Reps from Near-40 Countries to Hawaii

10th Meet Biggest

KAUAI, HAWAII — To help celebrate its first decade of existence, Warner Bros.-Seven Arts Records, Inc., mounted a jet-age flotilla to transport more than 350 people here for a three-day convention.

Two chartered United Air Lines jets left Los Angeles International Airport on July 18—destination, the Kauai Surf Resort, headquarters for the celebration through July 21.

Executives from the states and 38 other countries were in

attendance. Bulk of those attending comprised domestic distributors, foreign licensees of the company and home office executives. Additionally, everyone of the company's 18 U. S. and Canadian regional promotion directors attended.

The record company has had annual meetings of its domestic and foreign personnel since its formation, but the first decade celebration is far and away its most extensive gathering. The convention agenda comprised the following activities:

Americom Unveils Vending Machine For New 3 7/8 Pocket Disc

LOS ANGELES—Americom, which is introducing Pocket Disc and hopes thereby to change sales patterns on singles records, is making further moves to accelerate sales with a new vending machine for the 3 7/8" disks.

The vending machine will be marketed by Pocketdisc Vending, Inc., which will be owned also by Consolidated Distributors and Lou and Herb Steiner, owners of the Brooklyn-based vending machine company.

In discussing the new machine, Americom head Fred Hyman said that 200 machines are ready for action in the Tacoma-Seattle area and will be unveiled in the fall simultaneously with the market test in the region for Pocket Discs. Within five years, Hyman estimated, 25,000 to 40,000 machines could be operating nationally.

Hyman feels that the advantages of vending machines for disks will be greatly appreciated by dealers, who have no time to acquire in-depth knowl-

edge of records and record sales. Because the machine will be handled by one-stops and rack jobbers, dealers and employees will not need to concern themselves with the machine. And, Hyman underlined, there will be no clerical problems for proprietors.

Hyman pointed out that the machine is also pilfer-proof and will obviate worries on that score.

In conjunction with their concert at the Forest Hills Stadium July 27, the Four Seasons visited the Rockefeller Plaza Center between 3 p.m. and 5 p.m., and appeared at the Menlo Park, N. J. store between 10 a.m. and 12 noon.

Top music stars are visiting Singer Centers around the country to highlight Singer's growing importance in the home entertainment field. In addition to records, the stores carry a wide variety of television sets, radio phonographs and stereo equipment.

The next scheduled "Singer Presents the Stars" will take place in Atlanta, Ga., Aug. 7, when Lesley Gore appears at a Singer Center there.

Big 3 Appoints Lesser Finance Vice - President

NEW YORK — The Big 3 (Robbins - Feist - Miller) has named Seymour H. Lesser as the firm's VP of Administration and Finance.

Lesser will move into the new post at the publishing organization's headquarters here after having served four years as Assistant Controller of MGM, Inc. He was also active as a manager of the Independent Producers Accounting Department at MGM for several years and has had considerable experience as a CPA.

The appointment of Lesser is part of an over-all plan projected by Big 3's top exec Arnold Maxin to extend the firm's operations through more creative administrative and financial planning. Under Maxin, The Big 3 has been steadily increasing its international acquisitions and activities, the leasing of copyrights for its music print division and recently, the firm has wrapped up a number of major writing, talent and production deals intended to move the company even further into the pop orbit.

According to Maxin, "Lesser will control these investments in our future music scene and will be responsible for the broadest administrative and financial utilization of our wealth of copyrights."

TAKE ME BACK TO LAINE COUNTRY

FRANKIE LAINE—ABC ABC(S) 657.

Frankie with the California Dreamers sings a series of songs with an engaging country quality. His "Take Me Back" is, of course, the big come-on, but other pleasers include "Honey," "The Wayward Wind," "What a Wonderful World" and more, more.

FEDERAL DUCK

Musicor MM 2162.

Georgie Stavis, the leader and songwriter for this group, has a flare for a tune and a lyric. He and the group show off his well-feathered work on their first album. Titles are "Knowing That I Loved You So," funny, short "Hello," "Friday Morning."

SOUL CRUSADE

MANDALA—Atlantic SD 8184

White hot soul from these guys. Their first album for Atlantic grooves from the initial Roy Kenner wail to the last fading sound of "Faith." There's a large audience of fans who've been waiting for this one. "World of Love," "Love-itis," etc.

THE AMERICAN REVOLUTION

Flick-Disc FLS 45002.

Lively, vital rock and roll from a new group on the new Flick-Disc label. All the tunes are originals and the rock collectors will like them all. "Cold Wisconsin Nights," "Come On and Get It," "Keeping Your Love."

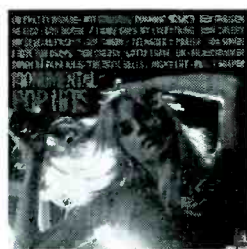

MONUMENTAL POP HITS

VARIOUS ARTISTS—

Monument SLP 12096.

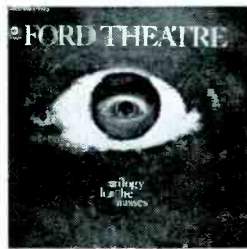

Roy Orbison, Bob Moore, Don Cherry, Joe Simon, Billy Grammer, The Dixie Bells and Rusty Draper sing one or two of their hits on this sparkling grab bag of successful sounds. "Oh Pretty Woman," "Down at Papa Joe's" and others.

TRILOGY FOR THE MASSES

FORD THEATRE—ABC ABC(S) 685.

Just as the term "long hair" music has altered in meaning, the term "Serious music" is about to have connotative evolutions. Much of rock music is not being conceived in intense sobriety. This fivesome is concerned about time and place being out of joint and jam about it.

IMAGES FANTASTIQUES

Limelight LS 86407.

Mercury has revived its Limelight line. The first releases are a series of electronic pieces. This package contains music by Berio, Maderna, Ferrari, Kenakis and Dufrene-Baronnet. It is highly likely that underground stations will tune in to these nervous, exciting packages.

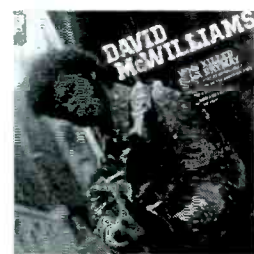

DAYS OF PEARLY SPENCER

DAVID MCWILLIAMS—

Kapp KL 1547; KS 3547.

Lad came from Ireland by way of hit disks in England. Here he reprises his "Days of Pearly Spencer" and does his current "Who Killed Ezra Brymay," a haunting finger-pointing indictment of contemporary society. Strong stuff.

THE ZOO PRESENTS CHOCOLATE MOOSE

Sunburst 7500.

New group, the Zoo, is dedicated to contemporary blues and they lay down that beat on this package. This package includes fine playing on "Soul Drippin's," "Try Me," "Written on the Wind," "Ain't Nobody" and other teen groovers.

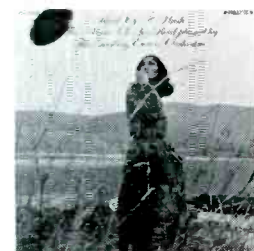

KIND OF A HUSH

THE GEOFFREY EVANS ORCHESTRA—

Palette PTS 30000.

It's about time that someone tributed the Les Reed songs. And here it is. The internationally popular Reed ballads interpreted by Evans include "There's a Kind of a Hush," "The Last Waltz," "Delilah" and others.

A LOVELY WAY TO LIVE

MARGE DODSON—Decca (7)5034.

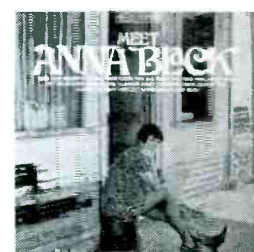

Gal keeps it light and breezy. Currently she can be heard in "A Lovely Way to Die" and hence the slightly rephrased title of the album. Gal likes jazz and shows it with her treatment of "My Heart Loves the Samba," "Lover Man," and more.

MEET ANNA BLACK

Epic LN 24384/BN 26384.

A girl with a strange, tortured voice has put together a bleak, unsentimental album of songs. She resurrects the suicidal "Gloomy Sunday" and sings in unpolished regional accent the likes of "Eleanor Rigby," "Miss Otis Regrets" and other newbies.

YOU SWEETEN ME

THE MERRYMEN—Edmar 1066.

These guys are popular entertainers in Bermuda. The songs they sing have the rhythms of the island—calypso, limbo, ska, etc. They're bright, fun-loving and will cheer up listeners. "You Sweeten Me," "Where Did My Woman Go," "Ring Ting Ting."

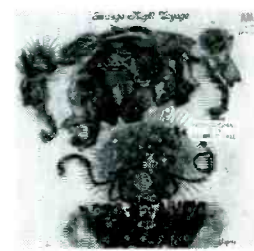

STRANGE NIGHT VOYAGE

THE MERCHANTS OF DREAMS—

A&M SP 4149.

Vinnie Testa and Shadow Morton are the guiding forces behind this new group. The six-man aggregate try out some original ideas on the package. Everything is short and usually sweet in its own funky way. All the music is new.

some of its top stars on the stages of the El San Juan's Tropicoro Room, and the Americana's La Copa Room.

The Thursday night show in the El San Juan presented a heavy rock lineup consisting of Big Brother and The Holding Company, featuring Janis Joplin; Blood, Sweat and Tears; the Chambers Brothers and Spirit, West Coast group on the Ode label.

Saturday's banquet show at the Americana brought Johnny Mathis on stage along with O. C. Smith, Jack Bedient and the Chessmen, Debbie Lori Kaye and the Glories—Date's contribution to the evening's events.

Sales Seminar Exceptional

The sales and promotion departments held an exceptionally enlightening seminar, chaired by Bill Farr, VP, Marketing, CBS Records, on sales and merchandising which evoked provocative questions from conventioners who attended. The promotion seminars which were conducted by Tom Noonan, Director, National Promotion; with the aid of Ron Alexenberg, Assistant Director, National Promotion; Jim Brown, National LP Promotion Manager; and Gene Ferguson, National Country Promotion Manager, led to an advantageous exchange of ideas among all.

Jack Gold, Vice President, Popular A and R, and John McClure, Director, Masterworks, outlined a creative future for Columbia in both the popular and the classical areas of recorded music.

