INSIDE TOP 40

by Dave Sholin

Anyone who's ever been involved with a year-end countdown on radio can relate to those inevitable calls from certain listeners, questioning why one song scored a higher position than another (no doubt a favorite of theirs). My response has always been that with thousands of releases each year, it's quite an accomplishment to make it into the elite Top 100. 1987 was a landmark year for new artists and for women. Five of the names in the top ten have never appeared there before. Besides women locking up the number one and two songs of the year, new artists such as Suzanne Vega, Expose, Debbie Gibson, Jody Watley, Tiffany, Lisa Lisa and Cult Jam, T'Pau, Kim Wilde and Swing Out Sister hit it big for the first time. And once again, when critics attack Top 40 for not enough rock, just point to the success of Bon Jovi, Whitesnake, U2, Billy Idol, Europe and Heart. Lots of variety continues to be the battle cry of the winners. Congratulations to all the artists and labels who now own a piece of musical history as part of this year's Top 100. and, as Bob Hope would say, "Thanks for the memories."

It's the "sign 'o' another success" for **PRINCE** with a twenty percent increase in HIT FACTOR. Jim Richards and Lori Campbell at B94 climb on board joining Jim Fox and Dave Allen Q102, Gary Bryan and Tom Hutyler KUBE, Patty Johnson POWER 105, and Cindy Wright G105 among those in the add column. Debuts top thirty at WBCY, 102QQ, KKRQ, Y104, KIXS, B93/FM, KSIQ, WZOK, WKLQ, etc.

1988 is full of uncertainties but you can count on **TIFFANY** being in the top ten by the time the champagne gets uncorked on New Years Eve. Exploding everywhere!!..Z100 New York 19-10, PRO/FM Providence debut #19, Z93 Atlanta 22-11, KZZP Phoenix 18-9,

KITY San Antonio 31-21, B104 Baltimore debut #19, WCIL Carbondale 20-3, KOY Phoenix 26-13, KWNZ Reno 28-21, KSND Eugene 39-19, etc.

Early believers in **PAUL CARRACK** are moving him into the top twenty generating an 11% to 20% HIT FACTOR increase. Gains 29-18 for Lou Simon at KCPX Salt Lake City and 32-27 with Dave Anthony at KDWB Minneapolis/St. Paul. Also moving at Z95.5 31-27, KKEZ 18-12, Y108 5-4, KIXY 28-24, Y94 18-14, KGLI 30-22, 94Q 17-13, WROQ 18-15, etc.

Steady increases for **ERIC CARMEN** who is getting significant phone action most everywhere. Nearly doubled in overall chart points and you can expect an even bigger gain on next week's Top 40. Climbs 31-22 at Z94 Boston, 17-10 WHSB Alpena, 28-20 KISN Salt Lake City, 25-18 KZHR Yakima, Z103 Tallahassee 29-23, etc.

Patience pays off for former **RECORD TO WATCH** entry **NEW ORDER**. Lands over 200 reports for the first time with adds at POWER 106, WFBC, WZZR, WTBX, KZOU, KEYJ, WXTQ, Y108, WIFC, KLBQ, etc. Top twenty at 93Q, KDWB, PWR 99.7, Z93, KZZU, Q106, KATD, KWSS, WDEK, etc.

Best week yet for **CHER** who sends this **MICHAEL BOLTON** composition into the **CHARTBOUND** arena. New on KIIS Los Angeles, WANS Greenville, WMJQ Buffalo, WZOK Rockford, WHKW Fayette, KMGX Fresno, Q105 Tampa, Z93 Atlanta, WKQB Charleston, KKXL Grand Forks, KFMV Provo/Salt Lake, etc.

What began as a club novelty has slowly grown into a smash for everyone who plays it.. what else but **SALT-N-PEPA**. HIT FACTOR is an amazing 38% with hot action at Y106 25-15, WABB 22-17, B95 12-6, POWER 104 23-17, KIXY 25-18, WHYT debut #21, etc. Added at Z100, 92X, WZIX, WXKS, ISLE 95, Q106, Z100 Portland, KDWB, HOT 105, etc. Those needing copies should call Next Plateau Records at (212) 541-7640.

Big jump for **M/A/R/R/S**, last week's **RECORD TO WATCH**, at KMEL San Francisco 21-12 and B95 Fresno 17-7. Also a winner for Z104 36-28, KZZP 26-21, LIVE 105 debut #11, KITY 20-17, HOT 103 21-11, POWER 96 14-11, etc. 16 adds including WPST, WRCK, KSTN, KWES, WHYT, etc.

THE ALARM

Eleven new believers sound **THE ALARM**. Paul Christy and Cheryl Broz add it at POWER 104 Houston as do Bob Case at Z93 Atlanta, Dena Yasner 95XXX Burlington, Bob Beck KYYY Bismarck, Nathan Hale WQBZ Ft. Valley/Macon, Dave Allen KSLY San Luis Obispo, etc. On at WXKS, KDOG, POWER 92, KTMT, KFFX, KIXY, WBBQ, etc.

Without question the most talked-about record of the week is "Dear Mr. Jesus" by **SHARON BATTS**, a nine-year-old girl who was six when she recorded this very moving and disturbing entry that deals with child abuse. Audience response can be summed up in one word..astounding! Most stations are not officially reporting it but all who are playing it say the same thing..calls just don't stop. Credit goes to the crew at Q105 Tampa for discovering this one. Jack Silver at KIIS reports it went to number one in requests after one play. Same story at WAVA where Gene Baxter calls it "the biggest phone record I have ever seen." Calls from listeners of all ages, around the clock." Y95 Dallas logged 1,003 calls between Tuesday and Friday of last week. Al Brock at WHIT Harrisburg has been on it for three weeks and says the phones haven't stopped ringing. PWR 99.7 Atlanta says calls run six-to-one over anything else. To obtain a copy, call POWER VISION RECORDS at 817-481-5206. Their address is PO Box 916, Bedford, Texas 76021. This all-volunteer Christian organization will donate proceeds from this record to shelters for abused children.

On a lighter note, **BOB RIVERS'** "Twisted Christmas" album is turning out to be a novelty winner this holiday season. Heaviest play is on "Wreck The Malls," "The Twelve Pains of Christmas" and "O Come All Ye Grateful Dead-Heads."

And a reminder: While the Top 100s of the year appear in this issue, we still have one more report this year. So please call in your playlists on Monday or Tuesday, December 14th and 15th. Thanks.

THE ENVELOPE PLEASE...

BE YOUR STATION'S CHEERLEADER

I recently read a very interesting article under that title by Tim McCartney, Chief Engineer of KBSU at Boise State University in Idaho. The article appeared in *Radio World*, a newspaper distributed mostly to radio engineers, and I have received permission to quote from it here:

"Have you ever heard a radio station in which the announcers bad-mouthed management--on the air? I have worked at two such stations, and was only too happy to see these announcers forced into rapid career changes.

"It seems to go without saying that you don't criticize your employer in front of the clientele. Yet it happens.

