

THE GAVIN REPORT #1218
WEEKLY SUMMARY
(Editor, Gary Taylor)

Smash of the Week: SUMMER NIGHTS-John Travolta/Olivia Newton-John (RSO) Grease is the word, a play, a movie, an album, and a fountain of hits.

Hot: OH! DARLING-Robin Gibb (RSO) Mediocre reviews for the movie; good reviews for the single in terms of excellent airplay.

Top Tip: HOW MUCH I FEEL-Ambrosia (Warner Bros.) Last week's top new add is still picking up fast growing radio support.

Record to Watch: WHO ARE YOU-The Who (MCA) After three years, absence makes "The Who" grow fonder.

Sleeper of the Week: SURRENDER-Cheap Trick (Epic) Jumped from 19 to 11 at WACI in Freeport. Also charted at B100, WOKY, KBEQ, & KOOK.

Country ClubThe WQIK Horsemen

Two personalities at WQIK-Jacksonville participated in a benefit English style "Riding and Jumping" horse show for Hope Haven Children's Hospital on Labor Day. John St. John, M.D. and mid-day talent, and Ed Russ, afternoon personality, rode thoroughbreds in the show's media event. The riding lessons they took the week before the show enabled them to execute three foot jumps. All proceeds from the three-day event went to the Hospital.

Birthdays in Missoula

KGRZ-Missoula celebrated its one year anniversary on August 13 with a Mel Tillis/Don Williams concert at the University of Montana. Mel Tillis was also celebrating his birthday, so at an autograph-signing party in a local record store, fans sang "Happy Birthday" to the artist and presented him with a cake.

National Winner

An entry at WFMS-Indianapolis was judged the national winner in the Fried Chicken songwriting contest. Barbara Mandrell will record the song written by John Moffat, "Falling in Love Alone."

Bill's August Diary

- 3rd. Visited John Rook & Biggie Nevins at KFL. Beautiful studios.
- 9th. Checked into St. Moritz Hotel, New York.
- 10th. Billboard Forum at Americana Hotel. Stan Cornyn made a great opening speech. I joined Paul Drew, George Wilson and Kent Burkhart on a panel. Lunch at Gallaghers with George Wilson. Attended panels on Black Radio and on audience research. Everybody talking about WBLS rating success. Visited with CMA's Jo Walker. Theater and supper with Larry Uttal. Saw "Chapter Two" - Broadway at its best.
- 11th. Breakfast with Paul Drew. Juggy Gales drove me to WWRL over in Woodside. Visited with Sonny Taylor. Lunch with Ben Rosner, Harry Apostolaris & Ruth Meyer. Called on WHN, where Pam Green gave me a guided tour. Visited with Anne Grassi, research director. She uses separate carts for each record excerpt to be rated - plays them only when respondent can't identify song by title. Dropped in on Bob Pittman at WNBC. Dinner with Dean & Shirley Tyler.
- 12th. Attended panel on AM vs. FM radio - Charlie Lake the Moderator. Lunch in Little Italy with Denny Zeitler and Diane DiMaggio. Went to see "Annie" and enjoyed it hugely - partly because the play was laid in New York in 1933 - a time when I spent two weeks there out of work, wondering if I'd join the apple vendors on the sidewalks. Missed Billboard's Awards Banquet, where - I found out later - Lee Zhito had a special award for me.
- 13th. Train to Philadelphia (the only way to fly).
- 14th. Visited Jay Cook at WFIL. Station now targeted for more of an adult audience. Called on Don Kelly at WIP. Lunch at Bookbinders with Steve Rivers of WFIL. Dropped in on "Butterball" (Joe Tamburro) at WDAS-AM/FM. Visited briefly with Georgie Woods. Visited "Walrus" headquarters - dinner with George Meier.
- 15th. Plane to Washington. Lunch with Bonnie Smith, who gave me a tour of WMAL. Visited WASH, where "Western Union" delivered singing telegrams to G.M. Susan Breakefield and PD Bob Hughes, congratulating them on their Billboard awards. Messenger had a nice voice, but it wasn't easy to sing the special lyrics to "William Tell Overture" and Wagner's "Die Walkure". Dinner with Bob Hughes & Bob Duckman.
- 16th. Flew to Detroit. (Memo - don't ever take the taxi from the airport to downtown - it's a long ride.) Lunch with Tom Allen and Ken Morgan of WDEE. Took the tunnel route to Canada to visit with Rosalie Trombley at CKLW. Her office walls have more gold records than I had ever seen before. Vic Ives showed me through the new studios of WTWR, FM affiliate of Golden West's WCAR, located in the fabulous Renaissance Center. Dinner with Vic and Bill Ford, PD of WCAR.
- 17th. Plane to Cleveland. Had lunch with Marge Bush, now helping to run the Ohio School of Broadcasting, and formerly music director of WIXY. Visited Eric Stevens at M105 (WWWM/FM), who is doing very well with his top 40 system of album programming. Called on Terry Stevens at WHK and said hello to Kid Leo, music director of WMMS, highly successful album formatted FM'er. Cleveland radio sounds very good, all across both the AM and the FM bands. Dinner with Terry Stevens.
- 18th. Plane to Chicago. Another plane to Milwaukee. Rented car and drove to Madison. Lunch with Jonathan Little and Gary Bond. Drove around Madison, with its magnificent University of Wisconsin campus and the dominating capitol dome. Dropped in at WISM to see PD Bill Vancil. Dinner with Jonathan's family - four of the best behaved youngsters you'd ever want to see.
- 19th. Drove back to Milwaukee - dropped in at country station WBCS (formerly WRIT) and visited with Manager Terrell Metheny and PD Ken Rice. Lunch with Jack Lee, Manager of WEMP - also a country format. (Both stations are very modern country, with lots of pop crossovers.)
- 20th. Early train to Chicago, where WFYR's Don Kelly had left a ticket for the Cubs' game at Wrigley Field. A cliff hanger! Cubs won it 2 to 1 with two runs in the last of the 9th with two out. Registered for the NAB Radio Programming Conference. Dropped in on three of the format sessions in the evening.
- 21st. Excellent keynote address by Dick Gregory. Concurrent workshops found the "Rotation & Playlists" room jammed to capacity. Visited "How To Use Research" (Frank Magid, moderator) and "Programming & Promotion" (David Moorhead, moderator.) Lunch and "Reverse Press Conference", where representatives of the trade press were quizzed by the audience. Someone asked, "If you were running a small market station, which one publication other than your own would you subscribe to?" It was gratifying that some of the panelists said, "The Gavin Report", even though I hadn't been invited to be on the panel. In the afternoon's concurrent sessions, I listened to John Lund and Scott Burton talk about motivating an air staff.
- 22nd. Visited Don Kelly at WFYR - Classy new studios. Saw Dave Martin, who had just accepted PD spot at WBZ-Boston. Met Mary Catherine, from WSM-Nashville and we went to visit WMAQ in Merchandise Mart. Suzanne Benson showed us around, while Bill Hennes was attending the NAB sessions. Ran into Les Acree and Walt Turner, also touring the premises. Met Bob King, music director of WKQX, the progressive FM affiliate. Took some dinnertime photos of various people at tables. Barry Manilow concert was good but the long, narrow, low ceilinged room was an acoustical nightmare.
- 23rd. "What's New With The Numbers?" session featured brief presentations from six different rating services. Discussion from audience not as animated as anticipated. Airport limo to O'Hare and home again. Said "hello" to my cat and she meowed, "It's about time you got back".

