THE HARD REPORT

# TOP PRIORITY

## Red Hot Chili Peppers, "Warped," Warner Bros.

It was on-again, off-again for the release of **One Hot Minute**, the new record by the Red Hot Chili Peppers. Finally, we're listening to the first single. "Warped" picks up where **Mother's Milk** left off. It has less of the funky smash of the drums and bass, less of the rap-like qualities of "Give It Away." It's certainly across town from "Under The Bridge." "Warped" returns the Chilis to the sleazy rockfest which preceded the major mainstream Woodstockian hype overload. The trippy vocal and the repetitive guitar riffs

tend to want to turn those lightbulbs into a Jim Rose Circus lunch. Of course, good little boys and girls didn't really add this before Wednesday, right? Look for heavy first-week numbers from this long-awaited ditty. **KILO's Rob Hunter** says "Now there's one incredible song. I anticipate good reaction on that one." **KISW's Cathy Faulkner** confesses "It is the first time I was ever anxious to play a Chili Peppers record. This song totally fits in with what we're doing." **WXTB's Brian Medlin** says "I love it. We're getting some decent phones already. We've got big expectations for this one."

## CURRENT ORIENTED ROCK

### Lenny Kravitz, "Rock N' Roll is Dead," Virgin

Here's the official add week, and now that you've got the CD-Pro, you'll hear the reasons for adding this one. The rock and roll revival ying/yang that plays out in the track is totally to your advantage. The sonic reminders of Zep, Sly and Rare Earth will adhere this song to retro fiends, and the image and position of Kravitz at the moment will perk up some rebel streaks in the most conservative places. Your bet is hedged, and the familiarity issue is in your favor. **KIBZ's John Terry** says "I think it's pretty cool. The listeners should really be into it." **KILO's Rob Hunter** says "We're on it!" **KRZZ's Michael Lee** loves it, and adds "We're looking for good night response from it at this point." **KZAK's Steve Funk** admits "It's going right into heavy."

### Neil Young, "Peace and Love," Reprise

The latest release from the acclaimed Pearl Jam studio collaboration has similar vestiges of ruggedness that we witnessed with "Downtown." In the case of this track, there is more melody and musicality. In an interview done earlier this year, Young recalled the lyrical block he was experiencing during the writing of this tune in the studio, and spoke of Eddie Vedder's rescue in humble fashion. He presented Neil with some lyrical options which filled in the gaps for the song at the time with amazing form.

"Peace and Love" is Neil Young all the way, even with the pinch-hit from the Vedderman. You'll find the sentiment a timely follow-up to this highly talked-about musical merge.

#### FROM GOOD HOMES, "COOL ME DOWN," RCA

This New Jersey band has been together for a number of years in other band incarnations, having developed a fan base up and down the Eastern seaboard through constant touring. From *Good Homes* (the name's a reminder of a court judgement, letting the boys off with community service since they're all "from good homes") have existed under this moniker for the past five years. They have a

Grateful Dead-like guitar presence and a Black Crowes-ish soulfulness. Their hippie essence is a result of very real-time sounding instrumentation and focus. It's a folksy record for rockers.

#### KENNY WAYNE SHEPHERD, "DEJA VOODOO," GIANT

The very first time we set ears on this young hot-shot from the south, we knew there was a gifted guitarist in our midst. After a few listens, it became apparent that not only were there plenty of sexy licks and tricks, but there were plenty of great songs on *Ledbetter Heights*, the 18 year-old's debut performance for Giant Records. So let us turn you on to a new voice translating masterful blues moments

into new, exciting rock and roll. His touch completely belies his age.

#### BON JOVI, "SOMETHING FOR THE PAIN," MERCURY

The next single from Bon Jovi's latest effort blends a rootsy guitar blend with pop predictability. We know the band's marketability in the pop market. We know the daunting number of records sold to date. Add to this the understanding that Bon Jovi is one of the best-sellers at the concert box office these days, and the story gets more enticing. "Something For The Pain" is something for COR.

It's one cup "Wanted Dead or Alive," two tablespoons Joe Walsh, a dash of good ol' boy sensibility and a pinch of audience relatability. It's a blend that might surprise you.

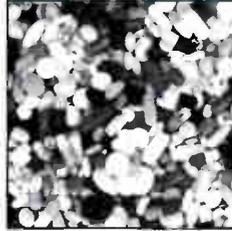

#### BLUES TRAVELER, "HOOK," A&M

The next chapter in the Blues Traveler story comes at the onset of the H.O.R.D.E. tour, which is reported to be quaking with extra anticipation. Since the death of Jerry Garcia, tickets for the tour have been selling vigorously. Unfortunate circumstances aside, the H.O.R.D.E. package might be the hottest thing going for the rest of the summer.

"Run Around" was a clear winner for this band, and "Hook" has the goods to be a contender as well. A re-release in "Run Around"'s wake gives this catchy sway the certain attention it deserves. This live-sounding record seems to be very well-timed, indeed.

#### GREEN APPLE QUICK STEP, "DIZZY," GIANT

The next release from *Reloaded* features the same warm, crunchy guitar sounds and melodic vocal soaring featured on the successful debut single "Los Vargas." "Dizzy" is more conventionally-arranged and pop than its predecessor. The tune has hooks all over the place. But you won't get "Dizzy" until you do enough spins.

#### 7 MARY 3, "CUMBERSOME," MAMMOTH/AG

Three weeks in and those Orlando-tested hooks are working their way into programmer grey matter. The state of Florida is obviously convinced: **Gregg Steele, WZTA**, "Very positive early results. A great record that works for a lot of different types of rock listeners." **Mike Beck, WDIZ**, "Very encouraging early results. Not surprised at the adds."...

**Rich Hawk**: "In going through all the piles of alternative rock, this definitely stuck out for fitting what we do at **KILO**."... And from **Dave Rossi at WAVF**: "Not getting reaction yet, but according to our always accurate "Jackie Gauge" (she's the receptionist), we give this about a week before it totally takes off." New at 89\*, with **KEZE, KIOZ, KLLO, KRZZ, WHMH, WRZK, WXRC** and others adding it this week.

#### CIV, "CAN'T WAIT ONE MINUTE MORE," LAVA/ATLANTIC

If there's a place in the playlist of life for a five-in-the-eye two minute piece of punked-out pop, CIV is it. MTV thought so and popped the video into Buzz-Bin rotation. As OTB-adder **Bryan Schock** put it, "It just jumped on. I put this in the same category as the Presidents, kind of a fun, happy pseudo-punk thing."... **KRXQ's Curtiss Johnson** says,

"Hoping it will do well. One of my favorite records on the radio right now"... From **KRZZ's Michael Lee**, "I think this will happen. At first I thought it was just a cheesy little metal thing. The more I listen to it the more I like it." **WSFM's John Stevens** adds, "Good lower end buzz on this band."

# OUR LADY PEACE

"Shit! I like it. I can sing it in the shower - sort of!"  
- Carey Curelop, KLOS/Los Angeles

"Our Lady Peace has a bright future. 'Naveed' is a terrific song through and through, and it definitely strikes a chord!"  
- Rita Wilde, KLOS/Los Angeles

"'Starseed' was a big-time testing record, and 'Naveed' is a natural extension to the track!" - Steve Robertson, WJRR/Orlando

"Our Lady Peace blows me away live. 'Naveed' has a totally unique sound on our radio station, the audience reaction is very, very positive on both phones and research. Play it."  
- Greg Mull, WXTB/Tampa/Clearwater

**Na·veed** (nā vēē) *n.* 1. bearer of good news 2. title of the new single and debut album from Our Lady Peace 3. over 2,500 spins on the Top 10 debut single 'Starseed' 4. over 150,000 units 5. on tour throughout the summer with Van Halen

#### DANDELION, "WEIRD OUT," RUFFHOUSE/COLUMBIA

It's a challenging track no doubt, but Columbia continues to grind out first downs. This week **KEZE's Darren Johnson** told us, "It seems to be getting a fair amount of response with a limited amount of airplay."... Moments after a steaming plate of Ling How Foo, **WRIF's Mark Thompson** said, "I asked my gut if it would work and it said yes."... From **Rich Hawk** at **KILO**, "We bumped it up this week.

We'll see if anything is going on. I've seen research that shows that it is really strong with females."... Though he was out the door for his 3:30 tee time, **KZRR's Frank Jaxson** was heard to say, "Pretty cool. Kinda maintaining so far."... **WLZR's Keith Masters** updates, "Starting to see some informal focus with the staff and there is interest there. Phones are heating up a bit, too."... **WXKE's Rick West** notes, "I was skeptical at first, but I did like hearing it on the radio while I was on vacation last week. I was definitely in the mood to weird out, and now fully understand why that song has its place." 34-32\*, with 32 up, 9 down and 12 steady.

#### DEEP BLUE SOMETHING "BREAKFAST AT TIFFANY'S," INTERSCOPE/AG

**DEEP BLUE  
SOMETHING**

On the surface it may not seem like much more than a friendly little pop song. But the audience likes it, so says **WAVF's Dave Rossi**. "Top 5 phones and good sales, including at least one top 20 mention."... From **WTPA's Chris James**, "Already getting good phones after just one week. This could legitimately be a power for us."... **KLBJ's Jeff Carrol** calls it "A very contemporary-sounding record." Other

early phone leaders include **KZOZ** and **WHDQ**, with **KISS**, **KZRR**, **WAVF**, **WSTZ**, **WZAT** pacing 13 total increases.

#### KORN, "BLIND," EPIC/IMMORTAL

Nice early indicators as Laura and her hit squad start the hard rock-to-mainstream crossover. **Carey Curelop** told us, "We just did an in-store in Orange County with them and 600 people showed up. Once you get past the sonics, this ain't a bad record, and kids eat it up. This will surprise a lot of people."... Similar success at **KILO**, where **Rich** reports, "#1 phones since we put it in a month ago.

It's a great night record."... Ditto for **Dana** at **KSJO**: "Definitely a nights-only record. Good young end street buzz." Added at **KRZR** and **WCCC**; Upped at **KILO**, **KLOS**, **KNRX**, **KSJO**, **WAAF**, **WDRK**, **WDZR** and **WKQZ**. Steady at **KBPI**, **KUPD** and **WKLL**.

#### SMILE, "STARING AT THE SUN," ATLANTIC

Four solid adds for Smile: **KLOS**, **KRZR**, **KRZZ** and **WRIF**. Nice increases, too, highlighted by **WAXQ**, **KIOZ**, **WAAF**, **WAVF**, **WKQZ**, **WXRC**, **ZROC** and **WZAT**. **WLZR's Keith Masters** comments, "The phones are coming around. The guys were in town for a show this week, and they're so young we felt like asking them if they'd like some milk and cookies. It fits the station well, listeners are

responding, and I think it's a hit."... **92X's Bryan Schock** reports, "I played them a bit at **KNAC**, and we're now on two tracks. We just did a 92 cent show with 862 in the venue and 300 turned away — all with one week's worth of promotion."... From **Dave Rossi** at **AVF**: "A very good record, with early phones better than average."

#### DAVE MATTHEWS BAND, "ANTS MARCHING," RCA

Solid play jumps highlight the Ants on the march, with **KZRR** going 27-30, **WMMR** 14-22, **WSFM** 26-28, **WVRK** 20-22, **WZZO** 13-16 and **WDHA** 20-23. **WRIF's Todd Thomas** comments, "Sales are huge, and though we have no research, MTV play is definitely helping us."... **WRXK's Greg Gillispie** adds, "Doing great, moved to heavy, still selling well." 31-26\* in overall play.

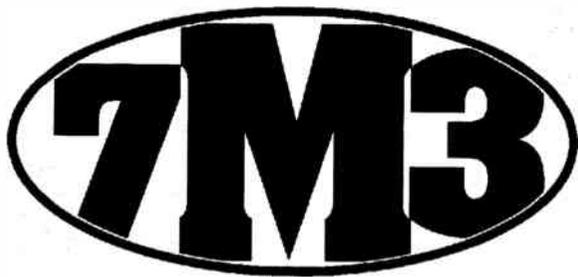

This punk legend- **Keith Morris** of the **Circle Jerks** - looks downright harmless as he fields questions from fans on Modern Rock Live.

# REPORT CARD

## SILVERCHAIR "TOMORROW" EPIC

Up: 43 Down: 12 Steady: 23 Rank: 2-2\*

Of all the records we surveyed this past week, none showed the building-to-playing ratio of Silverchair. Absolutely unmatched in momentum.

**KEGL (B) PD Duane Doherty**

"A biggie. It's got everything."

**WLZR (PD) Keith Masters**

"A homerun."

**KLBJ (B) PD Jeff Carrol**

"That is huge. We're getting phones on it, and will probably move it into heavy."

**KLLOL (B) MD Cindy Bennett**

"It is testing extremely well. It's doing a little better with younger demos, but the overall score is really high and growing."

**KQRC (B) PD Doug Sorenson**

"It's huge. It's doing great. not only with regard to reaction, but in sales and call-out, too."

**WRCX (B) MD Jo Robinson**

"We just put it into heavy rotation. It sounds like friggin' Pearl Jam but the sales here are out of control."

**WKLL (B) PD Jeff Gillis**

Awesome! Huge! The Pearl Jam soundlike factor is a positive. That very deliberate, easy, rootsy sound still has an edge and people like it."

## UGLY KID JOE "MILKMAN'S SON" MERCURY

New: KIBZ, KNCN, KUPD, KRZR, WZDR, WHMH, WKLL, WWBR, WZAT

Though more than a few PDs have told us they consider this outfit basically a 'joke' band, the group has come through with a legitimately good-sounding, competitive track.

**KQRC (N) PD Doug Sorenson**

"It's different from what's out there now. It's not grungy. It is basic, gritty rock and roll that might work this time."

**KILO (N) PD Rich Hawk**

"We've had some phone interest in it. I needed some medium rotation rock records and this is better than many other things I've heard."

THE HARD REPORT

## BETTER THAN EZRA, "IN THE BLOOD" ELEKTRA/EEG

Up: 32 Down: 11 Drops: 1 Steady: 24 Rank: 10-9\*

If you thought BTE was a song, not a group, re-think. At this point, there's little doubt that "Blood" will at be at least as successful as "Good," particularly at Rock radio.

**KLOS (B) PD Carey Curelop**

"Huge, huge testing. It has already moved through the system since we started playing it almost out of the box, but it worked with virtually everyone we tested, particularly 25-29."

**KQRC (B) PD Doug Sorenson**

"It has more of a Gin Blossoms feel - it's more mass appeal. That kind of music reaches adults."

**WAXQ (B) MD Vinny Marino**

"I think it will do even better than "Good." That was very much a pop track, but this one really cuts through."

**WCCC (B) PD Todd Heft**

"A substantially different record than the first single. "Good" was more quirky. This is more of an AOR-type record."

**WKLL (B) PD Mimi Griswold**

"It's doing well, almost as big as "Good" was already."

**WTPA (B) PD Chris James**

"This is a legitimate hit. We're getting good phones."

## BLIND MELON "GALAXIE" CAPITOL

Up: 27 Down: 9 Steady: 14 Rank: 27-22\* Alt: 22-11\*

Programmers are mixed in their assessment of this track's early impact. The national add/increase profile is solid; phones could be stronger. But then again, how long did "No Rain" take?

