Washington printers were on strike again last week. This issue was printed offset. Typography is by Varitype, rather than Linotype. Full editorial coverage of the week's news is provided, as usual. LT will return to normal schedules as soon as conditions permit.

The bonus Summer coverage of WCCO

The lakes of Paul Bunyan land cover more than two million acres and a million tourists come here each summer to join the three million who live here. Summer selling at its best!

Car Radios and Home Radios are on; Television Sets in the lodge draw the cabin dwellers. WCCO offers you a million radio homes and almost a half million Television Sets in its coverage area!
ON MUSHROOMS AND TOADSTOOLS

THE HIPPO: "After foraging everywhere for delicacies—mushrooms in particular—I'm often left with crippling indigestion."

THE LEOPARD: "No doubt because you've eaten toadstools too, believing they were mushrooms. I've found the difference quite important."

THE MORAL: TV advertisers (who are wily like the Spotted Leopard) know that among the rapidly expanding number of TV markets there are "mushroom" markets. And "toadstool" markets. Sometimes growing right next to one another. That's why many more national advertisers are using Spot TV. TV doesn't have to buy any markets but these. When you choose Spot TV, choose these prime markets. Choose these thirteen well-viewed stations. They make sales mushroom!

Clair McCollough, President
SENTIMENT revived in House for "ripper" bill to reduce FCC from seven to five members. Whether it gets off ground depends upon White House. It would eliminate need for selecting successor to Com. Paul A. Walker, who retires June 30, and would permit President Eisenhower to reallocate five of present six members, dropping one Democrat. FCC then would comprise three Republicans (Hyde, Sterling and Doerfer), one Democrat (probably Bartley) and one Independent (Webster). It also would be economy measure, saving $30,000 in commissioner salaries, aside from staffs and assistants, amounting to another $70,000.

WITH FCC approval of WPTZ, (TV) sale by Philco to Westinghouse for record figure of $3.5 million (see story page 22), may be opened for other major deals. WPTZ approval had been temporarily delayed by inquiry from Sen. Edwin C. Johnson (D-Colo.) who raised question about attribution of $5 million figure as value of WPTZ's network affiliation (NBC). This aspect had been cleaned up to satisfaction of both FCC and Sen. Johnson.

NOT CONTENT with available estimates on TV market potential, NARTU's Research Dept. will come out this month with own answer to most-asked video question: How large must markets be to support television?

AT LONG last, FCC proposes to "get tough" on strike applications in television. Last week it instructed staff to draft indictments in individual cases with possibility that revocation proceedings may be resorted to in extreme situations. Difficulty in nailing down down-to-earth evidence has occasioned delay, it's contended. But action now can be expected within days.

THAT CBS intends to play ball with old line AM affiliates on eventual TV alignment reflected in contract entered with WHIO (TV) Memphis, scheduled to begin operation on Ch. 13 in mid-September. Contract specifies "primary supplementary" affiliation. It contains six-months cancellation clause, making it interim affiliate. WRFC, owned by Lloyd Wooten, is CBS radio affiliate and applicant for Ch. 3, which also is being applied for by WMPS.

WHILE NARTU is close-mouthed about its upcoming revision of five-year-old Radio Standards of Practice, there's one safe bet—rewamped code will not contain any enforcement weapon like TV Code's seal.

CONGRESSIONAL leaders' call for speedup with possible adjournment sine die July 31 doesn't necessarily mean legislation on radio-TV also will be prodded. Rather, last minute rush could mean most radio-connected measures will be spindled for next year.

WHAT WILL Paul A. Walker, 71-year-old former FCC chairman, do when his term expires next June 30? FCC's only charter member will draw less than $4,000 in retirement pay. Best guess: He will wind up with educational television group—possibly National Citizens Committee, which has Ford Foundation funds—and may conduct lecture tour.

WHILE FCC has no real enthusiasm for time-sharing in TV, it nevertheless prefers it to merging of AM applicants. In time-sharing, there's no problem of disposing of one AM station to avoid duopoly. To date, FCC has approved only one merger (Macon uhf) while it has okayed four time-sharing proposals—Salanis-Ventorey, Calif.; St. Paul, Rochester and Phoenix (see page 22).

STILL UP in air is question whether Senate Foreign Relations subcommittee, headed by Sen. Tobey (R-N.H.), will hold hearings on ratification of North American Regional Broadcast Agreement (NARBA) at this session. Clear Channel Broadcasting Service steadfastly opposes ratification on ground that Mexico is not signatory and therefore treaty would afford no protection. Both State Dept. and FCC are pressing for hearings but roadblock is Foreign Aid program priority.

WITH PUBLICATION in Federal Register last week of FCC's new "clarifying" procedure on TV rules, speedier method of handling cases would become immediately applicable. FCC expects brisk action through resolving of conflicts of competitive applicants. Elimination of seven-day "waiting period" on cleared applications, it's thought, will spell end of last minute "strike" applications.

SPECIAL shortwave antenna with power gain of 500 has been developed by Associated Broadcasters Inc., San Francisco, which has submitted specifications to Patent Office. This compares with best 50 gain certain antenna now available, according to Associated engineers.

CONCERN NIAS developed over move to appoint as executive officer of International Frequency Registration Board, John H. Gayer, son-in-law of Sen. Dwight D. Eisenhower (R-Neb.). Recommended for this highly skilled post by FCC is A. L. McIntosh, chief, Frequency Allocation & Treaty Division, to succeed Paul A. Miles, formerly of FCC, who is returning to U. S. from Geneva headquarters. Former FCC Comr. Eugene H. Merrill, who left with change in administration, is espousing Gayer candidacy. It's said not dozen people in U. S. who are qualified for it.

WILDROUTH CO., through BBDO, New York, understood to be lining up eight-second "midget" spots in radio, as many as 20 to 40 per week, as soon as availability comes through.

DELLF H GROWING that Canadian government before end of August will lift monopoly of Canadian Broadcasting Corp. TV in Winnipeg and Vancouver, by licensing private stations. End of CBC-TV monopoly in Montreal and Toronto is not expected to follow till considerably later.

SOME 10-11,000 mimeographed copies of Sen. Tobey's (R-N.H.) statement on educational TV reservations sent by him to educators (including Joint Committee on Educational Television and National Citizens Committee on Educational TV) and to broadcast stations who have expressed interest in educational TV. Statement, which warned of "full scale investigation if FCC weakens or deletes any of 242 channel reservations (D-T Vay 18), was distributed, it was said, to clear up "confusion".

June 1, 1953 Page 5
NOW YOU CAN COVER ALMOST ALL OF ARKANSAS WITH ONE ULTRA-MODERN STATION—THE NEW 50,000-WATT KTHS! (CBS SOON!)

- the only 50,000-watt Class 1-B clear channel station in the State
- the only Arkansas station with 28 years of continuous broadcasting experience—
- formerly located at Hot Springs with 10,000 watts on 1090 KC.—
- now broadcasting from Little Rock, with 50,000 watts on 1090 KC.
- now offers primary daytime coverage of 1,002,758 people, of whom more than 100,000 do not receive primary daytime service from any other station
- secondary coverage (between .5 and .1 contours) adds another 2,369,675 people!
- superb new equipment — superb new programming planned for every segment of Arkansas' population
- same ownership and operation as KWKH, Shreveport, whose KNOW-HOW has made KWKH one of the South's great stations
- EFFECTIVE JUNE 15th, KTHS JOINS THE CBS RADIO NETWORK
- ask your Branham Man! Several truly unusual "charter opportunities", now open, may not be available again for years

ABC RADIO EXPANDS SPECIALIZED PROGRAMMING-- Expanding its plan for specializing in one type of programming each evening, already under way with musical programming on Saturday ("Dancing Party"), Sunday ("American Music Hall") and Monday ("American Concert Studios"); ABC Radio last week announced that Tuesday evening programming will lean toward lectures and forums such as "America's Town Meeting of the Air"; Wednesday will be "One Night of Love" with programs of a romantic flavor; Thursday night programming will have dramatic impact and Friday's will feature comedy.

A ninety-minute variety show will go into ABC weekday afternoon schedule (2:30-4 P.M.) in September, to be replaced Jan. 1, 1954, by Martin Block. Early evening programming will include "Lone Ranger" alternating with "Space Ranger" and new Tuesday-through-Friday series, "Three City Byline," featuring columnists from New York, Chicago and Hollywood. New "Horatio Hornblower" series will go on ABC Radio in fall, day and time not yet set.

As announced by Robert M. Weitman, ABC vice president in charge of talent and programming, new format is part of four-fold plan that calls for strengthening present ABC Radio schedule, building new afternoon program pattern, allocating each evening to categorized facet of entertainment and finally, overall plan of creating and producing new properties.

NBC-TV FALL SELLOUT-- Complete sell-out for NBC-TV's fall nighttime schedule reported with Andrew Jergens Co., Cincinnati, buying Mon. 7:30-10 P.M. period, starting Aug. 17, and Serutan Co. (Jeritol, liver and iron extract) signing for Mon. 9-9:30 P.M. segment with "Juvenile Jury," starting July 6 and expected to run into fall. Jergens show format unset, but agency, Robert Orr & Assoc., N. Y., is preparing it. Serutan agency is Edward Kletter Assoc., N. Y.

NEW GAS PROMOTED-- New summer gasoline to be promoted by Standard Oil Co. of Indiana on 32 radio stations in 26 key midwestern cities, 157 times each week, according to Wesley I. Nunn, advertising manager. TV audiences will see films on seven stations. Tests in Mojave Desert will be described.

VICK BUYS FOR FALL-- Vick Chemical Co., annual seasonal radio spot advertiser usually using about 100 markets, lining up morning and afternoon availabilities to start in September and October, through Morse International, New York.

FORD DEALERS PLACING-- Ford Dealers, through J. Walter Thompson Co., New York, is placing its usual 13-week radio spot announcement campaign in several Ford districts (which are composed of more than one radio market), starting in June.

WAIA-AM-TV OPTIONED FOR $2 MILLION TO TEXAS GROUP-- Agreement reached by W. O. Pape, owner and founder of WAIA-AM-TV Mobile, for sale of properties for $2 million gross to group headed by Gene Cagle and Charles Jordan of Texas State Network. Transaction, subject to FCC approval, will be completed this week, it was reported, following procurement of option to purchase by Texas State interests. WAIA, founded by Mr. Pape in 1930, operates on 1410 kc with 5,000 w, and is affiliated with NBC. WAIA-TV began operation last January on Ch. 10 and is affiliated with NBC-ABC.
"To Honor Those Behind The News"

National Headliners Club has selected Jim Uebelhart of WSPD, AM & TV, as a winner for the 19th annual Headliner Awards.

As Jim boards the plane this month for Atlantic City to receive his award, thousands of Uebelhart fans in Toledo's Billion Dollar Market join "Speedy" in extending congratulations and best wishes to Northwestern Ohio's outstanding newscaster.

SMALL MARKET VIDEO PROBLEMS OUTLINED AT VIRGINIA MEETING-- Television stations in small communities will be forced to fight hard for their advertising dollars under present operating costs but they can be expected to shatter gloomy predictions of experts, Thad H. Brown Jr., NARTB television vice president, told Virginia Assn. of Broadcasters last week at Colonial Williamsburg.

James H. Moore, VAB president, presided at the Wednesday-Thursday meeting as association president.

In conceding definition of small market keeps shrinking, Mr. Brown said $150,000-a-year seems to be about minimum operating cost for film and/or network only station. He said national network dollars are likely to be concentrated in top 168 markets. He cited figures from article by Peter Levin in April 27 B. T suggesting TV advertising may run around 0.4% of retail sales in community.

VAB's agenda included labor discussion led by Richard P. Doherty, NARTB labor vice president, as well as panels on radio sales, programming and related problems.

R. H. Smith, WCB Bristol, Va., elected VAB president Thursday. Other officers: Frank E. Koehler, WROV-AM-TV Roanoke, vice president; Charles Mallet, WFLO Farmville, secretary-treasurer. New board: Charles Blackley, WTON Staunton; Ray P. Jordan, WDBJ Roanoke; Earl Key, WKEY Covington; Irvin Abeloff, WLEE Richmond; John Cole, WHLF South Boston.

NARTB TV PLAN BROADENED-- Intensification of research program for Television Information Committee indicated Thursday after session of committee in New York. NARTB slated to handle immediate research projects, collecting existing data on such questions as, for instance, incidence of crime and juvenile delinquency in TV areas as compared to non-TV areas. Full membership on hand for meeting. NARTB President Harold R. Fellows is chairman.

CORONATION SPONSOR-- Handschacher Vogel Inc., N. Y. (women's apparel), signs to sponsor discussion and commentary programs dealing with Coronation of Queen Elizabeth 2D tomorrow (Tues.) on ABC-TV, 8:8:15 and 10:25-10:30 P.M. (EDT), in periods immediately preceding and following ABC-TV's presentation of BBC film coverage of Coronation.

WPTZ (TV) TRANSFER-- To mark transfer of WPTZ (TV) from Philco to Westinghouse, approved last Thursday by FCC, special live telecast will be presented June 2, 9-9:30 P.M., using early Westinghouse talent. Program, whipped together under direction of W. B. McGill, Westinghouse Radio Stations Inc., advertising manager, includes Dave Garroway, Betty Furness, Wally Cox ("Mr. Peepers"), Hamilton Trio and KNX Philadelphia orchestra. Gwilym Price, Westinghouse president; William Belderson, president of Philco; E. V. Huggins, president of WRS and Joseph Baudino, executive vice president will participate.

FLORIDA SHIFTS-- In four-way agreement to free two Florida channels for prompt grants, WCOA Pensacola dismissed vhf Ch. 3 bid and asked for grant to competitor WEAR there while WEAR gave up second bid for uhf Ch. 36 at Jacksonville, asking FCC to grant Ch. 36 to WJEJ Jacksonville, under common ownership with WCOA. WEAR Cleveland dismissed TV bid for uhf Ch. 65, leaving uncontested application of WJEJ there.

CHEVROLET DEALERS ON WNAC-TV-- Chevrolet Dealers Assn. (Mass., R. I., N. H., Conn.) signed with WNAC-TV Boston for what station described as largest sale of feature films in Boston TV history. Linus Travers, WNAC-TV executive vice president and general manager, said. Series of film programs begins today (Monday), will consist of feature films, Mon.-Thurs.-Sat. at 11 P.M. Agency: Chamber & Wiswell Inc., Boston.
On July 1st, 1933, we started as national sales representatives of WTIC, the 50,000 watt, NBC outlet for Hartford, Connecticut. We are pleased that in each of 19 of the 20 intervening years we have shown an increase over the year preceding. This could only be possible on a great station, well managed.

WTIC, we are proud to serve you.

On the 20th anniversary of our association together.
DU M M STATIONS CONTINUE LATIN AMERICAN SERVICE—Continuance of American shortwave broadcasts to Latin and South America was assured when Associated Broadcasters Inc. received go-ahead from State Dept. and FCC, Welsey I. Dumm, president and owner, announced last week. Spanish-language programs will be continued on private basis, Mr. Dumm said. Associated, licensee of KSFO and KFXT (TV) San Francisco, will transmit programs three hours nightly. They will be repeats of regular KSFO music programs, with Spanish interpolations, and of baseball coverage.

Using facilities of its 100 kw KMWG No. L on 15.265 mc and of 50 kw KMWG No. 2 on 17.760 mc, Associated will fill void left when the Voice of America ceased its Latin and South American service May 23.

As part of its Spanish service, Associated will produce and transmit two or three times a week pro-American dramas under State Dept. supervision. These will be paid for out of $100,000 Congress gave State Dept. under P.L. 495 which permits payment for private international broadcasting.

One of benefits of Associated's move in continuing to program on two frequencies vacated by VOA is that other nations may not preempt wavelengths. They are assigned for U. S. use, but if not occupied could be taken over by other nations, including Russia.

FCC APPROVES SALE—Sale of third interest in KAFY-AM-TV Bakersfield, Calif., by George Crome and R. F. Barlowe to Sheldon Anderson, 15-2/3% owner, for $120,000, granted by FCC. Mr. Anderson's mother retains 16-2/3%, giving control to family. FCC approved 10-year lease of KGA Spokane by Bankers Life & Casualty Co. for $40,000 annually from Gonzaga U.

SQUIBB ON NBC-TV—E. R. Squibb & Sons, in first use of network TV, today (Mon.) starts two one-minute participations per week on NBC-TV's "Today" show (Mon.-Fri., 7-9 A.M. EDT and CDT), and Chase and Sanborn Coffee signs for 78 participations in "Today" between June and December, inclusive. Squibb contract, through Cunningham & Walsh, N. Y., is for 26 weeks with option for another 26 weeks. Chase and Sanborn agency: Compton Adv., N. Y. Contracts brought "Today" participations signed for in May to 107.

PEOPLE—GERALD HIGGINS, John J. Dowd Inc., Boston appointed assistant to president of James Thomas Chirurg Co., N. Y. and Boston agency. WALTER L. EMERSON, ABC Central Div. attorney, named counsel for NBC Chicago succeeding THOMAS COMFERS, who enters private practice. LESLIE G. ARNIES SR., formerly DuMont sports-special events director, named ABC-TV sports director. JAMES WEATHERS, World Broadcasting System sales representative in Southeast, named Western Division sales manager replacing MAYNARD MARQUARDT, who takes leave to operate own station, KATY San Luis Obispo. Replacing Mr. Weatheres will be JACK WHEELER, who sells interest in WKEF Griffin, Ga.... HAROLD C. LUND, WDTV (TV) Pittsburgh general manager, elected president of Pittsburgh Radio & Television Club. JOHN H. THOMSON, KNBC San Francisco news-public affairs manager, named program director, taking duties relinquished by GEORGE GREAVES who continues as assistant general manager with WILLIAM COTHRAN named public affairs director. EARL E. CAMMONS, CBS vice president, called on President Eisenhower Thursday in capacity or vice chairman of President's Committee on Employment of the Physically Handicapped.