Gold also introduced his A&R staff from around the nation: Billy Sherrill, Frank Jones, George Ritchie, Bob Johnston, Sonny Knight, Gary Usher, Jerry Fuller, John Hammond, Teo Macero, Dave Rubinstein, Tim O'Brien, Wally Gold, Al Cooper, Jimmy Wisner, Bob Devere, Jim Guercio, Don Law, Curt Betcher, Tommy Boyce and Bobby Hart.

It was further revealed that effective Oct. 1, Warner Brothers Records material deleted from their catalogue would be released on the Harmony label.

Effective Job by Cato

Columbia's Creative Services Department, headed by Bob Cato developed effective film presentations used to launch the label's new convention

product—totaling 27 popular, 3 original soundtrack, 8 Masterwork, 10 Odyssey and 8 Harmony releases. In addition, Columbia announced the release of five new reel-to-reel tapes and 22 four and eight-track cartridge tapes.

One of the highlights of the convention took place on July 27, when delegates were bussed to a downtown San Juan theater to attend a private showing of four films—including selected excerpts from the unreleased film of "Funny Girl," starring Barbra Streisand. Columbia announced the release of the original sound track recording from the Streisand film, along with the sound track recording from a unique rock film, also unreleased, "You Are What You Eat."

J. J. Harris, Director, Audio Products and Accessories, introduced Masterwork Audio Products new 8-track tape cartridge playback equipment to delegates on Saturday, July 27.

Hot with 'Horse'

Phil-L.A. of Soul (Jamie's R&B label) is currently hot with "The Horse," by Cliff Nobles & Co., which has already sold over a million records. "Hitch It To The Horse," by the Fantastic Johnny C., is climbing rapidly on both R&B and pop charts, and a new instrumental, "The Mule," by the James Boys, is now showing strong regional action in seven markets.

The new Barbara Mason, "(I Can Feel Your Love) Slipping Away," on the Arctic label (another Jamie/Guyden subsidiary) has just been shipped, and the new Brenda & the Tabulations, "That's in the Past," will be released on the Dionn label in a week.

Noonan On Singles And the Rack Jobbers

Discussing rack jobbers in his speech before Columbia Records conventioners last week in San Juan, Puerto Rico, Tom Noonan, label's Director of National Promotion, opined: "We must not allow our singles sales to slip out of our grasp, out of our control and into the hands of others."

He continued: "I'm afraid that in some instances we're doing just that—and so are other labels." He mentioned that the racks don't like singles because, they say of pilferage problems and general nuisance value. "In order to get those hit LPs," he said, "we must get singles exposed on the air, we must get them to sell, we must make them hits. We must get their (the rack's) support. Not only their support on what's happening nationally, but what is breaking out regionally for us."

Noonan also cited the racks' reluctance to position regional records. "This hurts us and limits our areas of exploitation for singles to spread and become national hits. It further limits us when it comes to breaking new artists and it places a lighter on new musical trends which never see the light of day across the country to meet the full test. It affects single hits and follow-up monster LPs."

"It is also costing them sales. There is money in regional records and if you, the salesman, and you, the promotion man, work closely with your rack jobbers, without hype, we can reap greater sales, but more important, break more hits, more new artists and have bigger LPs."

Bill Graham Expanses:

Producing Acts, Forming Label, Merchandising, Etc.

By DOUG McCLELLAND
NEW YORK — Bill Graham, owner of the Fillmore West in San Francisco and New York's Fillmore East pop pads, has expansion plans and soon should be doing several more of his own things.

First of all, he informed Record World last week, Graham is talking with major groups about not only booking them into his own East and West operations, but also for other engagements across the country. Most importantly, this would allow Graham and his staff to stage the acts, as well.

"I respect their talent and want the public to see them at their best," Graham affirmed. Some of the promoters are fine, he continued; but "occasionally one comes on who treats the acts like cattle, is only interested in two shows a night, get-'em-in-and-get-'em-out.

Bill Graham

"We want to force other promoters to treat the artists with respect."

He went on: "Why do the groups play so well here and on the Coast? Because we create a situation. They have everything they need."

Graham said that the first Graham groups probably would

go out sometime in September. "We want to have it all planned out first."

Next on his agenda is a merchandising program—Graham pillows and glassware, for starters. "Some of this we've already started," it was mentioned, "but on a very small scale."

Furthermore, Graham is currently conferring "with three major record companies" about setting up his own Fillmore label.

The Coast-based Graham recently moved his Fillmore activities in San Francisco from the Fillmore Auditorium to the Carousel Ballroom in downtown San Francisco. He revealed that he also is going to take a look at the Kaleidoscope in Los Angeles as a potential Fillmore house.

'Space' Displays

In a special tie-in with the Hilton chain of hotels, MGM Records has arranged for special displays in Hilton lobbies on the MGM soundtrack album of "2,001: A Space Odyssey." First displays, animated and with outer space motif, have been installed in the lobby of the New York Hilton Hotel. Reference is made in the picture to a Hilton Hotel on a space station. Above, Mel Price, MGM Playtape Manager, is shown holding a sample of the "Odyssey" album in front of the Hilton display.

Truck Stop Starts at Merc

NEW YORK—Philadelphia's hot progressive rock group, Woody's Truck Stop, has signed a long-term exclusive recording contract with Mercury Records, announces Director of Recorded Product Charles Fach.

The Truck Stop, a mainstay of the Philadelphia underground club scene for the last three years, was brought to the company's attention by Merrec Distributing's Philadelphia promotion men Dave Chackler and Jim Cummings and then Philadelphia branch manager (now Eastern Dist. sales manager) Jules Abramson.

The five-man group composed of lead guitarist Alan Miller,

Woody's Truck Stop with producer Bob Halley (third from left) and Philadelphia promotion man Dave Schackler, who helped bring the group to Mercury.

rhythm guitarist and lead vocalist Mark Oberman, rhythm guitarist Greg Radcliffe, bass player Ron Bogdon and drummer Bob Rabeloff will record their first album and single for Mercury in New York in August under the supervision of New York staff A&R man Bob Halley.

Record World's

San Francisco Sounds

By ROGER HARTSTONE

Fillmore West presented the Electric Flag-American Music Band (Columbia), Buddy Guy (Vanguard) and Freddie King (Cotillion) last week.

The loss of guitarist Mike Bloomfield is immeasurable to the Electric Flag. He was an important element in the Butterfield Blues Band (Elektra), as well as the Electric Flag. Drummer Buddy Miles had the best vocals and holds the group tight with some fabulous drumming.

Freaky Buddy Guy certainly feels his blues. His set broke open when he jumped off the stage and sang, danced and played his way around the hall. The Alias Pied Piper put on an exciting show.

Freddie King, booked as a blues artist, is more rock-oriented than blues. He seemed very unpolished.

The weekend show had Blue Cheer (Philips), Ike and Tina Turner (Pompeii) and Freddie King.

This week's Fillmore West presentation was really great. As Bill Graham stated, "Here are four guys and one amazing broad"—known as Big Brother and the Holding Company (Col). Janis Joplin demonstrated her inimitable style with many new songs, hopefully segments of the forthcoming album.

Richie Havens (Verve/Forecast), folk-singer amazing, did many fabulous tunes found in his "Mixed Bag" LP, as well as

a few new additions to his repertoire. His pulsating manner captured the mystical audience and seemed to command them into two standing ovations and yells of "more." He responded to his callers and continued a far-out performance, loved by all.

The Illinois Speed Press (Columbia) are in an Eastern, imitation San Francisco music type bag.

The Avalon presented the fabulous Tim Buckley (Elektra), along with the Velvet Underground (Verve).

New LPs

The new Doors is a fabulous smash that only Jim Morrison could create . . . The new Grateful Dead (WB) is a disappointing disk, which sounds like it was recorded long ago . . . A fantastic English LP by Julie Driscoll, Brian Auger and the Trinity is the only 12" demonstration of Julie available in this country. The LP is called "Open." She does such hits as "Tramp," and Donovan's "Season of the Witch." She'll have an American LP out soon on Atco . . . The Buffalo Springfield's new LP should be out this week (Atco) . . . The Band (Capitol) has a smash hit in underground areas called "Music From Big Pink" . . . The Stones' new LP is going to be #1 the day of its release . . . Rejoice (Dunhill) is finally in a recording studio. More details to follow. Watch for their first #1 release.

NEW YORK — The McCoys and their manager, Mike Conwell, have signed a management pact with Stigwood-Fitzpatrick, Inc., wherein the McCoys become part of the international management company's talent stable and Conwell will assume a new management position within the firm.

Conwell will be based in the New York office of Stigwood-Fitzpatrick. The management office's clients include the Bee Gees, the Cream, the Buckingham, Dobie Gray and others.

"It is the intention of the agency," Bob Fitzpatrick stated, "for the McCoys to be included in as many as possible of the one night concerts by the Bee Gees who start a one month U. James was signed at Scepter's Houston offices located at 1615 St. Emanuel St. Present at the signing was Scepter's Midwest promotion man,

'Together' LP Fast Winner

Vanguard's best-selling recording group, Country Joe and the Fish, are currently enjoying sales leaps with their third album "Together." Within a month of release, it has attained Top 40 status with weekly chart jumps averaging 20-40 spots.

Herb Corsack, Director of Sales and Marketing for the label, states: "The public's reception of this album has been fantastic. With sales orders continuing to pour in, 'Together' gives every indication of heading straight for the top of the national charts."

An extensive, coast-to-coast promotion/advertising campaign is currently underway in conjunction with the LP's release. "Together" will receive billboard, bus, subway and radio plugs as well as the usual newspaper, magazine and underground newspaper coverage.

The Fish are scheduled to perform at the Central Park Music Festival in New York on Aug. 21. Most recently, they appeared to sold-out crowds at the Philadelphia Music Festival (July 17), attracting the largest audience to date for the festival programs.

The first two LPs by Country Joe and the Fish, "Electric Music for the Mind and Body" and "I-Feel-Like-I'm-Fixin'-to-Die," also were national best-sellers.

