THE HARD REPORT

TOP PRIORITY

David Bowie, "The Hearts Filthy Lesson," Virgin

The artist that redefined the term "modern" in the late '70s has managed to swing back around into the frame at a time when everyone is tossing around that word again. And this time the Thin White Duke has come to the table fully armed with the tools necessary to take back his turf. Producer Brian Eno joins some Aladdin Sane-era Bowie musicians to form the futuristic backdrop that is at once a step forward, and at the same time a gaze backward at his conceptual tale-twisting dexterity. It's as if the old boy called some friends one night and said "Let's show these little mofos what's really happenin'." With the job the Virgin folks did in reinventing the Stones, they should be able to kick down plenty of doors with this strong effort.

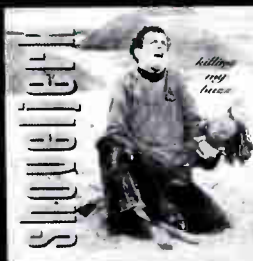

CURRENT ORIENTED ROCK

Monster Magnet, "Look to Your Orb For The Warning," A&M

The Jersey rockers have managed to spin away from the usual Garden State fare to bring forth a compelling psychedelic rock blast again with this second single. It's more good, rock-hard and trippy jammin' that you won't find anywhere else. Introducing **KILO's Rob Hunter**: "Oh, God - The standout song off the CD for me from the day I got the full-length. It's an instant ear-grabber. I can't say enough good things about this band. This song has a hook as long as its title." Adds at **KCLB, WAAF** and **WLZR**, among others. **KISW, KLPX, KSJO, WXTB** and **KILO** are among the earlybirds.

Shoveljerk, "Killing My Buzz," Capricorn

This one from the upcoming National Lampoon's Senior Trip soundtrack comes from Idaho band Shoveljerk, and has been perking up the ears of the hook jury on the hold button this week. A blend of old T-Rex, "Hey Joe," and a modern rock sound, "Killing My Buzz" is a fast-approaching newcomer that plays into your hands this week.

CURRENT ORIENTED
ROCK

BEGGARS,
"LOVELY SOUL DETONATOR,"
ISLAND

Packed with more energy and rock vivaciousness than The Beggars first single, "Lovely Soul Detonator" retains the melodic significance and hooky catchiness that we saw in "Falling Down." There's a lot of music on this track, mixed in and around the basic modern-pop rocket ride.

HEART,
THE ROAD HOME,
CAPITOL

The unplugged album that was recorded on home turf over a five-night stand is now out, and features some versions of classics that you might be playing already. John Paul Jones lended his production hand to the team. There isn't much you'll take to the air from this set unless you're already playing original versions of the hits, but if you already spin this band you'll find some option tracks that will play as spice during the proper moments.

VINCE NEIL,
"SKYLAR'S SONG,"
WARNER BROS.

The tragic passing of Neil's four-year old daughter has brought forth an outpouring of sentiment from rock fans all over the world. On his solo effort, Vince Neil wrote a song about Skylar, and in her passing the tune becomes an elegy to her that is touching and memorable. If you're friendly to any old Crue at this point, you should play this. Give it a chance while the story is news, and see where it grows from there.

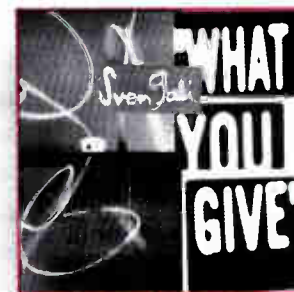

SELECTIONS

LISA LOEB & NINE STORIES,
"DO YOU SLEEP?"
Geffen

Her first release since the multi-format monster track from the *Reality Bites* soundtrack is a worthwhile venture into a lighter rock texture. The sound of this song on the radio will tickle your ears. "Do You Sleep?" has some rock 'tude to blend in with your hour. She's not Babes in Toyland, but she's not Tori Amos, either. You might find this one appropriate outta the box.

SVEN GALI,
"WHAT YOU GIVE,"
RCR

With a roar and fire associated with the heavier side of the rock and roll spectrum, Sven Gali still cover the bases needed for the cross between modern rock and COR. The guitar-based sound doesn't overtake the song. The balance is never disturbed, and never boring. **KIBZ** and **KILO** join **WAAF** on the early list.

SHADES APART,
"TAINTED LOVE,"
REVELATION

Looking for something familiar? It's not always automatic when a cover tune crosses your desk, but this particular one will be an exception to the rule. The Soft Cell one-hit wonder was on the wimpy side, and this version blows the first one out of the water, texturally. It's no wonder we're seeing some early results at COR and Alternative. **WXTB's** Brian Medlin says "The listeners love it. A lot of people are freaking. The song is instantly familiar, and it rocks." It's also on at **X107** and **KZBB**.

WRCX (D-7 PPW) MD Jo Robinson

"Absolutely nothing. No phones."

KFMZ (M-13 PPW) PD Paul Maloney

"Waited a few weeks to add. We are getting phones and I'm not sure why. Personally don't hear it. Not much of a hook, possibly too quirky."

WKDF (M-20 PPW) MD Sheri Sexton

"Kind of mediocre research the first week out."

WRUF (M-PW) PD Harry Guscott

"This one's building a bit, maybe. It seems to have had a better week, but I'm still not convinced."

WZTA (M-19 PPW) MD Heidi Hess

"Fun little short song. We're a little concerned. It's OK, though."

ZROC (M-18 PPW) PD Pat Dawsey

X107 (N-26 PPW) PD Steve Blatter

"The jury is still out."

KZRR (B) PD Frank Jaxon

"Not a reaction record yet."

KQRC (N) MD Valorie Knight

"It's pretty early, and we still don't have any research. We're getting some phones but not a lot yet. I don't think it will be a smash."

WHDQ (M) PD Guy Dark

"It's not doing much, not getting much reaction at all. And 'No Rain' was one of the top songs of the year, but this hasn't responded. Rolling Stone Magazine panned the record."

WXTB (M) Brian Medlin

"It's kinda just laying there. We're getting a few interest calls, but we aren't worried yet."

WRIF (M-7 PPW) MD Mark Thompson

WZTA (M-20 PPW) MD Heidi Hess

KRXQ (N-11 PPW) PD Curtiss Johnson

KUFO (B-14 PPW) PD Dave Numme

"This is doing very well. It is a Top 5-tester for me across 18-34."

WRCX (B-16 PPW) MD Jo Robinson

WRIF (B-8 PPW) MD Mark Thompson

Bill Burrs

Zoo Entertainment VP/Promotion **Bill Pfordresher** announced the move of **Bill Burrs**, Midwest Regional Marketing Manager from the St. Louis branch office to the Chicago branch office. And **Ray Gmeiner**, VP/Rock Promotion officially announced the appointment of **Ken Anthony** to National Director of Adult Promotion. Before joining Zoo, Burrs was a Promotion Assistant

Ken Anthony

to Van-O at the Midwest Music Alliance, and a radio personality at KCLD in St. Cloud. During that time, 1989-91, he was also a stand-up comic. "Bill Burrs breaks up morning shows with his Mike Tyson, and will be breaking records for years to come. He's a winner," said Pfordresher. Burrs added, "I'm very excited to be working in the #3 market for Zoo Entertainment, but I will never forget all my homies in St. Louis." Prior to joining Zoo, Anthony held programming positions at AORs KSJO/San Jose, KLQL/Houston and KLOS/Los Angeles, as well as Alternative KPNT/St. Louis, Triple A 101 "The Fox" (now WVRV) in St. Louis, and classic rocker KLSX/Los Angeles. "I've always been a fan of Zoo Entertainment's quality stable of artists," commented Anthony. "Now, I'm really excited about the opportunity to help develop this outstanding roster of adult artists even further. Thanks to **Lou Maglia**, **Brad Hunt** and Ray Gmeiner for their continued commitment to quality music. I'm looking forward to being a part of the Zoo Crew." Gmeiner commented on the appointment, "Hiring Ken was easy. It is the latest example of Zoo Entertainment's growing commitment to adult radio formats. Zoo has an ever larger stable of adult artists with **Little Feat**, **Sonny Landreth**, **Clarence Clemons** and **Neal Casal**'s latest releases. Ken's vast radio experience and passion for music makes him a great ally for adult radio stations and Zoo's promotion staff. I'm thrilled to have him onboard. Now, can he get adds and play golf?"

Oh yeah, \$250 worth of pudding." And from Fagot, "Spackelle has proven himself an energetic and credible presence on the college scene, and we're looking forward to his contributions in the entire department. THE RIVER RISES IN BOSTON

While some people struggle with the identity of the Triple A format, there are still a handful of programmers for whom the concept is as clear as a bell — play good new music that appeals to adults in your specific market. A little too simplistic? A little naive? Maybe, but nonetheless true. While the “experts” are spending a lot of time and money telling us what the format is and isn’t, and should be and shouldn’t be, there are programmers out there who — through their musical knowledge and instinct — just get it. Joanne Doody is one of those programmers. A ten year veteran of Alternative WFNX in Boston, Joanne knows the market and the music, and was an obvious choice to helm the format flip when Northeast Broadcasting changed their AC WLYT to Triple A WXRV. She handpicked Mike Mullaney from crosstown WBOS for MD Duties, and together they have shaped Boston’s newest AAA, The River...

Did Northeast Broadcasting recently acquire WXRV?

Joanne: No. Northeast Broadcasting Company has had the station for about twenty years. It used to be WLYT and it was an Adult Contemporary station. Northeast Broadcasting also owns WNCS in Vermont, another Triple A station.

What made Northeast Broadcasting make the move toward Triple A and away from AC?

Joanne: It was sort of a joint decision in that there are four pretty powerful AC stations in Massachusetts. WLYT was not doing very well. The ratings were low because they weren't doing anything better or different than the other AC stations. It was like, 'Why be another AC station? Let's do something a little bit different.' That is when they came up with the idea of taking the station Triple A. It was kind of amazing to me because it was exactly what I have always wanted to do, I just never thought anyone would propose it to me. When management said, 'The format I am looking for is a cross between 'FNX and 'BOS,' I almost fell flat on my face. It's like a dream for me. I worked at 'FNX for ten years and you do kind of outgrow things at some point. You are probably familiar with 'BOS. I think they are doing a good job, but it wasn't exactly the way I would do it. To be in a position where somebody would come and offer me this opportunity was almost like a dream come true! I know what kind of

The Hard Interview

music I like, and I know a lot of people that also like that same music. I never thought someone would say 'Hey, I am going to let you program this station doing what you actually like.'

Had Northeast done much research in making the decision to flip from AC to Triple A?

Joanne: I think they had a good feeling about it because 'NCS has been very successful in Vermont. They asked us not to be quite as eclectic as they can get away with in Vermont. As you know, every Triple A is adjusted to the area. Our target area is north of Boston and southern New Hampshire. Certainly not as eclectic a group of people as you would find in Vermont, but still people open to new ideas and new music. That is what we are finding.

How strong is your signal?

