**Atlantic Execs (Top, Left) Jerry Wexler, Ahmet Ertegun & Nesuhi Ertegun Announce Formation of New Cotillion Label, With Some of New Diskery's Artists Shown Below — Freddie King, Otis Clay & Lou Johnson. Story Inside.**

In the opinion of the editor the following records are the **SINGLE PICKS OF THE WEEK**

Archie Bell and the Drells have a terrific and danceable follow-up to their million seller in "I Can't Stop Dancing" (Downstairs-Double Diamond, BMI) (Atlantic 2534).

Petula Clark is set for her next trip up the charts with "Don't Give Up" (Duchess, BMI), which Tony Hatch and Jackie Trent wrote (Warner Bros.-Seven Arts 7216).

The Lovin' Spoonful have a wistful, moving song in "Never Going Back" (Screen Gems-Columbia, BMI), a countrified side (Kama Sutra 250).

Tony Bennett introduces "Hushabye Mountain" (Un-art, BMI), a lullaballad from "Chitty Chitty Bang Bang." A beautiful reading (Columbia 4-44584).

**SLEEPER PICKS OF THE WEEK**

The Chosen Few play "Footsee" (Big Seven, BMI), which is written around a new toy craze. Kids will love the fast and fun side (Roulette 7015).

Johnny Jones and the King Casuals have a spell-binding instrumental entitled "Blues for the Brothers" (Azrock, BMI) that'll go (Brunswick 55376).

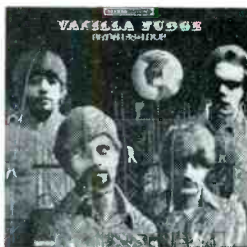

Mamie P. Galore will get that R/B-pop public going wild over "This Time Tomorrow" (Metric-Wally Rocker, BMI) and they'll buy (Imperial 66306).

Ray Stevens gets downright mad at the businessmen of the world in "Mr. Businessman" (Ahab, BMI), a dramatic outcry Ray also wrote (Monument 1083).

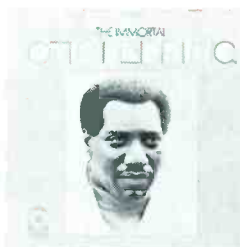

**ALBUM PICKS OF THE WEEK**

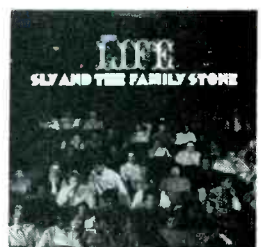

Vanilla Fudge continue in "Renaissance" the musical explorations they began in "The Beat Goes On." Most of the material is original (Atco SD 33-244).

"Donovan in Concert" contains some of the artist's best songs as he performed them in his recent state-side tour. A marvelous album (Epic LN 24386; BN 26386).

"The Immortal Otis Redding" contains "The Happy Song" and "Amen" and a number of unreleased sides. Will be a big seller (Atco SD 33-252).

Sly and the Family Stone, who should soon be one of the biggest groups in the country, will turn kids on to "Life" (Epic LN 24397; BN 26397).

# Mercury Begins Construction On Multi-Million \$ Mftr. Plant

CHICAGO—Mercury President Irving B. Green announces that the corporation will begin construction immediately of a new multi-million dollar manufacturing plant near Richmond, Ind.

The self-contained facility, which will more than double the space available in the corporation's present plant in Richmond, is the result of two years of planning by Green, Executive Vice President Irwin Steinberg, Director of Manufacturing Lloyd Shaw and other Mercury officials.

According to Green, an indie marketing study conducted by a team from the University of Chicago shows that the record industry will grow by a minimum of 50% over the next 10 years. "With our new plant, which will be in full operation by the fall of 1969, we will be able to more than cope with

the expected growth patterns," Green emphasized.

## Entire Process In Company's Own Plant

With Mercury's present modern facilities, once the original artwork and mastered tapes are sent to Richmond, the entire process resulting in finished singles and LPs is conducted in the company's own plant. With the new facility, these already quality procedures will be improved to an even greater extent.

Pressing operations for other labels, which has been done at Mercury's Richmond plant, will also be continued on a larger scale on the new site. The new plant, which will be built on a 30 acre site northwest of Richmond, will contain approximately 300,000 square feet and will be built on one level.

The RCA Record Division and Victor Records of Japan, an independent Japanese Corporation, have signed a new agreement under which RCA's own label will be introduced in Japan with a catalog of new recordings by Japanese artists as well as Japanese pressings from masters taken from RCA's world-wide catalog.

Announcement was made simultaneously by Norman Racusin, Division Vice President and General Manager, RCA Records, in New York, and Hitoshi Momose, President, the Victor Company of Japan, Ltd., in Tokyo.

Under the terms of the new agreement, all the Japanese artists on the new RCA label and their recordings will be available on the RCA label for release in the United States and all foreign countries by RCA record licensees and RCA subsidiaries, Racusin said, adding that hence-

forth all records pressed in Japan from RCA-owned masters will be released on the RCA label.

Momose said the agreement will provide important international exposure for Japanese artists and their recordings.

### Important Market For Music: Japan

"We recognize that Japan is one of the most important music markets in the world, and that this new relationship between the two companies will give us an opportunity to take full advantage of the market potentialities," Racusin said.

The agreement is a result of negotiations recently concluded in Tokyo by Dario Soria, Division Vice President, RCA Record International Department. The initial recordings on the RCA label are expected to be released later this year.

A promotion and press kit has been prepared containing a biography, a press release and an 8 x 10 black and white photo for mailing to disk jockeys, distributors and the press. In addition, RCA will have special streamers designed for in-store and window display use.

Newbury, who is Nashville and Texas-based, already has established himself as a successful songwriter. Since 1964, he has been associated with the Acuff-Rose Music Publishing as a writer. He has written such songs as "Just Dropped In," which scored as a country hit in a recording by Don Gibson and went pop in a recording by First Edition; "Five Miles From Home," a hit recording by country singer Bob Inman; "Here Comes the Rain, Baby," by Eddy Arnold; "Good Morning, Dear," by Australian singer Frank Ifield, and his latest tune, "Sweet Memories," currently is moving up the charts in a recording by Andy Williams.

Newbury was introduced nationally on June 20 by fellow RCA artist Jimmy Dean on the ABC-TV Joey Bishop show.

## Harris' Dunhill Hits A Boon to Warners

The success of actor Richard Harris as a Dunhill recording star is proving an added plus for Warner Bros.-Seven Arts Records, which has rights to the soundtrack album of his film "Camelot," produced by label's parent picture company.

The "Camelot" LP has been a big seller since its release last year—but due primarily to the popularity of the Warner-7 Arts picture and not because of any one of its cast members. Now, since Harris has emerged on the record scene as a favorite among the younger set via his album, "A Tramp Shining," and single, "MacArthur Park," penned by Jimmy Webb, his recording sounds are in demand.

The Warner Bros.-Seven Arts label is expected to cash in on Harris' current hot wave in record sales by the release of a single of "How to Handle a Woman," which the actor sang in "Camelot."

## Pick Hits

### AERIAL BALLET

**NILSSON**—RCA Victor LPM/LSP 3956.

Complete with cover endorsement from John Lennon and liner notes by Derek Taylor, this new Nilsson album is bright and imaginative and personal and timely. "Daddy's Song," "Everybody's Talkin'," "Together."

### THE WIND IN THE WILLOWS

**Capitol (S) KAO 2956.**

New group, concocted out of his head by Peter C. Leeds, make happy, thoughtful songs out of a myriad of dictionary words that spin from their minds. They play wind instruments too—hence the title. "Uptown Girl," "So Sad," "Wheel of Change," "The Djini Judy."

