KOTV • Channel 6
IN TULSA

KFMB-TV • Channel 8
IN SAN DIEGO

Every television family in these two rich market areas can receive channel 6 in Tulsa and channel 8 in San Diego regardless of the make or age of their set. These two stations are indeed bright spots on your advertising picture. For they deliver the extra sales impact of an established audience built up in more than four years of program and advertising experience...
More people in Ashtabula, Ohio (about half way between Erie, Pa. and Cleveland, O.) are tuned to Erie's WICU-TV than any other TV or Radio Station. A Pulse Survey shows that from 60 to 78% of Ashtabula people are tuned to WICU-TV at all times! Only 1% were tuned to the 3 Cleveland TV stations and the local Ashtabula TV station. That's proof positive that Erie's WICU-TV, Channel 12, is your best buy in Northwestern Pennsylvania, Northwestern New York and Northeastern Ohio.
don't throw advertising dollars away...

Buy the one Providence station that delivers the largest audience at the lowest cost per thousand...

invest where dividends are HIGHEST!

represented by Headley - Reed
The WGAL-TV market—its people spend each year: $1,725,599,000 for retail items • $930,691,000 for food • $283,367,000 for automotive goods • $41,362,000 for drug items.

WGAL-TV—Channel 8—is received with respect and welcome by every member of the family in homes throughout its big, rich, diversified industrial and farm area. This area includes Lancaster, Harrisburg, York, Reading, Lebanon and hundreds of smaller cities and towns. Local programs and top shows from Four Networks give popular voice to every segment of this large area. When your product enters these homes it is assured friendly welcome. Join the many leading national and local advertisers who have used WGAL-TV consistently throughout its Five Years of service. Sell your products successfully, profitably. Buy WGAL-TV.

Steinman Station
Clair McCollough, President

Carefully planned, diversified local programming reaches every segment of the community. An example—the York County Kennard-Dale Chapter of Future Farmers of America being interviewed on a WGAL-TV farm program.
NEW LIGHT on tv's place in American life to be shed in upcoming Jerry Jordan survey for Radio-Electronics-Tv Mfrs. Assn. Documented evidence will show how tv is gaining high ratio of its viewing hours from time created by labor-saving appliances. It's expected to reveal, also, that worst competitors of sports events are other sports events, not 27 million television sets, charting shifts of stadium patronage from one sport to another, and from amateur to pro contests.

WITH ROBERT E. LEE confirmed for FCC, next Commissioner at bat will be John C. Doerfer, who assumed office last April to fill unexpired term of Robert F. Jones, which ends June 30. Because it's political year and Mr. Doerfer is Wisconsin Republican, indications are he will run for re-election to a full term on November 4. Lee, a former lawyer and assistant Senate counsel, has been known to his colleagues as a man of the people, hardworking, scrupulous and fair. He was appointed to the FCC by President Eisenhower. Lee's nomination is expected to be confirmed by the Senate without opposition.

AWARD FEVER, which for long time has beset radio-tv and seems to be getting worse in television, is arousing network officials to new attempts to quell it. Their hope: to minimize all but top, "legitimate" awards, ignoring those in which organizations bestow some "honor" on network as means of getting publicity for themselves through on-the-air presentations. One problem: advertisers often are interested by fact that show has won some award, with result that awards can be strong sales tool. There's also feeling that radio-tv industry should confer its own awards.

TACKLING one of knottiest pending cases, FCC last Thursday and Friday discussed disposition of so-called Edward Lamb case, i.e., whether it should grant pending applications or set them for hearing, and if latter, on what issues. Mr. Lamb, attorney, broadcaster, publisher and industrialist, has been controversial figure with Sen. McCarthy. lamb's case has been held by identity with liberal Democratic causes, himself has sought hearing to get issue settled. His properties include WIKK and WICI (TV) Erie; WQD and WQRT (FM) Toledo; WHOO Orlando, Fla.; CP for WMAC-TV Massillon, Ohio; uhf for which he seeks site change, and pending transfer of uhf WTVQ (TV) Pittsburgh to Lamb ownership. Full-dress hearing is indicated.

NILES TRAMMELL, who ought to know, predicts that Pat Weaver-Bob Sarnoff team will do big things for NBC. He feels it's ideal combination providing youth, creative ability and sound business judgment along with administrative experience.

FCC, as of Feb. 1, was "current" on all its non-hearing tv cases, with McFarland letters sent to all adversary applicants involved in hearings. This beat by at least two years original timetable which preceded "expediting" procedures initiated by Chairman Rosel H. Hyde. Pending and waiting action are substantial number of hearing cases on which reports already have been written and, in this respect, FCC isn't as current as it would like to be.

THERE'S SENTIMENT among FCC members to leave responsibility of determining multiple ownership issue involving tv to Congress. Now in proposed-rule-making stage, pending proposal would increase multiple ownership limit from present five to seven, only five of which could be uhf. In some quarters it's felt that Congress should establish limits.

IN APPOINTING Mary Jane Morris to secretaryship, FCC is emphasizing it was motion from within of experienced staff member, this designed to dispel notion that politics predominated, which might have been view if "outsider" had been named. Miss Morris (see story page 38), it's understood, will perform confidential duties of secretary but will not handle political or legislative contacts as did her Democratic predecessor, T. J. Slowie.

WITH APPOINTMENT of GOP secretary in person of Miss Morris, FCC can be expected to move ahead filling other top level staff vacancies. These include assistant general counsel, by virtue of resignation of J. Roger Wollenberg, and chief examiner.

AGENCY handling account of parent Westinghouse Electric Corp., Ketchum, MacLeod & Grove, of Pittsburgh, expected to land business of Westinghouse Broadcasting Co. Placements for parent company by Pittsburgh agency include professional football on DuMont and first NCAA football schedule in 1951 on NBC-TV.

WHEN WGN's Theatre of the Air performed "Madame Butterfly" at Lisser Auditorium, Washington, Jan. 29, all FCC members were invited. Present: Republicans Chairman Rosel H. Hyde, John C. Doerfer, Robert E. Lee; Independent E. M. Webster. Absent: Democrats Robert T. Bartley and Frieda B. Hennock. (Seventh Commissioner, Republican George E. Sterling, was out of town.)

LIGGETT & MYERS (Chesterfield cigarettes), New York, through Cunningham & Walsh, New York, is still looking for evening tv time availability and property for sponsorship with budget formerly spent on Arthur Godfrey.

Things have changed in ARKANSAS, too!

Along with so many other States in the South, Arkansas is a far better market than many old-timers think. One example: Effective Buying Income per family is up 195.1% over ten years ago*!

You can reach almost all of Arkansas, now, with one radio station—50,000-watt KTHS in Little Rock, CBS, and the only Class 1-B Clear Channel station in the State. KTHS delivers primary daytime coverage of 250,694 radio homes. Secondary, interference-free daytime coverage includes 73 of the State's 75 counties and brings the number of radio homes to a whopping 823,881!

Write direct or ask your Branham man for all the big KTHS facts, today.

Rettig Heads NBC-TV Production, Business Affairs

**ELECTION of Earl Rettig as NBC vice-president in charge of production and business affairs for the NBC television network was announced by Sylvester L. Wexler, Jr., NBC president; Friday following monthly meeting of company's board of directors.**

Mr. Rettig, who joined NBC in 1950 and shortly thereafter was named director of network production on West Coast, served most recently in New York in charge of production and business affairs of television network program to the present.

Prior to joining NBC, he was a director of finance and operations in Hollywood.

End of ASCAP-TV Dispute On Rates Expected Soon

END of long-drawn dispute between TV broadcasters and ASCAP over proper terms of license for use of ASCAP music on television is imminent, B&W learned Friday following meeting of top ASCAP officials with negotiating subcommittee of All-Industry Local TV Music License Committee.

Pattern agreed on follows proposal of all-industry group made in December (B&W, Dec. 28) and approved by majority of TV licensees. Plan will be submitted to ASCAP board at its meeting tomorrow (Tuesday) and if approved, is expected, attorneys for both sides will work out language of contracts for blanket and program licenses, which will then be sent to TV stations. Industry acceptance of these new agreements will halt legal action instituted in 1951 when more than 50 TV broadcasters asked federal court to set fair and reasonable terms for use of ASCAP music on TV, as provided for in consent decree accepted by ASCAP in 1941 following government anti-trust action.

Representatives of TV broadcasters, who met in all-day session Thursday before coming together with ASCAP representatives Thursday evening were: Dwight W. Martin, General Tele- radio, committee chairman; Paul Adamit, WHEN (TV), and Robert Vitulski, NBC, WPIT-TV (NY); Nolan and Willard, WPIT-TV (NY); Erving Rosenbaum, WAFY (TV), Newark; C. Robert Thompson, WBNR-TV, Norfolk; Terence Kehoe, WABC-TV, New York; A. Nesey and son of Philadelphia, Philadelphia, starting early spring for 26 weeks. Agency: Lynn-Fieldhouse, Wilkes-Barre, Pa.

**BUSINESS BRIEFLY**

LIPTON SPOT CAMPAIGN • Lipton’s Tea, New York, through Young & Rubicam, N. Y., placing radio spot announcement campaign in about 65 top markets effective immediately for two weeks. Rising prices of coffee have stimulated increased advertising campaigns for most tea companies.

BUICK SCHEDULE • Buick cars, for its 1954 model, planning another three-day schedule in April, similar to January's, on about 465 radio stations. Agency: Kudner, N. Y.

CAMPBELL AGENCY • Campbell Soup Co., Camden, reportedly shopping for new agency. Firm currently is handled by three agencies: Ward Wheelock Co., Compton Adv. and Dancer-Fitzgerald-Sample.

CONTINENTAL IN WEST • Continental Oil Co., N. Y., planning radio-tv campaign in oil company areas west of the Mississippi, effective late February and early March. Agency: Benes & Bowles, N. Y.

BORDEN DECISION SOON • Borden Co., New York, which dropped sponsorship of its Treasury Men in Action through its agency, Young & Rubicam, N. Y., expected to decide on replacement by end of next week. Program called Justice and People Are Funny is among those being given serious consideration for Thursday, 8:30-9 p.m. NBC-TV time. Network, it was understood, is anxious to build strong Thursday night and has approved both shows.

WISE ON RADIO • Wise Potato Chip Co., Berwick, Pa., planning radio spot announcement campaign, using spots three times weekly, in scattered northeast markets including such cities as Pittsburgh, Providence, Philadelphia, starting early spring for 26 weeks. Agency: Lynn-Fieldhouse, Wilkes-Barre, Pa.

MUSICAL COMMERCIAL • Rollman & Peck, Cincinnati, names Phil Davis Musical Enterprises, N. Y., to originate radio and tv commercial for Schoening Beer and Burkhartt Beer.

TEXAS CO. EXTENDS • Texas Co., N. Y., has extended sponsorship of Metropolitan Opera broadcasts over ABC Radio on Saturday, starting at 2 p.m., EST, to include two additional performances on April 10 and 17. Agency: Kudner Agency, N. Y.

Color TV Group Dissolved

THREE years of work by second National Television System Committee, industry-wide group that developed color TV standards, ended Friday as committee was dissolved by its chairman, Dr. W. R. G. Baker, General Electric Co. vice president. First NTSC developed black-and-white tv standards decade ago, with both being under auspices of Radio-Electronics-Tv Mfrs. Assn. Dr. Baker lauded members for service to American public and individual companies for sharing their developments.
When it's time to sell it's

Teletune Time

Here's a Monday through Friday participating program that offers hard hitting, daytime selling.

Teletune Time highlights music played by Toledo's popular Lola Smith at the console organ and sung by the lovely and talented Barbara Krall. Novelty touches are supplied by Lloyd Thaxton and Sanford, Lloyd's talking parakeet.

"The Mail Bag", a regular feature of Teletune Time, gives a personal touch which brings the hundreds of viewers closer to the inner workings of WSPD-TV.

Teletune Time is an action packed show in a market now boasting 279,029 television sets. Contact your nearest Katz agency or call ADams 3175 in Toledo.

Olson Tulsa Grant Final; Other FCC Actions

GRANT of Tulsa uhf ch. 17 to Arthur R. Olson within week after favorable initial decision by examiner made final by FCC Friday. Mr. Olson, manufacturer and oilman, was only applicant left following withdrawal of Tulsa TV Co. [B&T, Feb. 1] and with no objections due to be filed, Commission finalized examiner's proposal.

Initial decision by examiner favored grant of uhf ch. 12 in West Palm Beach, Fla., to WEAT-TV Inc., controlled by WEAT principals. This was made possible after withdrawal of WPPG application [B&T, Feb. 1].

Denial of uhf ch. 9 grant to KVOG Ogden, Utah, because of default, was recommended by examiner in initial decision.

At own request, KSPI (TV) Alexandria, La., surrendered CP for uhf ch. 62.

Three applicants withdrew. They were: Fryer TV Co., seeking uhf ch. 2 in Tulsa in competition with Central Plains (Sen. Robert S. Kerr and oilman William Skelly) and KOME Tulsa; KBIX Muskogee, Okla., seeking uhf ch. 8 there in contest with KTUL and Ashley L. Robison (KCCCTV Sacramento, Calif.); and WQJS Jackson, Miss., seeking uhf ch. 47 there.

Refiling for Buffalo, N. Y., uhf ch. 7 was withdrawn under the code of WKWB-TV Inc. In addition to previous WKWB principals, new applicant includes Buffalo Wastepaper Co., 15%, and Darwin R. Martin, 5%.

Storer Airplane Demolished

STORER Broadcasting Co.'s 19-month-old DeHaviland Dove was "run over" by National Guard F-51 at Birmingham, Ala., airport Friday, is regarded as total loss. Aircraft, valued at $125,000, has been flown average 100 hours monthly on Storer business. National Guard plane collided with parked Storer craft in high-speed landing. Loss believed covered by insurance.

Streibert on TV

THEODORE C. STREIBERT, director of U. S. Information Agency and former president of WOR New York, to make first tv appearance next Monday as guest on ABC-TV Junior Press Conference (5-9:30 p.m. EST). He will be questioned by panel of college students on workings of USIA.

Mutual-WOR Study Underway

STUDY of Mutual-WOR New York operations to be made during next few weeks by management consultant firm of R. A. Lasley Inc. as part of General Teleradio phase of Lasley's overall study of parent General Tire & Rubber Co. General Teleradio President Thomas F. O'Neill announced Friday. Asserting confidence that study would have major significance for growth of General Teleradio in radio, tv and tv film field, Mr. O'Neill noted that Lasley firm's overall study was launched last year with view toward improvement and coordination of administrative functions between various divisions of General Tire Co.

Jefferson Standard Stations Effect Staff Changes

J. WILLIAM QUINN, program supervisor of WBTV (TV) Charlotte, named managing director of new tv station to be opened in Florence, S. C., next summer by Jefferson Standard Broadcasting Co., according to Vice President Charles H. Crutchfield. Melvin Purvis, Florence attorney, will be station manager at Florence with Robert Rierson, WBT program director, taking over similar post at new tv outlet. M. J. Minor, Jefferson Standard chief engineer, will be project engineer in charge of construction in addition to WBT-WBTV duties. Nelson Benton, WBTV-WBTV promotion supervisor, becomes Carolina news editor of WBTV. He will be succeeded by John Dillon, Davidson College publicity director. Ned Burgess, former associate editor of Mt. Holly News, is now WBTV-WBTV publicity director.

New ABC Chicago Studio

PLAN for completion of new $155,000 tv studio in Morrison Hotel this week announced by ABC Chicago. Terrace Casino will be fifth tv studio for network there and be used for special programs, including simulcast of Don McNeill Breakfast Club starting Feb. 22. Construction of complete commercial studio near dining room for delivery of sponsors' messages now underway. Tv control room completed this past weekend.

'Today' Participations

GENERAL Electric Co. (Electronics Div.), Syracuse, through Maxon Inc., N. Y., has bought 21 participations on Today (NBC-TV, Mon.-Fri., 7-9 a.m. EST and CST), starting March 2 and ending April 29, and Curtis Pub. Co., Philadelphia, through BBDO, N. Y., has extended its contract on same show to include four more participations for Saturday Evening Post and Ladies Home Journal through Feb. 24.

ON-THE-SPOT FIRE

FIRE on second and third floors of New York's News Bldg. Friday afternoon received prompt on-the-spot coverage from WPIX (TV), News video station located on upper floors of same building. Interrupting Eloise McElhone Show, at 3:22 p.m., WPIX broadcast out-the-window pickup for more than a minute until smoke got too thick and at 3:50 p.m. repeated this live coverage. John Tillman and Jack McCarthy described incident and interviewed two pressmen trapped for brief period on third floor.

People

BRIG. GEN. DAVID SARNOFF, RCA board chairman, SYLVESTER (PET) WEARNER, NBC president, and ROBERT W. SARNOFF, NBC executive vice president, were to see President Eisenhower at White House last Saturday morning.

WALTER S. HOLMES JR., acting controller of RCA, elected controller, Gen. Sarnoff, board chairman, announced Friday following board meeting. Mr. Holmes joined RCA in 1947, has been acting controller since RONELLO B. LEWIS resigned in November 1953.

JAMES A. AHLGRIMM, assistant local sales manager, promoted to local tv sales manager of KPRC-TV Houston.

SEYMOUR (SY) HANDY, General Teleradio, appointed executive assistant to Gordon Gray, vice president in charge of WOR and WOR-TV New York. Mr. Handy has been with WOR-AM-TV for over 13 years as assistant comptroller of Mutual and as chief accountant of WOR. His new functions will be in personnel, purchasing operations and budget control.

THOMAS C. McCRAY, NBC Western Div. administration director, named general manager of KNBH (TV) Hollywood. He succeeds Don Norman, who resigned to become manager of Television California, applicant for uhf ch. 2 in San Francisco (see story page 58).

RAYMOND G. BARNETT JR., manager of Los Angeles office of W. S. Grant Co., station representation firm, to The Katz Agency, national advertising representatives, as member of sales staff of Los Angeles office. He formerly was with ABC Spot Sales in San Francisco and ABC-owned KGO San Francisco.

