Note from the Editor

Because of the Thanksgiving holiday, The Gavin report for that week will be printed and mailed on Wednesday, November 27. Correspondents who phone in their reports are urged to call as early as possible on Tuesday (21st). (Early forenoon calls are much less apt to encounter busy signals on our lines.) No phone reports can be accepted on Wednesday.

The various listings in the following pages offer a consensus of our correspondents' evaluations of comparative music popularity in their own local areas and formats. Each correspondent utilizes whatever research methods are deemed most suitable for the station's needs.

Headliners

Smash of the Week: YOU DON'T BRING ME FLOWERS – Barbra & Neil (Columbia)
They deserve roses for the fastest moving record of 1978.

Hot: LE FREAK – Chic (Atlantic)
This former Sleeper is leaping up many stations’ playlists.

Top Tip: SWEET LIFE – Paul Davis (Bang)
It's unusual to give this listing to a charted record (#15) but, like his last hit, it has been around for a lifetime and several correspondents seem to have overlooked its mass appeal.

Record to Watch: I'M EVERY WOMAN – Chaka Khan (Warner Bros.)
Showing strength in Bryan, Tx., Memphis, Stockton and Richmond, Va., starting in Annapolis, Detroit, Houston, Jacksonville, Tulsa and other cities.

Sleeper of the Week: ON THE SHELF – D&M (Polydor)
Our long-shot of the week is slowly picking up new airplay while charting at: WTMA (13), KLEE (17), KAKC (22), KCRS (24), WAAY (27), WFOM (27), Y100 (27), and WLAG (30).

Top Prospect: HOLD THE LINE – Toto (Columbia)
This has all the ear marks of a hit.

Top New Airplay: TOO MUCH HEAVEN – Bee Gees (RSO)
127 adds in 3 days; not a bad start.

Recently I was discussing with Bill Gavin rating trends in a top-five market... in which a major top 40 station noted for its call-out ("passive") music research appears to be in a deteriorating market position, and a top 40 operation that has crept in the door of this format from a pop/adult format, with no promotion to position itself as a top 40 format, appears to be showing significant gains.

I offered the opinion that perhaps the top 40 form remains popular, but that the "top 40 image" is no longer a plus - which would work against the established top 40 station mentioned above. I also noted my concern that, is using call-out music research, stations may be seeking to find the most-liked records, but instead may merely be determining the most familiar ones - which can be two entirely different things. Under these circumstances a station could unintentionally stress records that bore its audience, and reduce its listening span (and average quarter hour share).

Bill had a number of interesting comments which I'd like to share with you. "It seems," he said, "from developments in a number of markets, that the only way for an AM contemporary music station to go is the controlled personality approach, with over 18 as the broad target and 25-35 (or 25-40) as the major objective... Emphasizing the importance of the station's showing an awareness of current albums. For this reason I think that all back reference to the selection just played should be by artist only. (The title is usually redundant anyhow.)"

"I don't agree that the only way to bring about most frequent play of the most important records is to use a short playlist. If your music format lists - say - ten records for power rotation, they can be rotated, one every quarter hour, every two and a half hours. Fifteen established hits, one also every quarter hour, would give a solid familiarity base of eight records per hour. Personally, I think that the use of old hits as 'fillers' for such a rotation frequency is wearing itself out. I believe that the oldies are - and ought to be - on the way out. There's no reason why LP tracks should be the exclusive prerogative of the FM formats. Once we get AM stereo, album programming will become an even more significant part of AM programming."

I'm not sure I completely agree with everything Bill said; for one thing, I think that failure to fully back-announce a record may not only disappoint the casual listener who may not know what has just been played, but may also communicate to the listener by inference, a lack of interest by the station in its own music. And my own view of oldies and their function has been evolving in a somewhat different direction, and I expect to do a column on that shortly. However, the only certain thing about radio is that there is no one answer for anything... There are many right answers to any problem, and the correct format pieces to choose are the ones that go together harmoniously to create the intended whole, in each unique local situation.

In general, Bill and I are in agreement on matters of radio philosophy - but it's the differences that are interesting; that, when presented, stimulate thought that lead to the innovations in our business. For that reason, your comments, particularly if divergent, are earnestly invited! You can address them to me c/o The Gavin Report, or directly to me at KEX, 4949 S.W.Macadam Avenue, Portland, OR 97201. (503) 225-1190.
**Album Radio Programming**  
(Associate Editor, Kent Zimmerman)

**Poweralbum:** INNER SECRETS-Santana (Columbia)  
Commercial production, plus the group's team effort, equals a successful spiritual/pop offering.

