THE CASH BOX covers the entire music industry, ranging from retail record and music stores to disk jockeys, music publishers, recording artists, record manufacturers, music composers and arrangers, radio and TV stations, and all others allied to the music industry throughout the world.

THE CASH BOX covers the entire coin machine in-dustry all over the world. Operators, jobbers, distribu-tors, manufacturers and suppliers of automatic music, vending, service and amusement machines are covered.

THE CASH BOX coverage extends to finance firms, loan organizations, factors, banks, and other financial institutions, expressly interested in the financing of coin machines of all kinds.

institutions, expressly interested in the mancing of com-machines of all kinds. "THE CASH BOX PRICE LISTS" (a combination of The Cash Box' former 'Confidential Price Lists' and The Cash Box' former 'C. M. I. [Coin Machines Industry] Blue Book') are the one and only officially recognized price quotations guide for all new and used machines in the United States and all over the world where Ameri-can made machines are used. "The Cash Box Price Lists" are an exclusive and copyrighted feature of The Cash Box. "The Cash Box Price Lists" are recognized officially by cities and states throughout the country as the "official price book of the coin machines industry." "The Cash Box Price Lists" are officially used in the settlement of estates, for buying, selling or trading of all types of coin operated equipment and are also officially recognized for taxation purposes. "The Cash Box Price Lists" are used by finance firms, factors, loan companies, bankers, and all other financial institutions to guide them in the mak-ing of loans to members of the coin machines industry. "It's What's in THE CASH BOX That Counts-INTERNATIONALLY"

#### (Brunswick 55014)

B "ROCK CALYPSO JOE" (2:20) [Mobile BMI—Johnson, Trenier, Gilbeaux] The boys spell out title of the tune, from the "Calypso Heat Wave" flick, in a manner similar to the familiar "Rag Mop." Strong rocker the film could sell.

**B** "HOLY MACKEREL, ANDY!" (2:32) [Vernon ASCAP—C&C Trenier, Gilbeaux, Johnson] Humor with a beat is expressed with Amos and Andy lyrics and dialogue by the crew.

#### ELMER BERNSTEIN (Decca 30379)

**B+** "THE STREET" (2:16) [Calyork stein, who penned the click "Man With The Golden Arm," has another fren-zied, jazz-inspired main-title theme written for the well-received Burt Lancaster-Tony Curtis starrer,"Sweet Smell Of Success." It could easily re-peat the success of the "Golden Arm." Watch it.

**B** "TOOT SHOR'S BLUES" (2:44) [Calyork BMI—Bernstein] A strong blues instrumental from the same pic is another top-drawer writ-ing stint by Bernstein.

#### JULIE LONDON (Liberty 55076)

**B+** "IT HAD TO BE YOU" (1:45) [Remick ASCAP—Jones, Kahn] The sultry voice of Julie London ex-cells as the lark presents a penetrat-ing rendition of a great standard. Smooth job with a choral assist.

**B+** "DARK" (2:37) [Larrabee BMI Greines] Here the skilled lark chants a heavy blues item in her own stirring manner. Her wistful voice is extremely exciting on this strong new composition. Two sided contender.

#### THE FIVE PLAYBOYS (Dot 15605)

**B+** "PAGES OF MY SCRAPBOOK" [Geo. George-Fee Bee BMI—Fabri] The five Playboys sing from the heart as they chant a com-mercial rock and roll romancer. Tune is making noise. Loaded with teenappeal.

**C+** "WHEN WE WERE YOUNG" (2:18) [Fee Bee BMI — Sands, Lucente] Another emotional teenage rock and roll ballad with that strong fish-beat.

#### THE VERSATONES (RCA Victor 6976)

**B** "BIKINI BABY!" (2:27) [E. B. Marks BMI—Wolf, Raleigh] The title is a good "summer disk" come-on, and the tune itself gets a rousing reading from the group. This is a wild rocker loaded with wax polish. Should see heavy sales activity around resort areas

**C+** "LOVELY TEENAGE GIRL" (2:13) [Atlantic BMI—Pitman, Oness] A regular teenage love affair item is capably treated by the vocal combo. The top-half looks like the one for action for action.

## "THE HAPPY COBBLER" [Robert Mellin BMI—Schackner, Mellin] "SWINGIN' SWEETHEARTS" [E. H. Morris ASCAP—Goodwin] HUGO WINTERHALTER (RCA Victor 6982)

• Hugo Winterhalter, the most programmed studio orchestra of the past 12 months according to the recent Cash Box annual d.j. poll, offers a delightful new ditty that should attract tremendous play from his jockey admiration society. Titled "The Happy Cobbler," the tune is a light and infectious bouncer about a versatile cobbler who can whisk away the blues and make your dreams come true as he mends his shoes. A chorus does a wonderful ich on the vocal making the side a strong contender for a birth wonderful job on the vocal making the side a strong contender for a high spot on the charts. Top drawer summer programming. The coupler shows Winterhalter working without a chorus and leading a string-filled ag-gregation thru a free swinging instrumental dubbed "Swingin' Sweet-hearts." Excellent interpretation of a much recorded instrumental. Keep a tab on the top side.

"FASCINATION" (2:05) [Southern ASCAP—Manning, Marchetti] "SUMMERTIME IN VENICE" (2:37) [Pickwick ASCAP—Sigman, Icini] DICK JACOBS (Corel 61864)
"FASCINATION" [Southern ASCAP—Manning, Marchetti]
"SWINGIN" SWEETHEARTS" [E. H. Morris ASCAP—Goodwin] DAVID CARROLL (Mercury 71152)
"FASCINATION" [Southern ASCAP—Manning, Marchetti]
"TILL" [Chappell ASCAP—Sigman, Danvers] DINAH SHORE (RCA Victor 6980)
When a strong film tune debuts on the scene, you can bet your bottom dollar that competition for top honors in the wax field will be torrid. Such is the case with a beautiful romantic melody titled "Fascina-tion" from the forthcoming United Artists pic "Love In The Afternoon". To date, three companies have issued recordings: Dick Jacobs on Coral, David Carroll on Mercury and Dinah Shore on Victor. All employ a a slightly different approach, yet all are outstanding and should share in the coin the song will garner. Dick Jacobs opens with an instrumental passage of the pretty waltz theme and is joined after the first few bars by a pretty chorus singing the lyrics. Lovely interpretation. David Carroll features the chorus right from the opening. Here, however, the chorus is used as an instrument-singing without words. The tempo is slower although the waltz sway remains. Dinah Shore's rendition has the vocalist in the spotlight with the instrumental secondary. Wistful and heartfelt treatment of the class romancer. Dinah's best side since "Chantez Chantez". Miss Shore's coupling is a superb vocal version of "Till", an instrumental sleeper that's coming to life in many territories. Don't septilighting strings. Imaginative swinger. Dick Jacobs companion deck is the dreamy love theme from the recent Katherine Hepburn flicker "Summertime". Take your pick.

"MY HEART REMINDS ME" [Symphony House ASCAP—Stillman, Bargoni] "FLIM FLAM FLOO" [Starstan BMI—Stanley, Taylor] KAY STARR (RCA Victor 6981) • Dynamic Kay Starr is in the spotlight once again with a beautiful waxing tagged "My Heart Reminds Me"—a song that should once again splash the songstress' name across the charts in the next few months. The Starr gives her all to the tune and comes up with an emotional, dramatic love song loaded with potential. The tune was heavily recorded as an instrumental by dozens of labels about a year ago under the title "Autumn Concerto", but this is the first big vocal waxing and it has the ingredients needed to send it soaring. The lark's best showing since "R & R Waltz". Bottom half, "Flim Flam Floo" is a delightful new-lyric rendition of a charming melody last heard as the "Freddie's Fiddle" theme from Greig's "Song Of Norway". Con-tagious off-beat opus. Top half sounds like a big one.

"GOOD NITE" (2:36) [Sun Valley BMI—Jeffers, Phillips, Bender]
"SILENCE IS COLDEN" (2:46) [E. H. Morris ASCAP—Fulton, Steele] VIC DAMONE & JO STAFFORD (Columbia 40968)
Duet recordings are few and far apart. But when they are issued, and they're good, they can develop into top sellers. Vic Damone and Jo Stafford have teamed their two great voices to come up with a side that could become one of those tremendous money-makers. It's a beautiful romantic tune dubbed "Good Nite" which displays the stars harmonizing to perfection. Wonderfully sentimental love tune that could become the "our song" of many of this summer's love birds. Top drawer ballad. Another charming duet offering is the pretty coupling—a fragile waltz tune labelled "Silence Is Golden". Tender song presented with warmth.

(Dot 15604)

**B**+ "RHYTHM IN MY HEART" (2:01) [Trinity BMI—Moore, Davie] When the guy sees his gal he gets rhythm in his heart, rock 'n roll rhythm, that is. Talaban effectively busts the composition wide-open, and gives the kids a solid screamer. Potent effort effort.

"THE CRYIN' SIDE OF TOWN" **C+** (2:05) [Trinity BMI—Schuster, Klein] Talaban undergoes a marked change of mood in this heavy blues item. Emotional side.

#### THE SPARKLETONES

(ABC-Paramount 9837)

**B** "BLACK SLACKS" (2:05) [Pam-co BMI — Bennett, Denton] There's a lot of rock 'n roll polish to be had in this racing sizzler read by the group. Effective vocal gimmicks keep the deck distinctively apart from other similar offerings. Let the kids hear this one.

**C**+ "BOPPIN' ROCK BOOGIE" (2:00) [Pamco BMI—Bennett, Arthur] More of the conventional rock 'n roll features have been put into this effort. But, it socks.

#### FRED MACKENZIE

(Mercury 71119)

**B**+"PAGES OF MY SCRAPBOOK" [Geo. George, Fee Bee BMI— Fabrey] A middle-beat, ballad rocker is captured by the singer with a keen teen approach. Tricky orchestral feats. Solid teen item.

**C**+ "GOT HER OFF MY HANDS" [Remick ASCAP—Lewis, Young, Phillips] MacKenzie emotionally ex-presses the wistful sentiments of a heavy-handed opus.

.

#### THE SWING FOUR

(Fine 1757)

"THE CARIOCA" - Jocks and B **B** jukes that are opening up to jazz programming have a solid entry here: A four-man combo swinging smartly to the evergreen. Sam Ansuini has some good moments on tenor sax.

**B** "STOP! AND SWING" — The same personnel kick up their in-strumental heels with a tricky swinger on this opus. Fast item.

#### DICK CONTINO

#### (Mercury 71145)

**B** "AROUND THE WORLD" (2:32) [Victor Young ASCAP— Young] Accordionist Contino, who has cut several fine mood LP's for Mer-cury, is the lead in this lush pro-duction of the major melody from the pic of the same title. A handsome mood piece deejays will rely on for soft and sweet programming. Big ork and chorus support.

**B** "AROUND THE WORLD" (2:01) [Victor Young ASCAP— Young] A dazzling display on the ac-cordion is the highlight of this side devoted to a partly Latin treatment of the same number.

#### GENE VINCENT (Capitol 3763)

**B+** "WEAR MY RING" [Dutchess BMI—Darin, Kirschner] Vincent has come up with what could be his strongest side since his smash, "Be-Bop-A-Lula." The song is a fervent, emotional plea that increases in me-lodic effect after each listen. A power-ful rock 'n roll ballad that could hannen happen.

**B** "LOTTA LOVIN'" [Song Pro-duction BMI—Bedwell] A more or less familiar jumper is delivered with teen enthusiasm by Vincent.

#### LARRY HOOPER (Brunswick 55019) 🛸

**B** "JOHNNY TREMAIN" [Won-derland BMI—Bruns, Blackburn] The rousing title tune from the new Disney flick is latched on to with verve by deep-voiced Hooper, the chorus and ork. Should realize a por-tion of the sales if the song hits.

**B** "LIBERTY TREE" [Wonderland BMI-Bruns, Blackburn] Another item from the "Johnny Tremain" flick is effectively read by the same mem-bers as on the top half.

Province of

THE G-CLEFS (Paris 506)

**B+** "ZING ZANG ZOO" (2:15) [Greta BMI—Jordon, Scott] The group, of "Ka-Ding-Dong" fame, has a swift, trigger-tempo number that hits the rock 'n roll mark with the customary polish and gusto of the crew. A thril-ling session sure to keep the kids in a joyful mood a joyful mood.

**B+** "IS THIS THE WAY" (2:23) [Jack Gold-Geo. Pincus ASCAP— Vellante, Tavares, Yakus] The boys slow down a bit, but the side still smacks of great spontaneity, and sure-fire R&R vocal gimmicks. An effort the teeners will also find right up their alley.

#### FRED LOWERY (Decca 30375)

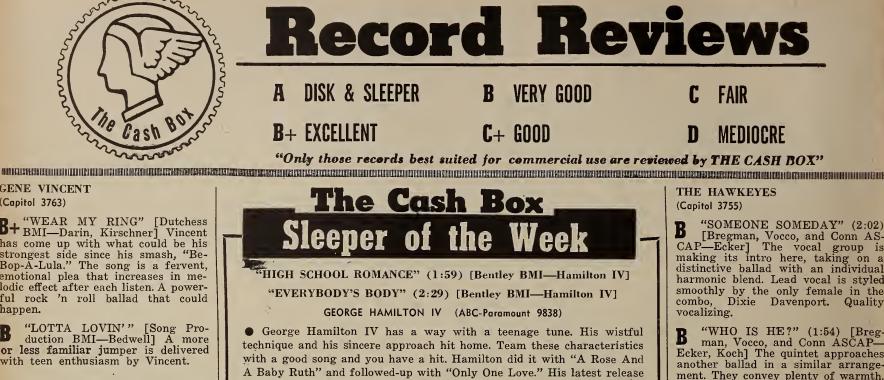

**B** "TENNESSEE WALTZ" (2:01) [Acuff-Rose BMI—Stewart, King] This side is a soft whistling version of the now standard. Taken from Lowery's recent LP entry, it figures to come up with good deejay play. Lowery scored with the "High And The Mighty" on a single.

**C+** "SUNRISE SERENADE" [Jewel ASCAP—Carle, Lawrence] An-other evergreen, of earlier vintage, gets the tricky virtuoso whistle treat-ment from the artist.

#### **EDDIE CALVERT** (Capitol 3757)

**B** "BEYOND MOMBASA" (2:40) [Columbia ASCAP—Ryder] Cal-vert, of "Oh, Mine Papa" fame, has the title tune from a Columbia pic here. The Calvert ork spins the rhyth-mic melody with excitement and color. Fine orchestral display.

**C+** "JUNGLE MOON" (1:55) [Co-lumbia ASCAP--Gilbert, Norman, Archer] More afro-cuban sounding magic is keenly read by the Calvert crew. Creation comes from the "Be-yond Mombasa" film, too.

"High School Romance" should follow suit. It's a pretty romantic opus presented as the average teenager might sing it. Simple sentimental romancer with a good dance beat. A female voice, heard in the background singing without words, creates a delightful effect. Side sounds like a big one. Bottom side, "Everybody's Body," is another Hamilton original. Up-beat rocker with a country flair. It's the top half all the way.

#### "BON VOYAGE" (2:25) [Pop Enterprises BMI-Merritt, Roddie] "TELL ME THAT YOU LOVE ME TONIGHT" (2:40) [T. B. Harms ASCAP—Bixio, Neri, Stillman]

#### JANICE HARPER (Prep 111)

• One of the brightest new femme talents to hit the disk scene in quite some time is Janice Harper, who makes her debut on the Prep label with a wonderful new ballad dubbed "Bon Voyage." Janice is a highly polished vocalist with a rich and resounding voice that im-mediately reminds the listener of Vera Lynn. But Janice has a technique all her own that could make her initial release a top seller. She's given every assist possible on this release. The tune "Bon Voyage" is a wonderful composition and the lark sings it with the aid of a lush accompaniment and a strong choral support. Outstanding slow waltzer that could go way up the ladder. Flip, is a heart-felt reading of the oldie "Tell Me That You Love Me Tonight." Watch this gal. She's a star of the future, the near future.

#### "YOU TATTLETALE" (2:04) [Mappa ASCAP—Pober, McIntyre] "VERY NICE IS BALI BALI" (2:08) [Mappa ASCAP-Pober] PATIENCE & PRUDENCE (Liberty 55084)

\_\_\_\_

 $\bullet$  Patience and Prudence, the sweet young sister team that clicked nationally with two big records "Tonight You Belong To Me" and "Gonna Get Along Without You Now," have a delightful new coupling for the many fans who enjoy their refreshing sound and style. The sisters play the role of little girls as they bounce thru a cute romantic ditty dubbed "You Tattletale." Smooth-sailing bouncer with a contagious melody and a cute lyric. For a change of pace the gals fashion an Oriental cutie labelled "Very Nice Is Bali Bali." Attractive deck with a charming story line about an Oriental boy and girl.

#### "FLYING SAUCER THE 2ND" (2:11) [Crazy BMI—Buchanan & Goodman Production] "MARTIAN MELODY" (1:55) [Martian BMI]

BUCHANAN & GOODMAN (Luniverse 105)

• The summer of 1956 was a banner season for single records, for, in addition to Elvis Presley's attracting the youngsters into disk shops, another single called "Flying Saucer" by Buchanan & Goodman had the kids rushing to their retailers. And it looks as though the B & G boys will turn the same trick this summer with their latest disk "Flying Saucer The 2nd." The gimmick on this new interpretation is the same as on the '56 disk, but the tunes and dialog have been changed to bring the idea up to date. The platter is already breaking in a number of spots and could really zoom in the warm weather months. Coupling is a zany instrumental dubbed "Martian Melody."

**B** "SOMEONE SOMEDAY" (2:02) [Bregman, Vocco, and Conn AS-CAP—Ecker] The vocal group is making its intro here, taking on a distinctive ballad with an individual harmonic blend. Lead vocal is styled smoothly by the only female in the combo, Dixie Davenport. Quality vocalizing.

**B** "WHO IS HE?" (1:54) [Breg-man, Vocco, and Conn ASCAP— Ecker, Koch] The quintet approaches another ballad in a similar arrange-ment. They convey plenty of warmth.

#### THE SPARKS (Deccg 30378)

**B** "MERRY, MERRY LOU" (2:35) [Champion BMI—Mangiaracina] The vocal crew hops to the free-swinger with a brand of rock 'n roll energy sure to get a hand shaking reaction from the kids. Tailor-made for teenage juke-boxes.

**B** "OL' MAN RIVER" (2:10) [T. B. Harms ASCAP—Kern, Hammerstein] The great oldie comes around all dressed up in socko in-strumental attire here. All-instru-mental showing.

#### JEFF ALLEN (Verve 10064)

**B** "GUILTY MIND" (2:12) [Duch-ess BMI-Coleman, Sherman] Allen has an effective stint on the boards, a strong lament wailed by the artist with conviction. A pressing that will keep the kids stirred.

**C+** "THAT'LL BE THE DAY" (1:45) [Nor-Va-Jak BMI—Holly, Petty] The performer turns to a racing rocker, and comes across with a potent vocal waxing.

#### **BUBBER JOHNSON** (King 5068)

**B** "SO MUCH TONIGHT" (2:35) [Real McCoy BMI — McCoy, Owens, Glover] Johnson handles this medium-beat opus with a sure rock 'n roll hand. Tune and delivery have an inviting quality, and should im-press the R&R crowd. Infectious wax-ing.

**B** "A CRAZY AFTERNOON" (2:15) [Lois BMI — Henry, Glover] A cute, soft-beat ditty is smoothly read by the performer.

#### **BUDDY LEE STUART** (Liberty 55085)

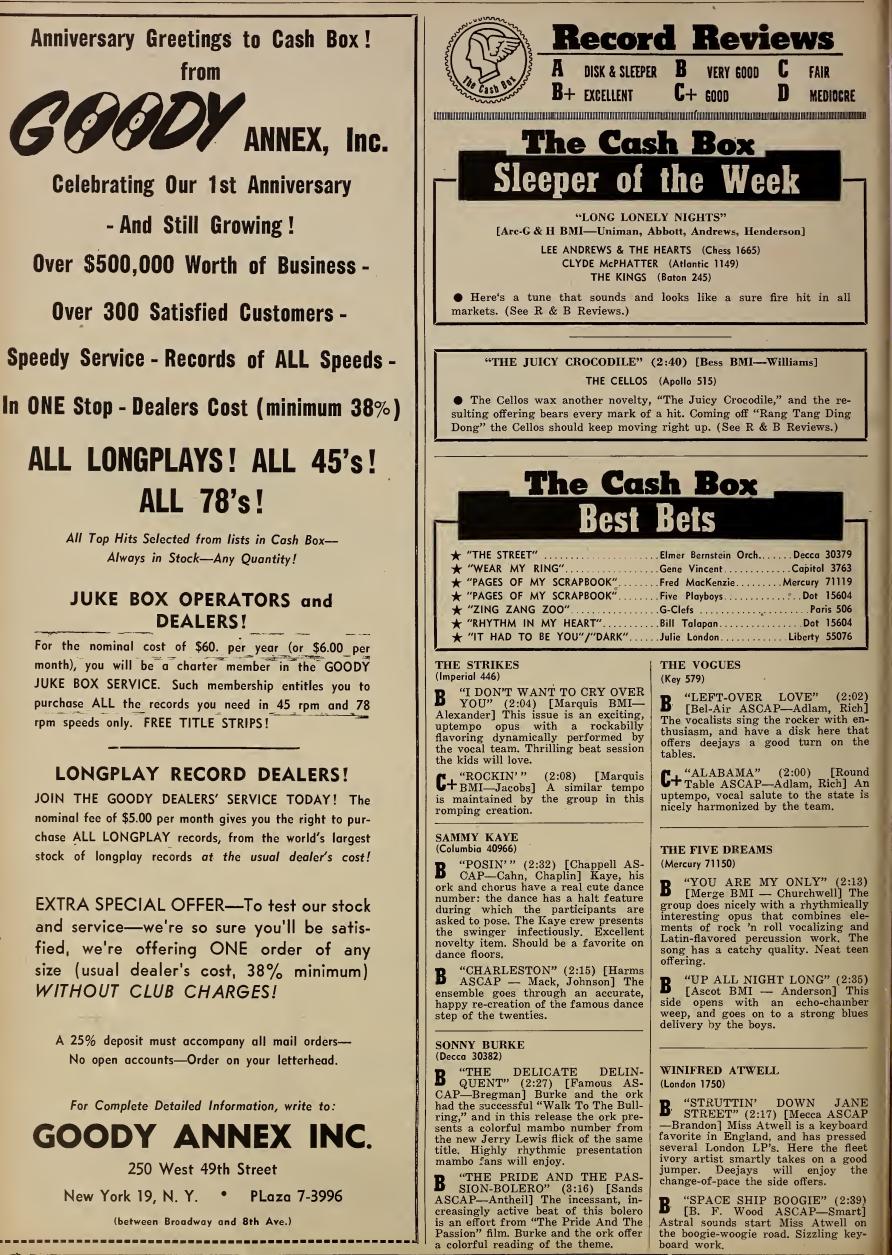

**B** "I CAN'T FORGET LAST NIGHT" (2:10) [Brunswick BMI —Sanford, Silver] Stuart does a warm vocal stint on a tune with something of "After School" in its lyric, and melodic line. The affair, though, should hit home to the teeners.

**C+** "I MISS YOUR KISSING" (2:25) [Brunswick BMI—Silver] A light swinger is the vehicle for the artist this time, and he agreeably wraps up the side the side.

Bob Gribben (KDTH-Dubuque, Iowa) will be celebrating the beginning of his 17th year on KDTH July 29th. The deejay, who is also Program Director of the station, began his stay at the outlet as a boy soprano soloist on a children's program.... Gordie Baker (WSPR-Springfield, Mass.) is gathering local semi-professional and professional talent together to make a tour of Air Force Bases in Labrador, Newfoundland, Greenland, New York, and Maine. Gordie, and all the talent will be donating their time and talent for this worthwhile effort.... Gloria Lynn, who cut the first disk for newly formed Central Records, "Just Like That," b/w "I'd Be A Fool To Be Misled By You," has been making the rounds of New York deejays on behalf of "Just Like That". Some of the platter spin-ners on Miss Lynn's itinerary included Jack Walker (WOV): Betty Granger (WLB); and Jocko Hender-son (WOV). The thrush plans a New York deejay par-ty shortly.... Milt Grant (WTTG-TV-Washington, D.C.) received a reported 17 in the latest Pulse ratings in his area for his tv'er, "The Milt Grant Show," mak-ing this Washington's top local live program, says the station.... Bill Mullen (WSID-Baltimore, Md.) sums up the recent Roy Hamilton (Epio) appearance at Carr's Beach, Annapolis with "Great!" If any deejay would like Bill's "Calypso Story" that he did a few months ago, he would be glad to send the approxi-mately half-hour tape along. Requests should be mailed to: Bill "Sparky" Mullen; WSID; 912 No. Charles St., Balto. 1, Md. ... Don Stewart (WKCT-Bowling Green, Ky.) reports a strong reaction to his theme song, Ralph Marterie's "Big Noise From Winnetka." \* \* \* \*

#### POPULAR

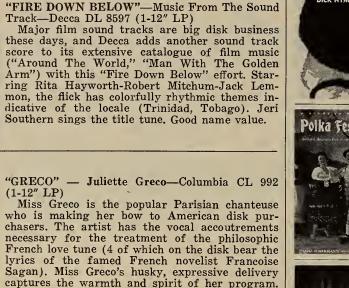

"AFTER GLOW"—Carmen McRae—Decca DL 8583 (1-12" LP) Miss McRae's fifth issue for Decca is one of her ablest vocal (and keyboard) stints; warm re-flective styling on a collection of old melodic friends ("My Funny Valentine," "Exactly Like You," "Nice Work If You Can Get".) Several of the numbers include the artist at the piano. Rhythm accompaniment is tastefully unobtrusive. A class vocalist in fine form. A class vocalist in fine form.

"FIRE DOWN BELOW"-Music From The Sound

ECCA

FOLIES BERGERIE

ROGER

"I HEAR AMERICA SINGING"—John Charles Thomas—The ILGWU Radio Chorus, RCA Victor Symphony Orchestra-Nathaniel Shilkret, Cond-Camden CAL-367 (1-12" LP) This is the famed George Kleinsinger cantata (and the famed performance) based on the poems of Walt Whitman. Its appearance in LP form should be a welcome offering for many individuals, and schools. The soaring Kleinsinger score, and the first-rate reading by Thomas, the ILGWU chorus, and Victor ork is an impressive display. Dividends on the flip side include Thomas in 5 songs ("The Lord's Prayer," "Oh! What a Beauti-ful Morning," "Ol' Man River"). A marvelous \$1.98 buy from Camden.

"ROCKIN' SAX AND ROLLIN' ORGAN"—Sam Taylor, Sax—Dick Hyman, Organ—MGM E3553 (1-12" LP) Two prominent MGM instrumentalists, Sam ("The Man") Taylor (sax) and Dick Hyman (or-gan), get together for 12 socko performances the kids will find a treat. The boys work-over a mix-ture of durables ("I'll Get By") and newer num-bers ("Walk With Me"). Top-rate musicians in a happy free-for-all mood.

"POLKA FESTIVAL"—Franz Schermann And The Alpiners—Rendevous RLP 1304 (1-12" LP) The three-man group is a popular West Coast attraction specializing in Bavarian folk music, the cases in point on this Rendevous release being the polka, and waltz. There is an ease of interpreta-tion on the selections, making the set listenable as well as danceable. The instruments are the clarinet, accordion, and the instrument familiar to Bavarian bands, the ump-pahing tuba. Sessions include "Vienna Life," "Heavenly Polka," "Tales Of Vienna Woods." Inviting polka waltz display.

"LATIN SATIN"—Perez Prado And His Or-chestra—RCA Victor LPM-1459 (1-12" LP) Few orks in the Latin field command the stature of the Prado crew, and in 12 sharp, and vivid tran-scriptions of the cha cha beat the listener can hear why. The ork works its colorful, and melodic magic on such South-Of-The-Border evergreens as "Green Eyes," "You Belong To My Heart," and "Perfidia." Latin stock that can't miss.

"ITALY"-Songs By The Di Mara Sisters-Rou-lette R-25005 (1-12" LP) The three singing sisters grew up in Italy and made their way here in 1953. For the group's first LP issue, they have appropriately chosen a bill of either native Italian melodies ("Santa Lucia") or made-in-America numbers ("Three Coins In The Fountain") suggesting an Italian setting. The material is delivered with fine harmony, and sentimentality. Vocal performances due for size-able sales. able sales.

"THE GRAND OLD HYMNS"—Stuart Hamblen —RCA Victor LPM-1436 (1-12" LP) Hamblen is one of the ablest readers of the hymn. In this Victor issue the artist offers both the stirring and lighter creations in a manner bearing conviction, and true joy. Paul Mickelson (currently appearing with Billy Graham in New York's Madison Square Garden) effectively leads the choir and orchestra. Selections include "What A Friend," "The Old Rugged Cross," and "His Eye Is On The Sparrow." A collection of hymns expertly performed. expertly performed.

"FOLIES BERGERE"-Roger Roger And His Orchestra-Decca DL 8571 (1-12" LP) The popular Parisian attraction, "Folies Ber-gere," has been made into a flick by the French, and this set features music from the effort by the French maestro Roger Roger and his ork. The selections are mostly Gallic in their charm, senti-mentality, and humor. Included are several bluesy, and even rock and roll inspired numbers. The lure of the package's title is the big sales punch here.

"GRECO" - Juliette Greco-Columbia CL 992

(1-12" LP) Miss Greco is the popular Parisian chanteuse who is making her bow to American disk pur-chasers. The artist has the vocal accoutrements necessary for the treatment of the philosophic French love tune (4 of which on the disk bear the lyrics of the famed French novelist Francoise Sagan). Miss Greco's husky, expressive delivery captures the warmth and spirit of her program. Distinctive works Distinctive vocals.

"DIAHANN CARROLL SINGS HAROLD ARLEN"—Ralph Burns and His Orchestra—RCA Victor LPM-1467 (1-12" LP) Miss Carroll appeared in the recent musical "House Of Flowers," which contained a score by Harold Arlen, the composer chosen to debut the stylist in the LP catalogue. Arlen is represented in some of his best efforts, some famiilar ("Over The Rainbow," "It's Only A Paper Moon") some not ("You're A Builder-Upper," "What's Good About Goodbye"). The artist beautifully senses the vitality, blues, and rhythm that are hallmarks of Arlen's compositions. Ralph Burns provides ex-cellent big band and small combo arrangements. Miss Carroll is an impressive new vocal attrac-tion. tion.

"HIGH BARBAREE"—Ray Martin And His Or-chestra—Capital T 10067 (1-12" LP) Martin with three mood disks delivered to these shores should be familiar to many mood pur-chasers. In a romping recess from lush arrange-ments, Martin, the ork and the Bill Shepherd Chorus present a set of gay new and traditional sea songs with vocal and orchestral banners flying high. Excellent ork-chorus production that could be a sales sleeper. be a sales sleeper.

"SING IT TO THE MARINES"—Monica Lewis— Verve MGV-2071 (1-12" LP) The thrush is appearing with Jack Webb in the marine-training pic, "D.I.", and on this Verve set she nicely handles a bill of 12 evergreens said to have been chosen by members of the corp. Miss Lewis such items as "Nice Work If You Can Get," "I Get A Kick Out Of You," and "The Song Is You" in their proper melodic and lyric perspec-tive. Excellent vocal work, and what could be an effective tie-in with the marines.

"POLISH MELODIES" — Frank Wojnarowski And His Orchestra—Dana DLP 1234 (1-12" LP) And His Orchestra—Dana DLP 1234 (1-12" LP) The dance most often associated with Polish melodies, the polka, plays the major role in this Dana issue. Wojnarowski and the ork perform 7 typically lovely polka numbers plus others in the faster oberek and waltz dance step. The big pro-ducer of Polish music disks has given its market an entry with good dance-step variety.

"GIRL OF MY DREAMS"—Ronnie Binge And His Orchestra—RCA Victor LPM-1458 (1-12" LP) Binge is an arranger-conductor who obviously knows the mood music book thoroughly. His debut

to American audiences is a lush concoction of melodies with a girl-of-my-dreams theme ("Beautful Dreamer," "When Day Is Done," and, of course, "Girl Of My Dreams"). Superior mood entry that ought to keep many in that pensive mood.

"LOVE IN A MIDNIGHT MOOD"—Genie Pace-Jade JLP 1001 (1-12" LP)

Jade has joined the LP parade with this set Jade has joined the LP parade with this set featuring stylist Genie Pace, a performer with a bluesy sensitivity that understands the fine bill she's been provided with. The melodies include "I Get Along Without You Very Well," "Body And Soul," and "I Remember April." Frank Metis skillfully arranged and directed the full ork-combo support. Impressive LP beginning for both artist and diskery.