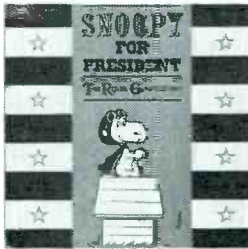

### SNOOPY FOR PRESIDENT

**THE ROYAL GUARDSMEN**—

**Laurie SLP 2046.**

There's lots of musical fun in these grooves. The fellows sing a number of recent clicks—all tied into a campaign theme via terse liner notes. "Snoopy for President," "Yummy, Yummy, Yummy," "By the Time I Get to Phoenix," etc.

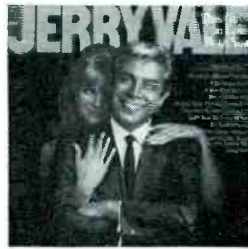

### THIS GUY'S IN LOVE WITH YOU

**JERRY VALE**—

**Columbia CL 2894; CS 9694.**

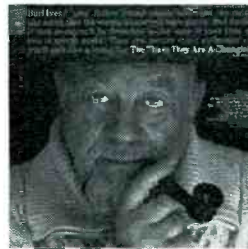

Contemporarily yours from Jerry Vale. There are three Bacharach-David songs here and that's a wise move. Ballads crooned unaffectedly are "Honey," "Do You Know the Way to San Jose," "The Look of Love," "With Pen in Hand," "Young Girl."

### THE TIMES THEY ARE A-CHANGIN'

**BURL IVES**—Columbia CL 2875; CS 9675.

Conversational, folksy songs that have made it in the past few years are what Burl doles out over this cracker barrel. Some of the best of Dylan, Simon and Hardin are here. "Home-ward Bound," "I'll Be Your Baby Tonight," "Don't Think Twice, It's All Right."

### THE BALTIMORE & OHIO MARCHING BAND PLAYS MUSIC FROM THE COMICS

**Jubilee JGS 8014.**

Cute and amusing idea for this album. The merry band plays bright ditties—most of which were inspired by comic strip figures. "Alley Oop," "Little Orphan Annie," "Jubilation T. Cornpone," "Simon Says." Cheerful instrumentals.

### THE ODD COUPLE

**SOUNDTRACK**—Dot DLP 25862.

Neal Hefti, who's been turning out many an insouciant film score, does it again for one of the funniest movies of the year. What makes this package especially appealing that it includes scintillating Neil Simon dialogue spoken hilariously by Walter Matthau and Jack Lemmon.

### SOFTLY

**THE SANDPIPERS**—A&M SP 4147.

Sweet and bittersweet songs on this collection from the trio who never get louder than ripples rushing to shore. "Jennifer Juniper," "Reason to Believe," "Suzanne," "Love is Blue" and other affecting numbers.

### I GOTTA BE ME . . . THIS TRIP OUT

**DELLA REESE**—ABC ABC(S) 636.

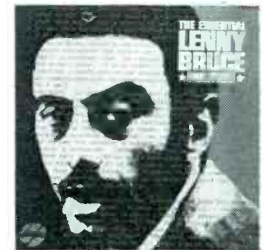

If she ever stops singing, Della could make quite a go of a diction and projection school. The girl really tells like itttt iss. Her songs in this bag are "Never My Love," "Pop Goes the World," "Measure of a Man," etc.

### THE ESSENTIAL LENNY BRUCE \*POLITICS\*

**Douglas SD 788.**

At this date, it might seem cursory to say, merely, that Lenny Bruce got down to the real nitty gritty. But that's what he did. His topic on this album is politics—pertinent at this time and, of course, in the future. Johnson and Nixon are two of his targets.

### HER POINT OF VIEW

**CLEA BRADFORD**—Cadet LPS 810.

Gal whips it to them, socks it to them, lays it on them with this package of juicy cuts. Some of the songs are new and some are old, but they're all beautifully-honed and moving. "Spring is Here," "The Thrill is Gone," "A Place in the Sun," more.

### REALLY BIG HITS!

**ED SULLIVAN ORCHESTRA AND**

**CHORUS**—Columbia CL 2845; CS 9645.

The biggest Sunday host of them all presents a variety of currently popular melodies. Oscar-winning "Talk to the Animals" along with "The Look of Love," "Thoroughly Modern Millie," "Up, Up and Away," "Love is Blue," "Theme from Valley of the Dolls."

### SWEET SWEET SOUL

**DICK HYMAN**—Command RS 933 SD.

Dick was traveling through the state of r/b, because all the tunes on this package come from that fertile territory. He plays piano, organ and clavichord on "Honey Chile," "Chain of Fools," "(Sittin' on) The Dock of the Bay."

### THIS GUY'S IN LOVE WITH YOU THE LOOK OF LOVE

**THE JOHNNY MANN SINGERS**—Liberty LST 7587.

The Bacharach-David tunes that give this album its title are just two of the enticements. The chromium chorus chant smoothly on "Do You Know the Way to San Jose," "Mrs. Robinson," "What a Wonderful World." Johnny's Joey Bishop fans will like, especially.

## McEuen Management Expands with Acts

William McEuen Productions, Inc., one of the fastest-growing management combines on the Hollywood disk front, has just completed arrangements for major projects involving several acts. The firm has also undertaken recording contract negotiations for a new group known as the Magic Lantern.

Helmed in its Sunset Boulevard headquarters by Bill McEuen, a former guitar player and banjo picker with a strong tendency toward the country sound, the firm now manages the Nitty Gritty Band, the Sunshine Company and the Hour Glass.

McEuen has just completed arrangements for a featured role for the Nitty Gritty Dirt Band in Paramount's forthcoming screen version of "Paint Your Wagon." The group is currently represented with their latest Liberty album, "Rare Junk," and a new single, "These Days."

The Sunshine Company, whose new Imperial single is "On a Beautiful Day," will begin a six-week tour of top Midwestern and Eastern tent theaters on July 29 as a feature attraction of "The John Davidson Show." Prior to their arrival in New York on July 22 for a week of rehearsals for the tour at Celebrity Arts Hall, the Sunshine Company will work in other concerts, too.

The Hour Glass, a five-man group which has won acclaim for performances at The Whisky A Go Go and other Hollywood clubs, will leave shortly for a summer-long tour through the South for club and concert dates. The group features organist-guitarist-blues singer Greg Allman, whose first solo single, "D-I-V-O-R-C-E," has just been released.

McEuen, meanwhile, has just signed a new group from the Northwest called the Magic Lantern. McEuen is also negotiating for American management of a number of British attractions.

## Cap Industries Sells Stereo Tape Operation to ITCC

Joseph C. Jamieson, President of Stereo Devices, Inc. (a wholly-owned subsidiary of Capitol Industries, Inc.), and James J. Elkins, Executive Vice President of International Tape Cartridge Corporation, announce the acquisition on July 1, 1968, by ITCC of the equipment and production operations of Stereo Devices, Inc., which has been manufacturing 4 and 8 track stereo tape cartridges exclusively for ITCC. At the same time, ITCC acquired 200,000 common shares of ITCC owned by Capitol Industries, Inc.

"This acquisition gives ITCC control of its manufacturing facilities," Elkins said. "Both ITCC's 250 distributors and the thousands of retailers who handle ITCC tape cartridges should benefit from this integration of distributing and manufacturing operations."

Jamieson stated that Capitol Industries, Inc., has decided to discontinue Stereo Devices, Inc., custom tape duplicating and cartridge loading facilities in order to concentrate on its own tape and cartridge manufacturing.

