## WHO IN THE WORLD

**Stogel & Associates  
(Myrna & Len Stogel)  
Enjoy Tremendous 1st  
Year in Management—  
Their Story Inside.**

### In the opinion of the editors, this week the following records are the **SINGLE PICKS OF THE WEEK**

"Poverty" is the latest in the string of Bobby Bland hits and a timely release now that the President's war on poverty is in progress. Tune swings in a funny-sad way (Duke 407).

Ray Charles announces that "I Chose to Sing the Blues" and buyers will like it like that. Of course, the Raelets provide funky backing for the sureshot (ABC 10840).

Very pretty ballad to follow-up the group's "Along Comes Mary." There's a gentle beat to it and no doubt teen gals especially will like the message (Valiant 747).

### **SLEEPERS OF THE WEEK**

The Newbeats are heard in a 1966 arrangement of the old Everly Brothers song by Felice and Boudleaux Bryant. Tune with amusing lyrics will score all over again (Hickory 1408).

Bobby Goldsboro has written himself another dynamic rocka-ballad in "It Hurts Me." He's joined by a chorus in the song due for much attention across the land (United Artists 50056).

New Bronco artist Johnny Wyatt proves there's a place for him on the charts with this extremely danceable "This Thing Called Love" that sports the sound of today (Bronco 2052).

### **ALBUMS OF THE WEEK**

In the midst of controversy and their American tour, the Beatles release their new album—intriguingly packaged in stark black and white and intriguingly titled "Revolver." The new single cuts are here with other diverse sounds. Stunning work (Capitol T/ST 2576).

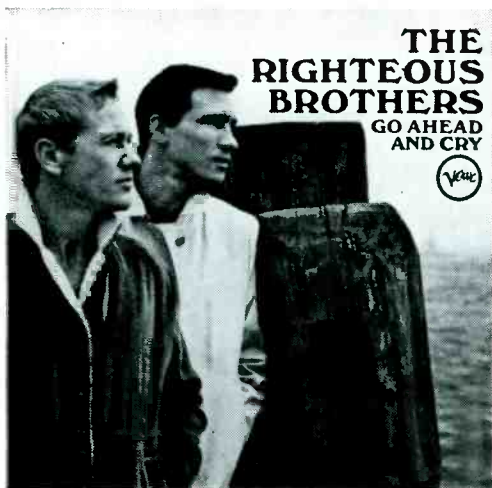

The gal with the sweet and meaningful metallic '66 approach to a mod and modern song. Of course, she reprises her "I Couldn't Live Without Your Love," but she also does moody, moving versions of "Homeward Bound," "Monday, Monday," etc. (Warner Bros. W/WS 1645).

This lad has been racking up an impressive list of hits and a number of them are included on this package. "Land of 1000 Dances," "In the Midnight Hour," "Ninety-nine and a Half," "634-5789," "Something You Got" and others. Teen-ficing (Atlantic 8129; 8129 SD).

# Gortikov to New Cap Post; Continues as CRDC Prexy

HOLLYWOOD — Alan W. Livingston, President, Capitol Records Inc., announces the creation of the post of CRI Senior Vice President, Operations, and his selection of Stanley M. Gortikov to fill the new position.

Gortikov will continue as president of CRI's marketing subsidiary, Capitol Records Distributing Corp. (CRDC).

In his new CRI capacity, Gortikov will assume certain administrative and operational responsibilities, principally in the areas of manufacturing, personnel and industrial relations, and subsidiary-label operations.

The following executives who previously reported to Livingston will report to Gortikov: George R. Jones, CRI Vice President, Manufacturing and Engineering; Robert L. Franz, Administrator, Industrial Relations, CRI; and Gordon R. Fraser, President Tower Records Corp. (TRC).

Livingston stated: "The fis-

Stanley M. Gortikov

cal year just completed has been the most successful in Capitol's history, both in sales volume and profits. It is our aim to escalate this growth trend even more rapidly in the immediate future through an aggressive program of expansion and product diversification. I am most anxious to devote more of my own time and effort in this direction, and to do so I must reduce my day-to-day involvement in a number of present activities. I am thus pleased to announce the selection of Stan Gortikov for the new post of Senior Vice President, Operations. For the past six years, Stan has demonstrated outstanding abilities as an administrator, as well as a highly creative marketing executive. These same abilities which he has brought so successfully to his presidency of CRDC will now be given broad new applications in CRI, to the very great benefit, I am sure, of the entire Capitol family of Companies."

## Pioneer, Innovator

Though Gortikov has been in the record business for only six years, he has consistently been one of the industry's most prominent and outspoken figures. He has been widely recognized as a pioneer and innovator of several of the most revolutionary approaches to record marketing in the history of the industry.

Gortikov joined Capitol Records, Inc., in February, 1960, as Director of Corporate Development. In July of that year, he was elected CRDC Vice President. Merchandising. Subsequently, he was promoted to the position of Vice President and General Manager, and in June, 1964, he became CRDC President.

## London FP-66 Program Keyed To Merchandising, Promotion

London Records' latest sales program, known as FP-66 (Fall Policy Program for 1966), first introduced in mid-July as a key element of the firm's release of 26 new albums for fall merchandising, involves an unusually heavy emphasis on merchandising. The plan, which incorporates "product, stability and profit," as London execs announced during four recent regional sales meetings, brings into the spotlight a volume of special promotional materials for window and in-store use, colorful printed literature and personal appearance tie-ins in addition to advertising.

A major element is a huge piece built around the best-selling Phase 4 pianist, Ronnie Aldrich. This unit ties in all seven current Aldrich sets on Phase 4, and is expected to come in for prime attention, in view of the artist's impending first visit to the United States in September.

Also in connection with the new Phase 4 release of six albums, is a stereo demo LP for in-store auditions of the new releases by dealers; stereo dept's; hi-fi sections; audio equipment outlets etc., and a host of promotional LPs for both mono and stereo stations. AM stations will receive, in addition to samples of London's

four new regular pop releases, mono versions of new Phase 4 LPs by Aldrich, Frank Chacksfield and Ted Heath.

All 26 new releases will be heavily promoted through a series of trade paper spreads and an extensive cooperative newspaper ad program. Retailers may obtain details of the program through their distributors. London itself will be advertising the new product in the Phase 4, pop, classical and international divisions in magazine advertising as well, between now and the end of the year.

The newly announced London FP-66 program is the third consecutive, long-range program initiated by the firm since July of 1965. With these six-month-long programs, London execs believe sales performances become even more effective, since customers can operate with confidence that a different set of discount patterns won't suddenly be introduced to upset previous planning and stocking.

The present FP-66 Program which offers discounts, delayed payment plans and a special 100 percent exchange arrangement on Phase 4 and the Mantovani catalog is in effect until next Dec. 31.

### Concert Review

#### Mamas & Papas, Simon & Garfunkel

FOREST HILLS—The Mamas and the Papas did a swell job in their first New York area concert last week at Forest Hills. Columbia's Simon and Garfunkel opened the show and they appealed to the crowd too.

The Ms and Ps demonstrated that they have what it takes to remain on the scene—imagination. Their arrangements of their hits—"Monday, Monday" and California Dreamin'"—are different, decidedly musical and worthy of attention.

The foursome performed all their numbers winningly, although their stint was marred by swapping too many barbs with a heckler in a down-front seat. The group should just sing. That's what the crowd was there to hear.

Mama Cass Elliot is the vocal mainstay of the group. A revived up Kate Smith (as one of the New York dailies observed), she has a powerful, supple contralto and is ex-

tremely graceful to watch despite the now renowned poundage.

Cass was especially delightful singing "I Call Your Name" from the first Ms and Ps album and "Dancin' in the Street" due out on the second album.

Dennis Doherty is also a reliable and hefty singer and Mama Jill Gibson and Papa-songwriter John Phillips know what they're up to.

Simon and Garfunkel dug through their songbag of quasi-poetic statements on lack of communication, depression and loneliness. Although the Paul Simon-penned tunes are short on melody (the lad was once quoted as saying he's not interested in tunes), their messages are compelling in the way some of e. e. cummings, Emily Dickinson and Robert Frost compel the college crowd.

