RADIO STATS

OUR RELATIVE CHARTING, AS SEEN BELOW, RESEMBLES BASEBALL'S BATTING AVERAGES. IT ESTABLISHES A RATIO BETWEEN THE IDEAL, (HEAVY AIRPLAY AT EVERY STATION WHICH REPORTED), AND THE WEIGHTED COUNT THAT A RECORDING HAS ACTUALLY EARNED. THIS MATHEMATICAL FORMULA IS APPLIED TO EACH RECORD—FIRST REGIONALLY, THEN NATIONALLY. A DUAL WEIGHTING SYSTEM IS USED TO DERIVE THE COUNT. IT ADJUSTS FOR MARKET SIZE AND FOR HEAVY OR MODERATE AIRPLAY. THESE CHARTS SHOW THE RELATIVE INTENSITY OF RADIO AIRPLAY FOR BOTH NEW AND ESTABLISHED RECORDINGS.

COMMENTS:

For the past couple of weeks, Bostonians have been enjoying the addition of a new and sorely needed club facility. The Paradise Theatre-Bar opened in mid-Sept. by local impresario Don Law, is a nicely put-together nite-spot that can accommodate a steady stream of cabaret, small hall-type acts comfortably. We took part in the opening night festivities by broadcasting sets by both Liv. Taylor and the Pousette-Dart Band. Since then we've aired performances by the inimitable Tom Waits (delayed only slightly by our own mildly exciting mini-blackout) and by Karla Bonoff who is absolutely great (Linda move over). Also thanks to this past weeks' studio guests Dennis Wilson and Bob Welch.

Unfortunately, we feel the time has come to direct a few comments to certain News & PA Directors, who have resorted lately to excessive horn-blowing. Not only does this strike us as pointless, but a rather frivolous use of precious space that was originally provided for the exchange of worthwhile news and ideas as an alternative to the traditional hype sheets. We feel this goal should be pursued if our brand of radio is to remain as unique in practice as we all like to think it really is.

NEWS & PUBLIC AFFAIRS:

We can humbly brag that our news dept. broke the story of the Krugerrand - a gold coin minted by the apartheid gov't. of South Africa and mined by black labor there - and being advertised in the local media as a hedge against inflation. We didn't succeed in getting the ad withdrawn, but we did make some potential buyers think.

- Judith Brackley

COMMENTS:

Boston and Univ. of Mass hosted the National Student Broadcasters Convention on the weekend of October 14th. Judith Brackley and Mat Schaffer led workshops as did other media luminaries.

Our weather person, Dave Johnson, is off for a month's vacation in Europe. Bon Voyage, Dave!

Joel Webber's column on the importance of small labels last issue was right on target. There's a lot of Mushroomers in them thar hills!

NEWS & PUBLIC AFFAIRS:

We're happy to be beginning an affiliation with the ABC FM Network. . . . Walt Sabo and his crew are doing a pretty good job of making that network for our target audience, and a recent study showed young folk give more credence to national news from a network -- so we're golden!

Rik Allison is humming with an expanded version of our PA show, *Person to Person*, which runs M-F at 9:20 and Sunday at 8. Good show!

COMMENTS:

Live concert rebroadcasts of Crawler, Pousette-Dart; interviews with Zappa, Derringer; *WHCN Homegrown Album* is mixed, mastered and on its way to be pressed. Twelve primo tracks from S. New England's best. . . and a full-color album cover chosen from the over 150 received - many better than what we often see on commercial Lp's. (Note to stations who would attempt this project: get a very good lawyer to cover yours.) Thanks to Ray Tuskin from Capitol; Rick Swig, Harvey Leeds and Debi Gould from CBS; and Louisa Henson from WLRS for help on the above goodies (you can guess who for what).

This coming weekend will be a big one for us. Friday night there is a big bash happening at Woolsey Hall in New Haven: Yale's Duke Ellington Fellowship is throwing a benefit concert featuring the Ellington Orchestra led by son Mercer. Guests will include Ellington alumni, Mingus, Brubeck, Roach, etc. Also expected is an appearance from Stevie Wonder, performing "Sir Duke."

That same weekend WYBC's Black Spectrum will broadcast New Haven's Black Expo live for 37-1/2 hours. Included will be interviews, forums, live music etc. We're also proud to present Keith Jarrett and his Belonging Quartet on the first date of their American tour: November 10th in Woolsey Hall. WYBC now has 96 hours per week of jazz, we stay fairly mainstream all day, but at night we freak completely. Late Night Jazz features the best of the avant-garde seven nites a week. Our LNJ crew is led by director Stanley Welch, who boasts a crew including Valerie Archer, Peter Denant, Daryl Williams, Paul Kolderie and yours truly...

COMMENTS:

As the sun sets on Buffalo on Friday the 28th, I'll be concluding my nearly three years as air person and music director at WBUF. Because of that, at this time I'd like to thank those whose help and understanding have carried me through: Jerry Grady, Brad Hunt, Bruce Moser, Richey Pachter, Bruce Ravid, Beth Rosengard, Barry Haughin, John Hey, Pete Tomlinson, Bernie Kimpal, Bob Zurick, Ronny Berger, Carroll Hardy, Richard Wolod, Jack Perry, John Sykes, Harvey Leeds, Gil Colquitt, and Mike Van Orsdale.

Also, so long and all the best to everyone here at WBUF (especially John, Paul, Bill and Jimmy). And a final thank you to Cal Brady who had faith enough to hire me back when.

Phil Chordas is the new music director; he's new at it so please take care of him and be patient.

As for me, by mid or late Nov. I'll be reachable in San Francisco at 415-776-2673. Until then, call me at home 716-884-7370 or leave a message at WBUF 882-4300.

WIOQ-FM

COMMENTS:

We have a lot of good things happening here at "Q". Rick Wakeman came by the station to play guest D. J. for an entire afternoon with Ed Sciaky -- it was one of the most entertaining radio interviews we've ever had.

We've started our live/taped concert series here at "Q" with Andy Pratt and then Charlie. We've recently recorded Melissa Manchester and Karla Bonoff for the series with many more in the can or in the works.

You've probably all heard about the firecracker incident at the Spectrum involving Aerosmith's Steve Tyler. The injuries were slight but pointed out once again the severe hazards of fireworks at rock concerts. "Q" is joining with Electric Factory Concerts and other Broadcasters to provide anti-fireworks PSA's. So far, we have Robin Trower, Rick Wakeman, and a member of Ted Nugent's band. We'll provide these to any stations who would like to participate in the campaign, as I'm sure this is not only a problem in Philadelphia.

Zoo News...
As part of our Rocktober concept (we have it copyrighted, guys), KZEW held the free Rocktober concert in Ft. Worth starring War, The Charlie Daniels Band, Michael Murphey, Billy Joel, and Rusty Wier. The entire show was videotaped by Sundance Productions in Dallas, and will be a TV-stereo simulcast on the ABC-TV station and KZEW. The Rocktober TV show will air Rocktober 29th.

Our ZOOBERRY JAM album is going like hotcakes. It's been reported as the best selling new album in the history of many local stores. Even at the dirt cheap \$1.98 price, we hope to raise about \$10,000 to help out a local group doing psychological counseling.

Coming ZOO free Sunday Concerts: Robert Gordon & The Dingoes.

COMMENTS:

We have recently put into motion expansion of our Sunday night new wave program from 1 hour to 2 hours. We have never tried to ignore new wave, nor resent it, but instead give the music a forum and check the response (both ours and the audience's.) The hype may in the end, if it hasn't already, kill some sort of new wave movement, but the idea of a whole cult of music being smothered in the trades and starving on airplay is more than my 60's infested mind can pass up (that's not going overboard, is it?)

SPECIAL PROGRAMMING:

ROCK WARS - Mon-Fri - we will match two groups against each other while soliciting phone response for the most popular group. The most popular group gets 10 minutes of continuous music with rock wars interconnectors between tunes.

NEWS & PUBLIC AFFAIRS:

FM 100 presented "The Fantastic Animation Festival" both in Seattle and Tacoma. Response has been good. Doobie Bros. stopped by to do a DJ show on FM 100.

COMMENTS:

The FM100 Duck was molested in the streets of Seattle a couple of weeks ago... but he recovered... the incident did make national press.

Our Seattle to London Music Poll was a success. We are busy tabulating the results. We'll let you know what happens. We also threw in an all expense trip for two to London.

We have been busy reordering new copies for our album library with incredible cooperation from all record companies except one... who had the nerve to charge us for 20 Lp's. I don't blame you for leaving them, Elton.