Joanne: It's 50,000 watts with the affected radiated power. It's a huge signal. People can get it in parts of Maine and in parts of Vermont. Our fringe is the south shore heading toward the Cape, although I did have somebody call today to say that he was in Plymouth and he was hearing it fine.

You were brought in several months before the actual format change, right?

Joanne: I had started part time in January, when it was still an AC station. It was really a Hot AC at that point, so the transition wasn't totally shocking. They hired me May 1st to be the Program Director. We started making some changes with the music at that point in time, slowly phasing out Mariah Carey and Michael Bolton and that kind of stuff and adding more Triple A artists, like Sarah McLachlan and the Jayhawks. It was a nice gradual transition that went on for a couple of months, so it wasn't totally shocking to the listeners. We hired Mike Mullaney to be Music Director around the beginning of June. So I was here by myself for the month of May, Mike came in June, and we did a lot of the changing around from June to July.

What has been the most difficult part of the transition?

Joanne: Just trying to get the music has been the hardest part. Getting the back catalog has been slower

than I would have liked, but it's coming in allowing us to add about twenty-five core songs a week.

Have you found that now that you have made the official change you are getting service a lot quicker?

Joanne: As of August 1st when we changed the name and announced Triple A, oh yeah! People have been wonderful. Record labels have been great. People have actually been up to the station already — 'Finding The River,' as they put it.

In a highly rock-radioed market like Boston, how do you find the niche? What's going to make your station stand out from the pack?

Joanne: A lot of it is dealing with the territory. When you get to this area north of Boston, you lose the 'BOS signal. That is part of the reason we decided to go with somewhat of a similar format. But, obviously, why do the same thing? And we're not going to do the same thing. Our delivery is different than their delivery. 'BOS isn't too personality based. We try to let the DJs have more personality, be more conversational, make the listeners feel like they have a friend on the radio. We can relate

"When management said, 'The format I am looking for is a cross between 'FNX and 'BOS,' I almost fell flat on my face. It's like a dream for me. I worked at 'FNX for ten years and you do kind of outgrow things at some point. I know what kind of music I like, and I know a lot of people that also like that same music. I never thought someone would say 'Hey, I am going to let you program this station doing what you actually like.'"

to them as listeners and they can relate to us as announcers. We're also playing more new music than they play. I think they play their new songs 10 spins a week, we'll do more like 20 on some things. We play more new songs in an hour, maybe 4 or 5 currents. I think that we have a lot more freedom and flexibility to do what we want to do here. Which is really exciting. It kind of goes to the early days of 'FNX. 'FNX has gone pretty far Alternative these days. It's definitely a different sound.

Not much crossover between you and 'FNX?

Joanne: No, I don't think you would ever confuse the two stations. When I'm comparing The River to 'BOS, I'm not putting 'BOS down. For a while there, in my opinion, they were playing a lot of '70s. They might have cut back on that, I'm not sure. Our concentration is on the '80s and '90s. Hopefully, we will stay two different stations because two stations sounding the same is a waste of the airwaves. So far, that is certainly the direction we are going in, not to sound alike. Sure, there are going to be some similarities, but if we would have stayed an AC station, there would have been similarities with four other stations.

The Hard Interview

Do you have much cross-over with 'BCN'?

Joanne: Yes, there is probably some cross-over. I don't actually listen to them that much, and the reason for that is — if I can quote a PD from another station, Carl Widing from KINK. Carl said that he felt that as a Program Director, you shouldn't always be reacting to what other radio stations are doing. To paraphrase him, 'You should map out a good strategy and a good sound and go with that. Figure out what you want to do and go with it. Do it, and don't react so much to what everybody else is doing. Obviously, there are things that you should be monitoring, but I don't think you should be freaking out left and right on what it is they are doing. You decide what it is you want to be doing and do your best at it.' I like that philosophy of thinking.

And it's especially true for someone with your experience in the marketplace. You know the market pretty much inside and out.

Joanne: Right. I've been in this marketplace a long time and I feel that I am very familiar with the music, so hopefully it will be beneficial. So far, people have been very receptive. They are really happy to have another Triple A station here in New England.

What kind of promotions are you doing for the station to get the word out?

Joanne: Our promotion campaign is just getting underway. We're doing local television and newspaper in Boston and the surrounding areas. We will have artists up to the station. We will sponsor some shows. We have an outstanding softball team, The River All-Stars. Anything to get out there. We will be going to a lot of events, especially public service ones at this point, to meet people and get our name out there. We really haven't done too much because we are still in our infancy here. We are doing a great contest now — every day we're giving away a weekend trip to Vermont. Listeners have to fax in and tell us what they like about The River. The promotion has had some very good results and wonderful reaction from people telling us what they like about the station.

Do you feel like you kept a lot of the same people that were listening to the station when it was AC?

Joanne: Yeah, I don't think we lost too many. If we

lost some, they were people who are out of the demographics anyway — in their 50's and 60's. For a lot of people WLYT probably wasn't their first choice for a radio station anyway. Obviously, what we want to be now is people's first choice. 'LYT might have been a preset on everyone's dial, but I don't think it was their favorite radio station. Our goal now is to be a large group of people's favorite radio station.

Triple A is a format that takes a lot of time to develop in a market. What kind of goals do you have for your first year?

Joanne: Numbers would be very nice.

Will the plug be pulled if you don't get the numbers, or are you going to be given the leeway and time to really develop?

Joanne: I think we'll be given the leeway. That is the feeling I was given and that's what the management here has said. Our General Manager said ratings are all very good and nice, but he's not holding me to anything at this point in time. As long as we can get a good, solid core

audience of an attractive demo, they would be happy with that.

Your GM, Dan Lankford, had he been at the station when it was AC?

Joanne: No, he's new here, too. He was working as a GM at WTTM, a News/Talk station in New Jersey. He's been working on our media campaign, handling the transition as it relates to sales, and overseeing programming and promotions.

Let's talk about the air personalities. We're you able to keep a lot of the people on when the station changed formats.

Joanne: So far, we have done that. Our morning man, Gerry Wood has been here for about eight years. He is joined by Deb Daigle with the News. The two of them really have a natural chemistry. I do the midday. Bob Stuart, who has worked at stations in Boston and Detroit, is here in the afternoons doing 2-7p. Mike Mullaney is on at night, doing 7-Midnight. Our overnight guy is imported from Liverpool, Doug Stackhouse, who has been here over a year. He has got that wonderful English wit and is very musically knowledgeable. Before they really didn't let them have too

"When I'm comparing The River to 'BOS, I'm not putting 'BOS down. For a while there, in my opinion, they were playing a lot of '70s. They might have cut back on that, I'm not sure. Our concentration is on the '80s and '90s. Hopefully, we will stay two different stations because two stations sounding the same is a waste of the airwaves."

much personality. The expression was 'Light Rock, Less Talk.' It sounded pretty much like you were listening to tapes of music. We are working with the people we have.

They must have been thrilled with the change.

Joanne: Oh yeah! Everyone is very psyched. Bob Stuart is a big fan of Alternative music. He says it's a kick to be playing music that he loves. Mike Mullaney is ecstatic. Do you know him?

From talking on the phone, we haven't met in person yet. How long was Mike at 'BOS'?

Joanne: For about four years, working as Assistant Music Director and programming assistant. He also did weekends on the air. He and I work together very well. He is one of the most pleasant people I have ever met.

He has a great ear for new music and he's always ready to work. He loves the '80s music. He is really pushing me to add more '80s stuff, the stuff that 'FNX used to play in their first ten years. I'm a little bit hesitant on that. I'm really

"Our General Manager said ratings are all very good and nice, but he's not holding me to anything at this point in time. As long as we can get a good, solid core audience of an attractive demo, they would be happy with that."

into the new music although I haven't forgotten about the great stuff that came out in the '80s that is being overlooked now. I'm not exactly sure how much Depeche Mode and things like that, that I want to go with. We're compromising. I think that it is nice when there is a female PD and a male MD — or vice versa — because we really balance each other out pretty well when it comes to picking the music. I represent a woman's perspective and he represents the males. Between the two, I think we are going to be very successful. You see that combination quite often, and that's probably why that is done.

There have been plenty of great female artists out this year, too. Have you heard the new Jonatha Brooke?

Joanne: Yes. We started playing the new album right away. I really enjoy her sound. A bit of a surprise to me is that we get lots of men reacting so positively to the female artists. For instance, Jann Arden. They love that song 'Insensitive.' You'd never think a guy would call up and ask, 'Who does the insincere song?'

Will you be doing any specialty shows?

Joanne: We have the Acoustic Cafe now on Sunday nights, and we really like that. We are looking into some Blues shows. Maybe a cross between a Jazz and

Blues show for the weekend. We actually talked about doing them live from the House of Blues in Cambridge on Saturday nights. We're looking into the possibility of doing that.

How have the advertisers responded to the change?

Joanne: I really don't get to see that end of it. But I have noticed there have been more commercials from new clients. As far as I know, we haven't lost any advertisers. They seem to be responding well. I think they find the change invigorating.

How edgy can you get with the station? Can you play Alanis Morissette?

Joanne: We're thinking about it. I heard Michael in there listening to it the other day. I love that song. We

play the Jill Sobule record. I can be rather conservative sometimes, I didn't want to offend anybody, but the General Manager thought it was a great song. I'm just glad we have a lot of freedom. Nobody is breathing

down our necks, management-wise, saying 'No, you can't do that.' They are really trusting us, which is very nice. Mike knows a lot about the music coming from 'BOS and I know a lot coming from 'FNX.

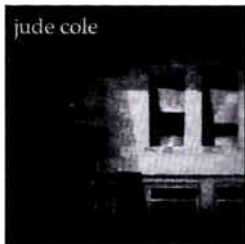

Have there been any big surprises in starting up with this format?

Joanne: All of the attention we are getting. I didn't really think the format would be as enthusiastically received as it has been. I am pleasantly surprised that so many other people seem to like the same kind of music I like. Paraphrasing someone else again — actually, Dennis Constantine in R&R, where he quotes the Burnes study that says that a large percentage of the population doesn't really have a radio station they can listen to. They spend a lot of time listening to their own CD and tapes, kind of an inactive audience. Hopefully, a format like this is serving their needs with the music that they want to hear. That is what we are finding. People are turning us on that weren't finding anything that they like on the radio dial. They weren't really happy with what was out there. Now they say, 'Wow! A radio station for me.' We get faxes that say, 'Hey, you are playing my CD collection at home!' It's nice that they listen to their CDs, but we'd like to invite them to listen to the radio.

