WEA leads distributors on singles chart; CBS tops in albums

WEA Music of Canada led all distributors in placing the most singles on RPM's Top 100 during the month of January. In a month in which RPM published only three issues, WEA logged a total of 65 charted singles, for an average of 21.67 singles charted per week, to open up a substantial lead over the rest of the field.

In a very close race, CBS edged out Capitol for second place, logging 55 singles to 54 for Capitol. Placing a distant but solid fourth was PolyGram, who had 39 chart listings in January, followed by A&M with 23, RCA with 19, MCA (15) and GRT (14).

WEA also topped all distributors in singles charted in the top 25. WEA charted 17 singles, led by product from such artists as Chic, Linda Ronstadt and Alice Cooper, to barely edge PolyGram, who had 16 singles charted in the top quarter. CBS finished a close third with 14 top 25 singles, followed, again closely, by Capitol with 12. MCA and A&M each achieved six top quarter singles to tie for fifth place.

Three different singles reached number one during the three weeks in January in which RPM published. They were Le Freak

by Chic (WEA), Too Much Heaven by the Bee Gees on RSO (PolyGram), and another PolyGram-distributed single, the Village People's Y.M.C.A. on Casablanca.

CBS Canada maintained its leadership position in placing albums on the RPM album charts in January. CBS charted a total of 76 albums during the three weeks, for an average of 25.33 per week, an outstanding showing. WEA followed very closely, charting 71 albums for an average of 23.67, opening a very wide margin over Capitol and PolyGram, who placed 46 and 42 albums, respectively, on the RPM charts.

GRT were a distant fifth with 16 charted albums, followed by A&M (15), MCA (11), RCA (9) and Motown (8).

In the top 25, CBS opened a substantial lead over the rest of the field, logging a total of 21 albums in the top quarter, for an average of seven per week. CBS leaders included such artists as Barbra Streisand, whose Greatest Hits Vol. II topped the chart all month; Billy Joel, whose 52nd Street and The Stranger albums were both top quarter entries; Neil Diamond, Heart and Meat Loaf.

Finishing in a solid second spot were WEA Music with 15 top 25 albums. PolyGram were third with 12, followed very

closely by Capitol with 11. A&M, who only totalled 15 albums on the entire chart, managed to place nine of them in the top quarter, including product by Gino Vannelli, Styx and Chuck Mangione, to finish a solid fifth.

The month of January pointed up a trend, which has been occurring over the past year, of total domination of the RPM charts and the industry by the four leading distributors, CBS, WEA, PolyGram and Capitol. On the singles charts this month, those four companies accounted for 71 percent of all charted product, while on the top 25, the four distributors placed a remarkable 78.67 percent of the hits. This domination was even more marked on the album charts, where the four leading distributors charted 78.33 percent of all albums and 78.67 percent of the top 25. (Add A&M to this last figure and the total becomes 90.33 percent among five distributors.) One possible explanation for these striking figures is that PolyGram's sudden and startling growth over the past year, brought on by the advent of the Bee Gees and the RSO and Casablanca catalogues as leading labels, did not have a negative effect on the other three leading distributors' ability to achieve chart hits.

Promotions, appointments at two PolyGram Offices

Tim Harrold, President of PolyGram Canada, has announced a number of position changes and new appointments within the company for the new year.

In the company's head offices in Montreal, Michael Hoppe has been named to the position of Director of Artists & Repertoire, in addition to his current product responsibilities. Hoppe will continue to report to Product Management Vice President Leo da Silva. Also reporting to da Silva will be Michael Theriault, who transfers from the Operations Division to become a product manager, effective Feb. 1.

Bob Ansell has been named National Promotion Manager at PolyGram. He will continue to oversee the press and publicity function of the company, with Barbara McKee working for him as full assistant under the title of Co-ordinator, National Press and Publicity.

Ian Tate has been named Product Purchasing Manager, effective Feb. 1, reporting to Don Wedge, General Manager, Operations & Systems. Maureen E. Adams has been appointed Director of Business Affairs, reporting to Peter Erdmann, Senior Vice President of Finance.

A number of new appointments and

promotions have also been announced at PolyGram's Toronto offices. They include Herb Bradley, named to the position of Regional Sales Manager (central region). Bradley will report to Al Elias, Director of National Sales & Promotion. Joining the company is Pat Devreaux, formerly with Quality Records, who will report to Bradley as a member of the sales team. Other sales personnel reporting to Bradley will include Rick Dobbs, Peter Rungay and Max Swerling. Swerling will specialize in and coordinate the company's merchandising development and in-store activity. Another newcomer to PolyGram's sales team will be John Michelicka, who will be involved with catalogue sales expansion.

Adding strength to PolyGram's Toronto promotion department will be the transfer, effective Feb. 1, of Wendy Lockwood from head office in Montreal. She joins Gerry Young and Ginny Smith in reporting to Central Region Promotion Manager Jean-Marie Heimrath. The Toronto promotion department will continue to report directly to Al Elias.

"... the prophets of doom, the messengers of mediocrity, will be overwhelmed by the new generation of competent, creative, confident artisans and by all those of preceding generations who have already demonstrated their freshness of mind, their talent and their capacity for inspired leadership."

V.P. Preston outlines RCA restructuring

As a follow-up to an earlier announcement involving several executive-level promotions at RCA Canada, Vice President J. Edward Preston has announced the delegation of responsibilities resulting from the restructuring of the executive staff.

J. Edward Preston, Vice President and General Manager RCA Canada.

Ken Gillies, Director, Operations Services

Ken Gillies has been appointed to the newly-created position of Director, Operations Services.

"This new department has been formed to establish and direct production, inventory management and quality control functions, as well as our warehouse and distribution activities," explained Preston. "It will insure necessary quantities of quality product required to support the efforts of marketing. Ken's numerous trips across the country and personal contacts with the branches in his previous role as Manager, Industrial Relations, makes him a unique individual, having an excellent understanding of the needs of marketing and operations."

Gillies joined RCA in 1970. In his new position, he will report directly to Preston.

Andy Nagy has been named to the post of Director, Creative Affairs and International.

"The success of our company internationally is largely due to Andy's dedication and working knowledge of this segment of our business," said Preston in making the announcement. "Our Canadian

talent productions are now competing with the best in the world, and a concentrated effort is required now for them to attain worldwide recognition. Andy's responsibilities will include A&R, the studio, specialty sales and label acquisitions."

Andy Nagy, Creative Affairs and International Director.

Nagy has been with RCA since 1967. He will report directly to Preston.

John Ford will now assume the responsibilities of Director of Marketing. In making the announcement, Preston said: "This appointment strengthens the structure of the company's marketing activities at a time

John Ford, Director of Marketing

when RCA Records is poised to undertake the most aggressive business goals in the company's history. John has served RCA Records with distinction in a number of key positions, and his varied experience gives him the exact strengths this position requires."

Ford joined the RCA corporation in 1970 after a five-year stint with Quality Records. In his new position, he will be responsible for all marketing functions and will report directly to Preston.

Bonnie McKeen has been appointed to the position of Manager, Industrial Relations. McKeen joined RCA in 1971 and formerly held the position of Administrator, Industrial Relations in the record division where she worked directly with Gillies for the past three years. McKeen reports directly to Preston.

The RCA executive staff is completed by David Long, Director of Finance, Jack Feeney, President of Sunbury/Dunbar Music Canada, and Marghi Cocks, Administrator,

Press and Publicity. The positions and responsibilities of these personnel were unchanged by the recent executive restructuring.

As we enter 1979, I would like to reflect on the past year for just a few moments. For PolyGram Canada, it was the most exciting 12 months in the company's history. We solidified our already strong

and Festivo classical lines in addition to our full price imported Deutsche Gramophon and Philips releases; the tremendous growth of our disco-oriented product, making PolyGram the market leader and challenging the ability of the entire staff to work the product to its fullest potential!

But that was last year and indications already point to another banner year in 1979.

The scooping of English band Dire Straits, who, like Lol Creme & Kevin Godley, XTC, The Motors, Phil Manzanera among others, represent one of the finest progressive rosters of any company in this country; the continuing growth of our quality Canadian roster: The Cooper Bros., Stonebolt, Goddo, Frank Mills, Felix Leclerc, Maneige, Diane Dufresne, Diane Tell, Saga, Pat Travers, Garfield and BTO, and new releases from most of our major acts in the initial quarter of '79 including the Bee Gees, ARS, Donna Summer and Village People.

I'd love to say more. However . . . when you're limited to 300 or so words, it's like trying to put an elephant into a Volkswagen! Stay tuned! PolyGram has a weekly information sheet, News Flash is available for the asking. Contact myself or Barbara McKee here in Montreal if you're interested in being put on our mailing list.

Chapman named to Pickwick post

Alan Reid, National Sales Manager of Pickwick Records of Canada, has announced the appointment of Pat Chapman to the position of Western Regional Sales Manager. Formerly Calgary Branch Manager for MCA Records, Chapman has been part of the music industry since 1975.

In making the announcement, Reid stated: "Pat has a first class track record in the Alberta and Manitoba markets. We feel that his reputation as an honest, 'no nonsense' businessman will greatly enhance Pickwick's visibility in, and impact on, western Canada. I also think that our ability to attract an individual of Pat's stature in the industry is a measure of Pickwick's new vitality."

position in the marketplace, doubled our sales turnover, and were fortunate enough to have had two of the biggest grossing LP's in record history - Saturday Night Fever and Grease. Even at this point they continue to register staggering sales figures. SNF has sold almost a million and a half copies in Canada, while Grease is not far behind.

Bob Ansell

It's been an exciting year, to say the least, with the re-emergence of stalwarts like Eric Clapton into the double platinum sales category with Slowhand; Village People and Andy Gibb developing into true superstars; the continued success of Donna Summer, The Atlanta Rhythm Section, Kiss and Yvonne Elliman; the acquisition of top line talents, like 10cc, Frank Zappa, Barclay James Harvest, Steve Gibbons and Vangelis; the re-emergence of Frank Mills with the smash Music Box Dancer from the gold plus LP The Poet And I; the introduction of the domestically pressed Resonance

A GUIDELINE AS TO HOW THE RPM 100 IS COMPILED

The RPM 100 is a national chart compiled weekly from national sales and radio station airplay and chart action. The top 50 records are computed from sales and airplay.

The computation of the records from 51 to 100 is based on early airplay, chart action and regional sales and breakouts. The chart is based on samplings from markets across Canada and indicates trends that may not be prevalent in all areas of Canada. Shaded numbers indicate a strong upward trend and gains in airplay or sales. This chart is offered as a guide to new product and an indication of trends in Canadian markets.

The RPM 100 singles and album chart (or any part thereof) may be reproduced with a proper credit.

CBS and Attic: joining forces for mutual success

On the first day of 1979, Attic Records entered into an agreement with CBS Canada by which all Attic product will be distributed by CBS in this country. Under the terms of the new agreement, Attic's prestigious roster joins the CBS family of talent, and will benefit from the aggressive

promotional and marketing approach that has distinguished CBS as a vital force in the growth and development of the Canadian industry.

MERGING STRENGTHS FOR DOUBLE IMPACT

Attic Records, now established as one of the country's foremost and most successful independent labels, represents an impressive roster of domestic talent which the label has developed into highly successful attractions nationally and, in many cases, internationally. Attic has also been active beyond the Canadian border, obtaining licensed product from the U.S. and abroad for Canadian representation, as well

as achieving release, airplay and sales for many of their acts in the U.S., Europe, South Africa and Australia.

In addition to handling distribution responsibilities for Attic, CBS will be looking after promotional and marketing aspects of Attic product. Graham Powers, CBS' Director of Marketing for E/P/A (Epic, Portrait and associated labels), points out the fact that these areas will be handled on a co-operative basis with Attic's Vice President, Tom Williams. "We'll constantly be exchanging ideas with Tom so that when marketing plans are being discussed, we'll know that we're both going in the same direction. Tom's expertise in this field, especially on the radio level, is a strength we'll want to benefit from. Everything will be mutually agreed upon.

"The relationship between CBS and Attic is certainly one of mutual respect," continues Powers. "The success of our own artists has proven that we are well-equipped to handle Attic's product and to amplify the success of their established acts, as well as to help develop new talent from the ground up. At this point, many of Attic's artists are very successful, and we are prepared to add to that, to take Attic's established acts from gold to platinum status, and on to multi-platinum."

Powers further explained that the joining of the two companies' rosters will be

of great benefit to their respective artists in terms of live performance 'mergers'. "We'll be able to put our newer, developing acts on stage with Attic's established acts, and vice versa." The first example of this 'marriage of talent' concept is the current Triumph/Hellfield tour. Triumph's latest LP release, *Rock And Roll Machine*, is quickly approaching platinum status in Canada in addition to achieving substantial U.S. sales, while Hellfield, who will be opening act for the more established group, will be getting the exposure necessary to promote their self-titled debut LP on Epic.

ATTIC'S ROSTER ACTIVE WITH TOURS, NEW RELEASES

Attic's roster is an impressive one, and all of the talent signed with the label is active with new releases, current successes, and/or live performing. In addition to the aforementioned tour, Triumph are busily completing their third album while the combination of sales and airplay on their current *Rock And Roll Machine* and a recent U.S. tour have established them solidly in both the Canadian and U.S. markets.

Patsy Gallant, with three English and two French LPs to her credit on Attic, has a currently successful single with *Oh, Michel*. The vocalist's singing and dancing talents are amply displayed on her weekly TV series, and the musical popularity that has gained her a silver record (*From New York To L.A.*) in England, a gold record (*Sugar Daddy*) here in Canada, and three Juno Awards, continues to grow.

Attic's Hagood Hardy, now on a western Canadian tour, became a household name with the success of *The Homecoming*, success which is now being equaled by his newest releases, *Reflections* (LP) and *Harlequin* (single). Opening for Hardy on his current tour is another Attic artist, Nancy White, who is well known to CBC's *Sun-Jay Morning* listeners via the satirical songs she writes and performs for the program each week. Her debut LP, *Civil Service* Songwriter, was released late last year.

1979 will see new releases from other Attic artists. Larry Evoy, probably best known for his vocal contributions to former group *Edward Bear*, is now on release with his self-titled debut Attic album. Elaine Overholt, whose self-titled debut Attic album was released last year, will have a new single release in early '79. Singer/songwriter Greg Adams, whose debut album received exceptional response for a recording newcomer, will be releasing a second album, *Runaway Dreams*, in the near future.