COMMENTS:

The weekend airstaff line-up has undergone some changes lately. It now looks like this:

6 - 12noon - Gary Cox
12 - 3 pm - Tom Krumm
12 - 6 am - Peyton Mays

The fulltime staff remains constant:

6 - 10 am - Gary Palmatier
10 - 3 pm - Jamie Denlinger
3 - 7 pm - Stan Garrett (aka Harry)
7 - 12mid - Chris Kovarik
12 - 6 am - Jim Sorenson

We're having a relaxing time this fall - lots of concerts around the state (and even in Eugene)! And many new releases to keep up on... Whew!

Thanks to the Doobie Bros. for a recent interview and a fine concert.

Looking forward to more.

COMMENTS:
Our recent rantings have resulted in meaningful dialogue with a) Don Ellis, Columbia A&R, regarding The Katy M. flatt saga, and b) Carl Walters, the new Warner's promo person.

a) Mr. Ellis assured us that he loves Katy as much as we do, and the artistic decisions were neither corporate nor arbitrary.

b) Carl Walters pointed out that he's been tied up with moving to Denver and has been most pleasant and cooperative.

So, we're not mad at anybody this week. Except Chuck Morris who copped Trumbull's fav brim at a recent surprise party.

RETAIL STATS

OUR RELATIVE CHARTING, AS SEEN BELOW, RESEMBLES BASEBALL'S BATTING AVERAGES. IT ESTABLISHES A RATIO BETWEEN THE IDEAL (TOP 5 SALES AT EVERY REPORTING RETAILER); AND THE WEIGHTED COUNT THAT A RECORDING HAS ACTUALLY EARNED. THIS MATHEMATICAL FORMULA IS APPLIED TO EACH RECORD—FIRST REGIONALLY, THEN NATIONALLY. A DUAL WEIGHTING SYSTEM IS USED TO DERIVE THE COUNT ON THE HITS. IT ADJUSTS FOR STORE CHAIN SIZE AND REPORTED POSITION IN THE TOP 15. A SINGLE WEIGHTING SYSTEM WHICH ADJUSTS FOR STORE CHAIN SIZE IS APPLIED TO THE BREAKOUT REPORTS. THESE CHARTS SHOW THE RELATIVE INTENSITY OF RETAIL INTEREST FOR BOTH NEW AND ESTABLISHED RECORDINGS.

COMMENTS:

(1.) Congratulations to Peaches for finally opening up in this market.
(2.) Thanks to George Meier for shooting Evening Magazine in my store.
(3.) We're getting incredible quantities of defectively pressed Dan Fogelberg and Alan Parsons' Lps.

(4.) Thanks to Debbi Richards for the Sylvester & Auspice campaign... Tom Sheehy for the Rita Coolidge campaign... Mel Zulkor for Dwight Twilley... Pat Esposito for Chicago & Billy Joel... and Diane Segal for the Rose Royce and Dead Boys campaign.

(5.) Watch for...
Meatloaf - Bat Out of Hell - incredible talent with Todd Rundgren producing.

Network - Bee Gees/Steely Dan writing with a Doobies sound.

COMMENTS:

If the price increases weren't enough, the distribution change overs are. Inventory systems need constant revision, numbers need changing, and brain needs to re-learn almost every thing. Balding, sleepless nights and insanity are sure to follow.

Special thanks to the folks at WHFS for a fine party.

One final thanks to Graham for signing everything, people put in front of him.

Tom Snyder tried to find out the truth about punk rock on the Tomorrow Show. T'was a nice try but of his guests --- Bill Graham, Joan Jett of the Runaways, Paul Weller of the Jam, and a writer from L. A. Times - only a simply ravishing Frankenstein-look Kim Fowley made any sense of it all. Watching Tom try to pin down a defensive Paul on what he's expressing was a riot - if you're talking diaper pins, Tom, go to the source.

Great new releases on MCA with surprisingly strong reaction to Barclay James Harvest. After all this time, could they actually be breaking here? Wonderful.

WRPI/Troy, N. Y. - Lou Tetreault

Artist(s): **MELISSA MANCHESTER;**
ROBERT KLEIN

Place & Date: Colonie Collesseum Theatre-10/12

Type of Place: Theatre in the round

Ticket Price: \$7.50; \$6.50

Capacity: 4500

Attendance: 1000

Audience Composition: College age through 35

Production Values: **Manchester** **Klein**

Musicianship: Good

Material Quality: Good Excellent

Showmanship: Excellent Excellent

Sound Quality: Good Good

Lighting & Staging: Good Good

Reviewer's Reaction: With her soft sensitivity and personal touch, **Melissa Manchester** warmed the hearts of her small audience with a performance that had the intimacy of a night club with all the professionalism of a 1st class act. **Melissa's** audience rapport is superb; she has complete control over the mood and changes it effectively with the aid of excellent back-up musicians. That is to say, **Melissa** can kick ass!

Contrasting well with **Melissa**, the witty **Robert Klein** ran the gambit of topics, making the audience laugh at their everyday occurrences. His show very well paced (an extremely important aspect) climaxed by his "I'm a man" blues spoof. It is unfortunate the audience was small, as those that did not come were only losers.

CONCERTIZING

WMZB-FM/Orono, Me. - Jim Sullivan

Artist(s): NILS LOFGREN; THE BLEND
Place & Date: U. of Maine, Memorial Gym. -10/8
Ticket Price: \$6.50; \$5.50
Capacity: 3000
Attendance: 1100
Audience Composition: College Age +
Production Values:

	Headliner	Second Act
Musicianship	Excellent	Good
Material Quality	Good	Good
Showmanship	Excellent	Good
Sound Quality	Good	Poor
Lighting & Staging	Good	Fair

Reviewer's Reaction: With a capable band behind him, Lofgren packs in all the excitement I thought he was capable of. Nils is a guitar addict, bouncing and bopping from one side of the stage to the other; the visual ambiguous mix of poignant ballads and screaming rockers. I question the "topicality" of the new "Keith Don't Go (To Toronto)" but all in all, a gutsy performance. Better than "Night After Nights" inconsistency.

WJUL/Lowell, Mass.

Artist(s): ANDY PRATT; KARLA BONOFF
Place & Date: Paradise Theatre, Boston - 10/8
Type of Place: Club
Ticket Price: \$5.50 in advance; \$6.50 at gate
Capacity: 350
Attendance: 300
Audience Composition: Mostly college age
Production Values:

	Headliner	Opening Act
Musicianship	Excellent	Excellent
Material Quality	Good	Excellent
Showmanship	Excellent	Good
Sound Quality	Good	Good
Lighting & Staging	Good	Good

Reviewer's Reaction: Karla Bonoff provided a pleasant surprise for much of the audience. She performed material from her new album in engaging manner. As someone in the audience said, we need more strangers like her. Warmly received by the hometown crowd, Pratt was at his rousing best on boogie tunes such as "Sittin' Down in The Twilight" and "Avenging Annie." He was backed up by a fine band and amazed the crowd with his piano playing. In all, Bonoff and Pratt was one of the better double bills that I've seen.

WZBC/Newton, Mass. - K. J. Nolan

Artist(s): ANDY PRATT, KARLA BONOFF
Place & Date: Paradise - October 7
Type of Place: Club
Ticket Price: \$5.50 advance; \$6.50
Capacity: 200
Attendance: About 75%
Audience Composition: College
Production Values:

	Headliner	Opening Act
Musicianship	Good	Good
Material Quality	Good	Excellent
Showmanship	Good	Fair
Sound Quality	Awful	Awful
Lighting & Staging	Good	Excellent

Reviewer's Reaction: Andy Pratt is an old favorite in Boston, and he's a damn good showman. But unfortunately he suffers from an excess of ordinariness. His songs bear little to distinguish themselves from similar songs by Elton John, Leo Sayer and so forth. He has a nice touch as a pianist, and he really should make more use of this asset. Still, he is an engaging performer, and his set was enjoyable. Opener Karla Bonoff, is an excellent writer, and her performance is also pleasant, but she, too, must get a little more identity; the novelty of sounding like Linda Ronstadt will wear off all too quickly.

WYBC/New Haven, Conn. - Douglas Keogh

Artist(s): SUN RA & HIS ARKESTRA
Place & Date: Space is the Place - Now is the Time
Type of Place: Bizarre auditorium
Ticket Price: \$4.00
Attendance: 400
Audience Composition: Mostly Wesleyan students
Production Values:

	Headliner
Musicianship	Excellent
Material Quality	Excellent
Showmanship	Excellent
Sound Quality	Good
Lighting & Staging	Good

Reviewer's Reaction: Sun Ra dances along that thin line between genius and insanity. Nonetheless, an Arkestra concert entertains you for 3-1/2 hours with jazz projected into the past (Fletcher Henderson, Fats Waller & Ellington tunes) and out into the future ("you better get yourself together" and do the intergalactic thang.") Standouts were John Gilmore on tenor and clarinet, Ahmed Abdullah on trumpet and some incredible dancing. Hats off to the Wesleyan Jazz Series.