**WZTA (B) PD Gregg Steele**

"It continues to show Top 5 Phones. To me, it's a great record."

**KLOS (B) PD Carey Curelop**

"Took me a while to warm up to it, but now I think it's a pretty strong record."

**WAAF (B) PD Dave Douglas**

"We all feel like it sounds great and the artist has a positive heritage with us."

**KLLOL (M) MD Cindy Bennett**

"We expected to see better results by this point. It is still very unfamiliar. This song should be more familiar by now."

**WLLZ (M) MD Todd Thomas**

"I haven't heard anything about it one way or another. We're not getting any requests - It's just sort of sitting there. It would be nice to have something on MTV."

**WXKE (B) PD Rick West**

"Haven't seen the phones take off yet. I am not a fan but I do think this track can work. Pulling for it."

**X107 (M) PD Steve Blatter**

"It doesn't appear to be an active record."

**MOMENTUM KEY**

(B) Building

(M) Maintaining

(D) Dropping

(N) To New

**BUSH "COME DOWN" INTERSCOPE/AG**

Up: 31 Down: 12 Steady: 13 Rank: 14-12\*

Definitely bigger than "Little Things," with more than a few programmers predicting "biggest to date" success. Building across the board.

**WRCX (B) MD Jo Robinson**

"This will be huge. This could be as big as the first track, judging from the phones."

**KLOL (B) MD Cindy Bennett**

"This has just been a monster for us, but that's no surprise."

**KQRC (B) PD Doug Sorenson**

"The preliminary research looks good among those who recognize the song. The familiarity is 70% at this point."

**WCCC (B) PD Todd Heft**

"Our test results have been really positive. It will be as big as 'Everything Zen' if not bigger. It is even more palatable, and it won't piss off upper demos."

**WKLL (B) MD Mimi Griswold**

"This will easily be as big as the first two singles. We're anxious to move this into heavy."

**WLLZ (B) MD Todd Thomas**

"This is doing better than 'Little Things' for us, but not as good as 'Zen.' We consider that a success."

**WTPA (B) PD Chris James**

"We just moved it up in rotation. 'Little Things' was the only thing holding it back."

**KUFO (B) PD Dave Numme**

"Doing very well early on. So far it looks like this mediocre band from Manchester is very likeable."

**SWEETWATER "SUPERSTAR" EASTWEST/EEG**

Up: 16 Down: 4 Same: 13 Rank: 43-36\*

One of the best first listen tracks on the radio continues to post healthy gains. Check the Chicago test...

**WRCX (N) MD Jo Robinson**

"We love it. We were a bit concerned, so we backed off a bit. But when research came back it was our 7th best testing current."

**KQRC (B) PD Doug Sorenson**

"It's a really up, positive happy record a that we have high hopes for."

**WTPA (B) PD Chris James**

"We're getting some phones, but not a lot at this point. We put it right into medium."

**GIN BLOSSOMS "'TIL I HEAR FROM YOU" A&M**

Up: 32 Down: 16 Drops: 1 Steady: 15 Rank: 11-10\*

It's increasingly more difficult for a song to fit all formats, especially coming in from the mid-tempo direction. This is about as close as anyone gets, with #1 Triple A status this week, and an 8-6\* Alternative move.

**WRCX (B) MD Jo Robinson**

"It's very poppy. I like the way it sounds, but I don't know if it is going to work for a tempo-driven station like ours. We're using it up 'til 7 pm."

**KISS (B) PD Virgil Thompson**

"A grand slam since day one. The band is perfect for us, and we're getting calls. People want to hear the Gin Blossoms."

**KRXQ (B) PD Curtiss Johnson**

"Not that we research females, but this is a good female record. Real catchy."

**WHTF (B) PD Dave Powers**

"Will be really strong across all formats."

**KLOS (B) PD Carey Curelop**

"Mid-testing record so far."

**WZTA (B) PD Gregg Steele**

"So far so good. Reaction has been high in acceptance by younger males."

**GOO GOO DOLLS "NAME" WARNER BROS.**

New: KISW, WMMR, KQRC, WXTB, KISS, KLBj, KRZZ, etc.

Increases: KLOS, KLPX, KRXQ, WDIZ, WIYY and more.

When a record company excitedly tells you the third track is the hit, it's sometimes hard to take 'em seriously. Only this time, the WB folks are dead on. #2 Most Added this week, up 86-70\*, 27-14\* Alternative.

**KLOS (B) PD Carey Curelop**

"Gonna be a huge fucking record. Giant research early on."

**X107 (B) PD Steve Blatter**

"In just three weeks of airplay the record has shown a significant increase in sales in the market."

**KRXQ (B) PD Curtiss Johnson**

"A really great-sounding record."

# REPORT CARD

## FOO FIGHTERS "THIS IS A CALL" CAPITOL

Up: 33 Down: 18 Same: 17 Rank: 4-3\*

The only speedbump in this record's road seems to be lofty expectations brought on by the mothergroup's previous success. Consider this a baby band and they're kickin' grown up butt. Now the positive testing should be a confirmation.

**KQRC (B) PD Doug Sorenson**

"It's doing pretty well. To me it sounds like a Beatles record."

**KUFO (B) PD Dave Numme**

"Not as big for us as some charts might indicate, but doing very well. Call out is good. Strongest 18-34 men through the whole spectrum."

**KLOS (B) PD Carey Curelop**

"Better research, faster rotation, and more phones."

**WHTF (M) PD Dave Powers**

"A good evening record. We won't move it into all day rotation. It sounds very young."

**WAXQ (B) MD Vinnie Marino**

"We like it better every time we listen to it and it will get even bigger as the summer goes on. Above average with the core, and with men 25-34, and 25-44. No burn."

**WAAF (B) PD Dave Douglas**

"Strong requests, strong retail, and a sold out show."

## MAIDS OF GRAVITY, "ONLY DREAMING" VIRGIN

Up: 15, including KISW, KNRX, KSJO, WAXQ, WKDF, WKLQ, WRIF

Down: 7 Steady: 11 Rank: 37-35\*

Quality calls headline the story here, with solid representation at the majors and plenty of increases.

**KEZE (B) PD Darren Johnson**

"Not rapidly, but it is building with limited airplay."

**KLOS (B) PD Carey Curelop**

"This will be a big record for us. Maybe it's just another 'L.A. band' thing. Testing is up a bit every week."

**KZRR (B) PD Frank Jaxon**

"Starting to build. Good sounding record."

**KLBJ (M) PD Jeff Carol**

"Basically maintaining. Had high hopes."

**KLOL (M) MD Cindy Bennett**

"Still holding steady for us."

**KSJO (M) PD Dana Jang**

"Nothing there yet."

**WLZR (M) PD Keith Masters**

"Not getting the phones we expected but I am going to ride it out. Pretty cool record."

**WRIF (M) MD Mark Thompson**

"Some positive signs. It does fit the radio station."

THE HARD REPORT

## HUM "STARS" RCA

Up: 22 Down: 13 Steady: 19 Rank: 20-20\*

It's tempting to move on to that shiny new stack 'o CDs, but don't read anything into the time this project is taking to develop. There are plenty of satisfied customers already, and there's also the ongoing tour with Bush to continue the buzz.

**WKLL (B) PD Mimi Griswold**

"This one could be a sleeper with only night time play. It's getting great reaction in the daypart."

**WLLZ (B) MD Todd Thomas**

"It's been out for a while, but it's just now catching on. So far, research and phones are solid."

**KLOS (B) PD Carey Curelop**

"Better research and calls"

**KQRC (B) PD Doug Sorenson**

"The album is selling big. Hum is definitely there"

**WAXQ (B) MD Vinnie Marino**

"Going through the roof."

**WSFM (B) PD John Stevens**

"This thing is huge. I've seen these guys play and they're very talented. Good low end response."

**X107 (B) PD Steve Blatter**

"I think it's a real song. It's selling and it should test OK."

## PRESIDENTS OF THE UNITED STATES "LUMP" COLUMBIA

New: KLOL, WTPA, KEZE, WDZR, WZZO, KCLB, and more.

Ups: KNRX, KQRC, KRXQ, KSJO, WKLQ, X107, WDIZ, KZRR, etc.

Honestly, did you really expect such a goofy tune to nail down such a strong slate of credible call letters so quickly? Actually, the early audience reaction is even more impressive.

**KQRC (B) PD Doug Sorenson**

"We're already getting some light phone action. I don't get it."

**KSJO (B) PD Dana Jang**

"We're getting early phones. I am surprised at how quickly it's reacting."

**X107 (B) PD Steve Blatter**

"There's lots of phone reaction. There's a good early buzz on the record."

**WDIZ (N) PD Mike Beck**

"There is light reaction, with some calls."

**WZTA (N) PD Gregg Steele**

"The response is starting to pick up. It was a little shaky during the first week, but it is really starting to pick up."

**KRXQ (N) PD Curtiss Johnson**

"Just moved to full time 24 hour rotation due to initial response from nighttime play and the 'X-Acoustic' set they did"

## THYRET HELMS WARNER BROS. RECORDS

Russ Thyret

**Russ Thyret** has been named **Warner Bros. Records** Chairman & CEO, replacing **Danny Goldberg**, who exits for an as yet unannounced move. The announcement was made by **Warner Music Group** Chairman & CEO **Michael Fuchs**, who commented, "Warner Bros. Records is a unique organization and Russ Thyret has been an integral part of the fabric at Warner Bros.

for nearly three decades. Russ has been the power forward on this team, but has played every position on the Warner Bros. team as well. That in itself is so rare in the record business. More than that he individually symbolizes this quintessentially people/artist oriented company. During this time of unprecedented change, both for Warner Bros. Records and the music industry as a whole, the continuity and commitment exemplified by Russ Thyret are essential to the company's continued vitality. It's with great pleasure that I make this announcement, and we are looking forward to a new era of stability and growth for the company under Russ." Thyret, who had been serving as Vice Chairman of the company, added, "In light of the historic accomplishments of Warner Bros. Records, and the incredible legacy of its guiding lights **Mo Ostin** and **Lenny Waronker**, I am humbled at the prospect of assuming this position. Any record company is only as good as its artists and staff, and here at Warner Bros. we have the best of both worlds. It is now time to dedicate ourselves to getting on with the business at which we can excel, and maintaining the leadership role we've held since virtually the inception of this remarkable institution." Thyret began his 26-year tenure at WB as Singles Sales Manager. In 1973 he was named Sales Manager and two years later became VP in the Sales Department. In '76, Thyret became VP/Promotion, and in '81 moved to the Marketing Department as Sr. VP. In 1983, he was named Sr. VP/Marketing & Promotion.

## REPRISE PROMOTES DIVNEY

**Bob Divney** has been elevated to National Director of Alternative Promotion for **Reprise**. Divney began his career in 1986 in the mailroom of WEA's Boston branch. In '87, he was promoted to Mid-New England Promotion Rep for Reprise. Two years later, he moved on to local promotion in Washington D.C., and in 1991, New York City. Commenting on the appointment Reprise Executive VP/GM **Rich Fitzgerald** remarked, "With the meteoric growth of alternative music, Reprise Records' commitment to the format has never been stronger and there is no individual with a keener understanding or greater enthusiasm for this key field than Bob. I am delighted to make this promotion announcement and I am looking forward to Bob's contributions in the years to come."

## HINSON NAMES ISLAND VP/AC PROMO

Laura Hinson

**Island Records** President & CEO **John Barbis** announced the appointment of **Laura Hinson** to VP/AC Promotion. "Laura has always been a pace setter in the promotion department," stated Barbis. "Her ability to get our artists played on A/C radio has been a crucial part of the development of many of our artists. I am very happy to be able to promote Laura to this important position."

A PolyGram veteran of over 7 years, Hinson began her career at Chrysalis prior to joining Polydor in 1988 as a local promotion manager. In 1990, she moved to L.A. to do National Top 40. She then moved to PLG, where she began overseeing promotion efforts at A/C radio.

## PRIMUS "WYNONA'S BIG BROWN BEAVER" INTERSCOPE/AG

Up: 18 Down: 10 Steady: 18 Phones: 9 Rank: 17-18\*

We suspected this little novelty number was gettin' close to the end of its rope. We were wrong.

**KLOL (B) MD Cindy Bennett**

"The song has been testing well, but just keeps getting stronger. The crazy thing is that it tests across the demos. We expected it to be a younger demo skewed song, but it's not, at least according to our research."

**WAXQ (B) MD Vinny Marino**

"There is no burn, none whatsoever. We could play this every hour if we wanted to."

**WCCC (B) PD Todd Heft**

"There is no burn on that. The phones are still ballistic."

**WZTA (B) PD Gregg Steele**

"This one is still working for me very well."

**KRXQ (B) PD Curtiss Johnson**

"We expected some burn, but this is still really strong. Just moved to full on power, 34 spins a week."

**X107 (B) PD Steve Blatter**

"#1 men 18-24 research record. I never expected that."

## TOADES "POSSUM KINGDOM" INTERSCOPE

Up: 32 Down: 17 Same: 16 Rank: 6-5\*

If you somehow haven't found it in your heart to deal the Toads a couple of face cards in the rotation department, here's a quick update.

**WRCX (B) MD Jo Robinson**

"It is doing fabulously well. We have been on it for a long time. It scores huge in research, and we're hoping to see better sales. Just did a show at The Metro, and sold 85% of the house."

**KEZE (B) PD Darren Johnson**

"There's still a slight build. I don't expect much more. We're playing it in afternoon drive and in night dayparts. It hasn't been a huge record for us, but in its timeslots it performed fine."

**WLLZ (B) MD Todd Thomas**

"Definitely a builder for us. We were the first in the market to play this song, so we've been on it for a long time."

**KLOL (M) MD Cindy Bennett**

"It seems to have peaked, but we keep hoping it hasn't. It is not testing as well as we had hoped, but it is getting good phones."

## TRIPPING DAISY "I GOT A GIRL" ISLAND

Up: 16, including KISS, KRZZ, WAXQ, WKDF, WLLZ, WXRA, X107

Down: 10 Steady: 15 Rank: 30-28\*

It's the song programmers love to hate—but apparently love to play almost as much.

**WXRC (B) PD Anthony Michaels**

"Hate the song personally, but they're requesting the hell out of it. Hottest daypart is middays."

**WZTA (M) PD Gregg Steele**

"For a much as I hate it, it's still picking up requests every week."

**KQRC (D) PD Doug Sorenson**

"Still some curiosity calls."

**WKLL (D) PD Jeff Gillis**

"They're just starting to pick up MTV exposure, which could help. Nights only."

**KLBJ (M) Jeff Carrol**

"They're from Dallas, so we're playing them, but I don't think are an across-the-board band. Nights and middays were where they did best."

**X107 (M) PD Steve Blatter**

"This is a very polarized record. Some love it, some hate it."

# RADIO RUMBLE

Over the August 12/13 weekend **KBPI/Denver** upset label types at **Warner Brothers Records** when they hosted a World Premiere Weekend and played some unreleased songs. KBPI spun "Rock N' Roll Is Dead" by **Lenny Kravitz**, "Warped" from the **Red Hot Chili Peppers** and "Simple Lessons," the latest from **Candlebox**. Apparently three cease and desist orders were faxed over to the station over the weekend but weren't seen until the opening of the business day on Monday morning. By then KBPI was receiving tons of phone calls from listeners wanting to hear the new hits. By Monday afternoon the label terminated their working relationship with KBPI.

