The Bangles!

“Hazy Shade Of Winter”

“With three top 20 singles recently behind them, a new Bangles song is an immediate add at WBCN. Despite the song being the cover of a very famous Simon and Garfunkel song, the gals give it a new ‘rocked up’ treatment which is guaranteed to please!”

Carter Alan, WBCN

“Having been a Bangles fan for years, ‘Hazy Shade’ excited me like a date with Michael Steele. It kicks proverbial butt and you can’t miss by playing this song!”

Beaver Brown, KDJK

“‘Hazy Shade Of Winter’ will be a smash! It’s a perfected updated remake.”

Harve Alan, WCCC

“We received instant reaction the moment we played ‘Hazy Shade Of Winter!’”

Dale Miller, KATP

“‘Hazy Shade Of Winter’ is the first Bangles song that I’ve had no reservation in adding to our playlist. It’s an out-and-out 80’s rocker that’s bound to be a top ten CHR hit! Your album station can own it NOW!”

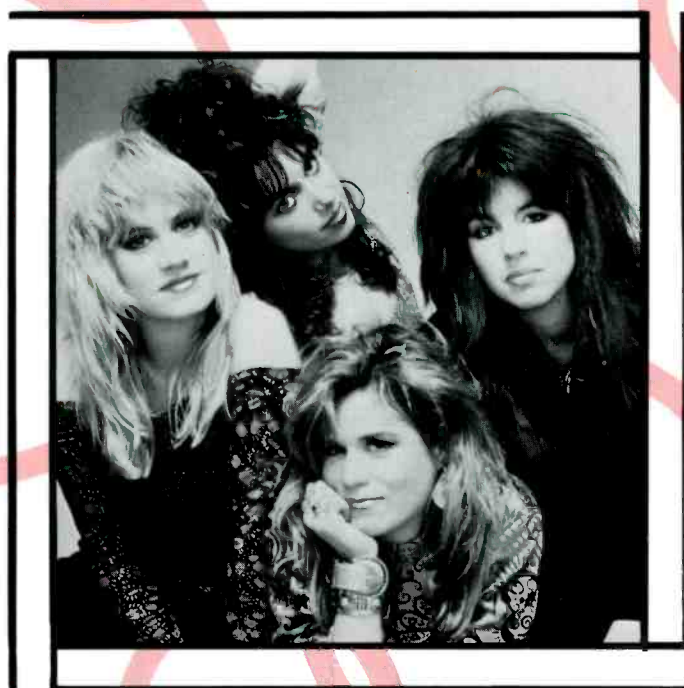

Lenny Bloch, WRCN

“From the first note you’re into the song, and 2:17 later you’re left breathless! Those Bangles harmonies are great!”

Dokken, "Back For The Attack", Elektra... One has only to check the call curve in the Most Requested rankings to fully realize Dokken's pulling power. "Burning Like a Flame" has mushroomed 10 to 19 to 27 Top 5 phone mentions over the past three reports--this week placing just behind Rush, Yes, Aerosmith, INXS, and George Harrison. Clearly, this is an act in big demand. The single's new on 10, now on 99, up on 12, and heavy on 15. And now that the band's best shot at a rock to pop crossover smash is performing so beautifully, give your audience (at least your PM listeners) a double shot of what's easily Dokken's hardest rocking and best overall record to date. Two killers come to mind for us; "Prisoner" and "Cry Of The Gypsy".

The Rainmakers, "Tornado", Mercury... Every time I hear "Downstream" from their debut--or hear guys like KQRS' John Lassman tell me how incredibly well the tune tests--it gets me fired up to help this unique act over the One Cut Hump. "Snakedance" is a wonderful song--just ask any of the close to 100 stations already playing it. Or just check the charts, where the tune is up 50-41* this week. But I'm convinced you'll also get quick and spirited response to "Wages of Sin". Nobody knows how to engineer a slide guitar like Terry Manning--and though the "Mary Magdalene" line is a little dicey, this is the most clever of Bob Walkenhorst's always amusing writing on this album. Roll it once or twice and you'll get phones, swear to god.

Flesh For Lulu, "Postcard From Paradise", Capitol... Though the Lulu's name and lineage implies English trendrock weirdness in the first degree--they have in fact, evolved into anything but. "Postcard" is as mainstream sounding--and at least as hooky as any new airplay priority out there. After all, "I Go Crazy" from the "Some Kind Of Wonderful" soundtrack was a terrific song. MTV and New Alternative radio went for it in a big way--with rock radio resistance we can only attribute to the dreaded namegame syndrome. Now we're quite comfortable in predicting that this will be the track they've needed to punch a big hole in mainstream playlists--as their Beggars Banquet labelmates The Cult did earlier this year. Break a new band going into the holidays? That's what Capitol did with Crowded House last year.

ZZ Top, "Six Pack" WB... Though a number of these tracks have appeared on Compact Disc in their original versions, the forthcoming Sixpack delivers those must play classics with a supercool 80's high gloss, courtesy of Maestro Bill Ham. Obviously the old fans will go nuts--but what's even more intriguing is the realization that many younger (and ostensibly equally rabid) post "Eliminator" fans have never heard gems like "Just Got Paid", "Francine", the inimitable "Bus/Jesus" seg. "Tube Snake Boogie" yeah--but before that, it's probably more of a toss-up than you realize. In my opinion, almost any ole ZZ Top tune is as good or better than a lot of new stuff out there--and with the blues bigger than ever, you could have a lot of fun with this cool rocking collectible on your airwaves.

RECORD OF THE WEEK

George Harrison, "Cloud Nine", Darkhorse/WB... How much does everybody love this record? Let's find out: "Without a doubt, the best commercial album this legend has produced in many years", **Alan White**, KIL0.... "The album captures many moods and is held together by the common thread of Harrison's unique perspective and good taste", **Lorraine Rapp**, WAQX.... "The album is so good that nothing else matters. I have no doubt that it will be the album I listen to for most of the rest of the year".... "I'm flabbergasted at how much I love the new Lp. It's funny how instantly familiar the songs sound", **Alison Stewart**, WBRU.... "Every track is incredible. My album of the year!", **Dale Miller**, KATP.... "Jeff Lynne's production lends just the right Beatlesque touch without being overbearing. George comes shining through", **Karen Small**, WGIR.... And those are the negs on the record, for god's sake! "When We Was Fab" comes back with 50 adds and a #51 debut, "Devil's Radio" (probably the long term AOR leader) has 47 stations and a #54 entry, as the title track picks up 25 reports and a #74 entry, with interest also in "This Is Love" and "Fish On The Sand".

NEW THIS WEEK

Great White, "Save Your Love", Capitol... The album's half way between gold and platinum, and we're here to tell you this beautifully redone 12" will be the vehicle to drive it all de way home. The band has just gone back out with Whitesnake, having taken off just enough time to totally re-work this track. It's been remixed to bring the vocal up, the drums are tighter, and there's a little more edge to change the guitar dynamics. Bottom line--they've taken a strong album track and turned it into a killer single. And that's not to say that "Lady Red Light" didn't do a terrific job of maintaining momentum--the album still hasn't left the top 25. Between the tour, MTV (it's already on), the sales and the inevitable top 40 action, consider this one can't miss.

Hooters, "Karla With a K", Columbia... But for the whole topicality tie-in with the PTL scandal, this would have definitely dusted "Satellite" for follow up cut honors. I've been hearing it since day one on WMMR and it has certainly been the long haul champ from where we sit. They've currently got it power, and there's no denying the hit potential. Also on WDHA, WNEW, KDJK, KEZE, KRXQ, WDHA, WTPA, WRCN and half a dozen more.

The Broadcasters, "Down In The Trenches", Enigma... This band reminds me a lot of a similar sounding act that Polygram had tons of success with in the late 70's with a killer "Dirty Water" cover. Who were they? Hint: They did custom versions for about 35 major markets. The National Album

guys? Jerry Jaffe and Bill McGathy. Before we give you the answer, we think this gritty little harmonica/guitar R&B garage rock number could score for a lot of the same reasons. And the band we're comparing them to? The Inmates.

Squeeze, "Trust Me To Open My Mouth", A&M... Now that the album's #1 pop/quirk track has done its stuff, here's the rock radio pick. The track that WBRU's **Alison Stewart** describes as an "instant energizer" locks new air on 9 this week, including WFNX, WPLR, WAQX, WBRU, WLLZ, WNEW, and WPYX. After the great run for "Hourglass" finding room this fine follow up shouldn't need much work at all.

Kiss, "Reason To Live", Mercury... Even their uptempo stuff is more sedate than not by today's hard rock standards, so it's really no surprise that the new single almost verges AC. "Reason" really could be Survivor meets Foreigner's "I Want To Know What Love Is". It's got a nice, anthemic chorus--and their name still counts bigtime with 18-24's.

Tom Kimmel, "Heroes", Mercury... We said it when the album came out and we'll say it again. This is far and away the best tune on the session--and the record's only realistic shot at a hit single. You heard Little America cover it on their highly acclaimed debut--now here the definitive version from the man himself. A little soft, true--but what a desert rock hook!

ON HIGH QUALITY XDR CASSETTES ALBUMS AND COMPACT DISCS

Aerosmith, "Hangman's Jury", Geffen.... As well as "Hangman" is taking off--with 22 adds, 69 now playing and a 56-43 gain--be sure you've maximized mileage on "Rag Doll" before making the switch. That one's still 22 Powers deep--with 53 heavies and 4 increases holding it solid at #11. Plus, it adds another 6 stations to the Most Requested list--with 35 top fivers holding it in at #3 Most Requested. Clearly this one's still some distance from peaking, so the smart move is to play 'em both. From WKQQ's **Stacy Yelton**, "Yeah buddy, that there 'Hangman' tune sure is foot stompin' glory. We love that stuff here in ole Kentucky, where we put our appliances on the porch cuz we're proud of them"....

Def Leppard, "Hysteria", Mercury.... As **Tom Starr** sez, "'Hysteria' has the texture and universal appeal that we've been looking for from this band, and we'll give them the continued support they deserve".... How's this qualify for support? #8 Most Added with 21, with 27 heavy, 7 power and 13 increases. Up 37-28*, with Top 5 phones at WTPA, KWHL, KICT, WRCN, WKLT, KLAQ and KBER. WEGR's **Kelly Cruise** comments, "Not every song from this album is right for all dayparts, but this is different, easily played throughout the day. With the project so hot, between phones and retail--'Hysteria' is perfect".... Currently on 95 reporters.

The Alarm, "Rain In The Summertime", IRS.... 14 more adds take their best track ever to the edge of total closeout--as 159 total stations and 10 increases power up a strapping 24-19* advance. We're looking at heavy play now on 36 reporters, including KBPI, KBCO, KAZY, KOME, KROQ, KSJO, WFYV, WHCN, WLNZ, WNOR, DC101, and WHCN, where Kim Alexander said, "They've always been popular in this town and with their strong Northeast base we didn't waste any time putting this one into heavy".... KBCO'S **Doug Clifton** comments, "We're getting good early phones here. This is their best record yet and there is plenty of material past the single".... KCAL's **Kelli Cluque** comments, "This band has that one big advantage--they sound only like the Alarm".... From WLNZ's **Rick Van Gil**, "We've had it in heavy since it arrived and still to this day we get reaction calls every time it's played. Unquestionably their biggest record to date"....

Dylan/Clapton, "The Usual", Columbia.... Bob always gets airplay--more of late--but this collaboration with Clapton is looking like his biggest rock radio number since "Gotta Serve Somebody". New air on 40 makes it #3 most added--with a two week total of 104 and ups from WXRT, KFMU, KRXQ and KZOQ bringing home this week's third longest Hard Hundred move 52-33*. KZAL's **Tom Krumm** comments, "With Dylan so upbeat, along with Eric Clapton's guitar, on a song written by John Hiatt, how can 'The Usual' go wrong?".... KZOQ's **Vern Argo** adds, "Unless you tell people it's Clapton, they don't know it. But the Dylan vocal alone sounds bright and up".... From KQDS' **Mike Keller**, "Talk about blowing the John Hiatt version away"....

TAKE TWO

REM, "It's the End of the World....", IRS.... The stock market does the Big Bear Shuffle, the Persian Gulf has more ships than fish, and the gents from Athens, Ga. are there to tell us about it. This Dylanesque romp is undoubtedly one of the strongest from an album crammed with potential airplay cuts, all ready to unfold as the world explodes. 9 adds this week with WIOQ, WDIZ, WCCC, KYYS, KLOL, KRQR and KOZZ leading the list--as 43 now playing move it 76-67*.

Jethro Tull, "Farm on the Freeway", Chrysalis.... Ian has pulled one more rabbit out of his hat--actually twin monsters at this point. Of all the reformed bands out there, these guys are scoring big and often with listeners at both ends of the demo spectrum. 10 more reporters come on this week, upping the second track total to a highly dignified 143; 53 of which are in heavy or better rotation.... New at WNOR, WIBA, WZZO, WLWQ, WCCC, WAPL and WXLN.... Up 18-15*, thanks in part to 16 increases. And coming up on the outside, it's "Jump Start", with a 98-94* move.

Dave Mason, "Something In The Heart", Voyager/MCA.... The mere intimation of a Traffic reunion continues to fire up listener and industry reaction--to the tune of another 22 adds and a strong 43-31 track advance. It's currently on 101, with KRNA, WIMZ, WKDF, WPDH, WQFM and WRIF the first with Heavy play reports, and early increases on WIMZ, WKDF, KFMU, KSQY, KXRX and WDHA. WRQK's **Rik Elliot** tells us, "Upper demo calls are coming in, with Winwood helping to create excitement".... **Karen Small**, WGIR, adds, "The partial Traffic reunion shows itself to be a mighty combination, as Mason keeps up his tradition of quality music".... WHMD's **Phil Colwart** calls it, "A fair song from a real good guy who hasn't been around for a while".... and WCCC's **Harve Alan** expects, "Dave should be a hit. Winwood is subtle in the background, but the song is excellent"....

Robbie Robertson, Geffen.... Though there's now active interest in three tracks, the single continues to show the strongest growth. It once again places high in the Increase Index with 22 play-ups, and another muscular chart move 6-4*. The Top 5 phone count dips slightly from 16-13, but the tune still places at #13 Most Requested. Meanwhile, "Sweet Fire Of Love" picks up momentum in the #2 position, with new air on 21, current play on 60--and heavy play on KAZY, KFMR, KISS, KLBK, KOME, KRQR, KSJO, WMAD, WQFM, WRXK, WTPA and more. As **Carter Alan** comments, "'Showdown' holds the lead but 'Sweet Fire' is beginning to explode in requests".... From KEZO's **Joe Blood**, "When Bono gets going on the vocals, it's a thing to behold"....

Triumph, "Long Time Gone", MCA.... The album may be out--but at this point it's obvious rock programmers intend to let the single carry the ball. It comes back with another 18 reports, pushing the three week total to 87. We log in play-ups on WAQX, KKDJ, KLOS, KRXQ, KSQY, KZOQ, WDHA, and WNGZ, with fast top 5 action on WAQX, KEZE, KOME, WCMF, WPYX and KBPI, where **John Edwards** told us, "'Long Time' has jumped from #5 requests to #2 Most Requested. This market is prime territory for this band, as witnessed by the hyper-recurrent rotation we're still giving to 2 cuts from the last album".... It's also this week's third longest gainer, 51-38*, with KISS, KNAC, WAQX and WQFM the first to report heavy rotation.

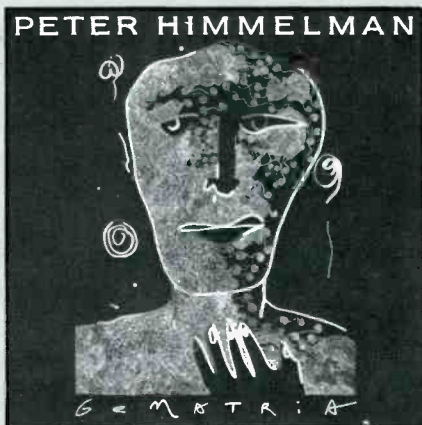

Roger Hodgson, "My Magazine", A&M.... The choice of discriminating programmers since the beginning, 10 adds and increased play at WRIK were enough to bring "Magazine" aboard the Hundred this week as WLAV, KLBK, KMOD, KRQR, WTPA and KWIC gave the nod. KZOQ's **Vern Argo** confirms, "This one has a nice infectious beat and I think it will be a little bit stronger than 'Love' for AOR".... 22 now on, with a 92* debut on the Hundred.... Best rock radio track on either album.

Glen Burtnick, "Heard It on the Radio", A&M.... Nothing like a little radio song to get those droogs out there moving during Diary Days, right? 8 more hear the call this week with KILO, KDJK, KLPX and WCCC new, building that total on to 41. KDJK's **Beaver Brown** checks in this week with "How about Glen Burtnick? So much talent, yet so ignored. 'Radio' is one of the many excellent songs on the Lp".... and 'LLZ's **Jim Pemberton** quips, "Hey Glen, heard it on the radio and it sounds great!".... And we're still amazed at how many top 5 phones and highly successful tests we're hearing about with "Follow You".

Karen Andersen Small, WGIR

“Put on the new Peter Himmelman album and lose it all over again. This is definitely the work of a man whose integrity and song writing are very impressive.”

Alison Stewart, WBRU

“It’s one of the best new records out there!” **Kelly Cruise, WEGR**

Melvin James, "Loving You Is Strange", MCA.... If you thought the lead track was a quick listen, you'll find the hook in this one even faster, didn't you? And because it's so easy to hear (and we've been lobbied by the Melvins Of The World organization), it's a follow up we think you should take 2 heart. "Loving" is new at 4 this week: KMOD, WZZO, KRNA and WKFM, where Brian Illes predicts the audience will "Grab onto this one immediately".... Now on 22, new at 91*.

The Silencers, "I See Red", RCA.... The Silencers have mastered their unique sound without alienating the masses, and "I See Red" is a perfect blend of rare hooks and guitar. WIOQ's **David Anderson** calls it, "Dazzling. It's well produced, melodic, and of course grabs you from the first listen".... And WHMD's **Catfish** has recognized "A loyal following here for the Silencers and we're responding with the 'Red'".... 59 now on with heavy air at KBPI, WLIR, CHOM and KRQU. HH 65-58*....

HARD ACTS TO FOLLOW . . .

Bryan Ferry, "The Right Stuff", Reprise.... Rock's foremost proponent in the mood enhancement division has come through again, as programmers line up to testify. KRXQ's Ron Garrett, "'Bete Noire' is more than a record with 8 songs on it. It's a mood, an atmosphere of romance and elegance. This one must be added to my top 10 most essential albums of all time".... And WHMD's Catfish, "I hear a change in style for Bryan with 'The Right Stuff'. Should be a big song for the women out there".... "Kiss and Tell" collected 6 stations, including KRQR, WLAV, KBCO, KZAM, and KRXQ. That one looks good, true--but "Limbo" is the one that gets our musical libidos up and rolling. Meanwhile, "The Right Stuff" adds at 4 to move 55-53*.