TRIPLE A

ADULT ALTERNATIVE ALBUMS

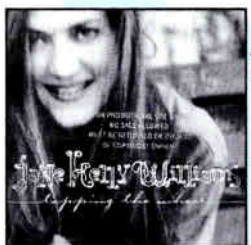

Jude Cole, "I Don't Know Why I Act This Way," Island Greg Roberts/KFMU. "This is a smash! It's huge! It hasn't left my CD player since it arrived on Friday. If this one doesn't do it for Jude Cole, then I will shave my head bald." **Coiter Langan/KMMS.** "I listened to the 4-song sampler and it sounds like Jude Cole is easing into the songwriting suit and is a lot more comfortable and simplistic in form. As Jude Cole becomes more of an adult, he's writing better records that will appeal to music of the heart." **Brad Hockmeyer/KTAO.** "We've never played his music before, but we're gonna give 'Sheila Don't Remember' a shot. It sounds right up our alley." **Don Ferrell/KRVM.** "This is good power pop crossover music. It could work well in Triple A, A/C and it has Top 40 appeal as well. This is an all around tune from a multi-format album. We're enjoying it here. Jude Cole proves once again that he is a babe magnet."

THE HOT CORNER

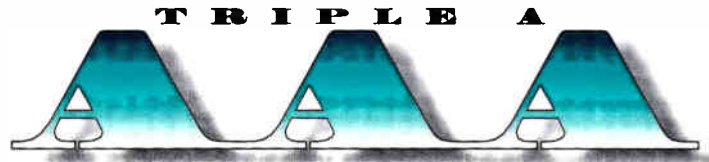

Lenny Kravitz, "Rock & Roll is Dead," Virgin Coiter Langan/KMMS. "We threw in on at night and we're already getting a good reaction. Lenny Kravitz lends a great rock and roll sound to Triple A that helps expand the listening base." **Ian Taylor/WKVT.** "We were on the single the second we got it. It fits in well here. I can't wait to hear what the album sounds like." **Mary Ramirez/WVBR.** "Lenny Kravitz goes to show that rock n' roll is very much alive. I love the song and the phones are lighting up. Our audience loves it. Lenny Kravitz always comes through for us." **Don Ferrell/KRVM.** "I absolutely love Lenny Kravitz! This is what a rock n' roll song should sound like. I've always adored his sound. He is the type of guy that if you stuck a child in a room and the only thing he could listen to was the Beatles, Smokey Robinson, and T-Rex, he would grow up to be Lenny Kravitz. He is a god on my planet." **Greg Roberts/KFMU.** "This is a solid record — it's what you'd expect from Lenny Kravitz." **Kelly Long/KXGO.** "This is definitely going to be in heavy rotation by next week. This is a great rock n' roll tune, which is what we needed. I'm looking forward to the rest of the album."

Jane Kelly Williams, "Tapping The Wheel," Mercury Steve Cole/KSPN. "Jane Kelly Williams certainly could make a splash on the lighter side of the Triple A scene — her voice is gorgeous, the melodies sweet and nostalgic, and the production is pristine and elegant. *Tapping The Wheel* is certainly an album you'd want to throw on to unwind at the end of a typically frantic day. Refreshing and bursting with promise." **Kim Rowe/WCLZ.** "I like the album, and I especially like the tracks 'I'm Just Feelin' It Now' and 'Show Me How To Catch A Fish.' Her voice is beautiful and the production is good. It's a bit different sounding." **Bruce Warren/CAFE.** "She's a folkie with soul!" **Dave Piszcz/WERU.** "We are playing the track 'Too Much Coffee' and it sounds sort of like 'round the bend bluegrass with an edge, and a country flare to it.'" **Julie Amacher/KUNC.** "Getting some light airplay. We really like tracks four and five. She's fairly light in terms of style, and has a really nice clear voice. Not depressing or dark." **Jeff Hansen/KPFT.** "Jane Kelly Williams was a strong advocate at our music meeting — we put it on and we're getting great phone response. We are on the track 'Show Me How To Catch A Fish'."

Jonatha Brooke & The Story

Jonatha Brooke is on her way to becoming one of the most respected songwriters of our time. Her lyrics are sometimes profound, sometimes lighthearted and always touch the listener down deep. She and her husband/producer Alain Mallet craft warm, rich arrangements that are particularly intriguing on her new album *Plumb* (GRP/Blue Thumb). In addition to the three wonderful tracks that were on the sampler, try "Where Were You?," "No Better," and "Made Of Gold."

The Mother Hips

The Mother Hips remind me of the early work of their label-mates The Black Crowes mixed with Don Henley's solo work. On their new release *Part-Timer Goes Full* (American), they play funky, good-time rock n' roll. "Shut The Door" is the lead track, and will give you a good idea what this band is all about. It's a bit crunchy, but it has a great groove and some funny lyrics.

Lisa Loeb

After making a huge smash with her debut cut "Stay" before she had a record contract, Lisa Loeb and her band Nine Stories have signed with DGC and will soon release their highly anticipated *Tails*. The album is preceded by the song "Do You Sleep?," which is much better than the phenomenally successful "Stay." The song has more depth to it, and Loeb's voice isn't quite so waif-like. This one should be an automatic, as it will be a multi-format hit.

Jane Siberry

We talked about Jane Siberry's new single "Lovin' Cup" a few weeks ago. What a great song! The horns, the beat, the jazzy piano and Jane's voice make for some great listening. With the new album *Maria* (Reprise) just out, we suggest you spend some time with the single, as well as the title track, "Honey Bee," and "Begat Begat."

Jane Kelly Williams

Tapping *The Wheel* (Parachute/Mercury) is the title track of the debut from singer/songwriter Jane Kelly Williams. With a voice like Nancy Griffith and Iris Dement, Williams will win hearts with songs like "Show Me How To Catch A Fish," "Horizon," "Come On Spring," and "Emotional Memory."

Empire Records OST

In addition to the Gin Blossoms and Edwyn Collins tracks, which the whole world is now playing, the *Empire Records OST* (A&M) has many cool tunes. The Cranberries have a new song on the CD called "Liar" which is sonically more suited to progressive radio. "Crazy Life" from Toad The Wet Sprocket sounds like a signature song for the band. Also worth a listen are "Circle Of Friends" from Better Than Ezra, "Whole Lotta Trouble" from Cracker, and Evan Dando's "The Ballad Of El Goodo."

Heather Nova

With her song "Walk This World" doing very well, Heather Nova is making quick inroads with her full-length debut *Oyster* (WORK). Her vocal range is probably second only to Happy Rhodes, and her album has surprisingly depth for a debut. Check out tracks like "Heal," "Throwing Fire At The Sun," "Walking Higher," and "Light Years."

Singles

Jim Lauderdale won many fans in the progressive world with his last release. We now have the track "Charmed" from this follow-up *Every Second Counts* (Atlantic). It's a dreamy song with much less twang than his other material, which should make it easier for progressive programmers to get behind it... After a very successful run with his last album, **Francis Dunne** is back with *Tall Blonde Helicopter* (Atlantic). We found the single "Too Much Saturn" on the latest Album Network sampler. His gift for tongue-in-cheek-yet-serious lyrics is ever apparent on this song that should do very well with everyone who played the last album. However, will he still be as popular without his long, flowing hair? Francis, Andre Agassi and James Dann now all sport the same hairdo!... **Colin James** has shed the big band for his forthcoming *Bad Habits* (Elektra) release and is sounding lean, mean, and rockin'. "Savior" is the first track released to radio, and with Lenny Kravitz appearing on it, it sounds like it could be from Lenny's album. When you receive the full album, you will find many good tunes — there are many cuts that sound good to us... "Downtown Venus" from **P.M. Dawn's** *Jesus Wept* (Gee St/Island) is one cool song! Already picking up adds at both alternative and progressive, this song has "hit" written all over it. I can picture a video for the song being very trippy, with fast cuts and many colors. Great spice record... You can funkify your playlist with "Souled Out," the title track from the new Epic release from Oakland, CA hipsters **Tower Of Power**. Dean Carlson from KMTT turned me on to this one, which is already generating calls at The Mountain.

Tuned In Broadcasting President/WRLT GM **Ned Horton** announced that **Jon Peterson** has joined the station as Music Director/night air talent, and **David Hall** has been promoted to Assistant PD. Hall, a 16-year veteran of the Nashville radio market joined WRLT two years ago as afternoon drive air talent and AMD, and was upped to MD last year. Previous radio stints include APD/MD at classic rocker WGFX and AOR WKDF in Nashville, as well as PD at WABD in Ft. Campbell. "I really appreciate Ned's confidence in me," stated Hall. "WRLT is one of the great pioneering stations in this format. We'd been discussing ways for me to get more involved in shaping the overall programming of the station and Jon's arrival provides that opportunity. I'll still be fully involved with music decisions, which I love to do, and I'll now have some extra time to create special programming, develop and guide our air talent and look after the station's overall sound." Peterson, who segues to Nashville from WCBE in Columbus, commented, "I'm elated to have an opportunity to work for one of the coolest AAA stations in the country. It'll be a thrill to join the WRLT programming team with David, Ned and (Executive Producer) **John Conlon**." Ned Horton added, "We've come a long way in the last five years on the strength of our staff. David's been doing the work of three people and now he's got some great help with Jon on board. The only thing holding us back is our 3,000 watts." Peterson will take over music call duties at, which remain 1-3pm (CDT) on Tuesdays and Thursdays.

WNCS/Montpelier announced a bevy of personnel moves. After a gracious 3-year maternity leave, **Jody Petersen** will be returning to the airstaff.

Jody Petersen

Jody has been with WNCN for fourteen years serving as Music Director. She will retain those duties as well as pick up the midday shift. Call hours are now Tuesdays and Wednesdays 3-4:30pm (ET). Jody replaces Production Director/middayer **Greg Hooker**, who moves to sister station WSKI-AM as PD/mornings. Overnighter **Chris Griffin** segues to evenings replacing the exiting **Neal Charnoff** and adds Production Director to his nameplate. **Eric Thomas** joins the airstaff for overnight duty.

HARD Hitters

COVER Disc

Rancid, *...And Out Come the Wolves* (Epitaph)

We know that west coast bands Green Day and Offspring made their way on mainstream radio last year with pop laden ditties, but the real surprise in MTV rotation last year was the gritty old-school sound of **Rancid**. The buzz machine was on full-tilt, with the band attracting as many A&R reps as fans to their New York show with Offspring. But in a move that will surely solidify their street credibility, the band passed up a \$1.5 million offer from Epic (a deal that the rumor mill said was done) to stay with Epitaph. Even though it was *Let's Go* that put them on the map, to give a true perspective of Rancid's history you have to go back to the streets of the East Bay area where the band just barely lived - and still reside - in a punk community that did not trust the outside world, but relied on each other for survival. That street element saturates both their music and lyrics. It's what sets **Rancid** apart from their suburban punk colleagues. The opening cut, "Maxwell Murder" is a short but frenzied tempo that sets the pace for *...And Out Come the Wolves* which will be arriving next week for Sept. adds. There are plenty of three minute blasts to choose from, but some of the other highlights include "Roots Radicals", an ode to the scene that found some airplay from a single release last year, and the current single "Time Bomb", which incorporates the ska influence of former project Poison Ivy. You can hear their roots in "Lock, Step and Gone", a raw melody in "Ruby Soho", and slashing rhythms in "Disorder and Disarray". With the last release selling just short of gold, it looks like they are going to be catapulted into the mainstream despite themselves, but it's apparent that the true spirit of punk is alive and well in Rancid.

