## INSIDE TOP 40 WITH DAVE SHOLIN

A-HA holds on to number one for one more week before they're overtaken by unstoppable STEVIE WONDER. STARSHIP kicking in bigger than ever with a Hit Factor leaping to 70%. Ditto for GLENN FREY, who nearly triples that Hit Factor percentage 24% to 62%! Top twenty in Raleigh at WZZU and WDCG and Milwaukee at WZUU and WKTI, Chicago's B-96 and WLS, San Jose KATD and KWSS, New Orleans B-97, Tampa Z-98 and Q105, etc.

Best week to date for the THOMPSON TWINS who had to let the dust settle from the recent stampede of new releases. Debuts include #24 for Nick Bazzoo at B-94-Pittsburgh and #23 crosstown at WHTX with Keith Abrams. Also

numbered by Bruce Stevens at WBBQ, John Driscoll Y108, Hunter & Glenn Q96, St. John/Peace Y107, etc.

HEART showing top twenty conversion with a 22% Hit Factor with adds at CKOC, WHTX, WYRV, WTYX, Z104, KZZP, WTBQ, KYNO, KPOP, KITS, etc. Can an instrumental ballad be a hit? Sure looks like it, as DAVID FOSTER scores top ten numbers at PRO/FM, B-94, KIST, KIXY, 93FM, KFVY, B-97, Q105, WJZR, etc.

TALKING HEADS forges ahead each week, another 10 adds plus debuts for WKYA, KFIM, WSPT, WKNE and ten-point jump 25-15 at B-94.

Noteworthy moves for MAURICE WHITE, giving him a 16% Hit Factor,

top 20 at WTIC-Hartford, WUVU-St. Augustine, KLBQ-El Dorado, Q104-Gadsden, etc.

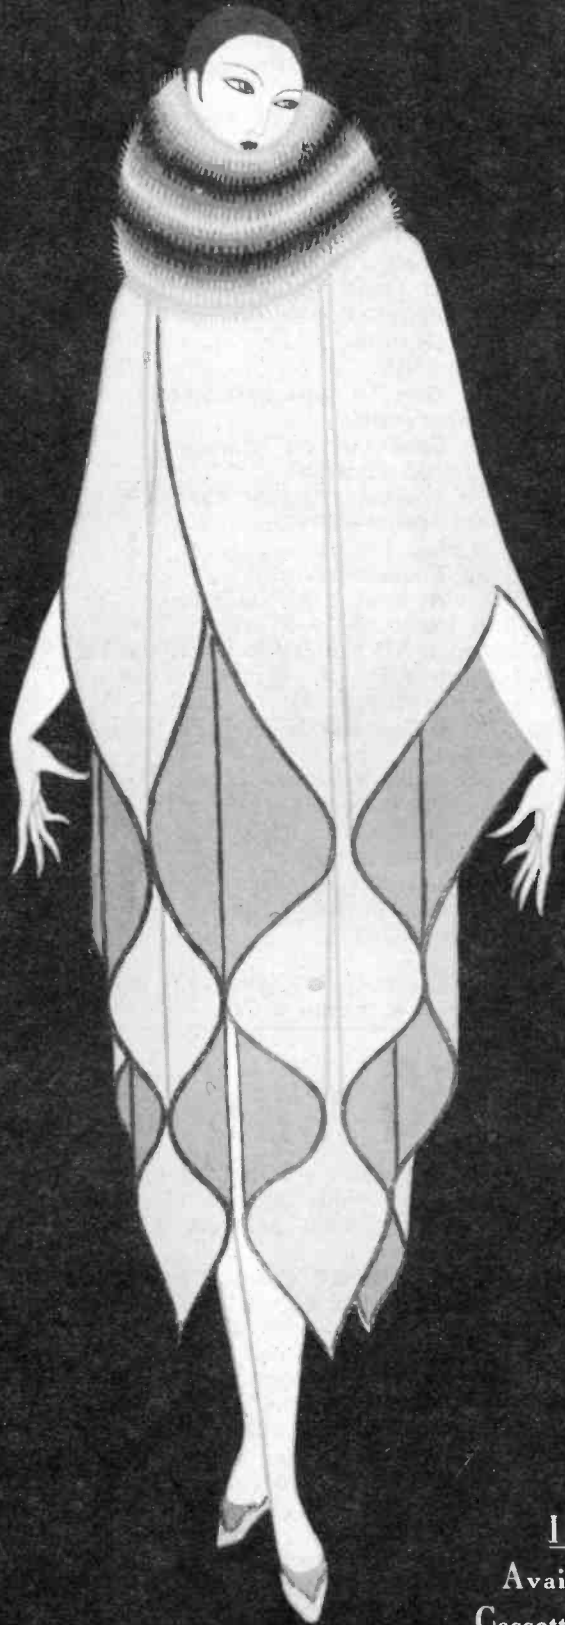

Good response at KIPR-Lufkin reported by Randy Shannon on MARILLION, jumping 38-26. Second big airplay week for KATE BUSH, with another 26 adds, including CHUM, LG73, KITS, KMEL, KDON, KHOP, 3WD, KOSO, KFIV, KOZE, KIXY, etc. Also watch out for WANG CHUNG, more than doubling in reports, new on WFBG, WXKS, Y100, Q104, KWNZ, KHTX, WBNQ, KZZK, OK95, etc.

TA MARA & THE SEEN set to go top ten on Betty's Urban chart and is crossing in Florida and the West Coast. Charted at KMEL and KKHR, new on I-95, Y100, KMGX, KOSO, KSTN, etc.

Expect the new Stones LP by fall, in time for the Christmas crush.

## B.J. THOMAS

His new album will contain the official song for the Statue Of Liberty restoration project.

## JULIAN LENNON

An hour long video featuring live performances and an interview with Julian will be available for retail sale in early December, selling for \$29.95.

## GLENN FREY

With the Eagles, Glenn and company sold over 40 million albums. His solo career started in 1982 with the *No Fun Aloud* LP.

## EARL THOMAS CONLEY

When he found out that the folks who were coming to his concerts in Washington, PA were bringing canned goods to be distributed among the unemployed in the area, Conley donated several cases of canned goods and \$2,000.

## A/C ANALYSIS

Only six stations playing STEVIE WONDER don't have him in High Rotation. If we had such a thing as a High Factor it would be better than 97%.

The six week old GINO VANNELLI record turns a 93% Hit Factor and heavy rotations nearly double (67 to 124).

THE COMMODORES have now spent five weeks in the top seven and will look great in the YEAR END stats.

