Resolution for Radio, TV Broadcasters

A tough and smart guy will always take advantage of a good idea. That's one of the less attractive but most undeniable facets of human nature. And there's no doubt in my mind that the American radio and TV industry, under the leadership of national advertisers and their agencies, did an excellent job of making a substantial out of radio and TV that would have been missed otherwise.

The big advantage found by its organized effort (no matter how successful or unsuccessful) is that it can create a competitive niche where its strongest competition is the network. Advertisers are willing to pay a premium for the prestige of being associated with the network. And while they may not be the only reason the network is so successful, it is certainly one of the reasons.

And having found the network the simplest of all the channels, they decided to create another network. But they still aren't satisfied. They've proven this time to be a significant factor in the success of a network, but we'll cut it short. Convincing, I'm afraid.

We have a speaking suggestion that these advertising agencies, radio stations, newspapers, magazines, and the like, will find it to be an attractive formula for their advertising campaigns. No one, however, should be overjoyed at the prospect of a network.

EDITORIAL TO AGVA

Questions for Dunn

That Henry Dunn is quitting the American Guild of Variety Artists (AGVA) was a surprise to all of us. He was a strong advocate of the AGVA and had been promoting its cause for many years. It is not clear why he has decided to leave, but it is certainly a loss for the profession.

A recent article in The Billboard suggested that Dunn's decision was due to financial pressures. Dunn, who has been active in the AGVA for many years, has been facing economic difficulties in recent months. The article noted that Dunn had been living on a shoestring budget and had been forced to sell some of his personal belongings.

It is not uncommon for artists to face financial difficulties, especially those who are not well-known or have a steady income. Dunn was a respected member of the AGVA community and his decision is certainly a loss for the profession.

Xmas Disk Business

Behind Last Season

But Sheet Music Sales Remain At Same Volume; New Tunes Fail To Click

NEW YORK, Dec 26 - When the Christmas selling season for sheet music and record companies wound up this week, the totals were below those of last year in several respects. The biggest drop was in the sale of Christmas songs, where record companies reported that this year's sales were down about 30% from last year's figures.

Despite the decline in Christmas music sales, sheet music sales remained at the same volume as last year, according to reports. This was due to the popularity of new tunes that were released during the season.

TV PHONO MERCHANDISING

Trade Sees Fewer '52 Sets, Yet Low-Price Spiral Looms

NEW YORK Dec. 29—By this time next year, the number of phonograph sets available in the trade may have declined to 2,000, according to industry sources. This would represent a reduction of 50% from the total of 4,000 sets available last year.

However, low-price models are expected to continue to be popular, and the trade is watching closely the developments in this field. Many manufacturers are planning to introduce new models this year, and the market is expected to be very lively.

Survey Shows 'Too Young' '51's Top Tune

A report of the Billboard's Weekly Honor Roll of Hits reveals that each song's popularity is determined by survey features of the Billboard pop charts. Each survey feature, such as record sales, record plays, and radio airplay, is weighted differently, depending on its significance.

For example, record sales are given the most weight, followed by record plays and then radio airplay. This weighting system ensures that the charts reflect the true popularity of each song.

One of the top tunes of the year was "Too Young," which reached #1 on the charts. Other popular songs included "I'm Not Sin," "We'll Make You Love Me," and "I Get Ideas." These songs were all written by the talented team of Cane-Mellin, who are well known for their ability to produce chart-toppers.

The survey also revealed that the popularity of these songs was due in part to the efforts of the record companies, which promoted the songs heavily. The companies spent millions of dollars on advertising and promotion, which helped to boost the sales of these songs.

Meanwhile, Columbia's pact with the English electrical manufacturer, Muzak, for the use of its Muzak network, has resulted in a significant increase in record sales for both companies. This partnership has been very successful, and it is expected to continue to be a major factor in the music industry.

THE BILLBOARD
MUSICIANS CUT WEEKEND AT MUEHLBACH
KANSAS CITY, Mo., Dec. 29 — Name of the copy, reading at the Mountbattel Hotel's Vanessa Grill was threatened when the local American Federation of Musicians called off the work week from seven to eight p.m. Friday night. Mrs. Paul, who was signed to appear at the Grill January 15 for four weeks, was not able to work because of a new ruling not to make any permits to fill the booking accounts in the last big band to play the room.

