Don't be mislead on the big Mid-Michigan market. WILS has been in the No. 1 spot for 7 straight years (Hooper '55-'62). Measure us by any rating service and you'll find WILS dominating. We lead (Jan.-Mar. '62 Hooper) in total audience (in all age groups), all time periods (by as much as 67%). Don't see red; see the '62 Hooper and our rep: Venard, Torbet & McConnell.

Lansing is now 14th in \$ sales per Household

* Stare at the black circle 10 seconds then look at the big red spots beside it. Doesn't this spotty, fast-fading illusion remind you of many of today's radio surveys?

A man with both feet on the ground

a solid, wide-awake, "get-aheadin-business" kind of man, keeps his eyes open for information he can use on the job...for facts that will help him (or his company) perform better, faster, more efficiently, more profitably. He knows, from constant observation, that the ad pages of his business-paper are a prime source of this information.

Issue after issue, there's nothing else in print so packed with news, ideas, information-facts calculated to keep you and your business growing.

Of course, by helping you, advertisers help themselves. The fact is: advertising in businesspapers means business for you-and for the advertiser.

"Music is well said to be the speech of angels." Thomas Carlyle

Music is also the *entree* to a big, vital and well-defined segment of the New York market: the 1,214,000 above-average families who depend on WQXR for fine music and The New York Times news. And who respond like angels to quality advertising on WQXR. Each year, for more than 400 advertisers, the distinctive voice of WQXR speaks with remarkable effectiveness in a marketplace where many voices are lost.

WQXR

America's No. 1 fine music station for 26 years 229 West 43rd Street, New York 36, N.Y.

Specialized Programming Sells Specialized Audiences

GERMAN

WPOW's Martha Ley has earned a strong, loyal Germanic following. Her interview programs have made her a most popular German radio personality in New York.

POLISH . . .

The Two Edwards, a "brother" team, have developed an ardent listenership among the Polish people in the New York area. Their hour program, four days a week, is directed to the Polish people, in their native tongue.

RELIGIOUS ...

In the religious field, most of the national and local programs are carried over WPOW. Religious programming each weekday plus inspirational music all day Sunday. National and local advertisers can capitalize on WPOW's established local personalities . . . "spot" their messages to these specialized groups with WPOW's selective programming. This here Valley is Heaven on Earth!

HAVE you ever been to Fargo, on business or to hunt them squawk-voiced pheasants?

If you haven't, you've no idea about how rich we live. The Encyclopaedia Britannica says that the Red River Valley, with its deep, alluvial soil, is one of the richest areas anywhere. Look up "Red River Valley" and see for yourself.

That's doubtless why WDAY Radio is one of the nation's most fabulous producers for radio advertisers — often outranking big clear-channel stations. If you've never heard the full story from PGW, you ain't hardly never heard nothing yet. Get it!

Mirror and mentor of radio/tv progress since 1931, BROADCAST-ING is the complete supplement to formal training. It pieces together the complex week from which a successful career may be planned. Briefly, it is the only industry-wide weekly source of news, ideas and information.

So helpful is BROADCASTING in bringing the practical side of broadcasting to the classroom that almost 100 of the nation's leading schools and colleges now include it among required materials in radio and tv courses.

If your school is not using BROAD-CASTING and would like to have information about money-saving plans for group subscriptions, write today to Subscription Manager:
