WHAT'S NEW WITH WHO'S NEW

Gavin Catches Up with Its 1994 Success Stories

This Week.....

This is our **last issue** of the year, and we don't have to tell you what a year it's been. Here at **GAVIN**, we not only tried to keep up with it all, we got the **jump** on **what and who was happening** with a new **series** of what we called, **in-house, 'GAVIN success stories.'** These

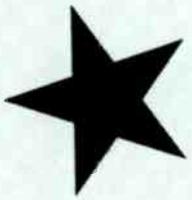

were **artists** who were creating a **buzz** somewhere, and who we thought were ready for the next **level**. So we **showcased** them at one of our **seminars** or featured them on our **cover**, or both. We can't take **credit** for the fact that most of them did become **success stories**—**radio, television, and other media,**

along with **record label commitment**, are all **crucial elements**. But we are **happy** to have been part of the **mix**. Along with those **pictured**, we update **Scarface** (top) and the **Roots** (middle). **Speaking** of year's end, we present our **2nd year-end wrap-up** of what happened in this business we call **show**, to cop a line from **Bud E. Luv**. Meantime, our **editors** pick their faves from

1994. We've **compiled** the **nominees** for the **GAVIN Awards for '95** for most formats; results are in the

Yellow Pages. And on the **Gavin-Only 60 Chart**, **Tom Petty** (bottom), the **Rolling Stones**, **Martin Page** and **Urge Overkill** have the urge for **GOing**. **GAVIN** will return on **January 6, 1995**. Thanks for being a part of our mix this year, and may **1995** be a big **success** story for you and yours.

A little romance. A lot of harmony. One classic song.

Quote of the Year:

"I said, 'Excuse me, I've got to go to the bathroom.'"

—Michael Jackson, in *Ebony*, recalling what he told Lisa Marie Presley after she accepted his marriage proposal over the phone.

Woodstock...the Rolling Stones...Johnny Cash...Tony Bennett...Elvis...Sinatra...Barry White...

Hey, What Year Was This?

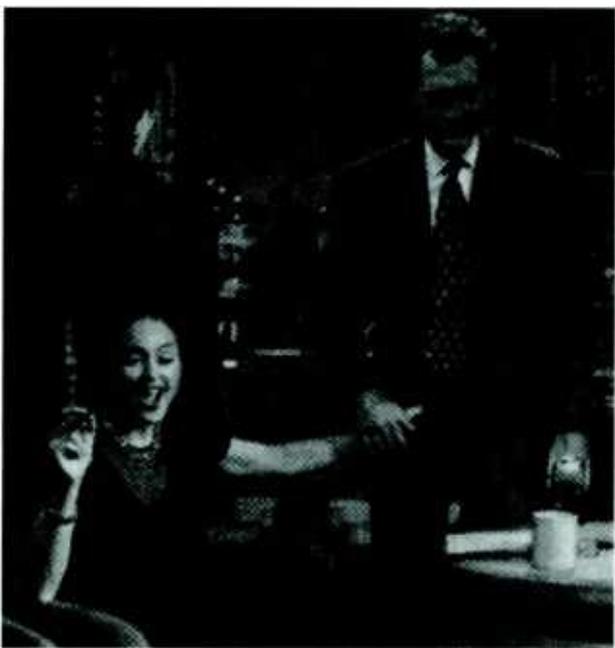

BUT THEY WERE TRAINED TO SING BACKUP ON 'DANKE SCHOEV'

A former business manager for Wayne Newton claimed, through lawyers, that although Newton declared bankruptcy, he spent \$75,000 "repairing a pond for his pet penguins."

NO, YOU'RE THE SUCK-LING PIG DETECTOR

President Clinton, frustrated with attacks from the talk-show sector, spoke on a KMOX-St. Louis talk show, noting: "After I get off the radio with you, Rush Limbaugh will have three hours to say whatever he wants and I won't have the opportunity to respond, and there is no truth detector." To which Limbaugh replied: "There is no need for a truth detector. I am the truth detector."

WORST PREDICTION OF THE YEAR

Gossip columnist Liz Smith, March 31: "Tonight on David Letterman on CBS—Madonna will kid around with Dave. The Big M is in a casual, low-key mode these days..."

BY BEN FONG-TORRES

This is not a summary of the year. Just trying to recap the Time Warner drama would take two pages, as the *L.A. Times* already proved. Not to mention Woodstock '94. Or the endless corporate wranglings between QVC and Viacom and Paramount and Blockbuster and MCA and Matsushita, or the legal problems of George Michael and Snoop Doggy Dogg and Tupac Shakur and the Cure and Rick James and Grace Slick and Infinity Broadcasting with the FCC.

And don't even get us started with the Jackson Family Honors.

What follows are simply bits and pieces of the year just wrapping, people and incidents that, for one reason or another, stuck with us; told us something about ourselves, about what we're doing, about where we're going, about what we're losing.

Or they simply made us laugh.

...AND IF YOU READ IT IN HITS, SWITCH TO GAVIN

Judge Lance Ito, admonishing potential jurors for the O.J. Simpson murder trial to avoid news accounts of the case, said: "If you see it on TV, switch to *The Simpsons*—the TV show, I mean. If you hear it on radio, switch to Howard Stern."

AT LEAST SHE DIDN'T THANK GOD

Linda Perry of 4 Non Blondes, accepting a Bay Area Music award at the Bammies as Best Female Vocalist and for Best Song ("What's Up?"), told the audience: "I'm just a big dyke and I love to play music."

HEADLINE OF A PRESS RELEASE WE SOMEHOW NEVER FINISHED READING

SWEET HONEY IN THE ROCK RELEASES EMPOWERING ALBUM FOR CHILDREN. 'I GOT SHOES'!

GUESS THEY NEVER HEARD OF 'MOSH ALONG WITH MITCH'

Best press release of the year was from Alice in Chains, who issued a band chronology, including:

APRIL 1989: After being pursued by several record companies, Alice signs with Columbia, after learning Mitch Miller was no longer head of A&R.

NOW, WHO SAID LITERATURE WAS DEAD?

George Jones, working on his autobiography, said he was in no hurry to find a publisher. "I'm holdin' out for more money. I want to get as much out of a book deal as I can."

Meantime, Reba McEntire's book, *Reba: My Story*, was sold in part by way of Fritos corn chips, which carried a picture of the book and a rebate offer on each sack.

And DJs at KYNG/FM-

Dallas created a shambles at a Fort Worth library by announcing that \$5 and \$10 bills were hidden in books

there, causing more

than

500

people

to go

ransack-

ing

through

thousands

of books.

The offend-

ing DJ said

he only

wanted to boost interest in the library.

ONE MORE REASON TO STICK WITH MUSIC RADIO

Ross Perot got his own talk show.

AT SOME STATIONS, HE TOOK A PAY CUT

John Wayne Bobbitt toured radio shows, enduring jokes about his severed penis, at \$2,000 to \$12,000 a shot.