JACK ROSENBERG, sports editor, Pearia (Ill.) Journal, appointed assistant to Jack Brickhouse, WGN-TV Chicago sportscaster.

PM Acquires Benson & Hedges

ACQUISITION of Benson & Hedges as subsidiary of Philip Morris & Co. announced by C. Parker McGomas, president of Philip Morris organization. Transaction was declared effective upon issuance of report by Guaranty Trust Co. of New York, exchange agent, that 367,829 shares of Benson & Hedges common, already had been deposited for exchange for like number of shares of Philip Morris common, which was said to represent more shares than required for effectuation of acquisition [B&T, Feb. 11]. Benson & Hedges is maker of Parliament filtered mouthpiece cigarettes and other tobacco products.

Everett-Mckinney in SRA

EVERETT-MCKINNEY Inc., N. Y., radio- tv station representatives, has been elected to membership in Station Representatives Assn. Max Everett is president of Everett-Mckinney Inc.

EDITOR:

Not too long ago we [read] an excellent article on color television from your Jan. 4 issue of BROADCASTING • TELECASTING magazine. It was entitled "Color Television, Is Its Introductory Year Begins."

This article was most informative and we feel would be of interest to our overseas offices. Therefore, I would appreciate if you could send us about a dozen copies for distribution overseas and here in our New York office.

Bertha Cola
Radio-TV Department
McCann-Erickson
New York

EDITOR:

I wish to become a subscriber to your magazine BROADCASTING • TELECASTING . . .

I recently saw a copy of this magazine in the library of a "USA TODAY" exhibition organized by the U. S. Embassy here. I found the magazine very interesting and stimulating, particularly the technical and commercial advancement of a free industry in a free country.

It was like a breath of fresh air.

T. Buckley
Leeds, Yorkshire, England

EDITOR:

As a keen reader of B&T and with an added interest in your International Section, I thought this item might be of interest to you all.

On Jan. 11, New Zealand's first television was made in Wellington, when station 2XSL-TV, relayed the civic reception to Her Majesty the Queen and His Royal Highness the Duke of Edinburgh. The telecast was viewed by viewers in radio stores, hospitals and at the Wellington show. The receivers are of local manufacture. Short periods of blackout while lenses were adjusted for long shots to closeups could not be avoided because only one camera was allowed in the hall, but, the over-all definition was excellent.

Best wishes to B&T and I look forward to your new publication each week, have confirmed reception of over 650 of your broadcasting stations . . .

Arthur T. Cusden
Invercargill, New Zealand

Announcers: Please Note

EDITOR:

Now that the president of Turkey is in the U. S., I look forward to all sorts of fascinating pronunciations of his name—and probably all wrong.

Why is it 'announcers will not look up, nor have looked up, right pronunciations of surnames and place names? Some, in fact, seem to take pride in announcing their ignorance—even those who give away encyclopedias and atlases . . .

Please, won't someone give the boys a pronounced biographical dictionary and gazetteer they can keep around the studios?

C. P. Holway
Chicago

New Stations

EDITOR:

Would you want to make it easier on a subscriber? Possibly thousands of us? Well, here's how.

Each week you publish a commendable and ever-increasing list of television stations now on the air. This week the total is 359. Next week it will be 361, then the following 366.

The figures mentioned here may not be the exact ones, but it's a duck soup cinch they'll be on the increase.

Well, here's how you can help us . . .

Could you add a [footnote saying:] "New stations added to this week's list are . . ." And include the cities and call letters.

I have a complete card file of all tv stations. It drives my poor secretary batty when she has to run through the entire list to discover what new cities have been added in the current issue . . .

Arthur T. Johnston
Radio & TV Dept.
Selvage, Lee & Chase
New York

[EDITOR'S NOTE: The request of Mr. Johnston and other readers will be obligated. Henceforth, new stations added each week will be listed in the heading of the weekly Telestatus.]

Battle of Superlatives

EDITOR:

Your January 25 issue, page 32, shows a breakdown of total advertising in the United States during 1953. These preliminary figures reveal that the volume of local newspaper advertising is more than six times that of local radio advertising.

On page 90 of the same issue, under the heading "Programs and Promotion," you reproduce a newspaper advertisement by a Washington radio station . . .

In other words, the greatest mass medium in the history of mankind has no more imagination than to pay money to its bitterest (and wealthy) rival, and definitely its inferior as a mass medium, to tell a mass audience about its (radio's) accomplishments. Can you blame a local advertiser for believing, to 6 to 1, that newspaper is his best medium, when he sees radio stations themselves confirming that opinion?

I haven't noticed newspapers pouring any of their lush proceeds into the pockets of radio stations. There would be ample justification for them to do so since radio is a better mass medium. But they have a good mass medium of their own, and they have sufficient logic, plus strength of conviction, to patronize their own medium to the virtual exclusion of radio . . .

Ernest N. Thwaites,
Pres. & Gen. Mgr.
KFUN Las Vegas, N. M.
KRTN Raton, N. M.

Government Gripe

EDITOR:

Just got the word that a fee of $325 has been proposed for filing with FCC.

I presume the radio industry will take it lying down.

Wonder how loud the squawk would be if the Post Office Department decided to withdraw newspapers' free mailing privilege?

Is KBUD now expected to continue donating free time to about six different government agencies, and pay for the privilege, while our local newspaper gets free government service—and gets paid for recruiting and other ads?

And when does the government start a schedule of fees for police protection, fire protection, etc.

J. B. McNutt Jr., Gen. Mgr.
KBUD Athens, Tex.

[EDITOR'S NOTE: Newspapers do not get free mailing but the next thing to it. In their home counties their second class mail privilege costs one cent per pound for mail distribution.]
KVTV, SIOUX CITY, IOWA REPORTS ON G-E 5 KW HIGH CHANNEL TRANSMITTER:

"We at KVTV knew that when we ordered our General Electric television transmitter and antenna, that we could expect good performance, but I am pleased to tell you that the efficient functioning of this equipment, together with the clarity and stability of our picture on even the very fringes of our area, have vastly exceeded our expectations. Many people who have been observing television for years in other parts of the country have visited us and have consistently remarked on the excellent performance of our G-E equipment. Your technicians were most courteous and cooperative and eager to be of every assistance. We are tremendously proud of our General Electric television installations, as, I am sure, you must be also. We are indeed a satisfied customer."

Robert R. Tincher
Vice President & General Manager
Cowles Broadcasting Company

Reliability Power
...keeps you on the air
...puts a strong signal in all your market area receivers

When you go on the air with a G-E television transmitter...top-notch General Electric engineering know-how has provided extreme signal clarity and maximum area impact! G-E offers broadcasters a complete line of proved-in-operation equipment...a single source of responsibility for supplying all your broadcast needs. Recognize the quality of G-E equipment performance...take advantage of G-E responsibility today!

DESIGN FEATURES OF A G-E 5 KW HIGH CHANNEL TRANSMITTER:
✓ Completely Air-Cooled.
✓ Add High Power Amplifiers...designed for simplified power expansion when you want it.
✓ Increased Accessibility.
✓ Low Power Consumption.
✓ Extended Tube Life...conservative operation below maximum rated output.
✓ Lowest Possible Installation Expense...coded cable harness included.
✓ Supervisory Lights.

Complete Television Equipment for VHF and UHF

GENERAL ELECTRIC
In Houston, the South's FIRST market, KPRC continues conclusively FIRST. For 28 years, KPRC has shown top results because of leadership in popular live local programs...top local news coverage...audience rating...cost per thousand...coverage...network affiliation.

Behind these facts stand a sound organization of top personnel, hustling audience promotion and merchandising, plus public acceptance and prestige built up throughout the years.

FIRST by FIRST, and all combined, KPRC is the best buy in the Gulf Coast area.

**our respects**

**to VERNON MULLEN JR.**

RADIO-TV broadcasters who deal with Miller Brewing Co. hold high regard for Vernon Mullen Jr., one of the youngest advertising executives with a major brewery today.

This in itself is a personal tribute to Mr. Mullen, advertising director of Miller. It also is indicative of the type of approach that has characterized the company's relationships with the broadcast media on which it has banked heavily in recent years.

Miller's phenomenal rise in the brewing industry and emergence as an annual $2.5 million radio-tv account closely parallels Vern Mullen's own increasing stature since he joined the brewery on March 15, 1950. And while Mr. Mullen has never worked specifically in radio or television, he now is an acknowledged member of the broadcasting fraternity.

Miller has been an ardent user of both media, particularly special events programs, and probably has done as much as any brewery to bring quality and prestige to beer advertising.

Mr. Mullen thinks of radio-tv this way: "We've never gone overboard for an unbalanced advertising program among media, but we have always siphoned more into radio and tv as part of a balanced program as our overall budget increased," he says.

In point of fact, Miller allows about a third of its $7 million-plus budget for broadcast media.

Mr. Mullen is the man behind the placement of a host of special programs which Miller has sponsored the past four years since he assumed the duties of advertising director. The most recent: Miller's commitment for the dramatic works of Robert Sherwood on NBC-TV, radio-tv rights to the Chicago Tribune's All-Star pro-college football game and Golden Gloves fights and regional network radio rights to all 1954 Milwaukee Braves ball games.

Some of the other broadcast buys that keep Mr. Mullen busy are these special events and programs which Miller bought up the past four years: March of Time on tv; Lawrence Welk on radio; Crusade in the Pacific; pro football championship and playoff contests on both radio and tv; First Nighter on radio; Green Bay Packers football and Milwaukee Brewers baseball; college and pro basketball schedules in Wisconsin.

Vern Mullen is a native of Aberdeen, S. D., where he was born Jan. 16, 1918. He came from an advertising family: His mother was in public relations and Vernon's father was advertising manager of the Aberdeen News. They moved to Waukesha, Wis., where young Vernon attended high school and was graduated cum laude from Carroll College in 1939. He was yearbook and newspaper editor at Carroll.

Even before his graduation he sold advertising and printing, spending 18 months at the Fowle Printing Co. He majored in history.

Mr. Mullen joined the J. C. Penney Co. in 1940 as director of advertising for its Milwaukee stores. In 1942 he joined the Army Air Force (394th Bomb Group), serving overseas for 26 months in England, France, Germany and Holland. He was awarded the Bronze Star Medal.

Upon his return from service, Vern Mullen decided some advertising refresher courses were in order. He accepted a position at National Enameling & Stamping Co. (now Nesco Inc.) as assistant advertising manager. He moved up to advertising manager eight months later, at the age of 28, remaining until March 1950.

Miller had used some local programs and spots before 1949 when it began a program of expansion that took it out of the classification of the small regional brewery. It sought a young man who had had some grounding in a highly competitive field and gave Mr. Mullen the job. At 32 he was probably the youngest advertising executive of any major U.S. brewing firm.

As in the case of its commercials and other advertising appeals, Fred Miller, the brewery's dynamic president, showed good taste. Under Mr. Mullen's advertising know-how, Miller zoomed from 11th to 3th in point of sales reported in barrels. (Its sales volume rose over 278% from 1947 to 1952 alone.)

Mr. Mullen's views are expressed in a basic operating theory at Miller's: The best broadcast buys are special events, which lend themselves to merchandising enthusiast at the dealer level. (Miller doesn't want to commit itself to 39-week contracts for network tv at the present, although "radio is different," Mr. Mullen explains.)

Under Mr. Mullen's able hand, Miller carries its concept for good taste right down to the program itself, exercising the right to review dramatic scripts and commercials alike in the pursuit of quality.

Mr. Mullen is a vice president of the Milwaukee Advertising Club, and is serving his fifth year on its board of directors. He also has been active in local Red Cross and Community Chest campaigns and other civic affairs.

Mr. Mullen married the former Geraldine Corman, one-time home economics director for the Deepfreeze Corp., in April 1948. They have one son, Terrence Michael, 3.

The family lives in Wauwatosa, a Milwaukee suburb. His hobbies are hunting, fishing and golfing. And, of course, Mr. Mullen follows the Braves with a fan's as well as a professional's interest.
Smallest, finest Studio Sync Generator ever built!

RCA Type TG-2A

Completely new throughout—and incorporating a revolutionary new multivibrator circuit—Type TG-2A is, we believe, the ultimate in synchronizing generators. It combines all synchronizing functions into a single chassis (includes a Genlock, a Dot Generator, a grating generator, and a regulated power supply). It takes only 21 inches of rack space (one-third that required by other sync generators)—is so compact you can easily install two of these units (one a stand-by) and an RCA changeover Switch MI-26289 in a single rack. It uses fewer tubes than other sync generators (38 miniatures, 2 rectifiers). And, of course, the TG-2A can be operated in conjunction with a Color Frequency Standard.

RCA Type TG-2A's are now available for all TV stations—VHF and UHF. For technical details and delivery information, talk to your RCA Broadcast Sales Representative.

Only RCA's TG-2A has these features

- In a single standard chassis it includes:
  - a synchronizing generator,
  - Genlock, dot generator,
  - grating generator,
  - regulated power supply
- Entire unit takes only 21 inches of rack space
- Only 4 operating controls
- Adjustable pulse output voltages
- Pulse outputs have sending end-terminations
- Adjustable "front porch" width
- Operates with Color Frequency Standard

- Can be remotely-switched to Genlock operation
- Provides Dot Convergence Pattern
- Fewest tubes of any sync generator (38 miniatures, 2 rectifiers)
- Test jacks for circuit checking
- Pulse widths and delays STABILIZED against tube aging
- Choice of 5 ways to control basic frequencies
- Characteristics more than meet FCC and RETMA standards
Telenews Wins TV Poll Again!

Telenews news films—for the second year in a row — have been voted television’s best in The Billboard’s Annual TV Film Service Awards.

International News Service — exclusive distributors of Telenews news films since 1948 — is proud that these products again have been honored with first place in this industry-wide poll for the “best over-all job of film quality” among the TV news film services.

Long the pacesetters in the TV news field, the famous Telenews news film services are now being produced by Hearst Metrotone News Inc., which is pouring into this operation its unparalleled global film procurement and production facilities.

The Telenews label — recognized and honored throughout the television industry for the finest and most dependable quality of news film — also is your guarantee of world-wide coverage that is without peer for scope, speed, and volume.

THE FAMOUS Telenews News Film Services

TELENEWS DAILY
Superb daily news-reel coverage of world events. Furnished Monday thru Friday in multiple shipments from New York and Washington.

THIS WEEK IN SPORTS
An action-packed, 15-minute program of current sports news on film . . . completely voiced and scored. Shipped each Tuesday.

TELENEWS WEEKLY
Comprehensive, 15-minute program of world news highlights on film . . . completely voiced and scored. Shipped each Friday.

SECRET STORM
Network: CBS-TV
Time: Mon.-Fri. 4:15-4:30 p.m. EST
Sponsor: (Mon.-Wed.) Pharmacal Corp., Whitehall-Bristol Co., and Boyle-Midway Inc., divisions.
*Note: Narration is by Geyer, Ady, and a a member of the team.
Cast: Haila Stoddard, Peter Hobbs, Jean
Newman, Dick Trask, Russell Hicks, Mar-
jorie Gateson.
Program Supervisor: Kay Wimser
Producer: Richard Dunn
Director: Gloria Monty

HAILA STODDARD
Involved in a new TV storm
for a change of pace, the married sister be-comes seriously injured in an automobile acci-
dent.

Though it is difficult to evaluate the contents of a "soap opera" unless one is a constant view-
er, it struck this reviewer that devotees of such
television fare will find in Secret Storm suffi-
cient amount of the proper ingredients of ro-
mance, suspense, intrigue, and tragedy. CBS-
TV has provided an excellent cast, headed by
Haila Stoddard, Peter Hobbs and Russell Hicks, to project the ups and downs in what might be
termed "affairs of the family."

K-2, THE SAVAGE MOUNTAIN
Network: NBC-TV
Time: Sunday (1/31/54) 2:30-3:30 p.m. EST
Associate Producer: Robert D. Graf
Script Writer: Richard Hauser
Film Editor: Robert Loweree
Narrators: John, Charles D. Houston and
Robert H. Bates

LAST June, an eight-man climbing team set out to conquer the world's highest mountain peak located in Northeastern Pak-
tistan. Six of them were Americans. Added to the quantity of supplies which climbers must take with them on a lengthy expedition were several pieces of equipment that had never before been included on a mountainer's supply list—cameras, film and tape recorders which had been furnished by NBC. The futuristic planning by the network paid off nicely last week in terms of a gripping, worthwhile tele-
cast.

On Jan. 31 viewers got a look at the science and intricacy of mountain climbing in a special
NBC-TV one-hour program titled K-2, The
Savage Mountain. The utter realism of the film and tape recordings of the attempted ascent of K-2, a still unconfirmed peak sur-
passed in height only by Mt. Everest, supple-
mented by authentic commentary and narration proved stimulating viewing fare. The telecast
completely justified NBC's interest in the climb-
ning party which came within 2,700 feet of the
top of K-2 before members turned back in a
full attempt to save the life of one of the
men who had become seriously ill.

In addition to films of the actual climb, NBC used some introductory shots of members of the climbing team taken in their respective
home towns. These segments were handled by
a professional narrator. But when the expedi-
tion got underway, two members of the team
filled in with commentary giving the program a more authentic note. The vocal variety
achieved by using different members of the
team to narrate the program eliminated the
possibility of monotony which could have re-
sulted if only one member had handled all
narration.

The party managed to deliver some excellent
shots in spite of the hazards of their ascent.
Parts of their story when going was too
rough to allow time for any camera work were
filled in with tape recordings which gave an
account of incidents which they were unable
to film.

To update films of the climb, NBC took
some current pictures of the climbers when
each was asked to give his own impressions of
the attempted ascent. Without exception they
all want to try it again—perhaps next year.
It's a safe bet that NBC will make that trip, too.

