Don Davis @ WIOT

"Every Generation Got Its Own Disease - I've got mine, babe." Let the epidemic begin!

Scott Steele @ WRUF

"Awesome, Awesome, Awesome...I love that song. Every Generation has one that comes and goes but the Fury are here to stay."

Nat Lamp @ KUPD

"Every Generation Got Its Own Disease' is a tune for the times and is very cool, check it out."

Chris James @ WTPA

"Great! Welcome to America!"

T.J. Bryan @ WDHA

"...remember the first time you heard the name 10,000 Maniacs? The music was nothing like you would expect from a band with that name. Same goes for Fury in the Slaughterhouse. The album is surprisingly strong also. Get past the name, and get it on the air. The Furies are the best thing to come out of Germany..."

Dave Rossi @ WAVF

"Extremely cool, this has character."

Dennis Constantine

"...Fury In The Slaughterhouse: Don't let the name of this band or the cover artwork scare you away. There's some wonderful music on this disc. 'Every Generation Got Its Own Disease' is a thinking person's song - and don't we got thinking persons listening to Adult Rock radio?"

Sandy Horowitz @ WWDX

"Fury In The Slaughterhouse...reminds me of The The. It motivates me in ways that rival only a chocolate shake."

Ron Stryker @ KCLB

"I really like this song. Kai Wingerfelder has a certain voice about him that is unique and even passionate, without being overemotional."

Rotation leaders are those monitored stations which registered 30 or more detections on any record registering 300 or more total detections in the survey week. For records with less than 300 total detections, rotation leaders register 20 or more detections. New airplay lists those stations registering six or more detections per week on a record for the first time. ★ Initial impact: records registering 100 or more total detections for the first time.

Records showing an increase in detections over the previous week, regardless of chart movement. A record which has been on either chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower awarded to those records which attain 750 detections (album) or 300 detections (modern) for the first time. If two records are tied in number of plays, the record being played on more stations is placed first. Records below the top 20 are removed from the charts after 26 weeks.
