KSD

A DISTINGUISHED
BROADCASTING STATION

First in St. Louis

**To Establish a Rigid Protection to
Listeners Against the Unworthy**

NBC
BASIC
RED
Network

Since KSD put the first programs on the air listeners have been protected against the unworthy. When advertisers began to offer commercial messages, KSD established and has continued a rigorous censorship. Today, it is generally acknowledged that commercial broadcasts over KSD must meet high standards of ethics—a protection which listeners and advertisers appreciate.