Les Reed, Genius Writer-Arranger from England

MGM just released an LP on Palette of the music of Les Reed, done by the Geoffrey Evans Orchestra. We all know that many of the standards of this decade were written by Lennon-McCartney. But it seems to be an International Top Secret that all the rest of the big hit songs coming from England are written by one man, Les Reed. He has produced and written the hits for England's biggest artists: "It's Not Unusual," Tom Jones; "You've Got Your Troubles," Fortunes; "Kind of a Hush," Hermits; "Everybody Knows," Steve Lawrence; "Last Waltz," Engelbert; "Kiss Me Goodbye," Pet Clark; "I Apologize," P. J. Proby; "Delilah," Tom Jones . . . For the third week we repeat that "I've Got My Eyes On You," Jason Cord, Chapter 1, will be a smash. This is Les' own label distributed by London. He is a winner!

The most loved deejay in the nation, Bobby "Tripp" Mitchell, just died at an early age. He was one of a kind. They made him and then broke the mold. No one ever threw lines like Bobby. He lived with the fact that his blood condition would get him. And so he laughed at life, and the rat race, and at and with the recers. He seemed to know better than any of us the answers to the questions, "What's it all mean anyway?" and "Is this all there is?" He had style. He had class. He had something to say. When Bob spoke, everybody listened. He was totally honest with his fellow man.

Ron Jacobs and Bill Drake will have another man on his slot on KHJ. But he will never be replaced in their or our hearts and memories. People like Buzz Curtis will never be the same. Bob is dead. And the words stick like rocks in our throat. Let me tell you, people. For those of us in the business, of our generation, of our time in the sun, Bob was OUR main number one man. He was *the* guy who verbalized it for all of us, on and off the air. What'll we do now?

Promo Man of The Week: Herb Gordon, Kapp. He knows every aspect of this business. He is the kind of guy PDs love to have dinner with, because he talks sense and raps interesting. He is the beloved Gene Armond's right hand man. He is heavy R&B and pop.

New Andy Kim: "Shoot 'Em Up Baby" from the LP.

Eric Stevens, WIXY, Cleveland, says the next Cream single from the LP has to be "Those Were The Days" and next choice is "Deserted City of the Heart." Eric reports the Beach Boys is big . . . New PD at WKIX, Raleigh is Bob Stoker. Hottest LP is "Beach Beat," Vol. 4, Atl. It has all the kids dancing.

WLS, Chicago, on: Temptations; Cream; Ray Stevens; M&T, Hit: Steppenwolf. KOMA, Okla. City, Pick: World of Oz.

Excellent Sound: "Dessert," Fluegel Knights, MTA.

WIBG, Philly, is very excited about the new Joe Tex.

Vescovo is Col's Promo Man Of The Year

SAN JUAN, PUERTO RICO—Pete Vescovo was named Local Promotion Man of the Year in an announcement made by Columbia's Tom Noonan, Director, National Promotion, at a seminar held on July 24. Selected from among the label's nearly 30 field promo men, Vescovo was royally feted during his stay in Puerto Rico and awarded an expense-paid weekend for his wife and himself in New York.

As Local Promotion Man of the Year, Vescovo was met at the airport by Bill Farr, Vice President, Marketing; Columbia Records; Don England, Vice President, National Sales, Columbia Records; and Tom Noonan—all of whom proceeded to carry the "Man of the Year's" luggage to a waiting limousine.

Proceeded to Hotel

The party then proceeded to the El San Juan Hotel where a suite of rooms, amply stocked with "refreshments," was waiting. In addition to occupying the entire suite for the conventions duration, Vescovo was seated at the head of his own table, along with nine guests of his choice, during the gala banquet shows held on Thursday and Saturday evenings, July 25 and 27. A "Man of the Year" plaque was presented to him, along with \$200. in the form of gambling chips.

After the convention, Vescovo was presented with a scrapbook containing a photographic record of his prizes and the convention events.

The contest itself, which has been running for six months, marks the first time that a major label has conducted this type of contest involving local promo men exclusively. Runners-up will receive expense-paid week-ends for two in New York and travelling clock radios.

George and Frank Granat are producing the musical and Ross Taylor, who also did the book, is directing. John Taylor wrote the music and lyrics, which will be published world-wide by Edwin H. Morris and recorded by Capitol.

George and Granat produced "Dylan," "Any Wednesday" and "Ben Franklin in Paris" on Broadway.

"Mr. and Mrs." is one of 11 theatrical projects, in current phases of production, with which Edwin H. Morris is involved.

New Promotion Ideas In the Wind

By DAVE FINKLE

NEW YORK—Promotion can be a problem—sometimes even more than no promotion.

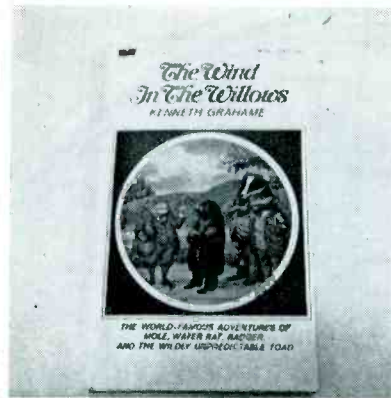

Nowadays with companies offering big money contracts to groups with sub-clauses guaranteeing promotion monies, the poser for new artists is not how to get promotion, but how to make promotion count, how to make it stand apart from other simultaneous promotion campaigns.

One of the most subtly distinctive promo campaigns of the last few months has been the one Capitol is executing at a reported \$90,000 for new septet, the Wind in the Willows. About a month prior to the albums' release, company sent out paperback copies of the Kenneth Grahame classic that provided the group's moniker. No explanatory release accompanied the book. Concurrent with the release of the album, Cap sent out a kit enclosing the album, a wind chime mobile, a portfolio of lyrics and paintings by well-known illustrators and a number of decals featuring a caricature of group leader, Paul Klein. Still no bias or group photos. And four promotion films—one of them an animated cartoon—are on their way to TV stations.

Two men are behind the promotion and both of them shy away from the word because of its connotation in certain bastions they hope to storm. The duo are Wind in the Willows manager Peter C. Leeds and public relations man Dominic Sicilia. Both men visibly wince at the word "hype," too.

Promotion, Hype Differences

"If you spend a lot of money on a group and they don't have it, that's a hype. When a group has it and you spend money, that's promotion," Sicilia told *Record World* last week. "But you still have to be careful with promotion. Some people are impressed by money and then

Have you listened to this book?

there are some people—many of the members of the underground press, for instance—who will turn off on a new group the minute they see any money is being spent at all."

"We didn't want any kind of promotion that screams 'project, project.' What we had to do was to make people interested in the group, interested enough to play the album when it came out," Leeds said. "And not exclude any market. And it's happening. We're getting play on AM and underground FM stations in the same cities already. After the album is a success, you can do anything to promote it, but beforehand it's very tricky."

"The idea behind the book," Sicilia explained, "was just to get the name in front of people—to make them remember it. People receive a lot of promotion, but nobody but a nut throws a book out. We didn't care if they made the connection between the book and the album. In fact, we kind of hoped people wouldn't. That's why we sent the book out so long before the album was ready for release. We just wanted the name to be on people's minds enough so that they'd play the record when they saw it. Of course, if people realized that the group was saying what the book says, that's another thing, but we don't expect that."

This oblique promotion philosophy extended to the portfolio. "We have the drawings accompanying the lyrics to get people to read the lyrics," Leeds said. "If they frame the pictures or put them on the wall, that's fine, but we really want them to read the lyrics. The reason we made a cartoon is because I'm a bug for cartoons and the one we made ought to get wide-spread distribution at theaters. We made four films

Concert Review

Pearl Takes City Hall

NEW YORK — The guest of honor may have had bigger tests of her talent than last week's (23) City Hall Festival "Tribute to Pearl Bailey," but probably none hotter.

Given outdoors, with the surprisingly zesty (considering the noonday sun) accompaniment of Enoch Light and His Project 3 Recording Orchestra, the Bailey concert got off to a handsome start in every sense of the word with an introduction by Mayor John Lindsay, who helloed the daylighting "Dolly" by calling her "our year-round ambassadress of good will." Miss Bailey's performance backed his Honor up, and then some.

The lady of the hour sang five songs, interspersing the lyrics with inimitable Baileyisms, and using just about everything and everyone within sight to effect a superbly contagious good humor throughout the crowd that had turned out to see this effortless but deceptively skillful performer. Among her numbers (all in her new Project 3 album) were "Poor Butterfly" ("The first song I ever sang"), "I Believe" ("I'm more of a philosopher than an entertainer, you know"), "Bill Bailey" ("I'm not allowed to sing 'Hello, Dolly,' but I can listen"—whereupon the Light aggregation played "Dolly" while Pearl sang "Bailey"); and "That's Life" (when she noticed one TV camera failed to pick up a Bailey bump during this number, she did an encore and tossed another).

She got laughs when a prodigal gust of wind blew away some sheet music ("Why don't you nail it down?"); and also when a charmed cameraman forgot himself momentarily and gave her a request. And just in case you hadn't noticed (Miss Bailey is too modest—or too tired—to stress the point), the lady sings extremely well. Once Miss Bailey got to work, the only warmth the audience felt emanated from Pearl herself. Audiences love her, and she obviously loves them right back. There must be a lesson here—and not only for entertainers.

Due to a program shuffle, the orchestra had the rather thankless task of soloing after Miss Bailey's stint, but, led by Light (in his first public performance with orchestra in a dozen years or more), it worked valiantly

Above, leaving for City Hall Tribute to Pearl Bailey last week: from left, Tony Mottola, Enoch Light, Record World editor Doug McClelland; below, at City Hall, Light and "The Real Pearl"—also the name of her new Project 3 Records album, from which she sang selections.

and skillfully on some nifty arrangements, including an especially bright "Mountain Greenery." The all-star aggregation deserves mention individually: trumpets, Charlie Shavers, Bernie Glow, Lyle Dedrick, Jim Maxwell; trombones, Urbie Green, Buddy Morrow, Dick Hixson; saxophones, Walt Levinsky, Boomie Richman, Danny Bank. Arnie Lawrence, Ray Beckenstein; guitar, Tony Mottola; drums, Grady Tate; bass, George Duvivier; and piano, Jud Walter.