"LIVIN' IN WESTERN STYLE"—Tex Williams-Johnny Lee Wills-Billy Williams—Camden CAL 363 (1-12" LP)

Camden offers, at its usual \$1.98 price tag, a program of generally rousing cowboy items sung by 3 capable performers of "western styled" mu-sic. The numbers on the disk include "Yippee Ki-Aye," "Honey On The Horn," and "My Adobe Hacienda." Authentic renditions of C & W materi-al sure to please the C & W crowd.

mambo

"POLKA"-Ted Tyle-Roulette R-25011 (1-12" LP)

The polka, and several allied steps pass vivaci-ously in review in this Roulette entry catering beautifully to the polka trade. Ted Tyle and the crew whip up the various polka styles ("Finger," "Two Step") with a delectable flair for the in-fectious rhythms of the dances. Big, 16 tune program. Above-board polka disk.

"THE EXCITING MAMBO"—Ramon Marquez And His Orchestra—International LP 5065 (1-12" LP)

These mambo transcriptions by Mexican ork leader Ramon Marquez carry lots of danceable mambo finesse, and are, on the other hand, a highly listenable collection of mambo orchestra-tions. Marquez offers the 12 original pieces with fanciful embellishments, and obvious dance floor authority. Fine mambo sessions.

JAZZ

### "THE CANADIAN SCENE"—The Phil Nimmons Group—Verve MGV-8025 (1-12" LP)

Group—Verve MGV-8025 (1-12" LP) The Nimmons (clarinet) nine manoutfit is mak-ing its disk debut on this pressing making many inventive swing attacks jazz fans here will re-spond to with eagerness. Working mostly on a standard bill ("Pick Yourslf Up," "Stompin' At The Savoy"), the band has a high quality rhythm section that can play with enthusiasm, and warmth. Noteworthy bow.

"BLUES AND VANILLA" — Jack Montrose (Tenor Sax)—Red Norvo (Vibes)—RCA Victor LPM-1451 (1-12" LP)

LPM-1451 (1-12" LP) The highlight of the first Victor effort for com-poser-artist (tenor sax) Montrose is the "Con-certina da Camera" (subtitled "Blues and Vanilla"), a playful blues and swing opus expertly read by the writer; Red Norvo (vibes); Shelly Manne (drums); Joe Maini (alto sax); and Walter Clark (bass). The flip side, with several personnel switches, swings brightly to 5 pieces, including 5 by Montrose. Delectable swing sessions.

"HALL OVERTON"—Phil Woods (Alto Sax)— Teddy Kotick (guitar)—Nick Stabulis (drums) —Signal S 102 (1-12" LP)

disk is a series of smartly swinging standards performed by the quartet on the "A" side, without the alto sax on the flip side. Excellent method for "participation" in combo work.

"VIBE-RANT"—Teddy Charles, Vibes-Elektra 136 (1-12" LP)

136 (1-12" LP) Charles is a first-rate vibist who has put to-gether a fine quintet for this Elektra entry high-lighting the performer in a solid array of smoothly swinging tracks. This light touch is ap-plied to 6 items, evenly divided among standards and Charles originals. Others in the crew include Mal Waldron (piano); Addison Farmer (bass); Idress Sulieman (trumpet); and Jerry Segal (drums); Sulieman is the vibist's most featured artist here. Excellent vibe work.

"THE JOHN TOWNER TOUCH"-John Towner, Piano-Kapp KL-1055 (1-12" LP)

Tiano-Kapp KL-1055 (1-12" LP) Towner appeared admirably in the 2-disk Kapp jazz set, "Modern Jazz Gallery," and paces him-self briskly, and inventively on this issue featur-ing the artist in 12 modern-day waltzes ("Wait Till You See Her," "I'll Take Romance," "Terd-erly"). Towner is intermittently supported by a lush string section directed by Russell Garcia. Fine jazz-mood improvisations.

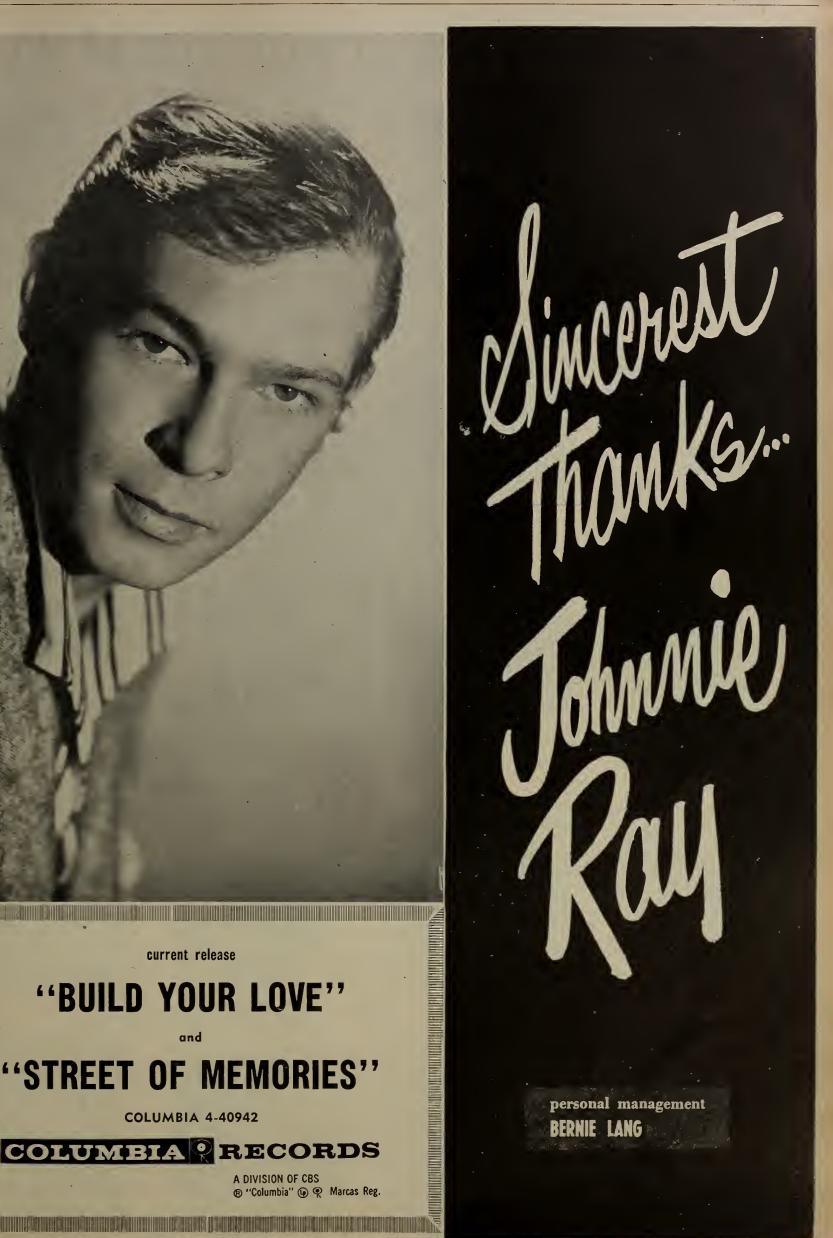

"BLOWING IN FROM CHICAGO"—Cliff Jordan (tenor sax)—John Gilmore (tenor sax)—Blue Note 1549 (1-12" LP)

The disk sells the two tenor sax men, Cliff Jordan, and John Gilmore, extremely well. Oc-casioned by particularly hard-driving work, and the backing of a notable three man crew (Horace Silver on piano; Art Blakey on drums; Curly Rus-sell on bass), the sessions catch the featured ar-tists in provocative stints. Excellent sound. Every-thing came off wonderfully here.

"CONTEMPORARY PIANO SONATAS"-Leon-ard Pennario-Piano-Capitol P 8376 (1-12" LP) Capitol's major pianist, Leonard Pennario, has undertaken a challenging program in new entry. The works are three sonatas by Bartok, Proko-viev, and sometime film composer ("Ivanhoe," "Spellbound") Miklos Rozsa. The works abound in modern approaches, often amazing in their skilled conceptions. Pennario interpretations pack the punch, and understanding for excellent rendi-tions of the pieces. Commanding artistry.

BRAHMS: Three Rhapsodies-Variations And Fugue On A Theme Of Handel—Victor Schioler— Piano-Capitol P 18049 (1-12" LP) Danish pianist Victor Schioler is represented in an all Brahms' keyboard recital here, and both the performer and composer are very well repre-sented. The rhapsodies, and the "Variations And Fugue On A Theme By Handel" are demanding in their subtleties, expressiveness, and technical foundations; factors evidently Schioler's artistry as he demonstrates here, is up to. Noteworthy key-board work. board work.

MODE RECORDS OFFICE MEMO-June/57

TO: Artists & Repertoire FROM: General Manager ATT: Red Clyde

On the eve of introducing MODE RECORDS to the world I want to be sure that the policy of the company is crystal

clear. MODE will operate on a major status and L can not stress strongly enough that our recordings must reflect quality from start to finish. Every artist, every record, every package will show the record buyers of America that MODE RECORDS is devoted to presenting music for a variety of

tastes in a manner unequaled in the industry. At your earliest convenience, may I have your catalogue plans to guide the further development of MODE

**RECORDS**?

Thank you.

Service, Stock & Proper Personnel **Keys To One-Stop's Success** by JAMES O'DWYER THE MUSIC BOX, CHICAGO, ILL.

The Music Box' Self-Service Layout

Service, stock, and the proper personnel, I believe, are the keys to success for what we like to call "America's most complete one-stop".

The three go hand in hand. To give an operator or a retail store the right service one must have the proper stock on his shelves with efficient help proficient in filling orders rapidly and accurately plus the talent to wait on customers courteously.

The one-stop, in order to compete, must be able to ship orders same day they are received. This can not be done without a complete inventory and

a good system of expediting these orders.

We conduct a perpetual inventory on our complete stock. In the pop, hillbilly, rhythm and blues sections this means keeping after some three hundred different titles each and every day. These three hundred titles comprise the "hits" that are constantly being called for over our retail counters as well as our operator mail orders and pick-ups plus standards.

With the advent of the large "200" selection boxes, we have found a big upward surge in the "all time hits and standards". This again takes us back to efficient stock control. To keep this efficient stock control we find daily servicing from the local distribs is paramount and sometimes when a tune is "running wild" we must get to the distributor twice and sometimes three times a day. One can see that pleasant relations with distributors is also very important in the success of a record retailer and one-stop.

and one-stop. Fast delivery has become a shining star in our crown. We have been deal-ing with a local trucking firm for sometime, that guarantees next day delivery to points up to three hun-dred miles from Chicago. Points be-yond are serviced the quickest way possible. We have shipped orders to Hawaii and Alaska and even received orders from Switzerland.

Our entire store has been on self service set up for quite some time. Counting all singles and LP's, 5000 different titles and albums are on direct display.

Above all else I feel greatly for-tunate that I have, I believe, the most efficient help obtainable. My staff has been with me from the beginning with one young lady, Marge Hesse, six years and Jack Krug five years. The rest of my staff has been with "The Music Box" for several years each.

In order to get out our numerous shipments, daily, and still help the customer in the store, this help must be able to work with extreme rapidity and care. Mistakes can be very costly and I am happy to say we make few.

In one-stopping the operator is very important to our business. I have found that gaining the confidence of the busy operator will expand sales greatly. Get to know your operator and what he needs and eventually he will allow you to use your own judg-ment in shipping his purchases. We have operator friends that have never been in our store or placed a specific order for certain records. They sim-ply have us send what we feel will go on their boxes.

We have a coffee pot on the fire all day and our customers, buying and looking alike, are invited to sit down and have a cup of coffee. You'd be surprised how a rested, happy cus-tomer knows more about what he wants than a hurried one.

Does all this work? Well let me answer this way. Last autumn we doubled our floor space and installed air conditioning and intend to have a sizable electric sign over the front door in another month.

One more thing. I like to play golf so I mixed business with pleasure in setting up an annual golf outing for my customers. Works just great.

# The 4 Basic Merchandising Factors Are: **Inventory**, **Display**, **Promotion And Sales** Personnel

# by F. B. DOWLING JENKINS MUSIC CO. KANSAS CITY, MO.

KANSAS CITY, MO. First, I'd like to say, the success of any kind of business depends on the company back of the business, and some fifteen years ago I took over the record departments of Jenk-ins Music Company at Kansas City, Missouri and their seven full line stores located in Missouri, Kansas, Oklahoma, and Arkansas, and the fact that Jenkins Music Company here in the midwest, which has been in the same family into its fourth genera-tion some 79 years, and has grown to a multimillion dollar concern known not only in the midwest but all over the world, I would say, is the big factor in the success of the record business we enjoy throughout our organization. Second, there are many ways of merchandising phonograph records and more fields of merchandising rec-ords are opening up every day. You see records in filling stations, grocery stores, drug stores, just about every phase of retail outlet. Then there is the discount house (this is the easy way out) and also an easy way to go out of business completely, and of course, the legitimate dealer who builds his business on service to the customer and asks a fair mark up on sales (meaning of course, merchan-dising records at factory national list prices). The last suggested means of mer-

aising records at factory hational list prices). The last suggested means of mer-chandising records is our (Jenkins Music Company) way of merchan-dising. To get down to actual mer-chandising records you are confronted with your four basic factors: in-ventory, display, promotion, and sales personnel. Inventory, of course, is a very im-

personnel. Inventory, of course, is a very im-portant factor in the record business. Unlike radios and refrigerators where you have from 10 to 20 models to cover a complete line, you have liter-ally thousands of models of records. As it is the artist and the title on a record that sells, so each record is an individual model. There are several hundred labels and thousands of titles on most labels, so to satisfy the customer who wants a particular title done by a certain artist, you must have a large inven-tory. We carry our large inventory at the parent store in Kansas City and it works from \$50,000 to \$70,000. Store-wide our inventory will run and it works from \$50,000 to \$70,000. Store-wide our inventory will run \$120,000. The branch stores do not carry educational records, language sets, sound effects, etc., slow turn-over inventory which the parent store must carry to keep our prestige. How-ever the branches draw from the Kan-

sas City inventory on this type of inventory which gives them the ad-vantage of most competition in their respective locations. All our record departments are focated on our main floors and in all cases at the rear of the stores. This requires the store traffic to pass by all displays of all merchandise sold on the other floors of our stores. Each department is represented with a beautiful display on the main floor; pianos, band instruments, appliances, radios, televisions, etc., so the record buyer can tell at a glance, while going to the record department, every-thing sold by the Jenkins Music Co. We are a semi-self service opera-tion. We still use counters, and only display about 30% of our records. This is done by racks and browser boxes and we still are in favor of the listening booths. We keep all stock fised behind counters in numerical sequence. Incidentally, we have been criticized by some of the large manu-facturers because we do not go all out self-service, but we're not convinced. In promoting record sales we find that in most cases, all promotions offered by the major record companies are good and I am one who believes if you don't try, you just stand still. I usually get behind each and every promotion they offer and have found few cases where these promotions offer and have found few cases where these promotions offer and have found few cases where these promotions in radio musical programs, have given the teen-agers disk-jockeys, work closely with schools and libraries, oc-casionally buy close-outs or cut out records from distributors and feature a record sale. (This is done only with the condonement of companies in-volved; in fact, they usually co-op alson ally buy for the secord sales

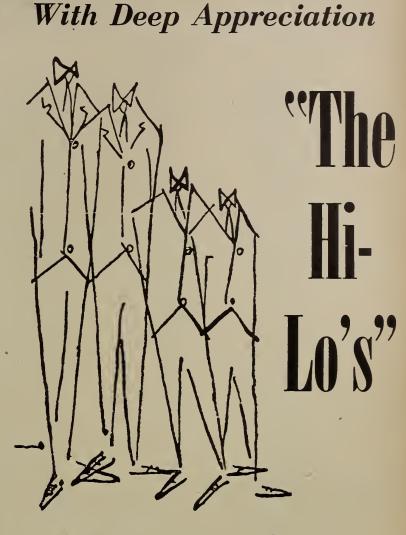

advertise).

Last but not, by far, the least is your sales personnel. A record sales your sales personnel. A record sales person first must like music, and all kinds of music; he or she must be smart and well groomed, must be charming whether conversing with a rock and roll teen-ager or a "dyed in the wool" longhair. It's impossible to find eight or ten all good but if you can keep three or four good ones the others learn from them. If they don't learn and learn quickly then get rid of them fast. Your sales per-sonnel can make or break you fast. Our record department has grown from a small 4 foot counter, 1 girl operation doing \$300 to \$500 per month in the late twenties, to over a half million in 1956, and 1957 is running about 15% ahead of 1956 to date.

date.

date. Records were supposed to have been wiped out when radio came in. Then it was predicted television would sure set records back. I'll have to make a guess at this, but I would say with-out a doubt there were more record players sold in 1956 than television and with hi-fi there seems to be no limitations as to what figures records will reach.

There are plenty of opportunities in the record retailing field. However, as a little advice to any one who plans on entering the business: "Don't go in with the idea you are going to run competition out of business. Start your own business, make plans to build your business, then grow with your business.

# Flexibility And Personal Attention Are Retailers' Keywords

by JERRY JOHNSON SIGHT & SOUND VAN NUYS, CALIF. Sharing the high-fidelity market, is a growing field of merchandising where records are dispensed like greeting cards. Jobbers servicing racks in markets, drugstores, etc., reap the benefits of all the privileges afforded the exclusive record dealers, plus added guarantees and concessions thus far not extended to legitimate dealers. The situation has forced us in some instances to refuse to accept werchandise shipped to us in what ve consider sub-standard condition, obviously the result of shop-wear in locations where lenient privileges of merchandise subject to handling and misuse by careless and hurried grocery customers. The distributors, in some cases, are apparently attempting to resell this merchandise to oontrol their own inventories. Since the rack jobber has received the sanetion and blessing of the wholesaler, it remains for the successful dealer to find ways to extend and improve the services he offers.

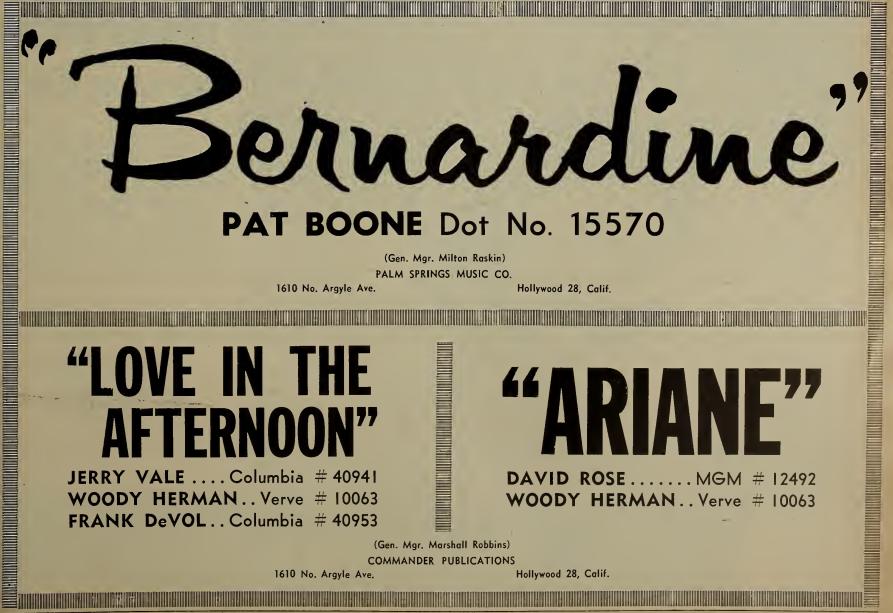

services he offers. The recent addition at Sight and Sound of a piano and organ department, along with a complete musical instrument and sheet music section, was aimed at enlarging into other phases of musical service. At the same time the record department itself was doubled in size, allowing a better arrangement of merchandise for customer browsing. Sight and Sound is a "self-service" store, only to the extent of the customer's desire for it to be one. All the merchandise is displayed so that the customer may browse and make his own selection, if he wishes. But the system is such that each customer must come into contact with a sales person, giving opportunity for suggestive selling. The staff is kept up to a number that can personally serve each customer who needs or desires attention. As an added service, each LP is treated with an anti-static record cleaner, and inserted into a contoured polyethyline sleeve when it is sold. This not only sells the cleaner, but additionally assures the customer that his record has been inspected and is free from perceivable defects.

To improve our merchandising on the purchasing level, we have recently divided the buying responsibility among three specialized, well-qualified people, one of which is the department manager. This accomplishes a greater degree of accuracy and coverage, because it allows each person more selling time to maintain contact with the point of sale.

Radio advertising is now and has been a prime factor in the building of our record sales volume. We are continuing to sustain an increasingly yigorous advertising schedule, which is being enlarged this month, with 14 hours weekly on FM station KRHM. (This is an addition to the seven hours we already have on AM.) This is planned to be a program of the more listenable classical works, aimed at attracting attention to our well-stocked and varied classical department. The programming will be done in the store by a member of the record sales staff, especially wellversed in recorded classical music. Two points, flexibility in system

Two points, flexibility in system and promotional techniques, and personal attention to the needs of the customer by well-trained sales people, seem to be the best counter attack against the trends which threaten to limit the potential for the list-price retail record dealer.

# Now Is The Time To Become A Retailer

# by PETE WAMBACH WAMBACH'S WAXWORKS HARRISBURGH. PA.

"Now is the time for all good men to get into the record business"! No question about it, the industry is en-joying a prosperity heretofore un-known. Take it from a small retailer, who grosses about \$50,000 a year in his operation, the business has never been healthier! Finally, I've reached the decision that if necessary (and fortunately in my case it hasn't been) I could settle down in a retail record shop and keep my family of eleven children going on it! I can honestly tell you that, thanks to the aids and gimmicks—thanks to excellent display methods, no business sells itself better than the record busi-ness. You don't have to "eat 'em if you don't sell 'em" anymore. The judicious buying merchant—unswayed by an avaricious salesman—can do right

buying merchant—unswayed by an avaricious salesman—can do right well with his buying of pops, many of which come to him today with a 100% guarantee during a certain space of time. If the companies didn't think the tune would sell, they wouldn't give the guarantee! And fortunately, guarantees are available on the best artists; Cole, Laine, Sinatra, etc. You don't need them on Como, Presley, Belafonte, etc. But buying during a guarantee—making your profit, and sending back your re-turns on time is the essence of a sucyour profit, and sending back your re-turns on time is the essence of a suc-cessful pop operation. And remember this! Just about 100 titles are in con-stant fluctuation. About 50 of these become hits—10 will become smashes! You'll sell hundreds of the "10"—a box of the "50", and perhaps five of

the "last 50". When you add it up, these last 50—and you must provide for coverage of these—will provide you with your 5% return. A record retailer is a very lucky guy. He gets new merchandise every week—display aids from the com-paries—free advertising from the disk jockey (the best promotion media of any industry in the world)—he's running a clean, bright, entertaining business—and he gets a return credit to keep him financially stable. Is there a better business in the world? Met's look at the aids. Because I'm writing this for *The Cash Box*, we'll examine that trade sheet first. I've covered the pops, because that's the basic end of the business, albeit not the most profitable. However, pops carry you over the April-October pe-riod; they're bread and butter. It is in the album end of the trade, however, where the profit really shows. And in its new album display (at a great cost to the magazine) *The Cash Box* has given us a great buying aid. Covers are selling albums almost as well as artistry, and *The Cash Box'* cover display, newly incorpo-rated as a feature, is of tremendous assistance to us. Your salesman lets you hear his stock, but before he ever hits the store. *The Cash Box* has al-ready advised you—in its reviews— and in its cover pages—of the effective selling power of an album. Because you almost know the reaction of an album, you can buy it judiciously. Except for a new album release here and there, the only time we buy at Wambach's is at "deal time". Mer-cury's Operation 10 and other 10% off packages have meant profit to us we never had before. Our stocks for-tunately were low when these offers were made and we were able to take

were made and we were able to take

advantage of them. That extra 10% can pay a lot of your "nut" during a year's time. The rest is profit!
Finally—display! At a ball park, you can't tell the players without a program. You can't sell the albums unless they're seen. You've seen them in *The Cash Box*—let your customers see them—either on your walls, or in your racks, or by categorizing your browser boxes. A customer comes into a record shop to buy—let him browse—he'll buy, because he's there to buy! But let him see as much of every album—or its category as you can. In summation, let me give you formulaes which have worked for me.
1. Buy the pops according to the charts (Disks of the Week, Sleepers of the Week, Sure Shots, etc.).
2. Buy other pops only when they're 100% guaranteed.
3. Buy your albums in ones and twos when they are released.
4. Load up on your album stock on the 10% deals.
5. Keep hep to the business by consulting your trade papers the minute you get them.
6. Make sure that your area disk jocky (he's your salesman and promotion man and doesn't cost you a penny) is never out of a Top Sixty Hit Tunes at his station. The more housines, the more profit you make.
7. Make sure that the albums can be seen—that each category is specifically located.
8. If you need further advertising, and like me, you're a small dealer, use radio! Newspaper advertising to day is steep in price. Buy radio on a one-year contract—you're going to be in business that long—and get it practually at half-price.

Brother, you can't miss in the re-tail record business!

"TUTTI'S TRUMPETS"—Camarata Conducts—Disneyland WDL-3011 (1-12" LP) Disneyland's musical director Tutti Camarata gives 6 ace trumpeters a fine oppor-tunity to display their wares in this Disneyland release. Backed by a string section, such men as Mannie Klein, Pete Candoli, "Shorty" Sherock, and Conrad Gozzo provide notable swing-era trumpet work on standards and originals ("What's New," "Trumpeter's Prayer"). Solid Louis Armstrong stint hy Klein on "Louis". Excellent trumpet work.

TUTTI'S TRUMPETS—Tutti Camarata (1-12")—Disneyland WDL-3011 Here's a natural for anyone with a taste for big band sound with accent on brass. For this date, Camarata assembled such sterling trumpet men as Pete Candoli, Conrad Gozzo, Mannie Klein, Joe Triscari, Shorty Sherock and Uan Rasey. The disk is really a showcase of their various styles, enhanced by a spanking bright, attractive sound. Stores with studios can order heavily on this one; it's a must for horn students.

### NEW YORK:

The end of the end of the second of the period of the period of the end of the end of the end of the period of the has another runaway pop and r & b hit in his "Oh Baby Doll". Coming on top of "School Day", this makes Berry a verree hot artist. . . . Odd to see "Earth Angel" by the Penguins on Dooto show up again on the territorial tips. This wax breaks out every summer. After a phenomenal initial run it repeated last year when it was one of the tunes used in "Flying Saucer". The fabulous sale of this novelty hyped "Earth Angel" into another good sized sale and now, brought back into the limelight by L.A. airtime it looks like it may take off again.

### CHICAGO:

If ever thère was a year for rock and roll, this was it. As The Cash Box puts a close to another fiscal year and sits back to catch its breath an awful lot comes to mind.

Three years ago this statement appeared in the 13th Annual Anniversary Edition, "Chuck Berry is a new find we came across in St. Louis. 'Maybelline'

is his first release and already doing very well in the east as well as making steady gain on local charts". Steady gain wasn't the word for it and look at Berry since. . . . The boys over at United started to feel like "the old days" with Tab Smith's swinging sax on "Pretend" and presently "Someone To Watch Over Me". . . . Bookings for bands were right up there on top. Shaw artists had booking going like the public thought they'd never hear another note of music in their lives. Jim Flemming was brimming over with nothing but the happiest news, each week, on how bookings were growing. . . . Herb Kole grabbed the reins over at King Distribs and hasn't let go a minute.... How about that MOA convention? Just everybody attended and all reports stated that there was never so much business transacted at an MOA convention as was done at this past one. . . . Len and Phil Chess moved into their new "monument to long sleepless nights and more records eaten than one would care to mention", this past year. Seems with the move something new has been injected into the Chess/Checker product. A new vitality and swing, see if you don't agree. . . . Can't really say for a fact, but didn't it seem like there were fewer artists through town in the past months? Most artists are saying the deejay tour isn't much good and others say the contrary-but would almost swear the volume of artists was much less than in the past. . . . Drexel started to look like they had something to offer and went right ahead and proved it with Bobby Elvin's "Give It All Baby". Seems like Mr. King knows how to turn a catchy blues into a winner. ... Don Robey was a frequent visitor in and out of Chi and always had a good thing with him. Whether it was a Bobby Blue Bland or Jr. Parker disk, George and Ernie Leaner, United Distribs, were always happy to see the genial Texan.

. Speaking of United Distribs, George and Ernie came up with a big fistfull of hits last year in Roy Hamilton, Sreaming Jay Hawkins, Red Garland, Solomon Burke, The Coasters and just too many more to mention. . ... The deejay presentation show had its ups and downs with claims upon claims flying around on "gigantic houses with fabulous returns". But all-in-all the public seemed to shy away from these in favor of-but who really knows? All-State Distribs welcomed Gerry Grainger to the fold as sales manager while Stan Pat, late of NYC, took over Chi promotion for Roulettee, Rama and Gee. Grainger sat right in on Fats Domino, Little Richard and a whole raft of other swinging hits and seemed to add just a little more to the sales appeal of these artists 'cuz All-State's swinging more and more. This, of course, makes Paul Glass verra happy. . . . Jimmy Bracken and his Vivian made their annual pilgrimages to the hot baths of Hot Springs, Ark., with Abner taking care of the hot items at Vee-Jay. Abner had his mitts quite full with The Spaniels, The El Dorados, and number one at Vee-Jay, Jimmy Reed. This steady forward surge of Vee-Jay exemplifies the whole R&B business in giving the public what they want, then repeat and repeat and repeat. . . . We had our share of morning glory labels but it's interesting to note how many indies such as Mel London's Chief have survived. The leasing of masters was one saving factor and another was the sheer nerve employed by many owners. Whatever method was employed, we find lots of indies, still, with their heads well above the red ink. . . . Now we are approaching another summer. It's a known scientific fact that these come around about the same time every year. But it's a known financial fact that a couple of years ago things went BOMB with the heat. Not that way anymore. The summer has become a good record season.

### LOS ANGELES:

Ed Townsend, new recording star heard on Dot Records with a first release of "Tall Grows The Sycamore" currently appearing at the Stadium Club in Los Angeles. After his first week at the nitery, Townsend had his option picked up for additional bookings. . . . King Records star, Little Willie John due on the coast for a West Coast tour. Included in his show will be singer Linda Hopkins, and Arnett Cobb and his orchestra. This will be Cobbs first appearance since his injury in an accident back East. . . . Class Records recording the Leon Rene standard, "When The Swallows Come Back To Capistrano" with a new up-to-date version by Bobby Day. . . . Earl McDaniel adding an extra half hour of air time to his popular KPOP radio show. . Young Jessie signed to an exclusive contract by Atlantic Records. Jessie is currently appearing in Hawaii with Billy Ward and His Dominos on the show sent over by Mike Kasino and Harry Golub. . . . The new Ebb label has a two-sided hit in the Tony Harris record of "Chicken Baby Chicken" and "I'll Forever Love You", both showing up on charts across the country. ... Imperial Records' Fats Domino currently playing the San Francisco Bay area during his tour of the coast. Fats has been playing to SRO audiences during the tour and is currently booked solid through November. . . . Art Blakely and his group, now appearing at The Blackhawk in San Francisco, and opening at The Peacock Lane in Hollywood this Friday night. . . . Riff Ruffin and his orchestra currently at the 54 Ballroom. . . . Bo Rhambo opening a new nightclub, The Intime on South Western Ave. . . . The Co'ts and The Harris Sisters leave for Honolulu for a one-month tour of the Islands.

Service Assures Success by DOROTHY HYLTON **BRENT - AIR MUSIC SHOP** BRENTWOOD VILLAGE, CAL. We feel, that in record merchandis-ing, as in most all dealings with the public, service is the only basic con-cept which assures a successful retail cept which assures a successful retail operation. Self-service, is the greatest selling asset to appear on the phono-graph record scene. This does not mean that the record dealer sits at the cash register and lets his cus-tomers take the records away from him. There must be a completely at-tractive display of the recordings in the shop, and there must be friendly help on the dealer's part, but the cus-tomer should not be deterred from browsing as he chooses. Record manufacturers are provid-

Record manufacturers are provid-ing the very best product they have ever offered, with heavy accent on quality of sound. It is however, up to the record dealer to acquaint the public with this product, and this can be done only through self-service plus. That plus is the extra effort by which the dealer uses the phone, a mailing list, some form of advertising, etc.

There is one form of service to the customer, which is of extreme im-portance—a good knowledge of what is being offered for sale.

