GRAND OPERA HOUSE, OWENSBORO, KY.

Under the Management of Pedley & Burch

George Gray and Frank Harrell will open the Grand Opera House this week with "The Red Mill," starring Susan Stentez and Robert Martin, both of whom have been highly praised in New York and Boston. The play is a fine one and promises to be a success. Miss Stentez is a strikingly beautiful young actress, and Mr. Martin is a first-rate actor. The cast is complete and the production fine. The house is well managed and the management should have a good run.

It is a Big Advantage for Streetmen to buy goods from N. Shure Co., because you can buy everything you need under one roof, and every line at the right price.

Pocket Knives we sell cheaper than an exclusive cutlery house. Jewelry cheaper than a regular jewelry house. Watches cheaper than an exclusive watch house; and every other line the same way. We have a larger variety of any one line for Streetmen than an exclusive house of such line. We occasionally meet an inexperienced streetman who has been "dubbing" around, having a little from every Tom, Dick, and Harry, not knowing any better until they get directed to us; when lo! they open their eyes till they fairly drop out of their pockets when they discover how they have been skimmed by the various small fry. Yes, Streetmen have a ROCKY ROAD of it until they find N. Shure & Co. to get their supplies from. Now, boys, this is going to be a big money-making season. Get into line. Get the Shure Winner Catalogue and a supply of the Shure Winner sellers.

A PARK WITHOUT AN ARCADE
IS LIKE A FOREST WITHOUT GAME.

An Arcade with Mills Machines bags the game—gets the money—because Mills Machines are the right kind, take well, your well, down the crowd by their attractive appearance and are a constant source of revenue. They are uniformly operated with immense profit to the owner.

One reason a Penny Arcade pays so well is that all money taken is 100% profit. Another reason is that it does not require an army of clerks—one man can look after fifty or more machines.

The fact that Ardeas costing $80,000 have been erected and run successfully is indicative of the profit they have made.

The reason it pays to equip an Arcade with MILLS Machines is that the Mills Novelty Co. is prepared to furnish a complete outfit—a greater variety of machines than any one else—the kind that take the money and do not get out of order. It's an advantage, you know, to buy a complete outfit from one firm.

YOU CAN COIN MONEY
WITH MILLS MACHINES.

They work for you while you are otherwise engaged. Every up-to-date Park now a days should have a Penny Arcade.

To make a success of an Arcade it is absolutely necessary to have new, novel and attractive machines.

Don't make the mistake of trying to run an Arcade with old and second-hand machines. It's the new features that pay.

The success of Harry L. Wibberley, of Grand Rapids, Michigan, in the opening of the St. Louis Daily Press Theatre, has justified the view that there are places where the dramatic art can be introduced with effect. The American Theatre Company, under the management of Mr. Wibberley, has made a good impression in this city and the public are promised a season of artistic entertainment. The opening night was well attended and the house was packed. The audience was enthusiastic and the success of the production was general. The play was well received and the acting was commendable. The scenery and costumes were effective and added to the interest of the performance. The American Theatre Company is well known for its fine productions and this one did not disappoint the expectations of the public. The success of this venture is a good augury for the future of the theatre in this city and the American Theatre Company is to be congratulated on its fine work.

WINNINGER BROTHERS

A SINGER AND A SONG

The story of one of the world's greatest names in music is a story of struggle and sacrifice, of triumph and tragedy. It is a story that has been known for generations, but never before has it been told in such detail and accuracy. For the first time, the entire story of the Winninger Brothers is revealed, including their early days in the music business, their rise to fame, and their eventual fall from grace. This is the story of two men who dedicated their lives to the pursuit of excellence, and whose legacy lives on today in the form of thousands of loyal fans and admirers around the world. The story of the Winninger Brothers is a testament to the power of music and the human spirit, and it is a story that will inspire and motivate readers for generations to come.

JUST TRY THEM.

IN JEWELRY, WATCHES, SILVERWARE, CLOCKS,

We manufacture all the Canes we list and show over 60 new and attractive styles that ever before were offered. We couldn't get the case makers to make the styles we wanted, so we make them ourselves, and will put every Came-Rack Man on the ground floor and save him money.

We can buy at manufacturers' prices and get the best to be had at a lower price than you now pay for.
