

Although the Commission's proposal would eliminate a requirement that transmitter duty operators possess a license or restricted permit, the FCC says "some responsible person" needs to be "in charge of the station." But that person would not have to be on-site. The FCC wants to know whether leaving stations unattended might "encourage negligence or irresponsibility on the part of certain broadcast licensees.

The agency also wants to determine: (1) if certain types of stations should be excluded from the proposed rules; (2) whether verification of the station's antenna tower lighting system would be affected; and (3) whether to tie unattended operation of stations to updating a station's EBS system.

At its monthly meeting Thursday (12/15), the FCC was set to consider relaxation of TV ownership rules, which might include making it easier to create new TV-radio combinations. It was also planning to explore new ways to encourage minority and female ownership of broadcast stations.

On-Line Credit Check Launched

he Broadcast Cable Credit Association will launch an on-line service on January 16 with credit information on more than 5000 advertisers, agencies, and media-buying services.

"We are very excited by this BCCA Bulletin Board System," said BCCA Executive Director Buz Buzogany. "[Members] will be able to spend five minutes or less at their desks getting what they need to make sound credit decisions."

The service — free to BCCA members — will allow users to access updated credit reports and communicate with the association's staff and membership.

Steve Legerski told R&R, "We're pleased to add Phil to the team. He's really dialed into the modern music scene, has solid programming experience, and he's very excited about jumping into the battle."

"The prospect of joining a company in a larger city and a station filled with nice, honest people couldn't be a better match," said Manning. "We need to pay attention to the important things, like having the most hip jocks in the market and making sure the music is dead-on."

Manning joined 'OXY in 1988 as an air personality and became PD in 1990. Prior to that he was on the air in Tucson at KLPX-FM and KXCI-FM. In other station news, WENZ morning man Ric "Rocco" Bennett has been appointed Asst. PD.

ing co-host Dave Tellmann to PD. WOXY owner/GM Doug Balogh remarked, "We're proud of Phil. You always hate to see an important person leave. As for Dave, the way we do business is by grooming everybody to do something else somewhere down the road. Within 24

hours, we were able to sit down and the people were already here to take on the next responsibility.

"Phil's done a great job leading this station into its second decade," said Tellmann. "I hope to expand on Phil's ideas and take the station to the next level."

Vedder's Pearls Before 'Spin'!

ddie Vedder speaks! In a long Spin interview, Pearl Jam's lead vocalist breaks his long silence to talk about the usual things - success, fame, general confusion, and Kurt Cobain: "I just couldn't believe he did it. And I still can't. After it happened, I wrote him a letter and asked, 'What's on the other side? And is there room for me?"

Also, PJ were voted best band, best live band, and most overrated band by Spin's readers. Vedder took best male singer and "sexiest individual" honors, while "PJ vs. Ticketmaster" was named "best thing to happen last vear."

Cobain tied for best artist with Trent Reznor, while Hole took best LP and Courtney Love best female singer. Soundgarden's "Black Hole Sun" was named best single, Green Day best new band, and the Beastie Boys best rappers (followed closely by "nobody"; i.e., active Spin readers reject rap)

The Seattle Spleen

"It's like somebody came into your city with bulldozers and water compressors and mined your own perfect mountain and excavated it and threw out what they didn't want and left the rest to rot. It's that bad" -Soundgarden singer Chris Cornell reflects on the aftermath of Seattle-mania in a jumbo Rolling Stone profile.

Headline Blues

Eric Clapton's been "swapping kisses over romantic dinners with Uma Thurman" (Globe).

Madonna and Barbra Streisand were all set to duet on "Anything You Can Do I Can Do Better," until Madonna decided she was directing the video. "Babs" is "stunned" (Star).

Service workers in NYC and L.A. finger best and worst tippers: Cher and Prince are among the wellloved, and Madonna and Rod Stewart aren't (National Enquirer).

Road Hard, **Put Away Wet**

W eezer singer Rivers Cuomo writes about road life in Details: "Every day, we traveling rock musicians get something called a per diem, which is Latin for 'twenty-dollar bill."

Also in Details, you'll find tour rider demands from 27 different acts, including Smashing Pumpkins (four boxes of Cap'n Crunch), Jade (popcorn & hot sauce), and Northern California's own Green Day (one bottle of red wine "usually breathing by the time we get there").

Driving Miss Destiny

Now that Vanessa Williams is on Broadway (in "Kiss Of The Spider Woman"), she tells Entertainment Weekly musical theater has always been her passion. She entered pop music because "vou can control your imaging, what you'll sing, and you can be your own boss." What's more, "The big step is to get a lot of people to be your base so you can go off and do creative stuff like a standards album, and they'll still buy it."

Glamour's 10 most powerful women in show biz include Barbra Streisand, MTV Prez Judy McGrath, and Elektra CEO Sylvia Rhone.

TREET TALK.

'Plantation Stations' Faking The Funk?

nner City Broadcasting's WBLS-FM/NY began airing the following promo this week, aimed squarely at Emmis-owned crosstown UC competitor WRKS-FM:

"WBLS is and continues to be a blackowned and operated radio station ... there are some radio stations out there that are faking the funk and are just the opposite, you know what I'm saying?

"WBLS appreciates your continued support for those who live and work in - and for — our community. If you know some brothers and sisters listening to those 'plantation' stations, ask them ... who you gonna support? The people's new choice in '95: the Vibe, 107.5 WBLS."

WBLS Station Mgr. Oliver Sutton said the promo aired Sunday and Monday (12/11-12) and that Emmis should consider it "a warning shot." Sutton charged that after Emmis bought WRKS from Summit Communications, it fired African-American staffers, including GM Charles Warfield. Sutton also claimed 'BLS PD Vinny Brown was demoted, since he now has to answer to Steve Smith, who's also PD of Emmis's WQHT.

Contacted by ST, Warfield declined to enter the argument over whether his duopolyrelated departure should be characterized as a firing, simply saying, "I worked for Summit, I do not work for Emmis."

WRKS officials didn't return ST's calls, but GM Judy Ellis told the New York Daily News, "I would have expected more class from them ['BLS].'

Meanwhile, WRKS's Rhythmic CHR duopoly sister Hot 97/NY has a new lineup, as 'RKS's Wendy Williams and Red Alert segue over to the 4-7pm slot. Rounding out the roster: Ed Lover & Dr. Dre w/Lisa G (5:30-10am), Bugsy (10am-1pm), Angie Martinez (1-4pm), Baltazar (7-10pm), Funk Master Flex (10pm-mid), and Paco Lopez (mid-5:30am).

Nighttime powerhouse WOWO-AMFt. Wayne, IN would slash its 50kw signal to 9800 watts under an engineering application submitted by new owner Inner City Broadcasting, which has tied the FCC request to one that would let Inner City's WLIB-AM/NY, a daytimer, add 30kw of nighttime power. Both are on 1190 kHz.

Inner City already has a deal pending to sell the downgraded WOWO to Federated Media once the new pattern is in place and Federated has LMA'd the station.

Talk Talk

Rush Limbaugh thinks Democrats should syndicate departing NY Governor Mario Cuomo as the liberal's answer to his conservative talk show.

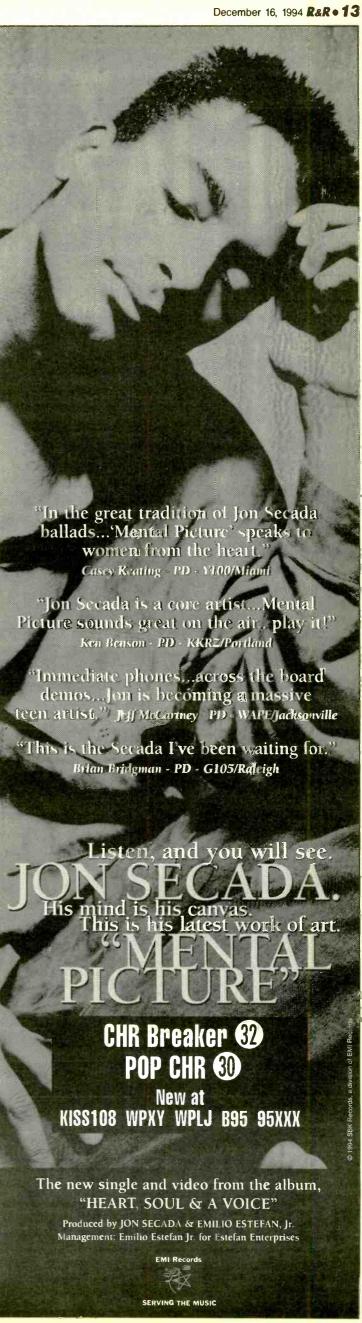

"I think the guy they ought to launch is Mario Cuomo," he told ST when GOP freshmen members of Congress saluted him at a Saturday (12/10) dinner in Baltimore.