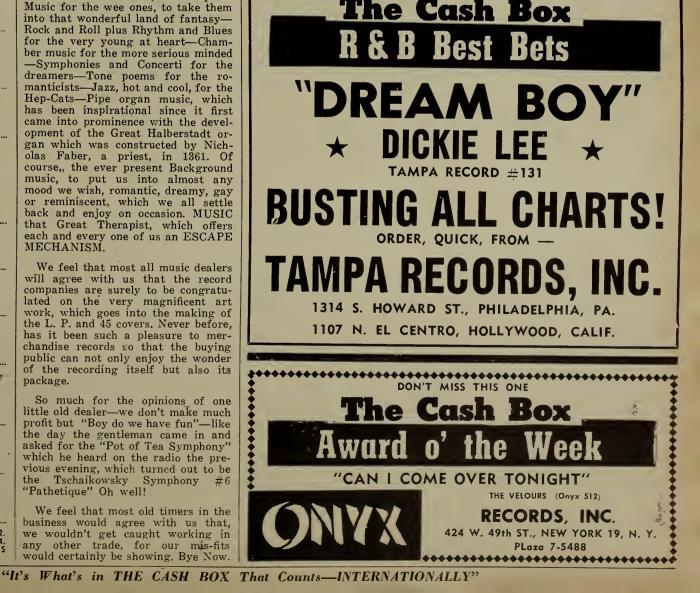

So many people have, from time to time, gone into the record business because they "liked records", or, "it must be fun to listen to music all day". This type of dealer works on a hit-or-miss basis, more or less, and can go broke rapidly. His salvation can be assured if he has adequate sales help, with a fair musical educa-tion and a genuine interest in records.

Aside from the necessary mone-tary aspect of the record business, we record people all realize that we we record people all realize that we are dealers in dreams, so to speak. Music for the wee ones, to take them into that wonderful land of fantasy— Rock and Roll plus Rhythm and Blues for the very young at heart—Cham-ber music for the more serious minded —Symphonies and Concerti for the dreamers—Tone poems for the ro-manticists—Jazz, hot and cool, for the Hep-Cats—Pipe organ music, which has been inspirational since it first came into prominence with the devel-opment of the Great Halberstadt or-gan which was constructed by Nichopment of the Great Halberstadt or-gan which was constructed by Nich-olas Faber, a priest, in 1361. Of course,, the ever present Background music, to put us into almost any mood we wish, romantic, dreamy, gay or reminiscent, which we all settle back and enjoy on occasion. MUSIC that Great Therapist, which offers each and every one of us an ESCAPE MECHANISM.

We feel that most all music dealers will agree with us that the record companies are surely to be congratu-lated on the very magnificent art work, which goes into the making of the L. P. and 45 covers. Never before, has it been such a pleasure to mer-chandice records to that the business chandise records so that the buying public can not only enjoy the wonder of the recording itself but also its package.

So much for the opinions of one little old dealer—we don't make much profit but "Boy do we have fun"—like the day the gentleman came in and asked for the "Pot of Tea Symphony" which he heard on the radio the previous evening, which turned out to be the Tschaikowsky Symphony #6 "Pathetique" Oh well!

We feel that most old timers in the we refer that most out timers in the business would agree with us that, we wouldn't get caught working in any other trade, for our mis-fits would certainly be showing. Bye Now.

# NIP ROMAN

### (Flash 121)

**B** "DARLING I NEED YOU" (2:48) [Shag BMI — Roman, Curry] Nip Roman offers a slow, rhythmic ballad blues. Easy reading of a pretty—tho not outstanding tune. Roman has an Ace-like quality that could build could build.

"WITH THESE WORDS" (2:41) B **B** [Shap BMI—Roman, C. Smith] Roman gives another good perform-ance on a slow beat love ballad. Again his similarity to Ace in style is ap-parent. Pleasing offering.

### JERRY McCAIN

### (Excello 2111)

**B**+"LISTEN! YOUNG GIRLS" (2:34) [Excellorec BMI—J. Mc-Cain] Jerry McCain sings a real funky piece of material and comes off with a good deck, A slow beat lilter with age old advice for the young girls. Perhaps McCain can make it stick.

**B** "BAD CREDIT" (2:20) [Excel-lorec BMI—J. McCain] McCain swings on the flip with a real down home quick beat. It's the 'bad credit' blues that McCain wails and he in-jects an infectious quality to the story. story.

## JOE TEX

### (King 5064)

"AIN'T NOBODY'S BUSINESS" **B** (2:15) [Celestial BMI—R. H. Grisham] Joe Tex tells all it's no-body's business if he fights or makes up with his girl. Tex wails it with lots of schmaltz. Deck comes off well and Tex may have another good seller. B

**B** "I WANT TO HAVE A TALK WITH YOU" (2:06) [Jay & Cee BMI—Joe Tex] Tex turns to a slow beat ballad blues and handles it with great feeling and good voice. Easy to listen to deck.

### THE TROOPERS

### (Lamp 2009)

**B** "GET OUT" (2:45) [Aladdin BMI —Lincoln Alexander] The Troop-ers dish up a swinging dramatic blues with a well known musical theme. Good club material.

**C+** "MY RESOLUTION" (2:58) [Aladdin BMI—Jerry Whitted] The Troopers blend softly on a tender, slow beat love ballad. A gentle read-ing of a drifty tune. Good, relaxing programming programming.

### **ROY MILTON**

### (King 5069)

**B** "ROCKING PNEUMONIA AND THE BOOGIE WOOGIE FLU" (2:22) [Ace BMI—Smith, Vincent] A cover of the novelty that seems to be spreading for a hit. Should grab off its share of the sales.

**C+** "SKID ROW" (2:48) [Jay & Cee BMI—Milton, Williams, Solomon, Estell] Milton and his orchestra back with a slow beat mood instrumental. A blues with a feeling filled ork read-ing. Ok backer-upper.

"LONG LONELY NIGHTS" [Arc, G&H BMI-Uniman, Abbott, Andrews, Henderson] LEE ANDREWS and THE HEARTS (2:38) (Chess 1665) CLYDE McPHATTER (2:26) (Atlantic 1149) THE KINGS (2:41) (Baton 245)

• A battle seems to be in the offing as three labels launch the drive to take the lead in the race for sales on the tuneful "Long, Lonely Nights." The original, Lee Andrews and The Hearts, now on the Chess label, created the initial fuss on the Mainliner label. Chess picked up the master but the covers were already on the air. At-lantic jumped in with Clyde Mc-Phatter and Baton offered The Kings. All three are worthy efforts and the scramble is now on for

the valuable airplay. Lee Andrews backs with "The Clock," an infectious quick beat novelty. A happy jump well done. McPhatter couples with a quick beat Latin treatment of the famous standard. Delightful listening. The Kings offer "Let Me Know," a quick beat bouncer delivered with a cute vocal reading. Watch this rumble develop. Somebody or everybody is going to get a big seller with "Long Lonely Nights."

"THE JUICY CROCODILE" (2:40) [Bess BMI-Williams] "UNDER YOUR SPELL" (2:40) [Bess BMI-Thomas]

### THE CELLOS (Apollo 515)

• The Cellos, who hit with "Rang Tang Ding Dong," now have one that should be an even bigger hit. "The Juicy Crocodile" is a quick beat novelty handled with a deft hand. A running narrative tells the story of the crocodile who picks off the group one by one. Timing is good and the treatment is effective. A funny novelty that could be the

"Stranded In The Jungle" of the 1957 summer season. Don't overlook this waxing-it could be one of the best money makers of the near future. The flip, "Under Your Spell," is a slow beat ballad given a straight performance. It, however, fails to come up to the appeal of "The Juicy Crocodile."

### THE DELROYS

### (Apollo 514)

\* "BERMUDA SHORTS"

 $\star$ 

**B**+ "BERMUDA SHORTS" (2:20) **B**+ [Pollard BMI—Holder, The Del-roys] The Delroys have a swinging little novelty that could catch on in a big way. The group has a catchy sound and its treatment of the quick beat novelty gives it an infectious quality that could result in strong sales. Watch this side—it could hap-pen. pen.

**B** "TIME" (2:20) [Pollard Bess BMI—Kelley, Edwards] The Del-roys turn serious and sentimental as they dramatically sing a slow beat ballad. Pretty, moving and well done. Good listening. "TIME" (2:20)[Pollard

# SMILEY LEWIS

### (Imperial 5450)

**B**+"GO ON FOOL" (2:00) [Travis BMI—Bartholomew, Ester] Smiley Lewis rocks out a quick beat down home jump number with all the sock that the wailer can inject into his per-formances. Real swinging deck with lots of all market appeal.

**B**+ "GOIN' TO JUMP AND SHOUT" mew, King] Lewis Shouts out another middle beat rock with an enthusiastic performance. His joy because his baby is coming home is apparent in every note he projects. Happy deck with lots of commercial appeal.

Bets

### (Specialty 603)

**C+** "LITTLE SALLY WALKER" (2:15) [Venice BMI—H. Man-dolph] Bobby Mandolph, with a voice of a six- to nine-year-old, rocks out a middle beat jump asking Sally to rock and roll. Melodic jump number.

**C+** "MALINDA" (2:05) [Venice BMI —Mandolph] The baby voice rocks out a similar hunk of material. Lilting effort with pleasing results.

### **ELMORE JAMES**

(Chief 7004)

**B** "IT HURTS ME TOO" (2:35) [Melva BMI—Mel London] El-more James wails a slow, mellow blues for the southern market. Melodic effort the James friends will like. Easy on the ears wax.

**C+** "ELMORE'S CONTRIBUTION TO JAZZ" (2:25) [Melva BMI— E. James] Elmore James and his Broomdusters rock out a quick beat instrumental with a down south sound.

### SLIM HARPO

(Excello 2113)

**B** "I GOT LOVE IF YOU WANT IT" (2:47) [Excellorec BMI—J. Moore] Slim Harpo wails a quick beat bouncer for the deep south market. Insinuating rhythm infects and Harpo's chanting comes through well. Could pick up a strong southern sale.

**B** "I'M A KING BEE" (2:50) [Excellence BMI-J. Moore] Harpo chants a strong slow beat effort with a strong, deep brass drum and string backing. Stirring effect that should get it a good reception in the south.

### LARRY DARNELL

(DeLuxe 6141)

**B+** "JUST TELL ME WHEN" (2:10) [Lowell BMI—Jimmy Williams] Larry Darnell swings out on a quick beat bouncer and reads it with real commercial effect. Darnell has one of his more powerful sides here and it could bring him the big one he's been looking for. Watch it.

**B** "IT MUST BE LOVE" (2:21) [Men-Lo-BMI—Toombs, Mendel-sohn] Darnell again takes the rock-ing way with a middle beat jump and handles it with much appeal. The wax is good, solid rocking wax for the teener market.

### CHARLES WILLIAMS

### (Checker 866)

Apollo 514

DeLuxe 6140

**B**+"SO WORRIED" (2:20) [Arc BMI—P. Gayten] Charles Wil-liams gives a skipping reading to a quick beat jump blues. The deck drives along at a sprightly pace with Williams swinging all the way. Pep-nery deck pery deck.

**B** "DARLING" (2:19) [Arc BMI —P. Gayten] Williams swings lightly on a slow, rhythmic love blues ballad. Easy to take etching.

THE CALVAES (Cobra 5014)

**B** "BORN WITH RHYTHM" (2:44) [Armel BMI—Daniels] The Cal-vaes blend with a zesty bit of team-work on a slow beat jump. The Cal-vaes come off with a side that in-trigues and bears watching. Teenerbait.

**B** "LONELY LONELY VILLAGE" (2:20) [Armel BMI—Daniels] The Calvaes back with a similar piece of material. Wax is a slow beat lilter with a very strong beat. Stirring wax. Two ok sides.

FOUR SCORES (Bart 7G-21)

**B** "ROCK - A - LITTLE LUCY" (2:20) [BMI — Hendrick] The Four Scores jump with unrestrained enjoyment as they dish up the quick beat rocker. Good teamwork on a better than fair offering. Happy side for the Lindy hoppers.

**C+** "NO OTHER HEART" (2:18) **C+** [BMI — Richards] The Four Scores turn in a straight pop per-formance on the flip. Easy to take vocaling, but arrangement and tune are unimaginative. Pleasing but not cutstanding outstanding.

feeling as he sways with ease and tenderness. A slow, rhythmic ballad that comes off well. Chuck has sincere and pleasing style.

"HOW LONG" (2:40) [Venice B BMI—A. Hodge] Another slow, drifty offering. Pleasing and easy on the ears. Melodic item softly sung.

## THE CARTER RAYS (Gone 5006)

"MY SECRET LOVE" (2:39) [Meyers Music] The Carter Rays B blend sweetly on a slow beat pretty with good results. Easy offering that falls softly on the ears. Relaxing wax.

"DING DONG DARLING" B (2:41) [Meyers Music] The Carter Rays turn in another potent bit of collaboration as they rock out a quick beat jump. Deck moves all along and the Rays have captured a combination of easy treatment of a quick beat driver.

### SKY JOHNSON

SKY JOHNSON (Cactus 1501) **B**+ (IF MY LOVE HAD WINGS" BH(2:24) [Murray Nash Assoc. BMI—Dumas] Sky Johnson's capti-vating vocal efforts coupled with grade "A" material sets up a situation that could nail down a chart position for the chanter on his initial outing for the label. Terrific vocal and in-strumental assist on a fetching 'rock-a-billy' item with a "Butterfly" flavor-ing. **B**+ "A WOUND TIME CAN'T ERASE" (2:38) [Murray Nash

ing. **B**+ "A WOUND TIME CAN'T ERASE" (2:38) [Murray Nash Assoc. BMI—Johnson] Under waxing is a penetrating, moderate paced lov-er's tale that Johnson, along with the chorus, treats to a real persuasive reading. Excellent intro sides. A new-commer to watch comer to watch.

comer to watch. GEORGE MORCAN (Columbia 40967) **P**, "LATE DATE" (1:58) [Acuff-Rose BMI-B. Terry] George Morgan, whose "Tears Behind The Smile" racked up loads of airplay, bids fair to repeat that success many times over with his polished warbling of this tearful up tempo romantic shuffler. Morgan is faced with the perplexing situation of knowing that the gal's going out on another date after he takes her home. **B**+ "MY HOUSE IS DIVIDED" W. Walker, Sovine[ This end takes on a sadder note as Morgan projects with heartfelt emotion on a poignant, moderate paced love affair. Top cali-bre vocal and musical support on two lids that are gonna make the pop, as well as, the country jocks, ops and dealers sit up and take notice. **RUTH TALLEY** 

RUTH TALLEY (M-G-M 12505) **B+** "THE LAST TIME" (2:18) **B+** [Acuff-Rose BMI—Talley, Car-wile] An intriguing, fast paced musi-cal backdrop combines with Ruth Tal-ley's refreshing vocal styling on a deck that could prove to be a solid coin-catcher for the ops and dealers. Appealing side, Keep close tabs on it.

Appealing side. Keep close tabs on it. **B** "HEARTACHES TO BEAR" (2:16) [Acuff-Rose BMI—Talley, Carwile] The canary changes the pace on the lower waffle as she convincingly random a litting lowar's lower to B renders a lilting lover's lament. Strong piece of material capably handled. A two-sided chart contender.

**PEGGY UPTON & DANNY BUCK** 

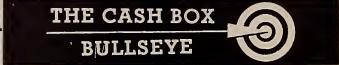

(Starday 306) **B** "KNOCKING" (2:15) [Starrite BMI—P. Upton, D. Buck] Peggy Upton and Danny Buck blend their vocal talents in flavorful fashion as they delightfully 'knock' out a catchy, fast moving romantic novelty. A tasty morsel that the jocks should find to their line. B

morsel that the jocks should find to their liking. **B** "ALONE, SORRY AND BLUE" (2:10) [Starrite BMI—P. Upton, D. Buck] The artists are in a mellow mood on the under half as they tear-fully spin a touching love waltzer. Two fine, self-penned duet offerings.

# **EVELYN HARLENE**

EVELYN HARLENE (Soge 243) **B** "I WANNA BE FREE" [Sage & Sand BMI-M. & E. Clark] Here's a free wheelin' handclapper that Evelyn Harlene brightly belts out along with the able assistance of Casey Clark's ork and chorus. Spirited platter that oughta make the coin chutes jingle. **C+** "I'VE GOT THE BLUES" [Sage the gal lights the torch for her lover as she persuasively runs over a mod-arate paced blues item.

erate paced blues item.

"CRAZY DREAM" (2:05) [Acuff-Rose BMI-F. & B. Bryant] "OPEN YOUR HEART" (2:02) [Aberbach BMI-C. Walker]

### EDDY ARNOLD (RCA Victor)

• Eddy Arnold's name is chart bound once again as he introduces a powerful new two-sider that we can expect to be hearing frequently in the coming months. The chanter, a big attraction, over the years in the country and pop departments, aims his latest Victor offering at the two markets and chances are he'll win top laurels in both. Upper lid is a tantalizing romantic rocker that Arnold grooves with swingin' author-ity. "Open Your Heart," on the other half, is an emotion-packed religious-flavored, lover's ballad taken at a slow, steady r&r beat and delivered with telling effect by Eddy. Sensational choral and ork showcase on two winners that the teensters are gonna buy up by the carload.

## "FROM A JACK TO A KING" (2:10) [Dandelion BMI-N. Miller] "PARADE OF BROKEN HEARTS" (2:30) [Dandelion BMI-N. Miller]

### NED MILLER (Dot 15601)

• If his first Dot waxing is any indication of disks to come Ned Miller's name is gonna appear all over the charts, pop and country-wise. The songster has tastefully mixed all the ingredients necessary for a two-market clicker and it's more than likely he'll hit the big time with at least one side. On the top half the vocalist happily tells how he played an Ace, won a Queen and went "From A Jack To A King". On the lower deck he sadly reflects that he's joining the "Parade Of Broken Hearts". The ork and chorus supply the 'sound' and current modified, r&r beat that the kids are calling for. And Miller's superb styling of these two originals makes this a 'red-hot' coupling.

# "LIVIN' ALONE" (2:38) [Cedarwood BMI-Walker] "GEISHA GIRL" (1:55) [Fairway BMI-Williams]

### HANK LOCKLIN (RCA Victor 6984)

• A new Hank Locklin release hits the wax market this week and it • A new Hank Locklin release hits the wax market this week and it has hit ingredients notched into every groove of the record. On the top deck, tagged "Livin' Alone", Hank stands a strong chance of following in the footsteps of his fellow Victor artist, Jim Reeves, whose "Four Walls" created a country-pop sensation. Altho it's the old story of not being able to enjoy happiness without the gal to share it with, Hank brings it up to date with a wonderfully warm, sincere performance. It's a stirring arrangement of a tune, with a big chorus in the backdrop, that should hit the charts in short order. And with foreign gals getting a big play, as evidenced by the current "Fraulein" click, the songster tells of his love for a "Geisha Girl" on the flipside. It's an enchanting, up tempo pleaser that rounds out a tremendous coupling.

# "PART-TIME GAL" (2:07) [Brenner, Elvis Presley, Mayland BMI—Land, Sheldon] "OH YES DARLING" (2:07) [Blackwood BMI-Organ]

### SHIRLEY CADDELL (Columbia 40939)

• It looks as the "Ozark Jubilee" favorite, Shirley Caddell, is gonna score a big hit on her Columbia debut and either end of the disk could turn the trick. On the top half she neatly polished off a potent rock 'n roll weeper labeled "Part-Time Gal." Slick choral and instrumental assist on a lid that can takeoff in both the pop and country fields. On the flip por-tion the thrush pipes with the utmost sincerity as she decks out a beauti-ful, multiple-voiced romantic lilter tagged "Oh Yes Darling." Standout coupling that could develop into a double-barreled hit. Gal has great po-tential. Watch her stock soar.

**AUTRY INMAN** 

(Decca 30369) **B**+ "YOUR MAIDEN NAME" (2:28) Tree Pub. BMI—A. Inman] Lower portion is a lovely, moderate paced romantic tear-jerker that the warbler treats to another potent read-ing. Stallar coupling. ing. Stellar coupling.

**B** "FOOTSTEPS OF THE BRIDE" (2:35) [Trans-World Music BMI -A. Inman] Autry Inman makes bid for a place among the best sellers as he comes up with one of his strongest releases since joining the Decca roster. It's a heart rending, quick beat, shuffler that Inman, along with a splendid vocal and musical back-ground, sells with authority. Could happen country and pop.

DEL WOOD (RCA Victor 6978) **B**+ "CHICA BOO" (1:50) [Golden Yonder" gal, Del Wood, could have the biggest disk on her hands since her smash of a few years back. It's a delightful, toe-tappin', instrumental swinger that could burn up the air-ways in all markets. ways in all markets.

**B** "PIANO ROLL WALTZ" (1:45) [Starrite BMI—Blakely] Flipside finds the 'keyboard queen' in top form once again as she lifts over a charm-ing item that could become a big favorite with the skating crowds. Pleasant organ assist on both lids.

# EDDIE BOND

EDDIE BOND (Mercury-Starday 71153) **B**+ "HERSHEY BAR" (2:10) [Star-rite BMI—Bond] Eddie Bond and his Stompers turn in a tantalizing vo-cal and instrumental performance on colorful romantic jolter that should keep the boxes hopping and the rock 'n rollers jumping. Inviting lid with a flavoring of the current pop hit, "White Silver Sands."

**B** "LOVIN' YOU LOVIN' YOU" (2:23) [Starrite BMI—Edwards] On the under side Bond puts loads of feeling into a moving lover's waltzer with an r&r-piano backdrop.

# "LITTLE" JIMMIE DICKENS (Columbia 40961) **P**, "MAKING

**B**+ "MAKING .THE ROUNDS" **B**+ (2:14) [Acuff-Rose BMI—B. Bry-ant] "Little" Jimmy Dickens comes up with a first quality reading on a middle beat, crying towel lover's bal-lad. Pretty melody and harmonica and string backdrop. An easy-to-take plat-ter that could step out and head way up there THE up there.

**B**+"LET'S QUIT BEFORE WE START" (2:03) [Cedarwood Pub. BMI—E. Camp] Jimmy's afraid to take a chance with the heart-breaking gal on this expressive quick tempo slicing with a tantalizing instrumental backdrop. Both ends can crash the charts.

MARCIE SINGLETON (Starday 309) **B** "LOVE IS A TREASURE" (2:30) [Starrite BMI-M. Single-ton, S. Singleton] A feelingful, up tempo romantic pleader is presented in an inviting, easy-on-the-ears fashion by Margie Singleton. Pleasant offering that should attract a goodly share of the deejay spins.

**C+** "MY PICTURE OF YOU" (2:20) [Starrite BMI—M. Singleton, S. Singleton] The chirp hands in an-other good performance on the reverse etching as she tenderly decks ou quick beat, romantic heartbreaker. out a

Country 

The Dow Chemical Company's Red Foley Show began its summer hiatus after the Saturday's July 13th broadcast. During its 1st 26-week run on the ABC Radio Network, the program featured such guests as Carl Smith, Betty Johnson, Rex Allen, Sonny James, Gov. Jimmie Davis, George Morgan, Goldie Hill, Smiley Burnette, and, on last week's program, Tex Williams. Regulars included Brenda Lee, Wanda Jackson, Marvin Rainwater, and Bill Wimberly's Country Rhythm Boys.

MARVIN RAINWATER

Marvin Rainwater made his 1st away-from-home network television appearance on July 14th, guesting on CBS-TV's Ed Sullivan Show.

The polio youngsters at the Warm Springs Foun-dation, who previously appealed for new country music record releases through the "Jubilee's" Don Richardson, have asked us to pass along their thanks to the many who are responding. For others interested in sending additional records—the address is Miss Clara Simon, Recreation Director, Warm Springs Foundation, Warm Springs, Georgia.

Now spinning c&w wax at WHWB-Rutland, Vt. is **Bob Hager**. Bob is enjoying his 1st crack at country music and would like to hear from all interested parties. He notes that a recent appearance in near-by eastern N. Y. by Hickory's **Rusty & Doug** has created a good response for their disks and, especially, tunes they've cleffed.

\* \* \* \* \* \* \* "Where in the world did all of them come from" . . . that's the quotation from Mr. Russell North, Secretary of the Newmanstown Civic Association Carnival, Newmanstown, Pa., for the appearance of Pat Kelly and his "Rock And Roll Review," on Satur-day, July 6th. Pat, recently received the Cash Box Bullseye, and again scored a hit by drawing close to 7,000 persons at Newmanstown, Pennsylvania, for the largest crowd ever to play there \* \* \*

Cousin Minnie Pearl, and Stonewall Jackson's "Grand Ole Opry" show have continued to draw the largest crowds for the grandstand performances at Brownstown, Griggsville, and Metropolis, Illinois, and Sturgis, Kentucky. Minnie & Stonewall will be headlining the grandstand at the Illinois fairs, during the week of July 15th.

JIMMY RODGERS SNOW Hank Snow, his Rainbow Ranch Boys, comedian "Sleepy" McDaniel, Wilma Lee & Stoney Cooper and daughter, Carol, the Clinch Mountain Clan, Mother their big Canadian tour for the entire month of July, beginning in Ontario and winding up in Newfoundland. Bill McDaniel, Ernest Tubb, and Hank report that both of their radio stations, WHBT in Harriman, Tennessee, and WTCW in Whitesburg, Kentucky, are doing extremely well. McDaniel adds that according to reports from deejays across the nation, RCA Victor, and the distributors, it looks like Hank's latest release, "My Arms Are A House" and "Tangled Mind", promises to be one of the biggest records Hank has had since he has been recording for Victor. \* \* \* \*

Nice chatting with Donn Reynolds, who dropped into the Cash Box office last week, after returning from an extensive tour of England, Ireland and Wales. Donn, who recorded for HMV in England, is really excited over his initial 'pop-a-billy' sides for MGM. In addition to his fine singing talents Donn won the U.S. National Yodeling Championship in 1956 and was the World's Champ in '50.

BILL PRICE

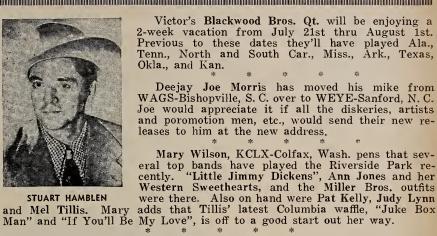

Bill Price, formerly of the Country Pardners who recorded for RCA Victor, has started his own band and is now on the Blue Hen label. His first release is one of his own co-written numbers titled "Alone And Blue" and "We Can Never Love Again", a P. D. Tune.

Cowboy Howard Vokes, who runs the Vokes Pub. Co. in New Kensington, Pa., was fortunately unin-jured when his car was recently rammed in an alley. The auto, however, was a total loss.

Victor's July contribution to the package dept. includes "The Grand Old Hymns" by Stuart Hamblen, with ork and chorus conducted by Paul Mikelson, and "Sweet Hour Of Prayer" by Roy Rogers and Dale Evans, with ork and chorus conducted by Jack Hayes and Paul Mickelson. \* \* \* \* \*

Some fast traveling will be required to maintain the busy schedule which will take Leon McAuliff and his Cimarron Boys into Wisconsin, Iowa, Indiana and Missouri, all in the course of 14 days. Many fair dates will be played on the tour. A return engagement is slated for Vince Schulting at Melody Mill Ballroom in Dubuque, Iowa.

Another busy man is RCA Victor's Jim Reeves, who's appearing in Tenn., N. J., Ind., Mo., Washington, D. C., Ky. and N. Y. during the month of July. On the 29th Jim does the Georgia Gibbs, NBC-TV show. Jim's newest offer-ing, out this week expected to follow in the footsteps of his pop-country smash, "Four Walls", is tagged "Young Hearts" and "Two Shadows On Your Window".

Hawkshaw Hawkins, Jean Shepard, Earl Heywood, the Swingsters, come-dian Smokey Pleacher, Zeb Turner and a "Grand Ole Opry" cast played the community arenas in Owen Sound and Goderich, Ontario, Canada recently. This is the 1st time a packaged show of this nature appeared in these two Canadian towns on such a large scale.

Dean Evans, KCIJ-Shreveport, La. advises that Bob Luman, a regular on the "Louisiana Hayride", and also a local boy, is out with a brand new recording for the Imperial people. It's his 1st release and it's looking real good around Shreveport, sez Dean. Sides are "Who You Been Loving", backed with "All Night Long".

Jack Stapp of Tree Publishing Company, Nashville, has been conducting quite a few sessions in the Victor studio in Nashville for the Waldorf Record Company of Harrison, New Jersey according to word from Atkins.

Bonnie Brown, one-third of Victor's Brown Trio, types that she's sort of lonesome down in Pine Bluff, with Jim Edward in the Army and Maxine living in Little Rock with her hubby. However, the threesome got together at the recent CMDJ meet in Kansas City and while there had the honor of represent-ing the Gov. of Ark. in presenting an Honorary Arkansas Traveler Award to Nelson King, prexy of the association. Incidentally, Maxine's hubby is Administrative Assistant to Ark. Gov. Faubus. Bonnie adds that Johnny Poer, WVOK-Birmingham, Ala. deejay started a 'campaign' with his listeners to see how many would like to write to the Browns. The tremendous response was quite gratifying in view of the fact that the arists haven't been able to make any personal appearances lately.

Jimmy Dean, and the cast of his popular "The Jimmy Dean Show", broadcast from the armory in Philadelphia, Saturday, July 13th (CBS Television, 10:30-11:00 PM, EDT). Columbia recording star, Carl Smith, was scheduled to be the special guest for the show. Smith will also join the early morning "Jimmy Dean Show" during the week of July 15th, when they entertain at the Fourth National Boy Scout Jamboree in Valley Forge, Pa. RCA Victor's comic music duo, Homer & Jethro, were the special guests during the week of July 8th. And it was Dean's turn to guest star, doing so on the "Vic Da-mone Show", CBS-TV, July 10th. Subbing for Jimmy on the July 11th morning show was ABC-Paramount's George Hamilton IV.

EDWARD, MAXINE & BONNIE BROWN

From Cincinnati comes word that Lee Jones and her husband Cal Prem, (assistant Hamilton County prosecutor) are the proud parents of a baby girl born last week end, their 2nd child.

George Popkins, of "Pop's Country Store", WXGI-Richmond, Va., a Re-serve officer in the Military Police Corps, is off for two weeks of active duty at Ft. Meade, Maryland.

NEW

Each year the various record companies try to discover new gimmicks to give artificially-inducted stimulation to the record industry.

Page 110

Today, the industry is encumbered with an heterogeneous collection of inducements unparalleled in the history of the business, i.e., buys-of-themonth, record clubs, samplers and price cuts. These have not stimulated but, have worked paradoxically. They have reduced the average retail outlet to the position of a Main Street bargain basement.

The customer has been bombarded with buys-of-the-month and samplers to the point that one feels he must apologize for having to quote the full-retail value of a current release. Various recording company officials jus-tify these gimmicks by stating that the record business is at 'an all-timehigh.' This is no startling revelation -this is also true of many other luxury businesses (of which, we are one) as well as business in general. This has not been brought about by inducements, but, by the economic structure of our country. If the 'man on the street' could not afford a record, the dollar off would not put the money in the record shop rather than the shoe store.

My attack is not upon the discount house-this is up to the individual to determine the margin of profit upon which he wishes to operate. My attack is upon samplers (wherein the margin is pre-determined) and other operations which either reduce the margin of profit or encumber the sales people with a multitude of detail work or lengthy explanations of why you can buy a musical score for \$1.98 or \$4.98.

The time consumed in the explanation is, quite often, more valuable than the money involved.

I feel that business will continue to grow on its own with the various new and exciting developments in recording technique, both on records and in the field of tape, which, al-though in its embryo, is definitely be-coming a factor of major importance in the industry.

The phonograph manufacturers have now opened a new world of sound of such magnitude that the potential of recorded music is almost infinite. I refrain from the word 'hifi' in that, not only has it become the most misunderstood term in the Eng-lish language, but, it has been used to cover a multitude of sins in phonographs ranging from less than noth-ing to those encompassed in the realm of astronomical figures. However, this term has been a major factor in the continuing prosperity of the record business in recent years, and its power and appeal are most prominent.

Give 'the man on the street' better equipment, excellent recordings, wellinformed, courteous sales people and continued prosperity. Take all of these factors into consideration and the industry will continue to grow-there is no drug that gives man his own world as much as music nor as completely because, music gives a man a world that exists exclusively within his own mind, having no regard or relation to reality. In the world of music, a man can achieve his own dimension-and that's handing him the world at a bargain (even at full-retail value).

# LESLIE ONE-STOP by LOUIS BOORSTEIN NEW YORK, N. Y.

For the past few years I have had the privilege of writing short articles for *The Cash Box*. Over the years I have attempted to show the operators the importance of buying their records from One-Stop Operators.

The validity of these arguments is proved by the vast growth of One-Stop operations across the country and by the fact that almost all the

# "Caveat Emptor"

operators of any consequence across the country are buying their records from One-Stops.

Now comes a new wrinkle! And it is time that it be exposed for what it is. Like any other business that makes progress, the One-Stop business has its Johnny-come-latelies. These operators are under the misguided notion that all one has to do to be a One-Stop operator is open a store with a few records and hang out a shingle calling himself One-Stop operator. This of course is not so. The comelatelies for the most part do not have the experience nor the know how to render the services that a One-Stop should. Namely—

- 1. Ample inventories.
- 2. Experienced help.
- 3. Knowledge of programming.
- 4. Juke Box operators problems.
- 5. Good relations with record distributors.
- 6. Good relations with juke box operators whether they are customers or not.

Since they lack the experience, they resort to offering their services for less money. Two or three cents over or even worse, at the same price as the operator would pay to the record distributor. This is why I say "Caveat Emptor," the legal expression for let the buyer beware.

