2 MINUTE DISK CLIX WITH OPS

Wires & Phone Calls Urge Immediate Production of 2 Minute Records. Means \$1.50 Instead of \$1.00 Play Per Hour. All Acclaim Suggestion of Music Op E. J. Pepper of Hereford, Tex. Claim 50% Income Increase Will Allow Ops to Continue on 50% - 50% Commish Basis. Disks Not Hurt by Speeded Time.

NEW YORK—Since publication of the suggestion of nusic merchant E. J. Pepper of Hereford, Texas, that records be timed to play but two minutes, instead of their present three minutes there has ,been tremendous acclaim for this suggestion received by *The Cash Box* from hoted music ops from all over the country.

Wires and phone calls have been received from these outstanding music operators and distributors, who not only acclaim this idea, but many of whom have also stated, "This is in great part the answer to the better commission basis problem."

It has long been a fact that all noted music ops are in agreement with *The Cash Box* suggestion that they simply must obtain at least \$15 per week front money guarantee to assure them a profitable operating business because of present overhead expense and the higher price of equipment.

The average operator has stated that the he would very much like to get immediately started on a \$15 per week front money guarantee with everyone of his locations, be fears his competitors, and also believes that many newcomers to the field would be able to push him ut of his best spots should be attempt to obtain front money.

The fact that the operators can't seem to get together on a better commission basis, which would be their one and only salvation at this time, forced this publication as well as many intelligent music machine ops, to seek for a new means to assure the machines taking in more money so as to be able to meet the high cost of automatic phono operating these days.

The result to the questions asked by The Cash Box n its Fall Special (Week of September 22, 1947) issue as a flood of mail from almost every city and state the nation. This, in itself, proved that the ontire wate was seeking for some means and method to better wate was seeking for all concerned. It also proved that the average music op was doing a lot of thinking to find way out of his present high cost overhead morass.

Many suggestions were made to *The Cash Box*, even to all agreed that the simplest and best answer at this was the \$15 per week front money guarantee. Yet, then believed that, as one noted music operator that, a.ooga, Tenn. wrote to *The Cash B s*: What The Faster Play 2 Minute Record Means To Music Merchants 3 Minute Record: 20 Plays Per Hour @ 5c Per Play=\$1.00 Per Hour 2 Minute Record: 30 Plays Per Hour @ 5c Per Play=\$1.50 Per Hour

"Your theory is alright. But, it'll never work. There are too many ways operators like to outsmart one another. Most ops could not hold 5% of their locations here if they demanded front money. Believe it or not, we have about 10 spots we give front money to. The big operators in most cases would cooperate on an idea like this, but it would be made ineffective by the small and part-time operators.

"You have a good idea", the letter goes on to state, "but there is no solution to the operators' problems today except to hang on or get out of the business."

Dozens of such letters have arrived at the offices of *The Cash Box*. Many were much more optimistic ihan the above. Some were more pessimistic. But, generally, all believed that the cure was not in trying to get more from the location owners directly.

Therefore, when E. J. Pepper's suggestion arrived, *The Cash Box* immediately publicized it and instantly contacted some of the largest music ops around the nation by phone to hear their reaction.

The reaction of the music operators was very heartening. All agreed with the proposal of a 2 minute record. The record firms who were questioned also agreed. In fact, one noted record manufacturer, who had just finished a session with one of his stars, cutting eight sides that afternoon, stated, "Most of the sides we eut run from about two minutes and ten seconds to about two minutes and forty seconds. It would be the simplest thing in the world for us to cut off these few extra seconds. What's more", he said, "Tm sure that this would not, in any fashion whatsoever, affect the musie itself. Believe it or not, I'm convinced it might even do a lot of recordings a great deal of good and make hits out of some of these long drawn out flops we've had."

One noted op stated, "I believe that even on the present three minute record; that the tone arm could be so arranged as to cut into the opening of the record and play it right thru the first chorus. and finish at two minutes, without hurting the composition in any way." What is most important to the music operator is the fact that the peak play hours, to which all agree that the average location in the nation always has two full such hours, would mean 50% more coin for the operator.

'In this way", one noted op stated, "we should be able to continue on the present 50%-50% commission basis and yet we would all be earning more money and the location owners would be more than happy to work with us, since they, too, would earn more and the music, we feel, would be even better."

In short, the present approximately 3 minute recording earns the operator \$1.00 per hour for the 20 plays at 3 minutes each. The two minute record would earn \$1.50 per hour playing 30 records during the sixty minute period. The difference of 50c (or 50%) more per hour is the best answer to increased take.

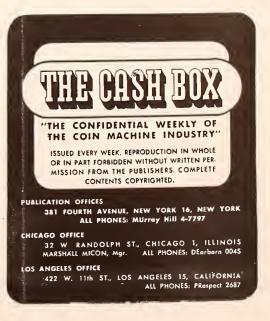

Yet, *The Cash Box* believes, as many of the leading ops about the nation do, that the music op should still get at least 70% to 75% of the gross income even on this speeded play. The difference which the operator would get would still bring the location more money.

Removing 20% to 25% more from the difference of the 50% more which the machine would earn would still allow the additional 30% extra, because of the 2 minute record and the speedier time to be divided, and allow the storekeeper to obtain approximately 15% more than he obtains at this time.

One noted op puts it this way, "The locations will be satisfied to get what they are now getting from their machines. We will be getting more. With 2 minute records I'm going to make a deal with many of my locations to give them just what they are now getting from the collection and we shall profit from the extra money which comes and which should amount to at least 20% more on the overall take."

The speedler playing time, cutting one full minute off the three minute present recording, will bring the necessary extra money needed by the operator to cover his higher overhead and allow him to better meet his notes. It will also give him the opportunity to buy more new equipment, especially for his better locations, since the peak play hours there are much greater than in the smaller spots, and the machines could then be paid for at a faster rate than at present.

The hope of all those who told *The Cash Box* on the long distance phone that they are absolutely "sold" on the idea of two minute records is that, "The manufacturers, distributors and all operators will enter into this program and will demand from the major record companies that they now make two minute, instead of three minute, records. This is the best answer we've yet come upon to date. We feel that with all the industry back of this plan that the record companies would manufacture two minute records for the juke box business, even if they wish to continue with three minute records for the home field."

The Cash Box

THIS CHART WAS HAND DRAWN BY A NOTED KANSAS MUSIC OP IT APPEARED IN "The Cash Box" WEEK OF AUGUST 12, 1946

Today the Situation is Greatly Aggravated, Far and Beyond the Original 70% - 30% Commish Proposal of THE CASH BOX. Check this Chart Very Carefully. Decide for Yourself Whether You Are Obtaining an Equitable Share of the Intake from Your Machines. Change Your Commish Basis Now. Even With a 2 Minute Record You Should Get 70%.

NEW YORK—More than a year ago a noted Kanzas juke box operator sent us this chart, which he had hand drawn, to show all other music ops that there was a great and crying need for a minimum of 70%-30% commission basis as, at that time, was proposed by The Cash Box.

In this chart he shows the following facts:

Operating expenses:
Replacement of Equipment \$23.00
Wages 18.00
Records 5.00
Taxes 3.90
Repairs 2.50
Rent 1.65
Transportation 1.65
\$55.80

Or a total of \$55.80 of every \$100 that the juke box op takes in goes for the above costs. In short, on a 50%-50% commission basis, the operator loses \$5,80 on every \$100 which he takes in from his route.

As for the location's 50% of the \$100 he shows the following expenses:

\$3.50

Or the fact that from his \$50.00 share

of the \$100 (on a 50%-50% commission basis) the location owner earns \$46.50whereas the operator loses \$5.80.

Now, on a 70%-30% commission basis (70% to the operator and 30% to the location owner) this operator's hand drawn chart shows where the operator will EARN \$14.00 on each \$100 of income taken from his machines.

The situation is very highly aggravated at this time (because of the present inflationary era) which has raised costs over 200% since the publication of this chart.

Many believe The Cash Box suggestion that the operators arrange to work on a 70%-30% commission basis with their locations is still the best.

Some state that the \$15 per week front money guarantee is best for each individual location, as an individual location, but, that in the aggregate the 70%-30% commission basis proposal of *The Cash Box* is still the best for the juke box operator.

Since the publication of this chart. The Cash Box has reprinted many thousands for use by operators who have passed them along to fellow ops in their territories and who have also uted them in blow-up (giant) size to present before association meetings to prove the great need for a better commission basis.

There is no doubt that costs have tremendously risen since publication of this chart on August 12, 1946. But, even as is, it most definitely proves to every single juke box op in this nation that he simply must arrange for a better commission basis to assure himself a profitable business future.

As he goes thru the chart and checks it with his own statements, which his accountants present to him each month, he will find that it stands up under the closest scrutiny.

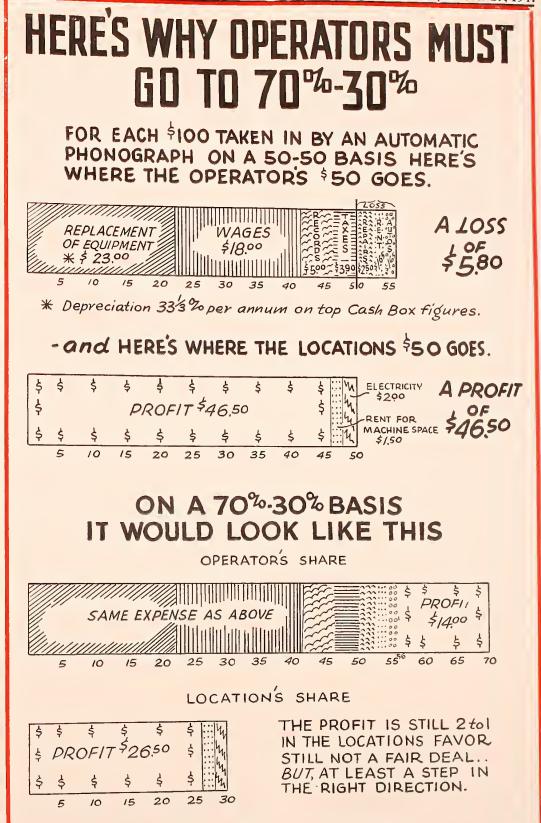

As this op states at the bottom of the chart, "NOTE: These are not fictitious figures. They are taken from the books of an operator."

That, in itself, should answer one and all as regards the great need for a better and more substantial share of the present gross income which the machines are earning.

At this time the location owners are making money from their juke boxes, but, the operators are actually fighting with everything they have to keep their heads above water.

This must absolutely be reversed # the automatic music industry of America

income, while the operator will be ob-

i to go on ahead and grow greater continually.

Even with the new suggestion (which appears on Pages 3 and 4 of this issue) the music merchant should still obtain at least 70% of the gross income from his automatic music equipment. With the fact that he can earn 50% more (with the 2 minute record) during the peak play hours and at least 20% more for all week overall play, the location own-

This chart, therefore, ties right in with the suggestion for speedier timed (2 minute) recordings.

DIRTY JUKES PLUS **ROTTEN SERVICE KILLS CHANCES FOR BETTER COMMISH**

Woman in Juke Box Biz Makes Startling Revelation Why Some Ops Don't Dare Ask Locations for Better Commish Basis. Says, "Women Would Be Better Operators."

NEW YORK—One of the frankest, yet nost shocking and surprising letters ever received arrived at *The Cash Box* offices here this past week containing some of the most startling revelations.

some of the most startling revelations. For years now, this publication, as well as all leading juke box ops' asso-ciations, manufacturers and others, have continually hammered home the lesson of precision service, beautiful, sparkling clean equipment, and outstanding busi-ness methods to the juke box industry. It seemed that any discussion of un-clean machines was forever ended — until the following letter arrived.

"I am a distributor's wife. I work in the office with him. I have had a well 'organized life' up to the time I started in this business. I listen to these ops gripe about the high cost of equipment, and this includes everything from the cost of gas for running their cars and trucks to the records they use for months. Also, I listen to their troubles, everything from locations to their latest gal friends.

gal friends. "I worried myself sick when we first opened this office because we could not make deliveries of new equipment. You remember — the factories weren't mak-ing 'enough' then. After about 18 months of this one-sided stuff, I decided that I would make a point of eating in restaurants having juke boxes. To stop in different taverns, etc., just to learn what the heck was wrong with the loca-tions, or the operator.

tions, or the operator. "I found: filthy phonographs. The grease and d.rt was so thick that one could not tell the color of the plastics. Plastics were broken and patched with everything from rivets to adhesive tape. Some plastics were completely out. 75% of the machines were without light bulbs. Title strips were written with pencil, crayon, pen, typewriter or simply left blank. Records were so old on some of the machines that I felt as tho I were back in college again. The needles, al-most without exception, were worn down to the hilt. Coin chutes were stuffed

with paper, and a few had a sign 'out of order'. (Was in some of these places twice a week and the chute was not re-paired even after two weeks.)

"Wall boxes with broken glass, some 'out of order' for over a week. Title strips in these matched those in the phonographs. Needless to say I didn't see the interior of these boxes on loca-tion, but, we took, and are still taking, 'trade-ins' of some of this equipment. I have never seen such filth. Dead mice, roaches. and heaven knows what else in the cabinets."

The letter continues, "The machines checked by me included almost every model made right from the start to the present day. I d d not have any idea, in most cares, who these machines be-longed to. Therefore I see no reason to believe that there are many 'exception-al' ops in our territory. I believe I saw at least one machine of each, or to be most conservative, machines of 95% of the local ops. Nor do I have reason to believe that ops in other states take any better care of their equipment.

"I do not blame any location owner who has obsolete, broken-down equip-ment, for not giving the operator a penny more than 50%. I do not blame locations for griping, wanting to buy their own equiment or change operators, especially if he has a phono with old records, broken plastics, dirty cabinet and all the other things mentioned above above

"I'm mad. The more I think about it, the more I am convinced that women would do a heck of a better job in the phonograph operating business than any man I know

"After my limited research, I suggest the following wou'd perhaps place an operator in a position to demand, and get, a \$15 weekly front money guar-antee on every location he has:

"1) Clean up equipment, inside and especially outside."2) Personally check every record placed in a machine.

'3) Replace light bulbs immediately. "4) Type and cleanly. Type all record strips, clearly

- "5) Demand that each location phone, and answer that call, when a coin chute doesn't take coins or when a wall box is out of order.
- "6) Change e needles, at least once 1,000 plays, or oftener if every 1,00 necessary.
- "7) Get off his so-and-so and do a lit-tle real work.
- "8) Quit treating the music business as the it were a 'racket':
 "9) Realize that there is more to a phono route than collections."