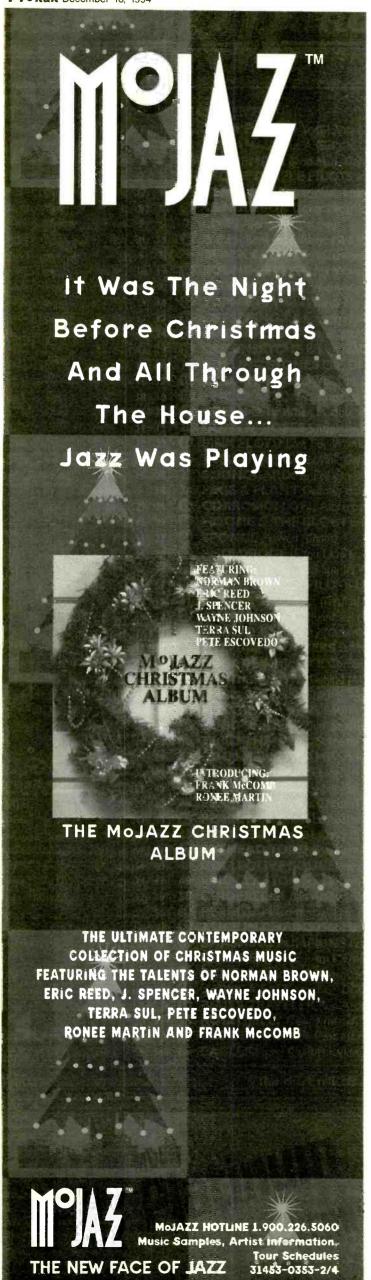

"Cuomo's the guy," Limbaugh said. "Cuomo could show them how easy it is to get on 660 stations and get an average quarterhour of a little over five million. Pass my suggestion along." Cuomo's office didn't respond to ST's requests for comment.

And ...the latest politico in line for a radio talk show is Oliver North, most recently the GOP's unsuccessful U.S. Senate candidate from Virginia. North's business manager, Tim Carpenter, says they're looking at about five different national network syndication offers.

Finally, controversial WABC/NY afternoon host Bob Grant has signed to Westwood One for Saturday talk host duties, beginning January 14.

Sony Software reps deny published reports that the company is "losing patience" with SW Networks — the radio program supplier it formed in partnership with Time Warner — and may sell its share to another company, perhaps Fox.

SW President **Susan Solomon** told ST her company has "full support" from Sony and TW, and a Sony spokesman said his company is "more committed than ever" to backing the venture. That said, could another partner be brought in to expand and enhance SW?

In the meantime, SW has appointed **Lewis Goldman**, formerly with the **CNBC** and **America's Talking** cable TV nets, to a VP/ Mktg. post.

After two years, **Gannett** is pulling the plug on **Sky Radio** — a live news, weather, and sports service for airlines — citing poor ad sales. About 40 staffers will exit 'round midnight December 23.

Those rumors about Viacom getting into the record business take on added weight. President Frank Biondi announced the firm has set up a task force to explore various label start-up strategies. The Wall Street Journal notes some observers feel such a move could raise antitrust eyebrows, owing to Justice Department concerns that Viacom would favor its own artists on (Viacom-owned) MTV.

Arbitron

in Baltimore last Friday (12/9) — that it had fully compensated for the errors by paying higher premiums to those hard-to-survey demos in the later phases of the survey.

Growing Pains

"We feel fairly comfortable that the 12-week fall survey will come in comparable with previous surveys,' Arbitron VP/Radio Jay Guyther told the consultants. He also noted that this company has added additional quality controls and more staff since the summer.

Guyther indicated that some of the problems resulted from recent initiatives to upgrade surveys, including new computers, the start-up of an electronic diary storage and review system, and distribution of 270,000 more diaries. "Unfortunately, they all had to be done within a 12-month period," he noted.

Now that Arbitron's PC-based Maximi\$er software is in widespread use, Guyther announced that the AID on-line service, which has been in service since the 1970s, will be shut down December 31. Some 300 stations who still have AID contracts will be able to submit research requests by fax. Even after the contracts expire, Guyther said stations that don't become Maximi\$er subscribers will still be able to buy "a la carte" reports

Calling Young Males

Arbitron revealed several initiatives aimed at improving survey response rates. Prepaid phone cards good for \$6 worth of calls are being used in one test (instead of the usual small cash payments) to see if response rates improve, particularly among young males. The company has also retained the Lintas direct marketing agency to prepare a largescale test for Winter 1995 which will concentrate on large households and use new instructions and motivational materials (including a "humorbased" cassette) aimed at 18-24-yearold men.

Arbitron has already begun efforts to identify phone blocks which might previously have been discarded as unused in highly transient markets with high military and/or college populations. And Peacock said many parttime phone interviewer positions are being converted to fulltime in conjunction with the move now under way to relocate operations from Laurel, MD to Columbia, MD. "We're going to start treating this job of interviewer ... as the important job that it is," he declared.

New Advisors

WKBN/Youngstown, OH GM William Kelly was elected to succeed Luckoff as Arbitron Radio Advisory Council Chairman in 1995, with WLRW/Champaign, IL's Steven Goldstein as Vice-Chairman.

New members include WHYT/ Detroit's John Cravens, KVET-AM & FM & KASE-FM/Austin's Ron Rogers, KDEA/Lafayette, LA's Roger Cavaness, WGN/Chicago's Daniel Fabian, and WISN/ Milwaukee's Chuck DuCoty.

"has proved to be an exceptional PD." said Pyramid CEO Rich Balsbaugh. "His talents will surely benefit all of Pyramid's 13 stations. We're also extremely lucky to have John Ivey back on our team. He's a very talented guy and a real leader.'

"I'm extremely excited about this new opportunity," commented Rivers. "I've enjoyed my hands-on experience with Kiss and am pleased I will be able to continue to work with the station in an ongoing capacity.

"We are really excited to have John back in the company," Rivers continued, "and we're glad he's coming to Kiss 108. John truly understands how unique a radio station Kiss is, and we can look to him to add to what's already been done.'

Ivey told R&R, "It's an incredible opportunity to work for one of America's premier Top 40 radio stations, and I appreciate the confidence of Richie Balsbaugh, Kiss GM Matt Mills, and Steve Rivers. I'll concentrate on maintaining and building upon what Steve and the incredible staff at Kiss have already built."

Before accepting the Nashville PD job three months ago (R&R 9/23), Ivey had been PD at Pyramid-owned WPXY/Rochester for four years.

Boberg

"With Jay's entrepreneurial skills and network of relationships, we expect him to be a major resource for the entire Music Entertainment Group.' stated MCAMEG Chairman/CEO Al Teller:

Praising Boberg's "rare blend of business acumen and creativity' Horowitz noted, "Throughout his career, he has been an innovator on the cutting edge of new developments in the music business. We believe he is the perfect leader to take our publishing company into the 21st century."

'Amazing Opportunity'

"MCA Music offers an amazing opportunity that I simply couldn't pass up," said Boberg. "I envision a global company that is creatively driven and artist-oriented with an aggressive street presence. The publishing industry is on the verge of a maior transformation, with new technologies paving the way for exciting and lucrative opportunities." The firm's catalog includes more than 150,000

As a 20-year-old A&M college rep, Boberg formed IRS with Miles Copeland, who was then managing the Police. He was named President at 25, within a year of the formation of IRS Music Publishing and, later, IRS Media, a film company. IRS's roster has included R.E.M., the Go-Go's, Fine Young Cannibals, Concrete Blond, and Dada.

trolled Congress attempts to balance the budget next year, many of the tax proposals could return to haunt broadcasters.

