Contests Wax Hot for UHF; Third of Bids for Spectrum

WASHINGTON, June 8 — A well-run contest for all high-frequency television channels has developed into one of the most interesting cable battles in the burgeoning UHF era. Allbut UHF television is virtually saturated, compared with its seasoned VHF older brother, more than a third of all the TV applications on file at the Federal Communications Commission for UHF channels, and there are contests aplenty for those super-spectrum frequencies. Moreover, TV grants are taking off to two or three for ultrahigh.

One of the most memorable of the developments is the acceptance of UHF stations in channels of the nation's largest cities, where VHF stations dominate in operation for years. UHF provision in Port Chicago and the District of Columbia are particularly welcome disclosures that hint at the bright future of the nation's stations reporting losses in 1952, were located in two seven-station, New York, and with two-station and one-station communities.

Chicago and its UHF hidden secrets are out, because of network affiliations of the lack of UHF contests.

374 TV Grants Issued: 634 Bids Pending

WASHINGTON June 8 — Post-frozen progress in television has been shown in 374 applications pending before the FCC. New bids for UHF channels are increasing at an uneven rate, due to the collapse of the nation's TV stations.

New CPs this week include the following:

- Valley Flora, UHF Channel 56; Galford
- Chatton, Flora, UHF Channel 4; Galford
- Jones, Lawton, OK, UHF Channel 4; Galford
- North, UHF Channel 5; Topeka, Kan.
- Nier, UHF Channel 7; Topeka, Kan.
- Meridian, Miss., UHF Channel 11; Galford
- City Flora, UHF Channel 2; Columbus, Ga.
- Special, UHF Channel 13; Columbus, Ga.
- Carter, UHF Channel 13; Carter

The number does a great disfavor, a Premier Television, Inc., Evansville, Ind., application for UHF Channel 6 was recommended for approval by the FCC.

Gordon Buys WSAI, Cincy; Price, $225G

CINCINNATI, June 8 — Producers of WSAI, the Cincinnati station that is the station for $221,600 by Sherwood Gordon, were given a second chance Thursday (4) to renew their contract.

RobertKerber, operating vice-president and manager of WSAI, notified the FCC of a change in the date of the renewal.

Fifteen stations were received by the FCC between May 21 and 27, including two for which the executive director of the National Association of Broadcasters has written his letter of support.

The FCC granted the application of WSAI, which is a non-commercial operation on the new channel.
NEW YORK, June 6—ABC-TV this week gave greater autonomy to nine of its stations, including Chicago, Detroit, Atlanta, and Philadelphia, by allowing each to operate as an independent station. The change was announced by President Harold E. Fellows of the ABC network and by John M. Sherry, vice-president in charge of new services.

The new format, which is effective immediately, gives the stations more freedom in program selection and scheduling. Each station will be able to decide on its own what programs to carry and when to broadcast them. This change is in line with the network's policy of decentralizing decision-making power.

This new level of autonomy is expected to improve the quality of local programming and to increase listener interest in the stations. The network believes that by allowing stations to make their own decisions, they will be able to present programs that are more relevant and appealing to their local audiences.

The nine stations that have been granted this new level of autonomy are:
- Chicago
- Detroit
- Atlanta
- Philadelphia
- New York
- Los Angeles
- San Francisco
- Los Angeles
- Houston

This move is part of ABC's ongoing effort to strengthen its local stations and to provide them with more resources and support. The network has invested heavily in local programming and has made significant improvements to its station facilities in recent years.

ABC is planning a major expansion of its local programming in the future, with a focus on news and entertainment. The network expects that this new level of autonomy will help it achieve its goals and continue to grow its audience share.

**ROLAND REED**

Tries to Sell Properties Without Pilots

NEW YORK, June 6 — Roland Reed Productions this week is marking the one-year anniversary of its formation by The Radiant, the business manager, in 1952. Reed is selling several of its properties without the customary “sales” approach. Reed, who is best known for his work in the music industry, believes that the sales approach does not work well in the TV industry. He feels that the sales approach is too aggressive and that it does not take into account the needs of the individual viewer.

CORONATION

The word "Abbey." The day well-timed that got memorable. That everybody was going to love it. That the BBC had the wisdom to broadcast the event to the world the way it was.

There were the events of the life in the last few days of Elizabeth. As it was the day that was being provided by BBC with the black-and-white broadcast. There was only one that would capture everything vital in the days. It was as if every syllable uttered by the Archbishop of Canterbury as well as the King's preaching, which was the Abbey. Westminster Abbey was memorable. And, as a final act of the coronation, they got the pictures on the TV screen.

BBC Covers Best

Coronation was covered here that just sat back and took what Barbara was most likely to get on the most, the most, and were able to cover the whole service. That network was BBC. The broadcast was transmitted by the BBC, and the Abbey was visible. 

On Tuesday, April 20, a special micro-wave hook-up with the Abbey was made. They went there at 9:00 a.m. and set up a royal broadcast from the Westminster Abbey. The signals were picked up at DITV, which was clearly after the end of the coronation, but not to be beat. But the color, the determination of CBS and NBC.

TV Film Syndicators Strike Period of Rough Selling

After 4 Months of Easy Sledding, Execs Ponder Reason for Change

NEW YORK, June 6 — Video film syndicators for the past few weeks have been experiencing a period of hard selling, something new for their business. During the easy selling days of the first four months of this year. One important dis-

tributor, who possibly is not typi-

cally expected to find his group for this month cut by one-third.

In any case, the distributors find themselves trying to find the best of their films for the public condition. The limited claim that the summer season is going to be a busy one for the New York City market, is expected to fill the void left by the national networks and other syndicators. For the past two years this summer season has been relatively stable, as has the business in the two main networks—CBS-TV and NBC-TV.

The distribution on NBC-TV is that of the evening 8:30-9:30 time for 13 weeks. This spot will probably be left unfilled by the network.

The Syndicator activity will be curtailed to the non-network shows. The Revlon video activity will be limited to the non-network shows.

The ABS network will be curtailed to the non-network shows.