AREN'T YOU GLAD THEY INVENTED THE COMPUTER?

After Lollapalooza '94 wrapped, American Recordings' Heidi Ellen Robinson issued a list of factoids, such as:

926,554: total paid attendance

21,675: the number of people who had their faces morphed in the Electric Carnival

154,803: number of times trash cans were emptied

6,553: number of people who crowd-surfed to the front of the stage

4,089: number of faxes sent

559: number of pizzas consumed by the Second Stage crew.

And from Woodstock '94, we have one more item:

3: number of teeth lost by Mike Dirnt, bassist of Green Day, after a mud-flinging fracas on stage.

GEE, IT'S DIRTIER SINCE THE HOUSEKEEPER GOT HERE...

There's no point trying to make sense of the above, from Mancow of WRCX-Chicago. Here's the caption his station submitted: "Mancow Muller was looking for his horniest female listener to sleep with morning show van guy Jeff 'Turd' Renzetti. 'Turd' had been complaining he hadn't been naked around a woman in years. One lucky listener volunteered to let Turd drive to her house and clean it and only then would she sleep with him. There was no sex!! The 'winner' said it was the worst thing anyone has ever given her!...He couldn't agree more!"

DON'T WORRY, HIS PAL MICKEY WILL STRAIGHTEN HIM RIGHT OUT

It was not a great year for Tupac Shakur, who was (1) found guilty of assault and battery of a film and video director, (2) arrested in LA after cops found a loaded gun under a seat in his car, (3) pled guilty in September to charges of trying to hit another rapper with a baseball bat; (4) was shot five times last month in a robbery attempt, and (5) was found guilty, days later, of sexual abuse but acquitted on sodomy and weapons charges. But (6) he signed to appear with Mickey Rourke in a crime drama. It's called *Bullet*.

NEVER SAY NEVERLAND

Michael Jackson started out '94 just fine, settling his sexual molestation case for a (reportedly) mere \$15 mil or so. Then came word that he was asking an insurance company to pick up part of the tab. Then came the *Jackson Family Honors*, which wound up with various performers claiming that they hadn't been paid. Then came the vows with Lisa Marie Presley, a wedding some people *still* don't believe. The year ended with rumors that the marriage was on the rocks, with Michael's album delayed past its scheduled holiday release, and with various parties in and around LA saying the molestation case isn't closed.

IT WAS A VERY GOOD YEAR...

Big Winners:

Danny Goldberg: He began the year getting the president's chair at Atlantic Records, by Hallowe'en, he was chairman and CEO of Warner Bros. Records. How'd it happen? Don't ask.

Doug Morris, all the way to the top at Warner Music.

Sylvia Rhone, all the way to the top at Elektra Entertainment Group.

Strauss Zelnick, to the top at BMG North America.

Seymour Stein, president at Elektra Entertainment Group.

Bob Krasnow, out at Elektra, then, zoom, and he's got a new label to run with MCA.

Mo Ostin

Polly Anthony, now president at 550.

Davitt Sigerson, prez at EMI.

Jeff Ayeroff and **Jordan Harris,** ex-Virgins, now set to start up a new label at Columbia.

Whitney Houston: she

scored big at the Grammys and the American Music Awards.

Tony Bennett: The George Foreman of pop.

Rick Dees: The competition's tough in LA, but he hangs in there—and lands his Top 40 countdown show on ABC Radio Networks.

Punk Rock: Safety pins and tattoos are out, but body piercing and braids are in. Leading the pack are Green Day, Offspring, Bad Religion, Rancid.

Mo Ostin: Winner of the Year. Through all the turmoil, he showed the class that he has for three decades in the business.

EULOGIES HAVE NEVER BEEN HIS STRONG SUIT

Ted Nugent, after Kurt Cobain's suicide, said on a talk show on ABC's Z-Rock network that he was writing a song called "I'm Surprised He Didn't Miss," and added: "He's a weenie. I'm glad he's dead."

HOW DID COURT TV LET THIS ONE SLIP BY?

George Michael sued Sony in London to get out of his contract.

ELVIS WOULD BE SPINNING IN THE LUGGAGE RACK

Two troupes of aerial Elvis impersonators, who jump from planes wearing Presley-in-Vegas getups, then break into lip-synched Elvis songs on landing, went to court in Las Vegas. The Flying

Elvises were sued by the Flying Elvi, who claimed unfair trademark infringement and deceptive trade practices. Nicholas Cage could not be reached for comment.

THANK YOU VERY MUCH, LISA MARIE. THANK YOU VERY, VERY MUCH.

As always, it was good news and bad news for Elvis Presley. He continues to make money—his memorabilia pulled in \$2 million at a Butterfield & Butterfield auction in June, and more books came out about him than about O.J. Simpson. But his Memphis tribute included a hip-swaying Billy Ray Cyrus doing a full-bore attack on "Amazing Grace," and he got the world's least-weird son-in-law.

ROCK IN PEACE

Kurt Cobain, Harry Nilsson, Henry Morgan, "Papa" John Creach, Carmen McRae, Dino Valenti, Dorothy Collins, Dinah Shore, Cab Calloway, Ed Brady (KNBR-San Francisco), Jack Spector (WMCA, WHN, WCBS, WNBC, WHLI-Garden City, L.I.), Greg Beasley (KKBT-Los Angeles), Joe Ianello, Major Lance, Nicky Hopkins, Tommy Boyce, Leonard Feather, Jimmy Miller, Fred "Sonic" Smith, Pedro Zamora, Michael O'Donoghue, Wilbert Harrison, Antonio Carlos Jobim.

WHO AM I?

My early jobs included driving a van, restoring antiques and DJing. I was fired from my job as an art teacher when I devoted time in class to playing music. My former band's name was inspired by a cinema, and I've covered songs by Bob Dylan, the Beach Boys and Willie Nelson. I named my son after Otis Redding, and if I hadn't become a musician I'd probably be a painter. Who am I? See page 7 for the answer.

