Beck To WAVA

WDFX-Detroit Program Director Chuck Beck is heading to Washington, DC to become PD at WAVA. He replaces Matt Farber who left the station to join Arista Records as Director of Planning/Special Projects.

"It has been a real privilege working for people such as Paul Jacobs (WDFX VP/GM) and Jay Hoker (station owner)," said Beck of his decision. "They are truly a couple of outstanding individuals."

Beck will be in and out of WAVA for the next few weeks, with August 27 targeted as his start date. He told the Gavin Report he won't be going on the air—but may make appearances

with morning team Don and Mike. Before spending two years at WDFX, Beck was at Y95 in Dallas.

Besides moving to a city he's wanted to live in for quite some time, Beck has an ulterior motive for taking the job at WAVA. "It's very exciting to be going to Washington to work for GM Alan Goodman and Emmis," he said. "I'll have the opportunity to pursue my first love, which is a career in pro baseball, as a pitcher for the (Emmis-owned) Seattle Mariners. Radio Programming is going to be my hobby, which I will concentrate on in the off-season, and a little bit during the regular season."

"We had fifty, maybe seventy-

five people apply for the job," said Goodman. "When you've got the kind of morning team I have, a guy like Dave Elliott (interim PD) who knows the market so well, and a competitor Q-105 that's probably changing format, somebody with Chuck's experience makes it an easy choice." And what about Beck's aspiration to become one of the boys of summer? Goodman chuckled, "I'm sure we won't lose him!"

RADI-O-RAMA

Ken Pauli, PD of WFAS/FM-White Plains, NY is leaving for Atlanta, GA. Acting PD will be Sue Richard...Top 40 Z93 (KZOZ)-San Luis Obispo, CA PD Chris Ruh has resigned to pursue other interests. New PD is Slammin' Sam Jackson, formerly PD at KQLH/KRQK-Santa Maria...For everyone who asked

DOUBLE POWER IN SAN FRANCISCO/SAN JOSE

Viacom Broadcasting, Inc. signed on its newest properties this past Tuesday (7/31).

At 9:09AM DOUBLE 99-FM (KDBK-San Francisco and KDBQ-San Jose) hit the airwaves with a format consisting of popular A/C hits and album cuts by rock-based artists. The stations are 100% simulcast 100% of the time. Double 99-FM covers 250 miles, an area management says will hit communities North of Santa Rosa and South of Monterey. Three Arbitron markets—San Francisco, Santa Cruz/San Jose and Salinas/Monterey—will be affected by Double 99-FM's combined 100,000 watts.

"There's a lot of special things about this station," said Station

Manager Larry Berger. "It's an FM/FM simulcast on two adjacent frequencies (KDBK-98.9/KDBQ-96.1); it's a format that's never been done before; I have a full-time staff of six people—three men and three women. All this is very different and I think that's what it's going to take to come up on top in a market that's so crowded."

And crowded it is. Berger acknowledged that the Bay Area is a tough nut to crack, since there are approximately 56 FMs competing for a piece of the pie. Parent company Viacom is going full-steam ahead, planning to spend \$3 million promoting the stations over the next 18 months.

HARRIS UPPED TO SR. VP

Warner Bros. Vice President of Black Music Promotion Ray Harris has been promoted to Senior Vice President of Black Music Marketing and Promotion. Harris moves in the slot left open two weeks ago by Ernie Singleton, who resigned to go to MCA.

"Ray's extensive and impressive music industry credentials, as well as the extraordinary job he's done for us...have made him an indispensable asset to our expanding reach in Urban music," said label President Mo Ostin. "His new position will make even better use of his talents."

Before joining Warner Bros. in 1988, Harris worked at Avant Garde Management. Beginning in 1974 he worked as VP, Black Music at RCA and then became President of Solar Records in 1982. His new role calls for him to oversee marketing and promotion for both Warner Bros. and Reprise in the Black Music Department.

Kirstie Alley

"More stations should be playing this song. If you only want to play the hits and only the best songs, then play CRY OUT. It stands on its own as a hit song. This song is a Top 10 hit."

Chuck White, PD KELT

"CRY OUT first aired at my station during an hour long special on the environment. Afterwards people called in wanting to know more about the song and requesting to hear it again. It generated enough excitement to go on the record and I added it.

It's our official environmental anthem."

DOUBLE POWER *cont.*

KDBK ended its Jim Gabbert/Pacific FM-owned days as KOFY/FM with an hour of all the Barry Manilow songs you never wanted to hear. Double 99's first hour looked like this: 99/Toto; FM/Steely Dan; Yesterday/The Beatles; It Keeps You Runnin'/The Doobie Brothers; A Matter Of Trust/Billy Joel; I Feel The Earth Move/Carole King; Candle In The Wind/Elton John; Long Time Gone/Crosby, Stills & Nash; Still The Same/Bob Seger; I Missed Again/Phil Collins; Somebody's Baby/Jackson Browne; Hotel California/Eagles.

Meanwhile, at the Gabbert ranch, Viacom's taking over of the former KOFY/FM studios left KOFY/AM without a home. While Gabbert constructs new radio studios at KOFY/TV's facilities, he's simulcasting his TV programming on the AM, and while that sounds like an interesting idea, Gabbert says that he's getting about 105 negative calls per hour. KOFY/AM will return to the airwaves with a "Cool Gold" format approximately August 10-15, when the studios are scheduled to be finished. No personnel appointments have been announced.

INSIDE TOP 40 by Dave Sholin

In any given week there's at least a handful of PDs hard at work "fine tuning" the sound of their stations. Even in the best of situations it's possible or maybe inevitable to veer off course slightly, and require some periodic adjustment. As a format, Top 40 has been grappling with how best to maintain an image that stresses variety, yet reflects current tastes in music and entertainment that cut across social, racial and/or economic lines. However, doing that in an increasingly fragmented marketplace is no easy task. Whatever is considered mass appeal is being reexamined and reshaped in this decade. Just last week, newly-named **NBC Entertainment Group Chairman Brandon Tartikoff** admitted that eroding audience shares requires a new mindset when it comes to programming network television. Tartikoff views the drop off in viewership as an opportunity to offer more sophisticated and adventurous programming. He argues, "When your level of success no longer has to be a 25 share but could be a 20 share with the right demographics, it does widen the spectrum for all kinds of shows that are now acceptable and viable." Specialty radio formats are here to stay and bound to increase in number, so to win big, Top 40 competitors have had to reevaluate and redefine their strategies and goals. In an age when three television networks offered us our only program choices, Ed Sullivan was able to hold the nation's attention trotting out magicians, Pop groups, actors performing scenes from Broadway plays, comedians and animal acts for an hour each Sunday night. Top 40 today is more streamlined and focused out of necessity, but still maintains a distinct competitive edge due to a superior ability to react and reflect the public's ever-changing tastes.

ELEKTRA UPS ALDEN

Rick Alden has been promoted to Senior Vice-President, Promotion for Elektra Entertainment. This elevation comes on the heels of Alden's promotion to Senior Vice President, Top 40 Promotion earlier this year.

"This promotion comes as an honor and a challenge," Alden said. "I'm gratified by the confidence that Bob Krasnow and Brad Hunt continue to place in my work. Elektra has been extremely good to me over the years."

Before joining Elektra in 1979 as a Promotion Marketing Manager, Alden worked at Atlantic and RCA Records.

"After seeing the extraordinary results Rick Alden has achieved

with Top 40 promotion, it became increasingly clear that he was the man to head Promotion overall," said label Senior Vice-President/General Manager Hunt. "I'm extremely pleased to announce this promotion."

In other activity at Elektra, **Doug Daniel**, Vice-President, Urban Marketing and Promotion announced that **Keir Worthy** has come to the label as National Director, Rap Promotion and Marketing.

Worthy comes to the label from Def Jam Recordings where he was the Southwest/Midwest Regional Promoter. Before that Worthy headed **Hot Wax**, an independent marketing and promotion firm, and worked with such luminaries as **Ice-T** and **Sir Mix-A-Lot**.

"Rap is becoming the most vital indigenous American music since the introduction of rock 'n roll," said Daniel, "and nobody understands this burgeoning genre better than Keir."

BIOFEEDBACK

by Ron Fell

•BILLY JOEL

According to Pollstar, the Billy Joel tour of twenty-one cities and forty-seven shows since the first of the year was the highest grossing venture of the first six months of 1990. Joel's \$22.8 million gross edged-out Aerosmith's \$21.2 million for eighty-two shows in seventy-three cities.

