★ **SINGLE PICKS OF THE WEEK**

Steppenwolf are back in their best of bags with "Move Over" (Trousdale, BMI), and everyone had best do just that (Dunhill 4205).

The Spiral Starecase are coming off a giant, and "No One For Me To Turn To" (Spiral Music, BMI) has all that's needed to click and more (Columbia 4-44924).

"What Kind of Fool Do You Think I Am" (Whitley/Low-Twi, BMI) is the latest from Bill Deal & the Rhondels, and another teen-rocker to win (Heritage 817).

"Israelites" was a topper for these Jamaicans, and Desmond Dekker & the Aces will score again with "It Mek" (Irving, BMI). A delight (Uni 55150).

★ **SLEEPER PICKS OF THE WEEK**

"By the Time I Get to Phoenix" (Johnny Rivers, BMI) and "Walk On By" (JAC/Blue Seas, BMI) are two of the hottest from Isaac Hayes hot LP (Enterprise 9003).

Bobby Bland just keeps hitting bigger and bigger, and "Chains of Love" (Progressive, BMI), has all the ingredients for really huge success (Duke 449).

Longbranch / Pennywhistle have an intriguing and different way with a lyric, and their treatment of their own "Jubilee Anne" (Taj/Palo Mesa, ASCAP) will stir attention (Amos 121).

The Clique are sure to click fast with "Sugar On Sunday" (Big Seven, BMI), a nice commercial ditty Tommy James wrote with M. Vale (White Whale 323).

★ **ALBUM PICKS OF THE WEEK**

Blind Faith is Eric Clapton, Seve Winwood, Ginger Baker and Rick Grech, and the super-supergroup's first LP is a blockbuster. It's available in two covers; the alternate is shown inside (Atco SD 33-304B).

"Preflyte" is a collection of some five-year-old recordings by a group which later made fame as the Byrds, and volume one of this Archive Series is interesting, to say the least (Together ST-T-1001).

"Mountain" is the debut for Windfall, and Leslie West, Felix Pappalardi and N. D. Smart II make tons of contemporary sounds. An important set (Windfall 4500).

What could be more enticing than Dionne Warwick's Greatest Motion Picture Hits like "Alfie," "Valley Of The Dolls," "Slaves," and "The April Fools?" Nothing (Scepter SPS 575).

Moonlight Sonata.

Recent events have forced us to reconsider that most classical of musical themes, the moon: **HENRY MANCINI's** new single, **"MOONLIGHT SONATA"** c/w "Natalie"* #74-0212. By America's most notable composer/conductor whose "Love Theme from Romeo and Juliet" (#74-0131) is an RIAA-Certified Million Seller.

Gallagher Contemplates Decca Distrib Change

MIAMI BEACH — Bill Gallagher, Exec VP of Decca Records, in an informal meet prior to Decca's first national convention, indicated that he was contemplating a change in Decca's method of distribution.

Decca product is currently distributed through company-owned branches. Gallagher fore-

saw the possibility of establishing a series of pressing plant-distribution centers from where the product would then be fed to distributors—perhaps some of them independent distributors. Gallagher estimated that the basic change in Decca's distribution set-up would take place within the next year or two.

Kapp Named Capitol A & R General Manager

HOLLYWOOD — Sal Iannucci, President of Capitol Records, Inc., announces the appointment of Michael Kapp to the newly created position of General Manager, Artist & Repertoire, reporting to Karl Engemann, Vice President, A & R & Creative Services.

Kapp joined Capitol in January as Director of A&R Administration. Previously he served 11 years at Kapp Records, attaining the position of Executive Vice President. Iannucci said Kapp's promotion is linked to Capitol's plans for expanded A&R activity in Hollywood, New York and Nashville.

During his tenure at Kapp Records, Kapp produced six best-selling Jack Jones albums, the award-winning original-cast album of "Man of La Mancha" and the Louis Armstrong recording of "Hello, Dolly!" He also produced the Jose Jimenez albums.

Kapp has been in the recording industry since he was a youngster working summers for Decca, which was founded by his uncle, the late Jack Kapp. Later, in the Navy, he served 3½ years as producer with the Armed Forces Radio Service in New York. Among the shows he produced for worldwide broadcast were "specials" on the Army-McCarthy hearings and complete coverage of the 1952 presidential election.

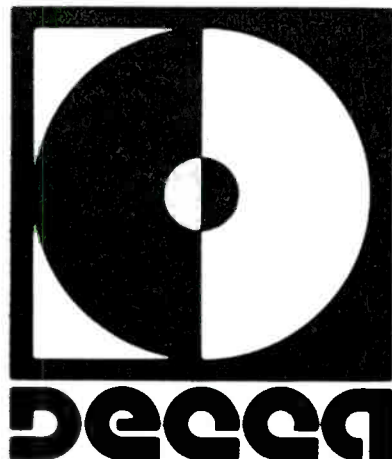

In 1966 Kapp left Kapp Records to set up Redstone Productions which handles recording projects of a specialized nature. The first of these is titled "To the Moon" and is the complete story of space flight. This deluxe set of six LP's includes a book of 192 pages of color photographs and is being released and distributed by Time-Life Records on August 18 by arrangement made previous to his joining Capitol. Kapp has also programmed the music for all space flights.

Decca Intro's New Logo

MIAMI BEACH — At the Decca National Sales Convention being held at Americana Hotel here, Bill Levy, Director of Creative Services, introduced the company's newly designed official logo, which was created "to exemplify the company's forward thrust and contemporary image."

The streamlined logo, he explained, was three months in preparation, and was designed for its ability to captivate a progressive attitude as well as maintain a sense of tradition.

The logo is particularly appropriate for Decca's purposes, since it adapts itself to every kind of Decca product pop, contemporary, classical and country.

Wilburn also received a separate award for his work on Bob Dylan's latest album, "Nashville Skyline."

He achieved three separate plaques for his fine work on the million-selling singles "Little Green Apples" by O. C. Smith and "Over You" and "Young Girl" by Gary Puckett and the Union Gap.

Columbia Issues 58 Cassettes

During the 1969 Columbia National Sales Convention in Los Angeles, Mel Price, National Sales Manager, Columbia Pre-Recorded Tape, presented the new product and introduced the "Anytime Sound" from Columbia, Columbia stereo cassettes.

He stressed the fact that the label's biggest stars with their greatest hits can now be heard anytime, anywhere. Price stated, "The consumer of the seventies will be highly mobile and continually on the move." Columbia cassette product and new Masterwork Audio Products cassette equipment will be moving right along with him.

The market for cassette product is growing fast, and Columbia is offering 58 of its best sellers as its August/September stereo cassette release. Featured in Columbia's first stereo cassette release are the "heavies" of the label's contemporary product, including Blood, Sweat and Tears, Simon and Garfunkel, Bloomfield/Kooper/Stills, Bob Dylan, the Byrds and Gary Puckett and the Union Gap.

Martell Streamlines Decca Promotion Structure

MIAMI BEACH — "This is not Decca's first national sales convention; this is Decca's first national 'promotion' and sales convention!"

With these words, Decca' Marketing VP Tony Martell keynoted the first session of Decca's international confab at the Americana Hotel in Miami Beach.

Martell unveiled a completely restructured promotion force for Decca. "Most executives in our industry talk about change, but too little is done to cope with the promotion problems that growth and expansion create," he said. "Decca is doing something about it—we are putting our efforts in the marketplace *where the action is*, rather than building a desk-bound philosophy by creating an executive promotion force at the home office level. Promotion executives who rise quickly in this fiercely competitive industry inevitably find themselves promoted upwards and anchored to a desk where their effectiveness diminishes as the phone calls increase.

"As good as most industry national promotion people are, they will readily admit that it is impossible for one person to be fully informed, day by day, on every level of national promotion activity.

"To cope with the continuing changes in our dynamic industry, Decca is pleased to announce a promotion realignment that is geared to 'now' and particularly designed to place emphasis on every level of Decca's product output. Under this new concept, we will have field-oriented executives concentrating on the total artist roster—C&W, R&B, middle of the road, as well as the all-important contemporary music field.

"Decca, effective immediately, will vest its national promotion responsibilities in six key promotional executives who have emerged from the ranks of the Decca field organization."

Six Regional Promo Directors

The six regional promotion directors appointed by Martell, and their respective areas of operations are: Jim Randazzo (West Coast); Ed Spacek (Southwest); Larry Baunach (South); Pete Gidion (North Central); Doug Lee (Midwest) and Bernie Block (East Coast).

"These men," continued Martell, "will have total responsibility for Decca's promotional activities in their regions and

will report directly to my office in New York. Each man will supervise a field force of six to ten men which will give Decca greater promotional emphasis than ever before.

"At our New York headquarters, Decca will coordinate the activities of its national promotional executives via an 'editor's desk' which will be manned by Marty Torbert, a former member of a rock group and only recently discharged from the Army. Torbert, as promotion 'editor,' will assimilate and disseminate information as rapidly as it is received, so that Decca's field promotion emphasis will be directed on a daily basis by the best-informed promotional force in the industry."

Martell noted that in addition to Torbert, he had recently added Otis Pollard, an industry veteran in R&B records promotion, to the New York office's promotion staff. "Pollard," said Martell, "has joined the Decca organization to oversee the promotional efforts in our various divisions, with emphasis on R&B. However, he will work closely with Decca's merchandising executives in all areas of the catalog." Prior to joining Decca, Pollard was Director of Eastern Promotion for Stax/Volt Records, following several years as an independent promotion representative. A musician, Pollard was at one time a member of the Nat "King" Cole Trio.

This soundtrack is from the 20th Century-Fox flick with Gregory Peck, Anne Heywood and some others, and the music is the creation of Jerry Goldsmith, who did a lot of research for it. It's very moody, sometimes exotic, and undoubtedly will be in great demand.

London Merchandising Pitch Keyed to Changing Market

London Records' new merchandising approach, unveiled during the recent convention and sales meetings in Memphis, has been geared to keep pace with rapidly changing industry marketing patterns, according to Herb Goldfarb, National Sales and Distribution Manager.

The Memphis sessions, comprising three days of presentations and entertainment in connection with Hi Records' 10th anniversary of its distributing association with London, featuring presentation of six new Hi LPs and a host of major new London releases in pop, classical and phase 4 stereo categories.

Goldfarb took note of the ever-increasing importance of radio, both FM and AM, as a disk advertising media. The firm is putting more of its promo dollars than ever before in FM underground station spots, he said, focussing particularly on such key artists as 10 Years After, Savoy Brown, the Moody Blues and the new singing star Martha Velez on the London-distributed Sire label.

While in former times FM spots would be largely geared to markets where a given act was to do a personal appearance, today London's rule is virtually across-the-board, major market spot advertising. Beyond this, it was noted, more and more AM top-40 oriented stations are also going the album cut route. Accordingly, AMers, too, are being serviced with more LPs for programming.

Colorful 20 x 30 inch posters of a host of major acts including the Moody Blues, 10 Years After, Savoy Brown, Martha Velez, Keef Hartley and John Mayall are also being shipped to distributors in bulk for use in all types of retail locations. Plans are also being discussed for possible later consumer distribution of the posters.