Some of the sell at cost boys tell the operators that they can wheedle and chisel better prices from the distributors in order to sell at these prices. Don't you believe it! They no more can buy at better prices than you can buy desireable equipment from a distributor at below cost prices. They tell you that they get "free" records. Any records that they get free are worth exactly that. Don't be fooled into taking records that the "One-Stop" operator gets as free-bees. One gets nothing for nothing in this country. And it's a greater country for that.

The entire principle is quite simple. You cannot buy a "Cadillac" for a "Chevrolet" price. And everyone knows that the "best" is the "cheapest" in the end.

So "Caveat Emptor" the irresponsible one-stop operator. Trade with the experienced and well established and you will be getting the finest of services.

One-Stop operators across the country have proved their worth to the juke box operators. If you don't already use their services by all means go modern and try them.

Phonograph records are a natural sideline for bookstores because the same types of people tend to be in-terested in books and music. Oddly enough, adding records to the stock of a bookstore of the right kind seems to increase the store's volume of busi-ness in books more than adding more books could! The reason is not complex. If

books could! The reason is not complex. If a bookstore is doing well, it is already attracting those who regularly buy books. More books may not bring in that many more book-buyers. But phonograph records will bring in a new segment of the public, easily at-tracted to books once they are in the conversely those who have books shop. Conversely, those who buy books often collect records, too, and will be glad to find them in their bookship. So each department augments the other in addition to producing its own volume proportionate to the amount of space it occupies

of space it occupies. The average unit of sale in books and records nowadays is about the same—around \$4.00. Capital investsame—around \$4.00. Capital invest-ment proportionate to space is about the same. Turnover may be slightly slower in records than in books— about 3.5%. Selling seasons are close-ly parallel except in summer when records slump because, unlike books, they are not usually taken on vacathey are not usually taken on vacation

they are not usually taken on vaca-tion. Properly handled, records should do their own full percentage of busi-ness in relation to the space used. Their current attraction to the public is such that they can accomplish this and enhance book sales, even when they are calculatedly used as book-store "sidelines" and never allowed to dominate. The phonograph record de-partment is usually best put at the back of the store; to draw its patrons through the book displays, and be-cause the necessary listening booths should occupy the least desirable part of the floor layout. Phonograph records do have certain disadvantages. Discount stays close to 38%, and the tendency if anything is for some manufacturers to pave the way for reducing this. There is vir-tually no such thing as protection. Some manufacturers at one time of-fered a 5% return privilege, but this has heen largely withdrawn and the

Some manufacturers at one time of-fered a 5% return privilege, but this has been largely withdrawn and the buyer now has to be 98% right in his judgment or take the consequences. Manufacturers have on the whole not been particularly aware of the needs of record shops or bookshops selling records, since records for many years were sold largely by ap-pliance dealers—whose main interest, along with that of the manufacturer, was in phonographs. Records were, too often, used only as "come-ons", and were considered a necessary evil. It has taken some time for the record manufacturers to accept the impor-

tance of the records themselves as merchandise, and therefore to think in terms of outlets which do not han-dle phonographs too. This is slowly changing, partly because such dealers have gallantly proved what could be done with records in the face of manu-facturers' inertia.

facturers' inertia. But it is probably still most unwise for any retailer to undertake a phono-graph record department unless he is near several good record jobbers. Just to locate them means talking to a lot of people, and working hard to es-tablish contacts. The first step is to write to manufacturers of all the im-portant lines. Tell them what you are hoping to do, ask for names of job-bers near you. Often this will produce a visit from a salesman, whose advice will be helpful, although he probably will not take your orders direct. Jobbers are crucial in the situation

Jobbers are crucial in the situation because you can deal with them on a personal basis impossible with most of the large manufacturers. To a jobber you may become an important customer. Furthermore, the jobber de-livers free in his area. Postage on rec-ord shipments from the manufacturer may be prohibitive.

may be prohibitive. Records present problems that books do not. They enjoy much less national advertising paid for by their producers; they have in the past not been accompanied by dealer-aids. They are not reviewed as widely in newspapers and magazines. On the other hand, extensive promotion of phonographs, and the new emphasis on high-fidelity players, automatically creates interest in records. TV and radio indirectly plug records even where they do not do so directly, for people seek out records of music they have heard and liked. The stocking of records is at best

people seek out records of music they have heard and liked. The stocking of records is at best a diverse and initially bewildering project. At Doubleday we are trying to eliminate all single popular rec-ords; handling them properly needs too much time, experience and ability, since there are so many, they change so fast, and they may not appeal to our natural audience. We no longer carry 78 rpm records at all and are dropping popular 45 rpm's. We never participate in record-club promotions, sell "samplers", or do anything else to lower discount. Long-playing rec-ords are the only ones actually suit-able for use as a bookstore sideline. They are "like" books. The unit of sale is higher, the packaging has pres-tige, and they present classics or entertainment of a quality more like-ly to appeal to bookstore customers. # JIMMY DORSEY, OUR FRIEND

Jimmy Dorsey is gone, but his great Record of SO RARE and his many other big hits will keep him forever in our hearts. It was a privilege to have Jimmy as a close personal friend.

As most of you know, he was hesitant to record for our Label because of our personal friendship. He was afraid that we would get hurt, since he was not selling records. However, Sunday, November 11, 1956 will always be a memorable day to us, when we went to Capitol Studios to record four sides with Jimmy. Most of the men were from the band, but we added eight voices, the fine Arthur Malvin singers. Everyone on the recording date loved Jimmy and wanted him to have a hit, and Jimmy, too, wanted a hit, but more for us than for himself —he was that kind of a person.

We released SO RARE the first week in January, with discouraging results, the play was extremely limited, and during the first two weeks we sold only 25 records. Today it is well over the million mark, and Mom Dorsey has her gold record and so does Jimmy's daughter, Julie Hilton in California. R.C.A., who press for us, even had one made for our personal office —we are proud of it.

We have tried in every way to thank all of you disc jockeys and librarians throughout the nation for the magnificent support you have given this recording. We want to do it again, because your support gave Jimmy greater satisfaction than any of you can ever possibly know. During his last few days when he was not able to speak, but during which time his radio was kept playing, he would point to the radio every time SO RARE came on.

Monday, June 17th, we recorded the Jimmy Dorsey Orchestra at Webster Hall in New York, under the direction of Lee Castle, making eight sides. We brought Jimmy's good friend Dick Stabile from Los Angeles to play alto sax, and we think he is one of the greatest saxophonists in the world. We used the same choir treatment on two sides that we used on SO RARE. There are instrumentals with just the band, and a vocal or two with Tommy Mercer and Dottie Reid, the Dorsey band vocalists. The only instrumentation we added to the Dorsey band was a fourth trombone and a guitar.

Jimmy's daughter, Julie Hilton, sat in on the date. We believe it was one of the finest sessions ever made. The band played with heart like we have never heard before, and the singing was inspired.

Late in July we will release an album of twelve sides. This will include SO RARE and SOPHISTICATED SWING, also two great sides made by Jimmy on the recording date of SO RARE. The title of the album is "The Fabulous Jimmy Dorsey". The liner notes were written by the noted New York columnist, Earl Wilson. The cover was done by Burt Goldblatt.

There is a great single of JUNE NIGHT and J.D.'s BOOGIE WOOGIE released which we believe will find strong acceptance. It is truly sensational.

In conclusion, even though our very good friend Jimmy is gone, he was a fellow who always did enjoy a session where each guy sitting in tried to outdo the other. With the sax and clarinet encased under his arm, he just might be heading for some fun,—look to your horn, Gabriel, you could be in for some competition!

# "Records Are A Great Business, Let's Keep It That Way" by LEO A. SECUNDA MANHASSET MUSIC CENTER MANHASSET, L. I., N. Y.

**INARHASSET** This is a biased view of the record business—that is biased in favor of the record retailer. There are many great improvements that have been made these last few years to help the retailer do more business, but there are also, always new problems that need attention. This last year was noteworthy for the arrival of a new, but then not so new, sales gimmick. Call it "Buy Of The Month" or "Bonus Record" or by any other name. It is in short a sales gimmick that stresses price or the bargain price. It is always important to show a prospective customer that you are offering him a desirable bar-gain, but there are other attributes besides price that make an item a bar-gain. The success of Long Play Rec-ords was not primarily due to price, although that was important. What was much more important was the vastly improved product. This over-emphasis on price has resulted in price confusion and price resistance. Please Mr. Manufacturer try, try to sell the product. What the record cus-tomer wants more than anything else is a superior product both technically as well as artistically. Where are tistry and great craftsmanship of a record with the price just a little bit smaller than the rest of the ad. There are a few manufacturers who have. The other new factor in the record industry is the emergence of new out-lets for records.—the mail order rec-ord clubs and the rack jobber. There is nothing wrong in either method of selling records as long as the product this has happened in the last year when large retailers not particularly interested in records, have used the great popularity of records as an at-traction in order to sell other items. This in the long run will only hurt the record business as a whole. The best place to sell records is still the importance to the manufacturer. A re-tailer engaged in a profitable record business must sell records in order to stay in business and is therefore in-traction in order to sell other items.

tailer engaged in a profitable record business must sell records in order to business must sell records in order to stay in business and is therefore in-terested in the promotion of records. Rack-jobbers, mail order houses, as well as large discount houses sell rec-ords today only because of the great upswing in the demand for records. They will throw the records out just as soon as the demand levels off and some other item becomes more desire some other item becomes more desir-

July 20, 1957

able. Instead of the record business using these outlets to promote the records, they are being used as a means of promoting an organization that has no interest as such in the record industry. Many things could be done to correct this without the loss of a single record sale anywhere. The guiding principle should be: "Only those shall handle our product who are actively engaged in the sale and promotion of the record and to whom records are of prime impor-tance". This does include mail-order houses, rack jobbers as well as dis-count houses. They all can sell records provided they are interested in the sale of records for profit, in the pro-motion of records as such, and are in this business on a long term lease. Those who carry records as a promo-tional side line have no right to be regular record merchants. The rack-jobber in particular could be of great importance to the record industry. The rack jobber just like the juke box operator can provide the record business with a great exposure of records. There is one main dif-ference among many and that is if a juke box operator puts the wrong records in his boxes he goes out of business, but a rack jobber who puts the wrong records into his rack stays in business and the records go out, or even worse the manufacturer takes it back and the rack jobber does it all over again. There is absolutely no need for a price advantage or special guarantee to a rack jobber thoes it all over again. There is absolutely no need for a price advantage or special guarantee to a rack jobber that should not also be available to the retailer. This brings me to my final item. The discontinuance of the 5% return privilege on many records has caused a hardship for many dealers, in par-ticular since so much more material is being released tody as against pre-vious years. There is a definite need for a new look into this problem. I be-lieve it would be of great advantage to both retailer and manufacturer if the 5% return privilege were to be discontinued entirely. In its place I w

of records. Records are a good business, let's keep it that way!

# "Let's Create Future Generations **Of Music Lovers**" by SHIRLEY KLARNER BRADFORD'S RECORD DEP'T. **MILWAUKEE. WISCONSIN**

We record dealers have been the most maligned, the most exploited, the most exploited, the most divided members of any American business, especially in the last twice of the foremost is, to my thinking, the injurious experiments in promoting and merchandising to which the manufacturers have been resorting in the past twelve months. Experiments are necessary; our so ad all seles promotion. However, if the record industry is to grow and server a community as part of a cultural development, it must settle into a unified, productive business and one which the public will see as a desirable facet to contemporary living. Thave the big deals, the special buys, the give-aways served more than just experimental purposes? Have they which recorded music can bring? Or, if we reconsider, have these price deals just rehashed the same old market and made the buyers in that market so price conscious that they make unchases only when discounts are in the offing? I was quite disturbed over a statement made to me a few months ago by a gentleman with the New York office of a Record Club. He said, "We are trying to help people acquire the business point of view, this is an admirable pursuit, but we would be doing more to insure our future growth and prosperity by developing, through all available means, future generations of music *lovers* instead of music of lectors. Trying to foist a collecting habit upon people before duating them to the value and beauty of that which they are collecting is really putting the cart before the horse. It's a difficult approach and one completely lacking in real understanding of human motivations. If a human being grows to love something, the collecting of that which he loves will follow naturally as the next step. Upon this hinges my entire theme. It is now time for the manufacturers to discard promotions which play up records as a commodity which can be purchased from time to time in money saving package deals like face soap or breakfast cereal. The potency of promotions lessens with each fresh on

slaught of advertising copy. Last year, the patrons of the record in-dustry responded enthusiastically to bargain campaign. This year the pub-lic is jaded and apathetic to repetitious deals. What the public now needs is to be encouraged, enticed, and lured into buying records for the beauty and excitement of what's on the record and not for the thrill of the dollar or two saved through special monthly price investments. price investments.

Page 119

and not for the thrill of the dollar or two saved through special monthly price investments. For a change, the industry must now make music lovers and buyers out of the American public through help-ing the public attain understanding and appreciation of fine music of every type. Instead of pouring money into frantic give-away sprees, manu-facturers would be benefitting the public and themselves if they spon-sored and produced free concerts utilizing their own contracted artists. This is merely one area in which ad-vertising money could be wisely spent. FM broadcasts could be supported; AM should also be investigated and enlivened with worthwhile musical programming. Everywhere there are dynamic personalities, potential an-nouncers, who understand the level of public taste in music and who have the Leonard Bernstein attributes so necessary to the clarification and im-provement of public taste. This con-certed effort, if adequately organized and financed, would bring into the record industry thousands of new music converts. To whet their freshly aroused interest they would inevitably begin collecting music on record. For these new buyers our stocks are more varied than they've ever been. What retailer doesn't cherish a cus-tomer who has recently purchased a hi-fi phonograph and, for the first time in his life, enjoys in his home the realism of hi-fi records. This cus-tomer is invaluable because his en-thusiasm to acquire an immediate li-brary leads him into many categories of music and his newly awakened in-terest is always easy to please. With an emphasis on promulgating knowledge of *music as music* instead of medge of *music as music* instead of medge of *music as music* instead

terest is always easy to please. With an emphasis on promulgating knowledge of *music as music* instead of packaged, bargain counter vinylite and cardboard, the entire industry could be revitalized, lifted out of its petty politics, made a necessary ad-junct to further cultural unity and in-termediate in the second second second second second terms of the second second second second second planet to further cultural unity and in-termediate in the second sec tegration in our American homes.

# **Records By The Millions**

## **by STUART L. GLASSMAN RADIO DOCTORS** MILWAUKEE, WISC.

It is almost in storybook fashion the way the record industry has grown in the past ten years and with this swift growth it has been, and is confronted with, many problems. Most problems have been met and defeated, this swift growth it has been, and is confronted with, many problems. Most problems have been met and defeated, but as one problem or difficulty is taken care of and set aside another pops up in its place. It is one such problem about which I am writing and about which I am sure has found its way high up on the problem list of the record industry. The industry is confronted with the problem of "over-releases". All of the record companies are guilty of the same thing: too many records and albums released and too often. It is amazing to find week after week the continuous num-ber of releases of records in all cate-gories. It is certainly understandable that a record company has one aim and that is to produce hit merchandise and also to build up its catalog, but let us take a few moments and look the situation over. The industry is now made up of over 1400 active record labels and hundreds of these companies are com-peting for their share of the top hits. Let us consider, for the moment, just the pop hits. There are only so many positions to be filled on the "best seller" charts and only so many slots on the present day juke box, which it-self has grown tremendously in ca-pacity in the past few years. There-fore, the conclusion that hits are numbered, and only so many records can go around to fill up the charts and the juke boxes. The present pace of releases, from these hundreds of com-peting labels, adds up to one impor-

releases, from these hundreds of competing labels, adds up to one important fact: there are far too many records released and present on the market. Besides the far too many releases the present rate of competition for the top hits forces many versions of a tune onto the market. With so many different types of music selling it is possible to find a hit being covered as a straight ballad or fox trot, Latin melody, Rock & Roll, Hillbilly, or even a novelty version. It is certainly just a case of logic to figure out that a song's chances are certainly somewhat dimmed by this huge amount of coverage and saturation. Let's study this situation and come

to a sensible decision and that deci-sion is simple. Let's cut down on re-leases. Easily said but not so easily done is the immediate answer. I am not offering a list of cures or solu-tions—but instead a sensible sugges-tion. It is simply a case of surveying the market and sincerely make an effort to cut down on releases. Start-ing with the publisher and working right on down to the consumer. Let us give a record a chance to prove it-self a hit before it is smothered by another release. Further exploitation through advertising, promotions, fur-ther TV and radio coverage and as-sistance to the distributor and dealer will certainly help lots of "forgotten" releases make the hit list and best play juke box listings. If some sort of control system might be a solution then let the industry set up some kind of a control board in order to control the number and the types of records produced and released. This thought must also be extended play market. Releases pile up week after week and although it is certainly not suggested here that someone be re-fused a chance to make an LP album, it is suggested that a complete study be made in order to discontinue the tremendous number of duplications found on long play and extended play releases. It is certainly true that an album needs lots of exposure and ex-ploitation if it is to become a best seller. Due to the fact that an LP and an extended play as well contains more tunes extra time should be allowed for an album to build into a best seller or a standard catalog item.

allowed for an album to build into a best seller or a standard catalog item. Therefore it is once again suggested that the industry make its own survey and thoughtfully and sensibly cut the number of releases of long play and extended play albums down to a sensible and saleable amount of albums to be released.

As was noted at the beginning of this article, the growth of the record industry has been like a story book. The plot of this wonderful story is just beginning to thicken and up to now all "villains" have met their just fate. It is sincerely hoped that the "villain" known as "over releases" also meets its just end.

# Secret Formula For Retailing Success:

# **Stock What Customer Wants**

#### **by AL GRANT MADRONA RECORDS PORTLAND, OREGON**

There is no magic formula, secret potion, or special gimmick that we can divulge for a successful record operation today. We base whatever success we have enjoyed in the past ten years in record retailing in the following simple language: We try to inventory at all times what our customers ask for. That is it, period. The entertainment field for the past decade has been dominated by motion pictures, radio, and television, but today Hi Fidelity records, players, tape recorders, rock and roll, Presley, Calypso, etc., have created an enter-tainment medium that is dwarfing and slowly supplanting the former media. This all adds up to a strong healthy future for the record industry. With regard to stimulating sales potion, or special gimmick that we

With regard to stimulating sales— it isn't always necessary for a manu-facturer to give the "go ahead" sign such as: "Two for one deals," "Buys of the Month", "Price Reductions", or what have you. It is our feeling that of all the manufacturers' induce-ments for the expansion of the meet ments for the expansion of the record business, none are as effective as our

own promotion and advertising programs.

grams. Fewer releases would certainly benefit most dealers today. We would hazard a guess that new releases have quadrupled in the past two years. This condition does not permit the proper promotion of disks that have real sales value. On the other hand some unknown artist on an obscure label will get air play thus creating a false demand for a record that is undeserv-ing.

demand for a record that is undeserv-ing. We also feel the Long Play "Sam-pler" is a drug on the market. These not only tend to discourage sales for better LP's, but add to an already gargantuan inventory. Accessories are potentially a tre-mendous part of this business. The recent price reduction by all leading manufacturers on diamond needles should enhance this end immeasur-ably.

ably. Conclusively, we feel that the record business today from manufacturer to retailer will ultimately grow, and deservedly so, as a giant and leader in the entertainment field.

# **Easy Pickin' Boosts LP Sales**

CALDWELL, N. J.—The above picture is a photo of a highway store operation in New Jersey. It is the Petric Music Center in Caldwell Township on Route 46.

Concessionaire, Irv Tarlowe has this to say about the current method of selling LP's:

"My experience has been that the Electronic Industry (the record business being a major factor in it) is predicated on one thing—the laziness of the American public. The public does not want to be bothered with turning pages and having to ask questions. They like to stand, look and pick up the item. The full cover on display (which the manufacturer has gone into a great expense in making) is what makes for greater impulse buying. I am in this business to make money not to have it in the walls (the money and the albums.) Mr. Dealer wherever you are, take note. This is a money making venture. Not a game as played by children."

# by LEWIS KORNFELD RADIO SHACK, BOSTON, MASS.

Radio Shack Corp. of Boston, Mass., was the first major "hi-fi" parts house in the country to put in a complete LP record department. For Boston at least our opening splash was very loud, and in the space of 15 months we must be accounted one of the top LP outlets in New England. We began as a discount operation (our only cut-price department) re-

(our only cut-price department) re-luctantly but upon the best advice we could obtain.

We remain as a discount operation

We remain as a discount operation by fast turnovers, minimum personnel overhead, minimum stock system, profitable special-purchases, steady advertising—newspaper, radio, direct mail. And by buying as well as we know how. We sell records by promotion and display, as opposed to selling particu-lar lines or artist vs. artist or per-formance vs. performance. In brief, we don't "hold the customer's hand" or treat disks as if they are rare treasures; yet the customer keeps coming back . . . for more excitement, more music, more selection, and ob-vious savings. vious savings.

We do not encourage special orders, but we do accept records for exchange without question or quibble. We play records for customers on a hi-fi turn-table with a diamond stylus; we do not provide other listening facilities. And so . . after 15 months of rock-steady growth, and with NO pre-vious experience in records to fall back upon, we are asked by The Cash

vious experience in records to fall back upon, we are asked by The Cash Box for our opinion of tomorrow. This explains the foregoing para-graphs of historical notes (we thought you should know we're not Elder Statesmen). And these are Radio Shack's conclusions: The Big Need: much, much more pro-motion of today's LP package before it gets buried under tomorrow's new releases. As newcomers we're stag-gered by the theory that quantity au-tomatically begets quality, and that we should "carry the entire line be-cause sooner or later everything will be sold." Many a fit LP dies because lack of promotion starved it to death. Many a weak LP is a 90-lb. weakling that could become a minor Hercules with a little course in muscle building. We're buried under an endless ava-lanche of unheralded, unloved, unre-quested performances. And please note: record jackets are lovely, but now the nudes are covering up the nudes that are covering up the orig-inal nudes in our browser boxes. Also note: when a customer has five copies of Scherezade, will he revolt against buying a sixth? Anyway, it is re-volting! That \$3.98 Price: is a good hook to hang something on, but what? Memo to Victor and Columbia: how much are

hang something on, but what? Memo to Victor and Columbia: how much are your records worth, anyway? In 34-years of radio-TV-electronics, buying

from over 500 manufacturers, we've never seen anything quite like the Columbia OL-series for coltish be-havior! And Victor—no thanks for wiping out S.O.R. purchasing benefits with Trade-In-Grandma so soon there-after. And everybody: records ARE worth \$3.98 list! Tell the world what it costs to make a Kostelanetz disk ... just one. Show the precision required. It costs to make a Kostelanetz disk ... just one. Show the precision required. Pitch the bargain of LP's over 78 albums sets. Talk art work. Sell rec-ords against lithographs, turkeys, theatre tickets, tennis balls, and gaso-line. Seal 'em, glorify 'em, sterilize 'em. As it is today, the factory grinds out new releases like sausages (which some are) and throws them at us out new releases like sausages (which some are) and throws them at us with the reminder that they're all roses (which some are). But every day they look more like a slab of plastic between two slices of card-board, that even a Rolled Rocker knows THAT isn't worth \$3.98. Something New: is needed in record advertising. Let the dealer worry about making price deals to his cus-tomer. Give us more TV, D-J personal appearance, public relations, and other pre-sell jobs. Give us electric signs, autographed pictures or albums, prac-tical catalogs, free pre-releases for

pre-sell jobs. Give us electric signs, autographed pictures or albums, prac-tical catalogs, free pre-releases for use in hi-fi rooms and on phonos near the record department, browser box separators (pre-printed, please, with discography so the box will get re-filled properly), etc., etc. Use our symphony programs properly, keep our music reviewers busy, give us fa-vorable (printed) reviews and per-haps something to hang them on. Get hot, gents, or another \$1.49 line will take a nip out of your sales, and don't blame us for not protecting you, be-cause you're bigger than we are and music is bigger than both of us. It's A Buyers' Market: the profusion and confusion of labels from \$5.95 to 99¢ makes for bargains at the con-sumer level. Re-orientation of such labels as Camden and Entre could pay off for everybody. Example: Vic-tor's Birdland series on LPM at \$3.98 is weak; but introduced on Camden at \$1.98 it might have become some-thing else again, AND a little bird tells us Victor could make a profit even at that level. Moral: modest \$1.98 sellers are better than \$3.98 failures. Second moral: in a buyers' market you just gotta have bargains failures. Second moral: in a buyers' market you just gotta have bargains or do without buyers.

Record Reviews: insufficient use is made of the countless reviews appearing in hi-fi magazines, newspapers and general magazines. We would like to see, for example, each company produce a numerical "catalog" of reviews. Not phony reviews but mate-rial taken from the better publica-tions. Or perhaps a master Dial-A-

Review. Or perhaps a Senior Schwann. Gad, lad, what a project! Nonetheless it might be worth \$25-\$50 a week to hundreds of stores. We'll take the first subscription.

Pre-Recorded Tapes: are not selling like hot dogs - they're not yet hot and they're not quite dogs. Who's kidding whom? Stereo is here to stay, and don't say we didn't say maybe. First, we've got to get a LOT more machines out. Second, they will not in their present form or in cartridge form replace LP records-manufacturing cost too high, potential users too few. Third, it's still part of the entertainment business, so how about some unique tapes instead of \$3.98 LP's transferred to \$8.95 tape reels. The sheer weight of actually existing and rumored-impending tapes will not of itself put tapes over. In fact it might put them under . . . the auctioneer's hammer that is! We need and expect: more tape player sales, more promotion, unique programs, more realism.

The Stereo Record: is a dream in technicolor. Jeepers! We really could sell Mr. Smith another Scherezade after all. Also another amplifier and speaker. Don't keep it under wraps: 100,000 hi-fi customers of ours are standing in line for this one-the one with the "single" pickup and two-way groove. Yummy!

We Like: a company that takes us into the family, talks about future plans, asks us a few questions, chats with us about store layout and stock control and advertising. We like exchange policies that really operate and return policies that work two ways. Trades and Buys-Of and SOR's are okay . . . however, our lawyers are still working on translations and our skeptical customers bought somebody else's Scherezade while our salesmen were telling them that Free really means Without Charge and that they couldn't have the second one for \$1.98 until they'd bought the first one for \$3.98. Note: we arrived at a \$2.98for-all policy that month because the second (\$1.98) record began to look too cheap. So you know what we like, and that leaves us liking nothing too well at this moment. Except the record business. It's terrific!

# The Importance Of Record Accessories To The Record Dealer by IRVING SIEGAL SEEBRO PRODUCTS CO. CHICAGO, ILLINOIS

CHICAGO—Many record dealers are beginning to realize the value and definite importance of record accessories.

Any dealer who ignores completely, or even half heartedly, this tremendous latent potential, is by-passing the only true staple item of the record industry. Despite the many price fluctuations on various speed records, most accessory items have remained fairly stable.

Every industry that shows promise and begins to expand, attracts numerous temporary competition. Unfortunately they have also infiltrated the record industry and consequently have created a difficult problem for the legitimate record dealer. As a result the record dealer must overhaul his method of doing business and become a greater service asset to the public. In fact he must learn to use suggestive selling methods and educate the customer to the fact that he is more qualified and can render infinitely better service than a dumb rack in a food or drug mart.

Upon tapping this limitless reservoir, the dealer adds a considerable

percentage to his income. The following items are considered excellent accessories: record storage racks for home use, carrying cases, storage albums, replacement needles, etc.

The dealers should be extremely careful to buy and stock only quality made accessories, which were purchased from legitimate "dealer conscious distributors".

The record buying public has been exposed to gigantic merchandise displays employed by chain stores and look for similar displays in their local independent shops. However, many astute merchandisers have used good imagination to expose accessories and invite impulse buying.

It has now become mandatory for every dealer to take inventory of himself and his capabilities. In order to survive he must, again, learn to fight as did his forebears. The business jungle, today, is just as deadly as was the dense jungle of the Neanderthal man. Therefore in this period of "morning-glory labels" the dealer must build his trade with the only staple in the record business, the record accessory.

# "Sour Kraut In Hi-Fi"

SAN FRANCISCO—San Francisco's Gughenheimer Sour Kraut Band is shown at rehearsal in the second floor art gallery of Gump's Department Store in the Bay City. Under the serene and knowing gaze of an 18th Century Tibetan Buddha, drummer Hugo Schmid (who is none other than George Lichty, creator of the nationally syndicated "Grin And Bear It" cartoon strip) is living up to the strict requirement that no member of the band be capable of playing in time or on tune. The Buddha is holding a copy of the band's new RCA Victor album, "Sour Kraut In Hi-Fi".

# There'll Be Some **Changes Made...I Hope** by HARRY ROSENBERG **DIVERSEY MUSIC SHOP** CHICAGO, ILL.

When I was first asked to write this short essay for The Cash Box, flashes of lightning passed through my mind, each with a different idea and plan to elaborate upon.

But with further thought and much paper thrown from my typewriter at the waste basket, not once hitting it by the way, I find I must dwell upon what changes I would most like to see in this record business that would not only aid its growth, but my own.

Lately the so called standardized merchandising of our industry has taken a quick plunge in about forty different directions. The special deal has allowed one dealer to have unfair advantage over another.

Being a neighborhood retailer I am very seldom called upon to order records in any great volume such as thousands of certain numbers. I must order my volume over a period of time, relying upon the whims of my customers. But the large stores, yes I mean even and including the rack jobber, find they can purchase at great savings and sell right across the street from a retailer for greatly lower prices. If there must be a \$1.98 LP, then let us all have a crack at it. The unfair practice of allowing prices to be cut right under the "franchised" dealer's door-step must be changed. This brings me, both barrels, to the rack jobber. If the small retailer is to survive, something must be done about saving his so-called franchise from poachers who set up shop with a few numbers in grocery stores, drug stores and anywhere else the records will be accepted. I must keep a vast inventory in order to serve my cuscustomers. But the large stores, yes

tomers who come in regularly. The grocery store and or drug store han-dles' just a fraction of our inventory and yet seems favored by the dis-tributors and manufacturers.

Another thorn in the side of all re-Another thorn in the side of all re-tailers is the number of releases per month. This does not only refer to 45's but to LP's. There was a time when LP's were the life blood of our establishment. Now in order to keep up with them, we must gamble and more than too many times, lose.

Our customers pick up a new LP and as likely as not put it right back with the reason,

"We've already got these tunes on seven other LP's at home. When are they going to use some new ones?" I believe that LP's will sell just as well if the manufacturers will simply sacrifice quantity for quality.

sacrifice quantity for quality. Finally I would like to see some change in the so-called exchange privileges so "generously" given to us by the powers that be. I would like to see a real 5% return put back into action. This is for both LP's and 45's. It would bring about an answer to why the retailer is not ordering as fast or as large as he used to—he just has to sell what he has in stock with no chance at all to turn it into salable items that make profit for him, the distributor and ultimately. the manufacturer.

Full of sound and fury? Possibly. But it signifies much. It shows where I and hundreds more like me stand. There is one thing to remember. It's not the chains and department stores, yes and even the discount houses, who are realizing the huge initial dis-counts, that expose records to the general public. It's the old established neighborhood retailer and he must be allowed these same savings to con-tinue his job. tinue his job.

# **"Promotion Is Our Biggest Selling Point**" by LEE-LEVIN LAKESHORE RECORD SHOP CHICAGO, ILLINOIS

When we first set up shop, six months ago, there was one thing taken into consideration right off the bat which has not changed to this day. It was the big question, "How are we going to keep this large inventory continually moving?" Our conclusion was to keep the stock out where our customers could see, touch and hear it. Remind them that there are other records in the shop.

On a hot summer afternoon a man, busy at work, has little time to think about being thirsty. But a sign advertising a cold drink will normally cause him to stop and remember just how thirsty he is.

Likewise it is true with records. The customer comes in with just the thought of a single purchase and if his memory is not jogged by colorful advertising and easily used browser boxes containing a vast variety of merchandise, he will very likely leave the store with just the single disk he had in mind.

Promotion has been our biggest selling point. We are promoting all the time. Our customers are made friends of and questioned from time to time as to what they'd like to see in our record shop. We take a personal interest in each and every one of the people walking in the front door, no matter how young or old. First, last and always they are our customers.

Possibly our location has a lot to do with the volume of business we do. Located near a number of grade and high schools the afternoon finds a lot of kids in and out. Many are not buyers but they could be and we treat them as such.

A record club with membership card for each customer entitling him to a free record after so many purchases has insured us a great deal of repeat business and kept a great many of our friends away from the discount stores and racks. As I mentioned before, we are located very close to a number of grade and high schools. We try to be as generous as possible in donating records and money when they are having dances or little charity drives. You'd be surprised how this gets back to the parents and how they stop by to thank us and usually buy.

If one can be a success in six months, maybe we are. But the way business is climbing last week's success looks like a failure compared to the following week.

It all adds up to one thing-public relations. You must promote through your merchandise and at all times suggest, suggest, suggest, suggest. Become a member of your community and join in their activities when at all possible. Above all, make your customers your friends.