•ST. PAUL

Paul Peterson, better known as St. Paul, is the son of parents who've both served as organists for Minnesota Twins baseball games.

•WAYLON JENNINGS

Waylon Jennings has been selected as the poster person for the "Don't Drop Out" campaign which encourages students to stay in high school to graduation. Earlier this year the fifty-three year old Jennings received his high school G.E.D. certificate.

•2 LIVE CREW

Luther Campbell and 2 Live Crew are not the first group to take liberty with Bruce Springsteen's epic BORN IN THE U.S.A. In 1985 Cheech & Chong parodied the song with BORN IN EAST L.A..

•MADONNA

In 1979 Madonna started as the drummer, not the singer, for an early version of the group The Breakfast Club.

•CHEAP TRICK

Robin Zander and Bun E. Carlos were session players on John Lennon's 1980 comeback album "Double Fantasy."

•GEORGE MICHAEL

"Listen Without Prejudice, Volume I" is the title of George Michael's next album, due in September.

•PAUL COTTON

Paul Cotton began his career in the group Illinois Speed Press, but in 1970 replaced Jimmy Messina in the group Poco. Cotton, though not a current member of Poco, served more than eighteen years in the group, more than any other member except Rusty Young.

•PHIL COLLINS

Collins, considered one of the most successful solo artists of the eighties, began his solo career almost by accident. In 1981, while his Genesis band-mates Mike Rutherford and Tony Banks were recording solo albums, Phil had nothing to do, so he stayed home and fiddled with some song ideas on his eight-track machine. That "idle time" resulted in two hit singles, I MISSED AGAIN, IN THE AIR TONIGHT and a platinum solo debut album.

•BRUCE COCKBURN

Cockburn's new album, "Bruce Cockburn-Live" is his 19th album and his second live album in twenty years of recording.

•BRUCE HORNSBY

Bruce Hornsby guest stars on albums recently released by Cheap Trick, Marti Jones and Crosby, Stills & Nash.

•ALLMAN BROTHERS

Dicky Betts joined the Allmans after a stint as guitarist in the band that backed up bubblegum Pop singer Tommy Roe.

•WYNTON MARSALIS

Twenty-eight year old Wynton Marsalis released eighteen albums in his first eight years of recording. During that time he received twenty-three Grammy nominations and won eight.

•TAMMY WYNETTE

Tammy's relationship with singer George Jones led to the couple announcing on August 22, 1968 that they were married. Only problem was that they actually didn't get hitched until February 16th of the following year. The couple divorced six years later.

•LONNIE MACK

It was Lonnie Mack, not Robbie Kreiger, who played the lead guitar solos on The Doors' classic track ROADHOUSE BLUES.

•BRENDA RUSSELL

In the early seventies Brenda co-hosted a weekly television variety show in Toronto and appeared weekly on a gospel radio show.

•LINEAR

The group's name, Linear, means top quality in Portuguese and straight line in English. The group's Charlie Pennachio says to the group it means "a straight line to the top."

•JOHN HIATT

As a songwriter, John Hiatt's most recent successes have come penning Bonnie Raitt's THING CALLED LOVE from "Nick Of Time," Jeff Healey's breakthrough, ANGEL EYES and Earl Thomas Conley's BRING BACK YOUR LOVE TO ME.

•SANTANA

In August of 1969 Santana was a featured band at the famous Woodstock Music and Art Fair. It was one of the few acts that had never released an album. The group's debut album wasn't released until November of that year.

•CHARLIE DANIELS BAND

Fifteen years ago this month The Charlie Daniels Band received its first gold record for the album Fire On The Mountain.

•JANET JACKSON/
SHARON BRYANT

According to Dave Marsh in his book The Heart Of Rock & Soul, many of the tracks for Janet Jackson's breakthrough album "Control" were originally written by Jam and Lewis for Sharon Bryant who'd just left Atlantic Starr. Marsh says, "Bryant rejected them as too rambunctious."

•FINE YOUNG CANNIBALS

FYC's lead singer Roland Gift received critical raves for his recent performance in a production of Romeo and Juliet staged at Stony Brook Theatre on Long Island. One critic, Stephen Holden of The New York Times notes, "Mr. Gift's Romeo is the evening's strongest asset."

•RANDY CRAWFORD

Besides having sung with some of Jazz music's great contemporary musicians (George Benson, Joe Sample, Al Jarreau, etc.) she also sang with Ex-Genesis Steve Hackett in 1977 and with Rick Springfield (TAXI DANCING) in 1984.

•LYLE LOVETT

Lyle Lovett has produced a soon-to-be-released album by Walter Hyatt, founder of the legendary Uncle Walt's Jug Band.

•DION

Dion's current single, SEA CRUISE, was written in 1958 by Huey "Piano" Smith. Smith, from New Orleans, had previously written two R&B novelties, BOOGIE WOOGIE FLU and ROCKIN' PNEUMONIA. According to Rock journalist Dave Marsh, Smith wanted to record the song, but his label, Ace Records, decided to hire unknown Frankie Ford for the track, because Ford had a "teen appeal akin to Dion and Bobby Darin."

In 1988, hardcore Soulman Keith Sweat busted onto the music scene with his debut album, *Make It Last Forever*. Keith, along with a then relatively unknown producer named Teddy Riley, created a sound that would pave the way for what is now referred to as "New Jack Swing."

Make It Last Forever's lead single, *I Want Her*, rocketed to #1 on the Urban Contemporary charts. The album sold three million copies and spawned two other chart toppers: *Something Just Ain't Right* and *Make It Last Forever*, a duet with Jacci McGhee.

Even though Keith Sweat hasn't released any solo material in the past two years he's kept busy working on other projects, including label mate Entouch's single *All Nite*, and Jacci McGhee's forthcoming debut album.

Keith came by the Gavin offices while on his promotional tour and I talked with the "Sweat Man" about his career, his new album titled *I'll Give All My Love To You* and overcoming the sophomore jinx.

BY JOHN MARTINUCCI

JM: When were you bitten by the music bug?

KS: When I was a youngster watching performers like the Jacksons. It was then I developed a desire to be on stage.

JM: Where does your inspiration come from?

KS: Music is so much a part of me—that's what I really enjoy doing. I don't write about what I see, I write about experiences and relationships. Inspiration comes from situations, like when I'm with a woman, dealing with someone one-on-one or see someone going through changes.

JM: It's been said that you rose to the top quickly, when in fact you paid some heavy dues along the way.

KS: I was with a group called Jamilah. It was a local band; we never had a recording deal. It wasn't easy. A lot of people think I came out of nowhere, but I've been doing this for quite awhile. I used to perform in talent shows and I spent years going in and out of the studio

trying to come up with songs I could shop around. A lot of times I met with people who told me that they didn't hear my songs or they didn't hear me as a solo artist. Then I began writing songs for other people and nobody wanted to hear *them*. At the time I kept hearing, "no, no, no—not this time. I don't think that music is going to happen. It's not what they're playing on the radio." I got pretty fed up and I decided to try it my own way—to record stuff for myself.

JM: When did you decide to go solo?

KS: About two years before I cut *Make It Last Forever*.

JM: One of the tracks on your debut album was originally a demo.

KS: Yes, *Don't Stop Your Love* was a demo. It got great response from the label. That's what really got me the deal.

JM: What made you decide to send it to Vintertainment President Vincent Davis?

KS: Actually I was working on a

deal with Sutra Records. But some of the people at Sutra knew it would be better for me if I

He had just cut his deal with Elektra and, for me, it was a better situation.

JM: You're really popular in England. How does your audience there differ from your audience here?

KS: The only difference is that I'm in another country. As far as the music is concerned, the people in England are not afraid to play music when they first get it. They're not afraid to try out something new, and they're really into R&B.

JM: You tour with a band as opposed to lip-synching.

KS: I like the live sounds. It's better for me because I'm really spontaneous, and when you perform live you do what you want when you want to.

shopped around before taking the first offer. Vincent heard the song and he made a better offer.

The band can break it down at any given point.

JM: This is your second album.

How did you beat the so-called "sophomore jinx?"

KS: A lot of people said, "That first album is going to be a hard act to follow." So that was laying on my head, but I tried to block the whole thing out. I decided that the first album was the first and the second was the second. I tried to come as close to the first one as I could with different songs. I honestly didn't want to get too far away from the first album because I had so much success with it. After awhile I was able to put aside the pressure.