"An airline pilot recently publicly passed the buck for delays to 'those air traffic controllers.' This sort of behavior does nothing to boost confidence in the airline industry. And the situation is even more true in an entertainment medium such as radio.

"Why would someone be so openly hostile on the air? The reasons I saw during cases of abuse included revenge, format change, loss of power, free speech and superiority.

"In the case of revenge, the announcer thought he deserved a promotion, didn't get it, and sought appropriate revenge on station management. In fact, this announcer truly had the skills to be promoted, if only he would have been willing to move to another market. For personal reasons, relocation was ruled out. The result was double bridge burning...

"One station...had changed formats, and the announcer perceived her role as intolerably diminished. She was upset that such drastic changes could be made by upper management without her counsel. She felt it her civic duty to expose management directly to current listenership, in some futile hope of reversing the format decisions. After all, her ego had been inflated over the years by her regular on-air post; her listeners had contributed to a rationalization which said that [only] her approach to that format...made the world turn.

"We cannot realistically expect an announcer in such a position to broaden this tunnel vision. She saw her own personal role as far more important than the

greater good of the organization. Once such a person is identified, dismissal is the only alternative.

"At [this] station, the on-air complaints centered around the new format. But it was all a cover-up for the true concern: loss of power. The in-crowd had lost its ability to get its own kind onto the staff, and had no influence in programming or station direction. Being publicly angry about losing control isn't likely to win much public support--so their anger was masqueraded in the form of concern over program changes.

"Some people despise losing power. One announcer brought in wooden boards to barricade himself in the control room, in order to advise his listeners about the inappropriateness of the upcoming format changes. While he was at it, he lamented over [his] sadness that he would not be part of the new team.

"Do these people think management are imbeciles? They simply pulled the plug on his little prank, put the production studio on the air, and showed him the door.

"Some folks view the First Amendment as totally without limitation. One announcer--a law student--said station management had no right to curtail his 'free speech rights' when it limited his social commentary during a jazz show. We must assume he wasn't a very good student of law. We know he wasn't a very good radio programmer or employee.

"Then there are those announcers who simply know it all. They smack of the 'church lady' character on NBC's *Saturday Night Live* who is 'just a little bit superior.' They view management as thick-headed thugs with Mafia ties who are incapable of comprehending that 'Lynyrd Skynyrd lives on, man!' Their preoccupation with music often overrules any practical tendencies they may otherwise demonstrate.

"After her radio days had ended over the loss of power, one announcer carried her campaign to a retail establishment. [She became] manager of a local record store, [and] she was directly hostile to customers who supported the new format. She lost hundreds of dollars in record sales in the process. All of this was great news to her competition, which got

"It's the responsibility of all radio employees, including engineers, to 'talk up' the station."

the extra business as a result. Strike one up for capitalism!

"It's the responsibility of all radio employees, including engineers, to 'talk up' the station. If anything can be learned from the behavior of the bizarre announcers recounted here, it is that being a staunch supporter of your station truly is appropriate and expected behavior.

"It helps business. It strengthens [your] role in the station, and it's [your] responsibility. Be your station's #1 fan!"

I found that to be a very well thought out discussion of a programming problem which has never come up in this column before, and I appreciate Mr. McCartney's and *Radio World's* permission to quote from it. *Radio World*, by the way, is a broadcast engineering publication that is distributed free to the trade. If your station doesn't get it, write on your letterhead and request it. The address is *Radio World*, Suite 310, 5827 Columbia Pike, Falls Church, VA 22041. ■

NEW PROMC CHIEF

POLYGRAM TAPS LEACH

National Director of Pop Promotion David Leach has been named Senior VP/Promotion for PolyGram Records. He replaces John Betancourt, whose departure was confirmed in a one-sentence announcement by Executive VP Robert Jamieson that Betancourt was "no longer employed" at the label. Tales continue to circulate that he is headed for a similar post at RCA Records, although executives here have issued vigorous and categorical denials.

Jamieson said Leach "has established himself as one of the industry's most influential and successful young promotion executives. It is also a point of pride that we are able to draw from PolyGram's highly talented internal executive corps for such key appointments."

'NO HARD FEELINGS' IN BLOOM EXIT

CHLOWITZ TAKES OVER AS GM AT THE WAVE

If any storms accompanied the departure of GM Howard Bloom from Los Angeles' KTWV, they are not being talked about publicly. "No hard feelings," insisted an insider. "Howard had been at this station (the former KMET) for 19 years, and I think he just felt it was time to pursue other opportunities." His replacement is Allan Chlowitz, GM of KRTH from 1973 to 1985 and, according to Metropolitan Broadcasting President Carl Brazell, "A highly experienced broadcaster whose knowledge of the Los Angeles market can only add to the success of The Wave."

Adds Chlowitz: "I'm very excited about the format. I'm trying to look at it without the traditional radio buzzwords. The great thing is that there are no rules. That allows for a tremendous amount of creativity." Chlowitz praised KTWV Programming VP Frank Cody and his staff for doing "a dramatic job of changing a very negative situation into a very positive one—in the advertising community, the recording community and the radio community." The new GM plans to spend the immediate future meeting with station personnel "to reassure them that the company and myself are extremely pleased in what has happened." As for any changes, Chlowitz says, "I think there are a few more building blocks. A number of things have to evolve—and they will. I have a lot of faith in the staff."

COLLINS TO RETAIN MORNINGS

BRIAN WHITE NEW FM102 PD

You need a scorecard to keep up with the Sacramento's Top 40 players. A week after KWOD PD Tom Chase's jump to KROY comes word that Brian White is arriving from BJ105-Orlando to take the OM/PD chair at FM102. "I hate to leave here after only a few months," White says, "but California is my home, and at this point in my career, it's where I want to practice my craft. Sacramento is a bigger market, very competitive—and the only large market in the state where you can afford to buy a home!" White's arrival at year's end will allow current PD Chris Collins to concentrate on his Morning Zoo-keeping. "I just felt it was too much for me to do three jobs," says Collins. "They told me I could be PD or do the morning show, and I said I would never give up mornings—that's where I've made my name." Collins says he's "thrilled" to be working with White. "He knows the style of radio I do—I learned half of it from him!"

SUZY CUE Former freestyle skiing champion and Chapstick spokeswoman Suzy Chaffee will anchor on-site reports from the Calgary 1988 Winter Olympics for the United Stations Radio Networks. Chaffee, shown here with network President Nick Verbitsky and VP/News and Sports John McConnell, will also host Olympic preview reports beginning Feb. 1st.

THE DUCK STOPS HERE

WLIR STAFF STICKS WITH SPITZER

Long Island's WLIR-Garden City may be losing dial position, but not its staff. Owner/GM Elton Spitzer says only two full-timers have jumped to Jarad Broadcasting, which is slated to take over the frequency next month as WDRE(DARE 92.7). "The familiar voices, behind-the-scenes workers and sales staff will remain," Spitzer says, adding, "We are working on a new facility. There will be a WLIR in the New York market in 1988." Taking over from Denis McNamara as PD is MD "Larry the Duck" Dunn, while D.Z. moves into the late-night spot vacated by Malibu Sue. "It's an honor to be at the helm of a station with such a rich history of great creative radio," says the Duck-man, who remains as MD. "My thanks to Elton for the great opportunity. WLIR will continue to bring the best in new cutting-edge music."

