SINGLE PICKS OF THE WEEK

The difference between the generations is the subject of "Our World" and Johnny Tillotson will generate excitement with it. The slow ballad is one of the guy's best (MGM 13408). The Tokens have dressed up the lovely "Three Bells" and it will climb the charts again (B. T. Puppy 516).

SLEEPERS OF THE WEEK

Enzo Stuarti of the gorgeous tenor will inspire many a one with his stunning version of "He," a likely prospect to catch seasonal interest (Epic 5-9861). La Reine La Mar is a new thrush with a giggle in her voice and a cute tune "Mama I Don't Wanna" (Cloud 503).

ALBUMS OF THE WEEK

Barbra Streisand has finished another of her beautifully shaded albums. Segments of her Emmy TVer are included along with other masterly cuts (Columbia CL2409; CS 9209). Also from Columbia this week is a unique record-book set, "John Fitzgerald Kennedy . . . As We Remember Him," chronicling the life of the late President through the reminiscences of his family, friends and associates. The exquisitely mounted set, retailing at a list price of \$19.95, should qualify as an important Christmas gift item and a long-lasting catalog album of historical importance. Goddard Lieberman produced the package (L2L 1017) and story appears inside.

Sherman Merc Sales Mgr. Sour Named BMI Prexy

CHICAGO — Dick Sherman, Prodit Manager of Limelight and marcy Records, has been appointed National Sales Manager of the Mercury label.

Kiny Myers, Mercury VP in charge of sales, pointed out that Sherman will continue to helm both of the all-jazz labels in addition to topping the Mercury national sales picture. Sherman will be working in cooperation with Myers.

Sherman, in stepping into the Mercury sales manager's shoes replaces Dick Bruce, who left.

Sherman started in the record industry with Columbia Records

as a district manager in the central Midwest. He was alternately moved to the important New York-New Jersey district by Columbia and from there to the Home Music Library Division. He later joined New York Record Distributors, selling premium package product nationally for the Manny Wells' operation.

Joining Mercury in 1962, he covered the Southwest as a regional sales manager. During that tenure, he opened the first non-warehousing branch for the corporation in Dallas. He was appointed National Field Sales Manager, working from the Chicago home office in June, 1964. He became Limelight product manager in January, 1965.

Sherman has a B.S. in Economics from Long Island University and an L.L.B. from New York Law School.

Sour Named BMI Prexy

The board of directors of Broadcast Music, Inc. (BMI) announced last week that it had elected Robert B. Sour President of the company and a member of its board.

Sour succeeds the late Robert J. Burton, who had been President of BMI since Jan. 1, 1964, and who died in Vancouver, B. C., Canada, in March of this year. The new president of BMI was Vice President in charge of writer administration at the time of his election. He began his career at BMI in 1940 as lyric editor.

Taylor Tours

Larry Taylor, Manager of Publisher Relations for Columbia Records, embarked on a cross-country goodwill tour Oct. 20. His first stop was the Country Music Festival in Nashville, where he attended the CMA banquet, BMI Awards Dinner and other activities of the Festival.

Going Wild

Wild things are happening to the Wild Ones of United Artists Records. UA will now be...

Sour was born in New York City. He was graduated from Princeton University in 1925, and then began working for a real estate bond house. From 1930 to 1938, he was a member of the New York Curb Exchange, and during the following year he was an associate producer for the Federal Theater.

As a lyricist, Sour contributed the words to "Body and Soul," "Walkin' by the River," "We Could Make Such Beautiful Music Together" and "I See a Million People," among others. He was named vice president in charge of writer relations in 1956.

Sour is married, the father of four children and the grand-

Acuff-Rose: An International Power

Lester Rose

John R. Brown

Joe Lucus

Bob Muskey

Howard Forrester

NASHVILLE — "Our basic principle is country music. If the pop world likes it, so much the better."

That's how Wesley Rose, President of the Acuff-Rose operations here, feels. And he can afford to, because the organization (which includes the Acuff-Rose parent pubbery, A-R talent booking and Hickory Records) has been enormously successful on the C/W scene for years and is now exerting a strong influence on the international scene, pop and country-wise—even though, like the good country folk they are, the Acuff-Rose people are first and foremost homebodies.

But they can't deny their important global importance—not with Bob McCluskey, Assistant President; not

John R. (Bud) Brown, VP; not Lester Rose, Wes' brother and Sales Manager; not Joe Lucus, Promotion Manager, Hickory; not Howard (Howdy) Forrester, Manager, Acuff-Rose Artists Corp. Nor Roy Acuff, who is still actually a 50% partner in the operation.

Hickory Records is now distributed around the world, as Hickory, although there are different companies doing the honors. There is now an Acuff-Rose London office. Continuing international expansion includes bringing in publishing affiliates in many countries; and, like the Hickory set-up, it is called Acuff-Rose around the world.

They also have world-wide booking rights for British artists Tom Jones, Donovan and Mia Lewis. Acuff-Rose also has

a working arrangement with Pye Records of England who has contributed to its growth—Donovan and the Migil 5, for instance, are heard on Pye in England, Hickory here.

A Banner Year

Nineteen sixty-five has been a banner year for Acuff-Rose in every way. The pubbery has five key writers: Roy Owsen, Don Gibson, Boudle and Felice Bryant and John Loudermilk—"I'd stack them five against any in the business," says Wesley. First Milene Music is ASCAP; Acuff-Rose is BMI.

Among the A-R copyrights the past year have been "Far and Away" as done by Al Hi-

away" and "Oh, Pretty Woman." Also, "Wreck on the Highway" and "Louisiana Man," George Jones and Gene Pitney; the Everly Brothers' "The Price of Love" (which was No. 1 in England); Stonewall Jackson's "Don't Be Angry" — a BMI Award song; Skeeter Davis' "Sunglasses"; and Don Gibson's "Again."

Acuff-Rose tunes that scored on the Hickory label include the Newbeats' "Run, Baby Run," "Birds are for the Bees" and "Breakaway"; plus Roy Acuff's "Freight Train Blues," Sonny James' "Baltimore," Johnny Wright's "Blame It on the Moonlight," Ernest Ashworth's "Because I Cared" and "The D.J. Cried."

ALBUM REVIEWS

PICK HITS

LOVE SONGS TO THE BEATLES

MARY WELLS—20th Century Fox TFM 3178; TFS 4178.

Loving readings of the Beatles tunes are rendered by pure singing and swinging Mary. Arrangements are by Joe Mazzu and stress new tempos. "He Loves You," "Do You Want to Know a Secret," "Yesterday," "Ticket to Ride." Lennon and McCartney are probably turning cartwheels over these interpretations.

TODAY'S GREAT HITS

LAWRENCE WELK—Dot DLP 3663; DLP 25663.

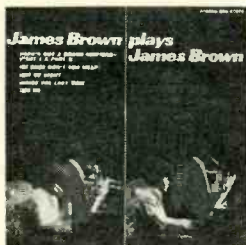

The Welk ork renders "Yesterday," "Heartaches by the Number," "The In Crowd," "Unchained Melody," "A Taste of Honey" and a cluster of others that have been popular recently and some popular in bygone days too. What Welk fans expect from their bubble maker.

JAMES BROWN PLAYS JAMES BROWN TODAY & YESTERDAY

Smash MGS 27072; SRS 67072.

Mad lad does his "Papa's Got a" in two parts and he also ranges wild and mild on some other songs. An especially attractive album piece is an instrumental called "A Song for My Father." Of course, James has dancing in mind, too, and buyers will be satisfied on that count.

ECCO

SOUNDTRACK—Warner Bros. W(S) 1600.

Riz Ortolani is the composer of the music for this latest in a line of Italian documentary films. Scorer Ortolani has written a couple of beautiful themes and then arranged them to back a variety of different spectacles of modern life. The main theme is called "You Know" and other bands sport intriguing titles like "He or She(?)"

THE NEW BOSS

JOE TEX—Atlantic 8115; SD 8115.

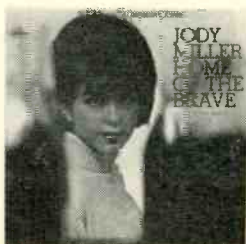

Boss sounds from one of the recent r/b click artists who now seems an established seller. Tex includes a few of his singles here along with nifties like "C. C. Rider," "King of the Road," "Detroit City" and more. The fellow sings in front of a swinging combo who put down good dance notes.

HOME OF THE BRAVE

JODY MILLER—Capitol S(T) 2412.

This young lass seems to be able to adapt her husky, all-powerful voice to country and pop tunes alike and has been doing so successfully for the past year or so. Her tunes stress loneliness and heartache in love and include "Home of the Brave," "Born to Lose," "Only Love Can Break a Heart" and eight others.

CATERINA VALENTE'S GREATEST HITS

London LL 3441; PS 441.

The international songbird reprises her best known tunes during which she signs her gay lilting musical signature. "Malaguena," "More," "The Breeze and I." "What a Difference a Day Made" are just four of the dozen songs included. Tempos vary, but never the excellence of the chanting.

THE DAWN OF CORRECTION

THE SPOKESMEN—Decca DL(7)4712.

Guys have a line in one how it's done in the current market where the "protest song—pro or con—is the thing. Lads reprise their "Dawn of Correction" and they ramble grittily through "Colours," "It Ain't Me, Babe," "Down in the Boondocks" and "There But for Fortune." Music, under Jimmy Wisner, is inventive.

ONCE IN A BLUE MOON

JOHNNY JANIS—Monument MLP 8036.

Music that playboys will want to put on for playgirls. Fellow is a reasonable baritone with an appreciation of a lyric. He does his work to the accompaniment of some just right Don Costa arrangements. The tunes are "If I Had You," "I Had Myself a True Love," "Isn't It a Pity," "Why Try to Change Me Now" and like that.

ROMANTIC ACCORDION

CHARLES MAGNANTE—Command 888SD; RS888SD.

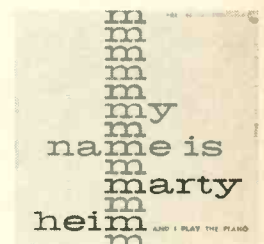

Fellow takes his accordion south of the border for some pretty musical ramblings. The songs included are "One Note Samba," "Always in My Heart," "Serenata" and all the others that go with those tunes. The playing is sentimental and crisp by turns. Beautiful sound.

MY NAME IS MARTY HEIM AND I PLAY THE PIANO

Ay-Em 1001.

Delightful ivory nudging by an inventive stylist. The fellow has his own ideas how a tune should sound and plays it like that. The songs include "I Hear Music," "Spaghetti Rag," "Green Dolphin Street," "Exodus" and more done to just the right turn.

THE PAUL BUTTERFIELD BLUES BAND

Elektra EKL 294; EKS 7294.

These lads are purveyors of some of the funkier blues heard in these parts recently. The fellows have a knack of making the blues sound at once authentic and yet extremely contemporary. Of course, there is plenty of beat abounding. "Born in Chicago," "I Got My Majo Working," "Screamin'" and others.

Club Review

Miss Clark A Pet at Copa

NEW YORK — Somewhere during the middle of Petula Clark's Copa opening the other week, a member of the audience shouted, "New York is yours." That about summed it up for the strong communication the swingy, classy Warner Bros. songstress built up on the Copa floor.

The lady, who can act a song when she wants to sock it over that way, could do nothing to displease the crowd. They cheered her "If I Were A Bell," her "My Fair Lady" medley and, of course, her classic "Downtown." All this to gear Tony Hatch arrangements.

She also rendered "If I Ruled the World." That night you might have thought she did.

KFWB Pet

It was a happy day Oct. 8 at KFWB, Los Angeles, when Petula Clark, top British singer and Warner Bros. recording artist, visited the studios for an autograph party. Pictured are (from left) KFWB Good Guy Lord Tim, British deejay who recently joined the KFWB staff; Pet, Sharon Fong, Los Angeles, who won two tickets for Miss Clark's appearance on the Ed Sullivan show; and KFWB Good Guy B. Mitchel Reed.

Golden Sales Mark

NEW YORK — Shy Raiken, VP of Golden Records, has announced that Olympia Distributing Corporation, their exclusive distrib in New York City for the last seven months, has sold half a million book and record sets.

NEW YORK—Cloud Records has signed a production contract with Ramot Enterprises, which will produce all disks by La Reine La Mar on Cloud. Arrangements were made between Jack Goldberg and Felix Balkin of Cloud and Ramot's Tom de Cillis.

Cap Execs & EMI Meet

HOLLYWOOD — Alan W. Livingston, President, Capitol Records, Inc., will head a delegation of six key executives in the Capitol family who arrive in London, England Oct. 25 at the time of the annual Electric & Musical Industries (EMI) Board of Directors meeting to discuss various aspects of the American and English Recording Industry.

