JEFF CARROL, KLBK

"Top 5 phones on 'River'. It's going to the top."

Bryan Adams, "Heat Of The Night", A&M....

Although the bios will tell you how many sales and airplay accolades "Reckless" picked up in 1985, it's really like the record had twins on the shelf. Obviously masterful media manipulation has kept Bry in the public eye through '86--with his various vinyl cameo appearances and charity concerts the perfect segue into the new album. Best of all, "Heat Of The Night" picks up with more of that great "Guy Who Can't Close The Girl" rock that everyone but Marko can relate to. And there might even be a tidge more guitar!! Like my daddy said, "If it ain't broke, don't fix it."

Rock and Hyde, "Dirty Water", Capitol....

We can't tell you what women really want--besides a man to do the dishes--but we can say with certainty that class and quality is all the rage at radio--as exemplified by acts like the Cutting Crew, Frozen Ghost, Julian Cope, the Stranglers --and of course old masters like Steve Winwood, Gregg Allman and Peter Gabriel. Now it's time to welcome Messrs. Rock and Hyde to that plateau. "Dirty Water" offers up clean, sparkling dynamics, a chorus that won't quit and good god, lyrics even cynical adults could get off on. A huge crowd pleaser on our latest sampler tape--in the spirit of Moody Blues meet Pink Floyd.

Julian Cope, "Trampoline", Island....

Now that CHR is ready to recycle all the excitement you folks (and that red mike stand) generated on "Yo Mouth", it's time to roll that airplay investment over into a song you might even like better. We do. With prior exposure on roughly 85% of our reporting stations, chances are your audience is already familiar with Julian's work--and between 40K EP's sold and 60K album advances, it's not hard to spot a major act in the making. Jump on it.

The Other Ones, "We Are What We Are",

Virgin.... Our latest sampler tape segged this into "Love Removal Machine" to prove a point--this beautiful ballad feels great in the context of serious rock and roll. We're convinced The Other Ones will be the new label's second successive pop/rock crossover smash, one you'd be smart to start ahead of the competition. Bet on those effective Stevie Nicks/Aimee Mann vocals and the sweeping arrangement--especially when played from the Virgin CD sampler.

ALSO NEW THIS WEEK

Smithereens, "Time and Time Again",

Enigma.... Nice to hear the 'Reens are back on track after their brief foray into LoungeLand. "Time" is Elvis Costello covering "Pretty Woman" in the fourth dimension--and a more than fitting follow up to "Wall of Sleep".

Hoodoo Gurus, "Good Times", Elektra....

After several near misses, it sounds to us like the Gurus have finally found their niche. They simply dialed the wayback Machine to 1968--and delivered a flawless rendition of the style that kept the Summer Of Love alive for ten years on the radio. It's the best of the Airplane's "My Best Friend", with a dash of Spanky and Our Gang and a dollop of the the Lovin Spoonful. It's bubblegum--but it's sugarless!!

Red 7, "When The Sun Goes Down", MCA....

Listen to this and tell me it isn't the great lost Colin Hay cut. Nothing complicated, true--but smooth, warm and likeable just the same.

U2, "The Joshua Tree", Island....

Let's start by saying "With Or Without You" is off to the most explosive start of any track in the 19 issues we've published to date--and that's almost an understatement. In looking over the current Hard Hundred, only Boston came close in terms of audience excitement, and the Top 40 interest and support is on par with Springsteen. Naturally, it's #1 Most Added with 130, 19 of which list power, 81 more at heavy, as it easily takes over #1 Most Requested with 58--and that's after about a day. Reaction: Mike "The only thing people want to talk about" Boyle, WDHA... Tom "Phone are melting down" Starr, WOUR... Doug "Biggest buzz on a new record this year" Clifton, KBCO... Lenny "Could be the most important record you'll play in the 80's" Bloch, WRCN... Curt "The hottest thing on the street" Gary, WEBN... Glenn "Simply the definition of brilliance" Stewart, WHJY... and from the Bird at WXXP, "They're probably the best band of the 80's". And now that the single is public domain, branch out into some of the most innovative material they've done to date. Favorites here include "Red Hill Mining Town", "In God's Country", "Bullet The Blue Sky", and "Where the Streets Have No Name".

Fleetwood Mac, "Big Love", WB....

Lindsey's string driven rhythms have always been his distinctive stamp on the group, and this long awaited release definitely let's him flex those famous fingers. You knew you wouldn't get Rumours Part Two--and between the linear song structure, Stevie's gorgeous gasps, and Christine's curious low profile, this one will cause talk a go go. It's about time somebody laid an 80's update on "Love To Love You Baby". Big News.

Mondo Rock, "Primitive Love Rites", Col....

These Australian Aces deal out a mixture of styles and sounds you've got to hear to believe--and the end result is a provocative song we know will kill your core audience! From the "Whip It" opening to the almost Skynyrd sounding chorus to that "Gimme All Your Lovin" guitar break--and those PG13 lyrics--this should be one helluva reaction record. And think of all the can't miss condom promotions! Quick, get Rap on the phone!! Car songs forever!!!

The Thompson Twins, "Get That Love",

Arista.... You've got to give the Twins credit for ongoing effort to maintain the rock audience appeal--without losing the signature sound that always does well pop. Suddenly there's not much of this sort of Eurosound stuff around--and the super accessible hook here might as well work for you as you competition.

Robin Trower, "Caroline", Crescendo....

Although I'd really like a slightly faster breaking lead on the follow up, it's more than adequate for areas where "No Time" did well. Robin has unquestionably re-established his relevance in the marketplace and as such deserves your consideration.

Vigil, "White Magic Spell", Chrysalis....

It seems we've reviewed just about every variation of retro-rock in this issue--from the sixties to last year--but we couldn't close the picks without a good strong hit of turn of the decade ('69-'70) windowpane rock. How about the Byrds meet Fever Tree?

MONDO

ROCK

"PRIMITIVE LOVE RITES"

IT'LL BLOW YOUR FACE OFF!

Night Ranger, "The Secret of My Success", MCA... Though the soundtrack special is a definite change-up for the band, the new sound socks it to 88 out of the box believers for a #28 Hard Hundred debut. And that's got to be the band's hottest first week performance ever. It starts heavy at 10, including WCMF, WHCN, WWCT, WWZU, WEZX, KRQU and KSJO, with WWCT already listing top 5 phones. Response: Russ Mottla, WAAF, "More active as a radio record than the past few. We got calls and that has never happened before with the Ranger". WWCT's Phil Manicki seconds, "More instant phones. The horns will make upper demos get re-acquainted with the band". From KFMF's Marty Griffin, "Not your average run of the mill NR tune. It has it all: the funky beat, great production and the horns really add a new dimension to their sound". KILO's Alan White sums it up, "Horns and a backbeat to boot--as well as a supercharged arrangement"...

The Cult, "Love Removal Machine", WB...

Before we get to the charts, check top 5 phone action at 9 reporters after only two weeks!! WLIR, KNCN, WVVV, WXXP, KICT, KQRS, WBRU, WTOS, and WMAD lead the way--and we're confident in expecting at least double that count next week. It's #3 Most Added with 30 (heavy at KGB, KOME, WKLS, WHCN, KTYD), with 81 total and 7 play-ups (WLIR, KNCN, KDJQ, KZOQ, WBCN, WRQX) powering up the week's longest run, with a 85-47 underline. And those raves are equally unstoppable: Bruce McDonald, WFNX, "This jumps out of those car radio speakers like nothing else on our playlist and we're already getting top 10 phones". From KEZE's Brew Michaels, "It's top fuel bonafide, re-fried and outta sight, In Layman's terms, it's just plain awesome, dude". WHJY's Glenn Stewart calls it "A musical collision between Love and the Rolling Stones". WTOS's Duane Sherman screams, "It literally blows my mind!! This is headphones/air guitar rock and roll. I'm glad it's radio and not TV". But what's our favorite quote you might ask? WMAD's Dave Anderson and "I love the artwork that's in the ads in the trades". Yo Dave, have a six pack on us!!

Whitesnake, "The Still Of The Night",

Geffen... Another action packed add week places "Night" #3 with 30, as 88 stations to date and 8 increases (KNCN, KDJQ, KLAQ, KRIX, WBCN) move the tune 46-33. But the real story here is the frenzied phones, as 16 top 5 mentions bring in a #7 Most Requested debut--and the list includes KLOL, KILO, KGB, KFMG, KAZY, WAQX AND WRQK. KSQY's Jeff Michaels calls it "The best metal I've heard in a long time. Classic british metal at its best". KWHL's Kevin Vargas feels, "If you're not playing this, you're not a rock and roll station. Immediate #1 phones and 32 calls on my Saturday afternoon show". KOZZ's Harry Reynolds says "It's already proving to be a monster nighttime song for us".

Autograph, "Loud and Clear", RCA...

KDJQ's Ron Garrett knows the score--"The kids want to rock and they'll turn up the radio when their little heads hear this". KISS's Tom Scheppke vouches, "I'm glad that RCA is marketing these guys with a record that has a little oomph to it. These guys have been cast off as bubble gum metal for too long". As KILO's Alan White puts it, "Autograph states its case loud and clear. Nice full wall of sound, with some extra texture in the mix". The title track starts correct 30 adds (WRIF, WQFM, WBCN, KNCN, WYNF, WMGM, WLLZ, KSHE, KLOL, KISS, KLAQ), and a #77 Debut.

Frozen Ghost, "Should I See", Atlantic... So far, only the Cutting Crew matches FroGo in terms of brute acceleration. For a new act to go 0-130 reporting stations in just four weeks is truly world class performance. This week finds "Should I See" pushing 31-18, with 26 more adds, 17 increases (also excellent for a debut act), and a 34-24 album underline. We've already got a few top fives, too, including KRQU, KFMH, WKQZ, WOOJ, and WYNF. WAQX's Lorraine Rapp calls it "refreshing, uplifting, and outstanding in a crowd of exceptional music that's out there right now".... WPYX's Andi Turco hears "Massive potential to be a smash". KICT's Phil Thompson feels "You can't categorize Frozen Ghost. It stands on its own. It's unique and that's what we like about it." Finally, from WBRU's Alison Stewart, "They got us this week with that incredible hook. 'Should I See' is impressive in terms of songwriting and group performance".

Los Lobos, "Set Me Free (Rosa Lee),

Slash/WB... Here's a follow up that will definitely get the full album radio shot. It's this week's #7 most added with 19, including KYYS, WHCN, WNOR, WMGM, KEZO, and WRKI, with WIOQ, WHJY, WKRR and WVVV already showing increases. The aforementioned makes for a 5-43 Hard Hundred move, holding the Lp at #7. WRUF's Jack Degnan rates it "An excellent follow up. It's simple, fun, and I love the brass and '50's flavor". and WWCT's Phil Manicki reacts, "A pleasant surprise. This is gonna be the one".

Dokken, "Dream Warriors", Elektra...

Dokken's 11-5 Most Requested gain has to rank second to U2 in momentum, as all those "Dokken always does well here" comments turn into 23 top 5 mentions--with KGB, KLOL, KOME, KTXQ, WBAB, WDHA, WNEW, and KSJO front and center. It's #9 Most added with 14, with 93 to date and six increases (WBCN, WYNF, KLAQ) making for a 36-30 Hard Hundred underline. A record anyone could play.

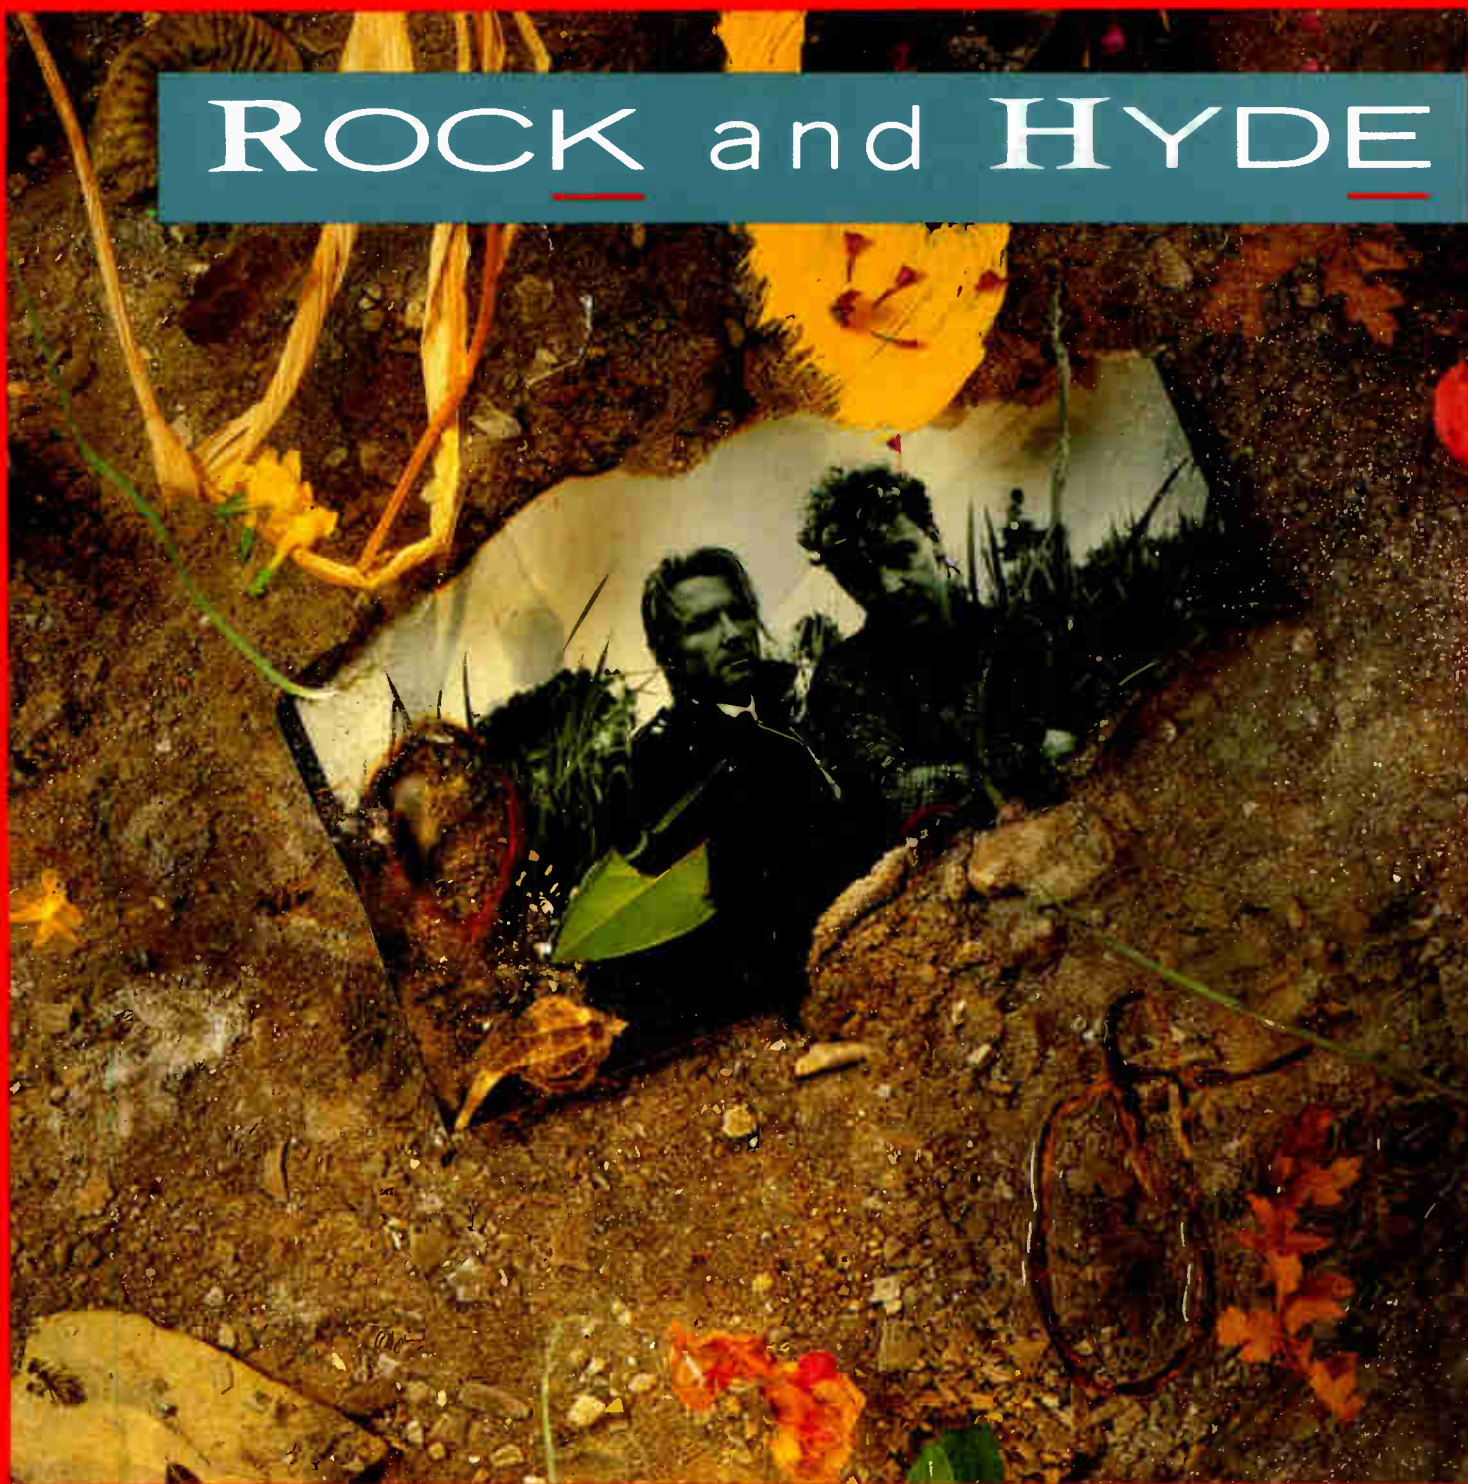

The Del Fuegos, "The Long Slide", WB...