WJTV

Mississippi's First Television Station

The REASON is because...
The reason for what?
The reason Mississippi's television viewers and America's leading national spot and network advertisers are enthusiastic about the performance of WJTV, Mississippi's finest television station.

The reason is

... because from the first week of commercial operation WJTV has given its audience through-the-day programming, going on the air each day at ten o'clock in the morning and continuing straight through to about midnight.

... because only four months after "hitting the air" WJTV is producing live programs and building local television personalities whose enthusiastic mail response is testimony to their popularity. The live programs that WJTV is regularly producing... with multiple camera operation... number more than 35 each week, plus regularly scheduled remotes.

... because WJTV's interconnected network programming brings eight of the nation's ten most-watched shows (according to Videodex's April ratings) to Mississippi viewers.

... because WJTV is consistently reaching viewers 55 miles away in all directions from the broadcasting site. This remarkable coverage was established in a survey conducted throughout the area by the Product Performance Division of Philco Corporation.

... because foremost national spot, network, regional and local advertisers are finding that WJTV does the job for them. Reaching most of the viewers most of the time, and all of the viewers much of the time, WJTV's operation has proved to the industry that it gets RESULTS... profitable RESULTS. The response to one weekly program... where viewers were told it was necessary to send their names once and only once... was more than 13,000 replies.

AND... for a final because there is the fact that the number of sets continues to increase. From fewer than 5000 four months ago, just prior to the time WJTV began operations, sets in the area have increased to 17,138 according to Jackson's monthly independent agency survey.

Those are the reasons WJTV knows it is offering central Mississippi viewers and America's leading national spot and network advertisers an unbeatable combination: UHF INTERFERENCE - FREE PICTURE PLUS VHF COVERAGE.

A 2-WAY EXCHANGE OF LIFE INSURANCE INFORMATION

The Institute of Life Insurance provides the public with life insurance information—and in turn, interprets public attitudes to the business.

Three out of every four families now own life insurance.

As America's most popular form of thrift, there is, naturally, a wide interest in how life insurance operates and in the benefits it provides.

In carrying out its first objective of providing a clearer understanding of life insurance, the Institute of Life Insurance does these things:

—collects, analyzes and distributes life insurance statistics to radio and television stations and networks, to editors, economists, librarians, writers and researchers.

—helps schools and colleges to meet needs in the instruction of life insurance by preparing and distributing, on request, such teaching aids as booklets, films and charts.

—furnishes monthly news services to radio commentators, newspaper editors and magazine editors.

—aids librarians in selecting and securing life insurance information.

—develops material on life insurance and related phases of money management for women's organizations, social welfare workers, doctors, lawyers, and other community groups.

—publishes a series of advertising messages designed to broaden the understanding of life insurance.

And for its second objective, the Institute continuously studies public opinion concerning the performance of the life insurance business and makes its findings available to the companies. In doing this, it enables the companies to serve better the interests of 88 million life insurance policyholders.

Earle Pudney presents a daily show on WGY full of variety and informality which provides top entertainment and an ideally relaxed atmosphere for many thousands of families to start their busy days—thus furnishing an ideal sales medium for you.

Coming on the air at 7:10, Earle entertains for twenty minutes. Then, there's a 15-minute "break" for news and Earle returns to the mike from 7:45 to 8:00, from 8:05 to 9:00 and from 9:05 to 9:15.

Earle, who plays and sings the popular hits, augments his program with top recordings of the day. He includes many features in his program which appeal to every type of audience.

Earle is especially proud of the devotional page which features a three minute message from one of the area ministers and a hymn each morning. The station received an award from the Institute for Education at Ohio State University for this feature.

Earle is WGY-Land's main contact with the musical world. Here he is interviewing Fred Waring during one of the band leader's recent visits to Schenectady. Phone and taped interviews with other top musical stars are often featured on Earle's morning show.

*The WGY area is so-named because its retail sales are exceeded by only 16 states.

"Sales Increased 50% Through Sponsorship Of AP News"

"... that's the record scored by Schreiber & Miller Furniture Co.," says James W. Bradner, Jr., Owner-Manager of KGBC, Galveston, Texas. "Other sponsors report sales increases ranging from 11% up to 700%.

Of the sales increase at Schreiber & Miller, Jack Miller says: "A case in point was a promotion of General Electric Wringer Washers. We advertised them only on our three Sunday newscasts — nowhere else. By noon Monday, we sold out our entire stock of 21 washers at $119.95 each. During the three years we have sponsored KGBC-AP News we have won every G.E. district sales contest. And last year we were named one of the top ten dealers in the nation."

James W. Bradner, Jr.  
Owner-Manager, KGBC  
Galveston, Texas

"30% Of Our Revenue Comes From AP News"

"... and 90% of our AP news sponsors have been with us for more than three years," says C. C. Thompson, General Manager of KSOK, Arkansas City, Kansas. "If a sponsor of another type of program cannot see direct results, we sell him an AP newscast or news participation ... that usually does it.

"News on Parade, a 30-minute round-up, is sold on a participation basis and has a waiting list that has had no openings during the past two years.

"I contacted Bridges Style Shop, which is now in its third year of co-sponsorship of News on Parade. Mrs. Lydia Bridges, owner, told me that News on Parade has done a consistently fine job for my firm the past three years. Just this month one announcement on this AP newscast brought out one of the largest crowds she ever had to an after-Easter sale."

the TOP choice for TV...

Federal’s FTL-27C

MICROWAVE RELAY LINK

... the most widely accepted system for the relaying of video signals

Developed specifically for studio-transmitter links, inter-city relays and remote pick-up service, Federal’s FTL-27C provides design features of the highest order. Among these outstanding features are: Automatic unattended operation... immediate on-air operation... self-contained test circuits... and numerous other facilities for dependable operation and simplified maintenance.

TRANSMITTER
- Direct frequency modulated
- Reflex klystron power oscillator
- 3 watts minimum power output
- Crystal controlled
- Built-in wavemeter, r-f power measuring devices and local monitoring facilities
- Internal receiver for off-air monitoring

RECEIVER
- Single superheterodyne type
- Crystal controlled
- Double tuned preselector
- Wide frequency response
- High signal to noise ratio
- Constant video level over wide range of input signals

INSTALLATION
- Circular parabolic antenna for both receiver and transmitter
- Antenna may be ground-mounted for use with tower-mounted reflectors
- Provides stable klystron operation and simplifies maintenance
- Reduces transmission line costs

SOUND CHANNEL
- Exclusive FTL development
- Allows simultaneous transmission of audio and video over TV link
- Eliminates need for leasing high-quality telephone lines
- Fully self-contained

KTVH KANSAS FIRST VHF STATION 316,000 KW-ERP Hutchison, Kansas
A NATIVE of Greene County, Missouri, Lester Cox has lived most of his years inside an area radiating 20 miles from Springfield.

These years have been active ones, marked by a score of business enterprises and civic connections. Latest honor was the award last Monday of an honorary Doctor of Laws degree by Drury College, which he attended before World War I and has served as trustee.

Always a music lover, Mr. Cox formed a boys band in Republic (Mo.) High School, where he earned spending money by doing janitor work after school. Next came college—colleges, to be accurate, including Southwest Teachers College and Drury, in Springfield; Chicago U. and U. of Southern California. At 21 he joined Langenberg Milling & Grain Co. of Republic.

After earning a flyer's commission in World War I he set up an auto distributorship in the Springfield area. Three years later his love for music led him into Martin Music Co., Springfield, as vice president and general manager. In six years he achieved three important records—he built the store into the Midwest's second largest; formed the world's largest Boy Scout Band, which performed all over the nation, and brought leading concert artists to the city.

After that successful music venture he bought Ozark Motor & Supply Co., Springfield. The business included distribution of radio receivers, leading to later ventures in commercial broadcasting. Long active in the Springfield Chamber of Commerce, he interested the chamber in bringing KGBX from St. Joseph, Mo., to Springfield. Owners of the station were Ralph Foster and Arthur Johnson, who later joined him in starting KWTO Springfield, for some years operated jointly with KGBX. With separation of the stations, Mr. Cox directed his interests toward KWTO.

Now there are a dozen more business activities, including a Frisco railroad franchise; presidency of Pioneer Adv. Co., an outdoor firm; operation of three distribution outlets in four states, handling 15% of the total Ford agricultural implement output, plus a fertilizer plant in Oklahoma and a furniture factory. The long list of charitable and civic activities includes Burge Hospital, chairman of board; Special Television Committee, U. of Missouri Board of Curators, chairman; Southern Methodist U., board member. He is in the national Methodist Church Hall of Fame & Philanthropy.

For years he has been active in Masonry.

At Missouri U. Mr. Cox was the power behind grant of a commercial TV license to the school. Any profits will be turned back into programs available to the state and into training courses leading to masters degrees in TV station management, programming and similar professional careers. The TV outlet is to open in September. Mr. Cox contends colleges have been lax in developing high-caliber training for radio and TV careers. Missouri uses KFRU Columbia as a training ground for radio students, and next term plans to supply radio-TV instruction matching its famed journalism courses.

Mr. Cox and his wife, the former Mildred Lee, are parents of a son and two daughters, and have four grandchildren. The son, Lester Lee, is 39% owner of KOAM Pittsburgh, Kan., has 0.5% interest in KCMO Kansas City, and is 49% owner of Springfield Television Inc., a TV station. The elder Cox owns 12.1% of KOAM, which has a TV grant, is chairman of the board of KWTO, owning 499 of 1,000 shares, and owns 49.5% of KCMO (Tom L. Evans also is 49.5%). KCMO is a TV applicant.
FROM HERE TO ISTANBUL

"Our correspondent in Nairobi..."

In May of 1945, television was hardly more than what Fred Allen called "the face on the barroom wall" but that's when NBC first set up its television news film operation with two editors and one pair of scissors.

Now in its eighth year the NBC-TV news film operation is larger than any other news film company including the newsreels and other networks.

In the average week NBC news cameramen shoot a hundred different stories. In a year's time NBC films over 2,500,000 feet of raw stock. If that were all shown as one feature, it would last 300 hours, which is even longer than some features seem.

40 newsmen and 31 cameramen cover the continental United States from 6 vantage points for NBC, and of course news film is sent in from NBC affiliates in 60 other cities and towns. NBC staff correspondents can be found in all the world's major news centers.

And NBC correspondents can also be found in such exotic areas as Jakarta, Karachi and Istanbul. Our correspondent in Nairobi gave NBC a notable beat on the Mau Mau disorders.

Just to be sure that we don't miss anything, NBC also has first call on the films of seven major foreign newsreel companies in Europe.

It's a huge job and it's a lot of trouble, but we believe that having the largest and most active news film operation accounts in a major way for NBC's leadership in TV news. Viewers evidently like it because we consistently find the biggest audiences tuned to our daily news shows. Our sponsors like it too. Such as the sponsors on Today (7 to 9 a.m.) easily the hottest news show around. You can be a sponsor on Today for less than the cost of two round-trip tickets to Istanbul.

a service of Radio Corporation of America
Back in 1935... when Oshkosh B'Gosh, Inc., started advertising on WLS... their product consisted chiefly of overalls and their annual sales volume was quoted in six figures.

In 1953... after eighteen consecutive years of WLS advertising... Oshkosh B'Gosh products include more than thirty classes of work clothing such as jeans, matched shirts and pants, coveralls, coats, caps, etc., in addition to overalls... the floor space of their plant has been increased nearly fifty per cent, and the efficiency has more than doubled... and their sales volume amounts to millions of dollars annually.

We don't claim that WLS did it all... but the very fact that Oshkosh B'Gosh, Inc., has advertised consistently on WLS for eighteen consecutive years, is convincing evidence of the part WLS has played in this progress.

WLS can get comparable results for you. See your John Blair man... or contact us... today.

NBC AFFILIATES APPEALED
BY SARNOFF PRESENTATION

THE GENERAL put out the fire.

Even skeptics among NBC-TV affiliates— and there were some who privately expressed doubts or reserved decision—conceded last week after hearing a two-hour exposition of RCA-NBC policy, history, and intentions by Brig. Gen. David Sarnoff, Chairman of the Boards of NBC and RCA, that he had quelled any incipient "uprising" that threatened.

The affiliates heard Gen. Sarnoff and other top executives of the network detail accomplishments and plans at an all-day meeting at Princeton on Tuesday, then adopted by what was termed unanimous vote a resolution reaffirming "our complete confidence in the NBC and heartily (endorning) its program as revealed to us by Gen. Sarnoff."

Questions—some of them pointed—which had been prepared to be directed at Gen. Sarnoff went unanswered. Walter Damm of WMJ, Milwaukee, chairman of the Affiliates Committee, reportedly arose to say that "here's one affiliate who won't switch." The general was given a standing ovation.

While most of the approximately 70 NBC station men on hand for the three-day meeting appeared impressed, if not overwhelmed, by the RCA-NBC presentation—which included a demonstration of compatible color TV—there remained some who appeared still unsatisfied.

Their consensus—and this group included some prominent broadcasters—was that the affiliates would go home, reflect on what they had seen and heard, and make final judgments contemplative ly.

Gen. Sarnoff made clear that he is actively at the helm of NBC operations, and assured the affiliates, it was reported, that so long as he is taking this active interest he will take the responsibilities that go with it.

He also told the affiliates that NBC President Frank White, now vacationing in Europe to recuperate from near-exhaustion, is expected to return completely well—and that, assuming he does return recovered, he will continue as president if he wishes.

He gave no indication as to who the new president might be if Mr. White does not resume, but other associates of Mr. White expressed confidence that he will return to the presidency later this month and continue in the post. Members of Mr. Damm's committee meanwhile sent President White an affectionate cablegram urging him to "take it easy" but "hurry home soon."

In apparent answer to speculation as to the future role of John K. West, vice president in charge of West Coast operations but on temporary assignment in New York during Mr. White's absence, Gen. Sarnoff was said to have told the affiliates that Mr. West wants to return to the coast as soon as possible, although the West Coast operation is functioning well in his absence—which he called a tribute to Mr. West's administrative ability.

Participants also said there was no indication that grounds exist for speculation that Niles Trammell, former NBC president and board chairman and now a consultant to the network and also a TV applicant, may return to NBC in an active role. Mr. Trammell attended last week's session with RCA-NBC officials but took no active role, it was said.

NBC authorities appeared confident that the threat that several major affiliates might switch to CBS had been averted. They said they expected not more than one to join WTAR-AM-TV Norfolk, which announced a fortnight ago that it is moving to CBS (B&T, May 25.) CBS-TV officials were still active, however, and it was known that other top-ranking stations held discussions with Columbia officials even after the Princeton meeting.

In contrast to the general air of satisfaction signified by affiliates as they adjourned Wednesday, they had started out the week loaded with questions they wanted answered. One list had been submitted to the management earlier, for its guidance. In a all-afternoon meeting among themselves Monday, the affiliates drew up what was described as a new and briefer list of queries having to do with management, organization and personnel, long-range as well as immediate plans, and specifically, the long-standing question of daytime programming on NBC-TV.

Informed of the new list, Gen. Sarnoff reportedly answered that his own talk and
CONVERSING at the NBC Affiliates meeting were (1 to r): Arden X. Pangborn, WOAI-TV San Antonio; Herbert Mayer, WPTV-TV Portland, Ore.; Frank Pofolz, president of RCA, and Stan Hubbard, KSTP-TV St. Paul-Minneapolis.

...the presentations to be made by other officials were all calculated to provide answers to the questions in the minds of affiliates, and that if the affiliates wanted to launch the session with questions, then the other officials might handle the chores.

Affiliates said afterwards that his talk seemed to answer the broad, basic questions if not all the details.

Color television — 16 affiliates signed contract supplements giving them NBC colorcast rights within 24 hours after the demonstration, although NBC said it had not intended to start signing them immediately. In a detailed plans for spending $3.5 million on weekday TV programs for the 10-30-12 noon period, a new TV discount structure to attract more daytime advertisers, and reports on the NBC-TV sales outlook all were spelled out in support of Gen. Sarnoff's reassurance that RCA intends NBC to maintain leadership.

Speakers at the Princeton session, in addition to Gen. Sarnoff, were Sylvester L. Weaver, Jr., vice chairman of the NBC Board; Charles C. Barry, president, vice president John K. Herkert, sales president, and Hugh M. Beville, director of research and planning. RCA president Frank M. Pofolz also was among the RCA-NBC officials on hand.

All sessions were private. The affiliates met among themselves Monday afternoon, went to Princeton for the sessions with management there on Tuesday, and held a window meeting among themselves in New York Wednesday morning.