## Marks Pulls Single Hits from Albums

NEW YORK—"Yellow Days" and "Lilli Marlene" are two Marks songs which took off from LPs to become hit singles—a flight pattern very much to the liking of Edward B. Marks Music Corporation.

Unveiled in the album by Damita Jo (Epic) and later picked up by Percy Faith (Columbia), "Yellow Days" became a single hit in both the solo vocal and choral versions. In the same way, Al Martino's rendition of "Lilli Marlene" jumped out of his "Love Is Blue" album on Capitol and onto the singles charts. Now Marks is concentrating on two new songs receiving album acclamation for singles releases.

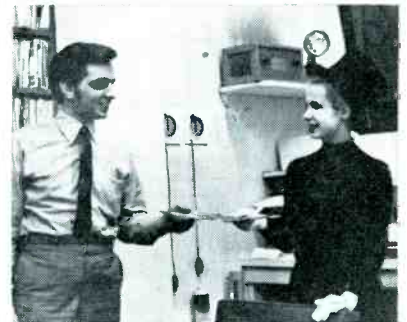

"Pretty Thing" and "Once in My Lifetime" are the songs which show signs of taking the same route in chart-bound albums. The latter ballad is featured by Harry Belafonte in his album "Belafonte Sings of Love" (RCA Victor), while "Pretty Thing" is recorded by Gary Lewis and the Playboys on their new Liberty album "Now."

"Full concentration is being given to national djs on these two cuts and response is encouraging," says Stanley Mills,

General Professional Manager.

In addition, on the heels of "More" and Marks' many other successful Italian film themes, comes "Rosanna's Theme" now out as a single from Lenny Dee's new album, "Gentle on My Mind" (Decca). Dee's is the third album cut of this tune from the film "Seven Golden Men," to be released in August. Marks expects real action and many more recordings alongside Dee's and those by the Sunset Strings (Sunset) and Santos and Johnny (Imperial).

# Dot Comedian Wilde Pens Interview Book on Comics

NEW YORK—Comedian Larry Wilde, heard on the Dot album, "The Joker is Wilde," is very excited about an exciting new project—along, of course, with his opening at the Copa July 11 on the bill with Gladys Knight and the Pips.

Wilde has written a book called "The Great Comedians Talk About Comedy," which Citadel is publishing in October. It's a compilation of taped interviews Wilde has obtained from 16 comedians (several of them recording artists) including Bob Hope, Jack Benny, Joey Bishop, Johnny Carson and Ed Wynn. The book, which should prove historically important, will include a biography of each star, a sample of his comedy and the interview.

Was there a best interview of the batch? "It would be difficult to choose. Each interview was different—I created different questions for each star. Milton Berle was probably the most gracious, the most willing to help. He spent the first 10 minutes asking me about my career." The toughest—to get hold of, anyway—was Johnny Carson, whose schedule kept him on the hoof but who, from his elevated desk, ultimately pontificated satisfactorily.

Wilde, when interviewed himself on the resurgence in popularity of comedy on wax, especially "shock" humor, commented: "I don't do anything in my act I would be ashamed to have my mother or a priest hear. Some will laugh at the 'shock' joke, but that doesn't mean they really like it, or that they feel good when they leave. When a woman hears a suggestive or sick line, she may laugh, but I don't think she really likes the guy delivering it. Look at the ones who have stayed at the top over the years—Benny, Hope, etc. They're clean and they are still stars because the public has helped them. I think the cheap laugh is a passing

phase. You just can't keep titillating people by shocking them."

He recalled an incident that happened during his recent engagement at Harrah's in Lake Tahoe, where a specific early joke stopped the show. "Hope came back to see me afterward and said, 'How did you clean up that opening joke? I've been trying to do it for 25 years!'"

—Doug McClelland.

## Baez Returns To Newport

Vanguard's Joan Baez will be returning to Newport to take part in the eighth annual Newport Folk Festival, which runs Wednesday, July 24 through Sunday, July 28.

Miss Baez first played at Newport in 1959 when she was virtually unknown. Since then she has returned many times, last year appearing with her sister Mimi in one of the high points of the Festival.

This year she will be performing as part of the Friday evening concert, July 26, which will also feature young Arlo Guthrie, whose "Alice's Restaurant" was the hit of last year's Festival. Others on the program include Elizabeth Cotten, composer of "Freight Train," the Onward Brass Band of New Orleans, the Bread and Puppet Theater, the Pennywhistlers, Bernice Reagon and many others.

## Club Review

### Fun Multiplies With Bunnies at Arthur

NEW YORK — The Fuzzy Bunnies, whom rumor has just about set to record for Decca, are hutching currently at their local base, Arthur, and doing a smooth rock job of it.

The foursome, all of whom acquit themselves instrumentally and vocally with finesse, are playing their own things like "Some Kind of Wonderful" and doing clever medlies like "Go Away, Little Girl" mixed with "Young Girl."

For fun, watch the drummer, who makes the old trick of cartwheeling a drumstick in the air look new and stylish. It all seems so natural he may not even be aware he's doing it.

Arthur, by the way, remains one of the city's most attractive discothèques. The hall is lined with pop posters—many of the camp figures being Arthur investors—and the dance floor is laden with interesting live characters.

# NOTES FROM THE UNDERGROUND

By CARL LaFONG

Well, this year the music industry is celebrating the 20th anniversary of the long-playing record, introduced to the world by Columbia Records back in 1948. The significance of the LP, however, and especially the stereo album, is just beginning to be appreciated as a creative medium. And simultaneously technicians are working on projects that will make the disk as outdated as the Tin Lizzie before we know it.

It was rock, and artists like the Beatles, Van Dyke Parks, Laura Nyro and Nilsson, that made the album a complete thing. While the single still has its valuable place in rock as another element entirely, it is really the LP that has galvanized the rock scene.

But our limited heads find it hard to conceive of what further can happen to give musicians broader scope. 3M is working on a system, for instance, that will record sound as light impulses or signals, hoping that eventually they will be able to reduce an entire album to a plate the size of a 35mm slide; no distortion, no surface noise, no hiss. And Dr. Peter Goldmark, the man who more than anyone was responsible for the development of the 33 1/3 rpm, one mil groove, long playing record, is reportedly working on a 360-degree sound system that will put stereo into the museum.

The question is: can rock keep up with the heads in the laboratories?

## "SAVE THE COUNTRY"

Come on people  
come on children  
come on down to the glory river  
gonna wash you up  
and wash you down  
gonna lay the devil down  
come on people  
come on children  
there's a King at the glory river  
and the precious King  
he loved the people to sing  
babes in the blinkin' sun  
sang we shall overcome  
come on people  
sons and mothers  
keep the dream  
of the two young brothers  
got to take that dream  
and ride that dove  
we can build the dream with love  
I got fury in my soul  
fury's gonna take me to  
the glory goal  
in my mind I can't study  
war no more  
save the people  
save the children  
save the country

**Store Goes 'Bananas' Over Marks Album**

Swallen's Tri County Store in Cincinnati was the scene recently for a display set up by ABC Records in behalf of Guy Marks' new LP, "Loving You Has Made Me Bananas." Sale of each album carried a free banana with it and response was enthusiastic. On the strength of his hit album and his previous single bearing the same title, ABC is now working on Marks' latest single, "Meet Me Tonight by the Postage Machine." The promotion was arranged between Jerry P'utteet, manager of Swallen's, and Charlie Trepel, ABC's Album Sales Manager.