The Fuegs deliver one of this week's longest slides--slipping 100-72 on the Hard Hundred. They're #9 Most Added with 14 (KYYs, WNOR, WDHA, WKFM, WBYP, with WHJY, KSQY AND WBCN upping, and a total of 47 adds after 2 weeks. KSQY's Jeff Michaels comments, "The Del Fuegos have always been popular in the Black Hills, so "Long Slide" was a natural for us. The staff loves it and apparently so does every one on the street." KBCO's Doug Clifton says, "They've cleaned up their production and this one took just two listens". From WDHA's Mike Boyle, "Spend some time with the Del Fuegos and you're going to hear a band that's getting better all the time. "Long Slide" was a very easy add this week". WFNX's Bruce McDonald testifies, "I love the guitar licks, the horns, the backup singers--the whole damned song. This is American Music at its best".

Stranglers, "Always the Sun", Epic...

KKBR's Bill Evans analyzes the appeal, saying "The watchword for the 80's is 'maturity', and these guys have it. 'Dreamtime' is their best to date." WQBK's Bob Welch updates, "Every time it gets played it gets phones. This will be a successful transition for the band". Epic's successful long term commitment continues to pull down credible call letters, with KSJO, KYYS, WAAF, WEZX, WLAV AND WBYP among this week's 9 adds, with WNEW, WBCN, WOUR, KKBR and WQBK increasing. It's currently on 73, of which 18 list heavy. Underlined 59-51 on the Hard Hundred, 40-35 Album Impact.

ROCK and HYDE

"DIRTY WATER"

The First Single From The Forthcoming Album

U N D E R - T H E - V O L C A N O

Produced By Druce Fairboirn, Dob Rock And Paul Hyde
Management By Druce Allen And Cliff Jones

Gregg Allman, "I'm No Angel", Epic.... Well, well--let's have a hand for Epic's first number one since You Tell Me!! 48 powers, 86 heavies and 23 afterburner play increases put it there. And although U2 moved it back a notch in the Most Requested, 32 top 5 mentions ain't kibble either. A job well done to all concerned, and a special tip o' the hat to that A&R hero Michael Caplan for ringing the bell his first time out.

Peter Wolf, "Come As You Are", EMI.... This one's obviously got eyes for the top slot, too. 34 increases ranks #3 in what we'd consider the key indicator, with 49 powers and 82 heavies factoring into the 5-3 underline. Now playing on 163, with top 5 phones at KYYS, WAAF, KTYD, KGGO, WQMF, and 7 more. As long as the singles's performing, you'd do well to have a little fun with "Thick As Thieves" from the new extended version 12".

Patty Smyth, "Never Enough", Col.... And the little lady who wants to own it all continues to take names. She's sitting on 37 increases this week--sporting the likes of KOME, KYYS, WDVE, WNEW, WLLZ, WQFM, WYNF, AND WHCN, with 13 powers, 86 heavies, and 149 over the top adds to date. Note the 7-6 track advance and 11-9 album progress. Play it heavy to power or hit the shower.

Cutting Crew, "Died In Your Arms", Virgin.... 52 Increases. 52! Out of control. Forget "the fastest starting song this year". At this rate, we could be talking one for the books, period. As WWZU's Mark Williams says, "I haven't seen a new act explode this fast since, heck. I don't know how long". Or as Virgil Thompson at WIXV says, "It's usually much longer before we see this kind of reaction on a totally new act." The Crew claims 156 adds to date, with 11 powers and 81 heavies. Equally important is the 4-2 Most Requested momentum.

Jon Butcher, "Goodbye Saving Grace", Capitol.... Yeah, and hello hit record. Just take a look at the fast traffic around Jon's 16-11 Hard Hundred move and it's clear this man has arrived in a big way. He's got 34 heavies and 22 increases backing up the underline, with 8 adds and 146 stations to date. The phones are filling in nicely, too, with WEGR, WIOT, WAAF, KSQY, WKQQ, and WKQZ all top fivers. Naturally the Lp numbers shine, too 22-16. KWHL's Kevin Vargas says it all, "Top 10 retail here. Guitar powered by a song that would be a hit in the 60's, 70's or 80's."

Georgia Satellites, "Railroad Steel", Elektra.... WEBN and KSJO top 6 adds, and WQFM and WEZX headline the most recent increases. Now on 39 stations, with heavy play at KFOG, KRQR, WBLM, WGTR, WHCN, WKQQ, WLAV AND 7 more. Underlined 58-52. Curt Gary calls it "The first Satellites track we really liked"--and he's not alone in calling it his favorite. Definitely the one to go for now.

Psychedelic Furs, "Heartbreak Beat", Col.... Their best album radio start gets stronger in many regions where they never really made a dent. As KSQY's Jeff Michaels reports, "They're doing surprisingly well for this area. Their last release really didn't do as well as expected, but the early phone reaction has been very supportive".... This week's 10 adds makes it 132 to date, with 41 heavies and 16 increases, including KFOG, KLAQ, WNEW, WXRT, WCCC and WOUR. The single pushes 23-17, backed with a 17-13 Lp underline.

Concrete Blonde, "True", IRS.... Still very much the mover, "True" turns in 8 increases, led by WQFM, KGB-FM, WONE and KATP. 16 list it heavy, including KRQY, WHMD, WIZN, WPLR, and WTOS. New on 4, now on 101, underlined 33-31, 30-28 for the album.

Andy Taylor, "I Might Lie", MCA.... Here's another veteran performer having little or no difficulty hitting that fast lane solo. He's got a first rate 30-21 HH underline--complete with 14 increases (WBCN, WHJY, KLPX, KLAQ KEZE), 13 more adds (#10), and 116 stations in all. The album's new at #26.

Europe, "Rock The Night", Epic.... We're with Ron Diaz. "It's got a monster hook--just put it on. These guys are destined to be the next hard rock stars".... The follow up locks 14 new reports for #9 Most Added, as 64 to date and 5 (WNEW, WDHA, KRQU, WRUF) increases fire up a 48-44 underline. Already a top request at WAOR and WRCN. As Russ Mottla says, "It's a natural on the basis of the first one".

World Party, "Private Revolution", Chrysalis.... The floodgates aren't open yet, but they will be. Too funky? Tell that to WKLS, KBCO, WGTR, KDKB, KYYS, WAAF, WMAD, WRXK, WEGR, KFMQ or any of the other 59 already on the case. Better yet, take one of Sutter's phone calls. Hah!! Underlined 63-56, holding the album in the top 20.

Glass Tiger, "I Will Be There", Manhattan.... Their strongest charting AOR item yet? Probably. 72 adds to date break down into 3 powers, 8 heavies, 56 mediums and 5 lights, with 12 increases (KTXQ, WPYX, WTPA), and 10 adds. The track linedrives 40-32, pulling a 43-39 album underline as well.

Eddie Money, "Endless Nights", Col.... Endless hits, make that. His latest monster to be rolls in with 21 new additions, 6 increases and an undeniable 47-39 Hard Hundred gain. Now on 61, 6 of which increased, with 19 heavies and 2 powers.

David and David, "River's Gonna Rise", A&M.... I didn't hear it at first either--but catch it on the air and you're there. KFOG, KEZO, KPEZ, WONE, WWZU, KFMQ, WRCN and WUVA add, as 40 to date and a KVRE increase move it 76-65.

Lou Gramm, "Ready or Not", Atlantic.... With the single's success, you should be ready for a little emphasis rotation on the follow up. KGB, KOME, KNKN, WBYR, WTPA and several more increase, with new air on WKLS, KDJQ, KYYS, WEZX, KGGO and 3 more. Up 29-23, with 98 now on board.

HARD ACTS TO FOLLOW

KLOL's Harvey Kojan commented on Farrenheit's "Great melody, exceptional harmonies, vulnerable lyrics, sparkling production and every conceivable hook known to man"---and he's right on every count. We'd also like to see more action---although 8 adds and ups from WBCN, WOUR and WQFM gave "Fool" its best 99-84 showing yet. Also on WAAF, WDIZ, WLLZ, WBCN, KZAP, KSHE, KLOL, and KISW.... Geffen's Little America continues to impress. "Walk on Fire" comes up 54-50 with new air on 76, and ups from WOUR, KILO, WDHA, WEZX, KKBR, WRQK, and WAPL. WEBN now reports top 5 phones, in addition to the already hot Texas request activity.... Columbia's Wire Train is your basic hit band in search of the right track---and as noted by KDJQ's Ron Garrett, "She Comes On" is "Listener Friendly". WBCN leads 8 adds this week, with 39 to date.... The Damned on MCA have definitely come through with one of the most effective novelty/nostalgia items I've ever heard. "Alone Again Or" adds at KEZO, WEGR, WKFM and two more, with KGON's Inessa York proclaiming "The Damned on American mainstream AOR radio? Wow, Captain!!" On 29 reporters, including WOUR, WMGM, WHJY, WDHA, WBCN, WNEW, WAAF, KYYS, KFMH, and WXXP. We're betting on it.... Hipsway (Col) now boasts 52 on board, as some of the best blue eyed soul since INXS lines up a move to #59. New on CFOX, WBYR, WIMZ, KMJX, and WWTR, with ups from KBCO, WONE, WEZX, WNEW, and WWCT. It's a killer on the air, so don't let CHR stick it to you.... Speaking of CHR sneak attacks, you'd better think quickly on the Poison phenomenon. As you're probably aware, the sales are over the top and pop radio loves that male/teen audience. Mike Boyle's got top 5 phones after just two days at WMGM---and that's the standard reaction. Better deal with it if you're positioned rock. Underlined 71-66 with WNEW, KZEW, WYNF, KFMQ, WPLR, WOUR, WBCN, KISS AND WBAB just a handful of the heavies.... It's about time the Saints scored a couple of big points. Of this in-house favorite, Russ Mottla says, "That is just such a great hook. It has that J.C. Mellencamp 'I'm just sitting on my front porch strumming away' quality". From WIZN's Steve Cormier, "the Saints contain all the elements to make them a real good bet to be a success. They remind me of INXS." Also new on WHMD, WIZN, KWIC and WGLU---in addition to WAAF. Now that there's a clear choice for lead track honors, the Ward Brothers (A&M) grab a confidence building 9 adds, including WMAD, WPYX, WQBK, KSQY, WAQX, WEGR AND WQFM--a great week overall. WKLS and WKQX also increased play, and that brought about a #99 Hard Hundred entry. With KYYS, WLAV, WONE, KMOD, WDHA, WKLC, and KPEZ among 20 already in, this one's shaping up nicely.... Geffen's XTC has one of our fastest building new request items with "Dear God", which this week came through with ten top 5 call mentions---including WYNF, WBRU, KVRE, KRIX, WXXP, WTOS, WMAD, KFMH, and WLIR. As Ron "What? Me move to L.A.?" Diaz says, "From the bible thumpers to the spiked blue hairs, everybody is commenting and calling about "Dear God". Love it or hate it, it generates interest immediately.".... Finally, a fast word for the excellent Chris Isaak album on WB. This guy is much more than a regional phenomenon/critics delight. "You Owe Me Some Kind Of Love" adds at WBCN, KDJQ and KPEZ, with KNCN, WPYR, and KZEL upping. Factor in the 96-85 underline, and you owe it a second listen.

BLAST FROM THE PAST

When Mardi Gras stopped last Tuesday, **Bobby Reno** started. Yeah, **Bobby Reno**.

"I've been floating around, doing radio sales, construction," laughs Bobby. "I tried everything, man. I came back to radio."

Reno is now PD at WCKW. For nearly fifteen years, as PD at WRNO and WNOE, he was synonymous with New Orleans AOR. The town has not had an AOR for at least three or four years.

WCKW is Classic leaning to AOR. Reno indicated that the station would continue to move more in the AOR direction.

Presently, the station covers approximately two-thirds of the City That Virtue Forgot.

"We're in a suburb of New Orleans, half-way between Baton Rouge and New Orleans. But by June, we'll have the tallest tower in Louisiana. 2000 feet. We'll have a city-grade signal in both towns."

With that kind of altitude, the station'll be picked up by the earrings of certain sportin' ladies leaning out of second floor windows on Bourbon Street. Kind of a promotional plus. Do it with the radio on.

Bobby says he could use some help, too. T&R to: WCKW, Bobby Reno/PD, 700 Papworth Av. #106, New Orleans, La. 70005. Clint Eastwood would.

STEVE & MARK TAKE A HIKE, BUT DON'T HAVE TO WALK FOR LONG

In the fine tradition of Pat Still & Wags, and Jimmy Roach & Steve Hansen, the third Taft station in six months has lost its big deal morning show.

WKLS/Atlanta's Wake Up Crew, **Steve Mitchell** and **Mark McCain**, will turn up in St. Louis on KSHE's morning show. An Informed source told NOISE that the deal gets both of them \$100k and a Corvette aplece. Voiceman **Rob Buttery** will go along.

Mitchell has done well ever since he did afternoons for Hard in North Carolina--against Rick Dees. Dees has just done ok.

AS WE APPROACH OLD AGE, WE GET NEW AGE

Speculation had been mounting since Superstars In Palm Springs, and this week it happened. **Lee Abrams** hit with his first New Age station, KLRS Santa Cruz.

Whether the format is the natural evolution of 35-49 listening or "air pudding" (as Doonesbury calls it) will be proven by stations like KLRS.

Mark Hill (ex-KDON Salinas) is the PD.

Double Grammy winner **Steve Winwood** talks with **Weird Al Yankovic**, MJI Pres **Josh Feigenbaum**, as radio barron **Mike Harrison** loses his place in the cards.

JACOBS' LADDER

Everything seems to be coming in threes. Miami. Orlando. Larry, his brother Darryl, and his other brother Darryl. In our continuing quest of the rumored third Detroit AOR, we caught up to consultant **Fred Jacobs** in Toronto.

"Here is the deal--and boy, I've gotta make this clear because I have a legal situation here that is of considerable importance," sighs Freddie. "I have a 'non-compete' [with former client WRIF]. The speculation stems from the fact that [WMJC GM and former WRIF PD] **Tom Bender** and I are friends and have worked together in a variety of situations. But I intend to honor the non-compete that runs into May."

The non-compete with RIF kicked in February 13 and has a 90-day run.

