

THE CASH BOX

VOLUME 12, NUMBER 5

OCTOBER 28, 1950

Mickey Else, disk jockey at WHPA, Williamsport, Pa., is shown admiring the Admiral TV combination he won as a prize in a recent contest conducted by Admiral Records among disk jockeys throughout the nation. For suggested name changes for the Admiral platters. Else won with "Admiral Records—First With The Best." Pictured above, left to right: Nicholas R. Carrano, president of Admiral; recording artists Dolores Brown, Johnny Guarnieri, Rosland Paige, Enzo De Mola, Jimmy Roma, Arnold Stang, The Four Jacks & A Jill with personal manager Clark McClellan, Monica Boyer, Bobby Colt, Russ Vincent; artist and repertoire director Jerry Lipskin and tunesmith Al Hoffman.

WURLITZER

**CONCEALED UNIT MODEL 1217
PLAYING 48 SELECTIONS**

Answers this Problem

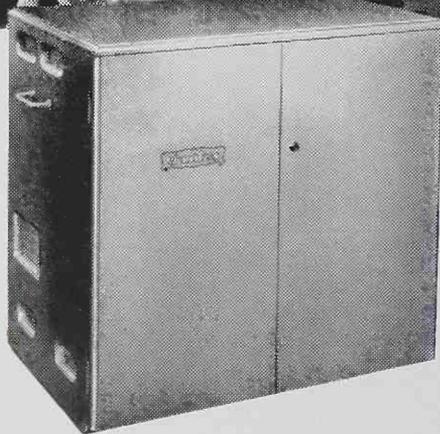

URNS BASEMENT, STOREROOM OR UNDER-COUNTER SPACE INTO A PROFITABLE OPERATION

Don't let lack of room for a juke box mean loss of profits for you. Install a Wurlitzer Concealed Unit in any out of the way space. It operates from Wurlitzer Wall Boxes. It delivers music through matched Wurlitzer Auxiliary Speakers. It has proved, in countless locations, a big crowd-pulling money-maker.

PLAYS 48 SELECTIONS — CONVERTS TO ANY SPEED RECORD

Like the Wurlitzer Model 1250 Phonograph, the Concealed Model 1217 plays 48 selections from 24 records. It offers the same tonal brilliance and record-needle economy made possible by Zenith Cobra Tone Pickups. And it can be just as easily and quickly converted to play the new 45 or 33 $\frac{1}{3}$ RPM records.

Canvass every potential hideaway location in your area now. With the Wurlitzer Concealed 1217, you can turn them into big money-makers.

IDEAL FOR RENTAL TO FACTORIES AND COMMERCIAL ESTABLISHMENTS

The 1217 is the mechanism for the Wurlitzer Engineered Music System. Offers banks, stores, factories, offices, transportation terminals, etc., an out of sight source of continuous music to increase efficiency, improve working conditions, or entertain customers. When converted to ten inch LP records, it will provide a pre-selected 12-hour program of continuous, non-repeat music.

THE RUDOLPH WURLITZER COMPANY • NORTH TONAWANDA, NEW YORK

*Exclusively
and
Confidentially
Yours...*

The Cash Box is exclusively and confidentially yours.

It's the one weekly publication that is devoted to but one idea. One thought. One purpose. And that is how to help you, in this coin operated machines industry exclusively, to better yourself, so that this will, in due course, become a better, more progressive, and more prosperous industry for all concerned.

The Cash Box devotes itself to this one purpose because it sincerely believes that there is a definite need for stimulating entertainment. Especially at this time, with war nerves becoming part and parcel of everyone's future, and most emphasized in the future of America's youth.

Entertainment that stimulates, and that is, at the very same time, extremely economical, has a most definite place in the picture of this nation.

There are no greater business stimulators for the average American merchant than the coin operated entertainment machines being originated, designed and constructed in this nation. These machines have helped thousands on

thousands of retailers, everywhere in the country, to enjoy better business. In fact, to continue in business, in a great many instances.

The music of the juke box (over 550,000 of them in the United States alone) has been of inestimable value to the nation's storekeepers. They have turned drug stores and ice cream parlors into gathering places for the youth of the nation where youth could, under good supervision, enjoy the popular music of the type it best liked.

They have turned taverns and country stores, and dozens on dozens of other retail locations, into better businesses for their owners, and have proved to be the places where Mr. and Mrs. America could relax to enjoy the old and new music which has made the songs of this nation so internationally popular.

These are places for people to relax. These are places for people to enjoy the fraternity of neighbors. These are better business places because of coin operated entertainment.

As definite business stimulators, everyone of the nation's retail merchants will agree that nothing, absolutely nothing, equals coin operated entertainment in its many forms.

This is entertainment that holds the customer and that causes him to become more fond of the establishment. This is the entertainment, therefore, that creates and betters business. And that, today, is extremely important in the future growth and welfare of American business.

But, that isn't all. Because of war nerves. Because of anxiety. Because of problems that arise every minute of the day, people desperately want relaxation and entertainment, but, don't want it at the cost of necessities.

The economical cost of coin operated entertainment remains unequalled in all the entertainment history of this nation.

Yes, *The Cash Box* is exclusively and confidentially yours, because *The Cash Box* believes that this is one industry that will remain necessary entertainment for America's millions of peoples as well as America's business men.

And, therefore, to continue to discuss this industry between ourselves only, within the bounds and limits of this industry, *The Cash Box* will remain . . . *exclusively and confidentially yours!*

ADVERTISING RATES on request. All advertising closes Friday at 12 Noon preceding week of issue.

SUBSCRIPTION RATES \$15 per year anywhere in the U.S.A. Special listing for jobbers and distributors at \$48 per year includes 40 word classified advertisement each week for an entire year (52 weeks) plus the full year's subscription free of charge. Airmail, First Class, as well as Special Delivery subscription rates on request. Subscription rates for all foreign countries on quest. Three weeks advance notice required for change of address.

THE CASH BOX covers the coin operated machines industry, and all allied to this industry in any fashion whatsoever, throughout the United States, Canada, Central and South America, Africa, Japan, Hawaii, Philippine Islands, and other Asiatic and Pacific countries, as well as certain European nations. *The Cash Box* is on hand at various American consular offices throughout the world. This coverage includes operators, jobbers, distributors and manufacturers and all allied to:—automatic coin operated music equipment; automatic coin operated vending and service machines; as well as coin operated amusement equipment; in all divisions. The music and record fields, recording artists, publishers of music, disc jockeys, radio stations, and all others in any fashion identified with, or allied to, the coin operated music machines industry are completely covered. Manufacturers and distributors

of various merchandise, parts, supplies, components and all materials used in the coin operated vending, music and amusement fields are covered by *The Cash Box*. Banks, finance firms, loan organizations and other financial institutions, expressly interested in the financing of coin operated machines of all types, are covered by *The Cash Box*.

THE CASH BOX IS RECOGNIZED by various associations of coin machine operators throughout the United States as their "official" weekly magazine.

"THE CONFIDENTIAL PRICE LISTS"

"The Confidential Price Lists" are the one and only officially recognized price guide of all new and used machines in the United States. *"The Confidential Price Lists"* are an exclusive, copyrighted feature of *The Cash Box*. *"The Confidential Price Lists"* report each week's low and high prices for all new and used coin operated machines, regardless of age, listing all market changes, and continually adding on all the new equipment as this equipment is announced to the industry. *"The Confidential Price Lists"* are recognized by many cities and states throughout the country as the "official price book of the coin operated machines industry". They are an integral part of *The Cash Box* and appear in each week's issue. *"The Confidential Price Lists"* are officially used in the settlement of estates, for buying, selling and trading of all coin operated equipment, and are also officially recognized for taxation purposes. *"The Confidential Price Lists"* are used by finance firms, factors, loan companies, bankers and other financial institutions to guide them in making loans to members of the coin operated machines industry. They have been legally recognized in courts throughout the United States and Canada. *"The Confidential Price Lists"* have been acclaimed by the coin operated machines industry. Entire business transactions and legal cases are based upon the quotations appearing in *"The Confidential Price Lists"*.

How Ops Can Enjoy the Big Boom Ahead!

With the 65,000,000 employed mark to be reached very soon, and with more and still more men and women entering the armed forces, leaders foresee the biggest boom ahead for this industry.

Not only this tremendous employment record, but, the fact that wages will be higher than at any other time in history, and many household necessities difficult to obtain, will leave the public with coin jingling in its collective pocket to the point where, according to predictions of coin machine leaders, play will zoom for almost every type of coin operated machine.

The boom is expected to reach into vending machines, juke boxes, amusement games, arcades, and into every type and kind of coin operated product. This industry faces even a grander future and greater income than it enjoyed during War II.

But, since World War II, as many leaders have pointed out, costs have gone sky high. The average operator, regardless of a tremendous play boom ahead, will not enjoy the same sort of profit percentage, unless he quickly changes to a more equitable commission basis, or obtains front service money guarantees, for all of his equipment.

The operator must, if he wants to better enjoy this play boom ahead, change from his old and outmoded commission basis of 50%-50% to a new and more equitable basis.

This publication has been urging such change for many years. Over eight years, in fact. It again urges that such change come about, so that operators will be able to absorb the higher prices which are facing them for the very urgent necessities which they need to continue in business. Tires, trucks, gasoline, labor, parts, supplies etc., etc., are going higher in price each day.

There seems no longer to be any definite plan being made by the average operator for amortizing the cost of his equipment as quickly as possible. The larger ops

have always had such plans. They realize the amount they must obtain each week to amortize the cost of new machines within a reasonable period of time.

Whether there will, or will not, be new machines, the average operator must quickly change his present operating methods. He simply must consider what is coming. He must plan for the future.

Rumors of controls, freezes, etc., are not just idle talk. These are the predictions of leading economists who realize that the tremendous demands being made on the facilities of this nation, as it gears for complete and all out defense, plus whatever consumer production it can continue with, will force many business men to the wall, unless they make arrangements right now to handle the tremendously increased overhead expense with which they will be faced.

The operator's expense goes on ahead—ever higher. It is not like the location owner's expense which, in the case of coin operated machines, remains static. The operator must, therefore, assure himself continuing profitably in business by changing his present operating methods.

The time has come when he realizes machines will be very short in supply. He already knows that the prices of all late model used equipment has continued to zoom upward to the point where there is little, if any, of this equipment now left on the market at last summer's prices.

He wants and needs new machines. The new machines he buys now may have to last him for a long time to come. Prices of new machines are going up and will, as materials become more scarce and labor's wages continue to go ever higher, go up even more while production will fall.

Therefore, his only preservative at this time, his only way to assure his future if he hasn't already done so is to change over to a more equitable commission basis, to obtain front service money guarantees for everyone of his machines.

What is an equitable commission basis at this time?

The Cash Box has urged ops to try for a 75%-25% basis. This is now most equitable all surrounding factors considered.

What is good front service money?

For new machines from \$15 to \$20 per week. Old machines \$5 or \$10 per week. This money to be taken off the gross collection first and the balance remaining evenly divided.

At this very moment to a great many operators in the field this may sound like shooting at the moon. This isn't the fact.

Just as *The Cash Box*, months ahead of time, warned the trade of controls and restrictions that have already arrived, and urged ops to buy while they still could, it once again informs the average operator that the time grows shorter by the second.

It is up to him to assure his future in this industry by equalizing the differential which now exists between profit and loss and arrange for his location owners to be "real partners."

A real partner shares all costs and expenses on a 50-50 basis. A real partner helps put away money for future emergencies and future needs. A real partner then divides what's left on an equitable basis.

Since the average storekeeper will not work as a "real partner" with the operator, then it is up to the operator to "sell" him on this idea for his own future welfare, as well as for continued profits for the location owner.

The average operator simply must, to assure himself enjoying this forthcoming biggest play boom in history, obtain a more equitable share of the gross intake from all of his equipment.

If he can't, due to whatever peculiarities and problems that may exist in his territory, obtain an equitable percentage basis, then he certainly can arrange for front service money guarantee, and assure himself, in this fashion, enjoying better profits for the future, so that he will be able to outlast whatever the future has in store for him, and be in a strong and healthy financial position to continue on in business as a new era dawns.

THE CASH BOX

Record Review

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"DREAM A WHILE" (2:48)
 "HALLS OF IVY" (3:00)
 RICHARD HAYES—KITTY KALLEN
 (Mercury 5499)

● Vocal teaming of Richard Hayes and Kitty Kallen on this pair, should result in some heavy coin play for music ops. Top deck is an oldie, handled in smooth dreamy manner by the vocal duo, while the flip is ably suited for the college crowd who love to relax and just listen. Ops who have the spots should get with this pair.

"JING-A-LING, JING-A-LING" (2:23)
 "SWEETHEARTS ON PARADE"
 (2:53)

FRANK DEVOL
 (Capitol 1247)

● Bright new novelty from the new Disney flicker "Beaver Valley" is handled in excellent fashion by maestro Frank Devol on the upper lid. Chorus wailing on this mellow up tempo ode is light hearted and infectious throughout. Coupling has a trio offering a novel arrangement of an old favorite, taking the tune in ultra slow pace. Top deck for the moola.