Changing Promo Approach

Scarcity of available display space in many retail locations has also dictated a changing approach to promotion at the point of sale. Much effort will be centered on heavier-than-ever distribution of in-store demo records on the theory, as Goldfarb put it, "That we're selling sound, so why not let the customers hear the product as well as see it on the racks?"

In line with this, a new Hi

demo album, introduced at the convention, includes 16 cuts from the firm's six new albums. A new phase 4 demo disk includes sample tracks from four new phase 4 sets released this week in addition to sample cuts from recent phase 4 releases of the past three months. This is the 17th phase 4 demo record to be issued by the firm.

Empty LP jackets, a tradition in album merchandising, are being continued with a special 12-LP kit of covers being supplied to dealers based on the newest releases. On the other hand, space limitations have brought about the virtual demise of large floor display pieces with the exception of the current widely-used Tom Jones three by four foot unit.

Local newspaper co-op ads are also encouraged through distribution of small glossy "minis" of LP covers for use in making up local ads. In addition, Goldfarb noted that bulk promo copies of new artist LP's are being sent to distributors while all salesmen will also receive copies. Artists in this special promotional distribution include Martha Velez, J. J. Worthington and Johnny Almond.

Production Team To Polydor

The production firm of Schwaid-Merenstein who handle such name stars as Van Morrison, Charlie Musselwhite, Spenser Davis, Barry Goldberg and others have entered into an independent production agreement with Polydor, Inc., announces Lewis Merenstein.

Cap Distrib Managers

HOLLYWOOD — Robert L. Howe, National Distribution Manager of Capitol Record Distributing Corporation (CRDC), announces the appointment of Mike Walker as Distribution Center Manager in Atlanta, Ga., and Raymond Whitcomb as acting Distribution Center Manager in Dallas, Texas.

Bell Distributes Windfall

NEW YORK—Felix Pappalardi and Bud Prager who head the Windfall Music Enterprises complex, have announced the formation of Windfall Records. In a joint announcement with Larry Uttal, President of Bell Records and the Columbia Pictures Industries Record Division, Pappalardi and Prager revealed that Bell will handle domestic and international distribution of the label.

The distribution deal is one of the biggest of its kind ever inked by Bell. A number of key artists are involved with a large initial promotion, merchandising and publicity campaign already in the works in connection with a new supergroup headed by Leslie West who Pappalardi considers "one of the best blues guitarists in the country."

The group's initial LP, "Mountain," was produced for Windfall Records by Pappalardi, who has produced three gold albums for the Cream. The "Mountain" album is being launched in July to coincide with West's first national concert tour. Backing guitarist-singer West, who was formerly with the Vagrants, are N.D. Smart, previously with the Hello People, on drums; keyboard specialist Steve Knight; and Pappalardi himself on bass.

The first national Leslie West tour has been carefully blue-printed for maximum exposure and impact. The group opens at Fillmore West in San Francisco (July 25-27), fol-

lowed by dates at the Whiskey A Go Go in Los Angeles (29-31); the Grande Ballroom, Detroit (Aug. 1-2); the Kinetic Playground, Chicago (8-9); the Boston Tea Party, Boston (13-15) and the Woodstock Music Fair (16), among others.

Windfall's accent will be on production and release of product only when the artists involved consider themselves completely ready to record. Selectivity of releases rather than quantity of product to meet specified quotas, in Pappalardi's view, is the keynote of any successful record company today.

Working in association with Pappalardi will be such Windfall-contracted producers as Gail Collins, Dan Armstrong, Gene Martinec, Jim Colegrove and John Mills Cockell. Windfall Records will be located at 1776 Broadway. The phone number is PL 7-6081.

Long-Term Thinking Goal At Columbia, Says Davis

LOS ANGELES — The "theme" of Clive Davis' keynote speech at the Columbia Epic Convention here at the Century Plaza was that "Columbia Records doesn't need the quick fast buck. We don't need the quirk single, the fad artist, the one-time sale. We are leaders, building and looking to the future." Davis, in the speech stressing his view of Columbia's supremacy in "the record's business," called on Columbia A&R men to continue to look for quality and long-term thinking, called on promotion men to co-ordinate sales reports and airplay especially on singles so that accurate buying patterns minimized returns; called on salesmen to be hard-working professionals, knowledgeable and involved.

Davis said that the biggest problem to be fought within his or any company is stagnation. "No one at this company will ever count gray hairs," he said. "That is not important—indeed years of service gives one perspective, wisdom and experience that would take another many hard encounters to catch up with. But it is important that no one grow stale. That no one take his job for granted. That no one stop looking for a new super star of tomorrow."

As personifications of the spirit and uniqueness which Davis expressed was Columbia's, the president tributed long-term, high-ranking CBS executives Goddard Lieberman and John Hammond.

ABC Signs Goliath

NEW YORK—Larry Newton, President of ABC Records, announced that he has signed Goliath, an Atlantic City-based group, to a long-term contract with ABC.

He went on to state that the group's first single, "Come With Me (To My World)," an original composition by the group, b/w "Cross Roads," would be released immediately.

Both sides of the single were produced by Nat Segall and Kal Mann, both of whom were also signed to a long-term production deal with ABC Records. Group consists of Steve and Dennis D'Amico, Ted Barberra, Norman Coonrat and Jerry Gilbert. They are managed by Anthony Gentile.

Dumont Heads Cap Classical Sales

HOLLYWOOD — John C. Jossey, Vice President and National Sales Manager of Capitol Records Distributing Corp. (CRDC), announces the promotion of Fred Dumont to National Classical Sales Manager.

Until recently Dumont was CRDC's Western States District Sales and Promotion Manager for Angel and other Capitol-affiliated classical labels. In his new position, he will supervise classical merchandising and sales on a national level.

Dumont joined Capitol in 1957 as a CRDC salesman in Los Angeles. Later he became Angel sales representative in the Los Angeles area, and was promoted to Western States District Sales and Promotion Manager in 1960.

CBS International Convention Tour

Using the theme of "The Not-So-Foreign Markets," CBS International took delegates at the July 31 opening meeting of the Columbia Records Sales Convention on a 45-minute audio-visual tour of the company's world-wide operations.

The presentation pointed out that almost 50 percent of all record sales take place outside of the United States, and that in each major overseas country, CBS has complete record operations producing talent with local impact as well as international appeal.

Epic's Hoffman in Rousing Pitch for Support at Meet

LOS ANGELES—Mort Hoffman, VP, Epic and Custom Labels, Sales and Distribution, spoke at the convention last week at the Century Plaza Hotel and gave a comprehensive history of his label, as well as a rousing pitch for support.

He noted: "On May 2 of this year Epic made a dramatic move to total Columbia distribution. This brought an already operating, established and profitable line of records into a distribution network structured to promote, merchandise and sell phonograph records; and it gave to a CBS Records label CBS Records personnel who are professionals in their field, all the way from recording concept to the ultimate sale.

"At the same time, further growth potential was added to the move by incorporating all custom labels with the Epic line, from a direction and merchandising standpoint. A separate field organization provides constant and concentrated emphasis on these product lines to provide the nucleus of a tremendous future expansion that will soon be highlighted with the addition of yet another label for distribution. Epic and custom-label distribution can be the fastest growth area of the company today, but it just won't happen without a push. It must be worked!

"The Epic change in distribution in May — unless you worked out of Dallas, New Orleans, Cleveland, or New York — marked a change in our daily routine and added a new dimension to your sales calls. More time is required on each call, but you have more product to sell—and sell is the key word. It may take more per-

suasiveness on your part to get retail exposure on Poco, Kaleidoscope and Red Beans and Rice than it takes on Vinton, Donovan and Sly and the Family Stone, but that is precisely what you are there for: to sell. A one-stop may offer more resistance to your initial pitch on Bob Luman, Charlie Rich and Sue Richards than he would to David Houston, Tommy Cash and Tammy Wynette; but if you are effective, you—and your one-stop—will quickly find that good country records do sell."

Continued Hoffman: "Time is the most valuable commodity we have. There never seems to be enough of it. It's human nature and very easy to tend to highlight or 'cream' a line —sell the hot ones fast and move on to the next call. Don't do it! Get your heavy volume on current hits, but take the time to introduce, promote, work and sell new artists and

TALENT ASSOCIATES, LTD. PROUDLY PRESENTS T·A RECORDS

And rather than hit you with a lot of copy about the records we're releasing, we just want you to know we're here and ready—with the taste, acumen, humor and anxiety that are the fabric of a sound label.

Talent Associates Enters Disk Biz Via TA Records

Talent Associates, major independent television and film production firm, has announced the formation of TA Records and its subsidiary companies, TA Music, Inc., and Cents and Pence Musique, Inc.

First releases on the new label, a single by Denny Lambert, "I'm Comin' Back," and an album by singer-composers Seals & Crofts, will be released Aug. 4. TA's product will be distributed by Bell Records, a division of Columbia Pictures.

Announcement of the new company came from Daniel Melnick, partner in Talent Associates along with David Susskind and Leonard Stern. Melnick simultaneously announced the appointment of Steve Binder to the post of President of TA Records.

Binder, a successfully independent television and record producer, recently joined Talent Associates to plan new entertainment projects, and is responsible for developing the new label for the company. He is also responsible for the development of several television series involving contemporary music and is presently producing pilots for NBC on two of the shows.

"Steve began working on TA Records eight months ago," said Melnick, in disclosing the company's plans. "We could have announced the label then, but it would have been meaningless. We decided that we would first find and sign the strongest talent possible, and record the best records possible with that talent before telling the industry and the public our intentions."

Five Artists Signed

Five artists have already been signed to the label. Three of them have completed albums which are scheduled for release over the coming weeks. The artists will not be announced until product is available.

With the announcement of the label, Binder named Dennis Lambert and Brian Potter directors of TA Records' A&R. Lambert has written and produced records for Freddie and the Dreamers, the Nashville Teens, Jerry Butler and the McCloys. Potter, who recently moved to Los Angeles from England, was formerly associated with Atlantic Records in London, and was instrumental in early recordings by the Small Faces.

Wayne Kimball, leading West

Coast album and packaging designer, has been appointed Art Director of TA Records.

TA has retained the firm of Gershman & Swaney for publicity, advertising and marketing consultation. In addition, a network of independent promotion men, headed by Herb Rosen in New York, has been established to work on TA product in conjunction with Bell's sales and promotion staff.

Binder described the concept of the new label as an "action forum for creative talent. We want to give our artists and producers an environment in which they can function effectively."

'Just Creative Guys'

"There are no quote executives unquote in the new company," he added, "there are just a group of creative guys who like each other. I told a lot of people when I was working my way up that one day we'd get together and work together on something we love. I don't want to overuse the word 'love,' but you can never be sure that a record will be a hit, but you can be sure if you love it. And if it isn't a hit, at least you got together and believed in something. If you produce something you don't like and it becomes a success, it's still hollow and the last thing I want to create is a hollow empire."