TOP Discs

Stanford Prison Experiment, *The Gato Hunch* (World Domination)

You might recognize the name belonging to this four piece (**Marlo Jimenez** - vocals; **Mike Starkey** - guitar; **Mark Fraser** - bass; and **Davey Latter** - drums) considering they had a pretty successful run with Hard Hitters' stations awhile back when they released their self-titled debut album. Now the band returns with *The Gato Hunch*, which officially went for adds last week but we felt they offered a powerhouse of sound and definitely were worth the print. The 11 song disc is driven by the acidic crunch of the guitar, but it's the blend of biting vocals, authoritative bass playing and rapid-fire percussion that puts the **Stanford Prison Experiment** stamp on the release. As you cruise through the available tracks give a listen to the urban-a-fied hard rock of "Cansado", "Flap", "El Nuevo" or "Accomplice". (*Note you may need to stop by the production room, there are a handful of expletives found on the album.) A whopping 31 adds came in last week (helping the band pull in the #3 Most Added position), and spins reported on the likes of **KLOL, KMSA, KXFX, KZRQ, WAIF, WKLL, WKNH, WKTA, WSGR, and WVBR**. With early action (and reaction) like that we expect SPE to be chartside in no time.

HARD Hitters

TOP Picks

Shelter, Mantra (Roadrunner)

The latest find out of the Roadrunner offices is the melo-alli-hardcore-punk of **Shelter**, a group that builds credibility from its music, history, and lifestyle. The most "press-ready" aspects of the band stem from two sources. In the mid to late '80s the core of the band - **Ray Coppa** and **Porcell** - formed Youth of Today and not only won over thousands of fans but also popularized

the straight-edge movement. Nowadays, the members have taken the ideals of straight-edge and taken it to a new level: they are devotees to the Hare Krishna religion. That unique fact has brought them plenty of press coverage, and while admirable, that isn't the reason to check out Mantra. The music is. Opening with the explosive "Message of The Bhagavat", the heavily muscled guitar work is matched only by the fiery energy of the song. They don't slow down from there, with the enthralling "Civilized Man"; the anthemic, radio-ready "Here We Go", and the hard-core nod of "Appreciation". The lyrical tongue-twisting delivery of "Not the Flesh" will make most hip hoppers jealous. Whether you find spiritual enlightenment from the words, example, or simply the music, it is clear that **Shelter** are a force that will make quite an impact.

Black Sabbath, Forbidden (I.R.S. Records)

Better late than never they always say. Despite some confusion as to the arrival date, **Black Sabbath** has still managed to stay on the airwaves purely from the strength of "Guilty As Hell", a national tour with Motorhead, and the larger-than-life mystique that **Iommi** and company always carry. The full release, Forbidden should now be in your hands, with more options on this Ernie C produced album to satisfy the Sabbath yearnings. The huge, resonating, pounding riffs that Iommi so easily conjures from his guitar - along with a sinister tone - have always been the band's trademark. Of course, they are a prominent element on Forbidden - particularly on "Illusions of Power", "Get A Grip", and the title track. With the faithful vocalist **Tony Martin** by his side, Iommi still proves why he is one of most revered and imitated guitarists in the history of hard rock music. The album is pulling in airplay at **KLOL, KPFT, KQAL, WCWP, WGLS, WKNC, WKNH, WKPX, WKTA, WRFL, WTSR, WVXU** and **XEQC**. Now that everyone has a full menu to choose from, there is still plenty of life in the latest offering from this legendary group.

Mind Over Four, Empty Hands (Fierce)

This band should ring a bell with many Hard Hitters stations because of their many releases over the years: three on their own label, one on **Caroline**, and their most recent on **Restless**, before Empty Hands found itself in the grip of **Fierce Recordings**. This Orange County band change their identity on each song, which will make them hard to categorize, but easy to adapt to any playlist. Do the tortured strains of old Soundgarden tickle your fancy? Check out "Rise" with it's plaintive vocals and churning grooves that will remind you of the Seattle band's Loud Love days. How low can you go? They play that game well on "True to Life", with a more gravelly **Gene Simmons** tone to the vocals, and a lower-end, bass-powered groove. "Paralyzed" offers a leisurely funky jam, while "Phobos y Damos" has a layered textured delivery. A handful of stations have started playing **Mind Over Four** early, with adds at **KSJS, WAIF, WKLL**, and **WNHU** to go along with spins at **KZAK, WHFR**, and **KEYJ**.

THE HARD REPORT

Jawbreaker, "fireman" (DGC)

Your first taste from this Alterna-leaning unit has been serviced as the "fireman" CD-pro. The single, taken from the upcoming Dear You album, takes all the pop sensibilities of a hit song to help make it sound instantly recognizable; then adds some retro-tinged guitar tones, well-placed musical breaks and some high-powered percussion. What came out in the mix - mostly due to the energetic

vocals and layers of swirling guitar - is simply incurable catchiness, with melodic quickness and a harder edge. Although this package might not be for everyone, you'd be remiss not to give it a listen - many of your listeners may find the expressiveness of the song's lyrics appealing. "fireman" has already seen some action on **WXCI**, with more spinnage guaranteed to come in on this official add week.

HARD Hitters

FILINGS

When scanning through your final add list for this week make sure it includes the **Shelter** (Roadrunner) album, Mantra. 9 Hard Reporters are already on the record, with 5 stations (**WFCS**, **WKNH**, **WNHU**, **WSGR**, and **WZBC**) so excited about the release they added last week; and **Mind Over Four's** (Fierce) Empty Hands release, which has already seen action on 7 Hard Hitters stations. 4 more adds came in last week on the likes of **KSJS**, **WAIF**, **WKLL** and **WNHU**... Make room for the **Jawbreaker** (DGC) CD-single "Fireman" today. The track is the first culled from the upcoming Dear You... Early reaction on The Gato Hunch from **Stanford Prison Experiment** (World Domination) is strong - they pulled in 31 adds last week - meaning that even though last week was the official add week those not already on the album should put it on today... You also might have noticed the servicing of the full **Black Sabbath** (IRS) album Forbidden. Find a slot for that now... September 4th/5th adds include the new **Clutch** (Atlantic) single "Spacegrass". In case you didn't know **Atlantic Records** have inked a deal with **Clutch**, and will continue working material from the band's recently released self-titled album. The band will begin a full on U.S. tour in mid-September... Another single arriving for adds the first week in September is "Comith"/"Zodiac 99" from **Nature** (Zoo)... **Machines Of Loving Grace** (Atlantic) have scheduled the release of their new full length Gilt for September 19th. But, prior to that arrival a CD-pro for "Richest Junkie Still Alive" is set for release and adds on September 11th. A tour is being planned to coincide with the record release... The **Down** (EastWest/EEG) single "Lifer" was the #1 most added record last week with 54 adds, and made a chart debut at #22. Which roughly translated means that anticipation is high for the September 19th street date of the full length Nola album... Look to September 26th for the arrival of The Carnival Bizarre from **Cathedral** (Earache)... Also arriving in stores on September 26th is Laughing Gallery, the debut disc from **Ruth Ruth** (American)... Look for cool artists like **Red Hot Chili Peppers** (Warner Bros), the **Screaming Trees**, **Candlebox** (Maverick), **Mad Season** (Columbia), etc. to perform tracks on the upcoming John Lennon Tribute album Peace. The album is slated for release October 10th and is brought to you by those in the Hollywood Records' offices... October 10th also marks the release of the new **Ozzy Osbourne** album, Ozzmosis. The record features the musicianship of guitarist **Joe Holmes**, bassist **Geezer Butler** and drummer **Deen Castronovo**. The record comes courtesy of **Sony Music**... October 24th arrivals include: **Scorn's** Gyral, **Ultraviolence's** Psychodrama and **Old's** Formula... Also debuting on the metal front is the 10th album in the **Savatage** (Atlantic) catalog, Dead Winter Dead. The band's current line-up is a bit different than on the last release. They are: **Zachary Stevens** - vocals; **Al Pitrelli** - lead guitar; **Chris Caffery** - rhythm guitar; **Johnny Lee Middleton** - bass; **Jeff Plate** - drums; and **Jon Oliva** - keyboards. 🍻 Did you know that the **CIV** (Lava/Atlantic) video for "Can't Wait One Minute More" has been added into the Buzz Bin? Look for it on the MTV waves now. 🍻 **Widowmaker** (CMC International) is preparing to work on their next album but in the meantime frontman **Dee Snider** has scheduled a handful of dates where he will perform a whole set of **Twisted Sister** classics. Look for Dee and crew August 31st in Danbury, Connecticut; September 1st in East Hampton, New York, and on September 2nd in Old Bridge, New Jersey. 🍻 Vital information - this week **KPFT/Houston** and **WWBR/Birmingham** joined our list of Hard Reporters this week. **Bill Bates** is the Metal Director over at **KPFT**. You can reach him at (713) 556-8082. His office hours are Monday and Tuesday from 12 on. **Donald David** is the Metal Director at **WWBR**. You can reach him at (205) 979-4994. He takes his calls Tuesday and Thursday from 10-5pm... **WBAU/Garden City** were closed down this past week. The station was bought by WHPC/Nassau Community College. **Rich Fascinella** and **Matt Cohen** would like to thank everyone for their gracious support over the years... This week

(August 28) is the last week **Eric Pain** will be reporting as the Metal Director of **KMSA/Grand Junction**. Eric will be heading to Denver for bigger endeavors. Good luck, Eric! Keep in touch... Keep in mind that the **WXTB/Tampa** metal show, "The Pit", will be on hiatus for about a month due to some retooling of the show. They are looking to update the show for the '90s and play more aggressive music. More info on that as it comes in... Look for Chicago based **Shock Box** (Rock The Nation) to take the stage at Foundations Forum on Thursday, September 7th. The band will be performing tracks from their upcoming release, Droppin' The Bomb... South Jersey based **Core** (Atlantic) will be playing at the CMJ Music Marathon in September. Then a little later on in the fall the three piece will release their self-titled debut album... Also making appearances at CMJ will be **Skid Row** (Atlantic) and **Clutch** (Atlantic) who will share the stage at NYC's Limelight on Saturday, September 9th. Also joining them will be **The X-Cops** (Metal Blade), **Overdose** (Fierce), and **Warrior Soul** (Mayhem/Futurist) 🍻 On the industry end of things, **We Bite America** have tapped **Ron Platzer** (formerly of Wherehouse Records and WMHW) to handle the radio, retail and publicity duties for the company. Ron will official start at We Bite America on September 18th. You can reach him at (312) 738-8945... **Relapse Records** is currently looking for interns interested in working in the areas of retail, press, radio/video, mail-order, etc. If you are interested give **Sean McKnight** a buzz at (717) 397-9221 for more info... Just in from **Victory Records** - due to a manufacturing error a Christian rock band has been recorded on some copies of the **Integrity Systems** Overload discs. When listening to the release if you hear Charles Manson talking over the music on track one you have the correct recording. If not, then give **Jill Castellano** a holler. 🍻 One final note - **Dan Lorenzo** (of Non-Fiction/Hades fame) has the **Hades** Exist To Resist and **Non-Fiction** It's A Wonderful Life albums coming out in Europe and is looking for a deal stateside. Any interested parties can contact Mr. Lorenzo at (201) 358-2929. 🍻 The end. Peace.