"Tom and I decided a long time ago that whatever he's gonna do, he's gonna do--and if I'm to join him in the fifth inning, then fine," adds Fred.

I like this guy. He talks. Better the fifth inning than the Fifth Amendment.

"But I am not consulting that station [WMJC], I don't have anything signed with them, no deal has been cut," says Jacobs, "and I'm waiting 'til after the thing with RIF officially runs out before I make a decision."

Jacobs has no problems in his own backyard--Detroit. He's Miss Congeniality, at least.

"Tom and I have talked to each other, but I've also talked to other people in the market." Adds Fred, "When it's home, there are always more things than you can do. But, now, I'm associated with no one. Frankly I'm waiting along with everyone else to see if Tom changes formats."

RUMOR CONTROL

As we go to press, we keep coming in threes. It's entirely possible Providence, RI is about to get a new AOR. Its third.

WERI, a CHR consulted by **George Harris**, started playing Beatles sides on Monday (3/9). And anyone in Orlando can tell you what that means.

Look for the station to hang its hat on the logo "WRX".

the brand new morning show for brand new PD Dave Gariano at brand new WHTQ/Orlando.

Griffiths had done two years of nights at SHE and Castronovo was the production director/voice-guy for Steve & Jimmy.

Though they are young (25 and 27) and have never done mornings before, Gariano has no apprehensions.

"The chemistry between them is remarkable. They're on the same wavelength and I only can think it's going to be incredible," understates Dave.

Gariano continues to negotiate his 7-M slot and hopes announce a news anchor next week. The only holdover from WHTQ's previous incarnation as Country WHOO, Frank Vought, will round out the morning show as sportscaster.

GO WEST, YOUNG MAN

With the possibility that WKDF morning man Carl P. Mayfield may go to KLOS for a five-year morning deal including a syndicated show and a shot at parttime on sister station KABC-TV, when his contract in Nashville runs out in less than four months, we have to ask--

ISLE OF SERENITY

Morning man Bob Ihle has been named PD of KRQU/Laramie, replacing John Edwards who became KBPI MD last week. He will keep his morning show.

That'll kill him.

"Eventually it will, but I think I'm young enough to handle it now," jokes Ihle. "John did a great job, and I'm going to try to do even better."

Ihle's first act was to appoint Kevin Lewis MD.

"I think Kevin's got the aggressive kind of attitude that'll keep us where we're at with new music," says Bob. "I like new music. It sets you apart from everybody else."

Dale Dudley moves from KFMX/Lubbock to mornings in Austin at KLBJ.

Mark Wallace joins KMJX/Little Rock.

JULIAN COPE "SAINT JULIAN" (ISLAND)

It's finally time to split the seams on the rest of the story. Where to start? Some have already jumped on "Trampoline", and the album is packed with more sharp poprock melodies sure to keep newfound fans delighted! "Eve's Volcano" finds Julian crooning upbeat blues, and the title track demonstrates his songstyle in peak form, while on his way to becoming a rock pioneer of the 90's! It's best to get this one on the air fast--you know they'll be playing it at home soon enough.

DEL FUEGOS "STAND UP" (WB) With an album acclaimed as highly as Boston Mass., a "killer" followup is critical. Well, that turns out to be the easy part. Continuing in the rock Americana "barband" tradition, a perfect mix makes all the difference.

The organ and soul backup, grainy vocal lead, and blues guitar foundation melts into grooves that fit the format perfectly. "Long Slide" brings it on an early 34* debut, and if your looking for Lp clues, try "Wear It Like A Cape" or "A Town Called Love". Whatever you do, don't miss this party.

VIGIL (CHRYSALIS) Now that you've sampled some fine material on the 12", delve into the album debut from a band well on its way to mass appeal. Based in Baltimore, this Euro-sounding group graced college playlists with their "Whistle In The Yard" single released independently. Open up with "White Magic Spell" and discover a moody choral hook; don't miss clever word-play on "Celiba Sea" and "I Love You Equinox" features ear-grabbing psychedelia--versatility brought together with Jo Connor's precise vocal work. Make room!

SINGLE FILE

MONDO ROCK "PRIMITIVE LOVE RITES" (415/COLUMBIA)

Another tip from the Hard Cassette Sampler--this one has genuine dance appeal written all over it--the chorus will be in your brain quicker than you can say "Primitive Love Rites". Fun, hip and on your desk now....

CRAZY BACKWARDS ALPHABET "LA GRANGE" (SST)

One listen and you'll be wondering: 1) Why didn't I think of this first? 2) If I did think of it first, just how could I pull it off?

3) How soon can I get this on the air! This is the most clever remake to hit the street in recent memory--If there's any way to top a ZZ tune, CBA scores major points here....

THE NEATS "ANGEL" 12" (COYOTE/TWIN TONE)

The Neats have fired up a dose of pre-album blues that sits on a fine AOR 12" for your listening pleasure. No need to look for the edge--there's enough here to bring your attention to the forthcoming Lp, "Crash At Crush".

CHAMELEONS "TEARS" (GEFFEN) This was a pick from the git for many a programmer. Now that the "original" version has re-surfaced on the B-side, let it again find solace in rotation once more. Simply well done.

CHART STARS

U2 "WITH OR WITHOUT YOU" (ISLAND) For the band on the tip of every tongue and near the front of every playlist this week comes a ton of positives as well as album of the year mentions! And with the Lp arriving this week, the "Sky" is the limit--#1 Most Added/Requested debut (68 mentions!), 8* Hard

Hundred showing/3* Alternative.... Now for some excerpts on the single: Alison Stewart, WBRU, "has a hypnotic quality that lures any listener into a state of musical ecstasy".... Glenn Stewart, WHJY, "Simply the definition of brilliance".... Rick Panneck, WAPL, "Will undoubtedly be the Frontrunner album of the year".

THE CULT "LOVE REMOVAL MACHINE" (SIRE)

Now that distribution is well underway, note the reponse with a 45-24* jump--the biggest this week. It's new at KTCL, WNDY, WXCI, KABL, KEYX, WEQX, WFNX, WHFS and over 30 more.... Bruce McDonald at WFNX says "It jumps out of those car radio speakers like nothing else on our playlist and we're already getting Top 10 phones."

Beastie Rick Rubin's production did 'em right. Look for album waves soon.

WIRE TRAIN "SHE COMES ON" (415/COL) As the single progresses in fine form, an Lp awaits just 'round the corner. Not only is this their easiest access tune, it just ounds plain great....Renee Blake, WKXL, says "We just got the cassette and all the material was really good. Right now we're on the single and I have a feeling we'll be playing the whole thing soon." 24 Alternative reporters are now playing including WRVU, WMDK, KSTM, WTOS, KTCL, KKBR, KJET, KEYX, WXXP, WLIR, KABL 'n WHTG.

KILLING JOKE "BRIGHTER THAN A THOUSAND SUNS" (VIRGIN) Moving to 21* this week, "Sanity" still centers attention at KJET, KROQ, KFMU, WVVV, WFNX, KFMH, WHFS, WMRY, WNDY, WXCI and over 25 more.... Ken Orberg, KABL notes "It's doing exceptionally well here--top 10 phones. Everyone is excited about the record. As far as the new sound goes, if it gets them more exposure, then it's great."

OINGO BOINGO "BOI-NGO" (MCA) Just out and already making a spectacular showing, with air at WHFS, WTOS, WKXL, KTCL, WMRY, WLIR, KROQ, KJET, WRVU, WXCI, WRAS, WOXY, WUOG, WEQX and more. "It's going over really well," says Susan Kennedy at WVVU.... Kandi Wilkins, WXCI, "We wouldn't leave it off the list." With a 23* debut, "Not My Slave" garners early mentions, and for those with upper demos on-line, try "My Life".

CHRIS ISAAK (WB) Warming up to an already hot album's a cinch as evidenced with support at KEYX, KFMU, WHTG, WTOS, KBCO, KFMH, WBCN, WBBB, WFNX, KUSF, WXRT, WEXQ and many more. Tracks? "You Owe Me.." and "Lie To Me" with immediate reaction.... Lorraine Meier, KKCX says "We're getting deluged by calls from fans begging to hear more while they're waiting to buy it--the album is presently sold-out in the bay area." Now at 14*.

SHOXSIE AND THE BANSHEES "THROUGH THE LOOKING GLASS" (GEFFEN) Siouxsie hasn't exactly been the queen of convention and proves that remakes can be done seriously, with thought and excellence--and with her signature, it's the surefire power she needed to change gears.... Now at #6 for the album and "Wheels", ears are pleased and it translates to airplay at WBCN, KROQ, WLIR, WHFS, KTCL, WUOG, WTOS, WXXP, WXCI, WRAS, WVVV, KTAO and many more.

THE SAINTS "ALL FOOLS DAY" (TVT) For on-air performance, "Just Like Fire Would" is outstanding, and still gaining interest with early

support a key factor at KTAO, KRQU, KKBR, KJET, KEYX, WXXP, WHTG, WHFS, KABL, WTOS, KSTM, KVRE, WNDY, WRVU, WMRY, WGTU, KBLE, WXRT, WXCI and many more reporters in this section. Sean Bates at KUSF raves "'Fire' is one of their strongest as well as commercial songs to date and should definitely cross over".... Kandi Wilkins at WXCI, "It sounds sooo good on the air and the response has been incredible!".... Dirk DeVault, WGTU says "The whole album is great! It offers ballads as well and great programming too."

THE DAMNED "ANYTHING" (MCA) Causing quite a stir lately, is "Alone Again Or", sure it's a cover version, but that seems to have been an airplay plus. Over 30 stations are on including WBCN, WHTG, WNEW, WXXP, WKXL, KVRE, KRQU, WMRY, WUOG, WTOS, WXRT, KSTM, KABL and WEGR where Kelly Cruise comments, "I like it BECAUSE it's so different." For those who doubt The Damned demand--think again.

SIMPLY RED "MEN AND WOMEN" (ELEKTRA) Just out, this album is not only an obvious smash, it's got across the board appeal with inside tracks like the soulful "Let Me Have It All", reggae singed "Love Fire" or if there could be a 'sleeper' on this one, "Move On Out". New at 38* this week, don't you think it's time that AOR made friends with this band?! Bird at WXXP says "They're catching early requests and I see it building into a big record. If AOR doesn't pick up on this then I'm afraid they have lost their ears." Good/Early reaction on "The Right Thing" includes WEQX, WVRE, KEYX, CFNY, WLIR, KKBR, WTOS, WXXP, KBLE, KVRE and yes, more.

77's (EXIT/ISLAND)

"Can't Get Over It" has won some radio fans this week, and fueled curiosity on a diverse album. New at 37*, with play at KUSF, KZEL, WDHA, KSTM, WXCI, KTCO, KRQU, KFMU, WKLC and KABL where Ken Ornberg picks it as his fave of the week, "There are all styles of music on this album. It's unpretentious and arrived quietly. I had not preconceived notions about it. It sounds GREAT on the air and everyone at the station liked it right away."

THIN WHITE ROPE "MOONHEAD" (FRONTIER)

Sometimes it takes a while for a heavy signature band to sink in, but when it does, the Hard work is done. No comparisons here, just downright stunning style put to good use at WTOS, WGTU, KEYX, WRAS, WTOS, WUOG, WXCI, KJET and more. Pinpointing tracks is another formality, but "Moonhead", "Wire Animals" and "Not Your Fault" stand out. Mike Marrone at WHTG says, "They're paying attention..." Tell yer neighbor. New at 49*.

THE THE "HEARTLAND" (EPIC) In the top 20 for weeks, the title track leads the switch to keep momentum going for Matt Johnson as he travels the U.S. Recapping with airplay at WXRT, WOXY, WXCI, WUOG, WXXP, KUSF, WRVU, KSTM WXXP, KABL, KROQ, WRAS, KTAO, KVRE and more, the Lp moves to 16*. One track is NOT enough.

FROZEN GHOST (ATLANTIC)

In just 4 weeks, 131 stations now fill the file for airplay on "Should I See", with 29 new this week. Alison Stewart, WBRU, says "Frozen Ghost" hooked us this week. It's impressive in terms of songwriting and group performance".... Steve Bridges at KFMH leads the growing list of #1 phone mentions, and "Masque" is bubbling under.

-Dawn Hood

Don Berns, CFNY, Toronto

So I thought I'd experienced all the heat I could get on Hawaii's beautiful beaches (check out Kauai if you get to the Islands--it's gorgeous!); especially after I return to the Great White North only to find temperatures dropped 50 degrees in six hours as we returned to winter Sunday night. But, lo and behold, the new music this week is so hot, I feel like I never left the sunshine.... Those who play dance oriented records cannot afford to be without **Boris Badinough's "Hey Rocky"**, the first big novelty record of the year. Get on it now before the CHR stations pick it up and burn it to a crisp.... **XTC's "Dear God"** isn't out here yet, but I can remember the song blowing me away when I first heard it on a demo tape of "Skylarking". It's without a doubt the most accessible track the group has recorded since "All You Pretty Girls" yet it maintains the lyrical essence of this fine band.... Also, on the import front, the **Thrashing Doves** continue to amaze with their third 12" single, "Jesus On the Pay Roll" which adds even more depth to what I feel will be one of the most important new bands this year.... **The Stranglers** released a 12" extended version of "Shakin' Like A Leaf", which is already getting requests here based on a couple of splns last week.... The 77's "Do It For Love" off their debut Lp sounds like a sure winner.... Ditto for Westworld's "Sonic Boom Boy", which has made waves in England and is about to do so here.... And for those of you getting into **Killing Joke**, check out the track "Victory", only available on the CD and cassette version of "Brighter Than A Thousand Suns". It's a cooker.... A great upbeat projection and those are just the singles this week. The albums are even hotter -- what with **Simply Red**, **Smiths**, **Siouxsie**, and that other group -- **U2 "The Joshua Tree"**. It's gonna take something akin to "Sargeant Pepper" to dislodge U2 from album of the year spot.... And now from the Underground, where we find Ivar Hamilton: **The Mighty Lemon Drops** move into heavy rotation after nearly blowing the Chameleons off the stage at RPM this past week. Thanks to Bruce McDonald and the gang at WFNX for showing me a great time in Boston. Until next time.

Jonathan Rosen, KEYX, Phoenix

Thanks to **Joey Ramone** for calling in (by his own interest in the station) on March 8th for a one hour conversation during the "Virgin Vinyl" anniversary show.

Duane Sherman, WTOS, Skowhegan

U2 goes out of the box and into heavy. Numero uno requests after two days of airplay, bumping "Dear God" to #2.... The **Del Fuegos** move into heavy this week with their new 12". This is truly a hot band and if you overlook 'em, you're foolish.... The new 12" from the **Cult** literally blows my mind! This is headphones/ air guitar rock and roll. I'm glad it's radio and not TV.... **K.D. Lang** has herself a happenin' hoppin' great record. Produced by the perfect person for her type of music, Mr. Dave Edmunds.... **Simply Red** is simply fantastic. Their performance on the Grammy Awards was one of the best and they deserve an award for that performance.... Pick of the week: **The Beastie Boys**, "Brass Monkey". That funky monkey will make you want to peel your banana in public.... **Personal** to the PD at WHEB, Portsmouth NH. Hey pal, go take a suck pill.

Ellen McKinnon, WEQX, Manchester, VT

The local music scene in upstate New York is alive and throbbing, although to listen to any station other than WEQX, you'd never know it.... Most comments this week will probably concern the excellent releases from **U2**, **Del Fuegos**, **The Cult**, **Siouxsie and the Banshees** and **Stage Dolls**. Yes, we added them and we like them, but I'm gonna bend your ears now, about the hard working **Mark Ernst** of MCE Studios in Schenectady. It was long ago, in the foggy past when Mark put out "Hudson Rock", a compilation Lp featuring Albany bands -- most of which have long since scattered. Welcome "Son Of Hudson Rock", a happening and today kind of record. The cream of the NEW Albany crop is on this one: **Dirty Face**, **Mambo X**, **The Stomplistics** and **Chefs Of The Future** to name a few. Hand in hand with this release comes the "Metaluna Syndrome", also from MCE Studios. This one gives you selections from 11 area heavy metal bands including **Blacksmith**, **China White** and **Mace**. While the "Metaluna" material probably won't make it out of **Howard Glassman's "Loud Hour"** feature, the "Son Of Hudson Rock" collection is just what we needed. WEQX DOES support and play the music of local talent and a new and fresh collection like "Son Of Hudson Rock" gets a slot in our list of adds to the playlist. You can write to **Mark Ernst** at 467 State Street, Schenectady, 12305 for information on these records.