Albums of the Week
(reviewed by Ron Fell)

"Bish"-Stephen Bishop (ABC) Most of today's performers are "singer/songwriters" but few can carry off both parts with equal proficiency. There are flashes of Art Garfunkel and Kenny Rankin in Bishop's voice (both of whom have recorded Bishop material in the past), and his writing is comfortably close to David Gates and Peter Allen. Pardon the name dropping but the comparisons are meant to be complimentary. Top cuts include: LOSING MYSELF IN YOU, LOOKING FOR THE RIGHT ONE, EVERYBODY NEEDS LOVE, ONLY THE HEART WITHIN YOU, and VAGABOND FROM HEAVEN.

"Live And More"-Donna Summer (Casablanca) Summer is disco's superstar, one of the few in that format worthy of two-record sets. This is three sides worth of songs from her recent performances at the Universal Amphitheatre in Los Angeles and one studio side called humbly the "MACARTHUR PARK SUITE". The sound quality is so good on many of the "live" cuts I wonder if there wasn't at least some studio overdubbing. The album is a slick, smoothly segued set of Summer's finest songs.

Also recommended from the following LP's:

"Sir Army Suit"-Klaatu (Capitol) A ROUTINE DAY/EVERYBODY TOOK A HOLIDAY/TOKEYMOR FIELD/PERPETUAL MOTION MACHINE

"Skynyrd's First And...Last"-Lynyrd Skynyrd (MCA) DOWN SOUTH JUKIN'/WHITE DOVE/WAS I RIGHT OR WRONG/THINGS GOIN' ON

"Craig Fuller/Eric Kaz" (Columbia) FEEL THAT WAY AGAIN/'TIL YOU COME BACK/ANNABELLA/RESTLESS SEA

"Janis Ian"-Janis Ian (Columbia) THAT GRAND ILLUSION/HOTELS & ONE-NIGHT STANDS

"Last Cheater's Waltz"-Sonny Throckmorton (Mercury) SMOOTH SAILIN'/I'M KNEE DEEP IN LOVING YOU/I WISH YOU COULD HAVE TURNED MY HEAD (AND LEFT MY HEART ALONE)

"Expressions"-Don Williams (ABC) I WOULD LIKE TO SEE YOU AGAIN/LAY DOWN BESIDE ME/GIVE IT TO ME/ALL I'M MISSING IS YOU

"Reflections"-Gene Watson (Capitol) TAKE OFF THEM SHOES/FAREWELL PARTY/I WONDER HOW IT IS IN COLORADO/PICK THE WILDWOOD FLOWER

"Takin' My Boots Off"-Colleen Peterson (Capitol) I GO TO PIECES/CUPID/ONE HORSE TOWN

"Mother Factor"-Mother's Finest (Epic) CAN'T FIGHT THE FEELING/WATCH MY STYLIN'/LOVE CHANGES