# **Harmony Irons Out Minor Hurts** by **GEORGE P. TOPPER** RECORDTOWN CHICAGO, ILLINOIS

In the past number of years, on the same corner, a lot of manufacturer inducements and promotions have passed through the swinging doors. "Some," as the old song goes, "pass in and others pass out". We'd like to consider a few that have been great helps to us and added greatly to our sales sales

Of course we are always happy to see any kind of inducement aimed di-rectly at the customer causing him to seek us for what he wants. So we list radio and TV advertising as number one in stimulating the customer to

one in stinutating buy. It's very safe to say that almost ev-eryone enjoys a neat, attractive store. The record companies have aided us immensely in this project by tying in with local window trimming com-panies as did Mercury a few months back. Also Capitol's window trimming bit was a hoon to those of us who are kit was a boon to those of us who are all thumbs when it comes to dressing up our windows in an attractive and yet stimulating way. It must not be overlooked that as LP's continue to sell, the customer is drawn to them, normally, by the attractive cover and advertising that has gone into their promotion.

Probably the biggest thorn in the dealer's paw is lack of exchange privilege offered by the manufacturer. To

my knowledge Columbia is the most liberal. We find that we are inclined to cover as much product as we possibly can. If we feel that it does not move in a reasonable length of time, we should be privileged to exchange it for something that will move faster. It is a known fact that one can sell more merchandise if the store is kept adequately stocked, at all times, with the right type of product and if the dealer has the manufacturer's assur-ance of an exchange. I can guarantee the retailer would be much more lib-eral in his buying. It would be fine to see all of the above intensified and doubled. But if this last point, I'm about to put down, could be picked up by all the manu-facturers, things would all fall into line.

facturers, things would be a function line. If the manufacturer would just make it easier for the legitimate dealer to correct mistakes made in ordering and shipping I think that too would be an added inducement for the store owner to "loosen up" in his buying. This, after all, is what the distributor is working for all the time.

Harmonious relationships between dealer and distributor is the best and most effective way to sell the most merchandise. With harmony in the ranks all of our minor hurts will iron out

ROCHELLE, N. Y .- Atlantic recording star Clyde McPhatter, who recently opened his own retail record outlet at 437 North Ave., in New Rochelle, N. Y., was swamped by hundreds of teenagers who stampeded the store to see the disk star and get his autograph. Police were on hand to handle the huge throng. McPhatter, who made his first big climb up the success ladder with Billy Ward and his Dominoes, later joined Atlantic as lead of the Drifters. Today, as a soloist, he is one of the label's top record-sellers and is currently on the boards with his click "Just To Hold My Hand".

#### Mercury-Starday Expands Circulation Of News Bulletin

MADISON, TENN .-- Don Pierce, Sales and Promotion Head for Mer-cury-Starday "Country Series" reports that Mercury-Starday is ex-panding circulation of the current series of bi-weekly "Country Music News Bulletins" to include the leading one-stops, music operators and record retailers throughout the nation who have consistently used a substantial percentage of country and western records.

The names and addresses of the leading operators and dealers were obtained by Pierce from Mercury Branches, Mercury Distributors and Mercury Salesmen pursuant to a series of sales meetings conducted by Pierce during recent months.

Mercury-Starday, specializing in country records, has been maintaining contact with the Mercury sales organization through regular news bulletins which provide latest information on Mercury-Starday artists activities, which tip off the salesmen to releases that are showing up in various parts of the country, which keep the selling organization posted concerning trends in the country music industry and what Mercury-Starday is doing in its efforts to produce the most commercial records. The overall result is a more co-ordinated effort in promoting and selling Mercury-Starday "Country Series".

Several one-stops, dealers, and operators requested that they be included on the regular mailing list so it was decided to add 300 key one-stop, operator and dealer names to the regular list to receive the Country Music Bulletins.

Current best sellers on the Mercury-Starday label are "Too Much Water" by George Jones, "Mine All Mine" by Benny Barnes, who had a hit on "Poor Man's Riches" a few months ago, "Losing Game" by Jimmy Dean, star of his own CBS-TV daily show, and "Little White Washed Chimney"

by newcomer Bill Clifton, who specializes in five string banjo material.

Both Pierce and Daily will be attending the NAMM Convention in Chicago and hope to visit with as many of the nations music merchants as possible and they also plan to huddle with the Mercury executives in the head offices of Mercury in Chicago to outline plans for the fall season.

#### **Ed Bonner To Pinch Hit** For Martin Block

ST. LOUIS-Ed Bonner, deejay in the KXOK, St. Louis, Missouri area will pinch-hit for Martin Block over WABC Radio, New York, for a full week starting July 15th.

Bonner will take the broadway beat in his stride, since he takes along a background of experience that includes a job as city fireman, a tour in the navy, and a season or two of professional baseball and a radio career that has seen him climb into a top spot in the seven state area served by Radio Station KXOK.

Born in Roxbury, Mass., Bonner's career had taken him from Coast to Coast when he landed in St. Louis, Missouri on April 30th 1951. In a short span of five years, Bonner has become a favorite of the legions of listeners in the KXOK area, not only with his music shows over KXOK, but also via his efforts to take an active part in the community he serves. Attending banquets, proms, crowning High School and College queens, and assisting in Community Fund Drives, are only a part of his daily routine.

are only a part of his daily routine. Bonner's record shows are heard over KXOK from 3 to 7 p.m., Monday through Saturday, with a special Sat-urday stanza from 9 to noon, and are rated among the high spots of the KXOK broadcast day.

Following his stint on the Martin Block "Make Believe Ballroom," Bon-ner will remain in New York to film a sequence in a movie dealing with music, records and modern radio.

## Listeners Decide

CHICAGO—WGN's "dean of Chi radio announcers," Pierre Andre, ran a contest with his listeners this past month on, "What are your opinions in programming a record show?" Andre advises the mail was over-whelming and some very intelligent thoughts were brought forward. Andre explains the contest this way, "We're selling a product to the lis-tener, We keep that listener interested with music. Only he knows what kind of music will keep him interested."

# RCA Gets "South **Pacific'' Sound Track**

July 20, 1957

NEW YORK, N. Y.--W. W. Bul-lock, head of RCA Victor Album De-partment, announced this week that the diskery had obtained exclusive rights to the sound track of the South Parife flux

rights to the sound track of the South Pacific film. The picture, now in production, is scheduled for release early next year. Starring Mitzi Gaynor, the film is a screen adaptation of the Broadway smash by the same name. Bullock said that the release of the sound track on both the long-play and 45 RPM extended play records would coincide with the debut of the picture.

and 45 RPM extended play records would coincide with the debut of the picture. "We feel that the sales potential for the sound tracks of great films is one of the most important factors in the steadily increasing record mar-ket", said Bullock. "ROA Victor in-tends to continue and expand its policy of releasing the best of these sound tracks on record". Bullock pointed out that Victor is planning the most extensive promo-tion ever scheduled for a sound track album. A full page color ad already is scheduled for Life Magazine, devoted exclusively to the album. National TV advertising will include commercials on the Como, Fisher, and Gobel shows over NBC. "We believe the overall promotion planning for this album represents the most comprehensive endeavor ever ac-corded an album of this type", he said.

Terry, who specializes in polka pro-grams, was a pioneer in Chicago TV disk jockey shows in 1951, and has recorded singles plus an album for Mercury Records. The album is the successful "Music For Happy Danc-ers."

# **Columbia Records Enters Field With Portable Transistor**

NEW YORK-Columbia Records enters a new product field this week with the introduction of its first portable radio, a high fidelity transistor model, according to an announcement by Goddard Lieberson, President of the company.

"Our basic commodity is high fi-delity musical sound," Lieberson pointed out. "Thus a precision-engineered radio is a natural allied product." Portable radio sales are booming, Lieberson noted, with transistorized models representing an overwhelming share of the market increase.

Complete with deluxe leather camera-type case, Columbia's TR-1000 will fit in the palm of the listener's hand and has been designed for full fidelity reproduction. Pre-testing in selected markets has already proved its sound quality; dealer stocks of the model, which has a suggested list price of \$69.95, have been exhausted immediately following store display.

Other unique features of the TR-1000 are the camera-type carrying case and the availability for the first time of a model in Antique White finish.

Also a potent consumer draw is the fact that Columbia's retail price includes both batteries and the carrying case with shoulder and hand strap, items conventionally sold as "extras."

The Columbia TR-1000 is equipped with tiny transistors supplanting conventional tubes, and can thus be powered by flashlight-size batteries. Special features in the Columbia radio are a four-inch loudspeaker and a long, permanent concealed antenna which reproduces distant stations clearly and strongly. The "vernier" tuning system for precision dialing and tuning has also been incorporated into the Columbia model. A special earphone attachment is available to permit private listening. The topgrain cowhide cases are available in Cordovan, Saddle Tan, or Antique White.

#### **KXOK** Moves To Radio Park

# **Gaylords Sign With Roulette Records**

July 20, 1957

NEW YORK—Hugo Peretti and Luigi Creatore, A & R heads of Roulette Records are flying to Cali-fornia to record The Gaylords, whom they have just pacted to a long term deal.

The group has recorded such hits as "The Little Shoemaker," "Tell Me You're Mine," "From The Vine Came The Grapes," and other records which were produced by Hugo & Luigi.

The A & R team said, "Now that we're reunited at Roulette, we'll again have the opportunity to work with The Gaylords, which we believe is the best vocal group of its type around today."

# Like Father Like Son

NEW YORK-We may be watching musical history repeating itself via the Verve recording of "Be Sweet To Me" by Don, Dick and Jimmy.

Donald Kahn, who heads Gus Kahn Music Publishing Company, and is the son of the late great composer, collaborated on "Be Sweet To Me" with his wife Lois.

And it is interesting to note that the late Gus Kahn scored his first musical triumph with "I Wish I Had A Girl," a song on which he collaborated with his wife, Grace.

# Dukoff Forms Own Label

NEW YORK-Bobby Dukoff, tenor sax player and RCA Victor pactee, has announced the formation of his own recording firm, Tutor Records.

The diskery, which is located at 6720 S.W. 57th Terrace, Miami, Fla., will offer a full line of educational LP's, four of which are scheduled for late August release.

Dukoff's latest RCA Victor album is labeled "Tender Sax."

NEW YORK-The attractive young damsel stationed on a fence at La-Guardia Airport in New York, is Janice Harper, one of the most promising young talents to join the recently formed Prep label. The lark is shown waving a fond farewell as she heads out on a national disk jockey tour with her first recording-appropriately titled-"Bon Voyage." Prep Records reports that the initial reaction to this recording has been tremendous and expects to give the disk a big send-off via advertising and promotion.

# The Cash Box Featured In N.Y. **Daily News Story On Music Biz**

NEW YORK—The nation's record fans will be able to read a concise description of the record business as it is today, in the July 14 magazine section of the New York News.

Pete Coutros, one of the star staffers of The New York News, fol-lowed his assignment with a thor-oughness usually attributed to the Hollywood reporter and came up with an astute and factually correct story on our glamorous industry.

Featured in both the story and in picture in the most prominent part a picture in the most prominent part of the layout is the reviewing staff of *The Cash Box*. Coutros pays tribute to *The Cash Box* with "over the years the crew has maintained a high bat-ting average on their ability to fore-cast hits. The staff listens to these new releases with ears attuned strict-ly to their commercial possibilities. The aesthetic merits of a record do not concern them. It's the aim of the publication to tell retailers which publication to tell retailers which records will sell, which won't and why. The basic ingredient in their evaluation is the degree to which the record will register with the kids."

On the total earnings of the record business Coutros wrote, "That Old Black Magic that they weave so well grossed more than \$300,000,000 for the record industry last year. This was an appreciable gain over the previous year and prospects are that business this year will be still better." And-tieing it in with the general welfare of our country, Coutros goes on to say, "Aching ears and quivering nerves notwithstanding, this bedlam of the round table augurs well for the economy of our country. A prosperous public is more likely to lay out the price of a record than one which is worried where its next buck is coming from."

The power with which the teener controls the disk industry is described by Coutros forcefully as follows: "If you're 20 or under, your acumen for picking song hits will be more pronounced than in an older age group. It's the teen-agers who buy most of the records being sold these days. They dictate our musical standards. If "dictate" sounds harsh, let it be said at least, that these youngsters wield the power of veto. If they dislike a record, the odds are almost prohibitive against its achieving any measure of success."

Coutros discusses the surge of rock and roll, its slight move in the direction of calypso, and its full return to rock and roll with more subtle treatments. He takes apart the familiar cry of so many writers that ballads are foredoomed with the searing observation-"And whatever happened to the good old ballads?" Nothing much, except there aren't many people imaginative enough to write them. There's much ado to the effect that a conspiracy is afoot to deprive the American public of the type of songs mama used to play on her gramophone. Part of this supposed plot is the "payola", an allegedly omnipresent sin in the music industry. According to cynics who like to go big-game hunting in Tin Pan Alley, everybody's on the make-from the guy who writes the tune right down to the salesgirl who wraps the disk for you.

"The same Doubting Thomases insist that you might as well forget about the whole thing it if isn't a rock'n' roller you're trying to sell. These mystical myopics who can't see the flatted fifths in front of their faces are too easily inclined to forget that the Academy Award winning song last year was the plaintive little ballad called "Whatever Will Be, Will Be" ("Que Sera, Sera"). The 1955 winner was "Love Is A Many Splendored Thing" and in 1954, "Three Coins in the Fountain" ruled the roost.

"None of these tunes bore the slightest semblance to a rhythm-and-blues number, yet their popularity was as great with the youngsters as it was with their parents. More recently, song writer Bob Allen struck pay dirt with one called 'Who Needs You,' on a platter cut by The Four Lads. The same combination of writers, singers and song style jelled successfully on big sellers such as 'No, Not Much' and 'Moments To Remember.' All these disks cut their way into the Hit Parade at the height of the rock' 'n roll craze, proving again that a good tune will sell, vogues notwithstanding."

Coutros dug further into the platter story, covering the current craze that has lifted the country singer to such prominence in the pop field, the million record seller, the all important "timing", the delving into the classics for popular material, the gimmicks and the sounds.

No doubt that the entire Coutros story bears little or nothing new for those in the record field, but it is of the better offerings that has appeared for public consumption and certainly enlightening for those not on the "inside". However the story was not without sage advice to those on the "inside". Coutros advises all who wish to sell rafts of records to get Elvis Presley to record them.

SAN FRANCISCO - Jerry Fields (right) of Cameo Records is shown discussing songs with Sid Mobell, West Coast songwriter, during Fields' recent trip to the Coast to look for material.

HOLLYWOOD - Pacific Jazz announced last week its new summer sales plan, featuring a ten to fifteen per cent merchandise saving on the retail level for the entire Pacific Jazz, Jazz West Coast, and Pacifica catalog. The new plan, effective from July fifteenth through August thirty-first, features one free LP for every ten purchased, three for every twentyfive, seven for every fifty, and fifteen free records for every one hundred purchased, allowing any combination of Pacific Jazz, Jazz West Coast, and Pacifica records the dealer desires.

Last year, Pacific Jazz' Summer Sales Plan boosted sales three hundred per cent, the firm said. With this year's simplified, streamlined Summer Sales Plan, proportionally large sales jumps are expected.

# Lain-Simms Expands

LOS ANGELES-In an expansion move, Laine-Simms Music of Los Angeles, this week added two more permanent offices to represent firm.

The Chicago office will be headed by Joe Rotondo, who will handle all midwest states. United Entertainment Service, headed by Joe Locastro of Buffalo, N. Y. will handle upstate New York, and the Toronto and Montreal areas. In addition to its Hollywood headquarters, the firm has already established representatives in New York City and in Boston.

The music firm has also expanded into the artist management field, with Al Simms in charge of that department. General manager of the publishing firm is Joe Laine, with Sam Laine handling the promotion for all phases of the operation. The firm is now negotiating for representation in the St. Louis-Kansas City and the Miami areas.

# American Artists In **Demand For England** And Continent

NEW YORK-The demand for American performers in England and the Continent is continuing it was reported by Jack Green, vice president of the Willard Alexander Agency, upon his return last week from a two-week tour of Europe.

Overseas promoters are anxious to book all strong acts that are available for dates. One major factor that is encouraging European bookings is the vastly improved schedules of the airlines. As a result, American tours can be dovetailed with European tours, without the necessity of long delays. In a matter of 12 to 15 hours an act can be opening in a European city after closing a date in an American city.

During his trip, Green was successful in setting up bookings for many of the artists in the Alexander stable. These include: Charlie Gracie (fiveweek tour of the British Isles as a headliner of his own variety show, starting August 12th); Count Basie (three-week concert tour of the British Isles with his ork, starting October 18th); Sarah Vaughan (three weeks at the Olympic Theatre in Paris in February, plus four weeks in Stockholm and two weeks in Belgium); Buddy De Franco (two-week tour of the British Isles in November, plus a tour of France and Germany); Wild Bill Davidson (three weeks in the British Isles in the late fall); Kai Winding Septet (seventeen days in England followed by three weeks on the Continent, starting February 23rd); Glenn Miller Orchestra (threeweek concert tour of the British Isles in February).

# "Aloha Oe" by MARIAN YOSHIOKE **HARRY'S MUSIC STORE** HONOLULU, HAWAII

The "Music of Hawaii" may be thought of as the voice of the Seas, the blue of the Jacaranda trees, the shimmer of a vivid rainbow arching its celestial color across our valleys. It is the melodic folklore of a dozen races whose people speak as many languages, and whose minds and inner lives may thus be understood by all. The miracle of music is our daily experience, at work, at play, in joy and sorrow, in our moments of dedi-cation, in our public life, and in our homes.

Т Т

cation, in our public life, and in our homes. The youngest child may sing—the oldest man strum a guitar, the driver of a bus on his daily rounds may choose to entertain his passengers, naively, uninhibited and with enchant-ing candor. There is a very old Oriental proverb admonishing us that "with happiness comes intelligence to the heart". Our love of music as a richly varied and harmoniously related community of racial groups promotes our music and inversely our music promotes our tol-erance and our happiness.

inversely our music promotes our tol-erance and our happiness. It is said that we are a unique com-munity, a practical example of the harmonious relationship of many races working and living amicably to-gether. It may well be that the soul of our collective peoples responds to our music like the plucked strings of a sweet-voiced guitar in a symphony of peace.

of peace. "Aloha Oe" is our greeting and our farewell, our contribution to all people of good will wherever we may meet --or wherever they may be.

"Only those records best suited for commercial use are reviewed by THE CASH BOX"

# album record programming with dual pricing is the surest way

# to increase

# earnings

Today, much of the fine music the public wants to hear-standards, show tunes, jazz and classics-is available principally on albums. This type of music is as essential to proper programming as current hit tunes on singles.

Dual pricing permits taking full advantage of album music because the operator is compensated for the additional playing time required.

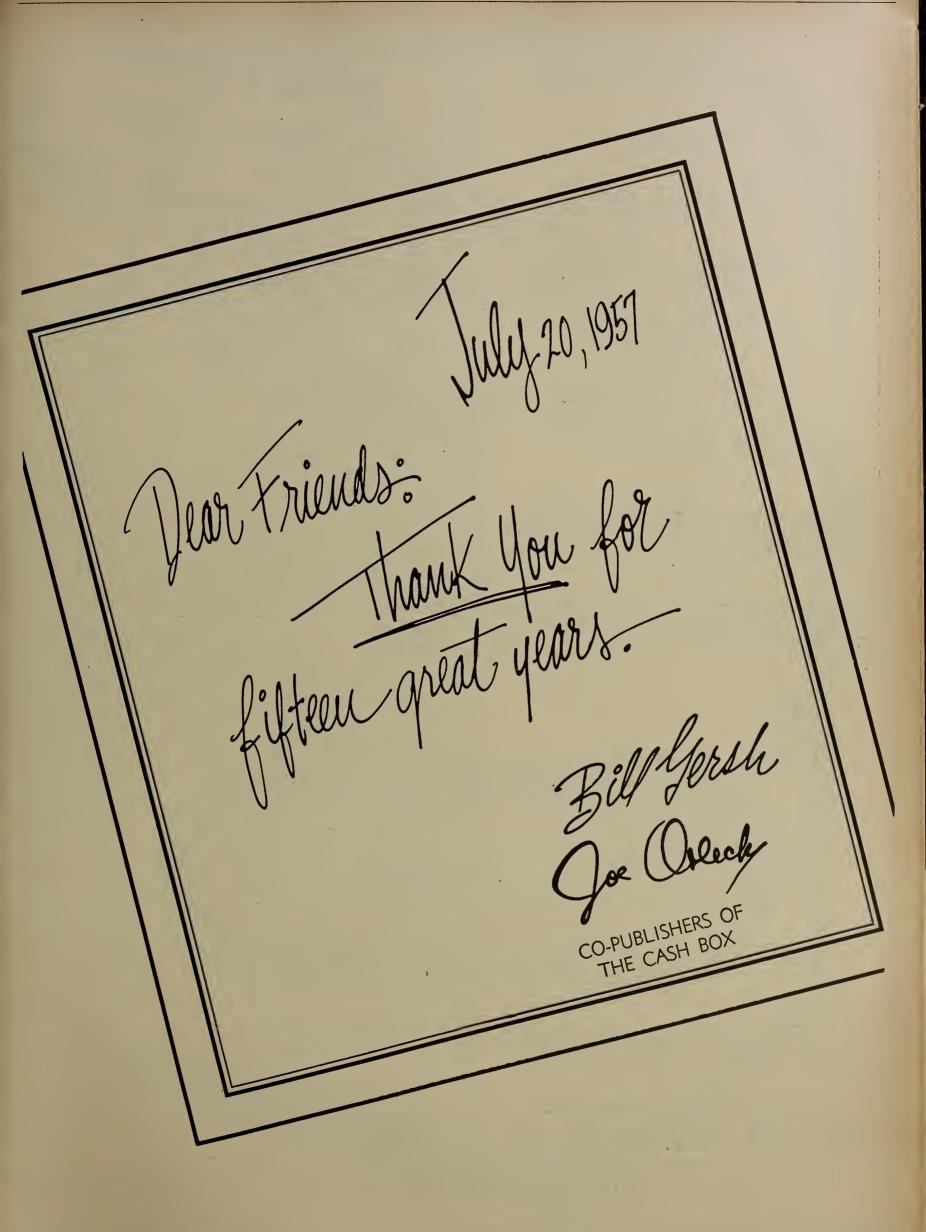

**DUAL PRICING UNITS** Both the phonograph and the Wall-O-Matic 200 are equipped with dual pricing units that program singles at one price and album records (two tunes per side) at a proportionately higher price.

To Assure Greater Growth, Closer Cooperation, Better Understanding And Finer Relations For The Continued Better Future Conduct Of The International Coin Machines Business, "THE CASH BOX" Urges The Creation Of An:

# **"INTERNATIONAL COIN MACHINES EXPORT-IMPORT COUNCIL"**

The Coin Machine Industry's Booming Export-Import Business can be Best Assured Continued Greater Growth on the Highest Possible Level Plus Better Understanding and Finer International Relations by the Creation of an "INTERNATIONAL COIN MACHINES EXPORT-IMPORT COUNCIL"

For many years now The Cash Box has attracted international interest in the coin machines industry with "The Cash Box' Quarterly Export Editions".

Year after year, "The Cash Box' Quarterly Export Editions" have grown greater. They have become extremely important to all this industry internationally.

Not only the fact that these issues have printed complete reports in Spanish, French, German as well as in English but, even more important, the fact that there is presented (as in this 15th Anniversary Issue) a full year's pictures of the games and music machines of the industry, made The Cash Box invaluable to the trade internationally.

In addition, "The Cash Box' Price Lists" are accepted worldwide. Every nation depends on "The Cash Box' Price Lists" to help bring about better financial understanding of new and used U.S. equipment.

These past five years have seen the U.S. export business boom to new heights.

The report contained in this issue for all of 1956, and including the first quarter of 1957, gives some indication of the great and growing importance of the export market.

Now that the export business has reached a point of tremendous importance to the U.S. manufacturers and distributors, the time has arrived when there should be created an "International Coin Machines Export-Import Council".

Such a council would prove invaluable to all who are concerned with export and import of all types of coin operated machines.

Such a council, meeting at least once during the year, would bring into being finer understanding, a better relationship and closer cooperation between exporters and importers.

Many Europeans and many from the Orient have long wanted an organization where they could air their hopes for the future, greater growth of the coin machines business in their individual countries. Never before has there been a better opportunity to bring into being an "International Coin Machines Export-Import Council" to benefit all concerned with exporting and importing equipment.

This is the time, while the export market grows greater, while importers are investing more and more in machines of all kinds, for the industry, internationally, to arrange for a council to bring about better understanding of each other's requirements, capacities and capabilities.

The Cash Box urges all who are interested in continued exporting of equipment from the U.S. to the world's

### Will You Serve On THE CASH BOX' "International Coin Machines Export-Import Council"?

If you are interested in export and import of coin machines it is up to you to arrange for membership in the "International Coin Machines Export-Import Council".

The Cash Box shall be more than happy to call the first annual meeting of the "International Coin Machines Export-Import Council" as soon as its membership has reached important proportions.

Exporters in the U.S., manufacturers and distributors, are asked to contact The Cash Box and arrange for their export chiefs to enter into membership in the council.

cil. The world's importers are also called into membership in the "International Coin Machines Export-Import Council" and to, thereby, help bring about the first annual meeting.

Merip bring about the first annual meeting. All those desiring membership should write: THE CASH BOX, 32 WEST RANDOLPH STREET, CHICAGO 1, ILLINOIS, U.S.A. markets, and for those in all the nations of the world who are now importing machines of all kinds, to think hard on the creation of an "International Coin Machines Export-Import Council", and what such a council can mean to their future business.

Even before this suggestion was made, many here in the U.S. and others from all over the world, signified their willingness and even elation to enter into such a council as members to work for a better future for all the export-import business.

The interest among the world's leaders, manufacturers and distributors, along with noted export-import organizations, is paramount in such a council.

All realize what great good can be accomplished by meetings which will bring about better understanding among the coin machine industry internationally.

The finer relationships which are bound to result from an annual meeting of an "International Coin Machines Export-Import Council" will help assure better business for the years to come.

The peoples of all the world are eager to meet. They want to know each other better. They need such a council. The need for it grows greater as export and import grows apace.

The time has, therefore, arrived when the leaders in the export-import business should arrange to come together as members of an "International Coin Machines Export-Import Council".

# **"The Cash Box' QUARTERLY EXPORT EDITION"** ANALYZATION OF THE FIRST QUARTER (JAN., FEB., MAR., 1957)

As was predicted by this publication in its "Export Quarterly Edition" March 30, 1957, the first quarter's business (January, February and March, 1957) was sure to prove one of the busiest and most outstanding export business quarters of all time.

This prediction has been proved true in every regard now that the final figures for the first 1957 quarter's business have been compiled. (These figures are published in this issue of "The Cash Box' Quarterly Export Edition" along with a complete review of all exports during 1956.)

Analyzation of the first 1957 quarter's export business brings very much into the open the fact that:

1) Phonograph exports continued at a very high rate. For example, 6,285 new and used phonographs, over 25.4% of the entire number shipped all during 1956, for a total value of \$3,845,492, were exported to the world's markets by U.S. manufacturers and distributors during the first quarter of 1957. Europe continued as the leading importer, purchasing 3,444 new and used phonographs for a total value of \$2,252,711.

2) Amusement machines exports showed an even more tremendous increase during the first quarter of 1957. There were 10,040 amusement machines exported for a total value of \$1,633,031. This is more than onethird the number, and more than onethird the dollar value, of all amusement machines shipped in all of 1956. (Shipments in all of 1956 numbered 27,096 units for a total value of \$3,-863,501.) This, too, bears out The Cash Box' prediction that the first quarter's business of 1957 would prove phenomenal.

3) Biggest surprise was the great number of vending machines exported during the first quarter of 1957. Whereas there were 15,563 vending machines shipped all during the year of 1956 for a total value of \$1,859,-144, the first three months of 1957 saw 6,323 units exported for a total value of \$584,722. In short, the vending machines division of the industry shipped over 40.6% the number of machines in the first three months of 1957 as compared to the entire twelve months of 1956. As far as the dollar value of this first 1957 quarter's shipments of vending machines were concerned the total was over 31.3% of what had been shipped during the entire year of 1956.

U. S. exporting manufacturers and distributors are elated over the very stimulating business recorded these first three months of 1957. This means that the wider spread of U. S. coin operated equipment all over the world will bring in even greater business in the months yet to come and the years yet to follow. The facts are very heartening when the following figures are carefully studied: 6,285 ncw and used phonographs for a total of \$3,-845,492; 10,040 amusement machines for a total of \$1,633,031 and 6,323 vending machines for a total of \$584,- 722 were exported to all world maikets the first three months (January, February, March) of 1957.

It is now very definite that U.S. exports continue to supply the world's demand for coin operated entertainment and automatic merchandising. Whatever late model reconditioned machines are available are being gobbled up at an accelerated rate. Business continues at the most rapid pace yet known to U. S. exporters. It definitely indicates a very fine future ahead for U.S. coin machines business worldwide. It means that, as exports continue at this great rate, business will be better at all the manufactories as well as for all exporting distributors.

The European continent continues as the largest importer of new and used phonograph and amusement machines. Over 50% of all new and used phonographs exported during the first quarter of 1957 were shipped to Europe. Over 60% of all new and used amusement machines exported went to European countries. About 39%of all new and used vending machines were exported to Europe.

The North and Central American countries continue to lead as importers of vending machines. About 59% of the 6,323 vending machines exported during the first three months of 1957 were shipped to North and Central American countries with Canada again using the big bulk of this number of machines.

When the final reports are available for the second quarter (April, May and June) of 1957, and have been compiled by The Cash Box, this publication believes that, once again, export business will show another tremendous gain. In fact, from reports received from some of the U. S. manufacturers and distributors, shipments were greater during April and May than during their first quarter of 1957.

Many distributors continue to be backlogged with export orders. Manufacturers, too, are finding it more profitable to concentrate a greater portion of their efforts on export. All this adds up to faster deliveries and finer equipment for the importers. It means that those in the U.S. who have developed their export departments to an efficiently skilled organization will enjoy greater profit.

Personal contact has been established by members of The Cash Box' staff with many of the world's importers. Again this fall, and in addition to the visits of its London, England representative, a leading member of The Cash Box' staff will visit Europe.

This coming winter plans are under way for a member of The Cash Box' staff to visit with importers in the Orient. This will be followed with an extended tour of the Central and South American countries. In short, all readers of The Cash Box will be receiving on-the-ground, first hand information, from all the world's markets, expertly reported to benefit The Cash Box' subscribers. It is very interesting, especially for those importers who want to correctly arrange their purchasing programs for today, as well as for the future, to carefully study what the U. S. manufacturers are now producing.

Activities of .the manufacturers during the past quarter (April, May, June)

AMI, Inc., Grand Rapids, Michigan, introduced its "H" model phonographs in 200, 120 and 100 selections. These machines immediately became a "hit" in this country.

Auto-Bell Manufacturing Company, Chicago, Illinois, still producing "Circus" and "County Fair."

Auto-Photo Company, Los Angeles, California, brought out its new automatic photograph machine, model "12", and was swamped with orders.

American Shuffleboard Company, Union City, N. J., manufacturers of standard shuffle games for many years, produced a new 2-piece top for its board.

Bally Manufacturing Company, Chicago, Illinois, continues as one of the busiest of all game manufacturers, introducing a new in-line game "Show Time"; a new 6-pocket pool game "Official Pool"; a new ball bowling game "ABC Tournament" in two sizes: 12½ ft. and 14 ft.; and continues to ship quantities of its ball bowling game "ABC Bowling Lanes", as well as supplying the trade with its line of Kiddie Rides, including a new one "Toonerville Trolley."

Bally Vending Corporation, Chicago, Illinois, expanding its production to meet demands for its 8-selection hot and cold beverage vender.

Chicago Coin Machine Company, Chicago, Illinois, was kept so busy supplying the trade with its "Bowling League" sizes: 20 ft. 8 in.; 14 ft.; and 12 ft.; that the only other machine introduced this period was "Super Bowling League" a 14-ft. bowling game.

Exhibit Supply Company, Chicago, Illinois, busier this past quarter than for quite some time. Company brought out a 6-pocket pool game; a duck pin bowler "Tru-Bowler"; and several arcade type machines: 6 Peek Barrels, Nudist Colony (Ant Colony) and 5 See-A-View Houses; and continued production of its Card Venders and cards.

J. F. Frantz Manufacturing Company, Chicago, Illinois, kept busy filling orders for its popular line of "A. B. T. Guesser Scale", "A. B. T. Rifle Sports Gallery", "A. B. T. Challenger", "Kicker & Catcher" and "Pace Aristo Scale".

Games, Inc., Chicago, Illinois, still busy supplying "Skeet Shoot" amusement game.