It seems to *The Cash Box* that little further need be said. There have been, and probably always will be neglectful, indigent operators who continue along on the theory that they can continue to fool the public all of the time. Perhars, after reading this letter, by one of the outstanding women in the juke box in-dustry (whose name is being withheld by this publication) some of them may feel sheepish enough to "STOP CLUCK-ING AND START WORKING". Real. honest-to-goodness work. The kind of effort that makes for success. The kind effort that makes for success. The kind of effort and hard work which built the industry to its present status on the American industrial scene.

MORE OPS SWING OVER TO **GAMES FIELD Survey Discloses More Mixed Routes** Than Year Ago. Music and Vender Ops are Adding Games to Boost Present **Income and Cut Down Servicing Cost.**

NEW YORK—A survey just finished discloses that more ops than even twelve months ago (when *The Cash Box* last surveyed the field) have swung over to the amusement games field and are intermixing their present music and vendor routes with games.

One letter received tells the story quite frankly, "We've been working harder than ever in an effort to make a go of it with our music and cigarette machines. I can only tell you that even tho we worked like beavers, the results weren't what they should have been.

"So, to somewhat offset whatever loss we endured, and to further boost our income so that we could again see some profits, we have added pin games and rolldowns to our present route and. I'm happy to report, these machines have put us back in the black again.

"Perhaps", this op continued, "if we just operated the games alone we might not come out of the red. But, in connection with our music and cigarette vendors, they have put us in very good shape and we are satisfied that our men can service mixed routes just as casy as they can one specialized type of equipment."

This seems to be the answer all down the line. Every op seems to have come to the conclusion that the overhead problem must be solved by taking on whatever equipment the individual location can use. Some music ops have even turned to using peanut and other bulk vending machines as well as games in various locations to help defray servicing costs.

They have also surprisingly learned that their mechanical staffs are able to handle the games just as well as the phonos.

The merchandising machines don't

seem to give them as much servicing problem as do the phonos and games.

"But", as one noted op stated. 'it does take a good mechanical staff to handle all types of machines and we have also found that, in the long run, we are saving money by having our mechanics handle all of our equipment, instead of just one type."

Another operator writes, "For a long time, probably because of the good service we have been giving all of our locations, they have been asking that we also install games. But, we continued to stick to music only.

"This past year we proved ourselves wrong. We turned to games and even to bulk venders in an effort to overcome the heavy servicing overhead which our accountants showed us each one of our locations cost us.

"The result is that we not only saved money on the servicing, by dividing the cost up between the various machines we had on the location, but, we found that we earned more money than we did before and could also continue on the commission basis we had set up with the locations without fear of the new blood trying to kick us around.

"In fact, in some locations we are now getting enough from games and venders to offset whatever we formerly lost on music and, because of this, we have made arrangements with these location owners to give us a better commission on our music machines which they didn't mind doing because they were getting more money from the entire set-up in their places."

Operator after operator reported that he had installed games and venders to bolster the income from his music. With music leading the field, because more than 85% of the people engaged in the trade are also using music equipment, it is surprising to note that so many switched into the games and venders fields with interest in the games field biggest of all.

There is no doubt that this will grow stronger as the manufacturers continue to build better amusement equipment, is the general belief of the men now engaged in the operating business.

They also believe that the fact many distribs have cut down on prices and have arranged for higher trade-ins has also had a good effect all around on the operation of amusement machines.

As more ops swing over to the games it is generally believed that the manufacturers in the amusement division will make it their business to get these men to stick in this field for it will give them better production and will also assure them of a larger volume market which can bring about finer equipment.

An Invitation to the Editors of "The American Weekly"

Gentlemen:

In your issue of October 19, 1947, page 28, you featured an article, "WHO GETS YOUR JUKE BOX NICXEL?", along with an illustration depicting the average automatic music merchandiser as someone closely identified and associated with a "racket".

Rather than enter into a long discussion here as to the many erroneous statements which have beel made in this article, and to also defend myself, my friends and my family from being tainted with the word "racket", I would much rather extend this invitation to you to visit with me, at my expense, to go over my books with me, call on my customers with me, and learn at first hand whether the automatic music business, in which I am now engaged, is so startlingly lucrative as you state in this article and also whether it is, or it not, a "racket".

I feel that you owe me, my family, my children, my friends, an apology. I feel, too, that the best way for you to really understand our business is to visit with us. I believe that then you will retract a great many statements which were male in this article and that you will also believe with us that we are bringing America's own popular music to millions of people everywhere in these United States (and in many foreign countries) on the most economical basis which this music has ever been sold. Sold so economically, in fact, that the average juke box merchant has very little but a living left for himself these days.

I do most sincerely hope that you will accept my personal invitation to visit with me and learn more about the industry, which your article so sensationally and erroneously labeled "a racket", so as to once and for all time correct that impression.

Very truly yours,

ASCAP PREPARING NEW BILLS FOR NEXT SESSION OF CONGRESS

NEW YORK—Even before the new session of the Congress of these United States is called to order, word has come from certain members of ASCAP (American Society of Composers, Authors and Publishers) that they will once again return to Washington with bills to change the "Copyright Act of 1909" so that this organization, and all others who publish or write a tune, will be able to extract tribute from each and every juke box in the nation.

This was expected. Everyone of the music merchants present during the open public hearings before the Sub-Committee of the Committee on the Judiciary, realized that ASCAP and all the other music protective organizations, would return again and again, until they would either win, or once and for all time be stilled in their endeavor to make this coin operated music industry pay this highly privileged group tribute to its treasury which would not, in any fashion whatsoever, benefit the peoples of this nation at large, and which latter, as is well known, is the function of the Congress—to benefit the peoples at large.

It has long been most sincerely hoped by *The Cash Box* that ways and means could be arrived at wherein this continual battle for tribute would be forgotten. That there could possibly be passed a new law, an amendment, an agreement, even an understanding, that the juke box business was not there to, in any fashion whatsoever, use an artist's composition only for itself. This hope was best expressed by *The Cash Box* in the plan that there be special records manufactured for the juke box industry which would read on their labels, "For use in coin operated musical instruments".

There is no doubt that such records would give all rights and privi-

The above three attorneys were chosen as the "three man legal committee" for the nation during the public hearings held on the Scott and Fellows Bills this year in Washington. Sidney H. Levine, who will long be remembered for his remarkably fine talk before the Congressional Sub-Committee, is attorney for the Automatic Music Operators Assn., New York; Sol L. Kesselman is attorney for the Music Guild of America, Newark, N. J.; and Wm. H. Rosenfeld is attorney for the Ohio State Phonograph Merchants Assn. The above three men, it is most sincerely hoped by all automatic music leaders, will keep their eyes peeled for the introduction of the next ASCAP and other music protective associations' bills in Washington when the next session of Congress is convened.

leges to the automatic music industry and would, perhaps, forever still these organizations who believed that their music was being misused and mishandled and also greedily absorbed without sufficient payment thereof.

This is, then, the time when the three man legal committee formed in Washington during the past Scott and Fellows Bills hearings, should once again be brought actively to the fore by those organizations whom these attorneys represent.

These men proved their mettle. These men were, to a great extent, instrumental in defeating this past legislation. It is these men, then, to whom this industry looks for its future protection.

It is also the hope of The Cash Box

that this year there will be many, many hundreds of automatic music merchants ready, eager, able and willing to attend each and everyone of any hearings which may be called.

It is also the hope of *The Cash Box* that everyone connected with the automatic music industry will throw his complete support back of this legal committee, tr any other which may be chosen.

And, finally, it is the sincerest hope of *The Cash Box* that those men who will come to Washington, should these new bills be presented as it is stated they will be, that they will cooperate as gloriously and as closely as did the men who were present during the past Scott and Fellows bills hearings—so that success may once again be assured.

"Fat Man Blues" "Just Plain Foxy" Lee Norman Orch. (Lissen 1041)

(Lissen 1041) • Pair of sides that are bound to make your race spots jump for joy and yowl with glee are these done up brown by the Lee Norman crew. Featuring Fats Thomas pitching in the tonsil department, the duo look like a pair that will gather loads of coin. Titled. 'Fat Man Blues'' and 'Just Plain Foxy'', Fats renders the pair in full throated voice with lots of kicks coming in. On the top deck, Fats really gives with his all to set up a platter replete with loads of howling. Mood is stock race tempo with Fats warbling spinning around the title. On the flip, the Norman boys join Fats in walling the smart lyrics, with loads of beat and meat behind the piper. Ops that have spots for this brand are missing a bet by not getting next to this pa.r.

> "Rock Bottom" "Fatso" Gene Phillips (Modern 20-546)

(Modern 20-546) • Pair of sides by comer Gene Phillips, currently riding high on the boxes with his version of "Big Legs" comes a calling to rate like a spade flush. You'll go for Gene as he beats it out to "Rock Bottom", side with a heavy mood set way down low. Mood is mellow all thru with the warbling coming thru in fine manner. On the flip with more stuff aimed at your race spots Gene offers the cute wordage to "Fatso". Side continues the merriment set on the top deck and should meet with wide approval on the part of a host of phono ops. That Gene is well loaded down with heavy possibilities is established on this pairing. Get next to the boy—but pronto.

"Tonight You Belong To Me" "Donkey Serenade" Leo Diamond (Vitacoustic 962)

(Vitacoustic 962) • More harmonica music out of the Vitacoustic plattery, and smelling of coinplay all the way thru is this release by Leo Diamond. Mouthing the rhythm to "Tonight You Belong To Me" and "Donkey Serenade", Leo shows vibrant quality in his musical styling. Ops that have the spots that love to listen to this brand should stack on this disk. Top deck spins in the slow manner and is flavored greatly by an instrumental background throughout. The flip is the familiar "Donkey Serenade" with Leo offering his interpretation of this familiar and ever popular air. Both sides are rendered in top styling and deserve your listening time.

"My Mother's Eyes" "You Better Watch Yourself Bub" Nellie Lutcher (Capitol 40042)

(Capitol 40042) • It's Nellie Lutcher and her own inimitable piano and warbling style that sets the pace on this cookie, with the refrain echoing full of coin rlay for ever 2-d a day. Top deck grabs the glory as Nellie wails, the oldie. "Mv Mother's Fives". Nellie's wee voice with chips of scat therein makes for a mood the likes of which this ditty has never seen. It's offered in toned down pattern, with Nellie coming thru the ivories to taint the wax full of buffalo. On the flip with an original, Nellie offers "You Better Watch Yourself Bub", and repeats the coin success of the top deck. Mood is lively and shows the gal in a fine light all the way. For a sure deposit, latch on to Lutcher and "My Mother's Eyes".

DISK O'THE WEEK

"I'll Dance At Your Wedding" "Golden Earrings" Peggy Lee (Capitol 15009)

PEGGY LEE

• Oh can this lassie chirp! The tone of her pipes on this duo will have all the fragrance and odor of coins dropping into the chute, once music ops get a load of this platter. It's Peggy Lee spilling the lively and cute message to "III Dance At Your Wedding." With Peggy trill-ing the light airy wordage and Dave Barbour making music that Dave Barbour making music that counts, the deck stacks up higher than the moon here. The mood of the song is happy throughout, with Peggy following the lead to come thru in fine manner. Quiver in the gal's pipes adds loads to the score set by the maestro. Cute break full of kicks comes thru in the second chorus, with Peggy joining the crew to make for the laughter. "Golden Earrings" doesn't by any means rate as a B side here for the wonderful sparkling treatment Peggy and the boys lend this gypsy air boosts the tune's possibilities as high as a kite. Cute opening sets the mood off with the down to earth, intimate vocal effort by the canary riding thru in great measure. You're bound to go for the platter in a big way—grab onto it but quick for a load of coin play.

"I Love You Yes I Do" "Sneaky Pete" Bull Moose Jackson (King 4181)

(King 4181) • Music ops will stop a bit and listen once they get a load of this deck. It's Bull Moose Jackson in the subtle mood rendering a ballad as beautiful as any around. "I Love You Yes I Do" stacks up as a real heavy coin winner in any machine. Jackson's full throated vocal rings true with the mood of the ditty way off in the sublime. The setting of the tune is of the sort that sets you down a bit and literally makes you wanna listen. Bound to be grabbed up like a hot potato, ops would do well to grab this cookie but fast. On the flip with the setting off on another end, Jackson combines with the orchestra to knock out some hot jump stuff ably suited for your race spots. Repeating theme echoes here, with the spot on the warbler again. The side to get next to—quickly at that, is "I Love You Yes I Do".

"Peggy O'Neil" "Sweetheart Darlin'" Johnny Thompson (Regent 109)

al

• Bound to be on many an operator's machines before long, this platter by a new boy and a new star at that, is sure to attract wide attention in music circles. Top deck, titled "Peggy O'Neil" is done up in pure simple manner tainted with just the right amount of Erin within. Johnny's voice takes top honors behind a beautiful setting by the Dan Mendelsohn ork. Ditty is aimed at those tavern spots, and is suitable for dancing and listening pleasure alike. On the flip with more stuff in the mellow, light mood full of flavorable rhythmic notes, Johnny once again comes thru for ops throughout the nation. You can peg this boy for a load of attention, once his platters start spreading around.

"Curiosity" "Theme To The West" Stan Kenton Orch. (Capitol 15005)

• Oh what a cookie! Just made to fit your phonos and fit them neat and trim s this first release by Stan Kenton since his reorganization. Stan rips, trips and swells to astounding heights of glory with this stellar presentation in June Christy and "Curiosity". Putting together a Latin beat and pure "Kentonese" for rhythmic patterns, chirp June steps in to grab a star of top notch vocalizing to match the brilliance of the ditty itself. The wide following Kenton has is sure to attract a load of coinadd to that the attractiveness of this disk and you've got a heavy money-maker. On the flip some artistry a la Kenton, maestro Stan renders an original com-position labeled "Theme To The West." The stuff makes for wonderful listening moments, and if you have the spots that go for Kenton at his best, this side will show. "Curiosity" on the top deck means coin play on the trek.

"Careless Love" "I'm Gonna Be A Bad Girl" Ruby Hill

(Crown 154)

The sultry voiced warbling of chirp Ruby Hill echoes here on a pair that may well fit your phono needs. Well noted as a capable lass with the tonsils, Ruby struts pretty as she offers "Care-less Love" and "I'm Gonna Be A Bad Girl." Top deck, traditional blue stuff, and a number that always went well in those better race spots, shows Ruby in fine voice wailing the charming word-age. With Enoch Light and a crew making music, the deck stacks up as one well loaded with possibilities. On the flip with "I'm Gonna Be A Bad Girl", Ruby reiterates the title, to keep the same tempo and mood set on the top deck. Spotlight all the way on Ruby, with an extra orchid for a wonderful rendition of "Careless Love."

