## Spanish-language TV Stations

The following Spanish-language television stations operate within the United States or near the U.S. border. Readers should refer to the first part of section C for further information on the stations listed below.

### Arizona

Phoenix—KTUV-TV Phoenix (ch 33).

### California

Corona—KVEA(TV) Corona (ch 52).  
El Centro—XHBC-TV Mexicali, Mexico (ch 3).  
Fresno—KFTV(TV) Hanford (ch 21).  
Los Angeles—KMEX-TV Los Angeles (ch 34).  
Los Angeles—KSCI(TV) San Bernardino (ch 18).  
Sacramento—KCSO(TV) Modesto (ch 19).  
Salinas-Monterey—KSMS-TV Monterey (ch 67).  
San Diego—XEWT-TV Tijuana, Mexico (ch 12).  
San Francisco—KDTV(TV) San Francisco (ch 14).  
San Francisco—KSTS(TV) San Jose (ch 48).

### Florida

Fort Lauderdale—WSCV(TV) Fort Lauderdale (ch 51).  
Miami—WLT(TV) Miami (ch 23).

### Illinois

Chicago—WBBS-TV West Chicago (ch 60).

Chicago—WCIU-TV Chicago (ch 26).  
Chicago—WSNS(TV) Chicago (ch 44).

### Nevada

Reno—KREN-TV Reno (ch 27).

### New Mexico

Albuquerque—KLUZ-TV Albuquerque (ch 41).

### New York

New York—WNJU-TV Linden, N.J. (ch 47).  
New York—WXTV(TV) Paterson, N.J. (ch 41).

### Texas

Corpus Christi—KORO(TV) Corpus Christi (ch 28).  
El Paso—KINT-TV El Paso (ch 26).  
El Paso—XEJ-TV Juarez, Mexico (ch 5).  
El Paso—XEPM-TV Juarez, Mexico (ch 2).  
El Paso—XHIJ-TV Juarez, Mexico (ch 44).  
Houston—KXLN-TV Rosenberg (ch 45).  
Laredo—XEFE-TV Nuevo Laredo, Mexico (ch 2).  
San Antonio—KWEX-TV San Antonio (ch 41).

### Puerto Rico

Fajardo—WMTJ(TV) Fajardo (ch 40).  
Mayaguez—WNJX-TV Mayaguez (ch 22).  
Mayaguez—WOLE-TV Aguadilla (ch 12).  
Mayaguez—WORA-TV Mayaguez (ch 5).  
Mayaguez—WVEO(TV) Aguadilla (ch 44).

## TV Assignments

The following table of assignments contains the channels designated for the listed communities in the United States, its Territories, and possessions. Channels designated with an asterisk (\*) are designated for use by noncommercial educational broadcast stations only. A Station on a channel identified by a plus (+) or minus (-) mark is required to operate with its carrier frequencies offset 10 khz above or below, respectively, the nominal carrier frequencies.

Footnotes: 1) Following the decision in Docket 18261 (amendment of rules regarding geographic re-allocation of channels 1-20 to land mobile radio in the 25 largest urbanized areas of the U.S.) channels so indicated will not be available for use until further action by the FCC. 2) Channel 15 will not be available for television use until further action by the FCC. 3) This channel is not available for Elgin, Ill., unless FCC determines it is not needed at Joliet, Ill. 4) Stations using these assignments shall limit radiation toward stations on the same channel in Puerto Rico. 5) Operation on this channel is subject to the conditions, terms, and requirements set out in the Report and Order in Docket No. 19075, RM-1645, adopted Jan. 5, 1972, released Jan. 7, 1972, FCC 72-19. (Added FCC 72-19, Jan. 7, 1972). 6) Reserved for land mobile use.

FCC approved: August 10, 1984. Note: Founded in 1958 by Mid-Florida Inc. (John W. Kluge, Joseph L. Brechner and others). Mr. Brechner boosted holdings from 17% to 41.67% in 1959 when he bought stock from Mr. Kluge for \$350,000. Former call letters: WLOF-TV.

**WOFL(TV) Orlando (ch 35)**—Licensed to Meredith Corp., see Group Ownership. Previous owner: Control Group. Control Group sold its 60% interest in WOFL to Meredith, which already owned remaining 40%. Sale price: \$16 million. FCC approved: April 18, 1983 [For the Record, May 9, 1983]. Note: Founded by Sun World Broadcasters. Former call letters: WSWB-TV. It went off the air in 1976 and after protracted litigation, returned to the air in October 1979. It was sold to Omega in 1979 for \$5.6 million.

**WPTV(TV) Palm Beach (ch 5)**—Licensed to Scripps-Howard Bcstg. Co. (see Group Ownership). Former owner: John H. Phipps. Sale price: \$2 million. FCC approved: Dec. 13, 1961 [For the Record, Dec. 25, 1961]. Note: Founded by Theodore Granik and William H. Cook as WJNO-TV. Sold in 1956 to John H. Phipps for \$642,500.

**WMBB-TV Panama City (ch 13)**—Licensed to Buford Television. Former owner: Octagon Broadcasting Co. (Anthony C. Kupris). Sale price: \$12 million. FCC approved: December 5, 1986. Previous owner: Panhandle Broadcasting Co. Sale price: \$2.1 million. FCC approved: Feb. 28, 1977 [For the Record, March 21, 1977].

**WJHG-TV Panama City (ch 7)**—Licensed to WJHG-TV Inc. (owned by Gray Communications, see Group Ownership). Former owners: Mel Wheeler and wife. Former call letters: WJDM-TV. Sale price: \$340,000. FCC approved: June 29, 1960 [For the Record, July 4, 1960]. Note: Founded by J.D. Manley as WJDM(TV). Sold to Mr. Wheeler in 1957 for \$60,000. FCC approved: Nov. 21, 1957 [For the Record, Dec. 2, 1957].

**WEAR-TV Pensacola (ch 3)**—Licensed to Heritage Media (formerly Rollins Telescasting, Inc., which merged with Heritage in March 1987). Former Owner: Charles Smith, Mel Wheeler, et al. Sale price: \$1,400,000. FCC approval: 1959.

**WSUN-TV St. Petersburg (ch 38, now deleted)**—Licensed to WSUN Inc. (Controlled by H.Y. Levinson, 52.6%; and Celia D. Levinson, 23.58%). Former owner: City of St. Petersburg. Sale price: \$1,315,500 (with WSUN-AM). FCC approved: Feb. 23, 1966 [For the Record, March 7, 1966].

**WTSP-TV St. Petersburg (ch 10)**—Licensed to Great American Broadcasting (see Group Ownership). (This was part of the Tall Bcstg reorganization October 1987.) Former Owner: Gulf Bcst. Group (owned by Gulf United Corp.) (see Group Ownership). Sale price: \$755,000,000, including KTSP-TV, Phoenix; KTXH-TV, Houston; WGHF-TV, High Point, NC; KTXA-TV, Arlington (Ft. Worth), TX. FCC approved: May 30, 1985. [For the Record, April 15, 1985.] Previous owner: Rahall Communications. Sale price: Approx. \$30 million, including 4 radio stations. FCC approved: 1977.

**WWSB(TV) Sarasota (ch 40)**—Licensed to Southern Broadcast Associates. Former owner: Sarasota Bradenton TV Co. Sale price: \$40.5 million. FCC approved: November 13, 1985. [For the Record, September 16, 1985.] Former call letters: WXLTV.

**WTXL-TV Tallahassee (ch 27)**—Licensed to Tallahassee 27 Ltd. Partnership (owned by U.S. Communications Group). Former Owner: E. C. Allen. Sale price: \$3.8 million. FCC approved: January 27, 1984. Former call letters: WECA-TV.

**WFTS(TV) Tampa (ch 28)**—Licensed to Tampa Bay Television, Inc. (owned by Scripps-Howard Bcstg Co., see Group Ownership). Former Owner: Capital Cities Communications Inc. Sale price: \$246 million, including WXYZ-TV, Detroit. FCC approved: November 14, 1985. Previous owner: Family Bcst Group (Ian Wheeler, et al). Sale price: \$30.1 million. FCC approved: July 23, 1984.

**WTVT(TV) Tampa (ch 13)**—Licensed to Gillett Communications (see Group Ownership). Former owner: Gaylord Broadcasting Co. (see Group Ownership). Sale price: \$365 million. FCC approved: April 1987 [For the Record, March 23, 1987.] Original owners: W. Walter Tison and associates. Sale price: \$3.5 million plus assumption of \$500,000 of liabilities. FCC approved: July 19, 1956 [For the Record, July 30, 1956].

**WXFL(TV) Tampa (ch 8)**—Licensed to Tampa Television, Inc. (owned by Media General, Inc., see Newspaper Crossownership). Former Owner: Tribune Co. Sale price: \$17.5 million. FCC approved: 1965. Former call letters: WFLA-TV.

**WPEC(TV) West Palm Beach (ch 12)**—Licensed to PEC Communications Inc. Former owner: Gardens Bcstg Co. (Royal American Industries Inc., 66 2/3% owned by Bankers Life & Casualty Co.). Original call letters: WEAT-TV. Sale price: \$3,535,000. FCC approved: Oct. 26, 1973 [For the Record, Nov. 12, 1973]. Note: Founded by James R. and June H. Meacham in 1954. Sold to RKO General in 1955 for \$301,000 (with WEAT [AM]). Sold to Rex Rand and associates in 1957 for \$600,000. Rex Rand, 80%, and Bertram Lebar, 20%, sold station to Gardens Bcstg Co. for \$2.1 million (with WEAT [AM]) in 1964. FCC approved: Feb. 25, 1964 [For the Record, March 2, 1964].

**WTSG-TV Albany (ch 31)**—Licensed to NewSouth Media. Former owner: Gordon Communications. Sale price \$2.25 million. FCC approved: October 1987 [For the Record, April 27, 1987].

**WAGA-TV Atlanta (ch 5)**—Licensed to Gillett Communications, Inc. Former owner: Storer Communications, Inc. See KCST-TV, San Diego for details of sale.

**WATL-TV Atlanta (ch 36)**—Licensed to WATL-Inc. (owned by Outlet Communications Group) (see Group Ownership). Former owner: Rockefeller Group. For details of sale, see WCMH-TV, Columbus, OH. Previous owner: Outlet Communications. Sale price: \$332.1 million in group purchase (see WCMH-TV, Columbus, OH) for details. Previous owner: ATL Acquisition Corp. (Don Kennedy, 30.5%; D.R. Jones, 30.5%, and others). Sale price: \$27 million. FCC approved: Sept. 6, 1984. Previous owner: U.S. Communications of Georgia Inc. (80% owned by U.S. Communications Corp., controlled by A.V.C. Corp.). Sale price (for CP): \$23,500. FCC approved: July 17, 1974 [For the Record, July 29, 1974]. Note: Original owner, Robert W. Rounsaville, sold CP (as WATL-TV) to D.H. Overmyer in 1965 for \$100,000. D.H. Overmyer Communications Co. sold CP (as WMBO-TV) in 1967 to U.S. Communications of Georgia Inc. for \$1 million (with CP's for KEMO-TV San Francisco; WSCO-TV Newport, Ky.; WECCO-TV Pittsburgh and KJDO-TV Rosenberg, TX). FCC approved: Dec. 8, 1967 [For the Record, Dec. 18, 1967].

**WGNX(TV) Atlanta (ch 46)**—Licensed to WGNX, Inc. (owned by the Tribune Bcstg Co., see Group Ownership). Former Owner: Continental Bcstg Network Co. (see the Christian Bcstg Network in Group Ownership). Sale price: \$32 million. Former call letters: WANX-TV. FCC approved: Dec. 19, 1983 [For the Record, Dec. 19, 1983]. Note: Station went on air, June 6, 1971.

**WXIA-TV Atlanta (ch 11)**—Licensed to Pacific & Southern Co. (owned by the Gannett Co., see Group Ownership). Former owner: Combined Communications Corp., which was acquired by Gannett in 1979. For details, see KPNX-TV, Phoenix. (Fox, Wells & Rogers, 24.4%; Paulette B. Godfrey, 10.8%; DeSole Harrison Jr., 8.0%). Combined Communications Corp. and previous owner, Pacific & Southern Broadcasting Co. merged in an exchange of stock (valued in January 1973 at about \$38.6 million). FCC approved: Jan. 9, 1974 [BROADCASTING, Jan. 14, 1974]. Note: Founded by Atlanta Journal as WSB-TV. When Journal merged with Atlanta Constitution in 1950, it sold station to Broadcasting Inc. for \$525,000. In 1953, Broadcasting Inc. sold facilities (WLTV [TV]) to Crosley (later Avco) Broadcasting Corp. for \$1.5 million. Crosley sold station (WLVA-TV) in 1962 to Richard M. Fairbanks and Associates for \$2,251,000. Richard M. Fairbanks and others sold station to Pacific & Southern Broadcasting Co. in 1967 for \$15 million, including WIBC-AM-FM, Indianapolis. FCC approved: 1966. Later sold for \$12,892,000 as WAIL-TV in 1967 to Jupiter Bcstg Co., which later changed its name to Pacific & Southern Bcstg. Co.

**WAGT(TV) Augusta (ch 26)**—Licensed to WAGT Inc. (owned by Schurz Communications, see Group Ownership). Former owner: Augusta Telecasters (J. Thomas Jones, 55% and Francis Robertson, 45%). Sale price: \$5 million. FCC approved: May 14, 1980 [Changing Hands, June 2, 1980]. Former call letters: WATU-TV.

**WJBF(TV) Augusta (ch 6)**—Licensed to Commaqc, Inc. Former owner: SFN Companies, Inc., which was acquired by affiliates of Warburg, Pincas & Company and Hallmark Company in 1985 for \$425 million. (For details, see WFTV(TV), Orlando, FL.) For details of Commaqc sale, see WAPA-TV, San Juan, PR. FCC approved: October 2, 1986. Previous owner: Western Broadcasting Company. Sale price: \$116 million (including WFTV(TV), Orlando; WTVM(TV), Columbus, GA; WAPA-TV, San Juan, PR). FCC approved: Dec. 13, 1984. Previous owner: J.B. Fuqua (see Fuqua Industries stations, Group Ownership). Sale price: \$25 million. FCC approved: July 10, 1980 [Changing Hands, July 28, 1980].

**WRDW-TV Augusta (ch 12)**—Licensed to Television Station Partners (see Group Ownership). Former owner: Ziff-Davis Corp. Sale price: \$57 million (including WEYI-TV Saginaw, Mich.; WRCC-TV Rochester, N.Y. and WOTO-TV Steubenville, Ohio). FCC approved: Jan. 18, 1983 [For the Record, Feb. 7, 1983]. Note: Founded by Grover C. Maxwell Sr., Harry W. Jemigan Sr., Judge F. Frederick Kennedy, Allen M. Woodall and W.R. Ringson. Sold to Southeastern Newspapers in 1956 for \$1 million (with WRDW [AM]) [For the Record, Feb. 27, 1956]. Sold to the Friendly Group in 1959 for \$1.5 million. (formed into a company known as Federated Media Inc.) acquired WBNB-TV [BROADCASTING, Feb. 7, 1972].

# Television Marketplace

## The ADI Market Atlas

The Area of Dominant Influence is a geographic market design that defines each television market exclusive of the others, based on measurable viewing patterns. Each market's ADI consists of all counties in which the home market stations receive a preponderance of viewing, and every county in the continental U.S. is allocated exclusively to one ADI—there is no overlap. The total of all ADI's represents the total television households in the U.S.

The ADI is a standard market definition. As a television buying tool it is a geographic and demographic means for maximum efficiency. As a station tool it has applications for sales, programming, and promotion planning.

Following, in alphabetical order, are Arbitron Television's 212 ADI markets for

1987-88 with coverage maps for each; and county by county breakouts of TV households. Other data include the market's stations, their cities of license, channel numbers and network affiliations.

Coverage maps show total survey areas in light shading, the ADI's themselves outlined in black, and Arbitron Metro Rating Areas in white. The survey areas consist of all counties in which the home market stations are viewed to any significant extent, including via cable. The Metro Areas usually conform to U.S. Census Standard Metropolitan Statistical Areas.