DEAR G.M....

Reagan and Gorbachev may be talking disarmament, but we here at the Gavin Report have unleashed a new weapon in an all-out effort to maximize radio attendance at the 1988 Gavin Seminar for Media Professionals. Your assignment: get the letter in front of the GM.

MORE FACTS. LESS YAK LISTENERS WANT NEWS

If you think your audience wants more jokes, opinions and "lifestyle" reports in your newscasts—you're wrong. A "Radio Power" survey commissioned by the Associated Press indicates listeners are asking, "Where's the beef?" The national phone poll of 1,000 radio listeners found every format—including News/Talk—is falling short of meeting their information expectations. According to the study...

- Top 40, EZ Listening/Big Band and Adult Contemporary audiences think newscasters are a little too entertaining.

- Top 40, Album and A/C audiences think newscasters are too opinionated.

- News/Talk audiences think newscasters should be more down-to-earth.

- Listeners in all formats think newscasts are slightly too shallow—they want more of the "why's" behind a story.

The survey also revealed a strong endorsement for information programming, with 70 percent saying they pay as much or more attention to news as to music, and two-thirds saying they are more likely to listen to a station with news and information programming.

CHEEKING INTO A MOTEL

PD Dene Hallam gives a beard-burn to Martha Davis at the grand opening of KCPW/POWER95-Kansas City's new studios in the trendola Westport district. With them are KCPW Asst. PD Tracy Johnson and Capitol Records sales rep Leo Geiger. Other guests at the bash included Jellybean, Laura Branigan and Glass Tiger's Alan Frew.

SPOTLIGHT PROMOTION OF THE WEEK

GIVING 'EM THE BIRD

KOLL-Gillette, WY, Program Director Dennis Switzer, Sales Manager Shawn Eddy and Account Execs Dell Christianson and Gina Gauthier package Thanksgiving dinner for 15 local residents who

could not join the over 100 people who attended the annual People Project's Soup Kitchen. This is the fifth year that the radio station has cooked and served the holiday meal, and the first time they delivered meals to the area's shut-ins.

SECOND TO NUN ▲

PD Rick Stacy, left, tells Taylor Dayne, "You're just my type--O Negative," as Power 99.7-Atlanta hosted a "Fright Train" Halloween Party. Over 400 costumed listeners boarded the historic Georgia Railroad for a wild party with the Power 99.7 staff and musical

celebrities including Samantha Fox, Pretty Poison, Taylor Dayne and Alan Frew of Glass Tiger. As the train headed for Stone Mountain, a "murder" took place and passengers did their best detective work to solve the mystery and win thousands of dollars in prizes. With Stacy and Dayne are MD Steve Wyrostock and OM Matt "Nasty Habit" Farber.

WTIC OR TREAT ▼

In Hartford, WTIC/FM's Tom Barsanti proves he's a real radio "Maverick" while Atlantic Records' Joe Ianello remains unruffled. The station's Fifth Annual Halloween Ball featured live performances by Debbie Gibson and Jellybean, and raised \$7,500 for a local children's hospital.

K98'S HELPING HAND ▼

Christmas for two Monroe, Louisiana, families will be a lot brighter, thanks to the fundraising efforts of K98. The station raised \$5,000 to help 18-year-old Tammy Williams and seven-year-old Charlene Neathery, both suffering from severe liver disorders. During the drive, K98 held two car washes, with management and staff personally washing approximately 400 cars. At left of the picture is Flora Williams with daughter Tammy, K-98 Asst. PD John Hughes, OM Julian Davis, Carla and Charles Neathery with daughter Charlene.

INSIDE A/C

By a very narrow margin Dan Hill replaces George Harrison as number one, while Brent Bourgeois and Larry Tagg are on the verge of spending the holidays at or near the top of the chart.

To almost no one's surprise, Natalie Cole has moved 17 to 4 during the past two weeks. She picked up a spectacular 61 new HEAVY rotation reports this week alone, making "I Love For Your Love" the biggest A/C record in her history.

Carly Simon has moved 29 to 23 to 13 over the past two weeks as she clears over 200 stations and is now HIT FACTORED by more than three-fourths of her players.

Fleetwood Mac's "Everywhere" is continuing its phenomenal growth. In each of its four weeks, it has been one of our MOST ADDED (this week, number four) and its ranking leap from 35 to 16 is nothing to shake a stick at.

Expose is already half HIT

FACTORED from their 124 A/C stations. As the season changes, expect Expose to turn up the heat.

Supertramp is having its greatest success in A/C radio with "I'm Beggin' You." The song gets 16 adds including WRFC, KEFM, WKMI and KFYE while HIT FACTOR moves up to 57%.

Duets with Orbison & Lang and Summer & Thomas make solid gains again this week. Roy & k.d. are now HIT FACTORED at 52% while Donna & Mickey are this week's fifth MOST ADDED and are already HIT FACTORED at 43%.

Jude Cole's "You Were In My Heart" adds 13 stations as it debuts at 38 underlined for the holidays.

Last week's RECORD TO WATCH, Tiffany's "Could've Been," was this week's MOST ADDED and will be next week's highest chart debut on its way to a single digit chart peak.

This week's RECORD TO WATCH, "What Have I Done To Deserve This?" by the Pet Shop Boys with Dusty Springfield, is right down A/C's alley thanks to a tempered arrangement and a wonderfully familiar voice. Already playing are stations like WBLU, KKLK, WJXL, KDES, KGY, WLIP and KDLK.

REVIEWS by Ron Fell & Diane Rufer

SHARON BATTS *Dear Mr. Jesus* (Powersource)

Get a copy of this single from Power Vision Records, P.O. Box 916, Bedford, TX 76021 or call 817-481-5206 and get it on the air. This tear-jeaker about child abuse is performed by young Sharon and a church group from Bedford, Texas. It's emotional and strangely seasonal as we enter the prime time of the year for our innocent little people and the season of goodwill to all.

MICHAEL DAMIAN *Christmas Time Without You* (Weir Bros.)

The nice thing about a quality Christmas song like this one is that it can be played year after year without burning out. It's a straight ahead A/C

arrangement featuring one of the stars from daytime tv's "The Young & The Restless."

HERB ALPERT *Our Song* (A&M)

Herb makes it sound so easy. This gentle, wordless horn solo is winterized for your listening enjoyment.

DECK THE MALLS

We love Christmas, or as it's sometimes called, Xmas. We love it because we're masochistic and nothing gives us more jollies than overextending on our credit cards, cash and checking account. We treat shopping like a mission, attacking the malls in full camouflage regalia, carefully choosing just the right gift for each happy recipient. This year, the news informs us that "The grosser the toy, the better it sells." That's just fine with us, because toys are what we give everyone on our list. We don't care if you're eight or 80—you're all kids at Xmastime, and toys are what you deserve.