GRT's domestic roster active with recording and touring

GRT Canada, one of the country's foremost labels in the field of developing domestic talent, recently enjoyed a banner year with the success of both Canadian and international product. Changes at the executive level did not diminish the momentum that the company had established earlier with the popularity of artists like Dan Hill and Prism, and distribution agree-

Prism

ments with several U.S.-based companies, such as Beserkley Records and Fantasy Records, added a substantial amount of new product to the company's ever-growing catalogue.

Now under the executive direction of Gord Edwards (President), Jeff Burns (Vice President of A&R), Lee Silversides (National Promotion Manager) and Alex Petchkin (National Sales Manager), GRT has achieved gold, platinum, and multiple-platinum status for many of their 1978 releases.

On the domestic scene, Dan Hill, whose *Frozen In The Night* LP is nearing double-platinum, has a new release with *Why'd You Have To Go And* Pick On Me, the third single culled from the album. Hill has been very active on the tour circuit, and will continue with concert appearances in Ontario throughout the end of January and February.

While Ian Thomas' *Still Here* LP continues to rack up sales via the success of singles *Comin' Home*, *Sally*, and *I Really Love You*, (the latter is a double-A sided release, backed with the title cut), the singer/songwriter is completing another album which will be released within upcoming weeks.

Prism, GRT's Vancouver-based rock attraction, ended a successful Canadian tour with a Toronto Massey Hall appearance on December 19. The concert was followed by a presentation of platinum albums for both the current *See Forever Eyes* and for the group's self-titled debut album.

January 27 marks the launching of a cross-country tour for FM, a trio which has created a great deal of excitement both here and in the States with their recently released *Black Noise* LP.

1978 also saw the release of a long-awaited solo venture by David Clayton-Thomas, the singer who gave *Blood, Sweat and Tears* their distinctive vocal sound during their most successful years. The album, titled *Clayton*, will be supported by live appearances by the artist and his newly-formed band, *Canada*, which is comprised

of a prestigious line-up of top musicians. The interest generated by the LP's initial single release, a rendition of the Simon/Garfunkel classic, *Homeward Bound*, has been furthered with a second single, *Liberated Girls Don't Cry*.

GRT Canada's contribution to the world of jazz, Moe Koffman, is presently on a concert tour of the Maritimes. Koffman's last single, *The Minstrel Hymn* (which was also released in French in the Quebec market as *Le Canon du Pachelbel*), will soon be followed by another single culled from the *Things Are Looking Up* album.

On November 16, GRT introduced their new acquisition, David McCluskey, with a presentation of the singer/songwriter's debut LP, *Long Time Comin'*, at a luncheon for media personnel at Toronto's Manta Sound Studios. The album drew favourable press coverage, and the first single release from the album, *What You're Doing To Me*, has had tremendous acceptance on the radio level with playlist additions across the country. The album was produced by the Juno award winning team of Matt McCauley and Fred Mollin, who are instrumental in the ongoing success of Dan Hill.

Another up-and-coming young talent on the GRT horizon is singer/songwriter Craig Matthews, whose debut single will be released shortly.

A previous single, *Come Runnin'*, is still enjoying airplay in several Canadian markets a full seven months after release. Rick Worral, whose single *Night Madness* was just released, is now preparing his first album, of the same title, for release in upcoming months.

Attic's roster also includes *The Irish Rovers*, recently returned from a triumphant tour in Australia, *Sky Blue*, who have the label's first children's recording release, and *Ken Tobias* whose newest LP, *The Ken Tobias Collection: So Far, So Good*, is a compilation of hits culled from the artist's previous album releases. The label also released a Christmas LP by artist *Vera Lynn* during the holiday season.

Attic is also active in the over-growing field of disco music with successful releases by *The Glass Family*, *Pam Todd*, *Marsha Hunt*, *Frankie G.*, and *Two Man Sound*.

In the area of licensed product, Attic has caused a Canadian stir with *Blatantly Offensive*, an LP by controversial British new wave act *The Electric Chairs*, and the Delaware-based *George Thorogood And The Destroyers*, who are currently active on the U.S. charts with their LP release, *Move It On Over*. (Thorogood's upcoming February 12 appearance at Toronto's Convocation

Hall sold out so quickly, an additional show had to be scheduled for February 11 to accommodate the group's large number of Canadian fans.)

The combination of executive talent that developed and established the Attic roster and the aggressive team that made acts like *Meat Loaf* and *Cheap Trick* success phenomena here in Canada should prove to be a winning one. As Attic President *Al Mair* stated, "There is no doubt in our minds that CBS Canada is this country's strongest company in the field of marketing and merchandising, and we expect a dramatic increase in sales of all Attic products as a result of this new affiliation." CBS Chairman *Arnold Gosewich* added: "Attic Records has distinguished itself as a successful Canadian-based independent record company almost from its inception under the inspired and committed dedication of *Al Mair* and *Tom Williams*. We are extremely proud and delighted to have them, their staff and their artists become linked to CBS Records in Canada through this distribution agreement. I am also glad to see that this relationship provides potential access of Attic's artists to CBS around the world. I know I speak for everyone at CBS Records in looking forward to a mutually satisfactory long-term relationship with the Attic group."

Solid Canadian debut for RCA's Richard T. Bear

RCA recording artist *Richard T. Bear* recently made an impressive debut promotion/performance mini-tour of Canada. Arriving in Montreal December 5, Bear made the rounds of record stores and radio stations before giving an energetic and well-received Canadian debut performance at the *El Casino*.

Bear moved on to Toronto the following day for a tour of local radio stations. He also gave a number of press interviews from the *Plaza II Hotel*, and accompanied by a large mascot (a bear, of course), visited five major record stores in the centre core of downtown Toronto. The mascot handed out buttons to people on the street, and gave away masks to store personnel. Bear then appeared with his group for an evening of solid rock at the *El Mocambo*. The performance was broadcast live over *CHUM-FM*.

As a result of his appearances, Bear's album has been added at *CHUM-FM* in Toronto, with other major stations also expressing interest. *CKOI-FM* Montreal are also playing the album and have expressed hopes for a return appearance by Bear in Montreal.

Philly's Child releases a debut album in Canada

Singer-songwriter Mark Child, a native of Philadelphia, has been making a concerted effort to establish his career out of Toronto. Child has a major publishing agreement with a Canadian company, and his label and management are also based in Toronto. Promotion and publicity are being handled by Toronto-based Ixtlan Promotions.

Child first came to Toronto in 1975, performing a number of concert and club dates as a soloist. He returned the following year with a group, selling out the New Yorker Theatre as headliners, and gaining airplay on CHUM-FM for a demo tape. In 1977, with a group called Child, he performed at the RPM Talent & Entertainment Conference, as well as doing a number of dates in town.

Returning to Philadelphia, Child put together a number of songwriting tapes and brought them back to Toronto, signing a brief publishing deal with Leeds Music. Upon its expiration, he brought the tapes to Wayne Patton of April/Blackwood Music (CBS). A long period of negotiations led to

pany, which will also act as exclusive tour and personal appearance representative for Zoom.