**Live 105/San Francisco** - The Modern Rock station have gathered 105 area homeless people to join the Green Team Broom Brigade in an effort to clean up litter in the city. The Live 105 Green Team (armed with gloves, goggles and brooms) along with the homeless will divide into groups of five and sweep up anything and everything from 1st to 7th streets between Market and Brannan. The station will pay the homeless people \$20 for their efforts and will provide them with free food and beverages after the scheduled clean up. The sweep is slated for Friday, September 1st from 10-12pm.

On Sunday, August 13th **WRCX-FM/Chicago's Mancow** was the host of a charity softball game. Taking part in the fun and festivities were Mancow's team (consisting of the Orphan Punks, Chip from Enuff Z'Nuff, Turd, Phone Girl, Irma, 5 contest winners and other 103.5 staffers) and opposing celebrities which included Richard Roeper, Ralph Covert from the Bad Examples, Craig Hodges from the Bulls, among others. After the game, a charity cook-out was scheduled with the proceeds going to benefit the Salvation Army's Emergency Shelter - who are currently helping to prevent heat-related injuries.

For the entire week of August 14-18, **X108 Morning man Andy Chanley** was set to take part in a different Xtreme sport - whether he liked it or not. On Monday, Andy was to head out to the Velodrome with 1996 Olympic Cycling hopefuls Derek Witte and Ben Sharp. On Tuesday, Andy was supposed to race Formula 1 Lightning electric race cars. Wednesday, Andy was anticipating rollerblading and skateboarding. When Thursday rolled around Chanley was to try his hand at the Indianapolis Colls Training Camp. Finally, on Friday Andy was to cap off the week by going skydiving. If everything went as planned Chanley let out one heckuva scream on Friday morning - more on that as it comes in.

**WLUP/Chicago** - Twenty lucky LOOP listeners recently joined **Kevin Matthews** and WLUP Sports Director **Jim Shorts** for a live remote from the Chicago Bears training camp on August 11th. The LOOP listener/tootball fanatics won their trips down to Platteville by listening to Matthews from 5:30am - 10am July 31st to August 8th or by registering to win at specified area Chicago locations.

**Rock 103.5 WRCX/Chicago** - Station Program Director **Dave Richards** has announced the addition of **Spazz** for part-time duties as a weekend announcer. Spazz, a.k.a. **Ric Federighi**, spends his weekdays as Operations Manager at Shadow Traffic... Paxson Broadcasting of Orlando, L.P. (owner of WJRR 101.1, WMGF 107.7, 540 The Team and 740 WINZ) have made a few management changes - **Brent Dunlap** has taken on the Managerial duties of the promotional vehicle "The Rolling Radio Show", where his responsibilities will be for "the development and design of making this vehicle a profitable broadcast/remote unit"... **Mike Nickerson** will fill the Promotions Manager chair at **101.1 WJRR** and **540 The Team**. Nickerson was previously Promotions Manager for WROO/Country and WSJT/Smooth Jazz.

**Gonzo Greg**, who left **WTFX/Louisville** in June, is pleased to announce his official arrival as a multi-media doofus with his climbing aboard of the Internet. Yes, folks, you can check out the **Big Dumb Home Page** at <http://users.aol.com/gonzogreg> - got that? Once you arrive you can download samples of the Big Dumb Show, link into tons of groovy music, etc. If you are interested, Gonzo is currently entertaining offers for a new broadcast outlet for the Big Dumb Show. He can be reached at (502) 582-9798 or via e-mail [gonzozrag@aol.com](mailto:gonzozrag@aol.com).

In yet another radio station drop-by, **Todd Snider** buddies up with those in the **CD101/Columbus** studios. Snider (who can be seen dead center) is flanked by (l to r): **Liz Healy**, Regional MCA rep; **Andy Man**, Music Dir. CD101; **Lou Griffith**, Production Dir. CD101; and **Randy Malloy**, Promotion Dir.

When the **Brother Cane/Nixons** tour came to town, **WRCX/Chicago** took the bands on in a softball game a day prior to the sold out show at the **Double Door**. Ten contest winners joined the bands on the team against **Rock 103** staffers. Here's a group shot taken after the **WRCX 16-13** victory.

During a recent morning show **Dave** and **Damon** of **Brother Cane** fame joined **Mancow** on his Morning Madhouse show on **Rock 103.5**. Pictured (from l to r) are: **Irma Blanco**, **David Anderson** (**Brother Cane**), **Mancow**, **Angie Congine** and **Damon Johnson** (**Brother Cane**).

All these folks gathered somewhere on the **WIZN/Burlington Blues Cruise** to take a snapshot after yet another successful trek on lake Champlain, this time with the **Jeff Healey Band**. Jammed in the photo are: **Steve Cormier** (**WIZN PD**), **Scott George**, **Ian Kelly**,

**Bill Frascino**, and **Lana Wilder** (all **WIZNers**), **Tom Stephen** (**JH band**), **Arty Lavigne** (**WIZN GM**), **Jeff Healey**, **Joe Rockman** (**JH band**), **Mide Eddy** (**WIZN sales**), **Mike Wilhide** (**WIZN**), **Mike Luoma** (**WIZN MD**), **Brian Crogan** (**WIZN a.m. driver**) and **Bill Corbeil** (**Production Manager**).

# JONATHA BROOKE & THE STORY

by Lisa Riegel

When The Story's first album, *Grace In Gravity* (Green Linnet), was released almost five years ago, it was evident to everyone who heard it that there was something very special happening there. WYEP's Mikel Ellcessor recalls, "When the Green Linnet release came in, we were immediately drawn to it because there was this interesting dichotomy that was evident in the music. There was a really energetic, youthful, bright delivery, but there was also a knowing in the writing and in the execution. A knowing that was even present without speaking, which left a lot of opportunities for interpretation. So, what we found was a very special and a very unique package. It was a record from somebody we had never heard of, and nobody was promoting the record, but it spoke very clearly for itself. What we guessed, and what later turned out to be true — and I'm sure a lot of people could testify to this — is that it spoke across age and gender and condition and history.

"Jonatha's writing and the way she and Alain approach the arrangements behind her writing does what the very best art in any time has done — it provides a window of opportunity for us to learn something about ourselves. It speaks to and it speaks of the world and it lets us learn something of ourselves. I feel very emotional and very passionate about her work. We all have somebody that we feel that way about.

"Jonatha, more so than many people I encounter, is a very true representation of what it means to be an adult and somebody that mostly grew up after the Kennedy era — and that's a different world view. That's what that knowing is all about. We know a world that saw the Golden Prince be dethroned.

We went through elementary school as the Watergate hearings unfolded. That's the reality of what Generation X is actually about. There can still be playfulness and fun, but there's a knowing that you can't escape because the world that you grew up in saw those things — the Kennedy assassinations, Martin Luther King, Watergate. That informs our perspective. That history and that status of the world is evident in Jonatha's art."

Tommy LiPuma, who was with Elektra Records at the time, was also impressed and immediately signed Jonatha Brooke and Jennifer Kimball — The Story.

Their Elektra debut, *Angel In The House*, quickly found its way to the top of the Triple A chart, where it remained for several weeks. Jonatha and Jennifer were touring constantly, their album was selling well, and they had become the sweethearts of the Triple A format. But the story doesn't end there. While Jonatha was busy writing songs for the next album, Elektra was in the midst of reorganizing the label, and The Story fell victim to a roster cut. Also during that time, Jonatha and Jennifer decided to go their separate ways, and the fate of The Story was uncertain at best in most of our minds.

Re-enter Tommy LiPuma. Tommy had also left Elektra and moved on to become President of the GRP Recording Company. He was busy relaunching the legendary Blue Thumb Records, but still kept in touch with Jonatha and urged her to send him a demo of her material. She did. He flipped. Jonatha Brooke became one of the first artists signed to the newly resurrected Blue Thumb imprint, and her new album, *Plumb*, was released to an appreciative Triple A format this week...

# THE Hard INTERVIEW

**Jonatha:** You know, for so long I tried to sound like Chaka Khan, but that was obviously a losing battle. I don't know. I'm probably a combination of everybody. When you start out, that's what you do, you just sort of cop everyone's stuff and hopefully it will meld into your own sound. I love all of those artists, so it is an honor to even be compared to them. I don't know that I sound like anyone in particular.

**You husband, Alain Mallet, produced Plumb, as well as the first two records.**

**Jonatha:** He was co-producer of the first two, and he did this one by himself with me.

**Is it difficult maintaining a personal and professional relationship?**

**Jonatha:** So far so good. It's really an amazing thing to be able to work so well together. I think that our strengths are so extremely different that we are able to allow each other that leeway to try stuff and have it fail, but not be obnoxious about it. That is what has sustained us. Plus the fact that we just love this music. It's really a labor of love. We're both trying to get to the same place. It doesn't have to do with money and it doesn't have to do with fame, it has to do with making the most beautiful sound we can make. So far so good. We only had a couple of icky days this time.

**You're originally from Boston?**

**Jonatha:** I grew up in Boston. I spent a couple of years in London when I was little, but mostly in Boston.

**Did the musical climate in that city have an influence on you?**

**Jonatha:** Yes, mostly because it was just such a receptive environment. There were all of these places to play. It really seemed like a hot place for acoustic-based music. There were a lot of outlets. A lot of college radio stations that would haul you in anytime you really needed to get the word out.

**When you were in college, your parents must have been thrilled when you came home and told them you wanted to be a singer.**

**Jonatha:** Oh yes, thrilled. Actually, I was a dancer first, and they were thrilled with that. I had model parents in that sense. They really supported whatever I chose, which is probably unusual seeing as I chose the least stable professions — dancing and singing. They have always had this real faith that I would make whatever I wanted to happen, so they stood by me. They are major fans.

**Will you be touring with the same band members?**

**Jonatha:** I'd love to. This band is so hot and I love working with them. Duke Levine is on the road right now with Mary Chapin Carpenter, so he has been stolen from us. That's a great gig for him, though. It's great seeing him getting that much exposure. Hopefully, when we go out in the fall it will be Abe Laboriel, the drummer, the

same bass player, Michael Rivard, and Alain. It's pretty much the same crew.

**And it's almost the same band as the last album?**

**Jonatha:** Pretty much. Abe is a new drummer, and we'll have to find a different guitar player now to replace Duke. There is this great woman from Chicago, Ingrid Graudins, who sang on a couple of songs on the album, and who is an incredible vocalist. I thought no one would ever be able to fit into the older material with the weird harmonies and counter-point melodies, but she's just awesome. She'll be on tour with us, too. We'll be able to cover the range of material.

**Great, because everyone wants to hear your old stuff, too.**

**Jonatha:** Me too. I will always be drawn to harmony weirdness.

**What artists do you listen to nowadays? Who is in your CD player?**

**Jonatha:** I was listening to G. Love & Special Sauce for a little while. I've always loved Sonia Dada. Joan Osborne. I keep hearing Alanis Morissette on the radio, I think she's hot.

**Not to mention pissed off.**

**Jonatha:** Yeah, she's speaking for all of us. Other stuff I listen to usually tends to be older stuff like Johnny Hathaway, his voice is so unbelievable. Stevie Wonder. Elise Regina, I always go back to her. Of course, Chaka Khan. And there's always Joni, she's always nearby.

**Looking back on the changes over the last five years, where do you see The Story five years from now?**

**Jonatha:** That's a really good question. I think that by the next album I will probably drop the name The Story. It just doesn't make that much sense anymore. I will just keep using my name. I really just want to be doing what I'm doing. I want to know that I can write more songs that I am thrilled with. Maybe I'll be able to do two more records in the next five years. That will be great. Maybe a nice little cottage in the south of France, with tons of dogs, a little vegetable garden and some strawberries.

# THE Hard INTERVIEW

**The Story began with you and Jennifer Kimball, and has now evolved into you as a solo artist. Go back into the history and the evolution of The Story.**

**Jonatha:** It started in college as a duo — myself and Jennifer. After college, we really started performing a lot. In 1988, we made an acoustic tape of original songs, which made its way to Green Linnet, who — to make a long story short — called us up and offered us a deal. So, we put the first album, *Grace In Gravity*, on Green Linnet. At that point, I was already leaning toward arranging the songs more and really evolving into a band. Right before we put out the album, I decided to call it 'The Story' instead of 'Jonatha and Jennifer.' I thought The Story would encompass any form that the band would take over the next few years. That first release was brought to Elektra's attention, and they decided to offer us a deal. They re-released the album on Elektra, and then we made our second, *Angel In The House*, in 1993. At that point, I was really into touring as a band as much as possible, but we did a lot of touring as a duo as well. There were some militant duo fans and there were some militant band fans. By fall, it evolved even further. Since I had always written all of the music, it wasn't enough of a creative place for Jennifer to be. She needed to move on and I certainly needed the freedom to go in this direction.

**Was it an amicable split?**

**Jonatha:** Yes, we were very mature about it. We had long talks and it was really clear to both of us that it was time. We had known this would happen at some point. Twelve years is a long time for anyone to sustain something. When it turns into a stressful situation for either party, it's better to just part before it gets really ugly.

**What's Jennifer doing now?**

**Jonatha:** She has been doing a lot of artwork, which is another of her talents. I keep hearing through the grapevine that she is going to be doing background vocals for Patty Larkin on her fall tour. It would be great for her to do something else and still feel like music can be a part of her life, even if she doesn't write songs and have her own band.

**Had you worked solo before you and Jennifer got together?**

**Jonatha:** No, we were really a duo since '85. I hadn't done any solo stuff in college. I was in a couple of bands in college where I could really rock out and have some fun.

**As you were recording *Plumb*, did you sometimes look around and miss having Jennifer there? Or was this a natural evolution for you and it was really just time to go out on your own?**

**Jonatha:** It was really time. Once I got over the downer of it — it is like a divorce — I just really felt totally freed and incredibly happy. I don't think I regret anything. Hopefully she doesn't either.

**As you said, *Angel In The House* was on Elektra, and it did very well — going to #1 on the AAA chart and staying there for quite some time — and I understand the sales figures were also impressive, yet *The Story* is no longer with the label. How did the relationship with Elektra end?**

**Jonatha:** Sort of strangely. That fall, I had begun writing a lot of songs to put out a new album. Jennifer left the band, but that didn't seem to be a big problem with Elektra. But then, as I'm sure you know, there was this huge shake-down at the label and things were changing very quickly. The whole industry was in a little bit of an uproar over what was going on at Warner Brothers. And the bottom line is that we got dropped. No one was left there who really understood us anymore. Looking back on it, it was one of the best things that ever happened to me.

**The advantages of being on a larger label outweighed the disadvantages for you?**

**Jonatha:** The sick sort of irony of it was that Green Linnet held on for dear life when we went to Elektra. So, it turned out that we were on both labels at the same time, which was the worst possible situation. It was hell. I would never let that happen again. I would do absolutely anything before I would get into a sick business triangle like that, where the tiny label sees golden eggs and drains the deal of anything good that might come to the artist. I'd be happy to sign to an indie or a major, but never have both involved. Obviously, the advantage with Elektra was that we had tour support and there was more money for the budget. In fact, it was something like four times the

budget that we had on the Green Linnet release. On the other hand, when you're on a larger label, a disadvantage is that you are not necessarily a priority for them. You can easily get lost in the shuffle when Jackson Brown and Linda Ronstadt are close on your heels, which I think is what happened.