"Well Kept Secret"-Juice Newton (Capitol) SO MANY WAYS/HEY BABY/TELL MY BABY GOODBYE

"Desert Horizon"-Norton Buffalo (Capitol) HIGH TIDE IN WINGO/DESERT HORIZON

"...As The Time Flies"-Frank Weber (RCA) AS THE TIME FLIES/'71/STRAIGHTEN UP AND FLY RIGHT

"Lost In The Late Show"-Traveler (ABC) WHO ARE YOU FOOLIN'/?/TOGETHER AGAIN

"Real To Reel"-Starcastle (Epic) SO HERE WE ARE/WHEN THE SUN SHINES AT MIDNIGHT

"Past, Present and The Futures"-The Futures (Phil.Int.) PARTY TIME MAN/AIN'T NO TIME FA NOTHING/COME TO ME (WHEN YOUR LOVE IS DOWN)

"Pity The Rich"-Pierce Arrow (Columbia) NOW I CAN HEAR THE MUSIC/DESPERATELY/CAN'T BREAK THE HABIT

"Under The Influence"-Denise LaSalle (ABC) NO MATTER WHAT THEY SAY/UNDER THE INFLUENCE

"The Shirts"-The Shirts (Capitol) REDUCED TO WHISPER/TELL ME YOUR PLANS

Kent Zimmerman's Personal Picks (Gary Taylor is on vacation)
 BEAST OF BURDEN-Rolling Stones (Rolling Stones) Slimmed down to a tidy 3:20 without infringing on the brilliance of Keith Richard's writing and Charlie Watts' drumming.
 MACARTHUR PARK-Donna Summer (Casablanca) Ms. Summer takes a quality poke at a classic composition. Severely abridged, this single is derived from the "studio" portion of her new live album. (See page 13).
 I JUST WANNA STOP-Gino Vannelli (A&M) The essence of the Vannelli Brothers' sound has always been keyboards (lots of them) and clean recording. On this single, the appeal is subliminally romantic.
 MARTHA (YOUR LOVERS COME AND GO)-Gabriel (Epic/Sweet City) This beautifully structured pop ballad, with its dynamic bounce, should not be overlooked.

Transitions

Late flash! Ted Atkins, G.M. of WTAE(AM) and 96KX(FM)-Pittsburgh, announces that the new P.D. for 96KX will be Kevin Metheny, recently P.D. of WZZD-Philadelphia. He will replace Bobby Christian, who moves to Chicago as P.D. of WMET. Changes will take place September 11. Jerry Boulding replaces Keith Adams as Operations Manager of KDIA-Oakland. Jerry was formerly Operations Manager of WVON-Chicago and WWRL-New York. Keith takes on the position of Vice-President of Programming for Broadcast Enterprise Network, Inc., in mid-September. He'll be based in Atlanta. Both Jerry and Keith have been Gavin correspondents, and we look forward to a continuing association.

The San Francisco Giants, who have aired their games for 21 years over KSFO, announce they will switch stations in 1979 to KNBR.

Radio for M.D.

The radio effort for Muscular Dystrophy is astounding this year. Jocks all over the country are helping man phones at local TV stations during the telethon. WZYQ-Frederick, Md., will sponsor a 12 hour dance-a-thon in a local mall for the charity. KBOZ-Bozeman broadcast live for 24 hours from a local fast food outlet. WIFC-Wausau, Wis., hosted a "Swing-a-thon" in a clothing shop on a blocked off section of Main Street. The station erected a large swing set, and people took turns swinging for pledges during the three hour remote. KQIZ/FM-Amarillo plans a 20 mile walkathon in mid-September.

Scott Kerr of WNUE-Fort Walton Beach plans to spend the weekend in a mobile trailer suspended 60 feet above a shopping mall. He'll stay until \$1000 is collected. KKRC-Sioux Falls set up a "Jello Jump" at a local car dealership. The first 100 people who jumped into 300 gallons of cherry jello raised \$1000 for the charity. Morningman of KENI-Anchorage, Sean Lynch, spent a week on an island in the middle of the city lagoon. Curing the telethon, he will be helicoptered to the local TV station where he'll present the check to M.D. representatives on the air.

Inside Progressive Radio

(by George Meier, Editor of Walrus)

While listening to the abbreviated pile of summertime albums, there comes a pervasive feeling that the record industry is conspiring to spring tens of thousands of albums on us all at once. They are just holding back until they think it's the right time. Some interesting things are sneaking out. In the shipping gold category is the second Boston album, which is almost interchangeable with the first Boston album. This band is a lesson in creative compilation. Every successful rock 'n' roll move done in the last five years, save the cowbell (which was Grand Funked to death) is meticulously blended into this rock alloy. Then there are rock individualists Robin Trower and Joe Cocker. Both are derivative, yet both inject their music with strong doses of persona. Trower listened to Jimi Hendrix to get his robust guitar sound, but his sometimes inspired melodies are all his own. Cocker, on the other hand, is an R&B reflection. His new album is highlighted by a few special renditions. Joe is one of a special breed of entertainers who create a dynamic tension within their audience by virtue of their own self-destruct tendencies. Judy Garland had that quality and Richard Pryor has it too. Finally, there is that category of musicians who truly say things, who have a chance to change the world. Gil Scott-Heron and Brian Jackson are a dynamic duo who fit that description. On this LP they involve their music more with electronics, probably a necessary change up, but one which reduces the spontaneity of their music a few degrees. Their LP is still quite good. On the classical side, Phillip Glass is a man destined to change the world. His endlessly evolving, circular repetition pieces for "prepared" piano are the kinds of avant-garde which will influence musicians for years to come. He has already had an influence on electronic musicians. Now back to the hits.