New Beginnings is located at 105 Davenport Road, Suite 6, Toronto; telephone (416) 922-5105. Projected plans include offices in the U.S. and Europe before the end of the year, to better serve the needs of the company's artists when abroad.

a signing in December of a major three-year exclusive publishing agreement with April Music. In the meantime, Child recorded his debut album, using Thunder Sound in Toronto for three cuts and dividing the remainder between facilities in New York and Philadelphia.

The debut album features Child and his new group, The Cottage Street Gang. Titled *The Uninvited*, it projects a street rock image, with many of the lyrics showing a street consciousness. It is released on the SRM label, a division of SRM Records & Management, a Toronto-based operation whose Canadian co-ordinator is Don Suitor. The album has been receiving airplay on CFNY-FM Brampton, with other stations in the works. A debut single, a tribute to James Dean titled *The Wild One*, is being slated for a February release.

Child has applied for Canadian landed immigrant status, and intends to bring his base of operations to Toronto on a full-time basis. Suitor has high hopes that 1979 will indeed be the International Year of the Child.

During western promo tour, Bomb artist Bob Segarini is flanked by Tom Harrison (Georgia Straight) and Terry David Mulligan (Goldrush).

At the Cave in Vancouver, Segarini dropped in on another Toronto-based artist, Talisman's Lisa Dal Bello.

Western promo tour , live dates for *Bomb's Segarini*

by J.J. Linden

Bomb recording artist Bob Segarini, a veteran performer who is now on release with his debut solo album, *Gotta Have Pop*, recently returned from an auspicious promotional tour of western Canada. Segarini, accompanied by the label's promo director Dave Booth, spent a large part of the month of December conducting interviews and making himself known in Vancouver, Edmonton and Calgary.

Segarini spent eight days in Vancouver, logging on-air interviews with CKLG-FM's Don Shaeffer, UBC station CITR and CFRO, as well as a print interview with the *Georgia Straight*. While there, Booth provided display material at a number of retail outlets, many of which were also visited by Segarini.

Spending a weekend in Edmonton, Segarini did on-air interviews with CFRN's Mark Lewis (a one-hour special), Bruce Kenyon of CJCA-FM, and a print interview with the *Edmonton Journal's* Graham Hicks. Moving on to Calgary, on-air spots were conducted by CJAY-FM's Wes Erikson and Bill Reynolds of U. Cal campus station CJSW, and Segarini also met with chief writers from the *Music Express*.

Segarini returned to Toronto just in time to perform at a Christmas party for Roblan's. He has been touring Ontario ever since. Booth advises the album is moving steadily, particularly in markets visited by Segarini. The company has been following a pattern of beginning with displays, and following up with interview appearances and, finally, live performances.

Bomb will be releasing shortly a new single from the album. Titled *Don't Believe A Word I Say*, it was selected due to popular and industry demand. The company will also be releasing, for promotional purposes, a limited edition pressing of an album recorded during a live on-the-air broadcast by Toronto station CILQ-FM (Q-107). The concert took place at Toronto's Thunder Sound November 12. One of the cuts from that album, a cover of the Doors' *People Are Strange*, will be the flip side of the single.

Only 1,000 copies of the album will be pressed, with about 300 to be given away through a contest sponsored by Q-107. The remainder will be distributed through the industry to promote Segarini and the *Gotta Have Pop* album.

At 12 noon on January 6, radio station CKLG-FM in Vancouver signed off the air and, after a two-minute silence, was reborn as radio station C-FOX. The change of call letters is a continuance towards total separation from the station's sister station, CKLG-AM.

Following a week-long campaign announcing the imminent change-over, LG-FM's final sign-off included 'The Doors' The End, produced with a tribute to events that heralded the beginnings of 'underground radio' and the artists and personalities who have shaped music and radio styles during the last decade.

Radio station C-FOX began its first day of programming with a commercial-free two hour program featuring the greatest music by the artists who have become most associated with the station. All the features and music philosophies which characterized LG-FM will be continued on "the FOX".

Staff members arriving at work on January 7 were greeted by a 6-foot fox, created to further establish the station's new identity with the listening public.

NEWS IS NOT TRUTH

by George Pollard

"Journalists," writes media critic Edward Jay Epstein, "are rarely, if ever, in a position to establish the truth about an issue for themselves, and are therefore almost entirely dependent on self-interested 'sources' for the version of reality they report."

This, then, is the plight of journalism. Its albatross. An inescapable bind. The occupation's Catch-22.

Walter Lippmann, the media's only original thinking philosopher - - McLuhan notwithstanding - - noted the crux of the problem more than fifty years ago when he distinguished between and thereby dichotomized, journalism and truth. "The function of news," wrote Lippmann in his seminal book *Public Opinion* (1922), "is to signalize an event, the function of truth is to bring to light the hidden facts, to set them into relation with each other, and to make a picture of reality on which men can act."

Journalism and truth, therefore, have differing ultimate purposes. Only rarely, said Lippmann, will the two coincide. Such coincidences would, of course, be restricted to sports scores, final election vote tallies and other situations where the results are definitive and measurable - - objective, in other words. More complex areas of life - - economics and politics, for instance - - are not as clear cut as sports; outcomes are usually in doubt or dispute. Journalism, therefore, can not be expected to report as truthfully, as reliably, about these areas as they do about sports.

The dichotomy between journalism and truth is a direct, and I think often measurable, result of the day-to-day exigencies of the news business. Space, time and funds are always at a premium. Only limited resources may be allotted to any given story.

Lippmann concluded that if truth was desired, journalism should not be expected to provide it. Institutions other than the press would have to provide truth. He wisely avoided examples of truth proffering institutions. No matter who attempts to provide truth, it will be no more than a version of the truth, filtered through institutional exigencies.

Needless to say, most media people have some trouble accepting this notion. Journalists, as a whole, perceive of themselves not as signalers of events but as pursuers of truth. Signalers are perjoratively categorized as stenographic journalists, supposed truth seekers are honourifically referred to as investigative or interpretative reporters. This situation has heightened in the post-Watergate era.

Despite the press's vigorous hyperbole, the limits prescribed by Lippmann in 1922 still persist, ostensibly in the same form. Journalists may be better qualified today, but spacial, temporal and economic restrictions still impinge upon their coverage. To paraphrase Lippmann, the final page or newscast is still of a definite size or length; it must still be ready at a precise moment.

Given these conditions, these restric-

tions, it would be somewhat unrealistic to expect journalists to produce anything beyond an abridged, truncated version of reality.

Even if the restrictive conditions noted by Lippmann were removed - - could be removed - - most, if not all, journalists would lack the specialized abilities and authority to establish truth in any issue of serious dispute.

What is required to establish truth in all stances, is a standardized set of acceptable procedures. Journalists, on the whole, have no such procedures. Scholars, on the other hand, do. They may establish 'truths' within their particular area(s) of expertise because there is unanimous agreement on procedures. If one scholar arrives at 'truth X', others employing the same procedures (methods) should also arrive at 'truth X'. If repeated use of the same procedures (a process called replication) fails to arrive at 'truth X', then there is deemed to be no established truth. The first attempt, the one which arrived at 'truth X', is deemed a spurious or rare event.

Nor do journalists have the authority to induce truth from anyone. They lack the authority of the judiciary, for instance, to compel individuals to tell all. Any attempts at coercive inducements to elicit the truth would probably result in legal action against the press.

