OF THE WEEK

"Something's Gotten Hold of My Heart" (Maribus, BMI) will get a strong hold on teen coin. Gene Pitney wails it with supple voice (Musicor 1252).

This rock and roll standard, "Why Do Fools Fall in Love" (Patricia, BMI), in sweet and harmonious re-interpretation by The Happenings (B. T. Puppy 532).

Eddie Fisher has one of his biggest ever in "There's a World Full of Girls" (Eden, BMI). It's a bright, sing-along ditty with cheerful chorus backing (RCA Victor 47-9311).

Tommy Boyce and Bobby Hart change the pace back and forth on this exciting rock love ode, "Sometimes She's a Little Girl" (Screen Gems-Columbia, BMI) (A&M 874).

★ SLEEPERS OF THE WEEK

The Kingpins have a moody, jazzy instrumental version of "Ode to Billie Joe" (Shayne, ASCAP) that builds and builds. Should build into a biggie (Atco 6516).

Jerry Shazell, a new fellow, introduces himself on "It'll Never Happen Again" (Top Drawer, BMI) and side should happen in a hurry. Mod sounding rock (Mainline, 1365).

Janis Ian's poignant "Society's Child" (Dialogue, BMI) in a beautiful instrumental arrangement by Bob Halley. The Younger Generation Symphonia play (Mr. G 803).

Nina Simone has a swingy ditty about the wages of sin on "(You'll) Go to Hell" (Ninandy, BMI). This one could become a standard for the girl (RCA Victor 47-9286).

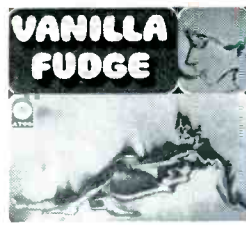

★ ALBUMS OF THE WEEK

The soundtrack from "Doctor Dolittle," which stars Rex Harrison as the man who talks to animals, should be a blockbuster of a movie. Leslie Bricusse wrote the delightful songs (20th Century-Fox DTCS 5101).

Al Hirt leads off this new package with his current "Honey Pot" and then goes on to play a set of tunes in an r/b bag on "Soul in the Horn" (RCA Victor LPM/LSP 3878).

Vanilla Fudge is a group with a decidedly distinct sound. The forte here is lengthy, sinuous ramblings through recent pop tunes like click "You Keep Me Hanging On" (Atco SD 224; SD 224).

The Procol Harum, who scored with classical rock "A Whiter Shade of Pale," have similar thoughts throughout this intriguing first package (Deram DE 16008; DES 18008).

Motown Proof All Peoples Can Work Together: Gordy

The following speech was given by Berry Gordy Jr., President of Motown Record Corp., at the Sunday (27) show in the Roostertail room of the Ponchartrain Hotel in Detroit during the label's recent convention.

* * *

I am very happy to have with me the greatest producers that I have ever known in my life, my mother and father, Mr. and Mrs. Berry Gordy, Sr. The music business holds many fine memories for me. The finest of all is probably when I came out with my first record. It was a thing well done up by the Miracles. I came out with this nationally. Smokey Robinson, one of my vice presidents and close friends, encouraged me to go nationally. After three days I got a call from Washington, D.C., and Jim Forrest, who said, "Hey, man, you got a hit!" We sold out 60,000 records after about three months.

After that we did many more records and many more sales and got many more distributors. Today, with any release on a major artist, the sizeable amount of 60,000 is reached within the first three minutes of the sale or release.

Yes, Motown has really come a long way, but this is because of a great group effort by many people to whom we are tremendously grateful. It is unfortunate, however, that one of our driving forces in the early stage of Motown could not

share in the success we now enjoy. I refer to my sister and vice president whom we loved, Lucy Wakefield, who passed away two years ago. Many of you knew and loved Lucy because she had direct dealings with many of the distributors in the early periods of our career.

Must Work Together

We have an organization of which I'm extremely proud, not only because we have obtained financial success but because we have demonstrated over and over again that people of all races not only can work together but must work together to achieve heights previously limited by lack of understanding. My feeling is that by bridging the gap of understanding through education we'll find a real solution to our racial problems of today. Now, when I say education I mean complete education. I mean educating the black about the white, the white about the black.

It is more than a pleasure having you here tonight. The Motown distributors, in my opinion, are the finest group of distributors anywhere in the world. Possibly because individually they are fine human beings. Ladies and gentlemen, I am very proud to have all of you in our family.

Cartridge No.'s In Top LP List

In keeping with our policy of "Serving the Needs of the Music and Record Industry," Record World begins a new service with this issue. Because the importance of 4 and 8 track tape cartridges is now unquestioned, the Record World Top 100 LPs will now include the cartridge numbers of the available albums.

Motown Meet First Class

Label Writes Over \$4,000,000 At Lavish First Convention

DETROIT — Motor City became Fun City recently when Motown Record Corp. held its first national convention Aug. 25-28 at the Ponchartrain Hotel for one of the most lavish, fun-filled trade get-togethers with-in memory.

"Motown Showcase '68" ("The Sound of Young America") was the title of the meet which clearly was designed to show the firm's appreciation to the distributors for their efforts on behalf of Motown through the years.

The event, which saw Motown issuing its largest album release to date (15), also saw Motown doing just over \$4,000,000 in business, close to a record for the number of LPs. Turn-out — including distributors, trade press and wives (latter were made specifically welcome) — numbered around 150. Tradesters estimated the cost of the four-day confab to be in the area of \$100,000. "Enjoy!" was the name of the game at the convention; and only at

WHAT A SHAME.
HARDLY ANYBODY WILL READ THIS AD.