Non-ADI markets do not meet Arbitron's criteria for having an ADI of their own; they are listed with the ADI of which they are a part.

A complete listing of the non-ADI markets and a cross-reference list for cities in multi-city ADI's appear on page C-147.

## Non-ADI Markets

The following single-county markets did not achieve ADI status because the preponderance of viewing is not to the home-market station. Neither did they meet the criteria of the 10% Rule to become an ADI. The home counties in non-ADI markets are assigned to the ADIs that do receive the preponderance of viewing.

Non-ADI market	Home county	ADI where located			
Akron, Ohio	Summit	Cleveland	Lakeland, Fla.	Polk	Tampa-St. Petersburg
Allentown, Pa.	Lehigh	Philadelphia	Las Cruces, N.M.	Dona Ana	El Paso

## The Markets Ranked by Size

Here are the television markets of the U.S. ranked in descending order by the number of television homes they contain. Also shown are the numbers of women, men, teenagers and children in each market and the percentage of the total U.S. population each represents.

All data is from the Arbitron Company and represents the Arbitron Television household and population estimates for the 1987-1988 season.

	ADI TV Households		ADI Women		ADI Men		ADI Teenagers		ADI children

## TV Markets by Nielsen Marketing Research Territory

Nielsen Marketing Research territory groupings are another standard way of reporting sales data. The following table ranks TV markets within each Nielsen Territory. This provides a yardstick for determining the number of spot markets needed to achieve a given coverage of a territory. For example, if the national media are not delivering sufficient advertising weight in New England,

the planner will find that 3 TV markets (Boston, Hartford and Providence) contain almost 80% of the New England territory households. Or, the planner can use the table to get a better idea of how and what TV markets are needed to cover all of New England. Data is from special Nielsen Station Index tabulation based on a January 1988 estimate.

Designated Market Area	TV		%		Rank	Designated Market Area	TV		%		Rank

## How Network Delivery Varies by Market

National advertisers use spot television to increase network advertising weight in specific markets to achieve a predetermined level. These market goals are derived from the advertising budget and the market's share of the brand's projected sales. Thus, a spot schedule is usually indicated where a market has an unusually high brand-sales potential, or where the network weight delivered for the brand is below the national average used in planning, or both.

The first factor, market brand potential, varies by product and is difficult to generalize. The second factor, local-market network audiences, must be generalized because planning is based upon next season's *anticipated* network performance. The prevalence of network package buys, which tend to deliver average audience levels, supports

the use of average data.

The following tabulation, chosen especially for the BROADCASTING/CABLECASTING YEARBOOK, shows Arbitron Television's Areas of Dominant Influence (ADI) in terms of percent of the total number of U.S. TV households. Also given, in like percentage terms, are the network audiences in each ADI market during prime-time hours. It is this market audience figure, when compared to the market's share of the population, that indicates whether the network commitment will perform above or below the national plan average in that market.

The figures are based on Arbitron Television's May 1987 Network Program Group Analysis.

Rank Market	ADI TV Households	ADI % of U.S. TV Households	-ABC-		-CBS-		-NBC-

## How to re-create instantly -- anytime -- the exact camera adjustments that gave you perfection today.

This problem is both technical and artistic. And the best solution ever developed is the built-in floppy disk system in Hitachi's Setup Control Panel, for SK-97D and SK-970D cameras.

Keep this "perfect look" on file.

For example, suppose you've spent a fussy 55 minutes adjusting your cameras for absolute perfection in tight closeups, for a special on kids and pets.

But as soon as you start shooting, the on-camera narrator becomes very ill and you have to

### SU-97D

#### Auto Setup Control Panel

- Built-in 3.5 inch floppy disk system
- Data Transfer between files
- Lens extender display
- Numeric keypad for file selection
- Camera number LED display

reschedule. This leaves you not feeling so well yourself. Because you know, in a day or two, you'll have to create that look again.

No problem -- with Hitachi's system. Setup and adjustment data from as many as six cameras and 32 scenes can be filed on a single floppy disk. You can automatically set up your cameras again anytime -- *exactly* the way they were. About two minutes is all it takes.

Other computerized camera systems can't do this. Only Hitachi has the software and the

built-in floppy disk drive that does it. On-board micro-computers in Hitachi's SK-970D and SK-97D cameras exchange data with the disk.

Think of the advantages. You can file and re-use camera adjustments that flatter the complexions of specific talent. You can match and keep on file the look of any continuing series.

The bottom line is -- you save time. You add to effective production time by cutting down setup time.

That's why a major network

### Hitachi SK-97D

# AT SYBERVISION WE HAVE A \$40 MILLION TV ADVERTISING BUDGET.

*And we're hungry to spend it!*

**Our 30-minute television commercials are currently aired by 600 broadcasters weekly. We're looking for at least 600 more.**

**S**YBERVISION, the world leader in personal achievement technology, offers documentary-like commercials that are unlike any you've seen. The reason is the products we sell. All our products were developed by world renown experts after years of scientific research at major universities. Our products lend themselves to a documentary presentation that will appeal to nearly all your viewing audience. Enhancing our commercials' appeal are our broadcast quality productions, which are equal to or above the standards of the television industry.

We currently offer three half hour commercials — *Weight Control: A Fat Free Future*; *Self Discipline: The Fire That Burns Within*; and *Journey of Discovery*, which tells the story of SyberVision

while introducing a wide range of our unique audio-video products. But, these are just a beginning. Because of the success of our television commercials, we will be developing new half hour shows featuring many of our more than 40 products. We invite your station or group of stations to carry our commercials and join the momentum that is SyberVision.

Here are some of the benefits from carrying SyberVision's half hour commercials:

- 1) You will increase profits for your station from selling us television time.
- 2) You will add a client that is in television marketing to stay.
- 3) Your viewers, if they follow what has been the norm, will have such remarkable success with our products that they will thank you for carrying our commercials.
- 4) Our commercials have information value that makes them more like documentaries than commercials. Our shows have actually drawn rating points in most markets.
- 5) Anyone who is not satisfied

with any of our products can return them to us within 60 days for a full refund (minus shipping and handling) — no questions asked.

So far, our commercials have been approved and shown by stations in every market in the country. If you aren't currently running SyberVision commercials, you can be sure that at least one of your competitors is.

To share in our advertising budget, contact Bill Gonzales, Director of Media Marketing, at 415-790-3637.

## Anatomy of Cable Regulations

**An outline of federal cable television rules, including current regulations and developments**

Cable television is regulated primarily by the FCC and by state and local governments. The federal Cable Communications Policy Act of 1984 imposed additional regulations on cable systems, but more important, it set limits on state and local regulation. The following contains selected and edited rules of the FCC and provisions of the Cable Communications Act.

### §76.5 Definitions.

(a) Cable television system. A facility consisting of a set of closed transmission paths and associated signal generation, reception, and control equipment that is designed to provide cable service which includes video programming and which is provided to multiple subscribers within a community, but such term does not include (1) a facility that serves only to retransmit the television signals of one or more television broadcast stations; (2) a facility that serves only subscribers in one or more multiple unit dwellings under common ownership control or management, unless such facility or facilities use any public right-of-way; (3) a facility of a common carrier which is subject, in whole or in part, to the provisions of Title II of the Communications Act of 1934, as amended, except that such facility shall be considered a cable system to the extent such facility is used in the transmission of video programming directly to subscribers; or (4) any facilities of any electric utility used solely for operating its electric utility systems.

NOTE: The provisions of Subparts D and F of this part shall also apply to all facilities defined previously as cable systems on or before April 28, 1985.

(b) Television station; television broadcast station. Any television broadcast station operating on a channel regularly assigned to its community by §73.606 of this chapter, and any television broadcast station licensed by a foreign government: provided, however, that a television broadcast station licensed by a foreign government shall not be entitled to assert a claim to carriage or program exclusivity, pursuant to Subpart D or F of this part, but may otherwise be carried if consistent with the rules.

(c) Television translator station. A television broadcast translator station as defined in §74.701 of this chapter.

(d) Qualified station. (1) Any television broadcast station, as defined in §76.5(b), except where such station would be considered a distant signal for copyright purposes, that with respect to a particular cable system: (i) Is licensed to a community whose reference point, as defined in §76.53, is within 50 miles of the principal headend of the cable system; and (ii) If a commercial station receives an average share of total viewing hours of at least 2 percent and a net weekly circulation of at least 5 percent, as defined in §76.5(k), in noncable households in the county served by the cable system or has been operational for less than one full year. For purposes of this section, a station is considered operational as of the date it initially commences operation under program test authority. Changes in station operations, for example, upgrade of facilities, transfer or assignment of license, or recommencement after operations have ceased, are not considered initial commencement of operations under this paragraph. The viewing standards of this paragraph shall not apply for one full year from June 10, 1987, to otherwise qualified stations that commenced operation on or after July 19, 1985, but before June 10, 1987 (the effective date of these rules). Once a commercial station has demonstrated that, on the basis of a full one-year survey season, it meets the viewing standard, it will be considered to have satisfied this standard for the remainder of the period until June 10, 1992; provided, however, that at any time after one year from the date a commercial station demonstrates that it meets the viewing standard, a cable system may nullify the station's mandatory signal carriage eligibility if it demonstrates, using the methodology specified in §76.55 of this part, that the station no longer meets the viewing standard.

(2) Any noncommercial educational television station's translator with 5 watts or higher power serving the cable community.

(3) A full service station or translator qualifies as a noncommercial educational station for purposes of these rules if it is licensed to a channel reserved for noncommercial educational use pursuant to §73.606 of this chapter. The Commission also will consider

whether stations operating on nonreserved channels qualify as noncommercial educational stations on a case-by-case basis.

(e) Grade A and Grade B contours. The field intensity contours defined in §73.683(a) of this chapter.

(f) Specified zone of a television broadcast station. The area extending 35 air miles from the reference point in the community to which that station is licensed or authorized by the Commission. A list of reference points is contained in §76.53. A television broadcast station that is authorized but not operating has a specified zone that terminates eighteen (18) months after the initial grant of its construction permit.

(g) Major television market. The specified zone of a commercial television station licensed to a community listed in §76.51, or a combination of such specified zones where more than one community is listed.

(h) Designated community in a major television market. A community listed in §76.51.

(i) Smaller television market. The specified zone of a commercial television station licensed to a community that is not listed in §76.51.

(j) Substantially duplicates. Regularly duplicates the network programming of one or more stations in a week during the hours of 6 to 11 p.m., local time, for a total of 14 or more hours.

(k) Significantly viewed. Viewed in other than cable television households as follows: (1) for a full or partial network station - a share of viewing hours of at least 3 percent (total week hours), and a net weekly circulation of at least 25 percent; and (2) for an independent station - a share of viewing hours of at least 2 percent (total week hours), and a net weekly circulation of at least 5 percent. See §76.54.

NOTE: As used in this paragraph, 'share of viewing hours' means the total hours that non-cable television households viewed the subject station during the week, expressed as a percentage of the total hours these households viewed all stations during the period, and 'net weekly circulation' means the number of non-cable television households that viewed the station for 5 minutes or more during the entire week, expressed as a percentage of the total non-cable television households in the survey area.

(l) Full network station. A commercial television broadcast station that generally carries in weekly prime time hours 85 percent of the hours of programming offered by one of the three major national television networks with which it has a primary affiliation (i.e., right of first refusal or first call).

(m) Partial network station. A commercial television broadcast station that generally carries in prime time more than 10 hours of programming per week offered by the three major national television networks, but less than the amount specified in paragraph (1) above.

## Cable Rules

(n) Independent station. A commercial television broadcast station that generally carries in prime time not more than 10 hours of programming per week offered by the three major national television networks.

(o) Network programming. The programming supplied by a national or regional television network, commercial or noncommercial.

(p) Prime time. The five-hour period from 6 to 11 p.m., local time, except that in the Central Time Zone the relevant period shall be between the hours of 5 and 10 p.m., and in the Mountain Time Zone each station shall elect whether the period shall be 6 to 11 p.m. or 5 to 10 p.m.

NOTE: Unless the Commission is notified to the contrary, a station in the Mountain Time Zone shall be presumed to have elected the 6 to 11 p.m. period.

(q) Cablecasting. Programming (exclusive of broadcast signals) carried on a cable television system. See paragraphs (l), (u), and (v) (Class II, III and IV cable television channels) of this section.

(r) Origination cablecasting. Programming (exclusive of broadcast signals) carried on a cable television system over one or more channels and subject to the exclusive control of the cable operator.

(s) Legally qualified candidate.

(1) Any person who:

(i) has publicly announced his or her intention to run for nomination or office;

(ii) is qualified under the applicable local, state, or federal law to hold the office for which he or she is a candidate; and,

(iii) has met the qualifications set forth in either subparagraphs (2), (3) or (4), below.

(2) A person seeking election to any public office including that of President or Vice President of the United States, or nomination for any public office except that of President or Vice President, by means of a primary, general or special election, shall be considered a legally qualified candidate if, in addition to meeting the criteria set forth in subparagraph (1) above, that person:

(i) has qualified for a place on the ballot, or

(ii) has publicly committed himself or herself to seeking election by the write-in method and is eligible under applicable law to be voted for by sticker, by writing in his or her name on the ballot or by other method, and makes a substantial showing that he or she is a bona fide candidate for nomination or office.

Persons seeking election to the office of President or Vice President of the United States shall, for the purposes of the Communications Act and the rules thereunder, be considered legally qualified candidates only in those states or territories (or the District of Columbia) in which they have met the requirements set forth in paragraphs (s)(1) and (2) of this rule; except, that any such person who has met the requirements set forth in paragraphs (s)(1) and (2) in at least 10 states (or nine and the District of Columbia) shall be considered a legally qualified candidate for election in all states, territories and the District of Columbia for purposes of this Act.

(3) A person seeking nomination to any public office except that of President or Vice President of the United States, by means of a convention, caucus or similar procedure, shall be considered a legally qualified candidate if, in addition to meeting the requirements set forth in paragraph (s)(1) above, that person makes a substantial showing that he or she is a bona fide candidate for such nomination: except, that no person shall be considered a legally qualified candidate for nomination by the means set forth in this paragraph prior to 90 days before the beginning of the convention, caucus or similar procedure in which he or she seeks nomination.

(4) A person seeking nomination for the Office of President or Vice President of the United States shall, for the purposes of the Communications Act and the rules thereunder, be considered a legally qualified candidate only in those states or territories (or the District of Columbia) in which, in addition to meeting the requirements set forth in paragraph (s)(1), above:

(i) he or she, or proposed delegates on his or her behalf, have qualified for the primary or Presidential preference ballot in that state, territory or the District of Columbia, or

(ii) he or she has made a substantial showing of bona fide candidacy for such nomination in that state, territory or the District of Columbia; except, that such person meeting the requirements set forth in paragraph (s)(1) and (4) in at least 10 states (or nine and

the District of Columbia) shall be considered a legally qualified candidate for nomination in all states, territories and the District of Columbia for purposes of this Act.

(5) The term 'substantial showing' of bona fide candidacy as used in paragraphs (s)(2), (3) and (4) above means evidence that the person claiming to be a candidate has engaged to a substantial degree in activities commonly associated with political campaigning. Such activities normally would include making campaign speeches, distributing campaign literature, issuing press releases, maintaining a campaign committee, and establishing headquarters (even though the headquarters in some instances might be the residence of the candidate or his campaign manager). Not all of the listed activities are necessarily required in each case to demonstrate a substantial showing, and there may be activities not listed herein which would contribute to such a showing.

(i) Class I cable television channel. A signaling path provided by a cable television system to relay to subscriber terminals television broadcast programs that are received off-the-air or are obtained by microwave or by direct connection to a television broadcast station.

(u) Class II cable television channel. A signaling path provided by a cable television system to deliver to subscriber terminals television signals that are intended for reception by a television broadcast receiver without the use of an auxiliary decoding device and which signals are not involved in a broadcast transmission path.