JM: You turned down the tempo on I'll Give All My Love To You. Was it a conscious move?

KS: It was just the mood I was in. I just ended up writing more ballads on this album.

JM: I'll Give All My Love To You begins with a prelude and then rolls right into a kickin' track, Make You Sweat.

KS: I'll Give All My Love To You is like opening a book—you have a beginning and an end. So it begins with an interlude and ends with the full version of the title track.

JM: How did you end up working with Gerald Levert on Just One Of Them Things?

KS: Gerald is a buddy of mine—a partner in crime (laughs). I met him in L.A. during the Soul Train Music Awards. He's very down to earth—such a real person, and we became very close. I told him that when I did I'll Give All My Love To You I wanted him to do something on it. When I started the album it was no problem—he came into the studio with me.

JM: Teddy Riley had a heavy hand on Make It Last Forever, and it was very successful. On the second album he worked on only a few of tracks. Why the change?

KS: When we started the first album Teddy wasn't with a group and he wasn't doing any production. Now he's busy with his group Guy, and other work. At least I got him to do a few things on this album.

JM: Why wasn't How Deep Is Your Love, from Make It Last Forever, released as a single? It was the hottest cut on the

album. I thought the label would jump all over that one.

KS: How Deep Is Your Love should have been the second single but the label wanted to come with Something Just Ain't Right. By the time they thought about releasing How Deep Is Your Love, radio was saying, "We've burned that record already" (as an album cut). So it didn't make it to number one.

JM: Your Love - Part II has a Jazzie B/Soul II Soul sound and attitude. Was that intentional?

KS: Yes, that was intentional. I like the groove, and as a matter of fact Teddy and I put it together. More than

concentrating on Jazzie B, it was coming up with a good groove. There are so many beats you could make up. He's (Jazzie B) known for that beat, but that beat has been around for a long time. It's not HIS beat (laughs), it's just another beat. A lot of people use the I Want Her beat, but it's not really my beat, it's just a beat that's made up.

JM: What tracks on the album best represent Keith Sweat?

KS: I'll Give All My Love To You and Just One Of Them Things with Gerald Levert. Make You Sweat is because it's a rip-off of my last name, and maybe Merry Go Round. I think Make You Sweat will become a signature record for me. People are already saying, "The Sweat Man Makes You Sweat."

JM: Dance records seem to be doing really well on the Urban and Pop charts. Do you foresee any backlash?

KS: Not really. It's just that music is the way it should be now. At one time music was stereotyped, but now people are starting to accept it. I never believed in the terms R&B and Pop. To me that's just a label—music is music. If you've got a great song people are going to like it regardless. It's taken a long time for this music to develop and now that it's here, I think it's here to stay.

JM: Where else can we see Keith Sweat's name?

KS: The young lady who did the first album with me, Jacci

McGhee, is coming out with her debut album around September 1. I produced two cuts on her album. I did a couple of cuts for an MCA Records artist named Omar Chandler, whose debut album is due the same time as Jacci's. I'm doing other productions and I'm preparing for an October or November tour. I'm hoping Gerald Levert will go out on tour with me but we haven't finalized that yet.

JM: Last year you were featured on Entouch's single All Nite.

KS: I produced All Nite. I hadn't been on the scene for a while and I liked Entouch. I thought if I put my voice on one of their songs it would help them get a little more notoriety, and it did.

JM: Are you hard to work with?

KS: I don't think I'm hard to work with, but I know what I want. If I produce someone, I know what I want from them in the studio and you either give me what I want or I can't work with you. I feel as if I know what people want to hear—I've got an ear for the street. I don't know if I'll have that five years from now. I work hard to get what I want in the studio. I learned that in school. You've got to work hard for what you want. Hey—I'm hard on myself. I'm not any harder on someone else than I would be on

myself. I can be difficult when it comes to getting something perfect.

JM: How do you feel about labeling records?

KS: When you start labeling you've gone a little bit too far. This is supposed to be a free country where you have freedom of speech. When you go as far as that (2 Live Crew arrests), then you're telling me what I can sing and what I can't sing, and I don't think that's right. Now, for years I've listened to comedians like Richard Pryor, who says some pretty nasty things on his albums. But your parents should tell you what they want in their house and what they don't want in their house. And when you're an adult you should be able to listen to whatever you want to. I don't think you should get into a Jeep and drive down the street with it blasting so everyone else can hear it. Play it in the privacy of your own home. I don't think they should go as far as labeling things "Rated X." Who's to say what's rated X?

JM: Do you think your music could ever be deemed obscene?

KS: People might say it's on that level now—like on Your Love - Part II I'm singing "Oooh Baby, Oooh Baby." People could say that I'm suggesting certain things, but I'm just having a good time on an album track. I'm not suggesting I want to do this and I want to do that, I'm just having fun because I know how to have fun. It's all about how you perceive the music—your imagination. For example, if someone handed you a gun, that doesn't mean that they are telling you to go out and kill somebody. Just because you listen to an album doesn't mean you have to do what's on the album. You're just listening. I don't come right out with nasty lyrics, but a lot of my songs suggest making love. They might put a "Rated X" on my album and to me I don't think my album is a rated X album. That's why I don't agree with labeling—you could go a little too far. People would be deciding what's right for me to sing. ●

INSIDE URBAN

We were right on both counts: #1: **THE TIME** picks up a number one for their first single from the "Pandemonium" album. #2: **PRINCE** debuts in the high 20s at #20! That's about as high in the 20s as you can get, Prince! Most Added goes to **KIARA**'s "You're Right About That," with a 22. **EARTH, WIND & FIRE** gets the RTW nod from John Wilson, K98-Monroe, who says "Combining the elements of Earth, Wind & Fire with the explosive M.C. Hammer creates a hit that can't miss!" Also making it RTW was Paul Jackson, **WUJAM/94JAMS**-Charleston. He comments, "Getting these two together...what a fantastic combo!" **BLACK BOX**'s "Everybody Everybody" had a wild week. Dr. Lovejoy, **WYNN**-Florence, says "From dance to definite radio hit appeal." **LALAH HATHAWAY** has what Casey McMichaels, **WVOI**-Toledo, needs to make it his RTW: "She's following this with a hot album." **CURIO** is RTW for Craig Lewis, **WMGL**-Charleston, who says, "This definitely is popping over to become a crossover hit." Dana Hall, **WILD**-Boston, wants **SINBAD** to make it big. "We need more humor in music like this—and I like M.C. Lyte's part." Chuck Harrison, **KFXZ**-Maurice/Lafayette comments on **OLETA ADAMS**. "It's a good tune—catching."

Ciao for now, Betty.

NEW RELEASES

by Brian Samson and John Martinucci

LORENZO SMITH - *Angel* (Alpha International)

The buzz is out on this new artist. Eighteen-year-old Lorenzo seems to be getting positive response from previewing programmers. His New Jack taste ala Guy is bursting with energy and he creates one infectious rhythm track that will catch you (off guard.) JM

PEBBLES - *Giving You The Benefit* (MCA)
Yabba Dabba Doo—look who's back, girlfriend. Pebbles reunites with her husband

L.A. Reid and his partner Babyface to create another great chart contender with their funk/pop, mass appeal sound. The audio/video version will give you as fine a ride as any Mercedes, Boy! JM

NO FACE - *Half* (RAL/Columbia)
This creative duo cleverly packages their vocal talents to make an intriguing topic, "half,"

amusingly entertaining. What you find in No Face is musical diversity. Fueled by a riveting Hip Hop groove, the track consistently delivers an R&B texture highlighted by a slick harmonizing rap. BAS

X-CLAN - *Funkin' Lesson* (4th & Broadway)
One of two cuts from the album "To The East, Backwards," I actually found worthy of mentioning. With its fusion of a "Knee Deep—One Nation Under A Groove" sample, this dance track is definitely sparked by the P-Funk influence. Lyrically, the Rap is clear cut, and it delivers an enlightening Afrocentric message through sophisticated rhymes. BAS

L.L. COOL J - *The Boomini' System* (Def Jam/Columbia)

I think Cool J is gradually winning back the street respect he lost with the last two albums. After the success of two back-to-back singles, "Jingling Baby" and "To Da Break Of Dawn," L.L. displays lyrical openness as he disses the homeboys preying on the streets of N.Y. The production is musically aced by Hip Hop innovator Marley Marl. BAS

P.D. NOTEBOOK

by Eric Norberg

SHOW PREP PLAN

In the June 1 *Gavin Report* I printed a letter from Rich Bird, Program Director of WCIL/AM in Carbondale, Illinois, that listed a dozen of "the basics" of radio for his airstaff. That column drew a response from Jon Wallace, evening personality at WCUZ/AM&FM in Grand Rapids, Michigan.