"Muchachita" "Love For Love" Andy Russell (Capitol 15006)

(Capitol 15006) • Here's a ditty you're going to have to feature on your machines! With Andy Russell to the fore to wail the pleasing wordage of this Latın tınted cup.d.tty, the deck titled "Muchachita" fairly sparkles for a coin-ride galore. Andy's pleasing tones of rapturous solitude spill thru the excellent background furnished by the capable Paul Weston ork. With loads of zest and power behind his rendition, the platter is one that is destined to be a must on your phono. On the flip with the flicker tune "Love For Love" from the Warner Bros. pic "Escape Me Never", Andy once again shows the fine styling of his pipes as he walls the romantic wordage here. Top deck beckons coin-grab it.

"Pretty Kitty Keelan" "The Green, White & Gold" Tony Vale (Tri-Color 92)

ITri-Color 921 • Pair of sides offered with Erin treatment and aimed at those spots that go for this brand are done up in royal manner by Tony Vale here. Top deck, labeled "Pretty Kitty Keelan" is flavored full of the Irish, and is bound to attract loads of attention in those tavern spots. Tony's vocal efforts are favorable a.d are bound to be appreciated wherever phono fans gather. On the flip with more or the top deck in the waxing of "The Green, White & Gold," Tony once again displays his top vocal styling to come thru for a host of ops. Both sides are in the tender mood, with orchestral accompaniment offered coming thru to fill the bill. Music ops that are looking for a hunk of wax to fill that extra spot in their machines, would do well to get next to this pairing. "Lazy Countryside"

"Lazy Countryside" "Too Good To Be True" Tony Martin (Victor 20-2396)

(Victor 20-2396) Pair of sides from the Disney production "Fun and Fancy Free" are offered in pleasant musical and vocal styling by the capable Tony Martin here, and rendered in the light and tender mood that has made Tony a favorite everywhere. Wailing the pleasing wordage to "Lazy Countryside" on the top deck, Tony's soft spoken treatment lends the ditty an air of beautiful simplicity that sends the stock of the song way up high. On the flip with "Too Good To Be True" the piper echoes the title to make this ballad a comer. Tony's wide following and popularity is bound to account for a load of coinage here, and ops would be wise to grab a listen on the pair.

"Save The Bones For Henry Jones" "Harmony"

Johnny Mercer & King Cole Trio (Capitol 15000)

(Capitol 15000) • Pair of novelty cookies by the popular and capable combination of Johnny Mercer and the King Cole Trio are done up brown here as the group combine to render "Save The Bones For Henry Jones" and "Harmony". Top deck grabs the spotlight with Johnny and Nat Cole coming thru with the vocal treatment. Natch the mood is hapov. while the instrumentation of the Cole boys flavor the waxing immensely. On the flip with "Harmony", the combo once again get together to knock out peak material for the phonos. The ditty itself should be familiar to many an operator. Pianola treatment by Nat echoes in vibrant fashion, while Johnny and Nat come in again for some mighty fine tonsil work. The lid is hot-get next to it.

JOHNNY LANE

• Don't stop now-keep on being surprised, because that's what this choir boy is going to continue to do. Latest baladeer on the wax horizon to set tongues a whirlin' is Johnny Lane, and this rendition of "My Guitar Is My Sweetheart" offers just cause for this wide talk. Johnny's intimate style of warbling makes you feel as if the lad is pitching right at you, with the tone and moducation of his pibes mining the air with soft velvet phrases that satisfy. The ditty itself, done up in light airy mood, with a guitar echoing fragrantly in the background flavors the song immensely. Ops are bound to go for Johnny's tonsil work and go for it in a big way at that. On the flip with "Castanets and Lace", the piper once again shows top vocal styling throughout this pleasant Latin ditty. Pitch is mellow with the orchestral accompaniment furnished by the Dave Rhodes ork enhancing the piper greatly. Keep your eyes peeled on Johnny Lane —and latch on to "My Guitar Is My Sweetheart."

"Too Fat Polka" "For Me and My Gal" Arthur Godfrey (Columbia 37921)

• This thing is so mad it's great! In fact, not only is it great, but music ops are going to find themselves ordering and reorder ng this cook a in a fact Arthur Godfrey, of radio's "Talent Scouts" fame does this bit labeled "Too Far Polka", and does it with such latent styling as to attract loads of attention. Wailing the familiar wordage in bass vocal treatment, Art offers loads of merriment on the deck to score like a spade flush. Wax spins in fast polka time with the crew coming in to add loads to the tune's possibilities. On the flip with the oldie "For Me and My Gal", Art once again comes thru for ops. The side they're going to be talking about, and heavily at that is "Too Fat Polka".

"Chickasaw Limited" "Sincerely Yours" Martha Tilton (Majestic 1174)

a

• Blue ribbonned package of wax is with this ditty. "Chickasaw Limited", a train song with loads of appeal as offered here in the fragrant vocal styling of chirp Martha Tilton stacks up as a platter that is bound to attract loads of attention and coinage. Martha's wee vocal strains spill in light airy rhythm behind a background of plush Pullman and a vocal combo. With the wordage weaving around the title throughout the platter, the chirp shows a top notch performance with a song that's bound to go far. On the flip, the thrush changes the metro of the top deck to come thru with the popular "Sincerely Yours". It's the gal's pipes that get you here, and bring you down to listen. Recommended—"Chickasaw Limited."

"Love For Love" "Jumpin' Jubilee" Hal McIntyre (MGM 10090)

 Long missing from the phonos as a name attraction, Hal McIntyre and his band offer a pair of sides that may well reestablish his following. Topside tune, titled "Love For Love", from the forthcoming Warner Bros. flicker "Escape Me Never", grabs the glory on this cookie as maestro Hal sends piper Frankie Lester to the mike to wail the cupid wordage. Ditty is adequate as rendered here and should make for favorable listening time on your phonos. On the flip with an instrumental piece, Hal and the band join forces to run thru "Jumpin' Jubilee". Wax spins in mellow timing with the crew showing their wares in gay styling. Ops that have an extra spot in their machines would do well to listen to this pairing.

"Here' Goes A Fool" "Too Late To Be Good Blues" Maggie Hathaway (Black and White 113)

• Pair of sides done up in the blue moody vein, and offered here by Maggie Hathaway in pleasant vocal styling are aimed at ops who have those classy race spots. Top deck labeled "Here Goes A Fool", weaves in slow mood with background music filling the bill. Maggie's vocal efforts are bound to be appreciated by those who love to set awhile and weave to the rhythm the music spills with. On the flip with "Too Late To Be Good Blues", Maggie reiterates the mood set by the top deck to come thru with more mellow blues. Warbling weaves around the title, while a dreamy guitar flavors the song greatly. Although both sides won't stop traffic, they are nevertheless favorable renditions of blue wax.

Byrde Gore The buzzing up and down the corri-dors of Tin Pan Alley this past week has started to blossom forth into the homes of millions of America's record buyers. Of course we're speaking of the impending recording ban. Practically every person in the recording business has another slant on the ban, with some agile and shrewd businessmen gather-ing in corners' to formulate plans. Among the many we've heard this past week is the alleged plan afoot to band all the recording companies together and present their case to the public thru tising. Several prominent disc jockeys in the New York area plan on holding owno claim the tourist business will sud-denly perk up — in the direction of Mexico and Canada. It looks like the New Year wills thing on more than 1948.

MUSIC BIZ BUZZES ABOUT PETRILLO Claim His Statement to Never Again Allow Records to be Made is to: 1) Force All Factors Involved to Obtain Special Federal Legislation (or Amendment to Taft-Hartley Act) to Allow for Continued Payment of Tribute to AFM; or: 2) Create New Musicians'

of Tribute to AFM; or: 2) Create New Musicians' Organization Similar to AFM (Same as Happened in ASCAP-BMI Case) Whose Musicians Would Be Willing to Play for Recordings.

NEW YORK — With the dawn's early light this past Monday morning stealing over the buildings shadowing Tin Pan Alley the buzzing about Petrillo's statement to never again allow his musicians to make records or transcriptions continued to grow louder and louder until, by the end of the week, the boys "on the street" had decided all that there was to be decided about James Caesar Petrillo himself, "his boys", and all connected with radio, with juke boxes, with transcriptions, with the manufacturers of phonograph combinations, and everyone and everything concerned, in any fashion whatsoever, with recordings, including "what would happen to the disc jockeys".

The concensus was that; 1) This was Petrillo's way of telling all these factors involved that it was now up to them to either obtain special Federal legislation (or to amend the one provision of the Taft-Hartley Act which referred $(\bigcirc p_{2y})$ ments to a union) so that the record business could continue to pay into the treasury of the American Federation of Musicians its \$2,000,000 (or more) annual tribute; or 2) For all the members involved in the ban to get together and create an entirely new organization, similar to, but separate from the AFM, wherein the musicians who would join this organization would be willing to play for recordings.

Perhaps both statements, on which "the street" decided, are correct. Perhaps, again, they are wrong. Maybe Petrillo already has the answer to what he wants and will pop with it when he believes the time is ripe to do so. Whatever "the answer" is, none really seem to know at this time. But, the boys are guessing and, it seems, many of Petrillo's own little people (the musicians themselves) are not too much in agreement with him. One of these (who asked that his name be withheld, which can be understood) believes that, "Gee, all the people who bought phonographs or radiophono combinations will now find them useless. That ain't right. We got one in our own house. And I sure don't want to see no one who paid good money for a phonograph not be able to get no more records."

It is easily recognized that Petrillo's statement does affect all who own phonographs, or radio-phono combinations, or anything else which will play a record. And this means that Petrillo has now taken his punch at the great American public—a body blow.

But, this publication is concerned solely with the juke box business. It realizes that far out in the hinterlands of this nation, as well as in its great cities, there are people who like those minutes and hours of relaxation with juke box music. And this is so proved a fact that the 500,000 juke boxes thruout the entire country stand ready to attest to it before James Caesar Petrillo and all his 'boys" who know that they cannot, at anytime, or over any radio, reach all these places to entertain those people who like to hear certain songs when they want to play them and play them as often as they like.

There is a general belief that Petrillo is again playing his cards in the game of greater revenue for his organization as astutely and, perhaps, as mysteriously and even mystically, as he ever did before. This time Petrillo does not want to see that big beautiful \$2,000,000 get away from the AFM treasury and, like all other union leaders, wants to bring back this money after December 31 on the "insistence" of those who pay the tribute to AFM themslves. (Perhaps for which he is not at all to be blamed.)

But, to absolutely cut off the entire nation and Canada from enjoying recorded music is more Tzarlike in its method than even Jimmy has ever before attempted. And so bold in its defiance of all that is democratic and American in principle, that it would not surprise this publication were the public's wrath to come smashing down on his head and the heads of all his members.

Perhaps, too, there will arise a great many vocalists and orchestras under the names of "Jones" and "Smith" recording music thruout this nation and in Mexico. But, this is absolutely not American. Nor does any American, whether he be a musicion or just a common laborer, like to feel that he must hide his identity to do something of such nature which will benefit so many millions of people.

It is the sincere hope of this publication that James Caesar Petrillo will reconsider his order and that he will, instead, call in those who are affected by this ruling, to discuss ways and means to overcome that provision of the Taft-Hartley Act which seems directed at him and his organization.

JACK COHEN

CLEVELAND, O.—Jack Cohen, president of the Cleveland music merchants, reported 'his past week that, "A Fellow Needs A Girl", was chosen as the "Hit Tune" for the month of November.

This hit from the new Broadway musical, "Allegro", was chosen by popular vote over radio station WJMO, Sunday, October 19. The tune received more than half of all the ballots cast.

Disk jockey, Howie Lund, handles the voting for the Cleveland Phonograph Merchants Association and will also reature the tune on the weekly program, "Cleveland's Top Ten", from 4:05 to 5 P.M. every Sunday over Station WJMO.

Cleveland's ops will place this tune in the Number One position on the 3,000 juke boxes located in this city beginning immediately. It will be featured for the entire month.

Other tunes which received votes and which were played over the "Hit Tune Party" are, in order of popularity:

- 2. "That's All I Want To Know"
- 3. "Curiosity"
- 4. "Golden Earrings"
- 5. "Civilization"
- 6. "I'll Dance At Your Wedding"
- 7. "You Never Miss The Water Until The Well Runs Dry"
- 8. "Serenade Of The Bells"
- 9. "Pushin' Sand"
- 10. "Summertime Gal"
- 11. "Paradise"
- 12. "Say Something Nice About Me"

Week of October 27, 1947

Lots of new openings here this past Tuesday (Oct. 21st), with many well known artists finishing their engagements and new stars stepping in to take their place . . Billy (MGM Records) Eckstine opposed at the Club S Ihouette to replace the inimitable Sarah Vaughn. Billy s waxing of "The Wildest Gal In Town" is really clickin' on the jukes.

Leighton Noble's band opened at the Trianon Ballroom for a limited engagement . . . Sherman Hayes featuring "Brahms Lullaby" at the Blackhawk and anxiously awaiting word that he is a proud pappy again . . Phil Levant and his band are scheduled to follow up the Hayes ork into the Blackhawk November 25th . . . Manie Sacks, Rocco Vocco, and Mack Goldman passing through town over the week end on their way to the west coast . . . Chester Conn in town and staying over for several days . . . The Dinning Sisters getting plenty of encores at their old stand-by, the College Inn at the Sherman Hotel . . . Jack Johnstone spending a couple of days here getting his first tune, "Why Does It Have To Rain On Sunday" started . . .

We hear that Mercury has just released John Laurenz's waxing of Russ Colombo's theme song, "You Call It Modess", and Jack Owens' current "How Soon"... Jack Owens booked at the College Inn starting November 7th, to be followed by a personal appearance at the Oriental Theatre. Jack and Eddy Hanson are all excited about Jack's Tower recording of "The Answer To My Prayer Is You", penned by both Eddy and Jack . . . We hear Adams, Vee and Abbott's tune "Ill Hold You In My Heart" is being featured in a new Western pic currently being produced and featuring the singing cowboy star Jim-my Wakely . . . "To My Sorrow", another A.V.A. oldie is on its way up the popularity ladder, sounds like the old vaudeville hit tunes are being revived in a great big way . . . Evelynn Aron of Aristocrat Records just back from St. Joe where she spent a few days resting and relaxing. Evelynn tells us they have just released 'Christmas Kiss" by the Hollywood Tri-Tones and look for it to click during the coming holiday season. Meanwhile they have been just flooded with calls from distribs reordering "Mickey", this one is really trying to be a terrific hit . . .