White Lion, "Wait", Atlantic.... This track has been systematically catching ears for weeks now--and the dramatically lighter release schedules make this the perfect time to pick up on a song and act the touring/retail/radio buzz says is primed to do big numbers. Listen to KNAC's Ross Goza, "After playing 'All You Need' from the 'Pride' Lp for weeks, the audience responded with top 10 phones and began requesting 'Wait'. Now we're on 'Wait' and White Lion is getting top 10 phones again, after just one week of play".... Already on and proud of it: KGB, WLLZ, WRCN, KNAC, WLZR, KATP, KRZQ, WCKW and KFMG... Could be THE reaction track to break through the Holidays.

Tom Caufield, "Precious Town", Paradox.... Still early in this project but the word is out, and programmers are finding they like what they hear. KOME's Stephen Page leads the way, "I've been into the Tom Caufield since the advance tape crossed my desk weeks ago. I can see this record turning into a big breakout record for Tom, with its great goodtime rock and roll sound".... 13 already committed including WDHA, KTCL, KATP, WRIK and WHTG.

Tommy Shaw, "No Such Thing", Atlantic.... Tommy's harder edge was a key ingredient in Styx's ability to maintain healthy format regard even during Dennis DeYoung's high schmaltz periods--and "No Such Thing" continues to build beautifully on that credibility. WKQQ's Stacy Yelton, "There may be no such thing as a perfect love, but there is such a thing as a great solo effort. Tommy Shaw has it all wrapped up".... The point build brings in another underline at 39, with WDVE, WONE, and WKDF topping the adds.

Don Dixon, "Your Sister Told Me", Enigma.... We know a lot of you are close. We know you have been. Don needs new shoes. Come on. KBCO went, and we love that major market add. There's serious Bay area interest as well, and we're expecting action shortly there, too. WDHA, CHOM and WKGR move it up, with 33 stations to date good for a 91-85* jump.

Supertramp, "Not the Moment", A&M.... With the high-test single across the street, here's the one of a kind jazzier Supertramp that has long been a key AOR ingredient. Now on 30, with new air at KKDJ, KMOD, KATP and WKXL, as the track continues its stride up the chart, 85-81*.

Insiders, "Love Like Candy", Epic.... Big moves from the band that many feel is best new act of the year, as increases at KISW, WOUR, WKQQ, WAPL and KFMU and adds at 3 more keep those high end harmonies in line with the numbers. KGON's **Inessa York** is a believer, "The Insiders are tremendous on air. They're really bright, funny and witty as is their music".... And KFMU's **Dave Ross**, "'Ghost' worked beautifully here, so we naturally went with 'Candy'. We just couldn't resist going deeper into this album".... Currently on 40, underlined at 62*.

Love and Rockets, "No New Tale", Big-time/RCA.... Already a headlining success story on the Alternative end, L&R is starting to make waves on the mainstream side, logging another 6 adds this week (KLOL, KILO, KKDJ, WFYV) as the total on grows to 58. One swing through the album and those Floyd, Tull and Beatles comparisons are suddenly all too much. KLOL's David Sadof comments, "They have a following in Houston that has been growing since they were Bauhaus. They're also selling very well at selected stores".... Ditto KILO's Alan White, "A retail check shows tremendous growth and interest, so 'No New Tale' earns its way on the air".... Finally, from KZOQ's Vern Argo. "We also upped it. We've never played the band before, and after three weeks the phones are growing and the main store we track sold out what they had in stock after just one week"....

Peter Himmelman, "Waning Moon", Island.... Peter's marvelous ability to meld unrestrained guitar, plaintive vocals and enviable lyrical insight into a straight down the middle radio song is a rare skill indeed. As such, the big guy is forming an indelible niche as one of the format's brightest young lights. "Waning Moon" is artsy, hooky--and it rocks with a clean, primal intensity. New at 6 (KOME, WGIR, WHCN, CFNY), up at 2--for a healthy 74-66* build....

Guadalcanal Diary, "Litany", Elektra.... This tune has piqued the senses of quite a few out there (76 total this week), and apparently the lull in release activity opened some Guadalcanal to G'Canal this week. WGIR's Karen Andersen Small heard opportunity knock, "After being intrigued by 'Litany' for awhile, we have a chance to put that fine tune in now after the superstar glut has subsided a bit".... 5 more made room with WKDF, KMJX and KRZQ among the initiated.... Now 46*.

Buster Poindexter, "Are You Lonely For Me...." RCA.... The Sultan of Suave greases up for this smooth crooner while heading out on one of the most extensive and smartly executed promotional parades of the year. Besides the live radio broadcasts and SNL exposure, you can expect to see our man Buster turning up everywhere as a multi-media type of guy, almost guaranteeing the ultimate perking of the audience's interest. We think you'll find "Lonely" to be quite suitable as Buster's vocal vehicle this time around, as 16 reporters have including WNEW, WMMR, WRCN, WDHA, WFNX and WHFS.

Silent Running, "Sanctuary", Atlantic.... You've got to be good to go the distance these heavy traffic days--and week by week, consistency has been the watchword for Silent Running. This one's no exception, as KAZY, KEZE, KQDS, WCKW come on and 3 more increase rotation--and the Runner comes up thumbs up 64-61*. Nice maintenance.

DOKKEN ROCKS... ON ELEKTRA SUPERIOR-QUALITY

CASSETTES, COMPACT DISCS AND RECORDS

Year Zero, "Hourglass", Chrysalis... Out of the chute action for this Austin band at KATP, KPEZ, KFMX and KMOD is the least these guys should do for a local band that happens to be this good. Now when you folks go for a little serious rotation--we'll be looking for that big quote, y'heah. The overwhelming track record of Austin breakout bands alone should be enough to get any fence sitter off his hands.

Martha Davis, "Just Like You", Capitol... Martha keeps 'em begging for more as 'KDF, WDIZ, KCAL, WOUR, KNCR and WAOR jump aboard this week, driving the total on to the 85 mark, while KLOS, KEZE, KFMG, WGIR and WKQQ increase airplay. Combine all ingredients and you've got a highly respectable 47-42* advance

The Truth, "It's Hidden", IRS... It's hard to miss Roy Thomas Baker's signature production on this tasty entry, but we were impressed by the Truth's qualified performance on this title track from "The Hidden" soundtrack. A good week as the track doubles its credentials with adds at KBPI, WDHA and 5 more joining the ranks of WNEW, WFYV, WDIZ and KILO.

--SINGLE FILE--

The Bangles, "Hazy Shade Of Winter", Columbia... Now here's a remake so powerful that it's actually going to reposition these talented ladies back to the AOR fold. Usually hit cover versions tend to blow rock radio credibility, but thanks to an inspired performance, Rick Rubin's adept studio help--and a triple helping of Michael's guitar, this mutha smokes!! As Carter Alan says, "With three top 20 singles recently behind them, this new song is an immediate here".... WCCC's Harve Alan adds, "The Bangles should be a smash. It's a perfectly updated remake".... From KATP's Dale Miller, "Instant reaction to 'Hazy Shade' the moment we started playing it".... #10 Most Added with 18, for 51 stations to date.

Icehouse, "Crazy", Chrysalis... The play increases and phones show the most progress this week--with "Crazy" ranking #3 on the Index with 20 stations showing gains. Solid top 5 phones at KZOQ, WFYV, WKGR, WRXK, KILO, WBYR, WMRY, WHTQ AND KDJK, where Beaver Brown says, "With the kind of phones we've gotten, you've got to be crazy not to have it in heavy".... Underlined 10-8*, with heavy spins now on over 70 of the 161 now playing.

The BoDeans, "Only Love", Reprise... CHR action and the U2 tour continue to heighten AOR awareness--with yet another crusher Hard Hundred move, 14-12*. "Only Love" is new on CILQ, WBYR, WHTQ, WKFM, WSHE and WWCT while the increase column shows ups from KBPI, KFMF, KFMX, KQRS, WBAB, WIBA, WKDF, and WZEW. WWCT's Paul Nelson tells us, "They've been tearing up the clubs, getting standing ovations for U2 and they did a great job on Letterman a couple of weeks ago. Is this band for real? We don't play many unestablished acts at WWCT, but the BoDeans are an exception"....

Heart, "There's The Girl", Capitol... You sure don't want to hand it over to anyone--as we watched 24 new rock radio adds roll in, as 51 now playing and heavy play at 13 (WEBN, WHCN, WHJY, WPYX, DC101) cook up this week's longest Heart Hundred move 79-55.

INXS, "Kick", Atlantic... So many great songs, so hard to choose!! 'Kick' has to qualify as one of the deepest hit-driven albums I've heard this year--with the title track, "Devil Inside", "New Sensation", "Never Tear Us Apart", "Mystify", "Tiny Daggers" and yes, even "Wildlife". Could be we're talkin' a classic here, folks--as is WCCC's Harve Alan, "The album is just a masterpiece. There isn't a bad song on it".... As Alan White says, "INXS debuts at #1 retail here. If there are any doubts that this is a major band for rock radio, then you're in the wrong business".... KYYS's Ellen Gerdes says, "Though INXS is not a typical sounding AOR record, the reaction so far has been phenomenal. #1 phones this week with everybody, including the staff, crazy about it. You'd have to be nuts to pass on a reaction record like this just because of that funky beat".... Please note that the "funky beat" has just diddly-bopped its way to #2 requested, right behind the Harrison--with a 19-17* airplay move to match.

The Radiators, "Like Dreamers Do", Epic... The Rads nail down yet another underline 35-24*, thanks to new air on WRDU, WVVV, and KAZY, with plenty of increases to match: WZZQ, WRIK, KWIC, KMJX, KLPX, KLBK, WZEW, WQFM, WMAD, WCCC, KPEZ, and WHMD. Have you noticed that the longer the record is out, the more you appreciate their special flavor? As KEZO's Joe Blood says, "We're getting great calls. Their distinctive sound has folks calling up wanting to know who these guys are".... From WWTR's Jennifer Gipe, "The Radiators' music reflects the cajun cooking their hometown is so well known for--hot and spicy"....

Cruzados, "Time For Waiting", Arista... I like Sean's tag line on the ad so much I'm a gonna use it here--"Don't split after one hit". The Cruzers come back with a solid 11 station showing--including KOME, KZAP, WRUF and WWRX, with a total of 24 now in. Back on the Chart at 96*.

Bourgeois Tagg, "I Don't Mind At All", Island... Any forward momentum inside the top 20 represents serious airplay muscle--and here's what it took to push BT 20-14; 10 more adds, 153 now playing, 13 increases and over 60 heavies. And for the slow learners in the class, here's KRXQ's Ron Garrett, "It's MTV's Hip Clip Of The Week, features state of the art production from wizard Todd Rundgren, stellar management from Bill Graham, major commitment from Island, and a tour with Heart now in progress. Take a look around--CHR is all over it!! Are you slow to react or just deaf?"....

Paul Carrack, "Don't Shed A Tear", Chrysalis... This one's been building steadily for weeks--and as per the stats we're about to mention, this was probably the best one yet--certainly the most significant in terms of reflecting top 40 interest. It's new on 16, up on 14, and heavy on 26--including KBPI, KAZY, KOME, KSJO, WHCN, WQFM, and WIMZ. Again to Carter Alan and "Sounds like a hit all the way. After so many years of supporting and inspiring other musicians, it's about time Paul had a hit on his own".... Up 28-26*.

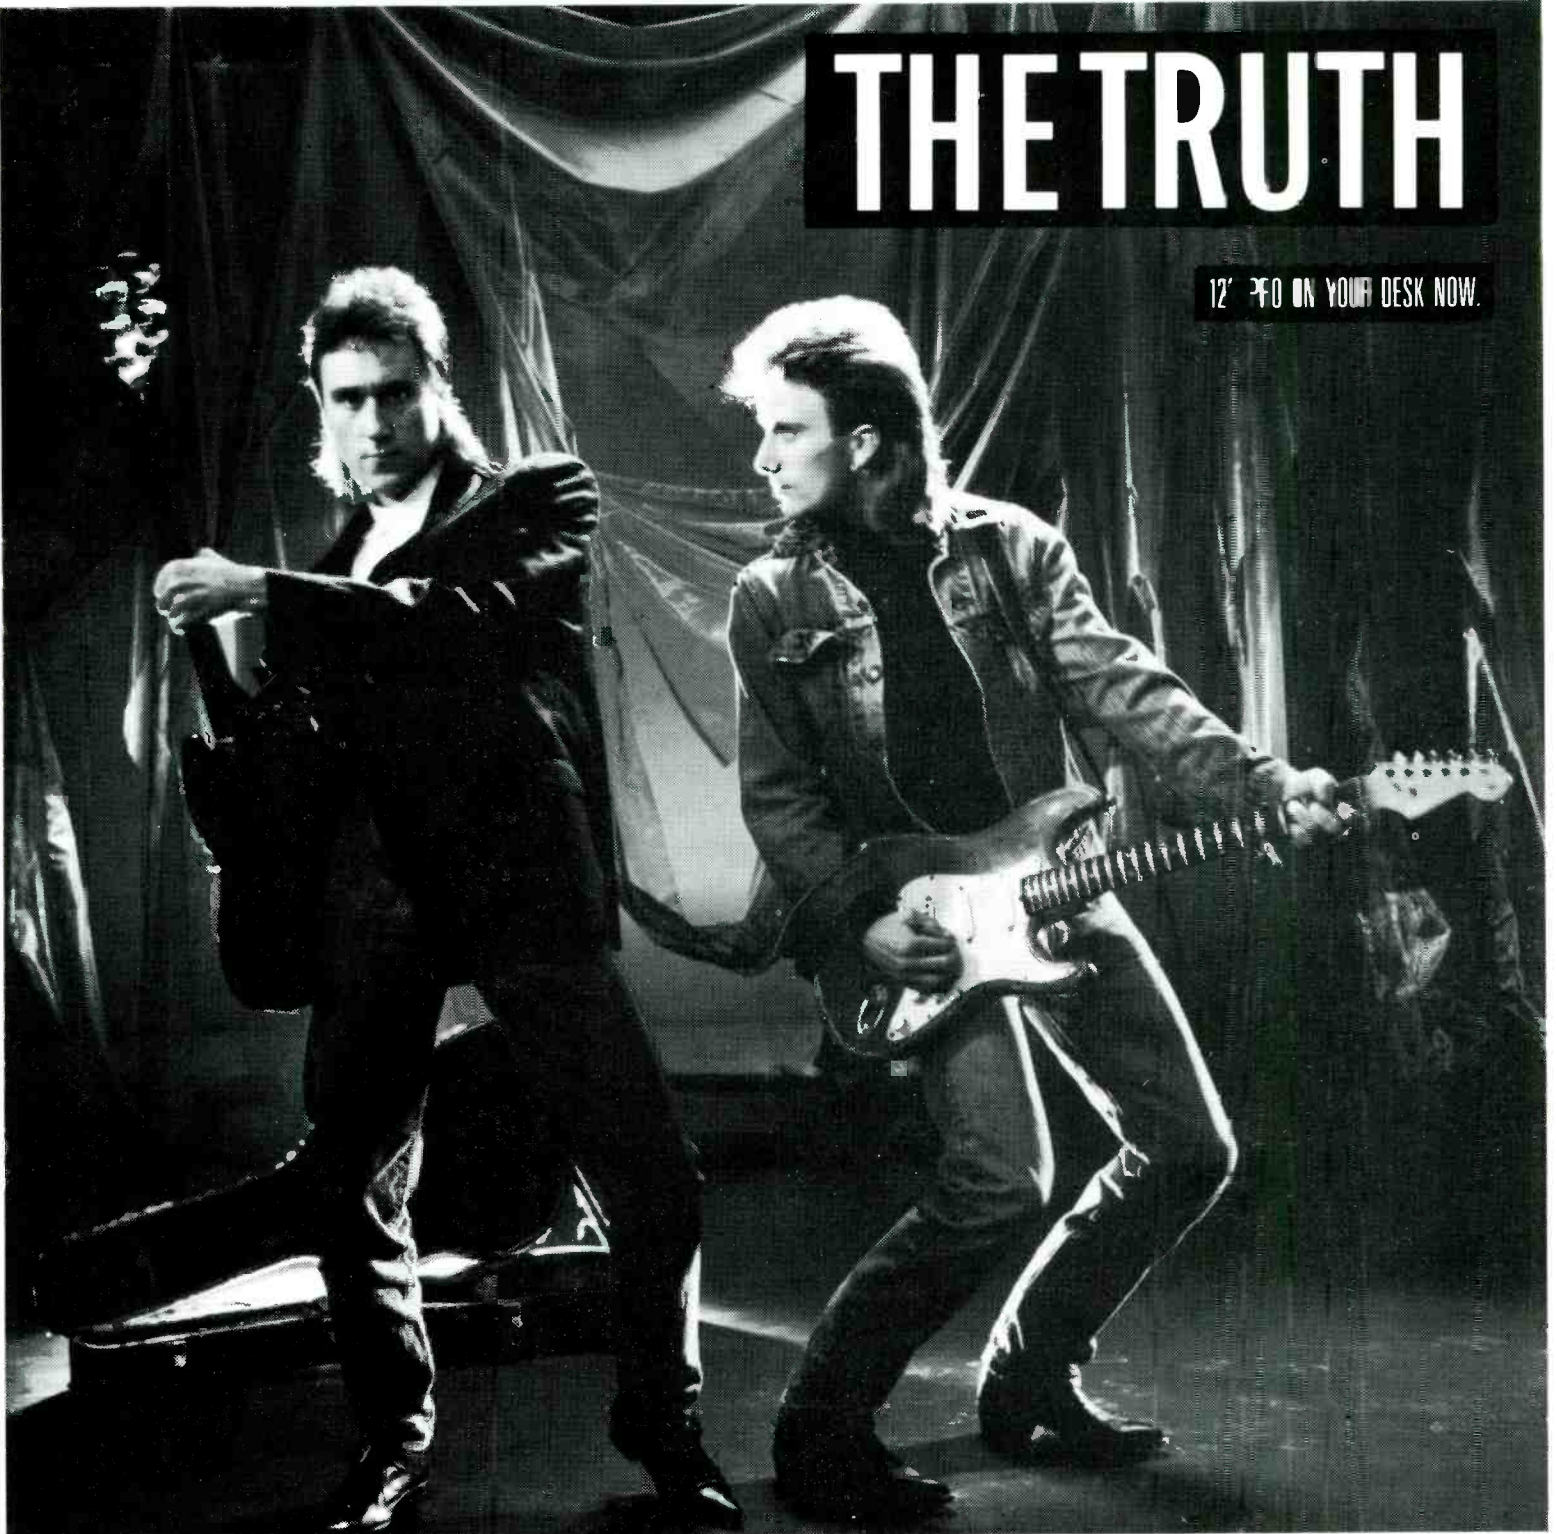

Joe Cocker, "Unchain My Heart", Capitol... Another active add week finds Joe with 10 new and 139 now playing--with 35 heavies and 10 increases factoring into a 23-18* Hard Hundred advance. KEZO's Joe Blood comments, "Joe is working very well here. The man is back and we're glad to have him; he was always taken for granted in the past".... From WEGR's Kelly Cruise, "We've unchained Joe and I think Memphis will love the funky sound. It's got the familiar feel of his previous work".... Our tip for amazing album track of the week? "Two Wrongs"--track two, right after the single.