Genco Manufacturing & Sales Company, Chicago, Illinois, brought out two new machines during this period —"Gypsy Grandma" a fortune telling machine, and "Sweet Twenty One" a roll-down game for either one or two players. D. Gottlieb & Company, Chicago, Illinois, specialists in pinball games, brought out "Majestic" a 4-player pinball game, and "Royal Flush" a five-ball.

International Mutoscope Corporation, Long Island City, N. Y., busy supplying its new model "Voice-O-Graph", which records and vends either a 45 rpm or 78 rpm record, still had time to introduce "Bang-O-Rama" a target pistol machine.

The Irving Kaye Company, Brooklyn, N. Y., doing an exceptionally fine sales job with its two pool tables "6hole Eldorado" and "3-hole Super De Luxe Bumper Pool."

J. H. Keeney & Company, Chicago, Illinois, still busy shipping its ball bowling game "True-Score", introduced "Bowl-O-Rama", a 6-player regulation bowler in two sizes, 14 ft. and 11 ft.

Mike Munves Corporation, New York, N. Y., acting in the capacity as national distributors for two machines "Squoits", a water pressure target machine, and "Burp Gun", a rifle shooting target machine.

Marvel Manufacturing Company, Chicago, Illinois, brought out a new "Lucky Horoscope" fortune telling amusement machine, and introduced a 6-hole pool game.

Rock-Ola Manufacturing Corporation, Chicago, Illinois, continues production of its three phonographs, model "1455" (200 selection); model "1454" (120 selection); and model "1452" (50 selection).

J. P. Seeburg, Chicago, Illinois, brought out a new 200-selection phonograph, model "KD-200", and a 100selection phonograph, model "100-L", which immediately started the factory on a rush production schedule to meet the demand.

Standard-Harvard Metal Typer, Inc., Chicago, Illinois, continues producing its metal aluminum identification disc machine.

United Manufacturing Company, Chicago, Illinois, the first company to bring out the ball bowling type game, still busy supplying the trade with its "Bowling Alley" in three sizes: 18 ft., 14 ft., and 11 ft. Also followed up with a new game "Team Bowling" in three sizes: 18 ft., 14 ft., and 11 ft., and "Hi-Score" Bowling Alley in 3 sizes: 18 ft., 14 ft., and 11 ft. Brought out a new in-line game "Playtime".

United Music Corporation, Chicago, Illinois, introduced its first phonograph, model "UPA-100", a 100-selection phonograph.

Watling Manufacturing Company, Chicago, Illinois, keeps active supplying the trade with its "Penny Fortune Scale".

Williams Manufacturing Company, Chicago, Illinois, produced, in this period, three five-balls "Cue Ball", "Gay Paree" and "Hi-Hand"; a 6-pocket pool table; its 1957 edition of its famous Baseball game; and "Crossfire" gun.

gun. The Wurlitzer Company, North Tonawanda, N. Y. (firm name changed in June from The Rudolph Wurlitzer Company), still kept going full capacity, supplying its customers with its "2100" series of phonographs—model "2100" (200 selections); model "2104" (104 selections); and model "2150" (200 selections, medium priced phono.)

### "The Cash Box" VIERTELJÄHRLICHE EXPORTAUSGABE ANALYSE DES ERSTEN VIERTELJAHRES (JAN., FEB., MARZ, 1957).

Wie von dieser Zeitung in ihrer "Vierteljährlichen Export-ausgabe" vom 30. März 1957 vorausgesagt, erwies sich das Geschäft des ersten Vierteljähres (Januar, Februar und März 1957) als das beste und hercorragendste bisher erreichte vierteljährliche Ausfuhrgeschäft.

corragendste bisher erreichte vierteljährliche Ausfuhrgeschäft. Heute, wo wir die Abschlusszahlen des während des ersten Vierteljähres von 1957 getätigten Geschäfts an der Hand haben, hat sich diese Voraussagung in jeder Hinsicht als richtig erwiesen. (Diese Zahlen werden in dieser Ausgabe der Vierteljährlichen Exportausgabe von "The Cash Box" einer vollständigen Übersicht über all im Jähre 1956 getätigten Exporte veröffentlicht).

veröffentlicht). Eine Analyse des Ausfuhrgeschäfts des ersten Vierteljähres von 1957 zeigt klar und 'deutlich die folgenden Tatsachen:

Tatsachen: 1) Die Plattenspielerausfuhr blieb durchaus auf der Höhe. So wurden, zum Beispiel, 6.285 neue und gebrauchte Plattenspieler, d.h. mehr als 25.4% der im Jähre 1956 verschifften Gesamtnummer, in einem Gesamtwerte von \$3.845.492 während dem ersten Vierteljähr von 1957 von den amerikanischen Merstellern und Vertriebsfirmen auf die Weltmärkte exportiert. Europa fuhr fort in der Einfuhr zu führen: dahin gingen 3.444 neue und gebrauchte Platten-spieler in einem Gesamtwerte von \$2.252.711. 2) Die Ausfuhr der Unterhaltungs-

2) Die Ausfuhr der Unterhaltungsmaschinen zeigte im ersten Vierteljähr von 1957 eine sogar noch gewaltigere Zunahme: 10.040 Unterhaltungsmaschinen wurden exportiert, die einen Gesamtwert von \$1.633.031 darstellen. Das bedeutet: mehr als ein Drittel der Anzahl und mehr als ein Drittel des Dollar-wertes aller im Jähre 1956 verschifften Unterhaltungsmaschinen! (Die Verschiffungen im ganzen Jähre 1956 beliefen sich auf 27.096 Stück mit einem Gesamtwert von \$3.863.501). Auch hier hat sich die Vorraussage von "The Cash Box" als richtig erwiesen, dass das erste Viertelharsgeschäft des Jähre 1957 phenomenal sein würde.

3) Die grösste Überraschung war die grosse Anzahl von Verkaufsautomaten, die während dem ersten Vierteljähr von 1957 exportiert würden. Während im Jähre 1956 15.563 Verkaufsautomaten in einem Gesamtwert von \$1.859.144 verschifft würden, so würden in den ersten drei Monaten von 1957 6.323 Stück in einem Gesamtwert von \$584.722 ausgeführt. Kurz gesagt, verglichen mit den vollen zwölf Monaten d. J. 1956, verschiffte die Industrie an Verkaufsautomaten bereits mehr als 40.6% in den ersten drei Monaten von 1957! Was nun den Dollarwert der im ersten Vierteljähr d.J. 1957 verschifften Verkaufs automaten betrifft, so belief sich derselbe auf mehr als 31.3% der im ganzen Jähre 1956 getätigten Verschiffungen!

Die amerikanischen Exporteure--səqəi,1,1ə,A əip yəne əim JəlləşsiəH əip firmen-sind mit den ausgezeichneten Geschäftsresultaten der ersten drei Monate d.J. 1957 sehr zufrieden. Es bedeutet, dass die weite Verbreitung amerikanischer Münzautomaten in der ganzen Welt sogar noch mehr Geschäft in den kommenden Monaten und Jähren hereinbringen wird. Die Tatsachen sind sehr ermutigend, wenn man sich die folgenden Zahlen genau ansieht: während der ersten drei Monate von 1957 (Januar, Februar und März) wurden 6.285 neue und benutzte Plattenspieler mit einem Gesamtwert von \$3.845.492, 10.040 Unterhaltungsmaschinen mit einem Gesamtwert von \$1.833.031 und 6.323 Verkaufsautomaten mit einem Gesamtwert von \$584.722 auf alle Weltmärkte exportiert.

Es erscheint jetzt ganz klar, dass die Vereinigten Staaten damit fortfahren, die Weltnachfrage nach münzautomatischen Unterhaltungsspielen und Verkaufsautomaten zu befriedigen. Was an wiederinstandgesetzten neueren Modellen vorhanden ist, wird immer schneller abgenommen. Die Exporteure der U.S.A. haben noch nie einen so geschwinden Geschäftsgang erlebt. Zweifelsohne weist das auf eine ausgezeichnete Entwicklung des amerikanischen Münzmaschinengeschäfts in aller Welt hin. Es bedeutet, dass mit solchen Ausfuhrresultaten das Geschäft aller Hersteller und Exportvertriebsfirmen in stetem Ansteigen begriffen sein wird.

Der europäische Kontinent fährt fort, der grösste Importeur von neuen und gebrauchten Plattenspielern und Unterhaltungsmaschinen zu sein. Mehr als 50% aller neuen und gebrauchten während dem ersten Vierteljähr von 1957 verschifften Plattenspieler wurden nach Europa verschifft. Mehr als 60% aller neuen und gebrauchten ausgeführten Unterhaltungsmaschinen gingen nach europäischen Ländern. Ungefähr 39% aller neuen und gebrauchten Verkaufsautomaten wurden nach Europa exportiert.

Die Länder von Nord- und Zentral-Amerika blieben führend in der Einfuhr von Verkaufsautomaten. Ungefähr 59% der in den ersten drei Monaten von 1957 verschifften 6.323 Verkaufsautomaten wurden nach den Ländern von Nord- und Zentral-Amerika verschifft, und wieder gingen die meisten dieser Maschinen nach Kanada.

Diese Zeitung ist der Ansicht, dass, nachdem die endgültigen Berichte für das zweite Vierteljähr von 1957 (April, Mai und Juni) eingegangen und von "The Cash Box" zusammengestellt worden sind, das Ausfuhrgeschäft wieder einen bedeutenden Zuwachs zeigen wird. Geht es doch schon aus Berichten, die von einigen Herstellern und Vertriebsfirmen der U.S.A. eingelaufen sind, hervor, dass die Verschiffungen im April und Mai allein schon die Anzahl derselben im ersten Vierteljähr von 1957 überholt haben.

Viele Vertriebsfirmen sind noch mit ihren Ausfuhraufträgen im Rückstande. Auch die Hersteller finden es vorteilhaft, sich in bedeutenderem Masse auf das Ausfuhrgeschäft zu konzentrieren. Alles das wirkt sich als schnellere iLeferungen und bessere Ausrüstungen für die Importeure aus. Es bedeutet, dass die amerikanischen Firmen, die ihre Ausfuhrabteilungen wirksam ausgebaut-haben, sich grösserer Gewinne erfreuen werden.

Die Mitarbeiter von "The Cash Box" sind persönlich mit vielen Importeuren der Weltmärkte in Verbindung getreten. Diesen Herbs wird wieder ein leitender Mitarbeiter von "The Cash Box" Europa besuchen, und zwar zuzüglich zu den Reisen des Vertreters der Firma, der in London, England, ansässig ist.

Es wird geplant, dass im kommenden Winter ein Mitarbeiter von "The Cash Box' Importeure im Orient besuchen soll. Danach soll eine ausgedehnte Reise durch die Länder von Zentral- und Südamerika unternommen werden. Kurz gesagt, sollen alle Leser von "The Cash Box" Berichte erster Hand aus allen Märkten der Welt erhalten—fachmännisch ausgelegt zum Nutzen der Abonnementen von "The Cash Box."

Insbesondere für die Importeure, welche bestrebt sind, ihr Einkaufsprogram für heute und die kommenden Monate richtig auszugestalten, wird es durchaus interessant sein, sich ein genaues Bild von der jetzigen Produktion der amerikanischen Hersteller zu machen.

#### Die Tätigkeit der Hersteller während dem letzten Vierteljähr (April, Mai, Juni)

Die Fa. AMI, Inc. Grand Rapids, Michigan, brachte ihren Plattenspieler Modell "H" mit 200, 120 und 100 Auswahlstücken auf dem Märkt. Diese Apparate waren sofort ein "Treffer" hierzulande.

Die Auto-Bell Manufacturing Company, Chicago, Illinois, stellt auch weiter den "Circus" und die "County Fair" her.

Die Auto-Photo Company, Los Angeles, California, brachte ihren neuen automatischen Platternspieler, Modell "12" heraus und würde mit Aufträgen geradezu überflutet.

Die American Shuffleboard Company, Union City, New Jersey, die schon viele Jähre lang Standard-"Shuffle"-Spiele herstellte, fabrizierte ein zweiteiliges Oberstück für ihr Brett.

Die Bally Manufacturing Company, Chicago, Illinois, ist immer noch eine der geschäftigsten Herstellerinnen von Spielen; sie kam heraus mit einem neuen "In-line" Spiel "Show Time," einem neuen 6-Taschen Pool-Spiel "Official Pool"; einem neuen Ball-Bowling-Spiel, "ABC Tournament" in zwei Grössen: 12½ Fuss und 14 Fuss; und sie fährt damit fort, grössere Mengen ihres Ball-Bowling-Spiels, "ABC Bowling Lanes" zu verschiffen; ausserdem versorgt sie den Handel mit ihren Kinder-Ritten und Fahrten, einschliesslich die neue "Toonerville Trolley."

Die Bally Vending Corporation, Chicago, Illinois, vergrössert ihre Herstellung, um der Nachfrage nach ihren Getränkeverkaufsautomaten mit einer Auswahl von 8 heissen und kalten Getränken gerecht zu werden.

Die Chicago Coin Machine Company, Chicago, Illinois, war so stark be schäftigt in der Belieferung des Handels mit ihrer "Bowling League" in den Grössen von 20 Fuss, 8 Zoll; 14 -Fuss und 12 Fuss, dass sie in diesem Zeitabschnitt nur eine einzige andere Maschine auf der Märkt brachte, und zwar ein 14 Fuss grosses Bowling-Spiel, "Super Bowling League."

Die Exhibit Supply Company, Chicago, Illinois, war im letzten Vierteljähr stärker beschäftigt, als sie seit längerer Zeit gewesen war. Die Firma brachte heraus: ein 6-Taschen-Pool-Game; ein "Duck-Pin"-Spiel, "Tru-Bowler"; und mehrere Arkaden-Apparate: "6 Peek Barrels," "Nudist Colony" ("Ant Colony") und 5 "See-A-View" Häuser; auch fährt sie damit fort, Kartenautomaten und Karten herzustellen.

Die J. F. Frantz Manufacturing Company, Chicago, Illinois, war gut beschäftigt mit Aufträgen für ihre beliebten Spiele: "A.B.T. Guesser Scale," "A.B.T. Rifle Sports Gallery," "A.B.T. Challenger," "Kicker & Catcher" und "Pace Aristo Scale."

Die iFrma Games, Inc., Chicago, Illinois, ist gut mit der Lieferung des Unterhaltungsspiels "Skeet Shoot" beschäftigt.

Die Genco Manufacturing und Sales Company, Chicago, Illinois, brachte während dieser Zeit zwei neue Apparate heraus, und zwar: "Gypsy Grandma". ("Grossmutter Zigeunerin"), eine Wahrsagemaschine, und "Sweet Twenty One," ein "Roll-down" Spiel für einen oder zwei Spieler.

Die Firma D. Gottlieb & Company, Chicago, Illinois, die sich auf Pinball-Spiele soezialisiert, brachte heraus: "Majestic," ein Pinball-Spiel für 4 Spieler, und "Royal Flush," ein Fünfball-Spiel. Die International Mutoscope Corporation, Long Island City, N. Y., obgleich sie mit der Lieferung ihres neuen Modells "Voice-O-Graph," welches Platten von 45 oder 78 Umdrehungen pro Minute aufnimmt und verkauft, stark beschäftigt war, fand doch noch genug Zeit, um eine Zielpistolenmaschine, "Bang-O-Rama" auf den Märkt zu bringen.

The Irving Kaye Company, Brooklyn, N. Y., verkauft ausnehmend gut ihre beiden Pool-Tische: "6-hole Eldorado" und "3-hole Super DeLuxe Bumper Pool."

Die Firma J. H. Keeney & Company, Chicago, Illinois, die noch gut mit der Lieferung ihres Ball-Bowling-Spieles, "True Score" beschäftigt ist, brachte "Bowl-O-Rama" heraus, einen "Regulation-Bowler" in zwei Grössen: 14 und 11 Fuss.

Die Mike Munves Corporation, New York, N. Y., ist die hiesige Vertriebsfirma zweier Apparate: "Squoits," einer Wasserdruck Zielmaschine, und "Burp Gun," einer Schiessstand-Maschine.

Die Marvel Manufacturing Company, Chicago, Illinois, kam heraus mit der neuen Wahrsageunterhaltungsmaschine "Lucky Horoscope"; auch brachte sie ein 6-Loch Pool Spiel auf den Markt.

Die Rock-Ola Manufacturing Corporation, Chicago, Illinois, fuhr fort mit der Herstellung ihrer drei Plattenspieler: Modell "1455" (200 Aauswohlstücke) und Modell "1452" (50 Auswahlstücke).

Die Firma J. P. Seeburg, Chicago, Illinois, kam heraus mit einem neuen Plattenspieler mit 200 Auswahls stücken, Modell "KD-200", und einem Plattenspieler mit 100 Auswahlstücken, Modell "100-L", die so guten Anklang fanden, dass die Fabrik sofort auf beschleunigte Herstellung übergehen musste.

Die Firma Standard-Harvard Metal Typer, Inc., Chicago, Illinois, fährt mit der Herstellung ihrer Metall-Aluminium - Identifikations - Platten - Maschine fort.

chine fort. Die United Manufacturing Company, Chicago, Illinois, die erste Firma, welche Ball-Bowling-Spiele herausbrachte, is nach wie vor gut damit beschäftigt, den Handel mit ihrer "Bowling Alley" in drei Grössen, 18, 14 and 11 Fuss, zu beliefern. Desweiteren hat sie jetzt ein neues Spiel, "Team Bowling", in drei Grössen: 18, 14 and 11 Fuss, wie auch "Hi-Score Bowling Alley", wieder in drei Grössen: 18, 14 and 11 Fuss. Sie brachte auch ein neues In-line Spiel, "Playtime", auf den Markt.

Die United Music Corporation, Chicago, Illinois, kam mit ihrem ersten Plattenspieler, Model "UPA-100", mit 100 Auswahlstücken heraus.

Die Watling Manufacturing Company, Chicago, Illinois, versorgt den Handel eifrig mit ihrem Spiel "Penny Fortune Scale".

Die Williams Manufacturing Company, Chicago, Illinois, fabrizierts während dieser Zeit drei Fünf-Ball-Spiele: "Cue Ball", "Gay Paree" und 'Hi-Hand"; einem 6-Taschen Pool-Tisch; Modell 1957 ihres berühmten Baseball-Spiels; und das Schiesspiel 'Crossfire".

The Wurlitzer Company, North Tonawanda, N. Y., (seit dem Juni der neue Firmenname der früheren The Rudolph Wurlitzer Company) arbeitet mit Voll dampf; sie liefert ihren Kunden ihre Plattenspieler Serie "2100" und zwar: Modell "2100" (200 Auswohlstücke); Modell "2104" (104 Auswahlstücke); und Modell "2150" (200 Auswohlstücke, ein preiswerter Plattenspieler).

# **"The Cash Box" EDITION TRIMESTRIELLE EXPORTATION** ANALYSE DU PREMIER TRIMESTRE (JANVIER, FEVRIER, MARS 1957)

Ainsi qu'il avait été prédit dans l'Edition Trimistrielle Exportation de cett e publication, le 30 Mars 1957, le premier trimestre d'affaires (Janvier, Février et Mars 1957) serait certainement l'un des meilleurs et les plus frappants de tous temps pour les affaires.

Maintenant que les derniers chiffres sont compilés pour ce trimestre 1957, on voit que cette prédiction était exacte (Ces chiffres ont été publiés dans cette issue du "The Cash Box' Quarterly Export Edition," avec une revue complète de toutes les exportation durant 1956.)

L'analyse des affaires du premier trimestre 1957 fait ressortir les faits suicants:

1) Les exportations de phonographes neufs et de seconde-main, c'està-dire 25.4% de plus que le nombre envoyés en 1956, pour une valeur totale de \$3,845,492, furent exportés dans les marchés mondiaux par les fabricants et distributeurs américains pendant le premier trimestre 1957. L'Europe continua comme importateur de tête, achetant 3,444 phonographes neufs et de seconde main pour une valeur totale de \$2,252,711.

2) Les exportations de machines de jeux montrèrent même une plus grande augmentation durant le premier trimestre 1957. Il y eut 10.040 machines exportées pour une valeur totale de \$1,633,031. Ceci est plus que le tiers de laquantité, et de la valeur en dollars, de toutes les machines de jeux expédiées en 1956 (Les expéditions de tout 1956 sont de 27.096 unités pour une valeur totale de \$3,-863,501). Ceci également confirme la prédiction faite dans "le Cash Box" pressentant que le premier trimestre d'affaires s'avérerait phénoménal.

3) La plus forte surprise fut le grand nombre de machines distributrices exportées durant le premier trimestre de 1957. Tandis qu'il y avait 15.563 machines distributrices expédiées en tout durant 1956, pour una valeur totale de \$1,859,144, les premiers trois mois de 1957 virent 6.323 unités exportées pour une valeur totale de \$584,722. En résumé, la branche de l'industrie de la machine distributrice expédia un pourcentage de 40.6% de plus de machines pondant les premiers trois mois de 1957, comparé avec l'année entière 1956. En ce qui concerna le valeur en dollars des envois de machines distributrices de ce premier trimestre 1957, le total dépasse de 31.3% les expéditions faites durant l'année entière de 1956.

Les exportateurs américaines et distributeurs sont enthousiasmés par les affaires enregistrées pendant ces trois premiers mois de 1957. Cela signifie qu'une plus grande propagation de machines distributrices dans le monde apportera encore des affaires plus importantes dans les mois et les années à venir. Les faits sont très encourageants quand les chiffres suivants sont soigneusement examinés: 6.285 phonographes neufs et de seconde-main pour un total de \$3,845,-492; 10.040 machines de jeux pour un total de \$1,633,031, et 6.323 machines distributrices pour une valeur totale de \$584,722, furent exportés sur les marchés mondiaux durant les trois premiers mois (Janvier, Février, Mars), de 1957.

Il est maintenant déterminé que les exportations américaines continue à alimenter la demande mondiale de machines distributrices, automatiques et de jeux opérés avec pièces de monnaies. Toutes les machines reconditionnées de modèles récentssont neglobées à grande cadence. Les affaires continuent à la vitesse la plus rapide que les exportateurs n'aient jamais connue. Ceci indique définitivement un futur très brillant pour les affaires mondiales de la machines à sous américaines. Ceci signifie que, les exportations continuant à grand rythme, les affaires seront meilleurs dans les usines ainsi que chez, les distributeurs-exportateurs.

Le continent européen continue comme étant l'importateur les plus important de phonographes neufs et de seconde main, et de machines de ejux. Plus de 50% des phonographes neufs et de seconde-main furent exportés en Europe durant le premier trimestre 1957. Plus de 60% de toutes les machines de jeux neuves et de seconde-main furent exportées vers les pays d'Europe. Environ 39% de toutes les machines distributrices neuves et de seconde-main furent expédiées en Europe.

Les pays d'Américue du Nord et du Centre continuent d'être à la tête des importateurs de machines distributrices. Environ 59% des 6.323 machines automatiques exportées durant le premier trimestre 1957 furent expédiées dans les pays d'Amérique du Sud et du Centre, le Canada utilisant de nouveau une grande quantité de ces machines.

Quand les rapports complèts seront disponibles pour le second trimestre (Avril, Mai et Juin), de 1957, et qu'ils auront été compilés par le Cash Box, cette publication pense qu'une fois encore les affaires d'exportations montreront un très grand profit. En fait, d'après les rapports reçus des fabricants et distributeurs américains, les expéditions furent plus fortes durant April et Mai que durant leur premier trimestre de 1957.

Beaucoup de distributeurs continuent à être débordés de commandes d'exportations. Les fabricants également trouvent plus profitable de concentrer une grande partie de leurs efforts sur les exportations. Tout ceci se résume par des livraisons plus rapides et du meilleur matériel pour les importateurs. Cela signifie que ceux qui, aux Etats-Unis, ont développé leur branche exportation avec une organisation habile et efficiente, en retireront un grand bénéfice.

De contacts étroits de personnels ont été établis par les membres du Cash Box avec beaucoup des importateurs mondiaux. De nouveau, cet Automne, et en plus de ses visites à Londres, un représentant anglais, membre actif du Cash Box, visitera l'Europe.

Les plans de l'hiver prochain sont en route pour qu'un membre du personnel du Cash Box visite des importateurs en Orient. Ceci sera suivi d'un grand tour dans les pays de l'Amérique latine et de l'Amérique du Centre. En résumé, tous les lecteurs du Cash Box recevront des informations de sur place de première main de tous les marchés mondiaux, expertement reportées pour le bénéfice des abonnés du Cash Box.

Il est très intéressant, spécialement pour les importateurs ayant le désir de préparer inteligemment leur programmes d'achat pour le présent aussi bien que pour l'avenir, d'étudier soigneusement la production actuelle des fabricants américains. Activites des fabricants durant le dernier trimestre (Avril, Mai, Juin)

AMI, Inc., Grands Rapids, Michigan, a introduit ses modèles "H" de phonographes, à 200, 120 et 100 disques. Ces machines ont eu un immédiat succès dans ce pays.

Auto-Bell Manufacturing Company, Chicago, Illinois, a encore en production son "Circus," et "County Fair."

Auto-Photo Company, Los Angeles, California, a sorti sa nouvelle machine phonographe automatique, modèle "12", et fut débordé de commande.

American Shuffleboard Company, Union City, N. J., fabricants de jeux de billards d'allées depuis de nombreuses années, a fabriqué un nouveau jeu deux pièces.

Bally Manufacturing Company, Chicago, Illinois, continua à être 1'un des fabricants les plus occupés, introdusant un nouveau jeu standard "Show Time"; un nouveau jeu de pool à 6 blouses "Official Pool"; un nouveau jeu de boules "ABC Tournament" en deux dimensions: 12½ ft. et 14 ft. et continue les expéditions en quantités de son jeu de boules "ABC Bowling Lanes," et également à fournir le commerce avec ses jeux pour enfants "Kiddies Rides," y compris un nouveau jeu appelé "Toonerville Trolley."

Bally Vending Corporation, Chicago, Illinois, a développé sa production pour faire face à la demande de ses machines distributrices de boissons chaudes et froides à 8 choix.

Chicago Coin Machine Company, Chicago, Illinois, était tellement occupé à la fourniture de son "Bowling League," dans les dimensions 20 ft. 8 in., 14 ft., et 12 ft., que la seule autre machine qu'il introduisit pendant cette période a été "Super Bowling League," un jeu de boules de 14 ft.

Exhibit Supply Company, Chicago, Illinois, plus occupé durant ce premier trimestre que depuis assez longtemps, apporta un jeu de pool à 6 cavités; un jeu de boules duck pin "Tru Bowler," et plusieurs machines de jeux types parc d'amusements: 6 Peek Barrels, Nudist Colony (colonie de fourmis) et 5 See-A-View Houses, et continua la production de ses machines vendeuses de cartes, et de cartes.

J. F. Frantz, Manufacturing Company, Chicago, Illinois, fut occupé à remplir les commandes de ses machines très populaires: "A.B.T. Guesser Scale," "A.B.T. Rifle Sports Gallery," "A.B.T. Challenger," "Kicker & Catcher" et "Pace Aristo Scale."

Games, Inc., Chicago, Illinois, est encore occupé à fournir son jeu "Skeet Shoot."

Genco Manufacturing & Sales Company, Chicago, Illinois, sortit deux nouvelles machines durant cette période "Gypsy Grandma," un machine disant la bonne fortune, et "Sweet Twenty One," un jeu roulant en bas pour un ou deux joueurs.

D. Gottlieb & Company, Chicago, Illinois, spécialisés dans les jeux pinball ont sorti "Magestic," jeu de pinball à quatre joueurs, et "Royal Flush" à 5 balles. International Mutoscope Corporation, Long Island City, N. Y., se trouva occupé à fournir son nouveau modèle appelé "Voice-O-Graph," qui enregistre et joue des disques de soit 45 rpm, soit 78 rpm. Elle eu cependant le temps d'introduire une machine de tir "Bang-O-Rama."

The Irving Kaye Company, Brooklyn, N. Y., fait un travail de vente exceptionnel avec ces deux tables de billards "6-hole Eldorado," et "3-hole Super De Luxe Bumper Pool."

J. H. Keeney & Company, Chicago, Illinois, encore occupé àux expéditions de son jeu de boules "True-Score," introduisit "Bowl-O-Rama," un jeu de boules à six joueurs, en deux dimensions, 14 ft. et 11 ft.

Mike Munves Corporation, New York, N. Y., agissant en tant que distributeurs nationaux de deux machines "Squoits," une machine de tir àpression d'eau, et "Burp Gun," une machine de tir.

Marvel Manufacturing Company, Chicago, Illinois, sortit un nouveau "Lucky Horoscope," machine disant la bonne fortune, et introduisit un jeu de billard à 6 trous.

Rock-Ola Manufacturing Corporation, Chicago, Illinois, continue la production de ses trois phonographes, modèle "1455" (200 disques); modèle "1454" (120 disques); et modèle "1452" (50 disques).

J. P. Seeburg, Chicago, Illinois, sortit son nouveau phonographe à 200 disques, modèle "KD-200," et un phonographe à 100 disques, modèle "100-L," dont l'effet immédiat fut un mouvement précipité de production pour satisfaire la demande.

Standard-Harvard Metal Typer, Inc., Chicago, Illinois, continue la production de sa machine sortant une plaque d'identité en aluminium.

United Manufacturing Company, Chicago, Illinois, la première compagnie qui ait sorti un jeu type "Ball Bowling," est encore active à la production de son "Bowling Alley" en trois dimensions: 18 ft., 14 ft., and 11 ft. Elle l'a fait aussi suivre d'un nouveau jeu "Team Bowling" en trois dimensions: 18 ft., 14 ft., et 10 score," en trois dimensions: 18 ft., 14 ft., et 11 ft. Elle sortit un nouveau jeu in-line "Playtime."

United Music Corporation, Chicago, Illinois, introduisit son premier phonographe, modèle "UPA-100," un phonographe à 100 disques.

Watling Manufacturing Company, Chicago, Illinois, est restée très active avec la production de son "Penny Fortune Scale."

Williams Manufacturing Company, Chicago, Illinois, a produit pendant cette période, trois jeux à cinq balles: "Cue Ball," "Gay Paree," et "Hi-Land"; un jeu de billards (sur table) à 6 blouses, une éditions 1957 de son fameux jeu de baseball; et un fusil "Crossfire."

The Wurlitzer Company, North Tonawanda, N. Y., (1a firme a changé de nom en Juin; son ancienne appellation était The Rudolph Wurlitzer Company), va encore en pleine capacité avec la fourniture de ses séries de phonographes "2100"—modèle "2100" (200 disques), modèle "2104" (104 disques), et modéle "2150" (200 disques, phonographe de prix moyen.)

### "EDICIÓN TRIMESTRAL PARA LA EXPORTACIÓN DE 'THE CASH BOX" ANÁLISIS DEL PRIMER TRIMESTRE (ENERO, FEBRERO, MARZO, 1957)

Según se pronosticó en la "Edición Trimestral para la Exportación del 30 de marzo de 1957, los negocios realizados en el primer trimestre del año (en enero, febrero y marzo de 1957) demostraron ser los más activos y sobresalientes en lo que respecta a los negocios de exportación en todo tiempo.

Este pronóstico ha resultado auténtico por todos respectos ahora que se han compilado las estadísticas finales correspondientes a los negocios efectuados durante el primer trimes-tre de 1957. (Estas estadísticas se dan a conocer en este número de "La Edición Trimestral para la Ex-portación de The Cash Box" junto con una reseña completa de todas las exportaciones realizadas durante el año de 1956).