WNHU/West Haven, Conn. - Tom Sabellico

Artist(s): RAMONES; IGGY POP
Place & Date: Palace Theatre, Waterbury - 10/4
Type of Place: Concert hall
Ticket Price: \$6.50
Capacity: 2000
Attendance: 600
Audience Composition: Late teens, early 20's
Production Values:

	Headliner	Opening Act
Musicianship	Good	Poor
Material Quality	Good	Fair
Showmanship	Excellent	Fair
Sound Quality	Good	Fair
Lighting & Staging	Good	Good

Reviewer's Reaction: I got what I expected from the Ramones' maximum energy output with minimum musicianship. They were effective, however, in firing up the crowd for Iggy Pop. Iggy was amazing, despite a small number, the audience was with him right from the start. After the first tune he ripped off his shirt and performed bare chested for the remainder of the show. A confident Iggy pranced around stage rippling muscle and engaging in various contortions. Tunes from the latest album, Lust For Life as well as an outstanding rendition of "Raw Power" from the Stooges era were featured. An original tough kid Iggy Pop is back in full force!

WAAL-FM/Binghamton, N. Y.

Reviewer's Reaction: Chuck Mangione has become of age. There was a time when both the jazz and rock audience disowned him. Now they love him, which I always have. The last time I saw Chuck was with the old quartet and I thought nobody could top that group. However, the personnel Chuck has assembled seems to be the best. The performance was flawless, utilizing material from his latest Lp and his previous "hits" letting the quartet take its respective solos. Each, including Chris Vadala on trumpet, bass, Charles Meeks, drummer James Bradley, guitarist Grant Geissman and of course Chuck, were exceptional. Rave.

Reviewer's Reaction: This was a magical night, Mary McCaslin and Jim Ringer played a really beautiful set, highlighted by new material from their latest albums. Mary's got a beautiful voice. The only weakness in the act is that a little more stage presence is needed. Steve Goodman is unparalleled. Besides being one of the greatest guitar players around, his wit and charm coupled with his enormous energy gives the audience an experience they're not likely to forget. His set was comprised of old favorites (both ballads and his zany songs) plus some songs from the new album that were knockouts. Highlights of this part of the show was "If Your Life Was On Video Tape" and "My Old Man." Steve Goodman is perhaps one of the best live acts ever. If only there was a way to put all that energy on vinyl. If it were possible, he'd be a superstar.

Year. The audience warmed up quickly as Harry and Tom traded songs back and forth and encouraged a lot of audience participation. Two simple guitars, two excellent singers, and the tremendous acoustics of the Eastman Theater made for 3-1/2 hours of some of the best entertainment seen in Rochester in some time.

WUSB-FM/Stony Brook, L. I., N. Y. - Jim Lieblich

Artist(s): FOREIGNER
Place & Date: SUNY at Stony Brook - 10/8

Capacity: 3300
Attendance: Sell out
Audience Composition: Teenage & college age
Production Values: Headliner
 Musicianship Good
 Material Quality Good
 Showmanship Good
 Sound Quality Good
 Lighting & Staging Good

Reviewer's Reaction: I thought Foreigner was going to be a boring concert. I was wrong! They didn't hesitate to rock out and this brought the enthusiastic crowd to its feet. I was disappointed in the amount of material they had, which was limited primarily to the album cuts. They played only an hour due to the lack of material but the crowd left happy regardless of this fact.

WTSC-FM/Potsdam, N. Y. - William Giroux

Artist(s): BLUE OYSTER CULT
Place & Date: Utica Memorial Aud. - 10/7
Type of Place: Auditorium
Ticket Price: \$6.00; \$7.00 day of show
Capacity: 6000
Attendance: 5000+
Audience Composition: Late teens, early 20's
Production Values: Headliner
 Musicianship Good
 Material Quality Good
 Showmanship Excellent
 Sound Quality Good
 Lighting & Staging Excellent

Reviewer's Reaction: Blue Oyster Cult opened their 1977-1978 tour with a very good concert. Much of the material was from their soon to be released album. The high point was "Godzilla" from the new Lp. It was during this song that they let go with an excellent laser show. The bad news for the night was that Be Bop Deluxe, the warm up act could not perform.

WRCU-FM/Hamilton, N. Y. - Tony Shields

Artist(s): PURE PRAIRIE LEAGUE;
 VASSAR CLEMENTS BAND
Place & Date: Colgate University - Sept. 16
Type of Place: Basketball court
Ticket Price: \$4.00; \$5.00
Capacity: 3200
Attendance: 3000
Audience Composition: College age
Production Values: Headliner Opening Act
 Musicianship Good Good
 Material Quality Good Excellent
 Showmanship Good Excellent
 Sound Quality Fair Fair
 Lighting & Staging Poor Poor

Reviewer's Reaction: Vassar opened the show and boogied for an hour and a half. The audience loved his renditions of "Jessica," "Will the Circle Be Unbroken," and "Bluebird." PPL came out late, and just didn't hit it off with the crowd. Their songs were long and tedious, they didn't intersperse their more popular songs with their new material. Audience was bored.

WRNW/Westchester-NYC - Meg Griffin

Artist(s): DWIGHT TWILLEY BAND
Place & Date: Bottom Line - October 13
Type of Place: Club
Ticket Price: \$4.00; \$5.00
Capacity: 400
Attendance: Full
Audience Composition: Teens through 30's
Production Values: Headliner
 Musicianship Good
 Material Quality Great
 Showmanship Good
 Sound Quality Good
 Lighting & Staging Good

Reviewer's Reaction: Once they hit the stage the sound is even better than the records. Drumming and singing at the same time is not a talent many can accomplish smoothly but Phil Seymour (Twilley's partner in crime) was in total control, and smug at that. And with their second drummer... wow!... the crime...? Fleetwood Mac & Peter Frampton they ain't. & I'm not sending 'em to jail! Rock 'n' roll.

WCUR/West Chester, Pa. - Rick Bohs

Artist(s): IGGY POP; RAMONES; TOPAZ
Place & Date: Tower Theatre - October 12
Type of Place: Converted movie house
Ticket Price: \$4.50; \$5.50; \$6.50

Production Values: Headliner 2nd Act Opening Act
 Musicianship Good Fair Good
 Material Quality Good Good Fair
 Showmanship Excellent Good Fair
 Sound Quality Good Fair (loud) Good
 Lighting & Staging Good Good Good

Reviewer's Reaction: The first exposure of the true "punk" movement here in Philly and the "godfather of punk" Iggy Pop provided the fireworks. This time around Iggy, without Bowie, tried hard to get across his newer material but he still mixed in "Raw Power" and "I Wanna Be Your Dog." The Ramones finally got me with their 3 cord power rock but maybe a little more thought should invade their musical presentation. Topaz, a N. Y. rock group, opened but seemed out of place in the punk atmosphere.

WMUH/Allentown, Pa. - John Larkin

Artist(s): FRANK ZAPPA
Place & Date: Gymnasium
Ticket Price: \$6, 50
Capacity: 4000
Attendance: 3200
Audience Composition: College, 20's
Production Values: Headliner
 Musicianship Excellent
 Material Quality Good
 Showmanship Excellent
 Sound Quality Fair to poor
 Lighting & Staging Good

Reviewer's Reaction: As usual, Frank Zappa has put together an excellent band. From the opening number ("Peaches en Regalia" from Hot Rats), the band cooked for 2-1/2 hours without so much as a break between songs, then returned for a 3 song, 20 minute encore. Despite a poor P. A. system, Zappa and band put on an amazing show.

WARC-FM/Meadville, Pa. - Dan Shalenko

Artist(s): DAVID BROMBERG BAND;
 ARTIE TRAUM
Place & Date: Allegheny College Campus Center,
 Meadville, Pa. - Oct. 8
Type of Place: Auditorium
Ticket Price: \$4.00; \$5.00; \$6.00
Capacity: 1750
Attendance: College age & early 20's
Production Values: Headliner Opening Act
 Musicianship Excellent! Good
 Material Quality Good Fair
 Showmanship Good Good
 Sound Quality Excellent Good
 Lighting & Staging Good Fair

Reviewer's Reaction: Bromberg has found an excellent vehicle to display his immense talent with this line-up. His band is very versatile, fluid, and tight. Bromberg amazed the enthusiastic crowd with the effortless wizardry he performed on guitars, fiddle, and mandolin. Artie Traum had good crowd rapport but needs better, more poetic material.