Duo did "I Am a Rock," "Sounds of Silence," "Dangling Conversation," "Red Rubber Ball" (the best Simon song since it doesn't take itself too seriously) and the near sell-out crowd was extremely pleased.—**Dave Finkle.**

## Greer Exits Victor Label for RCA Corp.

Harold (Hank) J. Greer, formerly Manager, Pop Advertising and Display for the RCA Victor Record Division, has been named Manager, Advertising and Sales Promotion Services for the Radio Corporation of America. Announcement was made by R. H. Coffin, Staff VP, RCA Advertising and Sales Promotion, to whom Greer will report, as plans of a general expansion in advertising, sales promotion and corporate identification programs were made known.

Greer, in his former position with the RCA Victor Record Division, was responsible for all phases of local and national advertising, as well as display material, for popular albums and single records. He reported to George L. Parkhill, Manager, Advertising and Promotion.

### Will Name Successor

Parkhill announced that he would name Greer's successor in the very near future.

Prior to joining RCA, Greer was from 1959 to 1961 Assistant Public Relations Manager of the AMF Bowling Products Group, American Machine & Foundry Company. He became associated with that firm after three years in the U. S. Air Force. He was graduated from Fordham University in 1955 with a B.S. degree as an English Literature major.

## The Monkees Is Coming

The Monkees are about to arrive on the musical scene as well as the television screen. Colgems, the newly formed record label, together with RCA Victor have prepared the release of their first single, "Last Train to Clarksville" b/w "Take a Giant Step." Selections were written by Tommy Boyce-Bobby Hart and Carole King-Gerry Goffin, respectively. Both teams are exclusive writers for the Screen Gems-Columbia Music Publishing Company.

The Monkees

The announcement of the Monkees' first release was made jointly by Don Kirshner, head of Colgems, and Norman Racusin, Division VP and Operations Manager, RCA Victor Record Division. Kirshner, President of the Columbia Pictures-Screen Gems TV Music Division, will supervise the Monkees' musical activities and is also musical consultant for their television series which debuts on NBC-TV, Sept. 12, 7:30-8 p.m. EDT.

Supporting the release of the Monkees' first single is an extensive promotion and merchandising campaign.

The RCA Monkees' campaign began some weeks ago with teaser ads in the trade papers with such captions as: "Everybody is going ape for the Monkees," "The Monkees is coming," and "Monkee business is big business." These teasers will also appear in teen mags at the time the single is released. Teaser mailings to deejays and members of the press have been made, along with a special newspaper-type brochure which includes pictures and biographical information on the group.

Advertising and promotion at both the trade and consumer level will coincide with the release of the first single, and continue through the time the series debuts. Ad mats and point-of-sale materials, including blanket mats and miniatures, four-color counterpiece displays and window streamers are ready for use at the retail level.

FAMILY AFFAIR: Dunhill Records' Mamas and the Papas are pictured above with Big Daddy Larry Newton, President of their ABC Records distributor, at the L'Etoile party for the group in Manhattan the other week. Their Forest Hills concert followed.

## Rodgers, Parker Team

Singer Jimmie Rodgers, who also holds a & r position with Dot Records, and Dick Parker, bass player with the Shenandoah Trio, have gone into partnership to produce records for the Dot label.

First joint venture for Rodgers and Parker is a rock single titled "What's Your Game," and has been recorded by newcomer Craig Carr.

# LSD

LSD-25 — LYSERGIC ACID DIETHYLAMIDE was discovered in 1938 by Dr. Albert Hofmann, a Swiss chemist. He later reported, in 1943, the hallucinogenic effects. LSD the most powerful of the controversial consciousness-expanders, has become the hub of growing professional and public interest. Some believe it to be harmful, while others like Dr. Timothy Leary, believe LSD to be a "cerebral vitamin." LIFE magazine reports "at least one million doses of LSD will be taken in the United States this year." Recently, the only firm allowed to distribute LSD in the United States, withdrew it from the market.

## DR. TIMOTHY LEARY PH.D.

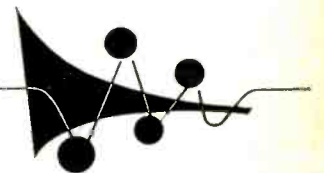

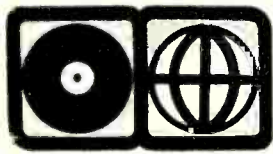

DR. TIMOTHY LEARY, PH.D., former Harvard psychologist, and Messiah of the LSD cult, was chosen for this recording. Born in Springfield, Mass., Dr. Leary briefly attended West Point then turned to psychology. In 1950, he became director of the Kaiser Foundation, and thereafter lectured extensively in Europe. To quote Dr. Leary, "I had my first psychedelic experience in Mexico, in 1960. I ate seven of the sacred mushrooms of Mexico and within a half hour was spun into a psychological laboratory two billion years old which laughed at my pretensions at predicted knowledge. Since this time, I have done almost nothing but attempt to understand and communicate this experience." Shortly after and upon his return to the faculty of Harvard University, he began his experiments at the Center for Research. These experiments lasted over two years, but due to an avalanche of publicity, he was given the opportunity to either discontinue his experiments or leave Harvard. He promptly chose the latter. Dr. Leary now pursues his studies and experiments under the auspices of the Castalia Foundation, a center for research of scientific and religious implications of consciousness-expanding drugs. A mobile recording unit was brought to the Castalia Foundation for this recording.

# 'Personal Touch' Key to Stogel And Associates First Big Year

NEW YORK—Twelve months in the business and already they've accounted for two gold records and more than 10 million in record sales throughout the world. That's the impressive record of Myrna and Leonard Stogel who, as Leonard Stogel & Associates, Ltd., celebrated their first anniversary as a personal management office on Aug. 9.

"The company was formed last year with one act and one song. But it was quite a start, because the act was Sam the Sham, and the song was 'Woolly Bully,'" stated Stogel.

"Within a matter of weeks Sam had turned 'Woolly Bully' into a gold record, and we were on our way."

In the late fall of last year, Sam, Myrna and Lenny were presented with the award for the record of the year.

"That was a very big thrill," said Lenny. "Myrna and I could hardly believe it was happening to us. After all, at that time we had been in business for less than three months."

Getting off to such a flying start brought all kinds of recording acts flocking to the company's offices at 155 East 55th St., and this meant Myrna and Lenny had to draw up their own set of rules.

## Had to be Proud First

"We decided we would represent only acts we could be per-

## Mgt. Marrieds Len, Myrna Scoring

sonally proud of," said Myrna. "We began to look for acts who were dedicated to bringing only credit to their profession."

The first group to meet these requirements was the Royalettes, who record for MGM.

Their first release with the infant management company was "It's Gonna Take a Miracle," which zoomed to number 16 on the national charts.

Then came the Southern-based college group, the Swingin' Medallions, whose "Double Shot" went to number 18 and sold around half a million copies.

The following months saw Myrna and Lenny add acts like the Gants on Liberty Records, James Carr on Gold Wax, the Jones Boys on Atco, Van Dyke Parks on MGM, Rege Mull and the Spike Drivers to their roster.

"Then, some weeks ago," said Lenny, "a new artist appeared on the scene. His name was Napoleon XIV and he produced what I think is the novelty record of the decade."

Less than two weeks after its release, Napoleon's record had sold more than half a million copies, and was hard on the heels of another record by a Stogel act: "Lil' Red Riding Hood" by Sam the Sham.

"It was very exciting watching both these records race each other up the charts," said Lenny. "Then, we were told that, according to one of the charts, Sam had won the race to the top."

"It was no less a thrill to learn that James Carr had entered the chart at number 100, because it meant we opened and closed the list for that week."

Impressive though their first 12 months have been, Lenny and Myrna have no intention of resting on their past accomplishments.

## Myrna Heads Pubberies

"Myrna is in charge of the music publishing companies we have, and we are building up that part of the business rapidly," Lenny revealed.

"We're also building a production company so that we can independently produce most of our artists."

"We're planning to open a California office by the first of the year and although we'll always stay in the pop music field, we will enter all aspects of show business."

When a company in any field starts off with as big a bang as Leonard Stogel & Associates has done, then they must be doing something right.

Ask any of their acts, and you'll be told that the "something" is "the personal touch."

## A Lady's Treat

Bob Crewe, who produced Lesley Gore's latest release, has an attentive audience in Miss Gore as he goes over the music at her session. Crewe is successful as a singer-arranger-composer-producer. Miss Gore's Crewe-produced platter, "Treat Me Like a Lady," is set for release this week. Mercury has signed Crewe to produce records for a number of its artists.