ARETHA FRANKLIN is showin' her heels, with 33 adds including: 3WM, WILS, WKSW, WLCN, K106, KTLT, KLYQ, KNFL, KFMB, KSRO, KNCO, KBRC, KGW, KQ96, KMAS, KXRO, WCNL, WDOV, WKST, WMGW, WQNY, WSCB, WGOW, WJDX, WRKA, KS95, KROC, KOIL, KLOH, KJEZ, KGHR and KGRC.

This week's Record To Watch, BRYAN FERRY's DON'T STOP THE DANCE debuts on the page with

25 reports including: J107, WAEV, WCHV, KFSB, KROC, WJON, WMT/FM, KALE, KISD, KRSB, and KKLX.

## RECOMMENDED FOR A/C RADIO

CLARENCE CLEMONS w/JACKSON BROWNE - "A Friend Of Mine"

(Columbia) The Ed McMahon and the Phil Donahue of rock team up for a good time song written and produced by Narada Michael Walden.

SHEENA EASTON - "Do It For Love"

(EMI America) Into the groove once again, Sheena teams up with Nile Rodgers for a "safe" pop hit. I looked up "it" in my unabridged Funk & Wagnells and found all definitions

and interpretations OK for radio airplay. This is not SUGAR WALLS!

ALISON MOYET - "For You Only" -

(Columbia) Her solo debut LP, "AIf" is a much better album than radio has given her credit. This third single showcases her ballad style, here-to-fore hidden from us.

MICHAEL McDONALD - "Lost In The Parade" (Warner Bros.) This track harkens back to his previous successes. NO LOOKIN' BACK, the first single from the LP targeted itself to Top 40 more than A/C. Vise Versa here.

JAMES TAYLOR - "Everyday"

(Columbia) The song first appeared on Buddy Holly's second LP, in 1958. Everyone knows this is a Buddy Holly song, but it was never pulled as a single from that LP. JT's 1985 version is an easy-going, updated A/C mainliner.

Hit Factor is a percentage of stations which have it in Heavy or Medium rotation. ie: 100 stations playing the record-60 stations have it in Heavy or Medium rotation-Hit Factor = 60%

COLOUR FIELD

These records define the Album radio and Alternative radio formats this week.

Rain Dogs—Tom Waits (Island)

You can't tell the players without a scorecard, which is why you absolutely need the special 12" supplement that features a conversation with WAITS explaining just why the hell he's gone so "outside" on this project. He traipses through most of the song titles, identifying just what was on his mind when he wrote these...well,er...anthems (there's a word that hasn't been brandished lately). On RAIN DOGS, WAITS is suffering from a heavy New Orleans jones and is Manhattan drenched. He's a man of original perception--and that includes stray dogs, bakery trucks, and "walking Spanish". You pick your favorites.

"Bittersweet"—Hoodoo Gurus (Big Time)

Stylistically, a couple of cha-cha steps to the left of INXS is Australia's HOODOO GURUS, who have an excellent reputation as live performers. We sometimes call mid-tempo songs like these "gunfighter ballads". As the tension rises, the song breaks loose inside a whirlwind of chords, chorus, and a great lead vocal track. Their last LP scored Top Five Alternatively. Warning: the band is used to tireless touring.

Listen Like Thieves—INXS (Atlantic)

Last week in GAVIN country, INXS had a tremendous week out-of-the-

box, beating out RUSH as "Most Added". Now the LP has arrived to fortify the impact with potential secondary trax like "What You Need" and the title track "Listen Like Thieves". "Biting Bullets" opens side two with a vengeance. Yet I must admit, my fave cut is the balladish "Shine Like It Does". We expect both Album and Alternative airplay. So should you.

## ALARM STRENGTH

Strength—The Alarm (IRS)

THE ALARM sing songs based in anguish and anxiety. Everything seems to feed off of that energy--the vocals as well as the instrumentation. "Spirit of 76" is the more subtle, Americanized epic ballad piece that carries the LP's most interesting peaks and valleys. Alternative Radio will browse more while Album Radio preys on the title track, "Strength".

Watching My Life Go By—Michael Hedges (Open Air/Windham Hill)

Here's a leftfielder. MICHAEL HEDGES, ordinarily known as an instrumentalist, makes his vocal debut. WATCHING MY LIFE GO BY is bone simple, a man and his guitar with occasional spare bass or synth accompaniment. But it's how the moment was captured, with a clear and crisp intensity that makes this acoustic entry quite extraordinary. Quiet Alternative stations

are already aware of HEDGES' loyal base. Face Yourself/Watchtower.

## ARCADIA ELECTION DAY

"Election Day"—Arcadia (Capitol)

Isn't that GRACE JONES making a guest recitation after the third verse? You betcha! With that, and a few digital James Bond riffs, LEBON, RHODES, and ROGER TAYLOR could well eclipse the POWER STATION in terms of immediate familiarity. Ultimately it's the lead vocals that listeners relate a band to, which'll give ARCADIA staying power up until your Top Forty competition starts to burn it up, so get on fast.

"Charm The Snake"—Christopher Cross (Warner Bros.)

Who put the Benzedrine in CHRIS CROSS' Ovattine? The first two trax on the upcoming EVERY TURN OF THE WORLD shows a turn back to Album Radio airplay. The issue at hand, "Charm The Snake" is one of those trax. The production is fresh, plus there's an enthusiasm and tempo that's required in order to be charted inside these hallowed pages.

## MOST ADDED

1. "SLEEPING BAG"-ZZ TOP (W.B.)
2. "ALIVE AND KICKING"-SIMPLE MINDS (A&M)

## MY 2¢

This week's TOP FIVE is just about the strongest of the year. Even though the TOP THREE is underlined, MIAMI VICE and the DIRE STRAITS LP are "solid". STARSHIP keeps knocking at the door. STEVIE RAY, HEART, and MR. MISTER round out a musically diverse TOP TEN. But take a look at the teens, and you'll see KATE BUSH, SQUEEZE, PREFAB SPROUT, and CRUZADOS, all relatively new faces for that part of the chart. KATE BUSH is just starting to win over programmers with a true leftfield hit record for Album Radio...on the MOST ADDED battlefield, ZZ TOP and SIMPLE MINDS actually tied. It was down to splitting hairs. So when ZZ came up with more rotation points, they got the nod, which is why ZZ also debuted slightly higher. But give SIMPLE MINDS time. Once both acts release their LPs, sparks will fly. The cluster of records between 24 and 33 represents a lot of this chart's future. I'm talking about INXS, ZZ, RUSH, DREAM ACADEMY, and SIMPLE MINDS. BRYAN FERRY is doing well all across the pages of GAVIN with "Don't Stop", maybe his first TOP FORTY and A/C hit? WIRE TRAIN is getting split play on two trax, "Skill" and "Perfect". WANG CHUNG debuts with their soundtrack single, "Live and Die In LA". GEFFEN's ARTHUR

PROMOFF describes the film as intense, which must mean it's not a teeny sex comedy. PHANTOM, ROCKER & SLICK hopes on at #40, sounding quite good on the air, according to KWHLer KEVIN VARGAS.