"SO LONG, SALLY" (2:43)
 "RAINY DAY REFRAIN" (2:23)

JAN GARBER
 (Capitol 1246)

● Music styled by Jan Garber, with a pair of sweet sides headed ops way via this pair. Both ends make for smooth listening, and altho they won't raise Cain in the boxes, they will hold their own. Top deck has a trio handling the sugar coated lyrics, while Roy Cordell takes over on the flip. Wax is strictly for the Garber fans.

"I OWE A KISS TO A GIRL IN IOWA" (2:30)

"SAY NO MORE" (3:00)

MEL TORME
 (Capitol 1237)

● Mel Torme comes up with a pair of effective sides in this fresh coupling. Top side is a romantic rhythm tune with some excellent orchestral work by maestro Pete Rugolo, while the flip slows down to a French styled hush-hush romantic ballad. Both ends are there for the asking—music ops take it from here.

"BLUE CHRISTMAS" (2:44)

"WHITE CHRISTMAS" (2:47)

HUGO WINTERHALTER ORCH.
 (RCA Victor 20-3937)

● Pair of top-notch Christmas tunes headed ops way are served up by maestro Hugo Winterhalter in good taste here. Top deck is an excellent blending of orchestra and chorus on a tempting sentimental tune. Flip is the well known standard that will score for years to come. This disk rates ops avid listening attention.

"RUDOLPH, THE RED-NOSED REINDEER" (2:45)

"BLUE TAIL FLY" (2:46)

EDDY HOWARD ORCH.
 (Mercury 67)

● The winner of last year's Xmas honors, the well known "Rudolph" gets a nice sendoff here by maestro Eddy Howard. Ditty is handled in smooth, infectious tones by Eddy and the trio, with light music blending in the background. Flip is a standard folk theme which will always find a market. Top deck gets our nod.

DISK OF THE WEEK

"IT'S A MARSHMALLOW WORLD" (2:37)
 "LOOKS LIKE A COLD, COLD WINTER" (3:00)

BING CROSBY
 (Decca 24230)

BING CROSBY

● Sock Christmas offering by Bing Crosby is a cinch to score with music ops and fans alike in a big, big way. The side we're raving about is "It's A Marshmallow World", with Bing purring one of the best things he's offered in a long while. Ditty is a lightly styled happy ode, one that radiates

the gay, carefree spirit of the Christmas season itself. It's pleasing merry melody, styled to perfection by Bing and the Sonny Burke ork, is tremendously infectious, and makes you hum, sing and whistle along. Clever lyrics throughout the etching are also compelling, and should result in a coin bonanza for music ops. On the other end with "Looks Like A Cold, Cold Winter", Bing bounces back with still another great side to keep this platter sizzling hot. Vocal flavor on the side is added by the Lee Gordon Singers, with a bright spotlight beaming down on Der Bingle. Lyrics echo that sentiments of the title throughout, with more excellent music via maestro Sonny Burke gilding the disk again. Both ends of the platter are top drawer juke box material, altho well give "Marshmallow World" the edge. Grab it!

"A LITTLE LOVE, A LITTLE KISS" (3:02)

"IT'S A MARSHMALLOW WORLD" (2:27)

ANNE SHELTON
 (London 539)

● Top deck of this pair has some coin culling potential for music ops. Ditty is a plush romantic air, purred to perfection by Anne Shelton, with the Roy Robertson ork backing in good order. Coupling is a mellow, happy Christmas item that shows the gal's versatile vocal style off to excellent advantage. "Marshmallow World" for the moola.

"THE PETITE WALTZ" (2:10)

"PATRICIA" (2:20)

SAMMY KAYE ORCH.
 (Columbia 39030)

● More wax by the Sammy Kaye crew, with a pair of bright sides in the offering for music ops. Top lid is a straight instrumental that has been widely recorded—this rendition will certainly add to the rising popularity of the tune. Flip has the Kaydets doing another hot item, with the echo of this one sure to win wide favor. Smooth romantic flavor of this side should result in peak coin play for music ops.

"I'VE NEVER BEEN IN LOVE BEFORE" (2:58)

"DID YOU THINK OF ME JUST THEN?" (2:59)

DICK BROWN
 (Jubilee 5011)

● Smooth vocal work by Dick Brown on this fresh pair should net music ops some heavy juke box play. Top deck is a slow tempting ballad from the "Guys & Dolls" musical, while the flip switches to a light-hearted romantic melody that might catch on. Both ends rate ops listening—and possibly more.

"GUILTY" (2:58)

"CHEEKY-CHEEKY HOOPLA" (2:35)

SAMMY KAYE ORCH.
 (Columbia 39013)

● Fresh rendition of the oldie offered on the upper lid is a cinch to clinch with music ops and fans alike. Vocal echo by Tony Alamo has the earmarks of another big hit, and is sure to win wide favor. It's a dramatic effort—one that makes you stop and pay avid attention. Coupling is a French styled novelty, with Tony and the Kaydets purring a cute lilt. "Guilty" gets our nod.

"THERE IS NO CHRISTMAS LIKE A HOME CHRISTMAS" (3:15)
 "THE CHRISTMAS SYMPHONY" (3:30)

PERRY COMO
 (RCA Victor 20-3933)

● More Christmas material in the offering for music ops, with Perry Como on tap on a pair of plush lined seasonal sides that rate heavily. Both songs are treated with the usual Como charm and grace, with the lyrical expression in soft somber tones that satisfy. Platter is sure to draw some heavy Xmas coin.

"CHRISTMAS IN MY HEART" (2:48)
 "SLEIGH RIDE" (2:35)

PERCY FAITH ORCH.
 (Columbia 39011)

● The musical wizardry of maestro Percy Faith is shown in superb form on this fresh pair. Upper etching is a tender, sentimental new Christmas tune that appears to be headed for peak success. Vocal work by the chorus here fits the mood and tempo of the song like a glove. Flip side switches to a merry, infectious lilt that will surely catch on. Both ends rate heavily—ops should get with 'em.

"AND YOU'LL BE HOME" (2:28)
 "ACCIDENTS WILL HAPPEN" (2:57)

JERRY GRAY ORCH.
 (Decca 27246)

● Smooth, danceable rendition of these plug tunes from the "Mr. Music" pic should agree with Jerry Gray's growing bevy of music fans. Both ends have Tommy Traynor in the vocal slot, with the balladeer handling the tunes effectively throughout. Both songs are top plugs and should get some heavy bally from the flicker. Disk rates ops listening attention—and then some.

"CAN'T SEEM TO LAUGH ANYMORE" (3:11)

"I NEED YOU SO" (2:46)

DON CHERRY
 (Decca 27245)

● Effective rendition of the big dramatic tune on the upper lid should earn its keep with music ops. Vocal work by Don Cherry is smooth throughout, and altho the side won't stop traffic, it should do well enough. Flip has Don on a blues ballad that has been around some. Ops who have the spots might listen in.

"CHARMS FOR SALE" (2:45)

"CHRISTMAS IN MY HEART" (2:49)

JUNE WINTERS
 (Mercury 5502)

● Slow haunting setting of the top tune, with a smooth sultry vocal by June Winters makes for fairly effective listening pleasure here. Ditty is set in an echo chamber, with June's vocal effort satisfying enough. Flip is a sentimental Christmas tune, warmly delivered by Miss Winters. We like this side.

"I ONLY HAVE EYES FOR YOU" (3:05)

"I'LL NEVER SMILE AGAIN" (2:35)

RALPH MARTIERE ORCH.
 (Mercury 5507)

● Music ops in the market for material suited for their wired music spots would do well to listen in to this pair. Both ends are styled to musical perfection by Ralph Martiere, with a vocal chorus chanting lightly in the background. Songs are oldies that have scored in years past—this rendition should hypo their popularity again.

BEST BETS

In the opinion of The Cash Box music staff, records listed below, in addition to the "Disk" and "Sleeper" Of The Week, are those most likely to achieve popularity.

- ★ "GUILTY" Sammy Kaye O. Columbia 39013
- ★ "ROWDY-DOW" Judy Valentine MGM 10828
- ★ "RUDOLPH, THE RED-NOSED REINDEER" Spike Jones O. RCA Victor 20-3934
- ★ "CAN'T SEEM TO LAUGH ANYMORE" The Orioles Jubilee 5040
- ★ "CHRISTMAS IN MY HEART" Percy Faith O. Columbia 39011

ROUND THE WAX CIRCLE

NEW YORK:

Dick Brown, Jubilee Records singing star, follows his Hippodrome Theatre, Baltimore, engagement with a setto over at the Paramount . . . Leonard Stevens takes over as road manager for the Ralph Flanagan ork . . . Does the heavy traffic up at George Paxton's music firm mean hot tunes in the

EDDY HOWARD

offing, or do the scribes flock there because of Muriel, who'd stop traffic any day? . . . Bud Kae, disk jockey at WRBI, Blue Island, Ill., in town this past week . . . ditto Phil Chess of the label of the same name . . . Bud Messner and Molly Darr, Abbey folk records stars, did a guest shot on the "Grand Ole Opry" WSM ainer out of Nashville this past week. Their latest etching, "Father Put The Cow Away" is due soon . . . Like the way the gang flocks to Robbins' Nest these days, with ole Freddy still as glib as ever. His line of chatter still rates among the best ever in our book . . . Joe Thomas, rhythm and blues chief at Decca doing a sock job. Notice the host of platters in the popularity charts, and doff your hat to the man responsible . . . Russ Vincent, recently signed to an Adam Records wax pact, opened at the Taboo this past week . . . Pinky Roller named promotion manager over at Jubilee Records . . . King Cole due back

from their sensational European tour on October 28th . . . Mort Nusbaum, dj at WHAM, Rochester, guested on the Jack Berch NBC show this past week . . . Look for "Dream A Little Dream Of Me" to burst thru in the pop charts mighty soon—and while you're lookin', take note of the fact that Elephant Boy Okun welded the ditty into quita thing . . . Now they're talking about wot hoppen' to "Molasses". Wait a while—the song hasn't even arrived yet! . . . Rumors in the trade concerning a forthcoming explosion at one of the majors—concerning talent and tunes—wot else? . . . Long time no hear from George Pincus—where you keeping yourself, Georgie? . . . Eddy Howard's etching of "To Think You've Chosen Me" starting to take hold with met dj's. Disk has literally been worn white this past week . . . Benny Goodman's unreleased Carnegie Hall Jazz Concert of yesteryear, skedded for early release by Columbia Records. Disks feature Benny's all-time greats . . .

CHICAGO:

Two really hot platters over at Mercury. Eddy Howard's "To Think You've Chosen Me" reported to be hotter than anything else on the books at this writing and "Say Goodnight To That Guy Irene" featuring Jerry Murad's Harmonicats with a grand bit of vocalizing by Dick (Two-Ton) Baker which is clicking in juke boxes wherever placed . . . Irwin Berke spent lots of time with Harry Cohn of Columbia pics when Harry was in town at the Drake, and Oivin still talking about the very interesting time he had

BENNY STRONG

Benny Strong opened at Milwaukee's Schroeder Hotel (Tues., Oct. 17) with lots of the music boys from this town on hand to greet him. Benny reports he's got some grand disks on the way in from Capitol . . . Chick Kardale's plugging ways got plenty of belly laffs from friends who saw him put on his act for David LeWinter at the Pump Room one nite this past week. The guy should be on the stage . . . Hank Markbreit says things are getting busier and better . . .

Cass Franklin, featured at the Swiss Chalet of the Bismarck, played a grand benefit performance for the ladies of the Mt. Sinai Hospital Research Foundation and won himself a gang of fans . . . Art Kassell recorded his "Under A Polka Dot Sky" for King, and others are waxing it now. As yet the tune is without a publisher. It's up for bids . . . Wayne King with his entire TV gang follow Bill Snyder into the Edgewater. Gloria Van, Harry Hall, Don Large Chorus and all the rest . . . In the meantime Bill Snyder making plans for his opening at the Paramount in NYC and perhaps following that into the Café Rouge of the Statler . . . Murray Baker, general pro mgr for Robbins, in town renewing acquaintances and plugging for all he's worth on "I'm In The Middle Of A Riddle" which both he and Irwin Barg believe is gonna be a clickeroo for the firm . . .

Jan Garber, new crew cut and all, clicking like anything at the Trianon. After that, Jan plans a 3 weeks' rest, then into the Melody Mill where he gets two CBS shots a week.

LOS ANGELES:

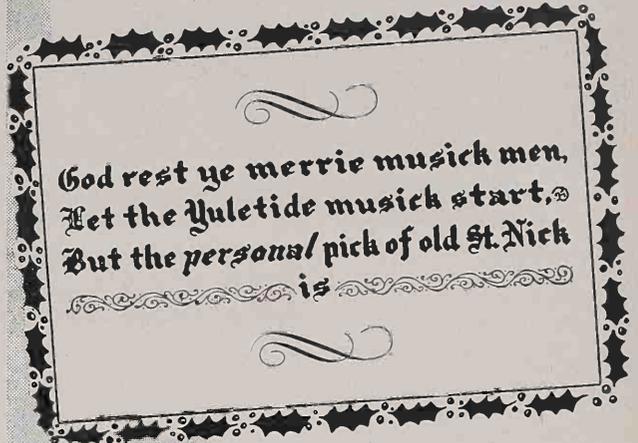

Quite an event set for night of Oct. 30 at the Palladium, where Lionel Hampton, his band and revue will take the stand for a one-nighter sponsored by the Beverly-Fairfax Community Center . . . This marks the first time in 10 years or more of Palladium's existence that the Hollywood dine and dance spot has presented a Negro band . . . Ran into Capitol's Lou Busch, also known as Joe (Fingers) Carr and now even more proudly known as the father of a junior heavyweight miss, tipping the scales at 9 lbs. 2 oz. . .