**The new album, *Plumb*, is being released on Blue Thumb/GRP. Did they give you a lot of artistic leeway in recording the album?**

**Jonatha:** Total freedom. The really cool thing about being with them is that Tommy LiPuma, who is now President of GRP and Blue Thumb, was the guy who signed us to Elektra. There has been a real continuity there for us. Tommy

# THE Hard INTERVIEW

left Elektra when the shit hit the fan, shortly after I was let go. He kept up with me and wanted me to let him know what I was doing and he asked me to send him a demo. When I sent him the demo, he really flipped out. He was right there for us. He totally picked up the ball. There were some rumblings at other labels at the time, but I went with my gut and stuck with Tommy. He was there from the beginning. It feels great. It feels like everybody at the label is so pumped about this.

**Plumb is definitely much edgier than either of the last two albums. Was that a conscious decision from the beginning to take the album in that direction, or did it just happen that way?**

**Jonatha:** It sort of happened that way. The songs dictated that it be more focused that way. I felt edgier, and I felt like I wanted to go for this band sound and cut a lot of the basic tracks live. When we did that, a lot of them took on this really cool life of their own. It wasn't really a conscious decision, it had to be that way. That's what the songs dictated. We had Abe Laboriel on drums. He's just incredible. He wails. Extra large drums and extra large sticks.

**Are you finding that a lot of people are surprised with the edgier sound?**

**Jonatha:** Not so far. I think mostly the response has been 'Wow! It sounds like you really found yourself here,' and because that's exactly how I feel, it has been really nice to hear. There is always that artist's paranoia and insecurity of, 'I suck. I am never going to do anything again.' I really feel like something magical has happened on this album. I came into my own and figured out, 'This is what I am doing. This is how I feel. This is how I want it to sound.' I'm not going to shy away from anything. I took all the risks that I needed to take and it really paid off.

**The song 'War,' with Bruce Cockburn is beautiful.**

**Jonatha:** Yes, it came out really good. We were thrilled with it.

**How did you and Bruce get hooked up?**

**Jonatha:** Bruce wrote me a letter last fall out of the blue that totally knocked my socks off. I just couldn't believe that someone with his depth and staying power and intensity responded to what I was doing and took the time to write to me. The one thing that stuck out in his letter was that he said, 'Even if you never write another song again, you've done an amazing thing.' I was so moved and I wrote him back. When we were doing 'War,' it was so clear that this was a song that would work great with Bruce. The bass and guitar players' wives are both big Bruce Cockburn fans, and they insisted that I call him. So, I called him up and to my delight, he was into it. He came over and did his thing. He sang and put a guitar part down. We kept making him do more and more. At first it was

just going to be harmony on the choruses and then we asked him to sing on the bridges too, etc. He was awesome.

**What a great story. There aren't many artists on that level who would take the time to write and encourage a young artist.**

**Jonatha:** He's unbelievable. Getting that letter pulled me out of a hole.

**Did you pick the first single from the album, 'Nothing Sacred'?**

**Jonatha:** I was really torn between 'Nothing Sacred' and 'No Better.' I think that 'No Better' could possibly be the second one. Tommy LiPuma really felt strongly that 'Nothing Sacred' would be a strong leader. I could have gone either way. I am perfectly happy with it, though. I think it came out beautifully. It's sort of a slow burn and winds its way into its intensity — I like that about it.

**I imagine you're pretty anxious to go out on tour again.**

**Jonatha:** Yes. I think I'll probably tour for the rest of my life — or at least a couple of years. We are going to try and do some European dates, which never happened last time around. A bunch of the European distributors and record people came to this big convention last week that I played at, and they are really pumped up about it. I know I am going to have to visit all of them.

**With Angel In The House, you and Jennifer went out and visited a lot of Triple A stations. Are you going to do that again now?**

**Jonatha:** Yes, we've already started.

**Are you seeing a lot of the same people?**

**Jonatha:** Yeah, and that's really neat. It's nice to have a network that has pretty much stayed the same. Some people have shifted around the country, but they are mostly still doing what they did the last time I saw them.

It's really nice to see familiar faces, especially the people that are real music lovers — it means something to them.

**Is there anyone who stands out in your mind as being an early supporter of The Story, people who were instrumental in the success of Angel In The House?**

**Jonatha:** Mike Ellcessor at WYEP, absolutely. And Bruce Ranes, Michala Machoun and David Dye at WXPB. Those are total stellar standouts. Our two biggest champions. Boston has been really supportive. The college stations — 'UMB, 'BUR, 'GBH and 'ERF — were just totally with us from the beginning. They would have us come in and do live shows. Those are the three areas that really jumped out. Also, once KSCA got started in L.A., my friends would call me all the time and say, 'Hey, you are on the radio in L.A. It's awesome.' That was really cool to have it happen after the fact because by then, the record was sort of over in everyone's mind.

**That's your buddy Mike Morrison over there.**

**Jonatha:** Yeah, Mike Morrison rules!

**I've heard your vocals compared to everyone from Shawn Colvin to Sarah McLachlan to Bonnie Raitt. Who do you compare your vocals with, if anybody?**

ADULT • ALTERNATIVE • ALBUMS

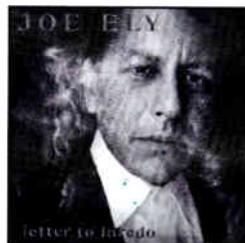

# TRIPLE ACE

**Joan Baez, "Ring Them Bells," Guardian** Many of today's female singer/songwriters count Joan Baez as a major influence and inspiration. Several of those artists performed with Baez at NYC's Bottom Line, and that symbiosis of the legendary and the dawning was captured live on her Guardian records debut, *Ring Them Bells*. The first single, "Don't Think Twice, It's Alright" features Indigo Girls. Other artists appearing on this stellar album include Dar Williams, Mary Black, Janis Ian, Mary Chapin Carpenter, Tish Hinojosa, Mimi Farina and Kate & Anna McGarrigle. **Sharon Steele/WIII**, "Joan Baez is great and

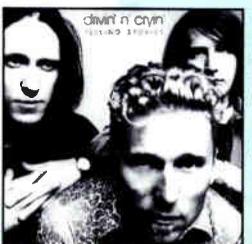

the Indigo Girls are great. Put them together and you get phenomenal!" **Tim Tobin/WUVR**, "I saw Joan Baez at the Folk Fest in Rhode Island and she sounded wonderful. She performed 'Don't Think Twice, It's Alright' with the Indigo Girls. It was a tremendous performance and I remember thinking that she should put this out, and I got my wish." **Colter Langan/KMMS**, "Joan Baez's new single 'Don't Think Twice, It's Alright' is a perfect pairing for Triple A, linking the old with the new and touching all listeners across the field." **Greg Roberts/KFMU**, "This is wonderful. It's a diva of the '60s meets the social consciousness of the '90s." **Tom Krumm/KLRF**, "One of my favorite Dylan tunes done by three of my favorite female voices. It was an easy add for us." **Don Ferrell/KRVM**, "Every station should play all of her songs. She's a constant force in the nature of music. When she came to the station she brought her mom with her, and her mom is the coolest. We love Joan Baez."

# THE HOT CORNER

**Joe Ely, "Letter To Laredo," MCA** What's that? You say Joe Ely just isn't right for your station? You say he's a little too Americana? A little too rootsy? You like him and everything, but he's just won't appeal to your listeners? Well, we're here to tell you that it's time to rethink your position on Joe Ely, and you can start with the first track, "All Just To Get To You," from his new album, *Letter To Laredo*. It's an upbeat song with a great hook, and featuring Bruce Springsteen on backing vocals. Ely is a brilliant songwriter, weaving colorful narrative yarns that draw you into his songs, and this album is his some of his finest work to date. There's some great flamenco guitar, dobro and harmonies laced throughout *Letter To Laredo*, highlighting Ely's lyrics and vocals. Early favorites include "I Ain't Been Here Long," "That Ain't Enough," and "Gallo Del Cielo," featuring Paul Malo of The Mavericks. **Dave King/WJSE**, "*Letter To Laredo* is great. I really like the track with Bruce Springsteen, but we're looking at the whole album. I've been a fan of Joe Ely for a long time."

of band leader Kevn Kinney's recent solo release. Returning once again to a three-piece unit certainly lends itself to this unexplored style. Get wrapped up in these: the first single to AAA "Telling Stories," "Right Side Of Town" and the upbeat "Light."

**Drivin' N' Cryin, "Wrapped In Sky," DGC** For their first release on DGC Records, Drivin' N' Cryin have turned down their Marshall's and traded in most of their electrics for acoustics. Many people will remember their harder-edged, guitar-driven sound of their previous releases, but don't worry, the new Drivin' N' Cryin is equally as pleasant as the old, only in a new way. Very acoustic and relaxed for the most part, the group's music seems to be taking more of a similar approach to that of

of band leader Kevn Kinney's recent solo release. Returning once again to a three-piece unit certainly lends itself to this unexplored style. Get wrapped up in these: the first single to AAA "Telling Stories," "Right Side Of Town" and the upbeat "Light."

# SINGLE SPOTLIGHT

## The Samples, "As Tears Fall," MCA

That's right, The Samples have signed with MCA, and the label is picking up the ball on their Autopilot release, which gets a definitive thumbs-up from **KSPN's Steve Cole**, "The Samples' Autopilot was unjustly overlooked by Triple A upon it's initial release. Here's hoping that their new relationship with MCA propels them into the national spotlight they deserve. Meanwhile, if you missed it the first time 'As Tears Fall,' 'Weight Of The World,' and 'Buffalo Herds & Windmills' are all great choices for remedial airplay. If MCA still has the re-issue bug, a request please for The Samples **The Last Drag**, which is probably the finest effort in an already illustrious career." **Erika Smith/KZON**, "The Samples have always been a staple at The Zone." **Colter Langan/KMMS**, "We played the hell out of this record when it first came out and it is nice to see that the boys finally got a nice, well-deserved record deal." **Greg Roberts/KFMU**, "I thought it was impossible to improve upon perfection, but MCA has done it!" **Tim Tobin/WUVR**, "We added Autopilot when it originally came out and the track 'As Tears Fall' was the first track that we started playing. We suggest to anyone that didn't play this track the first time around to check it out." **Tom Krumm/KLRF**, "This is a great track. I've always liked their sound."

## From Good Homes, "Cool Me Down," RCA

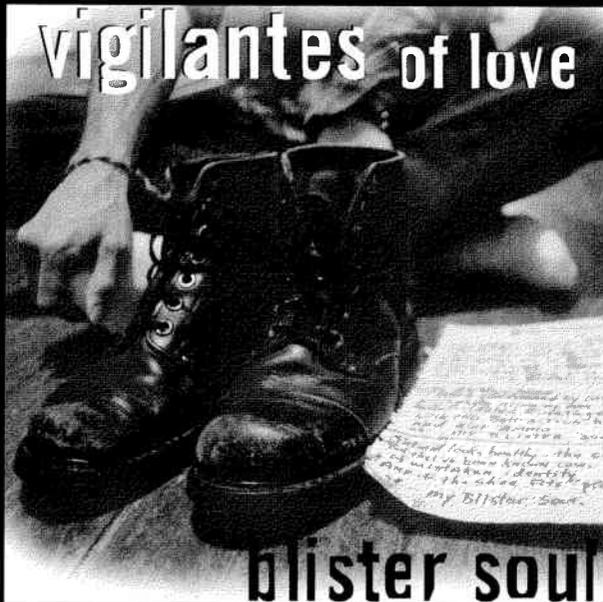

When accused of breaking and entering, the judge let them off with community service because they were all "From Good Homes" — hence the name. Do your community some service, AAA programmers, and spin the latest single from their Open Up The Sky release — "Cool Me Down." This is one of those tunes that is just perfect for listeners to chill out to during this steamy August weather. Laced with killer harmonies, "Cool Me Down" is a very well written tune that is both snappy and upbeat. So remember, when you run out of ice water, you know who to play.

## Ke', "Strange World," RCA

Wow! Very impressive. An extremely worldly-sounding man for being only 23. Ke' (pronounced K) was raised in a few different countries in Europe as well as the United States and has certainly managed to fuse a lot of his experience into a very noteworthy style. Lyrically, Ke' is well beyond his years. Musically, this guy is possessed. What a vibe he gives off. His use of somewhat eerie, yet still commercially viable melodies is perhaps Ke's most intriguing trait. Enjoy this "Strange World." It's the only one we have.

## Edwin McCain

Edwin McCain has been labeled as "the next Hootie." In my opinion, he and his *Honor Among Thieves* (Atlantic) out-Hooties Hootie! His songs are great, and of more substance than Hootie, who admit they are not great songwriters. "Solitude" is already soaring up the charts, due in no small part, I'm sure, to the appearance of Darius Rucker. But McCain can stand on his own, as evidenced by songs like "Jesters, Dreamers & Thieves," "Alive," and "America Street," to name but a few. The album is deep!

## Joan Baez

Joan Baez has teamed up with a host of progressive artists on her new live release *Ring Them Bells* (Guardian). A 3-track CDPro has been shipped to radio which features Joan and the Indigo Girls doing a beautiful reading of Dylan's "Don't Think Twice, It's Alright." If you played Clapton's version of this song from the Dylan 30th Anniversary disc, you'll be surprised at this acoustic take on the same song. There is also a duet with Dar Williams on "You're Aging Well." Dar impressed Joan so much at a recent concert that she was asked to tour as Joan's opening act, and the two have become fast friends. The other track on the CDPro is Leonard Cohen's "Suzanne," which has become a favorite in Joan's live shows. This album is getting knocked as "too folk," but just remember what Baez means to our audience!

## Joe Ely

Joe Ely has long been considered one of the finest songwriters on the planet. *Letter To Laredo* (MCA), Ely's best work to date, should be the album that brings his talent to the masses. "All Just To Get To You" is the track to start with. It's a great upbeat song featuring Bruce Springsteen on backup vocals. This song has the potential to cross to many formats and make Joe a star.

"Gallo Del Cielo" has some great flamenco guitar and harmony provided by The Mavericks' Raul Malo. I also like "I Ain't Been Here Long" and "That Ain't Enough."

## Drivin' N' Cryin'

Kevn Kinney is back with his band Drivin' N' Cryin' after two wonderful folk oriented solo albums. His excursion into more acoustic driven music has definitely influenced the band, as the new album *Wrapped In Sky* (DGC) sounds much more like solo Kinney than the old Drivin' N' Cryin'. You should have received the lead track, "Telling Stories," which features R.E.M.'s Peter

Buck, who helped Kevn with his solo work. The song is a nice folkish ballad that is a good introduction to the album.

## Holly Cole

Jazz/pop singer Holly Cole has released an album of Tom Waits covers called *Temptation* (Metro Blue/Capitol). She and her trio do some very inspired takes on Wait's songs like "Jersey Girl," "Falling Down," "(Looking For) The Heart Of Saturday Night," and "Invitation To The Blues." This album may not be for everyone, but it has a great, smoky sound and the Tom

Waits connection. If you like some jazz spice now and then, take this one home and live with it for awhile.