## Guthrie Catalog In Big TRO Push

Promotional activity on the catalog of the late Woody Guthrie is in for a major expansion, according to plans now in the works at The Richmond Organization, publishers and custodians of the greater part of the Guthrie material.

The developing level of activity is the result of various factors, according to Howard S. Richmond, President. First, the Carnegie Hall concert staged last January in tribute to Guthrie by his long-time personal manager, impresario Harold Leventhal, produced new excitement among both folk-pop cognoscenti, and artists and producers.

A similar event in tribute to Guthrie will be held at The Newport Folk Festival the end of this month. Scheduled for the last evening (Sunday, July 28) of the annual folk event, the tribute will be presented by various artists performing Guthrie songs. Unlike most particular catalog entities, the TRO drive carries no specific time limit.

## Date 'Bojangles' Getting Much Play

Date Records has initiated a massive promotion campaign to launch the new Bobby Cole single, "Mr. Bojangles."

One week after release, the song is being played on 116 radio stations with more being added hourly across the country. Bruce Hinton, Manager, Sales and Promotion, stated: "We are making an all-out effort to get Bobby Cole's 'Mr. Bojangles' on every station in the country."

"Mr. Bojangles" was produced by Concentric Productions.

## VMC Triples Production

HOLLYWOOD — VMC Records, formed only six months ago as a subsidiary of Vance Music Corp. by 23-year-old Steve Vail, President of both companies, this week celebrates sales growth of 130 per cent by setting a tripled production rate for the coming 12 months.

Starting in July, Vail announced, VMC will release two singles and two albums each month, three times as much product as the infant indie has issued since its founding in January.

Awaiting release are singles by Milton Berle, Clint Miller and Tony Harris, whose title soundtrack theme for the Racquel Welch movie, "The Oldest Profession," goes out nationally this week. Upcoming albums include elpees by Kaye Stevens, Gene Page and Peggy Larey.

To accommodate rapid staff and production expansion, Vail has moved the VMC companies, which include two publishing operations and a management firm, into new offices at 6922 Hollywood Blvd., with Mike Donnelly as General Manager. Ted Rosenberg, formerly an exec with both Dot and Columbia, supervises sales and promotion, Hana Cannon is Production Coordinator, and Tony Harris A&R Director.

Staff producers under Harris include Tandyn Almer and Eddie Hodges, but Jimmy Haskell, Billy Page and Barry White have also produced for the VMC label.

Contract writers include Harris and Dr. Ira Barmak with the ASCAP subsidiary, Vail Publishing. Under the VSAV banner are BMI writers Eddie Hodges, Tandyn Almer,

Warren Hansen, Clint Miller and Morely.

### Contract Roster

Contract roster of artists includes Kaye Stevens, the David, the Paper Fortress, Gene Page, Larry Marks, Morley, Peggy Larey, Tony Harris and Clint Miller.

VMC now has 26 major distributors handling its product in the U. S., and Vail is currently setting up both Canadian and foreign releasing agreements. Assisting in promotion, as part of the VMC expansion, Vail has retained W/C public relations firm of Freeman, Gordon & Best to handle national publicity, with George Russell office handling Coast record promotion.

Miss Peters, formerly assistant to Don Hall, Vice-President of Ampex Stereo Tapes, will coordinate music publishing and record functions in Europe for Tetragrammaton through their licensees. She will travel throughout Europe looking for songs, artists and masters for the record company and its publishing arms, Manger, Ganja, Royham and Peyotl Music.

## Wells Tour Set

Junior Wells, who has two Vanguard albums to his credit, leaves on a 12-week, 10-country Far Eastern Tour on Nov. 25. The tour will be sponsored by the Cultural Presentations Program of the U.S. State Department.

## Ross to Dot

A native of Pittsburgh, Ross entered the field in 1963 as local promotion man for Fenway Record Distributors. In early 1964 he accepted a similar position with Mainline Distributors, Cleveland. Some time later Ross was tapped by Uni Records, serving as Mid-West and East-Coast Regional Promotion Director.

## Concert Review

### Soul Benefit 'Together'; 21,000 Jam New Garden

NEW YORK — In a show performed for the benefit of the Martin Luther King Fund and the summer program of The National Association of Radio and Television Announcers, Atlantic Records and NATRA brought together some of the most potent names in the entertainment business for a "Soul Together" in the new Madison Square Garden here.

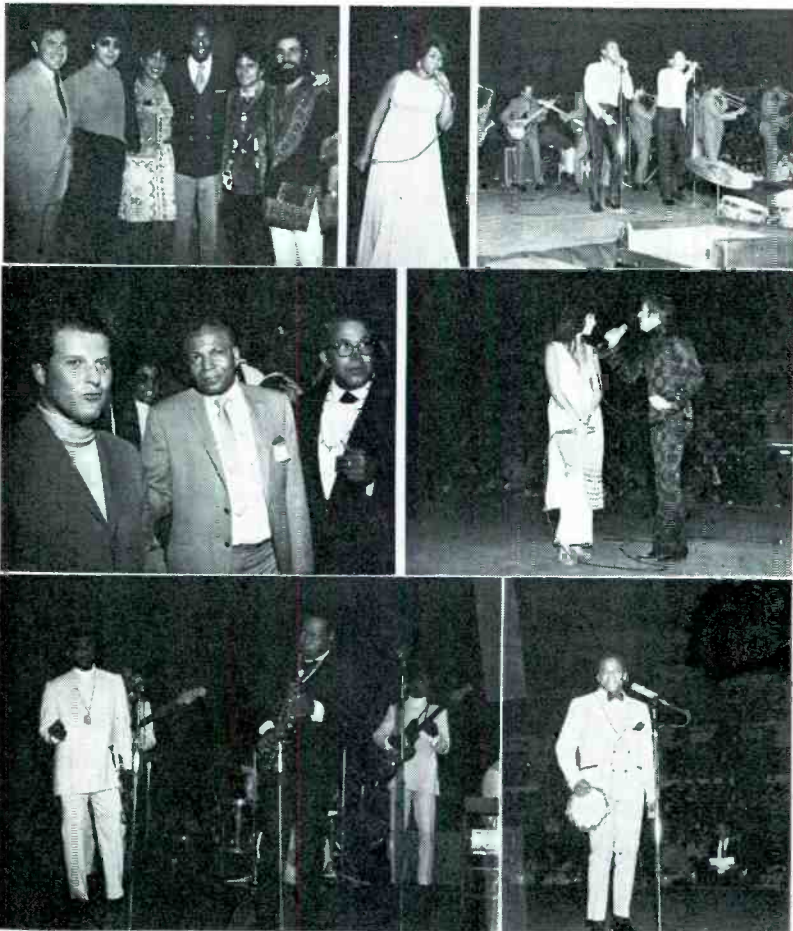

Joe Tex, Sonny & Cher, Sam & Dave, King Curtis & the Kingpins, the Rascals and "Lady Soul" Aretha Franklin pulled in 21,000 people, the largest draw in the short history of the new Garden. There were as many luminaries in the audience as there were on stage, including Aretha's father, Rev. C. L. Franklin, Paul Anka, and Jimi Hendrix.

There were several highlights during the evening, the most notable being the performances by Sam & Dave and, of course, Aretha Franklin. Sam & Dave and their 12-man band raised the Garden's high-ceilinged

roof with a gangbusters performance. The band danced and pranced as the duo socked many of their hits to the crowd. "Soul Man," "Hold On, I'm Comin'" and "You Dont Know What You Mean to Me" were some of the tunes that were used to turn on the crowd.