Others in attendance will be — Stanley M. Gortikov, President, Capitol Records Distributing Corp.; Voyle Gilmore, VP, Artists and Repertoire, CRI; Lloyd W. Dunn, VP, CRI; George R. Jones, VP, Manufacturing and Engineering, CRI, and M. S. Hardy, Treasurer, CRI.

The six executives will join Glenn E. Wallichs, Chairman of the Board and Chief Executive Officer, CRI, who arrived in

England last week.

Following the Board meeting, Livingston said a series of discussions would be held between the Capitol Executives and their EMI counterparts. At that time, various related problems would be brought up and new ideas for both the American and English Industry would be discussed.

"In the past few years," Livingston said, "we have developed an extremely close relationship with EMI. The success that our artists have enjoyed in England and that EMI's have had in America has led to a considerable strengthening of those ties. We now feel that there are many common problems, and many of them may be solved through the series of discussions we have planned between the Capitol executives and their EMI counterparts."

More Jobim

NEW YORK—The Richmond Organization has acquired 12 previously unavailable songs by the contemporary Brazilian writer, Antonio Carlos Jobim.

Robinson Named RCA Producer

Paul Robinson has been appointed Producer, Popular Artist and Repertoire, for RCA Victor Records, announced last week by Ben Rosner, Manager, Popular A&R. Robinson will report to Donald Burkholder, Manager, Popular Artist and Repertoire, New York.

Paul Robinson

Robinson has been with RCA Records as Radio and TV Artists Relations Representative for the past year, covering the New York area.

A percussionist, Robinson studied music at both Long Island University and Brooklyn College. As a professional musician he has worked with such big band names as Ralph Flanagan and Ralph Marterie. He is also the author of several books on percussion techniques.

NEW YORK — T.M. Music announces that Randy Irwin, previously with the Henry Mancini publishing firms, has joined T.M. Music as Assistant to Professional Manager Irwin Schuster. His duties will include contacting A&R men and artists with material and developing new writers.

T.M. has also taken additional space adjacent to its 1619 Broadway offices, doubling the size of its general business office facilities and adding three new writer rooms. The firm has now reached the point of over a million and a half performances a year for the third year in a row and has had three Top 10 songs thus far in 1965. They are "One Kiss for Old Times' Sake" and "A Little Bit of Heaven," cut by Ronnie Dove, and "Just a Little Bit Better," by Herman's Hermits.

Lipton To UA As Mkt. Dir.

Mike Lipton has joined United Artists Records as Director of Marketing And Regional Sales, it was announced today by Mike Stewart, Executive Vice President.

Lipton has been Manager of the New York operation of the Cosnat Distributing Corp. for the past several years, and previous to that had been a key executive in Cleveland and Los Angeles for Cosnat, with whom he has been associated for the last decade.

In this newly-created position, Lipton will be working closely with all of the United Artists distributors to develop additional sales for UA product. He will be assisting them in solidifying their relationships with rack jobbers, chain stores and one-stops, and will be evaluating their sales, sales procedures and costumers for the label. In addition, Lipton will supervise the marketing, market research and merchandising for United Artists Records.

Cadet Bows Via Bob Hope Viet Nam Trip LP

CHICAGO—Bob Hope's television show from Viet Nam, a highlight of the Christmas season last year, has been excerpted for an "On the Road to Viet Nam" album and will be Cadet Records' premiere release. It will receive a heavily-budgeted promo campaign, the most ambitious ever attempted by Cadet parent Chess Producing Corporation, according to president Leonard Chess.

Narrated by news commentator Alex Dreier at Hope's request, the soundtrack consists of all live recordings made on the comedian's most recent overseas trek with Jerry Colonna, Jill St. John, Anita Bryant and Janis Paige.

Dick LaPalm, Cadet's National Album Sales Manager, initiated the project via a chance encounter with Hope on a plane flight. His enthusiastic "that would make a great album" reaction to Hope's description of his trip and subsequent show led to negotiations with the comedian's West Coast agent James Saphier, resulting in the comedy LP.

LaPalm was joined enthusiastically by Chess-Checker-Cadet exec Max Cooperstein in predicting the package will become an all-time bestseller, with the forthcoming Christmas season to add opening impetus to sales. He outlined the elaborate promotional campaign already set for the Hope album as follows:

(1) Ads in over 300 major college newspapers.

(2) Ads in all trade publications, key daily newspapers and national magazines.

(3) Servicing over 3,000 radio stations with the album in its entirety, including all types stations (r&b, Top 40, country, good music, etc.)

(4) Transportation advertising (buses, trains, subways).

(5) Servicing all major record critics, gossip columnists, & magazines with album copies and promotional material.

(6) Special easels, direct mail ads to every One Stop, retailer, etc. 4-ft high easels for disk shop promotion.

Plans are already underway for British release of the "On The Road To Viet Nam" album. International VP Marshall Chess plans a proportionately extensive ad-promo campaign in the British Isles.

Hope is cooperating in promo activities whenever his busy schedule permits. Hope, incidentally, is donating all royalty proceeds to the USO.

Quincy's 10th Merc Anni

CHICAGO — Quincy Jones, Vice-President in artists and repertoire for Mercury Records, is currently celebrating his 10th anniversary of association with the label in a year marked by his peak productivity for the firm.

Jones kicked off the year by igniting a concerted drive by Mercury for stature in the film sound track album category. He scored and conducted the Gregory Peck-Diane Baker starrer, "Mirage," and followed this up with his own musical back-grounding for the film, "The Pawnbroker." Both films have been

Quincy Jones

most successful album additions to the Mercury catalog. His most important acquisition for Mercury's film music catalog was acquisition of the MGM-Filmways track, "The Sandpiper." Jones was able to obtain the track of the Elizabeth Taylor-Richard Burton romancer because of his long-time friendship and musical association with award-winning composer-conductor Johnny Mandel, who did the score for the film.

Jones is maintaining his close association with the burgeoning Mercury soundtracking catalog, in that he is currently spending the bulk of his time in Hollywood where he is completing the music for the forthcoming Anne Bancroft-Sidney Poitier film, "Slender Thread." Before the end of the year, Jones will announce two more

important films for which he will do the music.

In between his writing and arranging for motion pictures, Jones is making frequent returns to New York, where he does recording sessions with Mercury artists. During the next fortnight, he will be in New York for sessions with Lesley Gore and Sarah Vaughan. Jones, coincidentally, has bartoned and arranged all of Miss Gore's recording since his initial venture with her which produced her first record and her first Mercury giant seller, "It's My Party." In addition, he has become increasingly more involved in the recording activities of Johnny Mathis.