Journalists are, therefore, forced to rely on others for their version of reality. Others, however, generally have vested self-interests to promote or protect. Their version or interpretation of reality will reflect these interests. It will be biased (systematically altered).

Consequently, the news media is largely preoccupied with disseminating prepackaged stories, editorials, features and so forth. Not only are these convenient, they are decidedly more profitable than generating original material. Moreover, the latter may well be considerably more controversial than the former. Media elites (owners, managers), conservative in nature as they are, will of course prefer the less controversial material: it is safer.

Noting the journalist's milieu, Epstein offers more insightful definitions of the two currently 'hot' journalistic modes: stenographic and interpretative/investigative. Writing in *Between Fact And Fiction* (1975), Epstein defines the stenographic mode as, "... the development of (news) sources; among official spokesmen ...". The more popular investigative mode, he continues, "is merely the development of sources within the counter-elite or other dissidents in government. ...". The counter-elite or other dissidents in government ..."

TRIBAL DRUM by George Pollard

CYR Leamington ran a series of Saturday night specials during January. Dubbed *Maple Tapes*, the series featured six artists each weekend.

CKLW Windsor's top news tip of '78 went to Specialist 4 James Cromarty, a Canadian serving with the U.S. Military at Fort McPherson, Ga. Cromarty's \$1000 prize was for phoning CKLW's hotline long distance from Lawrenceville, Ga., to report the shooting of *Hustler* magazine publisher Larry Flint. About the widespread influence of some stations!

CKFM-FM Toronto, one of Canada's outstanding radio stations, reports having raised better than \$32,000 through its Christmas Children's fund \$8,000 of that, reports CKFM-FM's Jerry Good, was due to MCA Records (Canada) who donated 300 five-record sets of Neil Diamond LPs as well as 15 24-carat gold-plated Diamond records. Former were given with \$20 donations, latter with \$100 donations. A super co-op promotion! To honour MCA, station created the *Magic Of Christmas Award*.

CHEZ-FM Ottawa's Delmer McGregor, a local boy from up the Valley (the Ottawa Valley, that is), recently had the number one selling single in Ottawa. The Valley

Express, backed with Meadow Muffin Blues was penned by Mike O'Reilly. Delmer is featured on Geoff Winter's AM Drive show each day. Proceeds from Delmer's hit will go to Ottawa's new half-way house. In passing, Delmer would probably make a good foreground piece, and just for a phone call.

Reid Dickie, Music Director at CJUM-FM Winnipeg (the Univ. of Man. station) sent along a copy of the station's January-February Guide To Programmes. It is a nifty 16-page pamphlet loaded with ads and well written information. It is an excellent promo piece. I have often wondered why commercial outlets don't get into this type of promotion - - or is it public rela-

tions - - more intensely. Leave it to the idealistic neophytes to be original. Reid's covering release is also among the best Tribal Drum receives.

Reid reports that Pat Travers and Devo are getting strong request action. CJUM-FM plays demo-tapes - - at least that is what the release calls them; hometown LP-type things, I guess - - with Regina's Copperfield and Winnipeg's Laughing Boy getting heavy phone action. Last month, the station began running a series of highlight programs from the 1978 Dutch music festival.

CHOK Sarnia, in the spirit of the season just passed, asked listeners to send in Christmas cards with the name of a friend they would like to give an Arctic Cat Snowmobile to. Mark Hunter, CHOK promoperson, reports the station received thousands of cards. Sender of the winning entry received a recliner from the station. It is, indeed, better to give than receive!

Terry Mulligan talks with Toto (Hold the Line) on the February 5th edition of Goldrush. (CBC AM web, 8:30-10 pm Mondays). Same show features a live concert with Jim Byrnes (one of Vancouver's top blues singers). February 12th, a studio session with Scamp and an interview with Bog Geldorf which promises to be very interesting. Geldorf is lead singer with Boomtown Rats and former music editor with Georgia Straight. February 19th features a live concert with French Canadian singer Plume. February 26th, Steve MacKlam joins Terry Mulligan and reviews records from Iron Curtain countries. Also, a live concert featuring Tom Robinson (from London).

CFCN Calgary raised over \$3,000 December 9th in a Heli-ski-athon co-produced with the Alberta Amputee Ski Association.

CJCH Halifax sent along an interesting ratings breakdown for the market. Station's circulation reached all-time peak: 238,800 - - that is 30.54% of the Halifax market.

TRUTH continued from page 21

Basically, he says, there is very little difference in reporting methods. Even the integrity of information garnered may not differ much. A solid promotion may turn today's dissident into tomorrow's official spokesperson; an official spokesperson bypassed for promotion (or otherwise soured) may become tomorrow's dissident. Vested self-interests permeate society, officialdom, and life in general.

Woodward and Bernstein, for example, profited handsomely from a series of U.S. Government officials soured by Nixon and friends. As Epstein concluded in the July 1974 issue of Commentary: "The press did not uncover Watergate; it was agencies of government itself." 'Woodstein' were in the proverbial 'right place at the right time,' and no more. Leaks might just as well have gone to Jack Anderson, Izzy Stone, Len Downie, Martin Agronsky or even - - heaven forbid - - Sally Quinn.

Journalists, to say the very least, are caught in a dilemma. They can serve as conduits for vested interests, or they can recast input into their own version of reality. The

Sister station, C100-FM picked up 56,400 or about 7.2% of the market. Not bad after just better than a year on the air.

Wondering why that great pic of you and your station's super-promotion did not make it into Tribal Drum? Ask yourself these questions first. Did you send it in? Did you clearly identify the situation and the people in the picture? You would be astonished - - then again, maybe you wouldn't - - how many stations and people forget to tell us who is in a photo, what the photo depicts and so on.

Bill Roberts, late of CKOY Ottawa, has joined CKO-FM Ottawa as mid-day talker. He replaces John Q. Holmes. It is interesting that just before Roberts exited CKOY, the BBMs showed a 65% increase in his numbers. Hopefully, he may be able to carry some of those numbers over to CKO-FM, which desperately needs them. By the way, Roberts is the third talker CKO-FM has had; all three were booted from CKOY.

Jackie Rae is the new supervisor of St. Clair Productions Toronto. Rae is currently Executive Producer of CTL, the recording arm of Standard Broadcasting.

CKLW Windsor lost the first round of its 'home market' controversy with ARB (U.S. ratings firm). The station was told by ARB that it would no longer be listed in the Detroit book as a home station. Instead, it would be listed as a foreign station, which it of course is. This might have had far reaching affects on CKLW's revenue generating ability. Station has launched an appeal to overturn this ruling.

YOU NEVER KNOW DEPT: Trivia question overheard the other night on WBZ Boston: who designed the MCA Records logo? Peter MacDonald, that's who. Yep, it is the same Peter MacDonald who was Director General of the CRTC's Broadcast Programs Branch and now heads the Commission's newly created expanded western region. Peter was an L.A.-based VP of MCA for almost a decade.

first alternative assures accuracy, but the information itself may be false or misleading. Alternative two, while certainly reducing the source's control, simultaneously increases the probability of distortion. Either way, the journalist is in for criticism from all sides. This Catch-22 is far more insidious than Heller's!

Confounding the situation is the fact that better qualified, superior newspeople or more intensive training can not alleviate things. The roots are deeper than that. The dilemma arises not out of defects in the practice of journalism, but rather out of the 'reporter-source' relationship and the exigencies of day-to-day journalism.