"We're looking for artists who have the potential to develop because I am very conscious of expanding into other media like television. I love television and I'm in a position now where I can use some muscle to create what I like. So we're not looking for the group who wants big advance money. We're going to take new artists and try to build them. Some of them will make it and some won't."

Binder is already formulating plans for two television series—one a variety-story show pegged on "Harper Valley P.T.A." and the other a dramatic-musical called "In His Own Time."

"We aren't interested in just getting the big single hit. I want to think bigger than that. If we put a record out and it doesn't make it, we have enough backing to keep behind that artist and that's what we plan to do."

Offices for TA Records and its publishing companies are located at CBS Studio Center, Studio City, Calif.

challenges for the future: "The current year is far and away the best in the company's illustrious history. Our artist roster has diversity and depth and abounds with bright new talent with long-range potential. What a challenge this presents for the seventies!"

Lieberson spoke of the label's place in the ever-changing, ever-growing record industry: "Ours is a business that demands permanent and continuous invention, constant renewal, with hardly a look back. One of the marvels of this company is the way it has claimed, earned and kept the leadership of this great, exciting industry."

Farr spoke of the tremendous output of work by Columbia personnel, both for this meet and for all previous Conventions: "Each year, as Columbia's National Convention draws near, the almost monumental efforts of all those engaged in preparing it for you are balanced against the rewards of sharing with you the recall of past successes and the exciting challenge of future events."

England summed up the entire theme of the Convention when he welcomed the delegates with: "Only Columbia Records could have 'The Sound of the Seventies' in '69. Our theme is indicative of the advanced thinking that continues to make Columbia Records No. 1 in the industry. 'The Sound

of the Seventies' is the sound of product, and it's the sound of people. The sound of the future is Columbia Records—"The Sound of the Seventies."

There were four banquet shows during the week of the Convention. Wednesday's show featured a heavy lineup of Columbia's top rock groups; Thursday and Saturday nights spotlighted many of Columbia's top recording artists including such names as Andy Williams, Tony Bennett, Blood, Sweat and Tears, Peter Nero and Johnny Winter; and Friday evening was turned over to the Epic roster, with a show headlined by Bobby Vinton. Also on hand to perform or participate in convention activities were Columbia notables including Simon and Garfunkel, Paul Revere and the Raiders featuring Mark Lindsay, John Davidson and Jim Nabors.

Seminars Noteworthy

Particularly noteworthy were this year's person-to-person seminars with Distributors and New York personnel. The topics discussed were Merchandising/Advertising, Masterwork Audio Products, A and R, Epic Records, Special Products, Manufacturing and Sales/Promotion. These seminars led to an exchange of ideas among all who attended.

The presentations of new product included new releases in all album categories: 21 popular, nine Masterworks, five Odyssey, 10 Harmony and three Latin American. In addition, Columbia announced the release of nine new reel-to-reel tapes, 15 8- and 4-track cartridge tapes and 53 new stereo cassettes.

Milton J. Selkowitz, Director, Audio Products and Accessories, introduced two new additions to the cassette-player product line, as well as a new version of Masterwork's best-selling Model 4800 stereo component unit.

Earth Bows Product

NEW YORK — At a special distributors meeting held recently at the City Squire, Artie Resnick, Joey Levine and Harold Berkman unveiled the first single and LP product from their newly-formed Earth Records label as well as introducing Life Records, headed by hot producer Bo Gentry and announcing the formation of Larry Maxwell's Peace Records, both labels to be distributed by Earth.

Singles premiered included "One and Twenty" by Lois Walden and "Time to Get It Together" by Up and Adam. Gentry's label bowed with "Make Believe" by Wind.

First album from Earth is Alan Lorber's documentary, "The Groupies." Resnick, Levine and Berkman also announced the acquisition of disk rights to the soundtrack album of Andy Warhol's "Lonesome Cowboys," with product timed for the film's move into general release theaters. Warhol is scheduled to design the LP cover and plans are afoot to record soundtracks of other Warhol films.

Future Product

Future product includes singles by the producing duo of Jimmy Calvert and Norman Marzano, and by writer-producer-artist Steve Feldman, as well as Life Records artist Spencer Bearfoot.

The Earth trio announced that the first promotion men to break any two of the first three singles on Life or Earth will receive two round-trip

tickets to "anywhere on earth."

Artie Resnick and Joey Levine are responsible for much of the "Bubblegum" phenomenon, having produced and written the Ohio Express hits from "Yummy, Yummy, Yummy" to "Mercy," as well as "Gimme Gimme Good Lovin'," "Quick Joey Small," "You Got the Love," "Yes Sir," "Run, Run, Run" and "Down in Tennessee" for a total of 10,000,000 records.

Big Campaign for 10 Year's 'Shhh'

Ten Years After will spotlight lead guitarist and vocalist Alvin Lee in its latest Deram Records' album release, "Shhh."

A concentrated ad-publicity campaign pushing "Shhh," Ten Years After and Alvin Lee & Company has been initiated here and abroad by London Records (Deram's U.S. distributor); the Manhattan Advertising Agency; Chrysalis Management / Production & Agency, Inc. headed by Dee Anthony (the group's American manager) and the DeNava-Leshin Publicity firm.

The heavy campaign was initiated when the diskery's one-year sales for the group doubled after release of its initial album, "Ten Years After"; tripled with the release of "The Undead"; and quadrupled with its last album,

"Stonedhenge." Advance orders on "Shh" already indicate a similar pattern.

Chrysalis Bandana Management indicates the group is playing to SRO and packed houses and has increased its one-nighter and concert price on a weekly upward spiral. Their current U.S. tour gross is expected to exceed a quarter of a million dollars.

Cloud to New Dawn

NEW YORK — Cloud, a nine-member, completely self-contained rock group composed of musicians and singers gathered from throughout the U.S., has signed an exclusive management contract with New Dawn Artists Management, Zack Glickman, President of the company, announced this week.

Five LPs from Tetra

BEVERLY HILLS — Tetragrammaton Records will release five albums during August, announces Arthur Mogull, President of the label. Groups and artists include the Johnstons, Sweet Thursday, Gene and Francesca, Steve Baron Quartet and Joshua Fox.

The Johnstons, Ireland's number one singing group, joined the Tetra label with the single, "Both Sides Now," also the title of their LP. The quartet recorded the album in England, where they are currently on tour under the management of NEMS Enterprises.

Sweet Thursday, which took its name from a John Steinbeck novel, is comprised of five British studio musicians: Jon Mark, songwriter and vocalist, now touring with the John Mayall band on the West Coast, as acoustic finger-style guitarist; Nicky Hopkins, pianist, best-known in the U.S. for his work with the Jeff Beck Group and the Stones' "Beggar's Banquet" album; Alun Davies, guitarist and vocalist, and with Jon, founder of the group; Brian Odgers, bass, who toured and recorded with the cream of European jazz, folk and pop; Harvey Burns, drums, whose background includes working on the road with Georgie Fame and J. J. Jackson.

Gene and Francesca (Mr. and Mrs. Raskin in private life) just released their first Tetra single, "Hello Love," penned by Gene. "Gene and Francesca,"

their initial Tetra LP, was produced by the Richmond Organization in New York, publisher, as well, of all Gene's songs.

Steve Baron Quartet has already made a name for itself on the college concert circuit, and with appearances in such clubs as New York's "Bitter End." Album title, "The Mother of Us All," was taken from the song, "Bertha Was The Mother of Us All," written by Baron, vocalist and writer for the group. This marks quartet's first LP.

Joshua Fox Quartet consists of Mike Botts on drums, Josef Camanno bass, Tom Menefee and Larry Hansen both on guitar. Group, which hails from Sacramento, recorded two previous Tetra singles, "Moon-time Bore" and "It's Just Meant to Be," leading to the LP and the signing of a long-term contract with the label.

In addition to the five albums, Tetra will release two singles this month: "Golf/Football" monologues by Bill Cosby from his "8:15-12:15" LP currently on the charts; and Pat Boone's "Good Morning Dear" b/w "You Win Again." Boone's initial Tetra LP, "Departure," was part of label's 14-album June release.

Toward the end of July, Tetra released its second soundtrack album for 20th Century-Fox, Jerry Goldsmith's score from "The Chairman," which stars Gregory Peck and Anne Heywood.

Artist/Production Signing at Stereo D

Stereo Dimension Records has just signed a new contemporary/rock group called Medicine Mike and plans to release its first single by mid-August, reveals Loren Becker, President of the label.

Medicine Mike is made up of Bob Klein, drums and vocal; Dave Gasman, guitar and lead vocal; and Doug Ferrara, bass and vocal. The signing included a production package deal with Good Time Music and Giant Coleoptera Music Co. The principles in the production company are Joe Palmer, Bill Giant and Bernie Baum. Palmer is a well-known musician in New York, participating in many of the top recording dates. Giant and Baum have been partners for a number of years in writing, producing, and packaging. Among their credits are "Music, Music, Music" (Bernie Baum),

"Speedy Gonzales," "That's Old Fashioned" and many more. Forty-one of their songs have been recorded by Elvis Presley alone. Other artists for whom they have written or produced are Pat Boone, the Everly Brothers, the Chrystals and the Chantells.

Vocal Tic 'Ya Know' Plagues Nation

Note to Mike Men: The vocal tic "Ya know" has afflicted most of the kids. Almost all musicians use it. Now it has spread to the disk jockeys on the air. Some people can give you 15 "Ya knows" within four sentences. After one promo man spoke to me about his record for five minutes, all I remembered about what he said was about 50 "Ya knows," and I really still didn't know ANYTHING about his record. PDs should stay on top of their mike men when they ad lib. I really believe that the Drake system of almost no talk is saving us all from a dreaded onslaught of millions of "Ya knows" from deejays with nothing much to say. **Bill Drake**, I now believe you have truly saved the sanity of us all. The constant repetition of this meaningless tic is plaguing the speech of affluent, high IQ youngsters. Maybe it's an alien plot?

THE 5TH DIMENSION

NOTES FROM THE UNDERGROUND

By CARL LaFONG

At first, man worshipped the forces of nature. Then, a little more sophistication, and primitives began worshipping animals, food and other saintly humans.

After 100,000 recorded years of man's history, he is now ready to worship songwriters—specifically **Bob Dylan**.

The inventor of this new quasi-historical, quasi-religious form is A.J. (for **Alan Jules**) **Weberman**, an honor student dropout from Michigan State and C.C.N.Y. who became a Dylan freak after hearing the single of "Like a Rolling Stone" backed with "Gates of Eden."

"It was that one that started me on this kick. I had heard the first few albums but they didn't knock me out. Plus, at that time, I was under the impression that Dylan had begun to slow down on his radical messages. Luckily, I really got into those two songs, and I began to see that he was just cloaking his radical thought in song form. From then on, I started to collect everything I could about him and began my book which is now finished."

The book is volume one of **Weberman's** projected critique and history of Dylan and covers Dylan from his beginnings through May, 1966.