Glad to see the HOODOO GURUS have such a good first week out. There's a buzz on JOE LYNN TURNER from RAINBOW fans ever since the HEAVENLY KID soundtrack... I snatched a copy of JONI MITCHELL's new LP on tape. Sounds very cool. Another absolute killer, upcoming soon is the new band led by the splintered CLASH member MICK JONES. The name of the band is BIG AUDIO DYNAMITE. I wish I could describe it to you. The only words that come to mind are "unique" and "original". Very hip sounding, with the key elements that made the CLASH special, yet nothing like the sound of that band. I'm curious to hear what JOE STRUMMER comes up with. JONES is moving forward. As the year cools out, there's no sign around here of cooling down. KZ.

gathering momentum with each successive week.

THE DREAM ACADEMY score an impressive CERTIFIED, which is very remarkable when considering that this is their debut album and it was just released a few weeks ago.

GENE LOVES JEZEBEL and THE LUCY SHOW are rising up the chart steadily and could eventually be serious contenders for the top third of the chart.

Debuting (MARSHALL CRENSHAW & THE THOMPSON TWINS) was an

extremely difficult task as the competition on the lower end continues to grow even more intense. Albums aren't dropping off the chart now due to fatigue, but rather are being forced out by new debuts receiving immense airplay.

## SPOTLIGHT LP

Sprites/In Time/Do You Mind?/  
Smart-KIT & COCO (Azimuth)

Kit and Coco are a duo comprised of Kit Watkins and Coco Roussel, who were formerly in Happy The Man. Watkins also did some recording with the band Camel. This instrumental album features major league production but also a sense of adventure, making it very relevant to the Alternative market. Gentle and sweeping melodies float along at a swift but natural pace. The aforementioned tracks deserve special attention. Call SALLY HELDRICH @ (703) 998-6611.

## RANDOM NOTES FROM HOLLYWOOD AND VINE

by Tony Richland

This was a week of weeks in Tinseltown. In a mere seven days, we saw the announcement of Magic Johnson's wedding, the wrap-up of the Western division by the Dodgers, the conquest of Los Angeles by the guy they call The Boss, the inauguration of the California Lottery, and MOST incredibly ... the luncheon bought for yours truly by Tom Breneman.

Our lottery began, and with it we've observed the New California Garbage. Mounds of the sticky silver-gray scratch-off muck from lottery cards are littering our landscape. The used loser tickets themselves are burying market parking lots. We've gone stark raving mad with lottery fever, and they tell us the odds are outlandish ... but for those of you who are sceptical about following that dream, we ask you to consider this: What were the odds on Tom Breneman buying us lunch this past week? Tom *DID* buy us lunch, along with numerous bloody marys, and we've decided that the lottery odds don't look so bad after all. (And by the way, Tom ... we enjoyed the miniature lettuce salad you so vociferously recommended.)

First The Boss, then Madonna ... and now our hero Earvin 'Magic' Johnson! Marriage seems to be 'in,' and we were thrilled to receive a wedding invitation recently to the nuptials to be held by The Magic Man and his lady, Cookie. In keeping with his reputation as a character,

El Magic is inviting all ex- and current NBA players with great names. Here's the list of invitees:

SHALER HALIMON  
BATO GOVEDARICA  
BALTICO ERIAS  
HERSCHEL BALTIMORE (named after our home town, Herschel, Maryland)  
ORB BOWLING  
ARMAND CURE  
KELVIN IVORY  
RED KLOTZZ  
LONNIE KLUTZZ  
JUSTIS THIGPEN  
CHAD KINCH  
HARTHORNE WINGO  
TOGO PALAZZI  
ANICET LAVADRAMA (a 1985 L.A. Clippers Draft Choice)  
PLUMMER LOTT  
CINCINNATUS POWELL  
OTIS BIRDSONG  
BAYARD FORREST

The L.A. Dodgers wrapped up the West this past week ... and what a pleasant diversion from the baseball drug stories. It's awful nice to know that our own Hollywood boys will be spitting all over our TV screens in the playoffs. When we're nauseated, we like being nauseated by home boys!

The Nighttime soaps premiered and we found it fascinating that J.R. EWING's mother looked like Donna Reed last year, and now looks like Barbara Bel Geddes. Post heart-attack treatment can do

amazing things to people. How would you like it if YOUR mother looked like Donna Reed one week and Babs Bel Geddes the next?

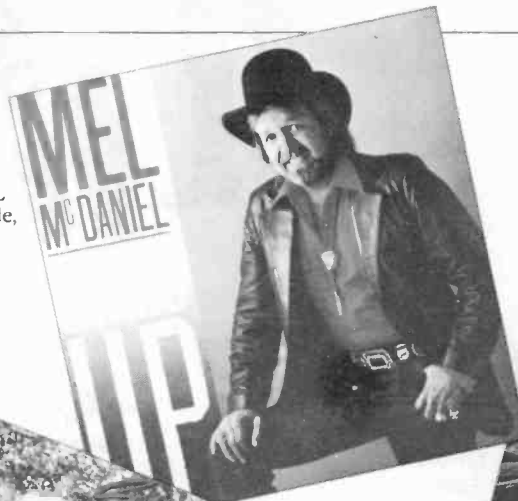

After one week off because of contract dispute, Joan Collins returned to DYNASTY. Her dress had two foot high wings jutting out from each shoulder. How would you like it if your *mother's* dress had two foot high wings jutting out from each shoulder?

Springsteen was in L.A. for four concerts. We were at every performance, of course, and haven't been as excited since the Leslie Gore IT'S MY PARTY/JUDY'S TURN TO CRY tour! The guy is simply incredible ... sort of the Punky Brewster of rock. In keeping with his food-for-the-poor program, we brought three cans of imported Reese's Escargot to the Wednesday night concert.