**Hot Trax:**  
"THE TREES"-Rush (Mercury)  
Immediately surfaces as the LP's lead cut.  
"LOTTA LOVE"-Nicolette Larson (Warner Bros.)  
Nice female interpretation of the Neil Young track, which is in itself very hot.

**Prominent Adds:**  
BACKLESS-Eric Clapton (RSO)  
The world's finest guitarist is still immersed in the country styles of Don Williams, J.J. Cale, and The Band.  
TWO FOR THE SHOW-Kansas (Kirshner)  
This expanded live set features individual solo spotlights as well as familiar compositions.

(These listings are the 33 most played artists, based on rotation points. Underlined sides show the strongest potential for continued growth.)

1/3: (Single Of The Week) 'ROXANNE"-Police (A&M)  
Some dedicated play of the import in San Jose (KSJO), Boston (WBCN), and San Francisco (KSAN) finally forces a domestic release.

Albums of the Week
Reviewed by Ron Fell

"Hog Heaven" - Elvin Bishop (Capricorn) This self-produced album finds many changes in the band - consequently its sound. It's a little more "uptown" or "high off the hog". Maria Muldaur makes a big difference, adding vocals to three of the nine cuts. But will she tour? IT'S A FEELIN', TRUE LOVE, SOUTHERN DREAMS, OH BABE, LET'S BREAK DOWN.

"Willie and Family Live" - Willie Nelson (Columbia) This is probably, from an historical perspective, one of the most important country albums of this decade. Willie's contributions to contemporary music, as both writer and performer, have been significant. This album, with its over 30 cuts, is a fair representation of his nearly 25 years as an entertainer.

"Misplaced Ideals" - Sad Cafe (A&M) A compilation of the best of the band's two English albums, never released in the states. An excellent debut, with superb musicianship throughout. RUN HOME GIRL, BLACK ROSE, HUNGRY EYES, FEEL LIKE DYING, RESTLESS.

Recommended from the following LP's:

"Live Spirit" - Spirit (Potato) ROCK AND ROLL PLANET / NATURES WAY / I'VE GOT A...
"Black Noise" - FM (Visa) PHASORS ON STUN / JOURNEY
"Destiny" - The Jacksons (Epic) BLAME IT ON THE BOOGIE / THINGS I DO FOR YOU / ALL NIGHT DANCIN'
"Feel The Need" - Leif Garrett (Scotti) I WAS MADE FOR DANCIN' / SHEILA / THIS TIME
"Angie" - Angela Bofill (Arista) THIS TIME I'LL BE SWEETER / ROUGH TIMES / SHARE...LOVE
"Dancing in the Aisles" - Paul Korda (Janus) WRITTEN ON THE WIND / MANHATTAN / CHILD - FREE OF REASON / LITTLE DO WE KNOW

The Wabash Valley School-a-Thon, sponsored by WBOW-Terra Haute, wound up its month long campaign to raise funds for St. Jude's Hospital with a record breaking total of $35,000. This placed the WBOW project at the top of all School-a-Thon conducted so far. Winner was Sullivan High School, Terra Haute, whose 600 students raised $7200. (Never knew until now that the call letters BOW stand for "Banks of the Wabash" which is also the title of a great old song dear to the hearts of barber shop quartettes.)
Gary Taylor's Personal Pick

TOO MUCH HEAVEN—Bee Gees (RSO) No musical surprises here, as the threesome continues, in typical style, to dominate contemporary radio.

Note From Bill

As our readers have probably heard by now, people from the record and radio fields plan to honor me with a testimonial dinner here in San Francisco on December 2nd. It will be, beyond all doubt, the greatest tribute I could ever receive. It isn't just the occasion of the dinner itself—it's the knowledge that the fellowship of my peers considers me worthy of such a high compliment that makes me both humble and proud.

Some years ago, Janet made a substantial donation to the American Association of University Women for use in its fellowship program. A fund for this purpose was set up in her name. The Janet Breed Gavin Fellowship Fund has been increasing steadily, and it will be "activated" as soon as the principal sum is large enough to generate sufficient income for a student's tuition and support. The committee asked me to designate a worthy cause as recipient of the dinner's surplus funds, and I chose the A.A.U.W. because I know that Janet would have wished it that way.

I look forward with happy anticipation to this coming convocation of my many good friends.

Note: For further information regarding Bill's testimonial, call 415-456-8343.