In the Princeton sessions, top officials of the network spelled out their plans in a series of talks and presentations in which:

- Gen. Sarnoff assured the affiliates that NBC not only has been the leader over the years but that RCA intends it shall continue to be, and he derided CBS for appearing to think that leadership can be claimed on "brief" possession of higher ratings or what he called a few extra dollars in billings.
- NBC's schedule for launching regular color TV programming was detailed, calling for the first year to be devoted to practical experimentation in developing procedures through colorcasting some of NBC's established black-and-white programs.
- Plans for daytime TV programming involving the expenditure of $3.5 million on the weekday 10:30-12 noon period were outlined in the network after hearing Brig. Gen. David Sarnoff, Board Chairman of RCA and NBC, and associates outline plans for NBC at the affiliates' meeting last week.
- In evening programs, the affiliates were told, NBC-TV not only leads the Nielsen rating parade but has increased leadership over the past year.
- A new TV discount structure was unveiled, said to be more comparable to that of CBS-TV and designed to stimulate additional daytime advertising volume.
CBS Answers

IN ANSWER to ridicule which Brig. Gen. David Sarnoff, RCA and NBC board chairman, turned upon the idea that "leadership" can be claimed on the basis of "bait" holding of "a few higher program ratings or a few extra dollars in billings" CBS, which claimed a few weeks ago to have taken the TV leadership to go with its sales advantages in radio, issued this statement: "Our record speaks for itself. It is based on nothing other than creative management supported by own aggressive and well coordinated staff."

In the same vein Mr. Damm, presenting Gen. Sarnoff, noted that Gen. Sarnoff urged NBC affiliates in 1947 to go into TV, and said those who took this advice are now in the vanguard of profitable TV station ownership.

NBC's plans for launching colorcasts as soon as FCC approves compatible color standards - (RCA authorities have indicated they will apply to FCC by July 1) - were laid out by Mr. Weaver, who said the preliminary schedule calls for two evening half-hours per week in color, plus additional color programming in daytime from one of the two fully equipped color studios NBC now has, plus continuous experimentation and occasionally color programming from its other existing studio.

The network also has ordered additional color cameras and color camera chains to equip five more studios, Mr. Weaver said. Also, he reported, NBC's color-equipped mobile unit will be used for pickups for insertions in regular black-and-white programs, where suitable, and for outstanding special events.

He estimated the cost of equipping a TV station to carry network color programs would be about $15,000.

In the realm of black-and-white, daytime program plans were spelled out by Mr. Barry, who said the new morning lineup would be:

After the leadoff Today series, seen Monday through Friday from 7-9 A.M., EDT and CDT, the fast-rising Ding Dong School feature will continue from 10-10:30 a.m. and be followed, starting July 6 by a 10:30-11 a.m. program called Glamour Girl, in which a woman chosen from the audience will be glamourized by top beauticians and fashion experts and shown "before" and "after" to the audience.

Into the 11-12 noon period will go four quarter-hour serials - the veteran Hawkins Falls at 11-11:15 a.m., and The Benny Peters, both from Chica-

Wish You Were Here

TEXT of cable sent to NBC president Frank White, vacationing in London, by members of the NBC-TV Affiliates Committee, headed by Walter Damm of WTMJ-TV Milwaukee, following NBC presentation at Princeton Tuesday:

"Dear Frank:

Had you been in Princeton Today and heard the many wonderful things the gang said about you and heard General Sarnoff laud your future with America's No. 1 network you would have decided being on earth was worth It. The session was solid the entire spirit was wonderful. Have a good time, take it easy, hurry home soon where we all await with sincere admiration for you. It has been a great day for the General, the network, its president and we affiliates.

"Love,"

"All the Damm Affiliates."

Mr. Damm, as director of research and planning, pointed out daytime TV's substantially lower cost-per-thousand for advertisers aiming primarily at the housewife audience, and also gave details of the new TV discount system being inaugurated by NBC.

While satisfaction and in many cases rousing enthusiasm appeared to mark the affiliate's reception of the management's presentation at Princeton, they had come to the three-day meeting well armed with questions.

They had a list which had been submitted to President White on May 1 as a guide for management in preparing for the sessions, and they had a list compiled subsequently for follow-up discussion in their private meetings before being joined by the network officials. The two lists were prepared for the affiliates by committee chairman Walter Damm to expedite their closed sessions.

The May 1 queries covered a broad range extending from "Who is at present in the NBC organization?" - which took cognizance of "numerous rumors and
NBC AFFILIATES APPEASED

reports to the effect that there are still further major changes in the offing — through a query as to "where do we go from here?" to the further question "is or is not NBC going to get the Gillette fights to start on time?"

Complaints and questions about NBC's seemingly permitting "exploitation" of the motion picture industry through too prominent mention of too many movies on too many TV shows; about "poor engineering quality" on the Kate Smith Show and Camel Newsreel; about instances of one advertiser "sharing" commercial time with another "compatible" advertiser, and about NiC's compliance with its own and the NATB TV standards of practice were other highlights of the pre-meeting "agenda" of the affiliates.

Another question raised pointedly in the list which had been submitted to President White:

"What are NiC's plans as to a basic must-buy network?"

NBC-TV DISCOUNT PLAN PRESENTED

NEW NBC-TV discount structure, intended to meet competition and to attract more advertisers to NBC-TV, particularly during the daytime hours, will go into effect July 1, affiliates were told last week by Hugh M. Beville, NBC director of research and planning.

Main features of the new plan involve reduction of the minimum discount period from 39 to 26 weeks, an upping of the hour discount rate from 7% to 8%, cumulative calculation of discounts permitting an advertiser to combine his programs for discount purposes instead of figuring discounts on each program individually, and a reduction from five to two days a week necessary for a daytime sponsor to be eligible for the contiguity rate.

In combining program times for discount calculations the same ratio will be followed as is used in establishing rates, Mr. Beville said. That is, a quarter-hour will be counted as 40% of an hour, a half-hour as 60% of an hour. At present, an NBC-TV sponsor of a half-hour and a quarter-hour each week would earn discounts of 6% on his half-hour time charges and 5% on his quarter-hour time charges, provided both programs were kept on for 39 weeks. After July 1, he can combine the two and earn the hour discount rate of 8% (40% for the quarter-hour plus 60% for the half-hour making 100% or a full hour for discount purposes) after 26 weeks. If another quarter-hour is added the discount mounts to 10%, another brings the discount to 15%, maximum allowed on a weekly basis. An additional 10% is allowed for 52 weeks of consecutive sponsorship.

In amplification, the summary continued that "it would seem that the time has come when NBC must declare itself as to what its intentions are... Affiliates in one-station markets want to know so that they can make their future plans. . . If (newer affiliates in small markets) are not to be included in the basic must-buy setup they ought to know and be sold on the reasons why."

Summer sales, the fall schedule, the specific sponsorship situations were among other points on which affiliates had sought information in the May 1 query.

The second list given the affiliates by committee leaders consisted of "matters for discussion" at the private meeting on Monday, and in many cases the subjects were listed without comment. For example, it was noted that the following are subjects which had been raised relating to the affiliation contracts:

1. Increased compensation for affiliates, via reduction of "free hours" and higher percentage of compensation.
2. Elimination of rate protection for affiliates taking summer hiatus.
3. Change in Saturday and Sunday afternoon rates.
4. Revision of option hours for stations in non-DST areas.
5. Recapitulation, by the stations, of option time when the network does not furnish any service.
6. Special rate for programs sold on a co-sponsorship basis; also for alternative-week programs where the advertisers exchange commercials, on the theory that such exchange in effect makes the programs co-sponsored; also for participating programs paid for at the card rate but in which three announcements are sold.

NABC AFFILIATES SIGN FOR COLOR

THOUGH officials said they had not planned to start signing up stations immediately, NBC officials reported that by noon last Wednesday 16 affiliates on their own initiative had signed affiliation contract supplements giving them right to carry NBC color telecasts when colorcasting is launched. This followed NBC's demonstration of its compatible color system to the affiliates Tuesday noon, and the outlining of colorcasting plans that afternoon. The 16 which had signed were listed by NBC as follows, showing both stations and signers:

WBRE-TV Wilkes-Barre, David M. Baltimore, General Manager; WJAR-TV Providence, R. I., Norman Gittelson, managing director; WSYR-TV Syracuse, E. R. Vadeboncoeur, president and general manager; WJAC-TV Johnstown, Pa., Alvin D. Schrott, Manager; WJIB-TV Lansing, Mich., Willard E. Wallbridge, executive vice president and general manager; WLDY Dayton, WLWC Columbus, WLWT Cincinnati, Robert E. Danville, President, Croley Broadcasting Corp.; WCS-TV Huntington, Lawrence H. Rogers III, general manager; WDSL-TV New Orleans, Edgar B. Stern, president; KSTP-TV St. Paul-Minneapolis, Stanley E. Hubbard, president and general manager; WKY-TV Oklahoma City, P. A. Smith, manager; KCBN-TV Lubbock, Joseph H. Bryant, president and general manager; WBP-TV For Worth, Harold Hough, vice president and director; KPRC-TV Houston, Jack Harris, general manager; and KFPT (TV) Portland, Ore., Herbert Mayer, president, Empire Coil Co., owners.

BROADCASTING • TELECASTING
'PER INQUIRY' PLANS OFFERED; FELLOWS DENIES ANY ENDORSEMENT

THE mail order business, frequent trouble-maker for stations, last week promised a sky-high summer for the kiddies.

Two firms launched toy balloon enterprises. One of them offered a novelty in per inquiry selling-implied approval of NARTB President Harold E. Fellows, longtime foe of this type of account.

Prompt disclaimer came from Mr. Fellows in a telegram to William L. Mezger, whose name was signed to a balloon P. L. offer from Val U. Service, 23 Monterey Ave., Dayton 9, Ohio.

The Mezger letter offered five toy balloons for $1, with the station getting 40 cents out of each order. One of the balloons was described as a "flying saucer" that makes a militant noise as it deflates.

The letter concluded with this statement, "As a personal reference I suggest Harold E. Fellows, president of NARTB, Washington, D. C."

Mr. Fellows told Broadcasting Mr. Mezger was a former employee when he managed WEAF Boston before assuming the NARTB presidency. He said his wire to Mr. Mezger included this statement:

"I did not realize that your plan involved the purchase of station time on a per inquiry basis. I cannot personally endorse the practice of advertising. Regret that I must ask you to withdraw any statement or intimation that I have endorsed the plan. I still stand on my opinion of you personally but cannot endorse or countenance any intimation of endorsement of per inquiry broadcasting."

North Carolina Awan of Broadcasters is investigating the Dayton P. L. deal as well as another balloon offer submitted by Peru-Uen Adv. Inc., 8251 Beverly Blvd., Los Angeles, according to Jack Younts, WEAF Southern Pines, N. C., executive secretary of the association.

The second account proposes to buy six-five-minute periods a day on stations—at the half-hour rate. For $1 plus 25 cents for handling the company says it will send 18 latex balloons. Some are three feet long and are puppies and other novelties.

Mr. Younts said NCAB has investigated many mail order accounts in recent years, in some cases this type of account has been forced to refund money for non-delivery of merchandise. "These accounts often make enemies for the station," he added.

Booth, Hill Join Esty, Potter Named V.P.

TWO MEN have been added to the William Esty & Co. staff and another has been named vice president. Jacquie J. Houlihan, agency president, announced last week.

William P. Booth, vice president on the NBC account, Sullivan, Stauffer, Colwell & Bayles, joins Esty as vice president and member of the service group for Colgate-Palmolive-Peet Co.

H. Ross Potter, who has served on the Colgate account at Esty for the past two years and continues in that assignment, was named a vice president.

John J. Hill, Jr., with Kenyon & Eckhardt for the past 18 years, joins Esty as art director.

CBS Radio Announces $3 Million Sales

CBS RADIO'S sale of 10 quarter-hours a week to Toni Co. and Manhattan Soap Co. (B.T., May 25) represents combined gross annual billings exceeding $3 million, John Karol, vice president in charge of network sales, estimated last week.

Described as one of the largest network radio time sales in recent months, the contract calls for the two advertisers to alternate daily in sponsoring Walter O'Keefe in the Wizard of Odds audience participation series (Mon.-Fri., 9:45-10:00 p.m. EDT) and Mercedes McCambridge in a dramatic series entitled Family Skeleton (Mon.-Fri., 7:15-8:30 p.m. EDT), both effective June 6. On June 29, Family Skeleton will move into the 7-8:30 p.m. EDT period now occupied by Beatle.

AD BUDGET SIZE ISSUE OUTLINED

PRIMARY responsibility for determining the size of advertising budgets should rest with advertisers, Thomas D'Arcy Brophy, Board Chairman, Kenyon & Eckhardt, told the Chicago Tribune's Fourth Annual Distribution & Advertising Forum last week. Panel sessions were held Tuesday and Wednesday in the WGN Chicago audience studios.

Edgar Kobak, appearing as president of Advertising Research Foundation Inc., traced ARF's history and its study of listener and reader motivations. Mr. Kobak, business consultant and owner of WTTA Thomson, Ga., said his group's work "may take three, four or five years but we feel we have made the right start." He stressed the need for continuity in advertising, which he termed one reason for radio's success.

Mr. Brophy said "some advertisers have refused to accept the fact that the advertising dollar doesn't go as far to..."
newsmens, Kohlak, Brophy and Sanning appeared in a Wednesday morning panel on ad budget practices along with other agency and advertiser representatives. Leadoff discussions Tuesday were headed by Fairlane Cone, president of Foote, Cone & Belding. He said advertisers can frequently turn to product users for a sales theme.

NEW BUSINESS

Spot

Campbell's Tomato Juice planning radio spot announcement test campaign in seven West Coast markets starting June 1 for eight weeks. Agency: Compton Adv., N. Y.

National Carbon Ltd., Toronto (batteries), and Northern Electric Co. Ltd., Montreal (receivers), will sponsor broadcasts of Westerns and Eastern Canadian rugby football games this fall on 14 Canadian stations. Agency: Harry E. Foster Adv. Ltd., Toronto.

Network

American Tobacco Co. renews "Jack Benny Program" on CBS Radio for ninth year, June 7 - 7:30 p.m. EDT, starting Sept. 13. Show goes off after June 7 for summer. Agency: BBDO, N. Y.

Jacques Kreisler Mfg. Co., North Bergen, N. J. (watches), signs to participate in sponsorship of "Crime Files of Flannery," Wed., 8 - 8:30 p.m. EDT, "Official Detective," Thurs., 8 - 8:30 p.m. EDT and "Take a Number," Fri., 8 - 8:30 p.m. EDT on MBS under network's "Multi-Message" plan, for 12 weeks, starting July 1. Agency: Foote, Cone & Belding, N. Y.

Rexall Drug Co. to sponsor Richard Diamond, Private Detective on CBS Radio as summer replacement for "Amos 'n Andy," effective May 31, Sun., 7:30 - 8 p.m. EDT. Agency: BBDO, N. Y.

Sunnyvale Packing Co., Sunnyvale, Calif. (Rancho soups), entered participating sponsorship of "Chet Huntley News and Bob Garred News" on 18 ABC Western Radio stations, Mon., Wed., Fri., 7:30 - 7:40 a.m. PDT, Tues., Thurs., 5:30 - 5:45 p.m. PDT, for six weeks from May 25. Agency: Brooke, Smith, Fanch & Dorrance, S. F.

Coca-Cola Ltd., Toronto, has started "Eddie Fisher Show" twice weekly on 34 Dominion network stations, for 26 weeks, Wed. & Fri., 8 - 8:15 p.m. Agency: D'Arcy Adv. Co., Toronto.

Agency Appointments

Famous Brand Jewelers Inc., Chicago (group of independent retail credit jewelers), appoints Allan David Agency, same city, TV will be used.

Consolidated Royal Chemical Corp. appoints Dancing-Fitzgerald-Sample, Chicago, effective June 1.

Bluhm Foods, Denver (wholesale foods), appoints Glaser-Galley Inc., L. A. Grace Glasser is account executive.

TWO FIRMS SHOP FOR TIME PERIODS

AT LEAST five national advertisers have expanded their television budgets with network buys, while a sixth advertiser is still seeking an hour on alternate weeks on one of three networks, and a seventh is looking for a half-hour network show on alternate weeks.

The five expanding advertisers are General Mills, Commercial Solvents Corp., Bristol-Myers, Armour & Co., and Falstaff Brewing Co. seeking time periods are U. S. Steel Corp. and Sherwin-Williams Paint Co.

General Mills expands when it places its "Lone Ranger" series on CBS-TV, Sat., 1-1:30 p.m., effective June 13, in addition to continuing sponsorship of "Lone Ranger" on ABC-TV, Thurs., 7:30-8 p.m. Dancing-Fitzgerald-Sample, New York, is the agency.

Commercial Solvents Corp. will more than triple its television budget this fall, when it starts sponsorship Sept. 12 of a quarter-hour Saturday evening sports show with Red Barber on CBS-TV. Exact time will be decided later. Program will be heard on 30 stations. Firm had been sponsoring Peak of the Neurs on a regional basis in about 10 to 14 markets. Fuller & Smith & Ross, New York, is the agency.

Bristol-Myers Co., New York, is expanding its TV budget, a spokesman of the company told B&T, by setting sponsorship of the Paul Hartman "Pride of the Family" series on ABC-TV on alternate weeks, starting early in October (Fri., 9-9:30 p.m.). This buy is in addition to its weekly half-hour "Time to Smile" on CBS-TV. Doherty, Clifford, Steers & Shenfield, New York, is the agency.

Meanwhile Armour & Co., Chicago, through Foote, Cone & Belding, Chicago, has signed to sponsor the other week of "Pride of the Family," thus increasing its TV budget.

Falstaff Brewing Co., St. Louis, a heavy radio advertiser ("Game of the Day" on MBS, spot campaigns and local baseball series, is launching a television baseball series, "Game of the Week," on ABC-TV, Saturdays, starting May 30 in about 20 markets. The program will not be carried in major league baseball cities nor in minor league cities where a home game is being played. Other markets than the 20 for Falstaff are available on a co-operative sponsorship basis. Dancing-Fitzgerald-Sample, New York, is the Falstaff agency.