BOOKS
THE SHOCKING HISTORY OF ADVERTIS-
ING, by E. S. Turner, E. P. Dutton & Co.,
300 Fourth Ave., New York. 351 pp. $4.50.
THIS volume might better have been named
"The History of Shocking Advertising" for the
author devotes 100 words to the excesses and
abuses of advertising to one word for its good
points. Despite, or perhaps because of its bias,
this chronicle of advertising from the 17th
Century to the present should interest anyone
concerned with advertising, even if at times it
annoys him more.

HOW TO LIE WITH STATISTICS, by Darrell
Huff, with pictures by Irving Geis. W. W.
142 pp. $2.95.
FOR those who must at times deal with statis-
tics—ratings, cost-per-thousand, audience com-
position and the numerous other data of broad-
casting and advertising—this little book is
required reading. It would have been more help-
f ul to the statistical novice if the author had
defined such esoteric terms of the statistical
trade as "extrapolation," to say nothing of the
more common "mean," "median" and "mode,"
but even so, the information is well worth a
few trips to the dictionary. For the professional
fact-and-figure boys, the volume offers enough
horrible examples of misused data to perhaps
make them stop and think the next time. The
illustrations gaily but effectively drive home
the author's arguments.
Busy Market...

If you want a picture of the business going on in the front of the store, glance at the cartons out back. By and large, they'll be these, the brands you’ve heard about most. They’re all on CBS Radio! And they’ve been there, on the average, eight years... where America listens most:

THE CBS RADIO NETWORK
George Polk, 25, timebuyer for BBDO, New York, already has been marked as one of the leaders of the rising generation of media men.

"The boy's brilliant and he's eager," one of his older colleagues volunteered. "There'll be no stopping him if he keeps up his present pace."

"He dominates the statistics he works with," said another. "He digests them at a glance and he knows what they mean. What he doesn't know, he darn well learns—and fast. He's not just interested in his work—he's enthusiastic!"

Youthful-looking George Polk was more modest and direct in assaying the reasons for his swift advance and striking promise:

"I like it; one can always work harder at something he truly enjoys."

Indeed his record is impressive. Three years ago he was a messenger boy at BBDO; today he is an important member of the agency's huge media department.

Not only does he look after the radio-tv time purchases for several of BBDO's clients with large broadcast media budgets, among them Lever Brothers and General Mills, but he also works intimately with the overall broadcast plans for agency accounts.

Moreover, he is a member of the four-man committee at the agency which screens syndicated films for clients. The recommendations of this group influence significantly the plans and actions of its advertisers.

It is Mr. Polk's further and somewhat self-imposed function to attempt to keep good availabilities within the shop. If, in his time-buying capacity he learns of an imminent and exceptional opening on a station, he directs the availability to all timebuyers in the agency who conceivably could avail themselves of the time spot for their particular accounts.

A native New Yorker and a bachelor, Mr. Polk was educated at Erskine College, S. C., where he majored in history. In June 1950 he received his B.A. degree. While attending school he had his first brush with advertising, selling time for WANS Anderson, S. C. Upon graduation he returned to New York, and three months later joined BBDO in his fateful capacity as messenger.

His hobby is photography.
WIN A TRIP TO
Sun Valley
IDAHO

Send No Box Tops From Our Products

NO contest this for coupon clipppers... contest clubs... and jingle rhymers! Boxes keep their tops. Labels stay on their cans.

Housewives, ice men, store clerks needn't bother to enter. This is a contest for the trade only—the television, radio, agency people, time buyers, and advertising personnel who know a great slogan when they write one.

Omaha's most-viewed television station—KMTV—wants to trade a week's vacation for 2 at Sun Valley for a 4-word slogan that pithily expresses its tremendous selling power in the rich Nebraska-Iowa market.

No "25 words or less..." mind you. Or a testimonial as to why you like KMTV's popularity-packed local, CBS, ABC, and DuMont programs; its more dependable signal; or its 230,000-set market. Just 4 short, punchy words.

To recuperate from the creative ordeal, the winner has a free week for 2 of skiing, fishing, horseback riding, and horseback riding, et cetera, at Sun Valley. And if that doesn't appeal to you, try for one of these other rejuvenating prizes.

**GRAND PRIZE**—a week for 2 at Sun Valley

2nd prize—a case of imported champagne
3rd prize—a case of imported scotch
4th prize—a case of bonded whiskey

**HERE'S ALL YOU DO**

Write a slogan of 4 words, each word to start with one of the station's call letters—K-M-T-V, in any order. Send your slogan on company letterhead to Television Center KMTV, Dept. 3, Omaha, Nebraska.

All entries become the property of KMTV. The decision of judges shall be final. In case of ties, earliest postmark and originality of presentation will determine the winner. Contest closes March 15, 1954.

**TELEVISION CENTER KMTV**

**CHANNEL 3**
MAY BROADCASTING CO.
The pleasures of the table are never more satisfying than when selection of the fare is made under the guidance of a skillful maitre d’hotel. Under these circumstances you are served a repast chosen and prepared according to your specific desires.

A parallel exists in national sales representation. Because the needs of stations vary so widely, ready-made sales activity designed for average conditions can never achieve the greatest sales potential. The nature and amount of activity must be determined by the individual requirements of each station.

Twenty-one years of experience has developed in the Raymer Company a policy of Personalized Representation based on just these principles. Carefully administrated time and effort first go into the analysis of the specific advantages and special features of each station. These are then presented in the manner most convincing to the individual buyer, to the individual national advertising account.

The proper share of business for each Raymer station reflects the accomplishments of this kind of representation à la carte.
Another Reason Why WPTF is North Carolina's Number One Salesman

Front Man . . . . . Clyde (Pineapple) Mitchell

North Carolina's Number 1 Salesman

Here's the man who puts WPTF-advertised products OUT FRONT in the retail stores in the prosperous Raleigh-Durham area. He's Clyde (Pineapple) Mitchell, contact man in the WPTF Merchandising Plan. He's a college man with prior merchandising experience with General Foods and Philip Morris. If you sell grocery or drug products, let Pineapple help get your brand OUT FRONT in North Carolina. For details on the WPTF Plan (or how Pineapple got his nickname), contact Free and Peters or WPTF.

- North Carolina rates more firsts in recognized market surveys than any other Southern state. More North Carolinians listen to WPTF than to any other station.
BASEBALL RADIO-TV-TELEVISION AGREEMENT FOR NEW RECORDS IN SALES

Ball parks are still frozen and deserted, but front-office negotiations with advertisers, their agencies and stations are at white-hot pitch as contracts are being signed, sealed and delivered for an upcoming season of record broadcast coverage.

Radio and television coverage of baseball, a $35 million package last year, will reach a new all-time record in 1955.

With the season opener still two months away, present negotiations by sponsors point to much radio coverage this year. Television, too, will increase but the picture is not yet definite at this point.

Last year, 1,200 radio stations carried play-by-play baseball, flanked by pre-game and post-game Gamenet that netted important income to broadcasters.

Only a score of tv stations carried baseball last year. Firm contracts already signed don't justify predictions but it's obvious there won't be any decline in video coverage. On the other hand there may be more major league coverage if Pittsburgh, for example, drops its television ban—on home games, at least. With 150 or more new tv stations on the air since last summer, there's a good chance some of the minors will get into sponsored tv.

Radio-TV Sales Offset Losses

While baseball operators aren't willing to admit it, they are counting on radio-tv income to offset known losses in attendance and to build new fans. They blame their losses on radio and tv but professional baseball has been hit hard by such competing recreations as horse and harness racing, more extended vacation travel, motoring and amateur sports.

Most of the old-line baseball sponsors will be in there pitching when the season opens in mid-April, and some of them will soon be sending tapes and tv reels from the training camps.

The list of sponsors includes such familiar baseball names as Atlantic Refining and Sinclair, in the petroleum field; Miller, Valley Forge, Ballantine, Narragansett, National and Budweiser beer; Chesterfield, White Owl and Lucky Strike tobacco sponsors; Ford and Buick dealers, Coca-Cola and Colgate.

Two areas will show spectacular increases in baseball coverage this year—St. Louis and Milwaukee. The Anheuser-Busch radio schedule for the company's St. Louis Cardinals team will include more than 100 stations plus an important lineup for farm teams. The impressive showing of the Braves in its first year at Milwaukee aroused keen interest in the team far into the reaches of Wisconsin and neighboring states. Miller's beer is setting up a bigger regional hookup, with a score of training camp games included.

These areas alone involve big money for rights and facilities. Then there are the usual regional networks for the Boston, Philadelphia and Pittsburgh teams, with Atlantic Refining and a group of co-sponsors feeding the games to millions. Atlantic also will co-sponsor Yankee games on the New York team's special network.

Mutual is planning its annual Game-of-the-Day pickups for nationwide coverage but plans haven't been announced. President Thomas F. O'Neill told MBS affiliates at their Biloxi, Miss., meeting in January the network would have baseball again but he couldn't yet reveal details. Regional sponsorship is planned.

With contract negotiations still running, major and minor league magnates are sound-

AGREEMENT for broadcasts of Cleveland Indians 1954 games on WVBO Columbus is concluded by (l to r) Bert Charles, WVBO general manager; Jim Amento, vice-president-general manager, August Wagner Brewing Co. (Gombrinus beer); sponsor for fourth year; and Sandy Hallock, account executive, Byer & Bowman Adv. Agency.

A good deal higher.

A new phase of 1954 coverage will be the switch of the St. Louis Browns team to Baltimore where it becomes the Orioles. WMAR-TV and WAAM (TV) will share 30 home and 30 away games. National Beer will sponsor the complete schedule on WCBM. Possibility of a regional tv hookup along with a big radio network is developing. Kenyon & Eckhardt is National's agency.

National also will sponsor half of the Senators' games on WWDC Washington and an enlarged video schedule on WTTG (TV) that city, plus a WWDF-fed radio hookup.

It is estimated a total of about $2.5 million dollars will go into sponsorship of radio and television coverage of the Philadelphia Athletics, Boston Red Sox, Philadelphia Phillies and Pittsburgh Pirates.

Atlantic Refining Co., Philadelphia, through N. W. Ayer & Son, Philadelphia and New York, expects to spend more in its sponsorship of the above four clubs than ever before, a spokesman told B&T. Negotiations with specific stations are still underway.

Phils, Athletics Co-Sponsored

Atlantic will co-sponsor the Phillies and Athletics on radio and television in the Pennsylvania and New Jersey area along with Liggett & Myers and Adam Scheidt Brewing Co. Atlantic, Liggett & Myers and Narragansett Brewing Co. will co-sponsor the Red Sox on a New England radio network of 40 stations and probably on WNAC-TV and WBZ-TV Boston as well as WHDH (radio) Boston.

With a co-sponsor not yet signed, Atlantic will underwrite the Pittsburgh Pirates in Western Pennsylvania in both television and radio. Atlantic and Ballantine beer will sponsor New York Yankee games on radio only in New York State on the "Home of Champions Network," without an outlet in New York City.

During the training period, Atlantic and its co-sponsors will underwrite a schedule of 20 Red Sox, Athletics and Phillies games on radio alone, plus a smaller schedule of games of the Pirates. Cunningham & Walsh, New York, is the agency for Liggett & Myers and Narragansett Brewing.

Liggett & Myers 1954 schedule of sponsorship of baseball games will be similar to that of last year with the dropping of a San Francisco game a week on tv and the dropping of the Chicago Cubs on radio only. In Los Angeles, Chesterfields (Liggett & Myers) along with East Side beer (Warwick & Legler) and Ford dealers (J. Walter Thompson Co.) will co-sponsor the Los Angeles Angels and Hollywood Stars on KHTV-TV for 23 weeks.

Chesterfield and Hamms Beer will sponsor...
Record Baseball Coverage Looms

For the seventh consecutive year Chesterfield will sponsor the New York Giants games on WPIX (TV) New York City, through Sherman & Marquette, New York, has bought half of the WPIX Frankie Frisch Show preceding all home games of the Giants. Chesterfield is still in negotiation in Philadelphia.

Ballantine & Sons, Newark, through J. Walter Thompson Co., New York, will sponsor on WPIX (TV) all the New York Yankee games, except that the third and seventh innings of each game will be sponsored by White Owl cigars, through Young & Rubicam. Ballantine also co-sponsors with Atlantic Refining the radio coverage of the Yankees. Bal- lantine will handle the sponsorship.

Schaefter beer and American Tobacco Co. (Lucky Strikes) will sponsor the Brooklyn Dodgers on WMSG and WORT-TV New York. WMCA will carry Giants games under Chesterfield sponsorship.

Initial radio venture by Bridgford Packing Co., Anaheim, Calif., is discussed by (1 to r) John Limbeck, vice pres., Verkamp Withdraw Oil Co.; A. H. Withdraw, pres. of firm; E. R. Strauchen, Strau- chen & McKinn Adv.; Hubbard Hood, WKRC.

Fifty-two weeks sponsorship of daily quar- ter-hour Dave and Barbara on WKRC Cincin- nati is arranged by (1 to r) John Limbeck, vice pres., Verkamp Withdraw Oil Co.; A. H. Withdraw, pres. of firm; E. R. Strauchen, Strau- chen & McKinn Adv.; Hubbard Hood, WKRC.

Chicago Cubs and White Sox games on WGN- TV there.

The arrangement envisions Braves coverage throughout Wisconsin, some of upper Michigan, and parts of Northeast Minnesota and North- east Iowa. For the first time, the Braves will broadcast from Appleton, Eau Claire, Green Bay, and Wisconsin Rapids, all Wisconsin, an area pre- viously denied them until the foldup of the Class D Wisconsin State League.

Local Clubs Protected

In no instance, it was explained, will the games be piped to a station at the same time the minor league club in that city is playing. Four or five fm outlets are included in the plan, thought by the network to be appropri- ate late last week pending confirmation from other stations on network commitments.

Miller plans a heavy promotion and merchandising campaign in connection with the broadcasts, with Earl Gillespie handling play-by-play and Blaine Walsh color and commercials. No Braves contests will be televised.

Plans for regional broadcasts by Anheuser- Busch (Budweiser) of all St. Louis Cardinal home and away games over some 120 stations, as well as for minor league broadcasts in weight Cardinal franchise cities and 77 Cardinal road clashes on tv in St. Louis, already have been set [BST, Jan. 25] and last week stirred protests from some minor league executives (see story below). The beer firm plans a $2 million radio-tv slate. Three St. Louis video outlets have made presentations and the station is ex- pected to be announced this week [CLOSED CIR- CUIT, Feb. 1].

White Sox, Cubs Radio Sponsors

In Chicago four advertisers—Sinclair Refin- ing Co. (Morey, Humm & Johnstone), General Cigar Co. (Young & Rubicam), General Foods Co. (Gordon Cigar Co.) and D'Arcy Adv. Co.—will sponsor radio broad- casts of all White Sox games on WGN and Cubs on WIND. Games also will be beamed to regional midwest networks involving lineups of stations not yet revealed in either number of stations or identity. Liggett & Myers for Chesterfields (Cunningham & Walsh) and Hamm Brewing Co. (Campbell-Mithun) will co-sponsor 77 Cubs home games and all daytime White Sox home contests on WGN-TV Chicago.

Two Minor Leagues Protest Cards' Plan

Plans by Anheuser-Busch (Budweiser beer) to broadcast all Cardinals baseball games over some 120 stations have evoked protests from two minor leagues and aroused concern among others.

The opposition was raised after George Traut- man, head of the minor leagues, met with major league executives and Baseball Commissioner Ford Frick in New York Jan. 30.

The protests were made by the Three Eye League, headed by Harold Totten, former sports announcer, station manager and radio farm service director, and the Western League, with George Barr, former National League umpire, as president.

Mr. Trautman warned that unless the major league baseball clubs curb their radio broad- casts and telecasts in major league territories, baseball will continue "to suffer at an alarming rate."

Mr. Totten charged the Budweiser-owned Cards would "monopolize broadcasting facili- ties" and compete directly with teams in seven of the Three Eye League's eight cities. The Cards revealed the plan more than a fortnight ago [BST, Jan. 25].

It was understood the minors have obtained a receptive ear from the major leagues on this subject, and it was held plausible Commissioner Frick might take action in view of the abolition of baseball's old rule 1-D, which protected teams under the 50-mile provision.

An executive familiar with the Cards' plan said the charges were based on misinformation and denied any stations were prevented from airing local minor contests. He also denied that sponsor rights for Budweiser involved any $25,000 bid for the total radio market of the League city, claiming the highest price paid was $15,000.

Mr. Trautman said baseball lost 26 million in attendance over the past five years. He said he did not attribute the loss entirely to radio and tv, but they are "strong contributing fac- tors."

Mr. Frick said later that major league owners had not discussed the situation with Mr. Trautman but merely had listened to his ob- servations. He thought the major league owners would discuss the matter at their meetings.

White Sox, Cubs Radio Sponsors

In Chicago four advertisers—Sinclair Refin- ing Co. (Morey, Humm & Johnstone), General Cigar Co. (Young & Rubicam), General Foods Co. (Gordon Cigar Co.) and D'Arcy Adv. Co.—will sponsor radio broad- casts of all White Sox games on WGN and Cubs on WIND. Games also will be beamed to regional midwest networks involving lineups of stations not yet revealed in either number of stations or identity. Liggett & Myers for Chesterfields (Cunningham & Walsh) and Hamm Brewing Co. (Campbell-Mithun) will co-sponsor 77 Cubs home games and all daytime White Sox home contests on WGN-TV Chicago.

Two Minor Leagues Protest Cards' Plan

Plans by Anheuser-Busch (Budweiser beer) to broadcast all Cardinals baseball games over some 120 stations have evoked protests from two minor leagues and aroused concern among others.

The opposition was raised after George Traut- man, head of the minor leagues, met with major league executives and Baseball Commissioner Ford Frick in New York Jan. 30.

The protests were made by the Three Eye League, headed by Harold Totten, former sports announcer, station manager and radio farm service director, and the Western League, with George Barr, former National League umpire, as president.