Steve Winwood, "Valerie", WB... 5 more adds take this totally customized version to the 130 station mark--with increases at WPLR, WQFM, KMJX, KOZZ, WIYY, WKLT, WRFX, and WRIF. Lots of quick heavy reports here, too--with over 70 now heavy to power. Good phone action as well, with WFYV, WIMZ, KMJX, WBLM, WBYR, WHMD, WRDU, and WRFX all top 5.

PRESENTS

Tom Caufield

The debut album,

Long Distance Calling

Featuring,

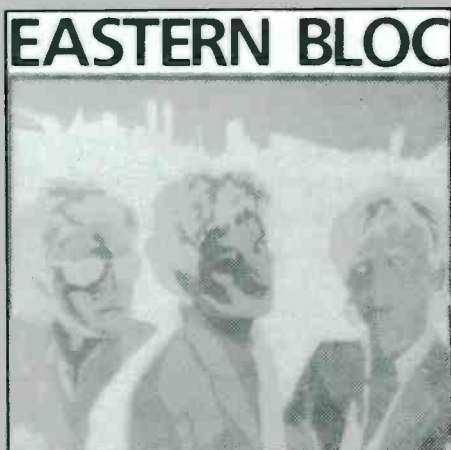

“Precious Town”

Tom Caufield has the funky kind of sound that's certainly danceable, and has the power to keep you engrossed in the tune. I've got to admit that every time I play it I find myself jumping around the control room. I truly believe it has everything—strong vocals, great horns and a beat that just won't stop. **Dave Ross, KFMU**

I've been into Tom Caufield since the advance tape crossed my desk weeks ago. We finally have room for an add this week! I can see this record turning into a big breakout record for Tom, with its great good time rock and roll sound keeping a smile on my face. **Stephen Page, KOME**

“You Got Love”

We were looking for something different this week, and Eastern Bloc hit the spot. Their basic rock and roll sound fit the bill and we think this is a great song. **Tony Montoya, KRQU**

RITCH BLOOMS AT CAPITOL

The changes are all in and it's time to report on yet another savvy move at the Tower. Capitol Records have placed 11 year CBS Records vet, **RITCH BLOOM** at the top of the stack with a recent elevation to National Director of Album Promotion. The change comes with an accompanying shift at the local level with **JEFF SHANE**, formerly with Epic, joining at Miami, **MICHAEL CONWAY**, formerly with Epic, in the Carolinas, **JON BAKER** to Cincinnati, **TIM BURRUSS**, formerly with Columbia, to Atlanta and **JEFF BLALOCK** to Nashville. When Noise contacted Ritch he was understandably happy about the way things have gone, "I would like to thank **JOHN FAGOT** for giving me a chance to work with a real pro like **RAY TUSKEN**. My roots have always been in album radio and I look forward to working with the great Capitol field staff. Together, I know we can make Capitol the #1 label in album rock." Ritch will be working off the left coast in L.A.

RELATIVITY REALIGNS IN THE WEST

Relativity records has acquired the talents of **JOHN SCHOENBERGER**, formerly VP of Album promotion at MCA to head up their west coast album division. John will be responsible for day to day radio promotion, artist relations, and press liaison. Schoenberger told Noise, "My 15 years of promotion experience with labels such as MCA, Arista and ABC along with the new insights I learned over the past year doing independent marketing has set me up perfectly to join Relativity records." John can be reached at 213-212-0801.

THE RADIO RUMBLE

WNEW/New York turned 20 and celebrated with what had to be the rock and roll birthday party in the mind of God. **SCOTT MUNI** hosted the affair with celebrity calls and appearances by **GEORGE HARRISON**, **DAVE MASON**, **JIMMY PAGE**, **JERRY GARCIA**, **JOHN COUGAR MELLENCAMP**, **CHRISTINE MCVIE**, **ROBBIE ROBERTSON**, **IGGY POP**, **JOE COCKER**, **THE FABULOUS THUNDERBIRDS**, **GLENN BURTNICK** and **BUSTER POINDEXTER** among others. Talk about top heavy with star power, this was one of those mega media events that practically defy description, so we'll stop trying. Suffice to say that it sounded great in the speakers too. Here's to the next 20 years!

Ron Garrett, PD at KRXQ/Sacramento, pictured with Chuck Berry doing an interview just prior to Chuck getting his much deserved star on Hollywood's Walk Of Fame. Rumormongers had Ron interviewing Chuck for his morning show slot but Chuck couldn't duckwalk to a post to save his soul.

WLZR/MILWAUKEE continues to be a haven for an exodus of former WQFM staffers. Reports have **JAY PHILPOTT** and **CHIP HOBART** both joining former FM buddy **GREG AUSHAM** at WLZR. This has pushed 'LZR jock Downstairs Dan back across the street to WQFM where other staff acquisitions include, John millinder from KHIH/Denver for mornings and Z-Rock's **CRAIG "The Killer" Kilpatrick** for evenings. All in all, things are sizing up as one of the great cross market wars in recent memory. Now all we need is for WQFM to name a new PD and we can really get things started. This should be one for the books. Once things settle down, look for a market breakout a la our focus on the Sacramento AOR situation in this issue of the HARD REPORT.

WGIR/MANCHESTER has upped Jon Erdahl to Ops Manager for both their AM and FM property. Jon will be working with **KEVIN HAMILTON** on the AM's News/Talk format while maintaining control of the FM's AOR programming. Jon's track record includes KQWB/Fargo and WFXR/Charleston.

KSNO/ASPEN is in the market for a morning airtalent with all the usual requirements in place and well exercised. Bright, creative and experienced folks should apply to Vic Garrett at 620. E Hopkins, Aspen, CO 81611.

WDVE/PITTSBURGH celebrated Halloween with a big show featuring Heart. The Capitol recording artists swung through town and Ann and Nancy left thousands rocking in their wake.

KGON/PORTLAND is changing music call hours to 11-2pm on Monday, Wednesday and Thursday. Record type folks should please take note and help Inessa out. As did Epic recording artists the Insiders and Mason Ruffner, who stopped by for a show and some casual chatter on air.

WHJY/PROVIDENCE and PD, Ken Carson have separated. MD Glenn Stewart is acting PD for the interim and all interested parties should send a letter outlining your program philosophy and plan to GM, Janet Karger at 115 Eastern Ave., East Providence, RI 02914. Janet promises to respond to all serious inquiries and guarantees absolute confidentiality.

- A)....Bill Carter, whose Screaming Blue Messiahs are yabba dabba dooing on a station near you.
- B).... Sinead O'Conner, whose single "Mandinka" is poised for a major run on American radio.
- C)....Bonecrusher Blitzkrieg, master of the sleeper hold and stomach claw, a truly vicious person.

WIOT/TOLEDO MD, Jim Steel is going on R&R following the Browns overtime defeat to the Rams. Friends report him close to borderline despair. Flowers and condolences can be directed to him at the station. As a frustrated Raiders fan, I'm sending him an Eric Dickerson "Trade Me Or I'll Pout" doll. The station meantime is gearing up for it's 15th birthday. A big party is expected with all the trimmings.

WMRY/ST. LOUIS has a new GM, Thom Callahan. Changes in MD, Kim Pool's music calls are also reported. Kim will now be taking calls Thursday and Friday only from 9am-1pm.

WMMR/PHILADELPHIA threw their 3rd Annual Halloween soiree for listeners. Grand Prize for the best Werewolf costume was a trip for 2 to London for a week. Musical mayhem was provided by that suave dude, Buster Poindexter and the Banshees of Blue. Buster is getting prepped for his big satellite broadcast and a well orchestrated attack on boredom everywhere. The man is a living, breathing dynamo and should not be missed.

WDHA/DOVER put everything on the line when they let Mojo Nixon pilot the morning show recently. The man with an opinion about almost everything took control and I understand that a "Draft Mojo" movement has erupted as a result. Mojo's platform is built on the mass destruction of all shopping malls, mandatory drug tests for the police and politicians only, and more boats for Elvis.

WOXY/OXFORD had a fine time with Peter Holsapple of the DB's who stopped by during the band's tour. Not only is Peter a gifted radio interview target, but the opening set turned in by the DB's for REM put the audience over the T-O-P.

WHCN/HARTFORD spent some time with vocal heart throb, Paul Carrack on the air recently. Paul even showed up at the station Halloween party dressed as a Paul Carrack. No identity crisis here.

KBCO/Boulder put together a screening of the new Dead video, a home cooked production, co-directed by Jerry Garcia and Len Dell'Amico. The hour long video stacked 'em to the rafters and we can only guess how many units will be sold when the tape hits the market this weekend.

WOUR/UTICA has been sold, after much 11th hour maneuvering, the papers have been signed and another New York based broadcast group will be assuming control very soon. No word regarding any possible changes at this time.

KICT/WICHITA MD, Phil Thompson reports to Noise that his music hours are changing. Phil will take calls from Noon to 2pm on Monday and on Friday from 1-2:30pm, CST.

KUSF/SAN FRANCISCO Program Coordinator, Tim Hyde, has been signed by Polygram to head up their National Alternative section. Tim will eventually relocate to the East Coast.

KGB-FM/SAN DIEGO scored a big win with their Halloween Ball recently. One thousand pints of blood were donated and a whopping 10k gathered up for a local charity fighting child abuse. Kudos to all involved.

WLVQ/COLUMBUS PD, Buzz Knight has taken on afternoons at the station. His shift follows MD, Wendy Steele who is on air from 10-3pm as of now. No further changes reported.

**SACRAMENTO SIZZLES WITH NEW MORNING LINE UPS
KRXQ TAKES ON KZAP**

The fortunes of the format have certainly shifted. There was a time when few markets in the country felt comfortable supporting more than one AOR. Now the number of markets being serviced by two and sometimes three AOR's is on the rise. In the first of our analysis of these highly competitive races, we focus on the changes in Sacramento, a market that was formerly owned by **KZAP** with double digit performance. Then the town got rocked by a major CHR explosion that shook everything up. **KZAP** made some alterations, riding things out with a resulting change in their demo profile and a somewhat reduced but still healthy market share. When **KRXQ** debuted, the station took a hard rock, younger demo stance that helped to further muddy the waters while building a solid 18-24 profile for their evolutionary growth. Now that they're established, **KRXQ** is making moves on a broader based listenership, resulting in a gradual increase in audience. In fact, both stations are expanding their respective audiences at the expense of other formats, proof that the permutations of AOR can combine to magnify the overall impact of album rock.

Some of the latest moves in this scene center on the repositioning of both station's morning shows. Some familiar faces are popping up in the morning slots. The changes will inject a new note of high personality competition in the critical AM drive. And, as we all know, it's key to a winning strategy to carry that daypart.

At **KRXQ** they have signed a local favorite, Kevin "Boom Boom" Anderson, to do the wake up shift. Aside from working at 93 Rock when it was CHR, Kevin had also spent 3 years at **KZAP** doing some truly great things on the air. He replaces Bill Hergon and Mary Ellen and after a year on the beach, his creative juices are boiling. Kevin has been researched by **KRXQ** with consistently positive results and, even after a considerable absence from the market, his audience name recognition is incredibly high.

When we talked to Kevin he was still flush from his return to action. After a flirtation with cartooning he has redirected his energies to morning show mania with a vengeance, "Although I have a lot of friends at the ZAP it is my intention to pull their intestines through their noses and dance on their brains." After Kevin settled down we talked about his mano y mano stand off with Bill Prescott, "Bill is a great guy, he will definitely keep me on my toes. In the long run that's bound to make things better for the listener as well." Sizing up the competition Kevin cites, "An over reliance on classic product that is going to burn out sooner than they expect." And with regard to his own show, "I want to get into doing my own news. It gives you a great platform for commentary that works well."

KRXQ PD, Ron Garrett is glowing about the change, "With Kevin we've gone from a bad Merv Griffin to a great David Letterman. This is the one element that we needed to complete our run on **KZAP**, a morning talent with great wit and a built in relationship with the audience." The market is getting more exciting than ever and with **KRXQ** working on signal improvement, the stage is set for a classic all out battle. The addition of a proven market pro like Boom Boom gives Ron a great sense of confidence about his line-up. "With Kevin we got the real thing. I'm sure the guys at **KZAP** will do good stuff, and Bill Prescott is a real talent, but now we are ready to get in their face like never before."

Across town at **KZAP**, Bill Prescott has moved into the role of morning man to the stars. Bill has been a long time fixture at the station and, as Music Director, helped take the station from their rivet head approach to a more full service orientation. As one of the primary architects of the station's change in direction, Bill has an innate understanding of the approach most effective with the huge audience that **KZAP** claims. The gig, did however, come as a total surprise. He had already given his notice of resignation and was preparing to take the MD position at **KZEW/Dallas** when he was offered a shot at mornings. The opportunity was just what Bill was looking for and he reversed direction immediately. Following what they have labeled as their best book in 19 years, **KZAP** with Bill Prescott in the mornings is getting ready to build on their continuing strength.

Bill remains one of the most likeable guys in the biz right now. When we talked to him about his new wake up time and the attendant changes in his shift he responded with typical enthusiasm, "It's great! I steal stuff from a lot of different places but I manage to put it together in a way that sounds unique. We hope to have a lot of listener involvement down the line but for now I'm just throwing out a lot of preconceived ideas about how the mornings should be done. We're not doing a lot of pre-produced bits and theatrical scenarios." Bill also taps one of the great strengths of **KZAP**, "At this station we aren't really announcers so much as we are just people talking to people. We might take this act to Boston and bomb but you can't tell us anything about Sacramento." More and more, this sense of localization is key to a new generation of successful AORs.

KZAP PD, Tom Cale had been considering Bill in the morning guy role for some time and gratefully stepped out of the shift himself to concentrate on his programming duties, "Bill is perfect for the job. His humor is just right for the 25 + audience we target." Comparing Bill to the competition Tom tells us, "It's like the difference between Don Rickles and David Letterman." Despite the fact that all these PDs watch way too much late night TV, it's obvious what they want in the way of targeted personality radio. Relatable humor over guffaws, cogent cultural satire over whoopie cushions, the pattern is there for all to see.

It seems that Nationwide had to cash in a small arab emirate to retain Bill's services and to add the talents of **KFOG** vet Jon Russell to their bench. Jon has been signed to do Bill's vacant evening shift and don't be too surprised if he slides into the MD post as well. This infusion of big budget moves by **KZAP** management shows just how highly prized their unique blend of personnel is in the front office. Jon had worked at the station in 79 through 81 before putting **KRQR** on the air in 81 and segueing to **KFOG** in 85. His PD and MD experience will doubtless come in handy at his new home. "The more I thought about the offer, it made too much sense not to accept. I've got a lot of family in the area and it's going to be a lot like going home."

With Jon in place, Bill doing mornings and Tom Cale freed to accomplish more as a programmer, **KZAP** has a formidable team with which to defend their market dominance. But don't count out the strong desire to win that best characterizes Ron Garrett at **KRXQ** or the add water and stir, instant popularity of a prodigal like Kevin "Boom Boom" Anderson. The Fall book is just a preliminary to a fight in 88 that will bear close scrutiny.

PICKS

PETER HIMMELMAN "GEMATRIA" (ISLAND)

After his stunning debut with *This Father's Day*, Peter showcased his talents as a composer and performer fueled by raw emotion as a main ingredient for his sensitive and personal style. He continues into the next career chapter with mature writing character intact over abstract themes transformed by his heartfelt delivery and production finesse. Ballads like "1,000 Years", "Salt And Ashes" and "Fight For The World" demonstrate soft rock crossover potential and the popular dynamics in "Waning Moon" make it the radio focus track that leads to a 35* Debut this week. It is more evident than ever that Himmelman is an artist for the future who's time has come. His dedication and musical sensibilities translate to a record with mass potential that will establish him as an important force in American music.

THE GODFATHERS "BIRTH SCHOOL WORK DEATH" 12" (EPIC IMPORT)

If you're wondering what they've been up to lately, this interim effort is the perfect answer for idle ears. Expect a full album in '88 thanks to a wave of U.S. reaction to the onslaught of import singles and a tour that left a lasting impression nationwide. Although this 12" has yet to be serviced, its impact is already being felt from those programmers who did seek it out. Just the title alone makes you want to rip it open, but the Godfathers rip through with guitars and chants that reach farther than their in-crowd fans. If this single doesn't inject quick interest on the air waves then it's good night John Boy.

THAT PETROL EMOTION "GENIUS MOVE" 12" (VIRGIN IMPORT)

The label might have changed but that perpetual rhythmic bounce is still in full force as they slip in a single fix to end 1987 with another genius groove. This band seems to take the simplest beat pleasures and add a guitar that sends listeners sky high. Producer Roll Mosmann (Swans, Wiseblood) is still on target and the real story is this: Make it a point add this to the new rack or your audience will call you on it! The scene is set for the future, but that means act now. Place a few bets on the B Side "Party Games" after you pick up a copy from Mr. Brown, Virgin NYC.

THE GRAPES OF WRATH "TREEHOUSE" (CAPITOL)

They've come a long way since their stirring debut on Nettwerk/Canada, later reissued and serviced in the U.S. The proof is in the plastic as their

youthful blend of harmony and song moves along an upbeat production path guided by Tom Cochrane. They played their first American show at NMS '87 to resounding applause and now Treehouse hits for an encore. In just one week we've already seen the effects with early adds at KJET, WOXY, KTCL, WHTG, WBNY, CFNY, KRCK, KTAO, WKXL and more. As their songs travel the topical wave of human relationships the Grapes catch your attention with a vocal hook in "O Lucky Man", or the placid memory of "Backward Town" for openers. "Piece Of Mind" surges with a simple beauty and the acoustic treatment of "Jewel In The Hand" serves up a midtempo track that you won't overlook.