"The letter from Rich Bird was right on the nose. Too many times we see, or hear, ego getting in the way of the basics, but you don't get too many 'assists' if you don't know how to 'dribble' or 'pass'!

"I put together this Prep Sheet to help tighten and strengthen my shift. I can layout all five hours

in about 15 minutes. Not only am I organized [with this form], but I'm prepared for those unexpected things which can come up due to the immediacy of radio, because I know where the hour is going. I have nothing against spontaneity, but talking off the top of your head while fumbling for a cart or CD is not spontaneous; it's stupid!

"This form also helps keep me from talking when

I don't have anything to say. There's nothing worse than having an announcer talk for over a minute, or even half a minute, and make no sense.

"If you don't HAVE something to say, don't say it!!" Plus, having a sheet like this gives me something in writing to fall back on if questions or complaints later arise about the show. "I don't have to try to remember what happened a couple of weeks ago, 'cause I can just look it up. If you've got a plan and some direction, you're more likely to get where you're going than those who show up ten seconds before opening the microphone."

Thanks to Jon for sharing his Show Prep form and the thinking behind it. Feel free to adapt the idea to your own airwork if it seems appropriate.

Thinking and planning ahead is certainly part of doing a professional airshow! When I was getting started in the business in the early 1960s, I experimented with writing down key phrases for upcoming breaks to be better prepared—and when those breaks sounded scripted, I reversed course and "winged it" in every break to sound spontaneous. However the latter approach also presented a major problem: Frequently I couldn't think fast enough to execute a break smoothly; all too often I'd fumble, pause and get lost momentarily. It took me quite some time to realize that while planning ahead is necessary to do a professional job on the air, this planning can take the form of an outline—mental or written—of each break, so that you know what is going into each one and what topics you plan to speak on, while letting the exact words come spontaneously. Since then, I have always outlined in my head the sequence of events and the contents of my remarks for the next break, before opening the mic and doing it.

Whether you spend time filling out a form in advance of your airshift, or make a quick mental outline ahead of each break in the show as you do it, or use other methods, if you're doing a consistently good job on the air some form of "show preparation" must be occurring! I'd welcome input from you on how you do it—and, if you're a programmer, what you expect in the way of "show prep" from your airstaff! Write me c/o the *Gavin Report*. ●

Problems?

HEAR AND THERE

by Sheila Rene

It was the biggest thrashing floor I've ever experienced; it was the wettest, sweatiest sauna I've ever been to. The Red Hot Chili Peppers, Exodus and Urban Dance Squad were the stimuli. It was definitely a first in my concert life in more ways than one. Last year, the Urban Dance Squad were touted as the best new band at the New Music Seminar, and they stole the show again this year just before taking on 10,000 new fans at their show at Kaiser Auditorium in Oakland. Exodus's new album, *Impact Is Imminent*, is out and full of super songs. This was the first night of a new tour for Exodus—and where better to start than on your home turf? At the height of the three ring thrashing pit excitement during Exodus' performance, there had to be more than a thousand bodies. For the Chili Peppers, this was the last night of a tour that started almost a year ago. Backstage, Anthony talked about his eagerness to get back to Los Angeles so that he could carry the energy level into writing some new songs and back into the studio. Flea was quick to point out that their success had a lot to do with the Gavin reporters who supported them throughout the tour. Another first was the caliber of celebs who turned out to catch the Peppers' last show. Mo Ostin, David Geffen and friends, Lenny Waronker, and a big group of A&R folks from Epic sat in the balcony digging the action until the final encore. Watch the fireworks begin! I predict one of the biggest bidding contests this year will be for the hot, hot Chili Peppers. While walking the sweating floors of Kaiser I ran into Mike Muir from Suicidal Tendencies and Anthrax's Scott Ian, who couldn't miss the last night of this tour for the Peppers. A night never to be forgotten...

Meanwhile, on the other side of the universe, Roger Waters is tearing down his wall with a little help from some friends. The "Wall - Berlin 1990" took place in Berlin and was attended by a live audience of 320,000. Actual ticket sales approached 200,000, making it the biggest concert ever in Germany. The Memorial Fund for Disaster Relief will see future income from worldwide merchandising and ancillary sales from a live album and video of the concert which will be available later this year on PolyGram Records. With the broadcast beamed live to 35 nations and the tape delayed concert sent to an additional 10 countries the audience was well over one billion. Look for this Radio Vision International project to make it to network television by this fall...

Bits & Pieces: The Doobie Brothers have confirmed they'll embark on a brief tour of Japan with Hall & Oates, Boz Scaggs and

Sheila E. They'll participate in the Flower Expo in Osaka, Japan, an international music festival saluting musicians from U.S.S.R., Hong Kong and the U.S.A. Upon the Doobs' return in August they'll begin recording their next Capitol, album due by January 1991...Eric

SOUND BITES FROM THE COUNTER CULTURE

Gardner, chairman of Panacea Entertainment, has acquired all non-stage rights to "Up Against It," the 25-year-old Joe Orton screenplay originally written for the Beatles. Gardner will produce and Todd Rundgren, whose music and lyrics were used in last year's off-Broadway version, will provide the music... Yngwie Malmsteen will spend the rest of the year touring. In early August he'll go out with Dio and later he'll hook up with Judas Priest. Starting in October, Priest will be touring with Testament and Megadeth.... Andy Johns, who has produced such bands as the Rolling Stones, Led Zepelin and Cinderella, is working his magic with Van Halen. Heaveeey!...The new AC/DC album will be called *The Razor's Edge* and the first single will be "Thunderstruck," unless they opt to use the title of one of the cuts on the album, "Got You By The Balls." At any rate you can expect an air date of September 25 with a tour soon after, with new drummer Chris Slade from The Firm...Vocalist Alan

Tecchio has left Watchtower and the band is in search of a new vocalist. Guitarist Ron Jarzom-beck, is recuperating from surgery, but should be in shape by recording time... By November Tankard will release a new album on Noise International entitled *The Meaning Of Life...*

Other news from Noise International is that the label has signed Killing Joke, their first established international band. The line-up consists of Jazz Coleman on keyboards and vocals, Geordie on guitar, Paul Raven on bass and Martin Atkins on drums. The recording process has begun and you can expect *Extremities* out by November...Swedish rock band, The Electric Boys have put out a new track from their debut Atco album "Into The Woods." Last weekend 50 Album Radio programmers received an acre each of preserved rainforest in the Monteverde Cloudforest in Costa Rica. Atco Records and the band called upon the Rainforest Alliance in New York to implement this, resulting in each programmer receiving a certificate in their name with a memo attached which explained some of the facts: That tropical rainforests occupy 7% of the earth's land. At least 27.5 million acres are lost each year and at this rate will be wiped out in 75 years. Superstars in their own country, the Electric Boys have now caught our attention in the U.S.A. where you will soon see them on tour...

Clearly stated on the album cover: "The artists on this record oppose censorship of any kind." The album is *Sound Bites From The Counter Culture* recently released on Atlantic Records. The album's two producers, David Swinson and Bill Stankey, have said, "The statement we're making with this album is that the course of events in this country has turned against individual freedoms and liberties. When you have museum directors being arrested for showing art (the Mapplethorpe case in Cincinnati), county sheriffs in Florida arresting members of the 2 Live Crew (and record store owners for selling their album), people forming political action committees to take a look at how the media reports the news, and state legislatures all over the country pressing for labels on records, you know that liberty has been on the run during the last two years." The album opens with Paul Kantner and Grace Slick introducing Hunter S. Thompson, with fascinating observations from Henry Rollins, Jello Biafra, Danny Sugerman, Dr. Timothy Leary, Jim Carroll, Bob Guccione, Jr., and Abbie Hoffman. Stimulating stuff! ●

INSIDE A/C by Diane Rufer and Ron Fell

WILSON PHILLIPS has released two singles and both have now gone to number one. "Release Me" does it with 227 stations and 190 of 'em in HEAVY.

FLEETWOOD MAC's "Skies the Limit" is still upward-bound as it approaches 200 stations and a 90% plus HIT FACTOR. Among its ten ADDs this week were KBIG, KTDY/FM, KFOR and KFYE/FM.