WFDU-FM/Teaneck, N. J. - Brian Krysz

Artist(s): DICTATORS; STYX;
 BE BOP DELUXE
Place & Date: Capital Theatre, Passaic, N. J.
 Oct. 8
Type of Place: Converted concert hall
Ticket Price: \$6.50; \$7.50
Capacity: 3265
Attendance: 3265

Audience Composition: 19-30
Production Values: Headliner 2nd Act Opening Act
 Musicianship Excellent Excellent Good
 Material Quality Poor Excellent Very Good
 Showmanship Good Excellent Excellent
 Sound Quality Good Excellent Poor
 Lighting & Staging Different Excellent All right

Reviewer's Reaction: Dictators just weren't themselves, and did not do their best material ("Master Race Rock," "Steppin Out, etc.). Styx were absolutely fantastic and kept the crowd on their feet for the entire performance. Styx had stolen the show before Be Bop had a chance to get on stage. They are probably one album away from superstardom. Be Bop on the other hand did little to show why they deserved topbilling, though their encore of "Blazing Apostles" was well received by the few remaining fans at 1:30 in the morning. The length of time between acts was much longer than the time the various artist spent on stage. This is nothing new for the Capitol Theatre.

WUOG-FM/Athens, Ga. - Abdul
Artist(s): RANDY NEWMAN
Place & Date: Great Southeast Music Hall - 10/11
Type of Place: Club

Attendance: Packed!!
Audience Composition: College, 20's, 30's
Production Values: Headliner
 Musicianship Excellent
 Material Quality Excellent
 Showmanship Excellent
 Sound Quality Excellent
 Lighting & Staging No need
Reviewer's Reaction: Randy had a head cold but it didn't affect his distinctive delivery. Reminded me of a mixture of Stephen Foster and Noel Coward (maybe Cole Porter) since his music is sooo gospel influenced yet the lyrics are a bit strange. He did stuff from Criminals and his previous LPs and all were received enthusiastically. People were singing along in harmony yet, and requests were abundant. A great show by an ailing trooper who feels the show must go on even if he's sick and the Yanks beat the Dodgers in extra innings.

INNER SANCTUM/Austin, Tex. - Richard Dorsett
Artist(s): THE GRATEFUL DEAD
Place & Date: Manor Downs - October 12
Type of Place: Racetrack about 6 miles out of Austin
Ticket Price: \$5.25
Capacity: About 10,000
Attendance: 6000
Audience Composition: Mostly 20's
Production Values: Headliner
 Musicianship Excellent
 Material Quality Excellent
 Showmanship Well...
 Sound Quality Excellent +
 Lighting & Staging Good
Reviewer's Reaction: The Dead never sounded better. It was mighty cold outside on that racetrack, but the very well behaved crowd didn't seem to mind too much. The band played about 3-1/2 hours, the high point for me being the 20 minute version of "The Other One." About 11:30, when it got down to about 40 degrees, they had to quit playing because of frozen fingers. Like most Dead concerts it was an event of real cultural significance. Something did happen back in the sixties, and the Grateful Dead are still around to prove it.

ACRN-FM/Athens, Ohio - Ruby Laser
Artist(s): JOHN SEBASTIAN; STEVE MARTIN
Place & Date: Memorial Aud. Ohio Univ. - 10/5
Ticket Price: \$6.50; \$5.50
Capacity: 2600
Attendance: 2200
Audience Composition: College 18-30
Production Values: Headliner Opening Act
 Musicianship Pick'n Warm
 Material Quality Hilarious Well received
 Showmanship Superb Down home
 Sound Quality Nice Good
 Lighting & Staging Adequate Adequate
Reviewer's Reaction: John Sebastian was well received by a great crowd of Ohio University students. Old four-eyes displayed his unique style of contemporary "folk-rock" and left the crowd warmed and ready to laugh for Steve Martin. Sebastian was obviously sincere when he said, "I won't forget Athens, Ohio." Steve Martin was absolutely the most refreshing comedy act anyone has ever seen in Southeastern Ohio. His repertoire included much of the material from his Warner Bros. album "Let's Get Small." Incorporating many comedy routines and styles, Martin has developed a unbeatable delivery that left the audience in stitches.

WABX/Detroit, Mich. - Carl Galeana
Artist(s): DWIGHT TWILLEY; FIREFALL
Place & Date: Royal Oak Theater, Royal Oak, Mich. - Oct. 8
Type of Place: Theatre
Ticket Price: \$7.50; \$6.50

Attendance: 2000
Audience Composition: Teenage/College/20's
Production Values: Headliner Opening Act
 Musicianship Excellent Excellent
 Material Quality Excellent Good
 Showmanship Excellent Good
 Sound Quality Excellent Good
 Lighting & Staging Good Fair
Reviewer's Reaction: Dwight Twilley's set was short but sweet - playing cuts off their new album plus "I'm On Fire" and "T. V." made the show exciting. Firefall knocked everyone out - their performance was near great - perfect sound overall made the concert enjoyable, though Firefall at times tends to be too repetitious.

WAZY-FM/Lafayette, Ind. - Steve Knight/M. D.
Artist(s): POUSETTE-DART BAND; TOM BISHOP
Place & Date: Mars Theatre - October 6
Type of Place: Old theater
Ticket Price: \$6.50

Attendance: 600
Audience Composition: Teen and 20's
Production Values: Headliner Opening Act
 Musicianship Excellent Good
 Material Quality Good Fair
 Showmanship Good Good
 Sound Quality Good Good
 Lighting & Staging Excellent Fair
Reviewer's Reaction: 600 people in Lafayette got to see an excellent show. A disappointing turnout for a group of this quality. Pousette Dart played material from both Capital albums and those that came were familiar with their material, and responded well. They play a wide variety of music that can't be put into any category. The Persian rugs on the stage set the perfect mood and very tasteful lighting was used to enhance their show. A very tight band. They should be a group to watch. Great atmosphere in this old theater.

KARMA RECORDS/Indianapolis, Ind. - Steve George

WHPK-FM/Chicago, Ill. - Patrick Will
Artist(s): STOMU YAMASHTA & GO

Audience Composition: College age
Production Values: Headliner

 Lighting & Staging Good
Reviewer's Reaction: Yamashta's "Go" is quite a stellar organization, including Paul Jackson, Jess Roden, Mike & Kevin Shrieve, Dr. Patrick Gleeson, Brother James, Don Harvey, and others. The ten piece entourage managed to play with admirable taste and tightness, despite the size, and Yamashta led them through material from the Go Too LP as well as a few numbers from the first Go. The songs sounded stronger live than on record, and, on the whole, the concert was excellent.

Production Values: Headliner
 Musicianship More than excellent
 Material Quality Excellent
 Showmanship Excellent
 Sound Quality Excellent
 Lighting & Staging Excellent
Reviewer's Reaction: Rain, snow, sleet or lousy promoters could never impare a Zappa concert. I don't think anything could come between Zappa and his audience as was evident that evening outside cold and crowded. Besides the lousy conditions and attitudes taken by the promoters Zappa and his new band crooned through an archive of old material and new tunes very familiar to "Uncle Meat" days. Zappa's new group features as always quite an array of interesting personalities all excellent musicians including a crazy named Adrian Blue - equipped with Dylan imitations and KILLER guitar. A bizarre show.

RECORD WORLD/Madison, Wisc. - Jerry Lowry-Boylan

Artist(s): GATO BARBIERI;
HAPPY THE MAN
Place & Date: Orpheum - October 13
Type of Place: Theater
Ticket Price: \$5.50; \$6.50
Capacity: 2 shows; 1st show
Attendance: 3/4's full
Audience Composition: College age, 20's, 30's
Production Values: Headliner Opening Act
 Musicianship Excellent Good
 Material Quality Good Good
 Showmanship Excellent Fair
 Sound Quality Good Good
 Lighting & Staging Good Good
Reviewer's Reaction: Happy the Man seemed cramped with the extensive percussion section and performance was short and mostly lackluster with a few intense moments. Good opening for Barbieri, Gato's smooth intensity was an enjoyable experience against the tight rhythm of his band. Weaving in and out of the melodies while allowing the others enough room to move - without becoming disjointed solos - made the set, although too short - well worth it.

KMSC/Moorhead, Minn. - Herbert L. Baker

Artist(s): DAVID BRUBECK QUARTET
Place & Date: Auditorium
 N. D. S. U. Students free; other students \$1.00 - general \$3.00

Attendance: 1100
Audience Composition: 75% students; 25% old folks
Production Values: Headliner
 Musicianship Excellent
 Material Quality Good
 Showmanship Low key
 Sound Quality Good
 Lighting & Staging Very basic
Reviewer's Reaction: This was the opening performance of the fine series at N. D. S. U. The good turn out of an appreciative audience was a welcome sight to the Fargo/Moorhead area. The Brubeck clan played two 50 minute sets, from the light and refined to uptempo contemporary jazz. Of the three Brubeck Brothers who performed, the drummer was the most impressive. Dave gave the impression of a very proud Pop leading 3 extensions of himself. The performance was video taped by Parrie Public T. V. and an interview was done for N. D. S. U. 's public radio station.