(**KQHT**)-Grand Forks, N.D. **Bunde** expressed special thanks to **Dan Kieley** for his inspiration...Does **Michael J. Fox** know about this guy? **Marty McFly** is now holding down the afternoon drive slot at **Y107 (WYHY/FM)**-Nashville. For more info and an entry form call **BJ Cohen** at (202) 775-3510...Former **GAVIN** receptionist/Hear & There/Rocks Profile editor **Sheila Rene** checked in to say that she's continuing to report for **CompuServe, America Online e-world** and for **American Music Press**. She's hoping to be in Austin by February when she'll start working on her dream—to open a restaurant that'll house her massive rock 'n' roll collection. You can reach her electronically through CompuServe... Condolences to the family and friends of radio and television broadcasters **Richard Brown** and **Helen Brown** who died last week (December 5) at the age of 79 and 76 respectively. Rosas was national director, R&B promotion and Morton director of rap music...**GAVIN** is sad to note the death last week of Brazilian composer **Antonio Carlos Jobim**, whose best-known works include the sensual "The Girl From Ipanema" and "Desafinado." Among his other achievements, Jobim invented the bossa nova (a mix of samba and jazz rhythms) and helped write the music for the acclaimed Academy Award-winning French film **Black Orpheus**. More than any of his contemporaries, with his feel for harmony and rhythm, Jobim put romance in Brazilian music. He was 67...Happy and safe holidays to everyone and thanks for keeping us up-to-date and sometimes ahead. Especially warm wishes to **Elektra/east-west's Craig Lambert**, **Sony's Keith McCarthy**, **American Recordings' Shelli Andranigian**, and to **Ellin O'Leary**, **Steve Tokar** and all my students at **Youth Radio**. You do me proud...Last year my musical New Year's wish was a new record from **Mick Hucknall**. Ditto for 1995. It's been way too long Mick... ●

Pyramid chief programming officer **Steve Rivers** has been reunited with **G105 (WDCG)**-Durham/Raleigh PD **Brian Bridgman** who has been named the new PD at Pyramid's Charlotte, N.C. property, **WEDJ (The Edge)**. Rivers and Bridgman worked together as PD and MD at **KISL/FM**-Los Angeles and in 1989 took the station to number one. The move completes the management changes at "The Edge," with new GM **Bill Schoening** from **98PXY (WPXY)**-Rochester and former **Sweet 98 (KQKQ)**-Omaha MD **Michael Steele** coming on board in the last month. Although Brian starts officially in mid-January, he'll be doing a lot of commuting until then.

.....
John Scher, who played a key role during **Woodstock '94**, has resigned his post as VP, special projects at **PolyGram**.

In response to absolutely no requests, here's what **Green Day** singer/guitarist **Billie Joe** wore to entertain the crowd at **Z100 (WHTZ)**-New York's **Acoustic Christmas Concert**. The show at Madison Square Garden raised nearly \$100,000 for the **American Suicide Foundation** and **LIFEbeat**, the music industry's AIDS

organization. Striking a pose with their clothes on: **Island** recording star **Melissa Etheridge** presents **Steve "Media Mogul" Kingston** with a double platinum plaque for her album

Are there changes about to come down at **WILN**-Panama City, Fla. shortly after New Year's Day?

.....
It's official. **I.R.S.** president **Jay Boberg** is tapped to be president, **MCA Music Publishing**. Also, look for a formal announcement next month that has **Mickey Eichner** joining MCA as a senior VP, headquartered in New York.

.....
In the wake of **FM102 (KSFM)**-Sacramento PD **Dr. Dave Ferguson** returning to **WPGC**-Washington, D.C., there's a new sheriff in town—former **Wild 107 (KYLD)**-San Francisco PD **Rick Thomas**.

.....
Speculators are busy guessing about what changes Thomas will make. As for Ferguson, he's changed his name and will be known simply by this symbol:

.....
As to that vacant **KISF**-Kansas City PD gig, will there be a surprise announcement by the time you receive your first **GAVIN** of 1995?

.....
No confirmation at presstime, but count on the return of veteran programmer **Charlie Quinn** in '95. Quinn is the lead candidate to replace **John Ivey** at **Y107 (WYHY)**-Nashville.

.....
Citing "differences with management on the station's direction" **KHOP (FM104)**-Modesto, Calif. PD **Wayne Coy** exits. A few days prior, Coy had left the morning show that now features **Mark (Taylor) and Bryan (Suits)**. **KHOP's** Mark and Bryan are opposite **KDJK's** satellite feed of **KLOS**-Los Angeles' **Mark & Brian**. Reach Wayne at (209) 551-8109. APD **Chris Lloyd** will take calls until a new PD is named.

.....
Longtime **RCA** San Francisco rep **Kim Hughes** is L.A. bound as the label's national director Top 40, west coast. Few in the business are loved more than Kim, the hardest working woman in show biz. Go on girl!

.....
Forget anything else you might have heard. No decision on a PD has been made at **B95 (KBOS)**-Fresno, Calif. However, the frontrunner (can we say *waaay* out in front) is interim PD and current MD **Mark Adams**.

.....
The original **Woodstock** rocker himself, **Joe Cocker**, is getting plenty of help from his friends at **Sony's 550 Music**. Here he's surrounded by left

to right: 550's **Desiree Schuon** and **Kim Stolz**; manager **Roger Davies**; the label's **Hilary Lerner-Shaev** and **Jeff Appleton**; **Epic's John McL. Doelp**; Cocker himself; 550 president **Polly Anthony** and 550's **David Gottlieb**.

In the "whatever happened to" file: former **WZYQ**-Frederick, Md. MD **Jammin' Sam** has resurfaced. Sam reports, "I've joined a monastery and will be featured on the next *Chant* album, but in between takes you can call me at (301) 401-6660."

Giving up dancehall for the study hall, **Dave Shuman**, MD at **Isle 95 (WJKC)**-St. Croix, Virgin Islands is leaving effective Christmas Day to work on his MBA at Temple University. Music calls can be made to PD **Beth Ann McBride** or VP, programming **Jonathan Keyes** until a replacement is named.

As he prepares to share his thoughts with attendees at Gavin '95 in New Orleans, keynoter and **BMG Entertainment North America** president **Strauss Zelnick** presents food and clothing to **Covenant House's** COO **Jim Harnett**. **RCA** and **Arista**

employees donated the goods.

WRVQ-Richmond MD **Billy Surf** is spending the holidays letting his hair grow back after losing his locks for a good cause—raising \$2,500 for the **Leukemia Foundation**.

EMI's Monte Lippman joins **Atlantic's** national Top 40 staff.

EMI's national director of alternative promotion, **Jon Cohen**, has been nabbed by **Jon Leshay** to join his new team at **Columbia**.

Lee Logan, PD at **KNEW/KSAN**-San Francisco, exits after more than seven years. New PD at the longtime Bay Area country outlet will be **Alan Sledge** from **WWWW**-Detroit. Will crosstown **Alliance**-owned competitor **KYCY** be talking with Logan about the vacant PD slot? Reach him at (510) 865-3904.

KWAV-Monterey, Calif. ups afternoon personality **Kevin Kahl** to PD at **KIDD**. **KFRC**-San Francisco weekender **Dean Stevens** takes Kahl's slot and is named production director.

Now that he's got everyone hooked, **Garry Wall** plans to send out his *Media Madness* newsletter on a subscription basis beginning next year.

Bob Hamilton flashes that he's got some rare openings for part-time on-air talent. Rush that T&R to him at **Wild 107/KYLD**, 55 Green Street, San Francisco, CA 94111. If you have one to two years experience, call **KZIO**-Duluth PD **James Baker** NOW. He's got a spot for you on his team doing nights/promotion director. Baker's number is (218) 728-6406.

Have you seen **KGRS**-Burlington's PD and *Seinfeld's* **Kramer** in the same room lately? Check out the January 5 episode when Kramer reveals his first name. Here's a hint: it starts with a C.