HOTTEST record in the format is BILLY JOEL's ballad "And So It Goes." Already at number 17 after just two weeks on the chart, it has been a MOST ADDED every week since its release averaging 41 new stations per week. New now at K103, WSKY, KSRF, KSBL, WJBR/FM, KSTP/FM, WIHN, WMT/AM etc.

With a 17% increase in HIT FACTOR and 22 more ADDs, JUDE COLE has moved almost as strongly as Mr. Joel. JUDE's ADDs this week include KLSS, KAER, KKMK, WFPS, KXFM and WGAD.

LINDA RONSTADT's "Adios" is welcomed by another 65 A/Cs and it opens up with a first week HIT FACTOR of 32%. Among the 65 new are WEBE/FM, KVIL, KOST, KSTP/FM, WFFX, KSRF, KZMG, WRFC, KKLD, KFYZ and KMJC/FM.

We're pleased to see the healthy debut at number 32 for EVERYTHING BUT THE

GIRL's "Take Me." Two-thirds of the stations on it more than a week are HIT FACTORing including KFIG, KSRF, WMT/FM, WMXB, WFRO, WSKY, WNMB, WAHR, KKR8 and WYRY.

Former RECORD TO WATCH, CHRIS REA's "Let's Dance" is now HIT FACTORed at 50% of its players and takes on eleven more players; KLKT, KUBC, WFAW, WRJC, KMGM, KVRH, WNUY, WYRY, KPTL, WEBS and WQLH/FM.

PHIL COLLINS, as is usually the case with every single he releases, is our #1 MOST ADDED. Among the 70 who ADDED it this week are B100, i107.7, CKFM, WFMK/FM, WTWR, KAER, KRKO, KXLK, KAEZ/FM, WAFL, WFBG, WNYR and KWLO.

TOPTIP this week is BRENDA RUSSELL's "Stop Running Away." A 45% HIT FACTOR and 23 ADDs this week including KKLD, KMJC/FM, KJOY, CKFM, KSAL, KSNN and WDAY/AM.

RECORD TO WATCH last week, PETER BLAKELEY's "Quicksand" gathered WMBA, WYRY, WCRK, WMVA, KYMN, WGCD, KSCR, KBMG, KMTI and KSUE bringing its total to 53 stations. PLUSFACTOR has moved up 14% in the last week so Peter may not be sinking quickly.

REVIEWS

by Diane Rufer & Ron Fell

VONDA SHEPARD

I Shy Away (Reprise)

Not too shy to pick up the beat for this, her third single from her debut album. Should do well across the entire pop spectrum.

TEDDY PENDERGRASS & LISA FISHER

Glad To Be Alive (Elektra)

Another winner from a losing movie, "The Adventures Of Ford Fairlane," this optimistic production piece simply radiates joy. Mr. Pendergrass is no stranger to good music and Ms. Fisher has recently come to the attention of millions as part of the Rolling Stones "Steel Wheels" tour.

PATTI AUSTIN

Love Is Gonna Getcha (GRP)

The title track from her wonderful GRP debut brings a substantial amount of tempo and heart to an all-adult appeal track.

CROSBY, STILLS AND NASH

If Anybody Had A Heart (Atlantic)

This J.D. Souther/Danny Kortchmar song gets the unique Crosby, Stills and Nash harmonic touch for a strong follow-up to their "Live It Up" single.

JOHNNY GILL

My, My, My (Motown)

Beautiful ballad, produced by L.A. Reid & Babyface with After 7 on backing vocals and Kenny G on soprano sax. Mr. Gill has already gone Top 10 in Urban and Top 40 -- no reason expect anything less from AC.

JOSE FELICIANO

Lovers' Vows (Optimism)

Jose and his new wife, Susan, wrote this song as part of their wedding ceremony. It's Jose's best song in years and deserves your attention.

TO WATCH, will intrigue you with this compelling ballad. "Lover Of Mine" has captured Alannah's softer vocal qualities and has enticed WHAI, WKTJ, KLKC, KRDI/FM, WFRO, WQXC, KBLQ, KCRE, KKIS, KLOG and KGY to bring her total to 43 stations in her second week.

NEW RELEASES

by Lisa Smith & Cyndi Hoelzle

IONI HARMS - *Tear It Up* (Capitol)

A spunky singer from the Pacific Northwest, Harms first got our attention with last year's "I Need A Wife." This time she's laying down the law, backed by a rocking band.

GARTH BROOKS - *Friends In Low Places* (Capitol)

Lots of radio folks have been anxiously awaiting this song since Garth debuted it at the Country Radio Seminar. It's a whole lot of fun, showing Garth's rough and rowdy ways. As promised, it's been edited for radio play, but the song is just as ballsy as we remembered it.

REBA McENTIRE - *You Lie* (MCA)

If anyone can pull off a song like this, it's Reba. Her haunting vocals match the somber, almost frontier mood of this song. The sparse arrangement helps build an image of an empty heart and home.

HOLLY DUNN - *You Really Had Me Going* (Warner Bros.)

Sounds like Holly's really hit on something here. It's bluesy and upbeat with some rockabilly touches that will have you singing along in no time.

THE O'KANES - *Tell Me I Was Dreaming* (Columbia)

Jamie and Kieran put their lovely, dreamy harmonies to good use on this pleading ballad, sounding like a heavenly hybrid of the Everlys and the Delmores.

RICKY SKAGGS - *He Was On To Something (So He Made You)* (Epic)

Skaggs continues to win us over again and again. This is a sweet love song touched with Ricky's special brand of bluegrass, and with lyrics like "when God made love, I think he knew he was on to something, so he made you," how can you lose?

ALBUM CUTS

Doug Stone - We Always Agree On Love
Alabama - Moonlight Lounge/Down Home/Here We Are

"Like A Hurricane" Marie Osmond
"Coolin' Down" Duncan*

Warning: *These singles are electrifying.*

BELA VISTA - TANIA MARIA (WORLD PACIFIC)

The back office in my home (where I bang out most of these capsules of attempted wisdom) is very "live" sounding, and the four speakers are flown at the extreme corners of the room, fastened high on the walls, inches from the ceiling. The sound sources perch themselves like angry snipers sneering down at me and my unfailing Mac, dumping bushels of the latest concentrated funkified jazzy, Brazilian, Boppin' depth charges. Bela Vista sounds perfect in this room. Will Lee's ultra-bottom bass ping-pongs recklessly around the book shelves and off the hardwood. And when Tania scat-sings in unison with those lethal piano riffs on "Encanto Meu"—pure uptown sophistication. Her renditions of "I Can't Give You Anything But Love" and particularly the Stones "Satisfaction" are especially stinging with their food fight panorama of Latin rhythms. I thought her last album was seething. Bela Vista makes that one look like a walk in the park. Hey Tania, love that new look!

FALLING THROUGH A CLOUD - SONNY SOUTHON (CHARISMA)

Wow! Falling Through A Cloud by Sonny Southon is another great new release that Adult Alternative can easily lead the way on—with the same chart-topping fervor it showed Julia Fordham and Rickie Lee Jones. While pop radio clings unabashedly to the in-board teen-beats of Milli Vanilli and other lip-synching, sampling scandals, progressive adult stations can counter with a record like this. On a track like "What Would I Do?" Southon delivers a sensuous groove that many Wave stations will take a shine to. Southon's voice is tad more robust than Fordham's or Jones', with the slightest gospel edge—much like Mariah Carey. David Kershbaum's production is first rate, full spectrum, and his use of nylon string guitar or stark after-hours conga percussion gives "Falling Through A Cloud" and "Two Worlds" a necessary worldliness and maturity. Southon's vocal range gives her the potential to soar at a moment's notice. I purposely avoided Southon's biographical sketch in favor of a fresh impression. Check out the sumptuous "Too Much Love" featuring the subtle harmonica sounds of Mickey Raphael of Willie Nelson fame.

CRAZY PEOPLE MUSIC - BRANFORD MARSALIS QUARTET (COLUMBIA)

Branford Marsalis supplies his fire storm inventiveness to Coltrane's Kind Of Blue period, skipping up to the early Impulse daze. Crazy People Music isn't as much of a traditional homage as Trio Jeepy was; instead we return to the drive that fueled Random Abstract, this time in a more stripped down quartet form. On tracks like "Spartacus" and "Wolverine," Marsalis' soprano sax is hauntingly reminiscent of Coltrane's Crescent works on Impulse. On Crazy People Music's quartets, the bass is fat and swaying, the drums spill across the canvas with very little sound treatment past the open microphone, Kenny Kirkland's piano accommodates the breadth of Branford's skillful diddlin' (an apropos term coined by Marsalis' toddler son Reese) and Bob Hurst and Jeff "Tain" Watts swing raucously. On this six track sampler, "Mr. Steepee" provides moments of monstrous, energized Bop.