There's a theory that people don't pay attention to wordy ads. We disagree. Our theory is that if you have something important to say, say it—no matter how many words it requires. Ray Bryant is an exceptionally gifted artist whose records sell con-

sistently. He just recorded THE instrumental version of "Ode To Billie Joe". It's a fantastic record. When you hear it we think you'll agree with us. It's CADET 5575.

Col's Komisar Gets Singles Duties, Too

Harold Komisar, Columbia Records' National Album Product Promotion Manager, has been given the additional responsibility of the national promotion of good-music singles, according to an announcement by Tom Noonan, the label's Director, National Promotion.

Within this broadened assignment, Komisar will be responsible to Noonan for planning, developing and directing all Columbia good-music singles promotion. His position involving the national promotion of all Columbia albums remains unchanged.

Noonan commented: "This is a logical move and one that will assure us of greater direction and concentration in this very important area of good-music records. Good-music singles are vital to the introduction and initial exposure of new LPs and contribute heavily to the eventual sales of the LP product by

Harold Komisar

the same artist. Harold Komisar's experience in the field and in his present position gives us strong support of these artists and records."

Cap Club Center To Open Soon

CHAMPAIGN, ILL.—Capitol Record Club, Inc., announces that its new midwest distribution center has been completed on schedule and will soon open at 1616 West Interstate Drive.

The modern, million-dollar structure will initially employ 30 office and warehouse personnel. The manager, Wayne Tappan, began interviewing applicants on Sept. 1.

\$1,000 to \$9,000,000

An interesting sidelight of Randy Wood's departure from Dot, it was reliably reported last week, was that in the negotiations that took place, Wood offered to buy back Dot. The negotiations ended when the price asked was \$9,000,000. Wood started Dot 17 years ago with a \$1,000 investment.

Motown Meet

(Continued from page 3)

Monday morning's (10 to 12) meeting did Motown get down to business.

Rolled Out Red Carpet

In the meantime, the red carpet was rolled out for conventioners. Upon arrival at Detroit's Metropolitan Airport, visitors were greeted by their Motown travel director, "The Man in the Red Coat," who ushered them into limousines and took care of all luggage and accommodation problems. Friday evening saw a reception and dinner in the Versailles Ballroom ("A Night in Paris"), featuring gendarmes, mademoiselles and French cuisine. Then, on to the Plaza Room and action à la Las Vegas, including gambling with special Motown currency plus prizes.

Barney Ales, Motown Vice President, made the opening address on Friday, keeping it very brief (as did all other speech-makers throughout the weekend). He introduced the executive Motown staff. Ales also stated: "We feel here at Motown we have created new dimensions in the world of R&B, because we have worked for world-wide acceptance."

Saturday brought breakfast at the Hunt Club Room, with a typical English hunt breakfast served. Off to the races next at the MRA Track, featuring "mad money" enabling convention-goers to pick a winner in seven races. That night at the hotel Mexico was the motif, including a dinner and Motown's Tijuana Brass-type entertainment.

Sunday Brings Highlight

Perhaps the highlight of the festivities was Sunday. Following an afternoon cruise on the Detroit River, with lunch and Dixieland music, conventioners returned to the hotel's Roostertail for the big "Showcase '68" show, featuring Motown performers. Earl Van Dyke and Band (which also provides the backing at Motown sessions) did the back-ups; and the stars were the Spinners, who scored with their impressions of Motown artists; Chris Clark, Gladys Knight and the Pips, Willie Tyler and Lester, Stevie Wonder and Diana Ross and the Supremes.

Ales introduced the show, "featuring not only our established acts but new acts that Motown will establish," and Berry Gordy Jr., Motown President, as well, "a man who is a great writer, a great producer, a great executive and

more importantly my friend." (See separate story on Gordy's speech.)

LPs Speak for Themselves

At Monday's meeting, there were short speeches by Ales, National Singles Manager Al Klein, National LP Manager Ron Newman and the sales team of Phil Jones and Mel Dakroob. Klein discussed the new singles by the Four Tops, Chris Clark, the Messengers and Stevie Wonder; while Newman said the albums would speak for themselves. The audio program was kept very simple.

The new albums: "Soul Sounds," Chris Clark; "The Motown Sound," a collection of original hits; "The Four Tops' Greatest Hits"; "Diana Ross and the Supremes' Greatest Hits"; "The Original Spinners"; "Soul on the Rocks," the Isley Brothers; "Make It Happen," Smokey Robinson and the Miracles; "Marvin Gaye's Greatest Hits"; "United," Marvin Gaye and Tammi Terrell; "I Was Made to Love Her," Stevie Wonder; "Hungry for Love," the San Remo Golden Strings; "The Temptations in a Mellow Mood"; "Martha and the Vandellas Live!"; "Jr. Walker and the All Stars Live!"; and "Everybody Needs Love," Gladys Knight and the Pips.

Appropriately, a champagne brunch concluded Motown's first national convention, a first-class event in every way.

Talmy Signs Production Deal with Decca Records

By DAVE FINKLE

NEW YORK—"I don't like to follow trends. I like to set them," Shel Talmy, American disk producer based in London, said laconically at lunch last week.

It's obviously this desire to set trends and take advantage of a trendsetter that has brought Talmy and Decca Records together in an inclusive production deal, which will mean that all new acts acquired by the quiet, confident Talmy will go directly on the Decca label.

The price for the deal was undisclosed by either Talmy or Decca, but Talmy did say, "I feel I'm worth it."

Right now Talmy is already producing the Who for Decca and has been for some time. And he's lined up two new acts. The first is solo artist Oliver Norman, an American living in London. The second is new group, the Creation.

Talmy told **Record World** that much of his time spent stateside in the next two weeks will be to coordinate promotion and interest in the Creations' first disk, due for release in about a month. "I want everybody to be prepared for it, to be ready to move at the same time," he said. "I don't want the record to break regionally. I want it to break nationally."