(v) Class III cable television channel. A signaling path provided by a cable television system to deliver to subscriber terminals signals that are intended for reception by equipment other than a television broadcast receiver or by a television broadcast receiver only when used with auxiliary decoding equipment.

(w) Class IV cable television channel. A signaling path provided by a cable television system to transmit signals of any type from a subscriber terminal to another point in the cable television system.

(x) Subscriber terminal. The cable television system terminal to which a subscriber's equipment is connected. Separate terminals may be provided for delivery of signals of various classes. NOTE: Terminal devices interconnected to subscriber terminals of a cable system shall comply with Subpart H of Part 15.

(y) System noise. That combination of undesired and fluctuating disturbances within a cable television channel that degrades the transmission of the desired signal and that is due to modulation processes or thermal or other noise-producing effects, but does not include hum and other undesired signals of discrete frequency. System noise is specified in terms of its rms voltage or its mean power level as measured in the 4 MHz bandwidth between 1.25 and 5.25 MHz above the lower channel boundary of a cable television channel.

(z) Terminal isolation. The attenuation, at any subscriber terminal, between that terminal and any other subscriber terminal in the cable television system.

(aa) Visual signal level. The rms voltage produced by the visual signal during the transmission of synchronizing pulses.

(bb) Affiliate. When used in relation to any person, another person who owns or controls, is owned or controlled by, or is under common ownership or control with, such person.

(cc) Person. An individual, partnership, association, joint stock company, trust, corporation or governmental entity.

(dd) Significant interest. A cognizable interest for attributing interests in broadcast, cable, and newspaper properties pursuant to §§73.3555, 73.3615 and 76.501.

(ee) Cable system operator. Any person or group of persons (1) who provides cable service over a cable system and directly or through one or more affiliates owns a significant interest in such cable system; or (2) who otherwise controls or is responsible for, through any arrangement, the management and operation of such a cable system.

(ff) System community unit; community unit. A cable television system, or portion of a cable television system, that operates or will operate within a separate and distinct community or municipal entity (including unincorporated communities within unincorporated areas and including single, discrete unincorporated areas).

(gg) Subscriber. A member of the general public who receives broadcast programming distributed by a cable television system and does not further distribute it.

(hh) Cable service. The one-way transmission to subscribers of video programming, or other programming service; and, subscriber interaction, if any, which is required for the selection of such video programming or other programming service. For the purposes of this definition, 'video programming' is programming provided by, or generally considered comparable to programming provided by, a television broadcast station; and, 'other programming service' is information that a cable operator makes available to all subscribers generally.

(ii) Basic cable service. For purposes of regulating the rates for the provision of basic cable service in circumstances in which a cable system is not subject to effective competition, basic cable service is any service tier which includes the retransmission of any broadcast television signals in the following categories:

(1) For communities located outside all major and smaller television markets (as defined in this section):

(i) television broadcast stations within whose Grade B contours the community of the community unit is located, in whole or in part;

(ii) television translator stations with 100 watts or higher power serving the community of the community unit and for community units that commence operations or expand channel capacity after March 30, 1972, noncommercial educational translator stations with 5 watts or higher power serving the community of the community unit;

(iii) noncommercial educational television broadcast stations within whose specified zone the community of the community unit is located, in whole or in part;

(iv) commercial television broadcast stations that are significantly viewed in the community of the community unit. See §76.54.

(2) For communities in smaller television markets (as defined in this section):

(i) television broadcast stations within whose specified zone the community of the community unit is located, in whole or in part;

(ii) noncommercial educational television broadcast stations within whose Grade B contours the community of the community unit is located, in whole or in part;

(iii) commercial television broadcast stations licensed to communities in other smaller television markets, within whose Grade B contours the community of the community unit is located, in whole or in part;

(iv) television broadcast stations licensed to other communities which are generally considered to be part of the same smaller television market (example: Burlington, Vt.-Plattsburgh, N.Y., television market);

(v) television translator stations with 100 watts or higher power serving the community of the community unit and, for community units that commence operations or expand channel capacity after March 30, 1972, noncommercial educational translator stations with 5 watts or higher power serving the community of the community unit;

(vi) commercial television broadcast stations that are significantly viewed in the community of the community unit. See §76.54.

(3) For communities in major television markets (as defined in this section) and in communities located both wholly or partially within both major and smaller television markets:

(i) television broadcast stations within whose specified zone the community of the community unit is located, in whole or in part;

(ii) noncommercial educational television broadcast stations within whose Grade B contours the community of the community unit is located, in whole or in part;

(iii) television translator stations with 100 watts or higher power serving the community of the community unit and, for those community units that commence operations or expand channel capacity after March 30, 1972, noncommercial educational translator stations with 5 watts or higher power serving the community of the community unit;

(iv) television broadcast stations licensed to other designated communities of the same major television market (example: Cincinnati, Ohio-Newport, Ky., television market);

(v) commercial television broadcast stations that are significantly viewed in the community of the community unit. See §76.54.

(4) In the absence of at least three signals in one of the above categories, any unaltered broadcast television signals.

(jj) Usable activated channels. Channels engineered at the headend of the cable system for the provision of services generally available to residential subscribers of the cable system, regardless of whether such services are actually provided, including any channel designated for public, educational or governmental use but excluding channels whose use for the

distribution of broadcast signals would conflict with technical and safety regulations. See Part 76, Subpart K.

(kk) Principal headend. The location of the cable system equipment used to process the signals of television broadcast stations for redistribution to subscribers. Where more than one location meets the above definition, the cable operator shall designate a single location as the principal headend.

(ll) Television survey season. The twelve-month period beginning April 1 of one year and ending March 31 of the following year.

(mm) Input selector switch. Any device that enables a viewer to select between cable service and off-the-air television signals. Such a device may be more sophisticated than a mere two-sided switch, may utilize other cable interface equipment, and may be built into consumer television receivers.

#### Standards for rate regulation (76.33)

(a) A franchising authority may regulate the rates of a cable system granted a franchise after December 29, 1984, and any cable system after December 29, 1986, subject to the following conditions:

(1) Only basic cable service may be regulated;

(2) Only cable systems that are not subject to effective competition may be rate regulated. A cable system will be determined to have effective competition whenever at least three unduplicated signals serve the cable community. Signals shall be counted if they place a Grade B contour (as defined in §73.683 of our Rules) over any portion of the cable community, are significantly viewed within the community (as defined in §76.54 of our Rules) or are translator stations licensed to serve the cable community, provided that the translators are not used to retransmit stations already providing Grade B contour or significantly viewed signals within the cable community. The Commission may grant exceptions to this standard where the franchising authority demonstrates with engineering studies in accordance with §73.686 of the Commission's Rules and other showings that such signals are not in fact available within the community.

(3) A cable system once determined to be subject to effective competition shall not be subject to regulation for one year after any change in market conditions which would cause it to be determined not to be subject to effective competition.

(4) A cable system may automatically pass through to the basic service rate without franchising authority approval cost increases that are readily identifiable and entirely attributable to the provision of basic service. Rate increases of this type may be taken in addition to the automatic five percent annual rate increase to which the cable systems may be entitled under Title VI of the Communications Act.

(b) For franchises granted on or before December 29, 1984, a franchising authority may, until December 29, 1986, to the extent provided in the franchise agreement:

(1) Regulate the rates for the provision of basic cable service;

(2) Require the provision of any tier of service without charge (disregarding any installation or rental charge for equipment necessary for receipt of such tier); and

(3) Regulate the rates for the initial installation or the rental of one set of the minimum equipment necessary to receive basic cable service.

(c) Any state or local law in existence on December 29, 1984, which limits or preempts regulation of rates for cable service by any franchising authority shall remain in effect until December 29, 1986, to the extent that it provides for such limitation or preemption.

(d) In establishing any rate for the provision of basic cable service by cable systems subject to paragraph (a) of this section, the franchising authority shall: (1) give formal notice to the public; (2) provide an opportunity for interested parties to make their views known, at least through written submissions; and (3) make a formal statement (including summary explanation) when a decision on a rate matter is made.

(e) Any party may petition the Commission for relief of the provisions in this section in accordance with the provisions and procedures set forth in §76.7 for petitions for special relief.

#### Network Program Nonduplication Protection (76.92).

(a) Any community unit which operates in a community located in whole or in part within the 35-mile specified zone of any commercial television broadcast station or within the secondary zone which extends 20 miles beyond the specified zone of a smaller market television broadcast station (55 miles altogether), and which carries the signal of such station shall, except as provided in paragraphs (e) and (f) of this section,

delete, upon request of the station licensee or permittee, the duplicating network programming of lower priority signals in the manner and to the extent specified in Sections §§76.94 and 76.95 [of the FCC rules].

(b) For purposes of this section, the order of nonduplication priority of television signals carried by a community unit is as follows:

(1) First, all television broadcast stations within whose specified zone the community of the community unit is located, in whole or in part;

(2) Second, all smaller market television broadcast stations within whose secondary zone the community of the community unit is located, in whole or in part.

(c) For purposes of this section, all noncommercial educational television broadcast stations licensed to a community located in whole or in part within a major television market as specified in §76.51 shall be treated in the same manner as a major market commercial television broadcast station, and all noncommercial educational television broadcast stations not licensed to a community located in whole or in part within a major television market shall be treated in the same manner as a smaller market television broadcast station.

(d) Any community unit operating in a community to which a 100-watt or higher power translator station is licensed, which translator is located within the predicted Grade B signal contour of the television broadcast station that the translator station retransmits, and which translator is carried by the community unit shall, upon request of such translator station licensee or permittee, delete the duplicating network programming of any television broadcast station whose reference point (See §76.53) is more than 55 miles from the community of the community unit.

(e) Any community unit which operates in a community located in whole or in part within the specified zone of

any television broadcast station or within the secondary zone of a smaller market television broadcast station is not required to delete the duplicating network programming of any 100-watt or higher power television translator station which is licensed to the community of the community unit.

(f) Any community unit which operates in a community located in whole or in part within the secondary zone of a smaller market television broadcast station is not required to delete the duplicating network programming of any major market television broadcast station whose reference point (See §76.53) is also within 55 miles of the community of the community unit.

(g) A community unit is not required to delete the duplicating network programming of any television broadcast station which is significantly viewed in the cable television community pursuant to §76.54.

#### Mandatory Carriage of Television Stations (76.56).

(a) A cable system shall carry the signals of qualified television stations in accordance with the following provisions:

(1) A cable system shall carry the signals of qualified noncommercial educational television stations or retransmitters of such stations, as follows:

(i) A cable system with fewer than 54 usable activated channels shall carry the signal of one qualified noncommercial educational station or translator;

(ii) A cable system with 54 or more usable activated channels shall carry the signals of two qualified noncommercial educational stations or translators.

(2) A cable system with 21 or more usable activated

## A short course in cable, 1988

There are 8,000 operating cable systems in the U.S., serving some 23,000 communities. Another 500 franchises are approved but not built. Texas has the most systems (552) and California the most subscribers (4.2 million). Operating systems currently reach about 43.2 million subscribers, perhaps over 120 million people—49.3% of the nation's TV households. The largest (Cox Cable in San Diego) has about 279,200 subscribers. Some have fewer than 100. Tele-Communications Inc. is the largest multiple system operator (MSO), with more than 5,100,000 subscribers. Industry revenues last year totaled approximately \$11.4 billion. Most systems offer 20 or more channels. Systems constructed after March 1972 must have a minimum 20-channel capacity. The average monthly fee (basic service) is \$13. Costs of laying cable range from \$10,000 per mile in rural areas to \$100,000 in urban areas and up to \$300,000 where underground cable is required. An estimated 4,200 systems originate programming in their own studios, the average for 23 hours weekly. Equipment costs are as low as \$30,000 for a small black and white operation and \$200,000 for a color studio. Over 1,600 systems (20% of all systems) accept advertising on their local origination channels (excluding automated channels), with rates from \$2 to \$300 per 30-second spot. Most cable systems derive less than 5% of their gross revenues from advertising. Pay cable is on approximately 7,200 systems and reaches 32 million subscribers in 50 states. Most pay cable operators are reporting close to 84% penetration of their subscriber count. Home Box Office Inc. initiated the first national satellite interconnected pay network Sept. 30, 1975, using transponder time leased on the Satcom satellite. Aside from contracting for packaged pay programs, like HBO, cable operators can lease a channel to a pay program operator or secure their own programming directly from a supplier. Almost 32% of all cable systems have ties with broadcast interests, over 20% with program producers and approximately 18% with newspapers. Many systems have multiple cross-ownership ties.

## Cable Rules

channels shall carry the signals of qualified television stations as follows:

Cable channels	TV signals	Cable channels	TV signals
21-29	7	78-81	20
30-33	8	82-85	21
34-37	9	86-89	22
38-41	10	90-93	23
42-45	11	94-97	24
46-49	12	98-101	25
50-53	13	102-105	26
54-57	14	106-109	27
58-61	15	110-113	28
62-65	16	114-117	29
66-69	17	118-121	30
70-73	18	122-125	31
74-77	19	above 125	25% of capacity

(b) Where the number of qualified television station signals exceeds the number that a cable system is required to carry pursuant to paragraph (a) of this section, the cable system may select which signals to carry, except that carriage of qualified noncommercial educational station signals pursuant to paragraph (a)(1) of this section is nondiscretionary.

(c) In complying with the provisions of this section, a cable system shall be permitted but shall not be required to carry the signal of any qualified station that:

(1) Substantially duplicates the signal of another qualified television station affiliated with a particular commercial national network;

(2) Fails to deliver to the cable system principal headend a picture of high quality providing enjoyable viewing and in which interference is no greater than just perceptible.

(3) Is duplicated by another station that is carried; including where both a commercial parent station and its satellite station(s) qualify, and, in the case of noncommercial stations, where a parent station and its satellite and/or translator station(s) qualify.

(d) A cable system shall not accept direct (monetary) payment or other indirect (nonmonetary) consideration in exchange for carriage of the signal of any qualified television station carried in fulfillment of mandatory signal carriage obligations, except that any such station may bear any costs associated with delivering a good quality signal, as defined in paragraph (c)(2) of this section, to the cable system.

(e) A cable system shall identify on request those stations carried in fulfillment of its must carry signal carriage obligations.

### **§76.55 Qualified television station; method to be followed for showings.**

A commercial television station shall demonstrate that, for the previous survey season, it meets the viewing standard specified in §76.5(d)(1)(ii) on the basis of an independent professional survey of noncable homes conducted according to the following provisions:

(a) If the station has been operational for at least one complete television survey season, the survey shall cover four separate, consecutive four-week periods, including one in each of the four quarters of the survey season (i.e., April-June, July-September, October-December, January-March), and be conducted pursuant to the methodology used to compile Appendix B of the /m5Memorandum Opinion and Order on Reconsideration of Cable Television Report and Order, FCC 72-530, 36 FCC 2d 326 (1972).

(b) If the station has been operational, as defined in §76.5(d)(1)(ii), for less than one complete television survey season, the survey shall cover a single period of at least two weeks. The survey sample shall be proportionally distributed among the noncable homes in the county served by the cable system and shall be of sufficient size to assure that the reported results are at least one standard error above the required viewing standard.

### **§76.60 Carriage of Other Television Signals.**

(a) In addition to the qualified television station(s) carried pursuant to §76.56, a cable system may carry the signals of any other television stations, and also may carry low power television stations, television translator stations, foreign television stations, satellite distributed program services, direct broadcast satellite stations and programming from any other sources.

(b) A cable system shall be permitted, but shall not be required, to carry any subscription television broadcast program or any ancillary service transmis-

sion on the vertical blanking interval or the aural baseband of any television broadcast signal including, but not limited to, multichannel television sound and teletext.

### **Manner of Carriage (76.62).**

(a) Where a qualified television broadcast signal is carried by a cable system in fulfillment of the mandatory signal obligations set forth in this part of the rules:

(1) the signal shall be carried in full, without deletion or alteration of any portion, except as required by this part;

(2) the signal shall be carried without material degradation.