THE RIVER - MONTY ALEXANDER (CONCORD JAZZ)

The River is a full blown gospel affair with Monty Alexander, John Clayton and Ed Thigpen flailing away on the Bible thumping opener "Stand Up, Stand Up For Jesus." On this rip-roaring production piece you can hear Errol, Art and Oscar's influences in Monty's Caribbean based rhythmic style of traditional acoustic jazz piano. Other hymn standards that hold up to Monty's lush but very earthy (and controversially swinging?) approach include "Holy! Holy! Lord God Almighty," "How Great Thou Art" and, believe it or not, "What A Friend We Have In Jesus." True, these sessions are five years old, but they're intriguing and timely by today's testy new morality standards. Call it "fundamentalist" Jazz.

EARTH: VOICES OF A PLANET - PAUL WINTER (LIVING MUSIC)

Paul Winter's latest is a stirring symphonic plea for preservation of the planet and the merciful treatment of our animal kingdom. Sometimes we overlook the splendor God created—from Appalachian Mornings to the Call Of The Elephant to the barren, frigid plains of Antarctica. Winter reacquaints us with environmental impressions that some of us bury in our urbanized routines. A track like "Ocean Child" includes the authentic murmurings of a killer whale. Winter's tragically melodic soprano sax solo spins sad but true yarns about the mistreatment of wild life and the aggressive and unstoppable push of economic development. The subject matter for each track is exhaustively researched and the booklet is beautifully illustrated and informative. A tribute to animals and the planet that will put a lump in your and your listeners' throats.

JAZZ NEW RELEASES

BIRDOLOGY - VARIOUS ARTISTS (VERVE)

Has it been awhile since we've had any tributes to Bird? Just outside of Paris they hold a Jazz festival at a place called the Theatre de Boulogne Billancourt—the TBB Jazz Festival. Birdology is a live documentation of the Bird tribute band comprised of Jackie McLean, Duke Jordan, Ron Carter, Roy Haynes, Cecil Payne, Johnny Griffin and Don Sickler. Some of these names are usually encamped on the Gavin Jazz chart; all were touched by Parker's genius either artistically or personally or both. Jordan, McLean and Haynes have vivid memories of their tenures with the Buddha of Jazz. Read about their recollections and check out the nice ensemble feel of each rendition.

TIGER'S PAW - BOB KINDLER (GLOBAL PACIFIC)

One thing you have to love about the progressive Alternative Adult format is that the musicians are always thinking and experimenting. On Tiger's Paw, cellist Bob Kindler executes two smart moves. First, he enlists the vivacious flautist Sulubika (fresh from the Barefoot sessions) to collaborate on the extensive soloing. Second, Kindler experiments with Indian tablas, tuning them to high ringing tones, eliminating the bass barrumph sound we associate with Ravi Shankar/George Harrison music. As a result, the tablas ring like an orchestra of kalimbas, especially on upbeat compositions like "The Master's Perpetual Play" and the title track.

THE WAY WE USED TO DO - MICHAEL GREGORY (TIP TOE/ENJA)

According to Michael Gregory, The Way We Used To Do was originally recorded live at the Berlin Jazz Festival but a damaged tape forced him to re-record in a more sedate studio setting. What a pity. It would have been interesting to hear extroverted renditions charged with crowd response. Conversely, these versions take on a more personalized and introverted complexion. The title track resembles Joni Mitchell in her "Blue" days. "Steel Your Heart," the disc's best offering sparks the highest emotional output. Gregory is apparently quite the musical journeyman. Over the years, he's dabbled in New York loft Jazz, pop/Jazz, rock n roll and even in New Wave power trios on several major labels. This first for Enja suggests a refueling, stylistic pit stop.

PLAYING FOR TIME - MEZZOFORTE (NOVUS/RCA)

Credit American radio (specifically KKSF) for alerting us to Iceland's dynamic Mezzoforte. Their music (recorded both overseas and in L.A.) is sharp, swinging, unabashedly machine-driven and funky. Yes, that's Ernie Watts holding down the sax head on the opening title track and "Take A Breath." And yes, this is the crispest set of chops you'll hear all week, because Mezzoforte punctuates their music with a groove that's impossible to sit still through. Oh yeah? Slip into "Expressway" and resist those changes and stops. The guitar work is deadly and the horn arrangements superfine. Cut for cut, Playing For Time is simply one of the finest funk works you'll hear all year long. Not a single bad track. And don't let the goofy cover throw you. From Iceland—wouldn't you know it!

CRADLE OF THE SUN - MICHAEL PLUZNICK (SONA GAIA)

Not many folks can distill their life into a single seven minute song, but Michael Pluznick does it on "Back To Havana." An interesting creature, the New Jersey-born Pluznick, whose past associations include work with the likes of Todd Rundren, Mickey Hart of the Grateful Dead, the Tubes, Jim Chappell, Kit Walker and Opafire, once traveled to Cuba to study at the feet of a conga master. Cradle Of The Sun is an explosive, esoteric effort. Both a collector and builder of exotic percussion instruments, Pluznick is constantly darting in and out of different eras and cultures, using synthesizers as a contemporary reference point. This time around, rather than sampling many of the percussion instruments, Pluznick played live and provided additional keyboards and vocals. "Mystic Dancer" is a very modern piece featuring some improvised singing and Miles-type trumpet lines.

ALBUM NEW RELEASES

BY KENT ZIMMERMAN

**THE EARTH, A SMALL MAN,
HIS DOG AND A CHICKEN -
REO SPEEDWAGON (EPIC)**

REO Speedwagon invades the nineties with their melodic, vocal-packed, rounded-around-the-edges rock genre. Nowadays, Kevin Cronin's sweet singing is the crux of REO's sound. Every emotive phraseology is constructed and bolstered by battalions of choral support. For a harder, tougher standpoint, "Live It Up" best vacillates from Cronin's euphonious vocal demeanor. Along similar lines, check out "You Won't See Me," with its nice layers of Hammond organ. To second guess Top 40, proceed to the instantly catchy "All Heaven Broke Loose." Again, the song gains steam on the strength of its climactic multi-tracked vocal underpinnings that leads up to the song's bridge. "Love Is A Rock," the album's very first song, is clearly that REO song you'll play over and over again. The chorus is dynamite, addictive and mildly gospel. Like Boston, REO knows how to turn slickness and dovetail jointed song-crafting to their own advantage. Can't get enough of that opening number.

**"SHINING STAR" - STRYPER
(ENIGMA)**

This hard rock outfit (known for their liturgical themes) made a pact with metalmeister Tom Wer- man and produced a mean pop metal single. Stryper has grown

up a lot. The Spandex bumble bee outfits have been replaced by leather overcoats and facial hair. Though the band has sold over three mil worldwide, much of their success has wrought frustration. They were consistently attacked by the Christian right and dismissed by the secular press. Now the buzzwords are "maturity," "intensity" and "radical change." Buzzwords aside, the proof is in the music, and Werman seems to have brought them closer to territory now occupied by Winger and the Crue. For some reason I think of Earth, Wind and Fire every time I hear that "Shining Star" chorus. Be fair and give a listen.

**IN THE HEART OF THE YOUNG -
WINGER (ATLANTIC)**

See if you can follow me on this one. Packaged a little like Terminator II, Winger play thickly produced middleweight rock with deftness and ease. They go down easier than Metallica and are more complex than party bands like Motley Crue. "Can't Get Enough" and "Loosen Up" are brought together by common "hooohs!" In fact I detect a little funk in the bassline. By cut three, we get a syrupy power ballad, "Miles Away," which has a sweet electric keyboard intro. In the nick of time the band gets nasty again with songs like "Little Dirty Blonde" and "Baptized By Fire." After the last decaying notes of the title track finale, the signals really get crossed as the band thanks God in the credits. Searching back through the lyrics you do get images of "crucify" and "baptize," but you also get "I need your skin" and

"we've got to come together/before I blow." This must be the kind of schizophrenia that drives the PMRC batty. While the machine driven drums and treated vocals go down smooth, I think I prefer more edgy bands like White Lion who sneak a little reality inside their riffs. But if you're into the sweet, unthreatening stuff, Winger is as good as anybody working inside that crowded intermediate metal league. At the drop of a guitar pick, they can go from being naughty to nice to reverent. I'm sure God appreciates the ink on the cover. For a while he/she was probably thinking only Urban Contemporary bands gave a damn.