## Mrs. Miller No One-Shot

HOLLYWOOD—On Sept. 1, Capitol Records will release the second album by Mrs. Miller, titled "Will Success Spoil Mrs. Miller," an appropriate title, as her success has been very real since her "sleeper" debut on the label six months ago.

According to her manager Fred Bock and her agent Robert Raison, the singing star has grossed \$175,000 in the past four months, and with additional bookings and contracts for the remainder of the year will earn a total of \$250,000.

Both Bock and Raison are dedicated to sustaining her career on a "durable level" in all fields. To further their purpose they have formed Mrs. Miller's own production firm, Vibrato Productions, to handle her activities in records, clubs, TV and movies. At present she

is pre-recording her musical numbers for her motion picture debut in the Warner Bros. film "The Cool Ones," which will include her up-dated version of the oldie "It's Magic." She recently closed an engagement at the Sahara Tahoe, and is booked for four weeks at the new Caesar's Palace in Las Vegas. On Sept. 23, she will tape a guest star spot on the "Hollywood Palace" with host Jimmy Durante. Her recordings are just now being released in England and Raison is confidently looking forward to international stardom for Mrs. Miller.

## Marks Names Kalban Publications Dir.

Bernard Kalban has been named Director of Publications and Promotion for the Edward B. Marks Music Corporation, effective Aug. 15, Herbert E. Marks, President announced.

Kalban resigned his position of Printed Products Manager at Mills Music, Inc., to accept the appointment.

"We intend to expand widely and diversify our constantly growing publications catalog," said Marks. "Mr. Kalban's more than 20 years experience in the field will be invaluable in this respect," added the executive whose father Edward B. Marks founded the firm in 1894.

With Mills Music Kalban held advertising, promotion and educational posts prior to overseeing all publications. Before 1960 he performed in executive capacity for ten years at Hansen Publications, Inc., also serving a previous hitch with Mills.

## April / Blackwood Appoints Gorgoni

Al Gorgoni has joined the staff of writers exclusively signed to Blackwood Music, Inc., part of the April/Blackwood Music Publishing Companies, according to Gerry Teifer, Director, and David Rosner, Professional Manager, April/Blackwood.

Also a successful recording artist, Gorgoni and Chip Taylor form the Kapp Records singing duo Just Us, which had a hit with "You Can't Grow Peaches on a Cherry Tree." Gorgoni also is a guitarist.

## LET'S TALK SPANISH (Spanish Records, That Is)

(This column appears first in Spanish and then in English.)

Como estamos informando en nuestra sección escrita en inglés, nos ha informado el Abogado de la Spanish Records Merchants Association el Sr. Normand Kurtz que la legislatura del Estado de Nueva York, acaba de llevar a ley dos resoluciones para impedir el "pirateo" de discos que se ha venido efectuando en los últimos años sobre todo en la industria del disco hispano. La primera resolución prohíbe copiar con intenciones de vender cualquier porción en su totalidad cualquier grabación que se encuentre de venta al público por su propietario original, además hace obligatorio imprimir el nombre y la dirección del fabricante o productor en cada uno de los discos que ponga a la venta.

La segunda resolución es dirigida a los fabricantes que usan la palabra "stereo" en grabaciones que no lo son, detallando lo que se considera verdadero Stereo sin engañar al público.

Estas leyes entran en vigor el Primero de Enero de 1967 y están dirigidas a grabaciones que se hagan después de esa fecha.

Felicitemos al productor Leroy Holmes de United Artists Records, y también a Al Caiola por sus magnífica producción de "Caiola Romántico," ual 3527, que acaba de salir al mercado. Es una producción que incluye los temas latinoamericanos más populares, interpretados con maestría a guitarra pero con mucha dulzura a la manera única de Al Caiola. Entre los temas se incluye Sabor a mi de Alvaro Carrillo, Historia de un amor, te quiero dijustes, acercate mas el tango uno y feliz brasilia ade-

El "Ray" Criollo, by Ray Barretto, a United Artists release, reacted strongly in the market. Even the cover is fabulous! . . . Rolando Laserie performed with Geraldine Chaplin in a TV program in Argentina . . . RCA released an album by Los Bribones that promises to sell well . . . Flor Silvestre also recorded "El Despertar" . . . Los Trovadores de España are making hits out of "Las Horas" and "Yo Soy Aquel."

### Lana, George Grove Winners

HOLLYWOD—The Cocomat Grove augmented the third hold-over week of the Eddie Fisher show with two talented newcomers. Opening night of the new bill, Fisher introduced Lana Cantrell, a new singing discovery who hails from Sydney, Australia. Miss Cantrell was recently signed to an RCA Victor recording contract and made her American night club debut at the Grove. She has a fresh young appeal that had the opening night audience with her all the way.

An appropriate opener was "Nothing Can Stop Me Now" followed by an interesting selection of material that included "I Will Wait For You" and "I'm All Smiles" from the score of the short-lived show, "The Yearling." One of her best offerings was her singing of Charles Aznavour's "Stay" which will be her first single release on Victor. Her dress and presentation will be compared to Barbra Streisand, but she has her own fresh style that should come across on record as well as in clubs.

Sharing the new bill was comic George Carlin, whose material includes clever satires on TV commercials and rock and roll radio that should be a good bet for records.—Jack Devaney.

### Lookalike Looker

In New York for his concert in the Forest Hills Music Festival, Henry Mancini did a double-take when he was introduced to German-born model Christa Doliwa who had won the Sophia Loren look-alike contest conducted by Universal Pictures promoting their film, "Arabesque." Mancini composed and conducted the score to the Stanley Donen production which stars Gregory Peck and Miss Loren. Album has been released by RCA. Mancini's reaction to Miss Doliwa was right out of a dictionary definition of the word "Arabesque"—"fantastic and elaborate."

## Kenjo Formed

NEW YORK—Harry Ascola-Stanley Kay's Ascola/Kay Associates and Sal Forlenza-Bob Venosa's Forlenza/Venosa Associates are forming a separate artist management-music publishing organization-sales promotion entity to be called Kenjo Associates. House will aim to give its artists "total" look.

The Kenjo roster as of now includes Columbia artists Bob Troy and Bill Purcell, dancer-choreographer Dick Blake and RCA artists Ray Paige, Christopher Robbins (formerly Bennie Thomas) and Dean Courtney.

The publishing branch of operations is Ginrick with George Kerr and Larry Roberts on the house writing staff.

Ascola/Kay manages Columbia's Michele Lee, RCA's Susan Barrett, Ray Ellis, James Farentino, Paul Burke and dancing team Hines, Hines and Dad.

Forlenza/Venosa will continue to deal in artist-merchandising promo campaigns.

## Welk into Filmusic

Lawrence Welk is getting into filmusic field for first time, reports Paul Weirick, general professional manager of the Welk-owned Vogue Music pubbery.

Firm has been set by Tongass Music, which owns domestic publishing rights to music from the Paramount release, "C'mon, Let's Live a Little," to act as selling agents for Tongass. Both are BMI firms. The Bobby Vee-Jackie De Shannon-Eddie Hodges starrer, originally an All-Star Films Production, was scored by Don Crawford, who also has a minor role in pic. "C'mon" soundtrack will be released on Liberty in about two weeks. Tongass toppers George Howe and Bob Grabeau are now negotiating for foreign rights to "C'mon" score.

## Off to Coast

NEW YORK—George Lee, VP of Warner-Reprise Eastern Operations, and Jerry Ragovoy, Eastern A&R Director, have left for the West Coast for A&R confabs.

### Brandywines, Alice Please at Plaza 9

NEW YORK — For the past couple of weeks, Mainstream's Brandywine Singers have left the campus circuit to serve as troubadours for the chic clientele at Julius Monk's Plaza 9.

The boys have prep school good looks, disarming personalities and definite musical talents. They play instruments, sing, swap remarks and sparkle plenty as they romp through their folksish repertoire ("What Shall We Do With a Drunken Sailor," etc.). A highly polished unpolished act.

Headlining the Plaza bill in a first boite appearance in seven years is funnily Alice Ghostley. Having made a trademark of smiling through rejection, the rubber-faced comedienne sings a couple of amusing Murray Grand songs ("I Always Say Hello to a Flower," "April in Fairbanks", a Cole Porter parody) and revives an hilarious Noel Coward number, "A Bar on the Piccola Marina."