Bumped smack into Jack Buckley and Lloyd Garrett of Vitacoustic Records, who were enjoying a few drinks in the Sheraton's cocktail lounge. Both boys are very enthused over their newest recording star Leo Dlamond and compare him to another Larry Adler . . . Sam Lutz, manager for Frankie Laine and Lawrence Welk, keeps busy making regular trips to and from the Schroeder Hotel in Milwaukee and the Oriental Theatre in Chicago to look after his charges . . . Well, well, what have we in our midst, a song writer no less and believe it or not, none other than that well known Chicago coinman, Gil Kitt of Empire Coin. Gil has written the words and lyrics of a new tune which he plans on publishing very shortly. After giving it a listen' while Gil hummed the tune we think maybe the boy's got something, so all you song writers lookout for competition . . .

FOREWORD Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are guoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someon e on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depends on the subscriber to make average price"adjustment to fit the peculiarities of his own territory.

METHOD The C.M.I. Blue Book should be read as follows: First price listed is lowest price for the week: Second price listed is highest price. Where only one price appears this should be considered lowest price.

IMPORTANT Machines underlined mean these were most active in trading the past week.

CODE Check this code carefully. Become acquainted with each one of the code numbers and what they signify. These code numbers appear in front of the name of each machine.

HOW YA GONNA KEEP 'EM DOWN ON THE FARM?

... When Even Carnegie Hall Has Gone Absolutely Batty Over Hillbillies and Westerns and When America Returns to the Tunes that Pioneered its Greatness?

The resurgence of folk and western mus c to a prominent position in the music industry has music publishers, recording chiefs, and the entire business, up in arms. Music men from Maine to California stare in amazement at the continuous amount of record sales, the sensational play in juke boxes, and the tremendous grosses in public appearances which folk and western stars are currently racking up.

The cowboys and hillbillies drove their wedge even deeper recently, when a troupe of stars from Grand Ole' Opr'y (WSM, Nashville) played Carnegie Hall in New York before jam packed, capacity audiences.

New York, heretofore considered a tough audience, came to see those cowboys and hillbillies, and they came in drovcs.

The crowd whistled, applauded and cheered Ernest Tubb. Rosa.ia Allen, Minnie Pearl, Dave Miller and a host of other stars. Tubb, Allen and Pearl repeatedly came back for curtain calls. The show played before throngs of highly critical and blasé New Yorkers for two days, and was regarded as one of the most successful engagements to ever appear in the nation's largest metropolis.

Music operators point to the tremendous success they have had with folk and western recordings. Said one operator when speaking of this type of music, "The demand of my phonograph customers has me using more than nine records of folk and western tunes in my machines."

The very fact that name bands such as Eddy Howard, Guy Lombardo, Freddy Martin and Sammy Kaye are cutting folk and western tunes shows the tremendous importance of cowboy and hillbilly stars. It is also pointed out that many folk and western stars are in consistent demand, and have continually been strong favorites in the mountain and prairie country.

In speaking of hillbilly music, Sidney Nathan, president of King Records Distributing Company stated, "When we speak of 'hillbilly music,' we are actually using the wrong term. 'Hillbilly music,' in a true sense, means the type of music that is enjoyed by a great percentage of the rural and semi-rural population. It is music that is indicative of America and a heritage of American folklore."

The return of folk and western music in such strong dcgree is truly a reflection of the music that pioneered America to its greatness.

Music loving people throughout the entire nation have taken hill and plain music to their hearts, and are singing and playing this type of music now more than ever.

The success of such tunes as "Smoke, Smoke, Smoke", "I'll Hold You In My Heart", "Wabash Cannon Bali", "Tim Tayshun", "Move It On Over" and "Jole Blon" further proves the impact of fclk and western music upon the recording industry.

The strong following of such name artists as Ernest Tubb, Roy Acuff, Jimmy Dale, Rosalie Allen, Al Dexter, Eddy Arnold, Moon Mullican, and others too numerous to mention, has continually meant big business to record companies, theatre managers and booking agents.

Tex Williams, in comparative obscurity prior to his recording of "Smoke, Smoke. Smoke" recently played before capacity crowds at the famed Oriental Theatre in Chicago.

The rise of folk and western music in large cities via radio, is also very noticeable. Dave Miller prominent disc jockey at WAAT, Newark, N. J., has risen to to the forefront in spinning records of the folk and western category.

Also giving rise to the fact that the cowboys and the hillbillies are a potent force in the music world is the showing they have made in The Second Annual Music Poll of America, conducted by The Cash Box in behalf of the Automatic Music Industry of America.

The voting cards indicate that never before has folk and western music been so prominent in the music operators selection of records. Operators, who at one time, did not feature this type of music before, find themselves using a great many recordings on their machines, with results in play showing heavily in their collections.

The folk and western stars of today are a very definite part of America. The gains they have made prove their popularity conclusively.

They are not staying "down on the farm" today—they're right on top, in the forefront and limelight of every city and state, village and hamlet that comprises these United States.

• A disk you're bound to want to feature is this offering by the pop-ular Cliffie Stone. It's "B-One Baby", and cut up with loads of cute stuir benind it; your mono fans are sure to dance, laugh and rock in high gear as they play it. Cliffie Stone's vocal efforts are of-fered in top styling while the accompaniment behind the piper backs the boys in top fashion. Mood is happy and in fast time, with Cliffie's cute wordage spilling around that gal constantly taking vitamin pills. On the flip with the ever popular "Don't Do It Darlin'", Cliffie renders this pop tune that Cliffie renders this pop tune that has become a standard thru the ages. Music ops will remember the tune and likewise the peak play it received not too long ago. Both sides smell heavily of coin play get next to them pronto.

NEW YORK—The largest crowd ever to attend any organizational affair held forth last week, as music operators, recording executives and stars of stage, screen and radio literally jammed the grand ballroom of the Hotel Waldorf-Astoria to attend the Tenth Annual Banquet and Party of the Automatic Music Operators Association of New York.

Music operators throughout the nation gathered in New York, October 18, to take part in the gala festivities.

Well over two thousand operators from every section of the nation, joined hands with local operators to highlight the lengthy show.

Recording stars representing a majority of the record companies throughout the nation guested at the party, much to the general enjoyment of operators.

Highlighting the festivities was the presentation of awards to Albert S. Denver, president of the music ops association, and to Sidney Levine, attorney for the trade group. Mr. Charles Bernhoff, of Regal Music Co., this city, made the presentations.

presentations. Operators were astonished at the amount of talent appearing. Said one operator in speaking of the show, "This party beats anything I've ever seen. How in heavens name AMOA got all these recording stars under one roof, I'll never be able to understand. I've met friends, I haven't seen for years. It does a fellow good to know that he has a trade group he can count upon to deliver to him at anytime he needs them."

Palumbo Turns "Click Theatre Cafe" into a "Milk Bar" for "Click Tune Party,,

CHARLES F. HANNUM

PHILADELPHIA, PA. — Frank Pa-lumbo of the Click Theatre Cafe, where the "Click Tune Party" of the month is run to choose the best record for the following month, will turn his famed nite spot into a "Milk Bar" for the benefit of the 1,500 and more kids expected to jam the place this past Saturday (October 25) to again choose what they believe is the outstanding tune for the month of November.

Charley Hannum, business manager for the Eastern Pennsylvania music ops, Jack Shepard, Bill King, and a great many other juke box coinmen will be present at this unique affair which will open its doors to the ticket holders at 9 A.M. and start the ball rolling very shortly afterwards.

Disk jockeys of Philadelphia's noted stations will be present to handle the tunes and entertain the great gang. As usual, the students from the various high schools and colleges in this city will have the opportunity of voting for what they believe should be the "Click Tune" of the month.

A great many ops have also made arrangements to have their own chil-dren present. They have found that the larger the number of voters the

surer they are of the tune chosen. "So far," these Philly music ops report, "each tune chosen by the kids at these 'Click Tune' parties has been a honey."

All leading record distribs, and officials of a great many of the record companies, will also be present at this affair.

Officials of the music ops' associ-ation here phoned The Cash Box to report, "This will be one of the most outstanding 'Click Tune' parties we have ever yet run. Interest has be-come greater each month. The kids simply clamor for tickets now and the voting is the most interesting we have ever yet seen. Record officials who have seen the votes are absolutely amazed at the way these kids pick hit tunes. Many of them now ride along with the predictions of these students."

and artists of 1947, will establish a new record. Already many more tunes have crept into the charts to be found in this issue. In addition, artists who were low on the lists, have jumped to new, and even com-manding, positions. Only a very few seem to have estab-lish leads of such outstanding signifi-cance that it remains but a matter of just how many votes they will draw when the final count is made. For the Best Moneymaking Record of 1947, the Harmonicats with their famed recording of the "Peg" are still holding the lead, and have more solidly estab-lished chemiselves this past week. Other tunes have now started to creep up on them. It will be noticed that there are four different recordings of the "Peg" in this all-important category and, as a tune, if these are added together, there is no doubt of the great popularity of this number.

For the Best Orchestra of 1947, Eddy Howard seems to have most definitely enablished in State of "Juke Box King" in this regard, having passed the 50,000 vote mark, and seems to be getting votes with each mail that arrives. But, right below him, there's a "battle of the ages" going on with Freddy Martin, Guy Lombardo, Vaughn Monroe, Claude Thornhill, Sammy Kaye, Ted Weems and the others pressing for the next spot, and pressing hard. The votes, tho, seem to be well divided up among them and positions continually keep enanging. HOLLYWOOD, CAL.—Modern Records, this city, announced the signing of Little Willie Jackson, to a term recording con-tract this past week.

Jackson, formerly featured sax man with the Joe Liggins' band will continue to record as a sideman for Liggins, but will use a combo of his own on the will use a c Modern label

His first recording, scheduled for early release is to be "On The Sunny Side Of The Street" and 58th Street Jump".

The signing of Jackson is in accord-ance with the new policy of Modern in their wide entrance as a prominent independent in the recording field.

Here's what the Bible of the "Juke Box" Industry, THE CASH BOX says about Lawrence Welk's Decca Recording — "Novelty tune just looking for coin ... merits wide attention thruout the country ... made of such stuff as to have every kid (from six to sixty) humming, singing and whistling the melody."

NEW YORK — More and more letters have arrived from music ops from all over the nacion asking that the country's music publishers enter actively and wholeheartedly into the Damon Kunyon Memorial Cancer Fund.

One of these letters states, "There is no reason why the leading music publishers, many of whom ask us to nelp popularize their tunes, shouldn't come in with us at this time to help put over the drive which this industry is conducting in behalf of the Damon Runyon Memorial Cancer Fund.

"We've gone all out", this letter continues, "and we believe that with the day's collections we have donated from our juke boxes, the very fact that the songs being featured, are those of some of the leading publishers of the nation, that they, too, should enter into this great fund drive with us.

"I'm sure", this letter states, "that the music publishers are with us. They all realize we have done a tremendously swell job for the Damon Runyon Memorial Cancer Fund. Especially since we know that they all listen to Walter Winchell's broadcasts and also read his column.

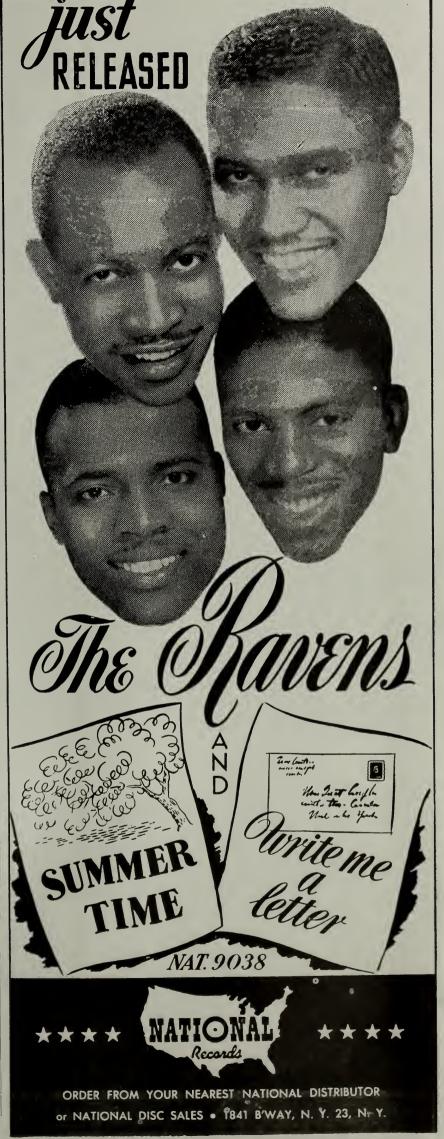

"Let's all get together", the letter reads, "and do this grand work with all of us cooperating 100 per cent. Let us all, juke box operators, artists, music publishers and record manufacturers do this for Damon Runyon for it is the most worthy cause which has ever been placed before our industry and we should ask all of our friends, like the music publishers, to come in with us at this time."

The coin machine industry has gone all out for the Damon Runyon Memorial Cancer Fund. It has already given to Walter Winchell two checks totalling \$120,000.00. It intends to pass the \$120,000.00 mark. (in fact, some juke box leaders hope to pass the \$1,000,000.00 mark by the t.me the coin machine convention rolls around.)

These men are asking the music publishers of this nation to enter into this effort with them so that they reach the \$250,000.00 mark sooner and promise that those music publishers who will be among one first to volunteer their aid in such fashion that will prove outstanding they will go all out for such publishers in every way they possibly can.

Here, then, is something which not only the juke box operator, but, also the noted and outstanding music publishers can long acclaim to honor their firm name—in the donation of monies to the Damon Runyon Memorial Cancer Fund.

The Cash Box, as always, stands ready to publicize the names of these men and of their firms to this industry. It is such men who make possible the great and outstanding effort which is necessary to bring to the most tremendous success the drive which the leading men of this nation have initiated and from which all peoples everywhere in the world will benefit.

FEAR TOO MANY SAME TYPE VNDRS Automatic Merchants Ask Mfrs Arrange Sales Control Plan So That New Blood Will Not Smash Present Commish Methods in Attempts to Get Locations

NEW YORK—"One of the gravest problems we face", writes a noted automatic merchant, "is that there are too many similar type vending machines being presented to the market at this time. And that means", he continued, "that we may be up against the very same problem which we have fought for years the fact that much new blood will enter into the business and these men will bust the present commission basis wide open in their attempts to grab spots."

In that one paragraph is the entire problem facing the automatic merchant. He realizes that for some years now, since the beginning of the war, he has been able to carry on at a profit only because all others in the territory have worked along with him.

It is a unique fact in the annals of the automatic merchandising machine industry that coinmen have held together in this division of the field better than in any other and have, to a great extent, respected each other's rights.

There is no doubt that with so many varied names on drink dispensers alone that some one operator here and there thruout each profitable territory is going to get hurt. It just isn't in the cards for dozens of ops to peddle the same sort of machine to the locations in any territory in the nation and expect that all will stick to a commission basis which has been proved solid and substantial. The fear of the old timer in the

The fear of the old timer in the automatic merchandising machine business is "Here comes another new type of op who will try his darndest to get spots regardless of what he has to give up to get them."

