Talk—Topical programs on various subjects. Includes health, finance, and community issues. Listener call-in and interview shows are common, and the host’s personality tends to be an important element. Many talk stations air national satellite-delivered talk programs. News, sports and weather are usually emphasized during “drive times.” Also see News and News/Talk.

Tejano—Bicultural programming including Spanish programming, popular in Texas, particularly near the Mexican border. Interest surged in this type of Spanish music during the early 90s.

Top-40—See Contemporary Hit/Top-40.

Urban Contemporary—Dance music, often from a variety of genres (i.e. rhythm & blues, rap). Most Urban Contemporary stations emphasize music by Black artists. Also see Black and Disco.

Variety/Diverse—A station listing four or more formats. Typical of noncommercial stations.