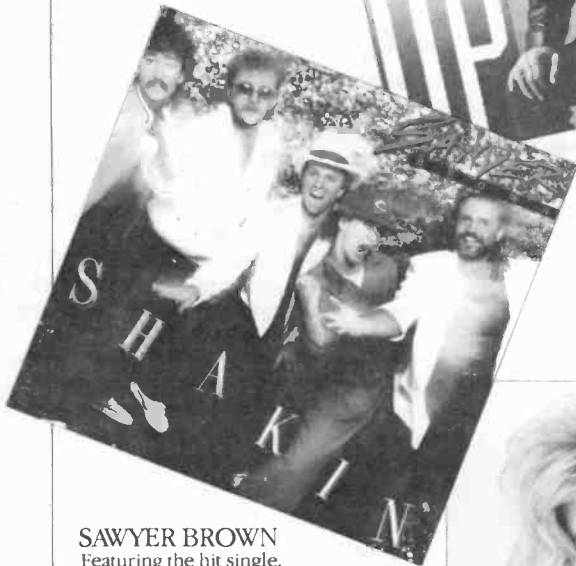

October 4th marked the twenty-fifth anniversary of the day we met Mrs. Hollywood and Vine (at the Raincheck Room bar in Tinseltown). When we reminded Mrs. H&V of this romantic milestone, she reminded US that MOON RIVER was almost on the charts in 1960 and LOLLIPOPS AND ROSES wasn't far behind. She then brought us to our senses by breaking into three choruses of SHADDUPPA YOU FACE! Can we dare use the Gavin Report to thank Mrs. H&V for a memorable quarter of a century? We just did it. Thanks, Rosemary! And how was YOUR week? ■

## COUNTRY SUMMARY

ALABAMA makes it another #1 this week (is anyone surprised?). The entire Top Five is very strong, so it will be interesting to see who de-thrones ALABAMA. BARBARA MANDRELL keeps going strong, with a 97% Hit Factor to prove it. A nine point jump is rare, especially on such a tight chart, but THE JUDDS managed with moves like: KYKR-Pt. Arthur (23-12); WXTU-Philadelphia (28-22); WRNS-Greenville (28-21); KWKH-Shreveport (28-22); WSKR-Atmore (26-19); KHEY-El Paso (29-22);

WIL-St. Louis (27-22); etc. EARL THOMAS CONLEY broke into the Top Twenty this week, with RANDY McDANIEL at KIMM in Rapid City predicting another #1 song for EARL. GEORGE STRAIT, MEL McDANIEL, and RICKY SKAGGS all look sure to enter the Top Twenty in the near future, with adds on SKAGGS this week at WPOC, KZPR, KFH, KKJQ, and KLAC. All the Chartbounds look like they could debut next week, with KENNY ROGERS looking almost sure to. REBA McENTIRE looks like she's

headed for Chartbound, as it showed excellent growth this week. ROGER MILLER continues to battle for airplay. He's already charted at KRKT (27); KIKF (30); KQIL (25); KXEL (22); and KZPR (28). JUDY FIELDS debuts in Action Sides this week, with airplay pretty evenly spread out in all regions. J.D. GRAY at WGUD-Pascagoula is already noting requests for JUDY. Be sure to check out the ZIMMERMANS' interview with GEORGE STRAIT, starting on page 39.

# STATION IDENTIFICATION KSO STANDS FOR SOMETHING

**On July 21, 1921 KSO-Des Moines became the first radio station to go on the air in the state of Iowa. Jarrett Day has been with KSO for eight years and the program director for seven and a half of those years. In August we asked Jarrett to tell us about KSO and why the station is consistently successful.**

JD: Iowa itself is a great big small town. Even though Des Moines is our city of license, with a metro area of around three hundred fifty thousand, as soon as you get into thinking big city you are thinking wrong. What you have to do is think about who you are touching, how many are you touching and how can you be of service to them.

Right before the 4th of July the Blood Center came to us and said: 'Look, we think that we're not going to have enough blood over the 4th because we had scheduled a volunteer drive at the Firestone plant long before they announced their lay-offs. Now we have no one to take blood from at Firestone. Can you help us?' We just moved the whole operation down to the Blood Center for a day and they got the blood needed. We did not have a problem over the 4th of July in Des Moines as a result. Had we not done that, there would have been a serious shortage. I gave blood on the air and our mid-day lady, Bobbi Anderson, gave blood, so we did not ask our audience to do something we wouldn't do. That's responding, and responding immediately.

## "Keep Serving Others"

Labor Day weekend we're doing a softball tournament, in fact Bobby Bare is coming in for the game. It's the biggest softball tournament in the state of Iowa. The purpose is, yes, the softball competition, but it's also to raise money. The entry fees and the money earned from concessions go to charity. This year we've designated "Kids With A Wish" as the charity, and they have a dream of building a totally handicap accessible amusement park here in Des Moines. In past years we've raised twelve to fifteen thousand a year with this softball tournament.

We (the staff) are all tied in with many local organizations and charities, either by being active members, or on the board of directors. I've been on the board of directors of the United Cerebral Palsy and here in town with Camp Sunnyside, which is sponsored by Easter Seals. Billy Cole has been involved with the "Kids With A Wish" Foundation. We find out through our various contacts where the needs are. You don't really have to look hard.

*GAVIN: Are your promotions geared toward community involvement more than sponsored remotes?*

JD: Sure, you can buy a KSO remote package, but by the same token, when Tom and Jerry do their show on Thursday mornings they do it out amongst the people and they do it for free. When they are at a location either (A) it will do the location some good or (B) do the radio station some good because of visibility and doing lots of hand pressing. It could be at the cafeteria at Banker's Life or the Lutheran Hospital or a little breakfast nook where we know the world passes through. That's the point of being out and a part of the community. If you hermetically seal yourself away from the public you'll never know what the public wants.

We do a constant tour business. They are bus tours, so we plan to go where country acts are performing within a reasonable driving distance—Minneapolis, Kansas City or Omaha. George Strait has never played the Des Moines area, so we're taking four buses to Kansas City to see him. By our own internal research we found that George Strait right now is surpassing Kenny Rogers in popularity in the state.

*GAVIN: Do you have a Promotion-Publicity Department?*

JD: No. My attitude is anybody can have the best idea in the world. We (on-the-air staff) have dinner on a regular basis. Ideally, I'd like to go once a month, but it winds up closer to every six or seven weeks. We go out and wine and dine on the company, let our hair down and everybody brainstorms. It's also good if anybody has any animosities to get those out in the open. It's part of the reason we work well together and the station sounds so good.