As his direct contribution to Mercury, Jones currently has an album out called "Quincy Jones Plays Music for Pussycats" successful enough that he is currently writing a sequel, which will again feature current pop and pic themes of his own arrangements. The album will be released in January on Mercury.

Jones also acts as musical conductor for Frank Sinatra. A former Count Basie sideman and arranger, Jones guest-conducts the Red Bank, N.J., pianist's band when they back Sinatra on recording sessions or TV and live appearances. They are set for another network TV spectacular Nov. 20. On Jan. 5, Jones will do a solid month with Sinatra and the Basie ork at the Sands, Las Vegas.

Irving B. Green, Mercury President, said he hopes to have Jones accompany him to Brussels, Belgium, in December for

Acuff-Rose Story

(Continued from page 4)

Among the Hickory hits in '65: "Paper Tiger," "Stop th' Music," Sue Thompson; "Run, Baby, Run," the Newbeats; and three Donovan records, "Catch the Wind," "Colours" and "Universal Soldier." The "Catch the Wind" LP is a big item for Hickory, too; and Wesley is a head producer for the label as well.

Publishes Orbison

Acuff-Rose publishes all of Roy Orbison's songs, and most of his records are his own songs, which is nice since he makes only hits. Orbison is also booked by Acuff-Rose, along with Roy Acuff, Red

Foley, Tex Ritter, the Newbeats, Bob Luman, Bobby Lord, Don Gibson, George Hamilton IV, Ernest Ashworth, Jimmy Elledge, Bobby Moore, Kris Jensen, Bill Carlisle, Wilma Lee & Stoney Cooper, Dean & Mark and others.

It is no surprise, therefore, that with its past record and its immediate past, four of the five CMA Country Music Hall of Fame folks have been, or are, associated with Acuff-Rose: Hank Williams (A-R has about 100 of his copyrights), Tex Ritter and Acuff-Rose founders Roy Acuff and Fred Rose, late father of Wesley and Lester.

Lieberson - Col JFK LP Here After 2 Years Work

BY DAVE FINKLE

NEW YORK—Goddard Lieberson, Columbia Records prexy, announced last week the completion (after two years work in tandem with Atheneum Publishers) of a two-record-cum-book Legacy package, "John Fitzgerald Kennedy . . . As We Remember Him." The set, produced by Lieberson, is billed as "a unique biography."

Book and records, contained in a hardback holder with four-color dust jacket photo of the late President with daughter Caroline, goes on sale immediately at a suggested list price of \$19.95 (all proceeds of which will be donated to the John F. Kennedy Memorial Library). Col regards it as the sleeper Christmas gift item of the year. International release will follow.

(The 252-page book, a compilation of photos, letters, speeches, reprints of articles, and quotes from Kennedy "intimates," will be sold separately at a republication price of \$14.95 and at \$17.50. The records, as of the moment, will not be sold without the book.)

In line with the "sleeper" theory Col is prepping an extensive promo campaign, Stanley Kavan, veep and general sales manager of the Col sales corp., said, that'll translate into point-of-sales displays, advertising in consumer magazines, highlighting the package in diskery's Nov. 28 advertising supplement skedded to appear in 23 major papers across the country. Much radio time will be bought as well. In addition Atheneum will advertise the set in the major literary reviews.

Columbia has prepared an equally extensive press book for field men with counsel as to who should receive gratis and what public officials and tastemakers should be sought to help plug the set. Included with these notes are promo leaflets about the package and pics of the counter display.

Col already reports its heaviest orders for an album in the \$20 price range.

Lieberson, who was aided by a large number of Columbia staffers and Charles Kuralt, said that he's proud of the disk as being the first to have a book grow out of it. Many of the photos and letters in the book have been supplied by the Kennedy family with whom Lieberson worked "in cooperation." (An especially interesting and topical letter exchange

Goddard Lieberson

And JFK LP Labor of Love

between the President and a woman whose brother had been killed in Viet Nam is included and presents Kennedy's very personal explanation of why the U.S. had become involved in the conflict.)

The Col researchers taped over 400 hours of interviews and conversations with more than 20 people including Mrs. Rose Kennedy, Senator Robert Kennedy and close friends of the President. (Mrs. Kennedy and Senator Kennedy are the only members of the immediate family heard on the disks.)

Lieberson hesitated to estimate the package production cost, indicating it was very expensive.

President Lyndon B. Johnson wrote a foreword for the package and Lieberson supplied a preface in which he explains his reasons for presenting the album-book set as a biography rather than a memorial album.

He writes that the statements of the participants recalling the President at different periods of his life are hoped to give "visual and oral impressions" of an historical figure.

Charles Burr, David Rubinson, Joan Meyers and Ira Teichburg get top billing as coordinators of the package.

MGM Pope Paul LP Approved

NEW YORK—The MGM album, titled "Peace Mission To The United Nations, Pope Paul VI Visits New York City, October 4, 1965," has received approval of the Archdiocese of New York and the company has been granted permission to reproduce the Papal Seal on the LP as well.

MGM Records has also arranged for Holy Family Catholic Church, which serves the United Nations community, to share in the proceeds of the album.

Money Music

We received a call from Stanley Mills of the Mills Music Publishing giant. He wanted to call our attention to a record called, "Never Dreamed I Could Love Someone" by Kay Starr on Capitol. He was pleasantly surprised to learn that not only was I hip to the heavy juke box sales, but I had already editorialized on this type record in general, and the Kay Starr specifically. These records represent a programming problem that programming expert and commentator Bill Gavin has been analyzing and discussing in print and in his PD programming conferences on both the East and West Coasts. (By the way, Bill is cooking up something big that I'm not at liberty to discuss.)

The broadcast hours from 9 a.m. to 3 p.m. represent a serious rating drop time for many rock stations. Though some stations who play the same tight list for 24 hours have great ratings all the time, other do drop in ratings when the kids are in school. Some stations have "solved" this problem by softening the sound with "quality records" and learn the right records to play by checking jukebox operators. It appears that many young adults don't go for real hard rock or hard British sounds in the a.m., any more than they want steak and whiskey for breakfast.

Todd Storz, they say, "discovered" the principle of Top 40 radio one day by hearing the same few records played over and over in a cafe. If 10 different adults put a quarter on A-11, then maybe you ought to be playing the Kay Starr if that happens to be A-11 on the juke-box. I've seen guys come back every five or 10 minutes to play the same torch song two or three times in a row.