Publisher's Memo

Current uncertainties about a postal strike appear to have created widespread irregularities in deliveries of The Gavin Report. Last week, for example, an unprecedented number of our subscribers reported deliveries from one to three days late.

We regret that there is little or nothing that we can do to correct slowdowns or personnel shortages in local post offices. All copies of our paper are taken directly to the San Francisco Post Office's Rincon Annex every Thursday afternoon, where they are taken under the supervision of an inspector who is specially assigned to expedite our mailings.

If delivery irregularities continue, we can only suggest that subscribers refer their complaints to their own post offices and that they report to us each incident of delayed delivery. With the necessary data available we can then make a formal complaint through our Congressman in Washington.

Adult Contemporary Programming
(Associate Editor, Ron Fell)

Most Active: WHENEVER I CALL YOU "FRIEND"-Kenny Loggins with Stevie Nicks (Columbia) Although he still can't seem to have a solo hit without some other major performer "sitting in", Kenny may find this entry sitting in the Top 5 of the A/C chart before its all over.

Worth Watching: MACARTHUR PARK-Donna Summer (Casablanca) Donna's gonna put MacArthur Park on the map once again with this energized version of the Jim Webb classic.

Pablo Cruise
The Cars

Notes: Last time we noted the erosion of interest in the big airplay LP's. We thought it was a signal for a quick slide, especially in the face of strong new LP's. Well, the slide continues, though it is slower than anticipated. We were correct in assuming prominence for some of the newcomers. Both The Who and Boston have powered into top 5 positions quickly. Either one or both are within striking distance of the Stones. Some notable regional things include the relative weakness in the South of both Springsteen and Seger. They are similar artists and they get their least acceptance in the same region. Pablo Cruise and The Cars reach into the Top 10 because of strength in the Northeast while The Who and Foreigner fly the Southern flag.

New Progressive Airplay

Jean-Luc Ponty
Hall & Oates
City Boy

Moon Martin
Joe Cocker
Ozark Mountain Daredevils

Notes: The single new name is Moon Martin who starts his career with strikingly good LP. This list divides itself into two distinct clusters and it provides Ponty with his best start ever. Surprisingly his fusionist music starts strongest in the South and Midwest and not in the Northeast. Hall & Oates do well across the board. The only other real bias is Ozark Mountain Daredevils' strength in the South which pulls them into the list.

Singles: The only two singles worth serious discussion in progressive circles are the Linda Ronstadt and Van Morrison records. Linda's is twice as big as Van's but nothing else is in their league.

The following new tracks are finding their way to air:

- | | |
|---|---|
| Boston - DON'T LOOK BACK/FEELIN' SATISFIED/IT'S EASY/A MAN I'LL NEVER BE/DON'T BE AFRAID/USED TO BAD NEWS | Eddie Money - 2 TICKETS TO PARADISE/ BABY HOLD ON |
| Greg Kihn - REMEMBER/CHINATOWN/SORRY | Robin Trower - MY LOVE/I'M OUT TO GET YOU/ CARAVAN TO MIDNIGHT/IT'S FOR YOU |
| Walter Egan - MAGNET & STEEL | Jean-Luc Ponty - COSMIC MESSAGE |
| 1994 - ONCE AGAIN/SHOOT TO KILL | Joe Cocker - WHITER SHADE OF PALE |
| Tim Curry - BIRDS OF A FEATHER | Kingfish - MOVIN DOWN THE HIGHWAY |
| Alessi - DRIFTIN' | Joachim Kuhn - ORANGE DRIVE |

Daredevils in Chattanooga

WFLI-Chattanooga launched a search for the "greatest stunt man that ever lived" last week as an opener for the local premiere of Burt Reynold's latest movie, "Hooper." The WFLI "Daredevil's Contest" required entrants to display their prowess on the skateboard. The one who came up with the best act won a skateboard, and runners up received passes to the movie. Gary Beach said the crowd witnessed some spectacular performances by skateboardists. The WFLI crew set up its "Disco Machine" at the site, and an advertiser displayed some 1979 sports cars.

Disco on the Water, in the Aisles

WVOV-Huntsville is planning a "Raise a Little Hell" party for Labor Day. They're going to set up their disco system on a 39 foot houseboat on Lake Guntersville, and with free beverages, invite listeners aboard. Dana Harmon said WVOV's "Back to School Disco Splash" on August 18 drew 7500 people, and was a big success.

KSTN-Stockton threw a disco party in the aisles of the theater premiering "Sergeant Pepper" last week. The station gave away tickets, and after the movie, the dance began. The best dancers at "Midnight Sergeant Pepper" received prizes.

Record Hauls

KLEO-Wichita started giving away "three minute record runs" in a local music store last week. The first winner grabbed \$740 worth of albums in the prescribed time, Bob Lawrence said. The record runs will continue for five weeks.