Geezer Butler is in the midst of a side project called **G.Z.R.** Butler tapped the likes of Fear Factory's **Burton C. Bell**, drummer **Deen Castronovo** and guitarist **Pedro Howse** to play on the album. Seen doing their studio time are **Geezer Butler**, producer **Paul Northfield** and **Burton C. Bell**. Look for the TVT release October 3rd.

Eve's Plumb, "Jesus Loves You (Not As Much As I Do)," 550

One of the buzz bands in past months is New York-based quartet Eve's Plumb, who spin a tale of pop love with this first single from their sophomore effort. The pop influences this band carries alongside them are conveyed in a purely rock and roll context, even though they admit to being disco fans. Think of a female-fronted Matthew Sweet-sounding outfit that packs a step more wallop to the overall energy level. Then add in the sonic expertise of Producer Fred Maher (Matthew Sweet's *Girlfriend*, Lou Reed's *New York*, et. al.), and you have a rhythmic balance that is second to none this week. Eve's Plumb are poised to spend quality time on your playlists with this song. It's catchy, not too hooky, and full of Alternative edge.

Lisa Loeb & Nine Stories, "Do You Sleep," Geffen

The first release from her debut record sounds great on the radio. You might have had some luck during pre-overkill months of "Stay" from the *Reality Bites* soundtrack. Loeb is still wistful and lyrical on this track, and the overall edge is stronger. And she's still wearing those damn glasses. You'll probably find that this track is both adult and youthful.

Garbage, "Queer," Almo

With the success of "Vow," Garbage really sprung out of nowhere for the new Herb Alpert and Jerry Moss collaborative label. Already in on the follow-up are a few outta-the-boxers going with this by virtue of the performance of the first track. Among those adds were **KBBT, WDRE, WDST, WHFS, WHTG, REV 105, WENZ, and WZRH.**

Evil Stig, "Bob (Cousin O)," Warner Bros./Blackheart

Backwards, Evil Stig spells "Gits Live," a reference to the perseverance of members of The Gits as they embark on a mission to help solve the murder of Mia Zapata, vocalist and principle songwriter for the Seattle band. While the crime remains an unsolved mystery, proceeds from the sale of this record will be used to pay for the ongoing investigation of this crime. The surviving members of The Gits are collaborating with Joan Jett on this record. You'll find some Jett tunes on the record, and her contributions throughout. Give this one some spins for good measure.

THE CHARLATANS UK JUST LOOKIN'

Going for adds this week.

Alternative

more choices

Shoveljerk, "Killing My Buzz," Capricorn

T-Rex meets the modern age. "Killing My Buzz" won't kill yours. It's an uptempo-feeling record that is hitting it hard on our hold button this week. You get the sense that this one can cross rock and Alternative lines. There's a little T-Rex in here, and some strains of "Hey Joe" in the chorus.

Seaweed, "Start With," Hollywood

What a monster week this catchy hitbound track had. **WBCN, LIVE 105, Q101, WJRR, WAIA, WXWX** and others all added this one. **WFNX, KXRX, KNDD, KPOI, REV 105** and **WWDX** are already on it. One listen will tell you why. Bet some big bucks on this horse.

Odds, "Truth Untold," Elektra/EEG

This catchy pop/alternative song is made for the radio in the same sense that The Rembrandts are, in that there is plenty of catchy vocal melody, upper-range harmonies and classy restraint on production overkill. The Odds inject more electric guitar and overall edge into the scheme.

"Truth Untold" is worth a serious look.

Nixons, "Happy Song," MCA

The attention that this band deserves at the format might be better represented by an examination of this track, rather than the other singles we've seen thus far. "Happy Song," is more of a song, anyway. And it has that Sponge-like bounce that carries mid-tempo rock tracks to a place where tempo isn't really identifiable. This is a great song that you'll be able to play all day, eventually. This one is a must-listen for the next meeting.

Sven Gali, "What You Give," RCA

Hard rock done in a modern fashion, complete with enough song handles to make it stick for you in night-time rotation immediately. No, it's not the Tesla song. It is gonna shake loose some of those jangly cobwebs in your modern minds.

Girls Against Boys, "She's Lost Control," Virgin

Between the Warner Bros. release of the Permanent: Joy Division 1995 record and Virgin's Joy Division tribute record from which this record comes, Joy Division are back in our collective modern rock consciousness. The New York band captures some of the Manchester band's darkness, and takes the song to a new level of consciousness. Joy Division has become part of Alternative immortality. **WFNX** is first out.

Filter, "Dose," Reprise

"Hey Man, Nice Shot" is still cranking on your station, in all probability. Maybe it's not burning, but do you have to blacken the edges before you let go? At any rate, you don't need to hop off of that to get into this one. "Dose" flies in the same mold as "Hey Man" in texture, and is even a bit more rambunctious. **WHTG, WRLG, WENZ, WEDG, KTCL** and **KBBT** were among the adds this week.

Alligator Gun, "From The Top of My Lungs," Relativity

This rapid-fire pop/alternative outfit is one of the million bands at CMJ this year, playing a set at Downtime (see column). We caught this band at Brownies recently, and they're as tight as a fist. Check out this debut single and see if you agree.

Shades Apart, "Tainted Love," Revelation

This cover of the Soft Cell one-hitter makes up for any lack of energy that the original might possess. The pop-punk Shades Apart impart a restless, up-to-date spin on this familiar tune that is tightly-wound and ready for air everywhere. **KTCL** added it this week, and **KPNT, 91X, LIVE 105, WMRQ, Q101, KNNC, KDJK** and **KNNC** number among the early leaders.

Monster Magnet, "Look To Your Orb For The Warning," A&M

This Jersey band scored big with "Negasonic Teenage Warhead," which outlasted early naysayers to become a sound rock/alternative track for a few months. They continue tripping the light fantastic with modern rock vocals and plenty of swirling six-string ear candy.

Did you catch this? This photo of a TV screen catches a properly-positioned WMRQ listener at the Bob Weir press conference. Station Promo Dept personnel swear it was a coincidence.

blah

Enough of the usual caller #9 jive. **WENZ/Charlotte** came up with a new angle in the pursuit of intriguing on-air ticket giveaways.

With an upcoming **Hootie and the Blowfish** date a couple of weeks away, the station gave away some highly sought-after tickets to the show via the contest "Fax Your Bootie For Hootie." "We tell people to jump up on the photocopier at work and give us a shot of their bootie," chuckled **MD Kim Monroe**, who added that the station does not assume responsibility for machinery broken in the line of duty (bootie?). "Let me tell you, I've seen some scary booties," says Monroe. "One woman got confused and thought we said 'hooters,' and sent us a fax of hooters."

The station's morning team picks one winner per day up until concert-time. We weeded through the examples and found one that would best convey bootie-ness. Thank me later for sparing you the hairy ones.

Tod at Atlantic told me about **WENZ/Cleveland's** recent Hootie promotion. Listeners wrote "Hey, The End - Blow Me!" on their cars' rear windows and spotters from the station awarded the scrawlers tickets to the local date.

On the fence about CMJ? **David Bowie** is now on the list of Keynote Speakers for the 1995 CMJ Music Marathon and MusicFest. Also on the Keynote front are **NEA Chairman Jane Alexander**, **EMI Artist Guru, Sebastian Bach** (Skid Row) and **Dave Lombardo** (Grip, Inc.). I've also got a master list of bands, dates and times for the showcases, so call me this week if you need some information. Some of the heavyweights will be easy to spot - **Better Than Ezra** at the **Academy** on Wednesday night, for example - but you might miss some of these others, if you're not careful. On Wednesday, **The Urchins** are at AKA (10:30), **Dance Hall Crashers** at CBGB's (Midnight), **Ellis Paul** and **Willy Porter** at CB's Gallery (9:20 and 10:40, respectively), **Eve's Plum** at Coney Island High (9:30), **Fledgeling**

Paul McCartney, Buddy Holly's old band the **Crickets**, **Carl Perkins** and **Mike Berry** are to participate in two shows September 7 and 8 as part of this year's Buddy Holly Week in London. "The big attraction of Buddy was that he wrote his own songs and it was just three chords," McCartney says. "It was great because in the early days we didn't know more than four or five chords. Also, the good thing was that anyone who wore glasses — like John (Lennon) — could hold their heads up high because of Buddy Holly. Before Buddy, John used to go around bumping into lamp-posts, just to look good. But when Buddy came out it was 'Sure, put them on.'"

A wide variety of acts will gather in London on September 1 to record an album (on Go!Discs/U.K.) to benefit children in Bosnia. **Blur**, **Noel Gallagher of Oasis**, the **Stone Roses**, **Paul Weller**, **Suede**, **Portishead**, the **Boo Radleys**, **Neneh Cherry**, the **Manic Street Preachers**, the **Charlatans U.K.**, the **Chemical Brothers**, the **Levellers**, **Terrorvision** and **Radiohead** are also to participate. The LP will benefit War Child, which is trying to ensure that insulin and other medicines are available to Bosnian children. All of the musicians have agreed to give up their royalties from anticipated sales of 300,000 albums. Footage of the one-day recording session on September 9 will be sold to television outlets. It's not known what songs will be recorded or what the album will be called.

Neil Young planned to go ahead with two concerts in Israel, despite a bomb which killed five people in the Old City of Jerusalem. Sinead O'Connor and the **Pretenders** are headlining a London concert called "What Women Want," intended to be part of a women's rights campaign. The show will be O'Connor's first in the British capital in five years. **Chrissie Hynde** and the Pretenders will unveil songs from their new album. "You're invited to the castration stand," Hynde said at a news conference where the concert was announced. "People have asked me what it's like working in a man's field and I have always said how can it be a man's field if I'm working in it? I have always been paid like a man and better than most." O'Connor, who is three months pregnant, said the concert will be "looking at the worship of God as a woman." Four million cards have been placed in Body Shop stores throughout Britain asking women "What do you want?" The results of the survey will be forwarded to Prime Minister John Major next spring. The concert also ties in with the United Nations World Conference on Women taking place in Beijing, China, next month.

REM has filed a lawsuit against Hershey Food Corporation claiming a contest involving KitKat candy bars constitutes unfair competition and infringes on the band's trademark and service mark. The band says it never approved of the contest or advertisement, which it claimed would allow the candy company to build a mailing list of REM fans. A strongly worded statement from the group said the band has "for fifteen years...built a reputation of integrity and independence, routinely rejecting all requests to exploit its name and music in commercials, whether for advertisements, sponsorships, or promotional tie-ins." The statement noted the band turned down a request to license a song to Microsoft for advertising because "REM's music, name, and good will are simply not for sale for crass commercial purposes."