What may be done about this? Very little, really.

Epstein, in *Between Fact And Fiction*, offers a tentative solution. The tensions could be alleviated, he writes, "... if journalists gave up the pretense of being establishers of truth, recognized themselves as agents of others who desired to disclose information, and clearly labeled the circumstances and interested behind the information they reported so that it could be

By the way, Peter is firmly fixed in the Commission's Vancouver office now. You can reach him at (604) 544-2111.

(l to r) Charles Brown, 6X-FM's board chairman; Harry Boyle, former CRTC Chairperson; and station GM Barry Sarazin.

6X-FM's Greg Morris with Bomb recording artist Bob Segarini.

Harry Boyle, Canada's foremost broadcaster, helped Radio Fanshawe debut last October 31st. 6X-FM, as the station likes to be known, is the first station licensed to a CAAT (college of applied arts and technology). Fanshawe prof., Barry Sarazin, is station GM.

intelligently evaluated."

But Epstein's proposal would ruin the reporter-source relationship. Who would (or could) leak information knowing full well they would be identified? The Catch-22's are increasing geometrically! If nothing else, such a tact would put a stop to Joe Clark's persistent running-of-at-the-mouth, his simple-minded verbal diarrhea. Where could he, or most other politicians, find evidence to mask their vested-interest statements???

Journalists, in the final analysis, can not be expected to attribute or label the interests behind every story. There would be no news in no time. Sources would not dry up, they would evaporate instantaneously.

The alternative for journalism is, it seems, just one. It can operate as an important and vital purveyor of information, a signaler of changes in the direction of public policies or discourse. It can not, unfortunately, operate as a credible source for truth.

We should not, therefore, expect truth

from the press. Rather we should expect, even anticipate, agendas of news items. These agendas, prioritized by importance, inform us as to what is salient and important, what we should be paying attention to, what we should be seeking to establish our own truths about.

The integrity of these agendas depends, of course, upon the journalist's professional orientation. The more professionally oriented a journalist, the more clear and open the agenda; the more obvious the vested self-interests. The less professionally oriented the journalist, the more suspect the agenda. What is encouraging about this situation is that we are reasonably certain that professional orientation can be achieved, by most, through education. Although not a perfect correlation, professional orientation is positively related to education: the more education, the more professionally oriented the journalist.

Walter Lippmann's Public Opinion, first published in 1922, is at least as relevant today as it was then. It is, must, repeat must, reading for anyone working in the media. This book's significance can not really be transmitted. It is the only piece of original media thinking ever published. Sorry to say, but no one seems to have had an original idea about the media since Lippmann. Maybe he said too much; maybe his analysis was too thorough. Either way, it can not help but heighten your awareness of the media, your role in it and its social impact. Public Opinion is published by Free Press, New York and a paperback version goes for around \$7.

Between Fact And Fiction by Edward Jay Epstein is published by Vintage Press and goes for \$4 in paperback. Epstein, a well-respected investigative journalist in his own right, likes to think of himself as a disciple of Lippmann; a disciple carrying on Lippmann's work with equal insight and originality. I might add. Too bad he can't deliver what he thinks he can! Nonetheless, Epstein's book is good reading. It is always interesting. Always fluid. Always stimulating. But not as much as Lippmann's Public Opinion!

RPM 15TH ANNIVERSARY SPECIAL ISSUE

Three personnel promotions at CBS

As part of a redefinition of the CBS western territory, the province of Saskatchewan is now part of the region that formerly included only Alberta and British Columbia. In connection with this expansion and the increased responsibility entailed, Bert Dunseith, CBS Vice President of Sales, has announced the promotion of Marketing Director Bill Bouvette to the position of Director, Western Region. Reporting directly to Bouvette will be British Columbia Sales Manager Garry Newman, and all sales representatives in Alberta and Saskatchewan. Bouvette also continues to be responsible for distribution in the western region.

In his new capacity as Director, Western

Region, Bouvette has named Bryan Tucker to the newly-created position of Marketing Manager for the Western Region. In this capacity, Tucker will co-ordinate marketing and sales programs for all CBS labels in the region, and will be responsible for the activities of all display and promotion representatives in this area.

Dunseith has also announced the appointment of Dave Deeley to the position of Manager of Sales Administration. Deeley came to CBS last June as an Ontario promotion representative, following a marketing and promotion stint with U.A. Records. In his new post, Deeley will co-ordinate activities between marketing, sales, manufacturing and the CBS branches.

Perryscope brings Clash, Outlaws into Vancouver

Vancouver-based concert promotion firm, Perryscope Productions, has announced two major upcoming concert performances in the Vancouver market. On January 31, CBS recording group The Clash will be presented at the Commodore Ballroom. The group will be making their debut appearance in Vancouver as part of a seven-stop tour of North America. Their second and most recent CBS album, Give 'Em Enough Rope, was recently chosen the number two pop album of the year by Time Magazine. Opening the show will be Vancouver-based female new wave group The Dishrags. Tickets, priced at \$7.75, are available from Friends, Grenman's, Quintessence Records and all Woodward's Concert Box Offices.

Two days after the Clash date, on Feb. 2, Perryscope will be bringing in Arista recording group The Outlaws for a headline date at the PNE Gardens. The six-piece southern rock band, currently on release with their fifth album, Playin' To Win, are a constantly touring group who have opened for or toured with such names as the Rolling Stones, The Who and Jefferson

Starship. Their current album was produced by Robert John "Mutt" Lange, whose credits include Graham Parker & The Rumour, City Boy and the Michael Stanley Band. Tickets for the Outlaws show, priced at \$7.50 advance, are available at A&B Sound, Ernie's Hot Wax, Grenman's, Quintessence and all Woodward's Concert Box Offices.

Canadian recording gets Grammy nomination

The first volume in Umbrella Records' direct-to-disc jazz series, Rob McConnell And The Boss Brass, has just been nominated for a Grammy Award, in the category of Best Jazz Instrumental Performance by a Big Band, by the National Academy of Recording Arts and Sciences (NARAS).

The double-unit LP was produced by Jack Richardson and engineered by David Greene at Toronto's Soundstage Studio, and mastered simultaneously at JAMF. The Boss Brass is comprised of some of Toronto's finest studio session musicians.

Quality appoints MacRae Ontario promo/C.S. rep

Frank Daller, National Promotion Manager at Quality Records, has announced the appointment of Larry MacRae to the combined position of Ontario promotion and customer service representative. MacRae's responsibilities in the new position will include station calls in Ontario secondary markets and serving throughout the province as a display and merchandising representative.

MacRae's music industry experience includes his most recent position as Manager of Cannon Record Sales. He is also a member of the Canadian Independent Record Producers' Association (CIRPA), and has been instrumental at a number of the organization's functions.

In announcing MacRae's appointment, Daller noted, "Now that Ariola, our newest acquisition, is exploding all over the charts and with so many Canadian acts placed in the States, we are fortunate to have a man of Larry's calibre added to our growing team."

MacRae will report directly to Daller.

WEA's McGarrigle Sisters complete successful tour

WEA recording artists Kate and Anna McGarrigle have returned to their Montreal hometown following a highly successful five-date tour which took them right across Canada. The duo, joined by family (Anna's husband Dane Lanken) and friends, performed in Winnipeg, Edmonton, Vancouver, Hamilton and Toronto. In Toronto, the sisters sold out two shows at Convocation Hall.