His research has been surely that of a true believer. Who else would have located, read and digested more than 1,000 newspaper and magazine articles on one man? In addition to this relatively easy-to-obtain source material, **Weberman** collected every single and album released on Dylan plus the following esoterica:

- All the out-takes from "Highway 61 Revisited" which Dylan taped and sent as a gift to the **Byrds**.
- The famous unreleased "basement tape" of songs that Dylan wrote and recorded with the Band. Says **Weberman** of this, "If Dylan had ever sought solely commercial success this is the album that would have sold millions of copies. Maybe that's why he didn't release it."
- A recording of unreleased and uncopyrighted songs from the fall of 1962 including rare Dylanian like "Cuban Missile Crisis" and "Where You Gonna Be on That Judgment Day."
- A recorded duet with **Phil Ochs** of an unreleased song called "The Ballad of Donald White."
- Dylan's original demos for **Witmark Music** including "Paths of Victory," "Let Me Die in My Footsteps" and "Moonshine Blues."
- A tape of Dylan performing live at the Gaslight Cafe in 1962 featuring an unreleased tune called "Talking Bear Mountain Picnic Massacre Disaster Blues" and a duet with **Dave Van Ronk** on "Car Car."
- A non-put-on interview from May, 1963, with Chicago radio personality **Studs Terkel**.
- A tape of Dylan warbling "Quit Your Lowdown Ways," **Elvis Presley's** first single for **Sun Records**.

Also included are LP's on which Dylan plays under assumed names—**Roosevelt Gook** on a **Tom Rush Elektra LP** and **Blind Boy Grunt** on a **Broadside** topical song collection. Having collected all this material, **Weberman** has proceeded to make a name for himself. He claims that Dylan's song "Dear Landlord" is addressed to him personally and that Dylan sent friends to tape **Weberman's** course in Dylanology at New York's Free University; however, there is no denying that the new **John Lennon-Yoko Ono** single, "Give Peace a Chance," contains a line that says, "Everybody's talkin' 'bout **Weberman**."

His recently completed manuscript is now making the rounds of publishers. It may be some time before it is published due to the depth of **Weberman's** criticism. For instance, he claims that the "Baby Rule" contained in "It's All Over Now, Baby Blue" refers to capitalism in general and specifically capitalism in Cuba. **Weberman** also maintains that "Restless Farewell" is a

Concert Review

Doors Audibly Excite at Aquarius

HOLLYWOOD — It was "Hair" 's night off, but the doors of the Aquarius Theater remained open for Elektra recording artists the Doors, who made one of their rare concert appearances there recently.

Thoreau said, "If you can speak what you never hear, if you can write what you never read, you have done rare things." **Jim Morrison** and the Doors have done rare things. In addition to being able to see and hear **Morrison**, patrons on this particular evening were presented with his folio entitled "Ode To L.A. While Thinking of **Brian Jones**, Deceased." The poem was in free form and, as a matter of fact, so was the Doors' performance.

Recording their first live LP for Elektra, **Jim** announced to the packed quarters, "We're going to keep things very loose." In the past the elasticity of the word loose for the Doors has been known to cause an uproar. But that's the past. The new, bearded **Jim Morrison** pleased his audience without exhibitionism.

Performing their best on "Back Door Man," "Break on Through" and, of course, "Light My Fire," they delivered a visually reserved but audibly exciting show.

The Doors (**Ray Manzarek**, **Robbie Krieger**, **John Densmore** and **Jim Morrison**) were entertaining for fans who ranged in age from sixties to four years old. A tot named **Amy** clapped as if **Morrison's** most ardent fan.—**Ron Baron**.

Probe Pacts 5

NEW YORK — **Joe Carlton**, VP and General Manager of **Probe Records**, announced the "second stage in our drive to achieve major label diversity" with the pacting of the five new acts, the largest number of artists ever to be signed to the label at one time.

Included are the Incredible **Fog**, described as a soft rock group; **Morgan**, a hard rock quintet; **Fat City**, a folk duo; soul singer **Mitchell Barthwaite** and **Frummox**, a modern country group.

New Steady Offices

Steady Records has opened offices at 846 Seventh Ave., New York, N.Y. Phone is (211) 581-6911.

What happens in a real prison is a lot worse than you ever saw on the late show.

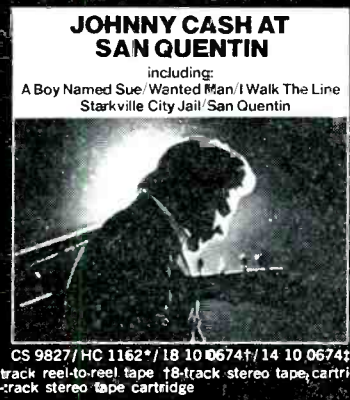

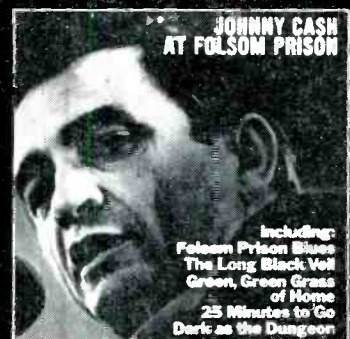

You never saw **Bogart** raped in his cell by fellow prisoners Or eating his supper every night next to a commode. Which, incidentally, doesn't have a seat. One thing actors never lost in those movies was their self-respect. Which is the first thing you lose in a real prison.

Those are human beings in those cages. Although a lot of people have forgotten.

Johnny Cash hasn't. Maybe that's why he takes the time to perform for prisoners. And maybe that's why they love him for it.

If the only thing you get out of these two albums is the fact that prisoners are human beings, it's a start.

La Puma Third Blue Thumb Partner

LOS ANGELES — Blue Thumb Records has expanded its executive staff by making Tommy LaPuma the third partner in the eight-month old company. LaPuma resigned in June as a staff producer at A&M.

He thus joins label President Bob Krasnow and another A&M alumnus, Don Graham, who became the second partner last March. LaPuma, credited with production of top albums by Claudine Longet, the Sandpipers and Chris Montez, has been given stock in Blue Thumb.

LaPuma will take over Blue Thumb's "mass communications direction," explains Krasnow. LaPuma's presence as a staff A&R producer will allow Krasnow to explore creative projects and spend less time in the recording studio. LaPuma will seek out artists to record as well as keep an eye out for material.

Frank Loesser Dead at 59

NEW YORK—Frank Loesser, composer of Broadway shows "Where's Charley?," "Guys and Dolls," "The Most Happy Fella" and the Pulitzer Prize-winning "How to Succeed in Business Without Really Trying," died of lung cancer on July 28 at Mt. Sinai Hospital.

Born in New York City on June 29, 1910, Loesser was educated at the Speyer and Townsend Harris High Schools, and the College of the City of New York where he wrote songs for the college shows. After school he became a newspaper reporter, served as a pianist, singer and caricaturist, as well as an editor on a trade newspaper. In 1931 he first became active as a songwriter in Hollywood, and joined ASCAP in 1934.

During World War II Loesser wrote songs as a private in the U.S. Army for Army shows including several official songs for various branches of the service. These included "Rodger Young," "In My Arms" and "Praise the Lord and Pass the Ammunition."

Among his other songs are the 1949 Academy Award-winning "Baby, It's Cold Outside"; "Small Fry"; "Two Sleepy People"; "Sand in My Shoes"; "I Don't Want to Walk Without You, Baby"; "Spring Will Be a Little Late This Year"; "Jingle Jangle Jingle"; "They're Either Too Young or Too Old"; "My Darling, My Darling"; "On a Slow Boat to China"; "Once in Love With Amy"; "If I Were a Bell"; "Luck Be a Lady"; "A Bushel and a Peck"; "Standing on the Corner" and, from "How to Succeed," "Brotherhood of Man" and "I Believe in You."

Loesser's business interests were extensive. As President of Frank Music Corp. and Vice President of Frank Productions, he presided over a multi-million-dollar show business empire that published music, produced shows and invested in others.

He is survived by his second wife, the former Jo Sullivan, and their two children, Hanna, 6, and Emily, 4, in addition to two children from his first marriage, Mrs. Peter Stabek, 24, and John, 18.

Hobbit pact with GRT calls for a minimum of six albums a year, and is described as the highest financial deal yet made between the tape corporation and an indie label.

New Orleans Djs Hosted by Singleton

NASHVILLE—Two New Orleans' deejays recently found disk spinning can be a gold-plated affair.

In fact, a "wild" time was had by all when Shelby S. Singleton Jr., President, the Shelby Singleton Corp., personally trekked to New Orleans to host a party for WYLD and WBOK radio staffs, citing the stations for being first in the nation to play the SSS International smash, "Reconsider Me" by Johnny Adams.

During the festivities at the Royal Orleans hotel, WYLD jock George Venet was presented with a gold record for being the first to play Adams' hit. Howard Clark of WBOK received his gold record citation for making his station the second in the country to air the disc.

Also on hand for the appreciation citings were Henry O'Neal, Vice President and R&B Promo Director for the SS Corp., promo man Mel Couzart, and the hitmaker himself, Johnny Adams.

Motown Wins Verdict

NEW YORK — Motown Record Corp. and subsidiary Jobete Music Company were awarded an unqualified verdict in an action in United States District Court with the Isley Brothers, according to an opinion handed down by Judge Morris E. Lasker.

Justice Lasker denied a preliminary injunction sought by the Isley Brothers (Ronald, Rudolph and O'Kelly) to keep Motown and Jobete from claiming ownership of the copyrights and master recordings of "It's Your Thing" and "Don't Give It Away." The Isley Brothers had contended that they did not record the tune on Nov. 6, 1968, when they were under contract to Motown. The opinion of the Court is that they did.

The Bar-Kays Time is Now

NEW YORK—The Bar-Kays, Volt recording artists, dropped into **Record World** last week to bring us up to date on what they have been doing.

The R&B specialists, who used to be totally instrumental but are now doing some vocals as well, have just come off of successful appearances at Shea Stadium, the Village Gate and the Milwaukee and Toronto Pop Festivals. Now they are looking forward to playing in Nassau and on the West Coast (including the Fillmore West), and doing tours of Europe and the college circuit over the next few months.

The group was especially excited about their new single.

Winstons Gold Disk

Metromedia Records' new group, the Winstons, have achieved a gold record for their debut single, "Color Him Father," announces Leonard S. Levy, label President.

As a follow up to the Winston's smash single, Metromedia released the group's first album, "Color Him Father." Advance sales on the album are very strong, label reports.

They saw the film "Midnight Cowboy" and fell in love with it and its theme song. The result was a record, "Midnight Cowboy," which is now moving up all around the country, and the group has high hopes that it will be a smash. They have also recently released an album on Volt, "Gotta Groove," which is also expected to move well.

The Bar-Kays feel that they are on their way up and that their current records and appearances reflect the group at its best. They think the time is right for a big hit.

Radio Station); and Del Shields, Executive Secretary NATRA.

Three objectives of the seminar were 1) to advise NATRA members of the recent FCC regulations concerning discriminatory practices of broadcasting stations; 2) to explore the establishment of the black radio news network; and 3) to establish a code of ethics for the black orientated stations.

Dr. Richard W. Budd, Seminar Director, stated in his letter to each participant, "This has proved to be a very exciting and valuable week for all of us. I am not only pleased with the great amount of learning which I know took place during the week, but also with the visible signs that we are already putting our learning to valuable use.