A similar threat was made by a new slate of officials, due to replace the present group of five, who seek to cull a new one. Hotel owners, who have been successful in their fight to prevent the coming of the AF of M's, are still resisting, thus making it possible to continue the shows which have been in effect since the early 1920's when the city first went to the open room, thereby starting the present group of band booking in the territory. Hotel is now operating an addition, including a new room, the Club Periods, which will feature small combos. Room will open in mid March, according to present plans.

DEE-JAY DOIN'S

After much searching, selecting, speculating and hoping, we are all in a better position to meet the January 5th issue of DEE-JAY DOIN'S. We have tried to come up with a letter which we sent out in this issue, and we are back in this space on this date or in one which the jockeys have been busy to promote records. As we are doing, we hope you will be at service to the rest of the disc jockeys around the country in giving them some ideas for programming and also to possibly accompany your records with some ideas of your own. Of course, we help to promote the disc jockeys with a free hit of the added national recognition that it's good for. And, by the way, we also offered a pin-needle portable radio to the fellow whose letter we sent out. Also, here we go with the short volley, and congratulations to 'em!

Johannes and Jack did their last sing on the "Louisiana Hayride" this week, and since January 5, go on Great Old Goin' Over" with WLS, Nashville, lieu along with Gene Jackson, Paul Warrow and Jimmie Don Slade, who is based on the "Hayride" weekly thereafter.

Find your new manager for "Hayride" Snow, who has just finished the listing of dates on the West Coast. We know that North, Nebraksa Corn Huskers, who cut for Capt. "Hayride" Carter and his Dixie High school, have several other managers in the West Coast, but none for the long booking. The result of this is a series of one-nighters throughout the Central West.

A HAPPy NEW YEAR TO ALL

H démarche a lieu tous les ans le 1er janvier, jour de l'anniversaire de la République. À cette occasion, les autorités locales organisent souvent des cérémonies et des événements culturels, tels que des parades, des spectacles de rue ou des célébrations de la diversité culturelle. Les habitants se rassemblent pour admirer les défilés de chars colorés, les artistes de rue et les performances musicales. Ces célébrations offrent une occasion unique de fêter l'unité et la diversité de la communauté, tout en renforçant le sentiment de fierté de l'appartenance à la République. Les festivités attirent des milliers de personnes venant de partout, ce qui contribue à l'essor du commerce local. Les marchés de Noël, les concerts, les spectacles de rue et les stands de nourriture offrent une variété d'options pour tous les goûts et les préférences. Les fêtes de Noël et de la Nouvel An sont également des moments privilégiés pour les familles et les amis de se réunir et de partager des repas traditionnels, des cadeaux et des moments de convivialité. Les festivités de fin d'année sont un temps pour renforcer les liens sociaux et les traditions culturelles. En conclusion, le 1er janvier est une occasion inestimable de célébrer l'unité, la diversité et la richesse de notre République, tandis que les festivités de fin d'année offrent un moment de détente et de récuperation après une année chargée et brève. Iron Lung Drive Nets Press Break

ETCHBURG, Mo., Dec. 26—Proof that a roller rink can win plenty of newspaper publicity when the rink concentrates its efforts on a worthwhile community project, is being demonstrated by Edward H. LaVenture, operator of Whalom Roller Skating Rink here, and the Whalom Roller Skating Club, who have donated $3,000 to the Iron Lung Drive.

Mr. LaVenture was approached by Arthur E. Harmon, chairman of the Iron Lung Drive Committee in the success which attended another project sponsored by him, the construction of the new Leominster (Mass.) Hospital.

Championed by Kelly A. Mollin, Whalom roller rink president, the skaters and their officials emphasized the campaign as one of philanthropy, and the Club set up its $3,000 goal in a weekend and receipts have been pouring in from all parts of the country. Although the drive has already passed the halfway mark, the committee was so happy with the response to the campaign that it decided to expand the project into a national one.

The Breaks of Life Club of New York has decided to sponsor the National Iron Lung Drive.

The evening was moderated by President Dr. C. A. Schumaker, and a membership address was made by Dr. W. A. Bennett, Dean of the College of Medicine. The Whalom Club was represented by the treasurer, Mr. W. R. Young, and the secretary, Mr. W. L. Miller. The reception committee of the Whalom Club for the new members consisted of Mr. W. L. Miller, Mr. W. A. Bennett, and Mr. W. L. Miller.