## Big Geraniums

The Big Geraniums are a fun Irish rock band, who win the prize for weirdest album title of the week for their debut *Girls On Sheep* (PRA). Album title and cover art aside, this is a fine debut, lead by the single "Days Like These," which epitomizes the band's exciting songs and good-time attitude. I really like the first song on the CD, "Feel So Very Old," in addition to "Evolution" and

"Ship Sink Down." This album will add some life to any playlist.

## Jimmy LaFave

Jimmy LaFave's last album was one of our favorites of last year, and our early reaction to *Buffalo Return To The Plains* (Bohemia Beat/Rounder) is just a favorable. His songwriting is impeccable, and his band is in fine form on songs like "Burden To Bear," "Last Train," "Foolish Pride" and the title track. Also on the album is a cover of Dylan's "Sweetheart Like You," and "Amsterdam" written by another of our favorites, Kevin Welch.

## Odds

The Odds' *Good Weird Feeling* (Elektra) reminds me of last year's album from The Grays, which did well at both modern rock and progressive radio. "Truth Untold" is the lead track, which is a bit crunchy for some. Others to focus on are "Smokescreen (Come And Get Me)," "Satisfied," "Oh Sorrow, Oh Shame," and "Mercy To Go."

## Dave Dobbyn

Dave Dobbyn went to high school with Neil Finn from Crowded House and convinced Finn to produce his album, along with Mitchell Froom. The result is *Twist* (TriStar), an album that sounds like a cross between Crowded House and Graham Parker. There are many good songs on the CD, but our early favorites are "The Lap Of The Gods," "Language," "P.C.," and "Maybe The Rain."

## Neal Casal

Neal Casal's *Fade Away Diamond Time* is the latest in a string of great releases from Zoo. The album is not due for a few weeks, but he is already picking up adds from a 4-track CDPro, featuring the lead track "Day In The Sun." This is a blue-eyed soul type song that showcases Casal's vocals and songwriting. Also on the CDPro are "Free To Go" and "Detroit Or Buffalo."

## Wakeland

If you're in the mood for some good power-pop, check out *Magnetic* (Giant), the debut album from Wakeland. The lead track, "Half Of You," is one of my favorite songs of the last few weeks, and will work very well next to things like Better Than Ezra and the Gin Blossoms. Also put your ear to "Rain Song," "Don't Worry (Star Song)," and "Falling Again." Chris and Brad from the band came by our office and gave us an acoustic concert which was quite enjoyable. Plus, any musician who will admit to being a Bryan Adams fan earns my...uh...respect.

## Triple Ace Hockmeyer

From the pages of *Sports Illustrated*.. "More than 38,000 holes in one are recorded annually in the U.S. Many of them are sunk by such worm burners as **Brad Hockmeyer**, a 44-year-old broadcasting executive who registered his first-ever hole in one last month at the Taos (N.Mex) Country Club. What made Hockmeyer's ace notable was that it occurred on the 100th anniversary of what was, according to at least one account, the first hole in one in American history. The duffer who drained that shot? The late **Otto Hockmeyer**, Brad's great-grandfather. While the significance of his feat was not lost on him, Brad had a more pressing concern. 'I talked to somebody who once got a hole in one and had to spend \$800 buying the club drinks,' says Hockmeyer, referring to the traditional post-ace ritual. Otto's great-grandson was lucky: Taos has yet to construct a 19th hole."

### Little Buster And The Soul Brothers Right On Time!

Bullseye Blues/Rounder

by Bill Mitchell, host of the Blues Hangover,  
 KZON/Phoenix

Every few years a new CD comes out which, from the very first note, grabs my attention and compels me to play it continually. In 1990 it was the Rounder Records album, *In The Spirit*, by the Holmes Brothers. Five years later the Rounder folks have struck gold again in New York with another previously unrecorded veteran artist, **Edward "Little Buster" Forehand** and his band **The Soul Brothers**. *Right On Time!* is deep, soulful blues at its very best. Where's this guy been all my life?! **Little Buster** owns one of the most emotionally charged, grittiest voices in the business today, designed to consistently run shivers down your spine as you listen to the album. He also contributes tasty, Little Milton-style blues guitar to many of the tunes, and the Soul Brothers are a tight, horn driven ensemble that perfectly complement Buster's vocals. The opening cut, "What Can I Do", is powerful soul in the style of Tyrone Davis, while "Engines and Wings" is mid-tempo blues which features Little Buster's stinging guitar riffs. Buster brings it down with a great cover of the Dan Penn soul ballad, "Whatever It Takes". For a harder driving number with more hot guitar, check out "My Darling". The big question is, "How many more great unrecorded acts like Little Buster are out there waiting to be discovered?" Hopefully a lot more like this one.

### James Harman Band

**Black & White**

Blacktop Records

by Paul Kenedy, Radio Consultant,  
 Premiere Radio Network

For me, there's no gray area. *Black & White*, the latest Blacktop Records release from the **James Harman Band**, is my choice for blues release of the year. *Black & White* is blues the way blues ought to be: elemental, raw and honest. James himself describes it best in the liner notes; "These recordings were done in the old school, real guy way - real people singing and playing instruments into tube amplifiers... in a big room together at the same time... using no electronic brain gadgets, gizmos or trick do-dads so popular today." That's the way **James Harman** has been making music since his early days on the Southern dance circuit in the '60s, then in California in the '70s (where Harman led the unofficial house band at the Ash Grove Club in L.A.). The songs on *Black & White* take their inspiration from life itself, proving Harman to be a keen observer with a wry sense of humor. ("Lock Doctor," for all it's double entendre, came from the slogan on the side of a locksmith's van Harman saw in a traffic jam; "Hollywood Girls" from late night TV phone sex ads). You also get the high-powered groove of "Torquellite 727," the constantly-shifting tempos of "Cut To The Chase" and the highlight of the CD, two versions of "The Four Questions." (The first recorded at low-volume-high-intensity with the whole band and the second at 4am with just Harman singing and playing harp and Fred Kaplan on piano). There's even beat poetry ("The Twins"), as Harman shows off his "'60s TV announcer voice" over Michael Tempo's congas. James Harman's *Black & White*... it truly is, as it says on the disc, "blow-by-blow boogie beatnik blues." Believe it.

Louisiana bluesman **Jesse Thomas** died August 13 after suffering a heart attack. He was 84 years old. His first recording was *Blue Goose Blues* on Victor Records in 1929. He later headed to California, where he was influenced by his new friends, T-Bone Walker and Nat "King" Cole. In 1956, Thomas returned to his hometown of Shreveport, LA, and played regular lounge shows in the area for years. Over his seven-decade long recording career, his performances became mainstays at world-class festivals such as New Orleans Jazz & Heritage. His latest recording was on Top Cat Records, but he also recorded for Swingtime, Jewel, Specialty and many more labels. ## COVER Pick

### Down, "Lifer" (EastWest/EEG)

It is fairly common to see side projects and collaborations between musicians, but few come with as much excitement as this one. When you look at the component parts on this one - **Phil Anselmo** of Pantera, **Pepper Keenan** of C.O.C.,

**Kirk Windstein** and **Todd Strange** of Crowbar, and **Jimmy Bower** of Eyehategod - you expect the output to be as heavy and hammering as mallet pounding hot iron in 100 degree heat. And it is. What will surprise you about **Down** is the cohesiveness of the band - and the spark they create - makes it seem like they have been jammin' for years. You also have to wonder how they were ever able to coordinate their hectic touring schedules. According to Pepper Keenan's liner notes inside the *Nola* CD, it was a magical - albeit a bit hazy and incoherent - musical encounter between good friends (and a bottle of pills?) to create the lethal collection of songs. Your first experience with *Nola* will be the sludge ridden track "Lifer". You can hear the influence of each member's personal projects, but the general vibe is Pantera meets Black Sabbath meets Molly Hatchet. Even better news is the fact that they will be touring and we will be able to experience first hand the spontaneity that makes this project so formidable. Even though this is the official add week **KIOZ, KMSA, KWVA, WAIF, WHJY, WMMR, WSOU, and XEQC** couldn't wait and hopped onto "Lifer" already. The rest of you will be rewarded for your patience with a record that is sure to top playlists for the rest of the year. Are you "Down" with that?

Philip Anselmo, Pepper Keenan, Kirk Windstein, Todd Strange, Jimmy Bower

## Lifer

The premiere single from the forthcoming album NOLA.

"I had just flown home to New Orleans from touring with C.O.C. Philip, Kirk, Jim & Sexy T picked me up in the Monte Carlo. We ended up in some punk kid's garage, whose parents were out of town, so the joint was ours, borrowed equipment, refrigerator, BBQ pit and all. By 2:00 in the morning we were crosseyed, painless and tone-deaf. At the end of the night, ears ringing, we stood there and laughed our asses off, 'cause the shit kicked unholy ass."—Pepper

It ain't what you think.

Album in stores September 19.

# HARD Hitters

## TOP Picks

### Klover, Feel Lucky Punk (Mercury)

Graduating from the Boston hard-core/punk scene gives a band a large amount of street credibility (members **Chris Doherty** and **Brian Betzger** grew up in Gang Green), but **Klover** are prepared to step off the streets and onto the radio airwaves. Many Hard Hitters stations jumped onto the cynical but buoyant "Beginning to End", which saw increases at **KZRK, WJUL, WSOU, WWVU, XEQC, KQAL, KZRQ, and WTSR** this week. Their debut Feel Lucky

Punk is chock full of tunes that get right to the point and slap you with a dose of attitude and a barrage of razored riffs. Perfect examples of **Klover's** "tude are "Our Way" and "Y.R.U. (Still Here)". The band incorporate more than a tad of the melodic energy that has fed the punk resurgence, but with more teeth than the top 40 tunes of Green Day. So do you feel lucky this week? Grab this lucky **Klover** to brighten up playlist doldrums.

### My Dying Bride, Trinity (Fierce)

Last year this band was introduced to the listeners state-side with their first U.S. release Turn Loose the Swans. The band made their mark with a unique blend of orchestral scores, Gothic ambience, and death metal aggression. This impressive work created an interest in their earlier, European-only work by American fans for the first time. While **My Dying Bride** are completing work on their third full length album, Angel and the Dark River due out in October,

a compilation of both older material not available in the states and new epics is being offered on this side of the pond. **Trinity** will not disappoint with re-mastered versions of their early EPs Symphonaire Infernus and The Thrash of Naked Limbs and the new "I Am the Bloody Earth". If you have been hypnotized by the dark sounds of Type O Negative, this takes that haunting somberness to a new level. At other times they slash through guitar chords in a manner similar to Slayer on Hell Awaits. All elements employ a majestic, symphonic musical bed. Put some gloom into your summer before the Halloween rush with **My Dying Bride**.

### Brujeria, Raza Odiada (Roadrunner)

Who are those mysterious Mexicans anyway? Whoever they are, they sure are pissed off, but have impressed enough Hard Hitters radio to pull in six early adds at **KQAL, KUSF, KZAK, WHFR, WKLL, WSGR, WTFX, and XEQC**. We don't know about their rumored identities as Columbian drug lords, but we do know that they raised more than a few eyebrows with the repulsive artwork on their debut Matando Gueros. On Raza Odiada the band

opts for a more palatable cover, but equally dangerous songs. The album kicks off with a Jello Biafra excerpt but then this band of "murderous fiends" slay the listener with bass heavy guitar grooves (a la Pantera), attacking drums and vocals that are only understandable if la habla espanol. (And in high school you didn't think you'd ever have a use for those foreign language classes.) Don't expect a tour, but do expect to hear plenty slashing **Brujeria** songs at underground radio.

### Coalesce, 002 EP (Earache/New Chapter Series)

Right now it would be safe to say that very few records out among the metal masses can compare to the auditory assault offered on this 3 song EP. The Kansas City four piece (**Sean Ingram** - vocals; **Jes Steineger** - guitar; **Stacy Hill** - bass; and **Jim Redd** - drums) have used raw, pent-up aggression as the basis of their musical expression to create a bruising blast of sound. The slightly off-kilter timing of "73-C", "Grain Of Salt" and "Simulcast" is accentuated in the layered guitar-grinding attack. Ingram's militant vocal style is more than complimented by the pummeling guitar riffs and succinct, yet explosive percussion. After hearing the intensity of this disc you will find it hard to ignore, just ask those over at **KEYJ, WAIF** and **WKPX** who have already reported some action.

THE HARD REPORT

## TOP Picks Cont.

### Silencer, Silencer EP (Earache/New Chapter Series)

This Nottingham based trio (**Aaron, Dan and Ceri**) have put together a three song collection that runs the gamut in musical style and tempo changes. Single guitar strokes instantly become monster-size guitar riffs and a solid foundation of bass and drums can float back and forth from a languid state to a pulverizing frenzy. Of the tracks, "Fear And Drinking" is clamorous yet poppy, containing the standard heavier elements; while "Pulp" has a free-flowing musical structure (and some expletives!).

The final track, "Sex", is an instrumental that vacillates between textured guitar tones and tenacious maneuverings. **WAIF** is already spinning it.

### Tattoo Rodeo, "Too Daze Gone" (Mausoleum)

You may remember **Tattoo Rodeo** from their days at Atlantic - a time in which they got their music spun on over 200 rock stations. Since their split with the major, they have been honing their Southern tinged rock on the same stage as *Sass Jordan*, *Bad Company*, and *Damn Yankees*. The band caught the attention of producer Sir Arthur Payton (Aerosmith, Alice Cooper), who not only assisted them in the studio on *Skin*, but inspired them to stick to their guns. If you appreciate the rock of

*Tesla* and *Brother Cane*, then lend an ear to "Too Daze Gone" with its blues tinged groove, slide guitar and soulful vocals. There is even a Janis Joplin/Robert Plant nod here and there in the vocal work. Whether or not you find yourself "Too Daze Gone" after a week-end party or on your show, **Tattoo Rodeo** have persevered to offer their brand of rock in the '90s.

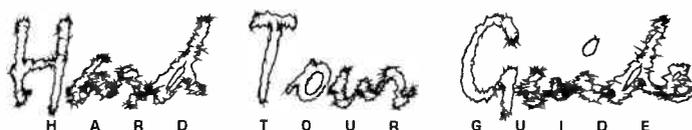

When the mighty **Kyuss** landed on stage at Nassau Coliseum (in support of *White Zombie*) many label execs came out for the experience. Pictured: **Alfredo Hernandez** (Kyuss), **Jack Hornady** (Tuscadero), **Mike Smith** (Dir. of Sales), **Paul Uterano** (Marketing Coordinator), **Brian Cohen** (VP of Marketing), **Josh Homme** (Kyuss), **Steve Heldt** (VP of Sales), **Josh Deutsch** (VP of A&R), **Michael Pontacorvo** (Tour marketing), **John Garcia** (Kyuss), **Marcia Edelstein** (Sr. Dir. of Marketing), and **Steve Kleinberg** (Sr. VP of Marketing).

## Lenny Kravitz, "Rock N' Roll is Dead," Virgin

The first official week came at the expense of some stiff-arming energy from Virgin to keep the playing field fair, and now you are free, my children. We think you'll find it an easy song to play, and a sure-fire way to cover familiar Kravitz ground. He rocks with guitar-heavy grooves that rekindle the rock revolutions of late '60s/early '70s pioneers. This lead-off track covers many sonic bases. The Led-ness is there, fer shur. Since he's already got a name in your program, a new offering should entice you to add it. It is a certain multi-format mother.