Last but not least, here's our nomination for photo of the year: **Maverick's** new promo domo, **Terry Anzaldo** on the left trying to call in an add before his twin brother, **MCA** Northern California rep **Anthony Miles Anzaldo**. The most amazing part? This photo was taken just last week.

BLACK 47

The Irish band Black 47 takes its moniker from the name given to the Irish potato famine of 1847.

After the release of Extreme's next album early in 1995, Nuno Bettencourt will release a solo album on his own new label, Colorblind.

CLEVE FRANCIS

WHO AM I?: Brian Ferry

MARIAH CAREY

Mariah Carey's vocal range covers nearly five octaves.

AEROSMITH

Aerosmith has a contract with Columbia Records for a rumored \$40 million that kicks in when they complete their obligations to Geffen Records. Not bad for a band that 24 years ago was playing gigs at a New Hampshire roadhouse called The Barn for \$30 a night.

DES'REE

Twenty-five year old Des'ree was Terence Trent D'Arby's duet partner on the 1993 song "Delicate."

Like That!?

.....
THE END IS NEAR...of 1994, that is. My first year at GAVIN has been unforgettable, and much love and respect go out to supportive colleagues and new friends. Naturally, playa hataz get no love. We now have 1995 to look forward to, and the phrases for the new year are already here. **LaFace's Shanti Das** says 9-Pound (as in five fingers in a fist), **Big Beat's Jennifer Norwood** is partial to 9-Fever, and I'm wavering between 9-Sync (cinco, 5 in Spanish, get it?) and the 9-Live... Props to *Freeground* editor **Cin-D** and **Rhythm Rocker** for blowing up **SoFlo's** true street mag, to **Rodney O & Joe Cooley** for inking a joint venture label deal with England's **React Recordings**, and to all my peeps makin' moves to the next level next year: including **Fuzzy**, who's rollin' to direct promotion at **Payday**, **Karim**, who's got **Epic** plans, **Marcus Morton**, heading up rap out of L.A. for **EMI** (new digits (310) 659-1700 ext. 419); **Biff Warren**, who's left **Pallas** for **The Callaghan Group**; **April Ferri**, new head of rap promotion at **Mascot Records**; **Will Fulton**, who left **Blunt** to do A&R at **Profile**; and **Erika McDaniels**, now promoting rap for **Elektra** and **eastwest**. Yaaaaay! On the move and coming to a new gig near you are **Mike Salman**, formerly of **Chemistry** and **Loyal Thomas** formerly of **Blunt**; and **Akwanza Gleaves**, formerly in publicity at **Rap-A-Lot**... **Tim Wallen** is makin' the phat mix-

tapes complete with editorial assistant **DJ Ivan** on the mic and artist freestyles. To service him or get a copy, call DJ Tim at (510) 548-3203... My bad: **Rymeskeme** is on the air at **KCSF**, and though **J-Def** reports for the format, **Adam Strom** is the music director. The number for **KCSF** is (415) 239-3444...Here's the story on *Street Fighter*: the tracks by **L.L. Cool J** and **Public Enemy** are being pulled from the next shipment of the set due to a legal tangle with **Def Jam**. **Priority** has 300,000 pieces on the shelves now, so get the original version while you can... **Atlantic** is on the rise with a bunch of new signings for '95. A new A&R staff is in place, namely **Bryant Reid** and **Sean Casarov** formerly of **LaFace** and **Jive** respectively...I peeped out the **O.C.** clip for "Born To Live." If that video, as positive and engaging as it is, isn't on every channel out there, the sleepers need to recognize, 'cuz it's dope...Looks like **Russel Simmons** is forging into documenting hip-hop with *The Show*. Looking in on the likes of **Snoop Dogg** and **Run DMC**, the

documentary should be in theatres this spring...*New Jersey Drive* also looks promising, executive produced by **Spike Lee** and directed by **Nick Gomez**. The soundtrack will be released on **Tommy Boy** and will feature **Heavy D**, **Coolio**, **Keith Murray**, and newcomer **Young Lay** featuring the Bay's **Mac Mall** and **Ray Luv**, not to mention a reunion of **O.C.** and **Organized Konfusion** on the mic...If you haven't peeped *Black Enterprise's* Top 50 African-American Power Brokers in Entertainment in this month's issue, you are late, and you need that! Much respect to those included. I'm tryin' to be listed in there, okay?... Congrats to all the nominees for the 1995 GAVIN Seminar Awards, and best of luck to all y'all. Enjoy whatever holidays you celebrate and stay warm, healthy and safe. 'Til The 9-Five, it's...*like that*.

What's New

WITH

Who's New

In terms of music, 1994 was no different than past years. New artists put out records; some stuck, some didn't. Here's an update on what's going on with some hot newcomers that GAVIN predicted big things for.

HEY PAULA

Paula Cole Proves Not to be So Ordinary

Weeks before she appeared at GAVIN's A3 Summit, Paula Cole grabbed our attention with her emotional semi-autobiographical Imago debut album *Harbinger*. Since then we're proud to boast Cole has more than lived up to our predictions.

1994 was a rood year for Cole and she put rubber on the highway both stateside and globally with Counting Crows, Jules Shear, Jeffrey Gaines and one of her prime influences Peter Gabriel. Her passionate style won her a rave review in the *Los Angeles Times*. "Cole...was a commanding presence who aimed for the grand gesture and pulled it off," said reviewer Chris Willman. "Her dark, plaintive songs about stunted lives became short dramas that swept the audience away."

Putting her face and voice out tirelessly has benefited Cole beyond the U.S. border especially in Canada where her music and videos are being pounded on both English and French television and radio. She's also in demand in Europe where her album will be released shortly after the new year.

When she spoke with GAVIN in August, Cole said one of the things she wants most is not to be pigeonholed. "I'm ready for the struggle that comes with not being categorized," she said. "...I

think it's about time somebody created something you can't categorize."

In a way Paula Cole has realized that dream but in a way she hasn't because now—probably to her pleasant chagrin—she can be categorized as a star.

PEOPLE, GET FREDDY

Catching Up with the Jones (Band)

In a short stretch during late August—early September the Freddy Jones Band hit Iowa City, Boulder, Little Rock and Macon. They were toiling around the country in their RV spreading the word, seeing the country and having a grand old time.

That was what 1994 was like for the Freddy Jones Band whose debut Capricorn album *Waiting For The Nighr* which was released in September of 1993, is still being played as a current at some album and A3 stations. Three of the album's tracks "In A Daydream," "Take One Time" and "One

World" became radio hits and the video to "In A Daydream" got good exposure on cable outlets.

Right now the band's taking a well-deserved holiday breather but will surface at the end of the month to ring—make that rock in 1995 with three shows in their homebase Chicago. Their new album—due in February—is a re-issue of the independently released *The Freddy Jones Band* which will include new live versions of "...Daydream," "And She Cried" and "The Puppet."