SPIKE JONES

Mother Margaret Whiting and child were doing fine, Lou reported . . . Bob Stern, formerly in charge of record promotion for the Andrews Sisters, has set up his own office, with such clients as Spike Jones, Gordon MacRae and the Ewing Sisters for a starter . . . The Ewings are the attractive, talented pair heard for some time now on Bill Anson's TV shows and recently signed to a Capitol contract, their first disc out "Just The Way You Are" with Gordon MacRae and promising a fast start for the very likable girls . . .

Capitol believes it has the finest and most moving song to come out of the Korean war in "Daddy's Last Letter", performed by Tex Ritter with proceeds from the record going to Pfc. John J. McCormick's widow in Collingdale, Pa. . . . Looking over some literature sent us by Good Time Jazz and, while no great booster of any variety of Dixieland, seems like Lester Koenig and crew must have some fine sides in the platters they're currently releasing by Turk Murphy, George Lewis, Prof. Armand Hug and Benny Strickler according to the raves they rate from the top jazz critics in the business . . . Wonder if some of this stuff might go big on the boxes . . . The Andrews Sisters are keeping mighty busy these days, what with touring all over the country and recently cutting a dozen sides for Decca.

God rest ye merrie musick men,
Let the Yuletide musick start,
But the personal pick of old St. Nick
is

Record Reviews

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"LOVE FOR SALE" (3:16)

"BE EASY, BE TENDER" (2:52)

STAN KENTON ORCH.

(Capitol 1236)

● Top deck of this one is a side which the Kenton fans should go wild over. Ditty is an old Cole Porter melody, served up in bright manner by Stan and the gang. Sock drive injected here makes it a grade A slicing. Flip has Jay Johnson on a so-so blues ballad, with the Kenton music shining thru. We like "Love For Sale."

"YESTERDAY" (2:33)

"I'LL SEE YOU AFTER CHURCH ON SUNDAY MORNIN'" (2:45)

JO STAFFORD—GORDON MacRAE

(Capitol 1235)

● Pair of slow, infectious tunes by the sock vocal team of Jo Stafford and Gordon MacRae should reap harvest for music ops. Both sides are in the romantic vein, with the vocal refrain smooth and sweet throughout. Echo of this one should prove to be a big thing for music ops. Latch on.

"WHERE DO I GO FROM YOU" (2:22)

"IT'S A MARSHMALLOW WORLD" (2:39)

RAY ANTHONY ORCH.

(Capitol 1196)

● Smooth dance music via the Ray Anthony ork—that's the wax story with this pair. Top deck has Ronnie Deauville & The Skyliners handling a moderately tempo'd romantic air that has some heavy winning potential. Flip has Ronnie back again on a plug Xmas ditty that is sure to score. Both ends will do more than hold their own—ops should listen in.

"ROWDY-DOW" (2:45)

"THE OCARINA" (3:08)

JUDY VALENTINE

(MGM 10828)

● Pert chirp Judy Valentine comes up with a hot potential winner in the novelty item on the top deck. Ditty is a bright catchy thing that makes you wanna listen and sing along. It's the type of tune that grows on you with each hearing, and is gilded all the more with some top vocal aid by the Quartones. Flip side is a plug tune from the "Call Me Madam" musical—this rendition will certainly boom the popularity of the tune. Top deck rates a spot on ops machines.

"YOU'RE IN LOVE WITH EVERY ONE" (2:40)

"THAT OLD GANG OF MINE" (2:52)

LAWRENCE COOK

(Abbey 15018)

● Pair of honky-tonk piano roll sides by Lawrence Cook, with some oldie tunes seeping thru the ether, are in store for music ops here. Both ends whirl in bright piano style, with the music sure to be familiar to most ops. Wax should hold its own as a filler item.

SLEEPER OF THE WEEK

"I CAN'T GIVE YOU ANYTHING BUT LOVE" (2:53)

"YOU MEET THE NICEST PEOPLE" (2:52)

BUDDY GRECO QUINTET

(London 855)

BUDDY GRECO

● Long missing from the phono spotlight as a name attraction, songstar Buddy Greco comes up with a side that's a cinch to clinch with music ops in a big way. It's an excellent rendition of an oldie Buddy offers, and is sure to rival the heavy popularity and success

of his winner of some years ago, "Ooh Looka There Ain't She Pretty". Vocal work on the side is nothing less than terrific, with a clever alphabet spelling arrangement holding down the spotlight. Tempo is merry throughout, with some fast vocal and instrumental work by Buddy and the group shining brightly. It's a novel version of a sock winner, and is sure to earn heavy juke box coin for music ops throughout the nation. Flip has Buddy and the boys on another rhythm tune, with a cute set of romantic lyrics making you pay avid attention. Buddys vocal spot is great from the word go, and is sure to be greeted by his many fans with wide enthusiasm. Disk is a must in your machine—grab 'em by the boxful!

"MOMMY, WON'T YOU BUY ME A BABY BROTHER?" (3:31)

"RUDOLPH, THE RED-NOSED REINDEER" (3:29)

SPIKE JONES ORCH.

(RCA Victor 20-3934)

● This pair can't miss! Pair of sock Xmas tunes by the Spike Jones gang, with the crew taking it straight on both ends, has the flavor of coin play all about them. Both ends feature a pseudo-kid vocal that stops the show, with the lyrical expression sure to go like wildfire. Flip side is the one to ride with—grab it—but pronto!

"AND YOU'LL BE HOME" (3:07)

"ACCIDENTS WILL HAPPEN" (3:32)

BING CROSBY

(Decca 27241)

● Pair of plug tunes from his "Mr. Music" flicker are offered here by Bing Crosby in good order. Both sides are tinted with a bit of romance, and make for effective listening pleasure. Top deck has the Ken Lane Singers backing Bing, while the flip has the groaner taking it solo. Wax has to be heard to be fully appreciated—we suggest just that.

"I SEE A MILLION PEOPLE" (2:45)

"THE TOUCH OF YOUR LIPS" (2:50)

HADDA BROOKS

(London 791)

● The slow, sultry warbling of thrush Hadda Brooks on this pair of oldies is sure to result in heavy juke box play for music ops. Hadda's deliberate slow wailing of this duo gilds the song immensely, with the light, hush-hush treatment making it all the more brighter. Wax is highly recommended.

"THE EVERLASTING ARMS" (3:10)

"DAVID'S PSALM" (2:52)

DORIS DAY

(Columbia 39023)

● Pair of slowly woven sides tinted with a bit of religion are offered here by chirp Doris Day. Both ends are rendered with plush orchestral and choral accompaniment, and make for excellent listening pleasure. Altho the sides aren't top commercial material, they should find favor with Doris' many fans.

"LET'S DO IT AGAIN" (2:30)

"RAINBOW GAL" (2:35)

ALAN DALE

(Columbia 39033)

● Vocal work by piper Alan Dale on this pair makes for pleasant listening. Both ends of the platter are rhythm tunes, with the top deck a throw-back to some ragtime beat of yesteryear, and the flip a bright new girl-tune. Both sides have been widely recorded, and should be familiar to ops. This rendition is one of the best around.

"GUADALAJARA" (2:51)

"CUBAN MAMBO" (2:47)

XAVIER CUGAT ORCH.

(Columbia 38976)

● Pair of Latin flavored sides by Xavier Cugat, with some fair wax in the offering for music ops. Upper lid is an oldie, with Carmen Castillo in the vocal slot. Veteran music ops should be familiar with this one, since it scored heavily years ago. Flip side showers The Three Bellow & A Peep to the mike on a mellow up tempo mambo that should click with Cugie's many fans. We like the latter side—we're sure you will too.

"FROSTY, THE SNOWMAN" (2:30)

"IF I WERE SANTA CLAUS" (2:37)

GUY LOMBARDO ORCH.

(Decca 27257)

● More Xmas wax in store for music ops, with maestro Guy Lombardo in the driver's seat on this pair. Both ends are handled by Kenny Gardner in effective vocal manner, with the Lombardo ork furnishing light-hearted music in the background. Top deck will be a hot seasonal item—music ops should listen in.

"THE WINTER WALTZ" (3:07)

"PATRICIA" (2:04)

RUSS MORGAN ORCH.

(Decca 27258)

● Fresh wax by maestro Russ Morgan, with a pair of comely sides in the offering for music ops. Upper lid is adapted from the familiar "Skater's Waltz", and has Russ and the vocal group purring the cute, clever lyrics. Flip is a current winner with this rendition sure to garner some heavy juke box play. Ops should listen in.

"CHRISTMAS IN MY HEART" (2:55)

"THE CHRISTMAS TREE ANGEL" (3:05)

FRAN ALLISON

(RCA Victor 20-3938)

● More top notch Christmas material in store for music ops are these sides by chirp Fran Allison. Both ends are lightly warbled, and make for some wonderful listening pleasure. It's smooth sentimental stuff, the kind that makes you wanna listen all the more. Top deck our nod.

"CAN'T SEEM TO LAUGH ANYMORE" (2:45)

"I CROSS MY FINGERS" (2:48)

THE ORIOLES

(Jubilee 5040)

● Vocal harmony by The Orioles, and the set up of some great wax for music ops in this pair of teeming ballads. Top deck walks away with the honors, and shows the combo's vocal style to excellent advantage. Ditty is a dramatic vocal effort, with the sugar-coated, meaningful lyrics handled in superb manner throughout. Coupling shows just as well, and makes for wonderful listening pleasure too. Don't miss the top etching.

"PAGAN LOVE SONG" (2:56)

"MY BLUE HEAVEN" (2:49)

ZIGGY ELMAN ORCH.

(MGM 10815)

● Swing tempo accorded the oldie on the top deck provides for some nice wax for music ops to lend an ear to. Vocal echo by Virginia Maxey is effective throughout, with the band blending smoothly too. Coupling features the maestro on another standard which should hold its own. Wax is there for the asking—music ops take it from here.

Armstrong-Jordan Teamed On Decca

NEW YORK—Teamed for the first time on Decca wax are a pair of "Looy's"—Armstrong, left, and Jordan that is. The all-time great combo got together on "Life Is So Peculiar" and "You Rascal You", both rapidly climbing to a top spot in music ops' popularity.

Mercury Acquires Herb Jeffries & Jan August Masters

CHICAGO—Mercury Records Inc., this city, this past week acquired 37 sides recorded by Herb Jeffries, and 16 sides by Jan August.

Mercury is reported to have paid \$2,200 for the Jeffries wax, originally cut for Exclusive Records who closed their doors some two years ago. The platters has thus far made no announcement concerning the release of the Jeffries disks. Mercury's acquisition of the masters gave way to rumor that the singer would sign with the diskery, altho this was denied by Jeffries' manager, Maurice Duke. Jeffries current contract with Columbia expires January 1.

The August deal concerns the leasing of 16 masters to Mercury, which the ivory-thumper originally etched for Diamond Records. Included in the deal are such standard hits by August as "Misirlou" and "Babalu". August, who has been recording for Mercury for some time now, purchased the masters from Empire Records, who in turn acquired them at auction when Diamond Records closed shop several years ago. August, as of late, has been recorded by Mercury with vocal and orchestral accompaniment.

Ink Spots Start 16th Year On Decca Wax

NEW YORK—David Kapp, Vice-President of Decca Records, Inc., announced the renewal of an exclusive recording pact with the Ink Spots for an additional three years. The famous singing group started their recording career on Decca 15 years ago and has recorded exclusively for the firm ever since.

Known for their original and appealing ballad treatment that has made them international favorites, the Ink Spots have created some of Tin Pan Alleys biggest all-time discs, among them "If I Didn't Care," "Do I Worry," "Java Jive," "Maybe," "The Gypsy," "To Each His Own," "You're Breaking My Heart," to name but a few.

The latest Decca release features "Time Out For Tears" coupled with "Dream Awhile."

Also newly-released are two sides made with Gordon Jenkins' chorus and orchestra. They are "Our Lady Of Fatima" and "A Stranger In The City," featuring Billy Kenny, lead singer, in the group.

Paul Wexler Named General Sales Mngr. For Columbia

NEW YORK—Beginning Monday, October 23, Paul J. Wexler will assume the post of national sales manager for Columbia Records, replacing Jeff Wilson who has resigned. Wexler, who has been with Columbia for ten years, has until now been district sales manager of Philadelphia, Baltimore, Washington, D. C., Richmond and Pittsburgh. He will work out of the Bridgeport office and will report to Paul Southard who's in charge of merchandising for Columbia.

Joel Friedman Exits Music Ed Post

NEW YORK—Joel Friedman, Music Editor of *The Cash Box* for the past four years, has resigned his position. Friedman's resignation becomes effective November 1st, when he is scheduled to join the staff of a major recording company at their West Coast offices.

Named to replace Friedman was Sid Parnes, who joined *The Cash Box* this past week.