## Red Hot Chili Peppers, "Warped," W.B.

It has only been a year since the light bulb heads cranked up Woodstock, and even then their fans were looking for more Chili rock. Here's the first taste from the anticipated album, a cross between older guitar-based rockin' and trippy vocal processing. Dave Navarro has entered the building.

## Ke, "Strange World," RCA

Strange video, too. While the song creates moods and textures all its own, the video will create the talk. This 23 year-old New York village-ite was raised in England France, California and Kansas during his youth. His broad world view and twisted perspective have electrified the fashion world to both his music and his runway potential. It's an acoustic-laden dance track that sounds European as well as modern. It sounds like one you want to get to early.

## Neil Young, "Peace and Love," Reprise

The new track from Neil's Pearl Jam collaboration is immediately more musical than "Downtown." It features some of Vedder's lyrics. And the idea of Neil singing about peace and love and happy shit has to be cool to you. Somebody's gotta do it. It ain't gonna be Courtney.

## more choices

### From Good Homes, "Cool Me Down," RCA

This New Jersey band has some of the H.O.R.D.E. attitude and laid-back energy associated with bands on that tour. Their rootsy appeal comes from the raw instrumentation, unpretentious production and live-sounding vocal track. You're playing Hootie. Try this one - it rocks more, has plenty of melody and will work with the adults, too.

### Green Apple Quick Step, "Dizzy," Medicine/Giant

"Los Vargas" may have been a hit for you, and for that we're glad. Because if that one worked for you, this one will kill. Check out the energetic rhythm and the hooky vocals. You'll be hearing a lot from this track, so you might as well jump in now. **91X, The Radio One Network, KNDD and WEND** already have.

### Peter Gabriel, "Party Man," Radioactive/MCA

Anything Peter Gabriel creates is worthy of consideration. This one is from the Virtuosity soundtrack, and features The Worldbeaters along with Gabriel. The tune is a collaboration with Tori Amos and George Acogny along with Gabriel, and is a laid-back trance along the pace path of "Red Rain." Very compelling, and very adult.

### Blink, "It's Not My Fault," Lime/EMI UK

Named after a Cocteau Twins track, Blink take after the aforementioned to a certain extent and surpass the power ratings in many respects. They have four Top 10 singles and a Top 10 album to their credit in their native Ireland. It's catchy and good, and ready for States-side air. **KXRK** moved

8-29 on this one.

### Strictly Commercial:

#### The Best Of Frank Zappa, RYKO

Zappa might not be in your everyday library, but you'll have to consider your role in the radio universe after listening to this compilation. These are Zappa's "greatest hits." Ideally, they are his most radio-friendly songs. Who else is going to show some guts here? The sound of this CD is

masterful.

### Ben Folds Five, "Underground," Caroline

There's nothing else out there that sounds like this right now, no question about it. It's the piano. When do you ever hear a real piano at Alternative? This band is a rage with the critics. Good clean fun, from Chapel Hill.

### Sarah McLachlan, "I Will Remember You," Arista

The theme song to the movie The Brothers McMullen has been rising in the AAA world, and has turned on a number of Alternative supporters, too. Sarah's lush, mystical voice lures you to the music without a care in respect to tempo. You need a break, anyway. Adds at **KACV, KNNC, WEQX, WKOC, WMAD, WOXY, WRLG** and others.

### The Samples, "As Tears Fall," What Are Records?/MCA

This track might be a bit of a downer for you at this time of the year, but it is a beautiful and heart-wringing tribute to Sean Kelly's mother Claire. It's a potential venture in catharsis for your audience, too. Deserves some spins.

### Bivouac, "Cynic (Monkey Sanctuary)," DGC

They'll be amongst the herd of bands performing at CMJ this year, so if you're heading out this way keep your eyes peeled for them. This is a cool track that showcases live energy with savvy musicianship, and it also exhibits a wry lyrical stance that has enabled the band to cruise concert stages in Europe with regularity. **WFXN** jumped out early this week.

### Liz Phair, "Turning Japanese," Matador

Picking up steam is this cover of the Vapors' one-hit wonder done in Phair phashun. The tempo's up, the energy is high, and summer's running out. You'll tickle the elders and turn on the kids. And you'll remember how much you hated the tune the first time out. Just don't forget how much attention it got back then, either. Already on are **DMX, and WMMS**, among others.

In the interest of further development, I made some changes to the Alternative section. I won't even bring up some of the features we are cutting this week, just in case you don't miss them (we don't think you will, anyway).

We will be covering more new releases than we have in the past, and we have some other plans that we'll continue to unveil as the next couple of weeks unfold. So stay tuned, comrades...

Thanks to **MCA** for the **Ramones** tickets at the Stone Pony in Asbury Park. The night was hot and heavy, and the crowd as voracious as they get. What a night. And you've probably heard about their upcoming Pearl Jam dates: 9/13 in Phoenix, 9/14 Las Cruces, 9/16 in Austin and 9/17 in New Orleans. There is also a possibility that the band will be touring with **White Zombie** in the fall, although that's speculation at this point... The schedule is firming up for The 1995 CMJ Music Marathon, which will be held at Lincoln Center on 9/6-9/9. Can you picture the frightened opera buffs swinging through Avery Fisher Hall by mistake that weekend? The event will feature some film previews this year, with some guest performances by some of the soundtrack artists. For instance, there will be a screening of the MCA documentary film on Beach Boy **Brian Wilson**, "I Just Wasn't Made For These Times" with a Q&A session with Wilson and producer **Don Was**, plus a special performance. There will also be a preview of the Miramax film "Blue In The Face," with live performances by **David Byrne**, **Paula Cole**, **Soul Coughing** and **Spearhead**. Among the panels scheduled at press time, there will be one entitled "Alternative Music and its Seduction of the Corporate Sponsor." And the musical lineup is extraordinary, with **Catherine Wheel**, **Pizzicato 5**, **Goo Goo Dolls**, **Monster Magnet**, **Paw**, **Better Than Ezra**, **The Dambuilders** and many others slated to perform... (510) artists

**The Dance Hall Crashers** are on the road, with dates in NY (9/6 at CBGB's), Cleveland (9/9 at Buzzard Fest II), Atlanta (9/10, at **99X**'s "Big Day Out"), and in Chicago with **Q101** at The Metro on 9/11... We also found out that the Dangerous Minds soundtrack is already Platinum after 3 weeks of release. It features a new **Coolio** track, which you'll probably be getting soon, according to **Wendy** at MCA... Slayer will be releasing their first-ever home video on Halloween, appropriately enough... Cult rock singer/performance artist and actress **Ann Magnuson** is releasing a solo album on Geffen in November. It's called **The Luv Show**, and will be filled with the psycho-sexual neuroses and spoken word dreamscapes we might expect... Virgin's release of **A Means To An End - The Music Of Joy Division** features the standout first single from Girls Against Boys, a cover of "She's Lost Control"... Thanks to the beautiful and cool **Jonatha Brooke** for coming by and playing her music for us. The Jonatha Brooke and The Story release **Plumb** is out on GRP, and she slayed us... AGF Entertainment announces the launch of **Plump Records**, with principle players including attorney/manager **Ron Fierstein** and producer **Steve Addabbo**. Reach them at 212-366-6633... Without heavy radio attention or MTV play, **311** hit the Billboard Top 200 at 56\* this week. Watch these guys, they have a street buzz of major proportions... **The Rake's Progress** will headline a special charity event to benefit Harlem-based Hale House on Tuesday, 8/29 at Mercury Lounge. **Maria Milito** of **WXRK** Radio will host the event, which will feature other local bands... The full-length **Garbage** record is out, and totally enjoyable... Heard from **Dan Chiss**, promotion and marketing rep for Jeff McClusky and Associates, and he is leaving at the end of the month. Call him at 312-929-5461 with opportunities.

## Supersuckers, "Born With A Tail," SubPop

This rebel blast from the underground is scurrying up the chart, with **WBRU**, **KNRK**, **KTOZ**, **WDRE**, **WHTG**, **WROX**, **WUNX** and others adding it, joining **CIMX**, **KJEE**, **KROX**, **LIVE 105**, **KNDD**, **WDST**, **WOXY**, **WFNX** and many more.

## Medicine, "Candy Candy," American

Warning: This isn't the same Medicine you might have taken before. Gone is much of the experimental guitar noise-generation, instead they've turned to songwriting. There are sweeps of sonic terrorism under the surface of this pop tune, which keeps the song from being a completely alien life form. Guitarist Brad Laner says "We want to challenge ourselves, and we wanted to make something where we concentrated on the vocals and brought in organ and strings and acoustic guitar, and just tried to make songs." It's hilarious to note that Medicine's idea of experimental is a 180° from everyone else's.

## Abba Rage, Pillow Face," Slice

She first appeared on Slice's release **Alternative Woodstock**, which featured 15 unsigned Hudson Valley bands. Her contribution "Meant to Break" was the most singled-out song on the compilation, and received strong northeastern college radio play and spins on **WDST** and **WEQX**.

## The Critics, "Love Discreet," Black Vinyl

Track #1 from their upcoming album features a pop/rock/alternative sound not far afield from label-owners the Shoes' sound. It was the tune that got them the deal, and you'll notice some Beatle-esque elements within the mix that sound nice around the song itself. Keep your eye out for it if you're into the pop sound.

Zappa might not be in your everyday library, but you'll have to consider your role in the radio universe after listening to this compilation. These are Zappa's "greatest hits." Ideally, they are his most radio-friendly songs. Who else is going to show some guts here? The sound of this CD is

masterful.

### Ben Folds Five, "Underground," Caroline

There's nothing else out there that sounds like this right now, no question about it. It's the piano. When do you ever hear a real piano at Alternative? This band is a rage with the critics. Good clean fun, from Chapel Hill.

### Sarah McLachlan, "I Will Remember You," Arista

The theme song to the movie *The Brothers McMullen* has been rising in the AAA world, and has turned on a number of Alternative supporters, too. Sarah's lush, mystical voice lures you to the music without a care in respect to tempo. You need a break, anyway. Adds at **KACV, KNNC,**

**WEQX, WKOC, WMAD, WOXY, WRLG** and others.

### The Samples, "As Tears Fall," What Are Records?/MCA

This track might be a bit of a downer for you at this time of the year, but it is a beautiful and heart-wringing tribute to Sean Kelly's mother Claire. It's a potential venture in catharsis for your audience, too. Deserves some spins.

### Bivouac, "Cynic (Monkey Sanctuary)," DGC

They'll be amongst the herd of bands performing at CMJ this year, so if you're heading out this way keep your eyes peeled for them. This is a cool track that showcases live energy with savvy musicianship, and it also exhibits a wry lyrical stance that has enabled the band to cruise concert stages in Europe with regularity. **WFNX** jumped out early this week.

### Liz Phair, "Turning Japanese," Matador

Picking up steam is this cover of the Vapors' one-hit wonder done in Phair phashun. The tempo's up, the energy is high, and summer's running out. You'll tickle the elders and turn on the kids. And you'll remember how much you hated the tune the first time out. Just don't forget how

much attention it got back then, either. Already on air **DMX,** and **WMMS,** among others.

In the interest of further development, I made some changes to the Alternative section. I won't even bring up some of the features we are cutting this week, just in case you don't miss them (we don't think you will, anyway).

We will be covering more new releases than we have in the past, and we have some other plans that we'll continue to unveil as the next couple of weeks unfold. So stay tuned, comrades...

Thanks to **MCA** for the **Ramones** tickets at the Stone Pony in Asbury Park. The night was hot and heavy, and the crowd as voracious as they get. What a night. And you've probably heard about their upcoming Pearl Jam dates: 9/13 in Phoenix, 9/14 Las Cruces, 9/16 in Austin and 9/17 in New Orleans. There is also a possibility that the band will be touring with **White Zombie** in the fall, although that's speculation at this point... The schedule is firming up for The 1995 CMJ Music Marathon, which will be held at Lincoln Center on 9/6-9/9. Can you picture the frightened opera buffs swinging through Avery Fisher Hall by mistake that weekend? The event will feature some film previews this year, with some guest performances by some of the soundtrack artists. For instance, there will be a screening of the MCA documentary film on Beach Boy **Brian Wilson**, "I Just Wasn't Made For These Times" with a Q&A session with Wilson and producer **Don Was**, plus a special performance. There will also be a preview of the Miramax film "Blue In The Face," with live performances by **David Byrne**, **Paula Cole**, **Soul Coughing** and **Spearhead**. Among the panels scheduled at press time, there will be one entitled "Alternative Music and its Seduction of the Corporate Sponsor." And the musical lineup is extraordinary, with **Catherine Wheel**, **Pizzicato 5**, **Goo Goo Dolls**, **Monster Magnet**, **Paw**, **Better Than Ezra**, **The Dambuilders** and many others slated to perform... (510) artists

**The Dance Hall Crashers** are on the road, with dates in NY (9/6 at CBGB's), Cleveland (9/9 at Buzzard Fest II), Atlanta (9/10, at **99X**'s "Big Day Out"), and in Chicago with **Q101** at The Metro on 9/11... We also found out that the Dangerous Minds soundtrack is already Platinum after 3 weeks of release. It features a new **Coolio** track, which you'll probably be getting soon, according to **Wendy** at MCA... Slayer will be releasing their first-ever home video on Halloween, appropriately enough... Cult rock singer/performance artist and actress **Ann Magnuson** is releasing a solo album on Geffen in November. It's called **The Luv Show**, and will be filled with the psycho-sexual neuroses and spoken word dreamscapes we might expect... Virgin's release of **A Means To An End - The Music Of Joy Division** features the standout first single from Girls Against Boys, a cover of "She's Lost Control"... Thanks to the beautiful and cool **Jonatha Brooke** for coming by and playing her music for us. The Jonatha Brooke and The Story release **Plumb** is out on GRP, and she slayed us... AGF Entertainment announces the launch of **Plump Records**, with principle players including attorney/manager **Ron Fierstein** and producer **Steve Addabbo**. Reach them at 212-366-6633... Without heavy radio attention or MTV play, **311** hit the Billboard Top 200 at 56\* this week. Watch these guys, they have a street buzz of major proportions... **The Rake's Progress** will headline a special charity event to benefit Harlem-based Hale House on Tuesday, 8/29 at Mercury Lounge. **Maria Milito** of **WXRK** Radio will host the event, which will feature other local bands... The full-length **Garbage** record is out, and totally enjoyable... Heard from **Dan Chiss**, promotion and marketing rep for Jeff McClusky and Associates, and he is leaving at the end of the month. Call him at 312-929-5461 with opportunities.

## Supersuckers, "Born With A Tail," SubPop

This rebel blast from the underground is scurrying up the chart, with **WBRU**, **KNRK**, **KTOZ**, **WDRE**, **WHTG**, **WROX**, **WUNX** and others adding it, joining **CIMX**, **KJEE**, **KROX**, **LIVE 105**, **KNDD**, **WDST**, **WOXY**, **WFNX** and many more.