GAVIN profiled the members of the Freddy Jones less than a week after they performed at our A3 Summit in Boulder last August. We were so impressed with their show that we had to get behind them. That's what the Freddy Jones Band does best: draw you in with their enthusiasm.

THE DAVE MATTHEWS BAND

Our Boulder Stars Go for the Gold

"If I could battle this I'd be a rich man" was how RCA's Dave Lancaa summed up radio's first-year love affair with the Dave Matthews Band.

Truth be told Lancaa, Nick Bull, Bruce Flahr and the whole RCA field staff got a lot of help from a tireless touring band and manager Caran Capshaw who combined efforts to hatch one of the most effective grass roots campaign in recent history. Live as Matthews and drummer Carter Beauford, bassist

Stefan Lessard, Leroi Moor and Boyd Tinsley displayed when they closed the 2nd Annual GAVIN A3 Summit in Boulder this year. The band plows through over two hours of music with a vigor that has attracted a loyal midwest following that has spread to points beyond including New York City, the Rocky Mountain region, the deep South and Canada. The West Coast was the last frontier, but at press time the band had sold out San Francisco and Los Angeles, where they moved a ton of T-shirts, caps and CDs. Of the 335,000 copies of *Under the Table and Dreaming* shipped to retailers over 124,000 have already been sold and scanned. The band's first video has just been finished after radio's three-month head start.

Regarding GAVIN's enthusiasm Lancao exclaimed, "You guys are the number one supporters." Bull goes one step further, saying "Our goal is to hand the Zimmermen gold records at the GAVIN Seminar in New Orleans." Fortunately for the rest of radio the Dave Matthews Band will be headlining the House Of Blues during that time. Start bugging your RCA rep now for tickets because if you're going to have to deal with this band on the air, it sure helps to see these guys live. They're the real deal for sure.

—KENT ZIMMERMAN

THE MAVERICKS

Ain't No Stopping Them Now

When we profiled the Mavericks in August, the big story was how this rene-gade band was breaking through to radio and consequently, seeing their sales figures grow. 1994 had been an amazing year for the band: They kicked it off with a knock-out showcase at the GAVIN Seminar followed by a breathtaking Raul Malo solo performance at the Country Radio Seminar. When the GAVIN piece ran, the band was just hitting their stride—they had recently appeared on *Late Night with David Letterman* and were featured on *Day One*, and then...the cover of GAVIN. Since that time their latest album, *What A Crying Shame* went gold and is nearing platinum as we go to press.

The band is now in the studio recording their third album for the label which is set for Fall 1995 release. They will again work with producer Don Cook, who was instrumental in bringing their sound a little closer to radio. And though they have already begun work on the next album, *What A Crying Shame* is still a top priority. "We have a real strong commitment behind this record," says MCA Sr. VP of marketing Walt Wilson. The label plans to release two more singles. "I Should Have Been True" and their cover of Springsteen's "Ali That Heaven Will Allow."

And, if that's not enough, the band

will be touring in 1995 with Mary Chapin Carpenter, exposing them to an even wider audience. Like Malo told GAVIN in August, "I think radio realizes that we do love Country music, and we're not going to go away. We're here to stay."

NAS

The World Is His

NAS has had the shine of a star since he dropped "Halftime" on the Zebrahead soundtrack in 1992. Well, in his case all that glitters is gold, as his debut trove of hits attests. *Illmatic* spawned four more singles this year: "It Ain't Hard To Tell" and "The World Is Yours," both of which topped the GAVIN Rap chart: "Life's A Bitch," which got the West Coast open, and "One Love," whose emotive story and haunting remixes are unforgettable. At the age of 20, Nas already has a '95 state of mind: He appears on three soundtracks. Listen for him on Columbia's CD companion to *Bad Boy*, a new action drama starring Martin Lawrence and Will Smith, *Promised Land*, the documentary of African-American migration appearing on the Discovery Channel for Black History month will feature "The World Is Yours." And NAS currently has a slammin track "One On One," on the *Street Fighter* soundtrack from the video game and mega-film of the same name.

SCARFACE

It's About Time

After two solo albums that came this close, Face has achieved well-deserved platinum status. Arguably his most definitive release, *The Diary* has just begun to make its impact. Noo Tyrbe promotion director Devin Branch remembers when Scarface got the news. "He was damn-near doin' backflips, because that's all he's talked about since *Day One*." Being the best takes planning ahead and Face has done just that: the new year brings "Hand Of The Dead Body" featuring Ice Cube to radio and video. He's already working on a third clip for "It's Goin' Down," and he's checking out scripts for his cinematic debut. Plus, word has it that an EP of unreleased tracks that didn't make it to *The Diary* is already complete. Let's see how he takes the next million...

—THEMBISA S. MSHAKA

THE ROOTS

Running Deep And Firmly Planted

After two trips around the world and

taking Europe by storm with their fiery brand of live hip-hop. The Roots have all jazz-rap nay-sayers checking themselves. Their re-interpretation of "Proceed"

for the *Red, Hot & Cool: Stolen Moments* album with Roy Ayers is the latest evidence. This four-piece powerhouse band has the rap community excited! DGC A&R director Wendy Goldstein says, "They're the first group to bring jazz and hip-hop back to the streets for the heads." Meticulous long-term promotion from a committed label and raves from the press don't hurt, either. The Roots are the musical embodiment of originality and spunk the stuff of which rap's future is made. Appropriately titled *Do*

You Want More!!!!!!? It even has Pete Rock in Geffen's office looking for wax. It will be commercially available January 17. On that day people will learn how it feels to be satisfied and ready for the next course at the same time.

VERUCA SALT ON THE SENSES

Their "American Thighs" Have Legs

Since our October 24th cover story Veruca Salt's star has been steadily on the rise. Their critically-acclaimed debut album, *American Thighs*, has sold upwards of 100,000 copies—largely due to radio's fervent embrace of "Seether." And of course it doesn't hurt to be a MTV Buzz Band. Veruca Salt hit the road in November with label-mates Hole and plan to go out on their own in early 1995 when the second single, "Number One Blind" goes for adds on commercial alternative stations.