Miss Ghostley has a large following and a smart diskery would service this crowd with a record of the act.

Nic Ullett and Tony Hendra, British satirists, complete the bill. They're extremely clever and getting much exposure these days. London Records waxed them about a year ago.—Dave Finkle.

### Marks' Prof. Mgr.

Stanley Mills is to be the new General Professional Manager at E. B. Marks Music, according to an announcement just made by the firm's President, Herbert E. Marks.

The son of veteran music man Jack Mills, he is the last of the Mills family to leave his father's firm following its acquisition by Utilities & Industries, Inc. At Marks he will succeed Arnold Shaw.

Stanley Mills

Stanley Mills has been the General Professional Manager of Mills and previously held the same title at its affiliate B. F. Wood Music.

Among the songs he promoted to hitdom were "Happiness Is," "Green Grass," "Summer Sounds" and "You've Got Your Troubles."

By coincidence he was a classmate ('53) of Herbert Marks' son-in-law at Swarthmore. After college, he served in the Army as a disk jockey for the Far East Radio.

# R & B BEAT

WHERE IT'S AT

By KAL RUDMAN

## Old Pros Soul Providers

The old pros are still providing the dependable supply of guaranteed hit R&B product. All the artists on the big R&B labels' rosters, both old and new, consistently come up with the records that "happen." They know "where it's at" for the market place!

For example, "Knock on Wood," Eddie Floyd, Stax, is now positively confirmed for his first smash in a long while. It is a giant in Washington, and broke wide open in Cleveland, St. Louis, New Orleans, Baltimore, etc. Al Bell is so thrilled that he can't speak, and you know that's something! Then, "B-A-B-Y," Carla Thomas, Stax, is fantastic in sales. But that's what we expect from Carla, and she has blossomed into a mature class artist, and her new LP will prove that she will be in the Nancy Wilson league. Jim Stewart feels, justifiably, that if a class song like "B-A-B-Y" were ever given exposure pop, then this would be a pop hit. But, this never happens, although it will eventually.

Kal Rudman

Ed Wright, WABQ, Cleveland, tells me that the flip of Johnny Taylor, "Just the One I've Been Looking For," has busted into his Top 10. So Lucky Cordell, WVON, Chicago, is now playing this side also. The "A" side, "Love Somebody's Baby," is over 100,000. Cleveland and Chicago have been breaking the same R&B records lately, but some of those records don't do much in other markets. So there are market differences and regional hits in R&B, just as in pop, and no one can give a good explanation for it.

The Supremes, Jr. Walker, Stevie Wonder, Wilson Pickett, Lee Dorsey, Ramsey Lewis, Billy Stewart, Alvin Cash, Roscoe Robinson, Joe Tex, Percy Sledge, Darrell Banks, 5 Stairsteps and the Intruders are the giants.

Bill Curtis, WCHB, Detroit, tells me the Supremes and Jr. Walker are stupendous. His station pick last week, "You Busted My Mind," Judy Clay, Scepter, is breaking. "Ain't Nobody Home," Howard Tate, Verve, which they started, continues large, and it is big in N.Y., Baltimore and broke in Philadelphia, Cleveland, Chicago, Memphis, etc. Bill predicts that "We Got Love," Enchanters, Loma, will be another big one for Jerry Ragovoy. I had the pleasure of speaking with "The Queen," Martha Jean Steinberg, and her biggest blues is the Johnny Taylor on Stax. I'm looking for her to start another big soul sound like she did with James Cleveland. The Fascinations and Mary Love continue large at WCHB. New at WCHB: "Swear By Stars Above," Ben E. King; Olympics; Temptations.

"B Side" Ed Wright of Cleveland is doing it again: He tells me sales are starting on the "You're My Fellow," Edwin Starr, and he is on the "Hey Diddle Diddle" side of the Marvin Gaye. He is on Anthony; Temptations; Jimmy Hughes, picks Lou Rawls; and Eddie Floyd and Supremes are giants.

Lucky Cordell, WVON, Chicago, wants you to know his Top Pick is "But It's Alright," J. J. Jackson, Calla. The Jr. Walker is a smash and Monk Higgins hit Top 10. WVON Picks are: Eddie Floyd and "I've Got Something Good," Sam & Kitty, Atlantic.

Chuck Cunningham called, and he is cooking at KATZ, St. Louis. . . I've learned that WAPX, Montgomery, Ala. has reopened with Mr. Lee and Allan Dixon. The other R&B station there is WRMA with Ellis Ford and "Alley Cat," Pat Patrick, formerly of WERD, Atlanta.

Every station in Chicago is on "The Sock" Sharpees, One-Derful, and "What Is Love," Josephine Taylor, Mar-V-Lus, and sales are coming in. Her last one was a giant in Florida and in Chicago. . . The 4 Tops LP is great! . . . So is the

## R & B Beat

(Continued from page 24)

Wilson Pickett LP . . . And the Jr Walker LP.

Rudy Runnells, WOL, Washington, New: "You'll Never Ever Know," Fontella Bass; Little Anthony; Lester Young.

"Sticky Sticky," Bobby Harris, Shout, broke in S.F., Pittsburgh, Baltimore and Washington. "I'm Like a Fish," George Freeman, is starting in N.Y.C., Baltimore, Washington.

WAMO, Pittsburgh picked "Happy Feet," Robert Parker, Nola, and it broke open fast. Then "Ring Around the Rosy," Raymond Parker, Nola, broke wide open in New Orleans off WYLD & WBOOK.

I just received some surprising news from Atlantic Records. The sales on "My Sweet Potato," Booker T. & Mg.'s, Stax, were sensational last week. This is a genuine hit record. There is a lot of play also on the flip "Book-al-oo" . . . The sales on the Solomon Burke were also strong and it looks like a good thing so far . . . Don't neglect to listen to the flip of the new Ben E. King, "Get In A Hurry," which was written by Joe Simon. I feel it is also a tremendous soul side that gets down to, as Ernie Durham puts it, "Where the rubber touches the road."

Speaking of Ernie Durham of WJLB, Detroit, he called and this week he reached into his bag of goodies like in days of old and came up with two CHOICE surprise morsels for us. Ernie tells me Larry Uttal has a Detroit-breaking fantastic instrumental on Academy called, "Blues for U.F.O.'s," Brian Brown Trio. His listeners are requesting it heavy and sales broke immediately last week. Then Ernie went on a cut called "Four Women" in the Nina Simone LP on Philips ("Wild Is the Wind"). It is the definitive story of race relations, and the response has been fantastic. Sales are starting in Detroit on Jimmy Hughes and Little Milton. Ernie picks: "We Got Love," Enchanters, W.B.; Lee Rogers; Ben E. King; "I Need a Girl," Righteous Brothers, Moonglow; Fantastics. The Mary Love, "Move a Little Closer," which Ernie broke, continues as a smash. "Pow City," Freddy Scott, Marlin, is selling.

Dr. Fat Daddy, WWIN, Baltimore, New: Ben E. King; "The Sock," Sharpees; "We Got Love," Enchanters, W.B.; "Oh Pretty Woman," Albert King, Stax; Fontella Bass; Olympics; Platters; "So Sweet So Fine," Knights & Arthur. Giant: "Knock on Wood," Eddie Floyd. Breaking: Judy Clay; Toys; Bobby Harris; Booker T.; Solomon Burke.

Jimmy Bishop, WDAS, Philadelphia. New: Impressions; Temptations; Eddie Floyd; Platters; Olympics. Sales: Solomon Burke; Carla Thomas; Booker T. Top 5: Magnificent Men.

"Hold My Hand," Bobby Powell, Whit, is picking up a lot of steam, and the Carter Bros. is doing very well, especially in the South and out of Chicago. It is amazing how fast the Supremes zoomed to the top.

George Wilson, WHAT, Philadelphia, reports the Supremes is already No. 1. Good sales on B. B. King.

Herby Campbell, Tom Johnson, Sly Stewart, KSOL, San Francisco, Charted: Lester Young; Zodiacs; Chris Clark; Carla Thomas; Jimmy Hughes; Other Brothers; Bobby Harris.

Fred Hanna, Nickie Lee, Lee Wilson, WAME, Miami. Picks: Platters; "Get In a Hurry," Ben E. King; Fontella Bass, "Blues for U.F.O.'s," Brian Brown, Academy-Amy. Giant: Carla Thomas; Booker T.; Bobby Harris; Eddie Floyd; Sol Burke.