FETCHIN' BONES "GALAXY 500" (CAPITOL)

Always extending the boundaries of conventional sound, Fetchin' Bones is a gutsy, promising group who follow their instincts with a chemistry that has provided a winning formula for them ever since the first record which is not yet 3 years old. It's the portrait of all players at their optimum state led by Hope Nicholls' striking vocal presence that lays a foundation for their variety of influences including punk, funk and country. Galaxy 500 contains their best work to date - a swirling sound scape of harsh texture and soft chord progression to challenge your mood and shake your soul. Their creativity is refreshing yet not overdone, and on this album, Fetchin' Bones sound like they've pinned down what makes the whole idea tick with the charming bounce of "Sourpuss" and the funky twist of "Stray". College radio won't stop there with "Binoculars", "Chicken Truck" and "Kingdom" as extra spins.

GAME THEORY "LOLITA NATION" (ENIGMA)

Since 1982, Game Theory has touched a nationwide pool of press and radio admirers with a psychedelic-pop-extravaganza that met with acclaim and served as creative motivation that leads the band to their newest double album achievement. As a group that travels in its own musical time and pace, enter Lolita Nation which houses a diverse line-up ranging from 10 second sweeps to their dub-version of disorder to music that cues rock critics into a state of adulation. With 2 discs to discover, "We Love You Carol And Alison" followed by the concentrated urgency of "The Waist And The Knees" are a magnetic lure for more of Scott Miller's curious pop interpretations found in "Chardonnay" and Donnette Thayer's vocal lead in "Mammoth Gardens".

DEFENESTRATION "DALI DOES WINDOWS" (RELATIVITY)

Forming in 1982 for most of the same reasons bands do, Defenestration released one Ep before signing to Relativity. Sum this debut up as artrock with a metal edge and you're just skimming the surface. The music is tightly knit and fused with energy, and Tyson Todd Mead makes a roaring vocal appearance as well. The definition of Defenestration (say that 3 times quickly) means to throw a person or thing out of a window. Read into it what you will, but it could have something to do with conformist ideas or diluted standards by the sound of things. Producer Randy Burns melts his colorful background into the music (having worked with Megadeth, Flaming Lips, Zoetrope) by working in powerful punctuation while retaining a hard garage edge. Scratch the surface noise to discover the raw steel hook in "I Must Have Been You" and the mixed layering of "Misplaced Messiah". "Bedlam Revisited" followed by "She Has No Soul" offers more insight into this promising band from Norman, OK. with a hint of folk melody in the mix.

SOUP DRAGONS "HANG-TEN!" (SIRE)

Now available domestically is the Soup Dragons singles collection which first appeared via underground outlets during their stay on the British Indie charts. In a word? Personality. The Soup Dragons are the 1980's version of surf music turned skate board turned upside down. They might even be Scotland's version of the Ramones in plaid and paisley. The outcome is multi-colored fun that starts with "Hang-Ten!", "Whole Wide World" or "Head Gone Astray". A new album is planned for next year, but it's nice to fill in the gaps where the initial buzz was missed.

NEW THIS WEEK

THE PIXIES "COME ON PILGRIM" (4AD IMPORT)

Mapping out a distribution plan much like Throwing Muses, Boston's Pixies will get their shot across the Pond and are bouncing back to U.S. shores through Thirsty Ear Communications (310 Madison Ave/1506, NYC 10017). A looming darkness adds to the mystic of their crashing guitar effects and melodic abandon - and Black Francis' treats every note as a hungry opportunity to spill his nervously delightful voice. If you like to explore underground treasures, add this one to the collection. Try "Vamos", "Ed Is Dead" and "The Holiday Song".

-Remember the famous freeway shootings out in L.A.? Well here's another. It seems that Sacred Child's guitarist and manager (Chuck Rosa and Glenn Bard) barely escaped with their lives while cruising the freeway. (See picture for bullet hole) At approximately 4:45 in the PM and unidentified person in a conspicuous puke yellow VW shot at them, before pulling off the road. One story WE couldn't pass up!

MUSIC NEWS!

What's happening metal dudes and dudettes?! This is Sal "Alcohol Conventioneer" Treppiedi reporting this week's metal news. Ready or not, here we go.

Wycked Records, which was established recently, is currently seeking hard rock and heavy metal acts for possible recording contracts. If you're interested, you can contact Wycked by writing to: Mike Walters; Wycked Records; c/o Star Communications; P.O. Box 67-d-05; Century City, CA. 90067. The label will be releasing a compilation album entitled "Underground Explosion". The label is still looking for acts to complete the lineup. Wycked will be distributed by Enigma.

Michigan's Medieval will be releasing their first full length LP on New Renaissance Records. The album is

entitled "Medieval Kills" and will be out in December. The band, which features Willjious Amsbuist on drums and vocals, Timmy Amsbuist on guitar and vocals and Elwood Chew on bass, previously released a mini-LP entitled "The Reign Of Terror".

Canada's Killer Dwarfs, metal's answer to gymnastics, have signed with Epic Records. The band's last release, "Stand Tall" brought the Dwarfs back into the limelight after a short absence. I recently spoke to Russ Dwarf regarding his signing.

HR: Your thoughts about the signing.

Russ: We were definitely blown away. This is a chance for everyone in the world to check out the Dwarfs. Epic seems to be the big boys on the block. We always believed in the Dwarfs and now another person has been converted to Dwarfville.

HR: What are your current plans?

Russ: The plans are that we've been here for five months rehearsing. This week we're going to go in and do some demos. We're still picking a producer. We haven't decided on anyone yet. Hopefully, we're going to go in, in about two weeks to begin recording at Phase One in Toronto. We're hoping to have the album out by January. We're going to start a new video shortly.

I don't know about you, but I feel it's about time this band got a break like this. Having known their manager for quite some time and having witnessed the band live, it does my heart good to know that there was someone at Epic who saw the talent and energy in this band. Congratulations guys. It's about time.

Liege Lord have parted with vocalist Andy Michaud. According to bassist Matt Vinci and drummer Frank Cortese, there were problems with Andy and the move was one that was for the good of all the parties involved. The band is now actively in search of a vocalist. All interested parties should contact me, Sal Treppiedi at (212) 741-8310.

Bill Peters is a man who has had a tremendous streak of good fortune. I know what you're thinking -- who is Bill Peters? Peters is the man who put Auburn Records, and Cleveland metal in general, on the map. He recently had Shok Paris released on the IRS/Auburn label. Shok Paris begins a tour with Lizzy Borden in two weeks. Now, Peters has signed a three year, twelve album deal with Island Records. The first two releases will be Destructor and Denver's Jag Panzer. Don't the rest of you indie labels wish you had this guy's good fortune? Good luck, Bill and have a glass of champagne on me.

"Two top Combat bands will be going out on a mini-tour. Nuclear Assault and Zoetrope will be doing several dates together. Zoetrope is currently supporting their killer album entitled "A Life Of Crime". Nuclear Assault will apparently be going in to write and record their new album.

That's all for now folks. Until next time, this is Sal "Earl Of Earache" Treppiedi with some scary news. It is alleged that after hearing that Billy Sheehan left David Lee Roth's band, Mr. Death will apparently be auditioning for his band. He told me that if he gets the gig, we can expect Roth's new album to be a collection of death metal songs which he personally will write. Take care. MUJA!!!!

BRYAN ADAMS led the Juno awards in Canada, winning the entertainer of the year award and his fifth award as top male vocalist. K.D. Lang celebrated her 26th birthday by breaking Anne Murray's long-running winning streak at the Junos. After winning 17 awards in a row, Murray was not named the top Canadian female vocalist at this year's awards.

BRUCE SPRINGSTEEN has filed a 17-page court brief defending himself against charges that he shorted two employees for "thousands of hours" in overtime pay. He's asked that the lawsuit brought by Michael Batlan, a guitar technician, and Douglas Sutphin, a musical coordinator, be dismissed. Both men worked for Springsteen for ten years. Springsteen's answer concedes that the workers' pay was docked, but offers no details. Batlan contends his pay was docked \$698.81 because he missed a cue during a concert. Sutphin said he was fined for handling Nils Lofgren's guitar, to check if it was in tune, at an inappropriate time. Springsteen denies that he took one of Batlan's paychecks and gave it to a Pittsburgh food bank without his permission. The two men claim that Springsteen withheld \$311.11 from each of their paychecks to pay for a canoe owned by Springsteen that washed away during a storm in 1984. The response filed by Springsteen denies the lawsuit's claim that he had "attained astronomical financial success as a musician and performer" by 1982. It does acknowledge that he "had become a successful musician and performer."

A collection of paintings by **RON WOOD** has gone on display in London. His portraits of people ranging from Louis Armstrong to Annie Lennox and Madonna are being shown at Katharine Hamnett's clothes shop in London's Brompton Road. Wood has been drawing since he was at school.

BOSTON has donated \$10,000 to the Hospice of St. John in Lakewood, Colorado, for the care of AIDS patients. The group plans to give over \$100,000 to hospices in cities on its current U.S. tour, for use in caring for AIDS patients.

The members of **DOKKEN** may still have trouble getting along with each other, but it didn't hurt the making of the band's new album, "Back For The Attack," which will be out later this month. "There were lots of discussions about the direction and the stance of the album," says Jeff Pilson, the youngest member of the band. Guitarist George Lynch and singer Don Dokken don't sit down together to write songs anymore. "The thing is, Don lives in L.A. and the rest of us in Arizona, so it's sometimes difficult getting together in the early stages of an album," Pilson says. "But if you look at the credits on 'Back' you'll see they collaborated on six of the songs, so obviously not being in the same room hasn't hurt their writing together any." The band has completed a video for "Burning Like A Flame," the first single from the album, in Boston. "It's all about this girl more beautiful than life itself, with hair as flaming as mine and she's fixated on Don, and she grabs him and is uh, assaulting him with friendly intent. Since they've not been introduced, Don is trying to get away, and we show up in this firetruck and put out the flame. It's pretty hilarious and I don't think it exploits anyone. It's sexy humor as opposed to humorous sex." One of the other tracks on the album is an anti-AIDS song called "Kiss Of Death." "We're not gonna 'heavy message' anybody" with the song, Pilson says, "but we think the lyrics are enough to the point that people will get it."

BARNEY SUMNER and **PETER HOOK** are planning to record solo albums, but rumours that **NEW ORDER** are breaking up have been denied. The group is said to be working on a new LP for release next year. Hook is said to be planning to work with Mark Reilly (formerly of The Fall) and Mike Joyce (ex-Smiths) for his solo record.

After playing four sold-out shows in South Africa recently, **STATUS QUO** could face a lifetime ban on performing in Britain and abroad. The band defends its appearances at the Sun City entertainment complex by saying that the group paid for a children's van with the earnings and that all royalties from their South African records sales will be donated to a home for mentally retarded children. The band's appearance goes against a United Nations cultural boycott of the country. The British Anti-Apartheid Movement has put the band's name on a U.N. blacklist, which could prevent the veteran band from appearing in concert in many parts of the world.

The recent hurricane-force winds and storms affecting Britain almost made a casualty of **AMAZULU'S** lead singer **ANNE MARIE**. The group is currently in the British charts with its version of "Mony Mony." It was after getting up in the middle of the night and listening to her song on the radio that Anne managed to avoid a tree branch which collapsed in the wind and came crashing through her bedroom window. Anne said later that if the DJ hadn't been playing the record on the radio, she could have been seriously injured.

JIMMY BUFFETT and the **CORAL REEFER BAND** are putting on two benefit concerts in Florida next month. Buffett will play in Key West on November 28 to raise money to save the area's salt ponds and coral reefs. The following day, he'll play the Miami Marine Stadium to raise money for the International American Scholarship Foundation.

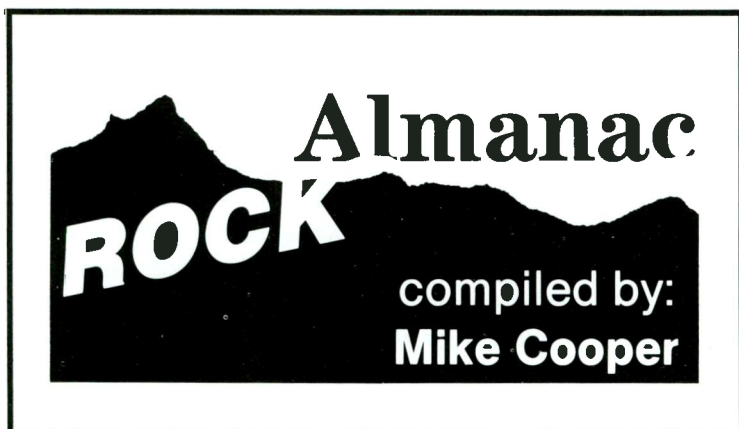

"Crazy" by **ICEHOUSE** came about because the band had been told its tunes were not "strong singles," says Andy Quanta, keyboardman for the band and author of the song. Quanta, Iva Davies and Bob Kretschmer sat down and wrote the tune, which was a number 4 song in Australia. The "Man Of Colours" album reached number 1 on the Australian LP charts. "We make a conscious effort to write little stories with central characters," Quanta adds.

THE BODEANS seem to be big fans of the Ramones. On their current U.S. tour, the band has been offering a cover of "I Wanna Be Sedated" as their first encore, introducing the Ramones tune with the statement, "Here's a song by one of our favorite bands."

CATERWAUL, a Phoenix band who have a track on the new "Scream" compilation, will go into the studio in January to begin recording their debut album for the Primitive Man label. Dennis Herring (Timbuk 3, Camper Van Beethoven and the Truth) is scheduled to produce the album, tentatively entitled "Pin And Web."

Chevy Chase appears in **GEORGE HARRISON'S** video for "Got My Mind Set On You." The clip was directed by Gary Weis, who is probably best known for the short films he did for the early days of "Saturday Night Live."

The b-side of **STING'S** new single is a duet with a difference. It's with his pet dog, William. Called "Conversation With A Dog," it features Sting chatting with his cocker spaniel about the meaning of life.

"Box Frenzy" by Pop Will Eat Itself (Chapter 22)

Some glorious thrashing punky fun that Alternative may want to tap into. Pop have a great sense of humour too, mocking everything from disco to Sigue Sigue Sputnik. That said, is it really necessary for Pop to climb on The Beastie Boy sexism, rampant throughout the album? We learn that "Beaver Patrol" was not after all a one off and it seems to me that it's possible to have aggressive fun and still graduate from schoolboy wet dreams.

UK MUSIC NEWS

The new **SMITHS** single off the "Strangeways" album is "I Started Something I Couldn't Finish." The flip side of the 7 inch will feature a previously unreleased version of "Pretty Girls Make Graves" from a 1983 session produced by Troy Tate for the BBC. In addition, on the 12 inch will be a live version of "Some Girls Are Bigger Than Others" recorded at an Artists Against Apartheid concert at the south London venue of The Brixton Academy, last winter. In Smiths tradition, the jacket carries a photo of Avril Angers from the classic 60s British working class film "The Family Way." Rough Trade are also re-releasing "William It Was Really Nothing."

At the time of writing, a court in Texas has ordered **DAVID BOWIE** to submit to an AIDS test after a request from a 30 year old woman who has accused him of raping her, according to Reuters, Wanda Nicholls alleges that the 40 year old singer ripped her dress, forced her to have sex, bit her on the back and legs and then told her "Now you've got AIDS." She has since been tested for exposure to the virus, but doctors have advised her it might take several months to show up. The alleged rape took place at a hotel room on October 10th after an all night party during the Dallas part of his world tour. According to "Melody Maker," the woman attended a second Bowie concert the night after the alleged attack and did not report it until two days later. Nicholl's lawyer, Mr. Robert Rose said: "He's a reputed bisexual isn't he? She didn't want to have sex with him because of the risk." After investigating for a week, police said they could not find enough evidence to bring charges and referred the case to a grand jury, which will decide whether the case should proceed. It is due to hear evidence on November 11th. Mr. Rose said that his client had passed a private lie detector test on her accusations. A spokesman for the singer said he had no immediate reaction to the AIDS-test order. Bowie does not deny spending the evening with the woman but has described her allegations as "false and outrageous" and an attempt to gain publicity. The singer has just flown to Australia to start the final leg of his world tour which began last Spring.

THE POGUES new single "A Fairy Tale Of New York" will be released on their own label as has its founder Dave Robinson. The band's new label is called Pogue Mahone, which is gaelic for "kiss my ass." Pogue Mahone was, in fact, the original name of the band, but they had to change the name after radio stations in the UK said they would not play their records. The single comes from their third album due out in December. The fact that the group have set up their own label, which will be distributed

by ZTT, finally puts an end to hot speculation that The Pogues were signing to EMI.

PREFAB SPROUT'S new album is out in January. The as yet untitled package is a follow-up to their hugely successful 1985 album "Steve McQueen" and will feature 10 new cuts all written by band leader Paddy Macaloon. Stevie Wonder plays harmonica on one track called "Nightingales." Four of the cuts were recorded in Los Angeles, the other six in Britain. The band have just lost drummer Neil Conti, who has joined Level 42.

UB40, currently enjoying a British hit with their new single "Maybe Tomorrow" and working on a new album with Robert Palmer, have just released a greatest hits album called "The Best of UB40, Volume One." The collection is available on vinyl, cassette and CD. The tracks are "Food For Thought," "King," "My Way Of Thinking," "One In Ten," "Red Red Wine," "Please Don't Make Me Cry," "Many Rivers To Cross," "Cherry Oh Baby," "If It Happens Again," "I Got You Babe," "Don't Break My Heart," "Sing Your Own Song," "Rat In My Kitchen," and "Maybe Tomorrow." A video is being released simultaneously.

In interview with "Number One" magazine, **THE CURE'S ROBERT SMITH** reveals that he has adopted two children in Guatemala -- not literally, but by sponsorship, paying for their food, education and so on. Says Robert: "I've got two and my girlfriend Mary has two. It's difficult to tell how they're doing really. They're still alive; they write happy letters and they draw very brightly coloured pictures. I suppose that means they're doing alright, but I mean--I wouldn't like to live in Guatemala. I very much doubt if they think of me very much; I never think of them as my children; they're only adopted in my name." Smith also reveals that the people he most respects in music at the moment are That Petrol Emotion and The Jesus and Mary Chain. The group he most hates are Scottish pin-up boys Wet Wet Wet.

Irish rockers descend en masse this week in London for The Irish Rock Week at The Mean Fiddler Club. Each night holds its own surprises with St. Vitus Dance, a mean Julian Cope style troupe starting things off. Understated stars of the week will be the much publicised **HOTHOUSE FLOWERS**. This talented band absolutely HATE being compared to U2, but they do sound remarkably like them in style and passion. Other Irish artists to look out for are Sinead (pronounced Shin-Aid) O'Connor, much praised in this column with her "Lion and the Cobra" album. From the war torn streets of Belfast, angry folkie Andy White will have new material out soon. Virgin's In Tua Nua also seem to be a band just waiting to be discovered. Ireland bares its heart and soul with determined force.