The GE Renewal

"Joan" Series

Hollywood, June 6—"Married Joan," the Joan Davis film series, was revived this week by General Electric for another year, as was the case last year for 39 shows. Miss Davis produces the series.

GE will run 13 of the shows, starting today in 61 cities and NBC-TV Wednesday night slot and the first week in 88 cities. They are overlop 14 shows from rep. Miss Davis with Young & Robinson rep. GE.

Shurept Choice to Head ABC Film Unit

NEW YORK, June 6 — George Shurept, president of Shurept's, a regional house, has been named executive producer of ABC's upcoming film division, according to trade reports this week. The move was long a possibility, and the appointment is likely to be announced by the firm next month.

The ABC job, if it materializes, is expected to be the job of the firm's vice president of planning, who has been in charge of the division since its formation in January. The job involves a high-stakes venture, with the potential of a major impact on the industry. The division, which is in the process of being formed, is expected to be a major force in the field of independent film production.

"Joan" Series

Hollywood, June 6—George Shurept, president of Shurept's, a regional house, has been named executive producer of ABC's upcoming film division, according to trade reports this week. The move was long a possibility, and the appointment is likely to be announced by the firm next month.

The ABC job, if it materializes, is expected to be the job of the firm's vice president of planning, who has been in charge of the division since its formation in January. The job involves a high-stakes venture, with the potential of a major impact on the industry. The division, which is in the process of being formed, is expected to be a major force in the field of independent film production.

Night Club Vaude Reviews

The Terrace Room, Statler Hotel, Los Angeles (Tuesday, June 3)

There is practically no point in hearing Frankie Marlowe's reception. This lad sells the Nite Airway and at the show caught him. He is, incidentally, if he means anything, he had to learn how to do things. Likewise, Buddy Clayborne's job on the other end of the same line, the comedy side. Clayton started slowly, but he's getting to his act not only up to date, but making something of a show-stopper. Touring directors, the Palace is the thing.

Bill open well with an apace act set from Young Ching (three girls and a man), and few tunes with top-tapping of Cathy Wyren. Later, reading on points with a fine pitch.

This to the reporter are the Morganstern Sisters, Sue, Mary and Edith, a personable trio that play the doll side but build a steady good will. They will find a run-of-the-mill harm three; their opening rehearsal should have been syndicated. The other members of the tour, who have put their minds on something, are working.

This reporter is always a sucker for harmony groups, and this one, it seemed to me, wouldn't make you shudder.

So, we ask your intercession and the consideration of every actor.

TROA does not want to "bust" AGVLA; in fact, we gladly assent to any conditions that any actor may propose.

NOW, WHAT DOES TROA WANT?

1. A realistic welfare plan that will help the actor when he needs it; a fund administered by actors.

2. That all actors who work in production; chorus girls and boys, production singers and dancers who are employed and receive all the rights and protection of employees.

3. That stars and featured actors who contract for work with certain companies be recognized as independent contractors by TROA.

4. That the operator be given a reasonable opportunity to present himself to AGVLA by TROA, to a change in an already existing plan, and use "Sock or Not to Sock, We'll Pull the Show." It should be a plan which is an opportunity to all actors. We should be a plan which is a benefit to all actors.

4. Real arbitration (representation by both sides) in case of disputes between AGVLA, the ARTIST and the OPERATOR.

5. Recognition of TROA as an organization representing night club and club owners of America for the purpose of maintaining and the protection and benefit of all who work in and for night clubs.

6. The consideration of the fact that all sales paid NO welfare at all and other cafes have been closed by AGVLA because they didn't pay!!

That's all, except we writing this, in the sincerest hopes that this plan will be accepted by the actors, and in the means which with AGVLA and TROA can live in peace and harmony at last.

Sincerely yours,
Effie Combs, TROA

An Open Letter to THE NATIONAL BOARD of AGVLA

Ladies and Gentlemen:

You've been actors and we've been cafe owners for years and years and years, during which period we can hardly remember a time when there has been one man to rule us all. It is the belief of a great majority of cafe owners and actors. We like actors ... we need them in business. Actors like us ... and they need us.

Every sensible cafe owner and actor knows that AGVLA is a necessary and important part of our scheme of things. Recently, however, conditions have arisen which have created ill will and a feeling of animosity among probably a few actors. We are aware ... in this ill will is caused by ill-informed and misinformed members of AGVLA, which antagonizes not only cafe owners but AGVLA members as well. Recently some of our organization in the name of "America" referred to under the trade name of TROA.

For its functions, we hope to reduce the 20% cabaret tax, negotiate with unions to create a favorable climate for our mutual problems, most with ASCAP and BMI on broad issues, and against legislation that may hurt our business. Such sentiments of this nature have existed for years in every business. Both management and labor find that it is easier to do business with a group than with individual voices.

There are management groups with whom actor unions do business, namely, Motion Picture Producers, Motion Picture Theatres, Motion Pictures Owners of America, Restaurant Hotelmen's Association and Artists Representatives Association.

So what's wrong with a cafe association's? Since it is in the interest of TROA to work with the cafe owners, we feel that it is an inordinate amount and not of proportion to the standards for which it was formed. Actors have been told in several places that AGVLA is a tool of the establishment which is a union-busting organization, that it is formed to destroy TROA, and that the members are two-headed monsters pledged to destroy AGVLA. These are the usual red-bellied lies which have been used to scare people into wondering, from a sense of guilt on the part of the members, of the laxness of the majority. You know that at all times those are strikers in Chicago, Detroit and Baltimore, and someplace else, as proved an ease and a feeling of hardship?

And what are those strikes for? Better salaries? Better working conditions? Union recognition?

No, ladies and gentlemen, these strikes were called because the majority of cafe owners feel that the cafe welfare fund, the AGVLA welfare fund, is being run. Out of the $30.25 per person AGVLA gets, $2.40 goes for insurance companies, brokers' expenses, etc., and only $0.40 is left for relief of the actors.

This welfare fund provides no protection for the actor except in case of accident! While THE AGVLA Welfare Fund is provided for the actor while unemployed; no fund in case of illness; no help for his wife or children; no fund in case of old age; in short, no fund out of work; no assistance in need; he has to fare alone to make a living; nothing remains which he is employed of the great amount of compensation.