It is a well known fact in the automatic merchandising industry that even the largest ops in this field have offered from \$500 to \$2,500 for spots just to place ciggy venders. This has caused great concern.

But, with the new blood which is planned for the new machines which are being presented, there is a surety that there will be much trouble thruout the entire business unless some sort of pre-educational program is arranged and sales control is practised by the leading manufacturers.

It certainly isn't going to benefit anyone connected with the manufacture and sale of coin operated vending machines if all are going to bust down wide spread into any one territory and smash to smithereens all present commission set-ups which have kept the men in that area going up until this present time.

Nor is there any use in closing eyes and hiding heads under bushel baskets. The trade realizes that it will spread away from its present size and that there await the new machines, new operators for every other type of equipment as well as business men who have never before been engaged in the operation of coin operated vending equipment.

Those operators who have been working right along developing any territory realize that it isn't just new equipment which will make the difference between profit and loss. They know that a new machine will stimulate sales but that the most important factor is for that new machine to be able to withstand the punishment which actual location operation presses down upon it and, at the same time, earn profit for the operator by allowing him to obtain the best possible commission percentage basis from the retailer.

The public doesn't buy the machine when they walk up to it with coin in their hand. They are solely and mainly interested in purchasing the merchandise which that machine vends.

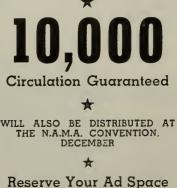

Therefore, the intelligent operator realizes that the one and only reason he needs new equipment is to forestall competition and also to assure himself mechanically perfect machines which will eliminate mechanical servicing problems.

There is sure to result one of the most terrific battles for locations as the new equipment starts coming off the production lines.

It would be to the best interest of the entire industry if the manufacturers will control sales.

AUTOMATIC MERCHANDISING SECTION ROOMS FOR NAMA CONVENTION SOLD OUT

Geo. Seedman, Convention Chairman, Arranges Share-The-Room Plan

CHICAGO—All single hotel rooms for N.A.M.A.'s 1947 convention and exhibit Dec. 14-17 at the Palmer House have been taken, Convention Chairman George M. Seedman announced this week.

All suites were sold 10 days after applications for reservations were mailed to members. Only twin bedrooms and double bedrooms remain.

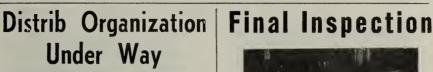

"Response has been so tremendous," Mr. Seedman said, "that all automatic merchandisers, whether members or not, are urged to write to N.A.M.A. headquarters as soon as possible for hotel space, so that they will be insured lodgings.

"Guests who plan to attend alone are requested to share a twin bedroom with a lellow operator. N.A.M.A. will be glad to make the sharing arrangements, if the operator so indicates.

"A wonderful program for every day of the convention has been arranged for the women, and operators are urged to bring their wives, so that the women may enjoy the activities and at the same time have an opportunity to share their husbands' business interests. Fortunately, there are still enough double rooms on hand to take care of operators and their wives, but again we point out that applications for reservations should be made as soon as possible to avoid disappointment.

"Reservation requests have been pouring in and the convention promises to be the biggest event in the history of the industry," Mr. Seedman said. More than 2,000 are expected to attend the association's "world's fair of automatic merchandising."

JAMES E. KENDIG

PHILADELPHIA, PA.—James E. Kendig, President, and Samuel Rogove, Treasurer of the Vendi-Freeze Distributing Corp., this city, are now busily engaged in setting up their organization to handle the distribution of the Vendi-Freeze Vendor which vends chocolate covered ice-cream bars.

The firm was appointed distributor in 27 states including the District of Columbia .

Both Kendig and Rogove have exceptionally fine business and engineering backgrounds and are very optimistic as to the future of the Vendi-Freeze vendor.

Kendig is an industrial engineer and a graduate of the General Motors Institute of Technology. For the past six years he has been active in the capacity as Sales Engineer for Acme Aluminum Alloys Inc. with a good deal of time spent in tool designing.

Rogove is a graduate of the University of Pennsylvania. He was connected for a long time with National Cash Register and is a large real estate operator.

NEWARK, N. J.—Mario Caruso of C-Eight Laboratories, Inc., this city, is shown above inspecting one of his new "Electro" cigarette machines as it comes off the production line and is made ready for crating.

Caruso doesn't hesitate a moment getting into a working smock and helping out with the speed production in which this factory is now engaged to get as many of the new "Electros" off the line as possible.

Reports have it that orders have trebled these past weeks and that interest continues to run high for the vendor.

It is also believed that the "Electro" will soon be seen in many foreign countreis with Caruso having made arrangements for foreign manufacture of the unit.

Executives of the firm stress the fact that wherever the machine has appeared there has been unprecented demand from locations to obtain them. They believe that at the forthcoming NAMA convention the "Electro" will gain outstanding attention from every automatic merchant.

New Pocket Book Vender At NAMA Show

NEW YORK—Milton Goldstein of the Automatic Book Vending Corp., this city, advises that the firm will display an entirely new, more attractive, and extremely efficient vender for their line of Pocket Books.

"The new merchandiser", Goldstein stated, "is sure to meet with the complete approval of every automatic merchant. Interest shown in our machine at the CMI convention", he continued, "convinces us that all who will attend the NAMA convention in December will agree that this is one of the greatest merchandisers yet developed, and further, it opens an entirely new and extremely profitable field for automatic merchants which has never before been so well developed.".

It is understood that Pocket Books will cooperate with the firm on their display at the NAMA convention and will arrange for all their very latest titles, as well as a complete story of the many millions of the books which have been sold. to be given to everyone of the automatic merchants who attend the convention.

Goldstein also promises a surprise for automatic merchants in the sales and financing plan for their new book vender.

AUTOMATIC MERCHANDISING SECTION Flood of New Beverage Dispensers Expected at NAMA Show

Expect Drink Venders and New Cigarette Merchandisers to Dominate Convention Displays

CHICAGO—Reports current here are to the effect that a flood of new beverage dispensers of all types will be seen at the forthcoming NAMA convention at the Palmer House, December 14 thru 17.

Many believe that these machines will be all set up for speed production when they are shown and that deliveries will get under way in good quantity right after the meeting.

There are also many automatic merchants who advise that they are making the trip to this city solely with the intent and purpose of purchasing new beverage dispensers.

Great interest is expected in the hot coffee venders. The soft drink machines, it is stated, are sure to dominate the entire convention. Many are of the belief that these will far supersede in quantity and quality anything ever yet seen in the industry.

It is also known that some of the leading games manufacturers will also present vending machines of various types. These will range from cigarette merchandisers to beverage dispensers and also bulk venders.

Most impressive is the fact that automatic merchants from almost every state in the union are planning on being present at the convention because of the new beverage dispensers they have heard rumored thruout the trade which will be shown at this convention. They are of the belief that this convention will also see the beginning of real deliveries of these merchandisers and that they will be able to get large operations under way which they have planned for sometime but which they couldn't put into effect due to the lack of production.

One noted automatic merchant reports, "Not only do we believe that this convention will be dominated by the interest shown in the new beverage dispensers, but, there is also no doubt that almost every leading automatic merchant wants to get started with a route of these merchandisers and orders will be placed which are sure to set a new record for any convention yet held by NAMA."

New Aspirin Vender to Help Damon Runyon Memorial Cancer Fund

HOWARD PRETZEL

CHICAGO—Howard Pretzel of Commodity Venders, Inc., this city, advises that his entire organization, factory and distributors plan to further help the Damon Runyon Memorial Cancer Fund.

According to Pretzel, "Commodity Venders will set aside \$1 for each Lewell Aspirin Vender sold for the Damon Runyon Memorial Cancer Fund, plus 20% of the retail selling price of the aspirin vended thru the machine. Each sale is 5c."

With interest very great in the Lewell Aspirin Vender it is believed that this arrangement by Commodity Venders, Inc. will greatly benefit the Damon Runyon Memorial Cancer Fund.

To Announce Distribs for Beacon Coin Changer

AL SEBRING

CHICAGO—Al Sebring of Bell Products Company, this city, is expected to soon announce distributors who have been franchised to handle the firm's Beacon Coin Changer. The unit has undergone some of the severest and most intensive tests ever yet conducted for any machine of this type.

At the present time it is in operation in the Walgreen Drug Store at Randolph and State Streets, here, as well as in the

Plans Unique Display at NAMA Show

AL A. SILBERMAN

LOS ANGELES, CAL. — Al A. Silberman, General Salesmanager of Adams-Fairfax Corp., this city, manufacturers of the "Cash Tray" and other merchandisers, plans one of the most unique displays at the forthcoming NAMA convention at the Palmer House.

Silberman is an old hand at producing some of the most interesting displays in the country and knows just what the automatic merchants are most interested in at this time.

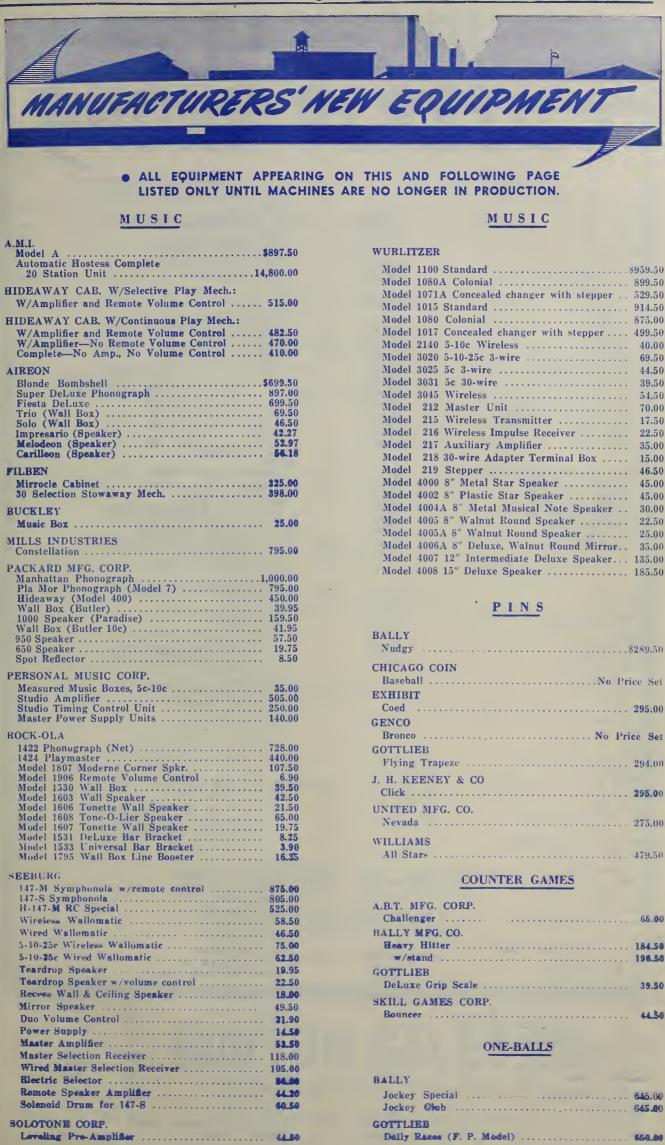

He hasn't as yet reevaled his plans nor just which of the firm's new units will be on display, but it is believed that he will live up to his past reputation of producing an exciting and interesting display for those who will attend the show.

Chicago Public Library and other very busy locations thruout the city.

About a month ago Mr. Sebring announced that the firm were preparing to appoint distributors and that the Beacon Coin Changer would soon be scheduled for production. Since that time, it is reported, many contacts have been made and Mr. Sebring will soon announce the first listing of distributors for his machine.

Bally Announces "Wild Lemon" and "Double-Up Two New Consoles

GEORGE W. JENKINS

CHICAGO-Delivery of "Wild Lemon" and "Double-Up" begins this week, according to an announcement by George Jenkins, vice president and general sales manager of Bally Manufacturing Company

Both games are bell-consles, featuring three spinning reels with the familiar bell-fruit symbols. Describing the games, Jenkins stated, "'Wild Lemon' introduces a new wild lemon light flashing on the back-glass. Lemons on reels score as any symbol when wild lemon light is lit. 'Wild Lemon' also features changing odds, popularized by modern one-ball games. 'Double-Up' is a hold-and-draw type game with the 'Extra Draw' feature of DeLuxe Draw Bell. Novel feature of 'Double-Up' is the Double-Score Spinner

which spins on every play and automatic-ally doubles award if lit symbols match symbols on reels. Both games are convertible to automatic or replay operation, and available in nickel or quarter play."

"Triple Bell" ard "Hi-Boy" consoles continue in regular production stated Jenkins.

Florida Music Ops Ask Tax Reduction

WEST PALM BEACH, FLA.—A protest by Phil D. O'Connell, representing the local Association of Coin Operated Music Machines, was heard by the City Commission. An increase in municipal taxes on coin operated music machines from \$10 to \$15, plus a tax of \$100 on the operating firm was argued to be prohibitive, particularly in this territory where the operator pays an additional \$10 Federal tax and a county fee of \$7.

Attorney O'Connell explained to the Commission that the cost of equipment has risen some three times that of prewar costs, overhead was up, and that the play was down. He brought out that the operators had tried a 10c a record play, but the public refused to pay it. At the present rate of collections, and high overhead, he told the Commission, the present tax should be reduced to the \$10 fee.

After the hearing, the Commission decided to have a tax analysis made of the business with the view of reducing the tax.

Telecoin Distributes ``Red Ball'' Game

NEW YORK—Howard E. Richardson, manager of Telecoin Corporation's products division, this city, announces that they have recently been named distributor for the United States and foreign countries for "Red Ball", a miniature billiard-type game. This game is the latest in the 1947 parade of coin machine products.

The game is currently being displayed at the firm's headquarters in New York, as well as their other offices in Chicago, Los Angeles ard San Francisco.

Telecoin also distributes the Tele-Juice vender; a soap and bleach dispenser; a new laundry extractor machine; the Quizzer machine; and the Bendix coin operating washing machine.

"AMERICAN WEEKLY" ARTICLE DRAWS PROTEST FROM INDUSTRY

NEW YORK—A storm of protest was created by the publication of an article in this week's issue of "The American Weekly", a Hearst Sunday supplement included in Hearst's newspapers thruout the entire country. Headed "Who Gets Your Juke Box Nickel", the article (see *The Cash Box*, October 20, page 27 and this issue, page 9), thru many erroneous statements smears the juke box business in the most vicious manner.

Manufacturers, distributors and operators have phoned, wired and written us voicing their protests.