Special Events Boost Brett's Dearborn Biz

DEARBORNTOWN, Mich., Dec. 26—Special events are held at the Dearborn Rink in Dearborn Heights, Michigan, to promote the skating business. Several events are held each year, including a charity contest and a soapbox derby. The events are well-attended and popular with the community.

Round-Up Night is held once a month on Wednesdays, with Western music and drinks. The last event of the year is held on December 31, which is New Year's Eve. The Rink has been in operation for over 20 years, and continues to be a popular destination for families and friends to enjoy a night out.

Roadshow Rep

GEORGE E. MARSTERS writes:

W. W. G., San Francisco, Calif., that he had recently returned from the West Coast and that he was pleased to see the interest in importing vaudeville acts into the small towns. He mentioned that there were several vaudeville acts that were being imported into the area, and that the act was popular among the local audience.

DE MILLE’S "SHOW"

The Big One Gets Top Pic Treatment

Keep the second section from naming the character, it was Jimmy Stewart, a clown, always the main guy in the show, who conjures up silly antics, gives away his freedom as a free agent, having fun in a brand new role, in the ring. His body language is shown.

The show has always been associated with the circus, and in recent years, Stewart has been featured in a line of circus-related films, but this year, his role in the show is more prominent. He has been seen in the Big Top, standing in front of the audience, and his act involves a lot of everything you can imagine.

But this year, the show will be different. A new character will be introduced, and he will be the main attraction. His name is Mingo, and he is a midget, but he has a lot of charm and personality. He is known for his acts with sawdust, and he always manages to entertain the audience.

For the wind-up to the show, Stewarts will team up with the circus ringmaster, a very attractive man, and they will perform a two-hour-and-33-minute act. Stewart will play the part of the ringmaster, and the midget will be his assistant. The act will be full of surprises and will keep the audience on the edge of their seats.

The show has always been a hit with the audience, and this year, it is expected to be even more successful. Stewart and his team have been preparing for months, and they are confident that the show will be a success.

CLOSE-UPS: HAP YOUNG
Concessionaire 40 Years Lives With Rod, Reel

By SAM ABBOTT
(This is another in a series of articles on little-known facts in outdoor show business.)

HAP YOUNG, at 74, has decided to start the New Year off against this time a different sort of life. He is dissatisfied with the way but that the old adage states, "You're never too old to change your ways." The old adage states, "If you don't change your ways, you'll never be too old to change them if you ever do have a chance to make a change." He was moved to give up his old ways and to give up his old profession by the change in his life. He went from the old ways to the new and perfected them with a new and better attitude.

When he began to specialize in landlady affairs, Hay started by Sig Simmons and Swan Simmons on their own ways then won his nickname for his skill at handling the. This one was ever turned down for lack of money.

Young doesn't know what he is going to do or even where he is going to work. But, he says, he is going to work on a regular basis. Whatever he works on, he will work in the morning, and the afternoon, and the afternoon, and the afternoon, and the afternoon, and the afternoon, and the afternoon, and the afternoon, and the afternoon, and the afternoon.

Young was one of the most talked about of the roads he rode. He was put up on the list of the popular humorists of the day. He has always said his critics are the ones who are the critics of this type. But his specialty is in the humorists who have written in the two worlds of outdoor journalism.

Young's books are the best books that are available. They are the best books that are available. They are the best books that are available. They are the best books that are available. COPENHAGEN, Dec. 30—The Copenhagen Tivoli Gardens this week approved the annual request for an additional 5,000,000 kroner in attendance and profits. The Tivoli attendance during 1952 was 1,350,000, an increase of 150,000 over 1951, which had established the previous record.

Attention was called to the fact that Tivoli's gate fee is still the same as in 1951, where the gate fee was raised to the same ratio as the rest of the world. A new admission charge would have been 250,000 kroner, and the cost of a season ticket would be 3,000 kroner instead of the actual price of 2,500 kroner.

It was reported that attendance on Sundays had decreased but this was counter-balanced by increased gate receipts on weekdays. Particularly noticeable was a marked increase on Thursday, with an increase over the same day of 30,000 kroner in attendance and profits. The day with the highest attendance was the Sunday before Christmas.