We are a very personality oriented station. I do not day-part music, I day-part people. A hit is a hit any time of the day, in fact Mr. Gavin said that to me once. The personalities are what make the whole thing fit like a glove.

We have two wild and crazy guys in the morning, Tom Collins and Jerry James. Very high profile. We have a team in the middle of the day, Billy Cole and Bobbi Anderson, who have a real easy kind of conversation humor. The afternoon show, with me, is much more of a push show to get the batteries re-charged after a day of work. At night we have Jim Patrick with a date connection program. He plays country music but he's a match maker. He's the youngest member of our staff, and he's single. I thought it was important for somebody who was doing a dating program be single because if you sit back

with the complacency of marriage you would not be interested in getting people together. Our overnight show features Kathy Summers, a lady who is very witty, does many character voices and is a former community theater actress. She's not somebody I want to hide on an overnight show—she's good enough to be doing morning drive.

We do a lot of news. Dick Layman, our news director, is paired with Bob Henry, a former TV anchor man, in the morning. Dick has been with KSO for eleven years and is a member of RTNDA. With our afternoon news guy, Chuck Shockly (an

ex-wrestler), we have a totally different dimension in news reporting because he knows the entertainment value of news as well as the informational value. From a sports stand-point we have a sports identity without doing play-by-play. We used to do the Drake University play-by-play. We chose to let our option lapse on Drake sports but kept the announcer, Larry Morgan. He does all of our sports coverage. The play-by-play went elsewhere but we still have the image. We found that with sports, while we got a good audience, it was not consistent with what our listeners wanted. Our research showed that even though the shares looked good, it was a totally different audience that didn't stay with us and our country fans loved KSO and listened all the time except when Drake sports were on. We do some agriculture business—not wall-to-wall. The Agriculture Business Director Cliff Adams is a former mayor of Mankota, MN and he was a singer at one time. While he can understand the dilemma of the farmer, he also can look at it in a different perspective. He knows what impact farming has on a city's economy and as an ex-mayor can translate that. He also knows how to make it a little entertaining. Our people are everywhere in the marketplace and, unless they can perform that function, they have to be out and about. Otherwise they are not doing their job as a friend of the public, which means sales to the radio station. When you keep taking from the public without giving back, that's when you start losing your whole perspective. KSO stands for something—Keep Serving Others. ■

# PROMOTIONS

by Lisa Smith & Betty Hollars

The WBCN Ballbusters gather in a post-game post-mortem with the Zombies of the *Day Of The Dead* baseball team.

## ◀ BALLBUSTERS LOSE FACE!

The **WBCN-Boston** "Ballbusters" recently battled the Zombies from the *Day Of The Dead* film on the baseball field. The spikes-flying game, and 8-3 pitchers' duel won by the Zombies, was a benefit for Camp Joy, the Boston Parks and Recreations Department recreation program for special needs children and adults. The game followed an earlier-in-the-week *Day Of The Dead* promotion in which 525 WBCN listeners cheered the *Walking Dead* in the special sneak preview of the film. A WBCN/*Day Of The Dead* post-screening party featured prizes for the best Zombie costumes and T-shirts for the first 104 party-goers.

Ichabod Caine is covered with the 80,000 entries in their Disneyland contest.

## FROM THE STREET OF ▲ DREAMS

Popular host of the **KMPS-Seattle, WA**, morning show, **Ichabod Caine**, received more than 80,000 entries for the station's latest promotion, "From The Street Of Dreams To The Land Of Dreams." **KMPS** gave away four trips for a family of four to Disneyland, which included air fare and hotel accommodations, plus well over \$1,800 in additional prizes.

## ON TOUR WITH BRUCE

Starting in mid-July, **WMMR-Philadelphia** asked its listeners to send in postcards for a chance to travel with Bruce! WMMR drew a postcard every two hours, and that person had 93 minutes to call WMMR to qualify. On August 2nd, **P.D. Ted Utz** randomly picked a winner. The winner was sent on tour for every **Bruce Springsteen** concert in the month of August—every city, all expenses paid!

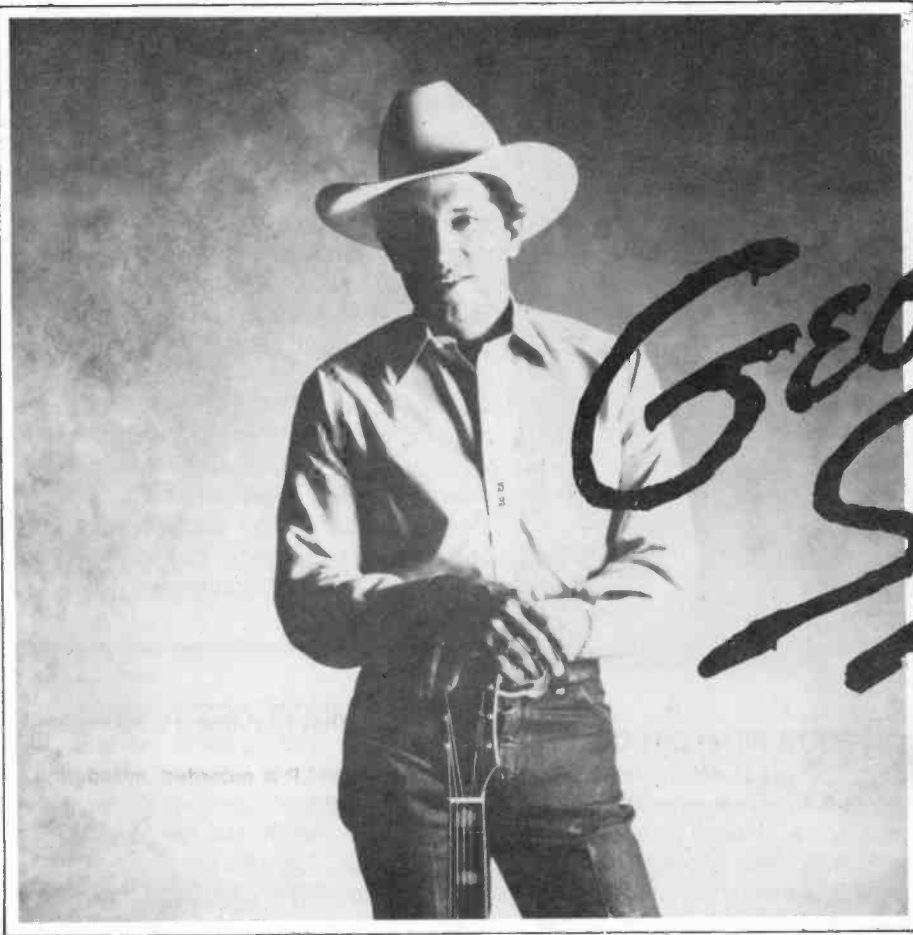

## KMEL'S MIAMI VICE CRUISE

Listeners registered on the air at **KMEL-San Francisco** to win a chance to be on the Friday night cruise sponsored by MCA and the station. The Red & White Fleet (local bay ships) floated around the San Francisco Bay and harbors for close to 4 hours while the station's 30 winning listeners and their guests ate, drank and were merry. Music played for the first half of the cruise, but at 9:00 PM (PST) the TV sets were tuned in to the two-hour season opening *Miami Vice* episode.