This second in a series of lunch-hour concerts for civil service employees (the first honored Richard Rodgers) was short but lent credence to the "Fun City" slogan.

—Doug McClelland.

Supremes Endorse VP Humphrey

NEW YORK — Motown's Diana Ross, speaking for herself and Supremes Mary Wilson and Cindy Birdsong, endorsed Hubert Humphrey for President at a Waldorf-Astoria press conference last week.

Reading, and only once or twice departing from, a prepared speech, Miss Ross explained that she had reached her decision after "long and hard, hard and long" thought and also after long discussions with the Vice President.

She noted that she felt a need for changes and that she felt Vice President Humphrey would make them.

When asked during a question-and-answer period exactly what changes she wanted and how Humphrey had indicated he would alter current policies, Miss Ross was inspecific.

The Vice President noted that he was touched by the Supremes' endorsement and that their support impelled him to make strong vows to the youth of America.

The Supremes participated significantly in developing the Equal Opportunity for Youth Program, one of the Vice President's administrative projects.

Stax/Volt Inks Jimmy Hughes

MEMPHIS — Jim Stewart, President of Stax/Volt Records, and Executive Vice-President, Al Bell, announced that Jimmy Hughes had signed an exclusive recording contract with the company.

Hughes, popular for "Steal Away," joins the Stax/Volt family presently comprised of Eddie Floyd, Carla Thomas, Albert King, Booker T. and the M.G.'s, Mable John, Judy Clay, the Mad Lads and William Bell, among others.

Hughes, in addition to Linda Lyndell, Delaney and Bonnie and Bobby Whitlock, makes the fourth recording artist that the company has signed this year. The first Hughes record was produced by Al Jackson, Jr., drummer for Booker T. and the M.G.'s.

Three in U.S. Bows

Three top English artists, Simon DuPress, Night People and the Wishful Thinking, will make their first U.S. tours this year under arrangements now being set by the new international organization formed recently by U.S. managers William Loeb, Leonard Poncher and Dee Anthony, International Management Combine.

IMC is also setting up a return engagement tour in the U.S. for the Ten Years After, who made the cross-country p.a. circuit late last year.

Price to Work For Watts Fest

HOLLYWOOD — Ella Lane, Director of Publicity for the 1968 Watts Summer Festival, has obtained the voluntary services of Joe X. Price, announces Claude McDonald, Executive Director of the upcoming fest. Price will coordinate closely with Miss Lane on all press business.

Third annual event, which kicked off with a press conference July 22 at the Watts Towers, runs Aug. 3 through Aug. 11.

Price, former Publicity Director for Capitol Records, will also work with the newly formed Record Industry for Community Relations in conjunction with the Watts Festival. The RICR was formed for the express purpose of "helping the underprivileged help themselves." It is comprised of some 16 record labels.

Ailes Aids Nixon

Roger E. Ailes announces that he was granted a leave of absence from Westinghouse Broadcasting Corp. to act as special consultant for the television and radio programs of Presidential Candidate Richard M. Nixon.

Ailes has been producer of the Mike Douglas television show, seen five days a week in 180 syndicated markets throughout the country, for almost three years. Ailes' future plans will be announced at the end of his leave of absence.

Concert Review

Temptations, Martha Wow Westbury

WESTBURY, L. I.—It has been a generalization that the lead singer makes the group. This has been true in many instances, but after one sees the Temptations without the services of multi-talented David Ruffin, one realizes this is not always the case. The fact is that all the "Temps" have acquired a skill and versatility of their own.

The Temptations recently (20) did their "thing" (and what a thing it was) to a full house at the Westbury Music Fair.

The Motown quartet held the audience spellbound as each member took his respective turn sharing the lead. The highlights were "My Girl" (their first million-seller), "Get Ready," "You're My Everything," "Losing You" and "What Love Has Joined Together."

Standing erect, they glide across the stage with confidence and grace. As the lead singer goes into his routine, the others

come in on harmony while performing their intricate choreography which cannot be found anywhere else.

New Temptation Dennis Edwards was introduced through another of the group's many hits, "Ain't Too Proud to Beg." Edwards feels what he sings, and although he might never equal Ruffin, time and hard work will pay off because he has what it takes.

Setting the stage for the Temptations was another top-notch group from the Gordy stable, Martha Reeves and the Vandellas. Miss Reeves exudes a warmth that quickly catches audience attention in such as "Jimmy Mack," "Honey Chile," "Love Bug" and "My Baby Loves Me."

To top off the performance, they exited with an entirely different arrangement of "Our Day Will Come," with the driving beat and harmony so reminiscent of Motown.

—Steve Ellis.

Jeff Beck Group Fillmore Sensation

The Jeff Beck Group performed on a recent Friday and Saturday to crowds of 2500 each evening at the Fillmore West in San Francisco.

They received standing ovations both nights, and appeared for enthusiastic crowds from July 19-25 at this San Francisco night spot. Patrons who had come for the early performance on Saturday night stayed all evening waiting for Beck's final set. When the group returned to the dressing room after the last set, the Fillmore's manager reportedly begged that they return to the stage before enthusiasts demolished the auditorium.

The Shrine Exposition Hall in Los Angeles is the next stop for the Jeff Beck Group, where they appear July 26-27 and Aug. 2-3. The first album for the Jeff Beck Group, "Truth," is scheduled for release by Epic Records.

Composer - arranger Charlie Fox has been collaborating on some new songs with Bob Crewe. He also has just finished arranging a new session for MGM artists Ian and Sylvia.

Makeba Music is also well represented on Masekela's fast-climbing LP on Uni, "Promise of a Future."

Busy Angelo di Pippo arranged and conducted the Gladys Shelley song, "Clown Town," by Matteo, on Ford Records; Dick Roman's "When There's Love," Ford; and also has his own LP on Fiesta, "Italian Brass." Di Pippo is preparing to finish an album with Roman for Ford, too.

Sales on the Capitol album, which was produced by Artie Kornfeld as his first major undertaking at the company, have so far exceeded 85,000.

"You have to make sure you make exactly the right moves," Sicilia said, "Where do you show the group off?"

"We've been asked to put the group on a TV show for Eugene McCarthy," Leeds interpolated.

"The wrong atmosphere," Sicilia said. "Not because of the political affiliation, but because its a rally no matter how you look at it and the group will not show well at a rally."

Leeds, who habitually dresses in conservatively tailored suits, and Sicilia, a natty, impeccable dresser, concurred on the final point. "You have to do things with taste."

Taking Care of Business
 by Del Shields

We had occasion recently to talk with a very knowledgeable record man. (In this business one talks only with "knowledgeable" record people. This is one industry where there are no ignorant people. There are only "knowledgeable" people. If a record doesn't sell it is not because the company and its talented staff were not "knowledgeable." It is generally the fault of a dumb public who possesses no taste.)

This "knowledgeable" record man pointed out that during the aftermath of Dr. King's assassination, there was a flood of records dedicated to the fallen leader. Unfortunately, according to our source, very few sold.

At first, we suffered with sharp disbelief that the public did not allow their conscience to motivate as well as influence their record buying. Then, it became clear that the name of Dr. King was not exactly exploitable in terms of records.

I began to give some thought to this proposition of why these records did not become chartbusters. And I thought of the hypocrisy of our lives in terms of being honest, straightforward American people.

It could not have been that all the records were bad. It could not have been that the arrangement of the tune and the production was not up to par. It could not have been that the companies did not place the usual amount of publicity and merchandising behind their product.

The only conclusion I could come to was that there were a lot of people who possibly felt that they no longer needed to remind themselves that America's loss was in reality humanity's loss. The death of Dr. King could only be forgotten if we did not recall this man's great work and the legacy of

penetrating and thoughtful messages he left behind.

Brought Formats to Mind

It brought to mind the pursuit of the maniacal and sterile music formats of most of our stations. In a time when America needs to be constantly reminded of truth, we, radio stations, record manufacturers and others failed again to meet the challenge.

Most of the records dedicated to Dr. King never should have been sold. They should have been given away as mementos to keep us reminded of our loss.

Radio stations should have been challenged to play one of these records each hour on the hour to educate the listeners to their responsibility to listen and learn what Dr. King actually meant to America.

Instead, records were produced, released and treated to a minimum amount of merchandising without any of our "knowledgeable" record people making a sincere effort to see that these records were given more than token promotion.

One could not expect music directors or station managers to make a stand in the name of justice. It was too much to ask the record industry to use its vast influence to help make a contribution to keep an idea burning that would help all of mankind.

It was too easy for our "knowledgeable" record people to say that the public just did not want to hear any more about "Why the King Was Dead."

And yet we continued to merchandise "soul" as a crass gimmick to identify music of a people who seek only truth and a chance to shake hands with mankind.

What Greater Soul Music?

What greater soul music could one ask for than records and songs dedicated to Dr. King? And what greater message of soul than his "I Had a Dream" and "I've Been To The Mountain Top"?

Perhaps our knowledgeable record people will realize that this billion dollar industry has a few other responsibilities than turning out "good" records. Since we have become one of the greatest influencing institutions in this country, could not our vast machinery be used to influence some of the non-"knowledgeable" people in this country through song?

There is something wrong with an industry that can sell a million records in 10 days and establish trends almost overnight, and yet cannot understand that it can play a formidable role in helping America to make Dr. King's dream come true.

Impulse Inks Mrs. Coltrane

Alice Coltrane, widow of the late musician John Coltrane, was signed last week to an exclusive recording contract with Impulse Records, announces Bob Thiele, Director of A & R for ABC Records, parent of the jazz label.

Mrs. Coltrane, noted pianist and harpist, will record her own original material as well as compositions left by her late husband. In addition, Impulse Records will acquire tapes made by John Coltrane which were in the possession of his wife. These tapes will be issued on the Impulse label. Negotiations for Mrs. Coltrane's recording contract were made through Coltrane Recording Corp. and all recordings released by Impulse made by John Coltrane and Alice Coltrane will carry a special Coltrane Recording Corp. logo.

Jamal Conference

Ahmad Jamal, pianist whose exclusive signing with ABC Records and Impulse Records was recently announced, conferred last week with (standing left to right) Bob Thiele, ABC's Director of Artists & Repertoire, Warren Stephens, Jamal's manager, and Larry Newton, President of ABC.