The McGarrigles, noted songwriters whose material has been covered by Linda Ronstadt and Maria Muldaur, among others, performed music from their three albums on the Warner Bros. label, including their current Pronto Monto release.

Mariposa Folk Festival dates firmed

The Mariposa organization has announced the dates for this year's Mariposa Folk Festival, which will be held June 15, 16 and 17 at the Toronto Islands. This is one week earlier than last year's festival.

Mariposa has added several new staff members since last year's event. Jeanine Hollingshead has been appointed Program Co-ordinator for the '79 festival. Hollingshead, who has been involved with Mariposa for several years, will work closely with Estelle Klein, who maintains her position as President and Artistic Director of the Mariposa Folk Foundation. Rob Sinclair, now Manager of the Mariposa office, will provide the administration for the organization's many activities, including the festival.

Anyone wishing further information about tickets or performers can contact the Mariposa office, 525 Adelaide Street East, Toronto.

TORONTO, ONT.

Mary Bailey has released *One Night Lady*, which is the debut single for her new label. Bailey, previously with RCA, decided to go the independent route and formed her own record company, E&R Music. She will also have an album out in the next few months. Bailey holds the publishing rights to her songs and hopes to increase her writing output. She says she likes writing more than performing.

WELLAND, ONT.

Radio station CHOW recently held a special promotion called Loretta Lynn Week by giving away copies of her new *Best Of* album on Tee Vee Records every hour. The week started with *Mark In The Morning* doing a remote broadcast from a local plaza and finished with an hour-long special on Ms. Lynn. The station also has a *Dynomite* weekend coming up in Feb., when they will give away Olivia Newton-John & Tanya Tucker's new releases. And for Feb. 14, a special *Sweetheart Contest*.

BENTLEY, ALTA.

RCA recording artist Dick Damron is receiving excellent airplay and chart action on his latest single, *Silver And Shine*. It was produced by Joe Bob Barnhill at Gary

Paxton's new Wax Work Studio in Nashville ville. In addition to his recent European tour, Damron traveled to the Faro Folk Festival up in the Yukon, played with Vassar Clements at a concert in Edmonton, taped *Family Brown Country* in Ottawa and *Canadian Express* for CBC-TV. He will be back in the U.K. at the beginning of May to begin a busy summer that will include the third annual Dick Damron Festival.

TORONTO, ONT.

Frank Daller, National Promotion Manager for Quality Records, reports that Jerry Lee Lewis' latest single, *Save The Last Dance For Me*, has sold over 150,000 copies in the United States. It is quickly climbing RPM's Country chart.

MISSISSAUGA, ONT.

Johnny Burke & Eastwind have been taking a rest during January, except for TV show tapings, to prepare for their western tour, which begins in February. The group will start in Sault Ste. Marie and move west, and when they finish, they will come back to Ontario to begin an eastern tour. All together, they will be on the road for almost three months.

EDMONTON, ALTA.

Bill Hersh and his group, *Blue Train*, are now with a new label, *Buzzy Fret Records*, and have a new release called *All Nite Country Party*. The single was written by Dick Damron and was recorded at Project 70 in Edmonton. The full *Cancon* record was produced by Barry Hawkins.

NASHVILLE, TENN.

Rondini reports that his new *Giro Records* single, *Easy Does It*, has been picked up by *Trans America Programming*, whose shows are syndicated to 154 stations in the U.S. *Easy Does It* is receiving good response on both sides of the border, and radio station *WSIX-FM* in Nashville has included it in its regular rotation. Don Coleman, Music Director at the station, says he is excited by the number of requests for the song. *WSIX-FM* is the number one country music station in Nashville.

TORONTO, ONT.

CBS Records have released several country albums to start off the New Year. They include: *David Allen Coe's Greatest Hits*, *Sleeper Wherever I Fall* by Bobby Bare, *This Is Me* by Barbara Fairchild, *Gone Girl* by Johnny Cash and *Johnny Duncan's Greatest Hits*.

ANNAPOLIS VALLEY, N.S.

Wally Milan of *Evangeline Broadcasting* says the top country music tune of the past year on his stations was *When I Stop Leaving* by Charley Pride. Radio stations *CFAB*, *CKEN*, *CKAD* and *CKDY* are all part of the *EBC*.

New country artist gaining airplay with single

A newcomer to the country scene, Betty Haakonson, has been gaining airplay, primarily in western Canada (the artist is based in Vancouver), with her recently-released single, *Second Best*. The single is backed with *Such A Love*, and several programmers have been flipping the record, giving play time to both the A and B sides.

Haakonson's promotion and publicity is currently being handled by her brother-in-law, a physician whose interest in the music business was prompted by the fact that he and Betty have been writing together. Although the current single features renditions of tunes penned by other writers, Haakonson hopes to be recording some original material in the near future.

Haakonson records for the Edmonton-based *Maple Haze* label, which has established itself primarily with ethnic music recordings. Haakonson is the label's first country music venture. The vocalist also recorded a Christmas tune earlier on the same label, *Christmas Ghosts*, which received some airplay during the 1977 holiday season.

While *Second Best* continues to gain airplay in a steady west-to-east sweep across Canada, plans for a debut LP are underway.

Ronnie Kartman's new single, *She's Back In Manhattan*, on Kansas City Records, has quickly jumped up the charts. CKFH in Toronto was the first station to go on it, where it's receiving heavy rotation. Bill Anderson's syndicated program *Big Country* has also placed the single on the show. *She's Back In Manhattan* was recorded in Oklahoma City, and Kartman says an album will be released in the near future. Recently Kartman appeared on the *Lively Country TV Show* and the *Bob McLean Show* on

CBC.

BELLEVILLE, ONT.

CFML-FM at Loyalist College has changed its format to country as of Jan. 1. One of the main reasons for the change is that a large number of students graduating from the school's broadcasting program are getting jobs at country stations. The station also requests that the record companies add them to their country mailing lists.

OTTAWA, ONT.

Dave Mulholland has sent word that Nepean Township's 4th annual North American

Old Time Fiddling Championships will be held Feb. 8-10. Mulholland says the event is very popular and includes step dancing, a variety show and a bluegrass competition, as well as the fiddling.

LONDON, ENGLAND

George Hamilton IV has a new album out in England on Tee Vee Records. Titled *Reflections*, it features 20 tracks of previously recorded material which were chosen to cover Hamilton's recording career. It includes his earliest hits from his days with ABC-Paramount and RCA to more recent product on Anchor Records.

New Zealand artist comes to Canada for TV Taping

Suzanne Prentice, a young singer who is a major star in her native New Zealand, recently completed her debut trip to Canada to tape the *George Hamilton IV Show* at CHCH-TV Hamilton. The show is syndicated around the world and is broadcast in New Zealand.

At age 20, Prentice is already a veteran performer and recording artist in New Zealand. She has recorded seven albums on the Music World label, beginning at 13 years of age. Five of them are gold in New Zealand. She has won honours as Top Female Vocalist in Australasia for the past three years, and is currently nominated for a fourth straight award. Prentice will have her first Canadian release in the near future, on Boot Records, whose product is distributed in New Zealand by Music World.