El análisis de los negocios de ex-portación llevados a cabo en el pri-mer trimestre de 1957 revela los siguientes datos:

1) Las exportaciones de fonógrafos fueron cada vez mayores. Por ejemplo, 6.285 fonógrafos nuevos y usa-dos, o sea, por un valor total de \$3.845.492, fueron exportados a los diferentes mercados del mundo por los fabricantes y distribuidores de los Estados Unidos durante el primer tri-mativo de 1057. Evener continué mestre de 1957. Europa continuó siendo la principal importadora, com-prando 3.444 fonógrafos nuevos y usa-

dos por un importe total de \$2.252.711. 2) Las exportaciones de máquinas para diversiones acusaron un aumento muchísimo mayor durante el primer trimestre de 1957. Se exportaron 10.040 de estas máquinas por un valor total de \$1.633.031. Esto representa más de una tercera parte del número total y más de una tercera parte del importe en dólares de todas las máquinas para diversiones despachadas durante todo el año de 1956. (Los embarques totales en 1956 ascendieron a 27.096 máquinas por valor de \$3.863.501). Esto confirma también el pronóstico de The Cash Box al efecto de que los negocios durante el primer trimestre de 1957 serían fabulo

3) La mayor sorpresa resultó ser gran número de máquinas automáticas exportadas durante el primer trimestre de 1957. Aunque durante todo el año de 1956 se despacharon 15.563 máquinas automáticas por un valor total de \$1.859.144, en los tres primeros meses de 1956 se exportaron 6.323 unidades por un importe total de \$584.722. En resumidas cuentas, la división de máquinas expendedoras de la industria despachó en el primer trimestre de 1957 más del 40,6% del número de unidades exportadas d rante todo el año d 1956. En cuanto al importe en dólares de los despachos de máquinas en el primer trimestre de 1957, el total fuée de más de 31,3% sobre el de todo el año de 1956.

fabricantes y distribuidores de Los Estados Unidos que se dedican a exportación se hallan más que los satisfechos de los muy halagadores resultados obtenidos durante el primer trimestre de 1957. Esto significa que la extensa difusión y desarrollo de las máquinas de los Estados Unidos accionadas por monedas, en todas par-tes del mundo, producirán aún mayores negocios en los meses venideros en los años subsiguientes. Los hechos son muy alentadores si se toman cvidadosamente en cuenta las cifras siguientes: 6.285 fonógrafos nuevos y usados por un total de \$3.845.492; 10.040 máquinas de diversión por un total de \$1.633.031 y 6.323 máquinas expendidoras por un total de \$584.722 fueron exportadas a todos los mercados del mundo en los tres primeros meses (enero, febrero y marzo) de 1957

No cabe la menor duda ahora que las exportaciones de los Estados Uni-

dos siguen satisfaciendo la demanda mundial de máquinas automáticas accionadas por monedas para fines de diversión y de expendio de mercan-cía. Todas las máquinas disponibles, de filime modele de último modelo y reacondicionadas, son acaparadas a un ritmo acelerado. Los negocios continúan al paso más rápido que jamás hayan experimen-tado los exportadores de los Estados rápido Unidos. Esto demuestra, sin duda alguna, que el negocio mundial de má-quinas automáticas producidas en los Estados Unidos tiene un gran porvenir. Significa también que, a medida que continúe este ritmo acelerado, tanto las fábricas como los distribui-dores para la exportación lograrán aumentar sus negocios considerablemente.

El continente europeo sigue siendo el más importante importador de fonógrafos y máquinas de diversión, tanto nuevos como usados. Más del 50% de todos los fonógrafos nuevos y usados que se exportaron durante el primer trimestre de 1957 fueron des-tinados a Europa. Más del 60% de todas las máquinas de diversión despachadas fueron a países europeos. Alrededor del 39% de todas las máquinas expendedoras, nuevas y u das, fueron exportadas a Europa. usa-

Los países norte y centroamericanos siguen siendo los principales importadores de máquinas expendedoras. Más del 59% de las 6.323 máquinas ex-pendedoras exportadas durante los tres primeros meses de 1957 fueron despachadas a las naciones norte y centroamericanas entre las cuales el Canadá fué el principal importador de esa clase de máquinas.

Una vez que se disponga de los informes y estadísticas finales correspondientes al segundo trimestre (abril, mayo y junio) de 1957, y que hayan sido compiladas por The Cash Box, no cabe la menor duda, a juicio de esta publicación, de que el negocio de exportación se anotará otra gran victoria. En efecto, a juzgar por los informes recibidos de algunos fabri-cantes y distribuidores de los Estados los embarques efectuados du-Unidos rante los meses de abril y mayo fue-ron mayores que los del primer trimestre de 1957

Muchos de los distribuidores tienen aún pedidos pendientes de despacho para la exportación. De igual manera, los fabricantes conceptúan que les resulta más lucrativo consagrar mayor parte de su tiempo y esfuerzos al negocio de exportación. Todo esto contribuye a la aceleración de las entre-gas y al suministro de mejores equi-pos a los importadores. Quiere decir que las empresas de los Estados Unidos que han desarrollado sus departamentos de exportación de manera hábil y eficiente, lograrán obtener mayores ganancias. El personal de The Cash Box ha

establecido contacto íntimo con mu-chos de los importadores del mundo. Una vez más en este otoño (setiembre a noviembre), uno de los miem-bros principales del personal de The Cash Box hará un viaje a Europa y además de visitar al representante en Londres, Inglaterra, de esta pu-blicación visitará a los demás países europeos.

Actualmente se preparan los planes necesarios para que uno de los miembros del personal de The Cash Box haga una visita a los importadores del Oriente. Después de ello, nuestro representate viajará extensamente los países de la América Central por y del Sur. En resumidas cuentas, to-dos los lectores de The Cash Box recibirán una información fundamental y de primera mano acerca de todos los mercados mundiales, divulgada ex-pertamente en beneficio de los sus-critores de The Cash Box.

Es de gran interés, especialmente para los importadores que desean pre-parar y ordenar sus planes de compras, tanto ahora como en lo futuro, hacer un estudio cuidadoso de todo lo que actualmente producen los bricantes de los Estados Unidos. los fa-

# The Cash Box

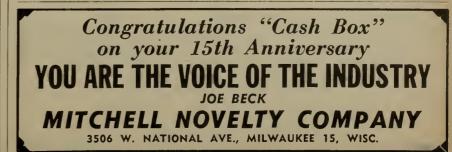

## • On Your **Fifteenth Anniversary**

The Cash Box is the one publication which has proved invaluable to every operator. It is the one publication on which we most completely depend to bring us the kind of constructive suggestions and information which we know will benefit us in every regard. Phil Weisman

UNIVERSAL AUTOMATIC MUSIC CO. 2501 SOUTH STATE ST., CHICAGO, ILL.

Congratulations to Bill Gersh and "Cash Box" "You've Certainly Done All Operators A Lot Of Good"

PAUL and ELLEN BROWN WESTERN AUTOMATIC MUSIC, INC. 4206 N. WESTERN AVE., CHICAGO 18, ILLINOIS

WANT to personally and sincerely congratulate you on this anniversary of 15 years of presenting and representing we in the juke box industry who without you might have remained little known, quite often misrepresented and generally unappreciated.

You have been, actually, the hub of the wheel in an industry with a great many different spokes. Through promotion and publicity you have played a most vital part for all segments of the industry. We tiny spokes in the wheel, we lowly Juke Box Operators are finally and at last joining ourselves together with you in public relations programs. We are performing a public service that is in the public interest and it does serve a common good.

So here is to you "Bill" Gersh, may the "March of Time" treat you kindly and keep you hale, hearty and strong. May "The Cash Box" keep on growing in its service to this rapidly growing industry of which I am happy to be a part.

Sincerely and Respectfully,

**Gordon Stout**

# **MUSIC OPERATORS OF AMERICA CONGRATULATES "THE CASH BOX" ON ITS 15th ANNIVERSARY**

Operators from all over the United States who are members of the National Association, M.O.A., feel that a trade publication of this kind is as necessary to the music business as is Music Operators of America to the automatic phonograph operators.

The increased membership in the National Association has proven that the national organization is held in high esteem and that its necessity to the average operator due to tax problems and legislative problems is a foregone conclusion.

We invite every music operator in America to become a member of M.O.A., either on an annual basis or a life membership basis. Dues in M.O.A. are \$25.00 a year on a yearly basis. Life memberships in M.O.A. are \$250.00 on a lifetime basis.

Anyone desiring an application may write to the Home Office in Oakland, California, 128 East 14th Street, or send a telegram and an application blank will be forwarded to them immediately.

A membership drive is on at the present time, and you should join today and become a member of M.O.A.

# CONGRATULATIONS TO "THE CASH BOX" ON THEIR 15th ANNIVERSARY

We here in California place The Cash Box Magazine in the same category as we do the California Music Merchants Association. The Cash Box is a necessity to the trade and the California Music Merchants Association is a necessity to every music operator and those affiliated with the music business throughout this great State of California.

Many operators have held membership in this organization since it was organized 26 years ago. Some of the major operators who are directors and officers of C.M.M.A., as well as others who are allied with the phonograph industry, namely: Joe Silla, Frank Morgan, Sam Tessler, Ralph Love, Ben Murillo, Larry Marvin, William Black, Wes Elster, Tom Farrell, Walter Hemple, Sam Ricklin, Ray Powers, Wayne Copeland, Paul Laymon, Rodney Pantages, Bill Happel, Jean Minthorne, Walter Huber, M. H. Rosenberg, L. B. McCreary and Harold Newton have supported the California Music Merchants Association for many years with their time and money. They have credited C.M.M.A. with eliminating more licenses and unfair taxation than any other association in the United States.

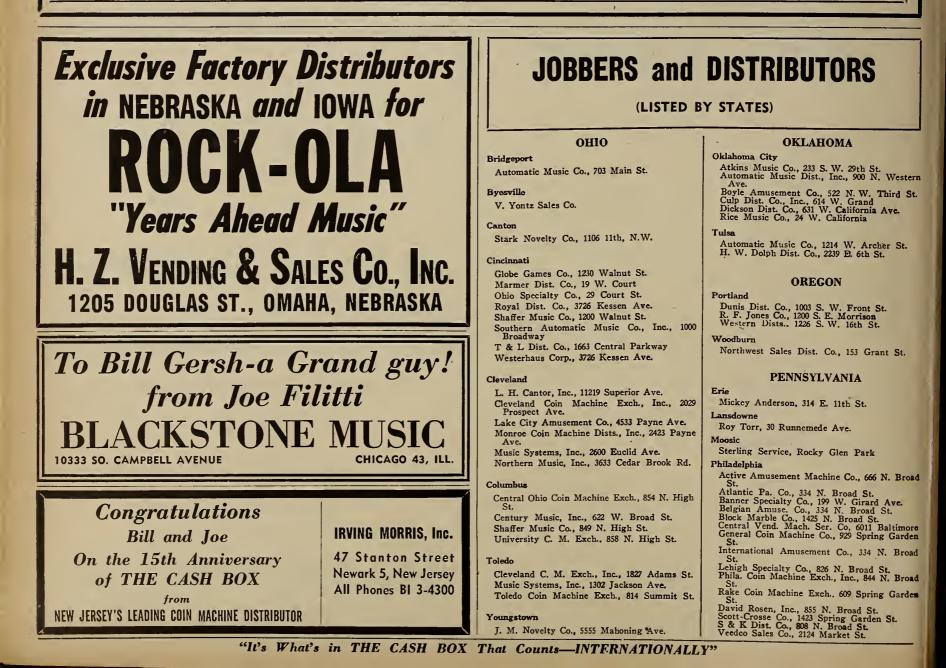

We invite every music operator in California to become a member of the California Music Merchants Association and our Hospital and Health Plan. Every operator should avail himself of these two worthy services. For further information write to:—

George A. Miller

State President and Managing Director

July 20, 1957

Another year has rolled by and, once again, I want to thank all you grand gals who sent me letters congratulating The Cash Box on its 15th Anniversary. There were more such letters this year than ever before). In turn, I take this opportunity to wish each and everyone of you on your birthday, a very healthy, happy and prosperous year.

After this past hectic winter this torrid summer is, to some extent, a very grand relief. I am sure that all your little darlings are either away at camp or enjoying themselves immensely with the many summer sports

sports. Sylvia (Mrs. Leonard) Garmisa, lovely wife and marvelous mother, and who works right with Lenny help-ing him to build up their distributing business, is vacationing at her sum-mer home in Wisconsin. Both her handsome sons (and I do mean 'hand-some') are with her. All the family are great golfers. I've played golf with Sylvia and all I can report is that she has that little, white pill actually hypnotized. Am just wondering, as I type this,

actually hypnotized. Am just wondering, as I type this, if I'll be lucky enough to get some of that delicious pickled watermelon this year from Ruth (Mrs. Ralph) Shef-field. . . Am also hoping that Juanita (Mrs. George) Miller has recovered from her illness and that next year we'll all see her at the MOA conven-tion. . . Just can't get over Kaye (Mrs. Art) Weinand and her marvel-ous well mannered children. All three attended my daughter's (Gail's) con-firmation and they were just what

mothers dream about. . . . If that gorgeous armful of femininity, Nickey (Mrs. Bill) O'Donnell, will phone Genoa City. Wisconsin: BRowning 9-6405, would just love to talk to her. (Aside to Nickey: Tell Bill we've got marvelous tennis courts up here).

Say, have you seen Mary Gillette's dotter, Leslie? Isn't she just gor-geous? And so charming. Mary's just bursting with pride over the grand, young lady that resulted from her tomboy who still loves to play baseball and all the other manly (?) sports... Wonder how Edith Davis is feeling these days? Won't some-one let me know? ... Just sorry to teeney-weeney pieces that I didn't have time to spend with glamorous Sylvia (Mrs. Joe) Brilliant of Detroit when she was in Our Town.

when she was in Our Town. Now that I'm in the heart of the Wisconsin country where all brag about their beautiful gardens, only wish I had a picture of Paul and Lu-cille Laymon's garden to show around. (Could that be arranged, Lucille?). . . Have been expecting Mollie (Mrs. Barnet) Sugerman to stop off in Chi-cago on her way to Minnesota. . . Isn't Ursula (Mrs. Tony) Galgano but a beautiful bowling champion. And Tony is just as proud of her as anyone ever could be. Which reminds me, and from what

anyone ever could be. Which reminds me, and from what I hear, Chicago's gals are already planning the finest of finery for the first annual dinner-dance to be given by the Recorded Music Service Assn. at the Morrison's Terrace Casino on Sept. 14. Better be there that even-ing if you think Chicago's gals can't dress to match the very best.

"No Compromise" On ASCAP Legislation States MOA Letter to Sen. O'Mahoney By Miller and Levine Reveals Music Operators Position

GEORGE MILLER

SIDNEY H. LEVINE

OAKLAND, CALIF.—George A. Miller released the following document in letter form under the signatures of Sidney H. Levine, National Legal Counsel; and George A. Miller, National President; in answer to Senator O'-Mahoney's request that a compromise be made between ASCAP and the Music Operators of the Nation.

June 25, 1957 Hon. Joseph C. O'Mahoney Committee on Judiciary Sub-Committee on Patents, Trademarks and Copyrights Senate Office Building Washington, D. C.

Dear Senator:

We have before us Senate Document #155 entitled "A REVIEW OF THE EVIDENCE RELATING TO THE COPYRIGHT LAW AS IT AP-PLIES TO JUKEBOXES IN CON-NECTION WITH S.590".

As this report vitally bears upon the very existence of our coin operated music machine industry, it has received a through, painstaking and critical analysis by all the leaders in our industry and it has been publicized through various media among a great many of the music operators.

We have devoted considerable time to a study of its contents and have discussed this with persons who are prominent in our industry.

We have collated, weighed and digested the various opinions which have been expressed concerning this report. In addition, Mr. Miller sent out a questionnaire to over 30 leaders in our industry who have their fingers on the pulse of the operators in their respective regions of the country. Of course, we do not pretend to speak for all the operators in the country, but the opinions of several thousand of them expressed directly or indirectly have been obtained. The results of these inquiries are included in this letter to you.

Generally, it is the consensus that you have presented a report which is the product of great diligence and considerable effort on your part. And we respectfully commend the obvious good will and attempt to get at the core of the problem which characterizes this study. The arguments, pro and con, have been carefully, if briefly, portrayed. However, we respectfully dissent from the statements of issues as formulated and the conclusions at which you arrived.

In our view the first sentence of the issues as framed, contains the heart of the controversy. That sentence reads as follows:

"Whether the jukebox exemption should or should not be repealed."

For the rest, our view has been expressed in a joint statement released by us and which states in part that the issues generally, "—deal either with tangential matters or proceed on the completely unwarranted assumption that some compromise should be made and that what remains is merely a matter of negotiation and procedure." A copy of this statement is enclosed herewith.

Since its publication, in whole or in part, in various trade papers, this statement has received an almost universal expression of approval from music machine operators throughout the country.

In all frankness, your conclusion that a compromise of some sort is indicated has proved to be a source of great embarrassment to our industry, and ASCAP and its fellows have made the most of it. It has put us in a position of appearing to be unreasonable for refusing to negotiate with the performance rights societies.

When the matter of entering into negotiations with ASCAP and others similarly situated was put to the operators by Music Operators of America, Inc.'s letter of inquiry, the overwhelming majority of responses indicated that there is nothing to negotiate and nothing to compromise and (Continued on next page)

industry advised us not to discuss compromise with ASCAP, we felt that this important decision should only be made after a thorough airing of the question among as wide a group of operators as was possible. An ideal opportunity arose during the Music Operators Convention just concluded. The issue was put before the general membership of Music Operators of America, Inc. at the Convention assembled in Chicago. We conducted a forum meeting concerning proposed adverse legislation and related matters to which many hundreds of individual publishers and songwriters were invited to participate. This discussion was held on Monday, May 20, 1957 at 8:15 P.M. Approximately 600 of these invitations had previously been sent in bulletin form. None of the individuals appeared at our meeting and hence, the ASCAP side of the story could not be effectively presented, although every opportunity to be heard would have been afforded to any of these publishers or songwriters who desired to speak. It is most unfortunate that they refused to avail themselves of this offer because there is no other time or place at which so many operators are assembled under one roof during the year.

At our general membership meeting held on the morning of May 22, overwhelmingly and emphatically expressed.

It is our desire to indicate to you why we believe that no compromise is necessary or possible. Our industry has grown, and thousands of small businessmen have invested in total, millions of dollars for almost 50 years, in reliance upon and with full awareness of the exemption contained in Section 1 (e) of the Copyright Act of 1909. That such investments have been made with specfiic knowledge of the exemption becomes evident when one realizes that ASCAP has been trying to remove this exemption for over 30 years and these various attempts have been fully publicized among the members of our industry on each and every occasion. Since the various Congresses, in their wisdom, have seen fit, after weighing the merits, to retain the exemption without any change, for better than three decades, it can hardly be said that our industry has not been justified in placing its confidence in the continued (Continued on next page)

existence of the exemption in its original form.

Let us be practical-what is there to compromise? What can ASCAP and its associates give us that has not heretofore been granted to us? What can they offer us in exchange for our promise to pay untold millions into their already vast coffers? If it is anything, it is their withdrawal of the threat to continue their perennial assault upon us in Congress. The performance rights societies cry that they are being deprived of certain rights which are theirs. This is very wrong. It is we who have the rights which they have been seeking to take away from us and which they now seek to have us compromise away. Where is the mutuality in a compromise of this type? We are to pay, and pay heavily, and all they can promise us is a cessation of the legislative harassments with which they have plagued us for years. But, of course, there would be no need for them to go to Congress if they succeeded in their objectives through a so-called "compromise".

To be blunt, it is clear that the performance rights societies cannot succeed in Congress on the merits if we are permitted to fully state our case and so they have embarked upon the device of compromise, seeking meanwhile to place us in bad light.

Their vast publicity machine has not ceased operating since the time of the hearings held before you in February, 1956. A patently distorted exposition of the issues appeared on the front page of the "New York Times".

What appears to be obscured in the entire situation is the simple fact that not every issue demands or is susceptible of compromise. Their persistence in asking for one does not create any greater equity for their case. If an utter stranger approaches a small businessman and demands half his income under threat of lobbying against his legitimate interests, does the constant insistence of the stranger entitle him to any compromise? Should not the temerity of such a suggestion in all justice evoke a swift, sure, and resentful rejection?

In sum then, it is the opinion of those persons whom we represent in this industry, both locally and nationally, and it is the opinion of countless others who have communicated with us that no compromise is necessary or possible, and that a conference with the performance rights societies can serve no useful end.

We are well aware that the refusal of our industry to bargain away its very existence will merely serve to redouble the volume and fury of AS-CAP's legislative onslaughts in this Congress. All that we ask is a fair opportunity to present our case in open hearings upon the consideration of any proposed legislation which is introduced which may adversely affect us. Whenever we have been permitted to present the complete and accurate picture of matters as they really are, (Continued on next page)

## "No Compromise"—Miller and Levine

Schlesinger referred to the efforts of ASCAP to pass "juke box legislation", amid reports that congressional committees appeared ready to investigate the society's distribution formula.

Others joined Schlesinger's views, querying, "What hope can there be for us to pass the juke box bill when we openly agree we aren't democratic in running our present organization?"

There was little doubt in the minds of most Coast writers and publishers that a change was needed, and in the opinion of many, the best possible change at this stage of the proceedings would be a severe shake-up in the ASCAP board of directors. Several writers pointed to other industries and said, "When the stockholders aren't satisfied with management, we change the management."

It is inconceivable to us that all other considerations aside, that the small proprietors in our industry should be compelled or requested to pay hard earned millions to these monopolists.

We wish to comment briefly on the recently introduced S.1870, the latest in the series of bills which seek to remove the exemption in Section 1 (e) of the Copyright Act of 1909. This bill is as objectionable to us as were all its predecessors, going back some 30 years. With one exception, not directly relevant to the basic issues, this bill is merely another inequitable, vague, unworkable and confiscatory piece of proposed legislation. It certainly indicates no softened or compromise attitude on the part of AS-CAP, and its associates. On the contrary, it is another bold attempt at obtaining complete repeal of the exemption without fixing any ceiling on the amount of royalties which might be demanded by the performance rights societies. ASCAP, as usual, is talking sweetly, but also, as usual, offers only a bitter pill to our industry. Under such circumstances all protestations of good faith are highly suspect.

On behalf of the coin operated music machine industry we wish to thank you for the patience and kind consideration which you have shown all interested parties and we wish to assure you that your efforts were very greatly appreciated.

Respectfully yours,

George A. Miller, President of Music Operators of America, Inc. Sidney H. Levine, Counsel for Music Operators of America, Inc

The past year has been twelve months of great activity along Pico Boulevard. New phonographs, games and records have made their appearances in the showrooms and one-stops to attract operators from near and far and make Pico Boulevard one of the busiest streets in the country. . . . George Mahlum reports sales continuing soaring on the Seeburg Jet "200" phonograph at Minthorne Music Company. Matt Nordberg visiting distributors and operators in the Long Beach area. Harry Orlowski says he is having a hard time keeping a floor sample of Chicago Coin's "Classic" Bowler in the showroom. Paul Vogel keeping Ernie Lundgren busy processing used pieces at Minthorne's Used Equipment Department. . . . Lucille and Paul Laymon say Bally's "ABC Tournament" Bowlers are being delivered to and picked up by the operators as fast as they are uncrated at Paul A. Laymon, Inc. Ed Wilkes reports Bally's new "Toonerville Trolley" Kiddie Ride is causing a stir with arcade operators. Charlie Daniels arranged for a Rock-Ola "200" phonograph to be used on the CBS Television "Climax" show. . . . Norty Beckman took time off from Norty's Music Center to enjoy a trip to San Francisco with his wife, Clarice, and their two daughters. The attractive new addition at Norty's is "Beckey" Lafayette. Jan Graham says Elmer Bernstein's "Ten Commandments" LP Album on Dot is one of his biggest sellers. Harold Goldfine predicts Larry Williams will have a hit with "Short, Fat Fanny" on Specialty. . . . Bill Happel reports he has had to increase the factory orders on the AMI "H-200" phonograph to handle the initial and repeat orders coming in at Badger Sales Company, Inc. An AMI Service School was conducted by Gene Wasson, AMI factory service engineer, and was well attended by local operators. Marshall Ames says used guns, games and arcade pieces are rapidly moving out of the showroom.

The employees of Sierra Distributors are enjoying their Saturdays during July and August with all departments closed on that day. Pete Ley complaining about leaving the heat in Bakersfield and hitting a hot spell in Los Angeles. A split carload of Wurlitzer "2150" and "2100" phonographs arrived at Sierra which is keeping Wayne Copeland and Frank Davis busy filling orders. Ed Wisler reports a great deal of Wurlitzer activity in San Diego. Jim Crosby going to Kansas City where he will pick up his family and return to California. . . . His many friends wishing Joe Duarte great success with his new venture, Duarte International Sales Company, Inc., which will be located at 835 E. 31st Street, Los Angeles 11, California. . Sammy Ricklin's son, Ronnie, is spending his summer working at California Music Company until he returns to his studies at Los Angeles City College where he is taking Business Administration. Gabe Orland says he is always happy to have someone "administer" a little "business" at California Music. Martha Delgado predicts another hit for Frankie Lymon with "Goody Goody" on Gee. Buddy Robinson believes Hank Snow's "My Arms Are A House" on RCA Victor will go both C & W and Pop.

Charley Robinson is looking forward to a visit from William DeSelm, United sales manager, and Bob Bever, United fieldman, at C. A. Robinson & Company. Hank Tronick reports another shipment of the United "UPA-100" phonographs expected at Robinson's momentarily. Al Bettelman says all used equipment is moving at a rapid pace. Ray Powers will be devoting more time working the northern territories. . . . Jack Simon had hardly gotten settled at his desk at Simon Distributing Company before he was off to Las Vegas on business. Sonny Lomberg is driving a new car back from Chicago and making calls on the trade on the way. John Freeman reports they had to replenish the arcade equipment supply after the big Fourth of July rush by the operators. . . Bill Lanzy introducing Chuck Devore to his brothers, Andy, Nick and Vinny, and the rest of the crew at American Coin Machine Service Company. Future plans for American call for having exchange units for all types of equipment, plus exchange mechanisms which will save operators a great deal of time. . . . At Leuenhagen's Record Bar, Mary, Kay and Claire Solle were recuperating from their week-end at Balboa where they had taken their Niece "Barbie" Chandler for her first visit. The gals say they had a wonderful time sailing and swimming, but did get a little fidgety when they went out in a motor launch and almost ran out of gas in the open sea. Kay says the Del-Vikings have a "comer" with "Whispering Bells" on Dot. Claire and "Barbie" agree "That Old Feeling" will be big for Roy Hamilton on Epic. Mary reports the operators are going for "Diana" by Paul Anka on ABC-Paramount.

# In The Cash Box' 30th Anniversary Issue You'll Find The Following:—

Prices of all equipment will be up at least 50 per cent and, in most cases, much higher.

F

Inflation will continue and may even be accepted as a new business principle.

There will be far over 1,000,000 automatic musical instruments on locations in the U.S.A.

There will be 100 per cent more amusements and vending machines on locations in the U.S.

This will be due to the fact that there will be about 25 per cent increase in the number of small businesses in the U.S., surpassing the 5,000,000 mark.

There will be outstanding operations in suburbs that are now only barren fields miles from present urban centers.

Play will be on a  $15^{\phi}$ , 2 for  $25^{\phi}$  basis. Commission will be 75% to the operator, 25% to the location.

Players without correct change will still be able to play the machines.

The amount they spend for play will be electronically computed and correctly registered.

They will pay the location owner as they leave, just as they now pay for their paper, cigar and candy bar.

Due to the four day week amusements will be entirely different than anything now even dreamed of to capture outdoor play action as well as to create a new type of indoor amusement competition.

U.S. operators will purchase machines manufactured in Canada, Germany, Japan, Sweden, Switzerland, England, France and other countries.

The operators in those countries will continue to import U.S. manufactured machines in triple the quantity they now purchase.

Manufacture will be on a competitive basis internationally due to the fact people will be able to fly by commercial jet liners from New York to London or Paris in just two hours. Jet passenger plane flights from Seattle to Tokyo will take 4 hours.

It will be an era of competition for sales and operating as well as manufacture.

There will be about 50% more operators in the U.S. This will be brought about by the tremendous population increase, near the 200,000,000 mark.

The increased number of different type locations will easily accommodate this larger number of operators.

In view of the fact that the greatest portion of the U.S. population will be people under 20 and over 65, machines will be manufactured to accommodate these age groups.

People will have more money to spend. It is estimated that the \$7,500 per year income families will increase over 400 per cent.

Population experts believe that Florida, California, the South and Southwest will enjoy the greatest population gains. These same experts believe that greatest industrial growth will be in Michigan, Illinois, Indiana, Ohio and Wisconsin.

The area from Boston to Norfolk will be solidly industrial. With automation and atomic power the juke box of 1987 won't even remotely resemble the juke box of today. Nor will records be used. A new music will be in effect.

Music will be able to be dispensed from a central source to cover many hundreds of miles, yet will be completely selective.

The picture of the vocalist actually singing the song, just as he or she made it, will appear with the choice of the tune.

Many games will be played by remote action. This will prove more thrilling and suspenseful than any play action ever known.

Players in many different locations, miles apart, will be able to compete against each other and actually see each other's scores, while watching each other play.

As far as the use of power is concerned, an atom battery that can fit into a baby's hand, and that will,outlast the life of any type machine, will operate the game, vendor or musical instrument.

Tubes, bulbs, wire, and many other such present day needs, will disappear.

Outdoor amusements, music and vendors will operate on their own tiny solar power plants.

Operations will be controlled from a central source. Operators, as they are known today, will be entirely different type business men.

They will be able to conduct routes ranging hundreds of miles by visual telephone and remote atomic automatic controls.

Automobiles will be smaller, faster and more powerful. Most operators will use freight carrying helicopters to move and place equipment.

There will be operators with routes in Chicago and New York (one hour apart by commercial jet airliner) and also in London and Paris (two hours from New York by commercial jet flight).

Similarly, British, French, German and men and women of other countries will operate in the U.S.

This industry will be truly internationalized.

If this sounds fantastic, or too far afield, just look back at the changes which have already taken place since the first 10 record juke boxes, the first pinball games and the first cast-iron and wood vending machines.

With a new era of electronic invention and development ahead, stimulated by the use of solar and atom power, the products of the industry that will be featured in *THE CASH BOX 30th ANNIVERSARY ISSUE* will be as different as today's multiple automatic, change-making merchandisers, compared to the cast-iron peanut vendors of 30 years ago.

# **Chicago Coin Delivers New** "Classic Bowling League"

## Features 41/2" Duck-Pin Bowling Balls

ED LEVIN

CHICAGO—Edward E. Levin, di-rector of sales, Chicago Coin Machine Company, this city, announced this past week that the new 6-player "Classic Bowling League" is being delivered to the firm's distributors. The new game is played with duck-pin bowling balls made of Ebonite, de-scribed as the same material used in the manufacture of regulation bowl-ing balls.

the manufacture of regulation bowl-ing balls. Balls are 4½ inches in diameter and weigh 2¼ pounds. Due to the size and weight, the balls are said to handle like the regulation bowling balls, al-lowing the player to throw a hook ball, back-up ball or straight ball. "The large ball," Levin stated, "is just one of the many outstanding fea-tures of the new game which provides players with all the thrills and enjoy-ment of real bowling.

"One look at the beautiful 'Classic Bowling League' seems to convince everyone that we have the greatest bowling game ever created," Levin avid said.

"This is the kind of game that makes every location a permanent bowling alley. Therefore, the operator can establish for himself a secure fu-ture of steady and continuing pros-perity." perity.

"Classic Bowling League" is ship-ped from the factory to operate on 2 for 25¢ play. The slug rejector coin mechanism has an accumulator which credits plays according to the number of coins inserted of coins inserted.

The coin mechanism may be easily converted to straight  $10\phi$  or  $25\phi$  per player at any time, if desired.

Specially designed cabinet is 16 feet long and 2 inches wider to accommo-date the duck-pin balls. Striped play-field is 1 inch lower than previous models of "Bowling League."

Game has the largest plastic bowl-ing pins ever made for bowling games. Insulation under playfield provides quiet operation.

The game features regulation scor-ing up to 300. In addition, there's a high score register at top of back glass to record high score of the week, controlled by location with a key in front of the cabinet.

Other "League Bowler" features in-clude all mechanism in back rack, genuine gutters, positive ball-lift ele-vator and ball return.

"Classic Bowling League" comes in three sections for easy handling and installation. Playfield is divided into two sections.

Coinbiz' Old Timers To Give Their Experienced Opinions Of Which "10c Play Plus" System They Have Found Best For Ops

CHICAGO—As this issue goes to press the members of the outstanding "20 Year Club" are receiving a survey sheet asking for their opinions as to which ' $10\phi$  Play Plus' method they have found from their experience to be best suited to the needs of the operators.

The Cash Box' "20 Year Club" is composed of over 1,500 men and women who have been actively engaged in the coin machines industry for 20 years and longer. These are the men and women who have helped this industry to progress and grow great over the years. These are the men and women whose experience is of such outstanding value to all in this industry.

The survey sheet which has been sent to these men and women contains the following methods now in use thruout the nation:

- 10¢ play plus 60%-40% commission basis.
- 10¢ play plus 65%-35% commission basis.
- 10¢ play plus 70%-30% commission basis.

The members are also asked to present their own method which they have found best if it is not listed in the many systems shown on the sheet which they receive.

They are also being asked why they chose the system which they believe is best for the operators.

## **Gottlieb Shipping New Two-Player 5-Ball "Continental Cafe"**

ALVIN GOTTLIEB

CHICAGO—Alvin Gottlieb of D. Gottlieb & Company, this city, an-nounced this past week that the firm is making shipments to distributors all over the world of the new two players five-ball game, "Continental Cafe."

"We know in advance from test re-ports all around the world," Gottlieb stated, "that 'Continental Cafe' will earn more money for the operator than any other two player we've pro-duced in the past.

"These location tests were made in all types of locations, in small towns and big cities, in the Eastern and Western Hemisphere—so that every

buyer of Gottlieb pinballs everywhere is assured of a wise investment."

The game features fast, competitive action, according to Gottlieb, with several exiting ways to build up points.

Each ball may go thru red and green rollovers to light red and green pop bumpers, thus scoring 10 points with every hit instead of one point.

Three holes in the enter of the play field light up in rotation to score 200 points instead of 50 points.

Two bulls-eye targets score 50 points when hit in the center, five points when hit on the edge.

Ball is directed toward the bullseye targets by two cyclonic kickers.