Mr. Trautman warned that unless the major league baseball clubs curb their radio broad- casts and telecasts in major league territories, baseball will continue "to suffer at an alarming rate."

Mr. Totten charged the Budweiser-owned Cards would "monopolize broadcasting facili- ties" and compete directly with teams in seven of the Three Eye League's eight cities. The Cards revealed the plan more than a fortnight ago [BST, Jan. 25].

It was understood the minors have obtained a receptive ear from the major leagues on this subject, and it was held plausible Commissioner Frick might take action in view of the abolition of baseball's old rule 1-D, which protected teams under the 50-mile provision.

MORE P.I. OFFERS FLOOD STATIONS

Eloquent pitches extol great benefits for broadcasters willing to sabotage their rate cards in behalf of such commodities as mineral water and bathroom gadgets.

TWO ways of meeting a recession, or depression, have been offered to the nation's top business executives, laid plans for a vast campaign to sell America to America.

1—The Advertising Council, staffed by the nation's top business executives, laid plans for a vast campaign to sell America to America.

2—Ad Fried Advertising Agency, 318 15th St., Oakland 12, Calif. (Higbe 4-6580), suggested it had a depression cure for radio stations—a per inquiry deal on behalf of Rocky Mountain Hot Springs Home Mineral Baths.

Phyllis Rose, writing stations under the Ad Fried letterhead, offered this hard-times remedy on behalf of Rocky Mountain Hot Springs Home Mineral Baths.

"Businessmen experts predict that in 1954 competition will be greater than ever and an economic squeeze will affect all radio stations, so now is the time to consider new channels for revenue production. Reduced to its essentials, the letter explains that Rocky Mountain Hot Springs Home Mineral Baths is "prepared to spend up to $1,000 per week with your station, but we must first prove to ourselves the results that will justify the expenditure. When it clicks on the test you can schedule it as often as possible, after obtaining our approval."

Obviously anxious to show that Rocky Mountain Hot Springs Home Mineral Baths can cure what ails radio stations as well as human carcasses, Miss Rose continues:

"Many stations make half their dollar volume in inquiry revenue. Isn't it time that more radio stations get a greater share of this mail order advertising? It is one of the fastest, surest ways of determining the size of your audience and proving to advertisers that more stations' effectiveness. Also you are able to test program formats and collect other useful data about your listeners while making additional revenue."

Three-Month Supply

A three-month supply of Rocky Mountain Hot Springs Home Mineral Baths is nationally advertised (media not specified in letter) for 14.95, with the station paying $2 (minus 15%) on an unlimited p. i. basis, or according to rate card (based upon orders, received at $2.00 each). You may control orders, or we will for our client (Thermae Products Inc.). Regardless, you will receive $2.00 for each order, less 15% agency commission."

P. I. has even reached the bathroom.

Radio stations are offered the opportunity of helping their clients save as much as 500 gallons of water per month in the operation of their water closets, according to Scardy Adv. Agency, 401 Central Bldg., Portland, Ore.

This cozy saving is effected by use of Half-Flush Toilet Control, which can be offered by radio for only 2.95. Stations are invited to suggest terms for the mail-order project.

Half-Flush Toilet Control has been advertised in national magazines, the agency continues, but there is no suggestion that the magazine contracts were on a per inquiry basis.

Another proposition has been submitted by Dr. Louis W. Palm (retired), Rl. 3, Hickman Hills, Mo., who sells a "program of instruction" titled "What to Do When You Have Cataract." Noting that cataract is "an eye disease affecting 15% of the total population," Dr. Palm's post card proposition states, "You keep $4 of each $10 sale and remit the balance to me when you send me the daily list of customers. Return this card to me and I'll send you the script for the one-minute program."

Other money-making projects were submitted to stations last week. Dale Smith, commercial manager of WMFS Chattanooga, Tenn., and operating the Des Agency, submitted a p. i. deal in a letter stating, "Dear Radio Stations, if you are a money maker from the word go!" is a book titled I Shall Not Want, based on the Bible. "Naturally, this offer has been checked with FCC regulations and approved by the Post Office Dept.," Mr. Smith carefully explains.

'Short' Commercials

Next he refers to a campaign in national magazines, which traditionally spurn p. i. advertising. "The book has been advertised quite successfully through leading magazines and is just now open to radio," Mr. Smith continues. He recommends two or three back-to-back announcements for repetition, describing the submitted continuities as "rather short for a p. i." Continuities average over 300 words each, judging by the specimens.

The station gets a 50-50 split, it is suggested in the following language, "The actual cost of the book is better than $1. We sell for $2, plus C.O.D. We offer to split the profit 50-50, or 50/50 per order, no strings attached."

Lane Forms Own Agency;
Former WLWA (TV) President

WILLIAM T. LANE, who resigned last year as president and general manager of WLWA (TV) Atlanta [B.T., March 9, 1953], has announced the organization of the William T. Lane Co., advertising and public relations firm, in Syrinx. Address of the firm is 700 Wilson Bldg., with telephone, 2-9273.

Mr. Lane was president and general manager of the Atlanta station, at that time WLTV (TV), when it was purchased by Crossley Broadcasting Corp., and agreed to stay at the station until the transfer was completed and new management installed.

Masland's 'Moore' Tie-Ins

C. H. MASLAND & Sons, New York, effective March 8 will tie-in its commercials on the Garry Moore Show on CBS-TV with a local daily newspaper campaign in 54 cities.

In the cities carrying the program 200-line ads in evening papers will be listing the names of the dealers who handle Masland products in the area. Mr. Moore will wind up each telecast with, "If you want to know where to buy this beautiful Masland rug, look for my plug in the evening edition of your city newspaper." Then the local station carrying the show will cut in slides to show the names of dealers who carry the Masland lines.

Agency is Anderson & Calins, New York.

CONTRACT for more than $500,000 is signed by (seated) Ernest Hodges, vice-president, Guild, Boxcom & Bonfigli, San Francisco, for Regal Amber Brewing Co. (Regal Pale Beer) to assume sponsorship of Harry Owens Show on full station Columbia Television Pacific Network for 52 weeks from Jan. 30, while approval is expressed by (l to r) James T. Aubrey Jr., CTPN general manager; Mr. Owens, who conducts the show; and Edmund C. Bunker, CTPN sales manager.

Ford Takes CBS' Murrow Newscasts on 121 Stations

FORD MOTOR Co. effective March 1 will sponsor Edward R. Murrow newscasts on 121 CBS Radio stations in the Central, Mountain and Pacific time zones on Mondays, Wednesdays and Fridays, while American Oil Co. continues to sponsor the program on 83 eastern CBS Radio stations. Thus, Mr. Murrow's radio show (Monday-Friday, 7:45-8 p.m.) will be sponsored on the full network (except for Tuesdays and Thursdays) for the first time recently.

Ford also would like to sponsor the Murrow show on Tuesdays and Thursday on the 83-station eastern lineup and accordingly would like Amoco, now underwriting that list of stations, to cut its five days to three days. But since Amoco has had in 1953 and 1954 with Mr. Murrow it appeared doubtful that the company would be willing to cut back on its sponsorship of the program. If Amoco does refuse to retrench, Ford plans to take on Bob Trout, 8:25-10:30 p.m., on those 83 stations, Wednesday, Thursdays and Fridays.

Plough Buys Nujol, Mistol

SALE of its Nujol and Mistol line of products to Plough Inc., Memphis drug manufacturer and owner of WMPs there as well as WJID Chicago, was announced last week by Eso Standard Oil Co., New York. The sale was said to include transfer of worldwide trade marks and good will, all inventories of finished goods and supplies and all equipment.

Nujol is a medicinal mineral oil, which has been produced and marketed by Eso Standard Oil and its affiliates since 1915. Mistol is a medicated nose drop introduced by the company in 1924. Line of medicinal products manufactured and marketed by Plough includes St. Joseph's aspirin and Mexsana skin powder, among others.
SCREEN GEMS EXPANSION PLANS FOR '54 TO INCLUDE $5 MILLION FOR VIDEO FILMS

Seven new series are outlined by Ralph Cohn, who says that firm will be top film producer by end of 1954.

EXPANSION plans for 1954 calling for the production by Screen Gems Television, subsidiary of Columbia Pictures Corp., of tv filmed series at a cost of almost $5 million were announced at a news conference in New York Thursday by Ralph M. Cohn, vice president and general manager of Screen Gems.

Mr. Cohn said the expansion move "will skyrocket Screen Gems Television to the number one position as producers of television film programs by the end of 1954." He said that during the year the company will produce three new tv films series, aside from its current production of the Ford Theatre, plus four other series planned for this year.

Currently in production, according to Mr. Cohn, are Ford Theatre, Father Knows Best, The Damon Runyon Theatre, and The Adventures of Rin Tin Tin. The four additional program series, which are being offered through General Artists Corp., Screen Gems' national sales representatives, and which, if sales interest develops as anticipated will be produced, are: Sister Veronika, starring Irene Dunne; What Makes a Champion, starring Johnny Nigh-thawk, starring Howard Duff.

Color Experiments

Mr. Cohn also said that first experiments in the use of color television film commercials were started last week by Screen Gems Television, with production crews filming commercials in Kodachrome, Eastman and Technicolor. He said that the film will be transmitted over a closed circuit so results may be observed under broadcasting conditions.

Mr. Cohn claimed his company is the only one in the U. S. which has, under one roof, complete facilities for activities spanning the entire tv film field, including production of programs and commercials and syndication and distribution of programs.

GAC will serve as sales representatives on program series to national advertisers only, Mr. Cohn said. Screen Gems' regular sales staff, under John H. Mitchell, vice president for sales, will place programs with regional and local advertisers.

DISCUSSING production details of the pilot film of the new Claudette Colbert Show, which was completed on Jan. 31, (left to right): Watson Webb, director of series; Stanley Wolf, president of Rockhill Productions, and Miss Colbert. Rockhill is producing the tv film series in Hollywood for release in September.

FILM SALES

Gault Films Co., N. Y., has sold Life With Elizabeth, tv film series, in four more markets, raising total number of markets for show to 65. Latest sales are to WICA (TV) Champaign, WAFB (TV) Baton Rouge, WTRV-ATV Norfolk and KFOR-TV Lincoln, Neb.

NBC Film Division announced last week that Inner Sanctum has been sold in 66 markets; Victory at Sea, 92; Badge 714, 132; Captured, 93 and The Visitor, 65.

FILM PRODUCTION

Sarra Inc., Chicago, has created and produced a series of commercials with theme, "Come see—come save at A&P," for the Great Atlantic & Pacific Tea Co., through Paris & Peart, N. Y. Company's line of products are included in 20- and 60-second commercials, which combine live action with cartoon sequences in open-end films.

American National Studios Inc., Hollywood, announced its initial production, a filmed tv
DAYTIME SERIAL PROJEC TED FOR 260 QUARTER-HOUR EPISODES. PRESIDENT BERNARD PROCTOR STATED SHOW, THE FAMILY NEXT Door, IS GEARED FOR LOCAL, REGIONAL SYNDICATION, WITH FIVE WEEKLY INSTALLMENTS TO COST SMALL ADVERTISER LESS THAN HALF THE COST FOR WEEKLY-HALF-HOUR FILMED PROGRAM. FILMING STARTS IN MARCH.

ALLEN A. PUNT PRODUCTIONS, N.Y., ANNOUNCED LAST WEEK PLANS FOR THE LAUNCHING OF A NEW HALF-HOUR TV FILMED SERIES, THE GREAT DAY. PRODUCTION ON THE SERIES WILL BEGIN IN MARCH, FEEDING IN ALL PARTS OF THE COUNTRY. THE PROGRAMS, ACCORDING TO ALLEN A. PUNT, PRESIDENT, WILL "FOCUS ON KEY MOMENTS OF LIVES OF PEOPLE, BIG AND SMALL, BY REGION, ACTUALLY HAS BEEN CONTACTED BY UNITED PRODUCTIONS OF AMERICA, BURBANK, CALIF., WHOSE STUDIO WAS ORIGINALLY OWNED BY THE UPAA. THE FILM WILL BE PRODUCED IN UPAA'S NEW YORK STUDIO TO BE COMPLETED SOME TIME IN JUNE.

FILM DISTRIBUTION

GEORGE BAGNALL & ASSOC., BEVERLY HILLS, HAS CONTRACTED TO DISTRIBUTE A NEW SERIES OF 26 HALF-HOUR FILMS, YOUTH OPPORTUNITIES, WHICH HORACE HELD WILL PUT INTO PRODUCTION THIS JUNE. AUDIENCE TRAILER HAS BEEN FILMED EXPLAINING THE FORMAT OF THE PROPOSED SERIES AND IS NOW AVAILABLE TO AGENCIES AND SPONSORS.

RANDOM SHOTS

SPORTSVISION INC., HOLLYWOOD TV SPORTS FILM COMPANY, SHIFTS HEADQUARTERS TO 234 SANSOUCI ST., S.F. FILM WILL CONTINUE HOLLYWOOD OFFICE AT 1161 N. HIGHLAND AVE. AS BRANCH OFFICE. FIRST NATIONAL STUDIOS INC. HAS CHANGED ITS NAME TO AMERICAN NATIONAL STUDIOS INC. FILM, WHICH RECENTLY PURCHASED EAGLE-LION STUDIOS, IS EXPECTED TO TAKE POSSESSION OF THE PLANT FEB. 21.

KLING STUDIOS INC. PURCHASED ESTIMATED $37,000 WORTH OF MOTION PICTURE STORY AND SETS FROM RKO STUDIOS. ANNOUNCEMENT WAS MADE FRI. BY LEE BLEVINS, HEAD OF KLING'S WEST COAST TV-MOTION PICTURE OPERATIONS.

ACRITY FILM RELEASED

A SIGNAL CORPS FILM, "ATROCITIES IN KOREA," BANNED FROM TV AT THE REQUEST OF THE STATE DEPT. LAST MONTH, WAS BEING SHOWN ON STATIONS BEGINNING LAST WEEK. THE FILM WAS BANNED BY STATE EARLY IN JANUARY REPORTEDLY BECAUSE ITS TV APPEARANCE WOULD HAVE COINCIDED WITH PRELIMINARIES LEADING TO THE BIG FOUR CONFERENCE OPENING IN BERLIN. SOME 261 STATIONS IN THE NATION ARE REPORTED TO BE SHOWING SHOWINGS OF THE FILM. IT IS PART OF THE BIG PICTURE SERIES DISTRIBUTED FOR TV BY THE SIGNAL CORPS IN DECEMBER AND JANUARY. TO THE ARMY, STATE HAD ASKED THE FILM BE HELD UP ONCE OR AFTER FEB. 1.

Broadcasting  Telecasting

Facts & Figures

NIELSEN PLANS LOCAL RATING REPORTS

New audience measurement system would provide data on three areas in each locality—using combination of Audimeter and Audilog readings. PLANS for adding local broadcast audience reports to the information discarded servicing data now offered by A. C. NIELSEN Co. WERE ANNOUNCED LAST WEEK BY ARTHUR C. NIELSEN, PRESIDENT, AT A LUNCHEON MEETING OF THE BUYERS AND SELLERS OF BROADCAST TIME IN NEW YORK. SIMILAR MEETINGS WILL BE HELD IN OTHER CITIES, IT WAS SAID.

NIELSEN RADIO-TELEVISION AREA SERVICES, OR "NRT" SERVICES, AS THEY WILL BE KNOWN, WILL PROVIDE AUDIENCE DATA FOR THREE AREAS IN EACH LOCALITY: THE "NRT" AREA, ABOUT A 30-MILE RADIUS INCLUDING ALL TV VIEWING AND MOST RADIO LISTENING EXCEPT TO THE LARGEST STATIONS; THE "TOTAL" AREA, ENCOMPASSING ALL LISTENING TO THE POWERFUL STATIONS, AND THE "METROPOLITAN" AREA, AS DEFINED BY THE U.S. CENSUS. REPORTS WILL STRESS NUMBERS OF PEOPLE OR "TRULY PROJECTED RATING," RATHER THAN PERCENTAGES, MR. NIELSEN SAID.

Data will be collected via a combination of Audimeter and Audilog reports, MR. NIELSEN SAID. THE AUDIMETER IS THE DEVICE THAT AUTOMATICALLY RECORDS ALL DIAL TURNINGS IN A HOME FOR UP TO 10 SETS, INCLUDING TV AS WELL AS RADIO, AND IS THE METHOD USED FOR NIELSEN'S NATIONAL RADIO AND TV REPORTS. THE AUDILOG IS A DIARY TO BE MAINTAINED FOR EACH RECEIVER IN THE HOME.

TO PROVIDE FAMILIES WITH A REMINDER TO RECORD THEIR BROADCAST RECEPTION IN THEIR AUDIMETERS, A "RECORDIMETER" WILL BE INSTALLED ON EACH RECEIVER IN EACH HOME IN THE NIELSEN SAMPLE. THIS DEVICE IS A SMALL BOX THAT CONTAINS A LIGHT THAT FLASHERS ON EACH HALF-HOUR THAT THE SET IS IN USE, AND FOR RADIO SETS ONLY, ALSO SOUNDS A BUZZER. THE RECORDIMETER ON ITS FACE HAS A DIARY SHOWING THE LENGTH OF TIME THE SET HAS BEEN OPERATED AND DIARY KEEPERS ARE ASKED TO NOTE THE TOTAL EACH MORNING AND NIGHT. THIS GIVES THEM AN EASY CHECK IN EACH DAY'S ENTRIES AND ALSO PROVIDES NIELSEN DECODERS WITH A CHECK ON THE ACCURACY OF THE DIARY REPORTS.