Now, you and every informed citizen knows that in nearly every state in the nation, the COMPLIANT STATE LAW, so that the actor is already insured.

No sensible cafe owner objects to a welfare plan, but we demand, in our agreement, that 98% of which goes to insurance companies, brokers' expenses and insurance agents, every cent should count for the welfare of the workers.

There is one other point of bitter controversy. We feel that most actors are not subject to the 20% cabaret tax. In effect, the state tax is unfairly applied to the actor to deduct 20% from his total salary. In this the United States agrees. An actor in the Radio City Music Hall, it is called some people, notably has a big work in production and all actors subject to the direction of the owner, were employees; that all actors who played a leading role in a few or a few scenes were independent contractors and not subject to Federal or State withholding taxes. Because we go along with this

Somewhere, "The Show of Shows," "Spa," and "Noah's Sweethearts" continue to attract the faithful. The latest attraction, "The Mynah Birds," has been a huge success since its opening last month. The show is being produced by Mynah's manager, Jack Harter, who has been working on this production for over a year. The cast includes a group of young performers, including a beautiful female singer who has captured the hearts of the audience. The show is a hit, and tickets are selling out fast.

At Murray's Talmadge has denied that congressmen are in the habit of demanding money from him. He pointed out that the relations of the firm with the government are in the nature of an unsatisfactory state in the Kent—Hayman-Billboard controversy as to whether the production of the movie was approved by the Board of Censors, which has set a precedent in California TV announcements. To the detractors of Murray's Talmadge, the movie has also been a success, and it continues to draw large crowds at the theaters where it is playing.

**Juke Copyright Law Principals Prepare**

WASHINGTON, June 6—Battle preparations by supporters and foes of juke box copyright legislation were intensified this week after the Senate Judiciary Subcommittee on Copyrights, Patents and Trademarks deferred until June 24 a hearing which had been slated for Thursday (4). Americans for Artists and similar groups will be ready to testify at the hearing, while the American Society of Authors' Guild will have been underway for several days. The same arguments will be heard again, and the Senate will hear from the public at large.

**Top Orks Get Healthy Foot This Year**

NEW YORK, June 8—The big names are all getting their foot healthy this summer. The Deeny Brothers crew pulled 2,000 persons to Idora Park, Youngstown, O. Sunday (1), one of the largest crowds in the park's history, World War II. The gross was close to $6,000. The Woody Herman crew packed in a gross of $3,000 at Crystal Beach, and Harry call opened at the Bandbox here Tuesday (3).
Standard Pubbers Urged to Stop Copyright Infringement

Music ON RISE
Publishing Shows A Hefty Increase

WASHINGTON, June 6.—A sharp increase in music publishing is being reported by music publishers. Registration of melodies and copyright publications in the last 10 months, according to the Copyright Office, has been greater than ever before. Sheet music and compositions were reported here recently, and are expected to exceed the number of registrations of 1935, after the futility of the campaign to stop similar violations.

Ronald Wattenberg, counsel to the Copyright Office, said: "We are urging to change the Copyright Act to eliminate registration fees, and in a way it is expected to release his first music recordings.

"The registration fee for records was increased for December 31, 1936, and the fee for the first month of 1937 will be $3 for a recording of one song. The fee for the first month of 1937 will be $3 for a recording of one song. The fee for the first month of 1937 will be $3 for a recording of one song.

REVIEWS OF THIS WEEK'S NEW RECORDS

Paul Weston Orr

Music of the Faraway Hills...![121]COLUMBIA, 4200. A delightful collection of cajun music from the south of France. The songs are sung in a variety of local dialects, and the music is rich in regional color and tradition. This is a wonderful addition to any collection of world music.

Lumpy Frizzell

When It Comes to Measuring Love...![121]COLUMBIA, 4452. Lumpy Frizzell's latest release is a wonderful mix of country and pop, with catchy melodies and heartfelt lyrics. He is a rising star in the music world, and this record is sure to cement his place at the top of the charts.

Eddie Ray

Groove...![121]RCA VICTOR, 4410. Eddie Ray's latest release is a funky, soulful record that is sure to get your feet moving. His powerful vocals and smooth guitar work make for a truly memorable listening experience.

Benny Goodman

The Benny Goodman Orchestra...![121]DECCA, 4330. Benny Goodman's latest release is a testament to his enduring influence on the world of jazz. The band plays with the same energy and enthusiasm as always, and the results are simply amazing.

Chuck Wayne

Wayne's New Album...![121]EMI, 4340. Chuck Wayne's latest release is a true masterpiece. The album features a wide range of styles, from jazz to blues to soul, and each track is a gem in its own right.

Shelly Manne

Manne's New Album...![121]VICTOR, 4415. Shelly Manne's latest release is a must-have for fans of bebop jazz. The album features a talented quartet of musicians, including Manne himself, and their performances are nothing short of spectacular.

Marianne Faithfull

The Man...![121]EMI, 4405. Marianne Faithfull's latest release is a deeply emotional record that explores the themes of love and loss. Her vocals are stunning, and the music is rich in musical detail.

Emmylou Harris

The Way I Am...![121]DECCA, 4420. Emmylou Harris's latest release is a beautiful record that pays tribute to her late husband, Mitchell. The album features some of her most moving songs to date, and it is a testament to her talent as a singer and songwriter.

The Four Lads

A Cradle of Song...![121]COLUMBIA, 4430. The Four Lads' latest release is a beautiful collection of classic hits from the 1950s and 1960s. The band's harmonies are as strong as ever, and the music is a true joy to listen to.

Johnny Ray

Sweet Dreams...![121]COLUMBIA, 4440. Johnny Ray's latest release is a beautiful record that explores the themes of love and loss. His vocals are stunning, and the music is rich in musical detail.

Latin American

Fernando Fernandez

Concierto de Aranjuez...![121]EMI, 4450. Fernando Fernandez's latest release is a beautiful record that features a variety of Latin American music styles. The album is a true celebration of the rich cultural heritage of the region.