When asked whether a large budget had been accorded the Creations for promo, Talmy said it had. He plans to film a color video film immediately upon returning to London.

The Creations, Talmy went on, are already popular abroad and have had hits in a number of countries. The act has a highly polished visual act—replete with a light and sound man who accompanies the quar-

ter wherever they appear.

Hitting Like House Afire

"The act has a dramatic flare," Talmy said with humor. "Once in Germany—Hamburg, I think—they set fire to a theater. The manager was upset at first, but got over it when he saw how much the kids were enjoying themselves."

Talmy, in the record business a number of years, got his start in Chicago, his home town, went to Los Angeles for a while and then emigrated to England in 1962 because "The American sound was the big thing in England then and I figured an American producer would be best at it. I was just about the first American producer to go to England. And when I got there, they said 'Where have you been all this time?'"

"I've never regretted the move," Talmy stated.

One of his first productions was "Charmaine" by the Bachelor. And from then on, he was in.

And when everything started there, Talmy was on the ground floor. "I had the Kinks using an Indian sound a year before the Beatles were," Talmy said, setting the record straight. "I've always been interested in different sounds. That's why I'm enjoying the increasing sound complexity of today's pop disks."

Other Interests

Talmy isn't confining his interests to records alone. About a year and a half ago, he commissioned young Oxford student Thom Keyes to write a book about a rock and roll group for eventual filming. The humorous, authentic book, "All Night Stand," was released last summer and the 20th Century-

Out of the Ball Park Smash: "How Can I Be Sure," **Young Rascals**. In fact, the "B" side, "I'm So Happy Now," will be a hit. R&B Going Pop: "I'm a Soul Man," **Sam and Dave-Art Roberts**, WLS; WHK, Cleveland; WMPS & WHBQ; WQXI; WFUN.

Sure to Be a Monster: "Let Love Come Between Us," **James and Bobby Purify**. This is a great piece of material. It was a regional hit by the **Rubber Bands**, but will go all the way now.

Lyric of the Month: "Child of Clay," **Jimmy Rogers, A&M**. Children should buy this one for their parents. It hits a lot of people where they live.

Smash: "Little Ole Man," **Bill Cosby, WB**. Big R&B, too.

Fantastic Record: "Your Precious Love," **Marvin Gaye & Tammi Terrell, Tamla**. You don't need much of an ear to hear this as a top 5 record on one listen.

Giant Record of the Week: "You're My Everything," **Temptations**.

Giant Sales: "Funky Broadway"—**Wilson Pickett**; "Higher & Higher," **Jackie Wilson**.

It is quite obvious to everyone that the R&B hits have major league muscle in sales in the pop market. There's not even the hint of argument about the subject anymore.

Smashes: **Paul Revere; Association; Petula Clark**.

Kal Rudman

Records Moving Up Fast: **Hombres; Arbors** (broke in Cleveland); **Tommy James; Spanky & Gang; Gary Lewis; Sonny & Cher; Youngbloods; King Curtis; Esquires; Cryan Shames**.

Money Music Tips Explode on Trade Charts

We were quite proud to see the bullets and stars on the trade charts for our long-standing "Money Music" Tips:

1. "Expressway To Your Heart," **Soul Survivors, Crimson**. This is a sales giant in N.Y.C. which confirmed Philadelphia.

2. "Got To Pay the Price," **Al Kent, Ric Tic**. There is no way to fight this record. It is so catchy and infectious a melody, that it went on the Metro Media smooth music giant in Philly, WIP.

3. **Vanilla Fudge LP**: Sales on this album are unreal. You remember that we alone crusaded for the single. With sales well over 100,000, it is hard to realize that there can be such big album sales without a smash single.

Top Tip from the South: The #3 record in Birmingham is: "Where Have You Been," **the Villagers**. Atco picked up the master. We feel it is a fantastic sound. It is already starting to break in Atlanta. Halfway through it catches on fire and really zooms . . . It is a Screen Gems song, written by **Weil and Mann**, and will be a giant in the South.

Latest **Kal Rudman** Hot Tip: "I'll Release You," **Joanne Bon and the Coquettes, MTA**, has sold over 10,000 in Philly off WIP and just went on WIBG, confirmed in Baltimore at WCAO at No. 24. We predict that this will be a left-field Top 10 smash. The producer is **Roy Drusky**. The girls are the No. 1 self-contained lounge group in the country and will not even be available for recording between September and February. Other markets selling this record are Newark, Chicago and Cleveland.

We have just learned that our recent Tip Top Tip, "To Sir With Love," **Lulu**, hits all trade charts with bullets and stars this week. went on CKLW-Detroit and is over 150,000 records. We were deadly accurate in predicting Top 10 for this record.

Tom Jones is Back: "I'll Never Fall In Love Again." It went on all three stations in Boston; WCFL, Chicago, and many others.

Underground Favorite: "Love You Till Tuesday," **David Bowie**, London. There has been big play of his LP at WOR-FM, N.Y., and **Tom Donahue** in S.F. and many other stations. He has an unusual voice. All the big groups in England use his songs. This 19-year-old kid could easily become a big star this year. His LP has sold very well.

Sales in Seattle and Among the West Coast: "Gin House," **Amen Corner**.

Herb Alpert.

"Don't Talk To Me," **Johnny Mathis**, is getting a large amount
of play. One of the most picked records at the good music sta-
tions is "I'll Never Fall In Love Again," **Tom Jones**. However,
Herb Alpert and "The House Song," **James Darren**; "Child of
Clay," **Jimmy Rodgers** are among the top choices. The new **Roger
Williams**, **Ramsey Lewis**, **John L. Sullivan**, **Jerry Vale** and **Sergio

ray**, SSS. This is a big sales jumper and is spreading up North.

Teenybopper Special: "Kitty Doyle," **Dino, Desi & Billy**.