40% AUDIMETER, 60% AUDILOG

NRT REPORTS WILL BE BASED ON AN ALL-MARKET AVERAGE OF 40% AUDIMETER READINGS AND 60% AUDILOG REPORTS, MR. NIELSEN EXPLAINED. THE PROPORTION OF AUDIMETERS WILL RISE WITH THE SIZE OF THE MARKET, HE SAID, RUNNING FROM AN 80-20 AUDIMETER-AUDILOG RATIO IN NEW YORK DOWN TO A 30-70 RATIO FOR THE SMALLEST OF THE 30 MAJOR MARKETS. NUMBER OF HOUSES MEASURED IN EACH MARKET WILL RUN ABOUT 50% HIGHER THAN THE NUMBER COVERED BY PRESENT LOCAL AUDIENCE MEASUREMENT SERVICES, WHICH NOW AVERAGE FROM 250 TO 400 HOMES, HE SAID.

AUTOMOBILE LISTENING CAN ALSO BE MEASURED, IF NEEDED, MR. NIELSEN SAID, BUT HE EXPRESSED THE OPINION THIS WOULD BE TOO EXPENSIVE TO BE FEASIBLE, SINCE AUTO LISTENING COUNTS ON THE AVERAGE TO ONLY 7.5% OF IN-HOME LISTENING. LISTENING IN PUBLIC PLACES, SUCH AS FACTORIES AND STORES, ADDS ANOTHER 5%, HE SAID.

COST OF THE NEW SERVICE WILL BE BASED ON A VARIETY OF PROCEDURES INCLUDING THE "TYPICAL" DOLLAR FIGURES BUT STATING THAT THE COST WILL BE "REASONABLE," ALTHOUGH SOMEWHAT HIGHER THAN THAT OF PRESENT LOCAL AUDIENCE RATING SERVICES. IF ENOUGH DEMAND IS FOUND FOR THE SERVICE, IT WILL BE STARTED IN THE TOP 30 MARKETS OF THE COUNTRY.

IN ADDITION TO THE NATIONAL AUDIENCE MEASUREMENTS, NIELSEN REPORTS ARE BEING MADE LOCALLY IN FIVE MARKETS: NEW YORK, CHICAGO, LOS ANGELES, PITTSBURGH, AND CINCINNATI, WITH WLW IN THE LAST CITY SPENDING $60,000 A YEAR FOR THE PAST NINE YEARS FOR THE NIELSEN REPORTS, MR. NIELSEN SAID. THESE ARE BASED ENTIRELY ON AUDIMETER HOUSES, HE SAID.

FOLLOWING THE NIELSEN ANNOUNCEMENT, C. E. HOOPER, PRESIDENT, CHIEF OPERATING OFFICER, NIELSEN, SAID THE CORPORATION WAS LOOKING FOR A DISTRIBUTOR IN THE WEST TO HANDLE THE PROGRAM IN ADDITION TO THOSE INSTALLED IN THE EAST.

"THE HOOPERCORDER FURNISHES INSTANTANEOUS RATING BASED ON BIG SAMPLES AT A COST PER REPORT BUT A FRACTION OF THE HIGH SUBSCRIPTION PRICE WHICH MIGHT BE EXPECTED FOR THE SMALL SAMPLE, NON-AUTOMATIC SERVICE NOW IN THEIR PROSPECTUS ONLY.

"WE ARE READY."
AFB's Cooper Outlines Uses of Video Ratings

THERE ARE three principal uses of television audience measurements, Roger Cooper of Los Angeles, West Coast manager of American Research Bureau, told the Seattle Advertising and Sales Club last Tuesday. He named them as (1) a programming tool, (2) a balance sheet to show changes over the years, and (3) a tool in time selling and time buying.

Commenting on the announced topic for his talk—"Are television audience ratings necessary?"—Mr. Cooper observed: "If any advertiser says no, let him look at the cost of tv. Television is a good buy for the impact it has on your active community, but it is expensive and can produce a greater profit for the advertiser if the program reaches a bigger audience."

Bibliography on Tv

BIBLIOGRAPHY on television is being compiled by Dr. Charles Allen, professor at Northwestern U., Evanston, Ill., under a project sponsored by the Chicago Television Council. The book, which will be utilized by NARTB and BMI for possible distribution, and to CTC members. It will contain information on tv production, programming, sales, engineering, etc.
MORE QUALITATIVE RESEARCH URGED

Victor Sholis of WHAS cites the Politz study of radio in tv areas in telling Chicago broadcasters to back similar projects.

THE BROADCAST industry should support the continuance of studies like the recent Miss Politz survey of radio listening in television areas, Victor A. Sholis, vice president and director of WHAS-AM-TV Louisville, told the Broadcast Executives Club of Chicago last week.

He expressed hope that industry, working through BAB, "will pick up the challenge" and that advertisers and agencies will "imitate it."

He addressed a Wednesday luncheon session at the Sheraton Hotel, summarizing findings of "The Importance of Radio in Television Areas Today," compiled by Alfred Politz Research Inc. WHAS was one of 11 participating stations represented by Henry J. Christal Co., which commissioned the study.

Cites Sarnoff

Mr. Sholis observed that, while broadcasters, advertisers and manufacturers were ready to "bury radio not too many years ago," the industry sold 14 million sets last year. He felt that what happened to radio was "our reliance on ratings as the principal sales tool," and cited omission of out-of-home listening data. He described ratings as the "easy simple expedient."

Mr. Sholis also observed that after Brig. Gen. David Sarnoff, RCA-NBC board chairman, scored the ratings concept at an affiliates session last September, NBC later consulted with "double truck ad showing NBC first in ratings—before CBS figures were in. We haven't heard from NBC since, because it shot its wad."

The Politz study was characterized by the WHAS executive as "definitely important to broadcasters and equally important to advertisers and agencies who buy time." The survey showed, among other findings, that in tv areas during an average winter day two out of three adults listen to radio, and that in a week radio has reached 88 out of every 100 people.

Mr. Sholis said NARTB indicated continuance of such a study is "out of its province," leaving the "challenge up to BAB."

He observed that BAB has done "some outstanding work" but has been "derelict" in some phases of television radio and "found" radio "to be a medium."

Henry C. Bonfig, vice president and advertising director, Zenith Radio Corp., is scheduled to address the next club session on color television.

L. A. Catholic Women's Group Asks Tv Program Reshuffle

SCHEDULING of programs of television drew the barb of the Los Angeles Council of Catholic Women last week in releasing a survey taken last spring.

The council criticized the showing of "unsatisfactory programs" (for children) when most children are watching tv and, conversely, the presentation of "excellent family programs" at late hours.

The survey said 1,386 homes were polled. Only 14 of 29 programs which fell into the "most popular" category were designated for children, the council found. Some children's programs have hardly any young viewers, despite network claims they are "top-drawer," the council claimed. The council listed the following examples: Koka, Pan & Oaf (NBCTV), Terry and the Pirates (KTTV Hollywood), Totie Hipodrome (ABC-TV), Young Wanta Know (NBC-TV), Gabby Hayes (NBCTV) and Captain Midnight (KHITV Hollywood).

Examples of "popular family programs" which respondents thought ought to be available earlier in the day were I Love Lucy (CBS-TV) and the Dennis Day Show (NBCTV).

Of parents questioned, 23% asked that programs dealing with "murders, holdups, robberies and westerns" be eliminated. Eight per cent believed many "old pictures are of low character," requesting "more modesty in dress and elimination of fear and horror."

Other dislikes listed by parents, according to the council, were exploitation of children in advertising or selling of articles on the program, bad grammar, and specifically, elimination of Eastside Kids and so much space fiction.

AWRT Meet Outlines

Women's Radio-Tv Role

WOMEN can play an important role in radio and television if they apply the ingredients that make for success, including enthusiasm for their jobs, hard work and "increased iniquities!"

This conclusion formed part of the remarks offered at an all-day workshop of the New York Chapter of American Women in Radio & Television in New York Jan. 30 during a panel discussion.

THE PART women can play in broadcasting was discussed by a panel at the AWRT sessions in New York. Miss Craig, ABC commentator, moderated the panel; among its members were Mr. Caddigan, DuMont director of programming and production; Mr. Chase, president of Selvage, Lee & Chase, New York public relations firm.

Counsel from Ralph W. Hardy, vice president in charge of government relations, NARTB; James L. Caddigan, director of programming and production, DuMont Television Network; Howard Chase, vice president of the public relations firm of Selvage, Lee & Chase, New York; Robert A. Schmid, administrative vice president in charge of sales and advertising, MBS, and Pat Meike, DuMont personality, Nancy Craig, ABC commentator, moderated the panel.

Mr. Hardy recommended that women approach their jobs each day with "renewed enthusiasm." He said attitude towards work "play a great part in coloring each day," and that without enthusiasm, one "cannot ever hope for success."

Speaking on programming, Mr. Caddigan said that show business "doesn't just brush off on you," and that it "still takes hard work, combined with talent, to reach the top and stay there."

Mr. Schmid advised the women broadcasters to approach each day's work with "increased iniquity."

He said this quality is needed in radio and television today, not only in research but in other positions as well.

Miss Meike said that as a broadcaster she feels she owes it to her audience to find out all about them—who they are, how they live, and most of all, what they like.

Other speakers at the workshop were Jinx Falkenburg on "How the Broadcaster Can Serve Her Community," and Mrs. Ivy Baker Priest, U. S. Treasurer, on "How the Broadcaster Can Serve the Nation."

NCAA TV Committee Sets Plans Meeting

GROUNDWORK for preparation of the plan for controlled football telecasts in 1954 will be spaded by the NCAA TV Committee at a two-day meeting in Chicago starting today (Monday). It was announced last week.

The NCAA already has approved continued strict controls over national network grid telecasts—one game per week—but the plan still must be submitted to the membership for final [B&T, Jan. 11]. NCAA also is expected to include proposals covering film, theatre and subscription television, once it gets other matters out of the way, such as organizational details of the 1954 tv group.

Walter Byers, NCAA executive director, said last Thursday three meetings will be held, of which there would be the first of a series. One of these sessions will be thrown open to NCAA membership views, and another will be devoted to hearings on comments from network representatives.

D. C. Hi-Fi Exposition Slated for March 5-7

EXPOSITION of audio equipment will be held March 5-7 at Hotel Harrington, Washington, under auspices of Washington Audio Society, High Fidelity Fair Inc. and WGMS Washington, good-music station. Displays will be centered around the first floor and mezzanine of the hotel plus 50 display rooms. A series of lectures and demonstrations will be conducted.
during the fair at Perpetual Building Assn., across the street from the hotel. The exposition is a two-city event, with Baltimore participating.

A feature of the fair will be stereophonic reproduction of a Library of Congress concert, to be heard in the Perpetual auditorium. Other concerts will be held, including one from Baltimore. New recordings by the National Symphony Orchestra on the Westminster label will be given their premieres. Officers of High fidelity Fair Inc. are M. Robert Rogers, president, and Dan R. Cavalier, vice president. They are president and sales manager, respectively, of WGM.

Less Words, More Pictures Urged for TV Commercials

DECrying the content of the majority of tv commercials, Robert V. Brown, sales manager of Cascade Pictures of California Inc., Culver City, told Hollywood Ad Club members Monday the potential of the pictorial element has yet to be realized.

When radio started the "worship of words" in the early 30s, agency executives believed the "decibel nirvana" would last for years. Then, he added, "the word-filled bubble burst with a bang" at the advent of television. Even later with tv commercials on film, which removed worries about mayonnaise spreading properly and coffee steaming at the right moment, "we can't forget the years of ingrained dependence on words."

Emphasizing that "seeing is believing," the one-time program manager of NBC Radio Western Division said, "The picture should be the prime vehicle of tv advertising. When it is combined with balanced, vivid copy, it performs miracles."

Nine Cascade-filmed spots were screened while Mr. Brown revealed their individual problems and the approach used to get across the advertiser's message.

MacLeod Elected GAB Head, Jackson, Christian Named

E. F. MacLeod, general manager of WDAK-TV Columbus, Wash., was elected president of the Greater Columbus Assn. of Broadcasters at a Jan. 29 meeting of the GAB in Athens.

Others named were Glenn Jackson, managing director, WAGA-AM-TV Atlantic, vice president, and L. H. Christian, manager, WRFK Athens, secretary-treasurer. Elected to the board of directors were John Jacobs Jr., general manager, WDUN Gainesville; Robert W. Rounds, owner of WQXJ Atlanta, and Newton W. Morris, general manager, WMLT Dublin.

IRE Expects 35,000 at Meet

OVER 35,000 radio engineers and scientists are expected to attend the Institute of Radio Engineers' 1954 convention, March 22-25, at New York's Waldorf-Astoria Hotel and Kingsbridge Armory, which will house the more than 600 exhibits of the radio engineering show. A total of 242 papers will be presented at 51 technical sessions during the four-day meeting.

Voluntary Preparation of the 1953 Red Cross Fund Drive Advertising Campaign

WMLT Dublin.

Robert Mason, general manager, WMRN Marion, Ohio, will speak for the broadcasters; Nate Halpern, president, Theatre-TV Inc., for the theatre operators; Gen. John Reed Kilpatrick, president, Madison Square Garden, for the sports promoters. James Lawrence Flynn, former FCC chairman, will moderate the discussion.

Broadcasters, Theatremen Debate Special Events

ARE radio and tv's top special events, such as the World Series, going to desert America's living rooms for the country's theatres? Can broadcasters and sponsors match the bids of theatre owners for such programs? What rights, if any, does the public have?

Such questions, whose answers will have great weight in determining the future course of the broadcasting industry, will be discussed Thursday at the February luncheon of Radio & Television Executives Society at New York's Hotel Roosevelt.

Robert Mason, general manager, WMRN Marion, Ohio, will speak for the broadcasters; Nate Halpern, president, Theatre-TV Inc., for the theatre operators; Gen. John Reed Kilpatrick, president, Madison Square Garden, for the sports promoters. James Lawrence Flynn, former FCC chairman, will moderate the discussion.

RETMA Ends Class in TV Set Servicing

FIRST graduation ceremonies were held Monday by Radio-Electronics-Tv Mfrs. Assn. at its pilot course in tv set servicing, conducted at the New York Trade School. The ceremonies culminated 24½ years of industry planning designed to upgrade technical and business techniques of tv servicemen. Better Business Bureau and other trade and educational organizations have cooperated in the project.

Kenneth B. Wilson, president of the National BBB, lauded the set manufacturing industry and the RETMA Service Committee for completion of the first stage of the joint training program. BBB will aid in starting similar courses in trade and vocational schools around the nation.

Glen McDaniel, RETMA president, promised that similar courses will be made available based on techniques and materials developed at the New York school. Chairman of the RETMA Service Committee is Harold J. Scholman, Allen B. DuMont Labs.

Actress Sues 'Space Patrol' Producers for $50,355

CHARGING breach of contract and invasion of right of privacy, a $50,355 damage suit has been filed in Los Angeles Superior Court by actress Nia Bara against Space Patrol Enterprises, Mike Moser Enterprises, Helen Moser andしていて of the William John (Mike) Moser estate, Tower Productions, Ralston Purina Co., Gardner Adv. Co., U. S. Plastic Co., Plastic Corp. of America and seven John Does. The plaintiff, who until last November had portrayed Tonga in ABC-AM-TV Space Patrol, claims kines of programs in which she appears are being released without her consent.

Suit, filed through Hollywood attorney Arthur J. Crowley, additionally asks an injunction to stop the defendants' using Miss Bara's likeness on cereal packages and on boxes containing toy ray guns, sold in department stores, and an accounting of the profits derived from the kines. With $25,000 actual and $25,000 punitive damages, the plaintiff claims $355.20 is owed her on her contract.

WGN-TV Takes INS-Facsimile

ADDITION of WGN-TV Chicago to the INS-Facsimile network, which provides Facsimile photo service to television stations, was announced last week by INS, which also said that WHO-AM and WWLP-TV Springfield, Mass., have signed for the service and are awaiting installation of equipment. Subscribers to the service now include stations in 22 major cities in 13 states, ranging from the eastern seaboard as far west as Denver.

Henry Souvaine Dies

HENRY SOUVAINNE, 59, composer and radio producer who for the past 14 years supervised the Metropolitan Opera broadcasts, died at his home in New York Jan. 30. He entered the radio field in 1931 when he produced the Cadillac concerts for the long-hour General Motors broadcasts, and during World War II produced network shows for the U. S. Public Health Service, Federal Security Agency and Office of War Information.

KBS Adds Nine Stations

NINE affiliates have been added by Keystone Broadcasting System, bringing the network's total to 698. New affiliates, according to Blanche Stein, KBS station relations director, are KBPQ Faltumpas, Tex.; KBW, Blackwell, Okla.; WPTW Piqua and WMLJ Jackson, Ohio; WHED Washington, N. C.; KCHE Cherokee, Iowa; WFOY St. Augustine, Fla.; WNKL Norwalk, Conn., and KDAC Fort Bragg, Calif.

Progress in Ketchikan

PROGRESS report on Ketchikan, Alaska, community television service [B.T., July 13, 1953]: Began Nov. 17, 1953 with 2½ hours to downtown area. Now on four hours per day with half of city "wired" for the service. This film, including kines of continental U. S. shows, run free with commercials. Under construction is a studio for local programming. At present, Alaska has two stations in Anchorage, KFIA (TV) on ch. 2 and KITV (TV) on ch. 11, 170 miles from Ketchikan.

HOME

the electronic magazine for women

FOOD
DECORATION
FASHION
BEAUTY
CHILD CARE
FAMILY AFFAIRS
HOME ENTERTAINMENT
GARDENING
HOME will be the most practical television program ever designed for women. True to its name, HOME will deal with everything of importance to every woman who has or hopes to have a home (as well as to her husband). Beginning March 1—from 11 a.m. to 12 noon, N.Y.T., every Monday through Friday on NBC Television, HOME will present the new, the good, the useful in fashions, beauty, interior decoration, architecture, food, family affairs, child care, leisure entertainment, gardening and anything else that interests women. Just as in "Your Show of Shows" and "Today," NBC has created a totally new pattern for television.

HOME'S EDITORS are outstanding authorities in their fields. And behind the scenes will be batteries of sub-editors ferreting out and testing HOME's subject matter. HOME's performing editors make up a Who's Who of women's service experience.