It appears that the new Carla Thomas will be one of her biggest ever . . . The Anthony has now taken off in N.Y.C., Baltimore, Detroit, Washington, etc.

Jerry Thomas, KNOK, Ft. Worth-Dallas, Charted: Joe Hinton; Impressions; Ruby Winters; Commands; Big Amos; Buddy Ace; Earl Gains.

Roulette may have itself a hit with "Why Do You Have To Go," Rhythm Rascals, as both WDAS & WHAT in Philadelphia picked the record immediately.

Jimmy Whittington, Bob Jones, Johnny Persons, Allan Redding, Steve Campbell, WIGO, Atlanta, New: Lou Rawls; Kelly Brothers; Anthony; Edwin Starr; Betty Everett. Smash: Jimmy Ruffin.

John Richbourg, WLAC, Nashville. New: Arthur Conley; "Take Your Time," Grover Mitchell; Sol Burke; Kelly Brothers; Earl Gains. Hit: "Chains of Love," Chuck Jackson . . . Bill "Hoss" Allen tells me that his nationally syndicated color TV show out of Dallas will feature the James Brown revue

#### Jazz Rock Selling Big!

SOLID HOT TIP: Sonny Hopson of WHAT-Philly, who broke "Misty," Groove Holmes, has just busted the first hit on the new Solid State label (United Artists' "new sound" label). Side is "I Cover the Waterfront," Jimmy McGriff. Marnel Distributing of Philly is very excited because the initial sales are following the same pattern there as both "Misty" and "Sidewinder." This new trend has also carried over into big pop sales. Another record in this category that is currently a hit in N.Y., L.A., St. Louis and Philly is "Summer Samba," Walter Wanderley, Verve.

## Monument Has Aznavour LPs

PARIS—Monument Records, USA, has acquired three 12-inch LPs by French song star Charles Aznavour from Pathe-Marconi here, it was announced by Fred Foster, President of the Hollywood-Nashville diskery.

Unique feature of the Aznavour-Monument product is that it is entirely newly-recorded with the exception of two of the 36 titles, as Aznavour didn't want any of his old masters being issued, so he arranged with Pathé for the new diskings to be made although he is currently under pact to Disques Barclay-France and his late releases have been issued in the USA by Reprise recently.

It was while Bobby Weiss, VP and Director of the International Division of Monument, was in Paris recently that he became aware of the availability of the Aznavour masters and negotiated for the USA release rights with EMI's Pathe-Marconi for the newly-recorded masters. Weiss, currently on an around-the-world tour for Monument, also optioned a fourth LP by Aznavour.

Thus, Aznavour brings to Monument some of the greatest songs ever identified with France's best-known singer of recent years, including "Sur Ma Vie," "Après L'amour," "Ay! Mourir Pour Toi," "Parce Que," "Viens au Creux de Mon Equuel," "Jezebel," etc.

Special merchandising and promotion plans are underway, according to Bob Summers, VP of Merchandising and Sales for Monument, with initial LP set for release this month. Discussions are also underway about the possibility of Aznavour disk-ing some of the Monument-French recordings in English and Foster and Weiss will personally meet with Aznavour regarding this when the Gallic singer arrives in America the latter part of next month.

## Bell - ITTC Deal

NEW YORK—Larry Uttal, President of Bell Records, announced last week the conclusion of a deal with International Tape Cartridge Corporation. ITTC will distribute tape reproductions of Bell Records' product through their automotive marketing distribution.

The labels represented in this deal will be those owned and distributed by Bell, such as Amy, Mala, Bell, Dynovice, New Voice, etc.

## Epstein Clears Up Lennon Statements

NEW YORK — Beatles Manager Brian Epstein jetted to New York recently (August 5) to read a statement to the press concerning the John Lennon statements on Christianity that had so aroused some southern radio stations earlier.

Epstein said in the statement (which had been approved by Lennon over the phone) that the quotes had been misunderstood out of their original context, which was an interview by Maureen Cleave in the London Evening Standard. Lennon's intentions in stating that the Beatles were "more popular than Christianity" were to criticize the current times which had replaced some of their religious faith with contemporary idols.

Epstein said that the interview had been meant to be printed exclusively in the Evening Standard and that neither he nor Lennon had been prepared for the reprint in teen fan magazine Datebook.

It was from the Datebook version of the article that the radio stations had taken their quotes.

Epstein also stated that, although the furor had him worried about the Beatle tour (now underway), there were no plans to cancel it in part or in entirety.

He noted that ticket sales in Memphis had picked up noticeably, the closest concert site to Birmingham where the controversy first flared.

The Evening Standard first ran the John Lennon interview in March in a series of four interviews with the four Beatles.

MGM/Verve artist Kai Winding is shown presenting a copy of his new Verve release of "Dirty Dog" to Scandinavian Airlines hostess Dorthe Harhoff at JFK Airport prior to take off for his participation in the Molde Jazz Festival in Norway.

## Priest Champions Jones' 'Dream' Deck

NEW YORK — Father John Flynn, a priest at St. Raymond's Church in the Bronx, has become the number one champion of Jack Jones' Kapp hit of "The Impossible Dream," from "The Man of La Mancha."

Father Flynn  
Record Has His Blessing

Catching the song on the air recently, the Father went to his local record shop and bought 50 copies, at his own expense, to give away to the numerous teenagers whom he teaches and counsels at schools associated with the Church. He finds the lyrics "a great lesson for living," and believes the song to be "a splendid antidote for many of the popular songs of the day which deal with drugs, prostitution and other evils."

The song has become a sort of theme for the regular dances held at the Teen Center of the Church, where crowds of more than 800 young people are a common occurrence.

## Col's Murrow LPs

Columbia Records has released a comprehensive album which deals with the career of Edward R. Murrow, a two-LP documentary set. "Edward R. Murrow—A Reporter Remembers—Volume One: The War Years." It covers the period between August, 1939, and February, 1946.

Assembled from thousands of Columbia Broadcasting System and British Broadcasting Corporation transcriptions, these LPs contain eye-witness reports which convey some of the most brilliant moments in Murrow's career. The recordings were prepared and edited by Fred W. Friendly, Alvin Snyder and Sheldon Hoffman. The narrative announcements are by Douglas Edwards. A highlight is excerpts from Murrow's farewell broadcast to the British people, "A Reporter Remembers."

## Dot 'Wipeout' Hits Again

HOLLYWOOD — Dot Records has a new hit in the three-year-old recording of "Wipeout" by the Surfariis, according to George Cooper, Vice President and National Sales Manager.

The record first became a hit in the summer of 1963 and was one of the label's top sellers for that year. In 1965 the flip side of the record "Surfer Joe" was picked up by stations across the country and became a hit in several areas. This last June, Dot's district promotion manager in New England, Don Masters mentioned the record to Dick Smith at WORC, Worcester, Mass., who decided to give it some spins to see if it could happen again. First reaction came from the Worcester-Boston market, spread rapidly nationally, and to date the record has sold 200,000 copies and is climbing fast.

Cooper said that with the rate of sales, he expects "Wipeout" to be a bigger hit this time than when it was originally released. On the strength of the single hit, Dot has also re-issued the album and to date has shipped over 100,000 copies.

## Stations Can Expand Playlists

There is a tremendous amount of top-notch product out, and stations can afford to expand their playlists for the summer audience and still play all top quality records. A number of R&B hits have obtained big pop hit status. The young adults are absolutely crazy about "Wade in the Water," Ramsey Lewis, because of its fantastic rhythm. This is an irresistible record! . . . The Supremes is going all the way to the top fast, and will be one of their big all-time sellers . . . "Working in the Coal Mine," Lee Dorsey, is already Top 10 pop in markets like Detroit and "Summertime," Billy Stewart, and "Land of 1000 Dances," Wilson Pickett, are giant pop smashes . . . "How Sweet It Is," Jr. Walker, is already well on its way to pop hitsville. This is a summer of dancing at the resorts, and records that meet the needs rhythmically are automatic hits. Alvin Cash's "Philly Freeze" is showing a lot of spread on big pop stations because of the dance . . . Percy Sledge has turned into a giant.