Dick Reus Top Tip from the South: "Child of Clay," **Jimmy
Rodgers**.

Looks Good: "Do Something To Me," ? and **Mysterians**.

WKNR, Detroit: Went on "Knock on Wood," **Otis and Carla**.

Breaking Both Ways: "She's Got the Magic," **Parade**—Breaking
in Miami, Cleveland, Denver, L.A.

Bob Canada Tip: #1 Request is "You're a Very Lovely Woman,"
Merry-Go-Round. **Don Graham** will just not give up on this record.

Congrats to **Bill Darnel**: Bill just would not give up on the
Van Morrison for months, and he deserves credit for fighting this
record through to a smash. And stories like this keep **Don Graham**
with his nose to the grindstone.

We hear now that **Zalley** of the **Lovin' Spoonful** has a record
coming out very shortly. What label will it be on?

"Dance, Dance," **Chartbusters**, is selling in Washington,
Raleigh.

"Sunshine Games," **Music Explosion**, looks good for teeny-
boppers.

"Falling Off the Edge of the World," **Easybeats**, should get
more than its share of airplay.

We are very high on "She's Got the Magic," **Parade**, which is
a good follow-up to their excellent first record.

Dick Reus, **WLEE**, Richmond, went with **Martha & Vandellas**
and **King Curtis**. **WLOF**, Orlando, went with **King Curtis** . . . **Roy
Nilson**, **WLCY**, Tampa, went with **King Curtis** . . . **Jim Davenport**,

Col Signs Singer, Songwriter Bonner

Garry Bonner, talented song-
writer, will make his debut as a
singer on a soon-to-be-released
Columbia single, "The Heart of
Juliet Jones."

Clive J. Davis, VP and General
Manager of **CBS Records**, shakes
hands with singer-composer **Garry
Bonner**, following Bonner's sign-
ing of an exclusive recording con-
tract with **Columbia Records**, with
David and Bonner, from left, **Tom
Noonan**, Director of National Pro-
motion, **Columbia Records**, and
Charles Koppelman and **Don Rubin**
(far right), independent producers.

The song was written by
Bonner and his partner, **Alan
Gordon**, who have several hits
to their credit including "Hap-
py Together" and "She'd Rather
Be With Me," by the **Turtles**,
both of which made No. 1. The
new single is a **Koppelman-
Rubin** production supervised by
Jack Nitzsche. **Columbia** has
mapped out plans for a full-
scale national promotion to
launch **Garry Bonner** as a solo
performer.

A specially prepared audio-
visual showcase will introduce
Bonner to **Columbia's** regional
and district field force, who
will, in turn, present showings
to key disk jockeys and record
dealers. Highlighting the pre-
sentation is Bonner's perfor-
mance of the new single.

Big 3 Boosts Pop Prospects With Delvy and Orlando

The Big 3 Music (Robbins-Feist-Miller) operation continues to step up its activity beyond the standard and film horizons for a bigger play in today's pop arena.

Recently, the publishing organization announced the wrap-up of an exclusive songwriting pact with Jimmy Radcliffe and Buddy Scott. This week the company made further moves on the pop scene through the signing of a West Coast talent development deal with Richard Delvy and the East Coast staff appointment of Tony Orlando.

On the West Coast, Delvy will cover the new talent scene and will also function in record production deals for the Big 3. Delvy's prior experience runs the gamut of contemporary music with strong credits in the Top 40 groove as a promotion man, publisher and record producer. He was the co-producer and publisher of "Wipe Out" and wrapped up other production successes with Dot, Crescendo, Vault, Challenge and Atlantic Records. In production, Delvy has been identified

Richard Delvy Tony Orlando

with such contemporary groups as the Peanut Conspiracy, the Ashes, the Chamber Brothers, the Challengers and the Clee Shays.

Delvy will operate from the new Coast office of Hastings Music Corporation, a Big 3 subsidiary.

Arnold Maxin's appointment of Orlando to the Big 3 East Coast professional staff marks still another major move in the current pop scene. Orlando will work closely with Professional Manager Jay Lowy and Director of Special Projects Wally Schuster in tracking down new talent and promoting new material and disks in the Top 40 category.

ABC's Chi Office

ABC Records has moved its Chicago office to new quarters under the guidance of Midwestern A&R Director Johnny Pate at 1321 South Michigan Ave.

Cowsills At MGM Meet

ST. LOUIS, MISSOURI—MGM Records held its Third Annual Promotion Men's Convention Aug. 31-Sept. 4 at the Tan-Tar-A Country Club Resort at Osage Lake in the Ozark Mountains. At the convention plans for new artists and product were outlined to promo men from all the labels' independent distributors as well as company promotion personnel.

A highlight of the meet was the surprise appearance and performance of MGM's new push group for the fall and winter of 1967, the Cowsills. They sang and played for the promotion men and their wives Saturday night. The Cowsills, managed by Leonard Stogel Associates and produced by Art Kornfeld, drew raves and were asked to do more than a dozen encores.

The Cowsills are embarking on a nation-wide tour September 11th, following their Tan-Tar-A performance. The show they gave was a sneak preview of their live, in-person act.

In addition to showcasing the Cowsills for their promotion men, MGM execs held regular, morning workshop sessions with the distributor promotion men. They were addressed by MGM President, Mort L. Nasatir; Director Of Promotion, Frank Mancini; Director Of Marketing, Lenny Scheer; National Singles Promotion Manager, Harold Berkman; and LP Promotion Manager Mike Bece.

The annual promotion get-togethers are the brainchild of Frank Mancini and have been most successful in tying together overall promotion programs.