(b) Where a broadcast television station carried in fulfillment of mandatory signal carriage obligations is carried on a tier of service, all signals carried in fulfillment of those obligations must be carried on that tier; Provided, however, that a signal carried in fulfillment of mandatory signal carriage obligations may be placed on a tier of service, reception of which requires a separate terminal device, if such devices are provided free of charge to all subscribers.

(c) All broadcast television stations carried in fulfillment of mandatory carriage obligations must be included on the lowest-priced tier of service separately available to each cable subscriber. The tier of service on which such stations are carried also must be accessible on additional receiver connections which the subscriber may purchase.

(d) Where a television broadcast signal otherwise is carried by a cable system pursuant to the rules in this part, programs broadcast shall be carried in full, without alteration or deletion of any portion, except as required by this part.

### **Expiration of Mandatory Carriage Provision (76.64).**

The [must carry] provisions shall remain in force until January 15, 1992, and shall thereafter be of no further force or effect.

### **Input Selector Switches and consumer education (76.66).**

(a) A cable system operator shall offer to supply to each new subscriber and each existing subscriber an input selector switch for each separate television receiver for which cable service is provided by the cable operator. The operator shall comply with the following in offering the switch and installing cable service:

(1) Offer to supply and install a switch for all new and existing subscribers within six months of June 10, 1987, and thereafter on an annual basis until June 10, 1992, unless the subscriber already has an input selector switching device or his/her television has such a device built-in;

(2) A cable operator may charge for the purchase or lease of switches and associated hardware and may separately charge for installation of switches for existing subscribers. However, a cable operator may not charge new subscribers a separate fee for switch installation.

(3) A cable system operator is not required to provide a switch to any subscriber who declines the required offer, but is not thereby relieved from making the offer to any such subscriber thereafter on an annual basis;

(4) The switch offer shall be made using text chosen by the cable operator that includes the following points:

(i) An offer to supply an input selector switch for each separate television receiver to which cable service is provided;

(ii) The switch connects both to the cable service and an antenna, and enables selection between cable service and off-the-air broadcast television signals;

(iii) If the subscriber already has switching capability, either in a separate device or as a built-in feature of his/her television receiver, an additional switch may not be needed;

(iv) If the subscriber desires switching capability, he/she may have the cable system install a switch or may obtain a switch from it with written self-installation instructions;

(v) Switching capability may be obtained from other suppliers; and,

(vi) For the subscriber's convenience, attach an offer response form to be returned to the cable system's business office.

(5) Comply with the following requirements with respect to antennas:

(i) If an antenna is present, the operator shall not recommend that the antenna be removed.

(ii) If an antenna is not present, the operator shall

inform the subscriber that the switch will be operational only if it is connected to an antenna;

(iii) Where the operator installs a switch and an antenna is present, it shall connect the switch to that existing antenna.

(b) Individual cable subscribers are not required to purchase or lease input selector switches from their cable system. Subscribers may obtain such switches from suppliers other than their cable systems. Although cable subscribers are encouraged to establish and maintain independent access to off-the-air broadcast signals, they are not required to do so.

(c) The cable system operator shall provide the following information to each subscriber at the time of installation of cable service and to existing subscribers, in writing, within six months after June 10, 1987, and annually thereafter to all subscribers, using whatever language the operator deems appropriate to convey the following:

(1) Until June 10, 1992, the cable system may not be required to carry all broadcast signals available off-the-air in the community; and that,

(2) After June 10, 1992, the cable system will no longer be required to carry any broadcast signals; and thus,

(3) It may be necessary to use an antenna, in conjunction with an input selector switch, to access broadcast signals available off-the-air and not carried by the cable system;

(4) A description of the function of an input selector switch and state that its purpose is to aid the viewer in preserving independent access to off-the-air television service;

(5) That input selector switches may be obtained from suppliers other than the cable system and that there may be a range of switch options available, such as simple cable/broadcast switches, multiple input source switches, electronic switches, remote control switches, and receivers with built-in switches;

(6) Identify for their subscribers, by call sign and channel number, any full service broadcast signals not carried on the cable system whose predicted Grade B contour covers any portion of the cable community or that are 'significantly viewed' in the cable community, as defined in §76.5(k) of the rules (the list of stations must be current to within one month of the distribution of the information required pursuant to this paragraph);

(7) Indicate that questions related to input selector switches should be directed to a specified individual at the cable system and provide a telephone number at which that person can be reached.

### **Origination Cablecasts by Candidates for Public Office (76.205).**

(a) **General requirements.** If a cable television system operator shall permit any legally qualified candidate for public office to use the system's cablecasting channel(s) and facilities therefor, the system operator shall afford equal opportunities to all other such candidates for that office; provided, however, that such cable television system operator shall have no power of censorship over the material cablecast by any such candidate; and provided, further, that an appearance by a legally qualified candidate on any:

- (1) Bona fide newscast,
- (2) Bona fide news interview,
- (3) Bona fide news documentary (if the appearance of the candidate is incidental to the presentation of the subject or subjects covered by the news documentary), or
- (4) On-the-spot coverage of bona fide news events (including but not limited to political conventions and activities incidental thereto), shall not be deemed to be use of the facilities of the system within the meaning of this paragraph.

Editor's Note: The fairness doctrine has in the past been applicable to these exempt categories.

(b) **Charges for use of cable systems.** The charges, if any, made for the use of any cable television system by any person who is a legally qualified candidate for any public office in connection with his campaign for nomination for election, or election, to such office shall not exceed:

(1) During the 45 days preceding the date of a primary or primary runoff election and during the 60 days preceding the date of a general or special election in which such person is a candidate, the lowest unit charge of the cable television system for the same class and amount of time for the same period, and

(2) At any other time the charges made for comparable use of such system by other users thereof. The rates, if any, charged all such candidates for the same office shall be uniform and shall not be rebated by any means direct or indirect. A candidate shall be charged

no more than the rate the cable television system would charge if the candidate were a commercial advertiser whose advertising was directed to promoting its business within the same area as that encompassed by the particular office for which such person is a candidate. All discount privileges otherwise offered by a cable television system to commercial advertisers shall be available upon equal terms to candidates for public office.

(c) **Discrimination between candidates.** In making time available to candidates for public office, no cable television system operator shall make any discrimination between candidates in practices, regulations, facilities, or services for or in connection with the service rendered pursuant to this party, or make or give any preference to any candidate for public office or subject any such candidate to any prejudice or disadvantage; nor shall any cable television system operator make any contract or other agreement which shall have the effect of permitting any legally qualified candidate for any public office to cablecast to the exclusion of other legally qualified candidates for the same public office.

(d) **Records, inspection.** Every cable television system operator shall keep and permit public inspection of a complete record (political file) of all requests for cablecast time made by or on behalf of candidates for public office, together with an appropriate notation showing the disposition made by the cable television system operator of such requests, and the charges made, if any, if request is granted. When free time is provided for use by or on behalf of such candidates, a record of the free time provided shall be placed in the political file. All records required by this paragraph shall be placed in the political file as soon as possible and shall be retained for a period of two years.

(e) **Time of request.** A request for equal opportunities for use of the origination channel(s) must be submitted to the cable television system operator within one (1) week of the day on which the first prior use, giving rise to the right of equal opportunities, occurred: provided, however, that where a person was not a candidate at the time of such first prior use, he shall submit his request within one (1) week of the first subsequent use after he has become a legally qualified candidate for the office in question.

(f) **Burden of proof.** A candidate requesting such equal opportunities of the cable television system operator, or complaining of noncompliance to the Commission, shall have the burden of proving that he and his opponent are legally qualified candidates for the same public office.

#### **Fairness Doctrine; Personal Attacks; Political Editorials (76.209).**

(a) A cable television system operator engaging in origination cablecasting shall afford reasonable opportunity for the discussion of conflicting views on issues of public importance.

(b) When, during such origination cablecasting, an attack is made upon the honesty, character, integrity, or like personal qualities of an identified person or group, the cable television system operator shall, within a reasonable time and in no event later than one (1) week after the attack, transmit to the person or group attacked: (1) notification of the date, time, and identification of the cablecast; (2) a script or tape (or an accurate summary if a script or tape is not available) of the attack; and (3) an offer of a reasonable opportunity to respond over the system's facilities.

(c) The provisions of paragraph (b) of this section shall not apply to cablecast material which falls within one or more of the following categories:

(1) Personal attacks on foreign groups or foreign public figures;

(2) Personal attacks occurring during uses by legally qualified candidates.

(3) Personal attacks made during cablecasts not included in paragraph (b)(2) of this section and made by legally qualified candidates, their authorized spokespersons or persons associated with the candidates in the campaign; and

(4) Bona fide newscasts, bona fide news interviews, and on-the-spot coverage of bona fide news events (including commentary or analysis contained in the foregoing programs, but, the provisions of paragraph (b) of this section shall be applicable to editorials of the cable television system operator).

(d) Where a cable television system operator, in an editorial, (1) endorses or (2) opposes a legally qualified candidate or candidates, the system operator shall, within 24 hours of the editorial, transmit to respectively (i) the other qualified candidate or candidates for the same office, or (ii) the candidate opposed in the editorial, (a) notification of the date,

time, and channel of the editorial; (b) a script or tape of the editorial; and (c) an offer of a reasonable opportunity for a candidate or a spokesman of the candidate to respond over the system's facilities: provided, however, that where such editorials are cablecast within 72 hours prior to the day of the election, the system operator shall comply with the provisions of this paragraph sufficiently far in advance of the broadcast to enable the candidate or candidates to have a reasonable opportunity to prepare a response and to present it in a timely fashion.

#### **Lotteries (76.213).**

(a) No cable television system operator, except as in paragraph (c), when engaged in origination cablecasting shall transmit or permit to be transmitted on the origination cablecasting channel or channels any advertisement of or information concerning any lottery, gift, enterprise, or similar scheme, offering prizes dependent in whole or in part upon lot or chance, or any list of prizes drawn or awarded by means of any such lottery, gift enterprise, or scheme, whether said list contains any part or all of such prizes.

(b) The determination whether a particular program comes within the provisions of paragraph (a) of this section depends on the facts of each case. However, the Commission will in any event consider that a program comes within the provisions of paragraph (a) of this section if in connection with such program a prize consisting of money or thing of value is awarded to any person whose selection is dependent in whole or in part upon lot or chance, if as a condition of winning or competing for such prize, such winner or winners are required to furnish any money or thing of value or are required to have in their possession any product sold, manufactured, furnished, or distributed by a sponsor of a program cablecast on the system in question.

(c) The provisions of paragraphs (a) and (b) of this section shall not apply to advertisements or lists of prizes or information concerning a lottery conducted by a State acting under the authority of State law when such information is transmitted:

(1) by a cable system located in that State,

(2) by a cable system located in an adjacent State which also conducts such a lottery, or

(3) by a cable system located in another State which is integrated with a cable system described in (c)(1) or (2) herein, if termination of the receipt of such transmission by the cable system in such other State would be technically infeasible.

(d) For the purposes of paragraph (c) lottery means the pooling of proceeds derived from the sale of tickets or chances and allotting those proceeds or parts thereof by chance to one or more chance takers or ticket purchasers. It does not include the placing or accepting of bets or wagers on sporting events or contests.

#### **Sponsorship Identification; List Retention; Related Requirements (76.221).**

(a) When a cable television system operator engaged in origination cablecasting presents any matter for which money, service, or other valuable consideration is either directly or indirectly paid or promised to, or charged or accepted by such cable television system operator, the cable television system operator, at the time of the cablecast, shall announce (i) that such matter is sponsored, paid for, or furnished, either in whole and or in part, and (ii) by whom or on whose behalf such consideration was supplied: provided, however, that "service or other valuable consideration" shall not include any service or property furnished either without or at a nominal charge for use on, or in connection with, a cablecast unless it is so furnished in consideration for an identification of any person, product, service, trademark, or brand name beyond an identification reasonably related to the use of such service or property on the cablecast. For the purposes of this section, the term "sponsored" shall be deemed to have the same meaning as "paid for".

(b) Each cable television system operator engaged in origination cablecasting shall exercise reasonable diligence to obtain from its employees, and from other persons with whom it deals directly in connection with any matter for cablecasting, information to enable such system operator to make the announcement required by this section.

(c) In the case of any political origination cablecast or any origination cablecast matter involving the discussion of public controversial issues for which any film, record, transcription, talent, script or other material or service of any kind is furnished, either directly or indirectly, to a cable television system operator as an inducement for cablecasting such matter, an announcement shall be made both at the

beginning and conclusion of such cablecast on which such material or service is used that such film record, transcription, talent, script or other material or service has been furnished to such cable television system operator in connection with the transmission of such cablecast matter: provided, however, that in the case of any cablecast of five minutes' duration or less, only one such announcement need be made either at the beginning or conclusion of the cablecast.

(d) The announcement required by this section shall, in addition to stating the fact that the origination cablecasting matter was sponsored, paid for or furnished, fully and fairly disclose the true identity of the person or persons, or corporation, committee, association or other unincorporated group, or other entity by whom or on whose behalf such payment is made or promised or from whom or on whose behalf such services or other valuable consideration is received, or by whom the material or services referred to in paragraph (c) of this section are furnished. Where an agent or other person or entity contracts or otherwise makes arrangements with a cable television system operator on behalf of another, and such fact is known or by the exercise of reasonable diligence, as specified in paragraph (b) if this section, could be known to the system operator, the announcement shall disclose the identity of the person or persons or entity on whose behalf such agent is acting instead of the name of such agent. Where the origination cablecasting material is political matter or matter involving the discussion of controversial issue of public importance and a corporation, committee, association or other unincorporated group, or other entity is paying for or furnishing the matter, the system operator shall, in addition to making the announcement required by this section, require that a list of the chief executive officers or members of the executive committee or of the board of directors of the corporation, committee, association or other unincorporated group, or other entity shall be made available for public inspection at the local office of the system. Such lists shall be kept and made available for a period of two years.

(e) In the case of origination cablecast matter advertising commercial products or services, an announcement stating the sponsor's corporate or trade name, or the name of the sponsor's product, when it is clear that the mention of the name of the product constitutes a sponsorship identification, shall be deemed sufficient for the purposes of this section and only one such announcement need be made at any time during the course of the cablecast.

(f) The announcement otherwise required by this section is waived with respect to the origination cablecast of "want ad" or classified advertisements sponsored by an individual. The waiver granted in this paragraph shall not extend to a classified advertisement or want ad sponsorship by any form of business enterprise, corporate or otherwise. Whenever sponsorship announcements are omitted pursuant to this paragraph, the cable television system operator shall observe the following conditions:

(1) Maintain a list showing name, address and (where available) the telephone number of each advertiser;

(2) Make this list available to the members of the public who have a legitimate interest in obtaining the information contained in the list.

(g) The announcements required by this section are waived with respect to feature motion picture films produced initially and primarily for theater exhibition.

NOTE: The waiver heretofore granted by the Commission in its Report and Order, adopted November 16, 1960 (FCC 60-1369; 40 FCC 95), continues to apply to programs filmed or recorded on or before June 20, 1963, when §73.654(e), the predecessor television rule, went into effect.

(h) Commission interpretations in connection with the provisions of the sponsorship identification rules for the broadcasting services are contained in the Commission's Public Notice, entitled "Applicability of Sponsorship Identification Rules," dated May 6, 1963 (40 FCC 141), as modified by Public Notice dated April 21, 1975 (FCC 75-418). Further interpretations are printed in full in various volumes of the Federal Communications Commission Reports. The interpretations made for the broadcasting services are equally applicable to origination cablecasting.

#### **Cross-Ownership (76.501; edited and summarized).**

(a) No cable television system (including all parties under common control) shall carry the signal of any

## Cable Rules

television broadcast station if such system directly or indirectly owns, operates, controls, or has an interest in:

(1) A national television network (such as ABC, CBS or NBC); or

(2) A TV broadcast station whose predicted Grade B contour, computed in accordance with §73.684 of part 73 of this chapter, overlaps in whole or in part the service area of such system (i.e., the area within which the system is serving subscribers).

(A) Only those stockholders need be considered who are officers or directors or who directly or indirectly own 1 percent or more of the outstanding voting stock.