## ALVIN N. TELLER NAMED PRESIDENT, CBS RECORDS DIVISION

**NEW YORK**—Walter R. Yetnikoff, President, CBS/Records Group has announced the appointment of **Alvin N. Teller** as President, CBS Records Division, the Group's U.S. record company. Mr. Teller will have complete responsibility for overseeing the U.S. A&R, Marketing, and other functions of the Columbia and Epic/Portrait/Associated labels, as well as Business Affairs, Sales and Distribution and Finance for the CBS Records Division. Mr. Teller has been Senior Vice President and General Manager for Columbia Records since 1981.

George Strait

## Sounds Country, Is Country: George Strait

by Keith/Kent Zimmerman

George Strait—a real cowboy from Texas. Born in Poteet, raised in Pearsall. His first single, "Unwound," went top ten in mid-1981.

George Strait, nominated for four CMA awards, travels the highways of this land singing what his fans demand—Country that *sounds* Country and *is* Country. For those of you who have purchased compact disc players (and for those who plan to), go out and pick up his latest all-digital *Something Special* and *George Strait's Greatest Hits* discs. Within those space-age laser bytes lie songs sung with the utmost in taste and talent, conviction and believability. From the rodeo tramp in "Amarillo By Morning" to the lonely soul in "The Chair," and the enlightened fool in "The Last Time, The First Time," each demonstrates George's tremendous ability to twist simple vocal inflection into pure gut-level communication. Nowadays, Strait feels the pressure of success. Everybody wants his time and he misses his family whilst on the road. He was rejected early in his career by a Nashville bent at the time oncapitalizing on its Urban Cowboy crossover potential. Ironically, at the time

when the whole world was watching Country closely, George was considered "too Country." But, obviously, there's a happy ending. Strait did get his chance and has shown his stuff via a string of hits culled from five LPs. Just as easy as it is to say that veterans like George Jones and Merle Haggard display astronomical talents, it's just as easy to rank George Strait right up there with them. Strait spoke to GAVIN as he was ready to board his bus towards another endless path of "next shows." True, there's a lot of buses, songs, and singers in Country Music today, but George Strait is something special.

**KZ:** Do you take awards seriously as career boosters or milestones?

GS: I don't see how anyone who hasn't won is saying, "Well, I don't really want it. It means nothing to me." It would mean a lot to me to win. It would mean that people who are involved in Country Music thought enough of me to vote for me to win. I don't think it would mean a whole

lot financially. It's always a nice thing to be able to say as far as your career goes. A certain "something great" that you can put down on your resume.

**KZ:** Do you have a good ear for what's going to be a hit?

GS: I'd like to think so.

**KZ:** Tell me how you audition for tunes. Do you go and walk into the publishers' offices . . . ?

GS: Yeah, yeah. I've done that on the last two albums. I'll go to Nashville and I'll make an appointment with all the publishing companies. I'll sit in there for however long it takes them to play what they have for me. We'll go through that and I might leave with 25 or 30 tapes. Or I might leave with one tape. After I visit everybody, I might have fifty or sixty songs. I'll listen to them again until we get down to what we feel like is an album. It's hard to decide. It's a decision I don't have to make totally on my own. And thank goodness.

**KZ:** Does (producer) Jimmy Bowen tell

you which songs he thinks you should use?

GS: Well, no. Bowen is real good about working with artists and stuff. If he feels you're making a terrible, terrible mistake, he'll tell you. And it's a good idea to listen. But he believes it ought to be up to the artist, it ought to be the artist's condition—as far as how the music sounds in the studio, even to what's going to be the singles. Otherwise, it's not your idea, but somebody else's.

**KZ: A friend of mine is a big fan of yours and he said he'd like to hear you do Tom Petty and Rodney Crowell songs like Rosanne Cash did on her last album.**

GS: (laughter)

**KZ: I told him your music is more traditional.**

GS: That's real funny, because we had some cassettes one time and somebody came in and said, "This isn't George on this tape." It was my cover, but it was Tom Petty on the tape.

**KZ: You were doing a Tom Petty song?**

GS: No. I wasn't doing it. He's on MCA too. They made a mistake. It was my cover, my tape. Everything about it was me, but the insides of the tape was Tom Petty. (laughs) But to answer your question, I'm not going to ever do that. As long as I'm having success doing this, I don't see any reason to change. The stuff that I'm doing is the kind of music that I like to not only listen to, but I like to sing it, too.

**KZ: Reba McEntire once told us that she'd like to record a duet with you.**

GS: Yeah. In fact, Reba and I have talked about it before, but we just haven't had a final decision to go ahead and do it and start looking for material. But I wouldn't let it surprise you if we did.

**KZ: Is it tougher now, or was the pressure heavier on you when you got out of college and were gigging with the band and managing a cattle ranch?**

GS: There's definitely more pressure now. I have to say that in all truthfulness. Back then, it was like nothing compared to now.

**KZ: Did you ever think it was going to be this crazy?**

GS: Not really. You find that you have so little time to yourself. It's neverending. I hate to say "job" but sometimes it gets to be that. There's always somebody that wants me to do something for them or just wants some of your time. You find that you have less and less time to spend on personal things. I have a family, a wife and two kids. In order to keep a halfway decent homelife with the time so short, it just makes it a little rough.

**KZ: So you're on the road up until the CMA Awards, then it's back on the highway.**

GS: We're going to be on the road pretty much until the end of November, part of December. In the past three months, we've toured constantly. We did one 24-

day tour, and we had about three days off and then we went out again for about 20 days. I know in rock music that probably sounds like nothing, but we tour all year long. We don't tour just once or twice a year.