The year brought favorable legislation for broadcasters in the form of an auto leasing ad reform bill tucked into the Community Development Banking Bill - which the NAB and RAB expect will bring in millions of dollars for broadcasters.

FCC Woes

But there was also some not-sogood news: The FCC, headed by Chairman Reed Hundt, continued to nip at broadcasters' heels with its vague EEO and indecency rules.

Hundt, an antitrust attorney and Yale grad who marked his first year at the agency last month (11/29), offended some broadcasters early in the

Sledge, who transferred from Shamrock's KMLE/Phoenix to WWWW six months ago, commented, "The stations in San Francisco have the same challenges that faced W4 in the last few months, and my job is to get it focused. Shamrock is committed to Country, and we're just making sure both stations are ready for 1995."

Copeland

Continued from Page 3 lot more at stake, and the opportunities out there are much easier for Jay to handle. Now there's a very clear pyramidal structure here."

With Boberg's salary off the books, Copeland says IRS "can actually hire 13 people, which means we will have doubled our alternative promo staff by April. We will be fully staffed to the level of any other label in that area, and we'll have the potential to deliver a No. 1 record. In the last year, people have doubted this capability because of our head count." News of the promotions will roll out next year; most will be internal.

Global View

"I've increased my staff without increasing A&R funding," says Copeland. "We'll be playing a much bigger role within the EMI system. Since we have more people, we will be more thirsty for product."

This thirst, said the self-described internationalist, will help ease EMI's "bottleneck" with overseas acts. "EMI has effectively increased its potential of delivering an act in the U.S. by 33%." It's not clear yet which foreign artists will go through IRS and whether any will come from sister EMI labels in the U.S.

IRS was started in 1979 as an A&R-intensive imprint using A&M's promotional resources. It moved to MCA in 1985 and to CEMA in '90.

year when he didn't show up for the NAB convention in Las Vegas. Instead, he addressed the group via satellite from Argentina, where he was policy wonking with his longtime buddy. Vice President Al Gore. But broadcasters were appeased later in the year when the largest FCC contingent ever attended the NAB Radio Show in Los Angeles.

When Hundt turned his attention to broadcasting, as he did in numerous speeches throughout the year, he chided the industry for not policing itself better when it came to Talk radio.

Two new commissioners joined the FCC this year: Rachelle Chong and Susan Ness were sworn in May 23 by Supreme Court Justice Ruth Bader Ginsburg.

In terms of policy and budget, the FCC asked for — and was granted a hike in user fees, inching it closer to becoming a self-sufficient agency.

Fine And Refine

The Commission issued an EEO policy statement February 1 that set the base fine at \$12,500 (the same for indecency) and then proceeded to issue a flurry of fines to more than 40 stations by May 1. NAB has criticized the FCC for the fines, saying the agency rewards stations for paperwork over results.

As for indecency fines, Howard Stern continued to be the agency's favorite target, with another \$600,000 in fines levied against his four Infinity Broadcasting-owned affiliates. To date, Infinity has been slapped with more than \$1.7 million in Stern-related fines, but the FCC hasn't seen a penny of it. So far, the FCC hasn't gone to court to try to collect any of them, although the earliest Infinity fine — for \$6000 — is parked at the Justice Department.

In February, the FCC settled two indecency fines totaling \$39,750 out of court with Evergreen Media. In exchange, Evergreen paid the U.S. Treasury \$10,000 and dropped a federal lawsuit.

As 1994 drew to a close, the FCC was in court defending its indecency enforcement procedures. A consortium of broadcasters that includes Infinity, Evergreen, Greater Media, Shamrock Broadcasting, NAB, and RTNDA has asked the federal appeals court for the District of Columbia to overturn a system it calls "informal censorship."The FCC argued that the group's premise is faulty because it doesn't cite a specific incident.

Speaking of fines, the FCC was dealt a setback when a federal appeals court ruled that the agency's fine system was improperly implemented, saying the Commission issued a ruling in the guise of a policy statement. The FCC has since gone back to fining on a case-by-case basis.

Thomas responded, "I look forward to working with a GM who doesn't think I look like Brian White! Actually, fate and good timing brought Jerry and I together, and we're going to accomplish great things. Dave Ferguson left a great base for me to build on."

FOURTH STRAIGHT YEAR

MCA Captures Label Crown

CA captured its fourth consecutive overall Label Performance Review crown, racking up the most combined points in **R&R**'s six track-based formats: AC, Alternative, CHR, Country, Rock Tracks, and UC (see 'Behind The Numbers" for more details).

Similar to last year, MCA's strong No. 1 finish in Country and UC secured its place at the top of this year's overall rankings. Columbia, which finished fourth last year, took second this time around, thanks to its overwhelming No. 1 victories in AC and CHR. Arista ran a close second to Columbia in AC and CHR and second to MCA in Country, propelling the label into third place overall.

Atlantic jumped from sixth to fourth, and the newly reconstructed Island enters the Top 25 at No. 12. Two other labels entered the Top 25 this year: Motown and Jive.

Individual format breakouts follow.

Behind The Numbers

Here are the key details on the methods we used to coordinate the R&R Label Performance Review:

• LABEL RANKINGS (Top 10) in the six tracks-based formats (AC, Alternative, CHR, Country, Rock, Urban) are based on a charted song's peak position. Each peak is assigned a point value, and each label's total points accumulated over the year (December 3, 1993 to November 25, 1994) are added to produce the rankings.

In an album-based format (NAC), the focus is an album's chart longevity. Albums earn position points each week they're on the chart, and each label's total is, again, add-

- GRAND TOTAL RANKINGS (the Top 25 list shown at left) are compiled from the total points earned by each label in the six tracks-based formats. The album-format points, which are based on a different system, aren't compatible and so do not figure into the grand total rankings or other overall categories.
- CHART SHARE is a label's percentage of 1994's total number of charted tracks or albums in a format. If 200 songs charted in CHR, for example, a label with 12 chart records would have a chart share of 6.0. Shares of the leading labels are graphed for easy visual comparison. The Grand Total Chart share figures are combined from the six tracks-based formats.
- TOP 5 HITS and NUMBER 1 HITS are simple totals garnered by labels in those categories. Again, the Grand Total figures on this page are the sum of the labels' totals in the six tracks-based formats.
- LABEL CREDITING is as straightforward as possible, with most custom label and logo deals credited to the parent label (e.g., Sire/WB). Occasionally, dual credit will be awarded to a custom label with significant participation in the promotion of its records as well as its parent label (American and Reprise or, in Country, Curb and MCA, for example).

More detailed, in-depth rankings, and statistics are available from R&R's Information Services Department.

A Variety Of Songs With Staying Power

he **R&R** staff has been busy analyzing the year's hits — and checking them twice. Here's a look at the labels that delivered those hits, several interesting chart statistics, the songs that made the Top 25, and each label's respective chart share for the CHR/Top 40 year in music (12/3/93-11/25/94).

None of the superstars in 1993's Top 10 made it back onto 1994's Top 10. Those two years did share one characteristic: a longer chart life for hit records. For instance, the Top 5 songs of '93 spent a total of 85 weeks on the chart; the Top 5 of '94 accumulated 116 weeks. Furthermore, last year's Top 10 racked up 173 weeks on the chart, while this year's Top 10 tallied a total of 249 weeks.

The year-end Top 15 is a good example of the variety CHR/Top 40 continues to deliver: from straight-ahead pop to soulful ballads, from rock to alternative-influenced tunes--and everything in between

WALT LOVE

Programmers, Audiences Say Yes To Ballads

UC radio continued to resist playing rap/gangsta rap in '94, as reflected in **R&R**'s year-end totals. Still popular with audiences, **R&B** ballads were preferred by most mainstream UCs. Overall, there were no surprises in the Top 94 for '94.

Boyz II Men ruled the chart at No. 1 for nine weeks with "I'll Make Love To You." The song remained on the chart for 17 weeks. On the flip side, Heavy D & The Boyz were the only rap/hip-hop act to rank in our Top 20 songs.