CAPER'S CORNER/Kansas City, Kan. - Corkey Carrel

Artist(s): GRAHAM PARKER & THE RUMOUR
Place & Date: Memorial Hall
Type of Place: Small hall
Ticket Price: \$6.75
Capacity: 3500
Attendance: 2600
Audience Composition: College
Production Values: Excellent
Reviewer's Reaction: Parker and company took the audience by storm. The set included many songs from the new album. The highlight of the new material was "The Heat In Harlem." The show stopper of course was "Don't Ask Me Questions," with "Soul Shoes" finishing a close second. Rumour provided incredible backing, and the 4 horn men made the sound complete. Kansas City has at last discovered Parker's music. This should be a strong market in the future for him.

Reviewer's Reaction: Now that the Band and the Allman Brothers are no longer, the Grateful Dead have proven themselves to be the best rock & roll band in the land. P. S. Where have all the Dead Heads gone... the 16 year olds split my ear drums with screams of KAAAAY SEEEE JONES.

KGLT-FM/Bozeman, Mont. - Rip Cook

Artist(s): ELVIN BISHOP BAND;

Place & Date: Montana State U. Fieldhouse-10/8
Type of Place: Indoor stadium

Attendance: 5,500
Audience Composition: Teen and college age
Production Values: Headliner Opening Act
 Musicianship Excellent Fair
 Material Quality Good Poor
 Showmanship Excellent Poor
 Sound Quality Fair Fair
 Lighting & Staging Poor Poor
Reviewer's Reaction: Elvin's seventh trip to Montana proved he's still popular with folks around here. Despite typically poor fieldhouse acoustics, crowd still brought him back for two encores. Instrumental highlights were provided by Melvin Seals, a new contender for the heavy-weight keyboard championship of the world. Eric Carmen put on a show that I could have taken my grandma to see. Too mellow for an audience jacked for Elvin.

KZOK/Seattle, Wash. - Mavis Mackoff

Artist(s): DOOBIE BROTHERS;

Production Values: Headliner Opening Act
 Musicianship Excellent Good
 Material Quality Excellent Good
 Showmanship Good Fair
 Sound Quality Fair Fair
 Lighting & Staging Fair Fair
Reviewer's Reaction: From the band that brought you all those great hits... it was all of them and more segued one right after the other... you know for those of us that feel the Doobies are nothing but a commercial, bubblegum rock and roll band named a joint maybe we all learned a little something... sure they do nothing to their rocking image and they definitely get everybody a little high... but they are capable of some very sophisticated progressive music. Their newest, Livin' On the Fault Line songs are the best examples of that. Although the Coliseum wasn't packed, it seemed the crowd they did have was psyched as the band, and having had a chance to chat with the group after the show they confirmed that fact, they had a great time, felt it was the strongest into the tour. P. S. Honorable mention to Pablo Cruise who have actually improved their act - no longer a high school band.

Reviewer's Reaction: Graham Parker & The Rumour opened this night of entertainment for the Thin Lizzy show. Parker is a dynamite powerhouse of energy and his moves and lyrics accentuate the total concept of his music. The Rumour is possibly one of the smoothest, hottest, most well-rounded group of musicians I've ever witnessed live. An act one shouldn't miss.

Reviewer's Reaction: The Dingoes rolled into Fresno and wasted no time in playing some steaming rock 'n' roll. In the near capacity filled lounge, the boys played a set featuring the lead and steel guitar work of Kerryn (Terry) Tolhurst and the vocal prowess of Broderick Smith. Especially impressive were driving versions of "Starting Today" and "Shine a Lite," both from their A&M album. Watch for them, the Dingoes have got it.

Reviewer's Reaction: Graham Parker has all the finesse of an old pro, the freshness, vitality of an up and coming performer, new tunes, a few old favorites and one of the hottest bands around. In the mysterious, elusive aura around him is an excitement matched by few artists today. There was a certain charismatic effect to the new tunes. If he continues this new direction with each outing, we will have quite a star on the horizon. Graham Parker is a contender.

The music of the evening took you to the mystically enchanting place of your dreams. The perfect way to spend a mellow Sunday evening.

Reviewer's Reaction: The concert was billed as "an evening with the Grateful Dead" and it was, they played from 8 till after midnight, with one break. All the music was up to standard with occasional brilliance from Jerry and Bob. Keith's keyboards were lost in the overall sound, and Donna's singing was tentative at times, although her one solo song was good. The material from Terrapin Station was done well, plus a very spirited version of "Sugar Magnolia". Thankfull, no "Truckin'" or "Casey Jones"!

Reviewer's Reaction: Billed as "A Tribute to the Count" the gathering was the central focus to a weekend that celebrated & decorated the Count with an honorary doctorate for the U. of Mo. and a key to the city. Count Basie is synonymous with K. C. jazz and at 73 appears to have outlived the spirit that spawned him. Those that did turn out held high expectations for a jazz revival performed by the idiom's most beloved practitioners. Ella withheld nothing (3 songs); Oscar meticulously pranced through 2 tunes and Brubeck banged out a barrelhouse stomp (!) Everyone else played very well, flashing their craftsmanship brilliantly but briefly as narrative history and testimony dominated the tribute to a man who lets his music talk. Basie's band finally took the stage with "Body and Soul" allowing Jimmy Forrest to testify. One more number and it was over, curtailed at 11:30 to avoid overtime rental charges. Where was the scheduled Basie/Peterson encounter, the return of Ella and the final jam promised by the \$2.00 program? Kansas City's jazz reunion paradoxically curfewed. In considering the talent, ticket prices, the unprofessional production and meager musical portions, the show was a

JAZZ RECORD MART/Chicago, Ill.
Artist(s): JOE WILLIAMS
With John Young, Dan Shapira, Vernell Fournier
Place & Date: Jazz Showcase - 10/12
Type of Place: Jazz Club
Ticket Price: \$3.00/\$5.00
Capacity: 180
Attendance: 60
Audience Composition: 19-55
Production Values:

Headliner	Superb
Musicianship	Broad
Material Quality	Friendly
Showmanship	Fine
Sound Quality	Casual
Lighting & Staging	

Reviewer's Reaction: Joe always seems glad to be back in Chicago. This was a very relaxed session, with a variety of material including saloon songs, standards, and lots of blues. A rehearsal of part of Cannonball's "Big Man Suite", stories, raps, part of John Hendrick's "Evolution of the Blues," and an impromptu scat blues with one of the local working alto players who'd stopped by after his gig. Kept the set so interesting that nobody noticed it stretching past an hour and a half. One could argue that he hasn't complete control of his voice, but his control of the music and lyrics is so personable it makes arguments superfluous. A fine jazz singer.

WPGU/Urbana/Champaign, Ill. - Debbie Cohen
Artist(s): TOM CHAPIN; MICHAEL JOHNSON
Place & Date: U. of Ill. Aud., Urbana, Ill. - 9/20
Ticket Price: \$3.00 for student; \$4.00 for public
Capacity: 1936
Attendance: 900

Audience Composition: Mostly college students from U. of I., ages ranging from 18-25
Production Values:

Headliner	Opening Act
Musicianship	Good
Material Quality	Excellent
Showmanship	Excellent
Sound Quality	Good
Lighting & Staging	Good

Reviewer's Reaction: While both men are solo performers, each using only a guitar to complement his voice, that is where the similarity ends. Michael Johnson is, in the truest sense of the word, an artist. He played the most difficult of pieces with the utmost of ease, yet there was an intensity and energy to his performance. A soft-spoken man, he captured the audience's attention and held them under his spell with his gentle, down-to-earth humor. After the supreme talent and musicianship of Michael Johnson, Tom Chapin was a rude awakening, for he is, at best, an adequate musician. He, however, did shine in one area. Tom Chapin is a performer. He has the ability to involve the audience to create a total rapport between crowd and performer.

KNCN/Corpus Christi, Tex. - Debbi Miller/P. D.
Artist(s): RAMBLING JACK ELLIOTT;
DOUG SAHM & SIR DOUGLAS QUINTET

Place & Date: Bayfest 77, September 29
Type of Place: Outdoor
Ticket Price: Free
Capacity: Unlimited
Attendance: 1500
Audience Composition: Cross-section
Production Values:

Headliner	Opening Act
Musicianship	Excellent
Material Quality	Excellent
Showmanship	Excellent
Sound Quality	Good
Lighting & Staging	Good

Reviewer's Reaction: There was a great time in Corpus Christi as the city celebrated the opening of Bayfest. KNCN-FM (101) not only brought on the legendary Paul Simon, Jack Elliott, but also convinced the newly revived Sir Douglas Quintet to perform. Audience response indicated the quintet was remembered and will be.