U. S. Steel Corp. officially announced that it would sponsor a full-hour television program, to be known as "United States Steel Theatre (B&T, May 4), starting in the fall on an alternate-week basis.

Negotiations are underway to obtain the services of the Theatre Guild as producers. Meanwhile the firm will discontinue its radio program on NBC Sundays for the past eight years, after the June 7 broadcast. All three networks, ABC-TV, CBS-TV and NBC-TV, are offering time periods to the U. S. Steel agency, BBDO, Chicago, New York, an agency spokesman told B&T, but no decision had been reached last week.

Sherwin-Williams Paint Co., Cleveland (Keens-Tone), through Fuller & Smith & Ross, New York, is looking for a show and a network period, for a half-hour program on alternate weeks.

Sano Cigarette Sales Up Because of TV

AN INCREASE in sales for Sano cigarettes was noted as a result of the firm's sponsorship of "Martin Kane, Private Eye" (NBC-TV, Thursday, 10-10:30 p.m. EDT), L. A. Bantle, vice president of U. S. Tobacco Co., makers of Sano, told company sales representatives.

Mr. Bantle said: "The full facilities of our company have been put behind Sano cigarettes in advertising and sales promotion which have made thousands of additional smokers acquainted with Sano cigarettes, resulting in more sales to these new people."
NBC - TV SERIES SOLD IN 26 MKTS.

NBC-TV's "Victory at Sea" series, which concluded a cycle on the network May 3, has been sold in 26 markets since it became available for syndication, John B. Cron, national sales manager for the NBC Film Div., announced last week.

The 26-part filmed series, which won a Peabody Award, will be rerun by NBC's own and operated stations as well as carried by other outlets, starting in most cases in the fall, according to Mr. Cron. He pointed out that KTVL-TV, Mesa, Ariz., will begin the series next month, under sponsorship of Richfield Oil Co.

Other recent sales by the NBC Film Div. include those of the "Douglas Fairbanks Presents" series, currently in 71 markets, to Kenyon & Eckhardt for sponsorship by the National Brewing Co. on WTOP-TV, Washington; to the Walker & Dowling Agency for sponsorship by Duquesne Brewing Co. and to KDNY-TV, Fargo, N.D.

Mr. Cron also reported that both "Hopalong Cassidy" and "Dangerous Assignments" currently are available in 110 markets.

UTP Stock Footage Available for Sale

A COMPLETE library of stock shot footage will be made available to television stations for outright sale, United Television Programs announced last week in disclosing plans for marketing the UTP "Five Foot Film Shelf."

A UTP spokesman said the library consists of five reels and encompasses more than 50 categories. He said the library would be sold for $200 to $400, depending on the size of the market, and said this is the first time a complete library of stock shot footage had been offered to TV stations for outright sale.

The library was compiled and edited by Elbert Kapit of General Film Productions, New York.

TAP Charges Fraud, Sues Fairbanks, NBC

FRAUH, conspiracy to defraud and breach of contract are charged in a $500,000 damage suit filed Monday in Los Angeles Superior Court, against Jerry Fairbanks Inc., the producer individually and NBC by Television Arts Productions Inc. of Berkeley, Calif., over the TV filmed five-minute Crusader Rabbit cartoon series. Suit also asks a temporary injunction and restraining order to prevent NBC from carrying out a court-ordered foreclosure on the programs and their disposal at public sale.

The complaint alleges that J. T. Ward and A. H. Anderson Jr., owners of TAP, in August 1950 entered into an arrangement with Fairbanks for him to produce the series. NBC, according to the suit, subsequently made a deal with the Hollywood producer under which it acquired title to the series, but in February 1952 sold the property back to him for $75,000 chattel mortgage. After he defaulted on payments, NBC recently foreclosed and obtained a court order to dispose of the cartoons by public sale.

NBC did not name TAP as its defendant in its suit against Fairbanks, the complaint states, and the only knowledge the Berkeley firm had of the network's obtaining the decree of foreclosure was from news stories.

CBS-TV Film Sales Announces Expansion

AS PART of an overall expansion program, CBS Television Film Sales is establishing its New York office and opening new offices in Dallas and San Francisco, it was announced last week by General Sales Manager Wilbur S. Edwards.

Announcement also was made that the southern office of CBS-TV Film Sales and CBS-TV Spot Sales, along with CBS Radio Sales, will move today (Monday) from Memphis to temporary headquarters in Atlanta at 31 Third St., N.E. After Dec. 1, it was said, permanent headquarters for the three units will be established in Atlanta at 800 Peachtree St. H. H. Holtzhausler, who has been functioning as manager for both Television Spot Sales and Film Sales, will serve in the former capacity only and a new Film Sales Manager will be named shortly. W. Maier Jr., heads CBS Radio Spot Sales office in the southern region.

To assist in expanded Film Sales activities, Mr. Edwards announced, Charles (Chuck) Reaves, account executive in the Chicago office of CBS-TV Film Sales, has been transferred to New York headquarters. He also announced the appointments of Carter Ringley, of K Lucas Kansas City, to head the Dallas office and Glenn Ticer, of KCBS San Francisco, to head the San Francisco office of the unit.

WHP-TV Harrisburg, Pa., signs up for Consolidated Television Sales' Station Starter Plan. A. K. Redmond, WHP-TV general manager pens the contract as program director Richard Redmond looks on.

---

Film Sales

Production

Interstate Television Corp., Hollywood, is producing "general Delivery," a half-hour film starring Ethel Barrymore, for inclusion in the Ethel Barrymore Theatre television series. William Calihan Jr. is producer and Lewis Allen is the director.

Random Shots

Frank Wisbar Productions, Hollywood, is producing "The Man from Comstock" and "The Uncrossed River," two half-hour films for NBC-TV's "Fireside Theatre." Both films star Bruce Bennett.

NBC Film Div. Adds Syndication Tasks

EXPANSION of the NBC Film Div. into a syndication service for feature films was announced last week by Robert W. Sarnoff, vice president in charge of the division.

Mr. Sarnoff noted that since its formation as an NBC operating unit three months ago, the division had concentrated on sales and distribution of film series, such as Victory at Sea, Douglas Fairbanks Presents, The Visitor, Dangerous Assignments and Hopalong Cassidy. Feature films, he added, will round out the division's product line.

Negotiations currently underway, Mr. Sarnoff said, for the acquisition of two packages of 13 feature films, which will be first run for TV. He said they will be distributed to local stations and regional advertisers.

June 1, 1953 Page 41
The Houston-Fearless Corp., Los Angeles, has designed a new 15 mm film processor for TV stations which develops, fixes, washes, dries and reels 16 mm film ready for showing at the rate of 20 to 40 feet per minute. Up to 1,000 feet of film can be loaded in one of the magazines. An automatic refrigeration unit maintains solution temperatures so that the machine is always ready for use. Light-tight hoods over the first three processing tanks permit the machine to be operated in ordinary light, according to the company. Model number of the new processor is 16R40.

**Film People**

Lloyd Lind, head of Interstate Television Corp.'s department, has been elected vice president in charge of sales. His headquarters will be in New York.

Wayman A. Robertson, veteran of motion pictures and broadcasting, has been appointed chief sound engineer for Kling Studios Inc., Chicago, Fred A. Niles, vice president of Kling's television and motion picture division, announced. During the last 20 years Mr. Robertson was associated with Paramount Pictures and previously was with NBC. Last year he toured the country filming Adlai Stevenson's principal campaign speeches for TV.

Marshall G. H. Lewis, formerly with Pep Boys, has been named director of advertising and public relations for Louis W. Kellman Productions, Philadelphia, a division of News Reel Laboratory (Television and business films).

Dr. A. W. Tueman, president of the U. of New Brunswick, and former member of the board of governors of the Canadian Broadcasting Corp., has been appointed director of the Canadian government's National Film Board, Ottawa, at $15,000 a year.

Ted Post, under a non-exclusive contract to Meridian Pictures, Hollywood, as director on CBS-TV's "Schlitz Playhouse of Stars," has signed a non-exclusive contract with Screen Gems Inc., Hollywood, for probably assignment on "The Law Strikes Back" and NBC-TV's "Ford Theatre," both half-hour film series. Screen Gems is a subsidiary of Columbia Pictures Corp.

David D. Osborn, public relations director of Transfilm Inc., New York, elected vice president of the National Visual Presentation Assn.

J. Arthur West, independent film writer and consultant, joins Fletcher Smith Studios, New York, in an executive capacity.

---

**FACTS & FIGURES**

**Promise Proper Ratings for UHF**

DANGER that the rating services may sell uhf short, pointed out by Humboldt J. Greig, president of WINN-TV Reading (Ch. 61) in his talk at the May 21 workshop session of Radio & Television Executives Society, can and will be avoided, according to his friend, Nielsen and Pulse. Nilsen told B & T last week.

Problem as outlined by Mr. Greig is that when uhf TV sets are converted for uhf reception, uhf signals may be brought into the receiver on any uhf channel not utilized in the area. By a questionnaire about TV watching, one may say he is looking at Ch. 2, another at Ch. 5 and a third at Ch. 9, when all three are in reality watching Ch. 61, he said, each answer depending on how the individual set was converted.

C. E. Hooper said that his interviewers ask for both program and channel and so could soon overcome any initial confusion over uhf reception. His diaries, he said, are being altered to provide for listing of call letters as well as channel numbers in uhf areas. Sidney Roslow, director, Pulse Inc., told B & T that Pulse interviewers also ask for program identification as well as channel number and that, while it might be a difficult matter at first, uhf stations will receive proper audience credit in Pulse surveys. A Nielsen representative reported that the various uhf channels are properly identified on each receiver along with the uhf channels at the time the Audimeter is installed, so the record of the various stations dialed on that set can be decoded accurately, no matter where on the dial the uhf programs are tuned.

**Census Funds Restored**

FUNDS for Census of Business and Manufactures as well as for Census of Agriculture were restored to the commerce Dept. appropriation bill by the Senate Appropriations Committee late Wednesday. Committee voted $9,400,000 for business-manufacturers census (house allowed nothing) and $2,200,000 for farm census (house allowed nothing). No funds were voted, however, for proposed census of mining and transportation.

**Subscription TV Survey**

**Taken By Purdue Panel**

REPLY to a postcard survey by the Purdue U. opinion panel has indicated that 65% of some 23,000 viewers would pay $1 to see a championship fight on their TV receivers through means of subscription TV. The figure was released by H. H. Remmers, professor of psychology and education at Purdue. The survey was taken in the Chicago - Milwaukee area.

Prof. Remmers said that among fight fans, 76% indicated they would be willing to pay a fee if a "pay-as-you-see" TV system were in operation. Others indicated they would pay, not for fights, but for football games, opera, good movies, drama and other program fare.

**Page 42**
COMMUNITY TV PLANS COME TO BOIL

NEW DEVELOPMENT in the community television field is due to break. Plans for programming and the selling of time by the closed circuit operators has progressed far enough to foresee that it will be the number one topic of conversation at the second annual convention of the National Community Television Assn. at New York’s Park Sheraton Hotel June 8.

Reported ready to begin commercial closed circuit TV for communities which do not have their own television signals — and are too far away to receive larger city's signals are the following: Television Cable Co., Oil City, Pa.; Community TV Systems Inc., Florence, S. C.; Service Electric Co., Mahone City, Pa.; Trans Video Corp., Pottsville, Pa.; and Potomac Valley Television Co., Cumberland, Md.

General approach by those who have acknowledged their plans for local programming — mostly films and kinescopes — are to originate programs for sale to local or national advertisers. Some also envisage live pickups of local events (civic meetings, ball games, etc.) and later, studio presentations.

In the Oil City case, General Manager Ned Cogswell announced that the local programs would be fed on the third channel of its tri-channel system. It will continue to pick up and deliver to its 1,800 subscribers signals from WDTV Pittsburgh and WJAC-TV Johnstown, Pa.

In Florence, S. C., Community TV Systems, which already claims more than 1,000 customers, intends to set up an out-and-out closed circuit system. Florence is too far from any TV station to permit pickup and redistribution, Murray Borkon, Community TV president said. His aim is to build up a number of small TV-less areas throughout the south, then sell them to advertisers as a package. Mr. Borkon was involved in the struggle to establish a community TV system in Asheville, N. C., but ran afool of local broadcasters opposition (B • T, Dec. 29, 1952). He operates a regular fee-TV service in Waynesville, N. C.

Oliver S. Gramling, assistant general manager for radio-TV, The Associated Press, will be the principal speaker at the NCTA convention. A technical panel will be led by Dr. Frank G. Kear and an administrative panel by Martin F. Malarkey Jr., president of the organization.

Equipment is scheduled to be displayed by RCA, DuMont, Jerald Electronics, Spencer-Kennedy Labs., International Telemeter Corp., Entron Co., and Times Appliance Co.

SCBA Elects Burke

FRANK BURKE Jr., general manager, KPFD Los Angeles, has been elected president of the Southern California Broadcasters Assn. He succeeds Calvin J. Smith, president and general manager, KFAC that city. Norman Oatby, vice president, KFJ Hollywood and Don Lee Broadcasting System, has been named the association’s vice president, with Thelma Kirchner, general manager, KFJF Hollywood, re-elected secretary-treasurer for a second term.

Newly elected to the board of directors are Gene DeYoung, president and general manager, KERO Bakersfield; William J. Beaton, general manager, KWKW Pasadena; Robert J. McAndrews, commercial manager, KBIG Avalon, and A.E. Joscelyn, CBS Hollywood director of operations, were re-elected for a second year, with Robert O. Reynolds, vice president and general manager, KMPC Hollywood, starting his seventh term as a board member.
HUNT TV IDEAS, SCAA TOLD

AGENCY executives as well as those of television stations must look for new commercial approaches to ward off criticism of TV, John Vra, sales manager of KTVV (TV) Hollywood, told the Southern California Advertising Agencies Asso., at its annual meeting at Hotel Del Coronado, Coronado.

"The combination of sight and sound, plus newness of the medium, adds immeasurably to the problems of both agency and station executives," he stated.

Mr. Vra said three ways a TV station can better service the agency are: (1) programming, through development of staff talent into "selling personalities"; (2) merchandising and promotion, to keep retailers, distributors and salaried enthusiastic about the advertising campaign and also move the product, and (3) make sense sales presentations, with facts and figures, for the agency executive and his client.

Stanley Spero, account executives, KMPC Hollywood, urged agency executives to use the experience and knowledge of station account executives and representatives whose "financial solvency depends upon their ability to understand and explain the medium."

Ralph Yambert, president, Yambert-Prochnow Inc., Beverly Hills, was elected SCAA president. He succeeds Kai Jorgensen, executive vice president, illusion & Jorgensen Inc., Los Angeles. Other new officers, all of Los Angeles, are Alfred A. Atherton, owner Atherton Adv. Agency, first vice president; Douglas R. Young, owner Taggart & Young Adv., second vice president, and Walter Tilds, co-owner, Tilds & Cantz Adv., Secretary-Treasurer.

NBA's 20th Meet Features Speakers

NEBRASKA Broadcasters Assn. held its 20th annual convention May 22 at Hastings, with KIIS Hastings acting as host to some 50 representatives of 10 state radio and TV stations.

Scheduled speakers at the meeting included former U.S. Sen. Fred Steaton, part-owner of KIIS and KGFF Coffeyville, Kan., and of a chain of several Midwest newspapers; Wendell Harding, state civil defense director; James Gate, superintendent of Nebraska Historical Society; Robert K. Richards, NARTB administrative vice president; George Round, U. of Nebraska public relations director, and Virgil Sharpe, program director of KOWH Omaha, who was to have talked on "Nebraska Network activity."

NBA claims to be one of the oldest state broadcasting associations in the nation, with 100% membership by all state radio and TV outlets.

FCC APPROVES $8.5 MILLION WPTZ (TV) SALE TO WESTINGHOUSE

LARGEST single station sale in history was approved by FCC last week as the Commission authorized Philco Corp. to sell pioneer WPTZ (TV) Philadelphia to Westinghouse Radio Stations Inc. for $8.5 million (1 + 1. March 30, Feb. 23).

Comp. Paul A. Walker disapproved, favoring a request for more information. Comr. Freda B. Hennock concurred in the grant, but recalled an earlier FCC decision involving Westinghouse's WWOA Fort Wayne, Ind., in which she wished to explore anti-trust issues.

Breakdown of the consideration shows that physical assets (land and equipment) are sold for $2 million; goodwill, $1.5 million, and NBC-TV affiliation contract, $5 million.

First top price for a going TV operation was the $8 million paid by CBS to American Broadcasting-Paramount Theatres for WBBM (TV) Chicago, now WBMM.

Acquisition of WPTZ gives Westinghouse its second TV station. It is the licensee of WOZT-TV Boston, which began operation in 1949. Philco has no other commercial broadcast stations.

WPTZ started operating experimentally in 1952 and was the third commercial TV station in the U. S. when FCC gave it a permit in 1941. WPTZ operates on vhf Ch. 3 with effective radiated power of 16 kw visual and 8 kw aural. Class A one-hour, one-time rate is $1,500.

Representative is NBC Spot Sales.

WPTZ, it is understood, grossed nearly $4 million and showed a profit of almost $2 million in 1952. Westinghouse told FCC in the transfer application that it expects future operation of WPTZ to total $2,000,000 with gross revenue of $3,450,000.