Ballads & Love Songs

The biggest trend that carried over from last year was the proliferation of ballads: Eight of the Top 10 songs — and 15 of the Top 20 — were ballads. Love songs were the name of the game this year with Urban audiences, and one of this year's "love" leaders was **R. Kelly** — "Your Body's Callin" was No. 1 for six weeks, held steady on the chart for 23 weeks, and came in at No. 2 for the year. **Aaron Hall**'s "I Miss You" is No. 3 for the year, after maintaining the No. 1 spot for five weeks and remaining on the chart for 23.

Other outstanding love songs came from proven hitmakers, including Aretha Franklin ("Willing To Forgive") and Anita Baker ("Body & Soul"), as well as Babyface ("When Can I See You"), Gerald Levert ("I'd Give Anything"), and Toni Braxton ("How Many Ways").

The gender factor was equal this year. Five of the Top 10 records were by either male groups or solo artists, and five were by female groups or solo artists. Tevin Campbell was the only male artist to place two songs in the Top 10 — "I'm Ready" at No. 4 and "Always In My Heart" at No. 6. Aaliyah was the sole female to do the same with "Back & Forth" and "At Your Best" at No. 8 and No. 10, respectively. Female duo Zhane' managed to place two songs in our year-end chart's Top 25: "Sending My Love" and "Groove Thang."

Last but not least, **Janet Jackson** placed *four* songs in the Top 94 of '94: "Any Time Any Place," "And On And On," "Because Of Love," and "You Want This."

NEW YORK CHIC — WDKX/Rochester, NY staff members were in vogue for their photo shoot with Motown recording artist Shanice (second from left). Styling for the camera are WDKX's Roland Free, MD Brian Lewis, and Dominique.

THE HURRICANE THAT SAVED PITTSBURGH — While taping a PSA for the Boys & Girls Club of America, actor Denzel Washington stopped by WAMO/Pittsburgh to visit with PD Hurricane Dave and staffer Kris Kelly.

MAESTRO OF LOVE — Barry White hangs out with KKBT/Los Angeles air personality Lisa Canning.

Two-Timers

Sixteen artists had No. 1 songs on this year's chart, and five of those acts — Tevin Campbell, R. Kelly, Toni Braxton, Jodeci, and Mariah Carey — were able to reach the No. 1 spot with two different songs. Other core artists like Aretha Franklin, Patti LaBelle, Freddie Jackson, Angela Winbush, Glenn Jones, Barry White, Jody Watley, Maze f/Frankie Beverly, El DeBarge, Teddy Pendergrass and Luther Vandross w/Mariah Carey also made the Top 94.

Some comers this year were Blackstreet, B.M.U., Ini Kamoze, Intro, Sweet Sable, Blackgirl, Me'Shell NdegeOcello, Joe, Aaliyah, Immature, Brat, Brandy, and CeCe Peniston. Peniston — who placed two songs in the Top 35 for the year — certainly added some tempo to what was being played at Urban radio ... and it was received positively.

CREEPING WITH TLC — KXZZ/Lake Charles, LA PD James Williams poses with TLC members (I-r) Chilli, Lisa Lopez, and T-Boz.

ALL SMILES FOR BRANDY — Atlantic recording artist Brandy visits with WGCI/Chicago staffers. Pictured are (I-r) WGCI's Kelly G., Atlantic's Andrea Park, 'GCI MD Vic Clemons, Brandy, WGCI President Marv Dyson, and Atlantic Sr. VP/GM, Black Music Promotion Richard Nash.

WHO'S THE MAC? — Comedian Bernie Mac (I) and WTCY/Harrisburg, PA PD Don "Double D" Davis clown around.

YEAR-END MUSIC REVIEW

New Artists Play Prominent Role In '94

Despite tighter playlists, Alternative stations are banking heavily on new music (see "New Artists").

No. 1 Songs

Twelve songs made it to No. 1 in 1994. For the first time since 1990, when R&R debuted the year-end Alternative chart (formerly New Rock), the top spot wasn't held by U2, Depeche Mode, or R.E.M. In fact, the No. 1 Alternative song of the year was from a relatively new group - Live. They spent six weeks atop the chart with "Selling The Drama," the first single from their sophomore album, "Throwing Copper."

Three newcomers made it to the top — two from the Bay Area (Green Day with "Basket Case" and Counting Crows with "Einstein On The Beach" and "Mr. Jones") - and one from Canada (Crash Test Dummies with "MMM MMM MMM MMM").

The other songs that reached No. l were:

- Pearl Jam/Daughter
- Morrissey/The More You Ignore Me
- Toad The Wet Sprocket/ Fall Down
- R.E.M./What's The Frequency, Kenneth?
- Cranberries/Zombie
- Alice In Chains/No Excuses • Seal/Prayer For The Dying

During 1994, 216 different songs appeared on the Alternative chart — 76 of which (35%) reached the Top 10.

Crossovers: Rock

The crossover factor struck Rock big time. Remarkably, 33 songs

New Artists

n 1994, 156 artists reached the Alternative chart - 58 of them (nearly 40%) for the first time. Though some of these are not actually "new" artists - Soundgarden, Crash Test Dummies, and Green Day spring to mind - the term refers here to acts that made their Alternative chart debuts. Based on year-end chart rank, the Top 10 new artists are:

- Green Day
- Crash Test Dummies
- Soundgarden
- **Counting Crows**
- Offspring
- Sheryl Crow Collective Soul
- Weezer
- Love Spit Love

Mazzy Star

Triple Plays

Only five artists secured a spot on the year-end charts in all three formats:

- Collective Soul/Shine
- Counting Crows/Mr. Jones
- Counting Crows/Round Here
- · Gin Blossoms/Found Out About You
- Soundgarden/Black Hole Sun

Chart Stamina

Nine Inch Nails' "Closer" stayed on the chart longer than any other song, hanging on for 31 weeks and peaking at No. 12. Other songs that logged overtime on the weekly chart:

Weeks On Chart

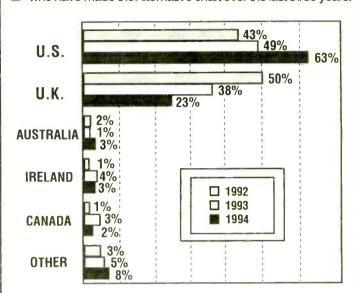

- Soundgarden/Black Hole Sun (24)
- Green Day/Longview (22)
- Sheryl Crow/All I Wanna Do (20) • Offspring/Come Out And Play (20)

Only one act managed to place more than three songs on the Top 94 of '94. Congratulations to A&M for registering four slots for Soundgarden - "Black Hole Sun" (No. 7), "Fell On Black Days" (57), "Spoon-

man" (67), and "My Wave" (93).

Homegrown Hits

t's no secret the format is embracing more American acts. The following breaks down the country of origin of artists who have made the Alternative chart over the last three years:

WWDX's Octoberfest '94

More than 15,000 listeners were treated to a weekend of arts and fun when WWDX (The Edge)/Lansing threw its first Octoberfest. The event included two days of free performances by the Lightning Seeds, 311, Stabbing Westward, Moist, Black Train Jack, Tripmaster Monkey, the Murmurs, and sev-eral local acts. Other attractions ranged from tag-team poetry reading to inline skate stunt demonstrations. Octoberlest was created with the Chamber of Commerce and the Old Town Business and Art Development Association as a way to draw attention to new shops and galleries in Lansing's recently revitalized Old Town section. WWDX PD Sandy Horowitz (third from right) shares a post-performance chuckle with Moist

I FEEL GOOD! — WCHZ (Channel Z)/Augusta, GA celebrated its second anniversary with a birthday bash and special edition of "Groove Nation," a live dance show. Hundreds of well-wishers turned out for the event, including the Godfather of Soul himself, James Brown, who did an interview with air talent Greg Klein. Pictured (I-r) are Channel Z GM Tony Powers, Brown, and Channel Z owner "Super" Frank Copsidas.

1994 Highwater Marks

Now — and forever — 1994 will be the year **Richard Marx** is remembered for pulling off a major year-end AC chart coup.

It took just three weeks for the Capitol artist's ballad to hit our Top 10, where he remained for 28 consecutive weeks (including five successive stints in the penthouse). Even after its impressive No. 1 run, "Now And Forever" refused to plummet off the chart. On its way down, the song notched four straight weeks at No. 2; five weeks later, it began a five-week residence at No. 9.