"Thank you Amarillo"

KQIZ/FM-Amarillo entertained 1000 listeners August 20 as a "thank you" for excellent ratings, according to Scott Wilson. The station set up its disco system at a city park and for five hours, held contests, served beverages and gave away many prizes. The winner of the ice cream eating contest won a public service band/AM-FM radio cassette combination. Scott said KQIZ's "Thank you Amarillo" day ended the station's "Super Summer of 1978" series.

Helena and Highwater

KCAP-Helena drew 4000 people to its third annual River Raft Race on Houser Lake August 20. Winners in several categories received trophies. A wet T-shirt contest, skydiving and water-skiing demonstrations entertained the crowd before the race. Two local bands performed at "River Remedy," following the five mile race. All proceeds went to the Jaycee's and Big Brothers/Sisters.

"Tunnel Radio"

WFTL has dibs on the only tunnel in the State of Florida, the one in downtown Fort Lauderdale on U.S. Highway 1. The station's tunnel transmitter blocks out all other signals, both AM and FM, so once a car enters the tunnel, only WFTL's signal can be heard. For the 20-25 seconds it takes to pass through the tunnel, WFTL has produced a series of 15 second promos encouraging listeners to tune their radios to WFTL once they're out of the tunnel. One of the spots sounds like the old "Outer Limits" show..."We have now taken control of your radio..."

"Big WISE Superbowl II"

Big WISE-Asheville announces a back-to-school promotion designed to arouse the school spirit and creativity of a massive number of junior high and high school students. The month-long contest will incorporate 22 schools out of a seven county area, and unfolds in three phases. Phase I, "Fundraising," requires each school to raise as much money as it can for use by the school, or a charity of the school's choice. Each \$1 raised wins the school one WISE point. Phase II, "Creative School Spirit," requires students to depict their school spirit in art form. The statues, mosaics, murals, paintings, etc., will be displayed in the Asheville Mall at the end of September, and a group of commercial artists will act as judges. Again, points will be awarded by WISE. Phase III, "Faculty Competition," will place faculty members, one from each school, in a "punt, pass and kick" competition. Each yard gained wins the school a certain number of points. The school with the most points wins the WISE "Sound Factory" and free food and beverages for an evening, the use of a juke box for a year (stocked by WISE) and a "grant" donated by area businesses.

Gavin's Gab

Results of M.D. Efforts

Jim King of WDLP-Panama City rode a roller coaster for 168 hours, beating the old record of 124 hours. He was incoherent after the ordeal, and won't be back on the air until September 11, but his effort helped raise \$25,000. KANC-Anchorage raised 15 percent of the city's total donation. The week-long effort by Sean Lynch (Gab, 9/1) brought \$18,264.14. (\$70.14 came from a boy who had been saving for a trip to Disneyland, according to Tony Mitchell.) Randy Robbins, P.D. of KANC-Anchorage, served as State M.D. Chairman, and hosted the telethon which was broadcast statewide via satellite. WHHY-Montgomery's "Disco Against M.D." turned in \$4000. WKKE-Ocala's dance-a-thon and softball tournament raised \$1800. KRZI-Waco's Captain Banana (Gab, 8/18) sold 1580 bananas (frequency) at \$1 apiece. He clowned around on the highway for ten hours until all the bananas were sold. The station also played in a softball tournament, raising \$700. KENO-Las Vegas lost another benefit softball game to the "Penthouse Pets" on September 2. Steve Summers said the girls pulled some tricks on his team. They painted grapefruit to resemble softballs and allowed batters to destroy the fruit. They also ran the bases in groups so the jocks had trouble putting runners out. Steve said the girls won by five points. All proceeds went to M.D.

Transitions

Lanny West, M.D. of WHHY-Montgomery and P.D. of Y102/FM, has resigned his position effective September 6. George Payne, sales manager, has also resigned. Lanny said his leaving stems from a desire for a career or general change in his life, and not from any disagreements with WHHY P.D. Larry Stevens.

KIXS/FM-Killeen just went 100,000 watts, according to Phil Lewis, P.D. Both the daytime AM, and the FM, are Top 40. "We make a habit of playing the album cuts of singles when time allows, and we do play some limited album cuts at night, but basically we are an AM/FM combo Top 40 station." FM lineup: Jim Kelly (from KOOV-Copperous Cove, Tx., 12-6 AM); Phil Lewis (6-10 AM); John Kaye (from KNIN-Wichita Falls, Tx., 10-2 PM); Dave Mac (2-6 PM); John Chommie (M.D., from WTNT-Tallahassee, 6-mid.).

Correction

On Page 7 last week (9/1), we printed that WONS, WPST, WXIK and Q107 were "off" the Paul Davis record. The four stations are actually "on" the record, and we regret the typo.

HOT SUMMER NIGHTS-Walter Egan (Columbia) A refreshingly clean production devoid of the usual frills that often get in the way of the music; certainly strong enough to warrant airplay.

Hail And Farewell

(or if you'd rather have it in Latin) Ave Atque Vale...

La Verne Drake, for many years one of the nation's best known - and best loved - music directors, has followed her doctor's orders and given up her job at K101-San Francisco. Her radio assignments have included KOH-Reno, KOBV (now KKHI)-San Francisco, KVI-Seattle and KNBR-San Francisco. Her ability to evaluate a record's hit potential is legendary. Throughout her career she has won the affections of the record fraternity through her patience, encouragement and understanding.