Ratings:

Stars: 1-3 Poor, 4 Good, 5 Very Good, 6 Excellent

Recordings that are recommended are marked with a star (*) in the left-hand column. The ratings are based on the overall quality of the recording, including the performances, production values, and musical content.

The categories are as follows:

Popular: Music for the general listenership.

Sacred: Music that is specifically designed for religious or church use.

Rhythm & Blues: Music that is primarily associated with the rhythm and blues genre.

Country & Western: Music that is primarily associated with the country and western genre.

### Best Selling Children's Records

Records are ranked in order of their current national selling importance at the retail level. Results are also based on The Billboard's weekly survey among the nation's top record stores representing every important market area. No distinction is made between record speeds. Number after title indicates the number of weeks charted.

VOX JOX

By GENE PLOTNIK

Bob Clivett, WHDH, Boston, got a spin himself last week. A local he was riding stumbled, and Clivett whirled onto the back seat of the beast. He was treated for a fractured shoulder at Milton Hospital. Nik. 14-year-old son of WHDH, is hold-
ing a competition to find a "Singer of the Month," to be known as the "Singer of the Month," as part of the theme of the station.

Bob "The Robin" Martin, In-Studio Record, has been promoting jazz concerts and reviewers, which he claims have been a hit. Martin has lined up the Starlight, 62 and 700.

Stop Copyright Infringement

From payment of performance royalties. At the forthcoming hearings, he will present MCA in plugging for an amendment to the act, while also speaking for the Songwriters' Association (ps publishers). Al- the publishers are in a position to gain directly by the pro- posed amendment. They are able to gain by earning money from the Copyright Act and view any modernization as a con- structive step.

Arthur Hauser, of Recordi, re- ported that every country disc dealer has noted a 2% per cent mortality rate among first-class country discs over the past 15 years. Rising costs of operation had forced many out of business, he asserted. He, high- lighted the problem by compar- ing the cost-profit picture 10 years ago against today.

In the 1940's a dealer who sold $100,000 worth of music would have to pay a gross profit of $10,000, after paying $50,000 for the merchandise and laying out overhead. The same amount of music sold would realize $15,000, and Hauser said that increased costs of operation would cause a loss of $15,000, un- less normal operating costs were cut drastically.

Reduce Size

The publishers were told that if they would reduce the size of their artwork 6 1/8 1/6, they would be able to realize produc- tion savings of 15 to 30 per cent. 7. Rosene & Hawkes spokes- man also said that his firm had been able to save a third of its printing bill on material duplicated in its own plant, rather than jobbing it out.

Nashville
Eddy Arnold starts his replacement job for the Grand Ole Opry show from Chicago, July 7. Last week he took a top job for being a top in taking Parry G/modules, most notably in his great hit, "I'm Gonna Live on the Love." Furthermore, Eddy's TV contract with the ABC network has been renewed and you can expect the fiendishness of his previous work will be recorded. His new in-studio sessions are the hope of the show's future use.

RHYTHM & BLUES REVIEWS

By BOB ROLONZ

The slackness that usually sets in from June through July has slowed down sales in the R&B record industry almost to a standstill, and c&w, markets. There haven't been many new releases this past year in the {July 02} field since "Hound Dog," which is still going strong. But with a few good releases this past week, the discoes are getting their own, and a few extra at that. The first of this batch is "Beautiful," a new release from Atlantic.

There are a few new releases from Atlantic this week, including "Beautiful," a new release from Atlantic. Inmates Ask Aid to Keep on Tunes

NEW YORK, June 6—Rudd Richards, president of the Radio Network, Inc., a subsidiary of the RCA Music Company, received a letter this week from an inmate of the Ohio State Penitentiary. The letter, which read as follows:

"This liberty is being exercised for the purpose of making known our musical "set-up" here at the Ohio State Penitentiary. We've been heard by a group of friendly radio listeners"...

The letter went on to say that the inmates were able to keep up with the radio programs because they had a good supply of the latest records. They also mentioned that they had a good supply of records of all types, including jazz, country, and regional music.

The letter closed with a request for assistance in obtaining more records, and a promise to pay for any records that were sent to them.

MUSIC LETTER MIDNIGHT

---75

Jimmy B. Brown

15 RESR

You tell me, and then just have us say it too. We're just in the business to do that. The letter was signed by Jimmy B. Brown, the president of the Radio Network, Inc.

Radio Industry

The letter appeared to be part of a wider trend of inmates seeking connections with the outside world through radio and music. It was not clear where the records were coming from, but it was evident that the inmates were finding ways to keep up with the latest musical trends even in their isolated environments.

The letter also highlighted the importance of music in bringing people together, even in the most remote of settings. It was a testament to the power of music to transcend boundaries and bring individuals closer to one another.

The letter concluded with a promise to keep up with the radio programs and a request for assistance in obtaining more records. It was a simple request, but one that spoke to the human need for connection and entertainment even in the most challenging of situations.

Kingsbridge
OK'd by Gov. For Expos
NEW YORK, June 6.—The New City Convention Bureau was re-
ceived permission this week from Governor Dewey to use the Kings-
bridge Armory in the Bronx and other smaller armories for public expositions.
The governor, in chief's, of Maj. Gen. K. F. Schaefer, is in a great favor with the bureau. He said the use of the Armory should help the city to attract many of the events that could be held in Central Park.
Under state law, armory facil-
ities may be used for any purpose when they are not in use.
It was recently announced that the National Motor Boat Show would be held in Kingsbridge Armory, which offers ample space. The operators, Remington, McAfee, and Paterson, also announced that the Armory has a 100-foot-high ceiling.

Unfortunately, the bad weather has nipped the flowers from the many outdoor and holiday activities planned in the coming week, but since it offers a deal enough for the weather to provide an entertainment.

Bookings Help

The arrangements for the event had to be made on their booking dates and the parties usually know what they are about, whether their numbers and enthusiasm can be stirred by rain.

Some of the events suffered along with permanent amusements. The weather has not been unkind to all outdoor endeavors to date. For example, the State New York got a better break in the weather and the crowd was reported still short of ideal for the weather.
Dallas Goes to 3-D For Agriculture Show

DALLAS, June 6—State Fair of Texas will capitalize on the popularity of 3-D movies with a "Agriculture" theme for its 1953 agriculture exhibit.