Capitol Records Issue New Jazz Wax Series

HOLLYWOOD, CALIF.—Capitol Records this past week announced the release of a new series of jazz records for collectors, taken from its former releases and including sides that have never been heard before.

The first group, comprising four new sides and nine old ones, will feature such artists as Charlie Barnet, Eddie Miller, Miles Davis and Lennie Tristano.

Disks are skedded to sell for \$1.00 and 10" shellac pressings, and 95c for 45 rpm etchings. Platters are set for early release some time this month it was learned. The firm will also issue other series of jazz recordings at a later date.

HOW IMPORTANT ARE 45 RPM DISKS TO JUKE BOX OPS?

NEW YORK—There is, currently, much discussion throughout the entire automatic music industry concerning the use of 45 rpm recordings.

While 45 rpm records have gained wide popularity with home users, and there is every indication that the new speed platters will gain as much favor with the juke box business, the latter group has not to any great extent thus far dealt with 45 rpm recordings in the actual operation of a phonograph.

Tests were started some months ago, with machines being converted over to feature 45 rpm records. The operators who made these first tests have learned much that is of interest to all other music ops. As an indication of the growing interest in 45 rpm recordings, one counter model phono has appeared on the market exclusively featuring 45 rpm records. Though this machine isn't selective, it has won much attention simply because of the fact that it is featuring the new speed platters.

There is every indication in the field that 45 rpm recording will one day be the only, or standard speed existing, insofar as popular music is concerned at any rate. Record manufacturers have realized this, as have phonograph manufacturers too.

The music operator is today one of the largest buyers of phonograph recordings. There are now reported to be over 550,000 locations featuring automatic music of one type or another, and with demand for new juke boxes at the highest peak ever, it is believed, unless production is stopped, that over 600,000 locations in the United States may one day soon be featuring automatic music.

Music operators are intensely interested in 45 rpm recordings, since they basically believe that revenue from the operation of their routes might be increased with the use of 45's. The many features that 45's have considerably outweigh those of 78 rpm recordings. Ops have taken into consideration, breakage, size, attractiveness, handling, price and also the novelty of the platters themselves.

The juke box manufacturers are therefore also tremendously interested in the growing belief that 45 rpm records will be of help to the music operator, and being in the midst of tremendous demand for new phonographs, they are trying to foresee the time when 45's may take over.

Concerning 45's, there is one point on which all juke box ops agree. That is that these records give better and clearer tone, even when records are warped to any degree. Tone is not distorted in any fashion by the warping of the 45 platter. This music ops believe is of great importance. It helps win the public over to their machines. The location owners too, these

ops state, are better pleased with the 45's because of the clearer tone.

More important to music operators is the question concerning handling of 45 rpm records. In view of added restrictions and the probability of more to come in all forms of enterprise, the fact that 45's are easier to handle has met with widespread approval with music ops. They can service a larger number of machines, with all the platters necessary for the phonos right from the ordinary auto, instead of from trucks. This in many respects, cuts down on their operations overhead, by reducing their cost and wear and tear of gasoline, tires and accompanying normal expenses. In short, as ops explain, they can simply pile all the 45 rpm disks they need right in the back part of their auto, and service a route of more than double the size they have which features 78 rpm platters.

The ops also point out that 45's more or less solve a big problem of storage. They can devote more space to parts and supplies and phonographs, with the additional space they save by using 45 rpm records.

Ops claim that by far, the most outstanding feature of 45's is that they have far superior lasting quality than 78's. A top tune on 78 will sometimes wear out in several weeks, whereas by using a 45 rpm recording in its place, they need not worry about a changeover until the particular popular song itself has gone by the boards. This, in addition to being a saving in servicing of phonographs, represents an actual dollar savings to the op.

With more manufacturers than ever before in heavy production of 45 rpm records, the music operator need not worry about an ample supply and selection of songs by particular recording artists. The operator can buy nearly every given hot tune by an artist, on almost any label he desires. This situation holds true with regard to the indie record manufacturer as well as the majors.

The basic problem as far as conversion is concerned to the music op, is that the bulk of his equipment is presently geared to play 78 rpm records. Any conversion will run the operator into considerable expense. Aside from this, more operators than ever before realize that eventually he will switch to 45. It is true, of course, that the phonograph manufacturers are cognizant of the music operator and his position with regard to any possible major switch from 78 to 45. Many are making conversion plans geared to the operators' point of thinking.

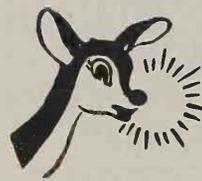

The answer, ops generally agree, is very simple. 45's mean more profits to the operator. The operators are firmly convinced that they will even-

tually convert the majority of their machines to 45 rpm, and as a result, usher in a new prosperous era for them.

RCA Victor Signs
Bob Dewey & Buddy
Morrow Orks

NEW YORK—Paul A. Barkmeier, Vice President and General Manager of RCA Victor Records, this past week announced the signing of the Bob Dewey and Buddy Morrow orchestras.

The Dewey orchestra highlights fresh arrangements by the youthful maestro, who recently left the University of Southern California campus to front the band. Largely responsible for the original shaping of the ork is Bob's father, Dewey Bergman, RCA Victor recording director. Dewey studied at Valley Forge Military Academy, where he played piano and arranged for the school orchestra. He joined the Marines at 17, became a Marine Corps disk jockey in the Far East, and returned to the USC campus to study music.

The Morrow aggregation has appeared on records before, with the leader recently reorganizing his band. Morrow has played with many of the nations all-time greats in the music business, including Paul Whiteman, Eddie Duchin, Artie Shaw and Tommy Dorsey.

First release for the Dewey ork is "Get Happy," coupled with "Somebody's Crying" and "Beloved Be Faithful," backed by "Home." Morrow's first RCA wax is "Autumn Leaves" and "Strangers," and "I Can't Give You Anything But Love" and "Our Song of Love." First Dewey release is already out on the market, with Morrow's skedded for early release.

Jazz 'n Blues Reviews
★ AWARD O' THE WEEK ★

"I'M SO CRAZY FOR LOVE" (2:33)
"NOTHIN' CLICKIN' CHICKEN" (2:28)

LONNIE JOHNSON
 (King 4411)

LONNIE JOHNSON

● Widely popular Lonnie Johnson comes up with a piece of top drawer juke box material in this fresh pair tagged "I'm So Crazy For Love" and "Nothin' Clickin' Chicken", to nab this featured spot this week. It's the top deck we're

ravin' about, and with good cause too. Lonnie offers music ops a side that'll wear white in no time at all. It's a slowly woven blues ballad, done up in fine country style by Lonnie, from start to finish. Vocal work is clear as a bell throughout, with some fine guitar seeping through too. It's the type of tune that makes you wanna listen all the more, and then come back for still another earful. On the other end Lonnie switches to a novelty pace on a ditty set with some cute lyrics. Side whirls in mellow tempo, and shows Lonnie's fine guitar work to excellent advantage once again. "I'm So Crazy For Love" is sure to win wide favor—music ops should latch on to this one right off!

"I'VE MADE UP MY MIND" (2:45)

"AGAIN" (2:46)

CHARLES BROWN
 (Aladdin 3066)

● Widely popular Charlie Brown comes up with a pair of effective sides in this fresh coupling. Both ends whirl in ultra slow tempo, with Charlie spieeling the comely lyrics smoothly. Top deck is a blues ballad, while the flip is his rendition of a sock hit of last year. Browns many fans will go for this pair.

"ROCK AROUND THE CLOCK" (2:46)

"FINE AS WINE" (2:47)

HAL SINGER ORCH.
 (Mercury 8196)

● Mellow, wild and wooly, that's the wax story with the upper lid. Vocal refrain by Spo Dee Odee on the side, with some chorus chanting in the background, makes this side a great one for the boxes. Flip is in the same tempo and has the maestro in the vocal spot. "Rock Around The Clock" for the moola.

"I'LL NEVER BE LONELY" (2:34)

"HE'S COMING BACK" (2:47)

THE CALVARY QUARTET
 (MGM 10808)

● More religious material in store for music ops, with The Calvary Quartet offering this effective pair. Both ends are in moderate tempo, with the harmony the combo shows echoing in good order. Wax should fit all locations, and do more than earn its keep. Listen in.

"WILLOW WEEP FOR ME" (2:34)

"DISGUSTED" (2:25)

MABEL SCOTT
 (King 4410)

● Pair of sides which music ops can use to best advantage as filler items are these set up by chirp Mabel Scott. Both ends don't quite fill the bill, altho they might earn their keep in spots. Top deck is a well known standard, while the flip picks up to a rousing, mellow beat. Wax is there for the asking.

"JAM THAT BOOGIE" (2:32)

"BLUES MISERY" (2:55)

TULSA RED
 (Swingtime 135)

● Tulsa Red in the spotlight, and a pair of sides that might hold their own in the offing for music ops. Upper lid is a medium shuffle blues number, with Tulsa purring a fair vocal bit. Flip slows down for some country blues, with some light ivory tinkling in the background. Disk should be good filler material.

"I'LL NEVER BE LONELY" (2:34)

"BATTIN' THE BOOGIE" (1:58)

JOSHUA JOHNSON
 (Capitol 1180)

● Music ops who have the spots that go for this brand might do well to lend an ear in this direction. Both ends of this platter feature Joshua Johnson tinkling the ivories, with the top deck taking in slow and mellow throughout, and the flip picked up to some hard driving boogie. Latter side gets our nod.

"LITTLE BOY, HOW OLD ARE YOU?" (2:21)

"GOING BACK TO JESUS" (3:02)

SISTER ROSETTA THARPE
 (Decca 48177)

● Here's a cinch to score—and score heavily in no time at all. The great Sister Rosetta Tharpe comes up with some excellent wax in the top deck, a mellow driving spiritual that's money in the bank for music ops. Vocal echo by a group, coupled with some great music via the Sam Price Trio all add to the glitter of the side. Flip is another up tempo spiritual side that shows Rosetta off to great advantage. Top deck can't miss—grab it!

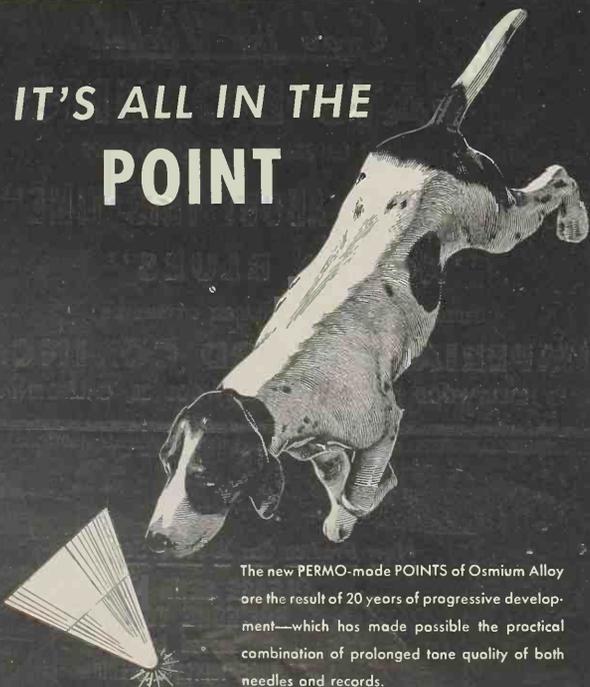

"GETTIN' OLD" (2:45)

"JIMMY 'BABY FACE' LEWIS" (2:48)

JIMMY "BABY FACE" LEWIS
 (Aladdin 3004)

● Pair of mellow sides headed ops way, with Jimmy Lewis in the driver's seat. Upper lid is a rousing piece of wax, with some up tempo boogie beat seeping thru. Jimmy's vocal jells throughout, and makes for good listening too. Flip is a stock girl tune offered in high gear all the way. Top deck rates ops attention.

IT'S ALL IN THE
POINT

The new PERMO-made POINTS of Osmium Alloy are the result of 20 years of progressive development—which has made possible the practical combination of prolonged tone quality of both needles and records.

THE CASH BOX

"Folk" and "Western" Record Reviews

"RUDOLPH THE RED NOSED REINDEER" (2:22)

"FROSTY THE SNOW MAN" (2:30)

RED FOLEY & THE LITTLE FOLEYS
(Decca 46267)

RED FOLEY

● This sensational rendition of two of the greatest Christmas tunes ever is sure to win tremendous juke box play in no time at all. Both ends are top notch juke box material, and should catch on and go like sixty as soon as they're out.

Top deck is the ever popular "Rudolph The Red Nosed Reindeer," with Red Foley joined by his daughters as vocal background. It's a wonderfully clever rendition, one that fairly radiates the mood and patter of the song itself. Red's vocal is crystal clear throughout, with exceptional instrumental backing rounding out the side in top form. Ditty itself is a consistent juke box winner—this rendition should boom its popularity even moreso. On the other end with "Frosty The Snow Man," Red and his gang come through with still another first rate piece of wax. This side is also in a happy Christmas atmosphere and makes for jolly listening pleasure. Platter is highly recommended, ops should climb aboard the bandwagon.