On Thursday, September 28, her radio and record friends are giving her a testimonial dinner. It will be held in San Francisco's Old Waldorf, at 440 Battery Street - No-host cocktails at 7 P.M., dinner at eight. Individual invitations are being mailed, but we make this announcement here for the benefit of any whom our mailing list may overlook. For reservations or further information, call The Gavin Report, 415-392-7750, or write to La Verne Drake Testimonial, care of The Gavin Report, One Embarcadero Center, Suite 220, San Francisco, 94111. All reservations should be made before September 25.

Regional Meeting

Pat O'Day, owner of KORL-Honolulu and KYYX-Seattle, is also president of the Hawaii Association Of Broadcasters. In the latter capacity, he tells us that his organization will give its full support to our Hawaii Regional Radio Program Conference, to be held November 18 at the Kahala Hilton, Honolulu. Pat believes that many Hawaii station managers, including himself, will want to participate in our discussions of programming.

Although it is still some time away, we have already had word that several mainland radio people plan to attend, including Les Garland, Jack McCoy, Dave Sholin and Michael O'Brien. Available hotel space at the Kahala Hilton is very limited, so we urge our mainland readers to get their registrations to us as soon as possible.

Eee is \$35 for everybody - includes lunch and cocktails. Four or more from one station - \$25 each. Since it's a one day only affair, record and other music people are welcome at all sessions and events. Hawaii residents planning to attend should let us know soonest, so that we may complete plans with the hotel people.

Impressions: Both the Billboard and the N.A.B. agendas had too many different sessions scheduled concurrently. An overabundance of goodies.

In contrast to the animated audience participation at all our regional meetings, there was surprisingly little involvement of audience at both meetings. Panelists, however, maintained a high level of professional awareness.

Too bad the two conventions were scheduled so close (calendar-wise) together. It hurt the attendance in New York.

This was the N.A.B.'s first plunge into a national meeting devoted to radio programming. They even called it a "National Programming Conference", which has a familiar ring. N.A.B.'s 1979 radio meeting will be held in St. Louis, we're told, and in 1980 it will be in Kansas City.

Like it or not, callout research is steadily gaining adherents as a playlist arbiter.

With all the different audience rating services striving to offer an acceptable alternative to Arbitron, the one I heard mentioned most frequently by radio programmers was RAM, with many favorable remarks about Jack McCoy, its inventor.

Best radio I heard was in Cleveland. New York radio sounds much better than the last time I listened. Matter of fact, everywhere I went in the East the listening was very good.

Country music continues to improve its position in many major markets. Much talk about WSAI changing to a country format. In New York City, the WHN studios and staff organization were especially impressive.

Differences of opinion on disco formats show clearly among radio people. Prevailing idea apparently is that disco's initial impact is very strong but that it tends to lose audience in time.

Album programming looks like the area for growth and innovation.

Editor's Note

As always in a shortened work week, the number of our correspondents' reports falls below normal in this issue, because of the Labor Day holiday. Sorry that some of our regulars are missing, but they'll be back with us next week.

Note From Bill

At the Tuesday night National Association of Broadcasters Banquet in Chicago, I took a number of flash photos. Several people gave me their cards so I could send them prints. Most of the shots turned out very well, but now I can't match some of the faces with the names. I'd appreciate it if the following people would let me know what they were wearing at the time, or otherwise identify themselves:

"Open Road" Magazine Awards

"Open Road" magazine and WDAF presented the fourth annual "Truck Drivers' Country Music Awards" September 9 in the Kansas City Music Hall. Phil Young, all night trucking personality at WDAF, emcee'd, and Tom T. Hall, Charly McClain and Joe Sun entertained the crowd of 10,000. Moon Mullins of WDAF reports the award for the "Best Country Song of the Year" went to YOU LIGHT UP MY LIFE. Big John Tremble of WRVA-Richmond won the "Best Truckin' Personality" award. "The All-time Favorite Song" was YOUR CHEATIN' HEART. "Best Male Vocalist" was Mel Tillis, "Best Female Vocalist," Loretta Lynn, "Best Duet," Conway and Loretta, and "Best Group," the Statler Brothers. (Winners were chosen by readers of "Open Road" magazine. Club, 7/28)

The show was carried live on WDAF. Proceeds went to the American Truckers Benevolent Association. "Sports Radio 1340"

WBCS/AM-Milwaukee, an automated country outlet, will I.D. as "Sports Radio 1340" within the month. Ken Rice reports the AM and FM will cut simulcasting to 25 percent by November 15, so programming on the AM will now begin emphasizing sports. High school football games, soccer, auto racing and other sporting events "not often heard" on radio will become regular fare weekends and evenings on the AM. Joe Thompson, sports director, and Bill Conway, P.D., will handle play-by-play duties. WBCS is owned by Great Trails Broadcasting (WCOL-Columbus, WING-Dayton, etc.)

