OUR RELATIVE CHARTING, AS SEEN BELOW, RESembLES BASEBALL'S BATTING AVERAGES. IT ESTABLISHES A RATIO BETWEEN THE IDEAL (HEAVY AIRPLAY AT EVERY STATION WHICH REPORTED); AND THE WEIGHTED COUNT THAT A RECORDING ACTUALLY EARNED. THIS MATHEMATICAL FORMULA IS APPLIED TO EACH RECORD-- FIRST REGIONALLY, THEN NATIONALLY. A DUAL WEIGHTING SYSTEM IS USED TO DERIVE THE COUNT; IT ADJUSTS FOR MARKET SIZE AND FOR HEAVY OR MODERATE AIRPLAY. THESE CHARTS SHOW THE RELATIVE INTENSITY OF RADIO AIRPLAY FOR BOTH NEW AND ESTABLISHED RECORDINGS.

Charlie put in a stint as N.D. at the Radio Station. May 20, as part of the Cambridge outdoor concert and remote broadcast. We enjoyed a great turnout at a "CAS River Festival. The reggae group "Jah Malla," The Robin Lane Band, performed. It's about time rock and pop Lp's received the same care and concern that classical albums have had for quite some time. That's all for now. See you all tommorow.

News Director Mat Schaffer has been kicked upstairs, too, and he's our new Public Affairs Director.

We enjoyed a great visit at a WCA outdoor concert and remote broadcast May 20, as part of the Cambridge River Festival. The reggae group "Jan Hall", The Robin Lane Band, Thomas Van Zandt, and Kate Taylor and the folk band highlighted the afternoon. Many thanks to all the artists and especially Tomato Records and Gil Colquitt and the folks at Columbia. You might know Charles from his years of hosting "BUR's "New Masters in Broadcast Journalism at the staff of "CAS. News anchor Mat Schaffer has taken a "sabbatical" to get his hat to Bob Perry from Arista who other real promising R&R Lp for the best R&R Lp of the year is the debut Lp still rates right at the top.

The Bromus Grasshopper Team is still celebrating its 16-11 victory over the area record company reps. Opposing coach Don Delacy had his team close until the final innings, when the Bromus power just became too much. Maybe next summer?

Here’s the Bromus Line-up...

6 - 10 am - Andy Gefen
10 - 1 pm - Mr. Vibes
1 - 5 pm - Eric Kallgren
5 - 9 pm - Bill Dobson
9 - 12mid - Glenn Stewart
12 - 3 am - Jazz After Hours with Dan Ehrenbard

Weekends - Fran Dance, Alfie Kohn, Carolyn Berman, Bob Kaligen, Marc Roberts, Ken Butler, Lou Mazz, Michael Blakely - Steve Brockman will be handling fills.

Of recent note: The WBU Kite Flying Festival, which managed to keep the skies filled with all sorts of things (?). New events coming up to keep us busy this summer...

I couldn't think of a more appropriate time to become program director of WQXM than on the release date of the new Springsteen album. Many thanks to Mike Lyons for all help.

And good luck in your future endeavors. There are many fine industry folk who have been very helpful to me these past 6 months and I'm very grateful. Next issue, my new M.

Brock Shelley will take over in these orange pages. We do have an opening now on the midnight shift. If you had $40 worth of cold northern winters, then check out the pages for address to send your tapes and resumes.

RETAIL STATS

Our relative charting, as seen below, resembles baseball’s batting averages. It establishes a ratio between the ideal (top 5 sales at every reporting retailer) and the weighted count that a recording has actually earned. This mathematical formula is applied to each recording first regionally, then nationally. A dual weighting system is used to derive the count on the hits. It adjusts for store chain size and reported position in the top 15. A single weighting system which adjusts for store chain size is applied to the break out reports. These charts show the relative intensity of retail interest for both new and established recordings.

Carl Denman and Rick Schwan for the best in-store we've had. — X-KK

INNER SANCTUM/Austin, Tex. - Neil Rattenberg

**Artist(s):** ELVIS COSTELLO; SKUNKS.

**Place & Date:** Rauf's - 5/22

**Type of Place:** Club

**Ticket Price:** $1.50

**Capacity:** 150

**Attendance:** 90

**Audience Composition:** College age

**Production Values:** Headliner

**Musicianship**

**Material Quality**

**Showmanship**

**Sound Quality**

**Lighting & Staging**

**Reviewer's Reaction:** Elvis dropped in at Rauf's the night before his show at the auditorium here. It was possibly the best $1.50 ever spent in my life. The slightly inebriated Elvis clambered on stage with the Skunks, some local punks who have a good working knowledge of the best 60's music, and proceeded to elevate everybody in the club with his own style of country music. He played such songs like Merle Haggard's "Tonight the Bottle Let Me Down," and Hank Williams' "Honky Tonk Blues," plus his own piece of country angst, "Stranger In the House." Elvis is a performer who loves to play music, whether in a huge stadium or a small club.