The biggest jumper in the country is Donovan because the song is so infectious and catchy . . . "Guantanamera," Sandpipers, is going Top 5 for the same reason. However, "Bus Stop," Hollies, is not a song you can learn to sing, but it is a certain hit nationally. It went Top 5 in Chicago and Cleveland and was broken in the East by WMCA and Bertha Porter at WDRG, Hartford . . . "God Only Knows," Beach Boys, has come in as the hit side. No playlist can be complete without the hits by: Cyrkle; Kinks; Outsiders; Supremes; Sandy Posey; Bobby Moore; Tommy

## 'Fantasticks' Party Fantastic

Over 300 attended the special cocktail party MGM Records hosted in New York recently honoring "The Fantasticks" as the longest running off-Broadway show in history. MGM reports that its original cast LP of the show has outsold all other off-Broadway LPs combined and has more than doubled the sales of its nearest rival, "Threepenny Opera," also waxed by MGM. Above, from left, at the party: label's Lenny Scheer, Jerry Schoenbaum, Tom White, Mort L. Nasatir, Jim Frey; Record World's Sid Parnes and Mort Hillman, show's producer Lore Noto (center); Record World's Doug McClelland, Noto, White; Jones, Record World's Dave Finkle, songwriter Clark Gesner, McClelland; Composers Harvey Schmidt and Tom Jones, show's original leading lady Rita Gardner (center), Nasatir; Parnes, MGM's Al Lewis, Record World's Ted Williams.

McLain; Happenings; Simon & Garfunkel; "Say I Am," Shondells; Percy Sledge; Barbara Lewis; Georgie Fame; Shelby Flint; Troggs; Left Banke; Stevie Wonder. The Supremes is a giant and very big in requests.

Coming Up Fast and Spreading: Love; "Melody for Unknown Girl," Unknowns; Critters (N.Y.C. hit); "Suspicious," Sidekicks; "Kids Are Alright," The Who; "Almost Persuaded," David Houston (pop smash through the whole South); Dave Clark 5 . . . "United," Intruders, Gamble, proved out pop in Philadelphia, Baltimore, L.A., Augusta, Ga. and is now being tested pop in a number of key new areas. It generally sells pop where played. It took two weeks in Augusta.

### '96 Tears' Detroit Giant

Neil Bogart of Cameo just took the first order in his life for 13,000 records at one crack. Market is Detroit and the disk is "96 Tears," Question Mark and the Mysterions. It made WKNR, WXYZ and CKLW.

Received a call from John Fisher in L.A. He has a new label, Current Records. He put out a disk called "I'm Normal" and the artist is the well known deejay on KBLA. John tells me the record is already a smash on KFVB, KRLA and KJR in L.A., No. 1 in Phoenix and No. 1 in Seattle. The last hit John had was "Suspicion."

Bob Schwartz of Laurie reports a big breakout in New Haven on "I Call Your Name," the Shaggs. Bertha Porter has picked the record at WDRG-Hartford. Other Picks at WDRG: Sidekicks, Critters and the L.A. monster, "Nowadays Clancy Can't Even Sing," Buffalo Springfield, Atco.

"Cherry Cherry," Neil Diamond, Bang, broke open in Buffalo, Chicago, Atlanta, Miami, Boston, N.Y., Cleveland, Cincinnati, L.A. and looks like a solid winner. It's Top 10 at WQAM & WFUN, Miami, WLS & WCFL, Chicago, WMEX, Boston . . . "Sticky Sticky," Bobby Harris, went on KDKA, Pittsburgh and WQAM, Miami, so it looks good pop. It broke in S.F. . . . The following pop stations are on "Philly Freeze," Alvin Cash, Mar-V-Lus: WLS & WCFL, Chicago; CKLW, Detroit and WXYZ; WMCA & WABC, N.Y.; WCAO, Balt.; KFVB, L.A.; WMEX, Boston; WKDA, Nashville and WMAK; WEAM & WPGC, Washington; WNOE, N. Orleans; WKIX, Raleigh; WUBE, Cincinnati; WIXY & WKYC, Cleveland; WHOT, Youngstown; KAAY and KEEL, Shreveport; KIMN, Denver (Hal Moore); WFUN, Miami; KILT, Houston.

Jeff Thompson, PD of WFNC, Fayetteville, N. Carolina, tells me that "May I," Zodiacs, Deesu, is a juke box giant on the Carolina coast at resort beach parties. This is a pop record, and does not respond R&B. It is #1 at WSSD, Durham; #1 WKIX, Raleigh; WTOB, Winston-Salem; WNOK, Columbia, South Carolina; Top 10, WDXY, Sumter, S. Carolina. (Dick Reus); #1 WEED, Rocky Mt. South Carolina; WNOE, North Carolina; KEVL, Lafayette, La.; WGSN, Knoxville; WMVA, Wheeling; WTRV, Myrtle Beach, South Carolina; WORD, Spartansburg, South Carolina. I may be one small voice in the wilderness of American pop music, but I must speak out and state flatly that "May I" is a sleeper HIT record looking for a key market in which to "happen." If just ONE market more tries it and breaks it, this record will go ALL THE WAY!

The same may be said for "Hot Dog," 4 Shells, Atlantic, Volt, which is now #1 at all the Jersey shore resorts and is selling large in Philadelphia off WIBG. It owns the hops and the TV shows in Philadelphia. It hits #1 in Allentown and many upstate Pennsylvania stations. It is a pure pop record. I expect Atlantic to re-service the record . . . Speaking of Atlantic, the Percy Sledge exploded after a slow start, and this beautiful ballad, "Warm & Tender Love," is going quickly past the half million mark, and is now an automatic Top 10 trade chart record. The Wilson Pickett is a fantastic giant, and the Barbara Lewis keeps building . . . The new Shadows of Knight on Dunwich, "Bad Little Woman," sounds like an automatic smash.

I must congratulate Buddy Killen of Tree Music for writing and publishing the fantastic new Nancy Ames, and Dean Tylor of WIBG, Philadelphia agrees as he went on "Cry Softly" . . . "Woman of the World," Gentrys, is a sure hit.

"Lonely Time," Long Brothers, Jubilee, is hitting well in the Virginias and other parts of the South, it is a smash at WKWK, Wheeling, West Va., and has started well with Larry Ford at WCRO, Johnstown . . . "Pow City," Freddy Scott, Marlin, broke R&B in Detroit and is a pop smash in Miami . . . "Impressions," Jones Boys, Atco, is a terrific record, and it is taking off fast in Memphis.

## Money Music

(Continued from page 28)

"Get Away," Georgie Fame, Imperial, is now a proven smash . . . The deejays on WKBW, Buffalo, say that "Eleanor Rigby," Beatles, is already #1. It has a tremendous classical arrangement. On their teeny-bopper sides, the Beatles are apparently submerging to see just how low the lowest common denominator is . . . "Summertime," Billy Stewart, is a giant . . . Cyrkle have their second smash . . . Stevie Wonder is back in the pop big-time . . . "7 & 7 Is," Love, Elektra, are making it all the way this time around. It pays to have the West Coast with you . . . "Say I Am," James & Shondells, have another giant, and the LP is selling like a single . . . L.A. is starting yet another giant with "Nowadays Clancy Can't Even Sing," Buffalo Springfield, as Atco label comes much alive pop. This record is monstrous in L.A. and is going on all the big stations now . . . "Suspicious," Sidekicks, RCA, brings Bernie Lowe back as a hot producer. You can't deny talent and old pros. The big stations are going with this Philadelphia hit . . . WIBG, Philadelphia also broke "Babalu's Wedding Day," Billy & Essentials, Mercury, and the big Southern stations are now on this stomp, as Shelby Singleton puts his mind to it . . . "God Only Knows" is the side all the way on the Beach Boys . . . "So Good," McCoys, Bang, is coming on like gangbusters . . . "Gloria's Dream," Gypsies, is a hit in Seattle (Russ Regan of W.B. is thrilled) and also "Head Backwards," Sonics, Jerden . . . Critters spread to the West Coast from N.Y.C. . . . "Deep Inside," Jagged Edge, RCA, is spreading fast as L.A. comes through . . . Ditto "The Clown," Gene Summers, smash for Maj. Bill Smith . . . "Come On Sunshine," Gil & Johnny, W.P., should break through . . . Newbeats are starting first in Nashville . . . Los Bravos breaking first in the South . . . "All Strung Out," April & Nina, W. Whale, is choice . . . "Sweet Potato," Booker T., Stax, is a HIT record, and shame on you if you don't play a great ballad like "B-A-B-Y," Carla Thomas, Stax. If Dusty Springfield did this great tune, every station would pick it. Why not give a great artist named Carla Thomas a chance to PROVE herself!