**KZ: So how was your last show?**

GS: I'm trying to remember where we were... oh yeah, we were in Amarillo and Lubbock, Texas. They were great. They were both fairs. One was the Tri State Fair and another was the Southplain Fair. We had two sell-out shows at each.

**KZ: Earl Thomas Conley told us that one of his creative turning points was when he was in the Army. Was it that way for you?**

GS: Everything pretty much began for me in the Army. That's when I started singing seriously and that's when I first played with a band in front of people. That's when I found out that I really wanted to pursue singing as a career.

**KZ: You have a college degree in**

agriculture.

GS: Agriculture Education. Someday I'll probably settle down and be a teacher. (laughs) Hopefully I won't ever have to use it.

**KZ: How is the new album, "Something Special," different than your last?**

GS: I don't think it's really that much different except I think it's possibly the best album that I've done so far. I think the material's really good. There's ballads, there's some swing, there's some real traditional sounding music and there's some pretty contemporary sounds.

**KZ: How did you find your band?**

GS: We put together this band when I got out of the service and went back to college in 1975. All except for one guy, everybody is still with me. This is a lot bigger band, I've got nine pieces now.

**KZ: So you went to Nashville once and it didn't happen. You made it to Nashville the second time around.**

GS: I went three times. The first time, I went was in 1977 and I think the record business in Country Music at that time was slow. They just weren't breaking any new acts.

**KZ: The new LP is recorded, mixed, and mastered digitally.**

GS: Putting everything down digitally is an advancement in recording technology. I'm starting to learn a little bit about it. Jimmy Bowen is the one behind all that.

**KZ: Some people think that digital sound is colder and more steely.**

GS: I think it may be that some people aren't used to it because they're so used to hearing the noise in-between and the more distracting noises in the background.

**KZ: Is it more crucial getting the right levels in the studio?**

GS: You have to spend a lot more time in the studio doing it. You have to go through each instrument one at a time before you ever even start recording.

**KZ: Can you record live if you have to do all that preparation?**

GS: We did it all together. It was a band thing. It wasn't pieced together. I did some of the background vocals, but the majority of them were done by Curtis Young. When I left Nashville after recording, I came back and sat with Curtis and we listened and he did a few songs. Bowen finished up, putting the rest of the vocals in there.

**KZ: With the success of yourself and The Judds, would you say that there's a roots revival in Country?**

GS: I hope so. From talking to people in radio and since I started recording, it seems to me from what I hear, they want Country music that sounds Country and is Country. I hear that all the time. They say, don't change what you're doing. Keep on sendin' that Country Music. So they made me believe that maybe that's the direction the music is going. ■

## URBAN CONTEMPORARY SUMMARY

Crossover looks like the word of the week. Could it be related to the fact that we are in the midst of the mad rush of releases for the fight for Christmas record buying dollars? A quick glance at the top ten shows a number of major cross-overs in more than two formats. And then, when you check out the "Certified" headlines, more appear there. TINA TURNER would have to win the Crossover Queen Of The Year Award, and here she comes again with her 6th hit in any format she'd like to be a part of. JAN HAMMER is the other choice for that same headline and once again we have a multi-format selection. Moving right along to the "Most Added" headline, we have one more: PRINCE's new release, "America". He also makes his usual appearance in the "Pop Crossover" spot, a place where he has appeared regularly for the past

two years. TA MARA & THE SEEN gets all the acceptance that any "biggest mover" would get, as most of you are currently reporting it this way. ISLEY/JASPER/ISLEY's "Caravan Of Love" goes into the top 15 and is getting top 5 requests from listeners of many of our stations. Another request story would be the EDDIE MURPHY. "Wait For Love", LUTHER VANDROSS' newest offering, looks like it will do as well or better than his previous two have. Big debut week for TREMAINE's "Fall Down" in many major markets: #4 at WAMO-Pittsburgh, #6 at WTLC-Indianapolis, #13 at WANM-Tallahassee, #14 at WWDW/FM-Sumter, #14 at KMJM-St. Louis, #14 at KMJQ-Houston, #14 at KSOL/FM-San Francisco, #17 at KGFJ-Los Angeles, #15 at WQQK-Nashville, and #17 at WRKS-New York. CHERELLE just makes the chart at #30 and had to fight off

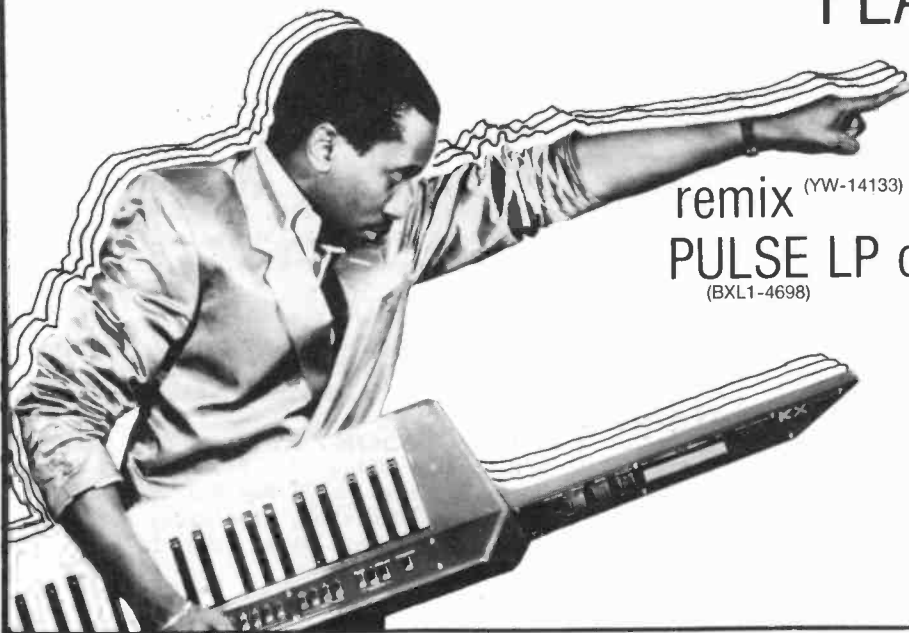

RAY PARKER JR. to get there. EUGENE WILDE has his eye on the #30 spot and should get a good number next week. The other "Most Added" winner besides PRINCE is labelmate SHEILA E. with her new single "A Love Bizarre". KOOL & THE GANG joins the page with almost as many adds as those two, but misses it by a narrow margin - it's still the third most added for the week. Newcomers in "Up & Coming" include STROKE, FULL FORCE, and PATTI AUSTIN. Watch next week for more new entries from EVELYN "CHAMPAIGN" KING, CON FUNK SHUN, ALEXANDER O'NEAL and the BOOGIE BOYS.

