Contemporary reflections!

A dazzling new performer has captured the spotlight in the sophisticated world of contemporary sound.

Reflecting industry demands for comprehensive facilities, and studio reproduction quality in a transportable console, Ward-Beck presents the WBS T1202.

Another classic example of Ward-Beck's flawless dedication to engineering excellence!

First by Design.

HI TECHNOLOGY PRODUCT INNOVATORS

If we had set out to give you only the features our competition gives you, this is where we'd be today.

TIMES TECHNOLOGY BRINGS 54 CHANNEL CAPABILITY DOWN TO EARTH.

The face of CATV is changing...growing...with new metropolitan franchises demanding pay channels, tiered programming, and a host of proposed future services.

Times' 4000 series 'Lumifoam III'™ trunk and feeder cable now brings standard 54 channel capability to the CATV industry...to let you expand your programming as your system grows.

All 4000 series cables are 100% sweep-tested for premium electrical performance from 5 to 500 megahertz... at no premium in price. And 'Lumifoam III's'™ high performance, foam dielectric compound offers superior handling and installation characteristics...making it easy to plan ahead for expanded programming.

No special orders...No extended waiting time...Just down to earth expanded channel capability at no extra cost.

For more information, speak to your Man From Times. Or contact us at 358 Hall Avenue, Wallingford, CT 06492, telephone (800) 243-6904.