Renee Blake, WKXL, Concord

A couple of real exciting things we came across this week -- an album called "Initial Thrill" from an artist named **Kenia**. There's one cut on it that sounds like a cross between **Astrud Gilberto** ("Girl From Ipanema") and **Joan Armatrading**!! It's a fantastic jazz album.... The other was **Wire Train**. We just got the cassette and all the material is really good. Right now we're playing "She Comes On" and I have a feeling we'll be playing the whole thing very soon.... We need the **Cutting Crew** album and **Gregg Allman's** new Lp -- please send them.... **Hot Tuna** and **The Band** are coming on Sunday (!).... **Friday March 20th** is the **Great American Meat-Out** and I'm interviewing **Tom Scholz**, one of the **Farm Animal Reform Movement** celebrity sponsors.

Glenn Stewart, WHJY, Providence

Thanks to the folks at **PolyGram** for their hospitality in Londontown. **Deep Purple** was fabulous and an extra added attraction was seeing **Ben E. King** perform with **Mick Jones**, **Simon Kirke**, **Ron Wood** and **John Paul Jones** at the **Palladium** on another night. Is that a jam, or what?... It was great meeting the **Purple** band and **David Gilmour**, watching **Redbeard** at work, and as for **Ron Diaz's** misadventures -- everything you've heard is true.... **U2** is simply the definition of brilliance.... **The Cult's** "Love Removal Machine" is the result of a musical collision between **Love** and the **Rolling Stones**.

Paul Rappaport, Columbia Records, 212-975-8616

Mix two parts **ZZ Top**, one part killer harp, a dollop of creamy sexual overtones, and give it all a hard driving beat -- you just baked yourself a hit. **MONDO ROCK!** "Primitive Love Right"! It will blow your face off!

Steve Hoover, KMBY, Monterey

For the past two weeks KMBY has been going through a metamorphosis – the supposed butterfly we have become includes the new morning man, Jay Mazarrocco, from Z-95 Corpus Christi, and the return to the airwaves of KMBY GM/Co-owner/ex-Blair consultant Chet Tart to PM drive. I have added MD duties to my Asst PD chores, and continue to do early evenings. This week I'm also playing PD with ours on vacation (the janitor just complained about all the hair around my desk). Consequently, time is short – but I'd like to mention that the **Allan Parsons "Money Talks"** cut sounds real good, as does **Little America**. The **Cinderella** has a nice crunchy sound, and I can't wait for the rest of the "Joshua Tree". uh oh.. got to go help the janitor unclog the shop vac. Adios.

Richard Pachter, Promotion In Motion, 305-482-6629

The U2 Lp is stunning and a masterpiece – but isn't that what we expected? Also on the fine Island label of recorded music is the 77's. Check out their cut on the CD sampler "I Can't Get Over It". **Julian Cope** bounces back with "Trampoline", which you're sure to flip over. Be sure to listen to "Dirty Water" from **Rock And Hyde**. It is very classy stuff. The **Truth's "Weapon Of Love"**, which sounds like the real **Bad Company**, produced by Trevor Horn will be a number one track. Remember – you read it here first. See ya, Goodbye.

Burt Baumgartner, Columbia Records, 212-975-7029

Congratulations to the California Radio Network on their first successful conference call, of what I'm sure will be a cool exchange of real information affecting us all in the music business. **KRQR The Rocker Is Hip – HIPSWAY** that is! After one week of testing it was an ADD! You other rockers can play this, too! Please give it a test. The **PSYCHEDELIC FURS** album is a winner. If you haven't joined the team, do so now! **MONDO ROCK** is on your desk – listen to "Primitive Love Rites". And "Endless Nights", **EDDIE MONEY's** new track (with the 12"), is doin' great. Please check this track from Eddie's best album to date. Speaking of "Primitive Love Rites" and "Endless Nights", "She Comes On" is coming on strong with **WIRE TRAIN** picking up more great adds this week. Here's some secondary album cuts for album radio. Try **COLIN HAY's** "Can I Hold You", "Master Of Crime" or "Lookin' For Jack", **SANTANA's** "Praise" or "Songs of Freedom" and **DAVE EDMUND's** "Paralyzed" and "I Hear You Rockin'".

Dianne Hicklen, KFMU, Steamboat Springs

Bono's voice gives me and everyone in the audience the chills. "With Or Without You" – don't be without it... Check out **Little America** – a fresh, consistent young band with a bright future.

Ron Diaz, WYNF, Tampa

Friends, Romans and countrymen! Please help us celebrate our birthday. We need artist ID's as follows: "Hi, I'm _____ of _____, and I'm proud to have my music on 95YNF, celebrating six years as Tampa Bay's only home of rock and roll--95YNF." Thanks in advance. Please address to Ron Diaz, c/o WYNF, PO Box 432195, St. Petersburg, Fla. 33724.

Alan White, KILO, Colorado Springs

Autograph states its case "Loud And Clear". Nice full wall of sound, with some extra texture in the mix.... Horns and a backbeat to boot on the **Night Ranger** and a supercharged arrangement.... U2 logs #1 phones from their Colorado fanatics.... Good to see Jeffrey Schulman of Arista, but no more Texas talk at the table.

Lenny Bloch, WRCN, Long Island

Five out of five PD's agree--U2's "The Joshua Tree" could be the most important record you'll play in the 80's. Velvety smooth production, a passionate sounding **BONO**, and gutsy guitar from **The Edge** all add up to a masterwork. Where do you start? The Lp is open at WRCN and we'll ask our listeners to help us decide. Last weekend we gave them their first opportunity to win the Lp and the response was overwhelming, all on the strength of "With Or Without You". Other tracks that raise hair are "Where The Streets Have No Name", "Bullet To Blue Sky" and "Red Hill Mining Town". Congratulations to the band and Island records on this authentic future classic.... Big thanks to Dede Whiteside for the super night on the town. A sincere pleasure finally meeting Dede after all these years.... Many thanks to **Gregg Allman**, Epic, and Terry Coen for the show and the album party. Both were largely successful.... Top 5 phones include good ole **Bon Jovi**, **Poison**, **U2**, **Europe** and **Boston**.

Lin Brehmer, WXRT, Chicago

Surely, the prospect of a **Siouxsie And The Banshees** album featuring nothing but cover versions colored my eye with a jaundiced hue. However, it is a pleasure. The **Jim Morrison** cover fits the band like a warm mitten and the **Banshees** doing **Iggy** is heavenly.... Our preview of the **Del Fuegos** album forecasts big things for this band and "Long Slide" is as sharp as a **John Cangelosi** head first dive.... The **Kinks** kicked our fifteenth anniversary off with two sold out shows here, the second of which was broadcast live. Many thanks to many people, especially to the **Kinks**, who blew the house away and who endured the many complications of live broadcasting. Norm is the biggest **Kinks** fan I've ever known and he dug it.... I hear there's a new **Emmylou Harris/Linda Ronstadt/Dolly Parton** record out. I'd love to get the chance to hear it.

Robert Plant is in a studio working on a new album, which should be out by fall.

Members of the Jewish Defense League handed out flyers during Paul Simon's Los Angeles concert at the Universal Amphitheater, hoping to persuade him to take a stand on the plight of Soviet Jews. The organization wants Simon to aid in efforts to help the 400,000 Jews still living in the Soviet Union. "Paul Simon: 400,000 Soviet Jews are dying for your help," the flyers said.

Victoria Williams, wife of former Plimsouls leader Peter Case, will have an album out on the Geffen label this spring.

The Bangles have finished recording backing vocals for the next Hoodoo Gurus single, called "Good Times."

Bob Dylan and the Grateful Dead reportedly may jam together in a series of concerts this summer. They are said to have been secretly rehearsing in San Rafael, California, in recent weeks.

A prosecutor has dropped all charges against a woman who was arrested while walking with Billy Idol near New York City's Washington Square Park. Grace Hattersley had been charged with misdemeanor drug possession when police noticed Idol was holding a plastic bag as the two walked down the street. A prosecutor says a chemical analysis by police revealed the bag "contained no controlled substance." Hattersley spent nearly 30 hours in jail before being released. She's said to be "disappointed" that Idol hasn't tried to contact her since the incident.

Lonnie Mack has finished taping a pilot for a new PBS television series, "American Caravan." He'll perform and host the 13-week program. Mack, who has a new album out called "Second Sight," will open for Huey Lewis & The News in April.

Gregg Allman says he's no longer plagued with the writer's block that had affected him for a few years. In fact, he now says he has a surplus of material. "There's seven more songs in the can and about three new ones already written," Allman says. "The next record is already in the bag. It will be even better than this one."

Three former members of the Revolution are shopping for a record contract right now, in hopes of releasing a new album in the summer. Guitarist Wendy Melvoin and keyboardist Lisa Coleman have been recording the LP in Hollywood for the past three months, and Bobby Z, a former drummer for the band, has been producing the sessions. "It has a strong pop base with some jazz influences," Z says of the record. "I didn't play on it. It's Wendy and Lisa and some of their family members." Z says he's been working so hard on the album that he gave up a chance to be the

drummer for Duran Duran's tour which starts this month in Japan. "I was flattered," Z says. "Duran Duran had seen the Revolution play at Wembley in London and they partied with us afterward. I didn't know where I was on their list of drummers. (Bass player) John Taylor told tour organizers to find me. I had to say, 'Thanks but no thanks.' I not only had Wendy and Lisa's album to finish but I did not want to jump on the road for four months at this point in my life."

Roomful Of Blues hope that the current interest in the Fabulous Thunderbirds and Robert Cray will help their cause. Cray and members of the Thunderbirds often cite Roomful Of Blues as one of their favorite bands, but the group still remains largely unrecognized. "We've got a better chance than we've ever really had," says Roomful saxophonist and bandleader Greg Piccolo. "The climate is right at this point -- they're signing R&B bands left and right. I love Robert Cray and the T-Birds are my favorite contemporary band, but as much as I like both of those groups, I think that ultimately Roomful may have broader commercial appeal than either of those groups," Piccolo says of the band he's been with for 17 years.

Stevie Wonder and Nile Rodgers have been collaborating through a satellite hookup that takes advantage of fiber optics and digital audio technology. Wonder, along with Quincy Jones in Los Angeles, has been able to work with Rodgers in New York through the setup. "The possibilities are so many that they're hard to grasp," Jones says of the linkup. "This is something that'll probably turn out to be 20 times more important than it seems now." He adds that the technology will introduce new possibilities for musicians working together. "There are artists who might never record together otherwise, because it would be too expensive to travel."

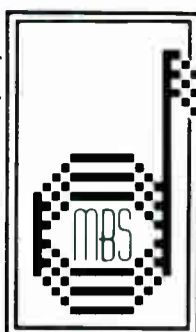

Little Richard has begun a fund-raising effort to find a cure for sickle cell anemia. Funds raised at convenience stores will go to the Sickle Cell Disease Research Foundation, which marks its 30th anniversary in April.

Annie Lennox of the Eurythmics will make her dramatic debut in a production of Harold Pinter's "The Room," which is scheduled to air next season on ABC television. Production on the film, which will also star Linda Hunt and Donald Pleasance, is scheduled to begin this month. The hour-long production will be directed by Robert Altman.

Tom Petty has filed a \$1 million federal court lawsuit against B.F. Goodrich and its advertising agency claiming that they used one of his songs in an advertisement without his permission. Federal District Judge J. Spencer Letts has granted a temporary injunction against the firm, pending another hearing on March 13. Petty says that the firm's ad agency asked his agent last year for permission to use the song "Mary's New Car," but Petty refused. He says the firm's subsequent unauthorized use of the song in an ad for radial tires violates his exclusive rights to the tune and decreases the song's value. Petty's lawsuit asks that Goodrich be forced to take the advertisement off of radio and television.

"Music Now!" continued...

Plans by Genesis to perform in five concerts in Shanghai, China, have been canceled. A spokeswoman for China Amusement and Leisure in Los Angeles says the tour was called off because the band did not want to tape a video of its China visit. The firm says it had arranged the concerts in cooperation with the Chinese government. Without the video, the tour would not have been profitable for promoters, the spokeswoman says.

Hunters & Collectors are releasing a 5-song EP called "Living Daylight," a month before beginning an 8-week American tour in Hollywood. The EP, which includes three new songs, was co-produced by the band and Greg Edward, who engineered REM's "Life's Rich Pageant." It hasn't been that long since the Australian band last toured the U.S. "The way we want to approach it is the same way we've approached Australia," says Mark Seymour of the band. "We started at the bottom and worked our way up through increasing our live audiences for the most part through word of mouth. We believe that if you can convince a live audience of your music, then the whole thing is worth doing."

XTC's current "Skylarking" album will be reissued this month, with "Dear God" added to the track line-up. Another cut will be dropped from the LP, so the album will still only have 12 tracks.

Former Boston drummer Sib Hashian has filed a complaint in New York Federal Court alleging that Tom Scholz pressured members of the band to relinquish their rights to the group's name. His \$5 million lawsuit asks for credit on the "Third Stage" album and reinstatement as a group member. It also asks for record royalties and touring revenues. Last month, a judge rejected Hashian's request to join a lawsuit by the band's former label against the group and Boston's current label.

The Doobie Brothers will play a benefit for Vietnam veterans in Hollywood this spring.

Peter Gabriel visited a solar energy research firm in Toledo, Ohio, while on the road. It gave him a chance to discuss solar power with officials of Glasstech, Incorporated.

The Fat Boys are recording a song promoting condom use called "Protect Yourself." "There's a lot of people out there dying. We want to let those kids having sex know that the Fat Boys say safe sex is the best sex," the group says. "Protect Yourself!," the song says.

Bob Geldof crossed picket lines in New York to appear on ABC-TV's "Good Morning America" program Monday. He told the pickets sympathetic to the Writers Guild of America, "I've got to sell myself."

Carole King, John Lennon and Paul McCartney, Sam Cooke and Carole Bayer Sager were among the eight inducted as new members into the Songwriters Hall of Fame in New York. To be eligible for the Hall of Fame, a songwriter's career must have begun after 1955 but before 1967.

Siouxsie & The Banshees experimented with 40 cover versions before coming up with the ten that are included on the "Through The Looking Glass" album. Banshees member Steve Severin says that the album is "part homage and part sacrilege." The band is planning some outdoor concerts in England this summer, including a show in London under a giant tent in July or August.

Flesh For Lulu have been asked to come up with the lead track to the soundtrack for John Hughes' "Some Kind Of Wonderful" film.

Go West have again been forced to postpone a British tour. Peter Cox is suffering from a severe kidney infection and has been re-admitted to a hospital for more tests. The band has rescheduled its concerts for this summer.

Over 300,000 more albums were sold the week after the British Phonographic Industry Awards than had been sold during the week before. Nominees and winners of awards saw big increases in their record sales. Sales for Simply Red's "Picture Book" rose 418 percent, while Peter Gabriel's "So" album more than tripled its sales. Albums by Chris DeBurgh, the Pet Shop Boys, Five Star, Robert Palmer and Dire Straits also more than doubled their sales from the previous week.

Martin Scorsese has directed an 18-minute video for "Bad," by Michael Jackson. "I'd always been fascinated by Michael Jackson's performance as a dancer," he explains. "All these years I'd been watching Minnelli films and I hadn't done a musical for 10 years. So when I found out that most of Michael's video would be dancing and I'd be able to move the camera and have some fun with him, I agreed to do it." Scorsese says, however, that the clip apparently won't be widely shown. "All I know is that we had to hurry up and shoot it, and now it's not coming out." The clip includes a 10-minute dramatic section in black and white, and an eight-minute musical segment, filmed in color and set in a subway.