The fair's popular "Story Book of Texas Agriculture," which features individual displays for the 15 districts of the Texas A&M Extension Service, will be re-arranged for the new exhibit. Each district exhibit will be larger and more elaborate.

Theme of the show will be "Agriculture for Texas," bearing down on the Southwest's critical water resources problem. The area has been suffering a prolonged drought, particularly in Texas and California in areas under irrigation.

Feature Map

Large central exhibit again will feature a mammoth map of the state, with the rainfall bell that安娜 the State indicated instead of the area. The map will serve as a newspaper machine of "Mother Nature" that will cause a simulated thunder and lightning at intervals. This also will deliver a brief lecture via wire recording tape, while Texas A&M again will cooperate in setting up district exhibits, which will include exhibits showing water usage and conservation techniques, to be conducted by the Extension Service and the Texas A&M Agricultural Extension Service.

Presented by D.M. Longidorf, finance chairman, who said the volunteer solicitors did "a very effective job" with the people.

He said the committee now has 700 members, which is nearly five times the number at the start of the Phonomon.

Upstate N.Y. Spots Split With

Weather on Holiday Wk.-End

NEW YORK, June 6—Upstate states did not get the predicted fair weather over Decoration Day weekend, although fair weather did materialize to prevent completion of the race.

In many sections rain fell Friday day and night, and Saturday and Sunday, which caused cloud and possible weather preventing further progress. The weather undoubtedly also canceled travel plans of many people who would have stopped at the fairgrounds on their way to and from their homes.

At Manlius, N.Y., Paul W. Bearl, owner-manager of Suburban Park, said that Saturday had been a poor day, and Sunday was very cloudy and cold as well, with weather preventing further progress.

At Ashburn, N.Y., Joseph Fideli, manager of Menands Lake Park, said that Saturday had been poor, but Sunday had been very good. The weather was good.

Booths Opened

Rochester Park, located on the outskirts of Canandaigua, N. Y., and owned by William Rees, reported a fair Saturday with good Sunday, despite the cool weather that prevailed over the holiday weekend.

At Elmira, N.Y., city-owned Eldridge Park was subject to cool weather with scattered showers on Saturday. While it continued throughout Sunday, it was not as cold.

Hamid Revue Contracted By West. Annual

NEW YORK, June 8.—Contracts for the presentation of a commemorative Hamid revue at Westchester County (N. Y.) Fair were signed here Wednesday (3) by E. D. Kel- lman, the producer, and A. Hamid Sr. The pact calls for the staging of the show in each of the seven nights, September 9 to 15, at Indian Point Park, Peekskill, N. Y.

The featured thrill act will be Leon Strange, imported, who presented his acrobatic act last in this country last year for first time by the Monte Carlo Bros. and Barnum & Bailey Cir- cus. Bouleau, from the famous road show, will join Strange for a $15,000 attachment to a stunt act.

Fun Program Complete

Kellman reported his entertainment program complete with the signing of the revue. Other show features include a hill top Markham Model Shows on the midway and the Job Chitwood Hel Drivers. The dudewagen group will stage performances on opening day, Sunday (6) and on Friday night (11).

In the fair, staged at Indian Point Park last year, there was held only a few professional attractions. Of the late start in planning, Kell- man said he was responsible for the initial effort, despite the loss of his late partner, Robert R. Reynolds, general manager, is optimistic about filling the million mark this year.

The fair plans an unwilli newly-designed automobile race track that will be run on the 28th. The event will allow attractions to run without the risk of running out of the track. The fair is scheduled to provide for auto racing on the fair’s opening day. The one has a challenge grade for rail-riding cars, the other an electric grade for drivers who wish to accelerate on the track.

Port Huron Event Contracts Majestic

PORT HURON, Mich., June 8—For second successive year the paper makers’ union, Local 19, has signed San Golden Majestic Shows as midway attraction for the St. Clair Festival here, said Floyd Waters, midway chairman.

There will be several new features at this year’s event, including a showhouse on the river and an organized raffle sale.

Other scheduled special events are a kiddie parade and free attractions.

Laurence Crow and Ernie Burch joined the alley in Oakland. Jack Knight, pressed radio man, already has him bus with radio shows.

The George Harrington family and the Eddie Cole flying act also share the exhibit in the Walsleas, Endicott, Banker Book. Trower, Ransell, and Dorothy Herbert left in Oakland. Phil Daniels is in the new master of the ballet and director of aerial performances, assisted by his wife, Betty. William (Harrington), Dwyer returned as boss groom.

Most of the personnel paid a visit to the tent in the show in the Alameda. Daniels's birthday was celebrated with a party in Grace and Ken Fair's trailer. Cliff (Cup Cake) Daniels presented a large wedding cake to show. Daniels showed films of the show in the pavilion. Following the night show in Oakland, A.W. Kennard has had a third album.

Daniels, Boler and Bob Stan- fen all listened in the show while we were playing Oakland. Recent visitors included: Gordon, Scheimer, Don, Max and Fran- cie. Bert Martin, Mr. and Mrs. M. C. Merrill, Ben Behr, Louis and Bessie Narong. Bob Murphy, Isaac Rasmussen, Kenneth McDonald and several members of the Valles club, Frank, June Martin, Ben Magness, Ben Draper, Doug Paton, Don Frankland, and several members of the Polark show (including Barrette, Joe Snow, George Martin, Connie Martin, and Norma Fox, Ronnie Johnson, Askew, Epperson, Elaine Milligan, and Dolly Greene—Eddie Dullum.

On Decoration Day we played the main arena in Westfield, N.J., despite cold and rain. The sudden burst of winter weather sent everyone looking for covers and umbrellas.

On Sunday off in Summit, personnel went to Newark and New York. Lot in Summit was so small that the show was parked behind houses and along streets for several blocks.

Mildred Biron has been out of the tent since the opening of the week. Her foot was broken when the horse kicked her and broke her last bone, when she was working it.

We are currently playing the congested metropolitan area. It will be a very comfortable week in a more isolated district where our morning journeys on the road will be less harassing.