It could be that there are currently a few artists more in need of LP sales than **BRUCE SPRINGSTEEN** at the moment. A recent copy of "Forbes" business magazine examined the earnings of the mega-rockers and Brookie comes out on top by about 20 mansions. In a two year period, our blue collar hero has bagged \$56 million, while **U2** claim \$37 million, **ZZ TOP** \$31 million, **BON JOVI** \$29 million, **VAN HALEN** \$25 million, and **PHIL COLLINS** only a puny \$12 million. **MADONNA**, **WHITNEY** and **MICHAEL** also did disgustingly brisk business, but exact sums would only have you weeping into your rating books.

UK INDUSTRY NEWS

"The New Musical Express," perhaps Britain's most famous music paper is sinking deeper into trouble. In recent weeks two senior NME staffers have resigned, a third has put in a request for a transfer, five journalists are seeking alternative employ-

ment while a total of 34 have signed a letter of no confidence to their editor Alan Lewis. Since Lewis took over three months ago he has eliminated explicitly political features from the paper and has insisted that all expletives be printed in asterisk form only. The root cause of the problem? A steady decline in the paper's readership since 1982 culminating in dumping 16,000 readers last year to bring their current total to 88,000, less than half of their readership of three years ago. A new morality is being insisted upon by the owners of the paper which does not sit well with their demoralised staff. In April the NME will be moved from their current home to the corporate high-rise headquarters of IPC, their owners. The company tried to do this ten years ago, but the staff rebelled, and won. The times they are a changing...

In the UK, Polygram has bumped BMG off the top of the leading singles company in the "Music Week" market survey for the July-September quarter of this year, rising from third place in the previous quarter to take 14.4 percent of the share; BMG is second with 12.7 percent and WEA is third with 12.5 percent. In the albums CBS leaps up from third place in the last quarter to take away Polygram's crown and take 17.4 percent of the share. Polygram are second with 14.9 percent, WEA third with 13 percent. Full graphs of the market survey can be found in "Music Week," 31st October edition.

There have been alarming incidents in recent weeks to suggest that Britain may be about to embark on a road of censoring rock music. As reported in these pages, Flux of Pink Indians, the Manchester indie band are undergoing prosecution at the moment for their last album and The Dead Kennedys have met similar opposition to The States for their famous poster. Whether this is spurred on by American style religious fundamentalism or by right wing pressure groups remains to be seen. I suspect the latter, since the Pat Robertson's of this world have yet to gain an appreciable foothold in this country even among the more loopy right-wingers. But censorship of a much more sinister nature was reported in "Time Out" magazine this week. It was uncovered by the NME that the large HMV retail chain circulated a secret document to their stores titled "Obscene Product List, Not To Be Stocked." Among the more obvious names -- everything by Crass and the Dead Kennedys were some more curious choices such as Microdisney's "We Hate You, You South African Bastards" which apart from the word "bastard" seems to contain little obscenity. HMV are owned by Thorn-EMI which has 29 subsidiaries in South Africa where it enjoys brisk business. Inquiries by "Time Out" as to whether this -- as opposed to obscenity -- was the reason for HMV's banning of the album were met with a repeated "no comment." I think we should be told.

IN BRIEF

New albums include **BRYAN FERRY'S** "Bete Noir" featuring the sumptuous "The Right Stuff," **GEORGE HARRISON'S** "Cloud Nine" and "Eye Of The Hurricane" is the latest from amiable Welsh rockers **THE ALARM** featuring ten new cuts, including their top ten hit here "Rain In The Summertime" ... **HURRAH'S** new "Way Ahead" album, already reviewed by some music papers here is in fact a bootleg. The album is a hand held recording of the band's London Embassy concert in 1985 and has been released by Ensuriant Communications who claim the album has the full blessing of the band and their label Kitchenware. But both label and band say they have no knowledge of the record ... **DAVE STEWART** of **EURHYTHMICS** fame got so spooked by the Los Angeles earthquake he is seriously considering selling the L.A. mansion he took two years to build according to Keren from **BANANARAMA** ... It has been confirmed that **ROBIN HITCHCOCK** has now definitely joined up with

A&M Records after years in the indie world. New material will be out early next year ...

BRIT-PICKS Singles

"A Girl I Used To Know" by Danny Wilson (Virgin)

Another stunner from their "Meet" album, although they have yet to break over here.

"Letter From America" by The Proclaimers (Chrysalis)

"Sorry for making a better record" said one of them to a snoot-bag from a music paper who sneered at this remix by none other than Gerry Rafferty! I think it's great and I hope it will break the proud Scots on both sides of the pond. For fun though, contrast and compare with the Lp version on "This Is The Story" and I hope this version does not obscure the fine folk they have delivered on their stunning debut.

UK CHART SURVEY

Albums: Up 17 places to 12, "Bridge Of Spies" by T'Pau. New entry at 2 "Christians" by The Christians. Remarkable outfit on Island combining rock, soul and various rhythms into a pleasing homogenous sound. Built up a solid following here with singles like "Forgotten Town." After entering at 1 last week, Sting gets bumped to 3 by Fleetwood Mac's "Tango In The Night." Last week their classic 1977 album "Rumours" took over for the record for most weeks on the British chart, logging 397 weeks. Mac's average age of 42 is the oldest for any group to reach #1 with new material.

Singles: New at 38 "Here I Go Again" by Whitesnake. New at 26 "Wanted" by The Style Council. Up 5 to 25 "Beethoven" by The Eurhythmics. New at 22 "Get My Mind Set On You" by George Harrison. New at 19 "China In Your Hand" by T'Pau.

Top 3: Up 2 to 3 "Love In The First Degree/Mr. Sleaze by Bananarama. Up 8 to 2 "Faith" an unusually good single by George Michael. Still at #1 "You Win Again" by The Bee Gees.

Finally, you might like to know that the famous "Encyclopedia Of Rock" is being updated. Originally issued in 1973 by "The New Musical Express," this exhaustive admirable work was updated regularly by various people taking over the thankless task until 1982. Since then, hardly a murmur and my copy has become well and truly worn and dated. Transformed and updated by "Time Out" critic Don Perretta the new edition in blazing colour comes highly recommended by yours truly. More hands across the sea next week.

November 6, 1987

Tom Scheppeke, KISS, San Antonio

I love the whole Robbie Robertson Lp with my favorites being "Fallen Angel", "Somewhere Down That" and "Hell's Half Acre". We'll start with "Sweet Fire"; a guaranteed winner with the U2 crowd.... After just a quick listen to the Harrison album, I sure do like what I've heard with "When We Was Fab" and "Devil's Radio", but we'll start with "Cloud Nine". Can't miss with that signature slide guitar.... When I first heard the Triumph album, I just didn't hear anything that blew me away. Then I listened again and it was just like a whole new experience; some of these tracks really came alive! I zeroed in on "Let The Light", "On And On", but we'll start with "Never Say Never".... Went with Cocker's "Unchain My Heart" finally. Have liked the song from the start but now we figured the time was right.... I fell in love with the new Joe Satriani CD with the various styles he demonstrates on the album. He's a guitarist's guitarist.... Thanks to Marko Babineau and Geffen for helping me get to CMJ and putting me on the panel. It was great!

Beaver Brown, KDJK, Modesto

Having been a Bangles fan for years, "Hazy Shade" excited me like a date with Michael Steele. It kicks proverbial butt. You can't miss by playing this song!... Have you listened to the Hooters' "Karla With A K"? You don't know what you and your listeners are missing.... How about Glen Burtnick? So much talent, yet so ignored. "Heard It On The Radio" is one of the many excellent songs on the Lp. My favorite is "The Day Your Ship Gets Through".... Getting top 5 phones on the Icehouse. You've got to be crazy not to have it in heavy.

Mike Boyle, WDHA, Dover

Thanks to Mojo Nixon for doing our morning show last week. We're still getting great feedback. Thanks also to Bart from Enigma for setting it all up.... We also had a nice visit from Timothy B. Schmit last week. Thanks Bobby Shaw.... WDHA's Halloween Party was another smashing success! I want to thank CBS' Jerry Lembo & MCA's Bobby Shaw for coming out to judge the costume contests.

Doug Clifton, KBCO, Boulder

It's review time. Yes, folks, we're going back through all those records that haven't had a chance to get on the air the last 4-8 weeks. That means a lot of listening. So I'll be gone this week checking the records we'll be considering for the next couple of weeks.... Thanks to Rich Abravaya, Pete Schwartz, Sean Coakley, and Jay Ziskrout. The Grateful Dead video show packed Boulder's Coast.

David Anderson, WIOQ, Philadelphia

With so many records out there, an artist's song has to be on a level above the rest to make it stand out from the pack. We think we've found two out there this week.... The Silencers' "I See Red" is dazzling: it's well produced, melodic and, of course, hooks you from the first listen. Maybe football teams with red as their colors can make use of this song.... 10,000 Maniacs have given us an early Christmas present with "Don't Talk". The vocals are indescribably delicious. Annie Haslam lives.... Thanks very much to Denny Somach and Randy Hock of MCA for dropping by the station with Dave Mason last week. We enjoyed the visit very much and I finally found out what that mysterious circular symbol on the Traffic albums meant.... Also thanks to Tom Boback of Virgin records for the sneak preview of a record due out in January: "Magic Touch" by Mike Oldfield. Sounds like the second coming of Yes.

Rik Elliot, WRQK, Canton

Jimmy Davis and Junction have a great album and I hope some other tracks get noticed. "Kick The Wall" is fantastic but "Are We

Rockin' Yet" is my favorite. I must admit my bias, however. Joe Walsh has often been on my turntable at home and he rocks on "Are We".... Speaking of Joe, I've been blasting "Fun" from "Got Any Gum" through my industrial strength speakers at home on a daily basis. I highly recommend this if you're in need of attitude adjustment.... Aerosmith continues to rule the Pro Football Hall of Fame city on the phones. It's great to see Aerosmith holding their own against Pink Floyd, Springsteen, Yes and the other rock monsters. Right here right now, Aerosmith are the kings of the hill.... Upper demo calls are coming for the Dave Mason with Winwood helping to create excitement.

Lorraine Rapp, WAQX, Syracuse

The latest Birch and Arbitron results are in. Once again 95X is on top (our favorite position) in our target demos. In Men 18-34 alone, we nearly doubled the closest Birch competitor.... As a major Beatles fan and admirer of George Harrison for many years, I was thrilled to discover the depth of "Cloud Nine". The album captures many moods and is held together by the common thread of Harrison's unique perspective and good taste. Add to that the incredible guitar work provided by Clapton and the fine musicianship of the rest of the band and you've got one great album.... Congrats to Jack Isquith of Epic and Brad Hunt of Elektra on their respective promotions.... Also congrats and best of luck to former 95er, Kurt St. Thomas who moves from mornings at WGIR, Manchester to Production Director at WFNX, Boston.... Great to see David Ross and Jim McKeon of RCA Records and Mike Stone of EMI last week.... And, last but not least, congrats to Chuck Chao of Creative Concerts and his wife Jean on the birth of their daughter, Sarah Nicole.

Karen A. Small, WGIR, Manchester

George Harrison's "Cloud Nine" will be gracing playlists for some time to come. I grew up with the Beatles both individually and as a band, and it's a real treat to see some excellent music come from one of the former "Fabs". Jeff Lynne's production lends just the right Beatlesque touch without being overbearing. George comes shining through.... Speaking of years gone by, the partial Traffic reunion on Dave Mason's "Something" shows itself to be a mighty combination. With this track, Mason keeps up his tradition of quality music.... After being intrigued by Guadalcanal Diary's "Litany" for a while, we have a chance to put that fine tune in now after the superstar glut has subsided for a bit.... Likewise for Peter Himmelman's "Waning Moon". I like this tune best of all the selections on the Island Sampler Cassette. "Waning Moon" has crisp clear production along with a chord progression that helps make it distinctive on the air.

Ellen Gerdes, KYYS, Kansas City

Although the INXS is not a typically sounding AOR record, the reaction so far has been phenomenal. #1 phones this week with everybody (including the staff crazy about it). You'd have to be nuts to pass on a reaction record like this one just because of that funky beat.

Jack Mitchell, WIBA, Madison

Can't get enough of the John Cougar Mellencamp album! "Cherry Bomb" is fantastic with retail still hot and the excitement still there after such a long run! And happy belated birthday to John!

Hubby Dean KZRR, Albuquerque

Robbie Robertson just so good, what can we say? It's awesome! It's great! It gets my vote as the best record of '87.

Patty Martin, KSJO, San Jose

This week we're diggin' on the Harrison Lp. He's still fab, no doubt. For airplay, I love the title track. Also cool are "When We

Was Fab", "Devil's Radio6", "Fish On The Sand", and "Wreck Of The Hesperus". George buddy, grab Eric, Elton, Gary, Jeff, Ringo and the rest and go on tour. How 'bout it. Go on tour with Robbie Robertson and I'll pack up and follow you around the country.... "Have Mercy" is one of the best tracks on the Richard Marx album. We've gotten some calls after just one week. I gotta say, this song really stands out on the air.

Larry Dunn, WLIR, Long Island

"Hit The North"! No, not the Great White North. "Hit The North", the new import single from The Fall. This is their best produced and most accessible single ever. The most enlightening part of my job is watching bands you believed in early, develop and grow. Bands like the Fall, Flesh For Lulu, INXS, the Housemartins, the Godfathers, Jesus and Mary Chain, Aztec Camera, and Love and Rockets. All have maximized any past potential. It's always the most demanding element of being Music Director to discover great new talent. It's always rewarding when bands of this caliber click and get signed to the majors. It's personally exciting to find the golden egg in the haystack. The Fall is one of those golden eggs. But when you think about it--beyond the ratings--aren't we all doing A&R in radio? I can't think of one alternative station that sounds EXACTLY like another. We've all developed our own niche. As I enter my fourth year as Music Director, I salute the ongoing spirit of all alternative stations and WLIR (kinda novel for Election Day, isn't it?).... Screamer of the week: U2's "Christmas, Baby Please Come Home" from That Special Christmas Collection.

Ross Goza, KNAC, Long Beach

After playing "All You Need Is Rock And Roll" from **White Lion's** Pride Lp for weeks the audience responded with top 10 phones and began requesting "Wait". Now we're on "Wait" and **White Lion** is getting top 10 phones again, after just one week of play. Rock and roar indeed....

Penny Barnes, Rhino, 213-450-6323

Well, Dave just came rolling in from New York where two of our acts were proudly introduced to many of you. Cindy Lee Berryhill and House Of Freaks played in our suite and went over exceptionally well. Look for new product from them in your office today. We'll be calling you next week to discuss them. We're very excited about these two acts!... Also more stimulating news: Side 1, Cut 1 of Pure Rock. "Snake Rock" is going over big across the country. A lethal combination of tattoos and unadulterated kick butt rock and roll; get it honey. Now #2 most requested on Z-Rock. Other stations on WRCN, WHTG, WVX, KDJK, KRXQ just to name a few. If you haven't gotten it on your turntable yet, do it today. They're great. We love 'em big time and we know you will too! "Snake Rock"! Have a good week!

Ray Farrell, SST Records, 213-835-8977

On the Opal train this week, KJET and WXRT. Get on board now BEFORE the incredible tour with Jesus and Mary Chain instead of after it. Watch for the new videos from Opal and The Divine Horseman debuting soon on MTV's 120 Minutes.... The Divine Horsemen's "Snake Handler" continues to build, eliciting

responses like Timbuk 3 with really strong songs.... The Meat Puppets "Huevos" album is out and on its way to you. "Huevos" is the band's most refined and powerful album yet. Although they're considered one of the country's top alternative bands, the sales and concert grosses prove that their popularity stretches beyond cult status. Major features in the recent Guitar Player, Cream, Spin and (next month) Musician should tell you something about their potential. Check out the advance 12" of "Paradise" b/w "I Can't Be Counted On" today.

Kim Alexander, WHCN, Hartford

When it rains, well, it...you know. Thanks Bart (Pam, too!) at Enigma for bringing Mojo Nixon by to visit our own morning crazies, Picozzi and the Horn. Mojo was funny as hell (so was his ode to our morning guys). Now everyone in our building has their very own "Elvis Is Everywhere" banner, Elvis Needs Boats pins and a private stash of Mojo chews.... Jerry at Chrysalis, you're my hero. Not only did he bring Paul Carrack by the station, but he brought him to the 'HCN Halloween bash as well (he came as himself). Thanks Jerry! Was my Miss America costume too goofy?... Am I the only one who finds the words to Richard Marx's "Have Mercy" a bit -- well conservative? Just wondering. That aside, it really is a decent tune. I'll just have to segue it into Motley Crue's "Wild Side".

Kim Pool, WMRV, St. Louis

We would like to welcome our new general manager, Thom Calahan to WMRV.... Although this goes without saying, we're very busy around here and I'm going to have to change my music call hours. The news days and times are THURSDAYS AND FRIDAYS FROM 9 AM TO 1 PM. I know you all are gasping for air because I usually take calls anytime, but I'm not getting much done. So please try to abide by the new times and we'll all be "happy campers".

Jody Petersen, WNCS, Montpelier

Hurrah for The Cucumbers who seem to have a pretty good shot with Profile this time out. "My Boyfriend" is bashful and sweet, a great little love song that stays with you.... While we're on the subject of pure and simple, let's not forget Its Immaterial's "Driving Away From Home". We always knew Michael Hedges was a stellar guitarist whose improvisations and interpretations could impress all hell out of most players; we didn't know he could sing. Check out the Sheila E/Prince number "A Love Bizarre" from "Live On A Double Planet".

Matt Harris, WEBN, Cincinnati

Staff members and lucky listeners of WEBN were treated to a double dose of the U2 tour in Lexington, KY and Indianapolis within a week apart. As triumphant a part of the rock and roll spirit that U2 garners, I don't know if maybe there is something else bigger brewing in the music community. A group called The Dalton Brothers opened for U2 in Indianapolis and not to take anything away from Bono and the boys, but The Dalton Bros. will be the group of the 90's. It will be labeled "wig rock".

Dave Ross, KFMU, Steamboat Springs/Vail

Tom Caufield has that funky kind of sound that's certainly danceable, but it also has "foot tapping powers" that will engross you into this tune. I admit it took me a couple of listens to get into the groove. I want to make this clear -- this ain't no Prince, this is rock and roll.... Here's the story of The Insiders at KFMU: "Ghost On The Beach" worked beautifully here, so we naturally went with "Love Like Candy". Well, that isn't enough! Check out "Moon Dog Howl". I'm convinced that this tune has just as much raw power as the rest. We just couldn't resist going deeper into this album.... Thanks to Matt Pollack of Relativity for the great CD service and helping us with CD giveaways.... That's it for now from the world's only wind powered radio station.

Kim Douglas, WZZO, Allentown

All week long for a "Listen At Work" promotion, we gave away sets of golf clubs and a grand prize of a trip to "Hit The Green" in Hawaii.... This is followed up by a week long giveaway of the new Beatles compact discs "Let It Be" and "Abbey Road" with the grand prize being a trip for two to London.