In Canada, the government of Ontario plans to urge school boards to teach children how rock videos affect their lives. A resource book being designed by the Ministry of Education urges that children be taught how to deal with powerful media, such as video clips. The book, co-produced by the ministry and the Ontario Teachers' Federation, says students should realize how rock videos reinforce racial and sexual stereotypes and "legitimize violence." While "the potential for this art form remains great," most videos "consistently blur the distinctions between fantasy and reality," the document says.

Bob Geldof will make his Hollywood film debut playing a mute Vietnam War veteran in "Suspect." Cher will also star in the film.

Gary Oldman, who played Sid Vicious in "Sid & Nancy," will co-star with Theresa Russell in Nicholas Roeg's "Track 29."

Peter Gabriel visited a solar energy research firm in Toledo, Ohio, while on the road. It gave him a chance to discuss solar power with officials of Glasstech, Incorporated.

Here's the latest music news "Live From London" courtesy of CFNY, Toronto and our exclusive reporter LEE CARTER. Lee can be heard on CFNY's "Sunday Music Magazine" program and on "Live From London" aired Wednesday evenings.

It was not hard to predict – but the response to the release of the first four BEATLES albums on CD has been described as phenomenal by all involved. Last Saturday, the national rock and pop network, Radio One, dedicated two hours in the afternoon to the CDs, compared by George Martin, who described the experience of hearing them for the first time as "...like meeting an old lover and finding out she's still beautiful." The big HMV record store on Oxford Street in central London reported actual physical fights between customers where 1,000 boxed sets of the four CDs sold out within hours. Other big stores like Virgin and Tower reported extraordinary sales as well. Retailers are encouraging customers to buy all four at once, for 40 pounds.

The bassist for THE SMITHS was fined around \$1,500 this week for possession of heroin. A Crown Court in north Wales found Andy Rourke guilty after the apartment he was buying the drugs from was the target of a huge sweep by the police late last year. He was said to have been spending \$300 a week on heroin, prior to his arrest. Rourke's defense lawyer said the musician had now kicked the habit, but according to the music paper "Melody Maker" his future within the group "is now uncertain." He once left The Smiths before because of drug-related problems, but later rejoined the outfit. The overall bust was one of the biggest in Britain in recent months, 14 members of the ring receiving sentences totalling 99 years with over \$4 million of heroin seized.

In yet another heroin case, NICK CAVE, the former lead singer for The Birthday Party who still enjoys an enormous cult following in this country, was fined over \$200 for possession of heroin. The case relates to last year when Cave was arrested in Manchester airport after having flown there from London.

DAVID STEELE of The Fine Young Cannibals was knocked over by a car last Friday, here in London, after just having stepped out from the offices of his record company. Originally, Steele's injuries were feared to be serious, after a witness described how he was "...thrown right up into the air." Luckily, he has escaped with a cracked shoulder bone and slight concussion. Although his accident is not thought to be serious enough to disrupt any of FYC's major plans, it has interrupted their current promotional tour of Britain, to plug their excellent new single, a cover of The Buzzcock's "Ever Fallen In Love".

ELTON JOHN's lawyers have served a formal lawsuit to the daily London tabloid "The Sun". The paper alleged last week that John had indulged in cocaine parties and sex romps, due to the testimony of a shadowy and anonymous homosexual pimp. John has just arrived back in Britain from his voice operation in Sydney, Australia.

THE THOMPSON TWINS are back. Those who thought they dried up may not have been aware of some horrific personal problems experienced by

Allanah, who miscarried her baby and had her father die of cancer at the same time. (Out of respect for her privacy, I did not talk about this on my radio shows). So in a sense, I'm really delighted to see The Twins fighting strong despite the odds. Their next Lp is called "Close To The Bone", due out later in the Spring; meanwhile a tastier single is released this week "Get That Love". They're also preparing for a world tour which begins in June. For some time now The Thompson Twins have been a three-piece, having lost Joe Leeway.

NICO will be playing a special tribute to the late Andy Warhol at The Brixton Fridge in south London next week. Supporting will be Richard Strange and in addition there will be special screenings of both some Warhol videos and his film "The Factory", featuring Nico in her early days with The Velvet Underground.

In a shock move against the British Government's planned draconian tax rules for visiting artists, international record companies are reported to have forbidden their acts to record in Britain. This is precisely one of the outcomes that the British Record Industry, who are unanimously opposed to the planned tax, feared most. In addition to the 29% tax for visiting artists, already proposed by the U.K. Government, it was revealed this week that they also plan to keep visitors under observation to discern how much their sales might increase as a result of, say, a radio or TV interview and will tax the increased royalties accordingly. It is thought that visiting performers will have to make a private agreement with the Inland Revenue. Industry spokesmen have reacted with scorn and fury at the whole scheme. One pointed out the ludicrous discrepancy between an artist being taxed for appearing on "Top Of The Pops", but not being taxed for sending a video. "These regulations come into effect on April 6th, which has left the industry no time to complain," said a gloomy George Martin. "Quite simply, we are talking about the end of London as an international recording centre."

Now out is "The Joshua Tree" by U2. If "The Unforgettable Fire" was considered to be U2's most European work, this Lp goes right for the heart of America – an atmosphere set by the cover, the group standing in a desert that could be Anywhere Nevada, Arizona, etc. It is also their most challenging and diverse Lp since "Boy". Only a few cuts like the new single "With Or Without You", or the opener "Where The Streets Have No Name" will be recognised as classic U2. Instead, on most of this Lp, Edge's guitar assumes an entirely groundbreaking posture, and the arrangements will be new and fascinating to even the most diehard fan. It's a sheer pleasure to hear something that is firstly a great rock Lp (God knows we need one on this side of the Atlantic) and yet does not succumb to cliché guitar licks. Two themes run heavy through the Lp: Religion and political imprisonment. "In God's Country" could be taken in a number of ways – but for how many who have suffered through Sunday morning fundamentalism on U.S. TV will these lyrics ring true? "Sleep comes as a drug in God's Country./Sad eyes and crooked crosses in God's country." "Bullet The Blue Sky", possibly the most powerful track on the album, also contains plenty of biblical references juxtaposed to their passion for Amnesty International and their horror at covert war in the name of freedom and God. "And he's peeling off those dollar bills/Slapping them

"Live From London" continued...

down/One hundred, two hundred/And I can see the fighter planes, across the mud huts, as the children sleep." Surely U2 have never been more politically blunt. "The Joshua Tree" will be remembered as one of the finest Lps of '87, and in my estimation contains about a side's worth of out of the box radio play.

Other Lps released this week are "Saint Julian" by JULIAN COPE, "Through The Looking Glass" by SIOUXSIE AND THE BANSHEES and "Men And Women" by SIMPLY RED. As has already been expressed, it is a great joy to see the ex-Teardrop Explodes leader return to the fore with such style. A new tight band, his songwriting skills left very much intact and some excellent hardhitting material, this charismatic performer cannot fail. Surveying his colleagues from the 1981 era who are putting out material today - he said "I refuse to do that sort of bland mainstream thing. It's still perfectly possible to do a highly commercial record full of guts and passion." On "Saint Julian" he's as good as his word. "Men And Women" is trying desperately to capture the high ground of soul in its golden age.

There are covers of Bunny Wailer and Cole Porter songs, plus two cuts co-written with Lamont Dozier (resulting in the credit Hucknall - Dozier - Hucknall). If anyone can pull off the sheer nerve of a project like this, it could well be the gutsy blue-eyed soul of Mick Hucknall and company.

"Eat The Rich" is the title of a new movie featuring THE COMIC STRIP, THE POGUES, JOOLS HOLLAND and LEMMY of MOTORHEAD. Shooting for it has just begun, here in London. The Comic Strip formed out of the disarray at the end of The Young Ones and includes all three Young Ones stars in the line-up as well as two female comedians well known in Britain, Dawn French and Jennifer Saunders. The Comic Strip started as a TV series, but last year their movie "Supergrass" took more than \$2 million at the box office here. "Eat The Rich" has so far only been described as "an anarchic look at the state of Britain."

IN BRIEF

A doctor this week suggested that PAUL MC CARTNEY and HOWARD JONES "should both be sent to prison" for imposing a vegetarian diet on their pet dogs.... Rumour has it THE POGUES may get the coveted support slot on the upcoming U2 tour.... THE FALL profess to be astounded that they are actually being mobbed by adolescent girls on their current tour of West Germany.... a-ha refused to change out of their blue jeans to meet the King of Sweden.

CHARTS

Kate Bush surrenders the top spot in the music video charts to make way for "LIVE IN BUDAPEST" the long-awaited rockumentary from Queen. A strong new entry at 4 is "THE ULTIMATE OZZY" by Ozzy Osbourne. "LOVE REMOVAL MACHINE" by The Cult (Beggars Banquet) climbs 11 places to the pole position in the Independent Singles charts. "THE WORLD WON'T LISTEN" by The Smiths enters the Top 100 Lps at number 2. But hanging on at 1 is the soundtrack to the London musical "THE PHANTOM OF THE OPERA".

Top 40 Singles

New Entries: 39. "LOVING YOU IS SWEETER THAN EVER" by Jean commercial pinup Nick Kamen. 38. "WILD FRONTIER" by Gary Moore. Great Irish guitarist who deserves much more airplay. Perfect for AOR. 37. "WATCHING THE WILDLIFE" by Frankie Goes To Hollywood. A last flagwaving from FGTH, with this superior cut from "Liverpool" remixed - of course. 30. "WEAK IN THE PRESENCE OF BEAUTY" by Alison Moyet. 29. "MOONLIGHTING" by Al Jarreau. 25. "RESPECTABLE" by Mel And Kim. 9. "THE GREAT PRETENDER" by Freddie Mercury. Highest new entry at 7. "EVERYTHING I OWN" by Boy George.

Climbers: "FIGHT FOR YOUR RIGHT..." by The Beastie Boys up 10 to 26. "IT DOESN'T HAVE TO BE" by Erasure up 8 to 20. Now firmly in the formula of resurrecting the old sound of Yaz. As long as you don't mind that, it's a great dancefloor record. Up 4 to 13 "MANHATTAN SKYLINE" by a-ha. Up 13 to 10 "I GET THE SWEETEST FEELING" by Jackie Wilson. And it's a non-stop nostalgic carnival because still at 2 "WHEN A MAN LOVES A WOMAN" by Percy Sledge and at 1 "STAND BY ME" by Ben E. King. Both songs are the soundtracks to Levi 501 commercials.

Finally, many people were stunned to see the real, breathing CYNDI LAUPER onstage at The Hammersmith Odeon and live on TV's "The Tube". Although Cyndi has been seen on video and has done promo tours before, it was the first time she had performed live. Wearing an extraordinary outfit that included pink and white drawers, the eccentric Cyndi's motions on the stage (which included falling on the floor and screeching into the microphone during "Little Boy Blue") surprised the punkers who were expecting a fairly staid U.S. act. "She's a bit unusual isn't she?" I heard one nervous young man remark, not realising the irony of his comment. Ah, yes, indeed - New Yoik's finest is.

Toodloo 'til next week.

Dave Numme, KSJO, San Jose

People are hungry year round so KSJO recently presented "CanJam at The Cabaret" in San Jose with the KBC Band headlining. KSJO raised over 1300 cans of food for the Santa Clara county food bank and nearly \$10,000 in cash.... As a followup to our successful CanJam, KSJO, Arista Records, Rainbow Records and the KBC Band continued our canned food drive with the 10 South Bay Rainbow Records stores. Each person bringing two cans of food received a copy of the KBC Band single "America", a KBC poster, and \$2 discount on their new Lp. Items courtesy of Arista Records.... The week following the overblown TV saga KSJO spread red propaganda by presenting "Kalifornia with a K", a week long radio series lampooning the overpriced, overhyped, TV monstrosity. KSJO's Lobster along with Doug Ferrari, Steve Carey, Kevin Aspell, and Robyn Ginsberg created the manifesto.... Crank the Cult!!!!

Kim Alexander, WHCN, Hartford

I be hypnotized by U2. "With Or Without You" has a beautiful melody and the production (Eno and Lillywhite) is ethereal. Give me that hypnotic groove and give me the Lp soon. By the way, Hartford gets two sneak preview shows in May.... Looks like the Stones have officially handed the rock and roll torch to The Cult. "Love Removal Machine" has that free-wheeling rebellious, raunchy "Exile On Main Street" sound that rock and roll is all about.... We're giving XTC's "Dear God" a spin here and there. The phones always go nuts. Before you let it roll, have a theology speech prepared.... Lastly, if you got an advance tape of Mason Ruffner's "Gypsy Blood", it's probably stuck in your tape deck. What is it about Austin that produces so many guitar greats? Must be something in the chile. The vocals sound like Hendrix meets Dylan and the guitar is pure Texas. Watch this guy. The end.

Chris Emry, WIYY, Baltimore

The phones have spoken! U2 is a smash, our audience is begging for more. If the Bryan Adams and Fleetwood Mac are just as good, the heat from this trio should keep us all warm until spring.

Stacy Yelton, WKQQ, Lexington

Pardon me while I salivate, but doesn't the new U2 just give you chills? Probably the most polished U2 product yet. The song just begs to be heard.... Been waiting for that perfect Whitesnake track and here it is in "Still Of The Night". I always knew they would reach this point. It'll rock your 18 to 24's, but I think upper demos can dig the guitars too.

Gene Romano, WZZO, Allentown

We had a blood drive which was one of the most successful in the Lehigh Valley. In less than 2 weeks we had over 2,000 Z-95 listeners give blood -- that's the most we could get, the blood bank was booked up. We offered Compact Discs, Lps, and concert tickets as incentives.... WZZO is celebrating our 5th anniversary of playing CD music, and to celebrate we're giving away CDs every hour and our 95th commemorative CD player.

Dick Sheetz, KRZQ, Reno

The CD package uncolled and Whitesnake struck hard. Let's have the Lp.... Dokken's new movie theme is number 1 requested here.... Frozen Ghost is actually very hot.... Two personal faves for the week: Jon Butcher and Little America.... This week's new add choice - Andy Taylor. Unlike previous material, this one rocks.

Steve McNee, WZXL, Atlantic City

Haven't heard from my MCA or Chrysalis reps in awhile. Give me a call -- 609-522-1416. U2's "Joshua Tree", I can't wait for it. They've been one of my favorites for a long time and it will be a killer Lp for them.

Walt Rittman, DIR Broadcasting, 212- 371-6850

DIR is proud to present Grammy award winner Bruce Hornsby in a special 90-minute broadcast from Spring break in Daytona, set for the weekend of April 17. THIS WILL BE THE ONLY LIVE RECORDING OF THE BAND IN 1987.... For Memorial Day weekend DIR is offering "70 of the 70's". This six-hour special will feature top rock from the decade. Call your DIR rep for info on these and other special events.

Larry Miles, KOMA, San Jose

Our new music this week includes yet another track from Robin Trower's "Passion". "No Time" did so well and Robin's live performance warrants our going with the track "Caroline". Davey's vocals and Robin's guitar have our listeners asking for more.... With all the talent on the "Light Of Day" Soundtrack, it's only a matter of time until we went with another cut.... The Fabulous T-Birds track "Twist It Off" is another track to have on from the Lp.... The new U2 is without a doubt another step toward U2 continuing to please their current fans, as well as pick up more audience.... Can't wait to get the Lp from Bay area rocker Night Ranger. They have another great record with "Secret Of My Success".... Lastly, we had equal phones on Dokken's "Dream Warriors" and the flip side "Back To The Attack".

Erin Riley, WMMR, Philadelphia

Well, this time there's no excuse for U2's amount of airplay not to equal the amount of diehard fans you see at their concerts. It never ceases to amaze me how big a secret they are from the general public. And their fans number in the millions! They sell 20, 30, 40,000 and more seats everywhere they play. Goes to show you the power of AOR radio. "With Or Without You" leaves no room for anything but mega success. The song is so beautiful and haunting and BONO's voice, as usual, makes my heart and stomach do flip flops.... Something I look forward to each year is when Paul Young comes to town. This guy is just one song away from superstardom. In my mind, the range in his voice is only rivaled by one other singer and that's Daryl Hall. And he dances as good as Prince, did I say that? I don't know what came over me.