POPPY CANNON, HOME's food editor, has been food editor of House Beautiful and Living. She wrote "The Bride's Cookbook" and "The Canopener Cookbook." ROSE FRANZELBAU, psychologist and human relations columnist in the New York Post, will edit the family affairs and child care department. EVE HUNTER, HOME's editor of fashion and beauty, comes with plentiful radio and television experience in San Francisco and New York. For HOME's department of interior decoration, the editor is SYDNEY SMITH, TV star of the "Swift Home Service Club" and "Ask Miss Smith." ESTELLE PARSONS, a graduate of "Today" is roving reporter and "new brides editor." (She was married in December). At a later date the editor-in-chief will be named.

HOME'S HOME is a machine for selling. It's a 60-foot rotunda surrounded on its perimeter by a translucent plastic skin for front and rear projection or special lighting and color effects. In its center are two concentric, revolving turntables. In its various stages are a kitchen, a testing laboratory, a how-to-do-it workshop which can accommodate everything from a crochet hook to a compound lathe, a small garden (with the richest earth in television.) On the floor will be three regular television cameras, but high in the ceiling is NBC's aerial camera, a remote control camera mounted on a telescoping arm which can cover any position in the rotunda, giving camera flexibility never seen before in television.

For displaying HOME's editorial matter and advertiser's products in new ways, some new devices are needed: like the "tumbler." The "tumbler" is a mechanism for handling heavy objects: for example, to show the construction of an easy chair, the "tumbler" will whip it upside down, tilt it or spin it effortlessly and quickly. Then there is a "picker-upper," a mechanical arm which can lift and unroll a rug or bolt of cloth as easily as you handle a pack of cigarettes. It will even gently ripple drapes and curtains if rippling is in the script. HOME can even make its own weather. At will in a special effects area, it can produce rain, fog, sleet, snow or hail—perhaps even sunshine. Some of those gadgets may sound a trifle strange, but they are designed to allow HOME's staff the greatest creative latitude for imaginative staging.

TO ADVERTISERS:

HOME'S PRODUCTS STAR in every program. The basic concept of HOME is that commercial presentation and program content are woven in the same fabric. HOME's spectacular new staging has a very special advantage for you. It means that you don't have to have special announcers, film commercials or expensive commercial sets. HOME's facilities are at your service. HOME provides the perfect mood and setting for selling your product.

HOME'S AUDIENCE will be a screened audience. Every woman who watches will watch because she's interested in improving her home, her family life and herself. It stands to reason, then, that HOME's audience is made up almost exclusively of prospects. And those prospects will see your product at the best time, in the best setting.

HOME'S ECONOMY is evident in its sponsorship plan. HOME offers eight one-minute participations per program. As with "Today" you may buy one participation or as many as you want. HOME, then, is a perfect place for young products, and for limited budget advertisers who want big time television.

HOME'S CHARTER CLIENT PLAN gives you a full hour program without extra cost. This special "merchandising program" can be scheduled to correspond with the launching of a new product, a new line or a new promotion. All eight commercials on the Charter Client's "merchandising program" are devoted to his product. Charter Clients also receive two more invaluable assets: (1) exclusivity in their product category in all HOME programs for the rest of the year (2) a color franchise in HOME. To become a HOME Charter Client, you buy 52 participations, non-cancellable, between March 1 and December 31, 1954.

Your NBC representative has all the details of sponsorship including the participation price. He can also tell you more about HOME's plans. Suggest you call him today.

a service of Radio Corporation of America
NETWORKS CALL ON SEN. JOHNSON ABOUT PROPOSED 7 TV STATION LIMIT

CBS already has talked with Senator. NBC's Weaver also to speak with the Senate's radio attentive member. All networks and a number of station owners favor FCC's proposal to boost multiple ownership limit according to comments filed at Feb. 1 deadline.

AT LEAST one network—CBS—has talked with Sen. Edwin C. Johnson (D-Colo.) on the FCC's proposal to revise the multiple ownership rule so as to permit the ownership of five vhf and two uhf tv stations [B+W, Dec. 28, 1953].

All networks and a number of station owners have registered themselves in favor of the proposal. It was understood that Sylvester L. (Pat) Weaver, president of NBC, was to talk with Sen. Johnson over the weekend. While he was to discuss a number of matters with the Senator, including color tv programming, it was presumed the multiple ownership question would be brought up.

Sen. Johnson has been highly critical of the FCC proposal.

ABC's Meeting Tentative

Also learned was that ABC had set up a tentative meeting with Sen. Johnson—again presumed to be on the subject of limiting tv station ownership. That meeting had not taken place late in the week.

Sen. Johnson said he would not divulge what course the talks would take. It was understood that some communications had been presented to the Senator, including a statement from CBS. The Senator is not releasing any material on the subject, it was added.

Only three oppositions were recorded at the Feb. 1 deadline for comments. These were from Sen. Johnson, Gordon Brown of WSAY Rochester, N. Y., and a Louis M. Tanner, Providence, R. I. All charged that the Commission's proposal would lend itself to monopoly of broadcasting. Sen. Johnson already has made his views known [B+W, Jan. 18].

Among the seven comments favorable to the FCC's action, these recommended that the Commission go beyond its proposal:

Storer Broadcasting Co. recommended that numerical limits be placed on single ownership. Storer appealed to the U. S. Court of Appeals against the Commission's designation that no one entity could own more than five tv stations [B+W, Jan. 23].

KACY (TV) Festus-St. Louis, Mo., uhf ch. 14 station, recommended that the rule provide varying degrees of uhf ownership which would permit ownership of as many as five vhf and interests in five uhf stations.

CBS said it could see no reason why one entity could not own five vhf and five uhf stations.

Others who favored the FCC proposal were NBC, ABC, WENS (TV) Pittsburgh, DuMont and the Ultra High Frequency tv Assn.

Most of the favorable comments took the same tack. Acquisition of two additional uhf stations would be good for uhf by bringing in resources and know-how, help speed up the development of higher-powered uhf transmitters, better and cheaper receivers and tuners, aid in the conversion of present vhf receivers for use in uhf, and spur competition in the ultra high frequencies.

All also disavowed any element of undue concentration of control if single entities were permitted to own two more tv stations. NBC pointed out that under the five-to-a-person limitation, no one person owned more than 4.6% of the total 108 stations on the air pre-freeze; the proposed seven station rule would permit one person to own only 1.9% of the 354 stations on the air as of Jan. 13, and more and more stations go on the air that percentage would be reduced.

Under the present "five" limit rule, all four networks own (all or in part) a total of 19 stations—5.3% of all 354 on the air. If the seven-station rule were made official, NBC said all four networks could own a total of 27 stations—or 7.5% of all 354 on the air.

In discussing the reasons why no limitations should be placed on single-entity ownership, CBS said broadcasters should be as free as newspapers or magazines to acquire facilities.

Permission for networks to own uhf stations, in addition to the present limitation of five vhf stations, would mean that o&o stations would become network outlets in their respective markets, giving uhf an impetus far beyond that in view today when most of the 27.5 million receivers in the hands of the public are vhf.

Storer said that its study of the Portland, Ore., market, where it recently purchased uhf KPTV (TV) as part of its purchase of Empire Co, showed the uhf ch. 27 station would need a 200 kw transmission in order to keep the same competitive position vis-a-vis KOIN-TV on vhf ch. 6.

KACY's suggestion under the head of a "rule of five and two-and-a-half" envisaged permitting ownership in up to 10 stations. Partial or fractional ownership in one vhf or more than 50% ownership in one uhf to count as one against the limit of five vhf, and 50% or less ownership in a uhf station would count as one-half against the two-and-a-half uhf limitation.

Thus, said KACY, the networks and major broadcasters could "adopt the uhf infant without devouring uhf station operators who are pioneering the field." This suggestion would permit substantial broadcasters to support uhf in the intermixed markets, rather than in only two as proposed.

DuMont revised its previous comments last week by deleting the reference to limiting the additional uhf stations to intermixed markets.

The UHFTA listed results of a questionnaire to the operators who indicated interest in the proposal. However, the association also stated that by a vote of two to one its members believed that the extra uhf stations should be permitted only in intermixed markets [B+W, Feb. 11].

In answer to questions of monopoly, all favorable responses mentioned that the FCC could maintain competition through its power to take up such questions on a case-by-case basis. Most of those favoring the amendment also declared that they would apply for uhf stations immediately after the rule became

MARY JANE MORRIS IS FCC'S FIRST WOMAN SECRETARY

MARY JANE MORRIS, appointed secretary of the FCC last week, takes office today (Monday) as the first woman secretary of the Federal radio regulatory agency.

The poised, 33-year-old, attorney—she was on the staff of the FCC's General Counsel before her promotion to the secretarialship—succeeds long-time Democrat T. J. Slowie, who resigned last summer, after 16 years in and as counsel.

Future of William P. Massing, acting secretary since Mr. Slowie's resignation, has not been determined. It is believed he will continue as assistant secretary, his official post.

Miss Morris was born in Midland, Mich., and attended Michigan State College (1938-1949) and the U. of Michigan, graduating in 1942 with a B.A. degree. She was graduated from the U. of Michigan Law School in 1943 with a J. D. degree, and now is also senior editor of the Michigan Law Review.

In 1943, she was an associate of the New York law firm of Willkie, Owen, Otis, Farr & Gallagher. In 1944 she served as assistant to the chairman of Phillips Petroleum Co. during the Roosevelt-Dewey presidential campaign. She was an associate member of the Washington law firm of Hogan & Hartson before she joined the FCC in 1948.

She is a member of the Michigan, New York and District of Columbia bars.

As a Republican, she had the support of Michigan Sen. Homer Ferguson and Charles E. Potter, both Republicans, and Rep. Elford A. Cederberg (R-Mich.) for With Miss Morris' appointment the duties of the secretary, which have been largely routine, may be enlarged. There has been recurrent talk in recent years of combining the nominal responsibilities of the secretary with those of other executive officers of the Commission—budget, personnel and administration.

Still unfilled is the position of chief of the Broadcast Bureau's Hearing Division. This was vacated by Fred W. Ford last October who was transferred to the Justice Department [B+W, Oct. 5, 1953]. Also vacant are assistant general counsel in charge of litigation, because of J. Roger Wollenberg's resignation (see separate story); chief of Office of Opinion & Review (Sylvia D. Kessler resigned the post last year).

final. None, however, indicated which markets they were interested in.

Mr. F. Kurtz, who opposed the proposal, but suggested that network ownership be limited to one station each. Mr. Brown is a network foe of long standing.

The Commission last year formalized a long pending amendment which proposed to allow varying degrees of ownership in more than five TV or FM, and more than seven AM stations by limiting ownership to five TV and seven AM and FM stations in any degree. [B*T, Nov. 30, 1953]. At that time it mentioned that some suggestions had been made to permit single owners to own two additional uhf stations. As the year ended, it proposed that single owners be permitted to acquire up to seven TV stations, but requiring that only five be uhf [B*T, Dec. 28, 1953]. The thought was expressed that this might help uhf in its present difficulties. Replies to comments are due Feb. 11.

SEN. JOHNSON HITS SPARTANBURG GRANT

FCC shouldn't overlook 'adverse effect' on area uhf of its temporary authorization to let uhf WORD-TV operate from Paris Mt., writes Sen. Edwin Johnson, referring to its blast at the FCC Jan. 12 on multiple ownership proposal.

SEN. EDWIN C. JOHNSON (D-Col.) suddenly injected himself into a Spartanburg, S. C., situation last week, taking issue with a grant a fortnight ago of permission for uhf ch. 7 WORD-TV there to begin interim operation from Paris Mt.

Sen. Johnson, who noted in a letter to FCC Chairman Rosel H. Hyde, that "you will recall my letter of Jan. 12, 1954, with respect to the proposed expansion of the multiple ownership rule in which the question of promoting uhf service in this rule was mentioned;"

"The Commission should not put on technical "blinders' and overlook the adverse effect this temporary authorization will have on the current operations in the Anderson, Greenville, Spartanburg, and Greenwood areas."

The new Johnson letter was released Friday. The Senator asserted: "In order to obviate any misunderstanding I want it clearly understood that the only phase of this case with which I have any interest is the effect this action will have on retaining the development of uhf and a truly competitive nationwide tv service."

Sen. Johnson said he understood the Paris Mt. operation might force the abandonment of two uhf stations already operating and two uhf stations already granted permits but not yet on the air.

On the same day the Johnson letter was written (Wednesday), the FCC received a formal protest by uhf ch. 17 grantee WSCV (TV) Spartanburg. WSCV protested the operation from Paris Mt. would be permanent, making WORD-TV a regional station to the detriment of other stations in the area.

The Johnson letter said: "It is a fact that the two operations stations have already suffered irreparable damage and the two stations not yet on the air are very likely for that reason not to go on the air."

Earlier, Walter Brown, president of WORD-TV, said the station would begin operating from the mountain site in three or four months as a CBS-TV affiliate.

At the same time, applications were filed with the FCC last week for the purchase of WSPA-AM-FM Spartanburg by Mr. Brown and his associates for $400,000 [B*T, Nov. 30, 1953], and their sale of WORD and WDXY (FM) Spartanburg to WORD Inc. for $150,000 [B*T, Jan. 18]. Upon FCC approval, Spartan Radiocasting will change the call letters of its tv station to WSPA-TV, Mr. Brown said.

Sen. Johnson said: "The Commission is entitled to generous condemnation for their interest in promoting uhf service, but it would seem to me that the special temporary authorization which may destroy four uhf stations is traveling in the opposite direction."

"These uhf stations struggling to make a success of their operations are certainly entitled to more encouragement than this from the Commission."

WORD, operating on 910 kc with 1 kw, CBS, is owned by Broadcasting Co. of the South, which also owns WIS Columbia, S. C., and WIST Charlotte, N. C. It also controls WIS-TV Columbia, which includes former stockholders of WMSC that city.

WORD, operating on 910 kc with 1 kw, NBC, will be owned by Irwin Kahn, chief owner of WNOK-AM-TV Columbia; H. Rosei H. Hyde, former president of Spartan Radiocasting Co., is a partner.

SMILES mark the affiliation contract between CBS-TV and WORD-TV Spartanburg, S. C., effective about April 25, when the station hopes to begin broad-casting from a location on Paris Mountain. Agreement making WORD-TV a primary interconnected CBS-TV affiliate is read by Walter J. Brown, station president (I), with C. A. (Fritz) Snyder (c), CBS-TV national director of station relations; Herbert V. Akerberg, CBS-TV vice president in charge of station relations.

Moody McElvien Jr., WNOK-AM-TV general manager, and B. F. Kursn. Mr. Brown at one time was manager of WSPA and founder of WORD. These were separated when the FCC promulgated its duopoly rule.

Spartan Radiocasting showed total assets of more than $300,000, with current assets at $348,945 compared to current liabilities of $116,657. Broadcasting Co. of the South showed total assets of almost $1.5 million, with current assets $149,147 and current liabilities of $127,538.

WORD-TV's request to begin operations from Paris Mt., six miles from Greenville, and 2714 miles from Spartanburg, was fought by uhf grantees WGV] (TV) Greenville, WSCV (TV), and WAIM-TV Anderson, all South Carolina, and the UHF TV Assn. They told the Commission then that they feared this would become the permanent transmitter site for WORD-TV, permitting it to cover all surrounding areas including their markets.

The Commission held that the interim operation from the proposed Paris Mt. site met Commission regulations regarding coverage of the principal city. It also said the grant was for interim operation and the objections were based on permanent operation from that site.

WORD-TV holds a CP for 316 kw with 2,000-ft. antenna atop Hogback Mt., 25 miles northwest of Spartanburg and 24 miles northeast of Greenville. Comr. Frieda B. Henness disented from the FCC's grant of the special temporary authority for the station to begin teletcasts at 51 kw from the 1,185-ft. Paris Mt. site.

HIGH COURT HEARS GIVEAWAY CASE

Justices seem skeptical of FCC's contention that giveaway programs violate the lottery laws.

FUTURE of giveaway programs involving home audiences, one of the most popular types of programs on the air five years ago, was laid in the lap of the U. S. Supreme Court last week after two hours of oral arguments.

A presumably skeptical full court heard FCC Assistant General Counsel J. Roger Wollenberg assail giveaway programs as "evil lures" designed to attract listeners and viewers for the benefit of stations and advertisers. This made them lotteries, Mr. Wollenberg claimed.

Taking the opposing position—and charging that the FCC was attempting censorship of programs containing "lures"—are attorneys representing ABC, CBS and NBC.

1949 Regulations

The case involves regulations drawn by the FCC in 1949 spelling out what it considered illegal under Sec. 1304 of the U. S. Code which prohibits the broadcasting of lotteries. Among the provisions is one concerning telephone programs. These rules were attacked in their entirety by the three networks. A New York Federal Court ruled, two to one, that the rules applied to telephone giveaways were illegal and voided the co-censorship provisions of the Communications Act [B*T, Feb. 9, 1953]. The court held, however, that the other provisions of the lottery regulations were legal. Pending the final determination of the legality of the
Boston’s biggest attraction!

Throughout 1953—again, as always—WEEI led all other Boston radio stations, with the highest average ratings and the biggest average share of audience—33.3% bigger than any other station’s . . . and the most quarter-hour wins—63.8% more than all other stations’ combined.

Proving once again that more people listen (and listen regularly) to WEEI than to any other Boston radio station. If you’d like more proof—or availabilities—call CBS Radio Spot Sales or WEEI

Source: Pulse, Jan.-Dec. 1953; total week
GOP SETS RECORD RADIO-TV BUDGET

Republicans plan $3.8 million for this year's overall campaign budget, highest radio-tv expenditure in history for a non-Presidential race.

REPUBLICANS will spend more on radio and television on the national level in the coming election campaign than they have ever spent in a non-Presidential campaign year.

That much was known last week, although an actual breakdown of figures on the national level was not made available.

The Republican National Finance Committee approved a 1954 campaign budget of $3.8 million for the National, Senate and House Campaign Committees.