The L.A. Herald Examiner tells us that toys featuring removable stomachs, putrid breath and alien blood are what you kids want in your stockings. Do you think toys that discharge an odor like rotten eggs are sick? Do you feel that Mad Scientist Dissect-An-Alien kits with battery-operated intestines are in bad taste? Ten-year-olds interviewed by this department inform us that global destruction games are "cool," and that Cabbage Patch dolls and Mickey Mice are OUT for anyone who ain't a nerd. Available this Xmas is a video of subway vigilante Bernie Goetz's confession, a Cricket doll who not only sings, but solicits, and a Baby Heather who speaks directly to your child while performing a

Kafkaesque metamorphosis, aging from six months to two years in under an hour.

All this inspires us to begin the manufacture of our own Gavin Hollywood Department games 'n' toys. Most will be in your local Toys "R" Us for giving this year, and all are geared to the tastes of record and radio folk:

THE DAVE SHOLIN PROCRASTINATION

DOLL: This walking, talking ex-Top 40 PD doll is a lifelike recreation of a living radio legend—the perfect gift for that promo person who misses hearing all those radio clichés during the Xmas hiatus. Programmed with all of the Shole-man's stock phrases, the 12-inch replica needs only to be wound up to utter stuff like, "It looks good for next week," "We're in a book" and the always popular "I'd LOVE to have lunch—would it be okay if I brought along three sales reps, the all-night guy and Leslie Wing?"

THE RON FELL BORED GAME: Hit the "question computer button," and this attractive, grey-haired statuette asks valid questions in a synthesized voice. It'll say, for instance, "What did I mean when I said Manilow's LP 'treats music not so much as an anthology of thoughts but as connected attitudes of style?" Players win points based on the alacrity of their

response. Employees of something called HITS Magazine have had fun with their advance copies, and Kal Rudman was heard to comment, "Hey babe, this toy is up there where the air is rare!"

CASSETTE ROULETTE: Participants in the baby boomer age category adore this party game, in which players are required to determine the difference in Journey and Survivor tapes. Tracks by the two groups are played and gamesters must pick which band they're hearing. No one is permitted to make cracks about the fact that the two groups have never been seen together and may be one and the same. Winners receive Boston LPs which haven't been recorded.

SAN FRANCISCO: A challenge for the quick-thinking, this puzzle is ideal for visitors to next year's Gavin Medium Professional Seminar. A bizarre, hard-to-read map is presented to all convention attendees, with carefully plotted routes from music-biz bars back to the Westin-St. Francis. The fun here is attempting to reach the St. Francis without being mugged, and any registrants who do just that are eligible for the finals. Just what the finals are hasn't been determined and is dependent on the mood and creativity of Gavin editor Lisa "Don't Ask ME What CMA Stands For" Smith.

SHOP 'TIL YOU DROP: Fascinating in its simplicity, this little game determines its winners based on American Express and Visa charges. The bottom line is...the more herring- and sardine-bone jackets, Bally loafers and 49er T-shirts purchased and charged within a given time frame, the closer you are to winning. And what do you win? How about a pre-paid suite at the Mission District YMCA for two nights (double occupancy) at the February Medium Seminar? Speed is of the essence here and Gavin intelligent guy Eric Norberg is championing at the bit. Be forewarned—Eric can champ!

HOLLYWOOD PARADE: Inflatable figures of legendary Tinseltown types are lined up in a row, and players must knock them down with ZZ Top CDs. When this occurs, the life-size dolls in the shape of Chris "I've Got Polaroids of Thyret" Crist, Gerry Cagle and Danny Davis are propelled into a tank filled with menthol-flavored Jell-o, where they proceed to drown. This is one of the sicker games on the market, but is right in line with Mattel's posture for the '80s.

...But wait! There's more! Yet another Xmas/Christmas column next week! ●

BIO FEEDBACK

by RON FELL

STEVIE WONDER

Among his many Grammys are three for Album Of The Year: "Innervisions," "Fullfillingness First Finale" and "Songs In The Key Of Life."

BUSTER POINDEXTER

Later this month, Buster, actually David Johansen, will go before the cameras for his part of the next Bill Murray film, "Scrooge."

LONNIE MACK

The man who recorded the 1963 hit "Memphis" has signed with Epic Records.

ST. PAUL

His real name is Paul Peterson and he's a native of St. Paul, Minnesota. He performed on the last album by the Time and in the Prince film, "Purple Rain."

GLADYS KNIGHT & THE PIPS

Before Gladys was 13, she was touring with the likes of Jackie Wilson and Sam Cooke.

THE FOUR TOPS

They've signed with Arista and will have a single and album early in 1988.

QUIET RIOT

Kevin Dubrow has left the band and is working on a new album, with Cozy Powell and John Entwistle participating in some of the recording.

CLIFF RICHARD

In 1959 Cliff had a hit with the song "Living Doll." He was born in India of British parents, and his name at birth was Harry Roger Webb.

JOHNNY RODRIGUEZ

He was discovered by Bobby Bare and Tom T. Hall while singing at the Alamo Village Amusement Park in San Antonio.

PEABO BRYSON

Regina Belle is the fourth woman with whom Peabo has now sung duets. His previous partnerships were with Natalie Cole, Melissa Manchester and Roberta Flack.

BOBBY WOMACK

One of his most famous compositions, "It's All Over Now," was an R&B hit for his 1964 group The Valentinos, and in the same year for The Rolling Stones in Top 40.

RUBEN BLADES

His long-awaited English-language debut is set for this spring. Production chores are divided between Tommy Li Puma and Lou Reed.

ERIC CARMEN

Prior to launching his solo recording career in 1975, he was the lead singer in a Cleveland band, the Raspberries.

SQUEEZE

Early in their recording career they were forced to call themselves UK Squeeze because of possible confusion with an American band called Tight Squeeze. We all remember Tight Squeeze, don't we?

SATURDAY NIGHT FEVER

December 16th marks the 10th anniversary of the world premiere of the film, "Saturday Night Fever."

RICHIE HAVENS

His most successful single came in 1971 with a cover of the Beatles' "Here Comes The Sun."

THE MOVIE SOUNDTRACK COMES OF AGE.

Time was when "movie music" meant a sort of sweeping symphonic mulch little different from, and sometimes identical to, the "light classics" that fill the programs of every major Pops orchestra in America. Thick, syrupy strings endlessly recapitulating the "Love Theme," martial horns trumpeting the arrival of the hero, woodwinds happily trilling to denote comedy—your typical soundtrack was strictly supermarket music, not radio material.

Then for a few years, movie music went disco. And that was even worse.

But nowadays a film score is likely to represent the very cutting edge of modern sound, involve some of popular music's most visionary artists and receive a lot of airplay.