Paula Records purchased a hot master called, "The Middle of a Heartache," Charlie Daniels and the Jaguars on the basis of hot pop action at WNOE, New Orleans . . . The sales are fantastic on "All These Things," Uniques, in New Orleans, Houston, Pittsburgh, Nashville, Charlotte, Boston, L.A. This record just won't quit!

Dot Records is getting action in Albany (WPTR Pick), Chicago (WCFL & WLS); L.A. (KBLA); Pick KAKC, Tulsa; KOI & KJR, Seattle, on "The Color of Love," Rainbows. Dot is getting good action in New Orleans on "Parchment Farms," Larry Bright (who had "Got My Mojo Workin'" about four years ago.) . . . "96 Tears," Question Mark & Mysterions, Cameo, is breaking fast and should be a winner. Action at CKLW, Detroit, and it is already #1 in all outlying areas of Detroit; Cleveland has big sales due to CKLW play; WPRO, Providence. THIS IS A WINNER! WIXY, Cleveland will be on it by the time you read this, also WHLO, Akron; watch it! . . . "You Better Take It Easy Baby," Anthony & Imperials, is moving fast . . . "World of Fantasy," 5 Stairsteps, is on a whole lot of pop stations. (WMCA, CKLW, WLS & WCFL, WIBG, WDRC, WPOP, KDKA, WCAO, WPGC, WIXY, WPTR, WTRY, WDEE) . . . "Change Is On the Way," Terry Knight, is Top 10 across the board in Cleveland, Top 20 in Detroit . . . "Greenback Dollar," Jamie Coe, is on every Detroit station . . . I feel the real hit is "Come See Me," Johnny Maestro . . . Congrats to Mr. & Mrs. Sperba (Betty manages Jordan Christopher, Johnny Maestro, Crests, Wild Ones) on the birth of their son. Everyone loves Betty . . . Crusader should have a winner with "One Bird In the Hand," Chartbusters.

"Rumors," Syndicate of Sound, has re-orders in Albany, Baltimore, Boston, Charlotte, Houston, L.A., Seattle, and Shreveport. Big stations on it: All Baltimore-Washington stations; Pick at WIXY, Cleveland & WKYC; KDKA; KHJ, L.A.; WFUN & WQAM, Miami; and more coming . . . "Baby Toys," Toys is a smash in Charlotte (which broke the Lee Dorsey first). Charlotte came in for 5,200 first order on the Toys . . . Watch for "I'm Your Puppet," James & Bobby Purify, Bell. It is extremely strong.

Pete Egeler, WIDG, St. Ignace, Mich. reports "Mother Goose," Dale Wright & Wright Guys, Swan, is breaking in the mid-West, Florida and Tennessee . . . "It Hurts Me," Bobby Goldsboro, U.A., should bring Bobby back in a big way . . . It looks like "Pow City" Freddy Scott, Pow, will be a big pop hit. This Miami giant going Washington, Charlotte, Houston, Dallas, San Antonio.

# Taking Care of Business

## NARA Meet Jazz Breakthrough

One of the most significant breakthroughs for jazz recognition took place at the recently held 11th Annual Convention of the National Association of Radio Announcers, held at the Waldorf-Astoria Hotel in New York Aug. 11-14.

The occasion was the First Annual Awards Dinner at which time about 500 disk jockeys who voted in the "best of music" categories selected

Del Shields

This was the first time disk jockeys had made formal preferences of their jazz choices. And what was even more important was the profile of the djs who are primarily R & B jocks who over the past year have greatly increased their programming of jazz records.

**Richard Groove Holmes'** "Misty" on Prestige, a rather late entry in the "best of" ranks, made an impressive showing.

### New Jazz Audience

That the R & B jocks included in their selections jazz is indicative of the trend we have been using as our premise the past few months: *jazz is better than ever*. There is a trend growing and it might possibly be due to an awareness that there is a new jazz audience available among the 17-25 age group, and possibly the older jazz members are finally receiving jazz programming in the daylight hours. FM stations across the nation are beaming more and more jazz. Just last week we heard from **Jim Samuels** in the Virgin Islands who programs a nightly show of jazz, on WBNB. In Charlotte, Jackson, Mississippi, Florida, Texas and in the other Southern areas jazz is no longer a stranger to radio programming.

In the New York area, our own station, WLIB/FM, has in-

creased its programming to 12 hours in five months of operation and is making plans to add six more hours before the end of the year.

There is a market, and the R & B jocks are to be applauded for giving to jazz this recognition.

The actions of the jocks, however, are not purely altruistic, since they were greatly responsible for the airing and exposing of these records. And they certainly deserve to take a bow.

Within the group of NARA are a number of jazz jocks or R & B jocks who program jazz. The combined efforts of these jocks are making it possible for jazz to be exposed and are creating programs where the exposure of records are making jazz records big sellers.

It is also an indication that successful commercial jazz that sells and builds audiences is not a "sell-out" of the artist. It is good to know that we are no longer condemning the jazz performer who is a success. And even in their success, they still are creative and personify class and gentlemanliness in their personal and professional lives.

### The Passing of Bud Powell

In line with this recognition, one of the great jazz voices was stilled the other week. **Earl "Bud" Powell** passed away in Kings County Hospital in Brooklyn.

The daily newspapers immediately proclaimed that a jazz giant had passed and his body was lying unclaimed in the morgue.

The news was released before the papers bothered to take time out to find out what arrangements were being made and by whom. Apparently, there are still those who feel that jazz is something better left unsaid.

At our station, we were immediately in touch with the hospital and through the consent of our General Manager, **Harry Novik**, offered not only assistance but willingness to arrange for the burial to insure that Powell was given a service in keeping with the marvelous position he enjoyed as one of the great innovators in jazz.

In addition, we were in touch with **Rev. John Gensel** whose prestate is to the jazz world in New York.

Through **Rev. Gensel** we were kept informed of the preparations being made and the notification of **Bud's** family.

Daily accounts were given of the plans for burial and his funeral. Half hour tributes were programmed of **Bud's** music each day.

An hour was cleared by our news and programming department to air a special one hour discussion program featuring **Jackie McClean**, the altoist; **Chris White**, bass player formerly with **Dizzy** now with the **Billy Taylor Trio**; **Donald Byrd**, the trumpeter; and **Kenny Durham**, the trumpet star and Downbeat reviewer.

The program was hosted by **Gil Noble**, WLIB newsman and Special Events Director.

### Musicians' Relationships

The conversations centered on the relationship these musicians had with **Bud** and his influence on jazz. It was a lively, spirited and free-wheeling conversation between men who have devoted years of their life to the jazz arts. They pulled no punches and expressed honestly but without bitterness, their concern over the lack of appreciation of the jazz men by the music public.

Yet, within the context of their conversation they were unaware that their appearance on a program beamed to thousands of people in the greater metropolitan area of New York was then making more people aware of the jazz men.

By the end of the week, **Bud Powell's** death was well known to the jazz peer, and the newspapers, too, took a different slant. They buried the sensationalism. They did not look for the drug association as so often happens with jazz musicians who pass. Instead they began writing of his death in the respectful tones his passing merited.

On Monday, **Bud** came home to Harlem. And with a cortege and a marching band plus a group of musicians who played his tunes. **Bud's** final hours were a warm tribute from a public grateful to him for his legacy and asking him to understand their long delay in showing their appreciation.

### 4 To Nu Sound

## In English ...

We have been informed by **Normand Kurtz**, the attorney for the Record Merchants Association, that New York State has just passed two acts which are extremely important to the record industry. The first outlaws the unauthorized duplication of phonograph records and makes it a misdemeanor to do so. Anyone who "knowingly" transfers or causes to be transferred any sounds recorded on a phonograph record, tape, film or other item on which sounds are recorded, with "intent" to sell or use for profit through public performance without the "consent" of the owner, is guilty. This bill finally gives a record company the leverage, through police investigation, to stop pirating.