Get to Compare Notes

"At these meetings," said Mancini, "we get an opportunity to compare notes, and to outline our future plans for tours, etc. with new and established artists. At these sessions the distributor promotion men have a chance to make us aware of what their local problems are. This gives us a better overall estimation of what our future plans should be like." Mancini also said that the distrib promo men get a chance at these meetings to exchange ideas with one another.

President Nasatir is an enthusiastic supporter of the promo-meet idea, and said that he felt the unity of effort that emerges from these meetings is important to artists' success.

Attarack Talent Program

HOLLYWOOD — Seymour Heller, President of Attarack Corp., announces launching of a big-scale talent development program designed to discover, train and promote promising individuals in the performing, writing and production fields over a long-term period.

A special budget is being allocated to the program. Named to an honorary advisory board were Universal producer George Edwards; singer Jimmy Rodgers; actress Dorothy Malone; agent Lew Sherrell; columnist Rona Barrett; and vocal coach, Harriet Lee, with Heller acting as advisory board chairman. The Board will act as consult-

ants in the screening, instruction and promotion of those selected for grooming, under the supervision of key personnel.

Assisting in the project will be Ed Cobb, heading the A&R production training phase; Adam Ross, spearheading the writing division; and Burt Jacobs and Jimmy O'Neill, in charge of dramatic and musical performers, and the packaging of lounge and nitery acts. These various portions of the program will operate under the general supervision of Ray Harris, who, with Heller, will oversee the activities and assist in all areas.

UA Gold LP's

Two UA soundtrack pacesetters, "You Only Live Twice," from the new James Bond thriller, and "A Man And a Woman," have earned gold record recognition from RIAA.

An additional UA soundtrack for the motion picture, "In The Heat Of The Night," starring Sidney Poitier and Rod Steiger, with score by Quincy Jones and title song sung by Ray Charles, is already registering the soar-

ing retail sales that promise to make it one of the biggest tracks of the season. Likewise, the music from "For a Few Dollars More," by LeRoy Holmes and Orchestra, appears guaranteed of a high chart niche.

These current releases and all future original soundtrack packages are being given the benefit of an all-out advertising, publicity and promo push from the label to co-incide with the company's giant 10th Anniversary celebration slated for next year.

Merv Griffin Into Indie Disk Producing

By DOUG McCLELLAND

NEW YORK — Merv Griffin, man of many talents (and enterprises), is embarking on yet another career: independent record production.

According to the amiable Westinghouse - Channel 5 TV host, Griffin Productions will produce records for issue on the MGM label, with the first release set for around the second week in September.

"I've done a single with my son, Tony, who's seven, and my niece, Candy, who's nine, that's due out then," Griffin told Record World last week. "The first side is the Cy Coleman title song from the new David Merrick play, 'Keep It in the Family.' We do it with 12 kids, altogether, and a big orchestra. The flip side is the one Tony's really prominent on, 'Dear Papa.' It's the first time he's ever done anything like this, but he sings out like Ethel Merman! He did it in two takes, too. Half-way through the first one, I suddenly heard a honk! from his general direction. I said, Tony, what was that? He said, I had to blow my nose. I said, oh, well. We'll have to do the song again and, Tony, this time please try not to blow your nose until it's finished."

Others in New Deal

Also coming in the new independent production deal will be records by Gloria Loring, the beautiful blonde with the ditto voice who has been getting much exposure on Merv's TVer of late. She'll have an album first, produced by Bob Morgan. Griffin Productions also has signed Brazilian singer-composer Marcus Valle, who will be produced by Ray Gilbert. David Soul will have a single in mid-September, too.

Griffin, whose 90-minute color show recently moved to an 8:30 p.m. slot in the New York area from a late evening berth, is now getting "twice the rating we had at night before in the area," says Merv.

Griffin admits that in recent months he was becoming "too comfortable" in his TV host's chair, and apparently is now going all out to remedy this.

Lend A Hand

To The Fallen Angels

On the 28-acre Griffin farm in the hills of Califon, N. J., the Griffins pose for a family portrait, from left: Mrs. (Julann) Griffin, Poochie, Merv and son Tony. Father and son team up for the first time on wax via MGM record, produced by new indie Griffin Productions.

He will be taping for his show in Russia in late September-early October. Furthermore, he's going to produce and star in a "a sort of road tour" in the near future, a package already set to play the Riviera in Las Vegas in late July-early August next year and the Westbury Music Fair in Long Island for a week right after Easter.

"In the meantime, we'll play some one-nighters in cities around the country to break in. We'll bring along some acts from the show, including our announcer, Arthur Treacher, of course. We've also had an offer from a major New York hotel to bring in a revue of our TV discoveries—I wouldn't be in this one. We're mulling this over now," he related.

Merv, aside from his regular Monday-through-Friday TV chores, is signed to do four specials for Westinghouse as well. He has already started a St. Patrick's Day special, some of which was recently filmed in Ireland.

"All the music is done already," enthused Griffin, whose heart was obviously very much in this job, particularly. "I did all the songs there—when I sing 'Galway Bay,' for instance, it's in Galway Bay."

Roulette Bows Own Label And Pubbery in Mexico

NEW YORK — Morris Levy, President of Roulette Records, announces the formation of a new Mexican label for Roulette, and the establishment of a Mexican music publishing company.

Discos Tico, the new label, and Planetary-Nom Mexico Musica, the publishing company, will be headquartered in Mexico City. A group of top Roulette executives, including Levy, legal counsel and director of international operations Normand Kurtz, Latin American music director Pancho Cristal and Big 7 Music head Al Peckover, will be at the Hotel Maria Isabella in Mexico City for a month commencing Sept. 11 to officially open the Discos Tico offices and to coordinate initial operations.

"We regard Mexico as we do Canada—and our label there—a natural extension of the United States record market

and of Roulette as an energetic and progressive record company," said Levy.