Loren P. Meyer wired "Acquainted with articles. Expect to discuss it with manufacturers at next meeting".

One of the most stirring protests came from Mack H. Postel of Chicago in a long letter, part of which reads "It is my opinion that this article should not go unprotested. Because some young publicity seeking writer for the Hearst organization sees fit to sling mud on a law abiding group of business mea, engaged in the phonograph music business, composed of manufacturers with millions of dollars invested, distributors and operators, men who go about earning an honest peaceful living, supplying music to the public, the general public should be familiarized with the gross injustice done our industry, and the writer should be called to task for his unwarranted attack. Unless our industry takes the necessary steps towards such slanderous curbing, it is likely to gain in momentum. The public should know the truth. Immed ate action should be taken by the music-box industry against untruthful and adverse publicity."

A wire from James Mangan, CMI Public Relations head reads "Sending protest editor 'American Weekly.".

Everyone in the industry should fill out the "Invitation" appearing on page 9 of this issue and mail it to the Editors of the American Weekly, so that they, other publications and the public at large can find out once and for all time what type of business is conducted by the music machine trade.

ATLANTIC CITY, N. J.-A member of the Michigan Automatic Phono-Merchants Assn., Detroit. graph Mich., was scheduled to appear before the National Tavern Owners Assn., who were in convention here (October 20 to 23) to present a resolution for this organization to morally, prac.ically and financially support automatic music industry in any the further legal engagements with ASCAP or any of the other music organizations which may attempt to exact tribute from juke boxes because of the fact that the tavern owners are today so dependent on their juke boxes for much of their income.

During the public hearings on the Scott and Fellows bills during the last session of the Congress there was present another tavern organization whose attorney appeared before the Committeemen and presented the reasons why this organization was interested and that all tavern owners felt deeply involved in such a situation in view of the fact that so much of their income was being threatened as well as the possibility that they might be legally involved in any payment for the privilege of playing certain musical compositions.

It is believed that the Tavern Owners Association is very much interested in any legislation which may affect the juke box industry and that they will lend their support to fight any bills which may be presented at the next Congressional session to force juke boxes to pay for any tunes being played.

"The Cash Box" Goes to a Music Ops' Assn. Party

NEW YORK—Here we go. A dizzy whirl of tables. More than 74 of them and each one jammed full. Up on the top left corner of this candid pic we see Barney Schlang. business manager for AMOA and his table. Barney did such a marvelous job handling this affair and taking care of everybody s wants that he was called out on the stage to be complimented and rousingly applauded by ore and all in the monstrous and beautiful Grand Ballroom of the Hotel Waldorf-Astoria where this goregous party was held.

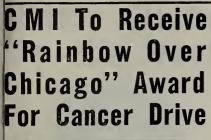

We see Dave Stern, Harry Pearl, their wives, Irving Kaye and his wife. John Helfer, Senator Homer E. Capehart, Babe Kaufman and her son Norman, Jack Semel, and so many, many others it would be almost impossible to mention them all soooh—well jurt let vou hok and pick them out a d let vou have that grand feeling of once again discovering the guvs ard gals you know from everywhere (including Brooklyn, the Bronx and Manhattan) and all the rest of the world who attended.

NEW YORK—More, more and still more. And all happy and having fun and enjoying themselves. 'Way up in the left hand corner is *The Cash Box* table and over to the right we see Attorney Sidney H. Levine thanking Senator Homer E. Cape-hart for coming up on the stage of the Waldorf-Astor.a's Grand Ballroom to address all the coin machine people gathered together for this grand, gala evening. We also see lots and lots of other people we're sure that you know. Sure enough there's Art Weinand at the Rock-Ola table;

Abe Green and Mrs. Green and Mike Munves and Mrs. Munves and Teddy Blatt and Mrs. Blatt and Mr. and Mrs. Horowitz and Bill Alberg and Mrs. Alberg and Charley Aronson and his wife and Eddie Ellis and Mrs. Ellis and Bennie Lynn and Charley Bernoff and their wives, and so many, many. others. Utah Music Operators Assn Elect Officers At October Meet

RAY SAMUELSON

SALT LAKE CITY, UTAH — Elec-tions were held at the last meeting of the Utah Music Operators Association, Sunday, October 12, in this city. Altho organized only a short while, this organization boasts of one hundred percent membership in the state of Utah.

Ray Samuelson of Salt Lake City was elected President of the association, and Richard Matthews of Salt Lake City, was voted in as Vice President. Members elected to serve on the Board of Directors (in addition to the elected president and vice president) are: Durrell Corey, Cedar City; Dean L. Knudsen, Ogden; Ray Somers, Logan; John Mabrito, Helper; Clark Reece, Payson; Bud Felker, Provo, and John R. Woods, Vernal.

"I am very proud to have been elected to head the Utah Music Operators Association, and shall serve the operators to the best of my ability, seeking at all times to assist in making the operation of music machines a dignified, clean and profitable business. Altho we've been organized only a short time, we are developing a fairly strong association, and are proud of the fact that we have 100% membership in the state."

C. L. "Bob" Bever, secretary and business manager, reports that the association is studying the commission problem, with the strong belief that the music operator must work out some program where his income will be increased.

Sues For Accounting

CANTON, O.—Rita M. Efinger, this city, brought suit in Common Pleas Court against Frank J. Douglas, asking for an accounting, dissolution of a partnership, and appointment of a receiver for the affairs of the partnership operated under the name of Stark Amusement Company.

Efinger and Douglas entered into a partnership last June to operate music and amusement machines. Miss Efinger charged that the defendant kept no proper books or records of the business and that he failed to render periodic collection reports. Miss Efinger also alleged that, contrary to the terms of the partnership agreement, the defendant has engaged in other business.

On motion of the plaintiff, a receiver was appointed by the court.

PAUL A. LAYMON

LOS ANGELES, CALIF .- Paul A. Laymon, local distributor, and chairman of the Damon Runyon Cancer Fund Drive for this territory, has set Sunday, November 23, as the date on which a gala dinner will be held. Every coinman in the territory -- operators, jobbers, distributors and manufacturers - have been notified by Laymon to hold that date aside to attend the dinner.

"We expect to have the greatest turnout of California coin machine people of all time" stated Laymon. Even before we went ahead with the details of arranging matters, I had the enthusiastic support of many leaders along coinrow. We hope to be able to turn in quite a substantial amount of money for the CMI Damon Runyon Cancer Fund when this affair is concluded. Jim Mangan, director of CMI Public Relations Bur-

CHICAGO-Not only did Ben Coven, Coven Distributing Company, run off showings of Bally's "Nudgy" in four different cities, but he took many pictures of his friends who visited the displays. Pictured above are four shots: Top left, Kitty Clark, an Evansville, Ind. coingal; Top right, Paul Glazer, Gil Kitt, and Ben Coven. The gal peeking out is "Bally Sally", Coven's gal "Friday"; Lower left, a group of ops trying out the game; Lower right, Harry Salat watching Al Sebring run up a big score.

N.Y.-N.J.-CONN. DAMON RUNYON **CANCER FUND ''JAMBOREE IN LAST WEEK BEFORE SHOW**

Greatest Array of Stars To Appear On November 3

NEW YORK-With the final week of work approaching for the Damon Runyon Cancer Fund "Jamboree", scheduled for the night of November 3 at Manhattan Center, coinmen in New York, New Jersey and Connecticut are putting every bit of effort into the selling of tickets. The Committees report that the sale has gone along in great shape, and within the week every person engaged in the coin machine business in these states will have been contacted.

Jack Mitnick, chairman of the drive, reports that Jerry Rosen, a theatrical booker, has lined up the greatest talent in the country for the show. Working without any rest, Rosen, who has offered his services gratis, has informed the entertainment committee that the foremost stars of movieland, stage, night clubs, radio and records have committed themselves to appear for this great cause.

Jim Mangan, Director of CMI Public Relations Bureau, has written Mitnick that he will be on hand for the "Jamboree", as will most of Chicago's manufacturers. The Coin Machine Industry's contribution to the Cancer Fund will be the greatest single in-dustry contribution, and the New York, New Jersey and Connecticut coinmen would like their donation to be the largest single contribution within the industry. In order to beat the best donation, the local check will have to be over \$50,000 as Lyn Durant of United Manufacturing Company, has already made a single contribution of that amount.

There will not be any more committee meetings as the balance of time will be devoted to the sale of tickets. Harry Rosen, treasurer, is banking checks delivered to him by the various committees and refuses to divulge the amount on hand, but claims it will be necessary to get considerably more money to reach the goal. However, Rosen claims he and the others actively engaged in selling the tickets feel confident that when the affair is over, a check for over \$50,000 will be sent to CMI Damon Runyon Cancer Fund.

If, for some reason, you don't receive any tickets in the mail, or haven't been contacted personally, please get in touch with any of the people on the committees listed on this page.

Page 60 Collier's Magazine Calls Bill Rabkin "Mr. Gimmick" Double Page Spread Features Muto's Machines

WM. B. (BILL) RABKIN

NEW YORK-William (Bill) Rabkin, president of International Mutoscope Corporation, this city, is called "Mister Gimmick" by Collier's magazine. Featured in the current issue (November 1), Collier's devoted a double spread of beautifully colored photos and text to amusement machines developed and manufactured by Rabkin's firm.

Listing machines from the early days to the present, Collier's describes Muto the present, conter's describes Mu-to:cope's president as "William Rabkin, a placid gentleman with imaginative brown eyes, as the Thomas Alva Edison of the amusement device industry. In the trade, he is famous for having pate .ed some forty-nine infernal machines, among them 'Holiday Hits', 'Shoot-O-Matic', 'Bank-A-Way', 'Bowl-A-Game', the 'Old Mill' and 'Pikes Peak'."

The article goes into detail about "Atomic Bomber", "Drive-Mobile" and "Sky Fighter". The "Digger" is de-scribed as Rabkin's "First and most famous invention". "When only a young apprentice in a machine shop" the ar-ticle relates "Rabkin toyed with the idea of capitalizing upon the simple fact that nothing attracts a crowd as easily as a steam shovel in operation. Finally, many years later, his ambition was realized when the 'Digger' went into action at Coney Island."

Quite a bit of space is devoted to the mechanical development and the psychological approach in the manufacture of the machines. "Today, none of Rabkin's coin-operated devices offers the player any payoff," states the maga-zine "no matter how high a score is

rolled up. Skill and luck determine a perfect score; his top-flight engineers work constantly to make each game as scientific as possible, enabling the player with superior sleight of mind to achieve the only jack pot possible - a feeling of self-satisfaction for having beaten a brain of steel, solenoids and springs.

"How tough should a game be, or how easy? To find the answer Rabkin recruits special testing crews of teenagers who give each new gimmick a dry run. Through exhaustive studies, Rabkin's engineers have found that boys and girls in the 13-18 age group have more quick-as-a-flash alertness than their elders. Consequently, whenever it becomes too difficult for this young set to register a high score on some new game, technicians eliminate some of the obstacles. By the same token, if it rains high scores, 'bumpers' and 'bafflers' are incorporated into the field of action to give the players added headaches."

Collier's tells its readers that some 1,300 delicate parts go into the average machine, and that it costs at least \$16,000 to bring the game from its blueprint stage to the pilot model.

The weekly magazine claims that "Rabkin's tantalizing contrivances coax about 400 million nickels from the American public every year. Much of this revenue is due to the vanity of the man, he believes. Quoting Rabkin the wind-up of the story reads "Most coin-game fans play to a gallery. Human nature makes them want to pour nickels into the gimmick until they roll up a high score. You wouldn't let a mechanical nemesis lick you in front of your best girl, would you ?"

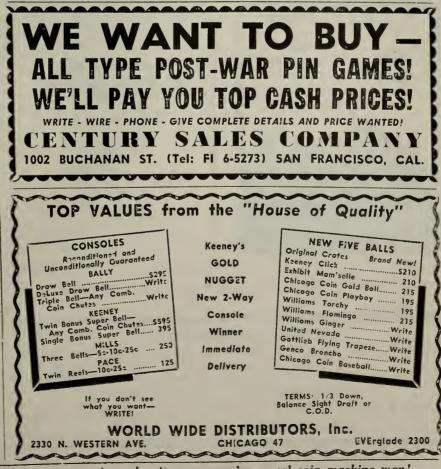

Week of October 27, 1947 Atol Distrib. Co. Announced As **Wurlitzer Distribs** For Michigan

DETROIT. MICH. - Ed R. Wurgler. General Sales Manager of The Rudolph Wurlitzer Company, North Tonawanda. N. Y., announced the appointment of Atol Distributing Company as authorized distributors of Wurlitzer commercial phonographs and auxiliary equipment in the Michigan territory.

Atol Distributing Company will retain the established Wurlitzer headquarters at 167 East Jefferson Street, Detroit, for their offices and showrooms where they will display Wurlitzer's new line of 1948 equipment. A completely stocked parts and service department staffed by factory-trained experts will also be maintained at this address.

M'ke Atol is president and treasurer of Atol Distributing Company, and is well known as a veteran of many years experience in the coin machine business. Atol's extensive experience embraces both operating and distributing activities in Minnesota, Wisconsin and Iowa. He has operated one of the largest phonograph routes in the Duluth area and is well known as a jobber and distributor. Associated with Mike Atol in the new distributing organization are his brother, Elias Atol, vice president, and his son, Fred Atol, secretary.

Wurgler, in announcing the new Wurlitzer distributing company, stresses the vast knowledge and experience of the Atols, and states they will be available to music operators in the Michigan territory for expert advice and assistance.

CHICAGO — George Ponser, George Ponser Company, this city, will make a surprise announcement next week that he claims will be of interest to all amusement machine distributors, jobbers and operators.