# P.D. NOTEBOOK

by Eric Norberg

Don Hofmann at KNBQ in Tacoma called my attention to the fact that the FCC has adopted a radiation-level RF standard, dictating maximum levels of RF that the population can be exposed to by broadcasters, proposed by the American National Standards Institute, 1430 Broadway, New York, NY 10018. He notes that a copy of these standards is available from the Institute. So far, the FCC has not pre-empted even more restrictive RF standards some localities have adopted, in fear of generally undemonstrated health hazards from broadcast signals, but apparently the FCC may pre-empt local standards if they unduly interfere with stations' efforts to transmit as authorized by the FCC. As I noted some months ago, this matter is becoming a major concern for broadcasters.

A letter from Virginia Birrell at 3KZ Radio in the Melbourne, Australia, market, led me to a printing error I should perhaps point out for everyone else who might have gone back to look for the first part of my series on the ratings in the May 3 issue-and couldn't find it. I sent her a copy of the article, but I bet she has it. The pages in the May 3 issue carry the correct date, but the cover date was April 26. If you're looking for this column, or anything else in the May 3 Gavin Report, check and make sure you don't have two different issues dated April 26, each with different cover pictures. If you do, check inside. One is the May 3 issue. ■

I was impressed by the article in the June 21 Gavin Report by Steve Warren on "Programming Country Music Today," and felt in particular that stations programming for any adult audience could well take heed to his advice to seek out, rather than to avoid, uptempo music.

I received a letter from Ken Schroeder, Operations Manager and Program Director, and Jon Shaffer, General Manager, KYOU, commending that article as proving "there is a young and progressive audience for the 'new' country music."

Schroeder goes on to say, "When I took over at KYOU in Greeley, Colorado, as Program Director, it was your typical top 40 country station. Of course, being an unrated market, our numbers as such were the sales figures, which were dismal ... I opted to inject as much new music as possible, even if it were only remotely country. Bands like The Blasters, Lone Justice, Dave Edmunds, Robert Gordon, Bonnie Raitt, John Prine, Los Lobos, The Beat Farmers, and the many new rockabilly bands from California. The result? Our numbers (i.e., billing) have doubled and show no signs of slowing."

KYOU is not the only FM country operation to veer off into a uniquely conceived area, and it seems that if the vision is true, and the station knows its audience, it can become not only very successful, but relatively impervious to

challenge. There are those who argue that "country" is a traditional form, and hybridizing it this way is in no remote way "country" and should be condemned. There are certainly many stations succeeding with a traditional country approach, but the bottom-line success of KYOU and other stations like it show the audience is more interested in the music than the labels, and if they like what they hear, they'll listen.

Of course, these renegades-or pioneers-are very hard to classify musically, leading Schroeder to comment, "One of the curious things that has happened is that in spite of the fact that we try to play as many new artists as possible, our record service from the major labels is all but non-existent. Thus, many of the new artists we play are on smaller labels like Sugarhill and Flying Fish, which give us good service. To get a record from the major labels requires us to call in and ask for a record by name. In fact, we buy many records, just so we can play them. Of course, many artists are not played at all for lack of service."

Ken would probably be surprised to find this is not a unique problem; I can well recall having to buy some records while helping program a 50kw station in Los Angeles a few years back, because we couldn't get them otherwise! But having a unique format isn't helping: "Part of this problem may be due to the fact that when we report our new adds, they often are not printed because they don't fit the so-called format, or they are not a known artist. The cycle needs to be broken, if country music is to be a competitive format ... If you look at the top 40 country songs, they were probably all recorded in Nashville in the same five or six studios, with the same 20 or 30 back-up musicians ... There is hope for country; it just has to realize that we're livin' in the '80's."

## DAVE SHOLIN'S Personal Picks — SINGLES

### Arcadia - Election Day (Capitol)

Norman Lear and Gary Marshall created spinoffs for T.V. and Duran Duran seems to be doing the same for radio. Powered by some big brass, this conglomeration features Simon LeBon, Roger Taylor and Nick Rhodes with a guest appearance from Grace Jones. Can't miss.

### Eurythmics and Aretha Franklin - Sisters Are Doin' it for Themselves (RCA)

Helen Reddy was first to sound the battle cry of Womens' Lib in the early 70's with "I Am Woman". The roar has gotten louder over the years and the message is still the same. Updated for the 80's by two of the hottest acts around, this track found a home on the current Eurythmics and Aretha LP's and should just as easily find a place on Top 40 and Urban playlists.

### Elton John - Wrap Her Up (Geffen)

What a week for collaborations. Elton, a longtime fan of Wham! teams up with George Michael for one spectacular production. Sure to create lots of great rap in no time at all. Elton's best effort in years.

### Baltimora - Tarzan Boy (Manhattan)

It's an airplay jungle out there these days, but watch out 'cause this leftfielder from a band of unknowns is definitely strong enough to battle it out with the big name talents on this page. Deserves a close listen.

### Christopher Cross - Charm The Snake (Warner Bros.)

Had to do a double take to make sure this wasn't mislabeled. Yes indeed it's Chris Cross rockin' his socks off. Sure to surprise and charm his Top 40 following.

### Kool & The Gang - Emergency (DeLite/Polygram)

Title song from an album that contains a full supply of tracks for Urban and Top 40 playlists.

### Clarence Clemons & Jackson Browne - You're A Friend of Mine (Columbia)

Lots of sax appeal from The Boss's good buddy makes this a standout. Sounds like Jackson was havin' a ball adding his special touch to this superb Narada Michael Walden production.

## RON FELL'S Personal Picks — ALBUMS

### Various Artists - "White Nights Original Soundtrack" (Atlantic)

I'm told that the music plays an intergral part in the film. This is not ambient filler. With tracks like the monster single from Phil Collins & Marilyn Martin, SEPARATE LIVES, and contributions from Roberta Flack, Robert Plant, John Hiatt and ex-Ambrosian David Pack, there should be plenty of tracks from which to choose. I particularly like John Hiatt's SNAKE CHARMER, David Pack's PROVE ME WRONG, and Robert Plant's FAR POST. Credit Doug Morris for putting it all together. He was also responsible for the Phil Collins track from "Against All Odds" and the Cocker/Warnes piece from "An Officer And A Gentleman".