Though it didn't approach the success of "Now And Forever," Marx's more upbeat "The Way She Loves Me" also garnered format appeal later in '94. "The Way" spent four weeks in the Top 10, peaking (on two occasions) at No. 8. Marx's third '94 release, "Nothing Left Behind Us," is in its seventh growth week. Marx's previous '90s No. 1s were "Keep Coming Back" (1991) and "Hazard" (1992).

Building Power

Elton John's "Can You Feel The Love Tonight" — taken from Hollywood's "The Lion King" sound-track — set a format record with 11 consecutive weeks at No. 1. However, its rapid ascent and decline hampered its being the year's overall No. 1 record.

Like "Now And Forever," it wasted no time cracking AC's Top 10. By week three, it was comfortably perched at No. 5; two weeks later, it began its unprecedented 11-week reign. Contrasted to "Now And Forever," however, "Can You Feel" 's post-No. 1 decline was much steadier. The only Top 10 stalls were two back-to-back weeks at Nos. 3, 6, and

For John, perhaps the sting of not having the year's No. 1 was lessened by the strong showing of "Can You Feel" 's followup, "Circle Of Life." A similar skyrocket to the Top 10 preceded that song's sixweek stay at the top spot. As a result, John spent a combined 17 weeks at No. 1.

Breath Of Fresh Air

Toni Braxton provided another major '94 AC story. Though easily one of the year's top songs. "You Mean The World To Me" never hit No. 1. Six successive weeks at No. 2 — in the middle of a 22-week Top 10 run — was the best the song could manage. Unfortunately, Arista's bright newcomer was peaking simultaneously with "Can You Feel The Love Tonight," and John locked Braxton out of No. 1 in a stretch that began 6/17.

Another display of Braxton's ability to gain access to AC's Top 10 was shown earlier in the year with "Breathe Again." In addition to hitting No. 3, the song enjoyed

13 consecutive Top 10 weeks, including seven non-consecutive stays at No. 6.

New Attitude

In addition to familiar names like Michael Bolton, Mariah Carey, Phil Collins, Elton John, and Richard Marx, there was an infusion of new talent on AC playlists this year. Among those making their first AC chart appearances in '94 were: Ace Of Base, All-4-One, Big Mountain, Jim Brickman, Tyler Collins, Harry Connick Jr., the Cranberries, Sheryl Crow, Little Texas, Lisa Loeb, Mitch Malloy, Sarah McLachlan, Pretenders, Seal, and Wet Wet Wet.

Interestingly, Karla Bonoff's Top 10 "Standing Right Next To Me" marked her first AC chart visit since 1984, when "Somebody's Eyes" reached No. 16. Some familiar favorite tunes resurfaced, too — some of which were covered by their original artists. Here are some examples of '94 remakes:

More Mariah Mania

Columbia act Mariah Carey continued to solidify her position as a true format staple. A strong cover of Nilsson's "Without You" earned her three weeks at No. 1, and "Anytime You Need A Friend" amassed 15 Top 10 weeks.

Carey's '94 resume also includes "Endless Love," a duet with Luther Vandross. After five consecutive weeks at No. 3, the remake of the Diana Ross & Lionel Richie hit quickly departed the AC chart. Capping Carey's successful year was "All I Want For Christmas Is You," which debuted last week at No. 25.

Speaking of duets, other popular '94 partnerships included: Rod Stewart & Ron Wood; Bryan Adams-Rod Stewart-Sting; Kenny G & Aaron Neville; Dolly Parton & James Ingram; Oleta Adams & Brenda Russell; Amy Grant & Vince Gill; Michael McDonald & Vince Gill; Babyface & Lisa Stansfield; and Wynonna & Michael English.

AC Songs Make It On Their Own

These 27 songs cracked R&R's AC Top 15 without any CHR chart activity.

Expose, Huey Lewis & The News, Linda Ronstadt, and Kathy Troccoli each are represented twice. Artists repeating from last year are Huey Lewis & The News (who charted with "It's Alright" in '93), Lauren Christy ("Steep" and "You Read Me Wrong"), and Kenny Loggins ("This Is It"). An asterisk (*) denotes the song is still climbing.

All They Wanna Do Is Chart

The 88 songs reaching Breaker this year averaged a chart position of 21.8, compared to 22.1 in '93 and 21.3 in '92. Prior to **R&R**'s May 20 switch to Plays-Per-Week (PPW) methodology, the average was 20.7; after, it was 22.9.

Forty-one songs hit Breaker status prior to PPW; 47 reached Breaker after. This year's highest Breaker chart spot: **Sheryl Crow**'s "All I Wanna Do" (No. 12, 10/28).

Debuts & Chart Action

Not counting Debuts that were Breakers the same week, the year concluded with 92 Debuts, off slightly from 98 in '93. Forty-one debuted before our change in chart methodology, 51 after. The standard Debut chart position was 28.4, up a bit from 1993's 28.8. There was a microscopic difference in Debut chart position before we shifted to PPW — 28.5, compared to 28.2 after.

Typically, a year's most proficient Debut is a song bursting on the scene with a bundle of first-week adds. This year, however, **Edie Brickell**'s "Good Times" bowed 8/19 at No. 22 with five adds.

The two best weeks for new music were 12/17/93 and 7/22/94 — four songs entered the chart on both occasions. Only four titles — half of last year's total — managed double-digit chart moves (two were pre-PPW). The most significant single chart move was All-4-One's 6/10 12-notch move that catapulted "I Swear" from No. 21 to No. 9. The song, however, peaked at No. 3.

Of the 10 other biggest chart moves, only three reached the top chart spot:

Artist/Title	Move	Date	Peak
STEWART & WOOD/Having A Party	29-18	1/7	5
HEART/The Woman in Me	29-19	4/15	15
ELTON JOHN/Circle Of Life	21-11	8/8	1
PARTON & INGRAM/The Day I Fall	29-20	1/21	12
BILLY JOEL/Lullable (Goodnight)	29-20	2/18	5
JOSHUA KADISON/Beautiful In My Eyes	20-31	3/18	1
MARIAH CAREY/Anytime You Need A	17-8	6/10	3

MADONNA/Secret	26-17	10/14	3
MICHAEL BOLTON/Once In A Lifetime	23-14	10/21	2

Most Added

Compared to last year, there was no monster consensus one-week "Must Add." Last year, 93 of our panelists in the same week (10/29/93) added **Michael Bolton's** "Said I Loved You But I Lied." Earlier (7/23/93), 84 ACs added **Columbia** labelmate **Billy Joel's** "The River Of Dreams."

By comparison, this year's Most Added would have ranked *seventh* in '93. Columbia (Vandross & Carey; Mariah Carey; Michael Bolton) and **Capitol** (Richard Marx and Bonnie Raitt) were well-represented in 1994's Most Added. Here are 1994's Top 10 Most Added songs:

Artist/Title	Adds	Date	Peak

'Perfect Marriage' Of Radio & Print

Nashville combo's link to *Bone* magazine generates revenue, clients, and a syndication venture

Some would say radio and print make strange bedfellows but not Ned Horton. As GM/PD of WRLT-FM & WRLG-**FM/Nashville**—and Publisher of *Bone* magazine — he's linked radio to a music magazine and boosted sales and visibility for both. And now he's syndicating *Bone* at stations nationwide.

"Having a publication that's about music and what we do on the radio seemed like the perfect marriage,

Ned Horton

ton, who's also President of Tuned In Broadcasting. "I had always wanted to do a publication that I could potentially bring into other markets through tie-ins

explains Hor-

with radio stations. It seemed like such a natural."

Right Time

Opportunity knocked when the owners of the Metro, a seven-yearold local music magazine, offered to sell Horton the publication. He jumped at the chance. "I guess it's in my blood. Both of my parents are writers, and I was always a writer. When they offered to sell it and show me the ropes, it seemed like the right time to do it."

He changed the magazine's name last August. "My goal was to revamp it: it was more of an underground. harder-edged rock & roll magazine." He interviewed people in publishing and found an editor and art director who already worked together: Daryl Sanders and Jody Lentz. respectively. (Lentz recently left to work in the public school system.)

Cross-Promo Bonanza

"The whole magazine is geared toward the station," says Horton. "The music we write about is backed up with our station playlist info, and

burn, Melissa Etheridge, Donald Fagen, Joni Mitchell, the Neville Brothers, Trent Reznor, the Spin Doctors, Richard Thompson, and Traffic.