Depeche Mode singer **Dave Gahan** is resting in Los Angeles after his release from Cedars-Sinai Medical Center in Beverly Hills, California, following a suicide attempt. Police who received an emergency call went to Gahan's Los Angeles home and found he had put a two-inch cut in his wrist with a razor blade. A spokesman said for Gahan said it was a "private matter" and would offer no additional details. "We're not discussing it," the spokesman said.

George Clinton, Buddy Miles, Noel Redding, Clarence Clemons, Eric Burdon, Chris Duarte, Vernon Reid, John McLaughlin, Stanley Jordan, Neil Schon and Junior Brown are to perform at the first-ever **Jimi Hendrix Electric Guitar Festival**. **Ann Wilson of Heart** is slated to perform "Manic Depression" with Mitchell, Redding and **Alice In Chains** guitarist **Jerry Cantrell**. Four days of homage to Hendrix will include an exhibit called the Red House, described as "a walk-through environment that takes viewers on a visual, aural and cultural trip through the '60s." The daylong concert will feature a guitar competition with a Voodoo Chile Award going to the winner as well as a Gibson Jimi Hendrix Flying V guitar. The **P-Funk All Stars** featuring **Parliament** and **Funkadelic** and **Abraxas** is also on the bill.

Producer **Don Was** says the new **Rolling Stones** album will include mostly "unplugged"-type recordings of the band's classic hits. "Just because it's acoustic-oriented doesn't mean it's slow," Was says. "They'd been playing stadiums for 15 years, and with this one they were yearning to play in more close quarters. We taped some rehearsals and got some unbelievable nuances you can't get anywhere else."

Jerry Garcia of the **Grateful Dead** last left most of his estate to Deborah Koons Garcia, who married Garcia a year and a half ago. "I give my jewelry, clothing, household furniture, furnishings, personal automobiles, books, pictures, objects of art and other tangible articles of a personal nature...to my wife," reads Garcia's 16-page will which was filed in Marin County Superior Court. Among Garcia's effects are an art and comic book collection. The comics alone are said to be worth of over \$25,000. On another subject, Garcia's widow is helping to finish a "visual autobiography" of Garcia. "Harrington Street" will be published posthumously. A Grateful Dead spokesman says the book "was 90 percent done" when Garcia died.

The **Odyssey**, **Bryan Adams**, the **Tragically Hip**, **Grimskunk** and the **Philosopher Kings** each are up for awards in three of the 19 award categories.

Police say they have arrested four people in London because one of them had been claiming to be **David Steele** of the **Fine Young Cannibals**. The imposter had succeeded in getting money and recording contracts by using Steele's name. Three men and a woman were charged with deception, and one of the men, a 28-year-old, was also charged with impersonation. "A man had been circulating in the music industry purporting to be Steele," a police spokesman said. "None of those arrested are members of the group." The real Steele is working with the rest of the Fine Young Cannibals on a new album, the first since the group's 1989 LP "The Raw And The Cooked," which sold over seven million copies.

A **Rod Stewart** concert in Selangor, near the Malaysian capital of Kuala Lumpur, has been canceled because it was to have been held on National Day and would have conflicted with Muslim prayer time. The Bernama news agency quoted Chief Minister Muhammad Muhsin Taib as saying the holiday should be reserved for patriotism and not concerts by foreigners. The stadium concert was expected to draw 80,000 people.

Seal has become the first British artist to have a number one single in the U.S. since **UB40** topped the chart in 1993 with "(I Can't Help Falling) In Love With You." "Kiss From A Rose" has also set a U.S. record for the total number of radio plays in a week.

Sales of **Grateful Dead** albums have risen sharply since the death of **Jerry Garcia**. "The Best Of Skeletons From The Closet," which has already sold three million copies, has rose from 30 to number one on Billboard magazine's catalogue album chart with sales of almost 18,000. Sales of the 1970 LP "American Beauty," quadrupled with sales of 8,000 in one week, putting the record at number six on the same chart. The band's 1967 self-titled debut, 1970's "Workingman's Dead," 1987's "In The Dark," and the 1990 double live album "Without A Net" also entered the top 50 catalogue chart.

Nick Cave reportedly hit **Kylie Minogue** in the face with a rock on a video shoot for "Wild Rose," a duet the two have recorded for Cave's upcoming album "Murder."

Jill Sobule says her next single "is about sexual dysfunction and Prozac," adding that "it has a happy melody with a subversive idea underneath."

California State Senator Milton Marks is proposing that the Polo Fields in Golden Gate Park be renamed for **Jerry Garcia**. The 75-year-old Marks says Garcia was a "cultural icon." Park officials say someone usually must be dead for two years before a park can be named after them.

Australian rocker **Jimmy Barnes** will help the Port Adelaide football team launch a new image as it joins the Australian Football League. A two-hour stage production at a 7,000-seat Entertainment Centre will include indoor fireworks, a laser light show and a concert by Barnes.

The track will also be featured on the soundtrack to "Hackers" coming out at the end of the year.

Tim married his second wife last Halloween and the couple were divorced in June.

Sammy Hagar of **Van Halen** contributes guitars and vocal tracks to **Meat Loaf's** "Amnesty Is Granted." Hagar wrote the song for the LP.

Veteran Australian rocker **Billy Thorpe** has pleaded guilty to drunken driving in Brisbane, Australia. Thorpe, who now lives in Los Angeles, had been arrested earlier this month with a blood alcohol level almost twice the legal limit. "I guess with all the years and all the murder I got away with as a kid, I guess it's some kind of karma," Thorpe said after his court appearance. His attorney said Thorpe had only had a few beers and did not know he was over the legal limit. A magistrate fined Thorpe \$500 and suspended his driver's license for two months even though Thorpe said that would prevent him from visiting his 90-year-old mother. Thorpe, whose father recently died, plans to move back to Brisbane to live.

George Michael's settlement with his former label will require him to record two new songs for a compilation album to be released in late 1997. Michael will release a solo album next spring.

A security guard carried a sobbing **Courtney Love** of **Hole** off the stage at the final Lollapalooza show of the year, in Mountain View, California. Love celebrated the birthday of her daughter Courtney by twice jumping off the stage while lambasting audience members in the front row who weren't dancing. *Hole's* set included **Metallica's** "Enter Sandman," and a "Happy Birthday" sing-along to show "respect for Frances Bean Cobain, who's three years old today." Love cried while performing **Nirvana's** "Pennyroyal Tea." Love, by the way, has reportedly been watching Ken Burns' Civil War series while on the tour bus.

Fodor's, the publishers of tourist guidebooks, will put out a 350-page "Fodor's Rock & Roll Landmarks USA," in October of next year. It will be a guide to historic rock & roll spots as well as places to hear live music. New York and Los Angeles will get the biggest chunks of the book. There are plans for a subsequent European version.

Singer **Lesley Rankine** has left **Silverfish** and formed a new band called **Ruby**. The group isn't expected to put a record out until next year.

John Taylor of **Duran Duran** and his wife, Amanda, are splitting up after three years of marriage. She blames their age difference for the split. Taylor was 35 and Amanda de Cadenet was 19 and five months pregnant when the couple married in 1991. "I reached the point where I realised I wanted to start hanging out with my friends who were my age, and the way I wanted to live my life didn't fit in with John's," she says. She adds that the split was amicable and the two, who live in Los Angeles, have no plans to divorce. "Our lives are very much intertwined still but, yes, we are separated and free to date other people," she says. "Between 17 and 23, as a woman, especially somebody who seems to get through life pretty quick, you change a lot." The decision was "painful" and "difficult," but Amanda adds that "John is probably the most incredible, kind, sweet, lovely, smart, talented man that I know." Amanda also denies reports that she's been having a lesbian affair with **Courtney Love** of **Hole**, even though they have been seen together. However, she says her "mischievous side" sometimes makes her "irresponsible." "Having girlfriends is the best," she says. "With the support I've got from my good girlfriends, I don't feel I need a man in my life."

The artist formerly known as **Prince** is selling his property in Los Angeles so he can settle down in Minneapolis. He's selling his Beverly Hills home and the Glam Slam nightclub. A statement says he is seeking "positive influences." Prince releases a new album at the end of September called "The Love Experience." He's started hosting "Love 4 One Another" gatherings at his Paisley Park studios. He says the events offer plans "a place to have fun without the negative influences so prevalent in other entertainment venues."

A British court has delayed a hearing for **Michael Hutchence** of **INXS**, who is charged with assaulting a photographer and making threats likely to provoke violence in an incident at a hotel in Lenham, England, in March. Hutchence was staying at the hotel with Paula Yates, the estranged wife of **Bob Geldof**. Hutchence failed to appear for the hearing, which has been rescheduled for September 12.

Chynna Phillips of **Wilson Phillips** says she'll marry actor Bill Baldwin in East Hampton, New York, on September 9.

A Senator in the Philippines has called for a ban on records by **Slayer** and a local group called the **Eraserheads**. Assistant Majority Leader Vicente Sotto says "blasphemous" lyrics including "God has failed" should not be broadcast or sold in the Philippines, which is mostly Roman Catholic. "I am aware of the delicate balance that must be maintained between an artists' right and freedom of expression, on one hand, and society's duty to protect public interest and welfare, on the other," Sotto says. "I honestly feel that public interest must be the paramount concern." Sotto also complained that the **Eraserheads' "Alapaap"** ("Clouds") has lyrics that encourages people to take drugs so they can go "flying among the clouds."

Guitarist and vocalist **Stuart Staples** says the **Tindersticks** decided not to give a title to their latest album, which is the second time the band's released a self-titled LP. "We finished the album without an obvious title," Staples says. "We figured it was rather contrived, a waste of time, to try to come up with one. It does have a different sleeve than the first one." The **Tindersticks'** debut album was named album of the year by the British music weekly *Melody Maker*. Staples says being on a major label for this record allowed the group to bring in outside musicians. "It enabled us to take each idea as far as it could," Staples says. "Our songs are basically ideas waiting for something to happen; we want to get this attitude. Like for *Traveling Light*, it didn't seem to make much sense until we brought in Carla to sing it with me. When you write a song like that, you have to have an idea of the kind of personality that is going to reply to it. I heard the **Walkabouts** record, and then she came in and did it. And I was like, 'I knew it all along.'"

Ian Moore says the rise of alternative music has been generally good, but he does have some reservations about the quality and quantity. "There's so much pure bullshit now," the guitarist says. "So many kids had their horizons opened by **Kurt Cobain** and **Eddie Vedder**, who were really honest. Now there's just a bunch of slimy musicians around preying on that." Moore adds that he's become a "little burned out" on "Muddy Jesus" from his "Modern Day Folklore" album. The blues track depicts Jesus Christ as a Mexican shot while trying to illegally enter the U.S. "Being from Texas, with Mexican immigrants being the most hated group, especially among so-called Christian people, I decided to make Jesus a Mexican," he says.

An upcoming **Rolling Stones** concert in Luxembourg is causing problems because the tiny country has only 9,500 parking spaces available for the show which is expected to attract over 55,000 people who paid \$58 each to see the band.