Transitions

KANC-Anchorage switched to country September 12 with a complete staff changeover, according to Randy Robbins, P.D. Both Randy and M.D. Ron O'Neil joined the air staff of cross-town rivals, KENI. Toni Mitchell, P.D. of KENI, said Randy advised KANC listeners to turn to KENI if they preferred rock to country music. He read the statement on the air. Randy said he accepted KENI's offer because that was the best out of many offers within the market. (Note: Last week in the "Results of M.D. Efforts," article (page 13, 9/8), we mentioned KANC raised 15 percent of the city's total donation...wrong call letters. KENI raised all that money-- \$18,264.14. Randy Robbins served as State M.D. Chairman. Sorry.)

Don Nordine resigned his programming position at KEIN-Great Falls September 7. He'll announce future plans shortly.

Pat Martin, P.D. of WSPT/WXYQ-Stevens Point, Wis., is now consulting WXKE-Fort Wayne. He'll continue programming WSPT/WXYQ while fine-tuning AOR formatted WXKE.

Burns Media is now consulting KEEL-Shreveport.

"Cross-Canada Treasure Hunt"

CKIQ-Kelowna, B.C., recently undertook one of its most ambitious projects of the year, a "Cross Country Treasure Hunt," writes Ted Pound, M.D./P.D.. Two teams of two men each travelled through seven Canadian provinces, stopping in 16 cities in six days. The teams had to carry out tasks at each stop, and file reports on their progress. Tasks included such things as ordering breakfast--in French--in Winnipeg, getting an autographed baseball at a Mets/Expo game in Olympic Stadium, getting a souvenir of salt from the Windsor Salt Mines and doing "man on the street" interviews "to see if people are as Canadian everywhere in this country. (Answer: Yes.)"

The head of a Kelowna travel service came up with the idea by expanding on ideas the Trans-Canada Telephone system and several Canadian airlines have used in their advertising: "Share Canada," "Bring people closer together," "Get around the cost of getting around." Ted, who headed one of the teams, writes, the Hunt "tied in with the concept of a united Canada and a people proud enough of their land and heritage to see and learn more of it."

"In the present day competitive force of sight and sound, the listener's passive involvement must be augmented with distinct audio devices to stimulate both the imagination and the intellect." So writes Terry Fox, former promotions/creative director of KMEL/FM-San Francisco. On his own now, Terry is offering his creative services to radio stations on a sort of free lance basis. His claim to fame was involvement in the production of radio and animated television spots (absolute classics) promoting KMEL in San Francisco, WABX in Detroit, and KSLQ in St. Louis. Terry is willing to design his "custom audio/visual image devices" to suit any station market. Contact him at 415-221-6918 or 213-478-9678.

Pickles & Grasshoppers

KJCK/FM-Junction City, Ks., ran a promotion last weekend that helped dent the area's abundant supply of grasshoppers. During a remote at a local electronic shop, the station offered \$400 worth of speakers to the person who could come up with 50 live grasshoppers, a salt shaker and a fork. Then, they promised \$400 in speakers to the person who could eat the insects. The man who finally did said they tasted like wheat, but were best when fried.

KEWI has planned a little something to lighten up the end of a long, hot summer in Topeka. According to the "Chase Calendar," Pickle Packer's International has dubbed the third week of September, "Snack a Pickle Week." The station is giving away several hundred big dill pickles, provided by a popular deli in Topeka, throughout the week.

Big Surf Festival

The waves of Cocoa Beach are world famous among surfers. That explains why a surfing competition that attracts an average of 30,000 people every year has taken place in Cocoa Beach over Labor Day weekend the past 15 years. The festival became a Pro-Am event three years ago, and CK101 has helped organize it the last three years. This year, winners received trophies and \$1090 in prize money. Representatives of the East Coast Surf Association acted as judges. Proceeds from admission charges went to the Cape Canaveral Jaycees. CK101 entertained the crowds by staging beauty contests on the beach, and giving away prizes.

Billy Takes on WDEC

The jocks of WDEC-Americus will play ball with Billy Carter's team on September 24 in Plains. Tom Pierce, P.D., said he made arrangements for the game at Billy's service station in Plains. They expect a capacity crowd of 800 at the game, and proceeds from admissions will benefit the Mental Health Association.

WAGQ Backs the Bulldogs

WAGQ-Athens, Ga., is involved with University of Georgia football this year. The station kicked-off the season by giving away tickets to the first game (vs. Baylor). Georgia Coach Vince Dooley's taped statement "Call in to win," cued listeners to call. The station will also give away the "Q105 Bulldog Volkswagon Bug" in a big drawing later in the season.

Orlando Radio Fair

WHOO-Orlando, along with seven other area stations, took part in a "Radio Fair" at a local mall September 14-16. All eight stations broadcast live from the fair in three hour shifts over the three day period, creating a giant remote for the mall. The stations set up contests and gave away numerous merchant-donated prizes during their remotes.

WJVA-South Bend and representatives of the local fire department raised \$1300 for M.D. in a "Pie Throwing Booth" on Labor Day. All the jocks participated. "We got creamed," Tom Sidwell said.

Prize Patrol

WFAI-Fayetteville's "Prize Patrol" is drawing excellent response, Mike Edwards writes. The "Prize Patrol" parks at various locations for 12 minutes and 30 seconds (frequency), and people who stop receive prizes. When the patrol visited a local shopping center, 125 people showed up.