The soundtrack has come of age. And Virgin Movie Music is here to light the candles on its cake.

JUST RELEASED:

THE LAST EMPEROR, music by Japanese electro-rock star Ryuichi Sakamoto, head Talking Head David Byrne and China's Cong Su for Bernardo Bertolucci's epic of 20th-century China.

WALKER, music by Joe Strummer. The former co-chair of the Clash takes on salsa, Latin folk and country music in the service of the latest film by Alex Cox. Featuring the track "Fillibustero."

THE SICILIAN. David Mansfield, one-time sideman for Bob Dylan, T-Bone Burnett and Bruce Hornsby, melds classical, Italian and popular musics of the '40s and '50s for his third soundtrack for Michael Cimino.

ENNIO MORRICONE FILM MUSIC VOL. 1. Classics like "The Good, The Bad and The Ugly" and "On Earth As It Is In Heaven (Theme From The Mission)" from one of the most influential composers of our time.

Virgin Movie Music.
When the lights come up, the
needle goes down.

INSIDE ALBUM

by Kent Zimmerman

"If there was one thing we could count on last year it was **Lee Smith** coming out of the bullpen."— Chicago Cubs pitcher **Rick Sutcliff** live on **WXRT** after the Cubs "traded" the star relief pitcher to the Boston Red Sox (and the Eastern Division title?) for two alledged pitchers.

Lin Brehmer was in a serious funk having been cursed by the **Don Zimmer** hex and a four-game losing streak by the Bulls. Yet he still had some great things to say about **The Connells'** "Over There" ("one of the best songs o the year") and **The Kinsey Report's** new album ("a classy blues album"). Lin sez to watch out for the upcoming album by **Bob Marsh** and promises to be wearing a batting helmet in the bleachers next season when **Calvin Schraldi** and **Bob Nipper** are pitching. Another (ex?) Cubs fan, **Kevin "Nipper" Vargas** in Las Vegas, was bemoaning the loss of **Lee Smith** too. The odds on the Cubbies winning their division have sunk on the betting boards after that deal. If you happen to tune into **ESPN's AWA Pro Wrestling** on any Friday evening in December, look for **Kevin and KKLZ** co-host **Jeff Murphy** sitting in ringside seats proudly displaying their station T-shirts to the world...**KSJO's Patty Martin** is getting all kinds of response to our **Most Added** album by **Foreigner**, and **Michael Bolton** is "exploding!" **INXS** is working well for **Joy Crosslin** of **WMJY** while **Bruce** and the **Bangles'** "Hazy Shade of Winter" pull in the top requests. **Jeff Parets** of **KEYX** and **Bill Webster** of **WJXQ** are also having success with the **INXS** album. **Bill** also reports mega phones on **White Lion** and **Pink Floyd**. **Jim Kelly** with the **KAT** in **Amarillo** sez **Foreigner** and **The Alarm** are both doing alarmingly well. The **Eurythmics** were second **Most Added** only to **Foreigner**, and **Bob Linder** of **WDHA** notes immediate reaction, as does **Tom Krum** from **KZAM**. **John Edwards** of **KBPI** finds that **The Alarm**, **Glen Burtnick** and **INXS** are all working well and **White Lion** is his most requested record. **Ted Habeck** of **WMRY** and **KKEG's Rick Alan** are getting calll like crazy for **Bourgeois Tagg**. **Don Moody** of **KYJR** reports that the **Cry Before Dawn's** "The Seed (That's Been Sown)" is a pleasant surprise. 93 **Rock's Ron Garrett** in **Sacramento** left the **Pink Floyd** show as "excited as a kid leaving Disneyland." Ron thinks the legal fued between **Roger Waters** and **Pink Floyd** is of little interest to the thousands of fans who enjoyed the music. Bravo! Such squabbles are about as interesting as reading about athletes' contract demands and negotiations. **Keith James** from **KGKG** lists **A Very Special Christmas LP** as his most requested LP, with emphasis on the **U2** and **J.C. Mellencamp** trax.

Victor Lisle of **KLLK** is another big supporter of this Special Olympics benefit album. One of our favorite albums this year (see the **Gavin Album Frontline/New Releases** page) is **Chris Rea's**. Both **Bill Evans** of **KTAO** and **Steve Cole** of **KSPN** are discovering it to be one of their better records too. With so many killer tracks, **Steve** says they'll be playing it for a **LONG** long time.

Roddy Frame and **Aztec Camera** are gaining more attention as their live tour makes its way around the country. **Jeffrey Damon** of **WMVY** picked it as their "Creeper of the Week" record. The folks at **WDNS Bowling Green** report lots of phones on the **Jethro Tull** album. He feels it's the best since "Thick As Brick". **Jeff**

Freeman of **KKOW** in **Pittsburg, KS**, is getting cauliflower ear from answering **Foreigner** requests, as is **Gary Powley** at **WAAW** in **Murray**. Please remember to phone us with your last report of 1987 this week. We will be back the first Monday in January (the 4th) and we'll see you in February at our Seminar. Keep an eye out for the **Gavin Award Nominees** in your next issue. **Kent Zimmerman** will be back next week from his **Warriors** scouting mission and I'll be back on the **Alternative** chart page. In true **Gavin** style, **Gavin Radio Services** ace **Robert Barone** switched over from **GRS** to substitute **Alternative** editor last week. Thanks **RB!** Stay well folks.—**Peter Standish**

INSIDE ALTERNATIVE RADIO

by Peter Standish

Love & Rockets and **The Housemartins** continue to dominate as **Sinead O'Connor** strikes like a cobra for the top of the chart, only four percent behind number two and 15 percent behind number one. **Game Theory** and **Less Than Zero** are doing better than they appear, but are snagged in traffic. **David Sylvian** insists on getting in the Top 10, as **WRAS- Atlanta's Valarie Pittman** attests, "Phones continue to ring" and **KUCI- Irvine's George Spillman** states "It jumped way up there." **O'Positive** is "The People's Choice" at **91X-San Diego**, and **WFNX-Boston** Assistant MD **Bill Abbate**, who replaces **Shred**, says that **O Positive** is doing "incredibly well." Meanwhile, at **WMDK- Peterborough**, **Mike Thomas** debuted **Max Eider** in moderate rotation but immediately moved him into maximum. The **Eurythmics** are chartbound as the #2 most added record. **Full Fathom Five** are attempting to "Communicate" as they enter the chartbound section too. They are the **Record To Watch** with increased chart points by 50 percent in one week and maximum rotation at **KUCI, WPRB- Princeton, KBVR- Corvallis** and **WUNH- Durham**. The **Reivers** continue to ascend the chart, as do **Game Theory**, the **Leather Nun** and **Aztec Camera**. High entries into the charts are **Age of Chance** at #38 and **Negativland** at #43. Newly appointed PD at **WLIR-Long Island**, **Larry the Duck**, is thrilled over the new **Anna Domino** album titled "This Time." **Larry's** choice cut is "Tempting." Don't forget one more week to report, we're gone for a two week break and reporting resumes on January 4th and see you at the Seminar in February!