A native of Invercargill, New Zealand,

Prentice has never been in North America before. She has done work in Fiji, and has performed and been interviewed in Britain. She considers her music basically country, but in North America, it would qualify as complete crossover material in the Anne Murray/Olivia Newton-John vein. For the *George Hamilton IV Show*, she sang Gordon Lightfoot's *Talking In Your Sleep* and *Let Me Be There*, a song made popular by Newton-John. She also sang a duet with Hamilton. Unfortunately, due to timing problems, her fans in New Zealand will not see her performance for a year or two.

Prentice has already been slated for a return to North America in June. She will be traveling to Nashville to take part in the *Grand Ole Opry's International Show*, a show which also features a number of top Canadian performers.

DISCO JOCKEYING

(Disco news and release information
courtesy Peter Frost - Disco Sound)

Prelude Records continue their hot streak with their first release of 1979. Fire Night Dance by the Peter Jacques Band should be one of the spring's important releases, with every cut being playable. The LP was produced by Jacques Petrus and Mauro Malavasi (the same people who produced Macho's I'm A Man). My favourite cuts on the LP are Walking On Music (8:16) and Fly With The Wind (9:03). Walking On Music is very fast and has a hot break, heavy on percussion and drums, and Fly With The Wind has an electronic sound, with heavy synthesizers and a haunting use of background vocals. The Canadian release should be out in about two weeks from Quality.

Polygram this week should be shipping the new Bee Gees album. The LP contains a smash disco hit, Tragedy (5:00), which has the same vocal style the group is known for, but the group also use synthesizers heavily, and the song cooks. The rest of the album is not really disco, but a few songs have possibilities for top 40 oriented clubs.

CBS in the States has released a 12 incher of Turn Me On by Keith Barrow. The disc contains both vocal and instrumental versions of the song (both are 11:38), with the instrumental side being stronger. The overall sound is similar to the R&B sound of the late 60's, but updated to today's beat. The high pitched vocal may work, but it takes getting used to. The record is already in the top 15 songs in Philadelphia.

Salsoul has released the new album by Charo titled Ole Ole. The LP contains a

remixed version of Ole Ole (7:33) which is much cleaner than the original mix. The crowd sounds in the breaks were almost all removed. The LP also contains Charo's current 12 incher, Concerto De Aranjuez, and a version of Theme From Love Boat which sounds similar to Lou Rawls' classic You'll Never Find in the production. The LP was produced by Tom Moulton and arranged by John Davis.

An interesting record that could take off is Rhythm Of Love by Brandye on TK Records. The song is very laid back, with a sound similar to Chic, but the strong female vocals remind you of both the Three Degrees and Love Unlimited. There should be an LP released soon, titled Crossover To Brandye.

TK should be releasing commercial copies of T Connection's smash hit At Midnight on 12 inch. The remix runs 9:55 and has a hot intro drum break (about three minutes) which lets DJs do a long fade into the song. It also has a hot break later in the song featuring Brazilian percussion instruments.

RCA has issued a promo only 12 incher of Don't Fall In Love by Alma Faye Brooks from her new LP Doin' It. The record is one of the best yet from the Montreal production team of Dominic Sciscante and Michel Daigle. The song should do well in the clubs, but I can't wait to hear the rest of the LP. The album should be shipping this week from RCA.

Salsoul has released a new album by Instant Funk. The LP is produced by Bunny Sigler, and this is their best effort yet. The strongest cut on the LP is I Got My Mind Made Up (5:20), which is also on 12 inch remixed to a 9:46 length. Other cuts worth looking at are Dark Vader (4:51) and Crying (6:00). This LP should do well in funk-oriented clubs and in retail outlets.

A cut getting some reaction in the Toronto area is Stomp Your Feet by Ollie Baba on Polydor. The cut is on a promo-

tion only 12 inch for DJs, but the LP titled Ollie Baba contains the full length version. The song is funky, but strong enough to cross over to mainstream disco.

Atlantic is releasing a lot of new product late this week, and reviews will follow in the next issue. Included will be albums by Tasha Thomas, Midnight Rhythm, The Wonder Band (the LP contains a disco version of Stairway To Heaven), Sister Sledge and many more.

Paul Clinch pacts with Attic

Attic Records has announced the signing of Paul Clinch to a long term exclusive recording contract.

Clinch, a Toronto native, has been active in the music field for over a decade and has had several successful records, both as a solo artist and with groups Choya and The Magic Cycle.

Commenting on the signing, Attic Vice President Tom Williams stated: "I have known Paul for many years and have been watching the growth of his songwriting and performing abilities. In the last year, he has amazed me with the expanded depth of his songs. I believe he has finally come into his own as one of the best songwriters in the country."

Clinch is currently in the studio with producer Lenny Blum, and a single release is expected in March.

Hellfield to open for Triumph on tour

Attic recording artists Triumph and Epic's Hellfield will join forces for a southern Ontario tour beginning on January 25 in Belleville and ending on February 4 in Kingston.

Triumph's current LP, Rock And Roll Machine, is just short of platinum in Canada, while a combination album, comprised of material from this LP and their self-titled debut album, has sold in excess of 100,000 units in the U.S. The group recently returned from touring in the States and plan to return for additional Stateside appearances in the near future. Triumph's exciting visual show requires 13 tons of equipment and takes 20 people six hours to set up their complex staging and lighting effects.

Hellfield, like Triumph, have generated a great deal of interest in the southern states. The group recently recorded some station IDs for Texas' KISS radio, a station which has been giving heavy airplay to Tell Me Are You Listening, a single from the act's self-titled debut LP.

The Second Oldest Profession in the World

For years (the story goes) historians have tried to find out the meaning of square heel marks left in the sands of an ancient city that was dug up. It was only recently that the answer was revealed. It seems that the ladies of the night (of their time) cut the heel of one sandal to leave a mark in the sand wherever they wandered. Their customers could find them by following the marks of the heel left in the sand. As a result of these findings, advertising became the second oldest profession in the world.

You don't have to notch your sandal to become part of the growing trend to make your services or your product known. We can now offer you a wider audience than those ladies of ancient times. Be it information or hyperbole, the pages of RPM Weekly reach out to every aspect of the trade and the media. Record stores, rack jobbers, programmers, disc jockeys, juke box operators and many or most of the companies and individuals listed in this Directory will see and read your ad. The value of trade advertising is unsurpassed when it comes to reaching the exposure media whether it be by airplay or room in the browser box.

We offer instant service and cooperation to get your ad into RPM and RPM out to the trade. There is nothing you can do that has such a national impact on the trade as an ad in RPM.

We aren't here to pressure you into advertising, but why not test the marketing potential of RPM Weekly as your new imaginative campaign to get to the trade. Next time you think of a mailing piece or a direct mailing to the trade - think of RPM as an alternative. One phone call to us with an ad reservation and put the copy in our hands (even in its rough stages) and the next thing you'll see is the ad that has gone out to the trade of two countries. No setup to approve, no printing, folding, packaging, postage or mailing. We do it all, on a weekly basis.

We're here to provide a service to the industry. We package news, information and your pitch to the industry. Try RPM. It's consistent, it's reliable (since 1964) and it's read.

We're proud to be part of the second oldest profession in the world (if you believe that story).

Since its inception in 1974, ATTIC Records has made a name for itself as Canada's most successful independent record and publishing company.