Simone was given 18 months probation and ordered to obtain psychological counseling and was ordered to pay \$5,000 in court costs and damages to the family of one of the boys, who took had 11 pieces of metal shot in his leg. Simone didn't appear in court.

A previously unknown recording of **Elvis Presley** has been discovered, a three-minute acoustic song called "Let Me Make Believe Awhile." The *London Times* reports the record was given by Presley to his security chief, Dick Grob. The sleeve of the 10-inch record has a handwritten note from Presley. The track is said to be in the same vein as "Love Me Tender." The record will be played at a Bonhams auction next month and will be auctioned in the U.S. after its determined if the buyer will get rights to sell copies of the recording.

Tammy Wynette was ordered not to talk or sing for two weeks after undergoing surgery for the removal of polyps on her vocal cords. She lost her voice during a rehearsal with her former husband **George Jones**. The two are scheduled to begin a tour in Salem, Illinois, on September 3.

Blur's "Country House" is number one in the UK singles charts. The London-based band's single was released in the same week as **Oasis**' "Roll With It," sparking a massive UK press interest in which single would be better. Oasis are at number two. The news was announced by the BBC Radio One Network on Sunday 21. DJ Mark Goodier commented: "If there is one thing that this week's chart proves, it's that British pop is still the best in the world." Over the week leading up to the announcement, the British media ran a series of articles, most centered on comparisons between the "60s rivalry of the **Rolling Stones** and **The Beatles**, and the current situation. (Although as former Stones' manager Andrew Loog Oldham notes; the Stones and Beatles never released a new UK single in the same week: "They'd call each other up or just bump into each other. It was a case of, 'We'll have this date and you have this one, then we'll have this one,' and so on.") Other articles, excluding those by journalists who saw the whole "competition" as a hype, drew comparisons and contrasts between the bands themselves, with Blur being portrayed as middle class Southern Englanders and Oasis as working class Northern Englanders. Much was also made of rivalry between the groups. In January this year, for instance, at the New Musical Express' Brat awards ceremony, **Liam Gallagher** refused to have his photograph taken with **Damon Albarn**, telling the Blur singer, "I'll tell ya. To your face. Your band's full of shit. Right. So I'm not going to do a photo with ya." After hearing the news Blur had reached the top of the charts, Damon Albarn released a statement thanking fans and said he was "really bowled over." The two groups sold half

a million singles between them in six days... **David Bowie** has been talking to Vox about his forthcoming album *Outside*. According to the superstar: "When Brian (Eno) and I first started to get coherent thoughts together about the album, it was really a case of negating all the things we found to be the current currency of popular music. So, having taken all those things away, it left us only with the options of the periphery. That's generally where Brian starts working from. He thinks: 'Well, what's the common vocabulary at the moment? Let's try and invent one which doesn't have anything to do with what's actually happening.' That's an ideal. Brian in his own albums probably gets closer to it than anyone else." The lyrics on the album are heavily influenced by such ideas as cyberspace and self-mutilation. They also see Bowie returning to the "cut-up" technique, via the use of an Apple Mac computer, to produce "random" lyrics. This is all a long way from the Bowie of the early '80s, something Bowie admits when he comments: "I fell foul of the market place. It was a period where I achieved tremendous middle-of-the-road acclaim and I suddenly felt, for the first time, inhibited about being creative. I stayed very, very safe between '83 and '86. It was tiresome — God, it was awful. I was quite willing to opt into a life of crime and art. Or at least a life of art. I was so near to just giving up." Finally, Bowie describes playing Andy Warhol in Julian Schnabel's film *Basquiat: Build A Fort, Set It On Fire*: "A very strange thing is that we got all his clothes and his wigs and his eyeglasses from the Pittsburgh Museum, so I was wearing Andy. I was in there. And I don't think the clothes had been washed. There were just little hints of the fragrance that he wore on them. I had this little handbag that he took into the hospital with him and all the stuff was still in there, like a cheque torn in half, and there was an address of someone called BJ and a phone number. There was also this putty-coloured pancake that he obviously used to touch himself up with before he went public anywhere. A very sad little bag with all these contents."... **U2**'s new album will be called *Camera: Music For Films 4*. **Luciano Pavarotti** will sing on a track entitled "Miss Sarajevo"... **James** are working on a new album for a spring/summer 1996 release. Recently, singer **Tim Booth** has been working with **Angelo Badalamenti** on a solo album, as well as recording sessions with former **Suede** guitarist **Bernard Butler**. This provoked rumors James would split, rumors denied by their management company... **Goldie**, the man seen by many as the leading light in Britain's jungle movement, is reported to have been banned from flying by British Airways. Apparently, Goldie's flight was waiting for take-off at London Heathrow, when his mobile phone rang.

The phones are banned on all flights as they interfere with some of an aircraft's electrical systems. Goldie, who didn't realize this, refused to finish his call and an argument with stewards and other passengers began. As a result, the flight returned to the terminal where Goldie had to leave the plane... **Lee Majors**, formerly of **The La's**, is working in the studio on new material. Majors spent years out of the limelight after the release of The La's self-titled debut album via Go! Discs in 1990. Majors claimed the album wasn't ready for release and, even now talking to the New Musical Express, says: "That's the worst LP I've ever heard by anyone... it sounds like shit!" Despite this, he is still signed to Go! Discs: "If we'd been signed to anyone else, this wouldn't have happened. Alright, there were misunderstandings in the early days, but if we hadn't been through that then we wouldn't have arrived here." Finally, Majors dismisses **Cast**, who are fronted by former La's' man **John Powers**. "That's just their interpretation of The La's' sound and, thinking about it, it's no wonder we didn't stick around together. His view of what we did was very narrow."... **Nick Cave** and **Kylie Minogue**'s duo "Where The Wild Roses Grow" should be in stores this fall. The song, previewed at a recent British festival, is taken from Cave's forthcoming album of murder ballads... **Dub War** have re-issued their album *Pain* (Earache) with an extra EP of singles tracks. The release is limited to 1,000 copies... **Robbie Williams**, former singer with **Take That**, says he is to sue the British tabloid newspaper The Daily Star after a front page story claiming he was sacked by the band for drug use. Williams recently began work on solo material... **Terence Trent D'Arby**

is being tipped to play the lead role in a forthcoming book based on Charles White's biography of **Little Richard**. Apparently, even Richard himself is keen on the idea... **Electronic** have completed work on their second album. Musicians working on the project were Electronic mainstays **Bernard Sumner** and **Johnny Marr**, along with former **Kraftwerk** man **Carl Batos** and **Primal Scream** singer **Denise Johnson**. Sumner wrote many of the lyrics for the album while taking Prozac (for a television documentary studying the drug's effects) and, talking to Vox, says: "I really enjoyed the drugs because I was in a good mood all the time. It stopped me from going deep within myself and writing about my deep disturbances and innermost self. But I used that in a positive way, because I thought it would be a change not for me to do that with this album. I ended up writing about the world outside instead of the world inside." The lead single from the album will be "Forbidden City"... **Slash** has been describing the best rock n' roll quote he has ever heard: (It's) a **Keith Richard** one he told **Axl**. He turned up late for this show with the Stones. Someone hassled him and he said... "I slept in a chandelier last night — but I still fucking got here! That's rock n' roll folks! Keith's done everything that's in my personality and survived. You can't be a red-blooded rock n' roll guitar without admiring Keith"... **Menswear**, currently darlings of the North London Brit Pop scene, deny they have been overly hyped and have no talent (okay, that's a loaded sentence, but you should see what some of the UK music press have written...). According to the band's **Simon Ian White**: "What people don't realize is we don't want to be **The Verve**. We don't want to do something monumental. When we were little kids there were pop stars like **Madness** and **Adam Ant** and they were ridiculous and colorful and we want to be like that"... **Fish**, former singer with **Marillion**, is being tipped to play Migaldi, an aging nightclub singer, in the forthcoming movie of **Andrew Lloyd Webber**'s and **Tim Rice**'s *Evita*. Migaldi was Eva Peron's first love, an intriguing prospect as **Madonna** will play Peron... **Ian McCulloch** has been talking about working with his former partner in **Echo and The Bunnymen**. **Will Sergeant**. The duo are performing together again in **Electrafixion**, whose debut album *Burned* will be released via WEA on September 25. According to McCulloch: "Will and I always had an unspoken tension, even in the early days. But we also had this respect for each other. With this new stuff, I feel as if we've rekindled something. When we were recording, I felt 19 again."

CARTER ALAN, WBCN/BOSTON

WBCN was proud to host **Bush** in the band's very first "unplugged" session. Actually, **Gavin** and **Nigel** brought a couple of amplifiers with them and plugged in two electric guitars to entertain the BCN listening audience as well as twenty lucky winners who made up an intimate studio gathering. Gavin sang and played rhythm while Nigel layered some tasty slide guitar on top for a quartet of songs from Sixteen Stone: "Glycerine," "Everything Zen," "Come Down," and the (tongue-firmly-in-cheek) "X-Girlfriend." Since the band had never attempted anything like this, the two were a bit apprehensive, but they shouldn't have worried because it sounded fabulous! I consider myself very lucky to have been the host. Thanks to Gavin and Nigel, also Gary Bassilli - head of the touring entourage, plus everyone at Trauma and Interscope. Once again, the WBCN Music Department takes calls on Monday 11AM to 5PM at (617) 266-1111. If we can't get to you immediately, we'll call you back later or on Tuesday. Do not expect a response to calls later in the week. As before, adds are posted on an automated line at (617) 424-8865 by 5pm on Tuesdays.

KEVIN VARCAS, KISS/SAN ANTONIO

1985... It's ok to scream as long as you scream on key! 1990... It's ok to be pretty as long as you have substance! 1995... It's ok to be a "chick band" as long as guys appreciate you too!! Last night (on a Monday at midnight) we held the 3rd in our series of Texas Traxx Live at Sneakers and live on 99.5/KISS! Two months ago the **Toadies** lead off the series to a crowd of 800 people. In July **Tripping Daisy** pulled 1200 through the door. Round three? **Deep Blue Something** delivers 950! I can't remember the last time I've seen so few T-shirts and so many fiberglass bumpers! It would be far off for me to say it was a 50/50 male/female crowd. When "Breakfast At Tiffany's" came on both sexes appeared to be sharing a moment that would lead to a joyous exchange of bodily fluids and set up for an eventual fond look back with the sentiment... "At least we'll always have Sneakers." Breakups happen, and so is a song about them!

DAVE DOUGLAS, WAAF/BOSTON

Bush came to town with **The Toadies** and rocked the house! The sold-out crowd of over 3500 went nuts - so much so that, as the box office put it, "they kept the ambulance busy." WAAF's support of The Toadies was evidenced by the crowd singing along to "Possum

Kingdom" during their set. And during our backstage interview with Bush, WAAF's afternoon team of Opie and Anthony asked them about the craziest thing they had seen while touring the States. They mentioned that during a show some fans formed a pyramid in the middle of the mosh pit. Not to be outdone, the hometown crowd attempted one later that night. And if you get Bush to come in your station for an interview, make sure they bring their guitars and amps along and get them to perform semi-unplugged - they do a killer version of "Everything Zen."