Hot Quality Records

Some of the hottest "quality records" out right now are: "One Has My Name," Barry Young, Dot (hot in Philadelphia; Baltimore, etc.); "Rusty Bells," Brenda Lee (hot in Philadelphia; Detroit; Syracuse; Oklahoma City; Youngstown, etc.); "Stand By Me," Earl Grant, Decca (big in many cities such as St. Louis); "Organ Grinder Swing," Jimmy Smith, Verve (single and LP large all over); "Forgive Me," Al Martino, Capitol (large in Philadelphia, Boston, Chicago, Cleveland, Cincinnati, etc.); "Harlem Nocturne," Viscounts, Amy (large in Baltimore-Washington; San Diego, etc.); "Story of My Life" and "Thing Called Sadness," Don Cherry, Monument (David-Bachrach tune strong in Philadelphia, Houston, N.Y., etc.); "Secretly" and "Things We Did Last Summer," Lettermen, Capitol (all over); "Harvest of Sunshine," Jimmy Dean, Columbia (Baltimore, Philadelphia, etc.); "Il Silenzio," Nini Rosso, Columbia (Detroit Giant Top 3, Ft. Worth); "And That Reminds Me," Della Reese, ABC (Philadelphia; N.Y., etc.); "Make the World Go Away," Eddie Arnold, RCA (Philadelphia; Houston; Dallas, Ft. Worth, San Antonio, Nashville, Memphis, Newark, N.Y., Columbus, Dayton, Baltimore, Chicago, L.A., St. Louis, Syracuse, Pittsburgh, Wheeling, Miami (like, it's a big record for an Eddie Arnold); "Sand and the Sea," Lena Horne, U.A. and there's Sinatra, Jack Jones, Robert Goulet, Andy Williams, Steve Lawrence; "Remember When," Wayne Newton; Timi Yuro; "Mother Nature," Brook Benton, RCA; Tom Lehrer, Kapp LP ("New Math" cut); "Early Morning Rain," Peter, Paul & Mary, WB; Young & Foolish," Eddie Fisher, Dot; Jerry Vale; Kids Next Door; "Try To Remember," Bros. 4 (big in Philadelphia, N.Y., St. Louis); Mel Carter; Horst Jankowski; "Autumn Leaves," Roger Williams, Kapp; "Call Me," Georgia Gibbs, Amy (quite large and heavily played); and Glen Yarbrough.

I suggest you lay on the biggest three to five of these records during the early day in your market's juke-box world, and alternate a few of the others that look good along with your regular rock list. Why shouldn't you combine a little of both extremes, and try to get an audience that is the best of two worlds? If a listener doesn't like the record you have on, she should know the next one might be down his alley, and then he might not switch to and stay at the "middle-of-the-road" station in town. As Dean Tyler of WIBG points out, "The 'good music' station may be playing a lot of bad 'good music' records at their extreme, and the young adult would rather stay with

Kapp's Big Sales Promo For Jack Jones' 12 LPs

NEW YORK — In a drive to promote Jack Jones and his Kapp catalog of a dozen albums, Kapp Records has launched one of the most costly and all-encompassing sales campaigns in the history of the independent record business.

The promotion, which runs for a full month starting Nov. 1, incorporates the timely theme of an "Election Sweepstakes," with stores across the nation being set-up as "headquarters" where consumers may obtain entry forms for the sweepstakes drawing.

The drawing, which will be held Dec. 20 in New York, will award more than 1,000 consumer prizes with a value of nearly \$30,000. Those dealers whose Election Sweepstakes Headquarters are the source of winning entry forms, will receive duplicate prizes.

A total of 1,112 prizes will be awarded. Two grand prizes will be RCA "Wayland" model color TV sets. Ten RCA Victor portable stereo phonographs (Mark I) will be awarded as second prizes. One hundred third prize winners will receive complete sets of all 12 Jack Jones albums, while 1,000 fourth prizes of the current Jones album smash, "There's Love and There's Love and There's Love," will be awarded. Dealers whose stores are the source of winning entries will win duplicate prizes.

Distributor managers and salesman are also eligible for important prizes as a result of their participation in the Jack Jones drive. The manager of the distributor winner west of the Mississippi will receive a trip for two to Hawaii. The winner east of the Mississippi will receive a similar trip for two to Puerto Rico. In addition, 25 deluxe "World Watches" will be awarded to the distributor salesman in a window display competition.

To get the drive rolling, Kepp is expected to spend at least \$30,000 in local coop newspaper advertising, advising consumers how easy it is to become eligible for the Sweepstakes. Thus, with the distributors' share of the ad budgets included, the total appropriation for space in the campaign will reach \$60,000.

Display material for dealers, including colorful set-ups, illuminated displays streamers and campaign buttons and everything required to set up "Election Sweepstakes Headquarters" in the store, will involve an out-

lay of at least \$30,000 more. Several thousand light-up shadow box displays highlighting the latest Jones album, with a special blinker unit, will be made available. There will also be a generous quantity of triple-panel, winged display units, highlighting covers of the complete Jones LP catalog and keyed to the election theme, "I picked Jack Jones."

Also a part of the program are special sweepstake streamers for window and in-store use; product stuffers including entry forms for the drawing; special side-wing easel units, a series of five album cover easels; glossy photos; dealer information kits and a host of lapel buttons shouting, "I picked Jack Jones, did you?"

A heavy trade and consumer ad program has been blue-printed.

Kapp's promo staff is busily setting up key stations throughout the country to act as "Election Sweepstakes" centers with a number of Jack Jones albums being made available for station giveaways during the drive. Jones has already taped a variety of special radio promotion announcements in line with this phase of the campaign.

you if you gave him half a break."

It looks like we're going to have two **Roy Head** hits this trip, the new one from Duke-Backbeat, and "Just a Little Bit" from Scepter. Scepter is already Top 20 at WQXI, Atlanta, on WPLO; KILT; KNUZ & KILT; KDKA & KQV in Pitts.; WPGC, Wash.; Dallas; St. Louis; Charlotte; Miami; WKIX, Raleigh . . . "Looking With My Eyes," **Dionne Warwick**, continues to climb at WKNR; WPGC; WKYC; Atlanta; Houston; Pitts. . . . "Ya Better Come Home," **Headlytes**, Scepter, went on CKLW, Detroit.

The 4 Seasons is Top 5 in Philadelphia; Top 10 in N.Y. and Top 15 in Pittsburgh. This one is a record. It has spread all over. Sales are big . . . "Cara Linn," **Strangeloves**, is Top 20 in N.Y.