SPOTLIGHT LP

Fairytale of New York - THE POGUES (**Pogue Mahone/Stiff - 12"**) **Tom Waits** calls **The Pogues** his favorite group and here's a good example why. It's Christmas eve in the drunk tank and the characters in this song are dreaming about a better time among the bright lights of **Broadway** as their intimacy shines through their verbal sparring. Though set in **America**, "Fairytale of New York" is distilled from **The Pogues'** Irish/English pub-crawl irreverence. **Steve Lillywhite** is to be congratulated on his good command of production. Look for their debut on **Island Records**. **RB**

Tore-Up - TAIL GATORS (Wrestler)
The **Tail Gators** cross-breed regional bayou swamp rock with the chomp of an alligator and the mystique of a voodoo charm. My favorite is the title track, "Tore Up," which features **Don Leady** (founding member of the **Leroi Bros.**) on a buzz saw guitar that slices rock dance floors in half. "Jungle Rock," "Allon's Rock and Roll" and "Don't Do It" are the other key tracks, along with the Cajun-seasoned "Black Door." Co-produced by **Los Lobos' Steve Berlin**, this collection of various B-sides and cassette-only bonus tracks was recorded over the past few years. Look for the band to release a new album early next year on a major independent label. Call **Mark Pucci & Associates** for more info: (404) 873-4796. **PS**

INSIDE COUNTRY

Be sure to check out the Top 100 of 1987 on page 28. We think you'll agree that it's been a great year for Country music. While 1987 may be grinding to a close, the Gavin Country chart is definitely not suffering from the year-end blues. It's as active as ever, with a lot of big names making their way up the top forty. The O'Kanes continue to prove that they're a real listener favorite as they pull in heavy requests for Buddy Owens at KNIX-Phoenix and Don Owen at KGA-Spokane. Another hot phone item continues to be Rosanne Cash. She's heating up the requests lines for Jim Patrick at KSO-Des Moines, Roger McDowell at KRMS-Osage Beach, Joel Mueller at KROW-Reno and stays the #1 request yet another week for "Scoop" Closson at WAXX/FM-Eau Claire. Dan Olsen at WWQM-Madison tells us "Billy Joe Royal's 'I'll Pin A Note On Your Pillow' is burning up this town." Charlie Hoskins at KLXX-Bismarck predicts "This Tanya Tucker/Paul Davis/Paul Overstreet record is going to be big. It's already heading to the

top of our chart." The biggest move of the week was Alabama's jump from 32-21. Chuck "Chuckles" Walley at WGAA-Cedartown calls it "a sizzler - requests and sales action indicate this record's a smash." Merle Haggard's making a bid to end the year inside the Top Twenty. Anthony Keith at KROF-Abbeville and Rick Cardarelli at WSLR-Akron are both betting he will - it's the most requested record at both stations. Frank Smith at WFSR-Harlan reports he's been on Vern Gosdin from the start, and it picks up more and more calls every week he plays it. Schuyler, Knobloch, Bickhardt is building momentum for Mark Hull at WWSJ/AM-St.Johns - "It never fails. Every time it's played, the phone lines light up." A lot of programmers are happy to see how well the Jo-el Sonnier record is doing. It gets Certified this week, and KJIN-Houma counts it among their hottest records. This week's Record To Watch, George Jones' "The Bird", is becoming an instant favorite among programmers and listeners alike.

END OF THE YEAR SCHEDULE

Don't forget to call in your last report of the year on between Monday, December 14th and Wednesday, December 16th. The last issue of the year will be dated December 18th. We'll be closed for two weeks, then re-open January 4th.

REVIEWS

LIBBY HURLEY

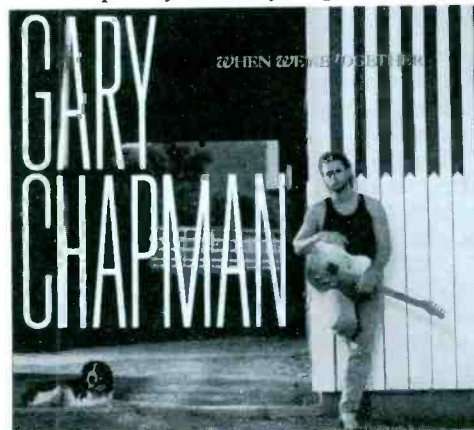

"You Just Watch Me" (Epic)

It's the old rodeo-to-riches story. Libby, a former Miss Rodeo Arkansas, was discovered while singing on the bronco-busting circuit. On this second single, her voice has as much in common with Stevie Nicks as with Patsy Cline.

GARY CHAPMAN

"When We're Together" (RCA)

Mr. Chapman is very adept at writing hooks. Besides co-writing this song, his credits include writing Kenny Rogers' "I Prefer The Moonlight" and T.G. Sheppard's "Finally." This is the way Contemporary Country ought to sound.

STEVE EARLE & THE DUKES

"Six Days On The Road" (MCA)

Dave Dudley first had a hit with this song back in 1963. Mr. Earle and his Dukes have done an extraordinarily fine job of dusting it off for the soundtrack of "Planes, Trains & Automobiles." Sounds better with every listen.

WHAT'S IN A NAME?

Since long before Willie "The Bard" Shakespeare first broached that question, we've been assigning names to people, places and things. Names are important because they help us categorize our past experiences. When we have a series of thoughts, if we assign the series a name, we need not repeat each thought individually to convey their collective meaning.

For instance, mention "the Gavin Report," and your mind immediately conjures up all the experiences you've accumulated in years of reading this publication. You think of the charts, the various weekly columns and, depending on how long you've been around, perhaps Bill and Janet Gavin. It is not necessary to mention each remembrance item over and over for the mind to grasp the meaning of "the Gavin Report."

The same theory pertains to those elements we as programmers install in our radio packaging. Each element we add to increase cume needs a name. The jargon we frequently use to describe such elements are "hooks" or "magnets."

Recently, a station I work with began to air a comedy record during its morning show. At first, the morning team merely played the tune without any particular reference. I mentioned to them to call it "The Wake Up Song." The only thing that changed was that listeners now had a "hook" onto which to hang their experience. When they talked to their friends about hearing the comedy records on their favorite radio station, they had a name to refer to. Instead of saying, "Boy, WXXX plays the funniest records in the morning," they might say, "Boy, WXXX's Wake-Up Song was really funny this morning."

As David Letterman teaches us, these off-the-wall features cry out for names. What if Letterman said, "Tonight, we are going to talk about famous people you have run into. You know--celebrity types you may have seen in a restaurant, a restroom or in an airport. If you've ever had this happen, step forward and let us know."

If he did that every night, he'd have zip ratings. Instead, he has assigned a name, "Brush With Greatness," conveying the entire experience in a simple phrase. And because it's simple, it's also memorable.

Let's take some specific names used by

a variety of stations around the country to describe certain components of their programming:

NAME THAT NOISE, SECRET SOUND - The meaning is apparent.