"It is my sincere hope that what you have learned here at Iowa about yourself, about your colleagues and about the difficulties in human communication will prove of benefit to you, to your station, and to the community you serve."

Spurr revealed that, "This is only a temporary move on our part. We are currently considering several sites where Oracle would have its own building." In addition to housing its exec offices the proposed Oracle building would house several 16-track recording studios, which would be leased to other labels and producers in the Boston area as well as be-

ing used by Oracle artists. Oracle's publishing firms, Tepajo Music (BMI) and Rackle Music (BMI), will also utilize the additional space.

Intrepid Rushes 'Wish' Single By Commercial Actor Marshall

NEW YORK — Charles Fach, General Manager of Intrepid Records, announces the master purchase and rush-release of the "What Can I Wish You My Son" single by actor Ron Marshall.

Produced by Art Wayne for Alouette Productions in association with Young Proud, Inc., the single is described by Fach as a "thought song" about the conditioning of human beings to violence and their acceptance of the abnormal as if it were normal." The song was written by Marshall and is published by Young Proud, Inc., Marshall's firm, and by Twill Music, the ASCAP arm of Alouette's publishing division.

Shipped three days after the master audition, Fach said the single was cut within 12 hours

of Marshall's submission of the song to Alouette.

Marshall has appeared as singer, announcer and performer on more than 1,000 regional and local radio and TV commercials for such products as Reynolds Aluminum, Coca-Cola, Thom McAnn, Dodge Trucks, Ballantine beverages, the First National City Bank, Top Job, Newport cigarettes and American Airlines, among many others.

Queridos amigos lectores:

Nuevamente les reseñamos el acontecer musical desde la "tierra que más amó Colón." Hace algún tiempo que no "figurábamos" en éstas páginas, pero aquí estamos de regreso.

"El Apenado Sandro" como se le llama en Dominicana al popular vocalista argentino, ocupa los principales lugares en la discomanía con sus interpretaciones de: "Penas," "Penumbra," "Así," y "Tengo." Ya anteriormente había copado la atención con su gran creación: "Porque Yo te Amo."

Sandro grabando para el sello Columbia, es uno de los artistas importados que ocupa los primeros lugares en venta, junto al tam bién argentino **Leonardo Favio** y **Raphael Martos**.

De **Leonardo Favio** su interpretación de: "O Quizás Simplemente te regale una Rosa" y "Ding Dong, Las cosas del Amor" han llevado al sello CBS a los "hit parades" locales.

Un gran espectáculo el de "Luz y Sonido" del popular compositor cubano **Julio Gutierrez**. Se presentó en Santo Domingo, y en la ciudad de Santiago, a casa llena. Faltaron asientos durante todas las presentaciones. Cada noche más y má público concurría para disfrutar del maravilloso espectáculo.

"Que me Coma el tigre," es el título del nuevo "45" de **Johnny Ventura** y su Combo Show, Luego del gran éxito

obtenido dentro y fuera del país con su selección "El Mamito" y "La Muerte de Martín," lo tenemos trepado en los primeros lugares del "ranking" nacional con este pegajoso ritmo de merengue, realizado para el sello Kubaney. Pero no son sólo **Johnny** y su combo los primeristas de nuestras listas de éxitos criollos. La casa Gada, acaba de co locar en el mercado dominicano un elepe de dos discos de larga duración bajo el título de: "Por Amor, **Rafael Solano** y sus Intérpretes." El album contiene entre otras selecciones, la triun fadora en el "Festival de la Canción Latina de México:" "Esta bien" por **Nini Caffaro**, y otras 23 selecciones compuestas por **Solano** é interpretadas por **Luchy Vicioso**, **Fernado Casado** x **Julio César Defilló**, y **Lope Balaguer**. De las más populares del "album" hasta el momento podemos destacar: "EL Sonido de tu Voz" que canta **Luchy**, "Hay Noches" en la voz de **Defilló** y "Mi Amor por tí" en la voz del propio **Solano**.

La **Lupe** coloca su versión de "Don't Play That Song" para el sello Tico, en los sitios de honor de la pizarra de los éxitos, mientras que **Vicentico Valdes** hace otro tanto para la UA con su selección: "No Vendrás" de **A. Rivera**. **Tito Rodríguez** llama poderosamente la atención de los discómanos dominicanos con: "Quien lo Diría" de **Bobby Capo** y su versión de "En mi Imaginación" y ¡Hasta luego!

Desde Nuestro Rincon Internacional

By TOMAS FUNDORA

(This column appears first in Spanish and then in English.)

¡Yo! . . . ¡Yo! . . . ¡Yo! . . . Siempre hemos ordiado el presente de indicativo . . . Siempre hemos considerado su uso, en el periodismo, como reflejo de total egocentría y mal gusto. Hoy, podemos confesar que estábamos equivocados. La vida y la lucha contra la mediocridad de los inadaptados, conlleva la actitud hostil de "cuchillo en la boca y hacha en la mano." No podemos retroceder a la época cavernaria del "mazo en el brazo" . . . Ah! . . . pero sí podemos luchar con el "yo delante para que se espanten" . . . Por eso, vamos a renunciar temporalmente a nuestra costumbre y enarbolaremos la bandera del "yoísmo reporteril" para hacerle frente a tanto "enano mental que vive arrastrándose en esta tierra" en franca competencia con los pobrecitos y siempre tan mentados . . . reptiles! . . . Ahí va eso!

Los Payos

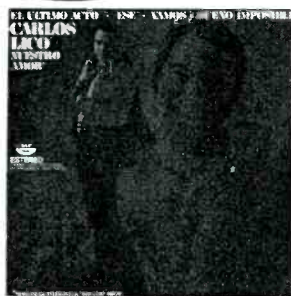

Luisa Maria Guell

He visto variar el gusto musical de pueblos enteros, por la labor de los locutores de esas regiones . . . y para bien ,que conste! . . . He palpado el triunfo de producciones exquisitas, en áreas inhospitas para este tipo de grabación, por la labor de los locutores locales . . . He gozado de la alegría de ver los números éxitos en España, triunfar plenamente en las naciones Latinoamericanas. Ahora mismo, está sucediendo con Los Payos de Hispavox y sucedió antes con Los Pic Nic, con Raphael, con Los Bravos y con docenas de otros artistas españoles. He visto triunfar dondequiera a Sandro y Leonardo Favio de Argentina. He llorado ante el triunfo internacional de mis cubanas Celia Cruz, Olga Guillot y Blanca Rosa Gil. He presenciado el aplauso a Alfredo Sadel, Libertad Lamarque, Andy Russell y miles de nuestros artistas en todas nuestras latitudes. Y todo ello se lo achaco a los locutores. He visto también denuncias, quejas sobre el papel y todo un desfile de ataques, en docenas de comunidades, ante la actitud arrogante y poco amable de unos cuantos locutores. Yo también he vivido todo este despliegue de cosas. Detenerme a analizar estos accidentes sería cruel de mi parte porque mucho más, siempre ha dado la clase, de todo lo que en pequeñas cantidades ha recibido una minoría ínfima. Soy amigo de los locutores porque es el único instrumento que puede estandarizar el gusto musical de nuestra América Latina. Porque el "folklore" es bello y genial, pero con "folklore" no vamos a parte alguna. Porque tiene que primar una música nuestra, aceptada por todos nosotros al unisono . . . y a eso llegaremos . . . estamos llegando! Y así nuestros artistas se engrandecerán y serán éxito económico en sus vidas. Y así nuestros sellos grabadores serán opulentos y fuertes, tan fuertes y opulentos como el de cualquier otro mundo musical. Y así triunfaremos. Y Yo, **Tomás Fundora**, Director Latino de Record World, latino hasta los cuatro costados, amante de la música de todos nuestros países hasta lo infinito . . . Yo, que he recibido rosas . . . pero también espinas (así de grandes) . . . Yo, que sé a donde voy y también desgraciadamente de los caminos de donde vengo en esto del disco, soy amigo de lo locutores y a mi lado disfruto de los más inteligentes, de los idealistas, de los trabajadores y de los creadores. Detenerme ante la opinión de "sellos empobrecidos por el odio" o ante el ataque de sentimientos bastardos, sería poco inteligente. Y como me creo discretamente inteligente, mantengo mi postura. Y ya puedo asegurarles, que pese a que en muchos países ya existe un "Día del locutor" y pese a que a muchos no les interesa unir a los locutores latinos, por miedo o terror infantiles, el "Día del locutor Latino" (Latin D.J. Day) es ya un éxito y un triunfo aceptado.

record world in Venezuela

By NAPOLEON BRAVO

El panorama musical venezolano, es mas complejo de lo que en realidad tomando en cuenta su desarrollo e importancia internacional, debería ser.

Hasta hace pocos, meses atrás. nuestro público estaba completamente inclinado hacia la música netamente tropical; sin embargo, desde un tiempo a ésta parte, el panorama ha cambiado notablemente. El predominio, casi absoluto, de la música de "salsa" ha disminuído en una forma notoria, dando paso al estilo internacional en las voces de cantantes y agrupaciones nacionales e internacionales. Tanto es así, que nuestras orquestas y combos se han visto forzados a internacionalizar su repertorio, así como tambien nuestros cantantes Emisoras que, hasta hace poco, estaban absolutamente identificadas con la música tropical, ahora la alternan con los grandes éxitos que nos llegan de todas las latitudes, viéndose fuertemente afectada Radio Caracas, emisora tradicionalmente de las minorías por su especialización en la música Norteamericana e Italiana, y la nueva emisora Radio Capital que, dentro de un estilo internacional, ha sabido colocarse en los primeros lugares de sintonía, gracias a éste viraje del gusto popular.

Hasta hace poco tiempo, los dueños absolutos de la discomanía nacional eran los "disjokeys" Eduardo Morell, pionero en la introducción de ésta música; Clemente Vargas jr., el mas inquieto de los pro-

motores radiales del disco; Alfredo José Mena, la mejor voz; Rubén Darío Villasmil, en la música reposada; y, dentro del ritmo tropical, el rey y señor ha sido Fideas Danilo Escalona. No obstante, una nueva promoción ha venido a competir fuertemente con los anteriores, nueva promoción que se ha establecido principalmente en Radio Capital, representada por Miguel Avalos, Napoleón Bravo, Cappy Doncella e Inoldo Javier Díaz, la mayoría de ellos llamados ya por la televisión dada su cotización actual.

Paralelamente a éste avance de la radio, se desarrolla el espectáculo musical dentro del voces y canciones, y los shows juveniles. Con el "Pop and Op Musical" hace hoy dos años, se inició el show juvenil estable: primero fueron unas ochocientas personas semanalmente, luego aumentaron a mil; mas tarde, lo que luego se llamaría "Experiencia Sicomimética," daría cabida a ocho mil personas en el Aula Magna de la Ciudad Universitaria. Hoy en día contamos con tres pequeños, pero estables, shows juveniles de fin de semana.