"YOU CAN'T KISS SANTA CLAUS GOODNIGHT" (2:53)

"THREE LITTLE DWARFS" (3:02)

STUART HAMBLEN
(Columbia 20754)

● Stuart Hamblen, currently riding high with "I'm The One Who Loves You" comes up with some attractive Xmas wax in this fresh coupling. Both ends make for pleasant listening, with Stuart's crystal clear vocal work seeping thru in fine style. Top deck is a lullaby, while the flip weaves in enticing story. Listen in.

"BOOTS, DON'T LEAVE ME" (2:45)

"I'VE GOT THE CRAZIEST FEELING" (2:47)

BENNY LEADERS
(Freedom 5012)

● Pair of fair enough sides in the offing for music ops, are these by Benny Leaders and gang. Top deck spins in mellow up tempo patter, while the flip switches to a slow tear-jerker. Vocal echo is effective throughout, with Benny's gruff vocal pattern coming thru in good order. Wax won't stop traffic—it will hold its own.

"OH YES, I'M LONELY" (2:56)

"I AIN'T GONNA GIVE YOU NONE OF MY JELLY ROLL" (2:48)

GUY BLAKEMAN
(Chess 1525)

● Here's one that can't miss! Guy Blakeman has a hot winner in the upper lid, a mellow romantic lament that should wear white in the boxes. Disk has a wonderful beat, coupled with some grade A lyrics to match Guy's socko vocal style. Flip picks up in tempo some, and has Guy coming thru with another potential winner. Top deck is the one to ride with—but pronto.

"THE RED WE WANT" (2:30)

"DON'T BITE THE HAND THAT'S FEEDING YOU" (2:05)

ROY HOGSED TRIO
(Capitol 1201)

● Music ops in the market for a pair of flag-wavers might lend an ear in this direction. Upper lid has a trio vocal, and should be fairly well known to music ops, since it has been a fair pop winner. Flip is in the same style and features a solo vocal. Ops who have the spots should lend an ear.

"RUDOLPH THE RED NOSED REINDEER" (2:15)

"JOLLY OLD ST. NICHOLAS" (2:05)

MONTANA SLIM
(RCA Victor 21-0392)

● More excellent Xmas material in store for music ops is offered here by Montana Slim. Top deck is the widely heralded "Rudolph," with Montana giving his all on the side. Flip is in the same vein, and turns out to be a happy, merry Christmas bit that should meet with ops' favor. Listen in.

"ANGELS CRY" (2:53)

"MOSEY ON" (2:55)

DUDE MARTIN
(Mercury 6279)

● Tender, sentimental refrain on the top deck makes for fairly pleasant listening time here. Vocal work by Sue Thompson is smooth and graceful throughout, and should be greeted with excellent reception. Coupling has the maestro in the spotlight on a romantic lament that might hold its own. We like "Angels Cry."

"BLUE MEXICO SKIES" (2:47)

"I TRIED" (2:58)

ZEKE CLEMENTS
(MGM 10811)

● Smooth, tuneful ode to Mexico on the top deck should nab its fair share of juke box coin. Ditty whirrs in slow tempting patter, with Zeke's vocal fitting like a glove all the way. Flip is a slow lament that should do just as well. We like the top deck.

Mercury Offers Music Ops Money Back Guarantee On New Harmonicats Disk

ART TALMADGE

CHICAGO—Mercury Records again set a "first" this past week by offering juke box operators "a money back guarantee" on the purchase of the firm's new disk, "Hey, Keesideetch."

The tune proved so outstanding in tests conducted by some of the leading juke box ops in this city who first

heard it off a dub of the session made this past week, that Art Talmadge, Executive Vice-President of Mercury, was moved to make this "money back guarantee" offer to all juke box ops.

Talmadge explained, "This is one time when the juke box operators simply can't lose."

"We are willing for them to buy, 'Hey Keesideetch,' as recorded by Jerry Murad's Harmonicats with Rudy Cafaro doing the vocal, and just place it in their juke boxes."

"If they don't agree that this is a most outstanding moneymaking record, then they can immediately return it. We'll have our distributors refund the purchase price."

The firm have arranged many "firsts" in the juke box industry. This past summer they presented a free record offering to operators.

Many ops, who took advantage of this unusually fine free offer, have been buying from the firm consistently ever since.

This new "money back guarantee" on "Hey, Keesideetch" (which means, "Hey, What Do You Say?") in Italian, is another great offer by the firm to the nation's juke box operators. It is sure to do the firm a tremendous amount of good.

LACK OF STEEL FOR VENDOR CABINETS

Plants Working Two And Three Days Per Week As Steel Cabinets Become More Difficult To Obtain. Cigarette And Drink Vendors Hardest Hit. Mfrs Ration Production. Fear Further Controls May Up Prices As Mfrs Scramble To Obtain Steel.

CHICAGO—Lack of steel for cabinets is closing down many vending machine plants to two and three days per week production.

With the newest order just issued by NPA, whereby factories doing defense work will be given priority for all materials necessary to continue its production schedules, vending machine manufacturers fear even further lack of steel.

In fact, it is generally believed that such factories as those manufacturing cigarette vending machines and drink dispensers, will soon be down to only one or two days' work per week. This may cause loss of employees.

Steel left over on the market, after defense work makers have taken their share, it is believed, will see a grand scramble ensue for its possession, which will boost prices to new high marks.

If such becomes the case, there is no doubt that the prices of those vending machines using steel cabinets will again be forced to go up. This may tend to cut down on the tremendous demand which is now in effect thruout the industry, some state. Majority believe otherwise.

It has been well known for some months now that manufacturers who have been able to obtain steel, and continue production of their vendors, have been rationing their production.

Orders for large numbers of machines have been receiving only a very small percentage of what has been ordered.

In this way manufacturers have been able to spread whatever they could produce in a thin mist all over the country, satisfying as many of their customers as possible, instead of giving the hog's share to any one buyer.

This rationing practice has met with approval. Operators believe that this is fair.

They can, they state, at least get a few new machines, before the time may arrive when production will hit such a low mark that there just won't be any machines available.

In the meantime, most of the manufacturers have been able to supply all parts required by the trade.

Few know what the future holds, except as leaders state, it will surely become very difficult soon to obtain the steel necessary for the large cabinets used in manufacture of the cigarette vendors, drink dispensers, and other machines in this category.

Components are in short supply, and even though the majority of the manufacturers make their own parts, they find materials for parts have become very difficult to obtain.

Some of the larger vending machine plants already have representatives

in Washington, D. C., seeking defense work.

This may cut even more deeply into present production than operators now realize.

The very best that can be done at this time, one manufacturer suggested, is for operators to order as far in advance as they possibly can, anticipating their needs, so that the manufacturers will buy on whatever production he will have on hand in bona fide orders.

It is also reported that some of the manufacturers are now demanding deposits from well known accounts to assure them not being caught, should they be able to obtain the materials needed for continued manufacture.

In this fashion, only bona fide orders will count in future production attempts, as the manufacturers scramble to obtain whatever materials they can so as to insure continued production, even on a much depleted scale.

Will Exhibit Ice Vendors At Ice Industries Conv.

CHICAGO—Automatic coin-operated ice vending stations, newest improvement in ice distribution, will be a feature display at the 1950 convention of the National Association of Ice Industries at the Hotel Sherman, Oct. 31-Nov. 3.

Located at well-trafficked points, the stations function as neighborhood branches of the main ice plant. A routeman reloads them at intervals.

Latest models of the stations will be shown by the Refrigeration Engineering Company and the Penguin Ice Service. The latter company plans to display its new "Penguin Pallet Vendor."

Thermo Cuber Company, Inc., will exhibit automatic vending machines for installation at ice plants. Included will be gravity vendors, metal belt driven vendors, and chain driven vendors for dispensing both ice blocks and bags of crushed ice or ice cubes.

New wall chutes designed to minimize the loss of refrigeration and pilferage of ice from vending machines will be another feature of the Thermo Cuber Company's exhibit. In addition, icemen will be shown Thermo Cuber coin boxes of three types: A lever-operated box that will reject slugs and return the money when a vendor is empty; a coin-operated box with a totalizer that will perform the same operations and also take any combination of coins to make up the sale amount; and a slide operated box with a coin return.

NAMA's "Cigarette Operators' Day" On Nov. 15 To Feature Eleven Speakers

CHICAGO — Eleven prominent vending machine operators, tobacco, match and automotive company executives will appear on the "Cigarette Operators' Day" program on Wednesday, November 15, at the annual convention and exhibit of the National Automatic Merchandising Association, Palmer House, this city.

This announcement was made by Arch C. Riddell, chairman of the "Cigarette Operators' Day" program, and Ernest H. Fox, chairman of the 1950 N.A.M.A. convention. Riddell is the owner of the Harmony Cigarette Service, Pasadena, Calif.

Chairman Riddell will call the program to order at 9 a.m. in the Grand Ballroom of the Palmer House on Wednesday, November 15, the last day of the convention. First topic scheduled is "Public Morals and the Sales-To-Minors Problem".

This subject will be approached from an operator's experience by George M. Seedman, president, N.A.M.A., and president of Rowe Service Co., Inc., Los Angeles, Calif. Robert M. Ganger, executive vice president, P. Lorillard Company, New York, N. Y., will discuss this problem from the experience of the tobacco industry. Summing up from the viewpoint of an industry attorney will be handled by D. R. Clarke, general counsel, N.A.M.A., and general counsel, Illinois Manufacturers Association.

"Cigar Operations Today—A Natural Adjunct to Cigarette Merchandising" will be the next subject on the

program. S. M. Malkin, Malkin-Illion Co., Irvington, N. J., will outline to the assembled cigarette operators the future of cigar vending.

R. B. Barton, Director of National Advertising, Book Match Division, The Diamond Match Company, New York, N. Y., has been scheduled to appear before the group and speak on the subject: "Book Match Distribution and its Effect Upon Cigarette Sales".

The problem of maintaining service during conversion or price change will be discussed under the title "The Shrinking Quarter". Three operators, one from the Middle West, one from the South and one from the Southwest, will relate their experiences during conversion periods. They are: William J. Schmidt, Indiana Automatic Merchandising Co., Indianapolis, Ind.; Sidney J. Kronenberg, The Alamat Co., Birmingham, Ala., and Herman Schultz, Ace Merchandise Vendors, Houston, Texas.

Representatives of leading automotive companies—Chevrolet, Dodge and Ford—will head the last portion of the program on "Cigarette Operators' Day". Under the general heading "Vending's New Crisis", these men will give operators hints for top-notch truck maintenance for the best service to locations in the face of possible shortages of tires, fuel, trucks, parts, etc.

Chairman Riddell has announced that following the last portion of the program the floor would be open to a general discussion period.

DEFENSE WORK BRINGS BACK SLUGS

Ops Urged To Contact U. S. Secret Service Offices To Halt This Practice

CHICAGO—Executives of United Manufacturing Company, this city, advised this past week that their roadmen had been receiving complaints from ops in several defense work centers that they are plagued, once again, by slugs which are produced thru manufacture of certain equipment.

As Ray Riehl, Bill DeSelm of United reported, their roadman, Johnny Casola, had run up against this problem in upper New York state.

Ops there are again reporting quite a few slugs in their amusement games as a result of the increased factory work in this area.

With slugs now a Federal offense, it is surprising to hear that anyone is using them. And the ops in this area, it is reported, have made some effort to stop the use of slugs, they haven't been able, as yet, to find what plants these slugs are coming from.

Factory execs are of the belief that slugs may increase in many areas thruout the country as more defense work gets under way.

They are therefore urging ops, wherever slugs become a problem, to turn this matter over to the U. S. Secret Service who will, most certainly, put a stop to their use.

Federal law on slugs went into effect in April, 1944, as an amendment to Criminal Code, Section 168, and has been in effect ever since.

In fact, since this law went into effect, few, if any, slugs have been reported by operators.

But, with defense work increasing all over the country, there is no doubt that metal is being stamped out in larger quantity and which can be used as slugs in every type of amusement and vending machine as well as in telephones, if the slugs will fit machines.

Operators are therefore urged to get in touch with their local division of the U. S. Secret Service or even the FBI and that a definite stoppage of the use of slugs will be placed into effect by these law enforcement agencies of the Federal Government immediately.

PREMIUM USE FOR SHUFFLE GAMES SHOW BIG INCREASE

Ops Feature Premiums To Get "Front Money." Leading Distribs Feature Big Stocks

CHICAGO—This publication was first to report the growing use of premiums by shuffle game operators.

The fact that the amusement game ops could use premiums to obtain front money, seems now to have appealed to other ops thruout the country.

Reports are coming thru each week that more and still more shuffle ops are using premiums.

The average operator buys his premiums at a very low price. Distributors who now handle premiums, actually featuring them as an accommodation, instead of a profit factor. The operator charges close to retail cost of the premium off the top of the collection to the location owner.

In most cases, this gives ops anywhere from \$5 to over \$20, depending on the merchandise featured, as profit on the premium. This profit, ops figure, to be the very same as front money.

The use of premiums has, in almost

every case, helped ops to stimulate profits from equipment on which play was slowing down. Premiums have stimulated play to the point where location owners agree with ops that premiums were necessary for better profits.

The result has been that, wherever they can be used, shuffle game ops are featuring premiums. This continues to spread into even the smallest towns.