## Medicine, "Candy Candy," American

Warning: This isn't the same Medicine you might have taken before. Gone is much of the experimental guitar noise-generation, instead they've turned to songwriting. There are sweeps of sonic terrorism under the surface of this pop tune, which keeps the song from being a completely alien life form. Guitarist Brad Laner says "We want to challenge ourselves, and we wanted to make something where we concentrated on the vocals and brought in organ and strings and acoustic guitar, and just tried to make songs." It's hilarious to note that Medicine's idea of experimental is a 180° from everyone else's.

## Abba Rage, Pillow Face," Slice

She first appeared on Slice's release **Alternative Woodstock**, which featured 15 unsigned Hudson Valley bands. Her contribution "Meant to Break" was the most singled-out song on the compilation, and received strong northeastern college radio play and spins on **WDST** and **WEQX**.

## The Critics, "Love Discreet," Black Vinyl

Track #1 from their upcoming album features a pop/rock/alternative sound not far afield from label-owners the Shoes' sound. It was the tune that got them the deal, and you'll notice some Beatle-esque elements within the mix that sound nice around the song itself. Keep your eye out for it if you're into the pop sound.

Veteran **Black Sabbath** drummer **Cozy Powell** will leave the band after it tours the U.S., and before the group begins a tour of Europe and Asia. Powell's departure was described as "amicable," and he'll be replaced by **Bobby Rondinelli**, who played with the group on an album last year. "This was purely a personal decision and nothing to do with anything like a falling out with the band," says Powell, who joined the group after producing one of their albums in 1989. "I didn't want to leave until we got someone to take the reigns without a problem. We have been and remain great friends. I plan to see them all when they play England soon." Powell will begin work on a solo album after Sabbath begin dates in Britain in November. "He's a great guy, a great drummer and we understand he needs to take a break. The whole band wishes Cozy the best of luck," says guitarist **Tony Iommi**, the only founding member still in the group.

Lead singer **Mick Hucknall** says **Simply Red's** next tour will be the last. The British tabloid newspaper the *Daily Star* says Hucknall is tired of the strain that touring has put on his personal life. *Simply Red* has been working on a new album, the follow-up to 1991's "Stars," and has been planning a world tour next year. The report says Hucknall plans to take at least a couple of years off after next year's tour and does not know if he wants to record again. "If he does decide to get back in the studio, it won't be until the end of the decade at the earliest," a source in the music business is quoted as saying.

**REM** singer **Michael Stipe** is recovering from surgery he underwent at Emory University Hospital in Atlanta for a hernia of the groin. Stipe was released from the hospital in good condition, but doctors have told him he needs several weeks for recuperation. An Emory physician says the condition and the procedure are common. The band had already planned to take the next month off. Stipe is the third member of the band to require surgery since the band began touring Europe earlier this year. Stipe's condition was diagnosed just before the band played a concert in Prague to make up for one canceled because of drummer **Bill Berry's** brain surgery.

**Biggie Tembo**, guitarist and vocalist for the **Bhundu Boys**, has died at age 37. Tembo joined the group in 1980 and wrote their first major hit, "Hatisitose," which went to number one in Tembo's native Zimbabwe in 1984. The band's "jit" music reached a wider audience when the band was invited to play in England in 1986. The band gained such a following in Britain and Europe that they found themselves opening for **Madonna** at her 1987 London shows. Tembo was asked to leave the group before the band broke up in 1988 and he never achieved the same level of solo success. In recent years, Tembo had been undergoing psychiatric treatment and was actively involved with his local church. He became a preacher and released an album of religious songs with the **Ocean City Band**. His mental health continued to deteriorate and he was recently admitted to a hospital in Harare, Zimbabwe, where he hanged himself on July 30. He leaves behind a wife and two children.

**Vince Neil's** four-year-old daughter, Skylar, has died of multiple organ failure at a pediatric hospital in Los Angeles. She was born with severe health problems and had been undergoing chemotherapy treatment since May. "Skylar's Song," a song on Neil's second solo album, is about his daughter's battle with cancer. Before Skylar's death, the former **Motley Crue** front man said the video for the tune would be "almost like home movies of me and her together." Neil's new album, "Carved In Stone," comes out at the end of this month. He's planning a concert for children's charities next month.

Australian singer **Kylie Minogue** has ditched her Australian boyfriend and is now going out with **Pauly Shore**. A London tabloid, the *Daily Star*, says Minogue has moved to Los Angeles to help Shore get over the suicide of his girlfriend last year.

The Clarence Hotel in downtown Dublin owned by **U2** has been badly damaged in a fire. The hotel, which the band bought four years ago, has been undergoing renovation. There were no injuries from the fire, which is believed to have started on the building's roof. It took firefighters three hours to bring the blaze under control.

The father of **David Paich** of **Toto** has died of cancer at age 70. **Marty Paich** worked with **Barbra Streisand**, **Frank Sinatra**, **Ray Charles**, **Michael Jackson**, **Ella Fitzgerald**, **Lena Horne**, **Mel Torme**, **Sarah Vaughan** and **Aretha Franklin** as a composer and arranger. "My father was a master musician as well as a teacher and a caring father," David Paich said. "I will miss him dearly."

The **Rolling Stones** have agreed to let Microsoft Corporation use their "Start Me Up" in commercials for Windows 95. A London tabloid newspaper, *The Sun*, reports that **Mick Jagger** asked \$12 million for the rights. "When Microsoft approached Mick, he quoted a ludicrous amount of money thinking they would turn him down," the newspaper quoted an unidentified Stones source as saying. "To his surprise they agreed almost immediately." It's the first time the band has allowed a song they own to be used in a commercial. "Start Me Up" is intended to highlight the on-screen "Start" button on Windows 95.

**Tina Turner** has been made an honorary citizen of Villefranche-sur-Mer on the French Riviera. Turner has a luxury villa in the hills overlooking Nice, France. Participating in the French city's 700th anniversary celebrations, she said, "I love Villefranche."

An hour-long documentary on **REM** will air on public television later this month. "Rough Cut" is being made available at no charge to local stations through the American Program Service, a non-profit company in Boston that distributes programs to public stations around the country. There are currently no plans to release a home video of "Rough Cut" or air it on MTV. The program centers on preparations for the band's "Monster" tour and includes rehearsal footage of guitarist **Mike Mills** performing "Let Me In," a song written after the suicide of **Nirvana** leader **Kurt Cobain**.

A German record label has released what it says is a version of "My Way" with punk band the **Bollock Brothers** and featuring Nick Leeson, the trader whose activities brought down Britain's Barings Bank. However, Leeson's attorney, Stephen Pollard, says the recording is a fraud. "It is potentially damaging to Leeson because it can create this suggestion that he's flouting the rules in prison and he's basically thumbing his nose at everybody," Pollard says. The label claims that Leeson sang the tune over the telephone, but a prosecutor says prison officials monitor Leeson's calls, and haven't heard him sing the song.

Drummer **Matt Abts** says **Gov't Mule's** self-titled debut album was intended to accurately reflect the band's live show. "The majority of it was first takes," Abts says. "Trane" was a first take. "Mother Earth" was a first take. We did a block one night of 'Mr. Big,' 'Left Coast Groovies' and 'World of Difference.' It was the first time we played them in the studio and those were the takes that we used." Guitarist **Warren Haynes** says the band intended to make the LP sound "as live as possible. We would record two or three tracks back-to-back, like a mini-set, without stopping. I've never recorded that way but we all agreed to try. We always play 'Left Coast Groovies' and 'World of Difference' together at the end of the set so we decided that's the way we should cut them on the album. It worked out that we nailed both of them that particular night." Haynes also hints that we'll be seeing more of Gov't Mule than the **Allman Brothers Band**. "The Brothers thing seems to be getting less and less," Haynes says. "We're working less this year than we did last. Right now, we're focusing heavily on Gov't Mule."

The Recording Industry Association of America says sales of recorded music were up \$5.2 billion during the first half of this year, a 8.5 percent increase from the same period last year. The increase seems to have been largely fueled by increased sales of compact discs, since total unit sales rose only 1.8 percent, to 488.3 million. Shipments of CDs rose 12.6 percent during the period, while sales of cassettes fell more than 14 percent. Sales of vinyl records increased 11 percent during the first half of this year compared with last year.

Former **Kiss** drummer **Peter Criss** was arrested at the New York's Kennedy International Airport after a security check found a handgun in his luggage for a flight to Los Angeles. Prosecutors say a security x-ray found a .38-caliber handgun and ammunition in Criss' baggage. He's been charged with criminal possession of a weapon and, if convicted, could be sentenced to a seven-year prison term. "Our office was informed by the Port Authority police that Mr. Criss had checked his luggage in at the airport and was bound for Los Angeles on a Tower Air flight," Queens District Attorney Richard Brown said in a statement. "When the airline routinely X-rayed Mr. Criss's luggage...a .380-caliber handgun was seen on the X-ray screen. The gun was confiscated, along with ammunition, and Mr. Criss was placed under arrest."

**Matthew Sweet** is recording "Scooby-Doo, Where Are You" for an album of cartoon theme songs, "Saturday Morning," set for release in October. The LP will also feature **Sponge**, the **Ramones** and **Liz Phair**.

The **Grateful Dead** have been honored with stamps in various parts of the world in recent months. A **Jerry Garcia** stamp was issued in Tuva, the former Soviet state, in April, where a **Bob Weir** stamp has also been issued. The Grateful Dead were featured on a stamp released in the Republic of Central Africa in July.

New York magazine reports that **Madonna**, who has made no secret of wanting a child, is seeing a fertility doctor in Manhattan. The magazine says Madonna and her current boyfriend, Carlos Leon, have been visiting Dr. Hugh Melnick, with an aim to having a child next year after she finishes shooting the film "Evita."

The **Grateful Dead** canceled its upcoming fall tour because of the death of guitarist **Jerry Garcia**. Band members have not made any other decisions about the group's future. "This is the only decision that the band has completed," says band spokesman Dennis McNally. "We appreciate that Deadheads and the public have many questions, but we ask for their patience. Everything is up in the air right now." The Dead were scheduled to begin their fall concert tour in Boston on September 13. The 21 shows that had been announced could have grossed over \$10 million, according to Pollstar editor Gary Bongiovanni.

The **Crash Test Dummies** are recording a version of **XTC**'s "All You Pretty Girls" for the album "Testimonial Dinner: A Tribute To XTC." That album will also include **Sarah McLachlan**'s version of "Dear God," and other covers by the **Rembrandts**, **They Might Be Giants** and **Joe Jackson**. The Crash Test Dummies had already covered XTC's "The Ballad Of Peter Pumpkinhead."

A judge in Los Angeles has ordered Robert Dewey Hoskins to stand trial on charges of felony stalking and terrorism. Hoskins was arrested in May outside **Madonna**'s Hollywood Hills home. Police say he was threatening to kill Madonna if she didn't marry him.

**Courtney Love** says she had no choice but to keep touring after the suicide last year of her husband, **Kurt Cobain**. "I tour. I write songs. I always knew I had to keep going. It was the only way to survive. If I was at home, I'd be slamming drugs. When we are on the road, I don't get drugs — bad drugs, anyway," she says. She says she tells the couple's daughter, Frances, that Cobain was sick and in pain. "I tell her...that's why he's an angel. He watches everything you do," she says. "Then she'll look at me and say, 'Are you sick too, Mommy? Are you going to be an angel?'"

**Bono** and Italian opera star **Pavarotti** have teamed up for the song "Miss Sarajevo," which is featured on the upcoming **U2** album "In Camera — Music For Films 4." Bono, **The Edge** and their producer **Brian Eno** will perform at the annual "Pavarotti & Friends" concert in Medina, Italy, on September 12.

Interscope Records has filed a lawsuit in federal court in lawsuit against C. DeLores Tucker, head of the National Political Congress of Black Women, claiming she's damaged the company's reputation. The lawsuit also contends that Tucker tried to get Death Row Records to end its agreement with Interscope so she could set up a distribution deal from which she would profit. The lawsuit says she engaged in a "scheme and conspiracy to destroy Interscope by committing extortion, threats and other unlawful acts."

**Steve Earle** is upset that his record label (Winter Harvest Records) changed the sequence of songs on his latest album "Train A'Comin'." But it's an acoustic album, and he's thankful to have the chance to get it released. "I didn't think this was probably the first record that a major label was gonna want from me after spending the kind of money that a major label is gonna have to spend for me — especially when they're gambling on whether I'm gonna stay clean or not," he says. Earle, who is still on probation for drug charges, plans a short tour in support of the record. "I've wanted to make this record...ever since **Emmylou Harris** made 'Roses in the Snow,'" he says. Harris sings on two songs on the LP. "The criteria was, 'What older songs of mine have survived from the acoustic tours that I've always done in between the band tours?'" Earle has already recorded a rock album that he'll release on a record label which he'll partially own.

An unemployed 43-year-old British woman has been ordered to pay \$700 in damages and has been put on 12 months' probation for breaking into the home of **Robin Gibb** of the **BeeGees**. A court was told that the mother of four brought a video tape recorder to take pictures of inside of the home. When she was arrested, police found she had a video camera, a tape recorder and a camera. She broke a window at the house to get in.

**Brian Wilson** of the **Beach Boys** has received BMI's President's award for his contributions to pop music. He was given the award at the Los Angeles screening of "Brian Wilson: I Just Wasn't Made For These Times." Wilson was set to perform with his daughters, **Carnie** and **Wendy Wilson**, at the New York premiere of the **Don Was** biographical film. The documentary will be televised on the Disney Channel August 27.

**Bette Midler** would produce and guest star in a television situation comedy called "Harlettes," which is being shopped to television networks. Writer-creator Lisa Amsterdam says the series will differ from other sitcoms. "It doesn't take place in someone's living room on a couch. It's not a couch show," she says. "We can really explore friendships between the women."

Information America says a nationwide search of databases has found there are 11 people named **Elvis Presley** around the country. Presleys were found in in Atmore, Ala.; Braselton, Ga.; Chicago; New York (two of them); Loudon, Tenn.; Houston and Longview, Texas; Milwaukee and Valders, Wis.; and Wheeling, W.Va. The company also found 50 businesses with Elvis Presley in their name, including a veterinary clinic, an automobile upholstery shop, and the Elvis Presley Coin Op Laundry on Elvis Presley Boulevard in Memphis.

**Tina Turner** has recorded the theme to the upcoming James Bond movie "Goldeneye," which was written by **Bono** and **The Edge** of **U2**.

**Courtney Love**'s estranged father, Hank Harrison, has written a biography of **Kurt Cobain** that he intends to publish himself. Harrison never met Cobain, and Love is reportedly concerned that Harrison will try to abduct 2 1/2-year-old Frances Bean Cobain, the granddaughter he has never met. Harrison's written two books about the **Grateful Dead** but the books are not well thought of by Dead fans. "He lies," says former Dead manager Rock Scully. "He describes events he never attended. He said he went to Egypt. He didn't go to Egypt. He's full of beans. He's a nonauthority." Harrison, however, says there's nothing wrong with writing the book, "Beyond Nirvana," about Cobain. "I never met Balzac but I'm contemplating doing a biography on Balzac," he says. "How can anybody write a book about Steinbeck or Thomas Jefferson? With many historical figures, there's enough material out there. Whether the book is exploitative or not totally depends on the book. If you read the book and feel the book is somehow exploitative or condemns Kurt, then that would be a valid criticism."