Albums of the Week
(reviewed by Ron Fell)

"Time Passages"-Al Stewart (Arista) It's as though Stewart has taken his foot off the gas long enough for radio to pull up along side. He has usually been a little bit too esoteric for the mainstream but when he gets a commercial arrangement (like he did on the cut YEAR OF THE CAT) that doesn't sacrifice lyric quality, he'll find success. "Time Passages" has at least six cuts which should accelerate his career: TIME PASSAGES, A MAN FOR ALL SEASONS, ALMOST LUCY, SONG ON THE RADIO, END OF THE DAY and VALENTINA WAY.

"Brother to Brother"-Gino Vannelli (A&M) If I were selling stereo gear this album would be a great "demo". Vannelli fills every track and channel with robust harmonic music. Touring behind his first album, "Crazy Life", I saw him, as the opening act, blow the headliner, Maureen McGovern, right off the stage. Since then, and until now, no album has captured the essence of the live Vannelli. Try APPALOOSA, THE RIVERS MUST FLOW, BROTHER TO BROTHER, WHEELS OF LIFE and his find new single I JUST WANNA STOP.

"Pieces of Eight"-Styx (A&M) Macro-music, full of synthesizers, keyboards and theatrically intense vocals. The first single, BLUE COLLAR MAN, along with GREAT WHITE HOPE, LORDS OF THE RING, RENEGADE and I'M OK are meaty.

Also recommended from the following LP's:

Gary Taylor's Personal Pick

ALWAYS SEARCHING FOR A THRILL-Starbuck (United Artists) The title cut from the album is highlighted by a massive arrangement which is a thrill to hear. It is this orchestrated fullness that takes the group beyond the inevitable comparisons to Rare Earth. The single runs four minutes; I wish it were longer.

Album Views

The death of Keith Moon casts an unfortunate cloud over the newest release by The Who. Moon represented the essence of the untamable rock and roll spirit - the spirit of which our parents would never approve. In a time when we are now the parents, he reminded us how good irreverence felt.

The Who album is very good, but not a gold star.

There were several other notable albums in our latest pile, but two have something extra.

One of the most alluring sounds heard in recent times is the calculated disinterest in the voice of Deborah Harry as she sings several stirring melodies in front of Blondie.

Meanwhile, the French vocals in Plastic Bertrand's bubblegum-punk LP also could be called alluring. Best of all, that album is just plain fun.

Hall and Oates work in such an individual way that every LP of theirs starts one step ahead.

Jazzy and rhythm 'n' bluesy, they teach the lesson of originality with each LP.

Then there is the ever expanding group of torch singers. They come in male and female versions as exemplified by Dan Hill and Janis Ian. Both introspective and thoughtful, they are strong attractions among women especially.

Finally, two projects are noteworthy. Chuck Mangione's Children of Sanchez is a two record concept album in which Chuck stretches somewhat. He is best playing those uncomplicated little riffs which have made him famous.

The other project is the Dan Fogelberg-Tim Weisberg duo which turns out to be essentially a pretty middle of the road album and for that reason of somewhat less interest here.

Raft Races

KRMG-Tulsa held its sixth annual Great Raft Race on Labor Day. Over 460 rafts raced nine miles down the Arkansas River before 150,000 spectators. Oklahoma Governor David Boren and Tulsa Mayor Jim Inhofe jumped from raft to raft during the race. The station broadcast live from the finish line for 3-1/2 hours.

The Great Texas Raft Race on Labor Day in Waco (Gab, 8/25) drew 40,000 people, Mike Lucas of KRZI reports. The winner covered the four mile course in 44 minutes, receiving a huge trophy. A raft that came from Anchorage, Ala., also won a trophy for traveling the farthest. Mike said everything went well except for one skydiver, who fell into the trees.

Mom in Eugene

Bill Dudley applies all his resources to radio--even his mother. When mom came to Eugene, Bill put her on the air and dubbed September 8, "Mother's Day at KASH." "Miss Lillian" (Mrs. Lillian Thompson) announced on the air she preferred rock to the oldies Bill was playing for her benefit. She talked about Bill as a child, and was otherwise so entertaining, the station plans to have her back for an encore soon.

Death-Defying KOFM Jocks

KOFM-Oklahoma City raised \$3000 toward the Jaycees' 18th annual "Children's Christmas Party" with a 20-lap "death-defying" go-cart race at a professional go-cart track. The entire air staff, divided into Day and Night Crew teams, raced as an exhibition during the regularly scheduled national pro finals. Each driver had previously selected his own "Pit Crew Girl" from the KOFM audience. They provided "good luck kisses, cheerleading and general companionship." P.D. Mike Miller of the Day Crew raced to first place before 5000 loyal fans.

Mammoth Music Mart

WFYR-Chicago is helping organize a week-long "Mammoth Music Sale" in a shopping center in Skokie. The sale, scheduled for September 15-21, will offer musical items at a discount, including new and used records, tapes, stereo equipment, sheet music and new and antique musical instruments. The \$2 admission fee on "Preview Night" will help establish a research project for A.L.S. Foundation (Amyotrophic Lateral Sclerosis). WFYR personalities helped collect records all summer for the A.L.S. drive, and will assist at the sale and phone-in reports.