(B) Stock ownership by an investment company as defined in 15 U.S.C. Section 80 a-3, by a bank holding stock through its trust accounts or by an insurance company need be considered only if officers or directors of the the corporation are representatives of the investment company, bank or insurance company or if it directly or indirectly owns 5 percent or more of the outstanding voting stock, provided, however, that the investment company, bank or insurance company exercise no control over the management or policies of the corporation. Holdings by a bank or insurance company shall be aggregated if the bank or insurance company has any right to determine how the stock will be voted. Holdings by investment companies shall be aggregated if under common management.

(C) In calculating the percentage of ownership of voting stock under the provisions of (B), if an investment company, bank or insurance company directly or indirectly owns voting stock in an intermediate company which in turn directly or indirectly owns 50 percent or more of the voting stock of the corporation, the investment company, bank or insurance company shall be considered to own the same percentage of outstanding shares of such corporation as it owns of the intermediate company, provided, however, that such holdings need not be considered where the intermediate company owns less than 50 percent of the voting stock, but officers or directors of the corporation who are representatives of the intermediate company shall be deemed to be representatives of the investment company, bank or insurance company if the investment company, bank insurance company owns 5 percent or more of the intermediate company.

(D) In cases where record and beneficial ownership of voting stock is not identical (e.g., bank nominees holding stock as record owners for the benefit of mutual funds, brokerage houses holding stock in street names for the benefit of customers, trusts holding stock as record owners for the benefit of designated parties, and insurance companies holding stock), the party having the right to determine how the stock will be voted will be considered to own it for the purposes of these rules.

### Cable Television System Reports (76.403)

The operator of every operational cable television system shall correct and/or furnish information in response to forms, encompassing each community unit, mailed to said operator by the Commission. These include:

Community unit data; "Annual Report of Cable Television System," Form 325, Schedule 1.

Physical system data; "Annual Report of Cable Television System," Form 325, Schedule 2.

Operator ownership data; "Annual Report of Cable Television System," Form 325, Schedules 3 and 4.

These forms shall be completed and returned to the Commission within 60 days after the date of mailing by the Commission.

### Channel Access Enforcement (76.10).

(a) Any person aggrieved by the failure or refusal of a cable operator to make commercial channel capacity available in accordance with the provisions of Title VI of the Communications Act may bring an action in the district court of the United States for the judicial district in which the cable system is located to compel that such capacity be made available.

(b) Any person aggrieved by the failure or refusal of a cable operator to make commercial channel capacity available in accordance with the provisions of Title VI of the Communications Act may petition the Commission for relief upon showing of three prior adjudication violations. Records of previous adjudications resulting in a court determination that the operator has violated the provisions of the Communications Act concerning

commercial channel access shall be considered as sufficient for the showing necessary under this section.

(c) Petitions filed with the Commission in response to paragraph (b) shall be made in accordance with the provisions and procedures set forth in §76.7 for petitions for special relief.

### Lockbox Enforcement (76.11)

Any party aggrieved by the failure or refusal of a cable operator to provide a lockbox as provided for in title VI of the Communications Act may petition the Commission for relief in accordance with the provisions and procedures set forth in §76.7 for petitions for special relief.

### Registration Statement Required (76.12).

A separate unit shall be authorized to commence operation only after filing with the Commission the following information:

(a) The legal name of the operator, Entity Identification or Social Security number, and whether the operator is an individual, private association, partnership, or corporation. If the operator is a partnership, the legal name of the partner responsible for communications with the Commission shall be supplied;

(b) The assumed name (if any) used for doing business in the community;

(c) The mail address, including zip code, and the telephone number to which all communications are to be directed;

(d) The date the system provided service to 50 subscribers;

(e) The name of the community area served and the county in which it is located;

(f) The television broadcast signals to be carried which previously have not been certified or registered.

### Scope of Application (76.300).

(a) The provisions of §§76.306, and 76.307 and 76.311 are applicable to all cable television systems.

(b) The provisions of §§76.301 and 76.305 are not applicable to any cable television system serving fewer than 1,000 subscribers.

### Copies of Rules (76.301).

The operator of a cable television system shall have a current copy of Part 76, and is expected to be familiar with the rules governing cable television systems.

### Records to be Maintained Locally by Cable Television System Operators for Public Inspection (76.305).

(a) **Records to be maintained.** The operator of every cable television system having 1,000 or more subscribers shall maintain for public inspection a file containing a copy of all records which are required to be kept by §76.205(d) (origination cablecasts by candidates for public office); §76.221(f) (sponsorship identification); and §76.311(j) (EEO Records available for public inspection).

(b) **Location of records.** The public inspection file shall be maintained at the office which the system operator maintains for ordinary collection of subscriber charges, resolution of subscriber complaints, and other business or at any accessible place in the community served by the system unit(s) (such as a public registry for documents or an attorney's office). The public inspection file shall be available for public inspection at any time during regular business hours.

(c) **Period of retention.** The records specified in paragraph (a) shall be retained for the periods specified in §§76.205(d), 76.221(f) and 76.79.

(d) **Reproduction of records.** Copies of any material in the public inspection file shall be available for machine reproduction upon request made in person, provided the requesting party shall pay the reasonable cost for reproduction. Request for machine copies shall be fulfilled at a location specified by the system operator, within a reasonable period of time, which in no event shall be longer than seven days. The system Operator is not required to honor requests made by mail but may do so if it so chooses.

### System Inspection (76.307).

The operator of a cable television system shall make the system, its public inspection file (if required by §76.305), and its records of subscribers available for inspection upon request by an authorized representative of the Commission at any reasonable hour.

### Subpart E D Equal Employment Opportunity Requirements—

#### Scope of Application (76.71).

(a) The provisions of the subpart shall apply to any corporation, partnership, association, joint-stock company, or trust engaged primarily in the management

or operation of any cable system. Cable entities subject to these provisions include those systems defined in §76.5(a) of the rules and all satellite master antenna systems serving 50 or more subscribers.

(b) **Employment units.** The provisions of this subpart shall apply to cable entities as employment units. Each cable entity may be considered a separate employment unit; however where two or more cable entities are under common ownership or control and are interrelated in their local management, operation and utilization of employees, they shall constitute a single employment unit.

(c) **Headquarters office.** A multiple cable operator shall treat as a separate unit each headquarters office to the extent the work of that office is primarily related to the operation of more than one employment unit as described in paragraph (b) of this section.

#### General EEO Policy (76.73).

(a) Equal opportunity in employment shall be afforded by each cable entity to all qualified persons, and no person shall be discriminated against in employment by such entity because of race, color, religion, national origin, age or sex.

(b) Each employment unit shall establish, maintain and carry out a positive program of specific practices designed to assure equal opportunity to every aspect of cable system employment policy and practice. Under the terms of its program, an employment unit shall:

(1) Define the responsibility of each level of management to ensure a positive application and vigorous enforcement of its policy of equal opportunity, and establish a procedure to review and control managerial and supervisory performance;

(2) Inform its employees and recognized employee organizations of the positive equal employment opportunity policy and program and enlist their cooperation;

(3) Communicate its equal employment opportunity policy and program and its employment needs to sources of qualified applicants without regard to race, color, religion, national origin, age or sex, and solicit their recruitment assistance on a continuing basis;

(4) Conduct a continuing program to exclude every form of prejudice or discrimination based upon race, color, religion, national origin, age or sex, and solicit their recruitment assistance on a continuing basis;

(5) Conduct a continuing review of job structure and employment practices and adopt positive recruitment, training, job design and other measures needed to ensure genuine equality of opportunity to participate fully in all organizational units, occupations and levels of responsibility.

#### EEO Program Requirements (76.75).

An employment unit's equal employment opportunity program should reasonably address itself to the specific areas set forth below, to the extent possible and to the extent that they are appropriate in terms of employment unit size, location, etc.:

(a) Disseminate its equal employment opportunity program to job applicants, employees and those with whom it regularly does business. For example, this requirement may be met by:

(1) Posting notices in the employment unit's office and places of employment informing employees and applicants for employment of their equal employment opportunity rights, and their right to notify the Equal Employment Opportunity Commission, the Federal Communications Commission or other appropriate agency, if they believe they have been discriminated against. Where a significant percentage of employees, employment applicants or residents of the community of a cable television system or the relevant labor area are Hispanic, such notices should be posted in Spanish and English. Similar use should be made of other languages in such posted equal opportunity notices, where appropriate;

(2) Placing a notice in bold type on the employment application informing prospective employees that discrimination because of race, color, religion, national origin, age or sex is prohibited and that they may notify the Equal Employment Commission, the Federal Communications Commission or other appropriate agency if they believe they have been discriminated against.

(b) Use minority organizations, organizations for women, media, educational institutions and other potential sources of minority and female applicants, to supply referrals whenever job vacancies are available in its operation. For example, this requirement may be met by:

(1) Placing employment advertisements in media that have significant circulation among minority-group people in the recruiting area;

(2) Recruiting through schools and colleges with significant minority-group enrollments;

(3) Maintaining systematic contacts with minority and human relations organizations, leaders and spokesmen to encourage referral of qualified minority or female applicants;

(4) Encouraging current employees to refer minority or female applicants;

(5) Making known to the appropriate recruitment sources in the employer's immediate area that qualified minority members and females are being sought for consideration whenever the employment unit hires.

(c) Evaluate its employment profile and job turnover against the availability of minorities and women in its franchise area. For example, this requirement may be met by:

(1) Comparing composition of relevant labor area with the composition of the entity's employees;

(2) Comparing its employees, within each job category, with the people available for such positions;

(3) Where there is underrepresentation of either minorities and/or women, examining the company's personnel policies and practices to assure that they do not inadvertently screen out any protected group and take appropriate action where necessary.

NOTE: These data are generally available on a metropolitan statistical area (MSA), primary metropolitan statistical area (PMSA) or county basis.

(d) Undertake to offer promotions of minorities and women in a non-discriminatory fashion to positions of greater responsibility. For example, this requirement may be met by:

(1) Instructing those who make decisions on placement and promotion that minority employees and females are to be considered without discrimination, and that the job areas in which there is little or no minority or female representation should be reviewed to determine whether this results from discrimination;

(2) Giving minority groups and female employees equal opportunity for positions which lead to higher positions. Inquiring as to the interest and skills of all lower paid employees with respect to any of the higher paid position, followed by assistance, counseling and effective measures to enable employees with interest and potential to qualify themselves for such positions;

(3) Providing opportunity to perform overtime work on a basis that does not discriminate against qualified minority group or female employees.

(e) Encourage minority and female entrepreneurs to conduct business with all parts of its operation. For example, this requirement may be met by:

(1) Recruiting as wide as possible a pool of qualified entrepreneurs from sources such as employee referrals, community groups, contractors, associations and other sources likely to be representative of minority and female interests.

(f) Analyze the results of its efforts to recruit, hire, promote and use the services of minorities and women and explain any difficulties encountered in implementing its equal employment opportunity program. For example, this requirement may be met by:

(1) Where union agreements exist, cooperating with the union or unions in the development of programs to assure qualified minority persons or females of equal opportunity for employment, and including an effective nondiscrimination clause in new or renegotiated union agreements;

(2) Avoiding use of selection techniques or tests that have the effect of discriminating against qualified minority groups or females;

(3) Reviewing seniority practices to ensure that such practices are nondiscriminatory;

(4) Examining rates of pay and fringe benefits for employees having the same duties, and eliminating any inequities based upon race or sex discrimination.

#### Reporting Requirements (§76.77).

(a) **Annual employment report.** Each employment unit with six or more full-time employees shall file an annual employment report (FCC Form 395A) with the Commission on or before May 1 of each year. Employment data on the annual employment report shall reflect the figures from any one payroll period in January, February or March of the year during which the report is filed. Unless instructed otherwise by the FCC, the same payroll period shall be used for each successive annual employment report.

(b) **Certification of Compliance.** The Commission will use the information submitted on Form 395A to determine whether cable systems are in compliance with the provisions of this subpart. Cable systems found to be in compliance with these rules will receive a Certificate of Compliance.

(c) **Investigations.** The Commission will investigate each cable system at least once every five years.

Cable systems are required to submit supplemental investigation information with their regular Form 395A reports in the years they are investigated.

#### Records Available for Public Inspection (§76.79).

(a) A copy of every annual employment report, and any other employment report filed with the Commission, and complaint report that has been filed with the Commission, and copies of all exhibits, letters and other documents filed as part thereof, all amendments thereto, all correspondence between the cable entity and the Commission pertaining to the reports after they have been filed in all documents incorporated therein by reference, unless specifically exempted from the requirement, are open for public inspection at the offices of the Commission in Washington, D.C.

(b) Every employment unit shall maintain for public inspection a file containing copies of all annual reports. Each document shall be retained for a period of five years. The file shall be maintained at the central office and at every location with more than five full-time employees. A headquarters employment unit file and a file containing a consolidated set of all documents pertaining to the other employment units of a multiple cable operator shall be maintained at the central office of the headquarters employment unit. The cable entity shall provide reasonable accommodations at these locations for undisturbed inspection of his equal employment opportunity records by members of the public during regular business hours.

## Cable Act of 1984

#### Cable Channels for Public, Educational, or Governmental Use (§611).

(a) A franchising authority may establish requirements in a franchise with respect to the designation or use of channel capacity for public, educational, or governmental use only to the extent provided in this section.

(b) A franchising authority may in its request for proposals require as part of a franchise, and may require as part of a cable operator's proposal for a franchise renewal, subject to section 626, that channel capacity be designated for public, educational, or governmental use, and channel capacity on institutional networks be designated for educational or governmental use, and may require rules and procedures for the use of the channel capacity pursuant to this section.

(c) A franchising authority may enforce any requirement in any franchise regarding the providing or use of such channel capacity. Such enforcement authority includes the authority to enforce any provisions of the franchise for services, facilities, or equipment proposed by the cable operator which relate to public, educational, or governmental use of channel capacity, whether or not required by the franchising authority pursuant to subsection (b).

(d) In the case of any franchise under which the channel capacity is designated under subsection (b), the franchising authority shall prescribe:

(1) rules and procedures under which the cable operator is permitted to use such channel capacity for the provision of other services if such channel capacity is not being used for the purposes designated, and

(2) rules and procedures under which such permitted use shall cease.

(e) Subject to section 624(d), a cable operator shall not exercise any editorial control over any public, educational, or governmental use of channel capacity provided pursuant to this subsection.

(f) For the purposes of this section, the term "institutional network" means a communication network which is constructed or operated by the cable operator and which is generally available only to subscribers who are not residential subscribers.

#### Cable Channels for Commercial Use. (§612)

(a) The purpose of this section is to assure that the widest possible diversity of information sources are made available to the public from the cable systems in a manner consistent with growth and development of cable systems.

(b)(1) A cable operator shall designate channel capacity for commercial use by persons unaffiliated with the operator in accordance with the following requirements:

(A) An operator of any cable system with 36 or more (but not more than 54) activated channels shall designate 10 percent of such channels which are not

otherwise required for use (or the use of which is not prohibited) by Federal law or regulation.

(B) An operator of any cable system with 55 or more (but not more than 100) activated channels shall designate 15 percent of such channels which are not otherwise required for use (or the use of which is not prohibited) by Federal law or regulation.

(C) An operator of any cable system with more than 100 activated channels shall designate 15 percent of all such channels.

(D) An operator of any cable system with fewer than 36 activated channels shall not be required to designate channel capacity for commercial use by persons unaffiliated with the operator, unless the cable system is required to provide such channel capacity under the terms of the franchise in effect on the date of the enactment of this title.

(E) An operator of any cable system in operation on the date of the enactment of this title shall not be required to remove any service actually being provided on July 1, 1984, in order to comply with this section, but shall make channel capacity available for commercial use as such capacity becomes available until such time as the cable operator is in full compliance with this section.

(2) Any Federal agency, State, or franchising authority may not require any cable system to designate channel capacity for commercial use by unaffiliated persons in excess of the capacity specified in paragraph (1), except as otherwise provided in this section.