WMCA, N.Y. is heavy on: "Here Come the Tears," **Gene Chandler**; "Time To Love," **Lou Johnson**; the **Leon Hayward** on Imperial; "Meet Him," **Royalettes**; "Roses & Rainbows," **Danny Hutton**; "Let Me Be," **Turtles**; "Bird," **Jimmy Dickens**; **Jive 5**.

KDKA, Pittsburgh went on the **Freddie Cannon**; "Stay Together," **Ben Aiken**, Roulette; "Goody Galumshus," **Bobby Sherman**; "If You Don't," **Barbara Mason**; "Don't Think," **Wonder Who** . . . "Never Had It So Good," **Ronnie Milsap**, Scepter, is Top 10 in Atlanta, KXOK, St. Louis (which is tough); solid at WLS and WCFL, Chicago; Milwaukee; Houston; Dallas; WIBG, Philadelphia.

Apologies to my friend **Johnny Rook**, KQV, Pittsburgh, for inadvertently listing "Organ Grinder Swing," **Jimmy Smith**, Verve on KQV. They have a very tight playlist, but if they didn't, it's a record they ought to fit in.

Hugh Dallas at Philips hath a cup that runneth over. As stated, **the 4 Seasons** is way over 300,000 nationally . . . "Don't Think Twice," **Wonder Who** (also the 4 Seasons) which we reported as breaking in Hartford off a dub three weeks ago, is now way up on WABC, and cookin' at WIBG, Philadelphia; WEAM, Wash.; WKBW, Buff.; WAYS, Charlotte; KBTR & KIMN, Denver, and many other places. It's a winner . . . Then, "Some of Your Lovin'," **Dusty Springfield**, is going at KQV, Pittsburgh (If it's not on, **Johnny Rook**, you hit Hugh Dallas, your punches smart!); KBOX; KJR; WTIK (Pick); WQAM & WFUN, Miami; WHYN; WMEX, Boston; WQXI, Atlanta; KBTR & KIMN, Denver; KOL; WDGY & KDWB, Minn. . . . "Pied Piper," **Changin' Times**, is Top 15, Boston; smash in L.A.; WPGC & WEAM; KIMN; KOL; KJR; KRLA; KFVB; KEWB; KBOX & KLIF; both stations in Salt Lake City (KCPX & KNAK); WHOT, Youngstown; WDRC; WCFL; KILT.

Three weeks ago we clued you that "I Really Love You," **Dee Dee Sharpe**, Cameo, had broken large. It is now well over 10,000 there and on WKNR, so look out! . . . "Time to Love," **Lou Johnson**, Big Top, another big tip of ours three weeks ago is going toward 10,000 in Detroit with CKLW leading the way. WMCA broke it in New York and Newark; KEWB is cookin' in San Francisco, Cleveland; Baltimore-Washington.

"Harlem Nocturne," **Viscounts**, on WKNR & CKLW, WXYZ and solid sales in Baltimore-Washington . . . "Take Me in Your Arms," **Kim Weston**, Tamla, is right at the Top in Sales in Philadelphia with the **Supremes**, **Rolling Stones** and **Fontella Bass**. Other stations on it are: WMCA; WKNR & CKLW; WLS; KFVB; WKOK; KEWB and more. This record I don't understand. I would figure every station in the country to put it right on, as it's Kong at hops and requests, but I guess in many cities kids don't dance anymore or have fun, they just sit around listening to protest songs, drink espresso and cry.

This week's "Queen of the major and secondary markets" is **Petula Clark** with "Round Every Corner": Top 20 L.A.; Top 15 Seattle; Top 20 Denver; Detroit; Boston; Cleve.; Minn.; Buff.; K. pop on WIBG and R&B.

We are amused to note that there are only about eight or 10 big pop stations on the Kim Weston at this writing, and we hear that a number of important pop stations are still trying to decide whether or not to "try" the Marvin Gaye. And they wonder how the R&B stations are getting such phenomenal general market ratings? At least they all finally got hip to "Rescue Me" after about a month. Some even tried Wilson Pickett and Joe Tex, and stood there with their teeth rattling while the two hit Top 10.

Sometimes it worries me that I'm giving away secrets of the R&B world in this column, but the pop guys never learn, and many of them have no ear for R&B, and move so slowly and figure companies like Tamla have too many hits anyway, so it's cool! Dean Tyler at WIBG got hip after Baltimore sold 38,000 copies of "Love Makes Me Do Foolish Things," M. & Vandellas, so Hy Lit plays it three times an hour now in Philadelphia. That's cool! Jimmy Bishop and Georgie Woods are about through with it anyway. Jimmy, I told you you won't have to worry! They're S-L-O-W!

"If I Didn't," Barbara Mason, Arctic, has busted in Baltimore-Washington; Cleveland; Chicago; Miami; Philadelphia (pop and R&B) and looks Big!

R&B PREDICTIONS & TIPS: The Etta & Sugarpie will hit No. 1 and Top 10 pop . . . The new Harold Burrage, "You Make

Money Music

(Continued from page 21)

Worth; Top 15 Sacramento; smash in major markets like Philadelphia; Top 15 Houston; in Chicago; Baltimore; Top 5 Kansas City . . . "Rescue Me," **Fontella Bass**, Chess, is a giant all over . . . "Dance With Me," **Mojo Men**, Autumn, is Top 10 in San Francisco and going in Detroit. It will spread and grow large!

"Where Have All the Flowers Gone," **Johnny Rivers**, Imperial, is a big one. Top 10 Seattle; Top 20 Milwaukee; St. Louis; Birmingham; Okla. City; Youngstown and all over the South, etc. . . . The Tamla-Motown records like **Marvin Gaye**, **Miracles**, **Temptations**, **Kim Weston** and the gargantuan **Supremes** will all end up at the top as always. Why fight it! This **Miracles** is a two-sided hit as Smokey always sings hits . . . "I Found a Girl," **Jan & Dean**, Liberty, has a bigger spread than people realize. It's doing well in L.A., Seattle (Top 2); Houston. Also in Detroit; Milwaukee; Denver; Louisville; Akron.

Grassroots' Deck Thrives in Sun

"Mr. Jones," **Grassroots**, doing well in L.A. where all protest songs thrive in the sun . . . "Bird of Paradise," **Jimmy Dickens**, Columbia is big . . . "Don't Have To Shop Around," **Mad Lads**, Volt—Big R&B record a smash in N.Y. and Pop in Baltimore-Washington; New Orleans, Pick at WIBG, Philadelphia . . . Big initial sales re-action in Philadelphia. R&B and pop to "I Wanna Meet Him," **Royalettes**, MGM.