Will Visit Periodically

Levy emphasized that "Discos Tico has been formed and will be run according to American business techniques in administration, collections and promotion. An adequate staff will be on hand at all times to give effective service, and Roulette executives will visit the Discos Tico offices periodically to ensure that efficiency is maintained."

The new label is the result of an agreement concluded between Roulette and the Guindi Industrial Group of Mexico, a giant diversified corporation which through its international agreements with Swan Industries, Panasonic Radio and Television and Sealy Mattresses, manufactures textiles, Stereo Jet tape cartridges, mattresses and a variety of electronic equipment for home and industry.

Principal officers of Discos Tico and Planetary-Nom Mexico Musica: Morris Levy, Roulette treasurer Morris Gurlek, Alberto Guindi, Jose Ades, and Guindi U.S. representative Joseph Cayre. Ades is expected to be named chief exec of the new label.

Kurtz said that negotiations are being conducted for Discos Tico and Planetary-Nom Mexico Musica to represent important U.S. record and music publishing interests in Mexico and that periodic information on Roulette's Mexican activities would be released.

Alpert Delights Despite Drizzle

NEW YORK — After being rained out three times (over a year period) at Central Park, A&M's Herb Alpert vowed that on the fourth try he and the Tijuana Brass would perform come rain or shine.

Came rain.

Came Herb and the fellows and came a sizable crowd estimated from five to 10 thousand, who stood in a slight drizzle to hear the group play a brisk, bracing rundown of their hits.

Although the sound system was faulty—a condition for which Herb apologized—the music sounded good and cheered the enthusiastic, umbrella-covered crowds greatly. The high-point of the evening was the closing rendition of "Zorba the Greek," but just about everything sounded as fresh as the well-known singles.

Musicor Handles Hurricane Label

Musicor Records has taken over the international distribution for Hurricane Records of Albuquerque, N. M.

Founded by Mrs. Bennie Sanchez and currently operated by Mrs. Sanchez and her son, Al (Hurricane) Sanchez, the label is primarily oriented to Mexican music but has been engaged in a program of increasingly diversified product during recent months. The arrangement gives new strength to Musicor's already prominent position in the Spanish music field.

According to Musicor President Art Talmadge, the new deal includes a co-publishing arrangement with Hurricane's Striking Music, a BMI-affiliate firm. Musicor will actively administer the publishing firm.

Plans call for an initial release of three LPs late in October, one each by Al Sanchez, Tiny Morie and a Mexican mariachi band. Three more albums are scheduled for November release, with artists to be announced later.

Fisher & Hackett, Talented Twosome

NEW YORK—Eddie Fisher, the world's greatest minstrel according to **Buddy Hackett**, and **Buddy Hackett**, the world's greatest clown according to **Eddie Fisher**, opened a six-week run last week at the **Palace Theater**.

During the long opening night program, their talent was never in question—just their taste.

Fisher nostalgically sang a few of his old RCA Victor hits ("I had 22 in a row") and a few of his new ones, along with the now inevitable references to the girls in his life, past and present, and the **Jolson medley**. The thin, amiable young man also belted out a few show tunes admirably (including at least three too many renditions of "The Impossible Dream"), for-

got some words (including the name of his conductor, **Colin Romoff**) and these days is singing "That Face" to **Buddy Hackett**—no relation to **Joan**.

Buddy, in his marathon stand-up turn, proved a sharp cookie with an overemphasis on water closet jokes he didn't learn at **Jack Paar's** knee. "Here we are," he says to **Eddie** at one point, "where all the greats have played. Us [raspberry], a couple of saloon guys . . . You know, we could've stayed at **Grossinger's** and played to this same crowd." Unfortunately, **Hackett** does not know, or has forgotten, that the code of the old **Palace** greats was always to leave the audience wanting more.

—**Doug McClelland**.

TV's Dawson To Bell

Larry Uttal, President of **Amy-Mala-Bell Records**, announced the signing of a label distribution deal with **Carnation Productions, Ltd.**

The first release on **Carnation Records** will be "His Children's Parade" recorded by **Richard Dawson** of "Hogan's Heroes" fame. The deal was made between **Bell Records** and **Murray Cohen** who is an independent producer and has in the past produced **Gloria Lynne**,

Rose & the Originals and others.

Cohen heard a piece of material entitled "His Children's Parade" and approached **England's Dawson** who became very excited about it and secured the services of **Jerry Fielding**. **Fielding**, the arranger, producer and composer, agreed to arrange and produce the date. **Bell** is releasing the single immediately on the **Carnation** label.

RCA to Distribute Chart World Wide

NASHVILLE—Chart Records products will be manufactured, promoted and distributed world-wide by the RCA Victor Record Division as a result of negotiations just completed between **Steve Sholes**, Division VP, Pop A&R, and **Slim Williamson** and **Ott Stephens**, Chart co-owners based here.

Formed in March, 1964, by **Williamson** and **Stephens**, the label's second release, "Lookin' For More In '64," was a hit and got the neophyte corporation off to a stable start by selling over 40,000 records and staying in trade listings for 27 weeks. Sales have continued to increase to the point where today Chart has three Top-50 songs registering strong sales action and a significant backlog of past hits.

Current toppers include "Too Much of You" by **Lynn Anderson**, "Keeping Up Appearances" by **Lynn Anderson** and **Jerry Lane** and "World's Biggest Whopper" by **Junior Samples**. "Go On Home, Girl" by **Crash Craddock** will be the first Chart disk released under the new RCA pact.

"Chart had simply grown to the point where we either had to expand our operation or look to a major label for assistance," explained Chart's **Williamson**.

"After considering offers from almost every major label in the business, we decided RCA Victor would be the best deal. Now we should have the time needed to build new talent and do an even better job trying to cut hit records."