(3) A cable operator may not be required, as part of a request for proposals or as part of a proposal for renewal, subject to section 626, to designate channel capacity for any use (other than commercial use by unaffiliated persons under this section) except as provided in sections 611 and 637, but a cable operator may offer in a franchise, or proposal for renewal thereof, to provide, consistent with applicable law, such capacity for other than commercial use by such persons.

(4) A cable operator may use any unused channel capacity designated pursuant to this section until the use of such channel capacity is obtained, pursuant to a written agreement, by a person unaffiliated with the operator.

(5) For the purposes of this section:

(A) The term "activated channels" means those channels engineered at the headend of the cable system for the provision of services generally available to residential subscribers of the cable system, regardless of whether such services actually are provided, including any channel designated for public, educational, or governmental use; and

(B) The term "commercial use" means the provision of video programming, whether or not for profit.

(6) Any channel capacity which has been designated for public, educational, or governmental use may not be considered as designated under this section for commercial use for purpose of this section.

(c)(1) If a person unaffiliated with the cable operator seeks to use channel capacity designated pursuant to subsection (b) for commercial use, the cable operator shall establish, consistent with the purpose of this section, the price, terms, and conditions of such use which are at least sufficient to assure that such use will not adversely affect the operation, financial condition, or market development of the cable system.

(2) A cable operator shall not exercise any editorial control over any video programming provided pursuant to this section, or in any other way consider the content of such programming, except that an operator may consider such content to the minimum extent necessary to establish a reasonable price for the commercial use of designated channel capacity by an unaffiliated person.

(3) Any cable system channel designated in accordance with this section shall not be used to provide a cable service that is being provided over such system on the date of the enactment of this title, if the provision of such programming is intended to avoid the purpose of this section.

#### Ownership Restrictions (§613).

(a) It shall be unlawful for any person to be a cable operator if such person, directly or through one or more affiliates, owns or controls, the license of a television broadcast station and the predicted grade B contour of such station covers any portion of the community served by such cable operator's system.

## Cable Rules

(b)(1) It shall be unlawful for any common carrier, subject in whole or in part to title II of this Act, to provide video programming directly to subscribers in its telephone service area, either directly or indirectly through an affiliate owned by, operated by, controlled by, or under common control with the common carrier.

(2) It shall be unlawful for any common carrier, subject in whole or in part to title II of this Act, to provide channels of communications or pole line conduit space, or other rental arrangements, to any entity which is directly or indirectly owned by, operated by, controlled by, or under common control with such common carrier, if such facilities or arrangements are to be used for, or in connection with, the provision of video programming directly to subscribers in the telephone service area of the common carrier.

(3) This subsection shall not apply to any common carrier to the extent such carrier provides telephone exchange service in any rural area (as defined by the Commission).

(4) In those areas where the provision of video programming directly to subscribers through a cable system demonstrably could not exist except through a cable system owned by, operated by, controlled by, or affiliated with the common carrier involved, or upon their showing of good cause, the Commission may, on petition for waiver, waive the applicability of paragraphs (1) and (2) of this subsection. Any such waiver shall be made in accordance with §63.56 of title 47, Code of Federal Regulations (as in effect September 20, 1984) and shall be granted by the Commission upon a finding that the issuance of such waiver is justified by the particular circumstances demonstrated by the petitioner, taking into account the policy of this subsection.

(c) The Commission may prescribe rules with respect to the ownership or control of cable systems by persons who own or control other media of mass communications which serve the same community served by the cable system.

(d) Any State or franchising authority may not prohibit the ownership or control of a cable system by any person because of such person's ownership or control of any media of mass communications or other media interests.

(e)(1) Subject to paragraph (2), a State or franchising authority may hold any ownership interest in any cable system.

(2) Any State or franchising authority shall not exercise any editorial control regarding the content of any cable service on a cable system in which such governmental entity holds ownership interest (other than programming on any channel designated for educational or governmental use), unless such control is exercised through an entity separate from the franchising authority.

(f) This section shall not apply to prohibit any combination of any interests held by any person on July 1, 1984, to the extent of the interests so held as of such date, if the holding of such interests was not inconsistent with any applicable Federal or State law or regulation in effect on that date.

(g) For the purposes of this section, the term "media of mass communications" shall have the meaning given such term under section 309(i)(3)(C)(i) of this Act.

### General Franchise Requirements (§621).

(a)(1) A franchising authority may award, in accordance with the provisions of this title, 1 or more franchises within its jurisdiction.

(2) Any franchise shall be construed to authorize the construction of a cable system over public rights-of-way, and through easements, which is within the area to be served by the cable system and which have been dedicated for compatible uses, except that in using such easements the cable operator shall ensure:

(A) that the safety, functioning, and appearance of the property and the convenience and safety of other persons not be adversely affected by the installation or construction of facilities necessary for a cable system;

(B) that the cost of the installation, construction, operation, or removal of such facilities be borne by the cable operator or subscriber, or a combination of both; and

(C) that the owner of the property be justly compensated by the cable operator for any damages caused by the installation, construction, operation, or removal of such facilities by the cable operator.

(3) In awarding a franchise or franchises, a franchising authority shall assure that access to cable service is

not denied to any group of potential residential cable subscribers because of the income of the residents of the local cable area in which the group resides.

(b)(1) Except to the extent provided in paragraph (2), a cable operator may not provide cable service without a franchise.

(2) Paragraph (1) shall not require any person lawfully providing cable service without a franchise on July 1, 1984, to obtain a franchise unless the franchising authority so requires.

(c) Any cable system shall not be subject to regulation as a common carrier or utility by reason of providing any cable service.

(d)(1) A State or the Commission may require the filing of informational tariffs for any intrastate communications service provided by a cable system, other than cable service, that would be common carrier subject, in whole or in part, to title II of this Act. Such informational tariffs shall specify the rates, terms and conditions for the provision of such service, including whether it is made available to all subscribers generally, and shall take effect on the date specified therein.

(2) Nothing in this title shall be construed to affect the authority of any State to regulate any cable operator to the extent that such operator provides any communication service other than cable service, whether offered on a common carrier or private contract basis.

(3) For the purposes of this subsection, the term "State" has the meaning given it in section (3)(v).

(e) Nothing in this title shall be construed to affect the authority of any State to license or otherwise regulate any facility or combination of facilities which serves only subscribers in one or more multiple unit dwellings under common ownership, control, or management and which does not use any public right-of-way.

### Franchise Fees (§622).

(a) Subject to the limitation of subsection (b), any cable operator may be required under terms of any franchise to pay a franchise fee.

(b) For any twelve-month period, the franchise fee paid by a cable operator with respect to any cable system shall not exceed 5 percent of such cable operator's gross revenues derived in such period from the operation of the cable system. For the purposes of this section, the 12-month period shall be the 12-month period applicable under the franchise for accounting purposes. Nothing in this subsection shall prohibit a franchising authority and a cable operator from agreeing that franchise fees which lawfully could be collected for any such 12-month period shall be paid on a prepaid or deferred basis; except that the sum of the fees paid during the term of the franchise may not exceed the amount, including the time value of money, which would have lawfully been collected if such fees had been paid per annum.

(c) A cable operator may pass through to subscribers the amount of any increase in a franchise fee, unless the franchising authority demonstrates that the rate structure specified in the franchise reflects all costs of franchise fees and so notifies the cable operator in writing.

(d) In any court action under subsection (c), the franchising authority shall demonstrate that the rate structure reflects all costs of the franchise fees.

(e) Any cable operator shall pass through to subscribers the amount of any decrease in the franchise fee.

(f) A cable operator may designate that portion of a subscriber's bill attributable to the franchise fee as a separate item on the bill.

(g) For the purposes of this section:

(1) the term "franchise fee" includes any tax, fee, or assessment of any kind imposed by a franchising authority or other governmental entity on a cable operator or cable subscriber, or both, solely because of their status as such.

(2) the term "franchise fee" does not include:

(A) any tax, fee, or assessment of general applicability (including any such tax, fee, or assessment imposed on both utilities and cable operators or their services but not including a tax, fee, or assessment which is unduly discriminatory against cable operators or cable subscribers);

(B) in the case of any franchise in effect on the date of the enactment of this title, payments which are required by the franchise to be made by the cable operator during the term of such franchise for, or in support of the use of, public, educational, or governmental access facilities;

(C) in the case of any franchise granted after such date if enactment, capital costs which are required by the franchise to be incurred by the cable operator for public, educational, or governmental access facilities;

(D) requirements or charges incidental to the awarding or enforcing of the franchise, including payments for bonds, security funds, letters of credit, insurance, indemnification, penalties, or liquidated damages; or

(E) any fee imposed under title 17, United States Code.

(h)(1) Nothing in this Act shall be construed to limit any authority of a franchising authority to impose a tax, fee, or other assessment of any kind on any person (other than a cable operator) with respect to cable service or other communications service provided by such person over a cable system for which charges are assessed to subscribers but not received by the cable operator.

(2) For any 12-month period, the fees paid by such person with respect to any such cable service or other communications service shall not exceed 5 percent of such person's gross revenue derived in such period from the provision of such service over the cable system.

(i) Any Federal agency may not regulate the amount of the franchise fees paid by a cable operator, or regulate the use of funds derived from such fees, except as provided in this section.

### Regulation of Services, Facilities, and Equipment (§624).

(a) Any franchising authority may not regulate the services, facilities, and equipment provided by a cable operator except to the extent consistent with this title.

(b) In the case of any franchise granted after the effective date of this title, the franchising authority, to the extent related to the establishment or operation of a cable system:

(1) in its request for proposals for a franchise (including requests for renewal proposals, subject to section 626), may establish requirements for facilities and equipment, but may not establish requirements for video programming or other information services; and

(2) subject to section 625, may enforce any requirements contained within the franchise:

(A) for facilities and equipment; and

(B) for broad categories of video programming or other services.

(c) In the case of franchise in effect on the effective date of this title, the franchising authority may, subject to section 625, enforce requirements contained within the franchise for the provision of services, facilities, and equipment, whether or not related to the establishment or operation of a cable system.

(d)(1) Nothing in this title shall be construed as prohibiting a franchising authority and a cable operator from specifying, in a franchise or renewal thereof, that certain cable services shall not be provided or shall be provided subject to conditions, if such cable services are obscene or are otherwise unprotected by the Constitution of the United States.

(2)(A) In order to restrict the viewing of programming which is obscene or indecent, upon the request of a subscriber, a cable operator shall provide (by sale or lease) a device by which the subscriber can prohibit viewing of a particular cable service during periods selected by that subscriber.

(B) Subparagraph (A) shall take effect 180 days after the effective date of this title.

(e) The Commission may establish technical standards relating to the facilities and equipment of cable systems which franchising authority may require in the franchise.

(f)(1) Any Federal agency, State, or franchising authority may not impose requirements regarding the provision or content of cable services, except as expressly provided in this title.

(2) Paragraph (1) shall not apply to:

(A) any rule, regulation, or order issued under any Federal law, as such rule, regulation, or order (i) was in effect on September 21, 1983, or (ii) may be amended after such date if the rule, regulation, or order as amended is not inconsistent with the express provisions of this title; and

(B) any rule, regulation, or order under title 17, United States Code.

### Modification of Franchise Obligations (§625).

(a)(1) During the period a franchise is in effect, the cable operator may obtain from the franchising authority modifications of the requirements of the franchise:

(A) in the case of any such requirements for facilities or equipment, including public, educational, or governmental access facilities or equipment, if the cable operator demonstrates that (i) it is commercially

impracticable for the operator to comply with such requirement, and (ii) the proposal by the cable operator for modification of such requirement is appropriate because of commercial impracticability; or

(B) in the case of any such requirement for services, if the cable operator demonstrates that the mix, quality, and level of services required by the franchise at the time it was granted will be maintained after such modification.

(2) Any final decision by a franchising authority under this subsection shall be made in a public proceeding. Such decision shall be made within 120 days after receipt of such request by the franchising authority, unless such 120 day period is extended by mutual agreement of the cable operator and the franchising authority.

(b)(1) Any cable operator whose request for modification under subsection (a) has been denied by a final decision of a franchising authority may obtain modification of such franchise requirements pursuant to the provisions of section 635.

(2) In the case of any proposed modification of a requirement for facilities or equipment, the court shall grant such modification only if the cable operator demonstrates to the court that:

(A) it is commercially impracticable for the operator to comply with such requirement; and

(B) the terms of the modification requested are appropriate because of commercial impracticability.

(3) In the case of any proposed modification of a requirement for services, the court shall grant such modification only if the cable operator demonstrates to the court that the mix, quality, and level of services required by the franchise at the time it was granted will be maintained after such modification.

(c) Notwithstanding subsections (a) and (b), a cable operator may, upon 30 days' advance notice to the franchising authority, rearrange, replace, or remove a particular cable service required by the franchise if:

(1) such service is no longer available to the operator; or

(2) such service is available to the operator only upon the payment of a royalty required under section 801(b)(2) of title 17, United States Code, which the cable operator can document:

(A) is substantially in excess of the amount of such payment required on the date of the operator's offer to provide such service; and

(B) has not been specifically compensated for through a rate increase or other adjustment.

(d) Notwithstanding subsections (a) and (b), a cable operator may take such actions to rearrange a particular service from one service tier to another, or otherwise offer the service, if the rates for all of the service tiers involved in such actions are not subject to regulation under section 623.

(e) A cable operator may not obtain modification under this section of any requirement for services relating to public, educational, or governmental access.

(f) For the purposes of this section, the term "commercially impracticable" means, with respect to any requirement applicable to a cable operator, that it is commercially impracticable for the operator to comply with such requirement as a result of a change in conditions which is beyond the control of the operator and the nonoccurrence of which was a basic assumption on which the requirement was based.

**Renewal (§626).**

(a) During the 6-month period which begins with the 36th month before the franchise expiration, the franchising authority may on its own initiative, and shall at the request of the cable operator, commence proceedings which afford the public in the franchise area appropriate notice and participation for the purpose of:

(1) identifying the future cable-related community needs and interests; and

(2) reviewing the performance of the cable operator under franchise during the then current franchise term.

(b)(1) Upon completion of a proceeding under subsection (a), a cable operator seeking renewal of a franchise may, on its own initiative or at the request of a franchising authority, submit a proposal for renewal.

(2) Subject to section 624, any such proposal shall contain such material as the franchising authority may require, including proposals for an upgrade of the cable system.

(3) The franchising authority may establish a date by which such proposal shall be submitted.

(c)(1) Upon submittal by a cable operator of a proposal to the franchising authority for the renewal of a

franchise, the franchising authority shall provide prompt public notice of such proposal and, during the 4-month period which begins on the completion of any proceedings under subsection (a), renew the franchise or, issue a preliminary assessment that the franchise should not be renewed and, at the request of the operator or on its own initiative, commence an administrative proceeding, after providing prompt public notice of such proceeding, in accordance with paragraph (2) to consider whether:

(A) the cable operator has substantially complied with the material terms of the existing franchise and with applicable law;

(B) the quality of the operator's service, including signal quality, response to consumer complaints, and billing practices, but without regard to the mix, quality, or level of cable services or other services provided over the system, has been reasonable in light of community needs;

(C) the operator has the financial, legal, and technical ability to provide the services, facilities, and equipment as set forth in the operator's proposal; and

(D) the operator's proposal is reasonable to meet the future cable-related community needs and interests, taking into account the cost of meeting such needs and interests.

(2) In any proceeding under paragraph (1), the cable operator shall be afforded adequate notice and the cable operator and the franchise authority, or its designee, shall be afforded fair opportunity for full participation, including the right to introduce evidence (including evidence related to issues raised in the proceeding under subsection (a)), to require the production of evidence, and to question witnesses. A transcript shall be made of any such proceeding.

(3) At the completion of a proceeding under this subsection, the franchising authority shall issue a written decision granting or denying the proposal for renewal based upon the record of such proceeding, and transmit a copy of such decision to the cable operator. Such decision shall state the reasons therefor.