Sales starting on, "Heartbeat," Pt. 1, **Gloria Jones**, Uptown. Hit at WCAO, Baltimore; in Philadelphia and a Pick on KFWB, L.A. (which also went on "Make Myself Clear," **Etta James & Sugarpie DeSanto**, Chess) . . . "Anything I Touch Turns To Tears," **Jimmy Clanton**, Amy, going at WKYC, Cleveland . . . A weird thing on "The Train," **Eddie Rambeau**, Amy. Producer **Bob Crewe**, used the jawbone of an ass as a percussion instrument. He tapped it close to the mike so the loose teeth would vibrate. It has a fantastic whip-lash sound with a great after-shimmer.

U.A. bought a hot Top 10 Nashville master by **Bobby Chase** which they put on the Ascot label called "Missing Someone." Meanwhile they have a hit in Dallas and Houston by Gordon Lightfoot called "Just Like Tom Thumb's Blues." . . . "Honky Tonk '65"—Detroit, Denver, Cincinnati and spreading. . . "Cleo's Back," **Jr. Walker**, Soul, is Top 10 Baltimore; #1 in New Orleans where it broke first; Pittsburgh; the South . . . Pop sales in Baltimore on "Beautiful Girl," **Joe Graves**, Cameo.

"Make It Easy on Yourself," **Walker Brothers** a big one . . . "Sea Cruise," **Hondells**, Mercury, is Top 10 in Minneapolis . . . "Cara-Lin," **Strangeloves**, Bang, is bigger than many people realize: A hit in Philadelphia; Top 10 Houston; Top 15 Memphis; Rochester; Norfolk; Syracuse; Hartford; Youngstown.

Now add Milwaukee to "Tossin' & Turnin'," **Ivy League** . . . Hot master from California picked up by Liberty: "Rising Sun" by the **Deep Six** (a We 5 type group sound) . . . Tremendous play all over on "Love Minus Zero," **Eddie Hodges**, Amy, and good West Coast sales . . . "Let Me Be," **Turtles**, White Whale, is a smash . . . "Sounds of Silence," **Simon & Garfunkle**, Columbia. Pick in Louisville and broke well in Boston . . . "Trouble With a Woman," **Kip and Ken**, Crusader, Chicago hit going in Cleveland and Pittsburgh.

New Dove a Diamond

"Kiss Away," **Ronnie Dove**, Diamond, is an automatic smash and it's great.

Jerry Wexler tells me that while in England he heard a great record called "Yesterday Man" by **Chris Townsend**. He bought it, and since he's back it became a smash over there. It will be out on Atco in the United States.

Larry Utall just checked in and he is SO excited. Six of his records broke wide open: The **Eddie Rambeau** is a smash in Baltimore off the WCAO Discovery and went on WBZ, Boston; the **Eddie Hodges** is a West Coast giant and went on WMEX & WBZ; As predicted, "Sandy"—**Ronny & Daytonas** after 2½ weeks on WQXI broke wide open in Atlanta and is #1 in Birmingham & Mobile; "Harlem Nocturne," **Viscounts**, broke wide open in Detroit off CKLW & WXYZ and in Baltimore also; the **Lou Johnson** reported here first is a total shash.

T. M. Preps Pic

NEW YORK—Jack Goldberg, T. M. Enterprises prexy, is planning to use his roster of Cloud Records artists in a flick, "Musical Madness," skedded to go before the cameras in January.

The musical score of the go go pic will be recorded and produced on Cloud and published by Temmy Music, another of the T. M. Enterprises branches.

Arrangements have been made to distribute the movie in the U.S., Canada and Europe.

Quincy Jones

a meeting with Philips execs from all over the globe. Jones has been invaluable, Green said, in preparing domestic Mercury artist product for the world market and also in uncovering international product from foreign labels, affiliated with Mercury, for the American record mart.

Jones actually completes 10 years of association with Mercury in November. It was just a decade ago that he was hired for his first Mercury session in New York, where he did the arranging and conducting for a record date by the late Dinah Washington.

Thunder's 'Sloopy'

NEW YORK — Joe Kolsky, President of Diamond Records, is excited about the label's new Johnny Thunder deck, "Everybody Do the Sloopy."

"It's a combination of Johnny's old hit, 'Loop the Loop' plus 'Hang on Sloopy,' and we're rushing it out. It falls in with the new Line Dance the kids are doing," the prexy stated.

Stage Review

Aznavour Bon At Ambassador

NEW YORK—In the program notes for Charles Aznavour's "The World of . . ." current engagement at the Ambassador, it's noted that the wiry, compact French singer-writer is the kind of entertainer you "either like or don't like."

That's not quite true. It's difficult to dislike Aznavour. His songs are too strong, too knowing to ignore and his execution of them is too compelling. But since he sings only his songs, Aznavour is actually the kind of singer you either like in large doses or small.

This reviewer likes him in large doses. He paces his tunes well, going from the bright love song to incisive love lament to funny portraits in rhyme. And everything has a fresh approach. "Les Comediens," "You've Let Yourself Go," "Isabelle," "Paris is at Her Best in Spring" are just a few of the best.

The chanteur does about 60% of his program in French, and the non-French speaking audience certainly can catch the emotion of the songs as sold by Aznavour, but the subtlety of his lyrics is lost for them and that probably accounts for most of the qualification held out. (Also in a number of instances, the English lyrics rely on more cliches than needed and that dissipates effect.)

Aznavour works with an adept (although overly miked) five-piece combo. He's expertly lighted.

But the song's the thing, and the man can write them. And Warner Brothers will probably be recording them live for an Aznavour album.—Dave Finkle.

Workers Pacted

The All Night Workers, a vocal-instrumental, folk-singing quintet composed entirely of Syracuse University undergraduates, has been signed to Pickwick City Records by A & R man Terry Phillips.

I do . . . and he's right, because what do I read? I'll tell you what I read: The **Manfred Manns** have been touring Czechoslovakia, and there's a complete center page spread of stories and pictures, and one of the pictures shows without any doubt a large gathering of Czech teenagers holding a great large banner that reads, "We welcome you on behalf of the official Alan Freeman Fan Club."

I gasped with post-inebriated passion and said, "Too true, comrade, too true!"