For the last five years, WSS has had a working arrangement with WPTZ that virtually amounted to first refusal rights in the purchase of the TV outlet. Westinghouse's 30-kw channel KYW (1060 kc) and the Philco TV stations have cooperated in their operations through the use of similar background identifying announcements. KYW also is an NBC affiliate. Full integration of the two outlets is expected, but no changes in the WPTZ staff and operating policies are to be made at this time, FCC advised.

Westinghouse owns and operates KDKA-AM-FM Pittsburgh; KEX-AM-FM Portland, Ore.; WZAZ-AWFM-TV Boston; WBBZ-AM-FM Springfield, Mass.; WWOA-FM Fort Wayne, Ind.; and KYW-AM-FM Philadelphia. WRS is TV applicant at Pittsburgh for vhf Ch. 11 in competition with WJAS and WWSW there. At Portland, WSS seeks vhf Ch. 8 in competition with North Pacific Televising Inc. and Portland Television.

Three New AM CPs Granted by FCC

TIRER new daytime standard stations were approved by FCC last week and applications in two other cases were set for hearing. New grants are:

Millville, N. J. - Union Lake Broadcasters, 1 kw daytime on 1440 kc directional.

Ferry, Fla. - Palatka Bestg. Co. (WWFP Palatka), 250 w daytime on 1220 kc.

FCC set for hearing the competitive bids of South Plains Broadcasters, Slaton, Tex., and KIUD-TV Lubbock, Tex., both seeking 500 w on daytime on 970 kc.

WGGF Cedartown, Ga.'s, bid for change from 250 w fulltime on 1340 k to 1 kw daytime on 980 kc also was set for hearing, with WKLW Clanton, Ala., made party.

New AM station bid for 500 w daytime on 1390 kc at Neosho, Mo., was filed by Ozarks Playground Broadcasters.

FCC REPORTS 'SILENCE' ON NEW ALLOCATIONS BIDS

PROSPECTIVE broadcasters are "strangely silent" about plans to petition for changes in channel allocations. FCC spokesmen observed last week on the eve of the June 2 "deadline" for such requests. Tuesday marks the end of the one-year ban on filing of requests for allocation revisions and the Commission, beginning Wednesday, will accept such requests for consideration.

Tuesday marks the first anniversary of the date on which the Sixth Report and Order legally took effect. Issued April 14, 1952, and taking effect last June 2, the Sixth Report constituted the final TV reallocation plan and ended the 3½-year "freeze" on new TV station construction. To provide stability in initial TV processing, the Sixth Report contained a "one-year rule" forbidding consideration of requests for allocation amendments, with certain exceptions.

Beginning Wednesday, FCC can consider petitions:
(1) To change a channel from "reserved for education" to "commercial," or from commercial to reserved status.
(2) To add a new TV channel to any city, provided it immediately has channels allocated to it or not.
(3) To remove a channel from any city and assign it to another city.
(4) To substitute or swap channels among cities, vhf or uhf.
(5) To request a change in the minimum mileage separation required between a channel in one city and a co-channel or adjacent channel in another city.
(6) To change the character of an educational station from noncommercial to commercial. The educator, however, would have to face possible competition in its bid for a commercial license.

Each petition for an allocation change will be considered separately, FCC has pointed out. The Commission emphasized the case-by-case approach a fortnight ago in a special pronouncement to stem general false belief in some quarters that June 2 was a deadline for acceptance of noncommercial, educational applications or that after June 2 all educational reservations would end. FCC pointed out that the reservations continue indefinitely and an appropriate rule-making proceeding must be instituted in each case where the removal of a reservation is sought (B • T, May 25).

WGGG Gainesville, Fla., is the only station believed to be on public record to date planning to request that FCC remove and educational reservation. WGGG has adverstisement state legislature it will seek commercial use of reserved Ch. 5 there (B • T, May 11).

A footnote to the Sixth Report also provides that "before a noncommercial educational station operating on a channel reserved for noncommercial use may apply for a license to permit it to operate commercially, it would be appropriate rule making proceeding be required to petition for a change in the character of the channel assignment involved. It will then have to file an application for a new license, in competition with any others who seek the channel.

CBS, ZENITH VIE FOR CHICAGO

OPPOSING requests for operation on Chicago's TV Ch. 2 were submitted last Wednesday to the FCC by CBS and Zenith Radio Corp. CBS asked for special temporary authority to operate WBBM-TV on Ch. 2 moving over from its present Ch. 4. Zenith asked for joint participation with CBS in the operation of a TV station on Ch. 2, or, in the alternative, that the Commission appoint an independent trustee to operate on Ch. 2 using the technical facilities of Zenith and the studio facilities and programs of CBS. Both requests were in answer to the FCC's invitation to file recommendations on how Chicago's Ch. 4 could be vacated in order to free other moves involved in its Sixth Report and Order. Commission action came after the U. S. Court of Appeals in Washington stayed its order requiring CBS to move WBBM-TV from Ch. 4 to Ch. 2. Ruling was made on the request of Zenith, which appealed to the Court against the Commission's dismissal of its application for Ch. 2 without a hearing (B • T, May 25).

Since 1939, Zenith has been operating experimentally on Ch. 2 in Chicago. CBS bought the Ch. 4 facilities of WBBK when the Commission approved the merger of ABC and United Paramount Theatres. It paid $6 million for the station. CBS maintained its request to be given temporary permission to move over to Ch. 2 that the Court -- which had listed various alternatives for the Commission to take if it desired to free Ch. 4 without waiting for a decision on the Zenith appeal -- did not mean to require the Commission to make the move.

Zenith claimed that the Court's order was a mandate that the Commission take one of the four steps permitted. It also disclosed that CBS turned down a suggestion that the two companies confer regarding joint operation.

COMMENT ASKED ON FCC RULES

IN 1,109, with his testimony May 18 before the Senate Interstate & Foreign Commerce Committee, FCC Chairman Rosel- (H. Hyde last week submitted drafts of proposed TV rules changed to the Federal Communications Har Assn. for cooperative consideration of solutions to the hearing bottleneck (B • T, May 23).

Chairman Hyde on Monday afternoon sent the drafts to the FCCA Committee on Practice and Procedure, under the chairmanship of William C. Koplovitz, which began prompt study of the proposals the next day. On Thursday, the FCCA group was to meet with a committee of FCC representatives to continue joint attack on the hearing problems.

Four specific matters are under review. They are: (1) Elimination of excessively long hearing records, possibly through partial written presentation and limited oral examination where possible; (2) reduction of interlocutory appeals to the Commission from hearing examiners' rulings, a practice which frequently has delayed hearings for lengthy periods; (3) establishment of a cut-off date on amendments to applications in hearing, and (4) rules to facilitate meetings or consolidations of competitive applicants to reduce channel conflicts.

Serving with Mr. Koplovitz on the FCCA committee are Henry G. Fischer, Thad Brown Jr. (NARTB), W. Theodore Pierson, James A. McKenna Jr. and Jeremiah Courtney. The FCC committee, under the supervision of Chairman Hyde, is composed of Joseph M. Kittner, assistant chief of the Broadcast Bureau; Frederick W. Ford, chief of the Hearing Division; Arthur Scheiner, chief of the Rules & Standards Division and Hearing Examiner Fanny N. Littwin.

6 FMS Go Off Air,
3 Crosley Outlets

SIX FM licenses were turned back to FCC last week, bringing to 23 the total reduction since the first of the year. Now outstanding are 560 FM licenses.

Most significant of the deletions were those canceling three Crosley Broadcasting Corp. outlets: WLLH (FM) Cincinnati, WLBU (FM) Dayton and WLLF (FM) Columbus, all Ohio.

Crosley told the Commission that "without any derogation to the concept of FM broadcasting, we do not feel that money expended in FM service is commensurate with benefits to the public...." Also newly off the air is WCAE-FM Pittsburgh, owned by Hearst Corp. It gave no reason for the action.

June 1, 1953  Page 45
FCC GRANTS SHARE-TIME OPERATION
FOR KOY, KOOL PHOENIX ON CH. 10

SIARE-TIME stations on vhf Ch. 10 at Phoenix, Ariz., were granted by FCC last week to KOY and KOOL, there, former competitors for the channel who worked out the share-time plan just a fortnight ago (II-1, May 25).

Joint studio and transmitter facilities are planned for the share-time stations, but separate staffs and operations will be maintained. FCC was told. The two stations will alternate weekly in airing daytime and night programs. The grants specify effective radiated power of 316 kw visual and 160 kw aural with antenna height above average terrain 1,270 ft. Site is 830 North Central Ave, Phoenix.

Comm. Frieda B. Illencon dissented in the share-time grants on the basis that "serious questions of possible undue concentration of ownership and control of broadcasting facilities in the major cities of a single state (Arizona) ... require further inquiry on our part." She noted that Gene Autry and associates, who own 95% of KOOL, also control KOPO-AM-TV Tucson and KNOG Nagales while the principals in KOY also have interests in KYMM Yuma and KTIC Tucson.

In other TV actions, FCC granted permit for uhf Ch. 27 at Stamford, Conn., to Stamford-Norwalk TV Corp. with ERP of 10.5 kw visual and 11 kw aural and antenna 240 ft. Principals include President Prentiss V. Brown (25.5%), attorney and board chairman, Detroit Edison Co.; Vice President Vincent M. Gaughan (15%), attorney, secretary-treasurer and one-third owner of WENZ-TV Buffalo, and Wendell Lund (42.5%), Washington attorney.

Competitive bids of Lorain Journal Co. and WEOL Elyria-Lorain for uhf Ch. 31 at Lorain, Ohio, were designated for comparative hearing in Washington June 26.

FCC extended to June 15 its deadline for comments on proposal to add vhf Ch. 5 to Glendale, W. Va., and turned down Lawrence A. Harvey's bid for the assignment of uhf Ch. 58 to Beverly Hills, Calif.

Gadsden TV Permit Returned to FCC

CONSTRUCTION permit for uhf Ch. 21 at Gadsden, Ala., was returned to FCC last week by sole owner Jacob A. Newborn, Jr., making the fourth permit that has been surrendered since lifting of the TV freeze last year and resumption of TV processing. Mr. Newborn told the Commission he did not wish to resume construction of WTVS (TV) because program sources and advertising has failed to materialize. WTVS was the only TV grant to Gadsden, a city of 55,725 persons (1950 pop.). Earlier permits returned to FCC were all for Texas (II-T, May 25) and included KGKL's CP for vhf Ch. 3 at San Angelo, Tom Potter's permit for uhf Ch. 24 at Austin and Permian Basin TV Co.'s permit for vhf Ch. 2 at Midland.

KTRH Order Reversed

DENIAL of the KTRH Houston bid to modify its daytime directional antenna system was set aside by FCC Tuesday and the request was consolidated for further hearing with Texas Star Broadcasting Co., application for a new Dallas outlet on the same frequency -740 kc. KTRH broadcasts on 50 kw unlimited with directional antenna. Texas Star seeks nighttime power of 5 kw, daytime 10 kw using directional array full time. Texas Star, partly owned by Mayor Roy Hofheinz of Houston, had its application granted in January, 1950, after a hearing with KTRH. Democrat Printing Co. (KSEO Durant, Okla.) fought the grant up to the District of Columbia Circuit Court of Appeals, which reversed FCC's action last June and remanded the matter to it for further proceedings.

WORD Asks Review Of TV Protest Denial

CHARGING a TV grant to a competitor did not change its status as an interested party, WOR, Spartanburg, S. C., petitioned FCC last week to reconsider a 4-to-3 ruling which denied WORD's protest and found that no overlap of Grade A contours would occur between new WIS-TV Columbia, S. C., on vhf Ch. 10 and a proposed Ch. 7 station under common ownership at Spartanburg (II-T, May 18). WORD seeks Ch. 7 in competition with WSPA there, whose licensee is majority owner of WIS-TV.

WORD told the Commission that since its rights were not changed by the grant, it is entitled to require Broadcasting Co. of the South, WSPA licensee and 81% owner of WIS-TV, to elect which of three applications it wishes to prosecute: Ch. 10 at Columbia, Ch. 7 at Spartanburg, or Ch. 9 at Charlotte, N. C., where it owns WIST. WORD contends overlap among the outlets would violate FCC's multiple ownership rules. WORD also asks FCC for conditional grant of its Ch. 7 bid pending outcome of the litigation.

'DOUBLE-EXPOSURE' PLAN CLARIFIED

TAKING issue with criticism of the "double exposure" plan he announced in mid-May (II-T May 18), James M. Gaines, General Teleradio vice president in charge of WOR-AM-TV New York, said last week that the purpose of the plan had been misinterpreted.

"Double exposure" contemplates the re-running by WOR-TV of film programs originally shown on other New York television stations, at no cost to the advertisers.

Mr. Gaines said last week that the plan was designed "with two simple and aboveboard aims in mind. First, WOR-TV seeks to make substantial improvement in its program service to viewers, and the re-presentation of outstanding shows on different evenings at different times will accomplish this. Second, WOR-TV seeks to make television program investments more productive-per-dollar for advertisers, and the plan of waiving time charges will accomplish this."

Mr. Gaines said that the procedure of a network or station absorbing time costs because of values received in program quality was well established in both radio and television. "Every time a $30,000 half-hour is sold for, say, $20,000, with losses recovered in time charges, a clear parallel to the 'double exposure' plan has been witnessed," he said.

"The main difference," he said, "is that WOR-TV is here putting all its cards face-up on the table. Without subterfuge or deceit, we offer qualified advertisers an opportunity to reach added viewers economically, because we thereby bring our own viewers added entertainment values on this channel."

Topmiller WCKY V.P.

CHARLES S. TOPMILLER, WCKY Cincinnati station manager since 1947, has been named executive vice president of WOR effective June 1, L. E. Wilson, president-general manager, said last week.

Mr. Topmiller, who joined WCKY in 1930 as a transmitter engineer, became chief engineer in 1933 and supervised WCKY's increase from 5 kw parttime to 10 kw fulltime and later to its present 50 kw. During 1941-45 he served with OWI's Overseas Branch as chief engineer of the radio section of Psychological Warfare Div., both in the Mediterranean and South Pacific war theatres.
NEW OUTLETS FALL BEHIND ON PLANS FOR BEGINNING

LESS than a fortnight ago, nine television station grantees were hopeful of beginning commercial programming on or before June 1. Most of them didn't make it. WSTD-TV St. Petersburg, Fla., was forced to have started programming yesterday (Sunday), and KWSV-TV Roswell, N. M., WDAY-TV Fargo, N. D., and WMYT (TV) Madison, Wis., were "probably" going to begin today.

Assuming WSTD-TV got its programming underway yesterday, the number of operating commercial stations in the U.S. stands at 173. This is the same total which was reported last week (B & T, May 25) because KVOS-TV Bellingham, Wash., which was counted on the air May 15, did not make that date and now expects to begin Wednesday (June 3).

There are 33 vhf and 32 uhf stations commercially operating, a total of 65 post-thaw commercial outlets. One non-commercial education station raises the post-thaw stations-on-the-air total to 66.

There were 108 stations operating when the four-year television freeze was lifted, all vhf.

At B & T's present, the status of grantees planning operation within the next few weeks looks like this:

ON THE AIR: WSTD-TV St. Petersburg-Tampa-Clearwater, Fla., Ch. 38. TODAY (Monday): KWSV-TV Roswell, N. M., Ch. 8; WDAY-TV Fargo, N. D., Ch. 9; and WMYT (TV) Madison, Wis., Ch. 33. JUNE 2: WFTV (TV) Duluth, Minn., Ch. 38. JUNE 3: KVOS-TV Bellingham, Wash., Ch. 12.

JUNE 7: WGBI-TV Scranton, Pa., Ch. 22. EARLY JUNE: KIDO- TV Boise, Idaho, Ch. 7. JUNE 1-15: WMAM- TV Lafayette, Ind., Ch. 59.

JUNE 15: KROC-TV Rochester, Minn., Ch. 7; KFOR-TV Lincoln, Neb., Ch. 10; and KAYFY- TV Bakersfield, Calif., Ch. 29. JUNE 19: WTVN- TV Rome (Ga.).

— Chattanooga (Tenn.), Ch. 9.

JUNE 21: WKOW- TV Madison, Wis., Ch. 27. JUNE 25-JULY 1: KCTV- TV Kansas City, Mo., Ch. 5. Ch. 24; KTVM (TV) Hilo, Hawaii, Ch. 7; and WNOV (TV) Columbus, S. C., Ch. 67;

WTPA (TV) Harrisburg, Pa., Ch. 71, and WTOV- TV Pocahontas, Ill., Ch. 19.

JULY 1: KRDQ-TV Colorado Sprigs, Colo., Ch. 13; WAKR-TV Akron, Ohio, Ch. 9, and WTVI (TV) Beverly (Ill.). St. Louis (Mo.), Ch. 54.

JULY 15: WATF- TV Waterbury, Conn., Ch. 53. LATE JULY: KFEQ-TV St. Joseph, Mo., Ch. 2, and WNAO-TV Raleigh, N. C., Ch. 28. INDEFINITE: WGLY (TV) Easton, Pa., Ch. 57, and WCSC-TV Charleston, S. C., Ch. 5.

Greatest Rockford Television Inc., which holds a CP for vhf Ch. 13 in Rockford, Ill., reports it is swinging into immediate action to get the station on the air in the least possible time. Although no definite target date for commercial operation has been set, the board of directors appointed Soren H. Munkhof general manager, and instructed President Lou E. Caster to "get the station on the air as soon as possible."