Beth Keppie, WKLS, Atlanta

"I Know What I Like" and "With Or Without You", my "Private Revolution" begins in "The Still Of The Night" with the "Dream Warrior". Ready or not, I've got a "Love Removal Machine"! Translated: Our adds for this week or how I had to wait for my 32nd birthday but I finally got a vibrator. (Editor's Note: And considering Beth's husband is a traveling lingerie salesman, they could be the fun couple of the year!) really knocked out by this Norwegian band, Stage Dolls. "Commandos" certainly makes for fun radio.... Thanks to Flesh For Lulu and the March Violets for a successful night at the Ritz this past Friday.... Also special thanks to Hipsway for stopping up live on the air. My thanks to Jerry Lembo, Linda Kirishjian, and Paul Rappaport.... Personal to Chrysalis: I hope you guys come with The Bible album in America. "Mahalia" is the next "Baker Street" and I can hear everyone 6 months from now raving about "Graceland".

Dave Anderson, WMAD, Madison

"Now I can quit my day job!" screamed Arnold Lanni of Frozen Ghost. I got a phone call from him last week and needless to say he was excited.... We relistened and we readded Jennifer Warnes' "First We Take Manhattan". Jennifer's soaring vocals are perfectly complemented by Stevie Ray's searing guitar licks. This is a song that will deliver males and females.... I love the artwork that is in the ads in the trades for The Cult's "Love Removal Machine". Someone should play this record for Boncrusher Smith, and maybe next time around he'll live up to his name.

Mark Williams, WWZU, Williamsport

I just got off the phone with Ricky from Poison. He didn't talk dirty to me! We just talked about the tour, the videos, rock and roll and, of course, the success of "Look What The Cat Dragged In". Hey, Poison, you're #1 for the 5th week in a row!.... Now that some warmer weather is finally here, it's time to beef up your airplay on heavy duty rock and roll. Poison, Cinderella, Bon Jovi, Autograph, Dokken, Europe and Tesla are at the top of the heap here.... You know that Cutting Crew is amazing. I haven't seen a new act explode that fast since, heck, I don't know how long. From the first play, phones. More play, more phones. They're a cut above the rest.... U2's first track from "The Joshua Tree" has really taken root here. #1 Most Added, right? You're barking up the wrong tree if it's not in power rotation already.... Also new this week on WWZU: Eddie Money, Prince, Autograph, Simply Red, David & David and Night Ranger.

Chris James, WTPA, Harrisburg

The U2 is living up to its hype. Three days on and already #1 requests. Get us the album asap.... The Eddie & The Tide is one of my personal favorites. At first listen it reminded us a lot of Eddie Money but has hit potential in a few formats.... The Autograph was an automatic. The band has performed so well here in the past, why stop now. They're metal with melody.... To give the playlist a touch of class, the Jennifer Warnes remix. It really shows off Stevie Ray Vaughan's contributions and should show great upper demos.... Thanks to Rick Salvador from Capitol Records for all his help with the Ratt/ Poison promotion.

Pam Edwards, KGB-FM, San Diego

Looking in my Websters this morning, I think I found a perfect word to describe U2's "With Or Without You" -- "ethereal". Mr. Webster says it means: 1) highly refined, delicate; 2) heavenly. I couldn't agree more, and in a time when overpromotion and critical hype abound, U2 has somehow managed to walk that fine line between overexposure and ultimate coolness. In case you are wondering what Joshua Tree is, it's a national monument/park that is one of the last unspoiled deserts left in the world. It's about half an hour from Palm Springs and in it there are multitudes of Joshua Trees. These are the kind of rugged, scraggly and completely undisciplined trees that you see behind the band in their most current photo.... Lone Justice will be the opening act on the U2 tour, so this is the time to relisten to their album. We've had a lot of success with several tracks, so we're now giving "Belfry" a shot.... The Cult's "Love Removal Machine" is power rock and roll. This is an AOR band!... And if you can't play "Private Revolution" from World Party, try "All Come True". Play it next to the Stones and callers think it's a double shot.

Carter Alan, WBCN, Boston

Listen to the Farrenheit record. Enuff said.... You gotta love those Del Fuegos and their new record. For a homecoming visit in between U.S. tour stops, the happy foursome was treated to a rousing banquet at Boston's Tabasco Grille. Let me tell you, this place is hot! How hot? They bring in tank trucks of that sauce every day to replenish their stock. A splendid time was had by all. Thanks to Mr. Mike Symonds and George Skaubitis for putting the whole thing together. My mouth is still burning.... Do I have to rave any more about U2? I feel that everyone in America has to be playing this record. U2 has reached complete mass appeal and "With Or Without You" is a beautiful single. We can hardly wait for the New England tour dates in May.... In response to your queries, music calls will be accepted only on Wednesday thru Friday noon 'til 5pm. Congratulations to local MCA rep Roman Marcinkiewicz for getting promo man of the year, and to Atlantic Records for hiring my able assistant Music Director Danny McCloskey for local promo.

Richard Crowley, Ryco Promotion, 818-762-3348

Concrete Blonde. "True". 109 Hard reporters prove it works. GIVE IT THE FAIR SHOT IT MERITS! Do it! Add Concrete Blonde before you're the only one left.... On the New/Alternative front, play Play The Siren. It's worth checking out. "Black Man In Moscow" is where to start.

Curt Gary, WEBN, Cincinnati

I want to thank Alice Cooper for taking his Friday afternoon to be at the Blue Grotto for lunch. The restaurant really got into the swing of things and provided us with Guillotine bread slicers. Plus, with our cellular phones, the audience was invited to play "Go Ask Alice". From my point of view, the guy has never looked or sounded better. And we just must remember, "Sunrise" began heavy metal.... New this week: U2. Without question the hottest thing on the street. Don't be surprised that with the release of the album we can do without "With Or Without You".... We had a great run with "Bad Attitude" but now we've heard "The Call Of The Wild". Deep Purple is performing really well here.... Looks like Glass Tiger will break through with another one.... And we finally move to the first track we really like from the Georgia Satellites, "Railroad Steel". How nice it is to have the boys come through town again. We just can't live without them in every other month.... One big phone story seems to be Little America. Every week they get stronger.... Ever since we announced earlier this week that we would have the new Bryan Adams and Fleetwood Mac, it seems the world has stopped in its tracks.

Kelly Cruise, WEGR, Memphis

Obviously the new U2 went right to heavy. We've been flooded with calls since the first play.... Night Ranger's "The Secret Of My Success" is a hot little rocker and Robin Trower's "Caroline" is an excellent follow-up to "No Time".... "Alone Again Or" from The Damned deserves a listen. I think I like it because it's so different (REM meets Herb Alpert's Tijuana Brass). Thanks to Al Moss, Elektra's Jeff Cook, A&M's Ross Grierson, Crag Lambert and Mark Tindle for all stopping by last week.... And, again, thanks to Bill for the Hard Cassette Sampler.

Rick Panneck, WAPL, Appleton

I would like to thank Starvin' Marvin Gleicher of Geffen Records for setting up the remote interviews with Tesla in Green Bay. Tesla continues to retail big in this market, with top 10 sales here for two months.... Now that the CHR's in the market are pounding "Smokin' Gun", we've added a third track from the album, and that track is "Right Next Door".... Dokken has always done well on WAPL, and "Dream Warriors" seems like a natural add.... U2's "The Joshua Tree" will undoubtedly be the frontrunner for album of the year.

Scott Murray, KVRE, Santa Rosa

How much great new stuff can we take? These are ugly times. Thank god we've got Chris Isaak, Neville Brothers, XTC, the Cutting Crew and others to ride out the storm with.... Bob Geldof's "Love Like A Rocket" sounds so great in the car I can scarcely steer while I write this. I also love "Hard Rain" and I think I'm in love with K.D. Lang.... The Neville's move to heavy. They've been big here since 1981's "Fire On The Bayou" and we always sell out their area shows. The single is wonderful but I can't wait to get to the rest of the album.... Other Moves: Peter Wolf goes to heavy. That's another album I can't wait for. Santana is now heavy, real steady as always, and though the Shriekback has been a slow mover, the more I hear it the more I like it. We also upped the Cutting Crew, which is a winner all the way around, and the Psychedelic Furs to medium, as well as The Damned, which also sounds really good.

Russ Mottla, WAAF, Worcester

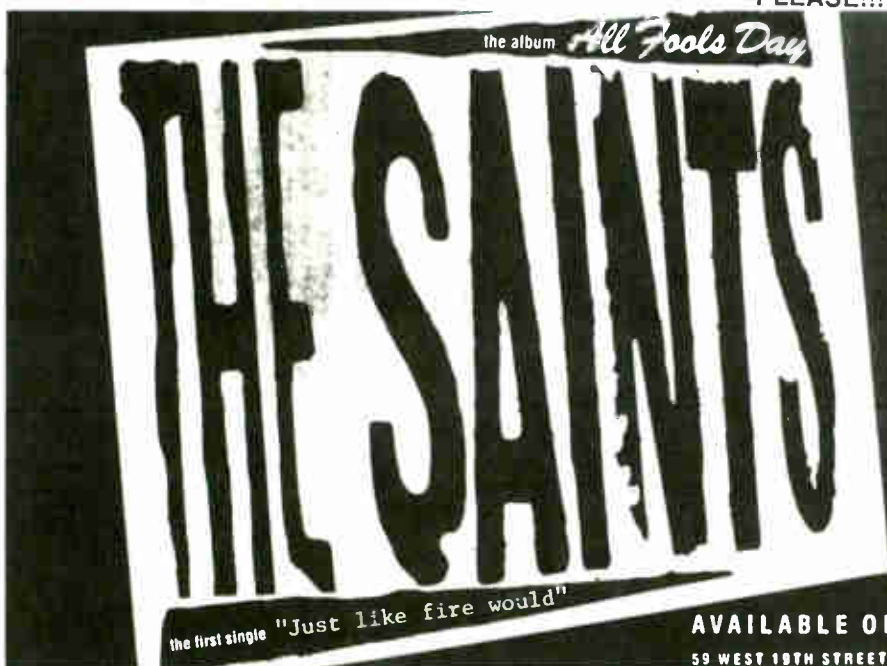

I like Tesla's "Love" because it rocks without the negs associated with a metal track.... Great new sound for Night Ranger: More active as a radio record than the past few. We get calls and that has never happened before with the Ranger.... Europe's "Rock The Night" is a natural on the basis of the first one.... The interesting one is the Saints. That is just such a great hook. It has that John Cougar Mellencamp "I'm just sitting on my front porch strumming away" quality.

Steve Becker, WKFM, Syracuse

U2. Am I surprised? No, not really. This group has been hyped, but they deliver the goods.... Do you tamper with a formula? Night Ranger does and it works! Love those horns.... Let's talk about this damn record! Make that this Damned record! "Alone Again Or" -- Love did it in the 60's, UFO did it in the 70's and the Damned does it again for the 80's. Any new insights on this song? You bet!.... Personal to a beautiful man, Mr. Dave Bouchard: You're primo in my book.

Kim Pool, WMRY, St. Louis

Ted is on vacation, so we're changing all the music. Just kidding, Ted!.... We added the U2 -- who?! Can't wait for the Lp.... K.D. Lang's "Turn Me Around" is a great Lp that will definitely catch your ear. You can't compare it to anything; you just sit there and say "Wow." You were right, Nancy.... We're into CDs, so please keep 'em coming.... Our Cerebral Palsy auction is not over, so send me some "stuff". PLEASE!!!

Ralph Tortora, WBAB, Long Island

Thanks to all the folks at Epic Records for helping us send some listeners to Europe (Italy to be specific) to see the band **Europe** perform the final concert of their "Final Countdown" tour.... I've always liked the **China Crisis** tune "Arizona Sky" and this is the right week to put it on. After the last album I can't help but make the **Steely Dan** comparisons. 25+ rock if you will. Beauty of it is, with their new wave image, **China Crisis** also attracts younger demos. If you have any taste at all, try it, you'll probably like it.... Did **Night Ranger** create a song for the new Michael J. Fox movie or an episode of "Miami Vice"?... Everyone's going to comment on U2 this week so we'll go with a couple of underdogs instead. One is **Frozen Ghost** and the other is the **Saints**. We managed to squeeze the Ghost record on this week and the cliché is true. It sounds great on the radio. It was another close week for the **Saints**. I am hooked on this record. All you have to do is listen once or twice and you'll be singing the chorus, too. Hopefully the **Saints** will get a shot next week.... Special thanks to Pim, Harry and Skin from **Hipsway** for stopping in this week, and also to Rick and Dan from the **Georgia Satellites** for stopping in last week. Both interviews were a lot of fun. Also thanks to Jerry Lembo and Steve Schnur for getting them here.

Dave Stone, KJOT, Boise

Besides being one of the Most Added songs, **The Cult** is one of the hottest things to come along in a long time. We really like it and expect it to be one of our big movers.... We've been waiting on **David and David's** "River's Gonna Rise" for months. We wanted to go on that three - four months ago, but out of courtesy we stayed with the timetable of the label. This one has that "Boomtown" sound, but more laid back. It's a progressive song.... We added **Jason** (partially because they're coming to town).... #1 phones for **Cutting Crew**. Heavy female appeal; lots of women.... **Geldof** also #3, **Triumph** #2, and **Bon Jovi** won't die out.... We're the original station on **Tesla** out here and the second cut is gonna be a big hit for them too.

Harve Alan, WCCC, Hartford

Sports fans, the Grapefruit League is underway, and WCCC's new morning show is in place. I would like to welcome Chris Rivers from 95X to the team.... U2 earns an instant power. The phones are instantaneously lit up. We've given away trips to anywhere, **Genesis** tickets, etc, but we scooped up 25 copies of the Lp to giveaway and I haven't seen phones light up like that in I can't remember when. #1 request record bar none.... Two other performers this week are **Gregg Allman** "I'm No Angel" and the **Cutting Crew** "Died In Your Arms". We can't play these songs enough.... **Peter Wolf** and **Hipsway** also getting outstanding response.... New stuff this week, **Billy Idol's** "Sweet 16", an automatic record for CCC. Idol always does well in Hartford.... Track two from **Lou Gramm**, "Ready Or Not" hit the air.... **Frozen Ghost** is also on the air this week.... The biggest question mark is the **Gabriel Kate Bush** duet, "Don't Give Up". We know radio folks love it, but will the audience. ??? We'll find out, won't we.... **Pseudo Echo** moves to medium. It's a bit slow but I believe in the record and letting it run its course.... **Psychedelic Furs** go to medium. Gonna be hit.

Mike Ramsey, KLAQ, El Paso

You guys have the best sheet in the world! Crisp, clear, and concise. Fun to read. That last sampler cassette was a lot of fun.... Autograph jams. Great keyboards.... I've always liked **The Cult**. They've finally done something we can play on the radio.

David Allan Ross, KMJX, Little Rock

First of all, I would like to welcome Mark Wallace and congratulations to our morning man, Lee Edwards. After 28 hours on the air, we raised \$6,000 to complete the Viet Nam Veterans Memorial statue at the state capitol in Little Rock.... Great new music out there! **Pseudo Echo** is working very well for us.... **Jon Butcher** keeps sounding better and better.... You'll get instant phones on **Whitesnake**.

Mike Gardner, KOAS, Keolakekua

We just entered our fourth month of live operation with the growing Lp and CD library, thanks to great companies like **Heavy Lenny**, **WEA**, **Columbia/Epic** and **Capitol**. We also feature a number of progressive new releases, spotlighting a liberal number of new cuts from most. With these, we mix with library CD and Lp tunes. For information, it's ABC contemporary news, 3-1/2 minutes hourly with local news and weather updates. We still need service from **RCA** and **A&M**. Hope to hear from you soon. See you in Hawaii.

Harry Reynolds, KOZZ, Reno

We'd like to thank **David Coverdale** for calling to talk about the **Whitesnake** record which is already proving to be a monster nighttime song for us.... Speaking of monsters, phone reaction has been immediate for the **U2** with most listeners relaying that it takes a couple of listens and then they're hooked.... **Frozen Ghost** is a great new band and we're pleased with their sound. Look for this one to go through the roof.... **Night Ranger** is rockin' good on "Secret". They've got a great tie-in with this movie featuring **Michael J. Fox** in a role that rivals what he did in "Light Of Day". Besides, with **Michael J. Fox**, how can they go wrong?