CATHY FAULKNER, KISW/SEATTLE

KISW took on Seattle musicians in our annual KISW Flys vs. the Flyswatters softball game. Though we took a healthy lead, the sun tired us out (we're used to rain) and the Flyswatters pulled ahead for the 15-13 win. By the time you read this, **Sweet Water** will have wrapped up our Pain in the Grass concert series with a free show at the Seattle Center. I'll give you a full wrap them. Who has e-mail? My address is KISWMD@compumedia.com. Write me!

ERIN CARMEN, WONE/AKR4ON

High on life and ready to rock! It's almost here, the opening of the Rock n' Roll Hall Of Fame and Museum!! Our listeners have been asking (begging) for 'em, and we've got 'em... tickets, tickets, tickets to the concert of the century! **Blind Melon**, **Blind Melon**, **Blind Melon** (is there in echo in here?)... "Galaxie" is out of this world!! Finally, a big "thanks" to Doug Hamann (Island) for the great tickets to **Jeff Beck** and **Santana**, it was the highlight of my vacation!

CARL CRAFT, WCIZ/WATERTOWN

Report from The H*O*R*D*E... No Taj Mahal bumper! No G Love or Special Sauce Bummer! No Morphine Bummer! On the other side, **Ziggy Marley** and family were jamming (pun intended). "Could You Be Loved" was amazing. **Blues Traveler** rocked. The **Crowes** smoked, as did most of the crowd. I believe that people may latch onto the Black Crowes like they did to the **Grateful Dead**, creating a new type of "dead head" (you just might find me driving the bus!) Check out **Edwyn Collins** on the Empire Records Soundtrack, a very cool, trippy song. Get Gooed now, thank me later. **Deep Blue Something** top five phones since July 11th. Checked out **Ron Sexsmith** recently, great songwriter, interesting phrasing, minimal acoustic, haunting voice.

JOHN LENAC AND JULIE BAHRE

KTOZ/SPRINGFIELD

Hey we had a blast at Pointfest this weekend. What a great lineup! From what I think I can remember **The Urge** really rocked. It was so nice to see them play in their hometown in front of 20,000 people! Phil, you got a monster on your hands over there at **Pagan**. Of course, the **Phunk Junkies** looked really good all sweaty on that side stage, oh yeah! **B.A.D.**, bad as ever! **They Might Be Giants**, **Better Than Ezra**, **Everclear**, **Matt Sweet**, you guys got us in quite a party mood. And to the **Ramones**, please don't break up. Thanks to Jim McGuinn and everybody at **The Point** for having us at their fabulous party! And I think we already toasted Tom Starr and Wendy Naylor for taking such good care of us, and then we toasted some more and then we toasted and toasted. Back home in Springfield, the studio was rockin' with a **Win-It-Before-You-Can-Buy-It Weekend**. We were thrilling our listeners with the new **Empire Records** Soundtrack. Thanks to Lorraine Caruso and all the cool cats at A&M. And we had the hot, hot, hot **Angus Soundtrack** going out to winners. Thank you Kim Pool and Reprise folks. You Rock!

TJ BRYAN, WDHA/GEDAR KNOLLS

The toughest ticket in NYC last week was **Alanis Morissette** at Tramps, (scalpers were getting \$100 apiece outside) and with good reason. I already think that Jagged Little Pill is the best album of 1995, so I was expecting a good show. Those expectations were completely surpassed. I stood with my mouth hanging opened, stunned at just how captivating **Alanis** was. She owned the crowd, putting every last bit of energy and emotion into each song, backed by an incredibly tight band featuring two guitars that made the songs completely alive. "Hand In My Pocket" was anthemic. Halfway through "You Oughta Know" **Alanis** borrowed a line from **Tom Petty** ("you're gonna put me out of a job!") as the crowd took over the song from the opening drum beat. I urge you to see **Alanis Morissette** NOW, because the small clubs she's playing will not be able to contain her or the multitudes who will want to see her. As always, it's been a business doing pleasure with you.

KC CARSON, WROC/GREENVILLE

Have you ever taken a tour of a children's hospital? The emergency room where the kids with roller blading accidents come through? The nursery filled with babies born prematurely or with birth defects? How 'bout the kids with terminal ill-

nesses? Here at Rock 101, our favorite charity is the children's hospital. Every year during "Rocktober" we have a celebrity auction. Each year we raise between \$10,000 and \$20,000 for the children's hospital. We are beginning to solicit your help with auction items. We have about another month to collect all that we can (that gives us time to print a list of items up for bids to place around the upstate so people know what they want to bid on). We will graciously accept any items you can donate to the cause (signed guitars, signed lyric sheets, signed posters, we've even auctioned off tickets to the original Woodstock — anything collectible.) Please contact Ken Carson or KC Carson at 803-242-0101 if you can help. Our staff always takes a trip or two around the hospital to visit with the kids — makes you wanna work that much harder to help them. (and we save up all year to bid on items, too.) On behalf of the staff of Rock 101 (and the kids of the children's hospital). Thanks!!

ALEXA TOBIN, WBRU/AUGUSTA

Hi there. Much to mention so I figure I'd put it all in writing form. (Remember that? It's the actual written word. Word.) Big news around these parts is the **WBRU Birthday Bash, Friday September 22nd**. As of this writing, we've wooed our label buds into scoring us **Blind Melon, Belly, Letters To Cleo, Dandelion, PAW, Luna, Jen Trynin, Supergrass, Tripping Daisy, Heather Nova, The Innocence Mission, Shudder To Think, Eve's Plum, Ben Folds Five, and The Bogmen**. (Breathe). Thank you all for your help and support! We'll be taking over Downtown Providence for this one, with bands playing all night long at Lupo's, The Strand, The Met Cafe, and an early evening free show at Waterplace Park. All (not some, always check the fine print!) net proceeds benefit Sojourner House (a shelter and advocacy program for victims of domestic violence) and The Langston Hughes Center for the Arts and Education (focusing on arts education fro Rhode Island's minority youth). Official invitations will be on the way soon. Hope to see you all there. I'll be the one having the nervous breakdown. In other news, WBRU made another great leap forward this week as we switched from the dog-eared index cards of yore to swanky new Selector system. Mad props to Music Director Steph Hindly for her long hours working with me on setting up the system, and to Chris the Wonder Intern for single handedly entering the vast majority of our music library into the computer. Steph smartly skipped town for two weeks on vacation the day we switched over. If

you see her, let her know the system seems to be working just fine. Other than that, I had great fun in NYC this past weekend (in no particular order) Jon Cohen, Stu Bergen, and his way cool wife Laura, Geordie Gillespie, Mary and Bob Divney, Steve Schnur, Howard Leon, Laura Kim, Drew Ferrante (Work), Dan Hubbard (Columbia), and Jon Moschitta (WQXA — turns out I used to work with his sister. Small world). Saw (the last?) **Ned's Atomic, Letters to Cleo, and Sponge** show. Much thanks to the Work folk.

TODD HALLER & RECKLESS ERIC CHANNEL Z/AUGUSTA

Hey, somebody turn the air conditioner off. That's right! We finally got a little break from the heat here in Augusta. When I say little that means just a couple of hours. The past week has been very big around the Z.S.R.A. for Channel Z! We just wrapped up our **Alanis Morissette** weekend. Thanks to Warren Hudson and everyone at Reprise who helped make this an overwhelming success. The Z-Heads snagged tix to her Tuesday night show in Atlanta, and her CD **Jagged Little Pill**. We couldn't answer the phones all weekend without listeners asking about the next giveaway time. Plus Franky Gardener and three of his buddies received tix and a limo ride to the show. He registered to win Saturday Night at Groovenation with the Matt-Man. The Rock-N-Roll Hall of Fame concert is only weeks away. Stay tuned to find out how Channel Z took part in this once in a lifetime event!!! Thanks to Scott Davenport of Geffen Records who dropped by and played the upcoming **Lisa Loeb** release. Keep an ear out for it!! England is set for a "Giant" culture shock as we send the Matt-Man across the pond for the Reading Modern Rock Festival. He'll be running up our phone bill with daily updates on concert performances and artist interviews. Stay tuned to find out if England declares war on us again! Well, I'm off to see if there's anyway we can get Matt-Man deported. Keep smilin' and surfin' the Z!!!

THE TINK, WVUD/WILMINGTON

Why, Hello there! The A&M Club let me into the **Face To Face** gig, then a week later the final (for this tour) U.S. show of **Monster Magnet**. Many thanks to J.(NoJims) Huguen for the bus ride. Any guesses that a trade shot or twelve may follow? **Season To Risk** opened up for **M.M.** and the **C.O.C.** lads took the place by storm. I was lookin' for some interi- or thunder clouds, it was so strong. The boys from **Insanity** crushed the Barbary in Philly. Did

anyone catch **Peter Steele & Genieve Sutton** (where's the book?) on that Jerry Springer talk thingy? The Warped Tour was aptly named for the Camden show. Yes!, friends I spent the day in 90+ temps on that asphalt parking lot. Thank goodness for SPF30. I did catch a glimpse of our contest winners at the fest/event and they enthusiastically thanked WVUD and Concrete's Prue y Lauren for the passes (me too con-crew). Next up, **Testament/Forbidden** and **Ugly Kid Joe/Souls At Zero** come-a rumblin' into the vicinity. In closing, I'd like to say: Keep your hair on your head & those knuckles on your fingers. Gadnite Every-body.

JOHN WHITE AND SEAN LINKE WSOU/SOUTH ORANGE

We're cookin' with gas! After a slow start with pre-ignition blues, all of us here have hit the ground running! Numbers are up, new music is coming fast and furious, and Sean and I are accomplishing the impossible, the MD and PD actually working together! With summer rapidly ending and the great shows flurrying the area, we're busier than ever - not to mention dreaded classes starting and us goin' to Foundations and the Station Manager headin' to CMJ in early September. We're doin' our best to chat with each and every one of you but, if we missed you, don't take it personally; you can reach us directly at 201-761-7546. Both of us are here all the time! (We have no life). Anyway, if there's anything we can do for you, since you're always doin' for us, don't hesitate to call! Sean or I will gladly take your promotional ideas and talk music! **Fear Factory**, Sean's first add as MD way back when, is still kickin' some ass here at 'SOU! Not to forget all the other good bands that are getting great phone this week like **Sheer Terror, Testament (live), CIV, 311** and **Battlegrounds**. The diversity of music we're spoogin' out is what's keepin' our listeners happy as well as boosting our audience! Hope it's workin' good for you people, too! We're lookin' for all your great new music to make it up our charts as well! Just a few programming notes to all those who care. We're eagerly seeking to increase our rock programming hours and limit block programming to one day a week! (Sunday's). Wish us luck and look for an increase of spins the first week in September! Once again, I would like to thank everyone for being the best to us here at 'SOU! Until next time...