WDNN/Long Island, N.Y. - Gary Collins/M.D.

**Artist(s):** LISH MEAT LOAF; GOOD RATS.

**Place & Date:** Seaview U. - 5/7/2

**Type of Place:** Gymnasium

**Capacity:** 4000

**Attendance:** 250-300

**Audience Composition:** Teens & college

**Production Values:** Headliner Opening Act

**Musicianship**

**Material Quality**

**Showmanship**

**Sound Quality**

**Lighting & Staging**

**Reviewer's Reaction:** Meatt Loaf seems to be becoming the musical "Shakespeare" of teens and college students in the '70's and the band do better work in the studio, but are excellent entertainers nevertheless. Lead singer Meat Loaf was in a wheelchair due to a broken leg. He's a real dropper!

WMAQ/Harrisonburg, Va. - Steven Snyder

**Artist(s):** THE NIGHT HAWKS.

**Place & Date:** The Elbow Room - 5/18

**Type of Place:** Club

**Ticket Price:** $3.00

**Capacity:** 250-300

**Attendance:** 250-300

**Audience Composition:** College age, 20's

**Production Values:** Headliner

**Musicianship**

**Material Quality**

**Showmanship**

**Sound Quality**

**Lighting & Staging**

**Reviewer's Reaction:** The nighthawks continue to dazzle Harrisonburg audiences with their standard repertoire of R&B and rock & roll tunes. Although Harrisonburg audiences don't need any more, the 'Hawks have grown complacent and conservative with their live show. The songs are predictable, the jams often boring. They need new blood and ideas in the group.

WURL/Harrisonburg, Va. - Dan Seger

**Artist(s):** THE KINKS; CHARLIE WALKER.

**Place & Date:** Palladium, N.Y. - 6/2

**Type of Place:** Recovored theater

**Ticket Price:** $6.50; $7.50

**Capacity:** 3400

**Attendance:** 160

**Audience Composition:** The audience was composed of fans, young & old, ages 14-40

**Production Values:** Headliner

**Musicianship**

**Material Quality**

**Showmanship**

**Sound Quality**

**Lighting & Staging**

**Reviewer's Reaction:** Unfortunately, most of the fans were here to hear Kink classics, while it was The Kinks who were the material that was clearly the best part of the show. R. Davie kept teasing the audience by playing the opening chords to "Lola," then he would go into another song, only to play what they wanted, played what they wanted, and had time to get to the best tracks on Misfits including Dave Davies' "Trust Your Heart." It was a fine show.

KLCF/Eugene, Ore. - Michael Handler

**Artist(s):** JOHN MC LAUGHLIN

**Place & Date:** THE ONE TRUTH; DAVID LA FLAMME & ONE TRUTH.

**Place:** The Club

**Type of Place:** Nightclub

**Ticket Price:** $5,50; $6,50

**Capacity:** 700

**Attendance:** 600

**Audience Composition:** 20's to much older

**Production Values:** Headliner Opening Act

**Musicianship**

**Material Quality**

**Showmanship**

**Sound Quality**

**Lighting & Staging**

**Reviewer's Reaction:** The above may appear to be a strange pairing of acts, and so it was. It only happened after the hall into which John McLaughlin was reported to originally bock - The Lane County Civic Center, operated by the Williamette Christian Center - got strange about the show due to McLaughlin's Hindu views and lifestyle. So One Truth could not be in the Christian Center - a hall that has held Elvis Costello, The Ramones, and National Lampion. So, anyway, back to the place where David La Flamme warmed up with a fine show with new, bright tunes. As good a violinist as David may be, the audience was all blown away by One Truth's Indian fiddler, L. Shankar, and indeed by the entire 5-man group. I've never heard such a unique, Eastern-style sound on a violin like this. L. Shankar is the only hold over from Shakti, but John seems to have moved closer to the Mahavishnu Orchestra sound, with strong players, lotsa electricity, and cosmic spirit throughout. Even chants for Christ. (maybe it's a church, or something...) The music is his own, and powerful and beautiful, beyond jazz/rock, just...beyond...

WMRA/Durham, N.H. - The Byrd

**Artist(s):** WARREN ZEVON; RICHARD BELZER.

**Place & Date:** Berkley College, Boston - 5/15

**Type of Place:** Small auditorium

**Ticket Price:** $1.50

**Capacity:** 1200

**Attendance:** 130

**Audience Composition:** College age

**Production Values:** Headliner Opening Act

**Musicianship**

**Material Quality**

**Showmanship**

**Sound Quality**

**Lighting & Staging**

**Reviewer's Reaction:** Warren Zevon has passed from obscurity to rock star status in a matter of months. Rightly so, as Zevon's studio work on his last album was exceptional. However, with the absence of guitar virtuoso extraordinaire Waddy Wachtel and the presence of liberal sounding songs, Zevon reverted to incoherent mumblings reminiscent of his all-but-forgotten first album. Warren Zevon has yet to adopt a stage presence equal to his writing genius.

