RPM MUSIC WEEKLY is published weekly by RPM, Records Promotion Music, 1560 Bayview Avenue, Suite 107, Toronto 17, Canada. Authorized as second class mail by the Post Office Department, Ottawa, and for payment of postage in cash. Single copy price 25 cents. Subscription prices \$10 per year, \$15 by air U.S.A. and Canada. \$20 per year, \$40 by air, other countries. Advertising rates on request, PRINTED IN CANADA.

If you had to go out into the street to ask who is recording, who is producing, who shall I book or who are the top acts in Canada, you would spend a great deal of time finding all the answers. The RPM Photo Starline Album is like a who's who for the music industry. The record companies, the bookers, the producers, the acts are all here in one handy guide to the industry. The Starline Album is also a scrapbook of talent. To the record buyer it will show (possibly for the first time) what the acts across Canada look like. It is filled with photos, and many of the younger owners of this folio will carry it with them to dances and to personal appearances to have it autographed.

Between these covers is a representation of the talent across Canada who will be the hitmakers of tomorrow. If these are the people who are making the hits of today, they will also be the people who will be making the good music of tomorrow.

Don't mistake this for a directory of success. This is far more a guide to the pioneers of the Canadian music industry. They are working for tomorrow. The music industry has a long way to go before the world will accept Canada, but what better way to put Canada on the map but with the universal language of "POPULAR MUSIC"!

You will find this catalogue uninterrupted by words. This is a photo album. We hope you enjoy meeting Canada's talent!

Sincerely,

Walt Grealis

The world belongs to Canada's young stars.

There are lots of reasons why they
should record at RCA Victor Studios,
and they do!