Stacy Yelton, WKQQ, Lexington

Yeah, buddy, that there Aerosmith tune "Hangman's Jury" shore is foot stompin' glory! We love that stuff here in ole Kentucky where we put our appliances on the porch 'cuz we're proud of them.... There may be no such thing as a perfect love but there is such a thing as a great solo effort. Tommy Shaw has it all wrapped up.... Will the wonders of the Yes Lp never cease. "Shoot High, Aim Low" comes in this week -- what's next? I can't wait.

Kelly Cruise, WEGR, Memphis

We've unchained Joe Cocker and I think Memphis will love the funky sound of "Unchain My Heart". It's got the familiar feel of his earlier work.... The Whitesnake Lp is selling so well here that we've jumped on another track. "Give Me All Your Love" is a winner!... The Lynyrd Skynyrd 10th Anniversary tour was one of the best shows I've ever seen! Johnny Van Zant's vocals almost had me thinking Ronnie was there. Nobody could stay seated after the band hit the stage and the encore of "Freebird" had everyone flicking their Bics! I hear Skynyrd will be touring next summer with The Who. Definitely a show not to be missed.

Duane Doherty, WKLC, Charleston

The new Lp from Triumph is, hands down, the best thing since Cheese Whiz. (I don't think it's the best thing they've ever done but it does beat the hell out of Cheese Whiz). Besides being some of the nicest guys in the business, they never fail to amaze me with their musical ability. Even though Triumph isn't as well known here as other acts, we're aiming to change that with "Running With The Night" as our first pick. Reason being that it's a little less crunch than "Long Time Gone" so we won't have to be as restrictive with it. If you're not familiar with "Running With The Night", give it a listen because it definitely rocks and has a great hook that stays with you.

Stephen Page, KOME, San Jose

Well, another week and another 500 albums crossing this desk. Will it ever end? I hope not. Some great albums and just in time for Christmas! What a surprise!... The new one from Robbie Robertson has not ceased to amaze me. It is a gem.... Speaking of rocks, Dave Mason's new Lp "Two Hearts", and we're talking the real Dave Mason, not that imitation Dave that came across a little while ago. "Two Hearts" is very fine and there's at least two or three tracks that AOR should pick up on.... Of course, the major buzz this week is the long awaited, equally anticipated George Harrison effort. We are not disappointed. The title track "Cloud 9" is some of the hottest rock and roll this man has done in years. Basically, everything else flows fine.... The new Triumph is hot.... Sting gets fine phones gets fine phones.... Speaking of phones, don't forget that phone number that we now have available for all you record people after 3 pm on Tuesdays so you won't be bugging the receptionist for music is 408-246-4636. Until next week, see ya!

**The Brandos
"Honor
Among
Thieves"**

Lin Brehmer, WXRT

The Brandos are one of those bands whose eventual stardom will only serve as an embarrassment to those of you who have somehow shown a current indifference. You'll listen to the record and see them live and after you've done so, if you still have reservations no one can help you!

Dave Ross, KFMU

The Brandos 'Honor Among Thieves' is one of my faves this year so far. The potential of this band is staggering. I don't need synths to get my kicks, just raw power and the Brandos with the coolest name in the business!

David Sadof, KLOL

The Brandos make music the old fashioned way—they play it!

ALREADY ON!

Relativity

Andy Frost, CILQ, Toronto

The Triumph album is the best of their career!

Rick Panneck, WAPL, Appleton

Obviously a lot of interest in the new Harrison album. Having Eric Clapton and Elton John on the Lp doesn't hurt either. Beats the hell out of "Going Troppo".... Jethro Tull's record has been top 10 retail consistently for the last couple of weeks. This has to be the most successful Tull album in years.... "Hysteria" from Def Leppard is the track CHR should be able to play. So hit it now before it passes you by.... I got a change to see the U2/Bodeans show in Chicago last week. Thanks to Bob Catania and Rick Sudakoff for all the help. Also thanks to the Bodeans for proving to the rest of the country that there's more to Wisconsin than beer, cheese and the Packers!

Phillip Hardy, Amuse, 212-213-9595

Hi, gang! Good news from us here in the New York office; the Kitaro North American tour has just ended in Vancouver Canada, and the band is on its way to Japan for a triumphant tour of Kitaro's homeland. The tour was such a smash (soldout performances were recorded all over the nation) that speculation persists for a fullblown world tour (possibly including the USSR). Record sales have been impressive as well. If they continue in this fashion, Kitaro may be forced to return to America next summer to continue touring. We, at Amuse, along with Geffen Records, the Hitachi Corporation and Premier Talent would like to thank all of the many radio stations around the nation which supported us on this grand venture. A special "hello" is in order for the new "wave" stations which are signing on around the nation even though these are bittersweet victories for us at Amuse as some of these stations have supplanted Z-Rock formatted stations. It is no secret that Amuse has a strong commitment to hard rock (EZO have just completed a leg of their American tour with Guns N' Roses) in America, a commitment that includes many new and established American acts that we are proud of. We hope that radio programmers will see that both New Age and Pure Rock are the formats of the future in this country.... I would like to add I found the recent CMJ Metal Marathon Convention to be representative of the vigor that exists within the industry for this musical art form. I would like to reiterate the words of Brad Hunt of Elektra Records when he spoke of AM radio as the key to the Pure Rock format. Let's see that this happens, and fast. Call me at 212-213-9595 for further postulations.

David Fleischman, Atlantic, 212-484-6017

The majority of you out there have what I'm proud to say is a long standing relationship with Atlantic. Hopefully, you have the respect for us we feel we've earned over the years. This being the case, I'm sure you must realize we would not be chasing a track over six months after its release unless we have good solid reasons. This brings me to White Lion and the initial 12" of "Wait". No, we haven't had a ton of stations play this record; however, the stations that have played it, all had some degree of success! It didn't just "lay" there for anyone. The record has consistently sold since its release. The video (albeit 4 months late) has definitely given the project a tremendous boost and the band is on the road opening for KISS. Atlantic's commitment to White Lion is total and from top to bottom! The band has been working for several months and the response has been excellent every night. This band has got the goods!... P.S. Give Danny, Jackie and myself another good reason to celebrate Thanksgiving. Play White Lion.

Bill Evans, KTAO, Taos

If you've been afraid to introduce new age music to your playlist either because it ain't got no sangin' in it or you think it's dead-ly dull with no solos, welcome to the 1990's with David Sylvian.

The new album "Secrets Of The Beehive" on Virgin is delightful and will blend perfectly with anything you're using.... It's also real nice to see Tom Cochran doing great knob work with the Grapes Of Wrath.

Kelli Cluque, KCAL, Bernadino

Greetings from Southern California's Inland Empire. November is gonna be a great concert month with REM, U2 and the Pretenders, and Def Leppard hitting LA.... We can't give our listeners enough Geffen product, i.e. Aerosmith, Whitesnake, Robertson and Fontana native Sammy Hagar continue to burn up all forms of research.... The Alarm's "Eye Of The Hurricane" is my current favorite. This band has that one big advantage -- they sound only like the Alarm. Their songs are distinctly Alarm and those acoustic guitars are so Alarmish! That's another show to look forward as they hit Southern California December 10th.

Mike Gardner, KOAS, Kealakekua

Been away from the Islands the past three weeks. Always great to come home. While on the Mainland, checked in at a couple of stations; including WRXX in Florida. Thanks for the hospitality. Visited Minneapolis where the radio scene seems to be growing. At least they're playing a lot of the same stuff we do which means they're doing fine.... Haven't had a chance, believe it or not, to hear the new Robbie Robertson, George Harrison, Bryan Ferry or Ry Cooder but they promise to be fine releases. We're looking forward to exposing them all.

Larry Snider, KXRX, Seattle

Another winner out the door at EMI. Sorry to see Ken Benson go but then the cream always has a way of rising to the top, so no doubt Ken Benson and former EMI/Seattle local Jon Donovan will land better jobs with other labels. My money's on it.... Okay, I admit we're not early on the Alarm but watch us make up for lost time. This is a killer track. We kwazy about it here at the X.... Also knocked out by Robbie Robertson. Finding our greatest success with the two U2 collaborative tracks, "Sweet Fire" and "Testimony".... I truly believe this new Yes project to be the best they've ever done and considering their catalogue that's saying something. Hats off to Trevor Rabin for superb production work.

Dale Miller, KATP, Amarillo

For the fourth week in a row, "Freedom" continues to be the #1 Most Requested song., It's nice to have you back, Alice.... Speaking of nice to have you back, the George Harrison Lp is incredible! Every track! This is my album of the year.... Year Zero is a band from Austin you'll be hearing a lot about. I've seen them live, we're playing the record and this band delivers. What more can you ask for?... Tom Caufield. Check it out. This record has something right from the start.... The Bangles have a definite hit on their pretty little hands. Instant reaction for "Hazy Shade" from the moment we started playing it.

Wendy Steele, WLVQ, Columbus

Our new PD Buzz Knight is the new afternoon driver on QFM86. My shift now extends from 10a-3p.... Richard Marx's "Have Mercy" is getting mega-phones. The heavier guitar, as compared to the last two songs, seems to be attracting more males.... As for George Harrison, we added "When We Was Fab" and "Devil's Radio". The Beatles/ELO sound is hypnotic.

Mike Bensson, WBYR, Buffalo

Our thanks to Jeff Crieden of WB for the Harrison listening party at Buffalo's Select Sound Studios. Great party, great album, thanks Jeff for the hospitality. Let's do it again soon.

Paul Nelson, WWCT, Peoria

Ah! The Bodeans go in this week. They've been tearing up the clubs getting standing ovations opening up for U2 and they did a great job on Letterman a couple of weeks ago. Sammy Bodean's backgrounds vocals add a nice touch on the Robbie Robertson album. Is this band for real? We don't play many un-established acts at WWCT but the Bodeans are an exception.... Speaking of Robbie Robertson, what can be said? The cassette has been in heavy rotation in my car for the last five days.

Craig Marks, Homestead, 516-764-6200

Those of you too busy/too lazy (god forbid) to check out the new Big Dipper Lp "Heavens" are definitely missing out on a very special record. Most responses have gone something like this, "Wow, is that the same band who put out the record with the dead bear on the cover? They sound so different!" I guess we'll take that as a compliment, i.e. a band whose songs and sound have naturally developed over the past year as opposed to a forced change of style urged by the tampering dickheads at the record company. I can't think of too many songs this year that sound as winning and just plain right on the radio as "She's Fetching" or "All Going Out Together". Recently added to all sports radio WFAN and a big hit on the Dr. Bernard Meltzer show and the "Make Believe Ballroom".... On the immediate Homestead horizon: the third Lp from Columbus, Ohio's Great Plains entitled "Sum Things Up"; fans of Violent Femmes/NRBQ styled Americana take note.... Special note: For info on any Homestead stuff the next five weeks please ask for Gerard Cosloy, label co-manager and bona-fide Weblo scout. I'm being dragged to Europe by super group Yo La Tengo (something about separating M&M's.)

John Bello, Roadracer Records, 212-219-0077

Are you ready? Ready for what, you say? More great music from Roadrunner. Not only is Infernal Majesty's "None Shall Defy" and Carnivore's "Retaliation" melting the radio turntables, but Gang Green's 12" single "We'll Give It To You" is skating along on track. Speaking of skating the single is also available as a skateboard shaped picture disc. It's in limited supply, so you'd better pick it up pronto.... On its way to you is the King Diamond "No Presents For Christmas". It's a great stocking stuffer for the one you love.... Also coming your way is a new compilation by Mercyful Fate. (Remember King Diamond's first band?) Mercyful Fate's "The Beginning" is a real bonus for all of you collectors.... Stay tuned for Blessed Death, Whiplash, Paradox, The Great Kat, and, of course, Gang Green.... Emergo's own Neighborhoods are finishing up their national tour and are currently playing some east coast dates till Christmas, then it's back on the west coast. They're also working on a new album, as are Waxing Poetics. Until next time, keep in touch!

Megadon, Combat, 718-995-9200

Good news! As you read these sacred words, the long-awaited Exodus album "Pleasures Of The Flesh" should be in my mitts and in the process of being packaged up and sent to ya, only a month overdue. Judging from the tons of people I played it for at CMJ, this is undoubtedly the Album Of The Year, and quite possibly the greatest release ever to emerge from the Frisco Bay Area.... I realize most of you haven't heard the entire Joe Satriani album yet. It's in the stores, but the record is doing so well, it's always out of stock when I try to service it. Have no fear, it's coming.... Zoetrope action includes KCMU, WBIM, WGBW, WKNH, WUCF, WWVU, and Z-ROCK. Watch for 'em on tour with Nuclear Assault.... Also, some good response to Agnostic Front and Circle Jerks.... CMJ was a blast as usual. I met some great people, got very drunk (as if you didn't know), took a lot of abuse, saw some great bands, and generally caused a lot of panic and schism.... To end it off, as a special tribute and as an "I warned you I'd do it", just let met say: Mike Jones, Mike

Jones, Mike Jones, Mike Jones, Mike Jones, Mike Jones. Let's have an add, Mike Jones at GIR.

Alan White, KILO, Colorado Springs

A retail check on Love & Rockets shows tremendous growth and interest, so "No New Tale" earns its way on the air. I suggest that you make the same check if you have any doubts about whether or not to give it the nod.... Seconds for us on the Insiders and Glen Burtnick with "Candy" and "Radio".... Can't say enough about George Harrison's "Cloud Nine" album. It is, without a doubt, the best commercial album that this legend has produced in many years. "Fab" and the title track grab us the best.... INXS debuts at #1 retail here. If there are any doubts that this is a major band for rock radio, then you're in the wrong business. With that information in hand, we add "Kick" into rotation because we'd rather kick than be kicked anytime, mates.

Jetson, WOXY, Oxford

This past weekend got the chance to see two incredible concerts. Friday REM was in town with the dB's. Thanks first off to Judy from IRS for all of her help and thanks to Peter Holsapple of the dB's for stopping by the radio station. If you go see REM, make sure you get there early enough to see the dB's, you'll be glad you did. REM was as good as ever. I think they are the most exciting live band on the road today. They did almost everything from "Document" and even a surprise cover of, believe it or not, "Born To Run". Also Michael Stype had a local girl come up on stage and do sign language to the "King Of Birds" and "The One I Love". Truly a special show.... Then Sunday, I saw U2, Los Lobos, and the Bodeans in Indianapolis with a surprise appearance by the Dalton Brothers who completely stole the show. Why doesn't somebody sign these guys?... This week I'm real excited about the Buster Poindexter record. It's hot, hot, hot. Also the Terence Trent D'Arby "Wishing Well."

Mark Chernoff, WNEW, New York

WNEW-FM celebrated its 20th birthday last week at the Hard Rock Cafe. Scott Muni hosted "The Shoot Out" with special guests Mick Jones, Dave Mason, Suzanne Vega, Jerry Garcia, Christine McVie, David Lee Roth, Richard Marx, Iggy Pop, Peter Max, Patty Smyth, The Cars, Joan Jett, Rick Derringer, Fabulous Thunderbirds, Buster Poindexter, Timothy B. Schmit, David Clayton Thomas, Glen Burtnick, Jerry Harrison, Southside Johnny, Garland Jeffries, Smithereens, Richie Havens, and New York City's Mayor Koch to name a few. Scott also received phone calls from George Harrison, John Cougar, Jimmy Page, Bon Jovi, Robbie Robertson, Joe Cocker, and Cyndi Lauper. The WNEW-FM air staff from past to present was there to help make the week's broadcast complete. It was quite a celebration. Thanks to everyone who helped make our birthday bash a great one.

Donna Geisinger, Passport, 818-500-7677

"F**king fantastic!... The best thing I've heard in ages. It has it all!" Who's that ranting about Tom Caufield? None other than Beth Kepple at WKLS. It is so nice when the music director volunteers to beat up on the PD herself. It makes my job all that much easier. And Beth is not the only one. Patti Martin at KSJO is excited and ready to convince her superiors this record has great merit and energy. Of course, no one had to convince KOMA in San Jose. They knew it in the beginning and have added "Precious Town" to regular rotation. Who else has had this incredible insight and taste? Try KATP, WDHA, KSQY, WMJY, KRPN, KMBY, KTCL, KFMU just to name a few. This is your formal invitation to join the party. RSVP by adding Caufield and don't delay!

Joe Blood, KEZO, Omaha

George Harrison is a very pleasant surprise. It shows what you can do when you get in a studio and relax with a bunch of good friends. It's the best combination of commercial and casual sounding stuff he's done in years. It's not as forced as some of his '70s stuff was.... Joe Cocker works very well here also. The man is back and we're glad to have him; he was always taken for granted in the past.... Robbie Robertson's new one is a real stunner. What a collaboration! And when Bono gets going on the vocals it's a thing to behold.... As much as I like "Show-down", I think "Sweet Fire" steals the show.... We're also getting great calls on the Radiators. Their distinctive sound has folks calling up wanting to know who these guys are.

Dru Dawson, KBAT, Odessa

Robbie Robertson is a bigtime record, no doubt about it.... The Harrison Lp is also very deep with lots of extra tracks.... White Lion is a pretty happening tune and we like it around here.... We've added the Glen Burtnick to medium and it sounds great on the air.... "The Usual" is also on this week. Dylan and Clapton are doing great things together.... Listening to the INXS a lot and it sounds like we'll be playing it for quite a while.

Ty Banks, KQWB, Fargo

If you want something distinctive sounding that will set your playlist apart and grab those roots rock fans, the Rainmakers have the stuff to put you on top.... The Robbie Robertson is really exciting for us. The incredible depth, songwriting and the combination of musicians makes for an incredible album. When I first heard that Robbie was coming out with an Lp, I was expecting "Up On Cripple Creek" part 2, but it has turned into a major success in all dayparts for us. We track top 5 phones and building retail.... If you haven't heard the Peter Himmelman, definitely treat yourself, it has many special qualities that deserve more than just one listen.

Jennifer Gipe, WWTR, Ocean City

The Radiators music reflects the cajun cooking their hometown is so well known for, hot and spicy.... Speaking of spice, Bono added lots of that to "Silver And Gold". If you remember the Artists Against Apartheid and Sun City, you'll remember the eerie version of that song that he did. Not only is it better now, it's ready to light up your phones.... We had a Halloween of Rock Saturday night. Rock 96 brought out Tommy Conwell and The Young Rumlbers, they dressed as the Red Hot Chili Peppers.... Red hot is the best way to describe the Guns N' Roses show on Sunday night, these guys are fabulous. The most interesting thing about the concert was watching the audience singing along to every song at this sold out show when there is virtually no airplay on this group. People are finding out about Guns N' Roses in the press. Gee, I always thought that was radio's job.