WPRR/Princeton, N.J. - Michael B. First

Artist(s): The Jam; DMZ
Place & Date: CBGB's - Oct. 16, early show
Type of Place: Club
Ticket Price: \$5.00 + two drink minimum
Capacity: 200
Attendance: 200
Audience Composition: Punks & punks
Production Values:

Headliner	Opening Act
Musicianship	Fair
Material Quality	Fair
Showmanship	Fair
Sound Quality	Poor
Lighting & Staging	Fair

Reviewer's Reaction: The harsh incredibly loud sound obliterated what little whistly there may be in the Jam's music. The Jam proved to be superior than most new wave bands (i.e. DMZ) in their musicianship and material, but most of their music was lost in distortion. The opener DMZ sounded exactly like the other Sire power-rock/new wave bands. Quite disappointing.

WYEP-FM/Pittsburgh, Pa. - Daniel Barnett

Artist(s): NORMAN & NANCY BLAKE;
ALLEGHENY RIVER BOYS
Place & Date: Antonio's
Club
Ticket Price: \$5.00
Capacity: 250
Attendance: 175
Audience Composition: College & 20's

Production Values:

Headliner	Opening Act
Musicianship	Good
Material Quality	Good
Showmanship	Good
Sound Quality	Excellent
Lighting & Staging	Good

Reviewer's Reaction: Norman Blake is an impressive musician who immediately established an easy rapport with the audience. Nancy Blake put a touch of the living room quality with her cello & vocal duet. Norman Blake's picking was excellent, the musical riffs woven nicely with his lyrics and the last couple of numbers seemed to be truly inspired.

WDR/Kalamazoo, Mich.

Artist(s): FOREIGNER; LITTLE RIVER BAND
RAM JAM
Place & Date: Reed Fieldhouse - Sept. 20
Ticket Price: \$5.50; \$6.50
Capacity: 10,000
Attendance: 6000
Audience Composition: Teens, early 20's

Production Values:

Headliner	2nd Act	Opening Act	
Musicianship	Very Good	Very Gd.	Fair
Material Quality	Good (limd.)	Very Gd.	Fair
Showmanship	Good	Excel.	Good
Sound Quality	Good	Good	Fair
Lighting & Staging	Good	Good	Good

Reviewer's Reaction: Ram Jam did well considering 3rd time out for a one single band. Little River Band did a little show-stealing from crowd reaction. Foreigner performs their LP quite well - solos in a lengthened "Star Rider." Digging up the classic "Somebody's Been Sleeping" nice touch. Looking forward to some new material.

NEW RELEASES

BELOW IS A CATALOGUE OF NEW RELEASES. THEY ARE DIVIDED INTO CATEGORIES DESIGNED TO GIVE YOU AN IDEA OF THEIR RELATIVE MUSICAL WORTH. THESE FIRST IMPRESSIONS ARE NOT MEANT TO RELATE IN ANY WAY TO PAST, PRESENT OR FUTURE SALES, NOR SHOULD THEY BE TAKEN AS THE WORD OF GOD.

SPECIAL MENTION ALBUMS

(These records which, in our opinion, deserve special mention because they come closest to perfecting their musical genre regardless of progressive radio application)

(None.)

STRONGLY MERITORIOUS

(We feel that these Lp's have an extra edge.)

David Bowie/HEROES/RCA AFL 1-2522 (How many of our favorite artists are merely following their own formulas album after album. Bowie's formula includes evolutionary change and, therefore, he becomes a most challenging artist, even if we cannot always keep up with him. Heroes is another measured assault on our complacency. Metallic music.)

Santana/MOONFLOWER/Columbia C2 34914 (Anything less than a two record set of Carlos soloing is a disappointment. 40 minutes of "Europa" would be just fine. All of his band members are quite good and so is their music but, Santana transcends all. Each side has its nominees for a special mention. The rest is merit plus.)

MERIT PLUS ALBUMS

(All Merit and Merit Plus Albums are recommended for serious progressive radio consideration, recognizing that not all of these recommendations are suitable for all stations. The Merit Plus Albums distinguish themselves with an extra vitality.)

Brand X/LIVESTOCK/Passport PB 9824 (This album shows the delicate side of a band which has been known to be almost brutally forceful. Emphasizing the ethereal they demonstrate unusual restraint and the depth of their jazz roots. Super playmanship is given.)

The David Bromberg Band/RECKLESS ABANDON/Fantasy F-9540 (His eclectic tastes somehow are integrated into one statement. That was the hardest job of all. One thread which runs throughout is David's wily wit. If records are made to entertain, this is one that points the way.)

Grinder Switch/REDWING/Atco SD 36-152 (By the end of side one you probably realize that Grinder Switch, which to now has been just another band from the South, is no longer. They have matured. Both their writing and their play shows new confidence. Too many good tunes to be ignored.)

Loggins & Messina/FINALE/Columbia JG 34167 (In a genre-bleeding set, Loggins and Messina meld pure folk, pure country and pure rock into yet another thing, pure L & M. Notably good recording quality documents these moments taken from the stage in 1975 and 1976. Posthumous fun.)

Metro/Sire SR 6041 (Previously reviewed as an import. Duncan Browne resurfaces. With Peter Godwin and Sean Lyons, he forms Metro, a stylized rock band. Arranging originality contributes mightily to the specialness of this album. Good tunes are elevated.)

Graham Parker & The Rumour/STICK TO ME/Mercury SRM 1-3706 (Dynamism is built into the songs and it is built into the performance too. Nick Lowe was the right producer, he got the intensity into the grooves. A vote for the short people in spite of Randy Newman.)

Mavis Staples/SOUNDTRACK - A PIECE OF THE ACTION/Curtom CM 5019 (The combination of Mavis Staples' distressed voice and Curtis Mayfield's intense writing is a killer. It fits together in an extremely tight knit musical fabric. There is hardly a through away track.)

Bunny Wailer/PROTEST/Island ILPS 9512 (Reggae as a commercial entity may not be the Messiah but, there is no denying the artistic vitality of some elements of the form. Now that we've all heard so much of it, we know that, like everything else, there is good and less good. Bunny Wailer's new album is emphatically on the positive side of the ledger.)

Rick Wakeman/CRIMINAL RECORD/A&M (Some of Rick's new album is his familiar classical rock fusion. However, a significant portion is standard heroic classicism. He plays all manner of keyboards from grand piano to grand organ and electronics too. It is melodious and stimulating.)

Narada Michael Walden/I CRY I SMILE/Atlantic SD 19141 (Consistent melodic quality threads its way through Walden's LP. It is carried by his pretty vocals set against an ever-present beat which cuts across the grain. "Oneness-Cry" is beautiful.)

Lalonié Washburn/MY MUSIC IS HOT/Parachute RRLP 9001 (Rhythm and blues, emphasizing the rhythm. Lalonié's music moves. No modern affectations are used. Instead this record depends on good songs and an activated presentation of them.)

MERIT ALBUMS

April Wine/LIVE AT THE EL MOCAMBO/London PS 699 (This album captures a band who ripped off a very good show under pressure. Their material will not put them into the archives but, April Wine generates a rare enough sense of rock maturity. Lively.)

Baby Grand/Arista AB 4148 (New bands always have a problem finding a point of distinction. Assuming some competence in the craft of writing songs, they have to be set apart. Baby Grand solves any material problems with Rob Hyman's writing and they begin to develop their point of distinction with singer David Kagan's voice. This Lp, arrangements and presentation, especially, feels like lots of labor went into it.)

David Castle/CASTLE IN THE SKY/Parachute RRLP 9002 (Castle is an excellent writer. He tells cogent stories in an attractive, English style. Our only serious reservation is about the need to go to big orchestrations to underscore the point. There are other, more creative, ways to do the same thing. Still, David Castle overcomes most of the excess.)

Ray Charles/TRUE TO LIFE/Atlantic SD 19142 (The musicologists can go home. Only one truly funky track surfaces here and Ray arranged it himself. Also, the three tin pan alley songs can be sent home, they don't translate. Still, Ray Charles is a better singer than the majority of these new fangled rockers.)

The Charlie Daniels Band/MIDNIGHT WIND/Epic PE 34970 (Charlie Daniels' albums are always enjoyable. Good songs, good humor and a galloping performance never takes itself too seriously. Fun.)

Mark Farner/Atlantic SD 18232 (A solid rock album starts the solo career of Grand Funk's Mark Farner. At the core, Mark's songs are good but, not more. The presentation is straight forward, avoiding excess, and thus, appreciated.)