KUDU/Kansas City, Mo. - Tim Williams

**Artist(s):** BOB SEGER; FOREIGNER; HEAD EAST; BOB WELCH; URIAH HEEP; TOBY BEAU.

**Place:** Arrowhead Stadium, Kansas City, Mo. - 5/27

**Type of Place:** Stadium

**Ticket Price:** $25.00

**Capacity:** 78,000

**Attendance:** 58,000

**Audience Composition:** Teens & college early 20's

**Production Values:** Headliner Foreigner Head East

**Musicianship**

**Material Quality**

**Showmanship**

**Sound Quality**

**Lighting & Staging**

**Reviewer's Reaction:** Despite heavy rains early in the show, fans were enthusiastic through, especially for fellow midwesterners Seger and Head East. Warren Zevon has spent enough time on the road to know what makes an audience dance, a combination of powerful music, sensitive lyrics, and a touch of show biz (like sax player "Alon") Reed playing atop a 50 foot bank of speakers.) Head East played to the audience, rather than for them, and the crowd appreciated it. Opening act Toby Beau was good, but too laid back for this high-energy show.

THE ULTIMATE CROSSOVER RECORD
A combination of the recent Albert Brooks album and an ever growing record production trend leads to an
idea for the ultimate crossover record.
This idea follows closely the notion that record
companies should gain the broadest possible audience
in the most efficient way for its artists. It done
scientifically - as we suggest here - most companies
could get away with half their artist rosters, thereby
saving a mint.

Now this idea is admittedly just the logical extension
of what many companies are already doing. It is our
point, that they should stop messing with half steps
and go all of the way to the ultimate crossover
record. Why wait? The technology is here now,
well within our capabilities. Without wasting anymore
space, here is the formulas:

Record Company A - no names please - has just
saved another many audiences at once. Efficiency.

First a moderate rock rhythm track is laid down -

Pipes, P. D., WENE, P. O. Box 151, Endwell, N. Y. 13760.
Female AOR jock with 2 years major market experience
calls, please. Address all correspondence to: John Cart

Mix #5 - Re-record the vocals with a black man who plays electric rhythm piano. Mix the rhythm
holly around the vocal and piano leaving the strings
prominent. - Send it R&R.

Backminster Fuller's "More with Less" dictum could not
be applied to anymore advantage than this record.
Company A - no names please - has just saved another
more in studio costs because this album can serve so
many audiences at once. Efficiency.

is so rewarding when one's advice is heeded.

WQXM, "superstars" AOR in Tampa/St. Pete is looking for

Mix #6 - The rhythm section drops a few percentage
points along with the electric guitar. The steel stays
where it is and the voice dominates sometimes
fighting the strings which are now brought way up.
- Send it to the rockers.

Mix #4 - Drop the strings, drop the steel com-
pletely. Bring up the rhythm section and electric
guitar above the rock mix levels and add the voice
in the middle of the rhythm. - Send it disco and pray.

Mix #3 - Lower the rhythm and electric guitar
everything while raising the steel to prominence with
the voice and strings. - Send it country.

Mix #2 - The rhythm section drops a few percentage
points along with the electric guitar. The steel stays
where it is and the voice dominates sometimes
fighting the strings which are now brought way up.
- Send it M. O. R.

Mix #1 - A prominent rhythm track with subdued
steel and dominant electric guitar and lead vocal voice.
The strings are mixed out or, if left in, are well
down in the background. - Send it to the rockers.

Now the ingredients are all ready...in the mix the
ultimate crossover record will come together.
Actually, in this case, it will be the mixes because
with these tracks we will spinoff 5 mixes, one for
every occasion.

NEW RELEASES

Below is a catalogue of new releases. They are divided into categories designed to give you an idea of their relative musical merit. The editors are not responsible for these impressions in any way; past present or future sales should not be taken as the word of God.

MUSICAL ALBUMS CONTINUED

Dean Friedman/WELL, WELL, WELL/1977
Nothing to lose except your self-control (Good albums which are not progressive, yet hold some interest for progressive audiences.)

Charlie Mingus/CUMBA & JAZZ FUSION/Atlantic 80861
(For a listeners who has long since transcended these categories of music. Consider his album to be a testimony in behalf of that sentiment. Consisting of two, vastly different, side long compositions this album presents another set of unifying themes. The same sentiments applying to Vol. I & Vol. II. Vol. 1 is the Merit Plus section.)