BRAIN BAFFLER, MIND GAMES, THE QUERY, BURNING QUESTION - Obviously, a perplexing puzzle the audience has to answer.

LASH WEDNESDAY, CALLS OF THE WILD, GROUCH LINE - Time set aside for listeners to call or write in a list of complaints about things that anger them.

LIFE'S BEST EXCUSES, LIES TO THE BOSS, TRUTH AND CONSEQUENCES - Fellow staff members or others share the experience of their most successful lies.

BEG AND GROVEL - Listeners pour out their hearts in order to attain prizes by totally embarrassing themselves.

CALENDAR, DAY IN HISTORY, USA YESTERDAY - And many others that describe datebook information many of us use.

CAN YOU PICTURE THIS? - Captions are read that humorously befit pictures in that day's newspaper.

IMITATION WEDNESDAY - Listeners are invited to call in with their best impersonations.

TABLOID TRASH, PERUSE THE REAL NEWS - Features in which grocery store tabloids are read with tongue in cheek.

JOKE OF THE DAY, JOKE DU JOUR - Self-explanatory.

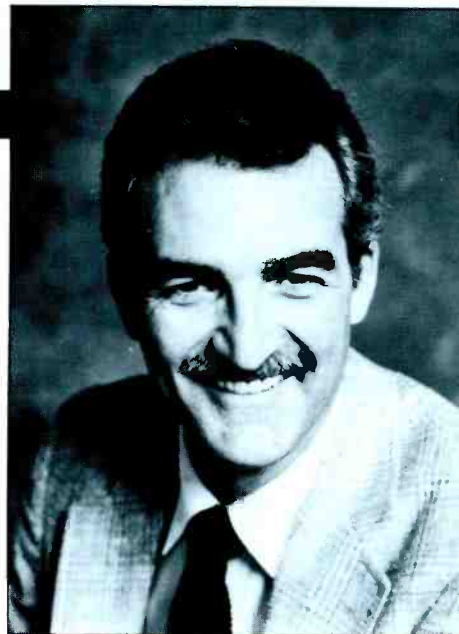

SPLIT JOKE OF THE DAY - One of my personal favorites, in which a joke is split. For example, at 7:20, the morning team asks, "What do you call cattle without legs?" At 7:50, they give the answer: "Ground beef!" This feature also allows you to get a little risque.

KISS YOUR MATE DAY - Rather than just taking dedications saluting happy couples, this feature allows participants to express their greetings on the air personally.

LIAR'S TRIVIA - A series of statements are made in which truth and fiction are mixed. Listeners have to determine which is which.

PUT ON POUNDS SWIFTLY, THE POPE DIET - Recipes filled with calorie-laden items are read.

AFFAIRS OF THE HEART - With whom would you most like to have an affair?

Off-the-wall features cry out for names.

And, of course, there are many others. If you have some nifty names of programming features you'd like to share, why not drop me a line? I'll include them in some future columns. Write me at the WSM Radio office, PO Box 100, Nashville, TN 37202.

MAKE FRIENDS & INFLUENCE PEOPLE

As an air talent, one of the best things you can do for yourself is to take a Dale Carnegie course. The cost is minimal and it so enhances your ability to communicate, both on the air and off. You'll learn a myriad of applications. Moreover, most of your fellow deejays haven't taken it, so you'll be one up on the competition.

WATCH YOUR PREPOSITIONS

One error deejays make is referring to the audience as if they know they're in a different place. For example, here in Nashville it would be part of the deejay's patter to refer to another community in our Metro Survey Area as "over there" in Madison or "down there" in Franklin. Geographically, that's where those communities are located. But if you're a listener in Madison or Franklin, you're not "over" or "down"--you're "in." Tape yourself and listen for those kind of references. Just a small prepositional phrase can help you communicate more effectively with listeners who are not actually in your city of license. ■

INSIDE URBAN RADIO

Before we get into the music, look in the envelope your Gavin came in and find the letter to your General Manager. If you've already begged and pleaded or asked your GM if you might attend this year and he hasn't yet given you a firm "yes" or "no," take that letter, along with this year's tentative agenda (printed on page 24) and ask him one more time. This year, not only do we have our Urban format breakout session, but also a Urban/Top 40 faceoff, production workshop and problem-solving sessions, to name a few that are scheduled so far. We'll be adding more in the next issues to help you in your efforts to convince that GM that you NEED to be there. The session on "State-Of-The-Art Production on A State-Of-The-Economy Budget" alone should be enough to convince him or her that you will get your money's worth out of the trip to our Seminar. Good luck!

MICHAEL JACKSON, NATALIE COLE, and WHITNEY HOUSTON are in a tight squeeze in the top three spots.

Certified spot checks look like THE WHISPERS have a nother one on their hands, as does RAY PARKER, JR.'s duet with NATALIE COLE. Both should carry over into the new year's chart. Newcomers to the chart include M/A/R/R/S, TAYLOR DAYNE, JOYCE SIMS, SURFACE, WELL RED and CHRIS JASPER. James Alexander and Belinda Briggs, WJLB-Detroit, are already reporting terrific calls for CHRIS JASPER. Tony Scott, WEKS-Atlanta, reports Ray and Natalie are worth watching, as does Victor Mathis, K98-Monroe. Darryl Moore and Mike Smith, KXZZ-Lake Charles, are reporting heavy calls on the Ray and Natalie duet and the GLADYS KNIGHT & THE PIPS, 18-34, especially female. Roshon Vance, WPEG-Charlotte, reports huge calls on MARCIA GRIFFITH's "Electric Boogie," which is pulling down #1 requests there. Last week's Record To Watch, WELL RED, debuts this week at #39, and is pulling good phones. This week's RTW is CHICO DEBARGE. It's

already getting calls, according to Kermit Crockett, WWWS/FM-Saginaw, and Joe Bullard, WANM-Tallahassee. Joe also says he's getting calls for GLADYS KNIGHT. Melvin Jones, KRNB-Memphis, reports, "my left-field smash pick is WORLD CLASS WRECKING CREW." Gary Weiler, WBLZ-Cincinnati, reports that he's hot for the new single by ANGELA WINBUSH, as well as the CHRIS JASPER, both getting calls already. Ciao for now - Betty.

REVIEWS

By Betty Hollars and John Martinucci

BLACK BRITAIN - *Real Life* (Virgin)

How this group's *Funky Nassau*, was overlooked earlier this year we'll never know. Expect to hear fine productions from these guys in 1988 starting with *Real Life* from their debut album, "Obvious," and the "Hiding Out" soundtrack.

SHANICE WILSON

No Half Steppin' (A&M) Baby, now that you can dance, we don't want any half steppin'! Since she went all the

way to the top five with her debut single, *Can You Dance*, we expect her to go more than "half" way with this one - 'cause it's a tough cut.

MICHAEL STERLING

Holiday (Magnum) Several programmers have already drawn *Holiday* to our attention on the phones. If you're looking for a sweet lyrical content ballad during your holiday programming - this is the ticket.