Usual method is for one premium to be awarded for the week. Players are given tickets when they reach or pass a certain score. They can obtain one or more tickets in this fashion.

The tickets are then placed in a box, with the player retaining a stub, and a drawing is then made during the week. The ticket picked from the box, during the drawing, is the one that obtains the premium featured.

In this fashion ops have made the awarding of the premium about as fair as it possibly ever will be.

Ray T. Moloney's Donation Equips Chicago Hospital Research Room

RAY T. MOLONEY

More Plants Take On Contracts For Defense Work

CHICAGO—This past week saw more coin machine plants take on defense work contracts which will cut their normal production potential.

Distributors who arrived here to discuss shipments of equipment with manufacturers were much perturbed by what they saw and heard.

As one leading distributor said, "It's time that the operators were told that more and more plants are taking on defense work and that this is cutting deep into new machine production."

In fact, distributors who visited here, were attempting to make arrangements with their factories for continued shipment of merchandise, regardless of how deep normal production would be cut.

It is also reported that some of these men committed themselves for definite amounts of machines, based on their receipt of sample first, to judge what they could use, of any and all new machines which the factories planned to produce in the near future.

As one leader said, "After my visit here, I can only state that I now really feel the defense work program and," he continued, "it's about time that all the operators, everywhere in the country, were given some idea as to just what is happening here in Chicago, so that they wouldn't waste time and get whatever they could, while the getting's good."

Rock-Ola To Hold Private N. Y. Showing Of "Rocket '51-50" Phono

J. A. (ART) WEINAND

some months ago, all were very interested in the type cabinet the firm would present.

This private prevue of the phono will present the cabinet for the first time to the trade.

It is also expected that J. A. (Art) Weinand, general sales manager of Rock-Ola will be at this prevue showing in view of the fact that some weeks ago he notified New York's AMOA that he would attend their banquet.

First Distributors Features New Premiums

CHICAGO—First Distributors was a very busy spot all this past week as one shipment after another of brand new premiums continued to arrive.

Wally Finke had attended the premium show in New York and did quite a bit of buying while there.

"All these new premiums that are arriving now," Wally reported, "are the result of our visit to the premium show in New York where we placed some of the biggest orders for merchandise the operators want and need."

Joe Kline of the firm says that operators are tremendously pleased with the new premiums.

"In fact," he stated, "they tell us that these are the most attractive they've ever seen and that their locations compliment them on these new premiums when they bring them around."

CHICAGO—On very good authority, it was reported this past week, that representatives of Rock-Ola Manufacturing Corporation, this city, would hold a private showing of their long awaited phonograph, "Rocket '51-50", at the Hotel New Yorker Parlor E and H, in New York City, Friday, Saturday and Sunday, October 27, 28 and 29.

The reason for this advance private showing of their new "Rocket '51-50" on the above dates is because they coincide with the date of the annual big banquet of the New York Automatic Music Operators Assn. gala banquet at the Waldorf-Astoria which will be held Saturday evening, October 28.

Too many have already seen the 50 selection mechanism of the new Rock-Ola "Rocket '51-50", which was shown

CHICAGO—Mrs. Trudy Coven was a very jubilant young woman this past week when she reported to the Mt. Sinai Hospital Research Foundation that Ray T. Moloney, president of Bally Manufacturing Company, had donated \$5,000.00 to fully equip a special "Ray T. Moloney Room" in the Research Foundation of this very prominent hospital here.

The Mt. Sinai Hospital Research Foundation Service Club is composed of leading women of this city who give their time and energy to the continuing and expanding of the research facilities of this prominent hospital's foundation.

Donors of \$5,000.00 will have the honor of seeing their own names appear over one of the laboratory rooms in the new Research Foundation building which is now under construction.

Noted thruout the city, as well as the nation, for his great charity, Ray T. Moloney is signally honored for this donation.

This donation has won the greatest of respect and affection from all these people and, especially, from the general public in this city.

PAID
10-21-50 AMI
IN FULL

“It’s all mine!”

Happy day for the operator who makes his final payment on a juke box, his contract stamped “Paid in Full!” That great day comes more quickly when the juke box is an AMI. Lower initial cost, savings in interest, reduced service expense and modest outlay for records—all the while enjoying a top take—spell ownership in a hurry for the AMI operator. Best of all, AMI juke boxes have a trade-in or resale value that recaptures a substantial percentage of the original investment.

Coven Plans New Deal For Ops

BEN COVEN

CHICAGO—Ben Coven of Coven Distributing Company, this city, direct factory distributors for Wurlitzer phonographs and music accessories as well as the famous Bally Manufacturing Company products, reported this past week that the firm was planning a new deal for all operators in this area.

Coven has introduced some very successful plans for operators in the past.

His finance plan is considered one of the best in the country and has been responsible for helping many operators to increase their businesses without hardship.

In view of the fact that the firm's business has jumped to a new high mark Coven is planning to make it very worthwhile for the operators to deal with his firm by making some unusually fine arrangements for them.

In addition, the firm has tremendously increased its premium department. They are featuring some of the most outstanding premiums on an exclusive basis.

Music ops, especially, can get one of the most interesting business arrangements from Coven Distributing at this time, salesmen of the firm stated.

They report, "Music operators should contact us immediately for we have something of real value for them."

In the meantime, Coven said, "We will, very soon, have these new plans completed."

"Operators who are interested in the best merchandise on finest arrangement, both as to trade-in and financially, should contact us immediately."

"While we are completing these plans the operators who will call on us will profit immensely."

Williams Presents "Pinky" Pinball

"Double Header" Production Continues

SAM STERN

CHICAGO—With "Double Header" still in production, Sam Stern, executive vice-president of Williams Manufacturing Company, announced this past week its new five-ball free play game, "Pinky."

Pre-tests of the game had proved it one of the best the firm has ever yet produced, stated Stern.

He also stated, "Pinky" features an entirely new playfield layout, as well as many features which have never before appeared to make any five-ball game so attractive to the players."

Among the features which appear on "Pinky" are: Rollover channels, knockout pockets for numbered sequence scoring; a super channel with light-up rollover for replay awards; extra high score knockout pocket feature; "P-I-N-K-Y" rollovers for spell-out awards; special spot feature that increases values and spots numbers and letters.

In addition, like all Williams' five-balls, "Pinky" will also feature the bumper bumpers, tilt reset and flippers.

Sam Stern said, "Everyone who played the new 'Pinky,' and everyone who watched it on test locations, agrees that this is one of the most outstanding five-ball games to ever appear on the market."

"Whatever the player likes best," he continued, "appears on 'Pinky' in intriguing and interesting fashion."

"This is one game that gives every operator the opportunity of booming collections on all of his locations."

"Pinky" will keep players' interest at fever pitch for a long time to come on any location."

"Spot Bowler" New Gottlieb Pinball

CHICAGO—D. Gottlieb & Company presented a brand new five-ball free play game to the market this past week that has clicked with all who have so far had the opportunity of looking it over and playing it.

The game is appropriately called, "Spot Bowler," and has many new features to increase earning power.

There are strike targets, four strike rollovers, spotting rollover buttons, five two-pin pickup bumpers, the A-B-C feature which lights rollovers for awards, actual miniature bowling pins automatically reset in lights, a mystery special when lit, mystery high score bonus pockets, and flippers,

as well as one of the most colorful layouts seen on any playing field of even some of the great five-balls which this firm have built in the past.

Executives of the firm were highly pleased with first reaction to the game from their distributors.

In almost every case, they report, distributors were tremendously enthusiastic over "Spot Bowler."

From all present indications, this game is bound to enjoy a long run in the field.

Ops who have already seen it, called it, "One of the best of the five-ball games to be presented by D. Gottlieb & Company."

Used Market Jittery

Equip't Jumps Up And Down In Price. Late Models Hard To Get

CHICAGO—According to roadmen, the used market continues jittery, with prices going up and down, and with price stability somewhat lost at this time.

As one traveling salesman, for one of the larger distributors put it, "One day we can obtain all of a certain machine we want at the price we want to pay and, the very next day, or so it seems, we just can't dig up anymore of the machines. Those few we do find, are suddenly priced away beyond what we can afford to pay for them."

But, regardless of the jittery condition of the used machines market, which was more or less expected, and until it again becomes stabilized, late model used equipment continues very difficult to obtain, with prices of the later model used machines climbing still higher.

In fact, whether the market will, or will not, continue jittery as to prices, most coinmen believe that it will also continue to go up, and that by the end of the year prices will be many times greater than they are at this time.

Used machine buyers have noted the fact that prices have zoomed upwards in past months and are continuing higher.

It is believed that the jittery condition of the present used machines market is a definite indication that prices are going higher.

Bally "Turf King" In Production 21 Consecutive Weeks

Still Going Strong

HERB JONES

production of Bally 'Turf King' is concerned." "The game just goes on and on," he continued, "and there is no halt in sight as the operators, everywhere in the nation, decide that Bally 'Turf King' is the game they need to insure themselves for the future."

The Bally "Citation" and Bally "Champion" were two of the greatest games the firm had yet produced, in the same comparative time, it never equalled the production run of 21 consecutive weeks which Bally "Turf King" has already set and, with weeks of production yet to come, may set a record for the firm which will stand for years, regardless of the great games which the future may bring.

"There is no longer any doubt," Herb stated, "that Bally 'Turf King' is the one game that has helped operators everywhere in the country to enjoy better times."

CHICAGO—Herb Jones, vice president of Bally Manufacturing Company, proudly announced this past week that their great game, "Turf King," was now in production for the 21st consecutive week.

This is, probably, an all time record for consecutive week's production for any game.

The game is still going strong and is considered one of the most outstanding successes ever introduced to the industry.

"In fact," as Herb Jones reported, "there hasn't been any week which could be labeled as 'slack,' as far as

Exhibit's "Dale Six-Shooter" Revives Interest In Guns

CHICAGO—Interest in guns has been greatly revived by the introduction of Exhibit Supply Company's new "Dale Six Shooter," according to executives of the firm.

Ford Sebastian, Joe Batten and Frank Mencuri of the firm have been pleasantly surprised at the great interest which is being shown in their new ticket vending "Dale Six Shooter."

For sometime, Mencuri reported, he had calls from operators, jobbers and distributors, regarding a new gun.

"This," he said, "decided us on producing a new and entirely different type of gun with features never before seen on any gun."

The result, as all now know, was the introduction of Exhibit's "Dale Six Shooter."

The gun caught on from the very first day it was placed on locations. In fact, the firm said nothing officially regarding this gun, while it was being tested on various locations for some time.

Even prior to first official announcements, demand for this new gun got under way, and the firm were forced into production far ahead of schedule, they stated.

Today, Exhibit's "Dale Six Shooter" is considered one of the most popular and outstanding products on the market.

More and more ops purchasing the guns for they have learned that the public is more interested in guns than ever before.

At the same time, Exhibit's "Dale Six Shooter" lends itself perfectly to battery arrangement in arcades. It is a natural for operation in batteries of ten and more along the walls of arcades.

Allied Prepares For Grand Opening Party

CHICAGO—Both Vic Weiss and Billy Knapp of Allied Coin Machine Company, are among the busiest of the distributors here in Chicago.

They are working day and night to get their new quarters ready for the big grand opening they are planning. The new offices and showrooms of the firm will be located at 766 Milwaukee Ave. where they will have about 10,000 square feet of space.

As Vic Weiss reported, "Working with carpenters, plumbers, electricians, and all the others that are necessary to get these new quarters ready, is something that can knock out anyone these days."

But, both state, when they do get set they will have a very big and pleasant surprise for everyone at their grand opening.

MUSIC HOLDS TOP SALES SPOT

Distributors Report Demand For New Phonos Continues. Late Model Used Machines Continue Scarce And Priced Higher. Operators Finding Tubes And Other Supplies More Difficult To Obtain

CHICAGO—Noted music distributors here, as well as many who have been visiting this city, report that the demand for new phonos continues unabated and that, without any doubt, music holds the top spot in sales at this time.

They also state that it looks like they will never get around to fully supplying the demand that they are enjoying.

In fact, one distributor stated, "With the demand what it is, and deliveries smaller than ever, we don't see how we are going to take care of the many orders we have on hand at this time, or in the future."

It is not believed that the manufacturers, because of scarcity of materials and components, will be able to step up production to help out the demand which these distributors are enjoying.

Another feature of the music machine market is the fact that the later model used machines have continued

to go up in price and, at the same time, are much more scarce than they ever have been before.

Distributors find it almost impossible to dig up the number of used phonos they can sell.

One distributor said, "I could sell forty times the number of good used phonos if I could only dig them up somewhere."

In addition, of course, operators are also being plagued with shortages and difficulties at this time. Tubes are becoming extremely scarce. Prices have zoomed. Other parts are also getting hard to obtain.

Operators feel that, unless some better arrangements are made for parts and supplies, that they are going to find themselves in a very desperate position some months from now.

Yet, with everything considered, demand for music continues stronger than ever, according to distributors, and the problem is to be able to obtain enough machines to fill current orders.

Como Appoints Binco For Indiana

CHICAGO—Bill Billheimer, Como Manufacturing Corporation, this city, announced the appointment of Binco Distributing Company, Fort Wayne, Ind., as distributor for "Hollycrane" and the famous Como conversion for Bally Shuffle Bowler and Keeney Pin Boy.