**"ABOUT YOU" -
THE DEL LORDS (ENIGMA)
"UNHOLY LOVE" - DORO
(MERCURY/POLYGRAM)**

The Del Lords are the kind of hardworking never-say-die outfit that keeps rock n roll honest and true. You can count on each release to be lyrically believable and lifelike and rich in traveling band Americana. The singer compares the mystique of a girl to a song from 1968. A tremolo rhythm guitar and a Farfisa-sounding organ embellish a steady rockin' 4/4 beat. Under the tutelage of exec producer Gene Simmons, metal songstress Doro's gravelly vocal taunts us into thinking her infatuations have roots in the dark side. Sheets of hard rock chords punctuate her fist-shaking frustration and anger. Both tracks appear on pivotal upcoming, make-or-break releases for both artists.

**"RIVER OF LIFE" - THE NEVILLE
BROTHERS (A&M)**

A taste from the long awaited follow-up to the Neville Brothers' ultra fine Yellow Moon. With the apparent unavailability of Daniel Lanois (no doubt busy with his own solo career and the current Peter Gabriel sessions), the band is left in the capable hands of Steve Jordan, formerly with the Letterman band and a loyal sideman with Keith Richards during his solo sojourns. As a pocket drummer extraordinaire, Jordan gives the Nevilles a Stones-like, nail pounding beat. Juicy stuff. Love those discreet R&B harmonies way back in the mix.

**"STOP" - JANE'S ADDICTION
(WARNER BROS.)**

The record has supposedly been finished for a while and many of their fans, particularly Alternative opinion leaders, have been anxious for its release. Now in a couple of weeks we'll see if these art rockers gone hard rockers will live up to the predictions of Jane's Addiction being the next massive, decadent commodity on the horizon. Too arty, theatrical and self-conscious to be compared to Guns N' Roses, nevertheless, if they can gain credibility with young, rowdy rock fans, that could catapult their success significantly. Is "Stop" the rockin', most commercial piece on the album? Tune in late August for the rest of the story.

WHITE GLOVE TEST - LEAP (Fundamental Records)

Eighteen months after "Leap," White Glove Test, hateful homeboys from San Marcos, California, return with another collection of embittered broadsides. Disillusionment as the downside of Americana is a primary influence here, and it makes for a gripping, enchanting album. The ten offerings—all quite different—are dispensed in time-honoured Velvets racket fashion and counterbalanced by Ken Wait's gentle vocal delivery. Highlights range from the throbbing cacophony of the title track to the irresistible, upbeat "Poignant" and "Every Day," the wistful "Pandoras Song" and the gorgeous, violin-laden "Lisa." Repeated listens really pay dividends, so make room for this on your deck. Now! **ANDY COWAN**

UNCLE TUPELO - NO DEPRESSION (Rockville Records, Box 800, Rockville Center, NY 11571)

I guess St. Louis is Minneapolis moved just a bit closer to Nashville. Or at least that's what Uncle Tupelo has made me believe. No Depression, the debut from this trio from the gateway to the West, splendidly melds the best of Minneapolis flannel-rock with the twang and sting of bluegrass and country. The result is gritty and sensitive. There are plenty of Minneapolis comparisons here: Like Soul Asylum, Uncle Tupelo can barely hold themselves in check, and they often let off steam in big, jolting throbs of power. Not only does vocalist Jay Farrar at times sound eerily like Bob Mould, but these guys can turn a phrase almost as neatly as Paul Westerberg ("Oh, what a life a mess can be..."). And they subscribe to that midwestern, life-is-shit angst as well. However, Uncle Tupelo has added country and bluegrass to their Twin Cities mix, and country's haunting and evocative strains fit cheek-in-jowl with the band's largely despairing and hopeless message. Check out: "Graveyard Shift," "No Depression," and "So Called Friend," for your first taste of this promising debut. **SEANA BARUTH**

THE WASP FACTORY

PRETTY QUICKLY...UGLY SLOWLY
(Midnight Records, 255 W. 23rd St., PO Box 390, New York, NY 10011)

Help! The Wasp Factory like, say, The Butthole Surfers, don't do themselves any commercial favours. Recorded and mixed in a week, this nine song set mirrors their infamous live appearances—an extreme, impoverished mesh of volume and heat that's already seen the quartet blacklisted from many UK venues. The fittingly obscure and disturbing soundscape "Dies Irae" and its second part are Wasp Factory at their most willful, while the somewhat Fall-ish "Cobweb Soup" and roughshod "Dark Is Looking Bright(er)" are direct, if not conventional. "Pretty Quickly..." is deserving of hyperbole, though, for its closing, surreal poem "Insect Rent," a track so perversely dark and delirious you can be guaranteed your mother wouldn't like it. And that's good enough for me! **AC**

PENN JILLETTE & GUESTS/THE FOO FOO HEADS - TOO COOL SONGS FOR KIDS (Ralph Records, 109 Minna St. #391, San Francisco, CA 94105)

It's a time tested formula: take an old standard, use it to catch your audience's attention, and then, when they're rapt, lay your original on 'em. That's sort of the philosophy at work here as Penn Jillette and lunch guests record the classic "Great Green Gobs of Greasy Grimey Gopher Guts" (don't tell me you don't remember it), and follow it with "We Don't

Talk To Strangers." Both cuts should have strong kid-appeal as the performers have made the music as easy to relate to as the message. With "GGG of GGGG," a variety of schoolroom instruments (including a triangle and toy drums) complement amateurish piano that sounds remarkably like second grade music class. "We Don't Talk," with its simple, hip-hop machinations and child's chorus is equally easy to understand and learn. Vocals on both tracks are likely contributed by the troll-voiced Resident. His grumblings make gopher stew seem delightfully nasty, and his seductive/perverse taunts as a menacing stranger are really scary, perhaps even too frightening for younger kids. But even if you're not a child, try this one for fun. **SB**

VARIOUS - SQUARES BLOT OUT THE SUN (DB Records, 432 Moreland Ave. NE, Atlanta, GA 30307)

Count me as one of the guilty. For years I've associated DB Records with a certain sound. But a look at their impressive discography and a listen to their new retrospective, Squares Blot Out The Sun, will provide ample evidence that DB by no means deserves to be pigeonholed. Okay, the stereotypical "jangly Southern thing" is represented here. The Reivers turn in an exceptionally cool, pure, and ringing guitar-pop tune, "Bidin' Time," and The Windbreakers' Tim Lee does a faintly more bluegrass take on the same sound with "Talked About It." But new wave also shows up in force: The Fans "True" has a new wave/power pop flavor and The Side Effects dabble with a mod/new wave sound on the live recording of "Neat In The Street." D. Gamble/ Kevin Dunn, The Brains and Tom Gray, Rick Price and Alfredo Villar also contribute in this genre. And, Squares... includes a cowpunk offering from The Skeeters ("High Noon"), as well as The Coolies' final Simon & Garfunkel tribute, "Richard Cory." There's lots to enjoy on this one. **SB**

THE QUESTION

"SHOULD SHE CRY?"