Mr. Munkhof was program director of WOW-TV Omaha, but left after the first of this year to work as a station planning consultant. He is a professionally known figure in the baking industry. He went into business in 1920 and became president of the Keig-Stevens Baking Co., a position he still holds. In 1930 he was elected president of Rainbow Bread, Aurora, and Rainbow Baking Co., Joliet, and in 1951 was elected chairman of the board of the two firms. Mr. Caster was president of the American Institute of Baking from 1942 to 1950 and now is chairman of the board. He has been a member of the board of governors of the American Bakers Ass'n since 1936 and on the executive committee since 1941.

KAYF-TV Bakersfield, Calif., uhf Ch. 29, is making good progress, reports Sheldon Anderson, owning. According to KAYF-TV will be affiliated with all four networks. Target date is June 15.

KCOX-TV, uhf Ch. 27, to be located east of Fresno, Calif., also is owned by Mr. Anderson who said construction will start immediately after KAYF-TV is on the air. It will be a DuMont station in Fresno. The two stations, according to Mr. Anderson, will be sold as the Cal-Central Network, and will cover Coalinga, Fresno, Kings, Tulare and Kern counties in the San Joaquin Valley. Forso & Co. represents both stations.

RCA Victor, Camden, N. J., has sent WOC-TV Davenport, Iowa, a 25 kw amplifier, one of the largest TV broadcast transmitter units ever supplied by RCA for commercial use. The new amplifier will enable WOC-TV to increase its effective radiated power from 22.9 kw to 100 kw visual when the station moves from uhf Ch. 5 to vhf Ch. 6. The WOC-TV shipment weighed 7,500 pounds, RCA reported.

Two western TV stations have purchased the latest uhf and 10 kw uhf transmitters exhibited by RCA at the NARIT Convention in Los Angeles.

KUSC-TV Los Angeles, non-commercial education outlet on uhf Ch. 28, the first educational station to receive RCA equipment, will install the 1 kw uhf transmitter at its Mount Wilson transmitter site. KUSC-TV, underwritten by the Allen Hancock Foundation, will receive an RCA uhf antenna in a few weeks.

KFEL-TV Denver, Colo., uhf Ch. 2, bought a 10 kw uhf transmitter to replace the interim equipment it has used since the station's first post-thaw station went on the air last July.

KONA-TV Honolulu, uhf Ch. 11, reports "enthusiastic" response from viewers "on all the Hawaiian Islands." He said KAPA sends the station a test pattern after increasing its power to 35 kw from 5 kw and adding a siny wave output, has not broadcast commercial programming since March 11 pending FCC approval of re-owning by group of KTP (75 Honolulu Advertising in licensed) and KPOA Honolulu.

KMJ-TV Fresno, Calif., uhf Ch. 24, started its test pattern transmission May 26. Fresno's first TV station expects to begin regular programming between June 15 and 21.

KJOE-TV Sioux Falls, S. D., uhf Ch. 11, began programming 7 p.m., May 19, broadcasting with an effective radiated power of 57.5 kw visual from its 500-foot tower southwest of Sioux Falls, the station reported.

KFEO-TV claims to be the third TV station to broadcast from an RCA 12-by antenna. The NBC-TV affiliate, which also carries CBS-TV and ABC-TV programs, operates it covers South Dakota, Minnesota, Iowa and Nebraska, which KFEO-TV reports has a population of 744,000 in the primary and secondary coverage area.

Robinson Appointed Crosley Atlanta Head

WILLIAM P. ROBINSON will be president of Crosley Broadcasting of Atlanta Inc., it was announced last week by James D. Shoune, chairman of the Atlanta board, and Robert E. Dunville, chairman of the board's executive committee. The organization he heads operates WLWA (TV) there, the fourth TV outlet of Crosley Broadcasting Corporation of Cincinnati.

Mr. Robinson has been in broadcasting since 1928, and has held positions at WWVA Wheeling, W. Va.; WJLJ-Janesville, Wis.; WLLW-Atlanta, Ky.; and KWBG Hutchinson, Kans. He joined the sales staff of Crosley Broadcasting in 1938, working in the New York and Chicago offices, and was named programming vice president for WLWA Cincinnati in 1947.

Crosley purchased the Georgia TV outlet last winter, and Mr. Robinson was sent there in March to head its operations. He also will serve as director of WLWA (TV). John T. Murphy, vice president of the Cincinnati company, also becomes vice president of the Atlanta operation.

WNBP TV Ups Power To Add New Viewers

WNBP (TV) Chicago, NBC o & & outlet, last Monday increased effective radiated power to "Triple" its previous power of 23.25 kw visual and 12.29 kw audio, according to Howard Luttgens, NBC Chicago technical operations manager. According to FCC, WNBP (TV) holds special temporary authority from May 13-Nov. 13 for ERP of 73 kw visual and 37.5 kw audio. The station's permit calls for a maximum ERP of 100 kw.

Mr. Luttgens said the power increase will aid fringe reception and add thousands of viewers. Alterations on the WNBP transmitter atop the Kemper Insurance Bldg. have been taking place several weeks to accommodate the increased power, Mr. Luttgens said.

June 1, 1953
RADIO ON JOB DURING DISASTERS

THREE separate tornadoes last month—accompanied by death and disaster—have shown the nation what radio can do in public service and coverage.

The destruction began with a tornado in Hebron, Neb., on May 9, which wrecked two-thirds of the city, killed four and left $25 million damages. On May 11, Waco and San Angelo, Tex., received the brunt of the worst storm, with more than a hundred killed. Damage in Waco, the worst hit, was estimated at $25 million. On May 21, a third tornado struck the Port Huron, Mich.-Sarnia, Ont., area, killing five and damaging property exceeding $5 million.

In each case radio proved itself a public servant. KFAB Omaha, 150 miles away from Hebron, sent a mobile unit to the scene to air casualty reports, damage and emergency appeals for manpower equipment (KT, May 18). For its help, KFAB was thanked by Hebron’s Mayor Ralph Hawkins in a special letter.

Although much of radio’s work in the Waco-San Angelo disaster has been told (BT, May 18-20), last week brought more reports on the assistance by KGK Tyler, Tex., and a television station, KDUB-TV Lubbock, to the stricken area with food, money, and supplies.

KGK General Manager Marshall H. Pengra reports his station raised $4,400 for Waco in less than three days after one of its sponsors, Harvey Pontiac, ordered its commercials canceled and appeals for Waco funds a third transmission. The money was sent in installments as rapidly as KGK collected it.

KDUB-TV, one of the first post-freeze outlets to go on the air, telecast appeals for certain supplies needed in the stricken area with the result that enough supplies were loaded to a truck, van and station wagon were shipped, including 152 flashlights.

In the most recent tornado, May 21 at Port Huron, Mich.-Sarnia, Ont., WTWH Port Huron received warnings of the storm on AP wires and broadcast them at noon, plus repeats and more reports at 4 p.m., 30 minutes before the storm struck. WTWH disc jockey Robin Buske is credited with saving many lives by describing the storm as it approached and giving instructions to listeners on what to do. Then the tornado hit, cutting WTWH off the air.

WTWH fed stories to AP, NBC, ABC and stations in Michigan via telephoned tape recordings made at the scene, and when power was restored later, went on the air for the rest of the night, working with law enforcement and civil defense workers and airing damages, casualties, power restoration and other information. WTWH also aired Red Cross information and the next day broadcast a half-hour interview with Gov. Meissen Williams on the disaster.

CHOK Sarnia also was put out of commission, but went on the air shortly after the storm struck with emergency power from the CHOK transmitter building outside the city. CHOK made public service announcements continuously during the evening after returning to the air.

WLWA (TV) Expansion
WLWA (TV) Atlanta, Ga., plans construction of a new transmitter and tower, William P. Robinson, Crosley Broadcasting Corp. of Atlanta Inc., has announced. The station has purchased ten acres to accommodate the proposed facilities. Operating hours have been extended to include early morning hours, and further increases are expected, Mr. Robinson said.

E. C. Dix Dies
E. C. DIX, 79, Ohio station owner and newspaper publisher, died May 14 at Miami Beach. He was president of the Republican Printing Co., which owns WST Rooster, headed by son Raymond, and four newspapers. Survivors include five sons—Albert, Raymond, Gordon and Robert, each of whom published one of the newspapers—and Harland, a physician. Albert and Gordon Dix hold interest in W GRE Baille.

BROADCASTING • TELECASTING

MORE NEW TALENT SIGNED BY ABC

CONTINUING its moves toward acquisition of new talent, ABC announced last week it has signed the Will Mastin Trio, featuring singer-comedian-dance-mimic Sammy Davis Jr., to an exclusive long-term contract to appear on ABC radio and television.

ABC President Robert E. Kinter noted the network earlier had signed long-term contracts with comedian Joel Grey, George Jessel, Danny Thomas and Martin Block. As with these personalities, negotiation for the services of the Will Mastin Trio were conducted for ABC by Robert M. Weitman, vice president in charge of talent and programming.

The hubbub of talent activity at ABC began several weeks after the merger of ABC with United Paramount Theatres on Feb. 10, 1953, to form AB-PT, parent organization of ABC. Mr. Weitman is a veteran showman and was a vice president of United Paramount Theatres at the time of the merger.

Mr. Davis Jr. will be launched on a regular weekly half-hour program on ABC-TV and ABC radio in the fall, Mr. Weitman said.

1 AM, 3 TV Stations Affiliates with ABC
SIGNING of one radio and three TV station affiliates was announced May 22 by ABC, bringing its radio total to 364 and TV total to 116. TV stations are KVTW (TV) Sioux City, on vhf Ch. 9 and owned by Cowles Broadcasting Co. with Robert Tinner as general manager; WCSC-TV Charleston, S.C., on vhf Ch. 5 and owned by John M. Rivers, who also is general manager and KSWX-TV Rosewell, N.M., on vhf Ch. 8 and owned by John A. Barrett with J. C. Porter as general manager. WCSC-TV and KSWX-TV signings are effective today (Monday).

New radio affiliate is KLFY Lafayette, La., which joins ABC about Aug. 15. It is on 1420 kc with 1 kw day and 500 w nights. Station is owned by Camellia Broadcasting Co. with William Patton as general manager.

Kiermaier To Sales Post
APPOINTMENT of John W. Kiermaier as administrative sales manager for the NBC Film Div. was announced last week by Robert W. Sarnoff, vice president in charge of the division. Mr. Kiermaier, formerly assistant production manager for the division, has been working in sales administration for the past several months.
RADIO-TV NETWORKS READY FOR CORONATION COVERAGE

RADIO and television networks were busy completing last-minute preparations last week for the extensive coverage of the Coronation of Queen Elizabeth II of England tomorrow (Tuesday).

Live coverage will be provided by all radio networks, which have sent teams of correspondents to London for on-the-spot reporting. Coverage will begin at 5:30 a.m. EDT and will continue at various time periods for a total of about three and a half hours or to conclusion. Sponsorship of the Coronation on ABC radio will be by Pepperell Mfg. Co., Boston; on CBS radio by Willys-Overland, and on NBC by General Motors.

NBC has assembled a staff of some 50 employees in London, including such correspondents as Morgan Beauty, George Wecks, Henry Cassidy, Merrill Mueller, and Illy Ilenle, to handle radio and TV coverage. ABC radio will be represented by Mary Margaret McBride, Ted Malone, Frederick D. Opier, Rhoda Davis, and Robert Sturdevent. Mutual's coverage will be provided by Hazel Markel, Barbara Welles, and Davis Crippen. CBS' team of radio and television correspondents and reporters will include Douglas Edwards, Edward R. Murrow, Walter Cronkite, Robert Trout, Richard C. Hlottelet, Alexander Kendrick, and David Schoenbrun.

In the absence of trans-Atlantic television, TV coverage of the event on early morning network programs will consist of film clips, still photographs and the audio portion of the commentaries. NBC-TV claimed last week that it would bring the first photographs of the event to the U.S. on Coronation Day on its early morning news and feature show, "Today," (Friday-EdT, 7-9 a.m. EDT and CDT), by use of a special news facsimile receiver called "Ultrax." The machine, developed by Mairhead & Co., Ltd., Hackenham, England, is said to be capable of receiving photographs via trans-Atlantic radio-photo facilities in three to five minutes after they are taken. According to NBC-TV, the photographs will be flashed "almost instantaneously" on America's TV screens.

Both NBC-TV and CBS-TV have gone to considerable expense and effort to speed films of the event taken in London by their staffs and BHC to the U.S. They have chartered planes to be used as a relay system between facilities and an "flying laboratories" to process both their own films and kinescopes of the actual Coronation rites, to which BHC was given exclusive rights. NBC-TV and CBS-TV will transmit these network programs from Boston, the nearest landing point from Europe. Depending on the time of arrival, these programs tentatively are scheduled to be presented tomorrow at 6 p.m. and again at 10:30 p.m. EDT. As in radio, General Motors will sponsor on NBC-TV and Willys-Overland on CBS-TV.

ABC-TV will present BBC films of the Coronation tomorrow from 8:30 p.m. EDT. They will be transmitted by CBC from Toronto to Buffalo and by ABC-TV to New York where they will be placed on the network. BBC commentators who will be heard on ABC-TV's telecast include Wycford Vaughan, Thomas Talbott, Duck Morton and John Snagge.

A spokesman at the DuMont TV Network said that no plans have been formulated for extensive film coverage of the Coronation tomorrow. It was pointed out that DuMont's efforts would only duplicate those of other networks. He added that it appeared film coverage was likely to be unsatisfactory because of "darkness and crowded conditions" at the Coronation itself.

The DuMont spokesman said that the network, in place of actual coverage of the Coronation, had decided to present a "preview" of the religious phases as enacted at the Cathedral Church of St. John the Divine in New York. The telecast was to be carried over DuMont yesterday (Sunday), 7:30-9 p.m. EDT. DuMont also plans to use newreel film of the Coronation as soon as it is available.

The actual Coronation ceremonies inside Westminster Abbey will be broadcast and telecast only by BHC but recordings and films will be made available to all networks. The Coronation ceremonies will be described by BBC commentators Howard Marshall and John Snagge.

'Junior Omnibus' Set

NEW television series tentatively titled "Junior Omnibus" will be produced by the Ford Foundation's TV-Radio Workshop and will be on NBC-TV, 3:30-4 p.m. New York time, starting in September, (Closed Circuit, May 18).

Series is intended primarily for young people in the 8-16-year-old age group, according to Robert Saudek, director of the Workshop, and will be patterned after the Workshop's 90-minute Omnibus program. Mr. Saudek said the new program will be available for sponsorship by two advertisers.

Mr. Saudek added that Omnibus on CBS-TV will be telecast on Sunday afternoon, starting at 5 p.m. instead of 4:30 p.m., beginning in October.

CBS-TV Reports Sales

CBS-TV took occasion last week, coincident with NBC's TV affiliates meeting, to report four additional time sales and call attention to sales announced earlier in May when CBS-TV claimed to have taken the sales leadership among TV networks (B-T, May 11). At the same time CBS-TV claimed to have 29% more commercial hours than any other TV network.

The additional sales announcements related to contracts with American Oil Co., (B-T, May 18); General Mills; Commercial Solvents Corp. and Converted Rice (B-T, May 11).

CBS Names Lochridge

APPOINTMENT of Ben Lochridge, western advertising manager of Ideal Publishing Co., as sales manager of the Detroit office of CBS Radio, effective today (Monday), was announced last week by W. Eldon Hazard, CBS Radio sales manager.

KPTV TV Joins NBC

KPTV (TV) Portland, Ore., has signed fullterm basic affiliation contract with NBC. Herbert Mayer, president of Empire Co., owner and operator of KPTV, signed for station; Harry Bannister, NBC vice president in charge of station relations, for network. KPTV, which went on air Sept. 16, 1952, was nation's first commercial uhf TV station.

CBS-TV Signs WHBQ-TV

SIGNING of WHBQ-TV Memphis as a primary, supplementary, interconnected affiliate of CBS-TV, effective Sept. 15, was announced last week by Herbert B. Akersberg, the network's vice president in charge of station relations. The contract brings CBS-TV's network list to 116 stations. WHBQ-TV, which will operate on Ch. 13, is owned by Harding College Inc. and John Cleghorn is general manager.

Pitt.-St. Louis Relay

NEW radio-relay system between Pittsburgh and St. Louis has been put into operation, providing initially four channels, two each way, in a second microwave route which augments the Pittsburgh-Chicago relay completed Sept. 1, 1950. AT&T announced Monday. Three eastbound channels from Dayton to Columbus also have been equipped for network TV transmission, replacing other facilities formerly used to provide network service in that area.

June 1, 1953  Page 49
RADIO UNHURT BY TV--BONFIG

THE ADVENT of television, instead of eliminating the need for radios, has accelerated the rush to encourage impulse-purchase, small-unit items, with each member of the family having his own set in his own room, H. C. Bonfig, Zenith Radio Corp., vice president, said last week in a discussion to the National Assn. of Electrical Distributors in Chicago.

Mr. Bonfig, differing with the prediction made by Brig. Gen. David Sarnoff, RCA Board Chairman, in his keynote speech at the recent NAED convention that subscription wouldn't become popular, declared that pay-as-you-see TV would bring premium attractions into the home. Giving other reasons for favoring pay-pay TV, he offered his audience printed material on a 16 mm sound film telling the story of Zenith's Phonovision system.

Meanwhile, Ogan Jones, president of KVOS Bellingham, Wash., which is scheduled to begin KVOS-TV on the air June 5-28 on a limited operation and begin full operation the latter date, strongly protested a previous speech on pay-paying TV made by Mr. Bonfig to the Chicago Federated Advertising Club.