New Year's Resolutions for PDs

Program Management Goals (Continued)

Actionable programming goals will guarantee a great 1995:

- Be decisive about the programming. Never let doubts affect moral or the on-air product.
- Program for the diary keeper. Good ratings require that listeners know exactly what station they listen to. Listeners must know the call letters, frequency, and station name. Constantly promote and advertise to gain trial and replenish cume.
- Understand marketing: "Defining and locating desirable customers and serving them at a profit"; "the pursuit and capture of customers".
- Know the business of radio: Getting an audience and selling it to the marketplace. Thus, know radio sales and profit.
- Help the sales department sell clients solutions to marketing questions, and help them understand programming and listener benefits. Sales and programming promotions should help increase time-spent-listening, attract new cume, enhance station image, and bring in revenue.
- Maintaining listener and customer satisfaction is cheaper than finding new people to listen to the station, or to advertise on it.
- Set specific performance and ratings goals for each individual and yourself. Have regular updates on how the individual and team stands in relation to objectives.
- Be an aggressive team leader and coach; demand performance, but help it by being aware of each person's strengths and limitations.
- Maximize ratings by increasing cume with outside promotion and increasing time spent listening with better programming.
- Be obsessed with "ratings myopia". Remember that your strategic goal is "profit oriented programming" that is designed to produce sales and bottom line results.
- Live your demo, know your market, understand your listeners.
- Remember Pareto's Curve, the 80/20 rule: About 80% of your quarter hour comes from 20% of your cume. Take special care of your top quintile and frequent listeners.
- To increase quarter hour shares, building time spent listening is easier and less expensive than external advertising.

What are your five most important programming goals in 1995? Fax them to me at (415) 692-7799 and we'll include them in this series. Coming up next week — The

This year, the following people and stations actually are—in the running for awards at the 1995 Gavin Seminar, that is. Nominees in almost all of our formats follow (Top 40 and Urban nominees will appear in the January 6 issue). Almost all the awards will be presented at the Seminar in New Orleans in February.

This Week's GRID...
We'd like to take this opportunity to thank all of you for supporting all of our crazy endeavors on the Gavin A3 horizon. Your belief makes it possible to continue the fight for great adult music and broadcasting. Tom Petty finishes off the year back on top while Dave Matthews makes a power surge to #3. Speaking of power, it's rare we have two late December debuts as strong as Unplugged at #20 and Sonny Landreth at #39. Other debuts serve as a microcosm of A3's continued diversity. Check it out: Pearl Jam at #48, Tribute To Merle Haggard at #49 and folkie Greg Brown at #50. Congrats to all of this year's Gavin A3 nominees. With a 50% return on our ballots, the selection process showed clear consensus. We'll vote for the winners early next year.

KEB' MO' (OKeh)

KeB's debut was one refreshing wave of cool groove. Look for a more concentrated reaction when album number two comes out.

LYLE LOVETT I Love Everybody (Curb/MCA)

A sack of short stories just like a Raymond Carver collection, from penguins to fat babies. Mr. Bigtower lives.

TODD SNIDER Songs For The Daily Planet (Margaritaville/MCA)

One of our prouder moments in Boulder was putting Todd Snider and the Murmurs under one tent. Two stars were born.

NANCI GRIFFITH Flyer (Elektra)

Nanci's never looked, sounded or written better than *Flyer*.

MANU DIBANGO Wakafrika (Giant)

All star Africa on parade. We heard this one on KGSR on a rainy Saturday night and it sounded great, so there's no excuse. Go-hop!

JIM LAUDERDALE Pretty Close To The Truth (Atlantic)

What a pity if A3 loses Jim to the upcoming Americana format. Still, to our ears, PCITT was one of the A3 albums of the year.

JULES SHEAR Healing Bones (Island)

Jules is truly the honorary Third Zimmerman which probably scotches our chance of a date with Aimee Mann. Pittsburgh rools!

JOHN GORKA Out Of The Valley (High Street)

The Elvis line of the year, "Lick his back/press him down/mail him to another town/that's why they say he's still alive" made Gavin's offices a proverbial Gorka Park.

FREEDY JOHNSTON This Perfect World (Elektra)

The thought of Nanci and Freedy's CDs in the same box is a scary one. Energy and acclaim abound.

BILLY PILGRIM (Atlantic)

Two guys made a great record, toured all over the world, got jazzed, got lonely, got tight and made loads of friends. Bless and watch over them, Lord.

LUKA BLOOM Turf (Reprise)

Luka finally got the big sound onto the little disc.

JIMMY LAFAVE ghway Trance (Bohemia Beat/Rounder)

A guy drives from Austin to Boulder, plays beautiful music for less than an hour, packs his van up and drives to a gig in Dallas. That's called commitment to the format.

RUSTED ROOT When I Woke (Mercury)

Keeping the perimeters of A3 young and innovative.

Inside Rock

I think it's appropriate to start off the last Inside of '94 with my top five albums of the year. I was going to list the top five assholes of the year but I think this is more appropriate and besides who limits their shit list to only five people?

FIEND'S FIVE

1. **CORROSION OF CONFORMITY** - *Deliverance* (Columbia)
2. **MACHINE HEAD** - *Burn My Eyes* (Roadrunner)
3. **PRO-PAIN** - *The Truth Hurts* (Energy)
4. **SLAYER** - *Divine Intervention* (American)
5. **NAILBOMB** - *Point Blank* (Roadrunner)

I would like to thank everyone who's been supportive of the Gavin Rocks section this past year. It's been long journey and there are still a few bumps to smooth out, but I just want to let everyone from promotion people to radio reporters know that I sincerely appreciate your involvement in this growing section. I guarantee that it's only going to get better in '95, so stick around...Thanks goes out to **Meg MacRae** over at **Earache Records** for the **Brutal Truth** show. It was a truly brutal display of low-end, demonic vocals and supersonic guitar slams. Satan would have been pleased with their performance. **Exhumer**, **Pungent Stench** and **Acid Bath** also put on a terrorizing show which kept the pit spinning so hard that people had to find, and in some cases exchange, limbs, noses and teeth after the show. A big f**k you to the dude who poured beer on me...Many thanks to the members of the **ZOO Records** family who flew into S.F. to take some of us GAVIN people on a flesh-eating frenzy at Morty's steak house with their recording artist **Sonny Landreth**. There's nothing like having a little steak with my wine then retiring to my local **Bondage A Go Go Club** for a little desert, especially if I'm hanging with a cool dude like Alternative stud **Craig Williamson**, who definitely has a future in casting girls for industrial videos...I also have to thank San Francisco's local **RCA** rep **Annisa Mercado** for drinks and the passes to *Dumb and Dumber*. I'm still chuckling over that totally wacked out flick...GAVIN is closed as of Friday December 16, but I'll be in and out so if you need to call me about Seminar info feel free. We are back on Tuesday, January 3 so all reporters should start reporting on that day. Everybody have a safe holiday and if you see Santa tell him that he still owes me five bucks. See ya in '95!!!!!!!!!!!!!!!!!!!!

THE SEASON

Happy Holidays!
GAVIN is now closed until Tuesday, January 3 at 8 a.m. Our fax machines will be accepting playlists for that first week back as early as December 27.

Check out this issue's Yellow Pages of Radio where we're pleased to announce the finalists in this year's GAVIN awards. Winners will be announced during our 10th annual GAVIN Seminar in New Orleans February 16-18.

THE MUSIC

A new #1 this week as **Vanessa Williams** takes the top of the holiday chart with her single, "The Sweetest Days." It gets there in just seven weeks and could stay there just as long. It's the only track being played by more than 200 stations and 101 of them report four or more plays a day.