THE ANSWER

WIRE TRAIN

PRODUCED BY DON SMITH & DAVID TICKLE

INSIDE ALTERNATIVE RADIO by Linda Ryan

MOTHER LOVE BONE - APPLE (POLYGRAM)

Does anybody remember a band from Seattle called Greenriver? When they band broke up, two others rose from the ashes—Mudhoney and Mother Love Bone. Falling somewhere between classic Led Zeppelin and current faves Jane's Addiction is Mother Love Bone's second release and OH MY GOD does it rock! Just feel the way "Stargazer" seduces you into a dream-state, and the way the funky "Mr. Danny Boy" makes you shake your booty. It's classic rock n' roll the way it was meant to be—loud and wild. Other tracks to check out include "Holy Roller," the single "Stardog Champion" and the must play "Capricorn Sister." A killer, must play release! LINDA RYAN

BOB MOULD - BLACK SHEETS OF RAIN (VIRGIN)

When Bob Mould released his first solo album last year, many people wondered how he would follow up his successful career with

Husker Du. Now we're all wondering how he'll follow up the hit single "See A Little Light." Black Sheets of Rain is a tougher, grittier effort than Workbook—with some songs bordering on the Husker Du sound of yesteryear. Having said that, Bob Mould's keen pop sensibilities are sharper than ever—just give a listen to the single "It's Too Late" (Raspberries, anyone?) or "Out Of Your Life." Other tracks to check out include "The Last Night," the quasi-psychedelic "Hear Me Calling," "Stop Your Crying" and the epic (almost eight minutes long!) scorcher "Black Sheets Of Rain." Another quality release that begs you to go several cuts deep. LR

WIRE TRAIN - CALIFORNIA REPUBLIC (MCA)

As a band, Wire Train has been inactive for about three years, so I wasn't sure if this project would ever see the light of day. That's not to say that the band members haven't been active—Kevin Hunter has been pursuing film work (he actually was in a vampire movie!), both Anders and Brian kept busy doing session work, and Jeff Trott played on the latest World Party album and toured with the band as well. But back to Wire Train. This San Francisco band has matured a great deal on their latest effort—both lyrically and sonically—and comparisons to The Waterboys and World Party may be unavoidable. Many of the songs have an airy, acoustic feel to them, and are highlighted by piano, slide guitar and mandolin. Start with a longtime live favorite "Should She Cry" then move to "Spin," "If You See Her Go," "Percious" and "Moonlight Dream." It's nice to hear from these guys again. LR

THE STONE ROSES - "ONE LOVE" (SILVERTONE/RCA)

Something new from The Stone Roses! If "Fools Gold" did well for your station, chances are "One Love" will fare just as well. The vibe

is essentially the same—lots of wah-wahs and "house" beats layered over a great pop song. Only The Stone Roses would be cheeky enough to release a single that's almost eight minutes long at the height of their popularity. But at this point, they've worked America into such a state, radio will play an eight minute song and be damn glad to do so! See you at the disco. LR

S O U L A S Y L U M

SOUL ASYLUM - "SPINNIN'" (A&M)

FINALLY—new Soul Asylum. This two-cut advance 12" is their first new vinyl since 1988's Hang Time. The single, "Spinnin'," a powerful, melodic feast that boasts searing guitar and a relentless hook, whole heartedly resurrects the band's much-missed, unmistakable sound. In fact, the A-side is such classic Soul Asylum that the B-side, "All The King's Friends," strikes as a bit of a surprise. "King's" gives the band an opportunity to experiment. Pirner and Murphy's guitars seem a bit more metallic, but they manage to wail, quack, ring and hiccup as well. There's even an almost-whispered vocal. And although the lyrics aren't the band's most coherent, the song itself—for all its diverse elements—fits together well. This one gets better with every listen. Great to have you back, guys! SEANA BARUTH

VARIOUS ARTISTS - THE BLUBIRD SAMPLER and THE WOMEN, CLASSIC FEMALE JAZZ ARTISTS (BMG/BLUEBIRD/RCA)

Compilations by a single artist is not as beneficial to the listener, or deejay, as a compilation that encompasses an era or genre. These two particular samplers demonstrate the point and are both noteworthy and illustrative of some of the best and finest jazz and blues from the '30s to the early '50s. Artists include Louis Armstrong, Lena Horne, Count Basie, Ethel Waters, Mary Lou Williams and Fats Waller. Blues and jazz are vehicles often ignored in the Alternative format. Don't let this slip by. Open your ears and mind to the roots of today's music. ROBERT BARONE

PERSONAL PICKS

SINGLES by Dave Sholin

LISA STANSFIELD - *This Is The Right Time* (Arista)

Ask those who were fortunate enough to catch Lisa in concert on her recent abbreviated tour and odds are they'll testify to witnessing the birth of a star. The Jazz/Soul flavoring in her brand of Pop gives the music a distinctive sound polished off by the stunning vocal talent of this singer/songwriter. With songs this hot, Lisa and her partners Ian Devaney and Andy Morris should be getting lots of time—make that air time in the years ahead.

DEPECHE MODE - *Policy Of Truth* (Sire/Reprise)

One of those instances where early airplay has generated such a buzz it qualifies a track as "Record To Watch" (see stats Inside Top 40) in addition to being mentioned here. Powered by a groove that's one of the year's best, there's every reason to believe this much anticipated release could end up being the group's biggest hit to-date. Their current popularity is documented by last week's sold out L.A. dates where tickets to the first show at 55,000+ seat Dodger Stadium went in 55 minutes—their second show took all of six hours to sell out.

GEORGE LAMOND - *Look Into My Eyes* (Columbia)

Coming off of his first excursion into Top 40 territory thanks to "Bad Of The Heart," George winds it up delivering an even stronger pitch on his follow-up try. Judging by the depth of material on his debut album and his extra-special singing ability, the public should be all "ayes" when the music hits their ears.

PEBBLES - *Giving You The Benefit Of The Doubt* (MCA)

Lots has happened to Pebbles since she first hit the chart more than two years ago with "Girlfriend." Now a Mom and married to

L.A. Reid, one half of her writing/producing team L.A. and Babyface, she demonstrates her growth as an artist turning in a phenomenal performance on this sophisticated Dance production.

NIKKI - *If You Wanna* (Geffen)

A far cry from his recent chart winner, this track was actually released to Urban Contemporary radio a year ago and did extremely well in several markets, including Chicago. Now that we've been introduced to Nikki's remarkable vocal wizardry as a balladeer, he takes the hot rhythm route, hitting some outrageous notes that deserve notice this time around, too. Remix is strong.

NEXT WEEK WAS (NOT WAS)

ALBUMS by Ron Fell

HARRY CONNICK, JR. - *We Are In Love* (Columbia)

I have ties older than Mr. Connick, Jr. and I hope both they and he become more fashionable in the near future. Mr. C., all of twenty-three, has an amazing grasp of the pre-Rock

popular music era. He shows it in a refreshing manner, in that he doesn't spend much energy covering the classics. Connick actually composes new songs in the style of the classics. Unlike his contemporaries (Dionne, Linda, Carly), Harry constructs and arranges songs from the attic with instant memories and ancient/contemporary nostalgia. Vocally, Mr. Connick is a young, unshaven Mel Torme, a willowy Frank Sinatra. As a composer he compares favorably with early Gershwin, Porter, etc. Connick, Jr. is not a novelty, although it is novel for someone so young to have such a passionate grip on another era's music. I can only hope that his charismatic star quality boosts him from cult to mass appeal status, and with the boost comes a greater appreciation for the pre-Madonna, pre-Presley popular musical style. For the uninitiated I suggest a sampler of the following tracks: WE ARE IN LOVE, RECIPE FOR LOVE, I'VE GOT A GREAT IDEA and the brisk Cole Porter nod, IT'S ALRIGHT WITH ME. Brilliant, genuine and special.

Dear Programmers,

When I first took over this job, I promised myself that I'd never write one of those 'Dear Programmer' open-letters.

But sometimes, when you come across a record that you believe in with a passion, there's no way around it. So here I am, trying to communicate our feelings about Michael Bolton's new single, the classic GEORGIA ON MY MIND.

This has been an incredible year for Michael, whose three million worldwide-selling album "SOUL PROVIDER" just passed its 54th week on the LP charts, including more than 20 weeks inside the Top-10. At its core are four smash singles: the title-tune, SOUL PROVIDER, HOW AM I SUPPOSED TO LIVE WITHOUT YOU, HOW CAN WE BE LOVERS, and the most recent WHEN I'M BACK ON MY FEET AGAIN, bulleted Top-5 after ten weeks.

GEORGIA ON MY MIND is the fifth (and final) single from "SOUL PROVIDER." Its performance does justice to every great artist challenged by the song in the past—and certainly brings to mind Michael's heart-wrenching version of another Georgia anthem, Otis Redding's (SITTIN' ON) THE DOCK OF THE BAY (from "The Hunger" album).

Winner of the "Best Pop Vocal, Male" Grammy and four SKC/New York Music Awards (including "Best Male Pop Vocalist" and "Best Male R&B Vocalist"), Michael has attained the highest heights. Last month he received the prestigious Creative Achievement Award of the B'nai Brith Music and Performing Arts Unit at their annual awards dinner in New York. And July 25th marked the opening of the most extensive North American tour of his career, with friend Kenny G.

Your audience is going to love GEORGIA ON MY MIND, featuring Kenny G. on saxophone. Give it a few spins and listen to what happens.

Have a great summer!