Protesting an alleged statement by Mr. Bonfig that "free" TV stations can not operate profitably in markets under 100,000 (Bellingham has 350,000, said Mr. Jones), he said in a letter to the Zenith vice president: "If phonovision can't stand on its own feet without having to throw rocks at television, there is certainly something wrong somewhere."

Philco Sales High

PHILCO Corp. sales during the 1953 first quarter totaled $129,058,000, largest for any quarter in company history, William Balderston, president, has reported. Earnings after Federal and state income taxes and accrual of excess profits taxes at the rate of 30% were $3,401,000 -- 94 cents per share of common stock after preferred dividends. He said sales for the first 1952 quarter were $2,341,000 -- 64 cents per share.

Presto 8-Hour Tape

PRESTO Recording Corp. has announced development of a tape recording unit which carries eight hours of taped material. The reproducer, which utilizes the dual-track principle, is designed for use in the wired music field. The model, PB-17, has an automatic mechanism which reverses the tape at the end of the reel and plays back the adjoining track.

TROPHIES for outstanding performance in service to TV set owners were awarded four managers of RCA Service Co. television branches by Frank M. Folsom (c), president, RCA. The "President's Cup" awards came after a nationwide competition initiated to create prestige for the TV servicing industry and goodwill for RCA Victor dealers. At presentation ceremonies were (l to r): E. C. Cahill, president, RCA Service Co.; Ernest A. Steinhaus, Auburn, N.Y. branch; Francis X. Diamond, Baltimore branch; W. Rothenberger, New York regional manager for RCA; Mr. Folsom; R. N. Baggs, general sales manager, RCA Service Co.; Robert C. Scully, Bridgeport, N.J. branch; Orin Dunlap Jr., vice president in charge of advertising and publicity for RCA, and Stanley T. Burek, Kalamazoo, Mich., branch.

Color by '54 Seen

If FCC Okays NTSC

COLOR television can become a TV merchandising factor by the fall of 1954 and start to develop fully by 1955, providing FCC approves the compatible system now being tested by the National Television System Committee, electrical distributors were told in Chicago last week.

The occasion was the 45th annual convention of the National Assn. of Electrical Distributors at the Conrad Hilton Hotel. The prediction was made by Dr. W. H. C. Baker, vice president in charge of engineering products department, RCA, and head of NTSC and RTMA's own TV Committee.

Dr. Baker said NTSC should complete its technical work by September and plans to petition the FCC in October or early November for a hearing. He felt a ruling might be given by the Commission by next March. If favorable, he added, "some color programs would be available in key city markets shortly thereafter", "color programs, out on the networks, might actually be available in local markets certainly by the middle of 1954." Dr. Baker stressed that colorcasting will prove a supplementary service for years and perhaps never replace completely black and white TV. Color TV will comprise less than 1% of all sets sold next year and less than 20% in 1955, he said. Cost of color programming will pose a real economic problem, he conceded.

H. C. Bonfig, vice president, Zenith Radio Corp., claimed color television is "just around the corner." But Frank Friesmann, president of Magnavox Co., felt color sets are at least two years away for home use. He estimated they would cost over $1,000. Dr. Baker predicted a color receiver will cost at least $800 and that monochrome sets will dominate the market for years.

ROESCH Announces Set With 3-D Effect

NEW TV receiver designed to give a 3-D effect, has been announced by D. J. Roesch Co., Los Angeles manufacturer. Equipped with a 27-inch tube and to retail at the $600 level, the receiver provides greater depth detail than has been possible, according to D. J. Roesch, president. The set also is equipped with complete remote control facilities.

Pointing out that the set, to be called Douglass Tri-D, attains only the illusion of depth, Mr. Roesch said "true third-dimension television, as in motion pictures, can only be achieved at present with double images and glasses."

New RCA Recorder

RCA VICTOR Div. will show a new portable tape recorder for the consumer in mid-June, W. W. Watts, vice president of the engineering products department, has announced. Mr. Watts said the machine will be available "at a price that will be competitive with other tape recorders on the market today." Details will be announced shortly, he said.
Like hard crabs go with beer

*Low-cost results and W-I-T-H go together just like hard crabs go with beer. And how the local merchants do know it! W-I-T-H regularly carries the advertising of twice as many of them as any station in town!*

Here's why: W-I-T-H delivers more-listeners-per-dollar than any other radio or TV station in Baltimore. And this BIG audience, at such LOW rates, produces *low-cost results!*

W-I-T-H can do it for you too. Get in on this *natural* combination—low-cost, resultful advertising and W-I-T-H. Your Forjoe man will give you all the details.

**IN BALTIMORE**

**WITN**

*TOM TINSLEY, PRESIDENT • REPRESENTED BY FORJOE AND COMPANY*

June 1, 1953

Rhona Lloyd appointed director of public relations, Fels & Co., Phila.

Agencies

Stephens Dietz, Ted Bates Inc., N. Y., to Hewitt, Ogilvy, Benson & Mather, same city, as vice president and group supervisor.

E. F. Hascall, Jr., executive vice president of Henri, Hurst & McDonald Inc., Chicago, named general manager.

John S. Williams, creative director on Super Suds account for Cunningham & Walsh, N. Y., named vice president.

George DePue, Jr., executive vice president, Robert W. Orr & Assoc., N. Y., to French & Preston, same city, as executive vice president.

Joseph G. Standart, Jr., vice president and account executive, becomes general assistant to Don C. Miller, head of Detroit office of Kenyon & Eckhardt, effective June 4. T. J. Henry, N. W. Ayer & Son, Detroit, succeeds Mr. Standart at K & E.

William J. Haughery, senior account executive, and Glenn C. Livezey, account executive, both with John C. Dowd Inc., Boston, appointed vice president and assistant to president, respectively, of Ingalls-Mcinerney, Inc., Boston.

Lee Morris, CBS-TV New York, appointed head of radio-TV, Riedl & Freede Inc., Paterson, N. J.

Lee Williams, vice president of Foote, Cone & Belding, Chicago, to account manager group, Boow Co., N. Y.

Dom La Monica, Kenneth Nelson and Edward Yaxley, account executives at G. M. Basford Co., N. Y. and Cleveland, promoted to account managers.

John L. Sullivan, account executive, BBDO, S. F., promoted to radio-TV director. He succeeds Maury Baker, who goes to MCA-TV Ltd., that city, as film division representative.

Robert A. Burke, Benton & Bowles, N. Y., to Grey Adv., that city, as assistant timebuyer.

Frederick R. Brewster, assistant public relations manager for Pratt & Whitney, East Hartford, Conn., to John Mather Lupton Co., N. Y., as executive in public relations department.

Philip W. Lennen, board chairman, Lennen & Newell, N. Y., appointed to board of Advertising Council to serve as advertising agencies representative.

Hal Stebbins, president, Hal Stebbins Inc., L. A., named committee chairman on public information and education for Braille Institute of America Inc.

Robert W. Robb, public relations director and account executive on Prudential Insurance Co. account, Calkins & Holden, Carlock, McClinton & Smith, N. Y., named assistant executive director of American Heritage Foundation and will conduct Crusade for Freedom program in U. S.

Stations

John S. Hayes, president of WTOP Inc., Washington, elected vice president of Washington Post Co., which controls WTOP-AM-FM-TV.

Norman H. Rogers, vice president and general manager, KRNO San Bernadino, Calif., elected president of Western Empire Bcasta. Inc., license of station.

George W. Brock, vice president, elected secretary-treasurer. James W. Gettard, former president, continues as director of corporation.

George E. Curtis, Jr., administrative assistant to Me. Gov. Murton M. Cross, named station manager of WPMT (TV) Portland, Me.

Henry C. Rogers, executive staff of WWJ-AM-TV Detroit, appointed business manager of WWJ-AM-FM-TV.

Edward F. Graham, founder of Videodex and recently with Wall Street Journal, to WHAS-TV Louisville, Ky., on sales staff.

Richard Beesemeyer, account executive, Foster & Kleiser, L. A., to KHJ-TV that that city, as member of sales staff.

Edwin Metcalfe, sales service manager, KECA-TV Los Angeles, promoted to special sales representative. Succeeding him is Milton H. Klein, operations manager, KLAC-TV Hollywood.

Robert G. Canepa, merchandising manager, KMOX St. Louis, and Bill Weber, salesman at KSD St. Louis, appointed to sales staff, KMOX.

Anthony E. Belo, public relations and advertising manager for group of St. Louis employment agencies, named merchandising manager, KMOX.

James Willingham, former promotion manager, WABC New York, returns to station as account executive, replacing E. Berry Smith, who has resigned.

Harrison W. Moore, Jr., commercial manager, WBOM New Bedford, Mass., to WJAR Norfolk, Va., as account executive.

Joseph Stamler, account executive, WMGM New York, to similar post at WABC-TV same city.

Wallace Morton named station manager of WRDB Reedsburg, Wis.; Charles Deble

BROADCASTING * TELECASTING
Whether you use an abacus, slide rule or adding machine, there's only one right answer when it comes to Connecticut Television.

WNHC-TV reaches more than 1,245,000 people in Connecticut and adjacent areas — and with a signal so steady, bright and clear that more than 125 newspapers and magazines from Springfield, Mass. to Montauk Point, L. I. publish its program schedules.

\[
\frac{2 + 2}{4}
\]

It figures, fact for fact. It all adds up to one right answer: WNHC-TV in New Haven, is Connecticut's first, one and only VHF station.
appointed commercial manager; Mrs. Fred Wachtolz, program director; Theresa Liegel, promotional director, Gordon Locke, Harry Dobson and William Christianson to announcing staff, and L. Stanley Sanders named chief engineer.

Joyce Wright, KCO, TV San Francisco, named program director of WAKR-TV Akron, Ohio.

George T. Land, operations director of WJTV (TV) Jackson, Miss., to WDAT-TV Columbus, Ga., as program manager. John Kennedy, program director of KYO Lubbock, Tex., has resigned.

Ken McClure, promotion manager of WAYS Charlotte, N. C., appointed promotion manager, KROD-TV El Paso, Tex.

Richard Stopley and James Owen to KVOA Tucson as account executive and technician, respectively. Donald Hansen to station as art director for KVOA-TV, scheduled to start operations Sept. 15.

Raymond J. Cheeney, operations manager at WCSS Amsterdam, N. Y., to WMXN-AM-FM Mt. Vernon, Ill., as news director.

John Wehrheim, comptroller, WNAQ and WNBO (TV) Chicago, transfers to KNBN (TV) Hollywood, in same capacity.

Dr. Leslie Tater, former Hungarian official and writer-producer of TV films in Hollywood, to conduct Hungarian-American Theatre of the Air, bi-lingual series on WWRL Woodside, L. I.

Les Lye to CKKEY Toronto, as announcer.

Bruce Hayward named director of news and special events at WTVI (TV) St. Louis.

Art Weber, announcer-recording director at KGVO Missoula, Mont., to announcing staff at KFBB Great Falls, Mont.

Stan Weisberg, WUBZ Ponca City, Okla., appointed news director of KGRA Enid, Okla.

Mel Quinn appointed announcer and night supervisor, WBAL-TV Baltimore.

Jim Day to KISW (FM) Seattle, as announcer-technician.

Richard Yale Plowman, free lance Hollywood photographer, to KLTA (TV) that city, as member of publicity staff. He succeeds Robert Reagen, assistant to Howard Wrenn, publicity director, who is on leave of absence with U. S. Army.

James Silman, Jr., assistant director, and William Randolph, floor director, both at WTOP-TV Washington, promoted to summer replacement director and assistant director, respectively.

F. M. Randolph, assistant professor of speech in charge of radio at Tulsa U., to KOTV (TV) Tulsa, Okla.

Frances O’Connor Shappeck, assistant food editor, Better Homes & Gardens, to KBTY (TV) Denver, as home economist.

Claire D. McMillen, chief copywriter, named assistant director of advertising and promotion, WFIL Philadelphia.

Joe Williams, following separation from U. S. Army, rejoins KLAC-TV Hollywood as prop man.

Donald W. Thornburgh, president and general manager of WCAU-AM-TV Philadelphia, received award in behalf of station from Boys' Club of America "In appreciation for ... interpreting and promoting National Boys' Club Week."

Charles H. Crutchfield, executive vice president of Jefferson Standard Bentg. Co. and general manager of WBTV (TV) Charlotte, N. C., received special certificate of merit from Patriotic Order, Sons of America, for outstanding public service.

Harry McCutie, general manager of WINN Louisville, Ky., elected to board of directors of Louisville Advertising Club, and director of Louisville Chamber of Commerce.

Jack Thompson, CKOY Ottawa, elected vice president of Advertising & Sales Club of Ottawa.

Cliff Gill, operations manager, KBIG Avalon, Calif., appointed to membership and public relations committees of Los Angeles Tuberculosis Assn. for second year.

Allen Ludden, m. c. of Mind Your Manners, WTIC Hartford, received citation from Scholastic Teacher Magazine. Program was voted "outstanding teen-agers' program of the year" by National Assn. for Better Radio and TV.

Carl E. George, general manager of WGR Denver, named to board of trustees of Cleveland Better Business Bureau.

Stan Gee, production manager of WGR Cleveland, father of girl.

Terry Lee, sales manager of WFAM-TV Dallas, father of girl, Cathy Patricia, May 15.

Dave Willock, m. c. on KNNH (TV) Hollywood The Sky's the Limit, father of girl, Theresa, May 1.

George Otte, engineer, KECA Los Angeles, father of girl, Brooke Louise, May 20.

Keith L. Reising, program director at WLIP New Albany, Ind., father of boy, May 19.

Networks

Mike Devery, president, Space Patrol Enterprises, Hollywood, adds duties as executive producer, ABC-AM-TV Space Patrol, succeeding the late Mike Moser.

Dik Darley, director, adds duties as program producer, with Bela Kovacs, production assistant, promoted to associate producer.

Ralph Levy resigns as producer-director of CBS-TV George Burns and Gracie Allen to devote his time to CBS-TV Jack Benny Show and to develop new properties for the network.

Adolph L. Seton to ABC New York pub...
OUTSTANDING versatility in the control of programs and commercials is the reason why General Electric designed this remarkable studio relay switching system. The success of any medium to large TV broadcasting operation can well hinge on equipment switching ability. Here then is the answer to your ultimate performance requirements ... provision to switch, fade or dissolve up to twelve non-composite plus facilities for switching three composite inputs!

Block-built for easy expansion, you'll benefit, too, from these other G-E plus features. Two "extra" inputs permit adding cameras where they will increase profit the most. The mixer section can be by-passed permitting instant equipment changes in emergency. These facilities all add up to the performance you demand—the operational ease you prefer. For complete information write today to: General Electric Company, Section 263-1, Electronics Park, Syracuse, New York.

Features that mean versatile performance!

- TRANSIENT-LESS SWITCHING results from special on-air switching system
- BLOCK-BUILT for easy expansion ... Inputs or outputs or both!
- EXCELLENT MAINTENANCE ACCESSIBILITY
- PREVIEW SUPER POSITIONS before going on-air
- WIDE BAND WIDTH and NO CROSS TALK in picture!
- PLUG-IN INTERCONNECTIONS throughout the system. Sub-assemblies used in switch panel
- CLAMPING-IN MIXING AMPLIFIER eliminates bounce tendencies
- VIDEO AND AUDIO SWITCHED SIMULTANEOUSLY ON COMPOSITE SWITCHES
- VIDEO PUSH BUTTONS GLOW when depressed

Switching combinations for any TV station operation!

June 1, 1953—Page 57
- PROGRAMS & PROMOTIONS

BIG RETURN

POSTCARDS totaling 188,814 added up to one of the biggest mail counts in the history of Crosley television, reports WLWC(TV) Columbus. The cards were in response to a contest to determine the most popular high school in Central Ohio. Run by "Spook" Beckman on his Shoot the Works program, the contest featured a grand prize of a Seeburg Select-O-Matic phonograph and 100 popular and classical records valued at $1,000. Prize went to St. Mary's High School, Columbus.

GOOD COMMUNITY RELATIONS

A SINKING news broadcast on WHIP Mooresville, N.C., has been replaced by a new program, Voice of Mooresville, designed to put more life into small-town community relations. On Sundays, the 12:15-12:45 p.m. program presents a tape-recorded interview from the town's textile mill. Against a background of noises from the plant, which are "introduced" by the announcer, local announcements are made and an "old-timer of the week" is presented.

'MISTEE D'JAY, U.S.A.'

WSM Nashville is airing a new show, Mister Dee Jay, U.S.A., 7:00-7:30 p.m., Fridays. Each week a different country music disc jockey from another station is interviewed briefly to establish who he is and what he does. Then the program is turned over to him to conduct in his own fashion.

PETROLEUM EXPOSITION

THOUSANDS of people unable to attend the International Petroleum Exposition in Tulsa received a front seat view of the multi-million dollar show for the first time via TV, reports KOTV (TV) Tulsa. KOTV, using its remote telecasting and motion picture equipment, provided daily coverage of the exposition. Opening day ceremonies were televised with one camera located in the "crow's nest" of a half-million dollar rotary drilling rig. The problem of hoisting the camera high into the derrick rigging was solved by oilmen who used their drilling cables to secure the camera, tripod and related equipment.

'RODEO ROUNDUP'

KNBH (TV) Hollywood Rodeo Roundup, new weekly hour-long program, features a regularly scheduled rodeo with 150-200 cowboy members of Cowboy Assn. of America competing for prizes. Originating from Iverson Ranch, Chatsworth, Calif., facilities to accommodate viewers have been set up. Program features shooting, roping and whip exhibitions and stars Cowboy Slim as m.c. and participant.
Think this is impact?—wait 'til your sales pitch feels the impact of the dynamic WLW Stations. Wait 'til you've seen how your sales batting average jumps when you're on the WLW stations.