Referente a los festivales, tambien su impulso en los últimos meses esta siendo notorio. El "Festival de la Canción Venezolana," ha dado paso a los nuevos ritmos internacionales compuestos en el país. En la ciudad de Barquisimeto (Estado Lara), se creó el "Festival de la Voz de Oro," siendo los tres grandes triunfadores: Hector Cabrera, Mirla Castellanos y Alfredo Sadel. Luego, a mediados de Marzo, Fulvio Vergari, uno de los organizadores del famoso "Cata-gira italiano," llega al país organizando el "Festival de las Voces Nuevas," cuyos ganadores fueron Maria Conti, Carlos Bereciartu y Lilita, tres nuevas y excepcionales voces.

London Lowdown

By JEAN GRIFFITHS

LONDON—News of the week is undoubtedly **Bob Dylan's** pending arrival in Britain. He has accepted a concert date to appear at the Second Isle of Wight Festival of Music on Aug. 31. The cast already looks like a promoter's dream . . . British chief of the Warner Brothers-Seven Arts complex here, **Ian Ralfini**, will be attending Warners' conventions in Montreal in August . . . Single release for top starts: **the Doors'** "Tell All the People" Aug. 1 . . . Dylan manager **Albert Grossman's** new British signing, **Louisa Jane White**, has her version of **David Ackles'** "Blue Ribbon" on release through Philips. Top American producer **Horace Ott** will be supervising future sessions for Louisa Jane.

Keith Relf, ex-member of top group a while back, **the Yardbirds**, has set up together with fellow ex-member **Jimmy McCarty** and Keith's sister **Jane the Keith Relf Renaissance**, currently making the scene and wooing the crowds around the London clubs. Record companies have been buzzing about and Keith will finalize his recording plans soon . . . Publishing house **Feldman** has acquired and are now activating and promoting **Elektra Records** music copyrights in the **Paradox Music Group**; one of the first recorded numbers is "Light My Fire" by way-out girl with big following **Julie Driscoll** . . . The venue has now been changed for the 9th National Jazz, Blues and Pop Festival Aug. 8, 9 and 10. It will now be held at **Plumpton Racecourse** which is about 45 miles out of London. The organizers consider the extra effort and cost involved amending tickets, etc., well worth it for the facilities the course offers. The Festival consists of five concerts offering music just as the title suggests, pop, jazz and blues. A random look through artists taking part shows names of **Pink Floyd**, **Juniors Eyes**, **Bonzo Dog**, **the Who**, **Chicken Shack**, **Fat Mattress** . . . **Tim Rose** will make a concert tour of Britain in the autumn. His album, "Through Rose Coloured Glasses," comes out via CBS in August . . . The story goes that **Marsha Hunt's** (lady launched in "Hair") managers have been unsuccessful in their effort to insure her hair—a sort of **Jimi Hendrix** style but on a much grander scale. Dates in a busy summer for Marsha include the Isle of Wight Festival (London will probably be a musical desert that week-end!) . . . **Christ Hutchins** Enterpress organization is capturing a fair slice of the business in this town and has now got the **Pye Records** press relations account . . . **Noel Redding's** departure from the **Jimi Hendrix Experience** has proved a lucrative move. The launching onto disk of his new group **Fat Mattress** is reported to have brought him an advance payment of \$175,000 from **Polydor Records** . . . Have no idea what **Pye's Pickety Witch** sounds like, but it's very satisfying to say the name! . . . Cover version here of "Romeo and Juliet Love There" **Manuel and the Music of the Mountains** . . . **The Supremes** are now more than less certain to make a guest appearance in **Engelbert Humperdinck's** Anglo-American TV series. His new single is a **Burt Bacharach/Hal David** composition, "A Better Man" . . . Managing Director of the Australian Festival Records **Fred Marks** got into London last week to finalize record and publishing representation in the U.K. British company is under the direction of **Mike Sloman** . . . **Dick James** currently planning new ideas and appointing new personnel for the **Page One** label. He now has 100 percent control of the label having acquired **Larry Page's** interest in the company.

Essex Music Action

Essex Music of Australia Pty. Ltd., under managing director, **Barry Kimberley** has just acquired publishing rights for one of the Commonwealth's hottest acts, **Doug Parkinson** In Fo-

cus, and has already initiated a strong international publishing drive on the group's material.

The new move is in line with **Kimberley's** long-term commitment to achieve broad international exposure for top Australian writing talent.

News from Germany

By PAUL SIEGEL

BERLIN—Producers are "moon-happy," making one moon record after the other . . . Thank you, **Elliot Blaine** and **Mickey Eichner**, for sending me your hit, "Good Morning Starshine" by **Oliver** . . . Sorry to hear that Philips star **Vicky** was quite ill during her vacation in her homeland, Greece . . . Cologne has a new name for their recording studio, "Love," and **Manfred Klambunde** is the engineer. I hear Manfred is also a "Romeo" type! . . . The place where the money comes from in Germany is **Gema**, the performance and mechanicals society, and the personal, heartfelt cooperation in spite of sizzling weather deserves a lot of orchids. Good people like **Mrs. Müller**, **Hans-Joachim Wagner**, **G. Henning**, **G. Kabbert** and host of other **Gema** goodies . . . **Larry Yaskiel**, British pr man in Germany for almost nine years with top record firms, is saying goodbye to Germany and going back to London to take over the European operation of **A&M Records** and flying into L.A. for talks. He will visit New York. Larry did a sensational job here.

Money in Performances

It's not only hot here in Germany, it's burning; and the turntables are spinning but the public is spending its money on ice cream instead of records. The money is in performances . . . Thank you, **R. Kitschigin**, for your info on that very popular radio broadcast **Treffpunkt** (meeting place) at **RIAS** beamed for young listeners and packed with guest artists . . . I remember visiting **Bob Crewe** at his exotic home in the East '50s a few years ago. Glad to hear of his **Crewe Records**. Somehow **Bob** keeps the golden touch! Especially with his **Four Seasons** . . . **Connie Francis** has a new German release on **MGM**, "Lissabon" . . . **Wolfgang Kretzchmar**, A&R chief, Philips, Hamburg, a real nice guy and very cooperative. He's happy with **Dusty Springfield** . . . **Roberto Blanco**, the German Festival winner, dropped in at our **Record World** air-conditioned office in Berlin during the hottest day. He's recording in English shortly, "Come on Home!," produced by **Jack White** and with a **Pye** release. Which should bring coin to **Louis Benjamin** . . . **Horst Fuchs**, **Transworld**, made a great moon record . . . heard the all star baseball game here over **AFN** radio . . . **Alexandra** has a husky, sexy voice delivery with "Erstes Morgenrot" (First Red Dawn) . . . **Helga Reis**, pr gal at **Metronome**, informs us of **Atlantic's Frank Fenster** visiting them in Hamburg . . . My Munich reporter **George LeVaye** reports that **Peter Moesser**, retired ork leader, producer & composer, has come back out of solitude, and just made an LP, **Sounds, Ltd.** **George** also tells us that **Stella Mooney** has made her first single, "Danny, Penny, Wedding Shoe" . . . **Robert Jung**, talented Bavarian, just landed a British group for Germany, **Morgan Music Deutschland**. Good luck, and send me some milk from your 50 cows! . . . Lovely secretary **Ortrud Kuhr** of **Ariola's** International Director, **Nobby Varenholz**, currently negotiating the British and American premiere of their great record artist, **Peter Alexander** . . . **Robin Gibb** of **the Bee Gees** starting his solo career with a whirlwind dj trip here . . . Many thanx, **Joe Bogart**, **WMCA-New York** (My Alma Mater in the '50s as dj) for your nice letter and the regards from **Walter A. Wurfel**! . . . Thanx, **Hal Charm of Heritage**, you're a Doll! . . . **Burghard Weissshuhn** leads the **Gema** action at Berlin **Gema**, and is always willing to lend a helping hand and ear . . . **Henry Mancini's** new **RCA LP**, "Themes from Romeo & Juliet," just came in. Mancinifull! . . . **Cat Valente** has a new **Decca** release here and is planning her musical tour of Germany starting soon . . . **Mickie Most** sent us his new production, "Hangman's Knee," on **Columbia** by **Jeff Beck**. Great!

Golden Earrings Return to Europe

Polydor's Golden Earrings, a Dutch hard hard rock group, recently returned to Europe where they are working in English studios on an album scheduled for release in early fall.

Their nine week tour of the U.S. was highlighted by appearances on the West Coast at the Experience, the Fillmore West and the Northwest's new showcase the Trolley in Seattle. The Earrings' East Coast appearances included Ungano's in New York, the WBAI benefit at New York's Village Gate and the Scene, also in New York. "It's not just a hype," says Bob Lampaert, the group's U.S. road manager. "The Earrings' sound is so powerful that it can make a rock hater into a rock lover."

MGM London Plans Revealed

LONDON — MGM Records' President Ron Kass was in London last week and has made major decisions concerning the MGM Records set-up in London.

The company will revert to releasing its records under license in the U.K. It is an "open" deal giving MGM the right to revert to a distributor deal any time it wishes to go independent again within the next three years.

A small office staff will work from the current MGM Record office at 35 Soho Square, London, W.1. and will direct their activities on production.

Kass is anxious to get the complete MGM International

situation in perspective and feels that a nucleus of staff in the U.K. office can concentrate their efforts on the label's product and in particular be involved in the major promotion campaign for "Goodbye, Mr. Chips" to be launched this autumn.

Another problem hovering over MGM is the pending court case over distribution rights. Pye Records instigated the case against MGM which is distributed here by EMI. The case is due to be heard early in the new year but it is thought that a negotiated settlement could well be reached out of court before then.

Amaret Sets Midwest Ties

LOS ANGELES — Amaret Records is dipping into the Midwest for new talent through two production ties it has made with Dunwich Productions and independent producer Bobby Whiteside.

Bill Trout and Bob Monico of Dunwich are producing Crow, a rock quintet, and Ginny Tiu, a 16-year-old vocalist who made her show business debut 10 years ago on the Ed Sullivan show. Whiteside is producing Raintree Minority, another rock group from the Midwest, for Kenny Myers' seven-month-old label.

Crow's first LP was released by Amaret earlier this month and the initial allocation was sold within a week in the Midwest. The group, which has been compared to Blood, Sweat & Tears, will embark on a national concert/promo tour in early August that will take them from New York to Los Angeles (Sept. 4).

Trout and Monico are currently preparing material for a second Crow LP. A single ("Rain, Rain, Rain") by Ginny Tiu is being rush-released by Amaret next Monday (4). Product from Raintree Minority is being completed by Whiteside and will be ready for release in late August.

Whiteside, Trout and Monico are well-experienced in the record business with credits ranging from the American Breed (Acta) and Nazz (SGC) to Aorta (Columbia).

Concert Review

Winter a Summer Treat

NEW YORK — Despite the terrible weather New York's been having, Schaefer went on with its music festival in Central Park last week (27). The rain didn't keep the people from going to the Wollman Skating Rink for a touch of good contemporary music from the Paul Winter Consort.