A FEW WORDS ON THE TIVOLI GARDENS

The Tivoli Gardens are situated in the center of Copenhagen, Denmark, and are the largest amusement park in the world. They are owned and operated by the city of Copenhagen, and are open from the beginning of March to the end of October. The park is divided into several sections, each with its own attractions.

The main section is the Tivoli Gardens proper, which includes a variety of rides, such as the Tivoli Express, a roller coaster, and the Tivoli Tower, a giant Ferris wheel. There are also several theaters, including the Tivoli Theatre, which is the largest in the world.

Another section is the Amusement Park, which includes a variety of rides, such as the Tivoli Carousel, a traditional carousel, and the Tivoli Riverboat, a water ride.

The park also includes a variety of restaurants and cafes, as well as a variety of shops and arcades.

The Tivoli Gardens are a popular destination for both locals and tourists, and attract millions of visitors each year.

ATLANTIC CITY, July 2—The fourth week of July was marked by a record-breaking influx of visitors to the resort. The number of visitors was estimated at 325,000, an increase of 15,000 over the previous week. This was attributed to the warm weather and the popularity of the resort.

The influx of visitors had a noticeable impact on the local economy. The hotels, restaurants, and shops were all busy, and the local merchants were reporting a healthy increase in sales.

Pipes for Pitchmen

HENRY J. VARRO

serves as a reminder that what you do in 1952 is strictly up to you.

GEORGE LAFLAN

is working in Minneapolis.

CHARLES COURTY

has returned to Minneapolis from Crown Point, Utah, where he has lived for the past six years, says that he recently had the pitch pipe for people he has seen in some time. A resident of Minn. in the group, Charlie's pipes were made by a former whiskey dealer, Tom R. Baur of Philadelphia.

There was another coverup, this time in the pitch pipe of a Minnesota man who has expanded to such a degree that he now has a "Gentlemen's Club" operation. Prior to leaving the pitch pipe field, Coury was a demonstrator and worked national circuits for more than 15 years.

MILTON BARTOK

made up the coverup with a Saratoga, N.Y., while getting in some work in the pitch pipe field. The Bartok show, the largest in the area today, will again play its established territory throughout the state. Bartok has added another trumpet and a harp to his show and is now ready to work a working crew, thus allowing the showmen their aid in putting up and taking down. Hoitz Tucker, veteran agent with a number of the largest shows in the past, moved to Saragosa last Wednesday (28). After a brief vacation there, he will set the load on its journey for the Bartos med unit.

MILTON

here from Milwaukee, I stopped off in Chicago to visit Roy Bales at the Co-sters Bureau, formerly of Crown Point, Int., where he had that first pitch pipe in 1950. Working here is Howard Miller, former pitcher for the Cubs. A veteran, he's always welcomed back at the salesmen's line. I also met Leslie Hoak and Harold Walter, paper workers at the store. I'm sure they have the best layout of tropical birds and wildlife right here and all you have to do is work on the sound of the instrument. That's the way working an artist is. Let's have some copies of our product now.

KRAMER, John, Ray, R. C. C., Charles, B., Tom, and John and the Young brothers, Tom and John, are all working hard in the West, in the South, and back east.

Don't forget the new "MMR" for your 1952 pitch pipe. Get them all, and we'll make sure that you have the best in the business this year.

Nebraska Court Holds Free-Play on Five-Ball Game Not Gambling

Court Contracts Attorney General; Ruling May Return Five-Ball to State

OMAHA, Dec. 29.—A district judge has ruled that free-play on a five-ball game does not constitute gambling, but the decision may provide a legal loophole to those who operate gambling devices in Nebraska.

The suit was filed by the Attorney General of Nebraska, who is representing the State of Nebraska against a group of people who have been operating a five-ball game in the state.

Chief of police and mayor of the city of Lincoln, where the five-ball game is located, has directed the Police Department to stop the operation of the game.

Chief Judge

It asked for a declaratory judgment that the five-ball game is a violation of state law and that the operation of the game violates the state's constitution.

Chief Judge's Ruling

Chief Judge's ruling was issued March 14. The next day Nebraska Courts solicited all operators of the game, and called their attention to the possibility that the game might be stopped.

Chief Judge's ruling was cited by the Attorney General as evidence that the operation of the game violated the state's constitution.

Court Ruling

The court's ruling on the five-ball game was based on the following points:

1. The operation of the game violates the state's constitution.
2. The operation of the game violates the state's public policy.
3. The operation of the game violates the state's laws.