Federal and state liens totaling over \$661,000 have been filed against **Aretha Franklin**'s mansion in a suburb of Detroit, even though Pollstar Magazine says Franklin grossed \$3.8 million in 36 headlining shows over the past five years.

## TODD HALLER, ERIC HALL

CHANNEL Z/AUGUSTA

Hello from the sweltering, baron land of Augusta. Just a brief note on the always exciting happenings of Channel Z. Over the weekend we went ballistic with a **Tank Girl** promotion to support the upcoming video release. We gave listeners **Tank Girl** soundtracks and free movie rentals from a local video store. All I can say is that we almost had to call in the cavalry to control the Z-Heads. It was mass hysteria! Thanks to Elektra and Joe Klaiman for their support in this promotion. Last week the world of entertainment lost a great musician and humanitarian in **Jerry Garcia**. Our deepest condolences go out to the friends, family, and of course the fans of the **Grateful Dead**. We would like to thank Frank Torok and everyone at Westwood One, who helped us celebrate the life and times of Jerry with a tribute special. Plus, over the weekend we ran selected tracks off the *Dedicated* CD in remembrance of Jerry. Now back to a lighter subject, we were blessed by the presence of both Steve Klein (Lava Records) & Bebop (Mercury) last week. Steve's excited because **Jill Sobule** will be strutting down the runway of Channel Z with "Supermodel". Not to forget you Bebop, **Joan Osborne** rules! Labor Day is close at hand, and that only means one thing. The Rock N' Roll Hall of Fame. Stay tuned for more Zetails. Keep smiling and surfing the Z!

## CHRIS MCKEE, WRFX/CHARLOTTE

Greetings from one of the two new cities of the NFL. Charlotte. Home of the Carolina 'Panthers', not Cougars or Bobcats - Panthers! Well, it has been too long since I've sat here and shared with the class but here it goes! First off, thanks to Carl Groover at Warner Brothers for his help with our trips to **Van Halen & Tom Petty**. Also nice to meet Jeff Davis at the most excellent **Live** show recently. Now I know why the people at MCA think so highly of him. True pro! Hats off to Erik Olesen and Johnny Diaz for the support on our Labor Day weekend trip. It's so big I'm afraid I can't tell you about it 'until after the fact. Nothing personal! Rockin' tunes on WRFX that I highly recommend include the new **Gin Blossoms** smash, **Brother Cane's** latest, **Better Than Ezra's** "In the Blood" and this week's add **Silverchair**. Also high on **Edwin McCain**, **Freddy Jones** and the new **Hatters**. Smokin'!! Go Panthers! See ya next week!

## DAVE DOUGLAS, WAAF/BOSTON

It was another busy week for WAAF as we turned our listeners on to 3 great shows, 3 nights in a row! It all started with **Van Halen** at Great Woods. Thanks to Warner Brothers for helping to arrange our backstage broadcast and assembly line meet and greet. The next night it was **Corrosion of Conformity** and **Monster Magnet** for a sold-out WAAF listener appreciation show. Special

thanks to Jim Del Balzo, whom I will soon torture on the golf course. Then, we rocked Boston's Mamma Kin Music Hall with **Brother Cane** and **The Nixons**. We invited both bands to drop by the WAAF studio's and enjoyed the best interview in years from Damon Johnson of **Brother Cane**. Next week I'll fill you in on WAAF's upcoming **Bush/Toadies** concert!

## STEPHEN WOODWARD

METAL GOD, KWVA/EUGENE

Is there such a thing as 9 to 5 anymore? I didn't think so. I have been out of the loop so I could get my act together, hopefully I have done so. I almost have a set schedule and I should be a lot easier to reach in the next couple of weeks. I am juggling a part-time on-air gig at a local CHR (KDUK), Rock Radio promotion at Elemental, this Heavy Metal thing on KWVA and a bookkeeping job, too. My hours are still Tuesdays from 10am to Noon Pacific Time, however, I will either be at my office (503) 683-8399 or at Elemental (503) 345-1429. Please check the office first, then Elemental. As for the music stuff. **Down, Down, Down!** (I mean the band... tee hee) Thanks to Petra at Capitol for finally wrestling a copy of **Megadeth's** "Hidden Treasures" for me and Lauren at Concrete for the **Motorhead** giveaways. Hey Petra, any Megadeth giveaways? The now label-less **Fight** still hits tops on phones and spins, what can I say, **Rob** is God around here! Well, I think I've used more of my 15 minutes up... see you guys at Foundations!! Oh yeah, I'm on a panel with Rob Fiend from Gavin, Jill from Victory Records and Lauren from Concrete.

## JOHN LENAC & JULIE BAHRE

KTOZ-FM/SPRINGFIELD, CHANNEL Z.

Is this **Silverchair** project huge or what? We just spent the weekend "In the Ocean and Across the Ocean," giving away tickets to Oceans of Fun and Worlds of Fun, and the **Silverchair** CD. (Get it?) The phones were non-stop to find out when the next time we were going to give this deal away. **Bob Hathaway** from Warner Bros. dropped by last week to hang for awhile. Man, the new **Candlebox** and the new **Red Hot Chili Peppers** kick-ass! And **Joe "Bo Brady" Shuld**, of Columbia softball fame, came in for dinner and a party. Thanks guys for adding more shine to the sun in Springfield. And we owned the animals at the Zoo this weekend too, as Zoolympics come to town. We had the Zebra's covering up their stripes with Channel Z shirts (not really) and it was quite a success. **Bush** is coming to Springfield, Sept 11th with **Hum** and the **Toadies**, the phones have been non-stop about that too. And then we announced the Festival Under the Sun, features that bad-ass band from St. Louis, **The Urge** on August 26th. And we have **Dandelion** coming August 31st. Of course we can't wait

for Sept. 9th, cuz we get **Dag** in town. We plan to get phunked up when **311** and the **Phunk Junkees** get here on Sept. 11th. Look out Branson! Your Concert Connection to the World is about to take over!

## DOUG KUBINSKI

WMMS/CLEVELAND

Truly the dog days of summer in Cleveland. Once again temperatures in the high 90's for a week. No A.C. (the temperature control, not the format) in the apartment - but it's cranking at Buzzard Radio. We opened the summer concert series at the Blossom Music Center back in May with Buzzardfest. Not it's time to close the season with (what else?) Buzzardfest II, Saturday, September 9. Here's the line-up (so far): **Prick**, **Alanis Morissette**, **Goo Goo Dolls**, **Our Lady Peace**, **Green Apple Quick Step**, **Jewel**, **Dance Hall Crashers**, **Universal Honey** and **The Tea Party** - more to come. Phat, fly and fresh: **Filter's** "Dose" and **White Zombie's** "Electric Head Pt. 2" are two excellent follow-up tracks that both immediately appeared as top 10 requests. Not only is "Animal" by **Prick** the favorite of the anti-fur contingent, the band dramatically increased their following by playing an inspired set the Buzzard Radio sponsored Alternative Press 10th Anniversary blow-out back in July. On the opposite side of the musical spectrum is **The Verve's** "On Your Own" and the **Innocence Mission's** "Bright As Yellow" - two great songs for the hot and lazy daze of summer. Check out **Liz Phair's** rendition of the Vapor's "Turning Japanese" on her new **Juvenilla** EP (also includes some cool stuff for Liz diehards).

## CRUSADE FOR E. HEATHER LOSE

THUNDER 94/WRLG

What a fucked-up week we've had. I know that I'm supposed to live and die over **Nine Inch Nails** and the **Smashing Pumpkins**, because of the job I do here, but I must say that rarely have I been moved by anything the way I have by **Jerry Garcia** and the **Grateful Dead**. When I heard the news, I gathered all my discs into a box, and after a lovely lunch with the wonderful **Thomas Westfall**, got on the air and took requests for six and a half hours. People seem surprised to hear that our demo would want to hear this music, or care, and I can now report that they very much do - if you've ever been to see the Dead, then you know. All of us at Thunder 94 wish to extend our best regards to the Garcia family, friends and fans. ON a happier note, we're now live weekdays 10-3! Our new daytime jock, **Dru Cunningham**, sounds great on the air and we're thrilled to have her! My airshift is now 3-7 pm weekdays, so I've changed my music hours to 1-3 Central time, Wednesdays and Fridays. I'll be awaiting you call! Garcia later.

## CARTER ALAN, WBCN-FM/BOSTON

I wanted to remind everyone that the WBCN Music Department takes calls on Monday 11AM to 5PM at (617)266-1111. If myself or my assistant **Steve Strick** can't get to you immediately, we'll call you back later or on Tuesday. Some folks make regular promotional calls during the rest of the week - please realize that we will no longer return your calls in this case. Obviously, phone maintenance for a current promotion or concert, as well as emergencies are expected. This is a necessary step we've taken to deal with the weekly deluge of calls since we have many other responsibilities here at the station. As before, adds are posted on an automated line at (617)424-8865 by 5pm on Tuesdays. I went to a number of concerts last week, but by far the most impressive was **Alanis Morissette's** Boston debut at the Paradise on Sunday night. It was WBCN show that sold out resoundingly fast, becoming one of the summer's most difficult tickets to obtain. I thought that this young woman might be somewhat overwhelmed by the sudden onrush of attention that her album and hit single "You Oughta Know" have brought her, but that proved not to be an issue at all. I thought that this woman might resemble a **Natalie Merchant** on stage, fragile and delicate even while telling the though-love tales found on her album. Wrong! Alanis took the stage in front of a full-tilt rock band with two lead guitars - staking out her territory on top of the monitors, then leaning into the crowd with complete confidence and control. To say she held the audience in the palm of her hand was an understatement. The group rocked solid while she crooned sweetly and bellowed intensely, also filling some of the instrumental breaks with a harmonica stored in her shirt. "You Oughta Know" took the roof off, the entire crowd singing every word - especially the famous missing "Fuck!" Hot damn! Don't miss this show - you probably won't get to see her in a club again.

## DON DAVIS APD/MD

### WIOT/TOLEDO

How do you spot a truly great song... cold chills. The song: "Name." The band: **Goo Goo Dolls**.

## JAY SISSON, WIXV

As a jaded, 30-something music freak, I've always been intrigued by the idea of Triple-A radio, but disappointed in the execution. Most of these stations just seem 'too cool for the room' to be profitable. That's why I found **Charlie Morris'** comments in the July 28 *Hard Report* to be so sensible. Although my station is far from Triple-A, I like the notion of the format enough to want to see it succeed.

## GREG GILLISPIE

### WRXK/FT. MYERS

### NAPLES/MARCO ISLAND

Visualize this scene: It's a hot, sunny southwestern Florida Saturday afternoon. The waterfall fountain in front of the four year old baseball stadium is glistening in the sunlight. Nearly 1000 people of all ages and walks of life are gathered on the grassy park outside the stadium to remember the words, music, and art of **Jerry Garcia**. 96 K-Rock's van and sound system are set up in front of the fountain. A couple of Dead-heads, who brought recordings of a number of Dead shows, including the last Tampa performance a couple of months ago, plug their mini sics player into the sound system and begin to take the throngs on a musical trip. Another mournful fan lays a tie-dye sheet on the ground in front of the fountain. He opens a guitar case, carefully placing an autographed picture of Jerry and several flowers in side. Nearby, he lights a candle and several sticks of incense. Slowly, but steadily, people stream by the open case, leaving flowers, candles, and incense. They pause for a moment, reflection on what Jerry meant to them. They mill about, tears streaming down their face, hugging others in the crowd. In the distance, a few people strum guitars and tap on bongo drums, singing dead songs. As the afternoon goes on, people dance and sway with the music and vibe emanating from the park. As the sun sets and the music stops, people begin heading for their cars, clapping their hands and singing "Not Fade Away." In my 22 years in radio, I don't think I have ever been involved in something so special or natural. As the inscription on Jerry's picture said, "A moment of instinct is worth a lifetime of experience."

## CATHY FAULKNER, MD. KISW

Busy weekend: **Nevermore, Forced Entry and Villain** played our "Pain in the Grass" concert; **Keanu Reeves** and **Dogstar** played DV8, **Sweet Water** headlined a club show and a Moore Theater show (2 nights, 2 shows). **Tad, The Pleasure Elite** and **Second Coming** played Rkndy... all in one weekend! If that weren't enough, **Bob Rivers** and **Twisted Radio** hosted Nudestock '95. The weather was a little cool (damn, shrinkage) but fun was had by all who bared all. Remember how we had every-one spell out KISW? Well, in memory of **Jerry Garcia**, we did something a little different, keep your eyes on the trades for the Kodak moment.

## KEVIN VARGAS, KISS

This is the last week for **Steev Soto**, Morning Show Producer for **Lisle & Hahn**. Steev stared at KISS as an intern and through hard work has moved his way up through the ranks from Promotions Assistant, to Part-time air talent, to his current position of being the glue to keep San

Antonio's **BEST** morning show held together. Steev is heading to Miami to be a kept man and follow in the footsteps of his hero **Jimmy Buffet**. Steev has no talent, no one should hire him, he's a real dumb shi... ah, ok, I'm going to stop says **Pinocchio** as his nose grows. You want to know WHY YOU SHOULD HIRE STEEV? Lot's of reasons. Call 210-646-0105 ask for me, **Virgil**, or **Lisle** and **Hahn**. **John Scott** moves from Asst. Promotions Director to Morning Show Producer 8/28. John started as my intern 2 years ago and has accelerated through the ranks. Geez, do we know how to be our own farm system or what?

## ROB BABEKI, WCDB/ALBANY

College roommates suck! Having said that let's get down to business. I should have my e-mail account set up in a week, so I can give out that info next week. If you want a copy of the newsletter I'm working on let me know so I can start a mailing list for it. My office hours will be different in September and hopefully I'll have them figured out soon. I can't afford airfare to Foundations so it's looking like I'm doing CMJ, consider yourself notified/warned! Props this week to Greg Derbas for the **Crowbar** tix, Maria for **Crisis** (they rule) and the biggest, maddest props of all to Jill Castellano for yelling at a local promoter because my station wasn't asked to promote the upcoming **Earth Crisis** show (we play them all the time). The station that got the show doesn't (as far as I know). We might not have the biggest station, but at least we play bands who's shows we promote. In the future I would appreciate it if labels encourage promoters to work with my station. I've been making myself known to local retailers and clubs so it shouldn't be too hard. Today at my station someone observed that I didn't seem all that into metal until recently. Untrue, but seeming as how my station is mostly alternative, it's not so weird that I sort of lost touch with the scene a little. I'm definitely into Metal now more than ever. When I asked what's good or what I am listening to I answer: **X-Cops** (Great album), **Belladonna** (I didn't realize how much I missed Joey until I heard this), **CIV** (incredible), **Fear Factory**, **Sugar Ray** (why isn't the live version of "10 Seconds Down" from Irving Plaza a single?), **Shi-Had** (on a sweet note) and **Filter**. On the non-metal front I love **Hagfish** (it rocks my lame ass) & **Alanis Morissette** is good (I know it's cheezy and stupid, but that song's really catchy. Remember, catchy doesn't mean good!). All my DJ's will be back from vacation in two weeks and we love to do giveaways on the air, so now's the time to send me much product. Cappeesh? See Ya.