COAST CAPERS

record world

by Jack Devaney

Epic's Sly and the Family Stone prove there's quite a bit to a name. First of all, the group's staging is clever. Secondly, they are indeed a unified, tight-sounding act. Thirdly, their overall effect on an audience is gem-like. This was demonstrated at a recent Pinnacle Shrine Concert where they performed their past smash, "Dance to the Music," as well as their new chart-climber, "Life."

Jack Devaney

The Glen Campbell stage show has been a blockbuster, according to sales reports. His West Coast debut at the Orange County Fair turned away crowds for lack of seating . . . Diana Ross and the Supremes drew 18,537 patrons at recent Forum concert. Shorty Long and Stevie Wonder were also on the bill . . . Too Hot to Hold is Jackie DeShannon's new Imperial single, "The Weight," produced by Green and Stone. This will positively put Jackie at the top of the charts. Tune is penned by J. R. Robertson, a member of the Big Pink, Dylan's band . . . Pete Fountain has signed with Eternity's Children for an appearance at his newest New Orleans club, Storyville. The group's disk, "Mrs. Bluebird," is a hit as most program directors have discovered . . . Vance Records celebrated their half-year anniversary. New product will include LPs by Kaye Stevens and new artist Dennis Olivier. This label is now in full swing.

Dj Roy Elwell is back on KRLA . . . Venture Records has a big charter with the Ballads' "God Bless Our Love." Prior to that record, Calvin Arnold had a moderate success. New Venture product is the heaviest yet. The Southwind single, "You've Been on My Mind," is a strong entry. The group will travel to Canada for a five day stint . . . Hugo Montenegro will score new Screen Gems series, "The Outcasts" . . . Barbara McNair captivated opening night crowds at Century Plaza's Westside room last week . . . "Meet Anna Black," new Epic vocalist who created a stir at label's Vegas convention, was produced by Jackie Mills for Wednesday's Child Productions. Mills is now producing a large

roster of artists and is looking for strong material . . . Revue artist Lee Charles has come up with a very soulful single, "Someone, Somewhere." Watch this one soar up the R&B charts. Tremendous production by Gerald Sims . . . Ronnie Granger, Field Promotion Manager for Capitol, is on two-week, seven-state trek. Patti Drew has duplicated her "Tell Him" success with "Working on a Groovy Thing." Capitol sure can put out solid R&B product. The Nancy Wilson disk, "Face It Girl," should be a Top 10.

The Bee Gees and Spanky and Our Gang will appear at the Hollywood Bowl on Saturday in what promises to be one of the best concerts of the summer . . . Bill Medley has been booked on the Bob Newhart gig at Melodyland Theatre for two performances this month. "Brown-Eyed Woman" is sheer blue-eyed soul . . . The Sunshine Company's "On a Beautiful Day" is a national breakout, as is Marvin Gaye and Tammi Terrell's "Your All I Need To Get By" . . . Philips' the Hello People are fantastic musicians. Their LP and single is steadily picking up and should be a giant seller . . . Al "Jazzbo" Collins hosted a breakfast at Dublin's last week. Al is now on KMET (FM).

Chuck Reynolds hosted a party also last week. Letterman Tony Butala, personality Mike Blodgett and singer Jackie Fontaine (she'll sing in the forthcoming Libby Holman movie) guested. Reynolds will appear in the Columbia flick, "Four Women in Black" . . . Erma Franklin, Aretha's sister, deserves more attention. Gal has great voice . . . Dick Clark's "Happening '68" is happening weekday on TV . . . O. C. Smith is on his first European tour.

Skye Launches 'Discovery Series'

NEW YORK — Following through on its originally stated objective of bringing new artists to the attention of the record-buying public, Skye Records will launch its new LP "Discovery Series" this August.

The series, whose first two releases will feature drummer-turned-singer Grady Tate ("Windmills of My Mind") and conga-player Armando Peraza ("Wild Thing"), will be packaged in single-fold jackets and volume-priced at \$4.79 list. Skye's regular line, in double-fold jackets, is priced at \$5.79.

The new price - and - bulk-trimmed package will enable the albums to be sold in a greater number of retail outlets, particularly those serviced by rack-jobbers, who need bulk kept to a minimum. However, the high level of production values which has won acclaim for Skye's regular releases—including precision engineering and packaging details such as acetate lamination and full-color front and back—will continue unchanged.

Hirt Free Concerts

Al Hirt will conduct a series of free concerts for children from poor areas under auspices of The President's Commission on Youth Opportunity, starting July 30 at Hirt's Club in New Orleans before 500 youngsters. RCA's Hirt will also provide refreshments.

Near 40 Countries at Warner Meet

(Continued from page 3)

On Friday, July 19, guests met at 2 p.m. for a fall product presentation at the resort's new Convention Hall. The filmed presentation was an elaborate 2½ hour preview of coming album releases for August and September. In many cases, advance pressings of the albums were distributed for the guests' personal use.

Speakers at the fall product presentation included: J. K. ("Mike") Maitland, company President; Dick Sherman, National Sales Manager; Mo Ostin, Reprise General Manager; Joe Smith, Warner Bros. General Manager, and Joel Friedman, Director of Merchandising.

A 'Now' Label

In his opening address, Friedman commented that the Warner Bros.-Seven Arts company has acquired the reputation of a "Now" label and will continue in the future to keep pace with the frequent and rapid changes of the record industry.

President Maitland asked that all of the international licensees present stand, and the number of people who rose dramatically emphasized the scope of the international business of the label. He also thanked the distributors present for their past performance and expressed his confidence in the job they would do with the up-coming product.

Dispelled Martin Exit Rumors

Mo Ostin dispelled the rumors that Dean Martin was leaving the label and played the new Martin single, "April Again." He also played the new Tiny Tim single, "Bring Back Those Rock A Bye Baby Days," which marks a departure for the artist and should take him out of the "novelty" class.

Joe Smith announced the release of a new Bill Cosby album and the signing of Rod McKuen as an exclusive Warner Bros. recording artist.

Dick Sherman reported that the Warner Bros.-Seven Arts labels had more chart records than any other label over the period of the last two years. He also assured distributors that the firm would continue to back up their product with strong advertising, promotion and sales programs.

That night, the company's 10th anniversary banquet was held at the resort and opened with a short welcoming speech by Maitland. The banquet, like all other activities at the three-day meet, was informal in dress and the wives and children who

accompanied some of the attendees were invited.

10-Year Awards

Special 10-year awards were presented to Art Godwin, Godwin Distributing Co., Atlanta; Joe Liptak, Tell Music Distributors, Madison, Wisconsin and Bud Lampe, Commercial Music Co., St. Louis. "Good Guy Awards" were earned by Al Bramy, Melody Sales, San Francisco; Gene Patch, Heilicher Bros., Minneapolis; Vic Faraci, M & S, Chicago; Gordon Dinerstein, Music Suppliers, Boston; Bill Burton, B&K Distributing, Dallas, and Nick Camponella, Alpha Distributing, New York.

Honored, too, were 10-year company veterans Gene Benson, Stan Cornyn, Lowell Frank, Joel Friedman, Matt Gilligan, Walter Kiernan and Ed West.

Don Ho and the Aliis, headlining in Honolulu, were flown to Kauai to entertain at the banquet. Immediately afterwards they returned to Waikiki for their regular Friday night shows.

On Saturday, July 20, vari-

ous meetings and seminars were held at the resort.

Two of these meetings of special interest were a morning one chaired by Bill Casady, National Promotion Manager, who discussed some of the company's new-found approaches to album and single promotion. Phil Rose, Vice President and Director of Overseas Operations, held an informal get-together with the foreign licensees in attendance.

That night, and still on the beach, the company hosted a cocktail party and an orthodox, old-fashioned Hawaiian luau which ended the convention.

Feller Exits RCA

LOS ANGELES—Sid Feller, who joined RCA Victor Records as an A & R producer last April, has departed the label to return to the independent field as an arranger-conductor.

Prior to joining RCA, Feller arranged & conducted for such artists as Nancy Wilson, Matt Monro, Jim Nabors, Vikki Carr and Ray Charles, among others.

Colgems Inks 'Maya' Star Sagid Khan

Sagid Khan, young Indian teen idol, has been signed to the Colgems label, manufactured and distributed by RCA Records.

Sagid's debut single, "Hey Ram," has been rushed into immediate release to coincide with the extensive in-person appearances Sagid will make on Dick Clark's television programs, "It's Happening," "American Bandstand" and "Happening '68." On the more than 14 dates booked, Sagid will specifically promote his new single recording.

Although Sagid's career in this country has been limited, he starred in the American television series "Maya." His career as a performer began in India when he was three years old. He made his debut in a movie titled "Mother India" which was being directed by a Mehboob Khan who was later to become Sagid's adopted father and mentor. Sagid's second film, "Son of India," established him as a promising new star. However, his next movie, "Maya," which brought the American television series "Maya," was the turning point in his career.

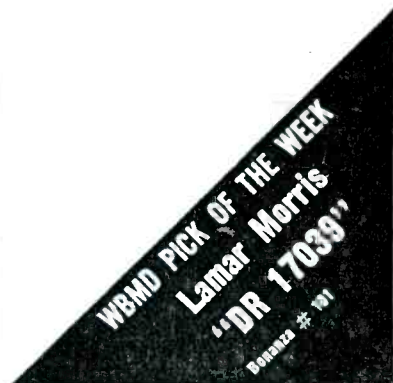

Aretha's Gold Record

Aretha Franklin set a new mark for the record industry last week when her Atlantic single, "Think," was certified as a million seller by the RIAA.

It marks the sixth gold record earned by Miss Franklin for million-selling singles on Atlantic in the last 18 months. This is the highest number of gold records ever garnered by any female singer for singles. Only the Beatles and the Monkees have earned more gold records for million selling singles. Aretha has also received a gold record for her \$1,000,000 Atlantic LP, "I Never Loved a Man The Way I Love You."