Steve Gibbons Band/LIVE - CAUGHT IN THE ACT/MCA 2305 (Though he seems to have the potential, Gibbons isn't yet in a league with Graham Parker or Phil Lynott. His writing, more than the performance, has to come up a little. Still the dynamism of a winner does come through this recording.)

Sammy Hagar/MUSICAL CHAIRS/Capitol ST 11706 ("I do it for money and for fun," is a Sammy Hagar lyric which expresses the reason for his posturing rock and roll. Some of his lyrics are plainly childish. Yet, he is capable of a song as good as "You Make Me Crazy." "Crazy" is the kind of tune which legitimizes Sammy.)

Steve Hillage/MOTIVATION RADIO/Atlantic SD 19144 (Hillage is ready to uncork as an artist. This album makes the push but, the songs aren't strong enough, especially in relation to the inventive arranging and to Steve's super guitar. It is only a matter of time.)

Alphonso Johnson/SPELLBOUND/Epic JE 34869 (Above average sonics and the obvious care which went into this production give it an air of class. However, Alphonso would have had us spellbound had his melodies been consistently inspired. Elements of "Bahama Mama" show what the rest could have been.)

Michael Johnson/AIN'T DIS DA LIFE/Sanskrit SR 0774 (Nicely recorded, Michael's low key folksy approach feels good initially. That these are the tunes he has chosen to play calls into question his taste. Are these minor melodies the best available? The same style Lp could have been much better.)

Law/HOLD ON TO IT/MCA 2306 (Every element of Hold On To It is managed well. An energized performance and some tight harmonies deliver adequate material. The single missing aspect is a hook, something to help Law to stand out.)

Nils Lofgren/NIGHT AFTER NIGHT/A&M SP-3707 (A pleasing voice, a magic guitar and a special connection with his audience put Nils in a strong position. His song-writing has held him back - it is good but not more. Great songs could thrust him to the highest reaches. This live Lp finds him at home on stage.)

Dave Loggins/ONE WAY TICKET TO PARADISE/Epic PE 34713 (This Loggins' pop folk-rock is spiced by snappy presentation and catchy tunes. Consistently good songs distinguish Dave as a writer. Brent Maher's production keeps the glossy stuff in check.)

Lynyrd Skynyrd/STREET SURVIVORS/MCA 3029 (Their music seems to have new life. The Southern texture is in place as the tunes step out. Lynyrd Skynyrd connects again.)

Lonnie Mack and Pismo/Capitol ST-11703 (Fundamental blues based rock and roll. Lonnie Mack generates some steam and he seems to have gathered a sympatico group behind him. Solid.)

Mandrill/WE ARE ONE/Arista AB 4144 (After listening to both sides of We Are One you may not agree with the title. Mandrill returns with an album divided along the hot/mild rhythm axis just as previous Lps have done. Side two leans to the fringes. "Love One Another" keeps it in bounds.)

NEW RELEASES

BELOW IS A CATALOGUE OF NEW RELEASES. THEY ARE DIVIDED INTO CATEGORIES DESIGNED TO GIVE YOU AN IDEA OF THEIR RELATIVE MUSICAL WORTH. THESE FIRST IMPRESSIONS ARE NOT MEANT TO RELATE IN ANY WAY TO PAST, PRESENT OR FUTURE SALES, NOR SHOULD THEY BE TAKEN AS THE WORD OF GOD.

MERIT ALBUMS CONTINUED

- Curtis Mayfield/SOUNDTRACK - SHORT EYES/Curtom CU 5017 (An individualist, Curtis is so different from other artists that he has made himself an acquired taste. His falsetto and his arranging style focus intensity like a magnifying glass.)
- New Birth/BEHOLD THE MIGHTY ARMY/Warner Bros. BS 3071 (Activated rhythms and none of the standard fillers make New Birth a contender. The performance is on target though most of their songs depend on it to work well.)
- Buck Owens/OUR OLD MANSION/Warner Bros. BS 3087 (The Western music of Buck Owens flows from his earth-born voice and his uncanny ability to write round songs endlessly. Norro Wilson's production is tasty, never reaching to excess.)
- Ozark Mountain Daredevils/DON'T LOOK DOWN/A&M SP 4662 (An up-beat clean-cut, folk derived setting is a refreshing alternative to the density. Each can be appreciated better when both are available. Bright tunes spin a warm vibration.)
- Pearl/London PS 692 (Leslie Pearl is a good writer and Debbie Pearl is a good singer. Leslie's arrangements do a journeyman job of delivering the music but, they don't spark the imagination. Missing is flair, a sense of style to make Pearl identifiable in a crowded music scene.)
- Herb Pedersen/SANDMAN/Epic PE 34933 (Mike Post and Pedersen have combined to make an easy on the ear, even tempered Lp. Though the countryish folk-rock feel requires no adjustments, the album does lack distinctiveness. Something hooky is needed.)
- Colleen Peterson/Capitol ST -11714 (This is a pleasing introduction to Colleen Peterson. She is an accomplished singer in the country-folk-rock genre. Wisely chosen songs make the Lp flow without hitches. The only reservation is rather ephemeral. There is the impression that the real Colleen remains unrevealed by a pat production style.)
- Johnny Reason/At-Home AH 402 (Johnny Reason's rhythm trip makes for interesting listening one time through. Only a few catchy tunes elevate the album above ordinary hot R&B. Try "For You" and "For You To Lose Your Love" on for size. Other things move well. Distributed by Fantasy.)
- Smokie/BRIGHT LIGHTS & BACK ALLEYS/RSO RS 1-3029 (Smokie has always had a solid base in their Chinn and Chapman writing and production aid. It was Smokie's writing which was a weak link. That deficiency dissolves with this release. This is a whole album.)
- Starcastle/CITADEL/Epic PE 34935 (Gleaming, flashy presentation carries the load. Starcastle writing is not an equal match for the grand play. Lyrically they spew baby talk spacisms while melodically they are O.K. Whistle their dynamic play.)
- Pat Travers/PUTTING IT STRAIGHT/Polydor PD 1-6121 (Pat is not an inovator. His blues style relies on tested ideas but, his robust, potent sound makes him noticeable. His songs and his singing are good, giving him an edge on a Rory Gallagher type. "Dedication" is a high end song.)
- Gino Vannelli/A&M SP4664 (Gino does more calculated button pushing than he does music. His music is constructed to get an audience response rather than to satisfy something inside himself. More a craftsman than a musician, he still gets a musical message through.)
- Wild Ones!/NEW LEGION ROCK SPECTACULAR/Spectacular 7777 (Back to the basics. Wild Ones rock and roll starts with pure 50's big beat. It progresses to a more contemporary style quickly. Their strong suite is the earlier music which seems to express the essence of the band. Write: Box 588, Brookfield, Wisc. 53005.)
- Wildfire/FLAME THROWER/Casablanca NBLP 7074 (Wildfire establishes itself, in the areas of performance and writing. Further, it seems that Casablanca is applying its recording technology knowledge, gained from the disco business, to the rock recording process. A full, rich bass response enhances the Lp's enjoyment. Good show.)

SATISFACTORY ALBUMS

(Albums of acceptable quality, which, of themselves, require only secondary progressive radio consideration.)

- Crackin/Warner Bros. BS 3123 (Too many of their tunes are not worth hearing a second time. They are more rhythm pieces than songs. At rhythm and general presentation they are quite good in a low key way. Given that so many great tunes have been recorded only once, there is no reason for material bankruptcy in any Lp.)
- John Paul Young/Midsong BKL 1-2535 (Skip directly to side two. John Paul turns out to be a notable singer-songwriter. With some professional production help, he could mean something. Comprehending the concept used on side one is difficult. It sounds like a disco mix applied to non-disco music. The sonics are terrible.)

SATISFACTORY ALBUMS CONTINUED

- Joe Farrell/LA CATEDRAL Y EL TORO/Warner Bros. BS 3121 (A miserable attempt at packaging an artist. If you concede the concept of packaging in the first place, this is still a failure because it doesn't take Farrell into account. Without credits you would not know who's Lp this is.)

FRINGE ALBUMS

(Good albums which are not progressive, yet hold some interest for progressive audiences.)