Other big news in A/C music includes the #32 to #13 two-week move on **Boyz II Men's** "On Bended Knee." Fifty-six ADDs have come in during these last two weeks of the research year, and spins have increased by more than 1,400 in that time.

In only two chart weeks, **Luther Vandross'** "Always And Forever" has climbed from CHARTBOUND to #21. With its 22 ADDs it's now on more than half the format's stations including K103, KESZ, KKLD, WBMX, WTPI, KXYQ, WMJX, KOSI, KRNO, KBIG, KOST, KUDL, WBBQ and WLIF.

HOTTEST track in the format is the beautiful new **Madonna's** single, "Take A Bow." The spincrease is 1,027 and the track debuts at #28 as the #1 MOST ADDED with 69.

tion. He is actively pursuing opportunities; spread a little holiday cheer and give him a buzz at (510) 865-3904. Meanwhile, **Alan Sledge**, formerly with **WWWW**-Detroit steps in as Operations Director of the stations.

News is starting to leak out on **Arista's** new label, which has yet to be named. As we rumored, **Denise Nichols** will be the director of national promotion, and the label plans to be up and running February 1. No official word yet on the promotion staff, but we'll let you know as soon as they let us.

INDUSTRY NEWS

Ken Van Durand has announced two new appointments at **BNA**: **Chuck Thagard** will remain based in Nashville as the director of East region promotion, while **Scot Michaels** moves to Dallas as director of West region promotion.

SJS Entertainment has added **Rosemary Young**, formerly with **MJI Broadcasting**, as vp/director of country programming and **Linda Fuller** as senior producer, country programming.

ARTIST NEWS

Epic has major cause to celebrate this season with three platinum certifications in the same week. It's not only a first for the label, it's also each artists first platinum record. Congrats to **Joe Diffie**, (*Honky Tonk Attitude*), **Patty Loveless** (*Only What I Feel*), and **Collin Raye** (*All I Can Be*).

Dave Gibson has left the **Gibson Miller Band**, explaining he needed more time for his family, and his songwriting.

RADIO NEWS

WQIK- Jacksonville MD **Larry Stevens** moves over to program sister station **WJGR**. **Scott "Scooter" Thomas** will become MD at **WQIK**. **Cougar Michaels** will become full time MD at **WGTY** beginning January 1. **John Pellegrini** remains PD and the call dates and times will remain the same.

COULD IT BE THE THEME SONG OF THE SEMINAR?

The Tractors' "Trying To Get To New Orleans" is a song many programmers are humming as they make their plans to attend the main Gavin seminar in New Orleans, February 15-18. Would you believe that the song, co-written by **Steve Ripley** and **Arista Nashville** president **Tim DuBois**, is the first DuBois song ever released as a single on **Arista**?

While we are on the subjects of seminars, mark your calendars for the first Gavin Country seminar, which will take place May 7-9 in Los Angeles (two days before the ACM Awards). We'll soon be filling you in on the details.

New Releases

THE ZIMMERMEN 1994
TOP TEN A2 FAVES

1. **JOE SAMPLE AND THE SOUL COMMITTEE** - *Did You Feel That?* (Warner Bros.)

The single most important Jazz/A2 release this year. Music that's "too funky" makes its long overdue comeback.

2. **BOB JAMES** - *Restless* (Warner Bros.) Bob James has this format wired when it comes to playing in the smooth genre with tenderness, emotion and power.

3. **RICK BRAUN** - *Night Walk* (Bluemoon) Rick Braun's trumpet, an instrument usually associated with post-bop expressionism, successfully charts commercial airwaves.

4. **WILLIAM ORBIT** - *Strange Cargo III* (I.R.S.) Do William Orbit's science fiction-like mixes stray too far from the jazzy path of A2? We think/hope not.

5. **MARC ANTOINE** - *Classical Soul* (NYC) Antoine's acoustic guitar sound, a mixture of flamenco and hip-hop, is brimming with personality and street smarts.

6. **NORMAN BROWN** - *After The Storm* (MoJazz/Motown) A successful record both on the air and in the stores. "Lydian" is easily one of the hottest A2 songs of the year.

7. **BRAND NEW HEAVIES** - *Brother Sister* (Delicious Vinyl/east west) The fresh vitality of British youth meets sophisticated A2 radio. What a blend!

8. **BOB MAMET** - *Signs Of Life* (Atlantic) Jazz pianist Bob Mamet acknowledges his pop side without sacrificing integrity.

9. **TOM SCOTT** - *Reed My Lips* (GRP) Tom "Taxi Driver" Scott tears a page from the wah-wah, *Super Fly* '70s for his best effort in years.

10. **CRAIG CHAQUICO** - *Acoustic Planet* (Higher Octave) An inexhaustible Craig Chaquico flirts with tape loops, keyboard textures and a little less computerization.

THE ZIMMERMEN 1994
TOP TEN JAZZ FAVES

1. **MUSIC FROM THE ORIGINAL MOTION PICTURE SOUNDTRACK BACKBEAT** (Virgin) A swinging soundtrack from a lousy movie. Rock producer Don Was, with the aid of Terence Blanchard, invades jazz turf.

2. **JOSHUA REDMAN QUARTET** - *Moodswing* (Warner Bros.) Young Joshua Redman, hell-bent on demystifying jazz, becomes its favorite son. Dig those great tunes.

3. **MARIA SCHNEIDER JAZZ ORCHESTRA** - *Evanesence* (Enja) Maria Schneider is an amazing

4. MICHEL CAMILO - *One More Once* (Columbia) In the year of big band, Michel Camilo throws in the party atmosphere, beautiful melodies and Latin spice.

5. GROOVE COLLECTIVE (Giant Step/Reprise) Redefining eclectic, free-form jazz for the drug-induced afterhours club crowd.

6. KEITH JARRETT, GARY PEACOCK, PAUL MOTIAN - *At The Deer Head Inn* (ECM) Keith Jarrett revisits the site of his very first trio gig—with a big gun rhythm section in tow. Quite a homecoming.

7. LEON PARKER - *Above & Below* (Epicure/Epic) And now for something off-beat, yet still in the pocket. Leon Parker marches to his own drum beat. Like a Mounds bar, it's indescribably delicious.

10. SUSANNAH McCORKLE - *From Broadway To Bebop* (Concord Jazz) This CD strafes our top ten on the merits of the black comedy vocal number, "I Don't Think I'll End It All Today."