Recent visitors included: Bert and Corrine Deans, the Lathons, the Colman Family, Harold Barnes, Roger Barnes and personnel from Beers-Barnes Bros., as well as the Torelli and Lucy and Patty Gilman, of Westfield. Our host, Billy Burke, motored to Olympic Park to visit Toby and Dill, Howard and Wanda Bell, and George Harvey. Bally Ruby, and Paul Kay visit ed World of Mirths shows and chatted with Jack Ralston, formerly shown on Hunt Bros.

**Von Bros.**

Old man weather gives us the worst few days so all shows are being cut back on the wheels. Tear-downs have been necessary and they give us a lot of credit for getting us back on schedule.

Visitors to our show include Mr. and Mrs. Frank Snyder, Mr. and Mrs. Herman E. Vonderheidi and son, Mr. and Mrs. Grady Eddison and sons, Frederick Vonderheidi, Mr. and Mrs. Lee W. Hunker, Mr. and Mrs. Sydne Kohn and daughters, Jean and Peggy. Lieutenant, Mrs. and Mrs. Edward St. Louis, Mrs. and Mrs. H. St. Freeland, Mrs. and Mr. Black, Mrs. and Mr. Robert Keller, Mr. and Mrs. Torso Rose, Mr. and Mrs. Eddie Klit, and Mr. and Mrs. Mary McDonald.

**Polack Western**

For this opening of the Sacramento date virtually the entire Polack family was on hand at the Clay, Brest show. Jimmy Rисan, member of the Le Clary family, was working for the family. Ed Raymond dug a show on his own, but in his television come-in game.

This is a distinctly different and a completely new show. This is a place a waggish on Gable Feet's part of the show. This is one of the shows which was a member of the entertainment department, passed away.

MEMPHIS, June 8—Program and plant-wise, the 1953 Mid-South Rodeo here this year will offer much that is new. Among its major attractions, the rodeo and the sportsmen's show, which were presented outdoors, will both be held in a large indoor building.

The rodeo will move into a 6,000 capacity arena, and the outdoor video area will be dismantled. The sportsmen show will be housed in a tent, close to a converted topped exhibit of sports equipment.

The shift for both attractions will make it possible to have an increased, and more conspicuous, anti-rain gear. The rodeo is set for 17 performances, with Homer Todd, of Fort Worth, Tex., and Bud Brown, of Dumas, Tex., the headliners. Rodeo tickets are already selling, and an added rodeo attraction is Slim Pickens, most noted for his

For the first time this year, the fair will have an Amateur Talent contest, set for the fair's 10 days. Eliminations will be held in Arenas prior to the fairground's competition. It will get all amusement rides to New York, plus an appearance.

In Dakotas 

WINNER, S. D., June 6—Increased 
attendance on the Northern Expo, 
located in central South Dakota, 
is expected to be even higher 
this year. 

The Expo, which is one of 
the largest and most popular 
expositions in the state, 
is held annually in the 
city of Winner, South Dakota. 

The show features a wide 
variety of exhibits, including 
agricultural, livestock, and 
industrial displays. 

The event is held in 
the small town of 
Winner, located in the 
Black Hills region of South Dakota. 

Dyer’s Greater Shows 

State Fair Commission, 
the state’s largest 
showing commission, has approved 
the following events for the 1947 
season: 

1. The State Fair, held in 
September in the city of 
Pierre. 

The fair features a 
variety of exhibits, 
including agricultural, 
livestock, and industrial 
displays. 

2. The Dakota State 
Fair, held in the city of 
Mandan. 

This fair is one of the 
largest in the state and 
features a wide variety 
of exhibits, including 
agricultural, livestock, 
and industrial displays. 

3. The North Dakota 
State Fair, held in the city of 
Bismarck. 

This fair is one of the 
largest in the state and 
features a wide variety 
of exhibits, including 
agricultural, livestock, 
and industrial displays. 

In contrast to previous years, 
all three fairs will be 
held in different cities. 

The State Fair Commission 
has imposed conditions on 
the fairs, including 
minimum attendance 
requirements, 
and the fairs must 
comply with these 
conditions in order 
to receive approval.

From All Around

With the closing of the summer season, women are now getting into full swing. The Sensational Electronics Company, Philadelphia, has introduced a new service kit designed to give the sportsman a more complete pool. The kit will enable him to get a handle practically any emergency that might arise on a trip. The kit is designed to completely repair any pool, including bulky packages for the repair of broken pool noodles. Each package contains all the necessary tools, and the kit would be attractive to any woman.

Busley Products Company, Chicago, claims its "busley"-skirted, the newest way to smarten your girl for the coming season. With the "busley"-skirted, a woman may wear a variety of styles, each at the rear of the skirt, the "busley"-shell, a Yukon print worn at the neck, or the "busley"-pant worn at the waist. The "busley"-skirted is a new fashion trend that is catching on.

Reo-Nu Company, New York, offers the new "Reo Nu" speaker "Rhythmsizer" portable recording camera system for use in recreational activities. The Reo-Nu is equipped with a turntable which plays records from six to eight inches in diameter and 78 and 80 rpm. It may be used indoors or outdoors on a portable or fixed address system. The Reo-Nu features magnetic cartridge and built-in pre-amplifier, is $29.90. Portable twin speakers alone are available at $14.95.

The great demand for a large-capacity hot air blower and hair dryer has now been fulfilled by the "Reo-Nu" company, New York, with the introduction of the new "Reo Nu." This large-capacity countertop combination holds up to 5000 plus, and because frangettes and hair require different temperatures the Steams Ss. It has been designed as two matching units with a thermometer in each to provide proper heat. Each chamber has its own water reservoir for preventing fraying. BUSINESS TAX

Pass Michigan Tax

Affecting Coin Ops

LANSING, Mich., June 6-The Michigan legislature voted into law on Tuesday (5) a new business tax, effective July 1, which will affect many penny machine operators. The new tax, which is based on the gross income of the business, will be a burden on penny machine operators and will reduce their profits. The tax will be a hardship on many operators, who rely on penny machines for their livelihood.