- Peter Allen/IT IS TIME FOR/A&M SP 3706 (A dynamic performer who has developed into a talented writer, Peter would like acceptance in a progressive music context. It is close. He is the kind of artist who crosses boundaries easily but, the reality is that he is a very hip artist to a narrow and very fickle segment of the public. A similarity to Bette Midler seems obvious. It is a snappy Las Vegas feeling that is projected. However, parts of this Lp are very usable.)
- Kasey Cisyk/SOUNDTRACK - YOU LIGHT UP MY LIFE/Arista AB 4159 (The title song is already a hit, it and "Rolling the Chords" are the songs of possible play. Much of the rest of the Lp is movie filler. The whole project seems to be on the sappy side.)
- The Jacksons/GOIN' PLACES/Epic-Phila. International (Goin' Places is a meeting of two old pro organizations. The Jacksons and the slick packaging of the Gamble-Huff group hit a convincing pop stride together. Some fine new songs are introduced here.)
- Ronnie Laws/FRIENDS & STRANGERS/Blue Note BN-LA 730-H (Dividing itself into two grooves makes Ronnie's Lp usable and not usable depending on which track you listen to. Obviously the disco/R&B style is less suitable while the more jazzy tracks recommend themselves. It's 50-50 with side two stronger for our purposes. The whole Lp is well turned out.)
- Mike Mainieri/LOVE PLAY/Arista AL 4133 (Mainieri's M.O.R. -jazz is influenced by rock modes. Nice melodies and the New York session men, who have been lured out of their staleness, make it float. Love Play is intended for the contemporary romantic. "Magic Carpet" has the heat.)
- Meisburg & Walters/LOVE'S AN EASY SONG/Casablanca NBLP 7067 (Direct descendents of The Kingston Trio, Meisburg & Walters continues to issue soothing, clean-cut music. From the days when they released their own records to now they have been a consistent source for pretty music.)
- Paul Nicholas/RSO RS 1-3028 (A hit sounding, top 40 formulation is based mainly on the music of Bugatti and Musker. Their tunes are uniformly round. Some of the arrangements are less pop in structure. They are usable. A leader among them is "Black Daddy.")
- Tommy Overstreet/HANGIN' ROUND/ABC Dot DO-2086 (Overstreet's country hasn't been M.O.R. 'd with over-orchestrations. He is, instead, recorded in a light-handed country-folk style. While there is no heavy hitting there is no excess either. Pleasant.)
- Dolly Parton/HERE YOU COME AGAIN/RCA APL 1-2544 (This album severs the country music umbilical chord. Dolly moves successfully into the mainstream. Though the larger part of this Lp is too pop, portions are not. She is quite a good singer and songwriter. Try "Baby Come Out Tonight," "Loving You" and "Two Doors Down.")
- Michelle Phillips/VICTIM OF ROMANCE/A&M SP 5039 (Michelle's album may be out on the fringes of our interest but, it seems to be a natural reflection of her own self. As such it cannot be faulted. Her roots in fifties rock & roll are joyously captured here by Jack Nitzsche's production craftiness.)
- Tom Powers/LOVE AND LEARN/Big Tree BT 89523 (Resting at the intersection of the singer/songwriter and the M.O.R. schools. Kyle Lehning's production, though pop in point of view, is well crafted and consistent. When he is at his best, Tom sounds like a sentimental Billy Joel.)
- Larry Santos/DON'T LET THE MUSIC STOP/Casablanca NBLB 7061 (Like Kenny Rogers, Santos represents the positive influence of progressive music on pop culture. Though his music is couched in the context it is, Larry Santos is a respectable, self-contained artist.)
- Splinter/TWO MAN BAND/Dark Horse DH 3073 (Pretty music. Splinter, as presented here, uses rock moves to accent an M.O.R. sound. Well turned albums are a Splinter habit, this is too, but it is too pop.)
- V.S.O.P./THE QUINTET/Columbia C 34978 (V.S.O.P. is a mainstream jazz concept. A concept which in this time is normally a ho-hum. However, V.S.O.P. has developed into a real unit. This Lp goes beyond a jam and in that sense it becomes an Lp of some consequence.)
- Martha Velez/AMERICAN SWEETHEART/Sire SR 6040 (American Sweetheart is another attempt to try to find a slot for this talented lady. Last time it was reggae. This time it is an M.O.R./rock formulation. A tune like "We're Gonna Last" is a hot possibility while "Crossover" is an adventurous possibility.)

NEW RELEASES

BELOW IS A CATALOGUE OF NEW RELEASES. THEY ARE DIVIDED INTO CATEGORIES DESIGNED TO GIVE YOU AN IDEA OF THEIR RELATIVE MUSICAL WORTH. THESE FIRST IMPRESSIONS ARE NOT MEANT TO RELATE IN ANY WAY TO PAST, PRESENT OR FUTURE SALES, NOR SHOULD THEY BE TAKEN AS THE WORD OF GOD.

FRINGE ALBUMS CONTINUED

- Arthur Wayne/ANOTHER ISLAND/Casablanca NBLP7070 (Arthur has developed a joyful marriage of reggae and rhythm and blues. It's open and bright and though it is on the pop side, tracks like the title track could work well.)
- The Jack Williams Quartet/Chiaroscuro CR 156 (The thrust of this LP is a mainstream jazz combo. It used the talents of Randy Brecker, Eddie Gomez and Jack DeJohnette nicely. Interest is peaked by the last track on each side. A more advanced, a more mental style surfaces there. Distributed by Audiofidelity.)

SPECIAL PROGRAMMING

(Spoken, poetry - comedy and extraneous musics.)

- Alice Coltrane/TRANSCENDENCE/Warner Bros. BS3077 (Alice is specially suited to adapting traditional Indian chants. So, she becomes a valuable asset to her movement. Her own music, which appears on side one is lovely, flowing stuff even if it isn't inspired by the heavens.)
- Lily Tomlin/ON STAGE/Arista AB 4142 (Beyond the stand up comedian, there is the multimedia comedy artist. Lily Tomlin has taken that concept further than anyone before. A recording cannot possibly capture the totality of her performance. Still, it does as well as it could. And Lily is marvelous.)

REISSUES

- Creatif Dead/WHAT A LONG STRANGE TRIP IT'S BEEN/Warner Bros. ZW 3091

NOTABLE SINGLES

IMPORTS

(Our imports are provided with the help of Intergalactic Trading Co., Portland, Ore.; Jem Records, P.O. Box 362, South Plainfield, N.J. 07080 - (201) 753-6100.)

- Ian Dury/NEW BOOTS & PANTIES//Stiff SEEZ 4 (Strange little ditties, a strange little voice and a strange looking little Ian Dury. Obviously excellent accompaniment permits Ian's weirdness to make it. Merit.)
- Fabulous Poodles/Pye NSPL 18530 (Produced by John Entwistle, The Fabulous Poodles succeed on excellent writing by Tony deMeur and someone named Parsons. Their rocking presentation is fine too, but, nothing special. Merit Plus.)
- Kursaal Flyers/FIVE LIVE KURSAALS/CBS 82253 (The Flyers have an appealing way about them. Built for rock and roll fun, they lack any pretention. That frees the audience from responsibility. The Kursaal Flyers are a buoyant experience. Merit.)
- Sad Cafe/FANX TA-RA/RCA PL 25101 (Though every aspect of Sad Cafe presentation is up to standard, they rarely reach beyond standard. Great songs instead of good songs would be the most significant advancement possible. Merit.)
- Sailor/CHECKPOINT/Epic EPC 82256 (Curiously, Sailor started three albums ago as though they would be a super group. With their last album that all changed. Georg Kajanus' material was less inspired and so was its presentation. Bruce Johnson and Curt Recher came into produce them, hoping to change the momentum. They succeeded in stopping the negative slide. Merit.)
- The Shadows/TASTY/EMI EMI 3195 (The Shadows reduce even their original rock instrumentals to the lowest common denominator. Having emasculated them, the remains of their songs are useful as innocuous background for something else. Special Programming.)
- Chris Spedding/HURT/RAK SRAK 529 (A steady beat and a thick cloud of sound puts Chris in a growing class of punk influenced players. He releases probably the best album under his own name by moving back to rock and roll roots. The nasty edge is controlled well in Chris Thomas' production. Merit. Plus.)

CONCEPTS

THE BUCK STOPS WITH THE ARTIST

A couple of the players in Aerosmith were recently injured by a flying firecracker.

The incident brings up a long time concern surrounding major concert attractions and their young, sometimes over enthusiastic fans. The knee jerk responses to this occurrence were a promise of beefed up security and a promise of researchers at the door. Of course, lying beneath the surface is the knowledge that no amount of security, save a physical search of every concert goer would eliminate the potential for serious trouble.

Further, we have written in the past about our own in-fights which stand against unannounced searches. Even the lowly rock and roll fan should be protected from unwarranted search and seizure.

So, what is the answer?

The sad response is that there is no total answer to the problem. However, one reality is clear. The response of the audience is a reflection of the artist. An artist can pander to the baser instincts in the audience (we are not suggesting that that was the case with this particular Aerosmith performance) or the artist can ask for more.

For example, on Steve Miller's recent tour he took affirmative action as soon as the first firecracker was thrown. He suggested to the audience that they permit the band to blow them away. His statement, made before he had sung a note, received an appreciative ovation and virtually eliminated that kind of public beligerance.

The buck stops with the artist on this one. The artist should be in control of the situation.