"We are happy over our connection with Como," said Binnie, "and we look for big business in Indiana. The 'Hollycrane' should be very good in this territory due to the phenomenal returns this miniature model industrial crane is giving operators in other places throughout the country."

Chi Naval Reserve Seek Men

CHICAGO—Cargo Handling Company 9-1, Naval Reserve activity drilling at the Ohio Street Training Center, this city, is now accepting personnel for the Organized Reserve, according to Chief Boatswain Mate T. J. Murray, senior instructor for the Naval Unit.

Chief Murray is interested in meeting former Navy men as well as those who have had no Naval experience, but are interested in serving with the Navy if called into service. He stated he would be at the Ohio Street Naval Reserve Training Center, 700 E. Ohio Street, Chicago, each Monday evening to discuss the program with those who are interested.

United's "Four Player Shuffle Alley" Outstanding Success

BILL DE SELM

CHICAGO—The new "Four Player Shuffle Alley" of United Manufacturing Company, this city, "Has clicked", according to sales manager Bill DeSelm. Tho DeSelm believed, all the time, that their newest addition to their shuffle alley line, "Four Player Shuffle Alley", was "sure to go over the top because of first demand we received", he reports that he didn't want to make any definite statements in regard to the game, until it had spread far out in the field, and many more ops had placed it on location. "We can now safely state", DeSelm said, "that our 'Four Player Shuffle Alley' is one of the most outstanding of the games we have ever built.

"Demand continues to go up for the game, as we previously reported, and," he continued, "from almost everywhere in the country we are receiving congratulations and notification that the game clicks on all types of locations."

At the same time United has its Single Player Shuffle Alley and its Twin Player Shuffle Alley also on its production lines and going ahead at top speed.

But, the game that seems to be getting the lions share of attention at this time from everywhere in the nation, is "United's newest, "Four Player Shuffle Alley", which has taken strong hold everywhere.

More and still more orders are being rushed into United's plant here to get as many as possible out into the field.

"The 'Four Player Shuffle Alley'", according to Bill DeSelm, "looks like it will continue in production for a long time to come."

Why don't you change your seat?

Lieberman Music And Hy-G Music Combine Firms

MINNEAPOLIS, MINN.—Two of the foremost distributing firms in the country, with offices in this city, merged effective Monday, October 16, to form one large distributing organization. The Lieberman Music Company, headed by Harold Lieberman, and the Hy-G Music Company, headed by Henry H. Greenstein, consolidated its companies into the firm now known as the Lieberman Music Company-Hy-G Music Company.

The Lieberman Music Company is now in the process of moving its equipment and offices over to the Hy-G Building at 257 Plymouth Street, North, which has been headquarters for the Hy-G Music Company for years. This building is a large three story structure with ample display room, office space, stock room, repair department, and warehouse.

It was announced that the entire personnel of both companies will be retained intact.

The new firm, combining its resources, now will represent some of the finest factories, among which are: Wurlitzer phonographs, Chicago Coin Machine Company, The Exhibit Supply Company, D. Gottlieb & Company, Universal Industries, Inc., Watling Manufacturing Company, and Coral records.

Harold Lieberman was practically born in the business, working with

his father, who was one of the pioneer coinmen, starting over forty years ago. During his active participation, Harold has won himself a most wonderful reputation in the trade.

Hy Greenstein entered the distributing phase of the business in 1932, and has represented many of the leading manufacturers in this area since.

At the moment everyone is busily engaged in the matters of moving, organizing personnel and getting set up. When all details are completely settled, Lieberman and Greenstein have plans to run a tremendous open house party for the trade. Date will be announced shortly.

CHICAGO CHATTER

General biz slideoff hit the field this past week. Distributors complained to the high heavens. It sure is tough, once used to speed sales action, to suddenly have to slow down, and wait for ops to completely digest what they have already bought. But, like everything else, as controls get tougher, parts, supplies, etc., become ever harder to obtain, biz will come back with a rush that will have the distributors simply dizzy trying to keep up with demand. In the meantime, this slideoff has given factories a chance to catch up, and get some material ahead so that, perhaps, they may be able to continue for balance of this year, anyway, without too much rushing about to obtain materials. Just watch biz come back. . . . Frank Mercuri of Exhibit, a busy man these days. Frank just returned from a trip that took him to Columbus, Louisville, Miami, New Orleans, Dallas, Kansas City, and many in-between stops, showing the firm's new "Dale Six Shooter", which is clicking big and, this past week, off on a trip once again, covering even more territory. . . . Alvin Gottlieb very enthused over the firm's newest five-ball, "Spot Bowler", which has already won much good comment. . . . Sam Stern scooted out of town for a day. Then back to advise the firm which has a brand new five-ball, "Pinky", "Double Header" still in production. . . . Sam Lewis of ChiCoin also busy this past week with "Fighting Irish" game which is getting plenty action. . . . Col. Lew Lewis of Merit Industries, tells us that a trip he just made this past week convinced him how really hard it was to obtain late model used equipment. . . . Plenty of interest in that brand new Rock-Olo "Rocket '51-50" which will have its pre-venue showing at the Hotel New Yorker when New York's music ops have their annual get-together. . . . Tom Calaghan just back from a visit to Denver where he said "hello" to gang of the Chiefs whom Tom has known for y'ars and y'ars. . . . Al Bergman of Buffalo, in town with his very charming Missus and telling about their new home. Wonder if you knew Al used to be an ork leader at one time? . . . Ralph Nicholson phoning in from Indiana where he is traveling around to sell those Hollycranes. . . . Ben Becker reported in New Jersey and Art Garvey in Connecticut. Wonder if Ben and Art will be able to get together over the weekends to continue their "gin" feud? (N. Y. ed. note: They did!) . . . Open house at the Ray Moloney's this past Sunday. . . . Jackie Rosenfeld in town with his adman, Tom Collins. . . . Bill O'Donnell just back from a visit to New Orleans where he met the entire Lou Boasberg organization and also came back with a fistful of orders for "Turf King". By the way, "Turf King" now in its 21st consecutive week of production, and still going strong. . . . Charley Pieri of J. H. Keeney & Co., Inc., still sticking close to town while phones jingle and jangle. Charley plans no trips for a while, "Not until we get caught up with the orders we now have in hand," he reports. . . . Ed Eby, well-known op from Portland, Ore., in town. Ed owns the Melody Amusement Co. . . . Chris Christopher pops into town for a one day flying visit and, after getting his biz done, flies right back the very same evening. Herman Paster and Sam Taran expected in town this week from the east. . . . Dave Russell in town and all smiles over the grand season he enjoyed. . . . Jack Nelson promises a "big story" any one of these days. Harry Brown of Amusement Sales Corp, flies down to New Orleans to get some biz settled and will be back to fly into Pa. for more biz. . . . Harold Lieberman of Minneapolis around town for a short time and asking for more equipment. . . . Harry Rosenberg of Baltimore also in town and enjoying visiting the big factories here. . . . Dick Goetzen of Permo Needles advises that the firm has something very new and interesting for all music ops. Dick will tell all about it very soon. . . . Art Weinand is one busy guy over at Rock-Ola these days as the new "Rocket '51-50" gets set for its pre-venue introduction. . . . Al (Strong Man) Sleight of Portland reported to have advised he's taking time off to do some pheasant hunting. Al shipped one of those monster salmon to Bally. The fish arrived Thursday. Was on the plates in exec's dining room on Friday. (Perfect timing, Al) . . . Vic Weiss and Billy Knapp of Allied Coin busy decorating their new offices where they will be greeting everyone at a big official opening soon. . . . Monte West on a trip to meet with World Wide ops, and Len Micon on those long distance phones almost every minute handing business while Al Stern, bossman of World Wide, busier than ever trying to get the equipment ops are calling for. Firm plans a big special announcement when "Rocket '51-50" appears in their showrooms. . . . Grand party thrown by Mike Hammergren for some of the boys and their wives of his SuperVend organization at the Swiss Chalet of the Bismarck with Cass Franklin and Monica Moore doing a grand entertaining job for this table. . . . Jackie McFields is never funnier than when he tells some of his G.I. experiences in the past fracas. A few drinks, the other eve, loosened Jack up a bit, and all present were rolling on the floor before he finished. . . . Red Zogg thrilled over the fact that his refrigerated sandwich vendor in production. . . . Lou (Poppin') Koren on the way to Florida and Vic Comforte working harder than ever telling the vending ops all about the firm's "Popperette". It's a new popcorn vender that has clicked with plenty big vending machine ops. . . . Ain't a word of truth in that rumor that there'll soon be a 45 RPM phono with 100 selections on the market. . . . That \$5,000.00 donation by Ray Moloney to the Mt. Siani Hospital Reserch Foundation won tremendously warm praise for Ray from a grand gathering of people. Mrs. Ben (Trudy) Coven, member of the Service Club, brought in this grand donation. . . . Ben Coven was on his toes all this past week trying to figure angles on speeding shipments out to the field. Ben delivering those Wurlitzers. "Turf Kings" and plenty of "Shuffle Champs" as fast as he possibly can. . . . Plenty Chi music ops burned at the fact one op here is placing phonos on location for small weekly rental which effects all concerned. . . . Les Rieck over at H. C. Evans & Co. reports the firm's "Constellation" phono enjoying biggest demand in history. And Dick Hood of the firm very busy getting things moved around to get ready for big announcement very soon. . . . Eddie Smith, well known to most coinmen here, now with Sol Tessler in Oakland, Cal. . . . Bill DeSelm matched himself up against Max Baer at the United plant the other day and the difference in size caused Bill to decide to eat triple desserts from now on. . . . Herb Oettinger remains the champ in pin. . . . Ray Riehl takes grand pics. . . . Watch out for big materials freeze. Buy now.

JANUARY 15-31

MIAMI MURMURS

While talking things over, coinmen down here wondered what they could do to entertain all the NCMDA (National Coin Machine Distributors Assn) members when they arrive here for their meeting on January 5, 6 and 7. Ops decided the best thing is to sell these guys their old machines. . . . Vic Comforte was down here enjoying himself and then left to get back to Chicago and work with Lou Koren. If you guys in Chicago see Vic walking around with a deep tan—that's from Miami's sunshine. . . . Willie (Little Napoleon) Blatt played host to Joe Munves of Mike Munves Co. who was down here a few weeks ago to show the boys the firm's new hockey game. Joe stated that his trip all the way down the east coast was extremely successful and he hoped that the firm could quickly fill all the orders he had taken. . . . The boys on Tenth Ave. in N. Y. C. had better be on their toes. Dave Engel bids farewell to Miami and is going back to start in business on New York's Coinrow. . . . Sol Tab, one of the foremost juke box ops of New York, is down here in Miami searching for a route. Sol's going to make Miami his home on advice of his physician. . . . We are being honored here by permanent residence of one of the largest distributors of New York and Chicago. He has already purchased a home here. But, as yet, has asked that his name not be mentioned until he closes out his present biz interests. . . . Lou Koren here to open his King Cole Hotel. . . . Sam Taran has been a very busy man since his return from his last trip to Chicago. Business is simply booming with Ely Ross running here and there trying to take care of the demand the firm are enjoying. . . . Ted Bush and Ozzie Truppman, along with their roadmah, Ken Willis, are buying up routes wherever they can place their hands on them. Ted believes that more and more music ops will make Miami their home and is getting ready to have them start right in business with routes he'll buy and build for them. . . . We've enjoyed a terrific summer season on the Beach and this Fall has started off even busier than ever. Looks like everyone will be here this winter from letters arriving to coinmen here daily.

A Letter From An Operator

NEW YORK—The following letter was received this past week from Arthur K. Strahan of the well-known Mohawk Music Service, 189 Shelburne Rd., Greenfield, Mass.

Mohawk Music Service is the first juke box organization to service New England by airplane. They are well known thruout this area for what they call their "custom built music installations".

The large building which houses the firm, pictured below, is located right at the very foot of the beautiful Mohawk Trail.

They feature book matches of their own with the following imprinted, "Serving our customers for 15 years with the most modern equipment and superior service. You have the finest when you have music by Mohawk." (See Illustration)

As Necessary as a Menu in any Restaurant
Music At Your Finger Tips,
At Conversational Level

SERVING OUR CUSTOMERS FOR 15 YEARS
WITH THE MOST MODERN EQUIPMENT
AND SUPERIOR SERVICE

You have the finest when you have
MUSIC by MOHAWK

Strahan's letter to Bill Gersh, publisher of *The Cash Box*, follows.

"I have exactly the same situation in my territory as the letter on Page 6 (This was the letter received from Alan H. Schafer, Schafer Distributing Co., Little Rock, S. C., and which appeared on Page 6 of the October 7, 1950 issue) points out. It reflects my sentiments perfectly.

"My deal is 70%-30%, and before 100-Seeburg equipment, it never was anything but 60%-40% on 20 record equipment.

"What makes these distributors so stupid? They cause all the trouble. They go out of their way to sell goods that know from nothing, and let legitimate operators shift for themselves as best as they can. They know we will buy anyway. How stupid and/or how hungry can they get?"

"Seeburg 100's are being placed in \$15.00 gross spots with the oper-

ator taking first \$5.00, then 50-50. "As Alan Schafer says, 'Maybe we will live long enough'?????"