Doc Phillips, KPEZ, Austin

I liked **Del Fuegos** when they were an East L.A. band and I'm still crazy about them. Muy togetherness.... **David & David**: Nowhere to go but up with "River's".... **Gary Powers'** favorite band, **U2**, is back with a tune that has a great middle!... Nice job so far, you guys, but keep those CDs comin: **KPEZ**, 3001 Lake Austin Bl. #400, Austin 78703.

Mike Boyle, WDHA, Dover

Top 5 sales this week include: **Bon Jovi**, **Los Lobos**, **Georgia Satellites**, **Paul Simon** and **Robert Cray**.... **U2** is about the only thing people want to talk about this week! This band has been a staple in our format for years, and now I think this new album will be the one that will make everybody stand up and notice.... The phones said "Play **Poison**"! So, we did! It's Top 5 phones after only a couple of days.... Spend some time with the new **Del Fuegos** because you're going to hear a band that's getting better all the time! "Long Slide" was a very easy add this week.... What is the "Secret To Success"? **Night Ranger** knows.... Always be open to change! NICE record guys!?!

Inessa York, KGON, Portland

U2 is #1 on the phones.... There's no doubt the **Cutting Crew** has a great tune there. And speaking of other things Virgin, **The Other Ones** ain't bad either.... **The Damned** on American mainstream AOR radio?! Wow, captain!.... Okay, here's the way I reacted to the "hip record to like" this month. The **Cult** was, at first, disappointing I suppose because it was so accessible. But, lo and behold, after a couple of spins it miraculously turned into a great rock tune. (Sometimes it's difficult not to sound arrogant).... Sorry, **Billy Idol**, but **Fleetwood Mac** is THE return to splendor. "Big Love" is a tremendous tune a

Ron Sorenson, KBLE, Des Moines

U2 is obviously the cream of this week's crop. I can see the train and the bandwagon heading out to the edge of town. So you best be aboard because "With Or Without You" this one's going over the toptoptoptop (reverb), toptoptop (more reverb).... Check out a new songwriter named **Tom Bright**. His debut Lp "Tortureland" is just out on **Blackberry Way Records**, a Minneapolis-based Indie. Production is better than average and the songs are QUITE good. Try the title or "Beautiful Lies", a tribute to the **Great Prevaricator**.... Also new from Minneapolis is a best of the **Lamont Cranston Band** on **Waterhouse**. They are among the best at bar band blues, and in a perfect world would be as successful as the **Nighthawks** or the **T-birds**.... Good to see another U.S. release from **Doug And The Slugs**. We've had quite a bit of success with "Propaganda", and recommend it for a start.

Ron Garrett, KDJQ, Sacramento

I think it's time to separate the men from the boys. The message is "Loud And Clear". **Autograph** is back. The kids want to rock, and they'll "Turn Up The Radio" when their little heads here this.... **Wire Train's** "She Comes On" jumps out and grabs you full force. It's listener-friendly.... **Chris Isaak** has haunting shades of **Roy Orbison**. and I love the surf guitar. He's ready for the success that's awaiting him.

Brew Michaels, KEZE, Spokane

From the first slap of the cymbal to the final exultant AHHHHRRRGHYAUA! The **Cult's** "Love Removal Machine" is top fuel, bona fide, refired and outta sight. In layman's terms, it's just plain awsum, dude. "Rain" provided some great smoke for us last year and, if anything, this track is even stronger. Kinda makes you wonder what the **Stones** would sound like today if they'd opted for the **William Duffy** gentleman, rather than **Ron Wood** back in the mid 70's, or perhaps it just kind of makes me wonder that.... As for **U2**, again, dudes, just plain awsum! I see it as their version of "Every Breath You Take". It's got "Bad's" smoldering, hard-to-pin-down feel, compacted in an unconventional, yet appealing form. The fans scream for genuine rock and roll from nice guys who don't pander to the tastes of 13-year-old brain-dead wanna be's.... **Little America** delivers. "Walk On Fire" is performing well here on one of **Little America's** generally more conservative AOR's.

la that mysterious riff they did so well in, for example, "The Chain" or "World Turning". Makes me feel like having a cigarette and I don't even smoke.

Phil Thompson, KICT, Wichita

You can't categorize **Frozen Ghost**. You can't call it hard rock or dance, etc. It stands on its own. It's unique and that's what we like about it.

Tom Scheppke, KISS, San Antonio

Our callout research showed that the **Boston** track just doesn't go away. It tested so good that we decided to use "Cool The Engines" for a third time.... The **U2** track. I'm sure everybody's glowing with excitement over this. It's kind of a light track, actually, for us but these guys' fans are just so demanding that I just feel we have to play it. In other words, they can't be denied.... The new **Night Ranger** -- more movie music. Decent song. Kinda has the same feel as the **Hagar** "Winner" track. Same kind of "Miami Vice" synth sound.... I hope I'm not beating a dead horse with this **Vinnie Vincent** track, but on listening to the whole album many times, I keep coming back to this one song, "Back On The Streets". I feel that this one is right in the pocket for any AOR station that plays some pretty core rock.... **Autograph's** "Loud And Clear": the title says it all. I'm glad **RCA** is marketing these guys with a record that has a little uumph to it. These guys have been cast off as bubble gum metal for a while.... **Eddie Money's** "Endless Nights". The album has done so well we figured we'd give this medium tempo ballad a shot.

Wade Linder, KQDS, Duluth

We gotta lotta good rock and roll to turn up. We've been playing **Little America** for awhile and it fit so good for **KQ** I could swear we'd been playing it for a month.... **Jennifer Warnes** is a classy lady and **Stevie Ray** has too much hip factor. Maybe that's why midday's are getting incredible upper demo phones on "First We Take Manhattan".... **LOBOS** has a shakin' Lp. **KQ** turned on "Set Me Free" to go with "Shaken".... **Andy Taylor** is still on the phones and **U2** is no doubt #1 phones.

Tom Cale, KZAP, Sacramento

A great big thanks to **Dave Rothstein** and the **Capitol** crew for helping to make **KZAP's** celebration of the first **Beatle** CDs such a smashing success. You win this weeks "atta boy" award and our undying appreciation.... Also a personal thank you to **Gary Briggs** at **WB** for allowing me the opportunity to meet **Chrissie Hynde**. I couldn't believe she was showing us pictures of her kids. You gotta love anyone who urges the fire bombing of malls one minute and talks about her kids the next. Maybe during the **Maryland** portion of the tour she can do us all a favor and urge the audience to firebomb **Arbitron**.... **Prescott** sez: Play **The Cult**. And don't forget **Tesla**.

Larry "The Duck" Dunn, WLIR, Long Island

Our biggest musical success was **U2**. "With Or Without You" is an out of the box Screamer of the Week power add. Our audience is insatiable. They crave and crave and want more **U2**. The new single is our #1 most requested song. In fact, "With Or Without You" now holds the record for the most listener votes for song voted Screamer of the Week. **U2** is the hottest success story of this decade. Meet the new boss.

Anthony Alfonsi, WDVE, Pittsburgh

U2 is a bona fide hit. After one week of airplay, it's burning up the phone lines.... The Whitesnake was a natural add, also, because the phone response after testing was excellent.... I'd like to thank Mark Fritzes of Atlantic, Pittsburgh, and Steve Jones, Atlantic, Miami, for helping me see Genesis at the Orange Bowl. A good time was had by all!... We'd like to thank Gregg Allman for a great interview with our news goddess Lauri Githens. He did a standing room only show March 9th here in Pittsburgh. We'd also like to thank Willie Perkins, Gregg's manager.

Jeff Michaels, KSQY, Rapid City

U2. This song will make the band a household name. The teaming of Eno and Lillywhite is genius creating a project that will appeal to both early U2 fans (from the first 3 Lps) plus the new ones "Unforgettable Fire" (Eno) made.... Moved up the JON Butcher 'cause of active phone and listener response. This is easily Jon's most accessible to radio, with outstanding production. We're also on "Living For Tomorrow" which has been very well received. Plus, Jon's a hell of a nice guy.... The Psychedelic Furs are doing surprisingly well for this area. Their last release really didn't do as well as expected and the early phone reaction has been very supportive for "Heartbreak".... Del Fuegos have always been popular in the Black Hills, so "Long Slide" was a natural for us. The staff loves it and apparently so does everyone on the street.... And the best metal I've heard in a long time is Whitesnake's "Still". It's classic British metal at its best.

Kevin Vargas, KWHL, Anchorage

Dear Steve, what the heck is polar bear on a stick? Don't you know all we eat in Alaska is whale blubber?... Now for some whale blabber. Whitesnake's "Still Of The Night" is fantastic and scored immediate #1 phones and received an amazing 32 calls on Saturday afternoon. I, however, disagree with the pre-hype comparisons. This song is not the next "Stairway To Heaven" or the next "Freebird". What it is, if any comparison is needed, is possibly the next "Whole Lotta Love", though it does remind me of a classic Deep Purple track. I hate making such self-serving statements, but this is the first one I've made in two years so cut me some slack. If you're not playing this, you're not a rock and roll radio station.... Surprise, surprise. Bon Jovi is bumped from the #1 retail spot by a record that has had a 3-week growth pattern that didn't surprise us. Gregg Allman's "I'm No Angel" is #1. Sure, our four cuts deep don't hurt, and doesn't this just prove the impact AOR can have by not being just a singles outlet?

Lorraine Rapp, WAQX, Syracuse

Proving just how much fun radio can be, Roger McGuinn stopped by for an hour during Simon's show to talk about old times, new times, and play his 12-string guitar on such classics as "Turn, Turn, Turn", "Eight Miles High", "Chestnut Mare" and "So You Want To Be A Rock And Roll Star". Afterwards, Roger sang a custom ID including our slogan, "Turn Turn Turn it up on 95X!". People calling in on the business lines asked to be left on hold so they wouldn't miss anything.... We also had a nice talk with Jack Casady who, together with Jorma Kaukonen and Hot Tuna, headlined the show with The Band.... Thanks to Paul Brown for the help on the Concrete Blonde show.... Loved the new U2.... Can't wait for Bryan Adams, Fleetwood Mac and Tom Petty.

Robin Mathieu, WBLM, Lewiston

U2 is most requested after only two days on the air. There's incredible excitement about this release and our listeners are asking for Lp cuts already. Can't wait for the Lp myself!... Cutting Crew nabs top 5 phones this week, too.... Concrete Blonde continues to blow me away. "Dance Along The Edge" gets the nod this week.... The Hard Report cassette sampler was great this time! Makes that 40-minute drive to work worth it.

Brian Wolfe, WGLU, Johnstown

Thanks much to Doug Hamann of Columbia, Ted Musarro of RCA, and Jack Snyder of Capitol for stopping into Johnstown last week. I didn't know they let three loons like that travel together, but as Alf says, "Just kidding!".... Musically, the Cutting Crew jumps to #1 on the phones.... Moved up Robert Cray's "Guess" to because of increase in requests and retails.... The new U2 track has me patiently waiting for the entire Lp.

Catfish, WHMD, Hammond

After more than six weeks of deliberation, the Saints come marching in. "Just Like Fire Would" burns us up.... The new U2 is somber, but it'll work. Two and a half years I've been waiting for this.... Check out those cool riffs on Little America. "Walk On Fire" sticks to your ribs.... Thanks to J.B. Ziskrout for dropping by WHMD last week. The sneak preview of the Thompson Twins really has us anxious.... Definitely check out the Killing Joke's "Sanity". The sound is the thing.... The Psychedelic Furs on CD -- beautiful!

Virgil Thompson, WIXV, Savannah

With Gregg Allman's "I'm No Angel" getting somewhat burned, it's time to move on to another track. Allman Brothers Band fans will remember "It's My Cross". We've received calls for this song for weeks. It sounds great from CD, to boot.... After only three weeks on the air, Cutting Crew has the most requested song here. It's usually much longer before we see this kind of reaction on a totally new act.... This weekend is our 1st birthday and St. Pat's day all in one. Getting set for Chicago St. Pat's eve, and then we have a free Brighton Rock concert on the 17th. Hope we all live to tell about it.... The Glass Tiger is a hot-rockin, flame-throwin smash.... Frozen Ghost is the kind tune that people won't change their radio dial when it comes on.... Night Ranger's got female appeal. And the horns are a nice touch.

Andi Turco, WPYX, Albany

Spring in the Northeast -- yesterday it was 70, this morning it was 8. Mother Nature must be suffering from PMS. Quick, get the chocolate as we segue to thoughts of music.... U2 is a great record. What more can you say? It's a great record. The audience loves it and it's instant gratification for U2 fanatics.... Frozen Ghost also has massive potential to be a smash. And we really like "Why Do You Run" from the Ward Bros. Close your eyes when listening to this one and let it take you away.... Am so glad that new music is once again a priority in radio.... If you haven't already heard, Levine and Turco will take WPYX106 on the road for a broadcast from L.A. and we will also be out there for the Rock 'N Bowl Weekend.

Steve Kosbau, KRNA, Cedar Rapids

The wait for the new U2 was well worth it. "With Or Without You" is soothing yet exciting, subtle yet catchy. It's awesome! And, it's our #1 Most Requested tune already.... I'm not sure I'd like to take a ride through the "Love Removal Machine", but I'll be happy to hear it on the radio for some time to come. This should be the tune that makes **The Cult** mass appeal.... The new **REO** album has a sure bet for a #1 single on it. "In My Dreams" will keep any upper demo female smiling, and men seem to enjoy it, too.... I'd like to thank Tom Gennetti at Epic for pointing out a great song by **The**. It receives rave reviews at the dances our air personalities work. Don't get me wrong, you'll never hear it on KRNA. But if you do hops, try "Infected".

Harvey Kojan, KLOL, Houston

Congratulations to KLOL's own David Sadof, who has just been named Assistant Music Director at the ripe old age of 23. His knowledge and enthusiasm, especially in the area of new music, have proven invaluable.... Speaking of new music, **The Damned** will be added shortly, which makes me smile every time I think about it.... Other imminent adds include the **Del Fuegos** and **The Cult**.... I'm rather surprised **Farrenheit** hasn't received more attention. Great melody, exceptional harmonies, vulnerable lyrics, a little sax, some tasty guitar, sparkling production and every conceivable hook known to man.... **Little America** is starting to get some significant request action and now an important message to CHR's everywhere: Contrary to what you may read in these pages, **U2** is not -- repeat, is not -- one of the best, most popular and most important bands in the world today. Their new single is not hauntingly beautiful and the most accessible thing they've done. Pay no attention to this band.... Finally, thanks to everyone who has made me feel so welcome these first few weeks as MD. Your wisdom and patience as I learn the ropes is most appreciated. Special thanks to **Heavy Lenny** for the CDs and long distance lessons, and to **Richard Pachter** for just being an "all around good guy", and to **Jack Isquith** -- great to see you in **Rolling Stone**!! Does this mean you'll still talk with we mortals?

Bird, WXXP, Pittsburgh

I've been very lucky to work for an organization that has supported **U2** from the very beginning. Both **Denis McNamara** and **Larry "The Duck" Dunn** of **WLIR** received awards for their outstanding performance at **Gavin**. Their support of **U2** is just one of their main accomplishments. Here in **Pittsburgh**, we continue to support **U2** -- they are perhaps the best band of the 1980's. Although I've had many people send me records or tapes claiming they sound just like **U2**, let me tell you something folks. Only **U2** sounds like **U2**.

Tim Jeffreys, KAZY, Denver

Well, **U2** is certainly alive and well. Our #1 requested song the first week out, it goes into heavy. Can't wait to hear the rest of "The Joshua Tree", as well as the new **Bryan Adams** single "Heat Of The Night".... Happy to report that we added the **Psychedelic Furs**' "Heartbreak Beat". I've always thought this was a killer cut, now we'll see what our audience thinks.... Also new this week is **Frozen Ghost** "Should I See". It's amazing how much **Arnold Lanni** sounds like **Cy Currin**. Should be a natural for us since we already play **The Fixx**.