Coordinate Through Jarvis

Williamson and **Stephens** will coordinate their activities through Victor's **Felton Jarvis** in Nashville and will continue to handle all sessions and set releases. Chart continues to own all artist contracts and all masters, as the setup with Victor is for manufacturing and distribution only.

Other business interests owned by the two former Georgia natives include **Yonah Music, Inc. (BMI)**; **Peach Music (SESAC)**; **Country Talent Agency** which books most of the Chart artists; radio station **WPEH**, Louisville, Ga., and radio station **WLOV**, Washington, Ga.

An "open door" policy for songs from any publishing company will be strictly observed by Chart, despite the fact that owners have publishing interests. According to **Stephens**, "If a song's an 'A-Side' song, we'll cut it regardless of where it's published."

Smith Agency Honors Veteran Ernest Tubb

NASHVILLE — About 200 luminaries in the country music field attended a celebration last week at the Ramada Inn in honor of **Ernest Tubb's** many years in show business.

Tubb who has been a professional performer for over 50 years, was honored by **Hal Smith Artists Productions**, the Agency which has booked him for the past 11 years. **Ernest** is believed to have been with the agency longer than any other artists has been with any other Nashville-based booking agency. He has been booked by **Hal Smith** and associates consistently and has never left the agency in the 11 years.

Ernest has worked in motion pictures, has been a star of the Grand Ole Opry since 1943 and is currently the star of his own television show which is syndicated in markets all over the United States. He was given a helping hand by the widow of the late **Jimmy Rodgers** whom

Ernest admired. **Mrs. Rodgers** presented **Ernest** with her husband's guitar which **Ernest** still has as one of his most prized material possessions. A replica of the **Rodgers** guitar was sculptured in ice for the celebration as the center piece.

Friends of **Tubb** present at the party were **Roy Acuff**, **Minnie Pearl**, **Owen Bradley** and a host of other stars of country music and business executives. **Tubb** was presented with an oil painting of himself at the celebration painted by **Mrs. Pat Newman**, a secretary to **Haze Jones**, Vice President of the talent agency. **J. Hal Smith** planned the celebration.

New P/S Hit

Stan Lewis' Labels Expand

SHREVEPORT, La. — Stan Lewis, Prexy of Jewel-Paula Records, admits he would never have believed a few years ago that C&W music would be as big a part of his organization as it is today.

"The loyalty of country music fans is something that one has to almost experience to believe," adds the head of C&W promotions for Paula Records, Larry Page.

The Paula label supplies a top roster of talent headlined by Nat Stuckey. Their latest additions: Tony Douglas and his Shrimpers and Mickey Gillely. The feminine stars include Cheryl Pool and Peggy Paxton.

Big plans are in the mill for expansion of the Jewel-Paula label, too.

Ferguson Folklore

NASHVILLE — Bob Ferguson, recently recuperated from an appendectomy, returned recently to his duties as A&R producer for RCA Victor to find that a song he had written has been recorded by Victor artist Waylon Jennings in his recent album, "Love of the Common People."

Entitled "Taos, New Mexico," the tune reflects Ferguson's interest in Indian folklore and Western U.S. culture.

Now working on a Ph.D. in Anthropology at Vanderbilt University, Bob recently spent a week in Philadelphia, Miss., to produce the annual Choctaw Indian fair. Well heeled for background on the subject, he has already proved himself well-versed as a writer with "On the Wings of a Dove," recorded by Ferlin Huskey whom he managed for two years before joining up with Victor.

Stone Country To Victor

Stone Country, new mod-country group composed of six singers from Georgia, Oklahoma and southern California, have been signed by RCA Victor to a major six-year recording contract.

Rick Jarrard will produce the group's albums and singles for RCA.

Stone Country's first single, "Time Isn't There Anymore," is scheduled for release Aug. 29.

Contract was negotiated by Dennis Bond and Ed Douglas of A.C.T.S., talent management company. Mod-country group is represented by Bullets Durgom, Ashley Famous Agency.

CMA Awards on TV

NASHVILLE — Roy Horton, Chairman of the Board of the Country Music Association, announces that arrangements have been completed between CMA and Goodson-Todman Productions for production of the annual CMA C&W Awards Show for Television.

CMA officials and Goodson-Todman executives met in New York last week to formulate plans for the show. Goodson-Todman, the producers of such TV network shows as "What's My Line," "Match Game," "Pass

Word" and "To Tell the Truth," have announced that the creative director of the awards show will be Mike Gargiulo, Goodson-Todman staffer, who is presently helming the "Model of the Year" show for CBS and whose credits include the New York Thanksgiving Day Parade, the Cotton Bowl Parade, Holiday on Ice and other television specials.

Negotiations are presently underway with TV network officials concerning scheduling of the annual show.

Future Bown Firm Formed

NASHVILLE — Music City welcomes a new corporation into its fold, Future Bown Productions, Inc., already off the ground with a television variety show, "The Chuck Howard Show," featuring Chuck Howard and scheduled for airing in January.

Future Bown Productions is headed by Freddy Future and Lin Bown. Future, who most recently represented Boone Records and Richwill Publishing Co., is well known for penning the pop hit, "Blue Tomorrow." Bown, a former Southern Gentleman with the Sonny James troupe, has been one of Nashville's busiest background singers.

The organization includes three publishing firms: Big Dipper Music (BMI), Lunar Music (ASCAP), New Moon Music (SESAC), and a management firm, Talent Town Management.

Activities slated for the organization include record production in the pop, R&B and country veins, continuation of the Chuck Howard Series and involvement in every phase of the industry.

Duo Rests

NASHVILLE—One of country music's most enduring couples, Johnny Wright and Kitty Wells, will return to Music City Sept. 5 for a well-deserved rest following Labor Day appearances in Hershey, Pa.