IMPORTS

Lennart Aberg/PARTIAL SOLAR ECLIPSE/Japo 60023
(Keeping big band music interesting in a combo world is not easy. Aberg does it with players who move to the outside and arrangements which allow the excursions. "Partial Solar Eclipse" is an interesting six part suite which advances the Ellingtonian notion of serious large group jazz music into the 1970's. Merit Plus.)

Cherry Vanilla/BA D GIB/FRCA PL 5128
(Touched by punkness, Cherry Vanilla and her caliber counts are really "punk rockers. The group's art occurs to give the group more than a just a musical consistence. Merit.)

John Coltrane/THE MASTERY OF.../VOL. II/ABC Impulse! DI 34642 (Whereas Vol. I is previously unreleased material, Vol. II is essentially a compilation.)

The Cars/JUST WHAT I NEEDED/Elektra E-45491
(An enthusiastic, upbeat performance which is well worth picking up. A very impressive release.)

TWO SONGS TO LISTEN FOR: "Take The A Train" and "El Spangled Banner". "America The Beautiful" highlight this well balanced set.

REISSUES

The Cars/JUST WHAT I NEEDED/EMI 6002
(Keep your diverse musical interests alive. A sensible)
SPECIAL MENTION ALBUMS
(These records which, in our opinion, deserve special mention because they come closest to perfecting their musical genre regardless of progressive radio application.)

( None.)

STRONGLY MERITORIOUS
(We feel that these Lp's have an extra edge.)

Bruce Springsteen/DARKNESS ON THE EDGE OF TOWN/Columbia JC 35318
(Getting beyond expectations is the first problem for the listener because this is not a repeat of previous efforts. The balance of the elements is different. Not the depth, Bruce Springsteen's writing lives a life of rarely paralleled intensity. His music is durable, you don't quickly tire of it. The more you listen, the more you like it. Still, the sublimated Clarence Clemons is missed.)

Various Artists/WHITE MANSIONS/A&M SP-6004
(White Mansions is a musical, historical drama about the American Civil War which gloriously avoids all of the mistakes which most of these massive projects manage to make. The concept is sound and the songs, though they are not eternal, are all very listenable. Everything holds up both individually and collectively. Nothing is overdone, a testament to producer Glyn Johns' taste. Along with the equally thoughtful 28 page booklet, the album becomes a radio programming challenge. 11 is a chance to do something special, something which carries the indelible mark of a radio station. Rarely is it done this well.)

MERIT PLUS ALBUMS CONTINUED

John Coltrane/THE MASTERY OF...VOL. I/ABC Impulse LZ 9345/2 (More than a decade later 'Trane leaves 98% of the jazz world behind him. In melodic purity and raw energy he is rarely matched by musicians working in any genre, let alone by those in the fragmented jazz/new music scene.)

John Klemmer/ARABESQUE/ABC AA-1068
(John Klemmer's true melodic power comes through on "Arabesque" as it overcomes the popisms. His solos are placed inside those by Pharoah and Gato but, are still instilled with a combination of grit and beauty similar to theirs.)

Martin Mull/SEX & VIOLINS/ABC AA-1064
(In his very finest Cole Porter chic, Martin Mull stars in his cheekiest yet. All of the songs are dully bent, made even more "absurd with a capital A" by the slick orchestrations. Mull projects the only plausible attitude given the circumstances.)

MERIT ALBUMS

AC/DC/POWERAGE/Atlantic SD 19180
(As advertised, Powerage pumps those db's. Without inventing anything new AC/DC succeeds on classic form hard-nosed rock and roll. No pretense.)

Any Old Time/STRING BAND/A rhoolie 4009
(Any quality old time tune seems to fit into the sights of this band of musical ladies. Their execution is natural and demonstrates a true affection for the material. The presentation is not stylized like the work of Leon Redbone. Write: 10341 San Pablo Ave., El Cerrito, Ca. 94530.)

Rita Coolidge/LOVE ME AGAIN/A&M SP 4699
(A little sterile, but Rita fronts a refined, recorded statement. Fine song selection resting in a mildly slick resolution yield that germ-free feeling. Clean machine.)

Derringer/IF I WEREN'T SO ROMANTIC../Blue Sky JZ 35075 (By the act of looking for outside material, working with writing collaborators and by going to Michael Chapman for production assistance, Derringer makes a commitment to better albums. This is a good first step. The result is an under control hard rock. The first track is best.)

Don Ellis/LIVE AT MONTREUX/Atlantic SD 19178
(In a thank you note Don comments on the "astonishingly intense energy level" in his band's performance. You can hear what he is talking about and he is right to give credit where it's due. However, the full impact of the performance doesn't get on to the recording. Presence has been filtered out somewhere in the manufacturing process. Still, it is obvious that this big band is cooking.)