Winter's music was light and refreshing. Unlike his record on A&M, "The Winter Consort," he used drums which added a new effect to his beautiful music. Prior to the concert, we attended a recording session which gave us a chance to speak to Paul. He is coming out with a new album in September and plans a college tour in October. Paul is using a Negro singer, discovered during a concert improvisation, in his new album to sing during one of their improvisational numbers. The new package should be a step forward for the Paul Winter Consort.

slam at all media, particularly Newsweek Magazine which he alleges wrongly accused Dylan of falsely claiming authorship of "Blowin' in the Wind."

Weberman says, "After that Newsweek story, Dylan never gave a really straight interview again except to very close friends. He refined the art of the put-on to an unparalleled degree. There is also a lot of evidence that Dylan was never interviewed by Playboy Magazine but instead wrote the entire interview himself."

Weberman claims to be the world's leading authority on Dylan but does not pretend to fully comprehend his idol. "I have a copy of 'Tarantula,' his unpublished novel, and frankly I can't understand it at all. I've only read a small part of it. To read it, you would have to have a key like those provided with Joyce's 'Finnegan's Wake'. But I do think I understand more of Dylan than any other critic."

The Dylanologist claims that the hat-tipping photo of Dylan on the cover of "Nashville Skyline" is his way of bidding goodbye to pop success. "I think, from now on, Dylan intends to continue in his new bag of very simple lyrics cloaking radical thought and if the public doesn't dig it, that's too bad."

We will keep in close touch with Weberman. For the latest news and views on Robert Zimmerman, stay tuned to this station.

Filmways Acquires Skye

(Continued from page 3)

which were artistically rewarding.

"The philosophy behind the formation of the company was simple," said Schwartz. "We believed then, and still do, that quality music and packaging becomes commercial in that the medium is the message. The consumer expects and wants that degree of excellence. This has proven to be true. We have sold more albums with our artists than their previous labels had."

"Skye also provided us with the opportunity to develop new artists and writers," said Schwartz, "and that is how such talents as Grady Tate, Bob Freedman and Wendy & Bonnie came about. We are the first label to have started what we call a 'discovery series' . . . a set of albums by new artists that retail for less than the usual album price . . . albums that are exploited simply as a source for new talent."

"The key to the Filmways deal," said Schwartz, "lies in the fact that while we had been approached by several other major companies, Filmways was the most appealing because of its reputation for putting out quality product and because of its liberal approach to the creative end of the business. Top executive and managerial posts within the corporate structure are filled by creative people and their acquisition program seems to be geared toward the younger, more creative talents. Filmways will not inhibit our artists' need for creative control." "While Filmways already has a fine technical operation in the music field, the addition of Skye Recording Company enables us to expand into the vast music business," St. Johns said. "Most importantly," he added, "Filmways will be able to properly merchandise and distribute the music from its own motion picture and television productions and from the live entertainment division."

Filmways, a diversified entertainment complex, engages in motion picture and television production and distribution, broadcasting, publishing, live entertainment and also has related studio and equipment manufacturing subsidiaries.

Music Thru Films, TV

Schwartz made another important point in explaining why the acquisition is so attractive. "Filmways has a great deal of music that comes to them through films and televi-

sion. As executive in charge of this operation I will be responsible for the continued development and expansion of their music publishing company . . . an area that for some time has been dormant. There is a great deal of good material here and it will be my job to exploit it to its fullest."

Filmways is well aware of the value of putting people together and for this reason the new acquisition will enable Skye to work more closely with Concert Associates, another Filmways subsidiary responsible for packaging concert attractions. This inter-relationship will afford Skye an opportunity to develop new recording groups and at the same time will provide outlets for the label's already established artists.

Skye's initial project under the Filmways acquisition was the recording of the rock score from an as of yet untitled film by producers Chuck Hirsch and Brian DiPalma, who produced "Greetings." The original soundtrack recording will be released simultaneously with the film sometime later this year.

new material. Today's hot product is hot today, but think about what you will sell tomorrow.

'Most Successful Year'

"Columbia and Epic have always been dedicated to building for the future. The Epic label is enjoying the most successful year in its history right now. Are you? We are not satisfied. Are you? We are on a growth program. Are you? The artist roster is constantly in review and being updated. New talent signings include only those artists we consider to be in the super-star category, those artists who have a good chance to sell 100,000 or more of an album release.

"Custom labels are more active than ever before. You've just had two sensational releases on the Ode label. Your first Barnaby album will be released here. In September you will have additional albums with well planned and coordinated exposure programs. More consumer advertising is now running and is planned than at any other time in our history.

"We are building. Are you?"

Initially, the Entertainment Group of CSI will be involved in the record and tape operation of the Celebrity House outlets, and National Merchandising Services Corp., a tape and record rack jobbing operation. It will be the intention of White to expand these activities into the other areas of the market industry.

White, who comes to CSI from eight years of MGM Records, brings to CSI a full background in all aspects of the entertainment business in addition to his capabilities in top management. As Director of Business Affairs for MGM Records he was instrumental in the area of contract negotiations and participated in the deals which brought such acts as Herman's Hermits, the Mothers of Invention, Janis Ian, Richie Havens and Sam the Sham into the MGM fold. He was also responsible for the supervision of the MGM-owned

Metro distributing branches located in the key markets of New York, Chicago and Los Angeles, as well as overseeing MGM's plant operation, and served as liaison between the various divisions of the MGM complex including the legal, accounting and record divisions.

White was represented in the negotiations involving his new position by the business and personal management firm of Neil C. Reshen, Inc.

Prior to his joining MGM White was senior accountant with the firm of Arthur Anderson & Co.

son conferences hosted by Mort Hoffman, VP, Sales and Distribution, Epic and Custom Labels.

On Friday (1), Hoffman welcomed the conventioners, most of whom have only been involved with Epic in the last three months, with a history of Epic's growth from 1962 to the present. Mr. Hoffman's speech was preceded by a short montage of Epic hits from that seven-year span featuring such artists as Bobby Vinton, the Dave Clark Five, Donovan, the Yardbirds, Lulu, the Tremeloes, David Houston, Tammy Wynette and Sly and the Family Stone.

Hoffman's speech (see separate story) was followed by the unveiling of new Epic singles product from country artist Tammy Wynette and newcomers Keith Barbour, Sugar Shoppe, Fuse and the Quick. The singles were intro-

duced in an audio-visual presentation by members of the various trade papers.

Epic entered the cassette field with the release of 15 packages featuring its best-selling artists (see separate story), and were introduced Friday by Mel Price, National Sales Manager, CBS Pre-Recorded Tape.

Friday night saw a heavily attended Epic dinner/show featuring the Bobby Vinton, the label's long-time hitmaker; vocalist Vivian Reed; Kaleidoscope, West Coast contemporary aggregation; and Red Beans and Rice, a jazz/rock outfit featuring Ray Draper, noted jazz tuba innovator.

Epic album product was unveiled Saturday morning in a multi-media presentation (see separate story). Eleven albums including packages from Donovan, David Houston and Tammy Wynette were introduced to the full complement of Epic's distribution, sales and promotion people.

Cash 'Greatest Hits' LP Certified for Gold Disk

Columbia Records artist **Johnny Cash**, who has broken through the traditional boundaries which once separated C & W from pop to become one of the hottest personalities in the entertainment world, has achieved his fourth gold record for his "Johnny Cash's Greatest Hits" album.

Cash has also received gold records for his Columbia LPs "Ring of Fire," "I Walk the Line" and "At Folsom Prison."

Cash has been riding high on both the C & W and pop charts with his albums "At San Quentin," "At Folsom Prison" and "The Holy Land," and with his single "A Boy Named Sue," which was taken from the "At

San Quentin" album. It seems evident that both "At San Quentin" and "A Boy Named Sue" are on their way toward turning gold.

Cash is also bringing the country sound to audiences throughout the nation via his successful Nashville-based Saturday-night network television program, "The Johnny Cash Show." The program, which has featured such guests as **Bob Dylan**, has become one of the summer's hits.

In recent months, Cash has also been the subject of numerous articles in major American magazines, and he is the subject of a feature-length film documentary scheduled for release in the near future.

Ernie Emcees Live CMA Awards

The Third Annual Country Music Association Awards Program will have Tennessee **Ernie Ford** as Master of Ceremonies for the second national network tele-production by NBC-TV in Nashville Oct. 15, it was announced.

The hour-long ceremonies will be broadcast live as "Kraft Music Hall" from the Grand Ole Opry House in Music City, featuring performances by nominees of award-winning songs in 10 different categories.

Acceptance by **Ford** of the emcee duties followed announcement two weeks ago that he would be a participant in the Music City USA Pro-Celebrity Golf Tournament, Oct. 11 and 12. The meet is jointly sponsored by the CMA, the Nashville Tennessean and the Nashville Area Junior Chamber of Commerce.

The announcement was made by **Jack Stapp**, President of **Tree International**; **Irving Waugh**, President of **WSM, Inc.**; and **Bill Williams**, President of the CMA, comprising a committee to secure talent for the show.

Negotiations leading to **Ford's** acceptance were arranged by the three committee members through **Ford's** manager and through **Cohen T. Williams**, chairman of the board of directors of **Martha White Industries**. **Williams** is a business partner of **Ford's** in a new steak and biscuits franchise corporation.

Credit was given last year by the Executive Director of the CMA, **Mrs. Jo Walker**, to both

Stapp and **Waugh** for bringing **Kraft Music Hall** to the awards show. Again this year, CMA's president **Williams**, gave credit to the two for using their wide acquaintance and knowledge of the entertainment world to get the negotiations completed.

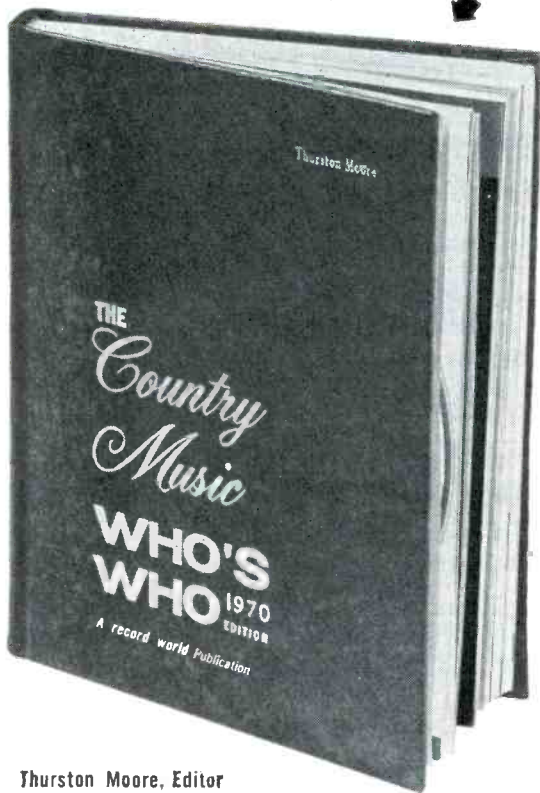

Other famous names in the country music field will be announced shortly by the committee of **Stapp**, **Waugh** and **Williams** as top music industry people accept positions as "presentors" for the awards ceremonies.