Aretha Franklin came out to face a crowd that had been entertained for over three hours, but she started her set in high gear and everyone reacted as though it were an Aretha Franklin solo concert. "Doctor Feelgood," "I Never Loved a Man," "Chain of Fools" . . . she sang them all to a wildly enthusiastic audience. The songstress closed with the big one, "Respect," and brought the crowd to its feet. It was Aretha at her best, and there is very little left after that. Paramount performance.

The program reportedly garnered \$128,000 from ticket sales plus \$30,000 in donations, including a \$5,000 donation from Jimi Hendrix.—Ted Williams.

## Bell's Larry Uttal:

# 'R & B Bubble Won't Burst'

NEW YORK — Larry Uttal, President of Bell Records, predicted last week that foreseeable population jumps over the next decade will assure the continuing prosperity of labels dealing in "young pop and R&B" music.

"The success of what is called 'young pop and R&B' music — strong beat, steady rhythm and straight forward lyrics—is not a passing fad," Uttal said. "There will be a bigger audience for it over the next ten years and young people will increase their already significant purchasing power for entertainment items — such as records."

Uttal pointed out that 34% of the 32,000,000 radios that will be sold this year will be bought by young people. There are already about 20,000,000 youngsters between the ages of

5 and 9. This age bracket is expected to increase to 27,000,000 by 1980. The 10-14 age group, now numbering nearly 18,000,000, will expand by 1980 to a new level of \$24,000,000.

"The appeal of pop and R&B music is constant and contagious," Uttal continued. "It is pure entertainment, easy to listen to, easy to sing. It has always been one of the most popular forms of music and it definitely has a future—a very prosperous one where the record industry is concerned."

Bell Records is on the charts with "Angel of the Morning" by Merrilee Rush, plus "Choo Choo Train" by the Box Tops and "Look Over Your Shoulder" by the O'Jays. On the album charts Bell is scoring with the Delfonics' "La La Means I Love You" and the Box Tops' "Cry Like a Baby" LPs.

## Peaches' Herb Shot

COLUMBIA, SO. CAROLINA — Herb Fame of the Date Records duo Peaches and Herb was shot here June 29 by his road manager, Walter Booth. Shooting reportedly was an accident and Fame is recuperating well.

## Techniques Save Drowning Veteran

JACKSON, MISS. — Three members of Jay and the Techniques have been credited with saving the life of a 21-year-old Viet Nam veteran found unconscious on the bottom of a motel swimming pool here on June 29. Serviceman Dale Alexander was pulled to the surface by group member Chuck Crowl and was given artificial respiration by members Danny Danchl and Jeff Hildebrand.

The group's road manager, Bernie Kaye, gave the following account of the rescue operation.

The Smash Records group had finished a performance at Jackson Sports Arena and returned to the Holiday Inn on Highway 80 West about 11:30 p.m. Sitting around the motel swimming pool, they noticed a man lying at the bottom of the deep end.

Crowl, the group's bass player, immediately dove in and dragged the unconscious figure to the surface. Danchl and Hildebrand then revived Alexander with artificial respiration and telephoned for an ambulance.

## Encouraging Trip

# San Francisco Sounds

By ROGER HARTSTONE

## The End of an Era

Bill Graham announces that he is moving his Fillmore operation from the Fillmore Auditorium to the Carousel Ballroom in downtown San Francisco. Beginning Friday, July 5, it is known as Fillmore West. The gala event was ushered in by the Butterfield Blues Band (Elektra), Ten Years After (Deram) and Fleetwood Mac (Epic).

Why move? A number of varied reasons constituted this move.

The Carousel Ballroom was available and rather than allowing the competition to attain it, Graham seized the opportunity for his organization.

Second, the Fillmore West has a better location from the standpoint of easy accessibility for the commuting public.

One of the most influential reasons, but certainly not the only reason, is the occurrence of minor incidents that are becoming more frequent in the Fillmore district. Although there have never been any major incidents surrounding the Auditorium, several cars have been broken into, and some Fillmore patrons have been interfered with. No group can or should be held responsible, it is simply a few elements in the community.

The lease for Fillmore West is by handshake only and will remain so until both parties decide otherwise.

### Capacities

The old Fillmore's capacity was 1,500; Fillmore West is about 2,000, and Winterland, which Bill used for big weekends, holds 4,200.

Graham still maintains a lease on the old Fillmore structure until March, 1973. Specifically, political platforms voiced, theatrical seminars held and amateur jazz and Rhythm and Blues programs sponsored will be possibilities.

During this summer the Graham organization will advise and urge members of the black community in using the Fillmore Auditorium for events that will be beneficial to the community. They will not suggest, organize or make a profit from this, only advise.

"Furthermore, we have been meeting with members of the

Fillmore community to discuss ways in which the Fillmore Auditorium can be used throughout the summer to become more closely aligned with the aspirations of the community and hope to be able to announce a program soon," said Graham.

"It has always been our aim to present diversified entertainment in a new and unusual manner, presenting to our audiences performances that they would not normally have turned out to see."

Bill Graham is anxiously awaiting the day when his hall will present some good Latin American music. Booking such an act is difficult when only one city can be offered.

Following the summer, when Bill Graham holds two clubs, he hopes to use one for the introduction of new, local talent. Another intention for one of the halls will be to use it for the inspiration for young political platforms such as are held in New York's Washington Square.

Light show seminars as well as jam sessions were mentioned.

With a mere 25 administrators, Graham has built a successful business which conservatively speaking grosses over \$1,000,000 annually.

The Fillmore East has grossed \$40,000 in a two-night stint when such groups as the Jimi Hendrix Experience (Reprise), Doors (Elektra) and the Jefferson Airplane (RCA) have headlined.

Our Fillmore will gross \$25,000 during the summer six-day-week schedule.

Although the Fillmore Auditorium is not closed, it is as though an era has ended.

What has to be one of the most versatile and fabulous groups ever to reside in San Francisco, Rejoice, played a hip, local club last week. The group has been playing a number of engagements lately and their folk-rock music has been warmly received.

Hopefully, within the immediate future we will hear Rejoice cut a disk of their "Golden Gate Park" ditty. It will appear either on ABC or one of its subsidiaries.

## Grande Label Launches Latin Talent Hunt

NEW YORK — Latin composers, musicians and vocalists are being sought by Grande Records, Inc., in the company's desire to give new Latin talent an opportunity.

Joseph Artanis, President, said a concentrated effort will be made during the next 90 days to discover and open doors for Latin performers. In line with this aim, Marvin Gray, Exec VP, announced the signing of Johnny Zamot, composer-bandleader, to a long-term contract. His debut recording has been set for July 10. The Latin Repertory Company has also been signed and the aggregation's initial waxing is scheduled for release nationally July 17.

The company has an open door policy for artists and writers at their offices, 50 West 77th Street. Artanis and Gray are also producers of Latin theatrical productions, with a Latin musical extravaganza planned as a TV special next winter.

## Matteo at Palisades

PALISADES, N.J. — Matteo, Italian singing star who has just recorded songwriter Gladys Shelley's "Clown Town" on the Ford label in both English and Spanish, will headline the show at Palisades Amusement Park, Saturday and Sunday afternoons, July 13 and 14 at 1:30 p.m.

The baritone, sometimes called "The Dean Martin of Italy," decided to record "Clown Town" when he heard another top Italian recording star, Angelina Monti, record it in German this spring in Europe. In addition to recording "Clown Town" in the immediate future in his native Italian, Matteo plans to record it in Russian, French, Portugese and Yiddish, following the release of his English and Spanish recordings.

Hal Jackson will host and produce both shows at Palisades.