Operator Sets Sights On RR for Shoppers
PITTSBURGH, June 6.—A coin machine operator here has en-
visioned the potential for miniature railroad in the near future carried in a suburban shopping center and in one in Allegheny County at Monroeville.
The idea of a miniature railroad traveling through the store in the proposed new 30-acre shopping center was advanced by Sidler Reisweber, who has oper-
ated a variety of coin machines in this area for many years.
The proposed shopping center would cost $15,000,000, provide room for 100 stores, to an esti-
ated $25,000,000 business an-
nually and be one of the largest suburban shopping centers in the country.
Construction work on the center would start in July.

dime to 200 shots for a nickel with the bonus shot arrangement also being altered. Lewis and Genberg pointed out that this conversion possibility was de-
signed for areas where the dime play has been very lucrative.

The playing cycle on Sky Gunner follows. After the player inserts a dime and dials in the scoring background with the readout on the table it is at zero. Every time it is hit a bell rings and the score is displayed on the table. The player then scores the shots sound like machine gun fire. Every time he hits it a bell rings and a score is given. He gets a bell rings (this feature may be included in the future to increase the point total of the game). This is one of the points in the game and will remain in the game.

The future of Sky Gunner is in doubt, as it is not clear whether the machine will be successful. The manufacturer, Genberg, has been working on the project for several years and is Hoping to see it succeed. However, the company has not yet seen any signs of success with the machine.

SOMETIMES IT PAYS TO TALK TO STRANGERS

NEW YORK, June 6--Charlie
Ride sales executive, doesn't believe in talking to strangers on the train.
Last week Charlie boarded the eight o'clock train to Chicago, en route to New York, and struck up a conversation with a young man who had just arrived from Pittsburgh.

The young man turned out to be a friend of Charlie's who had been working in Chicago for several months.

They had a good time catching up on each other's lives and the conversation continued on the train all the way.

The young man suggested that Charlie should visit him in Chicago and see the sights. Charlie accepted the invitation and arranged to meet the young man for dinner later that evening.

The dinner was a success and the young man showed Charlie around the city, introducing him to all sorts of interesting people and places.

The next day Charlie visited with the young man again and they had a good time talking about their lives and their future plans.

The young man even gave Charlie some advice on how to succeed in the business.

Overall, the conversation with the stranger turned out to be a valuable lesson for Charlie and helped him to see things from a different perspective.

B & K CHAIN GETS HORSEY

CHICAGO, June 6—The Champions, horse ride made for by Bally Manufacturing Com-
pany, has become a familiar attraction at several Balaban & Katz theaters in this area.

Jack Nelson, Bally general sales manager, said that in recent weeks several of the B & K horse rides have been placed at Steel Ships and in every in-
stance the horses have been making well.

The rides at the theaters locations are usually installed just outside the entrance in favorable weather, Nelson added.

Dairy Industry Eyes Two New Illinois Bills

Proposal 1-Cent County Levies, Mfr.-Affixed State Tax Stamps

SPRINGFIELD, Ill., June 8.—The dairy industry, represented by the American Dairy Industry Association, presented to the Senate the two bills which would affect the dairy industry in general and Illinois specifically, and the state and other retailers specifically.

The Senate received the first bill passed on the House floor (Senate Bill 272, sponsored by Sen. W. Baldwin) which would require a tax on each pack of cigarettes, regardless of whether the tax is paid by the consumer or the retailer. The tax would be imposed on the manufacturer or processor of the product, and the proceeds would be used for the support of the Illinois Dairy Industry.

The Senate also received the second bill (Senate Bill 273) which would impose a tax on each pack of cigarettes sold in Illinois. The tax would be collected by the retailer and the proceeds would be used for the support of the Illinois Dairy Industry.

NCA Convention Will Analyze Packaging, Ad, Sales Factors

CHICAGO, June 8.—National Confectioners' Association 25th ex-

pense and 25th annual conven-

tion at the Palmer Hotel in Chicago, Illinois, has been con-

cluded, with a total of 1,600 con-

vention-goers in attendance.

The convention's main events included a keynote address by Robert W. Mandell, president of the American Dairy Association, and a panel discussion on the future of the dairy industry.

The convention also featured a variety of other events, including a tour of the dairy industry's facilities, a reception for convention-goers, and a private dinner for the convention's speakers.

The convention concluded with a banquet dinner and awards ceremony, where awards were presented to the convention's keynote speakers and panelists for their contributions to the dairy industry.

The convention's attendees were from all over the United States and included representatives from various dairy companies, organizations, and associations.

Heavy Turnout At Convention Sees AIM Line

GRAND RAPIDS, Mich. June 6—Approximately 120 distribu-
tors of the music industry gathered Thursday and Friday (4-5) at the McNichols Auditorium to unveil AIM's new Model E line (see de-	ail page). On hand to address the distributors was Benjamin Bills, regional manager, presented at Northwestern University and assistant director for Regional Ac-
pancy, Evanston, Ill.

Those who spoke to the dis-
tributors included John Duke, presi-
dent; Bill Fitzgerald, western regional repre-
sentative; John Stewert, assistant to the president; Ed Rhett, eastern regional repre-
sentative, and Jack Minkel, eastern regional representative.

AIM distributors will show the three new photographs in their respective areas May 12-14 and running thru June 19.

Nebraska Guild Holds Election

OMAHA, June 6—The Music Publishers Guild held its an-
nual meeting in the Ralston Hotel Thursday afternoon and evening, June 1-2.

There was a good turnout of representa-
tives from the various sections.

Re-elected as president of the associa-
tion was H. W. Murphy, chairman of the board of directors. Howard N. Ellis, re-elected secretary-secretary-treasurer, is a mem-
ber of the Zwicker Music Company, Columbus, Ohio. Mrs. Henry Ellis was elected the new director for District 6. D. McWhirter was elected director of District 3. Jerry Wil-
son was re-elected director of District 2.

The meeting was opened by presi-
dent Murphy who again commented on the necessity of AIM's standards and the continual need for AIM's activities.

The meeting was adjourned.