While no figures were given, it was acknowledged that a "sizeable part" of the overall budget would go for radio and tv.

This figure alone was a record budget amount for a Congressional election year and about doubles the amount for the non-Presidential election year of 1950 ($1.95 million).

Finance committee chairman, F. Peavey Hef-fefinger, said the figure was large because of GOP plans to expand its activity and because of the rising cost of television.

It was noted that another important contributing factor was the increase of tv stations. National committee spokesmen spoke of tv costs as being 10 to 1 greater than radio.

 added, but of "lesser evil" than telephone give-aways.

Mr. Wollenberg said he felt that winning an automobile as a door prize in conjunction with attendance at a dance or show was a lot-tery. This was in answer to a question from Associate Justice Robert H. Jackson.

In answer to several questions as to why the Dept. of Justice did not participate in the appeal, Mr. Wollenberg said it was remaining "neutral" because the case at issue involved licensing of broadcasting stations, solely an FCC function.

DEPT. OF JUSTICE CONTINUES PROBES

Two actions are underway: One involves 16mm movies for release to tv, the other preliminary investigation of advertising industry business practices.

TWO separate anti-trust probes into broadcast- ing and advertising business practices are pro-ceeding at the Dept. of Justice—the suit in involving alleged monopoly in release of 16mm movies for tv and the preliminary inquiry into advertising industry business practices.

A widespread report that the government will seek dismissal of its 16mm suit, now pend-ing in Los Angeles federal court, could not be verified at the department. It is contrary to the view that the government is going ahead with prosecution of the suit in which is alleged an effort to force release of 16mm fea-tures films for tv use.

Attorney General Herbert Brownell told a news conference Thursday that no inferences of legal action can be drawn from the FBI probing into files of advertising and media trade associations [B+T, Jan. 18, et seq].

FBI agents were at NARTB last week mak-ing a preliminary study of the filing system. It was evident these agents were merely gathering material to aid in conducting a possible search of NARTB's files for detailed data cov-ering such matters as 15% commission, agency recognition and cash discounts. NARTB has no agency recognition service nor does it en-dorse the 25% cash discount offered by the American Assn. of Advertising Agencies.

No Names

Attorney General Brownell declined to name any of the associations under investigation in the advertising probe. Confirming a statement made to B+T Jan. 15 by Stanley M. Barnes, Assistant Attorney General, the Attorney Gen-eral said:

"For some time we have been looking into the matter of advertising commissions to deter-mine if these involved any violation of the anti-trust laws. This is simply a part of the general program of the Anti-Trust Division to look into various segments of the national econ-omy to determine if any action is indicated. This does not mean that action will necessarily follow. No inference should be drawn as to whether legal action will follow the study of advertising practices."

He said the study covers all media in the advertising field. Asked if the inquiry was initiated by this Administration or the previous one, he said, "I understand that such an inves-tigation was conducted in 1950-51 and was then closed without action. The current study was initiated during the last few months."

One factor behind the current advertising probe, he said, is that a court decision several years ago found illegal uniform commissions employed by real estate boards.

“ANNIE OAKLEY
She never missed. And now the frontier's First Lady is sure-fire as television's first cowgirl star. Played by Gail Davis (Gene Autry's "perfect Western heroine") and filmed by the same top-caliber production team as Gene and the Range Rider, Annie mixes hair-trigger action and romantic interest to score with all the family. With Annie Oakley, you can't miss. She's available for local and regional sponsorship through CBS TELEVISION FILM SALES offices in New York, Chicago, Los Angeles, San Francisco, Atlanta and Dallas.

Distributor in Canada: S. W. Caldwell Ltd., Toronto
four-year investigation of the American Newspaper Publishers Assn., and other newspaper agencies have been reviewed in the light of the Justice Dept. inquiry.

The FTC dismissed the case Jan. 20, 1930 after answer and trial, without assignment of reasons. The original charge reads as follows:

"Combining one of the two basic tools to control channels of distribution and to enforce a standard differential; in connection with the placing of national advertising, more specifically to control national advertisers to employ respondent agencies; advertising agencies in the placing of national advertising in newspapers throughout the United States, to prevent said advertising from advertising directly in said newspapers at net rates and to compel said advertising to be placed on direct advertising at gross rates and in connection with the enforcement of a standard differential of 15% on the gross rates on the national advertising. It permits the members of a subcontract to force a closed hearing at any time on any subject," he said.

"As set forth in the commission's brief, respondents were charged with seeking, through competitively bringing pressure to bear and otherwise:

First, to prevent direct advertisers from obtaining national advertising at net rates and that, to avoid the resulting increased cost, they be restrained to employ advertising agencies.

Second, to prevent publishers from advertising space to direct advertisers at less than their fixed gross rates; and

Third, to eliminate from business agencies which do not receive the full differential as the commission required on which share the differential with an advertiser.

On West Coast

While the department appeared to be going ahead with its 16mm movie suit despite rumors it might seek dismissal, a West Coast development proved to support the theory that the case will not be dropped. This centered around the grant of another one-month extension, until March 2, to Republic Pictures for completion of answers to government interrogatories in the case.

Republic, incidentally, is one of the few studios making its films available to television, according to studio attorneys. They point out that extensive time and labor are required to supply data on every showing, plus revenues realized. Republic is the only studio that hasn't completed its reply, Columbia Pictures and a subsidiary, Screen Gems, having recently supplied their answers.

Radio, TV Caught In Intramural Row

House Operations Committee votes to ban broadcast coverage of its sessions unless a majority favors admitting microphones or cameras.

Radio-TV was the innocent bystander who got hurt last week in a Capitol Hill political fight. When the shooting was over, the broadcast media were on the side with a restricted opportunity to look in on public hearings held by the House Government Operations Committee.

In a closed session, the committee members voted to bar radio and TV from all committees and subcommittees open hearings unless a majority of them voted to approve the presence of camera and microphone.

Actually the sudden move against radio and television came as a surprise, tapings, filmings, etc., was directed against the chairman of the committee, Rep. Claire E. Hoffman (R-Mich.), who immediately let it be known just where he stood.

Rep. Hoffman and another committee member (and colleague), Rep. George Meader (R-Mich.), were the only ones on the 30-man committee voting against the adopted rule.

This week, Hans look the floor of the House to bitterly denounce his committee's action. "This is a dandy," he declared. The amendment the Congressman asserted, also would cut off stereoty whole machines which made full recordings of proceedings. It "permits the members of a subcontract to force a closed hearing at any time on any subject," he said.

An Old Story

This was another chapter of a continuing fight between Chairman Hoffman and his balky committee. Originally, Rep. Hoffman wanted to head a subcontract to look into labor racketeering. But his committee last year stripped him of powers to appoint subcommittees without their consent. He then had asked for the labor racketeering unit.

This year, Rep. Hoffman renewed his request for the subcontract to be under his charge. The committee decided to turn over the labor probing group to Rep. George A. Bender (R-Ohio). The Ohioan told newsmen that last week's action on radio-TV was taken to stop members like Rep. Hoffman from "creating a circus" of hearings.

"This means that George Bender, who's running for the Senate, may not be able to use this committee for his purpose," he said. Keeping the issue a bit more confused and hot, Rep. Bender said he personally was not opposed to televising hearings, that decision would be made on each hearing as it came up, and, "we do not want to conceal anything."

Sen. Potter to Head Communications Unit

A NEW subcommittee on communications was selected Friday in the Senate [Closed Circuit, Feb. 1]. The chairman is Sen. Charles E. Potter (R-Mich.), a virtual newcomer to the radio-communications field.

Other members are Republican Sens. Andrew F. Schoeppep (Iowa) and Dwight Griswold (Neb.) and Democratic Sens. John O. Pastore (R.I.) and Lester C. Hunt (Wyo.).

Subcommittee chairmen were announced for communications, t and marine, and other fields covered by the Senate Interstate & Foreign Commerce Committee at a closed meeting Wednesday. The list of members was released Friday.

The subcommittee is expected to handle certain measures of less importance. Top matters in communications will be considered by the full committee, as in the past, it was understood.

The long-range effect, however, will be to extend Sen. Potter's familiarization with communications legislation and the issues involved in the industry.
After only 52 days on the air, Sheriff Scotty announced free membership cards in his “Sheriff’s Posse” to his youthful audience. The offer ended 30 days later...January 22...with requests totalling more than 28,000, and more coming in!

Sheriff Scotty’s “Tales of the Wild West” at 4:15 p.m. each weekday is Denver’s top-rated Kids’ show. What’s more, Telepulse (November, 1953) rated it the 2nd highest of all multi-weekly shows in the city, day or night. Scotty’s enthusiastic “posse” is further testimonial to his overwhelming audience popularity.

Most important to participating advertisers, Scotty sells* merchandise.

Sheriff Scotty is only one of many top personalities in KLZ-TV’s local program line-up. Of the highest Telepulse-rated multi-weekly shows, all of the first 5 are KLZ-TV local originations. And...KLZ-TV rated 8 of the top 10 once-a-week shows, including, of course, first place... further evidence of Channel 7 dominance of Denver’s TV scene.

When you buy TV in Denver, buy the AUDIENCE station...KLZ-TV.

Information Report JOLTS Officialdom

Report to President says U.S. Information Agency is investigated too much. Suggests more TV in Voice and talks about government support to private broadcast industry.

A "SLEEPER" report on the U.S. information policy served official Washington with a jolt last week.

The report to Congress was made by the U.S. Advisory Commission on Information, created by Congress in 1948, and its members appointed by the President.

In effect, the report said Congressional investigators have so harassed the U.S. Information Agency that it can hardly get its job done. USIA is headed by Theodore C. Streibert, former MBS board chairman. The agency operates the Voice of America.

In his study, Sen. Joseph R. McCarthy (R-Wis.), who heads one of the two Senate groups which have investigated information activities, brushed aside the report and asserted, "We scared hell out of a few Commies."

Sen. McCarthy was swift, Sen. Joseph R. McCarthy (R-Wis.), who heads one of the two Senate groups which have investigated information activities, brushed aside the report and asserted, "We scared hell out of a few Commies."

Sen. McCarthy was swift, Sen. Joseph R. McCarthy (R-Wis.), who heads one of the two Senate groups which have investigated information activities, brushed aside the report and asserted, "We scared hell out of a few Commies."

SEIBERG stung by hiring people who "has had six months houseclean it." and that he still intends to call the USIA director as a witness to explain whether "they [USIA] are violating Public Law 402 by hiring people who couldn't pass security clearance."

Fullbright Agrees

But Sen. J. William Fulbright (D-Ark.), a member of the Senate Foreign Relations subcommittee on information (the other group alluded to in the report), agreed with the commission's complaint. Sen. Henry M. Jackson (D-Wash.), a member of the McCarthy group, called the report important.

Members of the commission, chairmaned by Erwin D. Canham, editor, Christian Science Monitor, include Justin Miller, board chairman, NARTB; Philip D. Reed, board chairman, General Electric Co.; and Ben Hibbs, editor, Saturday Evening Post.

In the report indicated criticism of the McCarthy group's investigations of USIA as compared to the Foreign Relations Committee's work, which it found was "constructive."

Another key recommendation, among 14 dealing with subjects ranging from need of a new production studio to creation of a training school for USIA employees, was that a plan be developed to utilize "the powerful medium of television" in the information program.

USIA has just disclosed that Voice of America is making increased use of TV film in its operations. The film is sent abroad to be used on foreign TV stations.

The report covers the period from Aug. 1, 1953, when Mr. Streibert took over USIA, up to the end of last year. "In our judgment," the commission said, "the new agency is off to a good start."

A point made by the commission which was not given wide attention was a reference to Government support to private broadcast media for overseas programming. The use of USIA funds is to be kept to a minimum, as the Washington committee said. Thus, Government support is urged for "development of overseas broadcasting by private industry just as it is deemed in the public interest to support foreign and domestic aviation, the merchant marine, and other industries. In such an event, however, it would not be proper for the Government to exercise any supervision or censorship of its programs."

If Congress believes such support to private industry for overseas broadcasting is "in the public interest, this Commission recommends that such support be made independent of the USIA appropriations," the report said.

VOA Relinquishes Hold on Baker West Project

A POSTSCRIPT was written last week to last year's wrangle between Voice of America officials and critical senators.

Sen. Henry M. Jackson (D-Wash.) announced the Voice has relinquished a hold on 1,200 acres on the Olympic Peninsula in Washington State where VOA once proposed to build one of the world's largest overseas shortwave transmitters.

Disposition of the site is undetermined. The land has been turned back to the Government (the General Services Administration).

The site generally was referred to as the Baker West project. It was under fire from Sen. Joseph R. McCarthy's (R-Wis.) investigations group and other Senate units last winter. Construction then was halted (FBT, Feb. 23, 1953).

Air Force Demands Review of TV Towers

FORMAL Washington action on all applications for radio-tv towers over 500-ft. high was demanded last week by the U.S. Air Force which contends that informal regional approval of lower projects is not adequate.

Hearing on the proposal will be held tomorrow (Tuesday) by the top review agency, Washington Airspace Subcommittee.

Under present procedure, lower applications requiring aeronautical study are referred to regional airspace subcommittees. If there is no objection, informal approval is given and the cases move to the FCC where they receive regular consideration.

In cases where objections are raised at regional hearings, the applications are referred to the Washington subcommittee for formal clearance.

Air Force objection arose after it decided to complain about a tower already erected by WBAM Montgomery, Ala. This tower received informal regional clearance, was processed by the FCC and constructed. Maxwell Field officers, acting as the Washington subcommittee which formally approved the finding of the regional subcommittee. This was followed by the Air Force proposal.

Meanwhile, the Airdromes, Air Routes & Ground Aids subcommittee of the Air Co-ordinating Committee prepared terms of reference for the proposed ad hoc committee to study the question of revising standards concerning the marking and lighting of radio-tv towers, with particular attention to guy wires [FBT, Feb. 11]. Final comments by representatives are due tomorrow (Tuesday), at which time members of the working unit will be named. These will include representatives of broadcasters, tower manufacturers and equipment makers, it was reported.

It was understood that only at the insistence of the FCC were broadcast representatives allowed to attend last Thursday's meeting. Attending were Noble C. Shumway Jr., Robert H. Paul and John J. McClellan. E. L. Kennedy, Assm. of Federal Communications Engineers, and A. Prose Walker and Abiah A. Church, NARTB.

Wollenberg Resigns FCC Counselship

J. ROGER WOLLENBERG, FCC assistant general counsel, resigned last week to join the Washington law firm of Haley, Doty & Schellenberg.

The move came three days after the 35-year-old Mr. Wollenberg argued the FCC's giveaway case before the Supreme Court (see separate story on page 1). Mr. Wollenberg was reared in San Francisco and was graduated from the U. of California law school in 1942 with an LL.B. He was editor-in-chief of the California Law Review in his last year. He served as a Navy lieutenant in the Pacific during World War II, and in 1946 became law clerk to Associate Justice William O. Douglas. In 1947 he joined the Department of Justice in the office of alien property and became assistant chief of the appellate section of the anti-trust division. In 1952, he transferred to the FCC as assistant general counsel in charge of public affairs under Gen. McNamara.

As FCC's counsel in court, he represented the Commission in the Zenith Chicago ch. 2 and the Logansport and Peoples appeals before the U.S. Court of Appeals.

Added Fm Programming Plan Draws First Comments to FCC

FIRST comments on FCC's proposal to permit specialized programming by fm stations in addition to regular broadcast operations [FBT, Jan. 4 et seq.] were filed last fortight. Deadline is Feb. 15, with replies due 10 days later.

Paul Colby, vice president and general manager, WHILI Hemptstead, N. Y., wrote a letter in favor of the proposal. He said he believed adoption "will go a long way in enabling more fm licensees to operate better the business, financial and more in the public interest."

A favorable comment also was received from George W. Hamilton, Syracuse, N. Y., and the Rural Radio Network of New York State.

Opposition was filed by a number of citizens who appeared to believe the Commission was proposing to reduce the number of fm channels. Others objected to what they called a further "invasion of their privacy." Referring to the transacting flight, these communica-
In 1952, the trucking industry employed 6 million people and had, in round numbers, a pay roll of 21 billion dollars.

By 1975, its pay roll is expected to be 14 million persons, and its national paycheck $47 billion.

This is not wild-eyed prophecy, but a conservative projection of present trends in the transportation industry, based on the findings of the Paley Commission (President’s Materials Policy Committee).

Expenditures for wages and salaries will account for the largest part of the $63 billion the trucking industry is expected to be spending by 1975. Other items included in this gross national outlay are: New trucks and tractors; new trailers and semitrailers; replacement tires; replacement parts and accessories, and motor fuel.

tions termed the proposal a "hideous policy," "a poor one," and one that "will ruin fm." FCC proposes to reduce minimum fm hours of operation to 36 per week, permit fm stations to engage in transcasting, storecasting, furnishing emergency information, and other specialized types of broadcasts on a simplex or multiplex system of operation.

'Protest Rule' Request

Hangs Fire on Hill

NEITHER body of Congress showed signs last week of being in a hurry to consider FCC's request for clarification of the so-called "protest rule" provision (Sec. 309 [c]) of the Communications Act (BWT, Feb. 1).

The proposal would end an automatic stay of a protested grant (of a station construction permit), which now is mandatory, and the hearing on charges required by the Act could be a paper proceeding instead of an oral case.

In the House, where Senate Interstate & Foreign Commerce Committee Chairman John W. Bricker (R-Ohio) has introduced a bill (S 2853) embodying the FCC request, there are no plans for hearings.

Senators indicated the bill would be clased as controversial and therefore scheduled for careful consideration when the committee can get to it. Also in question on the Senate side is the "urgency" of the proposed legislation.

In the House, Rep. Charles W.沃尔顿 (R-N. J.), chairman, House Interstate & Foreign Commerce Committee, which was expected to introduce a bill "by request," had not done so last week. Rep.沃尔顿 is busy handling an investigation of diseases.