AT WARNERS CONVENTION: top, from left, are Mike Maitland, President, Warner Brothers-Seven Arts Records, Mo Ostin, VP-General Manager, Reprise; Joel Friedman, right top, VP-Director of Merchandising, Mr. and Mrs. Bob Greenberg, Associated Record Distributors, East Hartford, Conn.; Dick Sherman, right bottom, National Sales Manager for Warners-Seven Arts, Tony Valario, Melody Sales, San Francisco, Gene Patch, Heilicher Brothers, Minneapolis, Gordon Dinerstein, Music Suppliers, Inc., Boston; Bill Casady, bottom left, National Promotion Manager for Warners-Seven Arts, Vic Faraci, Sales Manager, M.S. Distributing, Chicago, Ted Ponseti, District Sales Manager.

New Finley Corp.

Finley is guaranteeing a 48-hour delivery on all cartridge product to distributors.

Jerry Tenney, head of Omega, said, in confirming his participation in NAL activities, "An agreement in principle has been reached, subject to the execution of a satisfactory contract."

Finley stated that his reason for leaving ITCC was a policy difference with ITCC board chairman Earl Smalley.

VMC Distrib Deal

VMC Records, a subsidiary of Vance Music Corporation, has concluded its first distribution deal outside the U.S., with Phono Disc Ltd. of Toronto set to handle all Canadian releases of VMC artists.

Deal was signed by Steve Vail, President of VMC, and Don McKim, President of Phono Disc in Toronto, last week. Vail is now in negotiation with firms in Europe, Asia and Latin America to handle VMC label, he said.

Lucas: Commercials As Trend-setters

David Lucas, successful musician and composer for the commercial field feels that commercials needlessly too often lag behind the pop record field; although times are a-changing.

Lucas realized through his extensive work with top agencies the potential that research departments fostered by these agencies might have in helping to predict directions modern music will be taking.

"Research currently provides agency clients with information as to what the public would like to see in future products. Clients are then able to better

direct development of their products towards public tastes and desires. This research concept is of major importance in the creation of new consumer products, and should be just as influential in the creation of tomorrow's music," he notes.

"Commercial music producers taking advantage of this sophisticated tool of trend predictions would then be able to direct their creativity towards a specific sound, and, rather than jumping on to the tail of a current pop fad as is often the case, they would be able to lead the way. Incorporation of this unique tool will also enable commercial and popular music producers to save a substantial amount of time and money now wasted by misdirected talent."

The conventions will commence in the afternoon. There will be a break for a buffet dinner in the early evening, and dealers are invited to stay.

Walter S. Woyda, General Sales Manager of the Philips Records group, said, "This is the first time that we have en-

tered into a major project of this nature. We have planned these presentations in an entirely new way so that our dealers will not only be able to see and hear the outstanding material we have for the autumn—but also to see major Philips group artists and those from our associated and distributed labels."

French comic Henri Salvador has waxed the Tremeloes' hit, "Helule, helule," published here by Tutti on the Rigolo label, whose distribution is handled by Barclay. I got the news from Max Enfuchs, a Tutti exec, who also told me that they had a special plan for the fall in the form of what he called "A new concept in orchestration mostly based on percussions" which will be named EPTA. This very secret thing (what else can I call it?) will be released on Philips . . . Gilbert Bécaud has a new one out including two Pierre Delanoé-penned songs, "Le magasin d'Antiquités" and "Sur le pont des Invalides," and one by Louis Amade, "On prend toujours un train pour quelque part." This is on Gilbert's own label, Dimensions . . . "Tous les arbres sont en fleurs" is the name for Nana Mouskouri's next chart-topper. It's the French version for "Honey," and I hope it will do as well over here as Bobby Goldsboro's song did in the states . . . Herb Alpert's "This Guy's in Love with You" is the song that's clicking here fast. Alain Stephan loves the song, too, and he'll take care of it in French with "Oh je suis bien" (Riviera) . . . Philips newcomer Anna Saint-Clair will attend the first Olympiades de la chanson to be held in Athens July 22 to 27 with "Il y aura toujours des fleurs" composed by Jean Claudric and Pierre Cour . . . Régine's swingin' with her latest, "La boule au plafond" . . . The May events in France have inspired the waxing of a single by "Le Comité d'action du théâtre de l'Épée de Bois" released on Polydor and ironically named "Ah ! le joli mois de Mai à Paris" (What a lovely month May was in Paris) . . . Joe ("Hangin' On") Simon to be in Paris on Nov. 4 for the first Newport Festival in Europe, along with Muddy Waters . . . Philippe Rault joined the International Barclay promotion team.

Holland Happenings

By WILL J. LUKINGA

Inelco released the latest Elvis Presley RCA single, "Let Yourself Go"/"Your Time Hasn't Come Yet Baby," two songs from the film, "Speedway." José Feliciano, still popular from his visit, made a new album simply titled "Feliciano," including "Sunny," "California Dreams," "And I Love Her" and others . . . Richard Harris' "Mac Arthur Park" seems to be a hit in Holland, too. Inelco's publicity manager Pierre Dam bought an original painting of Shalom Lixenberg to be reproduced and used for "Mac Arthur Park" . . . During the next months singer Liesbeth List will often be heard outside the Netherlands. In August she will participate in the Split Festival, Yugoslavia, and the annual Sopot Festival, Poland. Immediately after her performance in Sopot, Liesbeth will travel to Russia for a three-week tour. At the end of September Miss List will find herself in Rio de Janeiro for a 10-day Pop Festival. The first album of the After Tea was recently released by Decca, London. This is the first LP of a Dutch group on the British market. The LP was released in Decca's Ace of Clubs series . . . "Abergavenny" by Marty Wilde will be a definite smash in Holland. Stations are playing the record day and night. Marty was with the British team in the Knokke Festival (Belgium), and TV shows from the festival will give the record an extra push, while Marty will visit Holland for TV here . . . Harry Castle of Pye Records visited Ngram Director Robert Oeges to discuss the plans for Pye's new season. Ngram Delta will tie in with the release of newly recorded LPs by almost all leading Pye artists. Best results are expected from "Tomorrow Is Another Day" by the Ivy League, "Picturesque Matchstickable" by the Status Quo and albums by Dave Davies, the Foundations and the Kinks . . . Iramac is promoting the latest release by Greek folk singer Costa Cordalis on the Bellaphon label. Another new Bellaphon album is by Hans Hansbauer. On its Deryn label, Iramac is pushing a new group to the top of the charts. After being successful with the Sandy Coast, the Outsiders, the Left Side and Sammy Soul Set, the Scouts from Opmeer are heading up with their first effort, "I Wonder Why" . . . "No summer season in the Gramophone house of Bovema," reports Kick Klimbie of the European Department, "because the sales are extremely high."

O'Brien Office Swinging

NASHVILLE — Activity is singing out at the Dottie O'Brien office with the signing of Doug Kershaw to a management pact, Larry Butler to agency representation and the production of an LP for songstress Norma King.

Kershaw is a well known songwriter with over 100 recorded songs in pop and country during the past year. Before the Cajun craftsman became a solo act, he performed with his brother as Rusty and Doug. As a single, Doug has created excitement in clubs across the country with his custom-made electric Cajun fiddle and some 25 other instruments which he plays. He currently has dates for Shreveport, the Holiday Hotel in Reno and a guest spot pending on the Smothers Brothers show. The O'Brien office is negotiating for an early release of his recent recording session.

Butler, who records for Imperial and is noted for his piano, is also a successful independent producer. Butler is a professional manager for Cedarwood Publishing Co. in Nashville.

Miss King, with Dottie O'Brien producing, has done something a little different: perhaps the first LP session in Music City which could be classified as up-town sound in the good music or easy listening vein. Miss King recorded two original

Dottie O'Brien, Doug Kershaw

songs, "The Innocence of Me" and "What Is She Like," plus "Break My Mind," "It's My Time," "Sunny," "Walk On By," "Shadow of Your Smile," "Why Did I Choose You," "I'm Glad There Is You," "Coloring Book," "I'll Remember April" and "Sweet Dreams." The LP was the result of six weeks of planning for the session. Norma was recommended to Dottie O'Brien by friends. Miss King is extremely happy with the sound and treatment received in Nashville.

Although originally from San Diego, Miss King has just finished a pilot film for a syndicated TV show out of New Orleans. Miss King hopes, too, to do comedy on Broadway.

background as well as doing some of their own song and comedy routines which won them acclaim in the night club circuit throughout the west and north-west part of the USA.

Miss Wood feels she is fortunate to have the duo going with her not only as companions but because of the exciting shows the Del Wood Trio will be able to render to their audiences when they open August 1 in Bangkok, Thailand. On Aug. 5 they will appear in Saigon and from there go to the Philippines, Taiwan, Okinawa, South Korea and Japan. Del hopes to appear on the Toyko Grand Old Opry. This Far East tour will be from six to 10 weeks, depending on the Viet Nam situation.

While Del is on her Far East tour, Howdy Forrester of Acuff-Rose Artist Corp. will be completing final arrangements for Miss Wood to tour England and Ireland in late October. Del records for RCA under the baton of Chet Atkins, and her current album release is "The Best of Del Wood."

Country on the Continent

By MURRAY KASH

The first of the **Bobbie Gentry** series for the BBC went out this week with latest British country-folk entertainer, **Don Partridge**. The show should do a lot to establish Bobbie in this part of the world. Don was a good choice, as he is a very hot property at the moment. He is the one-man band (drum, cymbals, mouth-organ, guitar), former street entertainer who has now had two hit singles in the charts in the last few months. His "Blue Eyes" (Columbia) is still in the Top 20.

Johnny Cash's name is coming up all over the place. Frequent plays of his "Folsom Prison Blues" (CBS); good reviews for his "Old Golden Threat" LP; the latest and most unexpected source where the Cash name showed up, the National Film Theatre! They are distributing the Playback series, made in the states in 1963, and now available to its members. This was the series of interviews that CBS President Goddard Lieberson made with CBS artists for television. There should be a great demand for this 16mm. film by the many British Cash fans . . . **Clinton Ford's** latest for Pye, "Give a Little, Take a Little Love," mighty catchy tune. Could be a big seller . . . "Divorce" by **Tammy Wynette** on CBS getting lots of airplay. Would be nice to see her repeating her American success with this British debut . . . **Hillsiders** busy planning their next LP for RCA; their first since their Nashville album with **Bobby Bare**. Meanwhile, they are active every week in their home town of Liverpool. In September they are booked in a number night-clubs around the countryside . . . Air spins for **Charley Pride's** "The Easy Part's Over Now"; **Dottie West's** "That's Where Our Love Must Be"; **Glen Campbell's** "Dreams of the Everyday Housewife" . . . From Scandinavia news of single releases by **Skeeter Davis** called "How in the World" (RCA), and **Claude King's** "Ninety Nine Years" (Columbia), both well received.