Slats, WHTQ, Orlando

For us, the time is now for Bourgeois Tagg. It reminds me a bit of Queen's "Thirty Nine". Fits what we do here rather nicely.... There's no denying the BoDeans and considering that they're opening for U2 that can do nothing but help.... Paul Carrack is a gem; the housewives will be swooning to this one.... We also didn't care for the INXS single but "Devil Inside" suits us just fine.

Howie Castle, WHTQ, Orlando

Are we rocking yet! One of the best new bands of '87 has got to be Jimmy Davis and Junction. Caught the show at Cocoa with the Outfield and it was great to see Jimmy again. This band is destined to happen with one of the deepest albums I've heard in years. Hey, Les, how about a nice tour bus?

Steve Colwill, CHEZ, Ottawa

We all attended the recent conference in Toronto and it was good to see some of the folks from the States who came up to visit.... Some of the albums we are excited about include the new INXS and Alarm albums. Both Lps are really popular here.... We look forward to seeing both John Cougar Mellencamp and Roger Waters in the next few weeks.

Robin Mathieu, WBLM, Lewiston

Play the Bangles.

Jason Tyler, WRUF, Gainesville

What do you get when you mix REM with Subterranean Homesick Blues? "The End Of The World", the latest from "Document". With biting satire, REM hooks you from start to finish.... It's solid, it's simple, it's getting better, it's Tesla and it smokes. What a debut album from these guys.... The INXS funky lead track, "Need You Tonight", has grown better with age and the audience is responding with top 5 phones.

Phil Thompson, KICT, Wichita

Due to an increased workload, I will not be taking music calls on Tuesday anymore. I will be taking calls on Monday from Noon to 2pm and on Friday 1-2:30pm CST.... Looking forward to the Def Leppard and Tesla show on Wednesday, November 11th. Thanks to Jeff Island of Geffen and Bill Rusch from Polygram for all the help.

Alison Stewart, WBRU, Providence

I'm flabbergasted at how much I love the new George Harrison Lp. It's funny how instantly familiar the songs sound. It's kind of neat to have a record full of brand new songs that are already favorites. "This Is Love" is especially fine with its loping vocal line and all the trimmings of great guitar work.... After you take that record off, put on the new Peter Himmelman and lose it all over again. This is definitely the work of a man whose integrity and songwriting are very impressive.... REM's "It's The End Of The World" has been a top five request item for weeks. Learning all the words to this song is almost as much fun as pegging the chorus to "Hourglass".... By the way, WBRU is sponsoring the Squeeze show in Providence with our "Babylon And On" contest to find the fastest talker in Rhode Island. Their new one, "Trust Me" is an instant energizer.... Special thanks to George Skaubitis from Warner Brothers for the Fleetwood Mac tickets.

Jack Green, KLPX, Tucson

If you ever get a chance to see the Beat Farmers, don't pass it up. It was one of the best shows I've seen in a while. Thanks to Bubba and Michael from MCA for making it possible to broadcast the show live. It was great.... Musically, Bryan Ferry and Dave Mason debut at the ranch this week and they are sure to grab those ever elusive upper demos.... We are also digging a little deeper into Springsteen, Cruzados and Glen Burtnick. I just can't believe how much great music is out there.

Lin Brehmer, WXRT, Chicago

Sammy and Kurt from the BoDeans played acoustic guitar and sang live on the air before their first of three nights as openers for U2 at the 20,000 seat Rosemont. I have to admit that as unimpressed by everything as our sales staff tends to be, to see them waiting for autographs and handshakes from the BoDeans and cursing every time a phone call interrupted their attention was, shall we say, unique. On stage at the Rosemont, the BoDeans electrified 20,000 as easily as I've seen them devastate a nightclub. These are the experiences you remember forever. The future of this band seems obvious.... We were also pleased to see 10,000 Maniacs pack the Metro. We viewed the Maniacs as something of a long shot, but with their fine, uncompromis-

ing style and our long term commitment, they seem to be making an impact this time around. Good phones, good retail.... Now when I consider that I've attended close to 200 concerts a year for about 10 years, to say that Tom Waits at the Chicago Theatre was the best thing I've ever seen should shed some perspective on a largely overlooked genius. From vivid ballads to twisted growls, Mr. Waits encourages those who believe that music is meant for the creative imagination.... Speaking of imagination, we added two tracks from the new Mose Allison Lp, "Top 40" and "Ever Since The World Ended". With Arthur Blythe and Bennie Wallace on sax, these songs are bluesy, funny and universal.... The Reivers, once Zeitgeist, play the sort of forceful contemporary rock and roll that proves there's more to life than classic rock.... Other adds this week included Lp's from Ry Cooder, INXS, Kazumi Watanabe, Bryan Ferry, George Harrison and an import 12" from the Godfathers. (The band you can't refuse).

Ivar Hamilton, CFNY, Toronto

Glad to see Depeche Mode will be out on the road again. It will be a great treat for our listeners during the Christmas season.... A recent success story in Toronto has been the increased amount of all-ages showing up for up and coming bands. The Jesus & Mary Chain and Alarm shows were both instant sell-outs. It's proof positive that the promoters need to make more shows open to the younger audience.... Well, after the Juno's and The Record conference, it's time to get back to the music! The Bangles really kick ass with "Hazy Shade" and it sounds great at all times of the day.... Meanwhile, spending time with the David Sylvian Lp finally convinced me that "Orpheus" will be the consensus track for CFNY.... I'm not surprised at all that the Screaming Blue Messiahs are generating top five phones. They have a winner this time!... Another winner will be Robbie Robertson. It's is definitely one of my favorite albums of 1987. Robertson's producer Daniel Lanois picked up a Juno last night for his work on Gabriel's "So" and U2's "The Joshua Tree". It wouldn't be a surprise whatsoever if Lanois and Robertson both picked up Juno's in 1988 for this tremendous album.

Phil Maicke, KFMH, Davenport

KFMH is happy to announce that the real FM is now on AM. We're simulcasting on 1580 AM in the the Quad Cities. Yes, it's the beginning of the KFMH Rock radio network. Beware! AM radio will never be the same!

Mark Miller, KABL, Saint Paul

KABL will be going off the air temporarily while we move into our new studios. Please bear with us for now and we'll keep you posted.... By the way, Tom Waits is GOD!

Graham Hatch, Frontier Records, 818-506-6886

It's stunning to see, even with the deluge of established artists, that a debut record like Flying Color has been able to find a place on so many playlists. Hats off to you! I'm serious.... On a social note: Thanks to Mike at WHTG and his wife Kathy to turning me on to "Red".... Lots of thanks to Big Time's Hilaire Brosio and The Hard Report's Dawn Hood for co-hosting dinner in NYC.... New Naked Prey Lp and Young Fresh Fellows mini Lp this week!... Both Thin White Rope and Flying Color are taking off for the road this month. I'll be in touch.

Ron Garrett, KRXQ, Sacramento

It took George Harrison years to reunite himself with his Gretsch guitar. Thank God it didn't take him as long to reunite himself with those of us who've been waiting for him to share his talent again. "Cloud Nine" is the greatest effort from a man who has given us so much! "Cloud 9", "When We Was Fab" and "Devil's Radio" are all future gems waiting to be heard.... If you haven't committed to Bourgeois Tagg's "I Don't Mind At All", ask your-

self why! MTV's Hip Clip Of The Week, state of the art production from wizard Todd Rundgren, stellar management from Bill Graham, major commitment from a label that has always been on the cutting edge, and a tour with Heart now in progress. Take a look around - CHR is all over it! Are you slow to react or just deaf?... I must now add another record to my Top 10 Most Essential albums of all time. Bryan Ferry's "Betes Noire" is more than a record with eight songs on it. "Betes Noire" is a mood, an atmosphere of romance and elegance. This business could use more of what Bryan Ferry's music delivers.... Would you walk through the Black Forest after reading The Hobbit? Would you buy a kitty cat after reading Pet Cemetery? Would you roam the misty mountains of Transylvania after seeing "Dracula"? If you answered 'Yes' to any of the above, you must listen to "Preacher Man" by Fields Of The Nephilim! In fact, do it by candlelight and stare at the cover! Talk about creating an ambience! This band makes Ozzy and Alice Cooper look like Casper, the friendly ghost. The most unique, effective imagery to hit the industry in years. Hey kids, these guys will not only offend your parents, but have them seeking a therapy specialist faster than you can tie a slip knot.... See ya, and keep talking!

David Sadof, KLOL, Houston

Love And Rockets went into rotation this week and has a following in Houston that has been growing from when they were Bauhaus. They're also selling very well at record stores.... Our favorites on "Cloud Nine" are "When We Were Fab" and "Devil's Radio". I also like "This Is Love".... Featured on Exposure this past week: Year Zero, The Replacements, Bryan Ferry ("Seven Deadly Sins"), Love And Rockets ("Mirror People"), The Reivers, Don Dixon, Fetchin' Bones, Aztec Camera, PIL ("The Body"), The Truth, Richard Lloyd, Guadalcanal Diary and Screaming Blue Messiahs ("Sweet Water Pools" -- mix this one with anything sung by John Lydon), plus other songs from previous Exposure programs.

Renee Blake, WKXL, Concord

Let's talk about the Ry Cooder album "Get Rhythm". To anyone who judged the track based on the Ep, I hope you'll give it a full listen. It's an excellent Lp! Given the proper amount of promotion, it could be the one that breaks him in the mainstream.... I'm looking for Swing Out Sister to come out with "Twilight Time" as their second track.... Second tracks we're on and working are The Smiths "A Rush And A Push", Love And Rockets "Rainbird", The BoDeans "Take It Tomorrow" or "Someday", Guadalcanal Diary "Things Fall Apart" and anything on the Squeeze record!

Anthony Alfonsi, WDVE, Pittsburgh

What more can I say about the new George Harrison album that I haven't already said? Oh well, here goes: "Cloud Nine" has such a variety of music that everyone should be able to find something they like. I love the whole album, from "When We Was Fab" to "That's What It Takes" to "Fish On The Sand". Definitely a four star album.... Tommy Shaw's "No Such Thing" is something the rockers can sink their teeth into.... Thanks to Jack Snyder of Capitol for all his help with the Heart show on Halloween. Ann and Nancy were great as usual.

Carter Alan, WBCN, Boston

Our track of choice on INXS is "Devil Inside" which won out in the music meeting. It rocks out much harder than "Need You Tonight" and the audience response is very strong and positive.... We're prepared to go to the wall for Paul Carrack's "Don't Shed A Tear" track. Sounds like a hit all the way. After so many years of supporting and inspiring other musicians, it's about time Paul Carrack had a hit on his own. We're looking forward to his return to the area when Roger Waters swings back to Boston in two weeks.... It was a left field choice at first, but now its

Immaterial's "Driving Away From Home" is becoming a runaway request item here at WBCN. The smooth, cruising synthesizer sound is appealing in an odd sort of way, and the driving theme is a universal hook.... With three top 20 singles recently behind them, a new Bangles song is an immediate at WBCN. Despite it being a cover of a very famous Simon and Garfunkel song, the gals give it a new rocked up treatment which is guaranteed to please.... Whitesnake is destined for #1 and Def Leppard continues to maintain its strong showing with "Animal".... "Show-down At Big Sky" remains the lead track from Robbie Robertson's album but "Sweet Fire Of Love" featuring U2 is beginning to explode in requests. Local retail reports strong initial showing.

Bill Prescott, KZAP, Sacramento

I have moved from the 6-10pm to the 6-10 am shift, effective immediately. I will take music calls at the office 10am til 1 pm Monday. Now that Tom Cale is off the air, he has become very available so for best results direct your music calls to him. I will be harder to find than I once was.

Vern Argo, KZOQ, Missoula

Added the Roger Hodgson. It has a nice infectious beat and I think it will be a little bit stronger than "Love". Look's like this one will do better than the Supertramp.... Paul Carrack moves to heavy. Phones are picking up on the record and we've had people in the stores requesting the album. Could also crossover to CHR without a lot of difficulty.... Upped the Love and Rockets. We never played the band before, and after three weeks the phones are growing and the main store we track sold out what they had in stock in one week. Think that one has a chance if it doesn't get buried.... Moved the Dylan/Clapton "The Usual" up. Unless you tell people it's Clapton, they don't know it, but the Dylan vocal alone sounds bright and up.... Triumph goes up based on initial phones. They've always done well here.

Pam Edwards, KGB-FM, San Diego

We had our most successful Halloween ever. In the afternoon, KGB listeners donated 1,000 pints at our blood drive and that night we raised \$10,000 for the child abuse prevention foundation at our Halloween Ball. Big thanks go out to the Beat Farmers, Mojo Nixon and Skid Roper for drawing a big crowd on an extremely rainy night.... Also big thanks to Greg Pfifer and Alan Oremann at Columbia for the great dinner with Loverboy. They are wonderful company, but don't leave your tape recorder unattended with them. It's like giving whiskey to the Indians.... Congrats Tesla on reaching the gold. Thanks to Arthur at Geffen for the beautiful plaque.

David Hall, WKDF, Nashville

George Harrison's album is so good that nothing else matters. I have no doubt it will be the album I listen to for most of the rest of the year. There are so many nuggets on "Cloud Nine" that it's a very tough choice deciding what else to play first. "Devil's Radio" is an obvious standout. It seemed to catch the ear of most of the staff. "When We Was Fab" was great fun because it's so full of Beatles' memories. "Fish On The Sand" sounds like it could be a hit, and so does "This Is Love". Just when I think I've got it narrowed down to those, my wife tells me she's crazy about "That's What It Takes". I'd love to play them all, and over the course of the next year, we probably will. Thanks George, I give you an A+ on singing, playing and even the cover shot for "Cloud Nine".

Jim Pemberton, WLLZ, Detroit

Talk about a week of concerts! After a week of shows, my mind is a scramble for any semblance of order. Lots of great performances this past week, Heart and Bourgeois Tagg on Wednes-

day, and Alice Cooper on Halloween night here in Detroit. It was another incredible set from Alice. If you get a chance to see him hang himself on this tour, you should do so. Ace Frehley and Faster Pussycat were the warm up bands.... Sunday night was a gathering of so many musicians in one place, I fully expected to have an encore performance on stage with Whitesnake from Alice Cooper's band, Tesla, Def Leppard, Faster Pussycat, and Ace Frehley who were all backstage for the show. I think it might have happened on stage if David hadn't had the flu. I saw David's fiancée backstage, and wanted to reach out and touch her but was afraid of severe bodily harm.... Last night Def Leppard and Tesla put on another great show. At the present time I am in need of about three days of nothing but sleep, but having my concert needs filled, I'll get just enough rest for two Mellen-camp shows this weekend just in time for Mr. Brodey to arrive and Mr. Loncaio if he's up to it. Should be another wild weekend in the Motor City.... Personal to Mike Levine: Last time you were in Detroit, the show went to 'RIF after many years of being co-sponsored by WLLZ. I expect this time when you come to town, it had better be WLLZ that you're driving if you want it to happen here in Detroit. Yo, Mike, gimme a call!

Keith Masters, WIOT, Toledo

Jim Steel is so upset over the Browns overtime loss to the Chargers that he's taking the week off for some well deserved rest.... It's business as usual at WIOT, as we prepare for Birthday #15. It's amazing to look at the artists that were showing up on our playlist way back when. Yes, George Harrison, Mick Jagger, Pink Floyd, Joe Cocker, Robbie Robertson, Jethro Tull, Steve Winwood, Dylan and Clapton, etc. Sure hope I don't die before I get old.... P.S. Thanks to Mike Whitenack at RCA for the evening with the Silencers.

Mike Keller, KQDS, Duluth

The new George Harrison compact disc is an ex-Beatles bonanza. We've added "Devil" and "Cloud 9" with a lot of surprising feedback to the single. People are calling up asking who does it, and they're blown away when they hear it's George Harrison. I was expecting the kind of here today, gone tomorrow reaction McCartney has been getting, but I'll tell ya, this one is going to be around a while.... Other adds: Aerosmith's "Rag Doll" is still in the top 5 requests, so we're out on "Hangman's Jury" which has gotten curiosity calls without any airplay.... Also like Dylan and Clapton's "The Usual". Talk about blowing away the John Hiatt version.... Silent Running took me a while, but I'm finally starting to warm up to that one. I think they might have something.... Dokken phones are really straight to the heart for that one.... And the other thing that really surprised me in sales tracking this week: Robbie Robertson debuted #5.

Inessa York, KGON, Portland

We have new calling times to ease frustration: Mondays 11-2 Pacific Standard Time and then Wednesdays 10-2 and Thursdays 11-2. Otherwise, it's getting ridiculous.... I'd like to thank our brand new Warner Brothers rep, Greg Dorfman for putting together such a sensational listening party for Harrison's "Cloud 9". Nothing against schmoozitorium style listening parties (pass the chips please) but once in a while it sure is good to actually hear the record as was the case in Greg's soiree. Not to mention, what a good record it is! Personally, I like the schitzy aspects of one hard track and one soft track.... A quick note of sincere thanks to Epic for the show with the Insiders and Mason Ruffner last week. By the way, the Insiders are tremendous on air. They're really bright, funny and witty as is their music. So no one should be afraid to put these loads of fun guys on.

Howard Glassman, WEQX, Manchester

Hello? Yeah, Howard? You're gonna add "Can't Hardly Wait" by the Replacements? What? Yeah, it's a new cut from the Lp. What do you mean a new cut? We've been on it since the Lp came out. The Lp is now in recurrent, besides my microwave pizza tiles are done. Okay, so are you gonna add it? Yeah, I guess so. But, I still think it's a ridiculous idea.... I'd love to drop my pants and run through the streets of Manchester howling about how much I've always loved INXS but I can't. I will say that "The Devil Inside" is something that just might change my thinking about the band Killah Groove.... Thanks to Bart and Mojo for stopping by the studio and talking with Ellen McKinnon and our listeners. AT&T is still trying to piece the phone system back together.

Beth Kepple, WKLS, Atlanta

This is the week where I prove to the Rock Gods that I'm not too old to rock and roll. The test started at our Halloween Bash. Two thousand *mutant listeners in costume rocked to Glen Burtnick and the Fabulous Thunderbirds. Maybe it was my S&M costume, maybe it was the whip and handcuffs, but not only is Glen a multi-talented performer, he's a charming human being. As is Rich of ESP Management.... The torture continued the next day, as our afternoon drive lady Kaedy Kiely joined me and 20 listeners on a flight to Indianapolis to rock with U2 in the Hoosier Dome. The BoDeans kicked everyone's ass as opening act. It was wonderful to see the audience standing and applauding at the end of the set. Thanks to Mark McCraw for his backstage graciousness. We flew back to Atlanta for one day of rest on Monday then it was time to absorb three nights of Pink Floyd in concert, while trying to squeeze in Marshall Crenshaw.... Tonight, Elvis Costello and Thursday night it's Nick Lowe and the first of two soldout John Mutant shows Friday night. The bets are being placed to see whether I'm still alive by Saturday.