DESDE NUESTRO RINCON

(This column appears first in Spanish and then in English.)

Se lanza el sello Columbia hacia producción de grabaciones, tomando en consideración los mercados de Nueva York, Miami, Puerto Rico y Chicago. Pete Rosali, manager de la Sección Latino-Americana, quien está a cargo de creaciones artísticas y repertorio de este sello, acaba de producir la grabación de Frank Mercado, ya conocido en el mundo del disco por sus grabaciones con la Orquesta de Fajardo, ahora en una nueva modalidad de "rocks" y baladas. Es muy posible que Columbia trate de llenar con este joven talento, el vacío dejado por el término del contrato de Roberto Yanés con Columbia. También está Pete grabando una larga duración con Sonny Bravo, novel cantante de "Latin Rock" de quien se esperan grandes logros. Es muy posible que para principios de Septiembre estén estas dos grabaciones en el mercado. Leny Fuentes, cantante de origen español, que recientemente también firmó contrato con Columbia, partió hacia México rumbo a Buenos Aires, donde permanecerá por dos meses actuando en TV, Centros Nocturnos y Teatros. Nos informan desde México, que en la próxima semana quedará terminado el "elepé" que la Columbia lanzará con la voz de la cantante italiana Gigliola Cinquetti, acompañada por el famoso Trio Los Panchos, que se presentarán en Miami la semana entrante. Gigliola ha sido triunfadora tres veces en el famoso "Festival de San Remo."

Avansa la popularidad de Aurita del sello Fuentes en Nueva York. Por otra parte, el sello Gema se lanza a la promoción de otra artista infantil. Se trata en este caso de Irene Escalera, y podemos adelantar que uno de los números incluidos en el repertorio es "Cállate Niña," éxito de los Pic Nic en España y recientemente grabado por Juan Legido para Tone Latino. Es lamentable que la grabación de los Pic Nic no haya recibido toda la promoción necesaria en estos mercados. . . . Sacó el sello London una grabación de Los Bravos que pudiera ser un triunfo absoluto si fuera también liberada en "monaural," ya que es el tipo de grabación más popular y aceptable en el mercado latino de Estados Unidos. Es muy posible que vaya a descansar donde las grabaciones de Verve, Atco, y otros sellos norteamericanos que no las sacaron en grabaciones monourales. El disco estereo mantiene un precio mucho más elevado que el monoural en la industria del disco latino. Mientras estos sellos no se den cuenta de esta circunstancia, seguirán "arando en el mar" con excelentes grabaciones. . . . El compositor cubano Fernando Mulens, ahora radicado en Nueva York, acaba de firmar con la Peer-Southern los números "Pero a Pesar de Todo" y "Qué Será el Amor." Al mismo tiempo, Perez Prado acaba de grabar "Sabor a Engaño" para la RCA, también propiedad de la mencionada editora de música. . . . Debutó la cantante brasilera Leny Eversong en el Latin Quarter de New York. El sello Decca acaba de lanzar un "sencillo" de ella conteniendo "Tierra Va Tembla y Cumbanchero."

## Lend an Ear . . . In English

From now on, Columbia will produce records taking into consideration the markets of New York, Chicago, Miami and Puerto Rico. **Pete Rosaly**, Manager of the Latin American Department who is in charge of production, Artists and Repertoire, just recorded two new albums which will be released in early September. One of them is by **Frank Mercado**, well known singer who used to be a member of the **Fajardo Orchestra**, who now sings ballads and rock. The other one is by **Sonny Bravo**, singer of Latin rock, and is expected to sell big. **Frank Mercado** will be strongly promoted in an effort to fill the void left by **Roberto Yanes**, whose contract with Columbia ended several weeks ago after several years of success in that label. **Leny Fuentes**, Spanish singer who recently signed with Columbia, departed to Mexico via Buenos Aires, where he will perform for several weeks. We got news from Mexico regarding the fact that the album by **Gigliota Cinquetti**, winner for three consecutive years at the "Festival of San Remo," accompanied by the **Trio Los Panchos**, will be released next week.

**Fuentes** is promoting in New York their new talent **Aurita**. After the success of **La Lloroncita** on the Pop Art label, **Gema** is planning to promote strongly another artist who promises to sell big. They will release in several weeks an album by **Irene Escalera**, in which will be included the theme "Callate Nina," which clicked several months ago in Spain by the **Pic Nics**. This song was also recorded some weeks ago by **Juan Legido** under the Tone Latino label . . . London released an album by **Los Bravos** in the states. It is a shame that this album was not released in monaural. That is the kind of record that really sells in the Latin market at this moment. It is possible that this album will face the same problems of other Spanish recordings released by **Verve**, **Atco**, **Mercury**, etc., which were only released in stereo . . . **Fernando Mulens**, Cuban composer now living in New York, signed two new songs with **Peer Southern**, "Pero a Pesar de Todo" and "Qué Sera el Amor." **Prez Prado** also recorded for RCA "Sabor a Engaño" from that publishing company.

**Los Ramblers**, a new Columbian group, recorded "Mambo del Taconazo" in Medellín for RCA. **Perez Prado's** version of this theme is not known in Columbia, because nobody has the rights to print or press it from **Patricia Publishing Co.** . . . **Lely Méndez**, young singer who became very popular in Columbia because of "Quinceañera" is back in her country after successful performances in Ecuador . . . **Tony Fergo** will press in Central America **Sonolux** and **Lyra** labels . . . **Linda Vera** recorded in the studios of Columbia CBS a new LP titled "Yo Me Llamo Cumbia" (My Name is Cumbia). **Ricardo Cárdenas** recorded an album in which "Alondra" and "El gallo de Tomasa" are included. The whole repertoire is formed by "vallenatos" which are very popular in the South of this continent.

"Las Manos" by **Danny Martin** is fantastic! This record was recently released by Tico and promises to become a smash. We heard that **Danny** is contemplating the idea of changing his name to a more Latin one . . . **La Lupe** is a smash everywhere with "Si Vuelves Tú" and "La Tirana" . . . **Armado Manzanero**, **Sonia**, "La Unica" and **Marta Roth** were on "Stars in Miami" last week. **Los Panchos**, **Celia Cruz**, **Tito Puente** and **Pete Rodríguez** will perform next week in this Miami TV show which is also run in Puerto Rico, Chicago, L. A. and several parts of the south . . . **Manolo Fernández** is in New York . . . RCA released a new album by **Jose Feliciano** containing "La Copa Rota" which promises to sell big . . . **Jesús Gorís** will install a new pressing plant in the Miami area. It is expected that the new and modern factory will be pressing records in three months . . . Brazilian singer **Leny Eversong** debuted at the Latin Quarter in New York this week. **Decca** just released a single by **Leny** containing "Tierra Va Temble—El Cumbanchero" and "Summertime."

Taking Care of Business

by Del Shields

The July 4 weekend has become symbolic in America in many ways. The National Safety Council projects its grim statistics on the highway fatalities. Those of us who are old enough to remember recall the days when cherry bombs and three-inch firecrackers were the big happening of the day as were sparklers for the weak of heart. It's the last big holiday before the official vacation season sets in and in jazz, it begins the formal festival season.

Del Shields

The Newport Festival will no doubt play before a record crowd of more than 60,000 and George Wein will take his festival show on the road playing before capacity houses across the nation.

And the big holiday offers us a chance to review many of the album releases currently available. It's getting so that being an A&R man in jazz must be a lot of fun.