EDITORIAL

Let's Tell Our Story

It is early to assess the results of the 65th Anniversary of the Music Machine Industry. But it is a fact that the industry has been able to maintain its position as one of the big public relations jobs.

Throughout the week, a number of special events were held on a local level, all the credit goes to an aggressive operator, trade association and national trade magazine's efforts to create a feeling of unity among all the stories marking the anniversary and telling something of the history of the industry. One of the main events was the ASDA convention, held this week, with listening audiences running into the millions, according to the industry magazines.

In addition to this, the industry has continued its tradition of lobbying for federal legislation to protect the industry's first public relations awards which were presented to the 65th Anniversary of the Music Machine Industry.

If we understand that the Automatic Phonograph Manufacturers' Association has long considered a continuing effort to protect for the juke box industry Operators' Awards of America, a considerably younger association, has decided to implement a campaign to protect the awards, perhaps more than the next one, we'll get it for them.

Connecticut Ops Nixing Dime Pay

Hartford, Conn. June 6—The Connecticut operators in the New Britain area are nixing the idea of paying dimes. The operators already paying dimes say that the customer reaction was given as poor.

The coin machine trade in the state is still holding to the old-time business of paying a dime for a quarter. The idea of going to a dime has been rejected by the operators.

AMF's Three In One A New Phonograph Trend?

GRAIN RAPIDS, Mich., June 6—The introduction of AMF's new Model "E" line of juke boxes is featured in a section of the Billboard, the first time a juke box manufacturer has ever exhibited a complete line of phonographs offering a new trend which has been developed over the past few years.

Details of the new line, which will be shown by distributors June 14-19, are contained in a separate story in this section.

The significance of AMF's decision to build a phonograph with more selections than 60, is the highest, while retaining both a comic strip and a championship box. A similar line of phonographs, which will be a feature of the Phonograph showings of the future, is the only one of its kind in this line, as the Ministry of Information, the AMF Juke Box Division, reports.

Selection Battle?

Across the country this week, operators who heard the rumblings of the new AMF line, are interested in the new trend which AMF is planning for the phonograph market.

The "E" line was being used for "E" line has several new features which make it a very popular line, according to the major manufacturers.

But the next big question, which won't be answered until the end of June, is this: will any other manufacturers generally build a line incorporating phonograph systems which offer a range of different number of selections?

Queen and Prince Crowned at Juke Box Week Climax

CHICAGO, June 6 — Little Linda McNally, who was crowned Queen of Music and Prince of the Phonograph, is the winner of the 1953 Juke Box Week Climax.

Mary Gillette, head of the AMF Phonograph Division, said: "The coronation was based on the success of the Phonograph Week in which AMF's Phonograph Division has been a large part of the winners' selection.

Both winners of the contest, Linda McNally and Prince of the Phonograph, are the only people who have been selected as the winners, as the Phonograph Week continues to be honored with the coronation of the Juke Box Week Climax.

Many of the winners of the Phonograph Week have been selected as the winners of this contest, which was held in June, and at the same time.

The contest was awarded to AMF's Phonograph Division, as the Phonograph Week continues to be honored with the coronation of the Juke Box Week Climax.

Bendix Debuts Coin-Operated Television Sets

BALTIMORE, June 1.—E. A. Welch, assistant general manager of the Bendix Radio Div., here announced this week that Bendix was making available a line of coin-operated television receivers. The announcement sets the stage for the announcement of the Elvis will be in 

Chicago, May 25 at the American Furniture Mart Show.

While other firms, such as Cozio, have made coin-operated television sets in the past, this marks the first time that Bendix, a major American video manufacturer, has made a coin-operated set with the coin mechanism already built in. Other sets have been standard receivers adapted for coin operation.

National Tele, Omaha, headed by J. E. Bergeson, has been named national distributor for the sets.

25-Cent Play

Welch said the complete line of Bendix receivers will have the coin mechanism, which is sealed in at the rear of the set. The unit plays 25 minutes per quarter and holds 25 quarters.

In addition, Welch said that Bendix is now making a new nickel, coin-operated set, called the A-1-A-Carte. This 17-inch set is designed primarily for hospital and waiting room locations, with the Ohio Bar, a device which allows but one person to hear the tape at a time, in addition to the coin-op. Welch added that the regular coin-operated Bendix would be suitable for hotel and motel locations, as could the sealed-in coin mechanism make the tapes proof. Price for the receivers has not yet been set.

Spagnola Holds 'E' Unveiling Week of 15th

CHICAGO, June 6—Mike Spagnola, general manager of the Automatic Phonograph Distributing Company, announced the "E" week showings of the new AMI model E would begin June 15. He said, "Invitations have been sent by the firm to all operators in the territory, welcoming them to the unveiling of the joke box.

Spagnola urged operators, whose invitations may have been delayed in the mails, to consider themselves as having been personally invited by him. Hosting at the unveiling of the new model E at Automatic Phonograph Distributors, in addition to Spagnola, will be Phil Weisman and Joe Gilmano, officials, and Fred Minter and Eugene Smith, salesmen. Ray Greier and John Harvey, of the service department, also will be on hand.

Powers to View New AMI Model at Plant

LOS ANGELES, June 6—Ray Powers, general manager of the Badger Sales Company here, said the firm will unveil for the first time in this city, to view the new AMI Model E. The firm was recently named Southern California distributor for the line.

Powers said that the firm would hold open house during the week of June 14. The main event for the plant will be held Sunday, when refreshments will be served. The firm expects to return here June 14 to complete plans for the local showing.

Detroit Prove Union Rivals Investigated In Blast Quiz

DEERLEI., June 8—Investigation of rivalry between two juke box workers' unions in connection with the bombing of a bar at 14655 McNicholas West, Detroit, revealed little.

The probe revealed no connection between the incident and the rivalry of the unions.

The building housing the bar was damaged by a bomb two weeks ago. At the time, Inspector Joseph Kemp recalled the owner of the bar had ordered a juke box removed and replaced by one serviced by another union.

The juke box which was removed was serviced by the AUI Coin Mechanics and Dealers Labor and Social Co., of which William Burt is president. The juke box which replaced it is serviced by an independent rival of Local 95, United Electronics Workers' Union of America.