Michael Linehan, Reprise, 818-953-3750

BoDeans' "Only Love" goes solidly Top 15 on every tracking chart. Requests and sales are really building in markets where they get strong rotation. The tour is going unbelievably well with standing ovations in several markets. How often does that happen with an opening act? This band is red hot.... Check retail on the Bryan Ferry if you have any doubts about the viability of this artist. This project has been blowing out of the stores from the first day particularly on CD. "Kiss And Tell" is surfacing as the second track.... Thanks for the support on BoDeans. Don't stop now!

Matt Pollack, Relativity, 718-995-9200

In response to Sean Coakley's comment last week, he went on to say that a fair shot on second singles is virtually nonexistent with today's new artists. This applies to everyone and is not to be taken out of context, but it's like this folks, if we're to place all emphasis on already established greats, who'll be around tomorrow? Certainly not the superstars and certainly not the burgeoning acts of today. You've got to nurture today the potential superstars of tomorrow. We are all aware of the flow of traffic lately and I'm quite aware that it's something you have to contend with; but I can think of at least half a dozen sure-shot baby bands out now that are getting the cold shoulder. It's really a pity because these artists would freshen up any playlist. I don't think there is any debate there. And if you're several cuts deep on an album already, what have you got to lose by eliminating one of them and replacing it with any one of the baby bands out there now!

Jim McKeon, RCA, 212-930-4309

There aren't many newer artists who can sell records at this time of year -- Love & Rockets is one of the few! Sales in St. Louis, LA, Houston, Washington DC, Dallas, Detroit and Chicago. New support rolls in at KLOL, WFYV, WMAD, KILO, KKDJ this week. "No New Tale" is a real record, gang. Give it a shot. Love & Rockets goes on a major tour for the next four months.... The Silencers begin a month long tour with Squeeze. In on "I See Red" this week are WIOQ, WIMZ, WRKI, WQFM, KLAQ, KATT. Check out the special CD single with both short and long versions of the re-recorded track.... Coming shortly the next track from Strangeways "Dance With Somebody" (it's a rocker!) and Marc Jordan "Catch The Moon."

Paul Brown, Virgin, 212-463-0980

Do you play Steely Dan? Do you play Joe Jackson? Do you want adult males who warm to a record with jazzy/pop overtones? Do you want to steal women from your competitor? Do you want to invest some airtime in a blast of fresh air? Well, add Danny Wilson's "A Girl I Used To Know".... Is your specialty programming department aware that you've just received a copy of "The Secret Of The Beehive" by David Sylvian? There's a demographic niche which many of you address and this one is right on the money. If nothing else, take it home, listen to this Lp with a loved one, you'll have all the research you need to convince you of its validity.... At the other end of the spectrum, you've got "Seattle" from PiL. Check your local retail reports, we bet that "Happy?" is bubbling under. Please remember to leave your preconceptions at home and take a fresh listen to "Seattle".... Also, listen to "Cruel Summer" from All That Jazz and remember that at one time, Simple Minds and Tears For Fears were viewed as anomalies.... And Millions Like Us. Listen to "In Love With Yourself" and "Heaven And The Sky".... Finally, thanks to everyone who supported us on The Northern Pikes' "The Things I Do For Money." We love you for it. For those of you who couldn't find one extra slot over an eleven week period for a record that fit the format like a glove, I'm speechless! And for those of you that know me, you know that I'm speechless about as often as Noah and I experiment with particle acceleration down in our laundry room.

Ed Trunk, Megaforce, 201-254-6533

A million thanks this week to Mad Max Hammer, Wild Bill, Boobie Bondage and everyone at the great Z-ROCK. They were brave enough to host a two hour plus interview this past week with M.O.D.'s Billy Milano. The "U.S.A. For M.O.D." album is now 180* Billboard. Not bad for a record that has received limited airplay, no video, and no touring yet. Again, if you need a copy of the M.O.D. album give us a call.... FREHLEY'S COMET continues to rock the road on the Alice Cooper arena tour. The album is getting very close to gold and we're getting good recurrent airplay on "Rock Soldiers", "Into The Night", and "Calling To You." We are also seeing new college airplay for "We Got Your Rock" and "Something Moved". With a new holiday marketing campaign FREHLEY'S COMET is far from over.... OVERKILL, TESTAMENT, and ANTHRAX all have Ep's hitting in the next few weeks.... WAIT UNTIL YOU HEAR THE NEW PROPHET ALBUM! "Cycle Of The Moon" will blow you away! The first single should be out in late December.

Jay Ziskrout, Arista, 213-655-9222

Tonight, after dark, brave the fall chill with someone you love and put on the latest from Cruzados, "Time For Waiting". Let this uplifting song warm your heart while your friend warms the rest of you! This song displays the Cruzados trademark passion and emphatic delivery that made "Bed Of Lies" such a success. Very few ballads hit you over the head screaming "I'm a hit!", but we have all witnessed those beautifully crafted songs that sneak up on us and end up being the only cut on our turntables. Please

give the listening "Time" that this track deserves and you will hear a meaningful song that has definite hit potential. For maximum impact listen to the extra-punchy 12" remix.... Don't miss Cruzados in concert with Fleetwood Mac this week: Sat. 11/7 - U.S. Sundome, Tampa / Sun. 11/8 - (Headlining) O&B - Univ. of Florida / Mon. 11/9 - Omni, Atlanta / Tue. 11/10 - Lakefront Arena, New Orleans / Thu. 11/12 - The Summit, Houston / Fri. 11/13 - Frank Erwin Center, Austin / Sat. 11/14 - (Headlining) Sneakers, San Antonio.... In case it isn't clear by now, I'll spell it out for you, "...the time for waiting is over, my friend".... The next single from the Grateful Dead's platinum plus album, "In The Dark," will be "Throwing Stones." You will receive a new remixed and edited version late this week.... If you have the opportunity, you just gotta experience "Four-Play." If you attend, you will witness a unique approach to breaking new bands. You will also get a chance to see Hurrah! live. Regardless of whether or not you make the show, please listen to the pre-recorded version of this band's debut album, "Tell God I'm Here." Key tracks include "If Love Could Kill" and "Sweet Sanity."

Hilaire Brosio, Big Time/Hollyweird, 213-460-4033

Fear and loathing on this docile planet earth may not be your cup of tea, then Love And Rockets "No New Tale" is just the vehicle you may have been looking for that will shoot you to the stars. So far WLIR, WOXY, WHTG, CFNY, WHFS, WXXP and WVVV are among the many who are discovering that our transcendental trio are more than deserving to be launched into heavy on the musical airwaves. Love and Rockets are going to be doing about 20 dates on their tour which will carry them thru December and they will be returning in the beginning of '88 with an extensive tour that will definitely be the show of the decade.... Dumptruck has just wrapped up a successful nationwide tour de force and have sped off to the UK to do a string of dates. "Going Nowhere" from their current Lp for the country captured the hearts of many an AOR and alternative station and you can look forward to a strong follow-up with "Island" that will be hitting your desk in about 2 weeks.... The Big Time Syndrome is coming your way and there is no cure known. No, it's not a disease but a compilation of unreleased tracks from a vast array of artists including Dream Syndicate (whose cover of Eric Clapton's "Let It Rain" will knock your socks off), Love And Rockets, Lucy Show and Love Tractor.... Until next time remember, spontaneous mutations can be fun.

Monte Conner, Radio Promotion/Shatter Records, 212-645-5630

Joe Headbanger strolls into Ike's Records 'N' Tapes in Rocktown, U.S.A. Joe: What's up Ike? Any good new metal this week? Ike: Tons of stuff. Hey, check out this new glam band from L.A. Joe: Man, I DON'T WANNA KNOW! I'm sick of trendy, pretty boy queers. Ike: Well, then, check out this next record. These dudes sound just like Aerosmith. Joe: I DON'T WANNA KNOW! I'm tired of all these cheap imitations. Ike: What about this new quartet, these guys are inspired by AC/DC and Led Zeppelin. Joe: I DON'T WANNA KNOW! Don't you have anything fresh or sincere? Ike: OK, give a listen to this new Christian metal band. Joe: Jesus Christ, I DON'T WANNA KNOW! I've read all about these guys. One year ago they were called Lucifer's Balls. Right guys, Stryper makes it big and up we hop on the bandwagon. Ike: OK, I can see you're an intelligent metallor. There is only one real record, "Children Of Madness," the hot new album from Paul Di'Anno's Battlezone. Joe: Yeah, I've been hearin' a lot about it. Isn't Paul Di'Anno the original lead singer from Iron Maiden? Ike: That's right. Now he's back with his own band, but they aren't a Maiden clone. Man, you won't believe how much Paul's voice has improved over the years, and wait 'til you hear the tunes. "Rip It Up", "Overloaded" and the title track will tear your ass into shreds. Fawn and Ollie

would be proud. But the track people are really losing their minds over is "I Don't Wanna Know". It's a hit sounding song but with balls. The band just completed an MTV video for that one. Joe: Yeah, Paul's my kinda dude. We need more real men in metal. I'll take a copy, but I'm a little short. Could I pay you the rest next week? Ike: Listen kid, I DON'T WANNA KNOW!

Mike Jones, WGIR, Manchester

We came, we saw, we forgot our room numbers. The Metal Marathon was total carnage, and I'd like to take this opportunity and say "Yo! And thanks Dude" to a chosen few that I raged with. "Yo!" to Dewey, Belva, and Steve from WKNC, Mike Z., Don K., "Three Card" Monte Conner, Mark from Death Angel, Clarissa Garcia, the Schnapp-man, Bruce McDonald, Jessica "the legs" Harley, William "Yo Jones" Howell, John "Howell's gonna kill me" Sutherland, Dawn and Bryan King Slagel, Dave "Pacman" Packer, Mustaine and Jr. from Megadeth, John Sigler, Alex Miller, Joe Grant, Nan Fisher, Liz "Doll face" Brooks, Scott Gibbons and Michelle Block. Thanks to: Brad Hunt, Marko Babineau, Megadon "No one can imitate me" Girovasi, Jim Oswald, John Bellow, Mark Rider, Cindy Barwick, Mark Kates, Peggy Donnelly, T-Bone Scheppeke, Bill "Home boy" Fisher, George "I Rule" Summers, Lisa and Paula and last, but by no means least, my partners in crime Derek "The CD's in the mail" Simon and Phil "She made me do it" Hardy. Goodnight.

Jeff Ivan, KFMX, Lubbock

Big thanks to Paul Stanley of KISS for taking the time to give us a call Friday for an excellent interview. I don't know how anybody can not be behind these guys. By the sounds of it, this could well prove to be the tour of the year. Thanks to all those who helped set it up.... Then Michael Coons of Laaz Rockit called for an energetic, to say the least, interview. Stick with these guys they're going places. Explosive is a good word to describe them.... Thank you Geffen Records for releasing another Tesla and Guns N' Roses track. Both of those bands are just too good.... The new Triumph album is unreal. Way too hard to pick a favorite, or a few favorites -- just play the whole damn thing.... The new Anthrax Ep is going to be a big seller. That live stuff sounds great.... Records to keep working on include: Zoetrope, Lion, Joe Satriani, M.O.D., Leatherwolf, and Helix.... Finally, thanks to Derek Simon for making my show sound crackle-free.

Kevin Nissley, WUCF, Orlando

Laaz Rockit is burning their way to the top.... Alice Cooper is having an extended journey on our chart.... Doro and gang have their best effort to date.... M.O.D. is a strong record that's gaining in listener response.... I got immediate response on first airplay with Sacred Reich, Agnostic Front and Victory.... Some hot records coming up are: Carnivore, Necrophagia, Kreator and Zoetrope.... Special thanks to Michael Coons of Laaz Rockit for a great interview.

Shelli B., WXRC, Charlotte

WXRC held a party to celebrate their second anniversary, with entertainment provided by local bands and Night Ranger. Some 15,000 people chose to attend the BYOB/BYOP (bring your own pig - at least 40 were roasted) bash. There was lots of food and a good time was had by everybody. It began at 10 am and ran 'till about 6pm. There was even a guy running around with a chicken bucket on his head that had a ROCK sticker on it.

Cyndee Maxwell, KWHL, Anchorage

The albums from Robbie Robertson and Joe Cocker cause havoc and they enter our retail chart at numbers 7 and 5 respectively.... Top phones go to Dokken, George Harrison and Whitesnake.... How many raves can we have on Harrison's "Cloud Nine". George strikes gold. This album is a pleasure to

listen to but better to add. For starters, we picked "When We Was Fab" and "Devil's Radio".... The new Triumph is excellent with lots of potential for good second and third tracks. My favorite is "Into The Forever".... By the way, thanks to all the record reps who have come north recently. It was great meeting you all in person -- you are stars.... Atlantic, Reprise and Epic: Thanks for the giveaways, too.

Dr. Metal, WHJY, Providence

Thanks to Dave Mustaine and Dave Ellison, Lemmy, Wurzel, Obsession, and everybody who attended the CMJ for just a fantastic experience. I strongly recommend that anyone who was unable to attend, make sure they get their asses there next year.... Another thank you to Slash for sharing his Jack Daniels bottle with me and the great show in Providence.... Also thanks to Don Dokken and George Lynch for a great weekend in Providence.

Jessica Harley, WNGZ, / Monte Conner, Shatter Records

Greetings from two pissed off Slayer fans. We sat through an hour and fifteen minutes of pure hell as we subjected ourselves to an advance screening of "Less Than Zero", (which incidentally didn't have enough sex or violence to hold our sleazy interests). Just to get our first listen of Slayer's "In A Gadda Davida". Was it worth it? No, No. Slayer's "In A Gadda Davida" finally came on as background music during a thunder and lightning scene to last less than 11 seconds, yes less than 11 seconds. What a disappointment, so we screamed out in anger and disbelief (thank God this movie was free), then we jumped out of our seats, spit at the screen, made a huge scene and stormed out in disgust. The conclusion to this sad but true story is that we give this movie less than zero. A thumbs down. But do get yourself a copy of the soundtrack. Slayer is killer.... The highlight showcase was definitely Sacred Reich at the Lizmar. The show was outta control. Hats off to Metal Blade for once again delivering the goods. Sacred Reich are gonna be huge. "Ignorance" is God, says Monte. He also adds thanks to Sacred for the offer to crash at your hotel room.... The Instigator Award goes to Dr. Metal from WHJY for bravely bringing together the great KAT and Dave Mustaine.... Best Panelist Remark Award goes to the one and only Billy Milano for telling the KAT where to go. Billy, you rule! And while we're on the subject of those who rule; Clarissa, Mark O., Megadon, Jem, Sal T., William Howell, Brian Slagel, Mike Jones, Bill Fisher, Sacred Reich, Don K., The Psycho, John Sutherland (mega thanks for your hospitality from Monte) John Bellow (thanks for the drink), Phil (don't hate me Jess) Hardy, Derek, Peggy, and last but certainly not least Gail. YOU RULE AMONG THE LIVING! It was truly a pleasure hanging out with you!... Also mega thanks to Metal Blade and Enigma for the Halloween candy that was on our desks when we got back to work.... P.S. Chris Black you should have been there, I missed ya... P.S.S. Word has it that KAT is pregnant with Mr. Death's child, and we thought all she liked to do was f**k! Stay tuned for the gruesome details that shall follow in the next nine morbid months. Cheers.

Dewey McCafferty, WKNC, Raleigh

Hello, WSOU, it was great talking to ya, and finding out that WKNC does have a sister station on the East Coast.... Please keep Z-Rock alive!... Hello David Letterman. I had a brush with fame seeing all kinds of people out there in NYC.... Special secret code for Mike Jones only: STW.... Peggy, D.J., Phil Hardy, Mike, Wurzel, Dave Ellison, Ann Marie, Derek Simon, L'Ane, Cathy, Cathy and Cathy thanks for all the beer.... Everybody keep sending mega amounts of albums.... Dewey and Steve Pru want to say Hello to Kat, the most masculine woman we've ever experienced and who can out curse

anybody any day.... Had a great time at the CMJ and hope that there is a Hard convention sometime soon.

Terry Hamilton, WNDY, Crawfordsville

A great week of rock and roll with the BoDeans, 10,000 Maniacs, REM, Los Lobos, U2 and John Cougar Mellencamp here in just one week. Caught two of the three shows and the BoDeans are fantastic live and deserve even more attention than the 30 minutes that they ripped through when they opened for U2. They're playing live in Cincinnati this week, so be sure to catch 'em if you're in the area.

Brian Illes, WKFM, Syracuse

I'm real excited about our adds this week. "Nothing Too Serious" is really the kind of song Icehouse needs to break here. I like "Crazy", but in light of the current musical trend, I think a rocker does better than a pop song.... The same goes for Melvin James and "Loving You Is Strange". It took a while for our audience to catch onto the first track but I think they'll grab this one immediately.... I also like the BoDeans "Only Love". I've been looking for room for this one for a while now, and this week it goes in. And one more thing I really like, all these songs are on compact disc.... What can you say about the George Harrison that hasn't already been said in everybody else's comments?

Loris Lane, KFMX, Lubbock

Always happy to support Texas bands like Year Zero. They've got a smooth sound, great production and surprise, surprise! It ain't the Blues!

Tom Krumm, KZAM, Eugene

With Dylan so upbeat, along with Eric Clapton's guitar on a song written by John Hiatt, how can "The Usual" go wrong?

Catfish, WHMD, Hammond

We've got top 5 phones for Steve Winwood's "Valerie". Some remember the song from before but lots think it's just a great new song. Inquiring minds are asking when they can get the album.... With Stevie on the Mason album, we're looking at a minor Traffic reunion with "Something". It's a fair song from a real good guy who hasn't been around in a while. We think it could be the record to bring 'em back.... I hear a change in style for Bryan Ferry with "The Right Stuff". We think it'll be a big song for the women out there.... Moved the Radiators to Power now that sales are starting to pick up and, after all, they're a semi-local band here.... Moved up the Icehouse with sales picking up. Love the sound of this song on the station.... Jagger moves up with sales on the rise.... "There's The Girl" is our fourth album cut from Heart. We expect big top 40 album crossover, so why not?.... Found room for the Silencers "I See Red", which is our second cut for them. This band has found a small loyal following here and we're responding with what they want.... The George Harrison album is incredible. I love "Somewhere" and "When We Was Fab".

Mark Chernoff, WNEW

Produced by Rodney Mills.

Insiders "Love Like Candy"

"With cuts like 'Ghost On The Beach' and 'Love Like Candy' on their debut album, the Insiders have demonstrated that they can make it happen in a studio! At KSHE's 20th Anniversary Show they demonstrated that they can do some real serious stuff on stage. Great guitars, Great harmonies—tight and energized. Catch them in concert if you can!"