"We do a lot of things on-air where we talk about the publication. There's only so much you can say on-air about the new music, so we'll reference some of the new material in the magazine, like, 'That was Freedy Johnston — read about him in this month's Bone.

The magazine also does client tieins, such as combo packages or sales-oriented promotions where advertisers get a quarter- or halfpage in Bone and a spot schedule on the station "A lot of advertisers are so oriented toward print; with most of them it isn't an either/or situation," observes Horton, "It's not like radio, where you're always comparing yourself to other radio stations. With free publications like Bone, if they're good and get picked up, you can show advertisers you're reaching certain numbers.'

Bone And Nationwide

And Bone is reaching numbers: Circulation has hit 70,000, with readership at more than 120,000. "My original thought was to tie in with radio stations," says Horton. "But I also saw opportunities with record stores and maybe entrepreneurs who wanted to do a publication in their market. We'd do a separate back cover for the ones we

we liberally douse the publication with our logo. We call our monthly club calendar insert 'Bolts' - the name ties into the station's lightning theme.

Despite the heavy station tie-in, Horton's goal is to allow the publication to have its own voice. "It's not just a house organ for the station. We're not writing about what the DJ had for breakfast. We're doing real interviews with real insight by real writers and editors who have a passion for the music they're writing about."

Among the artists Bone has featured: Tori Amos, Bruce Cockmailed to stations and record stores, explaining that we could do this for them.

"Cat's [record store] was my first client, and that really shotgunned us throughout the state and into Indiana and Alabama. Then Peppermint Records - based out of Atlanta with stores in North Carolina, Alabama, Mississippi, and Louisiana - took

Customizing Content

Horton explains, "We turn over 15 of the magazine's 40 pages to the station to customize as they wish. They get their logo on the front to make it look like it's their own publication. The lion's share of those 15 pages are possibly best used to sell to lo-

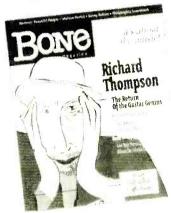

cal advertisers, as in-house ads for

the station, or to cross-promote what they are doing on-air.'

For instance, he says, a station "could do a monthly concert/club calendar like ours, or inserts with record companies. We can help them set up their graphic department. They're obviously going to have to have somebody produce the ads. We make sure the editorial is on-target, print the piece, and ship it off. Some stations have talked to us about just mailing it to their database from here, or we could just drop-ship it to

As Bone's distribution increased, Horton realized he had to hire someone whose sole responsibility would be to sell the magazine. "I hired a rep to sell print only. Many clients who buy ads in the magazine are interested in crossing over to the station. I'd say 20% of the print clients end up on the station.'

The affiliate program, run by Michael Roe, is also propelling Bone into other markets — 20 cities and towns throughout the Southeast so far. This month, the magazine debuted in the Northeast via WNCS/ Burlington, VT; it was self-liquidat-

ing out of the box.
Alternative KPNT/St. Louis and Progressive sister WVRV will premiere their first customized version in January. In February, KNDD/Seattle will be the magazine's first Alternative affiliate, with the content geared specifically toward that format's artists.

Ultimately, Horton would like Bone to have national ads, which he says could happen if his company had a strong network in place. "That opportunity would be there, but I see it as a long way down the road. It would be similar to radio's satellite-delivered formats.

"If somebody wanted to reach the Progressive markets, there might be a way to do a campaign that ties in both print and radio. The same ad could run in all the publications and really offset the stations' costs of printing - almost up-front."

No Boundaries

Bone's reach has expanded yet further via a collaboration with Nashville's newspaper, The Tennessean.

According to Horton, "It occurred to me there might be some ways we could work together. Newspapers are trying to bring in the under-35 age group. And it's a pretty big effort to put together a team that can stay on top of what's going on in which currently has a circulation of 150,000. The Bone gang provides a disc of stories each week, and the Tennessean drops in its own ads, prints the publication, and inserts it into the newspaper's Friday weekend section.

MUSIC YEAR IN REVIEW

The Biggest, The Best, The Most...

This will be the year best remembered for the industry's universal adoption of the plays-per-week standard. Rock programmers uniformly agreed to provide the number of plays each current title received in the prior week and much of the mistrust among programmers and labels was diffused — at least for a while.

With the development of playsper-week, it soon became apparent that songs were no longer surging up and down the chart. The life expectancy of hit records now became obvious as programmers continued to report plays long after songs had peaked on the chart.

Most Weeks On Chart

In fact, many of this year's currents enjoyed extremely long stays on the chart, as seen below:

Most Weeks At #1

Fewer songs hit the top of the chart in 1994, but those that did generally stayed there longer. In fact, six songs spent four to 11 weeks at No. 1:

The Top 15 Shrinks

Plays-per-week also made its presence known in the reduced numbers of both artists and titles to make the Top 15. Since hits enjoyed longer stays in the upper reaches of the chart, there were fewer opportunities for others to crack the Top 15. In 1993, 89 artists made their way

into the Top 15, but only 65 were able to accomplish the feat this year. While 136 different tracks went Top 15 last year, just 105 could claim the same in '94.

Since the plays-per-week methodology was implemented approximately midyear, it will be interesting to compare these statistics to those at the end of next year. These early indicators may continue to hold true in '95 ... however, the very nature of music itself may hold the key to what *really* lies ahead.

For The Record

In the 11/18 issue, Classic Rock **KJFX/Fresno's** ratings should have read 4.4-4.5 and should not have been listed under losses.

BITE ME — WAAF/Boston afternoon stake-driver Liz Wilde (I) tried to take a bite out of "Interview With The Vampire" author Ann Rice. Rice visited Liz's show to talk about fresh blood, decapitation, and the pursuit (or not?) of Tom Cruise. Hey ... wasn't Halloween two months ago?

SPEAKIN' OF CRUISE —Tom Cruise (c) granted only one radio interview in support of "Interview..." and it was to KLOS/L.A.'s "Mark & Brian Show." Here, Mark Thompson (l) and Brian Phelps (r) prove conclusively that vampires can be photographed.

COUNTRY

LON HELTON

THE YEAR IN MUSIC

John Michael, Vince, Mary Chapin, And Alan Top 1994's Hit List

Country's ratings, record sales, and touring receipts remained strong through 1994, driven largely by the Nashville music machine which continued to crank out some of the best music and freshest new artists in any format.

Today's country spans a wide range of styles and sounds, and the talent on each end of the spectrum is very deep. Musically, it's a long way from **David Ball** to the **Tractors**, but they — along with many others — played key roles in keeping the format rolling forward.

Top 15s

A total of 262 records charted in 1994, up 18 over last year's total. Of those, 136 peaked at or above No. 15. Those 136 hits were divided among 54 different acts, the fewest since I started recording these stats eight years ago. Also for the first time in those eight years, no duets recorded by a pair of otherwise solo artists made the Top 15. In '93, 244 records charted — the lowest eight-year total — and 61 different acts accounted for 146 Top 15 tunes. The breakdown for previous years:

- •1992: 260 charted records; 138 Top 15s, 55 acts
- •1991: 264 charted records; 135 Top 15s, 66 acts
- •1990: 257 charted records; 146 Top 15s, 68 acts
- •1989: 257 charted records; 139 Top 15s, 62 acts
- •1988: 258 charted records; 142 Top 15s, 70 acts
- •1987; 256 charted records; 139 Top 15s, 68 acts

Ten artists achieved Top 15 status for the first time in '94, accounting for 21 of the Top 15 hits. The acts/ Top 15 hits comparisons for the last few years are: '93, 13/17; '92, 7/14; '91, 19/30; '90, 9/15; '89, 7/10; '88, 8/12; and '87, 9/15.

Of the 13 artists who hit the mark for the first time in '93 — Boy Howdy, Brother Phelps, Tracy Byrd, Gibson Miller Band, Faith Hill, Toby Keith, Chris LeDoux, Martina McBride, John Michael Montgomery, Robert Ellis Orrall, Larry Stewart, Doug Supernaw, and Clay Walker — eight turned the trick in '94: Boy Howdy, Byrd, Hill, Keith, McBride, Montgomery, Supernaw, and Walker.