The secret? — it's as simple as 1-2-3:

1. The WLW radio and television stations cover more than 1/10th of America. A lot of people who buy a lot of things.
2. The WLW Stations have the talent, the programs, the facilities to do a super selling job on your products—give you more for your money.
3. The WLW Stations have the only Client Service Department in broadcasting to give your advertising the plus of promotion and merchandising that insures sales success.

So, when you think of impact, think of the Crosley WLW Stations.
FOR THE RECORD

FCC Clarification
Of TV Procedure

FCC by an order May 22 "clarified" TV processing rules and put on notice all applicants and prospective applicants that the Commission henceforth will consider promptly those applications which become free for action upon merger with their competitor or through withdrawal of their competitor for the same channel (B.T., May 25).

The change of procedure applies to TV applications "passed over" by the Commission because they are in conflict and includes those sent McFarland letters but not formally designated for hearing.

Text of the order: IN THE MATTER OF
Amendment of Footnote 10 of Section 1.371 of Part 1 of the Commission's Rules (Temporary Processing Procedure for Television Broadcast Applications)
ORDER
1. The Commission desires to amend Footnote 10 of Section 1.371 of its Rules by the addition of a subparagraph (m), as below.
"(m) Where an application upon which processing has been temporarily suspended because of mutually exclusive applications becomes unopposed or where a new application is filed in place of the several competing applications and the applicant formed by such a merger is composed of substantially the same parties as the parties to the original application or applications, the remaining applications may be available for consideration on its merits by the Commission at a succeeding regular meeting as promptly as processing and review by the Commission can be completed."

2. In accordance with its temporary processing procedure, as amended, pursuant to the Sixth Report and Order, mutually exclusive applications (i.e., those which compete for the same channel in the same community or require competitive hearing for other reasons) have been passed over. This has enabled the Commission to process non-competitive applications so that TV service could be made available in the shortest possible period of time, and the Commission is virtually current in the processing of non-competitive TV broadcast applications. The provision here made is of a clarifying nature and is a further step designed to bring television service to the public as promptly as possible consistent with basic requirements of public interest.

3. Authority for the adoption of this amendment is contained in Sections 1, 4(i), 4(j), and 303 (r) of the Communications Act of 1934, as amended.

4. In view of the fact that the amendment adopted herein is procedural in nature, constituting a clarifying amendment, prior publication of notice of proposed rule making under the provisions of Section 4 of the Administrative Procedure Act is unnecessary, and the amendment may become effective immediately.

IT IS ORDERED, This 22nd day of May, 1953, that, effective upon publication in the Federal Register, Footnote 10 of Section 1.371 of the Commission's Rules and Regulations is amended as set forth herein.

FEDERAL COMMUNICATIONS COMMISSION

T. J. Slowie
Secretary

Released: May 22, 1953

Commissioner Hennox dissenting and issuing a dissenting opinion (attached);

WALDO ABBOT, director of broadcasting for the U. of Michigan, Ann Arbor, has compiled a list of TV receiving sets available from various manufacturers with prices where given. The list may be obtained by request to him at the U. of Michigan.

Commissioner Bertley concurring in the Commission action and stating: "I do not believe, however, the adoption of a rule is necessary. There has been no rule preventing prompt consideration of non-conflicting applications heretofore. I do not oppose public notice of this fact."

DISSENTING OPINION OF COMMISSIONER HENNOX

I must register my strong disapproval for the new processing rule adopted today. It is, in my opinion, a sharp violation of the due process the Commission should give in this area of television development to protect the public interest. This new rule can and undoubtedly will cause real damage to the Commission's efforts to secure the finest possible licensees for television. It represents a surrender to haste. Waste as well as inequities and undesirable grants must be in its natural products.

A rule permitting Commission consideration and action of the remaining applications (after a conflict is disposed of) on its next meeting day is deceptively simple; its dangers may not be apparent at first blush. For given such a rule, it is clear that the dismissal of an application or a merger may be so timed as to give only the barest notice to other parties. Thus, dismissal or merger on Tuesday would permit Commission consideration and grant at its Wednesday meeting with no opportunity for notice to be circulated concerning the new, changed situation. Tuesday afternoon and early evening should hereafter be a busy time at the Commission. Present applicants on other channels, prospective applicants and persons having knowledge of important facts they may wish to bring to the Commission's attention would, by this rule, be left in the dark and deprived of an opportunity to be heard or to adjust their own situation to the new circumstances.

So understood, the new rule is a substantial modification and relaxation of the present "never-day procedure", as informal, internal processing provision of which the public has never had formal notice. This provided that upon resolution of a conflict the staff should bring the remaining or new application before the Commission in not less than seven days and in not more than 13 days. This procedure was bad enough. For it worked out in

SPECIALISTS IN VISUAL SELLING

Page 60 June 1, 1953

BROADCASTING * TELECASTING

A new series of 1-minute TV commercials by Sarra sells Northern Tissue with masterly finesse. Quick shots of "little things that count"—finishing touches on a flower arrangement or guest towels—establish the theme. Northern's sales story of new softness of no extra cost is put over with women to women conviction by expertly cast "housewives." Their home settings give strong display to Northern products with unforced naturalness. Created by SARRA for Northern Paper Mills, through Young & Rubicon, Inc.
From where I sit by Joe Marsh

Bad Case of the "Ztutters"

Our copyboy is out sick. So the editor (me) is taking over some of his chores—which include things like running the addressing machine on "mailing-out night."

Last week I didn't have the usual number of papers left over for sale at the office. Couldn't figure what had happened—until Chub Zimmer called to ask why he'd gotten 56 copies.

Then I realized—"Zimmer" is the last name the machine prints. Guess I forgot to turn it off... and it just kept grinding out Chub's name on all the remaining copies. That machine just didn't know when to stop.

From where I sit, people are like that machine sometimes. They often don't know exactly when to stop. Like those who are prejudiced against someone with an accent, perhaps... or against someone who likes a cool bottle of beer with his supper. So, in these columns I try to persuade everyone to "throw the switch" on prejudice so it won't get repeated.
WOODland! TV

Woodland is summer's cool spot for hot profits

Take it from the tax collector. There are more people spending more moola in this area in summer than in the average months for the rest of the year. And these sales tax figures from Michigan's Revenue Department prove it.

Based on 1952 receipts from 19 Woodland counties. Receipts of each month reflect sales of month preceding.

The U.S. Department of Commerce gets into the act by estimating three to four million tourists spend more than $200,000,000 in Western Michigan each year. Most of this boom business occurs in summer, of course.

So, "Dig that era-a-ary Woodland market", Hazel. You'll hit paydirt every time.

tions on file would appear to be a basic factor in obtaining such highly qualified licenses. The establishment of television service or multiple television service at the earliest possible time is, of course, an important consideration for the Commission and the public interest. But it should not be the sole overriding factor to which all other considerations, vital though they may be, are subordinated. A balance of interests is obviously called for here. The Commission has struck a serious imbalance by placing on the scale nothing but the necessity of securing as many TV grants as possible, as soon as possible. This, in my opinion, is a most unfortunate error for which our television service and the public will be forced to pay for many years to come.

Nor is the protest procedure of Section 309 (c) of the Communications Act a sufficient safeguard or corrective against the Commission's new processing rule. For the right of protest is substantially hedged by the requirement that the protestant be a "party in interest" and that, "economic injury" be suffered by it. Furthermore the Commission has in the past months limited this right of protest by restrictive interpretations as to who is a "party in interest," etc. In addition, 309 (c) providing only that a grant be stayed until a hearing is held on such protest in, in figurative terms, locking the Commission's door after the license has been granted. It scarcely provides an adequate substitute for the reasonable notice that is so vital to other interested parties who may then come in on a comparative basis rather than challenge a fait accompli.

A further serious defect in the Commission's new rule is that it is adopted effective almost immediately without adequate prior notice. Thus, in yet another way, the Commission is effecting a substantial change in the present procedure without affording interested parties, again including present applicants, prospective applicants and others an opportunity to re-evaluate and readjust their own positions in terms of the changed situation. This is particularly unfortunate in view of the past feeling of security which the Commission's processes and actions have engendered, which should not suddenly be shattered without due notice. Administrative shifts of this kind are scarcely fair play. Nor does the bare legality of the Commission's action, assuming it to be legal, very much salve its basic injustice.

I believe that the Commission's entire television processing and hearing procedures should be immediately revised so as to permit the establishment of television service as promptly as possible consistent with the basic requirements of due process and the preservation of important substantive policies of the Commission. In such revision the the Commission should, in my opinion, establish by rule that when a conflict is resolved, notice be given to the local community and that it be in the form of adequate advertisement in the local press. It should also be established that a reasonable period of 30 days be required after the dismissal or merger before the Commission takes final action on the remaining or new application. And certainly such basic modifications in our processing procedure should be adopted by the Commission, to be effective 30 days after publication in the Federal Register to permit interested persons throughout the country an adequate opportunity to take such action as they deem necessary in light of it.

**From the desk of ALLEN EDWARDS**

Easy on that hiatus, Hazel

Maybe you have pegged Grand Rapids as a typical midwestern city. And maybe some of these cities do look like good axe bait for your summer cut-back. But, hold it, Hazel, Grand Rapids is different.

There are more people in and around Grand Rapids in summer than in winter. And they spend more dough. Because Grand Rapids is right smack dab in the middle of “The Vacationland of the Midwest”. (Western Michigan, of course.)

Not only do Michiganders know how lucky they are and stay home summers . . . millions come up from less fortunate states to enjoy the woods and the lakes and the weather. A glance at the opposite page will tell you they come “loaded”.

So play it smart. Keep your schedules on WOOD and WOOD-TV this summer. Tell the client why (Katz has all the dope) and he’ll tag you as a real smart doll, Hazel.

Knoxville, Tenn. New TV, vhf Ch. 6. Mountcastle Bcstg. Co. (WROL) (Docket 10510) and WKMN Inc. (WKMN) (Docket 10511)--WKMN requested leave to amend bid to change studio and transmitter locations and operational and programming data.

Mobile, Ala. New TV, vhf Ch. 5. WKMG-TV Inc. (Docket 10457) and Mobile TV Corp. (Docket 10458) --Mobile TV answered WKMG-TV's opposition to its motion to add to hearing issues determination of WKMG-TV's financial qualifications. On same day Chief of FCC Broadcast Bureau sought to enlarge hearing issues to include determination whether Mobile TV's proposal would constitute hazard to air navigation. Also WKMG-TV also opposed motion to Mobile TV's request to include whether grant to WKMG-TV would constitute violation of rules respecting multiple station ownership; in addition WKMG-TV filed statement of matters to be relied upon.

Beaumont, Tex. New T., vhf Ch. 6. Enterprise Co. (KRIC) (Docket 10268); Beaumont Bcstg. Corp. (KTFM) (Docket
3.

You've always needed it—for low-cost, professional-quality TV commercials—and here it is! Gray Research, maker of Telop, Telop II and other specialized TV equipment, proudly announces the new Gray TELOJECTOR. This compact, portable unit gives you remote control projection of standard 2x2 slides in uninterrupted sequence...with studio effects of fading, lapping and superimposition.

In the TELOJECTOR, projection alternates between two lens systems. Two loaded slide turrets give you a sequence of twelve slides. Additional loaded turrets can be substituted in seconds, providing an unlimited sequence. Overall dimensions: 14¼" x 18¼" x 16". Weight: 32 pounds.

This new Gray TELOJECTOR solves many problems for large and small stations alike. Production is underway. Get all the facts—now!

At the NARIB Convention, visit Room 2109, Hotel Biltmore

June 1, 1953 Page 81
**Short Memories**

IT SEEMS just the other day that the politicians were applauding the job the broadcast media had done in the “biggest election in history”. They said radio and television had consigned the political conventions to oblivion. GOP called it “victory through air-power”. And a personable but obscure young governor named Stevenson became a potent Democratic leader because of a persuasive television presence. Broadcasters won acclaim because radio and TV got out the vote.

The focal points of this political activity were in the radio-TV branches of the two national committees. They spent—for national campaign coverage alone—more than $3.2 million. The victorious GOP spent $2 million and the Democrats $1.2 million. This aside from state committee and volunteer group time purchases.

It seems ludicrous but today neither national committee has a full-time radio-TV director. The public relations directors are running the broadcast operations as bob-tail appendages. It so happens that each public relations head is a newspaperman. Some of the radio and TV reporters covering politics in Washington wonder whether this isn’t another instance of the die-hard newspaper people selling the broadcast media short.

Last December, Ken Fry, who had run the Democratic Committee radio-TV operations, announced his resignation. There was an economy drive on. Chairman Mitchell wanted to cut to the bare bone. Clayton Fritchey, a former New Orleans editor and former civilian public relations head of the Defense Dept., assumed the committee’s radio-TV duties. There has been practically no activity since.

Three weeks ago, Ed Ingle, who had directed the broadcast destinies of the GOP for nine years, didn’t relish the climate about the GOP committee. He resigned. Bob Humphreys, an able newspaperman, absorbed the policy functions of Mr. Ingle’s office.

Next upcoming are the Congressional elections. The national committees are devoid of expert broadcast direction. There has been no advance work or planning.

Sure, radio and television swept the elections in 1952. They brought forth the “greatest single expression of public opinion in the nation’s history”, said Thomas D’Arcy Brophy, chairman of Kenyon & Eckhardt, and president of the American Heritage Foundation. President Eisenhower must know this because he is using radio and television to carry his cause to the people.

But the professional politicians who run the political committees evidently weren’t tuned in. Or how would you explain it?

**It Shouldn’t Happen to a.....**

IT HAS not been our habit to give aid and comfort to newspapers in their advertising rivalry with radio and television, but we would be unpardonably mean if we failed to warn them against some advice recently published in their own trade paper.

*Editor & Publisher* carried an interview with Arthur Porter, vice president in charge of media for Leo Burnett Co., advising that newspapers adopt an audience rating system. However, their customers may clamor for such information, our advice to the newspapers is to go to any extremes to avoid according to the demand. The audience rating, measured as a measurement of advertising effectiveness of radio and television, has been the newspapers’ greatest ally.

Though its inventors never intended it to be anything but an index of program popularity, the radio-TV rating has all too often been interpreted to indicate audience size. Used in that way and compared to the total circulation figures that newspapers base their sales talks on, the rating has unmercifully changed broadcasting.

The gentlemen of the press would be ill-advised to stop talking in the nice, round figures of ABC circulation statements and begin explaining what percentage of a happenstance number of people interviewed were reading what part of what column of what page of the *Daily Bugle* at 6:47 p.m. That path would lead but to the grave.

Perhaps this advice is not entirely necessary. To judge by a special 64-page advertisement booming newspapers in the May 25 issue of *Advertising Age*, it does not seem that newspapers—or at least the 79 that cooperated in placing the ad—are bent on suicide.

The special 64-page section featured testimonials by 111 retailers who told of their success in using newspapers. There are plenty of other retailers with similar stories to tell about radio and television. We hope these radio-TV stories will be told as emphatically as the newspaper testimonials were presented. An interesting aspect in the 64-page newspaper ad was that more than 90% of the participating papers are associated with radio and/or television properties or applications. There would seem to be an obvious suggestion here for top management of these same properties to underwrite an effective campaign on behalf of their radio-TV interests.

**Hook, Line & Bait**

IN OUR April 27 issue we editorialized about the wave of commercial excesses that seemed to be plaguing radio and television along with other media. We had not realized how extensively habits of malpractice had spread until we began receiving comments from Better Business Bureaus all over the nation.

Some of them were published last week in our “Open Mike” department. It is plain from reading these letters that one of the objectionable techniques we mentioned—“bait” advertising which lures customers into stores on the promise of bargains that turn out to be shoddy—has become a national problem. As several Better Business Bureaus have advised us, “bait” advertising is being carried by only a minority, a small minority, of stations, but they are scattered throughout the country and the effects of their objectionable work are nationwide.

Both the radio and television codes of the NARTB state that stations should be vigilant to avoid carrying advertising that makes invalid claims. These codes are being flagrantly violated. It is to the advantage of the ethical operators, who far outnumber their more primitive colleagues, that these violations should cease.

As long as stations continue to broadcast advertising that can be regarded as fraudulent, the codes are a joke. If the codes are to remain on the books and if high-minded operators are to take them seriously, adjustments must be made in the behavior of the offending minority.
Every Year
THE "MARKET BASKET"
Gets
BIGGER AND BIGGER

The lines that define the boundaries of the great Kansas City Primary Trade Area remain the same year after year. And of course there's never any change in the half-millivolt contour of The KMBC-KFRM Team.

But, the "Market Basket" Gets Bigger Every Year!

KMBC-KFRM advertisers reap the major portion of the benefit of these hundreds of millions of dollars in increases each year. Because in rural, urban and metropolitan sections of the Kansas City Primary Trade Area alike, KMBC-KFRM sales messages are heard by more of the people, more of the time. The 1953 "Market Basket" is taking on new proportions, and The KMBC-KFRM Team is delivering its advertisers a pleasant share of 1953 Heart of America spending.

Write, wire or phone KMBC-KFRM, Kansas City, or your nearest Free & Peters Colonel at once. Arrange for your share of the Kansas City "Market Basket" 1953!
almost 10% of the nation's food sales takes place in WJR's primary coverage area!