STEVIE WONDER

You Will Know (Motown) Stevie has to be one of the most socially conscious lyricists of our time. *You Will Know*, which we understand is the next single, is timely for the season when joy and good cheer are not necessarily experienced by all. Stevie expresses there is hope, but goes one step further as he describes ways to find a silver lining in every cloud. A little faith goes a long way.

MIS-READING THE SIGNS

You've heard the old story of the owner who told the GM he didn't like the new morning man or the format. He told the manager he was going on a trip, and when he got back, he wanted a new format, a new staff and some new numbers. Shortly after the owner left, the Arbitron came out, and the station was number one. The manager sent a copy of the ratings to the owner, who was convinced the GM had made some changes. He had! He signed the morning man to a long-term, five-figure contract, plugged in some research and reinforced that with billboards and television. But the format and the staff remained the same. When the owner finally returned, he told the manager the station had never sounded better and those changes should have been made a long time before. In reality, of course, nothing had changed but the numbers. The owner hadn't really listened or understood, and he still didn't. But when the ratings went up, he was convinced it was because of the changes he had ordered. In this case, the owner mis-read the signs.

The radio ratings racecourse is full of unfamiliar territory. To win, you have to read the signs--all the signs. You have to read and interpret the Arbitrons and Birches accurately, and not just from month to month or book to book. Program and/or music directors have to be able to know which songs fit the target, which titles are burning out, and, most important, which new songs to replace them with. And you can't do this by guessing or ear-picking. That's a dangerous folly. Yet there are still stations in both large and small markets that do no meaningful research, or don't follow the research when they do. They can't or won't read the signs. The managers and owners will tell you they can't afford it or that they can't see the need for it. Some will tell you they never did it before and still won--so why should they start now?

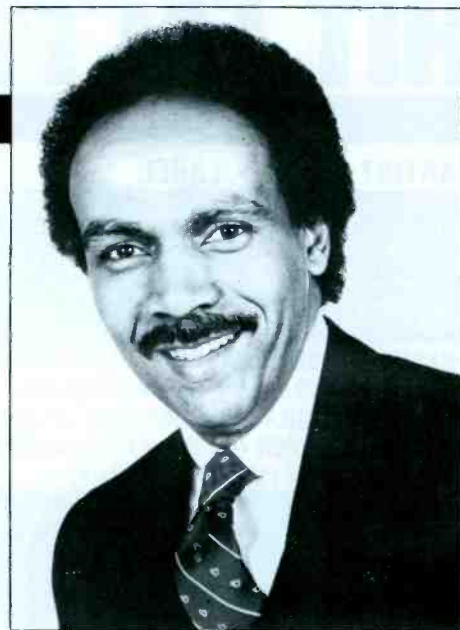

The key is familiarity of the music, and, without oversimplifying the process, there are some danger signs you must read and heed. If you play only the best, most familiar songs, you will eventually burn out those songs. If you play too much unfamiliar music, even though it fits, you're going to lose some cume and quarter-hours. Even if you expand into titles which are almost compatible--such as from the

CD--you run the risk of damaging your consistency. You must give your format time.

It happens over and over again: Someone finds a niche that works and pretty soon everyone wants a slice of it. We saw it recently with those Urban stations that wanted to gain a stronger adult audience base. They decided to sacrifice their teens for what they hoped would be an older, more salable adult audience. Sometimes it worked, sometimes it didn't. When it didn't, there were a lot of reasons given and a lot of careers devastated and hope lost. Someone once decided that if a "Quiet Storm" approach worked well in the 7-midnight daypart, what would happen if the entire station went to "the storm"?

Actually, it became a clever positioning statement that sounds better than it is. The phrase really defines itself based on the way the station sounds and the methods used to promote it. The problem is that often it didn't get that promotional push. It didn't get the research that would show whether those listeners who loved it at night would still respect it in the morning. Let's face it, you can "storm" with the right music mix and limited announcer participation in the evenings, but come the dawn, people's needs change. Like any format-within-a-format, it has both its advantages and disadvantages. The restricted talk level of most "Quiet Storm" formats is an advantage for backgrounders and those listening at work who favor little dee-jay participation. But those same listeners will have to tune elsewhere when they are in the car or in the mood for some energy and want to be entertained--and tune elsewhere they will.

The signs point different directions on weekends, too. Beat music seems to thrive then. It's party time and a lot of our audience are party people and dancers--not all of them, and not all the time, but more dance and party than don't particularly on weekends, and especially between the ages of 12 and 30. And those dancers with weighted diaries could dance right to the top of the trends--if you do it right. Some of today's most exciting beat music is still mixed live, and you can hear it on weekends in many forms in any city with a significant minority population. These mixers have become the unheralded hitmakers whose showcase is the dance

There are still stations in both large and small markets that do no meaningful research, or don't follow the research when they do.

club, the tape recorder and the radio. And right now in our format, you will find a third or more of the standard hit singles have companion 12-inch dance remixes in release. Dance signs...more of the many you must read in order to move on. And yes, it's tough reading some of these signs, and often they indicate more hard work ahead. But the measure of success is not whether you have a tough problem to deal with--but whether it's the same problem you had last year. ●

DAVE SHOLIN'S PERSONAL PICKS — SINGLES

SQUEEZE - 853-5937 (A&M) A grand tradition: The Marvelettes, Wilson Pickett and Tommy Tutone all scored hits with telephone numbers for song titles. Chris Difford and Glen Tilbrook work their magic once again and concoct a chorus that makes it impossible to forget this number. Ring up another one for Paul Carrack's ex-bandmates.

RELATION INC. - No, No (R&A) Straight-ahead pop from a group that had success in some areas with their version of "I Think We're Alone Now." They return with a very strong followup and this time around they don't have a cover battle on their hands. Fun listening that should have listeners saying yes, yes and asking for more, more.

CROSSOVER PICK

GLADYS KNIGHT AND THE PIPS - Love Overboard (MCA) Jump in... the water's warm, thanks to URBAN CONTEMPORARY radio, where it sailed up the chart and made a splash in the top ten last week. Has the feel of her great hits of the past, with that unmistakable vocal presence.

RON FELL'S PERSONAL PICKS — ALBUMS

FOREIGNER - Inside Information (Atlantic)

With the pendulum of popularity swinging more metallic, Foreigner creates a more aggressive mix of power chords and anvil percussion without obscuring the purity of Lou Gramm's vocals. There is no mistaking their intentions as rockers, yet the production values are a cut above their peers'. Gramm's choir-boy clarity effectively rivals Mick Jones' guitar parts with all their metallic shine. Most of the tracks are appropriately punctual in their drive, thanks to a solid bottom line provided by the human rhythm machine of Dennis Elliott and Rich Wills, and there is even one obligatory rock ballad on the album, I DON'T WANT TO LEAVE WITHOUT YOU. And, while the boys will continue to make the grand commitment to the exigencies of rock, their rarely-heard ballad side has proved to be their most consistent side.