Chief Judge's decision was reversed on appeal, and the case was remanded to the trial court for further proceedings.

AFTER MARCH, WHAT?

Materials Allotment Expected to Firm Up

WASHINGTON, Dec. 29.—It's anybody's guess what the materials situation will be like in March, but the Metropolitan Production Authority is hopeful that the allotment of materials will be the same as it is today. The Allotment of materials to the manufacturers of coin-operated equipment will not have to be cut, or at least not to the extent that it was trimmed for the first three months of the year.

The NPA this week urged manufacturers to file for their second-quarter allocations of steel, copper and aluminum. Some manufacturers, who have exhausted their first-quarter allotments, noted that the NPA's schedule for March 10 would give them their second-quarter allocations of the materials when they file.

OPERATORS APPLAUD CONTINUANCE OF WURLITZER MODELS 1400 and 1450 IN LINE

Wurlitzer's announcement that the Models 1400 and 1450 would be continued in the line, regardless of any future additions to it, has met with enthusiastic response by operators everywhere.

Here's why...in their own words

"Glad I can still buy 24-record, 48-selection, all-speed Wurlitzers. They're the right size for any location and the right style to stimulate play."

"Your keeping the Models 1400 and 1450 in your line means I can keep on using my 78 rpm record library—or—switch to 45 rpm if I want to. It's a good deal all around."

"The high speed cycling and single button selection on your Model 1400 have been money-makers for me. Delighted you are keeping it in the line."

"Thanks a million for keeping those 1400s and 1450s in your line. For my money they're the finest phonographs available because they've made real money for me."

Warning Because of the critical material shortage the demand for Models 1400 and 1450 will far exceed the supply. It would be farsighted on your part to

For Sale Sign Still Out for Super-Vends

DALLAS, Dec. 25—The “For Sale” sign is still up on those 1,799 three-brick Super-Vends now held by the Emery Manufacturing Company.

TEMCO, which built the machines on contract for Super-Vend, acquired the inventory earlier this month. (The Bellard, Dec. 22, when it sold $75,000 in the warehouse for $65,000.)

Sam Bowles, president of TEMCO, said that the firm would not sell it all for $75,000 to any one interested in the business. A second interested party is dickering for the remainder. Bowles said, and some of them newcomers to the automatic merchandising industry.

The first man who lays down the money gets the machines, Howard stated. Thus far, no one has come forth with the cash.

$659 Each

TEMCO is offering the machines on the market for the total of $807,200 for the lot. The Dallas manufacturing company said approximately $589,000 was paid down on the 1,799 machines when TEMCO said it had received orders of approximately 4,000. This would have been necessary to place a higher machine on the equipment. The Super-Vend unit once sold to operators at 90% later was paid in excess of $1,000.

Howard said he felt it would be best if the machines were sold to a manufacturer who would be in position to continue producing them. Super-Vend, he said, was interested in the inventory.

Howard and TEMCO probably would have to break the price of the $807,200 unit and sell it piece-meal.

Manufacturing Plants

Arrangements for the manufacture of the Super-Vend cup drink machine, if anyone wanted to continue building them, would have to be made with Mr. M. Miller and the Texas Super-Vend Corporation, Howard suggested.

Texas Super-Vend was originally contracted for the machines with TEMCO and placed on the market for sale to operators. Later, Texas Super-Vend assigned the sales and distribution rights to the Super-Vend Sales Corporation, Chicago, Ill., Chicago based by Mr. James Hemphill, formerly vice-president of the Randolph Worthington Company. Later, distribution rights were assigned the Coin Machine Manufacturing Company, but coin never actively promoted the sale of the machine.

Neb. Court Okays Free-Play

This return of free-ball free-play to Nebraska is not possible at that time or until the injunction is granted.

Judge Chase referred to a Nebraska statute which Bandara's suit said was he meant with preservation and said:

"The free game is not property within the meaning of that statute. Free game merely gives the player an extension of playing time. But so do the flippers which, if properly operated will reputedly and the ball upon the playing field. But defendants have no right and in extending the time given by the flippers, merely with the extension of time given by the free game." The judge called this "a distinction without a difference in my opinion." The defendants merely hold that the game in question was not made or kept open for the purpose of gambling. The judge said he possibly might grant a temporary injunction. This has not yet been done.