The fruits of their month-long labors on the road are waiting for the popular husband and wife team. For each there's a single in the charts: "American Power," Johnny's latest, and "Queen of Honky Tonk Street" by Kitty. Also showing in the charts is Kitty's latest album, "Together Again," recorded with Red Foley.

Father - Son Combo

Danny Husky, whose days are usually filled with non-show-business activities, such as school and athletics, caught a bit of the glitter surrounding his famous father recently.

Danny was invited by father, Ferlin, to sit in on a performance at the New Yorker Hotel Nashville Room during the veteran performer's recent stint in the big town. Danny, who apparently shares in his dad's talent, "sat in" on the drums, while the Hush Puppies played for Ferlin. It was young Husky's first visit to New York City and debut on drums, plus one of the few times he has had opportunity to watch his dad work in his chosen profession.

Ferlin says he isn't urging Danny to follow a show business career, but would prefer his son make his own decisions in this regard.

Poodle Preparations

Donna and Roni Stoneman, distaff members of MGM's the Stonemans, assist Nashville nightclub manager "Caddillac" Wilson with the advance publicity prior to a return engagement at the Black Poodle recently. The week-long Poodle stint marked an anniversary, of sorts, for both the act and the nightclub. The two merged assets two years ago introducing country music to Nashville's famous Printer's Alley area. The innovation caught on and the Poodle's been packing 'em in ever since, with a different act each week.

'Wine Drinker' Strikes Again

Moss Rose Publications, Inc., writer Hank Mills has seen his "Little Ole Wine Drinker Me" composition go full circle.

Moss Rose topper Audie Ashworth filed the novelty with actor Robert Mitchum when Monument Records sent out a call for the tall star's first single. Mitchum reviewed the song at his Hollywood home, then phoned friend Dean Martin. In view of Martin's much publicized affinity for spirits, and considering the theme of "Wine Drinker," Mitchum suggested that Dino audition the song. Martin, who had a tune heading up in the charts at the time, liked the idea, but suggested that Mitchum release the song.

Since that conversation, Mitchum's "Little Ole Wine Drinker Me" has rocketed into the Top 10 division of the country charts and has begun nudging the pop charts. In late July, Dean, who remembered the Mills tune from Mitchum's introduction, etched "Wine Drinker" in a Reprise album. Reprise execs, after hearing Dino's rendition of the novelty, have released the tune as one side of Martin's new single.

History Repeats

CHARLOTTE, N. C.—Webb Pierce made a repeat performance for "The Arthur Smith Show" on Aug. 8 which marked a 15 year anniversary.

Webb appeared on the Smith radio show for the first time on his birthday 15 years ago to introduce his new Decca record, "Wandering," the fantastic success of which is history. On Webb's recent appearance, again on his birthday, he premiered his latest Decca waxing, "Fool, Fool, Fool," during a 15 minute "Pierce" segment of the hour-long Arthur Smith TVer reportedly seen in 28 markets during prime time with an estimated 11,000,000 viewers.

Record Row Face-lifting

Nashville's Record Row is in for a major face-lifting job in the not too distant future. Sixteenth Avenue South will soon become an expressway boulevard with the entire West side of the street to be moved over.

Several prospective buildings are presently in the planning stage for the Row including one at the 812-814 frontage of the street. A large two-story complex is to be built in front of and encompassing the building that houses Audrey Williams Enterprises, Al Gallico Music, Ashley Records, Screen-Gems Music, Epic Records and Exit Recording Studios.

Jack O' Diamonds Records has picked up the master on an answer to the major hit, "Ode to Billie Joe." The tune marks the return to the charts of Tommy Dee, singing "The Return of Billie Joe." Dee had the major pop hit "The Three Stars" in 1959 on Crest. Jerry Naylor, Tower Records artist handled by the Jim Halsey Agency, has made the move to Nashville. Naylor will be host of the new syndicated television show, "Music City U.S.A." skedded for a number of bigtime markets this month. Flick is a one-hour variety show in color. According to a number of listeners, Kelso Herston has really scored with the new

Geezinslaw Brothers single, "Chubby." Tune will be out right away. Sonny James was in the studio the past week recording for the Capitol A & R chief.

Out-of-towners the Canadian Sweethearts were in for Epic sessions while Tommy Cash, Don Chapeland, Tammy Wynette also recorded. Miss Wynette is set for a 26-day tour of overseas to start this week. Reaction aplenty is beginning to come in on David Knight's "Forbidden Affair," on SSS International.

Traveling Texan Billy Walker's parents Mr. & Mrs. Herbert Walker of Petaluma, Cal. were in town visiting the Monument artist last week. It was the first time the latter had seen their grandchildren in three years. Split action on Billy's new single is incoming; however, the general feeling is that "I Treat You Like a Baby, You Treat Me Like a Dog," is the winning side.

Saw Mel Tillis last night and he relates that he'll be in town for about 10 days to do a little visiting and fishing.

Dylan Due in Nashville

Columbia Records producer Bob Johnston plans to bring Bob Dylan to Nashville as soon as dates can be worked out. Dylan has been inactive for more than a year, recording-wise, and just signed a new long-term contract with Columbia.

Former Decca recording artist Goldie Hill is reportedly coming out of retirement and has signed to record for Epic. The wife of C & W vet Carl Smith apparently will go by Goldie Hill Smith on the record label.

Charlie Lamb, her personal manager, has Connie Smith set for fairs along the Eastern seaboard and throughout the Midwest this month. Eleven fairs in all and the month will be closed out with a club date at Bridgeton, N.J.

Tower artist Jake Holmes is set for the University of Tennessee late this month in Knoxville and for a week at Vanderbilt in Nashville in early October, according to Morty Wax Promotions.

Dollar's new Date Records single, "The Wheels Fell Off the Wagon," is just out while initial reaction to Trevor's "You've Been So Good To Me."