EASTERN FLASHES

Coin row was treated to a special view of a sartorial cowboy this week, when Eldon L. Dale visited Mike Munves. Dale is the inventor of the famous "Dale Gun" and the current hit machine "Dale Six-Shooter", both manufactured by Exhibit Manufacturing Company. In addition to these two great machines, Dale has been responsible for bringing the coin trade a number of other amusement machines in the past. From New York, Mike Munves reports that the sale of Exhibit's great "Dale Six-Shooter" exceeds all high expectations, and his only problem is to get shipments rapidly enough to take care of these orders. ... Visiting Munves this week also was Harold Ames, top exec of Exhibit.

We catch up with those Bally behemoths, Ben Becker and Art Carvey the early part of the week; they were visiting Barney (Shuggy) Sugarman of Runyon Sales. Becker left for a Western trip, and Carvey headed for the upper New York territory. Mention in the Chicago Chatter column (issue October 21) regarding the "best dressed man" in the industry started Ben, Art and your correspondent off on a mental survey of the industry's clothes hounds. We endeavored to name them in classifications of fighting weights, but the number was so great, and the possibilities of overlooking some friends was inevitable, that we list the winner in two classes only: The Super Dreadnaught Class (weight 250 to 275 lbs.) Ben Becker; The Missouri—Super Carrier Class (weight 275 to 300) Art Carvey. Carvey, ex Notre Dame and professional football star, still has an extremely soft spot in his heart for his alma mammy. Whenever possible, Art will travel miles to watch the Leahy team in action. "We may not be the top team this year," says Art, "but we've got a great bunch of boys on the Freshman squad, so watch our smoke again in 1951."

Dave Lowy, Dave Lowy & Company, distributors for J. H. Keeney & Co., opens an office at 1012 Beverly Road in Brooklyn for the convenience of the ops in that boro. Eddie Kassof in charge there. We like the suggestion made by Letser Klein to Lowy, commenting upon a situation that developed during our visit to the effect that Dave buy a few television sets. ... Harry Pearl and Bert Lane (Genco distributors) open offices on coinrow. Now all distributors and wholesalers located on the row. ... Dave Stern and Tom Burke, Seacoast Distributors, Elizabeth, N. J., getting set for a big surprise for the trade.

... Jack Roberts of Teaneck, N. J., well known in this area, and who sold out his music operations about 8 months ago, moving to San Francisco, Calif., where he expects to become active once again. Jack's son-in-law, Allen Kurtz, and father Jack Kurtz, operate the Mart Club, a restaurant in the Merchandise Mart Bldg., which is nearby the coinrow in that city, serving most of the trade their lunches. ... Bess Berman mourning the death of her mother, who passed away Friday (October 13). ... Joe Hirsch, business manager of the Associated Amusement Machine Operators of New York (local games association) building up quite a souvenir issue for its banquet at the Latin Quarter, to be held December 10. ... Final arrangements for the 13th Annual Banquet of the Automatic Music Operators Association on October 28 at the Waldorf now about complete. Souvenir Journal loaded with ads, plenty of tickets sold, and arrangements for a most outstanding show set. Al Denver, Gordon Nash, and Dorothy Volke of the association exhausted by their efforts, but beaming over the results. ... Al Simon, Albert Simon, Inc., closeted with his accountants when we call, but takes a moment to chat with us, advising that ChiCoin's new pinball "Fighting Irish" quite a hit in his territory. ... Joe Young, Young Distributors, advises that more and more orders for the Wurlitzer 45 RPM Conversion Unit are being received, but now the problem is to get them in sufficient quantity to supply the demand.

DALLAS DOINGS

The State Fair of Texas wound up Sunday night with the biggest two weeks of profit in the history of the State Fair. ... The most amusing incident we heard of happened to two ops, Van Vandergriff and Leonard Prather of the Magic Music Company. They took in the fair on a Saturday night and parked their car in a parking lot. Came Monday morning and everyone was looking for the long lost car. Boys, please let me know the outcome of this incident. Did you or did you not find your car? ... A note from R. L. Choate, quote: "In regard to your September 30 issue of 'The Cash Box', where it stated Mr. McCay had purchased the Resort Music Company in Mineral Wells. I purchased the Resort Music on July 28th from W. O. Wilburn and Allen Wallace of Mineral Wells and moved Mr. McCay from my Clifton route. I am looking forward to my next issue of 'The Cash Box'." Our apologies to Choate and many thanks for your letter. ... Just had a long chat with Harold Strange regarding the automobile accident in which Jack Sprout was very seriously injured. Jack had a head-on collision near Lubock, Texas, that wrecked his Cadillac and nearly cost Jack his life. We understand that he is somewhat improved, but very ill. Of course we wish for Jack a speedy recovery.

If anyone just happens to have any information leading to the purchase of Cotton Bowl tickets, please contact Joe Metessa. Joe is trying to take care of his out-of-town customers for the Bowl game. ... Incidentally, American Distributing expects Chicago Coin's five-ball "Fighting Irish" sometime this week. ... Tommy Chatten is back in Shreveport. ... Congratulations to Mr. and Mrs. Ray Langly of Dallas, on the arrival of infant Walter Ray. ... If you saw Joe Metessa's red convertible at the Fair Monday, it wasn't Joe. Woodrow Dawson, employed at American Dist., borrowed it for a day and he and the red flash had quite a time. ... Belated Birthday Greetings to De'amar, Mayor of East Waco, Dele, you should let us know about these things.

COINMEN YOU SHOULD KNOW: This coinman is no bigger than two minutes, but gets around Dallas like a veteran operator. We are speaking of Albert "Chick" McKool, owner and operator of the McKool Music Company. Chick has been in the coin biz two years, thanks to American Distributing Company. Before going into the business, Chick was a typewriter salesman and repairman who just happened into American Dist. peddling his typewriters. While there, he began to ask a few questions about the equipment he saw. Minutes turned into hours and before the day was over, Chick was in the business. He now operates around sixty music pieces and it's reported he recently started a program of replacing all his music machines with A.M.I. equipment. He hopes, it's stated, to eventually be 100% A.M.I. He hasn't any hobbies but takes great pride in his dog, "Maizie", who is an ex-circus entertainer.

CALIFORNIA CLIPPINGS

A pretty fair country writer by the name of Mark Twain some years back was credited with saying that people never did anything about the weather but talk about it. . . . Just to prove him wrong, here's a roundup of what some of the folks along the L. A. Row were doing last week to escape the "unseasonable" and unreasonable hot spell. . . . A few of the boys had their heads as close to the electric fan as they'd dare get without losing a head or two, at least one lad we know was trying to cool off by drinking the next door bar out of cold brew and one comely secy. threatened to strip down to her bra and shorts. (We waited around on that one till about sundown and then decided it was just conversation). . . . Which all goes to prove that you not only can talk about the weather; you can also write and writh about it.

Nick Carter of Nickabob Distribs reports that the AMI line has found fast favor with his regular clientele in addition to a lot of new customers who have beat their way to his Pico Blvd. and Vermont Ave. doors. Nick will be covering the Fresno territory this week on behalf of AMI and also the Lehigh PX cigarette line handled by his firm. These days Nickabob isn't bothering much with used stuff but wholesales it out fast as it comes in. . . .

Joe Peskin still in town but no more news available on his future plans than that he appears to be looking for a smaller place out of which to continue music operation, with a big For Lease sign still in the window of his present quarters. We gather that son-in-law Paul Silverman is too comfortably settled here with his family to make a beeline back for Chicago and the same applies to Phyllis Hammond, we gathered in a chat with the bright and attractive Peskin secretary. . . . Al Bettelman tells us things are on the quiet side out of the C. A. Robinson office in L. A. but jumping up Reno way.

Jack Simon eagerly awaiting arrival of Gottlieb's new bowling pin game after a phone conversation with factory rep Elky Ray in Chicago. Jack looks as good as new these days and says he feels even better. . . . The new Keeney 4-play "League Bowler" perched on the Badger Sales floor and proving of interest to visiting ops. . . . Wm. E. Happel has been coming up weekends regular from San Diego, where he's stationed. The boys are calling him "Skipper" as his Navy assignment turned out to be command of a tugboat working out of Diego waters. . . . All Charlie Daniels could think of at Paul Laymon's was the mess of fish he planned to catch the coming Sunday.

His colleague, Ed Wilkes, after three years of doctoring for ulcers, has learned that it may be gall stones. Ollie Sutton, Laymon's Wurlitzer mechanic, was the proud papa of a bouncing baby boy, which entered this world completely wired for sound. . . . Johnny Hawley's finishing touches on his renovated Pico Blvd. place consists of some very attractive window shadow boxes, 12 compartments on each side showing everything from premium dolls to machine parts. New additions to the Hawley crew are mechanic Sam Jamison, office man Jimmy Asam and Jerry Baron, son of novelty vet Moe Baron and a part time man while attending UCLA.

In from Las Vegas, where he reports the weather cool by contrast, was Sammie Donin, who reported that sales were picking up there for Automatic Games. . . . Operator Pete Shoup out of that Bishop hospital after his car accident and recuperating at home on crutches. . . . On the Row: A. G. Williams and Lindsay Hill of Santa Monica. . . . Southgates' Pete Pellegrino. . . . A. R. Goddard from Las Vegas. . . . Walter Mehen of Camp Cook. . . . Porterville's Bill Mo'lezzo. . . . Mrs. P. A. Barnes of Baldwin Park. . . . Olddale's Niles Smith. . . . Al Cicero of Santa Maria. . . . Lompoc's Norman Christ. . . . Bob Butcher from San Diego. . . . Bill Volner of El Centro. . . . Cece Ellison from Lancaster. . . . San Berdoo's Dick Harrison. . . . Jerry Cooper and Jack Neal of Riverside. . . . Jack Spencer from Big Bear Lake.

MINNEAPOLIS—ST. PAUL, MINN.

The merging of Harold Lieberman's The Lieberman Music Company and Hy Greenstein's Hy-G Music Company this past week into one firm makes it one of the largest and most outstanding distributing firms in the country. The new firm will be known as the Lieberman Hy-G Music Company. Headquarters will be maintained at 257 Plymouth Ave., N., former address of Hy-G. Lieberman is now moving its equipment over to the above address. The firm will now represent Wurlitzer, Chicago Coin, Exhibit, D. Gottlieb, Universal, Watling and Coral Records.

Howard Schlect of the Independent Sales Company, Duluth, and Morris Bergman of the Northwest Sales Company, Duluth, saved expenses by driving in together to Minneapolis, and called on several of the distributors in the Twin Cities. . . . Millie Birkmeyer of Litchfield, also in Minneapolis one day last week, her first visit since the terrible accident her husband and nephew had several weeks ago. Eddie Birkemeyer has been recovering rather rapidly, is able to get around with a little assistance. Millie's nephew, Lloyd, is also recovering well enough to get around with a little assistance—on crutches, but he will be okay. . . . Frank Major of Grand Rapids in town for the day, picking up his weekly supply of records. . . . Ralph Meyers and his son of Mitchell, S.D., in Minneapolis last week for the day to do some buying, and then returning to their cabin up in the northern part of the state of Minnesota, where they intend to put in their last lick of fishing over the weekend, and then close the cabin for the duration of the winter.

Pete Kremer of St. Cloud taking time off to drive into Minneapolis to pick up some premiums and records. Pete is in the window washing business, and around this time of the year they have so many jobs of putting storm windows on, that he and his crew are kept very busy. Pete tells us that it is quite profitable business all the year around. . . . Morris and Phil Gillerstein of the Novelty Sales Company, Fargo, N. D., in Minneapolis last week for the day, calling on a few distributors in the Twin Cities. . . . Ben Van Steenberg of Van's Amusement Company, Mitchell, S. D., in Minneapolis for a couple of days, making the rounds.

Frank Mercuri of the Exhibit Supply Company, Chicago, in Minneapolis for a day visiting Lieberman Music Company, their distributors. . . . Irv Heitmann of the H Novelty Company, Wabasha, in Minneapolis for the day, picking up his supply of records and other miscellaneous supplies.

THIS WEEK'S USED MACHINE QUOTATIONS

How To Use "The Confidential Price Lists"

FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists," rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price for the week; Second price listed is highest price. Where only one price appears this should be considered lowest price.

CODE

- | | |
|-----------------------------|------------------------------------|
| 1. Prices UP | 5. No quotations Last 2 to 4 Weeks |
| 2. Prices DOWN | 6. No quotations 4 Weeks or Longer |
| 3. Prices UP and DOWN | 7. Machines Just Added |

4 BIG REASONS WHY Bally TRUE KING

... ATTRACTS NEW PLAYERS!

... HOLDS THE REGULARS!

... GETS MORE PLAY!

... EARNS MORE PROFIT!

FOUR DIFFERENT styles of backglass, appearing and disappearing like magic, could not be more powerful in play-appeal! Press a button . . . and your favorite features pop out at you in concentrated brilliance on the backglass. Selections! Odds! Double Scores! Feature! The revolutionary new Player's Choice idea permits every player to play the game his way . . . to test his judgment before the final skill-test of shooting the ball. The result is complete player-satisfaction and the greatest earning-power in pinball history.