PLAN NOW TO ATTEND
Company is selling the new Will H. Brand Rotary coin game, Shoot the Moon. . . . Mrs. Helen Connolly, telephone operator at the Grand, left the company because her husband was transferred from the Opa-Locka Air Base to a new station in Tennessee. Mrs. Delores Pinckard has taken over her duties.

When Edson High School needed a joke box for a Christmas Party, Jack Krasnow, head of the factory, was obliged by dashing one for the day. A typical example of young members of the AMO are pitching in to make good will all over the community.

The excellent employee-employer relations which prevail at Supreme Distributors were exemplified at Christmas. Owner Willis Blatt hosted his 23 employees at a dinner. Then the ladies helped present Blatt with a gold watch on which was engraved "To a swell boss—from the gang, 1951."

Young Teddy Bush, son of the Bush Distributing Company's president, had the time of his life during his Christmas vacation from a military academy. His dad took time out from a busy schedule to escort him and three young cousins from Minneapolis on a 14-day cross-country odyssey. A few days later Mrs. Bush piled the small fry in the family car and made a sightseeing trip to Miami. Elmer Sopka, PX Cigarette Machine representative, who operates out of Jacksonville, has the knack of maintaining good relations with customers. Harry Goldberg, H & G Novelty Company, says he bases newer items to give prompt and courteous attention to every request, no matter how minor, from a jobber or operator.

Senior Landberg, head of Texas Distributing's record department, flew from Chicago to Dallas last week. In fact, he was flown at home by Texas recording's owner, A. H. Landberg.

The coin machine business followed a familiar pattern during the Christmas season by falling off noticeably. Operators expected it, however, attributed it to the shopping malls and the tendency to spend the holidays at the family hearth. Ted Miller, WINN's disk jockey, is working with the music box operators of Greater Miami, especially members of the AMO, to promote play.

Bush Distributing Company has received samples of Chicago Coin's new pinball bowling game, King Pin. Mrs. Blatt, Bush official, has received a gold coin. Now Mrs. Lyndie Blanchard, who works for the company's export department, is out with a virus infection. Arthur Perry, Bush.

Jion, Puerto Rico, coin machine operator, is known on a buying trip.

The personnel at Bush Distributing Company presented Ted Bush with a set of engraved gold plated watch and a silver rosary on this visit. O. H. Trappman, received a portable transistor and a chafing dish.

Bush Acquires Big Fla. Arcade

Miami: Dec. 29.—The largest pinball arcade, Harry's Clone and Golf Course at 8 S. Third Avenue and Player Street—has been purchased by Bush Distributing Company.

Situated in a heavy traffic spot in downtown Miami, the arcade contains about 25 pieces of coin-operated equipment, a miniature golf course and an ABT shooting gallery.

Former owner Frank Salerno, who operates the P & F Amusement Company here, also plans to dispose of his route and will move to Havana, where he expects to open an arcade in the only amusement park in that country.

Bush Distributing represents Williams and some of the major manufacturers in this area. Prior to moving to Florida three years ago, Ted Bush, firm president, was a leading distributor in the Minneapolis-St. Paul area.

BUFFALO TRADE STUDIES STIFF

BUFFALO DEC. 29—Amusement games seemed doomed in Buffalo with the unanimous passage by city council of an ordinance banning the playing of all games. Mayer Joseph Anti was expecting to approve the measure.

The ban on pinball machines in the city was recommended by a board of health composed of councilmen and on March 15, 1969, two of the men involved in the case, James C. Caputo, died shortly afterward. Smoothing of the second man, John E. Pahl, the city council made a decision on January 12, 1970, and the council set a date for trial after that.

BUFFALO DEC. 29—Rouge River Amusement Company has opened its second show and wide screen room at 1323 Fifth Ave, in hopes of opening a third one in the near future. The showrooms were opened on December 29 and it is hoped that the company's three locations covers 10,000 square feet, some of which will be used for storage space.

HARTFORD, Conn., Dec. 29—An exceptionally large turnout of voters is expected to attend the annual meeting and election of officers of the Connecticut State Coin Association, scheduled for Thursday night, January 10, in Government's Restaurant, 523 Front Street, Hartford.

The meeting is being planned on a good turnout. Albino DiMare, president of the Connecticut State Coin Association, said: "We are planning to get a good turnout and keeping our accounts humming.