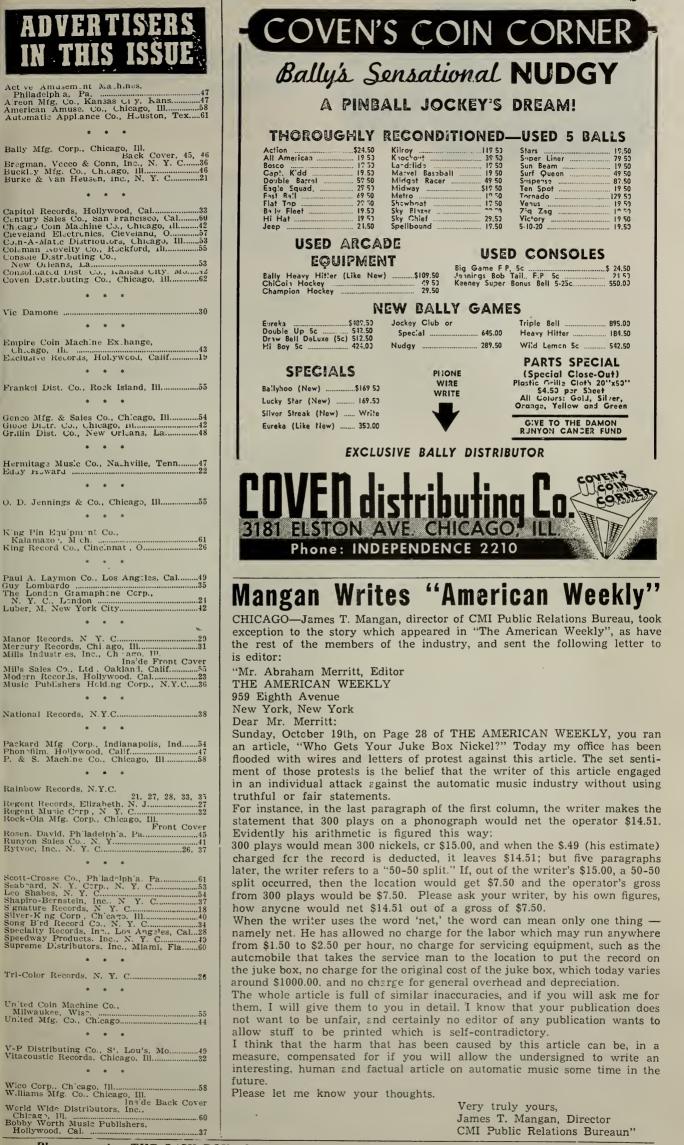

THE DAWN OF A NEW ERA IN AUTOMATIC SELLING!

IT'S WHAT'S IN "THE CASH BOX" THAT COUNTS

This gorgeous Indian Summer weather is appreciated by all visitors. It helps the boys keep on the go, dashing around this big city, looking in on the busy factories supplying the ever increasing demand for games. It's a very encouraging sight to see the different places humming with activity and many of the manufacturers, distribs, jobbers and operators tell about the general upswing in biz, and also report they are all looking forward to the big show come January, 1948.

Dropped around to visit the Gordon Coin Machine showing of the new Pop Corn Machine. Coca Cola Vendor, Filben Phono and Casba pin game. Found tots of interester commen gathered to view the equipment and partake of the refreshments being served . . . Ben Coven of Coven Distrib. is sitting on a cloud these days. Ben's all smiles due to the tremendous amount of orders that keep pouring in on Bally's new game, "Nudgy". Meanwhile "Bany" Sally (Goldstein) tells us she's going crazy trying to answer all the long distance phone calls that are constantly coming in. But, as long as it keeps her boss happy, Sally says she won't complain.

Joe Caldron, assistant sales manager for AMI, just back from a recent trip thruout Iowa. Joe plans to spend about a week in the office and then take off on a trek up into Canada where he will spend around ten days to two weeks' traveling and visiting with distribs. Monte West, also of AMI, out on the west coast conducting service schools. Several out of town commen reported visiting AMI this past week. barney Sugerman of New York, Paul Jock of Indianapolis and Willie Blatt of Miami, Florida.

Bill Lipscomb, Eastern sales manager for O. D. Jennings & Co., stiil out of town but is expected back at his desk soon with some interesting reports . . . Lillian Lewis of Coin-A-Matic tells us that both she and Leo have been very busy lately. "Not many visitors," she says, but lots and lots of long distance phone calls" . . . Jack Buckley and Lloyd Garrett of Vitacoustic Records off on a quick trip to Detroit . . . Bert Sussman, formerly with the M. S. Distrib. Co., starting up his own company which will be known as Planet Record Sales . . . Bob Bleekman, regional manager for Packard Mfg. Corp., drops up to our Chicago office to discuss thisa and thata about the phono biz. Bob's just back from the Paxton Hotel in Omaha where they held a showing of the new Manhattan and is very enthused over the way ops and location owners approved the Packard products. Bob reports that it looks like things are picking up in the automatic phono business.

Fulton Moore of Williams Mfg. Co. is one person who is very much in favor of our Indian Summer weather. Moore says it will give him a good chance to try his new threepassenger Rocket plane which he purchased on his last trip to Kansas City. Recent visitors over at Williams included Sam Taran of Miami, Fla. and Sam Stern of Philadelphia, Pa. . . . Janice Keeley of Marquette Music taking a week off from work for a well earned rest . . . Harry Brown of American Amusement made a rush trip back to Philadelphia to see his mother who is very ill there. "Perk" Perkins, of the same firm, tells us everyone over at American Amusement is hard a' work and reports they're receiving lots of orders on their rew cabinet . . . Sam Varas of the Southwest Dist. Co.; Dallas, Texas, seen around town . . . Wolff Solomon of Columbus, also around visiting Chi.

Mac Churvis, well known adman, due back in town after spending a few days relaxing and enjoying himself in New York . . . Over at Rock-Ola we found Art Weinand still away from his desk but expected back on the job within a few days. Art was in New York attending the Automatic Music Operators Association meeting and from there went down to Charlotte . . . Howard Freer reports that things are progressing very nicely over at Empire Coin. They are now in the midst of putting in their new tile flooring after which everything will be pretty well completed. Lillian Heneghan, switchboard operator, has arrived at Empire to take over her duties on their newly installed switchboard. Shirley Corush, still talking about her California vacation and already looking forward to next year when she hopes to be able to get out there again. Gil Kitt tells us that Radio Station WBKBs rented two or his arcade pieces to be used in studio audience participation contsts, for which prizes will be awarded. These shows have proved to be a big success and have created an increasing uemand for more coin equipment on radio programs.

Al Stern of World Wide Distributors busy as the proverbial bee, chasing around making deals and keeping things humming . . . Visited with Ted Rubinstein at Marvel Mfg. Co. 'led informs us that they have been shipping a steaky flow of their new game . . . Vince Murphy of Globe Distrib. getting set to display their coin changer and coin sorter at the forthcoming NAMA show in December. Vince tells us that both he and Jimmy Johnson are anxiously awaiting the showing where they hope to renew old acquantances and see all their many friends . . . Dropped around to Bell Products and thatted with Al Sebring. Al reports business is okay and steadily picking up . . . Phil Weisman of Automatic Distr.b. Co. tells us they're all set to move into their new heidquarters at 2009 Fulton Street sometime this week. Phil says that as soon as they are in and settled they plan to hold a shindig of sorts.

Arnold Lee of Fort Wayne, Ind. and Henry Geers of Monmouth, Ill., two more coinmen seen dashing around our city ... We hear from Billy DeSelm of United Mfg. Co. that their new game "Nevada" is clicking big. Billy tells us, "We're just flooded with orders"... Charles Schicht of Mill Industries off on a trip to Kansas City and Salt Lake City ... "Dapper" Tom Callaghan of Bally Mfg. Co. talks about their two new games "Wiid Lemon" and Double Up". Deriveries were scheduled to begin on both these games sometime this past week. Both are expected to go over very big. We also heard from "Captain" Callaghan about his recent trip thru Arizona, Wyoming, Utah, Mexico and New Mexico, where he was making a survey on biz. Among the out of towners reported visiting at Bally this week were, Herman Paster of St. Paul, Lonnie Longsten of Portland. Lonnie is one of Portland's big nite club operators and from what we hear he's quite a guy.

Gwen Desplenter of CMI's Public Relations Bureau phones in to tell us the total amount collected for the Cancer Drive up to October 22nd is \$123,996.02. Gwen says they're hoping for two more good days to raise the amount to \$125,000 . . . DeWitt (Doc) Eaton, formerly with AMI seen around Chi visiting coinmen . . . Ken Wilson and Howard Pretzel of Commodity Vendors report they have added three new states —California, Washington and Oregon, in which they will distribute the Lewel Aspirin Vendor. The firm just recently received its first production model of the aspirin machine and expect to start receiving regular shipments very soon. Meanwhile the boys announced that Commodity will set up a model aspirin route in Chicago to explore the possibilities of this new merchandising idea.

Lee Jones of P. & S. Mfg. Co. very enthused over the possibilities of his firm's new combination pin and skill game "Tom-Tom". Lee has been searching for a Chicago cabinet maker to produce the cabinets for their new game and just recently made a trip to St. Louis in an effort to speed up cabinet production there . . . Dick Hood tells us that things are humming over at H. C. Evans & Co., with the firm readying several new ideas which will be displayed at the coming coin machine convention . . . Grant Shay is enjoying a good laugh over the recent defeat of Bell-O-Matic's bowling team. team. It seems that Grant belongs to the opposing team that beat Bell-O-Matic and Grant is now sporting a wide grin while he carts away all that folding stuff . . . Bill Cohen of Silent Sales Co. in Minneapolis, Minn. reported visiting Bell-O-Matic this past week . . . Sol Gottlieb tells us that everyone at Gottlieb & Co. is busily working away on their new game which is due to come out soon. From what we hear it sounds terrific and should really click with the ops.

NOVEMBER 3 - MONDAY NIGHT -- is the date of the Damon Runyon Cancer Fund "Jamboree". Every coinman is expected to participate in this great undertaking by the people of the industry located in New York, New Jersey and Connecticut. Committee members driving hard during this last week to put the "Jamboree" over in a real big way. It is hoped that this territoy will be able to send a check for over \$50,000 to the headquarters of CMI Damon Runyon Cancer Fund. Jack Mitnick, chairman, reports that Jerry Rosen, theatrical booker, has devoted considerable of his time gratis, lining up a show that will be one of the greatest ever put together. There will be stars of stage, radio, night clubs, screen and records. In addition Jim Mangan, Director of CMI Public Relations Bureau, is coming in from Chicago. If Walter Winchell is in town he'll be on hand. It is expected that members of the national committee will also come in from Chicago for the "Jamboree". IF YOU HAVEN'T RE-CEIVED YOUR TICKETS—GET IN TOUCH WITH ANY COMMITTEE MEMBER LISTED ON ANOTHER PAGE IN THIS ISSUE.

New York music operators had themselves a time Saturday night (October 18) at their 10th Annual Banquet at the Waldorf Astoria. Approximately 1,000 guests jocked their way into the Main Ballroom-dined, danced, and saw a wonderful show Al Denver, president of the association, and Sidney Levine, attorney, were presented with wrist watches by the membership in appreciation for their efforts during the year, Charles Bernoff, Regal Music Company, made the presentation . . . Barney Schlang, business manager, had little time to relax from his strenuous efforts of previous weeks preparing for the banquet. He was kept busy handling the many arrangements of the evening. However, Ruth Nussbaum, secretary of the association, took it easy. Once the seating of the guests was accomplished, Ruth sat down at the table with her husband and enjoyed herself.

::-

Quite a few out of town coinmen were in evidence at the Music Banquet . . . Senator Homer E. Capehart of Packard Manufacturing Corporation addressed the gathering . . . Bill Bolles and Earl Hess of Packard were at the same table . . . Art Weinand, Rock-Ola Manufacturing Corporation, was at the Seacoast Distributing table. Before returning to the factory, Weinand intended to visit with a few distributors in the south and east . . . Lindy Force, AMI, Inc., had a swell time with his distributors, Runyon Sales Company. Lindy has been doing considerable traveling recently, and expected to see some of his distributors before returning to the factory . . . Dave Rosen came in from Philadelphia with his missus. Dave, by the way, will

be opening offices in Baltimore as distributor for AMI . . . From Miami came two ex-New Yorkers: Willie (Little Napolean) Blatt of Supreme Distributors—and Milty Green of Americann Distributors. Milty looks as young as he did ten years ago . . . Hirsh de la Viez, Hirsh Coin Machine Company, Washington, D. C., and Mrs. La Viez sat at the Apollo Record table . . . Hadda Brooks, the Modern Record star, flew in from Baltimore to sing a few songs for the affair . . . Charlie Wertheimer of Boston, Mass. having fun at the Jack Semel-Jack Rubin table . . . Harry Lief, secretary of the Cleveland Music Operators Association, has a good time at the banquet (They do a pretty good job themselves every year in Cleveland).

The three day showing of Videograph's combination television-music machine at the Hotel Pennsylvania drew some 1700 visitors—many from out of town. H. F. (Denny) Dennison, president, reports that he received many orders . . . Art Brisacher and Ken Chumley of Personal Music Corporation spent practically all day Saturday with Dennison at the showing . . . Harry Lief, Cleveland, O., takes a look-see at the machine . . . Bill Rabkin, International Mutoscope Corporation, gets a wonderful two-page spread in color in the current issue of Collier's. The author calls Bill "Mister Gimmick" . . . S. Bushnell of Standard Factors Corporation had many of his firm at the Music Banquet. Bushnell's firm is doing quite a large finance business with the music industry.

Dave Friedman and Will Levy, well known Brooklyn coinmen, will have an announcement to make to the trade soon . . . Herman Perin, covering the South and Southwest for Seaboard New York Corporation and Genco, reports that he's doing great . . . Dave and Murray Moore, Century Sales Company, San Francisco, Calif., in town for a short while . . . Wlliie Blatt flies out to Chicago before returning home to Miami . . . Al Bloom, Speedway Products, almost ready to make his announcement on his new combination televisionmusic machine . . . Sid Lasky, Central Amusement Company, Brooklyn, on coinrow doing some buying ... Ben Becker, Ben Becker Sales Company (Bally regional representative) aching to get going on the road, but is held close to his office . . . Joe Fishman. his wife Molly, and their daughter and son, have their picture taken with the Gershes and Joe Orleck. A picture of the same group was taken ten years ago. See next issue for its publication . . . Charley Aronson and Bill Alberg, Brooklyn Amusement Machine Co., Brooklyn, N. Y., getting ready for some action . . . Teddy Blatt, well known coin machine attorney, handling the legal matters for the Associated Amusement Machine Operators.

Week of October 27, 1947

Things along coin row seem to be picking up very nicely...all of the ops and distribs talking about "how it feels to be millionaires" ... for those of you who have missed it, a certain newspaper, printed an anonymous article containing a bunch of half truths in an idiotic attempt to "smear" the juke box industry ... some people have no qualms about their constitutional rights in the use of "freedom of the press".

*

Paul Laymon has been extremely busy this past week along with other distribs trying to make arrangements for a November 23rd dinner for all the ops and distributors in and around Southern California . . . this affair has been suggested to Paul by Dave Gottlieb and Ray Maloney for an additional drive on the Damon Runyon Cancer Fund . . . Walter Winchell is scheduled to talk about the coin industry's fine contribution to this very great cause . . . Those of you who have not been informed of this item might find it well worth your while to contact Paul Laymon.