So you see, I just find it so hard to concentrate, and I'm wondering if I should pack and leave the country voluntarily, or wait until I'm asked to leave? But the truth is, I don't want to leave. I hate caviar. I'm not terribly attuned to Vodka, I've never partaken of bull fighting in my life and my manager **Bunny Lewis** says that if I've got thoughts of joining the Bolshoi Ballet . . . forget it!

Anyway, there it is, but without doubt, the power of British Pop reaches far and wide, and who knows, one day a Czechoslovakian singer might hit the scene and if he or she does, then I only want 75%!

Awaits Pet Clark Report

At the moment, I wait anxiously to know how that delicious **Petula Clark** went at the Copacabana in New York when she opened there the other night, and also, I meant to tell you that **Mme. Ginette Spanier** from the House of Balmain in Paris flew over to appear on BBC-TV's "Juke Box Jury" and next week flies off to America for a lecture tour. So roll out that deep luxurious red carpet for her to place her fashionable legs on, won't you?

(Memo to Ginette: *Please* stop telling me how you love America so much that you might go and live there. I WONT have it, and you can't stay there even if I've got to drag you back personally!)

Matt Munro hit the charts with a version of "Yesterday" (and three british cheers for Paul) . . . **The Merseybeats** are back in the charts with "I Love You Yes I Do" . . . **The Fortunes** race on with "Here It Comes Again" (I knew you'd go for "You've Got Your Troubles") . . . **Chris Andrews** has climbed up further with "Yesterday Man," so have **Hedgehoppers Anonymous** with "It's Good News Week" and the **Yardbirds** with "Evil Hearted You/Still I'm Sad."

It has been suggested that perhaps I'm one of the original "Volga Boatmen," so let me tell you that a very fine boatman I am indeed, but vulgar? NEVER!

Christopher To Pickwick Pubs

NEW YORK — Joe Abend, VP in charge of Publishing and Development at Pickwick International, Inc., announces that Don Christopher has been appointed Professional Manager of Barmour Music and Weiss & Barry Copyrights, the corporation's music publishing subsidiaries.

Christopher, at 27 an industry vet who formerly headed Serendipity Music, was on the professional staff of Chappell and was Professional Manager of Connie Francis' music publishing firms, Francom and Merna, will report directly to Abend. The publishing operation is currently working on a new recording of "Please Mr. Sun" by the Ned Odum Boys on Columbia and "That's All I Want From You" by Merrill & the Exiles on Golden Crown.

Cy Leslie, Pickwick's President, indicated that the appointment of Christopher was a part of the general expansion of the label's music publishing activities which include a buildup of its own catalog and constant negotiations for new catalogs.

Mills 'Happiness' A TV Pre-Hit

NEW YORK—When is a hit not a hit?

When it's a pre-hit—a new pop tune that gets to be the darling of TV shows even before it is on the record charts. Officials at Mills Music are delighted to see "Happiness Is," being written into show after show on the networks but are at a loss to explain the backward phenomenon.

"Maybe it proves that a really good tune remains forever a good tune," says Warren Ling, Mills VP and General Manager.

The ditty by Paul Parnes and Paul Evans has had a single recording by Ray Conniff but has yet to get the big play on radio or record sales. Nevertheless, the number was a feature spot on recent Jimmy Dean, Mike Douglas, Lawrence Welk and Bing Crosby's "Hollywood Palace" shows, and is penciled into a forthcoming Danny Kaye TVer.

UA Acquires 'Anya' Album

United Artists Records has taken a major step into the Broadway theatrical field by acquiring the original cast album rights for the musical, "Anya," it was announced by David V. Picker, President.

"Anya" is the musical version of the Guy Bolton play, "Anastasia," in which Viveca Lindfors starred on Broadway several seasons ago, and which was subsequently made into a film with Ingrid Bergman. The music and lyrics are by Robert Wright and George Forrest, based on themes of Rachmaninoff. Wright and Forrest are the team responsible for "Kismet" and "Song Of Norway." The director is George Abbott, whose list of Broadway credits is unsurpassed in the theatre. The producer is Fred R. Fehhhaber, book is by Abbott and Guy Bolton.

The production opens in New York at the Ziegfeld Theatre on Nov. 29, with paid previews beginning Nov. 15. In the cast are George London, Constance Towers, Lillian Gish and Irra Petina.

"Anya" is a part of UA's blueprint for a concerted step-up in activity in the theatre. Other productions in which UA has an interest include the current British hit, "Maggie May," "Twang!", a widely-awaited Lionel Bart music satire about Robin Hood and a musical version of "Never On Sunday," being written by John Patrick.

Danny Meehan: Song Hunter

BY DAVE FINKLE

NEW YORK—All the world loves a good song but no one more than Mercury's Danny Meehan, who makes a point of hunting down good (and frequently little known) songs for his night club act and now for his records—the first of which, "Meehan's In," was released a few weeks ago.

This devotion makes Meehan the kind of performer not only audiences but also other performers watch to see what's doing. Publishers must also perk up, too.

When Record World met Meehan a week ago, as a matter of fact, he had just come from a music store where he was scouting new songs. He wouldn't divulge what he'd found there, but it's possible that his briefcase held an obscure Rodgers and Hart song or a Cole Porter rarely seen evergreen or maybe something Bart Howard had tossed off.

(Incidentally, while he was at that NYC music store, Meehan was recognized by a salesman who relayed information that "Meehan's In" had sold out in the store so quickly that a much larger re-order had to be placed. Pretty good for a first package.)

Song Try-Out

Anyway, when Meehan finds a song he likes like the Rodgers and Hart "Everybody Loves You," "I try it out" he said, "for a while and see whether it says yes or no to me. Then I know whether to keep it or not."

Evidently Meehan did a bang-up job of selecting his songs, as he found out on a recent tour of radio stations. At all the stations he visited (of "the good music" variety) in the New York area figuring to ask for play, he found out that

Danny Meehan
The Song's His Thing

they were all programming the disk and that they were all playing different bands.

This, of course, was gratifying, but it didn't help him or Mercury get an idea about which of the album's cuts deejays might have turned into a strong single possibility. Meehan, who wants a single, was hoping the deejays would find it for him, but now he's taking different measures. Last week he cut two songs he'd written himself and thinks they will convert into his single.

The guy, who also dances and therefore qualifies as a first-rate song-and-dance man, is doing a stint currently at New York's Phone Booth and he's also sandwiching in appearances on TV shows like Merv Griffin and Mike Douglas.

That means these places are where to catch Danny breaking in the material that may well show up on his next elpee. And possibly the albums of a few other performers who know good songs when they hear them.