Eddie Harris' "Plug Me In" (Atlantic) follows up his number one best-selling album "The Electrifying Eddie Harris." The same ingredients that made "Electrifying" a gas are very much in evidence here. Once again he is knee-deep in his electronic amplified bag. He seems to have mastered the control of this new sound. Speaking of Harris, he has one of the prettiest tones in jazz.

Would you believe Lew Leslie's "Blackbirds of 1928"? This show that opened 40 years ago with music by Jimmy McHugh and lyrics by Dorothy Fields and starred Bill Robinson and Adelaide Hall has been reproduced by Columbia in its Hall of Fame series. The historical significance of this show is that it was an all-black show that produced some memorable tunes such as "When I Can't Give You Anything But Love Lindy" which was changed to "I Can't Give You Anything

But Love Baby." This cast includes Duke Ellington, Cab Calloway, Mills Brothers, Cecil Mack Choir and Don Redman and His Orchestra and here in 1968 Cab Calloway is still cavorting on the Broadway stage in "Hello, Dolly."

The death of Dave Lambert was viewed by most of us to be the end of an exciting era in jazz . . . that of the slick, imaginative interpretations of jazz tunes with a horn-like unison approach. A new album, "Leonard Feather presents the Sound of Feeling and the Sound of Oliver Nelson," introduces the Andrece twins, Alyce and Rhae, two very together chicks who should be around for a while. They have five tunes on this album including "My Favorite Things," "Waltz Without Words" and "Circe Revisited." Gary David plays piano and doubles as the third vocalist. Ray Neapolitan is on bass, Chuck Domanico on bass and Dick Fisher on drums. It is the freshest sound we have heard in some time and is a welcome sound, too. The album is a gas with the flip side being the continuation of a session which in part was included on a previous album called "Jazz Encyclopedia Volume One."

Another album where two masters are paired—this time Earl "Fatha" Hines and Johnny Hodges—is called "Swing's Our Thing" (Verve). When jazz artists of the caliber of these men get together, they are really holding school. The question one raises is how is it possible for these men to produce such a high degree of music as they have during their careers? They have so much to give and we have so much to learn from them.

James Brown, Jazz Artist?

James Brown, Soul Brother No. 1, has released a new album called "Nothing But Soul." There are six instrumentals featuring the famous James Brown band. Through the years, Brown has been giving evidence of his improving or-

gan technique. "Buddy E" and "Gettin' a Little Hipper" are two excellent examples of the James Brown well disciplined band at work. Is James Brown going to become a jazz artist? The answer is simply, it's all in the soul bag.

A listen to O. C. Smith's new album, "Hickory Holler Revisited" (Columbia), gives clear evidence that this young man is on his way up. O. C. has a particular vocal appeal that is well displayed in this album. Two of the best tracks are "The Son of Hickory Holler's Tramp" and "Honey (I Miss You)."

All aspiring young pianists and even the seasoned veterans will learn a lot of new tricks from the immortal Art Tatum. Some of Tatum's greatest masterpieces have been reproduced in "Art Tatum Piano Starts Here," another great album in the Columbia Hall of Fame Series. Jazz buffs will especially enjoy Tatum's incomparable rendition of "Humoresque," as well as the ageless standards "Tea For Two" and "Willow Weep For Me."

Evolution of Jazz  
Concert in Philly

PHILADELPHIA — An "evolution of jazz" concert, Wednesday, July 10, in John F. Kennedy Stadium sports a lineup of "names" at the Philadelphia Music Festival — Louis Armstrong, Sarah Vaughan, the Charles Lloyd Quartet, African drummer Olatunji and the Don Ellis Orchestra.

The 9 p.m. concert will demonstrate the ever-expanding range of jazz, from the traditionalist, New Orleans-influenced "Satchmo" Armstrong, to the modern varieties of Ellis and the Lloyd group, to the African-influenced rhythmic and sensations of Olatunji with his drummers, dancers and singers.

Miss Vaughan ranges from blues and bop to show tunes. A localite will also appear—Philadelphia singer Maggie Harris, backed by this city's Dave Shrier Quartet.

The Festival presented by C. Schmidt & Sons, Inc., thus continues at Kennedy Stadium amid a fantasy-like stage and lighting setup, including a giant TV screen giving a simultaneous blowup of the performance. Co-sponsored by the City's Recreation Department, Festival admission is \$1.

## 'Showcase '68' Tapes At Opry House

NASHVILLE — "Showcase '68" video-taped their July 16 show in Nashville last week (25) at the Grand Ole Opry House. The star attraction for the show is the Box Tops. Other guests are Jon & Robin and the In Crowd, Guy and David, Ed Bruce and Tammy Wynette.

Format for the "Showcase '68" series is to have one main star attraction with the remainder of the show giving the opportunity of exposure, via network television to approximately 30-40 million people, for other acts across the country.

A panel of judges picks one of these guest artists as a nominee from each show to appear on the "Showcase '68" special at the end of the season. Many of the acts on previous shows, although not winners, have already received outstanding offers including other network shows, which proves the show is living up to its title as a showcase for the talent of '68. The Nashville show's three panel judges were columnist Red O'Donnell, radio station WMAK's popular Dick Kent and Ralph Emery of WSM Radio and TV.

### Guy and David Winners

Winners of the Nashville show were Guy and David who did a rendition of "Little Green Apples" through which they displayed their close-knit harmony, demonstrating that many hours of practice for voice blend can bring perfection. It was clear that these boys have worked many clubs, evidenced by their ease with the audience.

The production department of the show was plagued by technical difficulties, starting with four color cameras and ending with one. However, the audience remained patient and alert through all the delays. The camera difficulties probably contributed to the fact that there seemed to be a lack of creative action shots. All the acts, except the Box Tops, were performing center stage.

The host of the show was Lloyd Thaxton who proudly boasted of his Tennessee origin and was delightfully entertaining. His magnetic personality on the tube is also there for the live performances. Thaxton was in Nashville four days prior to the taping date and during that time became well versed on all facets of Music City. He also made a visit to the live Opry and made men-

tion of Marty Robbins' encores.

This show didn't begin to tap the talent located in Nashville, so it's evident that Music City acts can be expected to be seen on the future "Showcase '68" shows originating from other locales, even though hopes are high that another show can be done here before the series is over.

Jon & Robin had 'em jumpin' in their seats with their mod clothes and, even more so, with their hit mod songs. Ed Bruce, along with his guitar, stool and gentle way, captivated with a self-penned tune; then Tammy Wynette turned the home folks on with her current #1 single, "D-I-V-O-R-C-E." The Box Tops worked with their backs to half the audience, cleverly utilizing the happy faces as a background. Excitement prevailed throughout the show, but the Box Tops put the top on it.

### James Set For Douglas TV 'Spec'

Sonny James, Capitol Records star, has been signed for an appearance on an upcoming Mike Douglas TV special, announces co-managers Lee Karsian and Bob Neal. Taping on the special will be in the second week of July, with the air date yet to be set.

The special is to feature top proponents of all types of popular music, according to the Douglas office. James, whom Douglas refers to as "My country music friend," is to be featured as the top example of country music.

### Huskys Lunch Guests

HOLLYWOOD — Ferlin Husky, one of Nashville's top country music stars, and his wife, the former Marvis Thompson, were luncheon guests recently of producer A. C. Lyles at Paramount Studios. Also with Lyles was Cheryl Poole, rising young recording artist.

### Artists at Contest

The finals of the Miss Country Music, U.S.A., contest at the San Antonio HemisFair on July 3 featured artists Ray Price, David Houston, Minnie Pearl, Willie Nelson, Charlie Pride, Loretta Lynn and Johnny Bush.