Doug Clifton, KBCO, Boulder

U2's "With Or Without You" is the song that will cross over to **CHR** and become a hit. The phones have been going crazy. "When's the album coming out?" "I missed 'With or Without You', could you play it again?" "When's the concert?" This is the biggest buzz on a new record so far this year. The album will knock you out.... The **Del Fuegos** have cleaned up their production. "Long Slide" took just two listens.... We have seen some early retail from club play on the **Mission U.K.** record so we're going ahead and adding "Wasteland".... The **Neville Brothers**' "Whatever It Takes" is a good adult record that gets a shot this week.... **Michael Linehan**, **Del Williams**, **Geoffrey Shulman**, **Barney Kilpatrick** and **Joe Estrada** all paid visits to **KBCO** last week.

Marty Griffin, KFME, Chico

The 5-star award this week goes to **Night Ranger**. "The Secret Of My Success" is not your average run-of-the-mill **Night Ranger** tune. It has it all: the funky beat, great production and the horns really add a new dimension to their sound.... The new **Cult** record is what rock and roll is all about. It's about time our format had an exclusive powerful rocker.

Jeff "On The Road Again" Naumann or Jeff "The Terrorizer" Naumann, Virgin, 213-278-1181

Three things to be ready for this week: First, the much talked about song from the half Australian, half German six member group, The Other Ones, "We Are What We Are". This one will be huge, and with its haunting feel and memorable hook, should catch listeners' ears from the very start.... Second, an industry first, the 18 song Young Virgins Sampler CD, containing future and current releases from Virgin, including The Cutting Crew, The Other Ones, Heaven 17, Killing Joke and much more... And third, a 12" by England's Age Of Chance, covering in the Beastie Boy fashion, Prince's "Kiss". This one will get immediate reaction as it has in England where it went to #1, and at various stations playing the import.... The Cutting Crew is flying up the charts faster than any new band since Boston's debut Lp in 1976. "Died In Your Arms" is already the second Most Requested song in the nation. If you're ready to add a second cut, try "One For The Mockingbird" or "Any Color".... Killing Joke's "Sanity" keeps winning new believers each week --and it's selling, too. Don't be afraid to take a chance on Killing Joke. Remember they already have a good sized built-in following.... It was really neat being in Atlanta last week and meeting Beth Kepple from WKLS.... Get ready for the Naumann-Plen Terrorizing Tour!

Mark Kates, Bigtime, 213-460-4033

Due to circumstances completely within our control, Bigtime is releasing two different 12" pros of the same song! It's "New Message" by The Lucy Show. You probably got the first 12" which is the Lp version. Listen to it and while you do, keep in mind that the band has completely re-recorded the song for the next 12" which you can expect in about 2 weeks.... We've got a number of records that you can read about within the pages of this publication, and since they're all doing so well, I'll just mention the names: Stage Dolls "Commandos" (Lp out this week); Love & Rockets "Ball Of Confusion"; Dream Syndicate "50 In A 25 Zone"; The Scientists "Weird Love"; and the Huxton Creepers "12 Days To Paris". If, for any reason, that's not enough, get ready for Redd Kross and the Pastels!

Lorraine Meier, KKCY, San Francisco

The San Francisco Bay area is presently sold out in retail on Chris Isaak and we're getting deluged by calls from fans begging to hear more while they're waiting to buy it. The top requested tracks are "Lie To Me", "Blue Hotel" and "This Love Will Last". If Chris is coming to your town, go ahead and take a chance and put him on the air! He's the funniest thing on two feet. Chris is the stuff stars are made of -- pure vocal quality and stunning instrumentation wrap themselves around the listener on great track after track. The promise of "Silverstone" is delivered in full on his latest album.

Michael Davis, KFMG, Albuquerque

ROCK 108, New Mexico's concert winner celebrates the U2 release with a concert date on April 5 at Kingsley. You're all invited.... Musicwise, Night Ranger leads the way on a strong list of adds.... We're excited over the Cult's "Love Removal Machine". It should raise a few eyebrows and besides, my avant garde friends love me for playing it.... REO Speedwagon's "Variety Tonight" has a unique soulful sound.... We'll take a chance on John Philip. Don't miss hearing this one.

Bruce McDonald, WFNX, Boston

I should have known that the Cult would be the band to do a Led Zeppelin/freestyle rave up that's cool enough for everyone to play. "Love Removal Machine" jumps out of those car radio speakers like nothing else on our playlist and we're already getting Top 10 phones.... After hearing it in San Francisco, I'm completely convinced that U2's new Lp "The Joshua Tree" is the big one. "With Or Without You" already has those request lines smoking. It's the only song that has a prayer of getting more requests than XTC.... Speaking of XTC, "Dear God" is the most requested song here at FNX for two weeks in a row, with as many calls as all the other requests combined. And the momentum is carrying over to retail where the single is selling briskly, when and where it's available.... Congrats to Danny McCloskey.... "Long Slide" for an out for the Del Fuegos as a welcome blast of Spring fever. I love the guitar licks, the horns, the back up singers -- the whole damn song. This is American music at its best. We were pleased to help the Fuegos celebrate the impending release of their album at Charlie's Tap in Cambridge last night. (The "stand up and smell the glove" photo was classic.) Thanks to Mr. Mike, George, and Ken Puvogel of WB for all of the fun.... World Party sales have been exploding with the availability of "Private Revolution" on CD!.... I hope Rick Winward is feeling better.... Matt Johnson was by to chat on the air with our own Tony V. Here's an artist that not only makes exciting music, but is also extremely articulate. He was truly one of our best artist interviews in the last year. Thanks to Jack, Alan, and Lenny at CBS and Paul Vitigliano for setting it up.... I was glad to be host to CFNY's Ivar Hamilton this past weekend. See you August 8th in Toronto!... WFNX wishes to express our deepest sympathy to Karen_Glauber.

Alison Stewart, WBRU, Providence

U2's "With Or Without You" has a hypnotic quality that lures any listener into a state of musical ecstasy. Speaking of XTC, it came in #2 phones -- a close second to U2.... Frozen Ghost hooked us this week with that incredible hook. "Should I See" is impressive in terms of songwriting and group performance.... Big story of the week is #4 phones for Peter Himmelman. "11th Confession" is real quality work.... Thanks to the Warner Bros. gang for the great Del Fuegos party. It was super to meet the band and Ken Puvogel who came 3,000 miles just to drink Corona.... Happy Birthday greetings to Karen_Durkot at Elektra.

Jim Steele, WIOT, Toledo

Next to Bruce Springsteen and the E Street Band, U2 are the most important musicians of the 80's. "With Or Without You" has their secret recipe of hypnotic hooks and a killer emotional tug.... Our All Request Thursday raised over \$5,400! We auctioned off front row seats for Bob Seger that went for \$500. A pair of Bon Jovi tickets went for over \$300 and Huey Lewis tickets went for \$300. All the rest of the pledges ranged from \$10 to \$130 for anything the caller wanted to hear, with all the proceeds going to charity. Special thanks to Dave Tezak, Doug Burton, and Van-O for helping us make it possible. Anybody interested in how we did this, just call.

Craig Marks, Homestead Records, 516-764-6200

10 Reasons Why Homestead Records Doesn't Suck: 10) **Big Dipper**--Boston's best new band releases one of this year's catchiest pop songs. "Faith Healer" is punchy guitar pop, much like the early Talking Heads or the best Undertones. (It's the record with two dead bears on the cover).... 9) We work in an ugly dreary warehouse in the middle of nowhere and we like it.... 8) Howard Stern and N.Y. Mets games are pretty much the only radio we listen to.... 7) **Breaking Circus**-- Prominently featured in recent issues of the Hard Report, Gavin and Rockpool. Minneapolis trio rooted in the sounds of early Wire, Gang of Four and New Order while at the same time developing their own sharp songwriting. On tour now. "Song Of The South" is the lead track.... 6) "The White Shadow" is still our favorite TV show.... 5) Lydia Lunch says we suck.... 4) Upcoming releases from U.K. recording artists **Red Lorry Yellow Lorry** (produced by Vic Maile), Ohio smart guys **Great Plains** and a Homestead compilation called "The Wailing Ultimate" that'll catch you up on what you've missed.... 3) We'll never use the phrases "gathering steam", "strong phones", "busting out" and "three cuts deep". (We're not even sure what they mean).... 2) **Salem 66**--3 previous records and several thousands of touring miles behind 'em and Salem's new Lp "Frequency And Urgency" is their finest to date. Produced in L.A. by Ethan James (Firehose, Minutemen), their patented brand of fragile folk/pop meshes perfectly with a new more aggressive and direct approach to their songs. No Satan rock influence at all. "Postcard" is the song we like best.... 1) Basically, Homestead is a couple of well-groomed guys that listen to music all the time and put out records from some of the best, most original new bands in the world. No kidding.

Steve Cormier, WIZN, Burlington

There aren't many bands that will get your emotions churning like U2. "With Or Without You" seems to have our listeners' emotions erupting, turning this into the #1 requested song in only 5 days.... **The Saints** contain all the raw elements of rock and roll to make them a real good bet to be a success. I really think this band deserves a shot. They remind me of INXS beyond the Australian comparison. I know it will be a slow builder, but it's so good we decided to give it a shot.... Can any white man belt out the blues like **Gregg Allman**? He fills every spot in the top 5.... **Billy Idol** has conquered just about everything else. "Sweet 16" could also put him on as the ballad king.... **Peter Wolf** IS New England and he's gone back to his rock and roll roots and the audience is responding.... The phones are driving the **Patty Smyth** up to power, plus how can you go wrong when you team up with the **Hooters**?.... **The Cutting Crew's** "Died" has gotta be one of the strongest songs I've heard in a long time and there's even stronger stuff on the album.

Mike Corcione Relativity, 718-995-9200

Robyn Hitchcock, Scruffy the Cat, Push Twangers, sun, surf, Hawaiian Tropic, Budweiser, clams on the half shell. Sounds good, huh? Just some of the essentials for the spring and summer of '87. And there's more on the way!

Skip Isley, WWTR, Ocean City

To everyone who is not playing Prince, and that's most of you, Wake Up! You are missing THE adult crossover record of the year. Enough said.

Phil Manicki, WWCT, Peoria

U2. Wow! Instant phones.... Is it Frozen Ghost? Or really The Fixx? What a hook! One listen to "Should I See" and you're down for the count!... Pleasant surprise from **Los Lobos**. This is gonna be the one!.... More instant phones from **Night Ranger**. The horns'll make upper demos get re-acquainted with the band.... In the "How was your weekend" Dept: Our P.D. Jeff Murphy broke the Guinness Book record for sitting in a tub of Jello Pudding for 29 hours helping to raise \$350,000 for Easter Seals.... Personal to Harve Alan at WCCC: We'd welcome the competition. C'mon! It'd be fun!

Michael Prince/Alex Miller, Atco, 212-484-6400

Who hasn't become "Weak In the Presence of Beauty" at least once in their life? You lose the ability to speak, you get weak in the knees. It's passion taking control. This passion has been captured by **Eddie And The Tide**. It's hitting both coasts, and moving into middle America. San Fran, Sacramento and NYC believe in Eddie And The Tide. So do Phoenix, Madison, and Minneapolis (and a wave of others). Don't be weak in the presence of a hit song.... **Reckless!** "Nitty Gritty". **Reckless!** "No Frills", the Lp. If you're a rocker and are overlooking **Reckless**, what you're missing is a fun song with a killer hook.... **Man O War**, "Fight The World" for the right to play heavy metal that's in their brains. "Blow Your Speakers" with rock & roooooo!!!... Everyone's talking U2. That's because "The Joshua Tree" is making U2 this decade's most important group. Since you did, thanks for reading.

Bob Catania, Island, 212-477-7159

Important! It's not a word often associated with the music we deal with. For, first and foremost, music is meant to entertain. However, once in a very great while, a body of music comes along that is more than mere entertainment. Once in a very great while we get music that not only entertains but is -- Important. Such music is contained on "The Joshua Tree" from U2. This album will rank as one of the classics of a decade still in search of a musical identity. This album will help to bring a focus and a sense of purpose to all the music that will follow. "The Joshua Tree" delivers the promise of a band that has fully matured in every aspect. There is a depth of styles and substance that most records never approach. There is a beauty and a sheer uplifting quality about this music that reminds you why you got into this business in the first place. Some of the music can be brutally direct at times and yet unbelievably subtle at others. This album will challenge you and make you work, but the end result is a fulfilling experience that will leave you wanting more. You'll try to wear out the CD! In the end "The Joshua Tree" may not become the biggest seller of 1987, nor produce the most hit singles, but it will be the most important. It will influence young bands everywhere. It will cause people to get excited by music just like "Sgt. Pepper" and "Blonde On Blonde" got us excited. It will leave a legacy that only great music can. We'll all look back one day and be proud we played a small part in the "The Joshua Tree". So, entertain your audience! Educate your audience! Uplift your audience! Play "The Joshua Tree" and play it a lot!

Cathy Down, WLNZ, Lansing

Dear Aunty Em: Just thought I'd drop you a line, via rainbow express, to tell you the latest scoop from the land of Lansing's Laser. The cyclone has been whirling with new product, and next week's outlook should be an even more twisting experience. Traded my ruby slippers in for the latest **Night Ranger** single and learned the true "Secret Of Success", then danced, danced, danced down the yellow brick road with my cowardly, brainless aluminum trio of friends getting ready for the **Ratt** show coming to town. And talk about an odd couple, the latest hot item is the wicked old witch and the wizard. Their love song is **Poison**, "Talk Dirty To Me". Gotta go pick up Toto at the Emerald City pet grooming center. So just remember, Aunty Em, I love you and even though there's no place like home, with the hot new **U2** single cranked up I think I'll live on this side of the rainbow "With Or Without You" and save the click of my heels for another time and place. Sorry. Love, Dorothy.

Pat Deisch, WOOJ, Ft. Myers

It's good to see there's a second song on **Robin Trower** worth playing on the radio. You wouldn't think a small label like **Crescendo** could do the job they've done, making sure there are good tunes on this Lp. It's not a one-song album.

Tom Starr, WOUR, Utica

U2 manages to achieve the same hypnotic effect they got on "Bad", but the new one only chews up half of the clock! Why settle for anything less than an out of the box **Power!** The phones are melting down and we're expecting a triple crown retail debut -- #1 Lp, cassette and CD!

Bob Welch, WQBK, Albany

Since the beginning of the year we have been sending winners to places like Los Angeles, Orlando, Miami, Fort Lauderdale and Montego Bay, Jamaica. And we're continuing now with a trip to Freeport, the Bahamas, where there is "Always The Sun". Thanks to Terry Coen of Epic for setting this up.... Also, thanks to Andy Allen of Island for the **U2** giveaways. Perfect timing here as we hosted a pre-St. Patrick's live broadcast/**U2** listening party at a local bar before the album ever hit the stores.... And along the same promotional lines, we've been giving away plants of **Cherry Garcia** during our nightly **Grateful Dead** feature for about 5 or 6 weeks now. The Deadheads love the idea and the ice cream is delicious.

Jack Degnan, WRUF, Gainesville

Just got back from a week in the Big Apple. Always love going there because I can listen and learn from the best; specifically, **WNEW**.... Strong phones for **Cutting Crew's** "Died" and **Crowded House's** "Dream".... Great to see new vinyl from **U2**. The reaction is immediate and positive. One of the better mellow tunes I've heard lately.... **Los Lobos'** "Set Me Free" is an excellent follow-up to "Shakes". Simple, fun, love the brass and the '50's flavor.... **Parsons'** "Money" offers a nice follow-up as well. Quite a different sound from the last one.... I'm not into horror flick sequels, but I'll check out **Freddie** on the screen anyway just to hear **Dokken's** "Dream Warriors". Great vocals, great licks.... Everyone here has been nervous lately because of talk of a couple of new AORs landing here in North Florida -- just to keep the state in balance!

Just in case you didn't read the banner, these fellows are playing at the **CFOX/Vancouver Anniversary Bash**. **CFOX** got (l to r): **Journey's** Neal Schon, Colin James, the **T-birds** Jimmy Vaughan, Junior Brantley, **Loverboy's** Matt "That's no floor tom--that's my Foster's can" Frenette on drums, **Bryan Adams**, **Loverboy** Mike Reno, **T-blrd** Kim Wilson and **Preston Hubbard** on one stage! One well-placed hand grenade and Canadian music would be over...