Two super-powered flippers also di-rect the ball over four rollover but-tons which score 10 points when lit.

Replays for high score can start at 900.

Number-Match feature provides final thrilling surprise. Matching last number in score to number that ap-pears on backglass when game is over Number-Match feature awards one replay.

Matching last number in both scores awards five replays for each player.

"Continental Cafe" is available with twin chutes. Standard Gottlieb features are also included.

"This game is an international favorite for top collections," Alvin Gottlieb concluded.

### **Knokke, Bel., Arcade Big Attraction**

ANTWERP, BELGIUM — Sal Groenteman and Albert Polak, Co-owners of Belgian Amusement Com-pany, this city, advise that their new-est Amusement Palace has become "the overnight stellar attraction of Knokke, Belgium."

Groenteman and Polak further state that West Flanders, in which Knokke is located, has added this amusement center to its brochure of most interesting things to see along "the Littoral." Knokke's newspapers have welcomed this amusement cen-ter and have complimented the man-agement on its taste in decor and oragement on its taste in decor and organization.

Belgian Amusement Company also reports that sales of both amusement machines and phonographs in the first six months of 1957 have far surpassed the sales in the like period in 1956.

## **New Building For Mickey Anderson**

ERIE, PA. — Mickey Anderson, popular coinman here, reports that the firm's new building is just about completed.

"I'll have pictures taken," Mickey promised, "just as soon as we're all completed and want all my friends," he added, "to visit with me.

"Maybe," stated Mickey, "I may even have a grand opening party."

## "Committee Of 500" Formed In Detroit To Fight Unfair State Taxes, Licenses, Etc.

ROY SMALL

DETROIT, MICH .- Roy Small, conciliator and public relations counsel of the United Music Operators of Michigan, this city, released the text of a letter which will be sent to all music operators in Michigan.

Small announced the formation of a "Committee of 500" for the purpose of fighting "future state proposals that would be detrimental to your business, such as: unreasonable state taxes, licenses, etc."

The organizing committee consists of Paul Andre, Andre Music Co., Lansing; Carl Angott, Angott Distributing Co., Detroit; Joe Brilliant, Brilliant Music Co., Detroit; Edward Carlson, Carlson Music Co., Detroit; Frank Fabiano, Fabiano Amusement Co., Buchanan; Ray French, Northeastern Music Co., Alpena; Art Hebert, Miller-Newmark Distributing Co., Detroit; William F. Hewitt, William F. Hewitt Co., Conway; Bill Miller, Miller-Newmark Distributing Co., Grand Rapids; Lou Nemesh, Grand Music Co., Detroit; Richard V. O'Meara, Music Systems, Inc., Detroit; Jerry Snyder, Music Systems, Co., Lansing; Herschel Trees, Wolverine Entertainers, Pontiac; Pat Yeo, A.M.I. Distributing Co., Grand Rapids; and Roy Small.

The letter, signed by the entire committee stated, "The many pro-posals of taxes and licenses on Music Machines would destroy your business if allowed to go unchallenged.

"The proposed state license of \$50.00 per machine caught the music operators throughout the state by surprise. The United Music Operators of Michigan were successful in bringing to Detroit several Senators for a public hearing on the \$50.00 state license proposal. This hearing lasted several hours and the Senators were very courteous and open minded. They listened patiently to our claims and problems and assured us that they had a better understanding and opinion of the Juke-Box operators.

"We are pleased to inform you that the music machines were not included in the final bill this year although additional taxes were levied on cigarettes and whiskey."

The Committee urges Michigan

operators to contact the organizing committee member nearest him, or the Detroit office of the U.M.O. The yearly membership fee of \$10.00 entitles the operator to the help and advice of the officers and representatives of the organization and establishes a defense fund to fight unreasonable state proposals.

A state convention will be held in Detroit in the near future to elect a Board of Directors to handle finances, etc.

**Coven Holds Schools** And Showings Of Wurlitzer Phonos

BEN COVEN

CHICAGO-Ben Coven of Coven Music Corporation, this city, reported this past week that he was "very pleased with sales and attendance" of the last two Wurlitzer schools and showings in Ft. Wayne, Ind. and Peoria, Ill.

The Wurlitzer school in Ft. Wayne was held at the Gerber-Haus Hotel, July 8 and 9.

On Thursday and Friday, July 11 and 12, the new Wurlitzer Models "2100," "2150" and "2104" were shown to the operators at the Jefferson Hotel, Peoria, Ill.

Ried Whipple, factory service engineer, conducted both schools, explaining the simplicity of the Wurlitzer Carousel mechanism and the many other features of the phonographs.

Bert Davidson, Wurlitzer regional sales manager, Herb Bidenkap and Sid Paris of Coven Music were also present at the showings.

Ben Coven, reporting on the results of the schools, stated:

"In each of the cities, most of the operators and their servicemen in the immediate area were present. As usual, they were impressed with the ease with which the Wurlitzers can be serviced.

"We were all very pleased with the sales resulting from the showings in both cities," added Coven.

## **United Music Plans Double Production**

CHICAGO—The jammed backlog of orders for the "UPA-100" phono, caused by the annual two weeks vaca-tion of United Music Corporation fac-tory here, has brought on a condition where every effort will be made to double production the moment the

employees return on July 22, accord-ing to Jack Mitnick. "The backlog of orders has grown at such a rate," remarked Jack Mit-nick, sales director of United Music Corporation, "that unless we double our present production I can see no way out of this jam for many weeks to come to come. "We've been in daily conferences

here with our engineers and produc-tion men and they are going to ar-range for an entirely new production schedule which promises to meet our

ange for an entirely new production schedule which promises to meet our present requirements. "This will necessitate the doubling of present production," Mitnick con-tinued, "so that we can take care of the backlog we have and the promises we have made of larger volume de-liveries." The offices of United Music division of this outstanding factory have con-tinued busy all thru the employees' vacation period. Orders have continued to come in, and with Mitnick helpless to fill them, he has had to arrange for an entirely new production schedule so as to satisfy present demand while meeting the growing backlog from the firm's distributors.

## Sheffield Has New Plan **For Mechanics School**

After a meeting with some of the men most interested he will present his idea to all the trade in co-operation with all leading factors in the field.

Those who have already heard the outline of this plan believe that Sheffield definitely has something that can work successfully.

Complete co-operation of the leaders of the industry will make possible the services of the finest trained mechanics yet known to the trade to operators.

## **Look Forward To: Bill O'Donnell-Lou Boasberg Tennis Match**

CHICAGO—Long overdue this year is the annual tennis match between Bill O'Donnell of Bally and Lou Boasberg of New Orleans. Friendly rivals over the years, Boasberg took a sound beating from O'Donnell last season which, many belive, has kept him from re-newing his challenge this year. As all will recall, Boasberg claimed that no nite-spot trained athlete could best him in any ath-

letic endeavor, especially tennis, Boasberg's favorite sport. The result of this challenge was a match in a suburb of Wilmette. The result proved that O'Donnell still had that whip of youth in him, sufficient to take Boasberg over the net for a sound defeat. Will there be a return match this year?

year? "It's up to Boasberg," O'Donnell laconically remarked.

## "Living Costs To Keep Going **Up'' Predicts Nat'l Publication**

NEW YORK—Those operators who still unrealistically refuse to face the steady rise in the cost of living, who still operate games and phonographs at  $5\phi$  per play instead of the accepted  $10\phi$  per play and the current proposal by The Cash Box of " $10\phi$  Play Plus," should pick up a copy of this month's U.S. News & World Report.

In a feature story, filled with charts, cartoons and illustrations, the U.S. News & World Report uses big, black headlines to concisely state, "Living Costs To Keep Going Up."

For the operator who is barely keep-ing his head above water, the predic-tion that in the next year the cost of living will probably go up another 1.7 per cent may be just the incentive that is needed to swing him over to one of the plans that have been dis-cussed in the recent issues of The Cash Box Cash Box.

The article predicts prices will rise all along the line. Some of the items mentioned are food, clothing, housing, transportation, medical care, personal services, material services (plumber, carpenter, painter, mechanic, etc.), vacations, recreation, reading, etc. "Almost anywhere a housewife turns, she bumps up against a higher price."

Utilizing an effective color illustra-tion U.S. News & World Report dra-matically pounds home the story of the shrinking dollar from its full worth of 100 cents to its current value of 49.7 and its predicted value

ED RATAJACK

CHICAGO-One of the busiest of all sales directors here is Edward R. Ratajack of AMI, Incorporated.

His office phones continue to buzz with 20 to 30 long distance calls each working day of the week.

Ratajack, himself, rides hard on the phones. Just as he rides hard on his sales force.

next year of 48.9.

next year of 48.9. "In the months ahead," says U.S.N. & W.R., "it's likely you will continue to see prices creeping up. The rail-roads are expected to get a freight-rate increase before long, and higher freight costs usually are translated quickly into higher prices. The mid-year rise in steel prices will not be felt widely, at first, but higher steel costs will lead eventually to increases of a nickel, dime, quarter, or dollar in the prices of many items made of steel. steel.

"The upward trend in streetcar, bus and commuter fares shows no signs of halting. A number of railroads are petitioning for higher fares even though a fare increase was allowed only last May 15.

"The price of new and used cars is expected to inch upward, as in the past, and higher prices are in prospect for oil and gasoline."

The article also states that the official index of the cost of living, kept by the Bureau of Labor Statis-tics, has dipped only once in the last 15 months, and in the last nine months prices have advanced month by month to new highe to new highs.

"There are few signs that this trend is anywhere near an end," says U.S. N & W R. "A year ago the consumer price index stood at 115.4 per cent of the 1947-49 average. Now the index is 119.6 per cent. A year hence it prob-ably will reach 121.6 per cent."

### **Ben Levy In Hospital Eight Weeks**

CHICAGO-Ben Levy of National Popcorn Concessions, operators of kiddie rides, is reported to have been in Billings Hospital these past eight weeks.

While his ailment is not serious, according to partner Dave Brody, it requires constant observation and treatment.

Levy stated that he does get mighty lonesome and that he would like to hear from friends in the industry.

Those who would like to drop him a line can write to Ben Levy, c/o Bil-lings Hospital, Room W-444, this city.

Partner Dave Brody stated, "As soon as Ben gets out, I'm going in. With all the extra work I've had to do all these weeks, I'm long overdue for a rest."

fast and exciting. We provided many ways to score. "The competitive appeal of this two-player game keeps players stirred up, makes them want to stay with it. Result is", continued Weinand, "that operators can enjoy a big increase in collections." "Naples" features bonus scoring and four-digit high scores. Bonus

score is advanced from values of 100 to 300. Bonus is collected when ball lands in center hole. The game has several rollovers which advance bonus score, increase scoring values and award "Specials" when lit. Six kielent

when lit. Six kickout pockets accelerate the fast pace. At the same time, the kickout holes advance the score values from 10 to 50 points. Added velocity and animation are provided by two thumper bumpers, two cyclonic kickers and two flippers. Colorful de luxe cabinet comes with metal legs. Like all Williams games, "Naples" is equipped with slug re-jector coin mechanism. Twin chutes are available for 3, 4, or 5 plays for a quarter. quarter. Game is adjustable for 3 or 5 ball

Chambers pointed out that many locations, such as drive-ins, ice cream parlors, roadside stands and restau-rants, enjoy greatly increased patron-age during the summer months. "These locations deserve later and better machines during their period of peak business", Chambers stated. "At about the time the weather be-gins to break", Chambers explained, "we start switching our late juke boxes from spots that slow down for the summer season, and put the equipboxes from spots that slow down for the summer season, and put the equip-ment into the booming spots where it will do the most good. ## Far East Enjoys Juke **Box Boom**

### From Tokyo To Manila and Thruout **The Islands Far Easterners Listening To Phonograph Music Featuring 80% American Records**

CHICAGO—Reports from the far eastern countries, Japan, Formosa, Korea, Hong Kong, Malaya, Philip-pines and others, indicate that the Far East is enjoying a juke box boom. So outstanding has juke box music become that the Japanese are now engaged in the manufacture of juke boxes. At least, according to reports, partial manufacture. Mechanisms are being sent from other countries while the Japanese build the cabinets. It is also believed that Japan will soon present its own juke box manu-facturers to the world at large and will, as this country has always done in the past, try for sales all over the world.

It is impressive to note that Malaya, the Philippines, Korea, Hong Kong and other far eastern countries, as well as Japan, are continuing to in-crease imports of both new and used phonographs from the U.S. They believe that the year 1957 will see the first great inroads made by the American juke box field into the Far East. Very interesting is the fact that over 80 percent of the recordings used in the Far East are of American manufacture. These are America's top pop tunes. The far eastern peoples appreciate the popular music of the U.S. just as much as do the people in America.

## **Canadian Growth Reflected In Greater Imports**

#### Phonos, Games, Vendors Being Exported Into **Canada in Larger Numbers**

MONTREAL, QUE., CANADA— Tremendous growth of the Dominion of Canada to its present 16,000,000 people, and the great industrial ad-vancements made by this fast growing nation, is reflected in the greater im-ports of juke boxes, games and vendors from the U.S.

During 1956, Canada imported 2,952 automatic phonographs for a total value of \$1,546,222.

The Dominion imported 3,339 amusement machines for a value of approximately \$752,665. In both the above cases, Canada ranked second only to Belgium in im-portation of automatic phonos and games.

In vending machines, Canada rank-ed first in the world by a very great

margin in 1956. The Dominion im-ported 8,573 vendors for a total value of \$1,125,037. Canada is again high up among the leaders the first two quarters of 1957 when it comes to imports of phonos, games and vendors from the U.S. This continued great growth of Canada is, therefore, very definitely being reflected in the constantly grow-ing imports of machines of all kinds from the U.S. Canada, itself, is also becoming a

from the U.S. Canada, itself, is also becoming a great exporter of used machines to Europe, the Far and Near East as well as to North, Central and South American countries. This sister nation's growing wealth and power is of tremendous interest to all American firms.

### **Nova Foresees Busiest Years** Ahead

July 20, 1957

A. W. ADICKES

HAMBURG, WEST GERMANY-With 30 years in this industry behind him, Alfred W. Adickes of Nova Apparate Gesellschaft, this city, foresees the firm's busiest years still ahead.

A frequent visitor to the U.S., Adickes has won the confidence of leading American manufacturers and represents more outstanding U.S. coin machine manufacturers in Europe than does any other European firm.

"A great many changes have come about", Adickes explained, "and each year we foresee greater growth as all Europe awakes to the great possibilities ahead for the better economic welfare of the people.

"There is no doubt in our minds, here at Nova", he continued, "that our sales will increase, our firm expand, and our business continue to grow as we spread the new machines further afield.

"The European operators are among the most industrious in the world", Adickes stated, "and they also realize that they must have the type of equipment which will assure them a strong operational backbone so that their financial position is solid at all times.

"We have constantly attempted", he reports, "to bring the kind of machines to our many customers which would assure them of stabilized financial conditions and would also help them to continue to grow.

"That is why we believe, here at Nova", Adickes concludes, "that our busiest years are still ahead of us."

lieves, "then there is no other alternative but that operators get together into cooperatives."

The pros and cons of the operatorcooperative plan have been propounded thru this publication ever since The Cash Box proposed the plan many months ago.

There are just as many who believe in the success of operator cooperatives as there are those who don't believe that any group of operators will ever stick together or get along with each other long enough to allow for an operators' cooperative to prove successful.

that air conditioning is a business as-set and that it pays for ideelf. "The income these men lost", he adds, "has convinced many of them that they had best air condition their places if they want to be able to com-pete during the torrid weather." In other areas where windstorms, floods and tornadoes created havec, and where these are now past, "busi-ties has picked ... and continues to go up", are the general reports. "All in all", as one noted leader stated, "where the weather has settled down to normal business has picked

The site features excellent parking accommodations for the convenience of customers and visitors. "We're pleased to have this mod-ern, service-minded firm representing AMI in Ontario," said Ratajack. "Op-erators will find Knowles Bailey as conscientious in working with them on their music needs as they have always been in supplying other coin operated equipment. Bailey and his staff extended a cordial invitation for operators to drop in to see, hear and examine the profit possibilities of the terrific 'Model H' that's causing a sensation throughout the world," Ratajack concluded.

#### AMI Trade Paper Ad Wins 1st Place Award

GRAND RAPIDS, MICH.—An AMI GRAND RAPIDS, MICH.—An AMI trade paper advertisement and a sales promotion brochure have won a First Place Award and a Merit Award, re-spectively, in competition with hun-dreds of other entries at the Fourth Annual Exhibit of Advertising and Editorial Art in Milwaukee sponsored by the Art Directors Club of Milwaukee. Entries were judged on the basis of how well the design and appearance of the pieces contributed to their over all effectiveness. Both Award winners were prepared by Edward H. Weiss & Company of Chicago, one of AMI's advertising agencies.

The AMI 1956 Annual Report also has been selected to receive a Merit Award for excellence by Financial World magazine. The AMI Annual Report, by winning this award, qualifies for judging for the coveted "Os-car of Industry" award given each Fall by the magazine for the best report in each industry classification. The James Phillip Reed Agency of Grand Rapids prepared the AMI Annual Report.

W. E. FitzGerald, AMI's advertising & sales romotion manager, supervised preparation of the winning entries.

"To the point", Porter says, "where the machine was, in most cases, harmed instead of fixed."

**Penny Games** 

CHICAGO—Due to continuing sales volume of penny counter games and scales, John Frantz of J. F. Frantz Manufacturing Company is reported to have become well established in the industry as the "Penny King". John stated this past week that his sales of penny counter games are continuing to increase. "One week 'Kicker & Catcher' takes the lead", John discloses. "Then the orders flock in for quan-tities of our 'Challenger!" Scales, according to John "Penny King" Frantz, seems to go along at a steady pace, "except when we get a large export order. CHICAGO-Due to continuing sales

a large export order.

"Our best seller in the scale line is the 'Aristo' model," John reveals, "mainly because it is the least expensive of the scales."

John stresses to operators that there is a definite need everywhere, at counters, near cash registers or on stands, for penny counter games to provide amusement when small change is handed over the counter.

"The penny games are fast", John advises, "and operators tell me how amazed they are at how the pennies quickly mount up to dollars."

## **Monarch Converts Bumper Pool** Games

CHICAGO-Charles Pieri of Monarch Coin Machine, Inc., this city reported this past week that the firm now converting all bumper pool tables into six pocket pool games.

"Up till now", Pieri stated, "we have converted over forty bumper pool tables for local operators.

"The chan eovers have been received with such enthusiasm," Pieri added, "that we will soon have conversion kits available for shipment all over the country."

Pieri pointed out that there is a tremendous amount of bumper pool games still being operated.

"Many of these tables are in need of repairs", he said. "They also require pepping up to put them on a profitable basis.

"Operators have been asking for a conversion kit that will rejuvenate the play by making the old table into a six pocket", Pieri concluded, "so we decided to supply the conversions to all the trade.

NEW YORK—Are there more woes just ahead for the coin machine oper-ator? A recent study of the budgets completed by 43 states show that all 43 states will spend more in the year to come. State spending will be nearly 2 billion dollars more in the year ahead than in the year just past and will hit a new record of about 22.5 billion dollars. This means the states will be look-ing in all directions for new sources to tax to raise their budget monies. Favorite whipping boys of most coun-ties, cities and states have heretofore

been gasoline, cigarettes and coin ma-chines. It is naive to think that these same sources will be overlooked in the careful search for more tax dol-

Iners. Most states will be spending huge sums for schools, highways, public welfare, health programs, mental hos-pitals, law enforcement, construction, veterans' bonus, etc.

This picture puts the finger right where The Cash Box has been hitting hard with its editorials on organiza-tions to fight unreasonable tax and license assessments.

## More "Dime Play Plus"

CHICAGO—According to one well known roadman who has just returned from an extensive tour of the mid-

from an extensive tour of the mid-west: "Every association meeting I at-tended, sooner or later, brought about the discussion of '10¢ play plus' that you people of The Cash Box are urg-ing. "What's more", he continued, "re-action is remarkably favorable every-where for operators to not only get 10¢ per play, 3 plays for 25¢, but, to also obtain a more equitable share of the gross intake, just as your '10¢ play plus' plan advocates. "Up in Wisconsin the music opera-

tors are gradually working to the 100% point on  $10\phi$  play and now discussions at their meetings are all on

cussions at their meetings are all on '10¢ play plus'.
"Many of the Wisconsin operators, very quietly and on their own, have changed over to '10¢ play plus' and find that, for once, they are actually seeing some profit daylight.
"The same is true", this roadman stated, "in other states I covered.
"Operators at their regular meetings actually brought with them editorials from The Cash Box on '10¢ play plus' to open discussions on a more equitable commission arrangement."

#### Wisc. Music Ops To Meet On July 15

#### E. G. DOWE

BEAVER DAM, WISC.—Edward G. Dowe, secretary of the Wisconsin Music Merchants Association, Inc., this city, announced the July meeting will be held on Monday, July 15, at Schmitz-Gazebos at Bailey Harbor.

Dowe, in a letter to the members, advised them that directors and offi-cers for the 1957-58 season will be elected at this meeting. The latest developments on the Washington hearings on the juke box bill will also be discussed.

be discussed. Mrs. Oliver Williams, one of the music merchants members, has invited all the Wisconsin music merchants to Baileys Harbor for the meeting. Baileys Harbor is in the heart of Wis-consin's vacation land and operators have been advised to plan on a week-end of good fishing, boating, and the wonderful Wisconsin atmosphere.

## Logan Distrib Intros "Slugger" New Baseball Ball Gum Vender

CHICAGO—Jack Nelson, Jr., of Logan Distributing Company, this city, announced the introduction of "Slugger", a new ball gum vender with baseball action.

Upon insertion of a coin, a lever is released to propel a ball of gum into a basket for a home run.

Whether or not a home run. Whether or not a home run is "hit", the ball gum drops into the chute. Six straight homers makes the buyer a "Home Run King". Nelson explained that the venders can be placed on counters, stands or wall brackets by the operator.

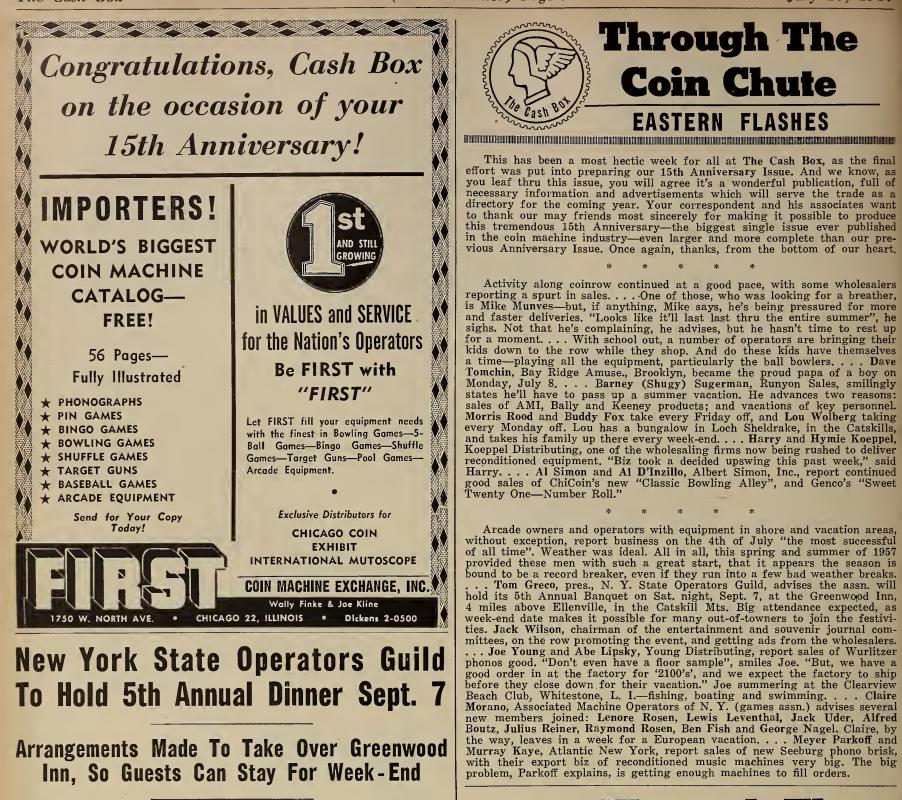

"Our tests have proved", Nelson stated, "that combining the skill action of baseball with the vending of desired merchandise results in multiplying the profits for the operators. Nelson recommended "Slugger"

this past week that he's feeling fine once again. "Get a little twist and turn once in a while", Bergman added, "since the surgery, but", he continued, "it's not too bad. "Anyway", concluded Al, "I'm back in action again and you boys in Chi-cago will see me here more often than before."

venders to music and game operators seeking diversification of routes.

BEACON, N.Y.—Thomas Greco, president, New York State Operators Guild, with headquarters in this city, announced this week that the organi-zation had set the date for its 5th Annual Banquet for Saturday night, September 7. The site selected is the Greenwood Inn, four miles above El-lenville in the Catskill Mountains. For the past several years this asso-ciation has been holding its banquets during the week, and now that it is set for a Saturday night again, it is expected that many more guests will

be on hand, with a number of out-of-towners making a week-end of it. "In all likelihood" stated Jack Wil-son, chairman of the entertainment and souvenir journal committees, "we will have the Inn all to ourselves. We invite our guests to come up early Saturday and take in the facilities all day prior to the banquet. A very fine program of entertainment has been program of entertainment has been arranged, with a cocktail party prior to the dinner, a floor show and dancing."

#### Mike Spagnola Reports Biz Ahead Of Last Year

CHICAGO—"We are far ahead of CHICAGO—"We are far ahead of sales, compared to the same period last year when we had the AMI model 'G'," reported Mike Spagnola, man-ager of Automatic Phonograph Dis-tributing Company, this city. "What's more", Mike continued, "if business continues at this present pace we believe that the AMI model 'H' is sure to set a new sales record for our firm.

"The operators tell us that the AMI "The operators tell us that the AMI "H' is the grandest phonograph they have ever placed on location. "Remember", Mike reminded, "we have only had the 'H' for about two

and a half months.

"Yet", he stated, "when comparing sales over the same period of time with former models, we're far, far ahead with the AMI 'H'.

"The one big reason in our estima-tion for this great sales action", Mike claims, "is because the location owners as well as the public acclaim the beauty and tonal quality of the AMI model 'H'.

"And", he concluded, "when both the storekeepers as well as the public agree on a juke box, that juke box is a hit."

"It's What's in THE CASH BOX That Counts—INTERNATIONALLY"

Growth!

**Progress!** 

Leadership!

Recognition!

These are the qualities most evident in this week's 15th Anniversary Issue of The Cash Box.

Remember the few mimeographed pages of The Cash Box that first greeted the coin machine world in the dark days of 1942?

Manufacturing of coin machines had been halted. America had to build up an arsenal for its Allies. Gas, machinery, steel, paper, transportation-everything was in a state of priority.

But a hard-driving salesman named Bill Gersh felt that the coin machine industry would survive and even thrive during the war years, then continue to grow ever greater during the post war period.

Beginning with about half a dozen sheets of paper, Bill Gersh optimistically demonstrated his faith and confidence in this industry.

The Cash Box grew. The Cash Box dedicated itself—completely, sincerely and constantly—to this industry and to the individuals who earned their livelihoods in it. The Cash Box continued to thrive thru the years because it reflected the optimistic spirit of the industry which it serves.

Today—on its fifteenth anniversary—The Cash Box presents to the trade its greatest array of stimulating features, informative news items, practical articles, helpful pictures, special reports, historical reviews and many other features the reader will want to refer to weeks and months from now. This 15th Anniversary Issue is also the largest in number of ads from leading operators, jobbers, distributors and manufacturers all over the world.

To this industry, to the firms and people who are part of it, The Cash Box expresses its grateful thanks for its rapid and continued growth. We deeply appreciate that the progress we have made is only possible because the firms in the trade have also progressed on ahead these past fifteen years.

The Cash Box will continue its many programs for the future good and welfare of the industry. Among the programs originated, sponsored and pioneered by The Cash Box during these past years were "National Public Relations Bureau", "School For Mechanics", "Dime Play", "Minimum Guar-antees", "National Credit Bureau", "A Day Of Dimes For The 'March Of Dimes'", "Teenage Canteens", "Location Lease Agreements", "M.O.A.", and many, many others.

many, many others. Growing in importance, because "Dime Play" was judged obsolete about a year ago by many leading operators, is the proposal submitted by The Cash Box for " $10\phi$  Play PLUS Front Money and/or A More Equitable Com-mission Basis". It is firmly believed that this extended proposal is the best answer to inflation, higher costs and increased overhead expenses now being endured by the nation's operators in all phases of running their businesses. Operators now are nodding in agreement at "Dime Play PLUS", and many are using effort and salesmanship in the face of short-sighted competition to get their businesses on the more equitable basis. And just two weeks are The Cash Box submitted a new idea to operators

And just two weeks ago, The Cash Box submitted a new idea to operators who are encountering resistance from locations: "No Commission One Week During Each Month". The comment from many operators since was "Now, why didn't I think of that?"

The "20 Year Club" is more and more being recognized as a vital source of information to help benefit all the industry. Opinions and statements will be presented freely in future issues of The Cash Box so that all may be guided toward a secure future by the practices of the leaders-the men and women who have been successful in it for over twenty years. With membership now being extended to coinmen who have been in business 10 years or more, the "20 Year Club" is expected to prove of greater importance during the coming years

The Cash Box Price Lists are a basic, permanent feature now over 18 years old and in its 928th consecutive week's issue. Acclaimed internationally as the one unequalled guide for buying, selling, custom's declarations, depreciation, etc.

There were times when things weren't so rosy. Sure, there were adversities. But the industry created new, better products and went on to grow and expand. There was the time when garages, warehouses and storage spaces bulged with old equipment. Until exports took up the slack. Now we cannot supply world markets with all the late games and phonographs they need. When sales went into a tailspin, The Cash Box pointed out ways to make sales soar to new highs.

The near future shows up as a period of fierce competition, higher costs and rapid adjustments. Every sales tool will have to be employed to keep going and stay with the leaders.

The long range prospects show that population will grow 1/3. People are moving into cities, suburbs and new areas. Enjoying better living standards. Shorter work week, automation and more leisure time means bigger demand for more playtime products.

This industry will meet the demand with new amusements. It will grow greater. It will be better accepted and respected. It will gain its rightful recognition for providing America and all the world with the finest, most economical, most entertaining amusements ever devised.

Before we run out of space, this column wants to thank all of its readers most sincerely for their loyalty, support, good wishes and, most of all, for their deeply cherished friendship.

It is the hope of The Cash Box that we may all proceed with faith and confidence in the future of our industry.

THIS WEEK'S USED MACHINE QUOTATIONS **18th YEAR OF PUBLICATION** 928th CONSIGNE How To Use "THE CASH BOX PRICE LISTS"

[Also known as the "C. M. I. (Coin Machine Industry) BLUE BOOK"] FOREWORD: Many times, wide differences appear in the quotation of high and low prices of certain equipment. Like any true reporter "The Cash Box Price Lists" can only feature the market prices as they are quoted. "The Cash Box Price Lists" act exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of bow much they may seem to be out of line. Some prices do not change for months. "The Cash Box Price Lists," rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices may be very widely divergent. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, serial, appearance, demand, territory, quantity, and condition of equipment must be taken into consideration. (Some equipment offered by outstanding firms, baving a reputation for shipping completely reconditioned machines, will be offered at higher prices than others, due to the added cost of reconditioning.) "The Cash Box Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory. [Also known as the "C. M. I. (Coin Machine Industry) BLUE BOOK"]

his territory. METHOD: "The Cash Box Price Lists" should be read as follows: First price listed is lowest price quoted for the week; Second price listed is highest

price quoted. FOREIGN BUYERS: To cover cost of packing, crating, shipping, etc., figure an additional \$20 to \$25 on Pin Games-and \$25 to \$30 on Phonographs.

## **REGARDING SELLING PRICES**

Reports received indicate that, in some cases, purchasers become upset due to the fact that they cannot, many times, buy equipment listed in the lower price brackets. Sometimes sellers of machines listed at from \$10.00 to \$25.00 ask from \$50.00 up to \$75.00 and even more for these very same machines. Purchasers of such equipment must realize that machines in the very low priced categories are much worn to be priced at these low figures. To completely recondition such machines, the reconditioner must add onto his price the cost of transportation to obtain these machines, in addition to a decent profit which will, in most cases, raise the price of a \$10.00 to \$20.00 machine to anywhere from \$50.00 to \$75.00 and up. In the case of arcade and kiddie ride machines these may even be higher due to the fact that many of the parts bave to be made by hand or contracted for at some machinist sbop, since manufacturers of many of the old arcade machines and kiddie rides are no longer in business and it is impossible to obtain parts for reconditioning. Purchasers of such expipment should take these facts into consideration and, at the same time, should also realize that many buyers today have their own repair and recon-ditioning departments as well as experienced mechanics, such buyers will purchase machines themselves to meet their own operating standards. Reports received indicate that, in some cases, purchasers become upset due