Pedestrian traffic along the row this week was heavy, with the following gents being spotted; Lowell Ayers, Inglewood; F. C. Sheffel, Reseda; R. Barton, Long Beach; S. R. Hopkins, Banning; Happy Clark, Downey; Ken Hoar, Pasadena; E. E. Simmons, Pasa Robles; Jack Spencer, Big Bear; Henry Van Stelton, Whittier; Stanley Little, Lakewood Village; Richard Kliza, Torrance; H. Tureen, Long Beach; Floyd Anthony, Santa Monica; Frank Lamb, Inglewood; W. E. Erwin, Needles; J. W. Robinson, San Bernardino; George Perry, Las Vegas; and John Mallett of Claremont who saw his "better half" off on the Constellation for a fly-trip to Cleveland.

Lyn Brown running around minus two teeth, via the dentist route . . . he's nursing the very tender jaw until this same molar maker can build him a bridge . . . Jack Gutshall running around like mad when I dropped in to see him.

. .

.

Bill Happell, Jr. of Badger Sales Co. tells me that Allite's game "Strikes 'N Spares" is moving very well... down the street a ways, the ops are following the trail into Paul Laymon's to see the new Bally console "Wild Lemon", Paul gave your Cash Box representative a demontstration of this new machine.

Stopped in to see Jack Simon of Sicking who was busy dictating letters to his new secretary . . . Speaking of secretaries brings to mind a blonde beauty at General Music, Nancy McLaren, who tells me that Western Amusement's "Pokerino" is really moving . . . M. C. "Bill" Williams of the Williams Distributing Co. making the rounds in and about Los Angeles County seeing ops about Williams' "All Stars" . . . General mgr. Mac Mc-Creary of Solotone planed to New York for the Videograph showing, and Messrs. Jordan and Wilson of that firm took off on a sales trip throughout northern U. S. and Canada.

Jay Bullock, managing director of the Southern Cal. Music Ops. Assoc. busily engaged in moving his organization headquarters to their new location at 2559 West Pico Blvd. . . Had a very interesting discussion with Mr. Bullock tother day about this, that, and developments in the juke box biz . . . Jay is thinking in terms of a national organization for the juke box industry to help combat certain "unpleasant" factions developing to alarming proportions in our biz.

* *

At E. T. Mape Company, Ray Powers is planning showings of the Filben mirror box in various community centers around California. The first of these to take place in Fresno . . . Charlie Fulcher of Mills Sales is back in Los Angeles for a while after a circuit trip through Long Beach, San Bernardino, Barstow, and Riverside . . . Sales mgr. Warren H. Taylor also back after a week or so in Oakland.

Understand from Sammie Donnin of Automatic Games the partner Dannie Jackson is really having a swell time in Chicago. Dannie has been making the rounds of all factories, and seeing as many people as he can . . . Gold Coast Coin Machine's Elky Ray is anxiously awaiting shipment of Dave Gottlieb's new game . . . it's reportedly a honey!!! Len Micon is planning a showing of the new Genco Roll-Down game this week . . . Wednesday, Thursday, and Friday.

Dropped in at Modern records last week and met their new plant supervisor, Bill Eubanks, a very capable guy according to Saul Bihari . . . Prexy Jules Bihari was bundled off to Palm Springs for a few days of rest and fresh air by other members of the Bihari family . . . The diskery really is humming along now, but they're still far behind on filling orders.

* *

Specialty Records, under the able guidance of Art Rupe, is sending out questionnaires to all their distribs for promotinnal and advertising plans. They ask what type of ads help the most, what kind is suggested, etc. . . Answers to these queries will be sifted by Rupe and adman Steve Earle, to determine just what their advertising and promotional plans will consist of in the future . . . Specialty has just waxed four sides with their latest discovery, Jimmy Wynn and his Groove Masters . . . Their number one music maker Roy Milton is on a p.a. tour, and playing to capacity crowds . . . no wonder, what with all the excitement his fan clubs are creating throughout the U.S.A.

Visited around at Capitol's bee-yo-tiful new building at Sunset and Vine here in Hollywood and picked up the following bits of information . . . viz . . . Andy Russell, Martha Tilton and company on a p.a. tour, and making history at every theatre. The troupe just wound up their engagement at the San Francisco Paramount and are due for an opening October 30th at the Oriental in the windy city . . . The King Cole Trio's Johnny Miller planed in to be with his Missus who has been very ill. The Trio had to cancel a week and a half of their current p.a. tour so that Johnny could be with Mrs. Miller . . . That "Timtayshun" screwball, Red Ingle, arrived at the Plantation in Houston to break in a new band . . . Capitol tells me that Red is all set for some more of those "juke box naturals".

Had breakfast with Charlie Craig of the Exclusive plattery, where I learned that their national sales manager, Franklin Kort, is taking a well earned vacation in the northern reaches of this country . . . Copped a peek at Herb Jeffries at the Club Morocco, and found him really singing to capacity crowds . . . Prexy Leon Rene has been very busy working on new and better deals for distribs.

Eddie Mesner of Aladdin Records has been winging his way back and forth between here and San Francisco. and here and Houston, busy seeing ops, finding new stars for the Aladdin label, and working on a terrific announcement in a forthcoming issue of The Cash $Box \ldots$ look for it.

S.T. LOUIS Since the last meeting of the Missouri Amusement Machine sociation, concerning ways and means of obtaining a better break for the operator on location income, all eyes are on Lou Morris of Morris Novelty. Lou's studying suggestions culled in *The Cash Box*, plus those of the local gentry, of course. "Right now, location owners aren't in the mood to lower their percentages in the least" it was pointed out. "Bar traffic is at the lowest ebb since the beginning of the war, to the point that most owners are waking up to how much the pin game and phonograph really means to them." Within a couple of weeks a location split deal standardized among all association

The Cash Box

VP Distributing Company is jammed to the rafters these days as local ops, contrary to expectations, continue to beg for new equipment at any price. Aireons, Williams' All Stars, Fiesta, etc., are staying in the Veatch quarters only long enough to be dusted off and reloaded on a truck for delivery. Del Veatch has been commuting back and forth between the 49th State and Chicago in the interests of filling back orders.

A surprise announcement this week was that C. W. Larcom, South St. Louis op, has sold all but one of his routes. Ill health and a desire to move out to California was given as the reason. "Golden Boy" Chuck will be missed around coin machine beach.

A parade of factory representatives from Rockola has been passing through Ideal Novelty Company for more than a month now. Prexy Carl Trippe took most of the visitors out on a two day pheasant hunting trip early this week, which bagged a total of one lonely bird!

Pete Brandt's new Wurlitzer headquarters on Olive, near the downtown district, is getting a lot of attention these days. Brilliantly lighted double showrooms show the complete Wur-litzer line to thousands of passing motorists.

Visitors through distributors showrooms this week included Bill Hollenbeck of Cape Girardeau, Mo.; Howard Coverstone, Mattoon, Ill.; Ted Keyes, Farmington, Mo.; Tom Adelbright of Sandoval Mo.; Ralph Stephenson, Eldorado, Illinois, and Mike Gibbons of Alton. It was one of the busiest weeks of 1947 report distributors Al Haneklau, Tom Murphy, Pete Brandt, Carl Trippe and Bill Betz.

DENVER, COL

This was the big week of the year for W. H. Erskin and his bunch of the Jones Distributing Company. A big celebration was held in honor of the new 1948 Seeburg and many oper-ators and their families from all over the territory attended. Arrang those present were: Mr. and Mrs. Gus Carter. Ft. Collins, Colo.; Mr. and Mrs. Syd Amburg, Englewood, Colo.; Mr. John Pricco and his service men, Trinidad, Colo; Mr. and Mrs. Everett Fees, Colorado Springs, Colo.; Mr. and Mrs. Roger Tays and children, Pueblo, Colo; L. J. Reynolds, Pueblo, Colo.; Mr. and Mrs. Herman Walker, Denver; Mr. ard Mrs. Al Carson, Denver; Russel Moon and service men of LaSalle Music Company, Denver. Those who came from Salt Lake C ty foi the showing were: M. R. S. Jones, Mr. Mac McMurd'e, Mr. Jack LaRue, Mr. Tommy Thompson and Mr. Carl Lawson. Everyone was favorably impressed with the changes made in the 1948 Seeburg.

Joe Falsetta, Floyd Pierce, Baxter Patton, and Clarence Mc-Crary all on LaSalle Music Company in Denver, are back from their hunting trips, each bringing back a deer, but Clarence McCrary really brought back a beauty. He was one of the very few for the whole season who brought back a 20 point buck. Baxter Patton came in second with a 15 point buck. We were sure sorry to hear about Bud Wilson's father, who lives in Los Angeles, passing away. Bud also works for LaSalle.

THRUTHE CONFCHUN Gibson Bradshaw of Denver Distributing Company is off again on another business trip—this time to El Paso, Texas. Andy Stava, operator from Sterling, Colorado, went with him, while Mrs. Stava and the children motored to Des Moines to visit her parents until Andy returns. Bradshaw's 11-year-old daughter, Joan, who also went with him, was recently chosen as the outstanding student of the 5th grade in her school here for deportment, friendliness, and initiative.

Operators visiting the Modern Distributing Company this past week were: Sam Vosburgh, Ogalala, Nebr., Ed Johnson and Emmett Ossman, both of Leadville, Colorado. Leonard Vosburgn, who works for Modern was called back East this week because of the illness of his father.

Chic Roberts of Wolf Sales, got delivery on a long awaited for new French Grey Buick Convertible this week. He is plan-ning a trip into Utan next week to see how it performs. Hugh Daniell, Service Instructor for Wolf Sales, is on a trip through-out the territory tearing down the new Wurlitzer 1100 phono-graphs and rebuilding them for the benefit of operators. Bud Drasks, Craig Colorado and Harold Rounds, Lovell, Wyoming, were visitors this week at Wolf Sales.

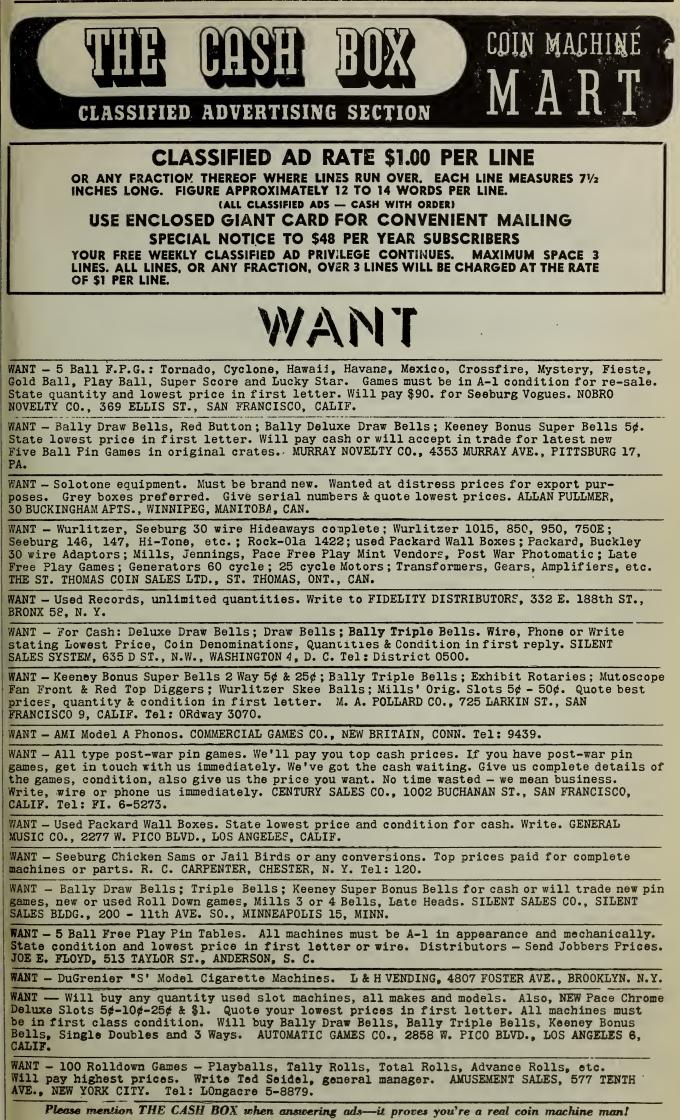

MINNEAPOL

During the fall of the year, Minneapolis is one of the hottest football beds in the United States. Especially when Minne-sota wins, although last Saturday, Minnesota got their ears pinned back by linnois and is expecting another set back this coming Saturday when they meet Michigan. The citizenry of Minnesota is somewhat different from Ohio as "win or lose," they back the team 100%. Many operators of the North-west and Twin Cities took time out to go to Champlain, Illinois to see Minnesota play and spent the weekend in Chicago making "Whoopee". Several of the distributors made the trip. the trip.

Our sincere condolences to the Fred Schmidt family, Sioux Our sincere condolences to the Fred Schmidt family, Sioux Falls, South Dakota in the passing away of Mr. Fred Schmidt on October 15, 1947. Fred Schmidt was one of the finest operators not only as a competitor, but as a man. He cer-tainly will be missed. His son Don will continue the operations . . . Bob Cross of Jackson, Minnesota is getting to be quite a traveler. He has been to Canada twice, to Mexico so far this year, and is leaving next week for a two week vacation in Colorado . . . Congratulations Department" to Hy Green-stein of the Hy-G Music Company whose daughter, Elaine, married Al Lieberman who is with the Hy-G Music Company. The ceremony was at the Nicollet Hotel, Minneapolis, and a very beautiful affair. The young couple left on their honey-moon for New Orleans and . . . Don Kady of Grand Forks, North Dakota, in town just for the day . . . Don Hazelwood of Aitkin, Minn., was seen backing up a semi-trailer at the Hy-G Music Company and loading it fully with new Seeburg Hy-G Music Company and loading it fully with new Seeburg phonographs.

Hy Westrum of Westrum Brothers, Bismarck, North Dakota drove into Minneapolis and after spending a few days in Minneapolis returned home . . . Cleve Angen of Portland, North Dakota, in town for the day visiting his son who is attending the University of Minnesota . . . Lowell Kryck of the Acme Sales Company, Minneapolis, took a few days off to do some duck hunting and came back with some very fine results . . . Ray Stoehr of the Hy-G Music Company also took several days off and caught his limit of ducks. His wife is an expert marksman and did her share in getting a few ducks . . . Nels Nelson who managed the Automatic Games Supply Company for many years is now a traveling repre-sentative with the Hy-G Music Company and a very fine addition to the firm . . . Sherman Karon, formerly with the Mayflower Distributing Company and the Acme Novelty Company, Minneapolis, is also with the Hy-G Music Company as a traveling representative . . . Leo Clavin of Long Prairie, Minnesota who recently sold his route has been doing a bang up job in the Popcorn Business . . . Paul Felling of Sauk Center, Minnesota, in town just for the day to visit a few distributors.