Herman De Geyter doing a

marvelous job for country music in Belgium. He has prepared and presented over 100 programs for a local radio station, Radiodistributie Aalst, but is now heard regularly on the nation-wide BRT GENT. Herman's show has proved so popular that a second C/W show is now in preparation that will be broadcast on Wednesday afternoons. This is aimed at the teen-agers who are out of school at that time. The top group in Belgium, the **Milk and Ice Cream Skiffle Group** (MAICS, for short), is headed by **Texas Kitty Prins**, who also does a country music program on Belgian radio. They need U. S. country music releases.

Starday's New Truckers Display

MADISON, TENN. — A new Starday record merchandising additive, PTD50-1, has been introduced to Starday distributors and is now available to rack merchandisers, one stops and record dealers everywhere.

Col. Jim Wilson, Starday VP of Marketing, stated: "PTD50-1 is a special truck driver album prepack consisting of an assortment of 50 stereo best-seller Starday truck-driver albums packaged in a colorful, attractive, sales-rousing pre-assembled browser display and is shipped, self-contained, in a specially constructed outer carton.

"The pre-pack is designed for use in many normally non-record outlets to include truck stops, cafes, gas stations, etc. Starday pioneered the truck-driver album concept, and a recent market survey and pre-tested in southern markets indicated the demand for a merchandising aid such as PTD50-1 to promote the availability and to call attention to special recorded concepts."

Donna Jean's Homespun Humor Reaches Epic Proportions

HOLLYWOOD — Who would think homespun stories of East McKeesport, Pa., would ever reach Epic proportions? Bucky Searles did when he produced one of Epic's leading comedy LPs, "Donna Jean Young—Live from East McKeesport." Bucky foresaw his wife's growing stature in show business as guaranteed sales.

Donna, who started as a singer and dancer, accidentally discovered she could also make people laugh simply by mentioning her home town at a Village Barn engagement in New York. East McKeesport soon became the two funniest words on our map.

Performing seven nights a week, Donna's East McKeesport routines began packing the club. Before Miss Young had time to say the words East McKeesport again in that club, she found herself on the Merv Griffin TV show and soon became one of Merv's most requested personalities. Her ingenuous humor showed next on the "Hollywood Palace," the Dean Martin show, Jonathan Winters, "Operation Entertainment," Joey Bishop and other TVers.

In Drug Stores, Bakeries, Etc.
The LP is probably the only one available for sales in the East McKeesport drug store, stationery store and, yes, even the bakery. Distribution in the

town is set up by Mayor Hubacher who has already presented Donna Jean with two keys to the city.

The Epic album was cut live at the town's junior high school auditorium. Donna's LP is being reordered everywhere, and it's evident that it will become a library album, one which will be played for years to come.

Prospects for the comedienne now include another album, a possible single, a Broadway play and perhaps even her own TV show.

"The only other individual to bring East McKeesport some historical value was Cyrus Butterfield, who threw a going-away party for Custer before the Little Big Horn affair," Donna Jean informed me.

Ernie Sings Way Thru College

Ernie Rowell is working his way through college in an unusual way. A freshman at Auburn University in Auburn, Ala., Rowell has just released his fifth recording on the Blue Creek label, "Goodbye World." The 18-year-old student has participated in choral groups since he was 12 and plays both drums and guitar; however, he has never studied music and, ironically, is not a student of music at Auburn.

Ernie appears regularly on Saturday night at Blue Creek Alabama's Recreation Center, a popular square dance pavilion near Dadeville, Ala. The Center attracts audiences from miles away as well as top country music artists as guests.

It is through these personal appearances and his recordings that Ernie is working his way through school.

Ernie is most interested in the "urbanized country sound" rather than the "twangy" rural country music. His goal is to become a top country singer; but in order to have more than one way to make a living, he is studying in the School of Education in the Department of Health, Recreation and Physical Education and will get his degree in that field so that he can teach. It is possible that he may combine his college degree, since recreation is a part of his major, with his musical career.

Smith's Dixie Junket

HOLLYWOOD — Dallas Smith, exec A & R producer for Liberty Records, has returned from Atlanta, where he supervised etching of the debut

LP of label's newly inked foursome, December's Children. Smith describes group as a classical-contemporary, vocal-instrumental combo that is constantly "inventing" new sounds.

LP Salutes Hall

Billy Walker's new Monument album, "Billy Walker Salutes the Country Music Hall of Fame," was presented to Mrs. Jo Walker, Country Music Association Executive Director and Mrs. Dorothy Gable, Director of the Country Music Hall of Fame. From left are Mrs. Dorothy Gable, "Boots" Walker (Mrs. Billy Walker), Billy Walker and Mrs. Jo Walker. Selections from the LP salute hits made famous by Hall of Fame members.

NASHVILLE — Bob Holladay of Robert L. Holladay Promotions became a parent on July 20 when his wife, Dianne, gave birth to a baby girl whom they have named Shannon Diane.

Murray to Capitol Industries Board

HOLLYWOOD — James W. Murray has been named to the Board of Directors of Capitol Industries, Inc., and its Audio Devices, Inc., subsidiary.

Glenn E. Wallichs, Capitol Industries Board Chairman and Chief Executive Officer, viewed the move as "a significant step in our continuing efforts to strengthen and deepen management capabilities on all levels. Mr. Murray will take an active part in Audio Devices' management policy."

Murray retired recently as Chairman of the Board and Chief Executive Officer of General Precision Equipment Corp.

Cap's Davis Retires

HOLLYWOOD — Donald D. Evans, Manager of Capitol Records' Scranton (Penna.) plant, has announced the retirement of Richard E. Davis as the plant's Controller. Davis joined Capitol in February, 1951, as Assistant Controller and was promoted to Controller in October, 1962.

Effective July 1, Martin Hanczyk, Accounting Supervisor, assumed the duties of Davis.

Smith's 'Watermelons' Ripe for a Hit

NASHVILLE — Newcomer Sam Smith's hand-clapping disk debut for Nashwood Records of "A Truckload of Watermelons" promises to be a strong entry on the C&W scene.

Following the label's initial release of "Granny's Mini-Skirt" by "Beverly Hillbillies" star Irene Ryan, "A Truckload of Watermelons" was penned by pop winners John D. and Bonnie Smith and produced by gospel music master Wally Fowler and exec-promotion whiz Rick Shea. Charlie Lamb Corp. is handling promotion of the disk.

French comic Henri Salvador has waxed the Tremeloes' hit, "Helule, helule," published here by Tutti on the Rigolo label, whose distribution is handled by Barclay. I got the news from Max Enfuchs, a Tutti exec, who also told me that they had a special plan for the fall in the form of what he called "A new concept in orchestration mostly based on percussions" which will be named EPTA. This very secret thing (what else can I call it?) will be released on Philips . . . Gilbert Bécaud has a new one out including two Pierre Delanoé-penned songs, "Le magasin d'Antiquités" and "Sur le pont des Invalides," and one by Louis Amade, "On prend toujours un train pour quelque part." This is on Gilbert's own label, Dimensions . . . "Tous les arbres sont en fleurs" is the name for Nana Mouskouri's next chart-topper. It's the French version for "Honey," and I hope it will do as well over here as Bobby Goldsboro's song did in the states . . . Herb Alpert's "This Guy's in Love with You" is the song that's clicking here fast. Alain Stephan loves the song, too, and he'll take care of it in French with "Oh je suis bien" (Riviera) . . . Philips newcomer Anna Saint-Clair will attend the first Olympiades de la chanson to be held in Athens July 22 to 27 with "Il y aura toujours des fleurs" composed by Jean Claudric and Pierre Cour . . . Régine's swingin' with her latest, "La boule au plafond" . . . The May events in France have inspired the waxing of a single by "Le Comité d'action du théâtre de l'Épée de Bois" released on Polydor and ironically named "Ah ! le joli mois de Mai à Paris" (What a lovely month May was in Paris) . . . Joe ("Hangin' On") Simon to be in Paris on Nov. 4 for the first Newport Festival in Europe, along with Muddy Waters . . . Philippe Rault joined the International Barclay promotion team.

Holland Happenings

By WILL J. LUKINGA

Inelco released the latest Elvis Presley RCA single, "Let Yourself Go"/"Your Time Hasn't Come Yet Baby," two songs from the film, "Speedway." José Feliciano, still popular from his visit, made a new album simply titled "Feliciano," including "Sunny," "California Dreams," "And I Love Her" and others . . . Richard Harris' "Mac Arthur Park" seems to be a hit in Holland, too. Inelco's publicity manager Pierre Dam bought an original painting of Shalom Lixenberg to be reproduced and used for "Mac Arthur Park" . . . During the next months singer Liesbeth List will often be heard outside the Netherlands. In August she will participate in the Split Festival, Yugoslavia, and the annual Sopot Festival, Poland. Immediately after her performance in Sopot, Liesbeth will travel to Russia for a three-week tour. At the end of September Miss List will find herself in Rio de Janeiro for a 10-day Pop Festival. The first album of the After Tea was recently released by Decca, London. This is the first LP of a Dutch group on the British market. The LP was released in Decca's Ace of Clubs series . . . "Abergavenny" by Marty Wilde will be a definite smash in Holland. Stations are playing the record day and night. Marty was with the British team in the Knokke Festival (Belgium), and TV shows from the festival will give the record an extra push, while Marty will visit Holland for TV here . . . Harry Castle of Pye Records visited Negram Director Robert Oeges to discuss the plans for Pye's new season. Negram Delta will tie in with the release of newly recorded LPs by almost all leading Pye artists. Best results are expected from "Tomorrow Is Another Day" by the Ivy League, "Picturesque Matchstickable" by the Status Quo and albums by Dave Davies, the Foundations and the Kinks . . . Iramac is promoting the latest release by Greek folk singer Costa Cordalis on the Bellaphon label. Another new Bellaphon album is by Hans Hansbauer. On its Deryn label, Iramac is pushing a new group to the top of the charts. After being successful with the Sandy Coast, the Outsiders, the Left Side and Sammy Soul Set, the Scouts from Opmeer are heading up with their first effort, "I Wonder Why" . . . "No summer season in the Gramophone house of Bovema," reports Kick Klimbie of the European Department, "because the sales are extremely high."