SPENCEDOOKEY'S TOP FIVE FOR 1994

1. **Deconstruction** - *Deconstruction* (American)
2. **Gangstarr** - *Hard To Earn* (EMI)
3. **Jeru The Damaja** - *The Sun Rises In The East* (Payday)
4. **Portishead** - *Dummy* (London)
5. **Pavement** - *Crooked Rain, Crooked Rain* (Matador)

I had the pleasure of attending a shindig in Boston this past weekend to celebrate the launching of the **Fort Apache** label, which will be distributed through **MCA**. The party was actually held *inside* the Fort Apache studios with gurus **Gary Smith**, **Paul Q. Kolderie** and **Sean Slade** as beaming hosts. Since Fort Apache, over the years, has been the birthplace of many of my all-time favorite records (like **Big Dipper's** *Heavens*), I was kind of in awe to begin with, but my amazement was compounded by the studio's swankness (I guess I expected a dim and dusty cubby-hole). My fannish reverence abated, however, when I realized Fort Apache has 72 tracks but only *one* bathroom to provide for the hundred-plus champagne-guzzling guests. I predict that the flowers and bushes around Fort Apache will sprout early and live long next season.

A bunch of bands played short sets during the party, including **Fuzzy**, **Cold Water Flat** (Fort Apache's first signing), **Belly** and **Juliana Hatfield**. I have to admit I missed a few of the bands, 'cause I was busy hanging around the front door waiting for **Lou Barlow** to show (he, of course, stood me up), but I managed to catch **Billy Bragg's** performance. Wow. It was the first gig the U.K.'s Bragg had played in America (or Americer) in over a year, but the songwriter hasn't lost even an iota of his knack for ultra-engaging onstage banter and razor-sharp political commentary. Gee, I wish Billy (rather than *every* feeble-minded American ex-celebrity) would host his own talk show.

Unfortunately, there were a couple of guests who couldn't make the Boston bash, including **WUSB's Erica Tooker**. Erica's father, we're sorry to report, passed away last week. Our condolences to Erica and her family.

If you're anxiously awaiting **Three Mile Pilot's** **Geffen** debut, a little bird (a.k.a. **Dan Mackta**) told me it'll appear on or around January 17, 1995, and it's tentatively titled *Chief Assassin To The Sinister*, so mark your calendars.

Finally, don't forget to check out the nominees for the 1995 Gavin Awards—they're somewhere in this week's issue. Thanks to everyone who voted (we had excellent response), and be on the lookout for your final ballot that should arrive in January.

Inside College

.....
So it's the last week of the year, and if I had the energy, I assure you I'd devote it to compiling a self-indulgent Top Five of 1994. As it is though, I'll refrain until the new year, when I've been able to reflect thoroughly on the past twelve months. However, one frequent contributor to the College Albums column, Spencedokey, got his list together in time for this end o'year ish, and here 'tis:

GAVIN ALTERNATIVE

Inside Alternative

Well, this is the last edition of GAVIN for 1994 and in keeping with tradition, the following is my personal top five for the year. I hope you all have a warm, fun and safe holiday season. We'll talk again in 1995.

1. BLUR Parklife (SBK/EMI)

This album spent more time in my CD player, walkman and car stereo than any other released this year. The songs that make up Parklife are like snapshots of everyday life in England, and while that concept didn't exactly score a bullseye with Americans, some of us found it, well, charming. Blur have grown immensely—both musically and as individuals—and deserve all the respect and accolades they currently receive at home.

2. PIZZICATO FIVE Made In The U.S.A. (Matador)

Japan's Pizzicato Five combine sultry jazz with hip hop beats and a whole lot of kitsch—and the results are irresistible. They're like a Warhol painting come to life.

3. JESUS & MARY CHAIN Stoned And Dethroned (American)

After a long absence, the Reid brothers returned with the ballsiest acoustic album in the history of mankind. On this release, the feedback kings might very well be stoned, but dethroned? They're still noise royalty in my book.

4. WHY POP STARS CAN'T DANCE Various Artists (Slumberland)

The *Why Popstars Can't Dance* compilation shows off the many sparkling jewels that make up the Slumberland label's indie crown. Shining brightly are tracks from Stereolab, Rocketship, Jupiter Sun and Boyracer. A gem of a label.

5. VERUCA SALT American Thighs (DGC/Geffen)

It wasn't their thighs that knocked me out, but their wicked songs. Now, this Chicago-based four-piece are knocking everyone out across America and beyond.

Editors' '94 Favorites

Albums

BLUR
"Parklife" (SBK/EMI)

The songs that make up *Parklife* are little snapshots of everyday life in England, and while that concept didn't exactly score a bulls-eye with Americans fixated on Amerindie rock, some of us found it charming. Blur have grown immensely—both musically and as individuals—and deserve all the accolades they currently receive at home.

—LINDA RYAN

JOE SAMPLE and the SOUL COMMITTEE
"Did You Feel That?"
(Warner Bros.)

Pianist Joe Sample is one of many musicians tired of much of today's corporate stodginess and predictability. In response, he dusted off a mint Fender Rhodes electric piano and rammed through this session of mostly first-takers. The crisp, gospelized funk of '70s Crusaders is reborn through these ten tunes.

—KEITH ZIMMERMAN

BOB WOODRUFF
"Dreams And Saturday Nights" (Asylum)

If we're going by total spins, Woodruff won out in the Hoelzle household, but sadly, Woodruff's excellent debut was, for the most part, overlooked.

—CYNDI HOELZLE

SOUNDS OF BLACKNESS
"From Africa To America" (Perspective/A&M)

Each time I played this album it sounded as enjoyable and inspiring as the first time I *really* listened to it. I enjoyed the gospel yet contemporary feel of the songs. It made me think of a time when records were cut with real instruments. I also enjoyed giving this album to friends who had never heard it, and the response was always the same, "This album is great!" 'Nuff said. —BILL SPEED

CORROSION OF CONFORMITY
"Deliverance" (Columbia)

Not only did this record blow away college radio with its first single, "Broken Man," but it crossed over into COR and Album like butter with the single, "Albatross." With their smooth mixture of low-end guitar hooks and intelligent lyrics, COC will continue to pry open commercial radio's reluctant doors with their infectious rock sound.

—ROB FIEND

SEBADOH
"Bakesale" (Sub Pop)

Bakesale is Sebadoh's most cohesive, hooky and accessible record to date. Lou Barlow continues to cement his reputation as the Leonard Cohen of the twentysomething generation, while his songwriting band-mates threaten to rise to his level. With *Bakesale*, Sebadoh totally abandoned their affection for low-fi recording and odd tunings, and they conjured what was for me 1994's finest musical moments.

COMMON SENSE
"Resurrection" (Relativity)

The pride of Chicago's underground made a valiant comeback by delivering a flawless tribute to positivity the second time around. Rappers, learn by example!

—THIEMBISA S. MSHAKA

BRUCE SPRINGSTEEN
"Streets Of Philadelphia" (Columbia)

Bruce may not have broken a sweat making this record, but the song's powerful lyric, written for the incredibly powerful *Philadelphia* stands above all other music released in 1994. Sometimes simplicity and minimalism make loud statements.

—RON FELL

DAVID BROZA
"Second Street" (November)

David Broza sings with the same gusto and conviction as the rebel folkies of Greenwich Village during the early '60s. Already a major attraction in his native Israel, his star is just starting to twinkle here in the States. Broza's performances are as hot-blooded as they are worldly.