(d) Any denial of a proposal for renewal shall be based on one or more adverse findings made with respect to the factors described in subparagraphs (A) through (D) of subsection (c)(1), pursuant to the record of the proceeding under subsection (c). A franchising authority may not base a denial of renewal on a failure to substantially comply with the material terms of the franchise under subsection (c)(1)(A) or on events considered under subsection (c)(1)(B) in any case in which a violation of the franchise or the events considered under subsection (c)(1)(B) occur after the effective date of this title unless the franchising authority has provided the operator with notice and the opportunity to cure, or in any case in which it is documented that the franchising authority has waived its right to object, or has effectively acquiesced.

(e)(1) Any cable operator whose proposal for renewal has been denied by a final decision of a franchising authority made pursuant to this section, or has been adversely affected by a failure of the franchising authority to act in accordance with the procedural requirements of this section, may appeal such final decision or failure pursuant to the provisions of section 635.

(2) The court shall grant appropriate relief if the court finds that:

(A) any action of the franchising authority is not in compliance with the procedural requirements of this section; or

(B) in the event of a final decision of the franchising authority denying the renewal proposal, the operator has demonstrated that the adverse finding of the franchising authority with respect to each of the factors described in subparagraphs (A) through (D) of subsection (c)(1) on which the denial is based is not supported by a preponderance of the evidence, based on the record of the proceeding conducted under subsection (c).

(f) Any decision of a franchising authority on a proposal for renewal shall not be considered final unless all administrative review by the State has occurred or the opportunity therefor has lapsed.

(g) For the purposes of this section, the term "franchise expiration" means the date of the expiration of the term of the franchise, as provided under the franchise, as it was in effect on the date of the enactment of this title.

(h) Notwithstanding the provisions of subsections (a) through (g) of this section, a cable operator may submit a proposal for the renewal of a franchise pursuant to this subsection at any time, and a franchising authority may, after affording the public adequate notice and opportunity for comment, grant

or deny such proposal at any time (including after proceedings pursuant to this section have commenced). The provisions of subsections (a) through (g) of this section shall not apply to a decision to grant or deny a proposal under this subsection. The denial of a renewal pursuant to this subsection shall not affect action on a renewal proposal that is submitted in accordance with subsections (a) through (g).

**Cable Programming Resource Directory 1987**

**A Guide to Community TV Production Facilities and Programming Sources & Outlets**

**More than 1,000 Community Programming Centers**

The CPRD lists cable systems, access studios, schools, local governments and other organizations managing local cable channels—local origination, P-E-G and leased access. Provides detailed information about type and amount of programming produced and acquired, as well as budget, staff, equipment and other data.

**For Independent Producers**

The CPRD lists contacts at local cable channels who buy or borrow noncommercial programming, and program buyers at more than 50 national cable programming services—basic, pay and pay-per-view.

**For Local Cable Programmers**

The CPRD lists contacts at associations, government agencies and clearinghouses from across the U.S. and around the world that lend or rent PSAs, Video News Releases and longer-length video programming covering a wide range of topics and issues.

This unique guide to the field of local cable programming will plug you in to a national network of producers and programmers. Order yours today!

# THE CABLE PROGRAMMING RESOURCE DIRECTORY 1987

Your Guide to:

- Community Programming Centers
- Free & Low-Cost Programming Sources
- Satellite Programming Services
- International Cross-Cultural Programming

System Managers, Cable Programmers, Local Access Coordinators, anyone who produces or obtains programming for cable channels will want the new **CABLE PROGRAMMING RESOURCE DIRECTORY**.

The **CPRD** provides the information necessary to locate much of the estimated 10,000 hours of noncommercial programming created each week in the United States. Learn about the rapidly growing field of local cable TV production with **CPRD's** detailed profiles and analysis of more than 1,000 Community Programming Centers.

The **CPRD** also offers complete contact information for nearly 100 organizations that provide full-length programming or PSAs for little or no money. The international section lists 275 sources of cross-cultural programming. Another directory gives names and numbers and program acquisition policies for the top pay and basic cable satellite services.

**Programmers** will use the **CPRD** to find new sources of free and low-cost programming from across the U.S. and around the world. **Producers** who want to take advantage of cable's growing need for original programs will find outlets and markets—including the latest satellite services—in the **CPRD**.

**THE CABLE PROGRAMMING RESOURCE DIRECTORY 1987** (240 pp, paperback) was compiled from recent survey data by the National Federation of Local Cable Programmers. Communications Press, a division of Broadcasting Publications Inc. (publishers of **Broadcasting** magazine and the **Broadcasting/Cablecasting Yearbook**), is pleased to offer the **CPRD** at the low first-edition price of **\$34.95**.

## Key to service codes

The following codes indicated type of service company offers:

- A — TV program production
- B — TV program distribution
- C — TV commercial production
- D — Radio program production
- E — Radio program distribution
- F — Radio commercial/jingle production
- G — Business/promotion film production
- H — Business/promotion film distribution
- J — Production services
- K — TV processing laboratory

For reader convenience in locating companies by function, each particular code letter always appears in the same place across the width of the column, as show below:

A B C D E F G H J K

# Want great radio? Try...

Here's what radio people say about Mike Whorf's Kaleidoscope:

"Kaleidoscope has brought more money in one hour to our station than is generated during the rest of our afternoon programming."  
— Dr. Jim King, General Manager,  
WVXU Cincinnati

"This is quality radio... as far as I'm concerned, this is the best program of its kind in America today."  
— James Quello, Chairman of F.C.C.  
Washington, D.C.  
Former G.M. WJR Detroit

"During my long association with WJR, and in broadcasting, this program has to be one of the best I've ever heard. A fabulous idea and perfectly executed."  
— Bill James, James Communications  
Former G.M. WJR Detroit

"Original and refreshing! When you hear the better (ones)... you know this is radio at its best."  
— Dick Rakovan, G.M. WFYR  
Chicago

Mike Whorf

Mike Whorf is now available to communicate on your behalf. Through the popular Kaleidoscope series now being nationally syndicated; or as writer, producer or narrator of your client's commercial, slide program or film.

For a sample of Kaleidoscope, or to sample Mike's unique communicative skills, call (313) 963-1567 or write Mike Whorf at 239 Pilgrim, Birmingham, Mich. 48009.

## Key to service codes

The following codes indicated type of service company offers:

- A — TV program production
- B — TV program distribution
- C — TV commercial production
- D — Radio program production
- E — Radio program distribution
- F — Radio commercial/jingle production
- G — Business/promotion film production
- H — Business/promotion film distribution
- J — Production services
- K — TV processing laboratory

For reader convenience in locating companies by function, each particular code letter always appears in the same place across the width of the column, as show below:

A B C D E F G H J K

# Visnews International's

## Global Broadcast Center

Your one-stop resource for the best in video and satellite services

**Latest equipment, advanced facilities, available around-the-clock.**

Now you have more to work with. A brand-new broadcast center ready to serve you, seven days a week, from anywhere in the U.S. and the world.

Now we can help you with more — from on-location video, to intercontinental television spectaculars. Our staff of professionals and technicians is standing by.

Call us or stop in for a visit.

212-698-4500

**Satellite Broadcast Studios** for instant KU-band and C-band transmissions to and from anywhere in the U.S. and overseas. We can handle one site or 100. We book and manage satellite feeds.

**Commercial Editing Suites** for ¾", 1" and Betacam formats. Our state-of-the-art equipment is available 24 hours a day.

**Cable, Microwave, Laser and Fiber Optic Connections** for in-studio or remote broadcasts via landlines or satellites. We can install dedicated links from your facilities to ours.

International Gold Medallion Awards.** Awards recognize excellence in the fields of audience, news and sports, and publicity and special projects undertaken by radio or TV stations, networks, prog distributors. 48 categories divided into work done by and for: TV stations; radio stations; networks; prog distributors and cable companies. Entry categories encompass work done for on-air, print, outdoor, publicity, special projects, and direct mail. Finalists notified prior to annual seminar, in June. Deadline for entries: Feb. 26, 1988. (Entries must run between Jan. 1, 1987 and Dec. 31, 1987.) Contact: Pat Evans, BPME, 402 East Orange, Lancaster, Pa. 17602. (717) 397-5727; or Hayes Anderson, San Diego State University, San Diego 92182. (619) 265-6575.

**Heywood Broun Award.** \$1,000 award for outstanding journalistic achievement during calendar year "in the spirit of Heywood Broun." Deadline for entry: January 9, 1987. Contact: Phillip M. Kadis, education off., The Newspaper Guild, 1125 15th St. NW, Washington 20005.

**Russell L. Cecil Arthritis Writing Awards.** Given each year by the Arthritis Foundation for calendar year's outstanding writing about arthritis in television, radio, newspapers and magazines. Deadline for entries: February 15. Contact: Steve Erickson, Cecil Awards, Arthritis Foundation, 1314 Spring St. NW, Atlanta 30309.

**Clarion Awards.** Sponsored by Women in Communications Inc. Open to all media. Two-thirds or more of an entry must have been published, broadcast or implemented between Jan. 1 and Dec. 31. Entry forms will be available in December. Winners will receive Clarion Award plaques at the annual Women in Communications Inc., National Professional Conference. The categories are: magazine article, magazine series, annual reports, newspaper article, newspaper series, photography, public relations campaign, internal or external newsletter, internal or external magazine, special event, radio documentary program or series, local TV documentary program or series, network TV documentary program or series, print advertising, radio advertising, TV advertising, advertising campaign. Deadline: Feb. 15. Contact: Clarion coordinator, Box 9561, Austin, Tex. 78766.

**The CLIO Awards.** Given annually for best U.S. radio, TV, cinema, cable, print, package design and specialty advertising. Also for best International TV-cinema, radio, print and package design. CLIO statues for best, certificates of recognition for finalists. 225 statuettes awarded last year out of 15,308 entries. Open to all commercials introduced in prior year. Deadline for entries: Feb. 1. Contact: Bill N. Evans, CLIO, 336 E. 59th St., New York 10022.

**Corporation for Public Broadcasting.** CPB presents the following awards annually: "Local Program Awards" recognize excellence in local programming in public television and radio. The "Ralph Lowell Award" is presented to an individual who has made outstanding contributions to public television. The "Edward R. Murrow Award" is presented to an individual for outstanding contributions to public radio. The "CPB Distinguished Service Award" honors one or more individual's or functioning organization that made outstanding contributions to public broadcasting. Deadlines vary to coincide with the annual meetings of the public radio and television licensees. The "Local Radio Development Awards" are given for excellence in marketing and fundraising. For information about the first four awards, contact Broadcast Services, CPB, 1111 16th St. NW, Washington 20036. (202) 955-5100. For information about the "Local Radio Development Awards" contact The Development Exchange Inc.

1010 Vermont Ave. NW, Washington 20005. (202) 783-8222.

**Alfred I. duPont-Columbia University Survey and Awards.** The Silver Baton Awards are given annually for outstanding work in news and public affairs during the year. Categories for judging include network television and radio, local television and radio, as well as syndicated material and the work of independent producers and cablecasters. Local radio and television station entries are judged in categories according to market size: major market: ADI 1-10; medium market: ADI 11-50; small market: ADI 51 and smaller. Awards may also be made to individual journalists, programs, stations, or series at the jurors' discretion. The Gold Baton Award, honoring the program judged to have made the greatest contribution to the public's understanding of important issues or news events, and the Trustees' prize for the best independent production, the only cash award presented, may also be made at the jurors' discretion.

A board of Screeners made up of news and public affairs professionals, many of whom are former winners, reviews all of the entries and designates finalists, with specific recommendations to the jurors who then select the winners. Suggestions to the jurors of examples of news and public affairs broadcasting/cablecasting which is believed to be particularly worthy of attention are encouraged. If such information concerns a specific program, it should include the following: original air date and station carrying the program; the subject of the program; and the reason it is being singled out. Entry forms are available in May and may be obtained by contacting the awards office. The eligibility period is July 1, 1987 to June 30, 1988. Contact: Janet C. West, Associate Director, Columbia University, School of Journalism, Rm. 701, New York 10027. (212) 280-5047.

**Harold E. Fellows Memorial Scholarships.** Consist of four annual scholarships of \$1,250 each awarded for study in the junior or senior years of college or for study in graduate school. Applicants must pursue a course of study in a university or college which is an institutional member of the Broadcast Education Association and must be or have been the employee of an NAB member radio or TV station or the child of such an employee. Contact: Louisa A. Nielsen, exec dir, Broadcast Education Association, 1771 N St. N.W., Washington 20036.

**Freedoms Foundation Awards.** Given annually to radio and TV stations which develop or feature constructive activities to bring about a better understanding of America. Subjects may be drug abuse education, ecology projects, patriotic programs, respect for the law, economic education, moral and spiritual values, human dignity, brotherhood and responsible citizenship. The awards will cover the period Oct. 1, 1986-Oct. 1, 1987. Principal award of honor medal, additional honor medals and honor certificates. Substantiating materials must include an audio tape, video tape, 3/4 inch video cassette or a 16 mm kinescope. A script or synopsis must accompany the nomination. Information needed is date aired or released, name of sponsor (station, network and/or company/organization), full address(es) and the chief executive officer. If sponsor is a station, is helpful to know the network affiliation. Nominations must be received by Oct. 1st. Contact: E. Katherine Wood, Awards Dept., Freedoms Foundation at Valley Forge, Valley Forge, Pa. 19481.

**Gabriel Awards.** Given annually by Unda-USA, (the National Catholic Association of Broadcasters and Communicators) to honor television and radio programs, feature segments, spots and stations which serve viewers and listeners through the positive, creative treatment of issues of concern to humankind and enrich their audiences through a value-centered vision of humanity. Program categories in television: entertainment, information, children's (for 14 years of age or under), religious, programming in the arts, coverage of a single news story, community service programs, PSA's, short features. Program categories in radio: arts/entertainment, news/information, religious, coverage of a single news story, community awareness campaign, PSA's, short features. Also awards for station of the year and Personal Achievement Award. Deadline for entries is the first Monday of August. Contact: Unda-USA, National Catholic Association for Broadcasters and Communicators, Box 59, 40 E. Center St., Akron, Ohio 44308.

**Gavel Awards.** Given annually by the American Bar Association in recognition of outstanding public service by United States newspapers, wire services, magazines, book publishers, news syndicates, theatre,

radio, television and motion pictures for "increasing public understanding of the American system of law and justice." Awards for media organizations are in the form of individually inscribed gavels. Gavel Award certificates are given to authors, in the case of the print media, and to the producer, director, and writer representing electronic and film media winners. The Gavels are presented at the ABA's annual meeting in August to the chief executive officer of the award-winning organization; the certificates are mailed directly to the winners. Eligible materials must have been published, broadcast or produced during the period of Jan. 1 and Dec. 31, and entries must be postmarked not later than February 1, 1988 for all materials. Request official order form prior to submitting entries. TV programs considered in seven classifications: network programs; syndicated programs; local and/or independent programs; local non-commercial programs; cable. All entries must be submitted in the form of 3/4 inch video cassettes. Radio programs considered in six classifications. Maximum of 5 entries per media organization. Write for entry form and rules brochure. Deadline: Feb. 1, 1988. Contact: Marilyn Giblin, staff liaison, Gavel Awards, American Bar Assn., 750 N. Lake Shore Drive, Chicago 60611.

**Global Media Awards.** The Global Media Awards are given by The Population Institute to those who have drawn attention to population issues and problems. There are 16 categories, including Best Columnist, Best Cartoonist, Best Editorial, Best Radio Program, and Best TV Documentary. Nominees can include institutions or journalists, and previous winners are eligible. Entries should be made in writing, along with justification for entry and photo of nominee, by Sep. 15, 1988. For more information call (202) 544-3300. Contact: Rita Curtis, 110 Maryland Ave., NE Washington 20002.

**Golden Mike Award.** Given annually by the American Legion Auxiliary for best local radio and television programs in the interest of youth, originating over a local station between April 1 and April 1 of succeeding year. A Golden Mike trophy is awarded the producers of the winning series of three or more programs and a Golden Mike certificate is awarded the winning program series in each state. Deadline for entry: April 1. Contact: Alan M. Olszewski, Program Coordinator, American Legion Auxiliary, 1608 K. St. N.W., Washington 20006.