Aliza a Likeable One

NEW YORK—Aliza (“Hello, pippie!”) Kashi, who debuted entertainingly at the Royal Box of the Americana Hotel last week (23), is a kind of Israeli Carmen Miranda.

Murdering the English language and several others during her act (“I would like to welcome yourselves,” “Oh, you’re so hips tonight,” etc.), the comelier thrush is not, however, quite as bizarre a dresser as the late Brazilian Bombshell. Although there are comparisons. Miss Kashi employs an all-purpose silver gown that she continually takes apart and gets to wrap around all of her except her mouth. Instead of a garden of bananas for a crown, Miss Kashi has an erupting volcano of large curls.

The Jubilee recording stars opens with “Ay-Ay-Ay I Didn’t Know What Time It Was,” and it is soon time for some overly familiar club items like “Born Free,” “Come Back to Me,” “If I Were a Rich Man” and “Mala Femina”—giving an impressive dramatic reading on the latter, in particular, with the assistance of some very emphatic Italian. She also gets off “The Fool” and “God is Alive,” a pair of Don Christopher lyrics, and another oft-done favorite that comes out sounding like “By the Time I Get to Felix.”

By me, though, she’s alright. Her singing is respectable; but the quality that sets the gal apart is her showmanship—something Miranda also had from fruit to wedgie. She is quick, almost compulsive of tongue, even if it’s tangled some of the time, and has a comedienne’s sharp timing. In-

deed, Miss Kashi plays with her audience as much as she sings to them, and is wise to do so. She’s good at it.

While her repertoire consists mostly of the “big” pop tune and may not be very adventurous, she does not otherwise sop to her audience. There is a tang to her nature—which is basically a good and warm one—that comes across refreshingly. “I am now going to sing a song from ‘Fiddler on the Roof,’” she announced at one point. “Everybody say, ‘Ahhh!’” Talking to painter Dong Kingman at ringside, she asked, “Kingman—that’s a Chinese name? Usually names that end in ‘man’... Look up your trees. Maybe you’re wrong.” And when someone requested “Never on Sunday,” she replied, “I don’t believe in dot.”

Although sometimes accused of being a shade too ebullient during her many appearances on the Merv Griffin TVer (where she was discovered), she has smartly modulated her current performance to just the right pitch of impulsiveness.

Miss Kashi closed with a medley of American standards in various languages—“I keel them!”, she shrugged. But it’s a pleasant way to go.

A Pierce 'First'

Webb Pierce has his first single record to be pulled from an album.

Pierce started his trail of hits in 1953 with his #1 recording of "Wanderin'." In the past decade and a half, his number one hits have been too numerous to mention; however, the most recent #1 tune for Webb was "Fool, Fool, Fool," the title song from one of his current best-selling albums. Decca field reps reported that popular demand was being created by djs across the nation playing two cuts in this album, "Stranger in a Strange, Strange City" and "In Another World," and, therefore, Decca released these two cuts as a single.

Because both of these were receiving such strong reaction, the record has kept everyone wondering which side is going to be the side. It's evident now that "Stranger in a Strange, Strange City" is going all the way.

RCA's Bobby Bare returned to his old stomping grounds of Southern California with a KBBQ-Los Angeles sponsored appearances at Tommy Thomas' Palomino Club in North Hollywood last week. The popular hit-maker lived in Los Angeles and Hollywood for 10 years and enjoyed his first taste of success as an RCA artist while here. His return was welcomed by many of his old friends, and he made a lot of new ones, too. Bare was backed by Red Rhodes and the Detours, the Palomino house band featuring talented Dennis Hromack. The Singing Bare was re-united with a number of old buddies such as Charlie Williams and Dick Haynes of KFOX-Long Beach, Larry Collins, Bobby George, Glen Garrison, Red Rhodes, et al. Bobby was also honored by his hometown of Irontown, Ohio, last week at a giant "Bobby Bare Day Celebration."

Eddie Briggs

Musicor artist Benny Barnes on the Coast for his first appearance in years. Benny is remembered for his big hit of "Bar With No Beer." His Coast jaunt included appearances at Jim Brogdon's 101 Club in Oceanside and the Palomino in North Hollywood. Tour was

Country music will be represented at the California State Fair and Exposition in Sacramento when Capitol's Merle Haggard and the Strangers featuring Miss Bonnie Owens appear on Aug. 2. Also on the bill will be composer-singer Red Simpson.

Two recent additions to K-BUC's countryopolitan sound are Jim Rose, formerly of WFAA in Dallas and Glenn "Big Daddy" Dean from K-BUC's sister station, K-TON in Belton, Texas.

up southwest Texas communities, not to mention the other stamp companies and radio stations.

Glen Campbell Day

HOLLYWOOD — Gov. Winthrop Rockefeller signed a proclamation naming July 13 as "Glen Campbell Day" in Arkansas. Attending the signing ceremony, held in the Governor's office, was Campbell's sister, Mrs. Barbara Frazier, of Little Rock. Campbell, born in Delight, Ark., himself gave a two-hour concert on the evening of the 13th at the Barton Coliseum in Little Rock.

O'Brien Office Swinging

NASHVILLE — Activity is singing out at the Dottie O'Brien office with the signing of Doug Kershaw to a management pact, Larry Butler to agency representation and the production of an LP for songstress Norma King.

Kershaw is a well known songwriter with over 100 recorded songs in pop and country during the past year. Before the Cajun craftsman became a solo act, he performed with his brother as Rusty and Doug. As a single, Doug has created excitement in clubs across the country with his custom-made electric Cajun fiddle and some 25 other instruments which he plays. He currently has dates for Shreveport, the Holiday Hotel in Reno and a guest spot pending on the Smothers Brothers show. The O'Brien office is negotiating for an early release of his recent recording session.

Butler, who records for Imperial and is noted for his piano, is also a successful independent producer. Butler is a professional manager for Cedarwood Publishing Co. in Nashville.

Miss King, with Dotti O'Brien producing, has done something a little different: perhaps the first LP session in Music City which could be classified as up-town sound in the good music or easy listening vein. Miss King recorded two original

Dotti O'Brien, Doug Kershaw

songs, "The Innocence of Me" and "What Is She Like," plus "Break My Mind," "It's My Time," "Sunny," "Walk On By," "Shadow of Your Smile," "Why Did I Choose You," "I'm Glad There Is You," "Coloring Book," "I'll Remember April" and "Sweet Dreams." The LP was the result of six weeks of planning for the session. Norma was recommended to Dotti O'Brien by friends. Miss King is extremely happy with the sound and treatment received in Nashville.

Although originally from San Diego, Miss King has just finished a pilot film for a syndicated TV show out of New Orleans. Miss King hopes, too, to do comedy on Broadway.

background as well as doing some of their own song and comedy routines which won them acclaim in the night club circuit throughout the west and north-west part of the USA.

Miss Wood feels she is fortunate to have the duo going with her not only as companions but because of the exciting shows the Del Wood Trio will be able to render to their audiences when they open August 1 in Bangkok, Thailand. On Aug. 5 they will appear in Saigon and from there go to the Philippines, Taiwan, Okinawa, South Korea and Japan. Del hopes to appear on the Toyko Grand Old Opry. This Far East tour will be from six to 10 weeks, depending on the Viet Nam situation.

While Del is on her Far East tour, Howdy Forrester of Acuff-Rose Artist Corp. will be completing final arrangements for Miss Wood to tour England and Ireland in late October. Del records for RCA under the baton of Chet Atkins, and her current album release is "The Best of Del Wood."

Country on the Continent

By MURRAY KASH

The first of the Bobbie Gentry series for the BBC went out this week with latest British country-folk entertainer, **Don Partridge**. The show should do a lot to establish Bobbie in this part of the world. Don was a good choice, as he is a very hot property at the moment. He is the one-man band (drum, cymbals, mouth-organ, guitar), former street entertainer who has now had two hit singles in the charts in the

Murray Kash

last few months. His "Blue Eyes" (Columbia) is still in the Top 20.

Johnny Cash's name is coming up all over the place. Frequent plays of his "Folsom Prison Blues" (CBS); good reviews for his "Old Golden Throat" LP; the latest and most unexpected source where the Cash name showed up, the National Film Theatre! They are distributing the Playback series, made in the states in 1963, and now available to its members. This was the series of interviews that CBS President Goddard Lieberson made with CBS artists for television. There should be a great demand for this 16mm. film by the many British Cash fans

... **Clinton Ford's** latest for Pye, "Give a Little, Take a Little Love," mighty catchy tune. Could be a big seller ... "Divorce" by **Tammy Wynette** on CBS getting lots of airplay. Would be nice to see her repeating her American success with this British debut ... **Hillsiders** busy planning their next LP for RCA; their first since their Nashville album with **Bobby Bare**. Meanwhile, they are active every week in their home town of Liverpool. In September they are booked in a number night-clubs around the countryside ... Air spins for **Charley Pride's** "The Easy Part's Over Now"; **Dottie West's** "That's Where Our Love Must Be"; **Glen Campbell's** "Dreams of the Everyday Housewife" ... From Scandinavia news of single releases by **Skeeter Davis** called "How in the World" (RCA), and **Claude King's** "Ninety Nine Years" (Columbia), both well received.

Herman De Geyter doing a

marvelous job for country music in Belgium. He has prepared and presented over 100 programs for a local radio station, Radiodistributie Aalst, but is now heard regularly on the nation-wide BRT GENT. Herman's show has proved so popular that a second C/W show is now in preparation that will be broadcast on Wednesday afternoons. This is aimed at the teen-agers who are out of school at that time. The top group in Belgium, the **Milk and Ice Cream Skiffle Group** (MAICS, for short), is headed by **Texas Kitty Prins**, who also does a country music program on Belgian radio. They need U. S. country music releases.