Frankie Laine has got to be one of the most excited people in Hollywood. The popular songster's latest ABC album is an all-country LP, "Take Me Back to Laine Country," a highly listenable selection of some of the best C&W material we've heard by a pop artist in years.

Included are such musical gems as "Little Green Apples," "Honey," "By the Time I Get to Phoenix," Hank Williams' "Cold, Cold Heart" and the catchy title song, "Take Me Back." I listened to a dub of the LP in the office of KBBQ, Los Angeles, PD Bill Ward (he wrote the liner notes). I'll have to admit that I was surprised after a few tracks when Ward told me it was Laine doing the singing. It knocked me out! Give it a listen. Frankie is collaborating with Jerry Reed working on a follow-up long-play.

# Mercury Re-signs Faron

NASHVILLE—Faron Young, a pillar of Mercury Records' country music roster, has been re-signed to an exclusive, long term recording contract, it has been announced by Jerry Kennedy, Mercury Nashville A&R Director.

Young, who while only in his mid thirties has been recording for more than 15 years, has most recently been represented on the charts with "She Went a Little Bit Farther." His newest Mercury single, "I Just Came To Get My Baby," was just released.

Young, a native of Shreveport, La., not only is an accomplished singer but also is in-

olved in motion pictures, TV, songwriting, publishing, newspapers and auto racing.

With all his activities, he still finds time to spend more than half of each year on the road. Much of July and August will be spent working country and state fairs as well as concerts. On the 24th he will be in Lexington Ky., and on the days immediately following he can be seen in Hartford, Mich., Roanoke, Va., Philadelphia, and Washington, D. C.

As part of its "Big Country" promotion for the month of July, Mercury has released a new Young album, "Here's Faron Young."

# Cash Clicks C&W & Pop

Columbia artist Johnny Cash is enjoying simultaneous success both on the nation's best-selling country-music charts and also on the best-selling popular-music listings.

The single version of Cash's "Folsom Prison Blues" is high on both the country and pop singles charts. An original composition by Cash, "Folsom Prison Blues" is also featured in his latest album release for Columbia, entitled "Johnny Cash at Folsom Prison." The album was an instant success and has been holding forth on the country and popular album charts almost since its release in May.

"Johnny Cash at Folsom Prison" consists mainly of prison songs performed before an audience of convicts at Folsom Prison in California.

Columbia has reported that "Folsom Prison Blues" is receiving heavy air play on both country and Top-40 stations. The single release and the LP, "Johnny Cash at Folsom Prison," have both been the subject of a special ad and promotion campaign launched by the label.

"Folsom Prison Blues" and "Johnny Cash at Folsom Prison" were produced for Columbia under the supervision of independent producer Bob Johnston.

# Killen Sessions Set

Tree Enterprises' Buddy Killen announces that he is producing a series of recording sessions during the next two weeks.

Starting with Dot's Jack Barlow, he follows with sessions with Dial's pop artist Joe Tex; Jack Reno, whose JAB records are currently hitting high in the C&W charts; Bill Purcell, pianist of Dot Records; and Diana Trask, Dial's country singer from Australia.

# Djs Find Ashley A Side Despite Label Reversal

NASHVILLE—The deejay on the other end of the long distance call to Ashley Records artist-president Leon Ashley declared rather apologetically: "I'm sorry, Leon, but we're going to have to go with the B side of your new record. The side with the dobro out front."

The Music City independent label chief was doubly surprised. Number one, that the deejay was flipping "Flower of Love" which has even his toughest competitors talking on Record Row . . . and Number two, that the deejay mentioned the dobro—that instrument is featured on what was supposed to be the A side "Flower of Love" song.

Investigation disclosed the hangup.

In one of those rare mixups, the labels had been reversed and the A side label was on the backside.

The snafu proved the strength of "Flowers," however. Several top deejays telephoned long distance and scores of others wrote to tell Leon they were flipping to the B side

which everyone now knows is actually the A side.

Leon's summary of the incident: "Don't tell me the deejays don't listen to records . . . and don't tell me they don't call the shots the way they see 'em. The deejays deserve almost all the credit for everything I have been fortunate enough to come up with."

**Fortunate Year**

The Ashley label, barely one year old, has, in Leon's own words, "been fortunate to come up with" a number one smash, "Laura," which Leon co-wrote, and a solid string of hit singles and albums including the recent "Mental Journey" click single and current LP release for Ashley. All this plus the Leon and Margie (man & wife) duet single and LP. Plus a BMI writing award for "Laura" and an ASCAP artist award for Margie's Ashley dinking of "Ode to Billie Joe."

It appears that even a flipped label cannot stop the unconventional Leon Ashley & company.

# Country on the Continent

By MURRAY KASH

The country music scene is becoming more and more popular as the days go by in this part of the world. Dee jays on the BBC are devoting more air play to C/W disks like Johnny Cash's "Folsom Prison Blues" (CBS), for example. Country programs such as "Country Meets Folk" and "Country Style" are getting bigger listening figures. Producer Ian Grant has just completed editing an hour-long radio special that

Murray Kash

was recorded especially for the BBC of "The Johnny Cash Show," when Johnny was in London last month. Besides Johnny, also featured were June Carter, Carl Perkins, the Tennessee Three and Britain's James Royal. This will be transmitted this week. This ties in with the release of Johnny's latest CBS album, "Old Golden Throat."

Mervyn Coleman of Emerald Records, which is based in Belfast, has just issued the Frankie McBride single of the Goldsboro composition, "With Pen in Hand." Since Frankie is very popular on both sides of the border in Ireland, and developing a following in Great Britain, this could be a winner! Mervyn's going all-out to make it so! . . . Glen Campbell doing a quick return to London to appear on Bobbie Gentry's BBC-Television show. At the same time, Ember is releasing a new single by Glen, "Dreams of the Everyday Housewife." His album "I Wanna Live" is picking up sales, says Ember-man Jimmy Henney.

From the E.M.I. stable some new albums: on the Stateside label, "George Jones Sings the Songs of Dallas Frazier"; and on Capitol, "Kinda Country," featuring such Nashville names as Sonny Jackson, Jean Shepard, Wanda Jackson, etc.; and Buck Owens, "It Takes People Like You to Make People Like Me" . . . I was very happy to receive a new single from CBS by an English country singer whom we haven't heard from for some time, namely Houston Wells. About five years ago, he recorded a number of songs, including "Only the Heartaches," which proved quite popular for a time. But then Houston faded out of the picture. He emi-

grated to Ireland, formed his own band and found a new and more successful career there. Now Houston has just recorded "Teach Me Little Children," which could revive his reputation here. Sure hope so . . . Great news from Ole Tresberg in Copenhagen. His publication, the Western Bulletin, has just come out with issue number 30, on its third birthday! This is just one of the many projects sponsored by SCAWC (Scandinavian Country and Western Club). Ole is also very active in putting out a country music tape featuring native talent, and promoting the latest U.S. releases. Since there is little country music played on the Scandinavian radio stations, this has become very important listening to country music lovers. Keep up the good work, Ole.

## Anderson SRO At Air Force Base

It was standing room only at the Alcom Club, Seymour Johnson Air Force Base, in Goldsboro, N.C., recently when Bill Anderson and the Po' Boys entertained for a personal appearance.

One of the highlights of the evening was the presentation to Bill Anderson of a certificate officially appointing him an Honorary Air Force Recruiter—only the second such award ever presented at the Base.

Sgt. Reb Newell was in turn the recipient of an award as Anderson presented him with a certificate commending him for his work on behalf of coun-