Looking back a bit further, of the seven acts reaching Top 15 for the first time in '92 — Confederate Railroad, Billy Ray Cyrus, Radney Foster, Tracy Lawrence, Lee Roy Parnell, Michelle Wright, and Wynonna — only Foster and Wright failed to do so this past year.

The Class Of '91 — when an alltime high of 19 acts cracked the Top 15 for the first time — continued

their amazing show of staying power, with 10 of them posting Top 15s last year: Brooks & Dunn, Billy Dean, Diamond Rio, Sammy Kershaw, Hal Ketchum, Little Texas, Collin Raye, Pam Tillis, Aaron Tippin, and Trisha Yearwood. Missing are Mark Collie, Rob Crosby, Davis Daniel, Ray Kennedy, Shelby Lynne, McBride & The Ride, Mike Reid, Pirates Of The Mississippi, and the Remingtons.

Ten acts posted Top 15s in 1990, with four managing the feat in '94: Mark Chesnutt, Joe Diffie, Alan Jackson, and Doug Stone. Missing from that class are Jann Browne, Carlene Carter, Kentucky Headhunters, Robin Lee, Mac McAnally, and Marty Stuart.

Once again, the powerhouse Class of '89 turned in a stellar performance. Of the seven artists who initially hit the Top 15 that year — Clint Black, Suzy Bogguss, Garth

Brooks, Mary Chapin Carpenter, Lionel Cartwright, Lorrie Morgan, and Travis Tritt — only Cartwright missed it in '94. Interestingly, these seven have a near-perfect record of Top 15s; in the last five years, only Cartwright (twice) and Bogguss (once) have missed putting a record in the Top 15.

On a more somber note, and a real reflection of the quick turnover times artists live in these days, of the eight first-time Top 15 achievers of '88—Larry Boone, Rodney Crowell, Skip Ewing, Patty Loveless, the McCarters, Billy Joe Royal, Shenandoah, and Jo-El Sonnier—only Loveless and Shenandoah turned the trick this year.

No. 1s

A total of 29 artists accounted for 48 No. 1 songs in 1994, an indication of just how good a musical year it was and how competitive the race for the top has become. In 1992, 28 acts had a combined total of 47 different No. 1s — both record high numbers at the time.

Leading this year's chart-topping parade were Mary Chapin Carpenter, Vince Gill, Alan Jackson, and John Michael Montgomery, each of whom had three No. 1s. Gill and Montgomery each had a record spend two weeks at the top, giving them a total of four weeks in the coveted spot. (Note: R&R's "chart year" runs from Thanksgiving to Thanksgiving, so Gill's "When Love Finds You" is shown as peaking at No. 2. It has since spent two weeks at No. 1, giving him six weeks' worth of No. 1s during the '94 calendar year.)

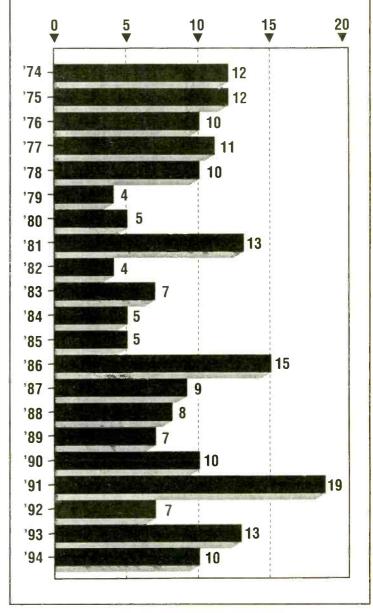

Of the 10 acts posting Top 15s for the first time, five of them — John Berry, Blackhawk, Neal McCoy, Tim McGraw, and Rick Trevino — had No. 1s, with McCoy hitting the home run twice. By comparison, three of 1993's 13 newcomers had No. 1s; in '92, it was three of seven; '91, seven of 20; '90, two of 10; '89, two of nine; and '88, one of eight.

Turnover Rolls On

In past years, a couple of artists usually have placed songs in the Top 15 after being absent for a few years. But this year there were no "comebacks" in sight. Another example of the format's musical metamorphosis: Of the 70 different acts who had a Top 15 hit in 1988, only 12 had a Top 15 in 1994 — an 83% turnover in core artists in just six years.

Well, that's it for another year. Thanks to all of you who've contributed to this column throughout '94; everyone's input is greatly appreciated. See you next year!

No fences were too high for Country in 1994. The genre burned up sales charts this year, with an incredible 98 albums mining gold, platinum, or multiplatinum honors; by comparison, 64 country albums were certified in 1993.

Perennial record-setter Garth Brooks added another million sales of "No Fences" for a total of 11 million, making it the top-selling country album of all time. Holding down the No. 2 spot is Brooks's third Liberty effort, "Ropin' The Wind," following closely at 10 million and counting. His self-titled debut and his latest LP, "In Pieces," have sold 6 million and 5 million, respectively.

Billy Ray Cyrus's Mercury/Nashville debut, "Some Gave All," surpassed the 8 million mark this year. Also among the 14 artists garnering multiplatinum status were Brooks & Dunn, whose two Arista/Nashville albums -- "Brand New Man" and "Hard Workin' Man" - have topped 4 million and 3 million in sales, respectively. And for the first time, a multi-artist compilation — "Common Thread: Songs Of The Eagles" racked up 3 million units sold.

Newcomers Score Big

Tim McGraw stormed onto the list with his second Curb effort, "Not A Moment Too Soon," which has sold more than 3 million copies to date. Artists hitting platinum (1 million in sales) for the first time were Toby Keith, the Tractors, and Clay Walker; striking gold (500,000 in sales) were John Anderson, David Ball, John Berry, Blackhawk, Joe Diffie, Jeff Foxworthy, Faith Hill, the Mavericks, Martina McBride, Neal McCoy, Doug Supernaw, and Steve Wariner.

Several artists were certified in no time flat. Vince Gill's "When Love Finds You," Alan Jackson's "Who I Am," and the

RANDALL BLOOMQUIST

Thanks For The (Mostly) Fond Memories

Overall, 1994 was a pretty good time for Talk radio. But how will the year gone by be remembered by individual stations? Here are the memories being socked away by some programmers.

WBAL/Baltimore Station Manager Jeff Beauchamp will never forget the turbulence his top-rated station experienced when it added Rush Limbaugh to the lineup. "I knew we'd get some heat, but I never imagined the volume of criticism, media attention, and feedback we've received," marvels Beauchamp.

Right Decision

"It began when we made the announcement in January, continued through the three months until he went on air, and kept coming for 66

the end of a transitional road for his station. "This was the year we finally completed our two-year move from Full-Service to Talk. The fi-

some time after that. In fact, we still get letters and calls on both sides; people saying it's a great show and others asking how we could put something like this on our station. But you know," he adds, "it was the right decision and I'm glad we did it."

WBAP/Dallas OM Tyler Cox says 1994 will be remembered as

nal piece went into place in the second quarter when we added [talk host] Mark Davis in mid-mornings. We hadn't been playing [for several months] and we started using the News/Talk handle on January 1, but Mark's arrival really completed the switch.

"We're not done evolving," Cox says. "I don't think any station is

ever done — but in terms of being the identified News/Talk station in this market, we're there."

Recovery & Growth

At KABC/LosAngeles, 1994 was the year of recovery and growth. In addition to bouncing back from a three-year ratings and revenue slump, the Cap Cities/ABC station also acquired a duopoly Talk sister—KMPC

"It was kind of nice after all my years [at KABC] to be given this new toy," says KABC President/GM George Green. "And it was really thrilling to take a heritage facility that had been losing money and turn it around so that by year-end we will be in the black. I think it's an example of duopoly at its finest."

A pair of presidential appearances dominates the memories of those at WWDB/Philadelphia. "I'll always remember 1994 as the year we had President Clinton on our air twice in one week," says PD David Rimmer. "Why two times? I guess because the Democrats were panicking [near the end of the campaign] and we were a good way to try to get their message out."

Rimmer says '94 will also be recalled as the year of the "KYW Tiff."
The two stations clashed early this year when DB ran promos accusing the crosstown all-Newser of sensationalizing its winter storm forecasts in order to keep listeners tuned.