**Hall of Fame Award.** (world-wide in scope) Given to anyone who had made an outstanding contribution to art of broadcasting. Candidate must have been deceased at least two years prior to annual meeting of Broadcast Pioneers in spring of each year. Nomination must be accompanied by short biography and statement of achievement. Contact: Ed DeGray, exec dir, Broadcast Pioneers, 320 W. 57th St., New York 10019.

**Health Journalism Awards.** Given annually by the American Chiropractic Association to recognize journalists in every medium and reward those who have distinguished themselves in health reporting. The categories of competition include newspapers, consumer magazines, television, radio, student publication and productions, trade, professional or special interest publications and audio-visuals. Each winner will receive a cash award of \$200 and an ACA distinguished journalism plaque. Special recognition plaques also go to runner-ups. Deadline for entries: March 1 for works published or produced during the preceding calendar year. Contact: Director of Communications, ACA Headquarters, 1701 Clarendon Blvd., Arlington, Va. 22209.

**Sidney Hillman Foundation Prize Awards.** Given annually by the Sidney Hillman Foundation for contributions in the fields of daily or periodical journalism, non-fiction, radio and television. Themes would include the protection of individual civil liberties, improved race relations, a strengthened labor movement, the advancement of social welfare and economic security, greater world understanding, and related problems. Contributions must be published or produced under professional auspices in 1987. Final scripts must be submitted in connection with radio and TV awards. Films, tapes and records should not be submitted until requested. Prizes of \$1,000 are awarded. Deadline for entries is Jan. 15, 1988. Contact: Joyce D. Miller, exec dir; Rita C. Yedlin, admin The Sidney Hillman Foundation, 15 Union Square, New York 10003. (212) 242-0700.

**Jack R. Howard Broadcast Awards.** Given by the Scripps-Howard Foundation to any journalistic program or series of programs designed to promote the

public good either directly or indirectly. The format and length of entries is not restricted. The competition is open to any single radio or TV station or any commonly owned group of radio or TV stations in the U.S. Networks are not eligible. TV entries must be submitted on 3/4" videotape, cassettes only. Radio entries must be submitted on 1/4" audiotape. Eligibility period: the preceding calendar year. The categories are: Large Market TV (1-50), Small Market TV (51 and up), Large Market Radio (1-50), Small Market Radio (51 and over). \$2,000 and a bronze plaque awarded to the winner in each category. Deadline: Jan. 15. Contact: Scripps Howard Foundation, 1100 Central Trust Tower, Cincinnati 45202. (513) 977-3035. All entries are to be sent to KJRH(TV), 3701 South Peoria, Tulsa, Okla. 74105. Contact Ben Hevel at KJRH(TV), (918) 743-2222.

Contact: Phil Corvo, exec dir, NATPE, 10100 Santa Monica Blvd., No. 300, Los Angeles 90067.

**Robert F. Kennedy Journalism Awards.** Given annually for outstanding broadcast, print and photo-journalism coverage of the problems of the disadvantaged in American society. Separate professional and student categories, with prizes up to \$6000 available to top professional entry and a summer journalism internship in Washington, D.C. to best student submis-

sion. Entries must have been broadcast or published during calendar year previous to end of by two copies of script. The Awards Program is sponsored by an independent committee of broadcast and print journalists who annually choose a panel of judges from within the profession. Contact: Sue M. Vogelsinger, staff dir., 1031 31st St. N.W., Washington 20007.

**ACTS Awards.** Given annually by the ACTS Satellite Network Inc. to local ACTS affiliates for achievement in local promotion, production, management and community service. Highest award is the Jimmy R. Allen Award given to the individual who has made the most outstanding single contribution to the ideals and purpose of ACTS. All winners receive bronze medallions displaying the ACTS logo. Recipients are chosen from entries submitted by cable and broadcast affiliates throughout the nation. Covers the period of January 1 through December 31 of the same year. Deadline for entries is February 1. Contact: Deborah Little, ACTS Satellite Network Inc. 6350 W. Freeway, Fort Worth 76150.

**The Livingston Awards for Young Broadcast and Print Journalists.** Three \$5,000 prizes given for the best coverage of local, national and international news by journalists aged 34 or younger in any U.S.-owned medium. Deadline for entries: February 15. Contact: Charles R. Eisendrath or Katherine Eckroad, The Livingston Awards, Department of Communication, The University of Michigan, Ann Arbor, Mich. 48109. (313) 764-0420.

**The Lowell Mellett Award for Improving Journalism through Critical Evaluation.** The Award was established by the Mellett Fund for a Free and Responsible Press in 1978 and was transferred to the School of Communications of The Pennsylvania State University in 1984. The Award, like the fund, is named in honor of the distinguished Scripps-Howard editor and syndicated columnist who died in 1960. The Mellett Award seeks to recognize distinguished contributions from whatever source to the improvement of print and broadcast journalism by means of responsible analysis or critical evaluation and to encourage new and innovative approaches to constructive journalism or media criticism. Examples of the kind of work the Award is intended to recognize include that of media ombudsmen, journalism reviews, books and broadcasts, and academic and other research studies. The first-place prize is \$1,000. The winner will be selected by judges drawn from journalism education and practice. It will be given for work done, completed or continuing in the calendar year 1987. Deadline for entries: March 1, 1988. Contact: John N. Rippey, Director of Mellett Award, School of Communications, 215 Carnegie Bldg., University Park, Pa. 16802.

**Missouri Medals.** Given annually since 1930 for lifetime accomplishments in the field of journalism—in news, advertising, photography, education, radio, television and graphics. Missouri Medals are based on records of performance over many years rather than upon a single instance of journalistic achievement. Deadline for nominations, which must be accompanied by significant supporting material, is January 1. Contact: Dean, School of Journalism, Box 838, University of Missouri-Columbia, Columbia, Mo. 65205.

Contact: Trudy Wilson, Awards Mgr (212) 586-8424, for Deadline info. Martha Greenhouse, chmn National Awards, 110 W. 57th St., New York 10019.

#### National Broadcast Editorial Association Awards.

**Editorial Excellence Awards.** The annual Editorial Excellence competition is conducted by the NBEA in order to recognize outstanding achievements and stimulate improvement. Every entrant must submit editorials from each month of the year. Four regional winners are selected in the radio category and four in the television category. The regional winners then compete for the single national award in each category—a bronze cube bearing an "E" for Editorial Excellence. The 1987 award covers editorials broadcast during 1986. Deadline: March 31, 1987. Contact: Joel Bellman, editorial director KBIG-FM, 7755 Sunset Blvd., Los Angeles 90046.

**Madison Award.** The Madison Award is presented each year to an individual or group of individuals who have distinguished themselves through work to preserve and protect freedom of expression. No one applies for this award; NBEA searches for individuals who have dedicated a significant portion of their lives and energies to the ideals exemplified by the First Amendment. Richard Trembath, mgr editorial svcs WKYC-TV, 1403 E. 6th St., Cleveland 44114.

**Award for Management Excellence and Achievement.** Chosen by the NBEA board of directors from members' nominations the Management Award honors "that executive who has demonstrated a continuing or extraordinary commitment toward advancing the concepts, goals, and purposes of broadcast editorials." Deadline: Dec. 31 (or prior to the Winter board meeting). Contact: Anne Brophy, WCAU(AM), Monument City Ave., Philadelphia 19131.

## Major Awards

**National Federation of Community Broadcasters Community Radio Program Awards.** Given annually to recognize outstanding programming for community-oriented radio. Open to all radio producers: commercial or public radio, independent or station-based. Period covered: Program(s) must have been broadcast between April, 1987 and April, 1988. Deadline for entries: April 10. Estimated entry fee: \$15 per entry (one hour max. per entry). Contact: NFCB Program Awards, 1314 14th St. N.W., Washington 20005. (202) 797-8911.

**National Headliners Club Awards.** Given annually for radio and television network news broadcasting and individual stations' news, public service and individual stations' news, public service, documentary and investigative reporting; medallions. Deadline for entry: February 12. Contact: Herb Brown, chmn, National Headliners Club, Devins Lane, Pleasantville, N.J. 08232.

**National Mass Media Brotherhood Awards.** Given by National Conference of Christians and Jews, to pay tribute to mass media for outstanding creative work promoting better mutual understanding and cooperation among Americans of different religions, races and ethnic origins. Material must have appeared during the calendar year preceding the judging. Contact: Brotherhood Media Awards, National Conference of Christians and Jews, 71 Fifth Ave., New York 10003. Attn: Harry A. Robinson, VP and dir of public relations.

**National Press Photographers Assn. Award.** Presented annually for the best news stories produced in Spot, General, Sports, Feature, Documentary and mini documentary classes. News photography Station of the Year and News Photographer of the Year are also included. Stories evolving from film or tape acceptable. Deadline: January. Contact: Sheila Keyes, 23918 Via Copeta, Valencia, Calif. 91355.

**National Psychology Awards for Excellence in the Media.** Awards for radio, television/news-documentary and television/entertainment programs aired between April 1 and the same date the following year. Winners in each category receive \$1,000 and a trip to the American Psychological Association convention. Sponsored by the American Psychological Association and the American Psychological Foundation. Deadline: April 15. Contact: Public Information Office, American Psychological Association, 1200 Seventeenth St. N.W., Washington 20036. (202) 955-7710.

**NBC Fellowships for Minorities.** Five Fellowships distributed among institutions near each of the NBC TV stations in New York, Washington, Burbank, Calif., Cleveland and Chicago. Contact: Schools.

**The Ohio State Awards.** Annually recognizes excellence in educational, informational, and public affairs broadcasting. Any agency, organization or institution producing, broadcasting or cablecasting a radio or television program, which is presented in English, and whose primary intent is to educate (instruct, inform, or enrich understanding) rather than entertain, may enter. The competition is sponsored by the Institute for Education by Radio-Television under the auspices of The WOSU Stations of The Ohio State University. Entries must have been broadcast between July of the previous year through June of the current year. Deadline for entries is Sept. 30. Contact: Phyllis Madry, Ohio State Awards Manager, 2400 Olentangy River Road, Columbus, Ohio 43210-1027. (614) 292-0185.

**Overseas Press Club Awards.** Given annually in news media categories including daily newspaper or wire service reporting from abroad, daily newspaper or wire service interpretation of foreign affairs, Robert Capa Gold Medal for best photographic reporting or interpretation from abroad requiring exceptional courage and enterprise, radio spot news from abroad, radio interpretation of foreign news, TV spot news reporting from abroad, TV interpretation or documentary on foreign affairs, magazine reporting from abroad, magazine interpretation of foreign affairs, cartoon on foreign affairs, book in foreign affairs, Madeline Dane Ross Award for international reporting which demonstrates concern for humanity (any medium). Winners receive illuminated scrolls; winner of best cartoon on foreign affairs receives \$150 from the New York Daily News; winner of Ross Award receives \$400. Deadline: mid-February. Contact: Overseas Press Club Awards, 52 East 41st St., New York 10017.

**George Foster Peabody Broadcasting Awards.** Given annually, and covering year prior to presentation, for radio, television and cable achievement in following fields: news, entertainment, education, programs for children, documentaries, and public service. Deadline for entry or recommendation: Jan. 13. Contact: Dr. Worth McDougald, director, Peabody Awards, Henry W. Grady School of Journalism, U. of Georgia, Athens, Ga. 30602. (404) 542-3787.

**Penney-Missouri Awards for Community Leadership.** Given annually to encourage local television stations to spot community problems and do something about them. The project must have been concluded during calendar 1987. Entry blanks will be available in November. Stations should submit one new 3/4" videotape no longer than 30 minutes plus a written document detailing the project and its effectiveness. Judging criteria: significance of project; total station involvement; use of community resources; and demonstrable achievement. Trophies and plaques are given in May to winners in three market size categories. Awards of \$1,000 are given to a community organization of each winner's choice. Deadline for entries: Jan. 29, 1988. Contact: Leigh Shallenberger, Contest Coordinator, Penney-Missouri Awards Programs, School of Journalism, Box 838, University of Missouri-Columbia, Columbia, Mo. 65205. (314) 882-7771.

**George Polk Awards.** The basic criteria for awards are discernment of a new story, coverage, resourcefulness in gathering information, and skill in relating the story. Categories vary somewhat from year to year, but it has been customary to give awards in foreign, national and local reporting (in print and broadcasting), news photography, and criticism. Documentary films and books based on investigative reporting or dealing specifically with the field of journalism also may be considered for awards. From time to time, awards are made for a body of work. Two copies of news or feature stories, radio or television tapes should be submitted. Packaging is not a consideration - the simpler, the better. There are no entry fees or application forms. Entries will not be returned. Deadline for entry: Jan. 4. Contact: Professor Sidney Ofit, Curator, George Polk Awards, Long Island University, The Brooklyn Ctr., Univ. Plaza, Brooklyn, N.Y. 11201.

**Psychological Assn. Public Media Awards.** Given annually to programs on radio and TV aimed at the lay public rather than professionals. Eligible programs deal with a single disability such as blindness, deafness, mental retardation, a crippling orthopedic condition, emotional illness or the overall subject of disability. Contact: Awards Committee chairman, American Psychological Assn., Box 1241, Hines, Ill. 60141.

**RTNDA Radio & Television News Awards.** Given by Radio-TV News Directors Assn. to TV and radio news departments for spot news coverage, continuing coverage, investigative reporting and overall excellence. Covering calendar year. Deadline for entry: March 13. Contact: David Bartlett, RTNDA awards chmn, WRC(AM), 4001 Nebraska Ave. N.W., Washington 20019.

**Sigma Delta Chi Distinguished Service Awards.** Given annually for meritorious achievement in following categories: editorializing radio, editorializing on television, television reporting, radio reporting, public service in radio journalism; public service in television journalism (markets 1-50, and markets 51 and under taken separately); bronze certificates. Deadline for entry: January 10. Contact: Pearl Luttrell, 53 W. Jackson Blvd., Suite 731, Chicago 60604.

**Silver Anvil Awards.** Given annually by Public Relations Society of America Inc. to recognize outstanding public relations programs of preceding year. Deadline for entry: mid-March. Contact: Ellen Gerber, Public Relations Society of America Inc., 33 Irving Place, New York 10003.

*"I remember working on a production... three days, no sleep... but we made the client's deadline."*

*"And it was worth every sleepless hour... that production was hot! When you put your whole self into what you do, it shows in the quality of the work."*

# We Live Our Work

At Professional Video Services, our equipment is the finest available. State-of-the-art, up-to-date, complete. But it's the talent behind the equipment that made Professional Video Services Washington's largest production facility. Extraordinary people with the talent to create exceptional productions on time and on budget. Experienced people who designed our KU-band Uplink trucks for unparalleled performance and who run our broadcast rental department with organized adeptness.

Real people who take a personal concern in your needs... right down to serving you lunch.

Professional Video Services. Because what's in front of the camera is only as good as the people behind it.

"Dial-an-Expert" with—

End those fruitless, time-consuming searches for just the right talk-show guest with this invaluable one-stop sourcebook. The DIRECTORY OF EXPERTS, AUTHORITIES & SPOKESPERSONS offers sources from the news and public affairs oriented talk show circuit; sources available for in-person and telephone interviews. "Phone numbers that work, people who say yes"—original research by Broadcast Interview Source found thousands of experts who welcome inquiries. An alphabetical topic index makes finding the right source to answer questions easy—listings include contact name, expertise, phone number and address. According to Pat Piper, producer of the Larry King Show, the DIRECTORY is "something every talk show producer must have."

# Programming on Radio Stations in the United States

## Formats

Following, in alphabetical order, by state, city and call letter within each classification, is a listing of program formats and the radio stations that use them.

For convenience, the editors have combined the format types indicated by the stations into logical groupings. A station using a combination of formats may appear under several classifications. Blocks of programming averaging less than some 20 hours per week are considered "special programming." A list of stations by special programs is presented in a supplementary directory. In the case where a format listing is extensive, the listing has been separated by state with a blank line.

In many cases more specific information on format or special programming is given in individual listings in the B section station directory, including addresses for each station.

### Adult Contemporary

Includes station formats adult rock, light rock.