Country LP Reviews

SPRING

CLAY HART—Metromedia MD 1008.

Clay's single click of "Spring" leads off this set and it's an often moving and always listenable bunch of goodies, from traditional to modern country. "My Woman's Good to Me," "Natural Born Mover," and more.

★★★★

JIM ED SINGS THE BROWNS

JIM ED BROWN—RCA LSP 4175.

This is a nostalgic collection of old tunes Jim enjoyed success with when it was "The Browns," and it's a fine journey with "The Old Lamplighter," "Looking Back to See," "Scarlet Ribbons," and a lot of memories.

★★★★

CAL SMITH SINGS/IT TAKES ME ALL NIGHT LONG

Kapp KS-3608.

"It Takes Me All Night Long" is always a pleasure to hear, and it can be heard on this pretty set, along with "I Come Home a Drinkin'," "Ballad of Forty Dollars," "Old Faithful" and "Darling, You Know I Wouldn't Lie."

★★★★

I'M A GOOD MAN IN A BAD FRAME OF MIND
JACK RENO—Dot DLP 25946.

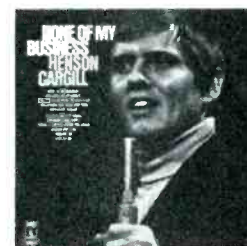

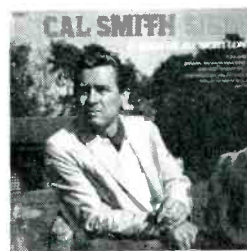

Jack Reno is blessed with a smooth and velvet voice, and he puts it to tremendous effect on this excellent set. The title tune gets with it, and so do all the rest. "We All Go Crazy" is especially fine, but it's high quality throughout.

★★★★

NONE OF MY BUSINESS

HENSON CARGILL—
Maranment SLP 18117.

Henson Cargill is emerging as a dynamic and important performer, and his latest single smash, "None of My Businesses," is thoughtful and a good example of his work. The rest are up to par, including "Greenback Dollar," "Less of Me" and his "This Generation Shall Not Pass."

Hart Tours With Week

Metromedia Records' new country artist Clay Hart, whose debut single "Spring" received strong airplay and sales, is slated to tour with Lawrence Welk this summer.

Clay made his first appearance on the Welk TV show in May and was an immediate click. Since then he has become a regular member of the Welk TV family and upon completion of his current engagement in Tahoe, Clay will begin a tour of one-nighters with Welk. His first album, titled after "Spring," is scheduled for release in the latter part of July.

This is a fine country ballad that Ronnie sings with soul, and it's slow and sweet, and sure to click.

DEBBIE BRIMER—Danrite 103.

Cargill Show Goes On

NASHVILLE — The show must go on, says Henson Cargill, and Tex Davis, Country Music Promotional Director of Monument Records, swears it's true.

On Tuesday night, July 22, Cargill was in Nashville cutting a new single, "Then the Baby Came." The session ended at 9:20 p.m. He had to rush to the airport to catch a plane for Cincinnati to tape a "Hayride" show on Wednesday morning at 9 a.m. The only way to get there at that hour was through Chicago. He got there alright, but was told that Cincinnati was fogged in but they would try to get there. Hovering over Cincinnati about 2:30 in the morning, they were told "no soap." The plane took them back into Tennessee, landing in Knoxville.

The fog continued in Cincinnati so the airlines decided to move on to Atlanta and try from there as there were no flights to Cincinnati from Knoxville that night or the next morning. So Henson Cargill climbed aboard and went on to Atlanta. At 7 a.m. he took off for Cincinnati and landed at 8:30 in the morning. They rushed to Station WLW and went to work. They are still looking for two bags of luggage.

Mack Intro's Mavericks

NASHVILLE—Warner Mack introduced his new back-up band, the Mavericks, during his recent and successful Mississippi tour.

Walker Awarded

Flanked by his producer, Billy Sherrill (left), and his agent, Hubert Long, President, Hubert Long International, country hit-maker Charlie Walter (center) shows off the "Golden Guitar Award" he received recently from Columbia Records for his "all-time best seller," "Pick Me Up On Your Way Down." The award signifies an excess of 250,000 copies of the record sold.

Bob Austin Named Kentucky Colonel

Bob Austin, Publisher of Record World, has been named a Kentucky Colonel by Gov. Louie B. Nunn and Secretary of State Elmer Begley.

Cincy Sound On 'Hayride' TVer

Avco Embassy has decided to syndicate "Country Hayride," an all-new version of the TV show which offers "the Cincinnati Sound."

Available as either 60 or 30-minute programs, in color and on video tape, "Country Hayride" is hosted by Monument Records' Henson Cargill. The program features 30 cast principals, name guest stars and production numbers. The sound, too, is new — notes E. Jonny Graff, Avco Embassy's VP for Television.

The Cincinnati Sound, according to Graff, is an up-tempo, contemporary, storytelling sound that is youth-oriented. He describes it as the committed sound of today's musical activists. Produced in the Avco Broadcasting studios of WLW-T in Cincinnati, "Country Hayride's" sound is supported by the station's sophisticated audio equipment. Already sold in 13 markets, "Country Hayride" is scheduled for prime-time programming in most of them, generally on weekends.

Peggy Pows Populace

NASHVILLE — Dot's Peggy Little powwed the masses so forcefully during WPLO's "Appreciation Week" July 14-19, the station presented her with a watch and an honorary "C & W Gentlemen" title on her.

Lois to Key

NASHVILLE—Columbia artist Lois Johnson has signed an exclusive contract with Key Talent, Inc., according to E. Jimmy Key, President.

Adept on the guitar, bass, piano and accordion, Lois' list of recording triumphs include "You Really Know How To Hurt a Girl," "G. I. Joe," "Daddy, Don't Hang Up the Phone," "To Chicago With Love," "Softly and Tenderly," "One Drink Farther Away" and her current single, "You Can't Stop My Heart From Breaking."

Lorene Up In the Air

NASHVILLE—RCA's Lorene Mann was really "up in the air" recently when it took her 12 hours to fly from Nashville to Salt Lake City.

The resulting set of circumstances intensified, making sure it was a date Lorene will long remember.

Headed for Salt Lake City, where she was skedded for a show with Archie Campbell and Bobby Lewis, Lorene boarded her plane in Nashville. Twenty minutes later the plane developed engine trouble and returned to Nashville—causing Lorene to miss her connections in Chicago.

When she finally arrived in Chicago, further engine difficulty made Lorene a half-hour late for her show. A couple of deejays met her in Salt Lake City and whisked her away, but minus her luggage. Since it had failed to arrive, Lorene was forced to go on stage in her flat sandals. She never found her luggage until 11 a.m. the following day and her motel reservations for the night were fouled up, to boot.

Fortunately, her bad luck didn't last too long. She went on to Salinas, Calif., the next day—minus anymore trouble.

Lorene, whose current single is "Tell It All," is represented by the Joe Taylor Artist Agency.

Fullers on Tour

NEW YORK — After a successful engagement opening the Landmark in Las Vegas in the second spot to Danny Thomas, the Fuller Brothers have been set for a club tour that will carry them into October.

Kapp Signs Jean Chapel

NASHVILLE — Sydney N. Goldberg, VP and General Manager of Kapp Records, announced the signing of Jean Chapel to an exclusive, long-term contract with the label.

Jean Chapel, shown with Kapp's Nashville A&R Chief Walter Haynes, has been signed to an exclusive, long-term contract with Kapp.

Miss Chapel, remembered for her recordings of "I'm Your Woman" and "In Reach of Your Arms," is also a songwriter. Her writing credits include "Lay Some Happiness on Me," "Lonely Again," and "Baby, That's Living" which have been recorded by Dean Martin, Eddy Arnold, Nancy Sinatra and other top recording artists.

Her first record under her new contract with Kapp will be a rush release combining Jean's own composition, "Blue Bird Ridge" with a blues arrangement of "I Started Loving You Again."

Ford to Northland

Jack Ford has just signed with Northland Records. Ford has been on the show circuit for many years and is living now in Cleveland. His promotion is directed by Brite Star of Nashville.

record world Country From The Continent

By MURRAY KASH

LONDON — Don Allen doing a great job in promoting country music on Manx Radio (from the Isle of Man) with his Country and Western "Jamboree" show. Heard every Saturday from 3-5 p.m., it has a growing audience that not only covers the IOM, but an extensive part of the West Coast of England as well. The Don Allen Country and Western Appreciation Society has been

Murray Kash

busy recruiting members and writing to the manager of Manx Radio for more C/W music.

Over at Radio Leeds, **Golf Greenwood** and **Mike Storey** are doing a C/W show every Sunday at 11:30 a.m. . . . The Pirate Radio Veronica off the coast of Holland is putting out C/W requests on a program that is M.C.'s by **Gerard de Vries**. Gerard was one of the many Continental disk jockeys who attended the Wembley Festival back in April to interview the country music stars for their radio stations. I remember Gerard obtaining some excellent taped interviews with **Loretta Lynn**, **Bill Anderson**, **Jan Howard**, **Conway Twitty** and others.

Your correspondent will be emceeing "Country Style" on the BBC for the next few weeks. Starting off with a "Tribute to **Jim Reeves**," featuring all of Jim's hits and interspersed with an interview with **Mary Reeves** that we did a few months ago when Mary was in London to attend a meeting of the Jim Reeves Fan Club of Great Britain. I will be looking forward to playing some of the many new releases that are now available to country music lovers: from MGM, a new LP by **Hank Williams, Jr.**, "Songs My Father Taught Me"; on

Major Minor, that popular British duo, **Miki and Griff**, with their first LP for this label entitled, "Those Rocking Chair People"; while RCA has "Relaxin' with **Chet**," by **Chet Atkins**, and on their new Budget label, International, **Eddy Arnold** doing "Country Songs I Love to Sing."

The **Orange Blossom Sound**, selling well on their latest Hallmark disk, have been booked to play the Nashville Room . . . Another benefit dance for the **Johnny Young 4**, who were involved in a serious automobile accident recently, with the tragic loss of one of their members. This time it was held in the provinces, featuring seven Country bands, such as the **Krays**, the **Cody Nash Outfit** and the **Country Express** . . . Lots of good notices for the new **Argo** album by the **New Deal String Band**, "Down in the Willow." Led by **Tom Paley**, originally with the **New Lost City Rumlbers**, and now resident in England, along with **Joe Locker**, and pretty lady fiddler, **Janet Kerr**, they make a great bluegrass sound.

'Hee Haw' Hit Due Back Mid-Season

The CBS-TV summer show, "Hee Haw," featuring **Buck Owens** and **Roy Clark** and country music, has proved such a hit that CBS expects to bring it back the middle of the coming TV season. A full programming schedule prevents the network from slipping it into the fall lineup.

New Wayside Sessions

Little **Richie Johnson** reports **Jimmy Snyder**, **Jack Blanchard** and **Misty Morgan** have cut new sessions in Nashville for **Wayside Records** with releases due immediately. Wayside distribution is handled by **Smash**, **Mercury** and **Wayside**.