Big Story Bonanza

WTAE/Pittsburgh PD Bruce Gilbert will remember the big stories that dominated the airwaves at

MICKEY'S SEARCH — Major Networks syndicated talkers Alan Colmes (I) and Barry Farber (r) buddy up with Mickey Rooney, who stopped by to promote his new book, "The Search For Sonny Skies."

his station. "I've got to believe that 10 years from now we'll be talking about how the O.J. Simpson [murder] case was such a huge story," Gilbert predicts. "The other big stories were the [severe] winter weather we had, which had a real impact on people's lives; and the USAir crash [outside Pittsburgh] back in September. For two weeks after that we had people on the air reflecting on how quickly things can end."

KSTP/Minneapolis Program Manager Steve Konrad agrees that 00

It was really thrilling to take a heritage facility [KMPC] that had been losing money and turn it around. I think it's an example of duopoly at its finest.

66

We only did a couple days on the Simpson trial, but have been talking about the Republicans for weeks. I think that's the story we'll remember in the long run.
-George Green

O.J. left an indelible mark on the year. "To O.J. or not to O.J.," he says with a laugh. "That was the question."

But Konrad thinks another story ultimately came to dominate the year in Talk. "I think the Newt [Gingrich] phenomenon and the Republican landslide were actually a bigger story. We only did a couple days on the Simpson trial, but have been talking about the Republicans for weeks. I think that's the story we'll remember in the long run."

The Music Is Still The Message

Deepening urban edges, crossovers, and covers in '94

While a casual glance at the Top 94 of '94 reveals no great surprises, a closer inspection reveals programmers' music attitudes continue to evolve. Trends include a move away from New Age, more crossover urban and AC vocals, and covers, covers, covers.

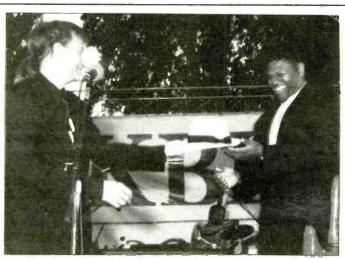

MoJazz, Less New Age

At the format's inception, there was a considerable body of New Age material upon which stations could draw. But with the passing years, the amount of new product from New Age artists has leveled off, presenting fewer choices. And the ever-widening pool of rhythmic, hooky contemporary jazz material has influenced NAC playlists immeasurably.

Immediately before its wildly successful summer book, which showed

the station No. 225-54, WNUA/Chicago dropped the number of New Age-flavored cuts it played from four to two per hour, while creating longer music sweeps, breaking only twice, rather than three times, each hour. That trend toward a more mainstream, smooth jazz presentation is echoed at other stations as well. Rotation of artists like Enva, who have long been staples of the format, have begun to recede. NAC's sound is still

Happy 15th Birthday, KBLX!

BLX (The Quiet Storm)/San Francisco wasn't so quiet when it celebrated its 15th anniversary in October - 23,000 fans crowded into Justin Herman Plaza to hear "The Cat In The Hat," Bobby Caldwell.

MD Ron Cadet noted, "Bobby Caldwell epitomizes the essence of KBLX, so we were extremely proud to present him to our listeners." Above, Caldwell (I) presents his signature fedora hat to PD Kevin Brown while performing with his band at twilight.

One big story continues to be the general urbanization of the format. Even stations like KTWV (The Wave)/Los Angeles — long known as a primarily pop outlet - have added an urban flavor to their mix. Artists such as Joe Sample, PM Dawn, and Luther Vandross are now getting their share of airtime at The Wave, and nearly everywhere else. Although the concept is not universally embraced, stations giving more emphasis to urban tracks are generally enjoying increased ratings, especially in large, multicultural markets such as New York, Los Angeles, and Chicago.

Familiarity = Comfort

Familiarity creates a comfort zone for listeners, and playing carefully selected crossover material is one way that NAC radio is achieving it. The great challenge, of course, is to satisfy the core listeners more sophisticated, informed tastes while remaining accessible to fans of other formats who sample NAC.

66

Stations giving more emphasis to urban tracks are generally enjoying increased ratings, especially in large, multicultural markets such as New York, Los Angeles, and Chicago.

The stigma of playing AC crossovers has been lifted. Positive research results, coupled with increased ratings, have proven the worth of appropriate AC material; programmers now value those carefully culled songs for their familiarity. Crossover tracks such as Vanessa Williams & Brian McKnight's "Love Is" or Vanessa's "Save The Best For Last," and Peabo Bryson's "Through The Fire," are now NAC standards.

A onetime programming taboo that continues to be broken: Stations that routinely avoid playing instrumental covers for fear of sounding like elevator music now program them as a matter of course. In Dallas for the 1993 NAB, I heard covers of "A Whiter Shade of Pale" and "Here, There, and Everywhere" in the same hour on KOAI (The Oasis). One of the first to pioneer a mix that favors cover material. The Oasis's high ratings attest to how well that element works in combination for the station's success.

Likewise, The Wave has a history

On-Air Artist Primer

hat can labels do to help on-air personalities speak more knowledgeably about recording artists? KTNT/Oklahoma City air personality B.J. Wexler has submitted the following suggestions for your consideration.

With so many new NAC musical talents, I challenge you to pick up any CD and, without a lot of searching within the liner notes, try to determine what instrument he or she is playing on the album.

Sometimes there's an instrument, or a variation of one, on the jacket, but the air talent has no idea what it's called. [You may wonder], isn't that on the music log? Or doesn't the MD know the answer? Some of the time . and, of course, the MD knows.

But I'm talking about weeks, or even months later, when these new CDs have "aged" and the jocks are looking for something different to pass on about the artist. Only rarely is the on-air talent lucky enough to find something unusual or interesting to say to the audience about a new, or even established, NAC artist.

[I hope] record labels realize that the more we air people know about their wonderful artists, the more we can pass along to our audience. And please put the information we need on every album. [In fact], place a small, but informative "mini bio" on every CD, and in the same place so DJs can find it quickly.

Lastly, I encourage record companies to include a guide to the correct pronunciation of artists' name and even their song titles [so we can be accurate when sharing this information with our listeners.]

of abstaining from covers. But that's changed, too. Erland Krauser's classic "Riders On The Storm" was once the programming exception. But today, The Wave is open to a wide variety of music that takes a fresh approach to familiar material, such as Peter White's "Walk On By."

In recognition of cover versions' growing appeal to programmers, the majority of releases on our Top 94 of '94 include at least one cover of a former hit. Both Luther Vandross and format superstar Peter White each devoted an entire release to the concept

The ratio of vocals to instrumentals and new artists to those who are well-established remains consistent with past years. Three core vocalists appear in the Top 10: Bobby Caldwell, Basia, and Patti Austin. Other format vocal stars, like Randy Crawford, Anita Baker, Everything But The Girl, Al Jarreau,

Swing Out Sister, Oleta Adams, Luther Vandross, Carl Anderson, Beth Neilsen Chapman, Julia Fordham, and Kevyn Lettau all maintain their rightful importance on the Top 94.

Although no newcomers broke the Top 15, NAC radio honored the contribution of new artists by giving Brian Culbertson, Joe McBride, Alvin Davis, Kevin Toney, Donald Harrison, Mark Johnson, and Michael White, among others, significant airplay in 1994.

Broadcast Architecture CEO Frank Cody maintains that new music is not only a key component in the format's success, but that its acceptance is compelling evidence of NAC's forward momentum.

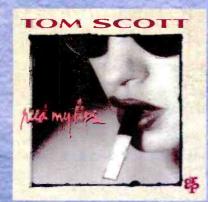

The diversity and quality of the albums on our NAC Top 94 of '94 reflect the vitality, sophistication and star quality — of our format's most important product: music.

KKSF'S KARMA CASH REGISTER RINGS AGAIN - Brown Broadcasting's KKSF/San Francisco donated \$273,000 to the San Francisco AIDS Foundation through sales of its "Sampler For AIDS Relief #5." The ongoing project enlists the volunteer services of KKSF staffers, artists, and their respective labels. Thus far, donations to the foundation total nearly \$1 million. On hand during the presentation ceremony were (I-r) KKSF PD Steve Feinstein, SF AIDS Foundation's Jay Cohen and Jane Breyer, and station GM Dave Kendrick.

Thanks NAC Radio for making us the number one most charted label of the year... again!