The second act deals with the conduct of record companies in labeling, specifically the use of the word "stereo" or "stereophonic" and the obligation of the manufacturer to place its name and address on the finished product. Pursuant to this bill, a record company can be guilty of a misdemeanor if it "knowingly" sells, distributes and circulates a phonograph record **without the name and address of the manufacturer on the outside cover or jacket containing such record.**

A manufacturer who prints or labels the words "stereo" or "stereophonic" on a phonograph record or on an outside cover or jacket "knowing" that such record is not stereophonic, is guilty of a misdemeanor. The act has defined the term "stereophonic" to mean a recording having two distinctly separate modulations derived from an original live recording, utilizing a minimum of two (2) separate channels, except that a "stereo" phrase may be used with a recording having two (2) distinctly separate modulations derived from an original monophonic recording "If clear and conspicuous disclosure is made" next to the phrase that the recording has been changed from monophonic to stimulate stereophonic reproduction.

This act shall take effect on Jan. 1, 1967, and shall apply only with respect to records manufactured after Jan. 1, 1967.

We welcome to New York **Luis A. Aubry**, the President of the Latin American Federation of Producers of Phonographic Products and also President of Sono Radio, S.A. of Lima, Peru. Also with Aubry is **Lucho Graña**, Aubry's Associate.

## Elektra Expansion Covered at Meets

Elektra/Nonesuch held three distributor meetings recently in New York (Aug. 1), Chicago (3) and Los Angeles (5) to introduce the fall product and to announce some label expansions and sales plans under the theme "Year of Expansion."

Diskery prexy Jac Holzman presided at all meets.

Chief among the waxery firsts is an extension to the Nonesuch label of the 5% rack rebate now in effect on Elektra product. Label is also offering a 7% differential rebate on August-September orders as compared with individual distrib orders during the same period in 1965.

Expansion at the label will take the form of removal to new offices on Columbus Circle dur-

ing the coming year and removal to larger offices in London as well.

### Announced More Variety

Holzman also announced expansion of variety of product in line with the new label image introduced this past year. And he announced plans for extended promotion and advertising to back up the new product.

Albums for the fall include "Light of Day" by Pat Kilroy, "How to Play Electric Bass," "East-West" by the Butterfield Blues Band, a new Tom Paxton package, "David Blue," "Tim Buckley," "Seven and Seven Is" by Love, an album by street-singer Oliver Smith and a three-disk sound effects box.

# NASHVILLE REPORT

By PAUL PERRY

## Dean Switch to RCA Doesn't Surprise C / Wers

Big country and Western name Jimmy Dean's recent switch from Columbia to RCA Victor came as no real surprise to those in the country know. Dean's first chance to show off his talents for the Victor folks will be this week—Aug. 18—when he jets in to the local studios for his first session under the guidance of Chet Atkins.

Boone Records' very much on-the-go Prexy Bobby Bobo was in town last week just long enough to sign Alice Joy and Neal Merritt to a contract. Alice is the gal who had everybody talking to themselves at the big W-GUN celebration last weekend in Atlanta. While Neal is the former Capitol artist who penned a song last year titled, "May the Bird of Paradise Fly Up Your Nose." Both new signees are scheduled for studio work around Sept. 1.

Paul Perry

Attended the surprise birthday doings given Decca country boy Jimmy Martin Wednesday night, Aug. 10. Among those present were Mr. and Mrs. Buddy Lee. Buddy is head of the Aud-Lee Enterprises here and takes care of bookings for Hank Williams, Jr. and others as well as Jimmy Martin. Anyone with a deep affection for C & W music would have thoroughly enjoyed this affair. I certainly did.

The boy with the country's number one C & W record is David Houston, in town this week cutting some sessions for Epic. This young Tilman Franks groomed lad, now a regular on the WWVA Jamboree in Wheeling, has a complete smash in "Almost Persuaded." While on the subject, Tommy Tomlison is now a full-fledged lead guitarist of the David Houston unit again. As you may remember, Tommy lost a leg in the accident that claimed the life of Johnny Horton.

Don Chapel has joined Pappy Daily's star-studded Glad-Musicor line up as a writer as well as artist. Don has a very famous sister in the business by the name of Martha Carson. Another related item is that cutie Judy Myers is now working for Glad Music promoting material. This gal about town has a similar position with Starday Music and headquarters in Starday's plush music row town house.

### Brenda Lee, Jimmy Davis Sessions

In for recording sessions this week are Decca's Brenda Lee and Jimmy Davis. At the same time Decca announced that a new album is in the works for Loretta Lynn, currently enjoying her most successful single, "You Ain't Woman Enough." Too, Loretta will have a new Christmas album this year.

Victor's promotion wizzard Bob Holt tells me that Connie Smith's new sacred album has been released. This one with the back-up work of the Jake Hess Imperials is a masterpiece.

Congratulations are in store for the Roy Druskys on the arrival of their newest family member. A nine pound-12 ounce boy named Darryl Brian was born on Aug. 5. This is the third boy for Roy and Bobbye.

Balladeer Van Trevor, whose Band Box hit, "Born to Be in Love with You," has been in the charts for five months, is planning for a follow-up session in Music City soon, according to the label's skipper Vicky Morosan. LP plans are also in the works.

Hank Cochran just tip-toed in with a handful of Jeannie Seely's new Monument single, "It's Only Love." A terrific follow-up to "Don't Touch Me." Hank wrote this one, too . . . The Traveling Texan Billy Walker is currently in the middle of his 22 day German tour and his new Monument album is expected any day . . . From Ruth Charon comes the word that artist-writer Wayne Usher has moved to town from New Jersey . . . And what about all those Texas fish Mike Oatman of KFDI, Wichita, and Slick Norris caught in highlands a couple of weeks ago!

## Emery, 'Opry Almanac' Celebrate

WSM-TV and radio personality Ralph Emery celebrated his third birthday with his show, "Opry Almanac" on the air recently. The early morning (6-7) show is co-hosted by Bob Olsen. On hand to help celebrate the occasion were (above, from left): two thirds of the Hardins (the other member isn't visible in photo), Waylon Jennings, Bill Carlisle, Bob Luman, Ray Pillow, Little Jimmy Dickens, Bobby Bare, Leroy Van Dyke, Del Reeves, Bobby Lord, Ralph Emery, Don Bowman and Eli Possumtrot. Emery is co-host, along with Tex Ritter, of "Opry Star Spotlight," the all-night WSM radio show.

Block enthusiastically hailed the program as the beginning of a great new era for Blue Note. "Al Lions and Frank Wolff, the founders of Blue Note, have made many giant strides in the highly specialized field. During the course of the Blue Note build-up they have received the respect and admiration of all they are in contact with. This is largely due to their earnest efforts to achieve the finest of performances on all the projects they have undertaken. Our new release will bear this out."

### Webb Pierce Day

On Aug. 8, Webb Pierce's birthday, dee jays across the United States celebrated Webb Pierce Day. Air segments were set aside to feature many of the great memories that have been made by Webb since first signing with Decca in 1951.

## Prophets Off To Holy Land

NASHVILLE—On Oct. 7 an international journey will begin when the Prophets, singing group from Knoxville, and an entourage of recording, film and press personnel depart for the Holy Land.

Prime purpose of the trip is to produce an album of recordings, as the Prophets sing a group of songs on the actual locations referred to in the songs. For instance, on the banks of the River Jordan, the Prophets will record "Shall We Gather At The River?" The journey will be filmed; and Heart Warming Records will release the LP.

As a part of pre-departure planning, a large scale Gospel Sing will be held in Knoxville's new Coliseum on Sept. 9. This show, featuring eight of the top acts in gospel music today, will be a goodwill gesture from the citizens of Knoxville, to publicize and offer financial help to the Prophets for their journey to the Holy Land. The Knoxville Chamber of Commerce and the Mayor's Office are expected to appoint the traveling group "Good Will Ambassadors" from the City of

The Prophets

Knoxville to the City of Jerusalem.

Gifts, Keys-to-the-City and tokens of good will are scheduled to be exchanged by representatives of the two cities.

Governor Frank G. Clement of Tennessee will proclaim the Prophets as "Good Will Ambassadors" to Israel, and appropriate gifts will be exchanged between representatives of Israel and the State of Tennessee.

All radio and TV stations in Knoxville are giving support to this project and, through the NBC-TV affiliate in Knoxville, tentative plans have been made for network TV coverage of the trip, and for the Prophets to make a pre-departure appearance on the NBC-TV "Today" show.