According to a report, the "controversial" aspect could be traced to some objections already being made by applicants for tv stations who claim their bids would not be accorded a full hearing by FCC if the legislation were passed. The proposal, if accepted, would place them in the position they were in before the McFarland Act was passed, these applicants reportedly assert.

---

FCC Denies CMRU Bid For 40 Frequencies

REQUEST for 40 frequencies from the Citizens Radio Service to establish an exclusive Manufacturer's Radio Service, submitted by the Committee on Manufacturers Radio Use (BWT, Dec. 14, 1953), was denied by the FCC last week as "premature."

The Commission said it is studying the revision of the Special Industrial Radio Service rules (Docket 9790) to meet the radio needs of industry and that it would be best to approach this need on an overall basis, rather than through a piecemeal procedure.

Citizens had previously complained 56 of the largest U.S. corporations (Alcoa, Ford, GE, Bethlehem Steel, etc.), suggested that if the Commission did not feel free to establish the manufacturers service with Citizen's Radio frequencies it should "re-examine" the fm band.

FCC Tries to Clear Fangled Ch. 11 Case

THE FCC took the first step in unraveling the stymied St. Louis ch. 11 hearing last week when it sent a McFarland letter to KSTM-TV St. Louis raising questions regarding its financial and legal qualifications.

If the uhf ch. 36 station satisfactorily furnishes the required information, the FCC said, it would designate it as one of the applicants in the St. Louis ch. 11 hearing and insert as one of the issues whether KSTM-TV has the right to be a applicant while it is a grantee. This is in line with one of the alternatives proposed by the U. S. Court of Appeals when it issued a stay order before the St. Louis hearing was due to start [BWT, Jan. 18].

The Commission consistently has refused to accept an application for vhf ch. 11 from KSTM-TV while it was the grantee of uhf ch. 36. KSTM-TV offered to relinquish its grant on the uhf channel if it succeeded in winning a grant on the vhf channel. The FCC has held, however, that an existing grantee first must surrender its channel before it is eligible to file for another frequency in the same market. KSTM-TV appealed this decision to the court and won a temporary restraining order.

Involved in the St. Louis ch. 11 hearing are St. Anthony Co. (Ambassador Investment, 52%; Chanson & Marco, 42%); St. Louis Telecast Inc. (60% owned by WEW), 220 Television Inc. (Harold Koplar and William Koplar Shenker) and CBS (KMOX).

---

Applicants Challenge FCC Hearing Rules

Norfolk competitors contend legal and financial questions should be made part of hearing.

FCC's hearing procedures were directly challenged last week by two applicants in the Norfolk, Va., ch. 10 hearing.

Both Beachview Broadcasting Co. and WAVY Portsmouth, Va., competing for the vhf channel, asked the Commission to order the ex- terior of the hearing on legal and financial qualifications of their opponents.

Under the new hearing procedures which went into effect last year, the Commission determines the legal, financial and engineering qualifications of each applicant before designating them for a comparative hearing. Up to now, except for good cause, the Commission has refused to permit such issues to be introduced at the hearing.

Both Beachview (Dudley Cooper, Norfolk real estate and amusement parks operator, principal stockholder) and WAVY claimed that this practice violates their legal rights as applicants. They cited these actions:

- Mission Telecasting, 50% owned by KONO San Antonio, charged that the competing KMACE application for vhf ch. 12, filed last month, was not filed in good faith and asked the Commission to dismiss it. A third applicant, KTSA-San Antonio Express, dropped out two weeks ago [BWT, Feb. 1].

- Hearst Corp's WISN Milwaukee objected to the WCAN-TV-Milwaukee declaration that it intends to be a party in the Whitefish Bay vhf ch. 6 proceeding and its request that the WISN application be dismissed [BWT, Jan. 25]. Hearst said WCAN-TV may not intervene without following regular procedures and that it had no standing to intervene any- way. It termed the demand that the Hearst application be dismissed as based on "extra-legal fantasies." WMIL Milwaukee, the second application, also opposed the WCAN-TV move.

- Record on Buffalo vhf ch. 2 closed with submission of stipulations by Niagara Frontier Telecasting Co. concerning a license application filed and later withdrawn by Enter- prise Transmission Inc. for the same facility. Broadcast Bureau told the examiner that in view of the Commission ruling that the burden of an- swering the Commission charge that Enter- prise filed to obstruct a grant to Niagara Frontier lay with Niagara Frontier, it had nothing further to offer. Niagara Frontier application is now a merger of several competing ch. 2 applicants.

- Minutes of the Travelers Broadcasting Service Corp. (WTIC) dating back to 1928, were impounded by Examiner Panney Litvin last week. Case involves competing applica- tions of WTC and Hartford Telecasting Co. for vhf ch. 5 in Hartford. Books were deliv- ered in response to a subpoena issued at the request of Hartford Telecasting, but were not accepted pending a ruling on a motion to quash the subpoena filed by WTC. In the same hearing, the Commission upheld a ruling by the exam- iner denying Hartford Telecasting plea for postponement of testimony regarding "eco- nomic domination" in Hartford until the FCC has ruled on its appeal from a motion denial regarding taking of depositions. Commn. Hen- nock dissented.

- The Commission designated for March 5 hearing American Television Co. (comprising local businessmen) and George T. Herrnreich, seeking vhf ch. 5 in Fort Smith, Ark.; KRAM and Western Television (H. L. Cravens), for vhf ch. 13 in Las Vegas, Nev., and WVLK and WLEX, for uhf ch. 18 in Lexington, Ky. --

---

FCC Authorizes Second Study Of Uhf Situation

THE FCC has authorized a second survey of the economics of post-freeze tv stations, both vhf and uhf, it has announced.

Covering the period Aug. 1, 1953, to March 1, 1954, the post-freeze stations which were in operation by Nov. 1, 1953, will be asked to furnish supplemental information with their annual financial reports, ending April 1.

First survey, made of post-freeze tv stations on the air from April 1, 1952, to Aug. 1, 1953, indicated that financial success depended on the size of the market and the age of the station (BWT, Jan. 4). As for uhf, the study showed that where uhf stations are the only outlets in their market and are at least 50 miles from existing vhf service they are doing as well as vhf service in revenue and network programs.

With the first report as its basis, the study was challenged by some broadcasters because it covered only two uhf stations in pre-thaw tv markets. At the time the first report came out, there were 23 uhf stations in pre-thaw markets.

---

FCC Withdraws Proposal For Applicant Advertisement

PROPOSAL that all applications for new tv stations must be "advertised" in a local newspaper, suggested by the FCC last year [BWT, July 6, 1953], was abandoned.

The Commission said that it had received only three comments, all opposing. These included a referendum of the Federal Communications Bar Assn., which showed 64 members opposing, six favoring and two split. Others were from CBS and Washington at- torney Leo Resnick.

The proposals were advanced to aid the Commission in processing applications, to pro- mote diversity of ownership, and to attract more prospective applicants. The proposal was provided for a 30-day cutoff date for competing applications following publication of the notice of the filing of the application. FCC Commr. John C. Doerfer did not vote.

WLS, WENR CHICAGO MERGE—NOW WLS  

Former shareholders organize new corporation, WLS Inc., with 'Prairie Farmer' and AB-PT owning 50% each. Station will be ABC affiliate.

MERGER of Chicago share-time stations WLS and WENR—both of which operate on 890 kc with 50 kw—was announced Friday by James E. Edwards, president of Agricultural Broadcasting Co. (WLS), and Robert E. Kintner, president of ABC (WENR). Merger is subject to FCC approval, regarded as virtually automatic, since no other parties are involved.

Under the terms of the agreement, a new corporation will be organized as WLS Inc., with Prairie Farmer and AB-PT owning 50% each. Present studio facilities of WLS in the Prairie Farmer Bldg. will be utilized and the station, with call letters WLS, will be operated, which is the same for both stations, will continue to be used.

Board of directors of the new company will be composed of three representing the WLS group and two representing ABC. Officers of the new company are James E. Edwards, WLS president; Glenn Snyder, WLS, first vice president and general manager; Arthur M. Harre, ABC, second vice president and assistant general manager; George R. Cook, WLS, treasurer, and Mathew Vlerack, ABC, secretary.

Although details of the new corporation's structure were not revealed, it is understood that WLS will occupy a preferred stockholder's position.

WLS is owned by the Prairie Farmer, published bi-weekly, and began operating in 1924. WENR started in 1925.

TV Starter Pace Seems Sluggish So Far in '54  

PACE of new TV station debuts is off to a slow start this year—only five outlets have begun regular pro and transmitter sales. Operating stations now total 359 with about 22 more saying they expect to start operation by the end of February.

Four stations were scheduled to start as follows:

WRDW-TV Augusta, Ga. (ch. 12), CBS; represented by Headley-Keed, Feb. 8.

WARM-TV Satisfied, Pa. (ch. 16), represented by George P. Hollingbery, Feb. 9.

WNYT-TV Providence, R.I. (ch. 16), ABC, DuMont, represented by J. R. Kuykendall, Feb. 6.

WBTM-TV Danville, Va. (ch. 24), represented by George B. Humphreys, Feb. 8.

Installation of antenna of KBID-TV Fresno is currently underway in preparation for its Feb. 13 starting date, Robert Wesson, station manager, reported. Microwave transmission equipment already is installed on nearby Bear Mountain.

WTRI-TV Schenectady, N. Y. (ch. 35), is continuing with construction of its 542-foot tower in spite of its bad weather. The CBS-TV affiliate plans to begin regular operation Feb. 15.

March 1 has been set as the starting date for WINK-TV Fort Myers, Fla. (ch. 11), A. J. Bauer, general manager, said.

WSIV (TV) Elkhart, Ind. (ch. 52), plans to begin test patterns late this month, according to J. Gillespie, station relations director. The station will be affiliated with ABC-TV, NBC-TV and DuMont, serving the St. Joseph Valley.

First vhf station for Bay City-Saginaw, Mich., WNEM-TV (ch. 5), is preparing for a Feb. 15 debut as an NBC-TV and DuMont affiliate. Its 500-foot tower is in place.

The following stations have reported they expect to begin regular operations before the end of February:

KBID-TV Fresno (ch. 53); KBAY-TV San Francisco (ch. 20); KSAN-TV San Francisco (ch. 32); WOTC-TV Savannah, Ga. (ch. 11); WGOW-TV Valdosta, Ga. (ch. 37); WMGT-TV (TV) Adams, Mass. (ch. 74); WNEM-TV Bay City, Mich. (ch. 3); KDRO-TV Sedalia, Mo. (ch. 6); WMUR-TV Manchester, N. H. (ch. 9); WTRI-TV Schenectady, N. Y. (ch. 35); WMPF-TV Wilmington, N. C. (ch. 6); KCEB-TV Tulsa, Okla. (ch. 23); WQED-TV (TV) Pittsburgh (ch. 13), educational; KRGV-TV Weslaco, Tex. (ch. 5); WJPF-TV Fairmont, W. Va. (ch. 35); KPBC-TV Cheyenne, Wyo. (ch. 5); WAPA-TV (ch. 4) and WKAQ-TV (ch. 2) San Juan, P. R.

(For details see Telestatus page 107.)

Chicago Trib's Paid Listings Profitable  

Newspaper took in $100,000 for the radio-tv logs in '53, hopes to double that this year.  

PAID listings in radio and television logs brought in $100,000 last year to the Chicago Tribune and 1953's total might well be doubled in 1954, if the present pace is maintained, the newspaper reported last Thursday.

The Tribune revealed its volume in connection with "recent differences concerning free newspaper publication of radio and television program listings."

The announcement also was interpreted as an indirect reference to practices by some newspapers barring publication of radio-tv logs, save on a totally-paid basis, and the Tribune's feeling that the "Chicago Plan" represents a compromise. It was adopted by newspapers there in 1949.

 Newspapers in at least two cities—The Nashville (Tenn.) Banner and Tennessean and Oklahoma City Oklahoman and Times—have discontinued listings except on paid basis, evoking protests from local radio-tv stations [B*T, Jan. 25, Aug. 31, 1953].

Under the Chicago Plan, "applicable to any large metropolitan area," according to the Tribune, "free listings of major programs from Chicago's leading radio and television stations con-

continue, but radio and television sponsor, stations and networks are permitted to direct attention to features of their programs and products in paid additional listings of not less than four lines or more than 50 lines each." The Tribune's WGN-AM-TV claims to have set the lineage pace in this respect.

Arthur B. Olsen, manager of the newspaper's classified advertising department, last week cited the growth of the motion picture directory, as a "possible parallel."

Mr. Olsen said readership studies show that tv log listings have "top readership, challenged only by the weather report on page one." The Tribune claims display advertising or paid mentions enable the advertiser to take advantage of this "established following to spotlight his show before an audience already interested in television."

Additional benefits may be derived, according to Mr. Olsen, from displays by additional sponsors, stations and networks in radio logs. In time, he added, makeup and type faces can augur to dramatize radio-tv listings as in motion picture directories and "develop a comparable impression."

Paid Radio-Tv Logs Tried and Untrue—Weed  

ARGUMENTS for paid listings of radio and tv schedules were termed "tried and untrue" by Joseph J. Weed, president of Weed & Co. and of Weed Television Corp., in commenting last week on decisions of newspapers in some cities to discontinue free listings of radio and tv programming.

Mr. Weed acknowledged it was the prerogative of the newspapers to make their own policies, but added that while radio and tv enjoyed "definite advantages" from free listings, the newspapers also benefited in "prestige and revenue." He pointed out that radio and tv are providing "sizable lineage in tune-in displays," and said that surveys conducted by newspaper publishers have shown that the radio-tv logs are "among the most-read features."

"Radio-tv logs—in terms of public interest—are as much a public service as printing the weather," Mr. Weed declared. "And, in areas

SHOWING blueprints of new radio-tv center for WKNB-AM-TV Hartford, Conn., to David Scott, national tv sales manager, is Mrs. John Lodge, wife of Connecticut's' governor. In the front row (l to r) are Richard Swift and George Bolling, both of the Bolling Co., national representative firm for WKNB.
That’s the gist of a message from Thad Crandell, executive vice president of Fidelity Federal Savings and Loan Association of Nashville, who says:

“In the 1 1/2 years we’ve used WSM-TV our total assets have grown from 13 million to over 20 million dollars. We interview every new customer who opens a savings account, and we’ve learned that WSM-TV has produced more of our new business than any other advertising medium we’ve used.”

For similar success, why not hook your product to WSM-TV’s selling power? See Irving Waugh or any Petry Man for details.
where such listings are not published, the field is opened wide for independent program weeklies which obtain paid circulation and advertising revenue that probably could have gone to the newspapers. There are large cities—New York being an outstanding example—where newspapers are printing more extensive logs and program data than hitherto. The tendency to publish a full week’s listings on weekends is growing—and rightly so. The radio-television pages are still ‘alive’ long after the other sections of the papers are discarded.”

**WTTM, Newspaper Start Second Newscast Series**

SO SUCCESSFUL has been a morning Monday-Friday newscast by WTTM Trenton, N. J., from the editorial offices of the nearby Bristol (Pa.) Daily Courier since it began Sept. 21, that the radio station and newspaper have made arrangements for a similar afternoon newscast, also on weekdays.

The afternoon newscast, for which contracts have been signed, began last Monday under sponsorship of Voltz Oil Co., distributor of O. H. Benson, of Norman’s Stationery Co., which has stores throughout New Jersey and Pennsylvania. The newscasts supplemented regular newscasts gathered and aired by the station’s own local news staff, headed by Arnold Seyfer, station director.

WTTM General Manager Fred L. Bernstein described the newscast as “another step forward” for WTTM in its “complete coverage of the ‘new’ Delaware Valley area.”

**GENERAL TELERADIO SEeks W HBQ-AM-TV**

NEGOTIATIONS for the sale of WHBQ-AM-TV were brought about by $2.5 million to General Teleradio Inc. were acknowledged last week by John H. Cleghorn, general manager of the Harding College station.

Details are being worked out, he said, by W. O. Beaman, college business manager, and Tom O’Neill, president of General Teleradio. Terms under consideration, it is understood, are a cash payment of about $600,000 and a 10-year note for the remainder. Broker is Richard C. Orange.

WHBQ operates on 560 kc with 5 kw day, 1 kw night, directional. It is affiliated with MBS and is represented by John Blair & Co. It began operating in 1925.

WHBQ-AM began operating on vhf ch. 13 last September. It has an interstitial affiliation with CBS-AM and is represented by Blair-AM. It is the second tv station in Memphis; the other is pre-freeze WMCT (TV), owned by the Memphis Commercial Appeal and Press Scimitar (Scripps-Howard).

General Teleradio, a subsidiary of General Tire & Rubber Co., Akron, Ohio, owns WOR-AM-FM-TV New York, WNAC-AM-AM-Boston, WNBA Providence, WONS Hartford and 55% of whf WGTN-TV Hartford, KHI-AM-FM-TV Los Angeles, KFRC San Francisco, and KGB San Diego. General Teleradio is also majority stockholder in MBS.

Reports that the WHBQ stations were for sale have been current for several months. Dr. George S. Benson, Harding College president, last month announced that a buyer was being sought for the properties [BWT, Jan. 11].

**Radio-TV Aid Seattle Civil Defense Alert**

Radio and television stations cooperated in the success of Seattle’s first all-out civil defense test last Friday.

KOMO-TV there aired a special program with explanatory interviews with Seattle’s Mayor Allan Pomeroy, Civil Defense Director C. F. Greber, Coordinator of Volunteers Paul Revelle and Police Chief H. J. Lawrence. KING-TV’s news editor, Charles Herring, and other station personalities carried Civil Defense Information on new programs throughout the week. Both stations scheduled five annoucements a day during the week.

At Friday’s H-Hour all eight Seattle radio stations broadcast a program piped directly from the Civil Defense control center, using Conelrad lines by permission of the FCC and Air Force. During the 14-minute program (the all-clear sounded after ten minutes), Frank McCollins, local Civil Defense public relations director, interviewed the Mayor and other public officials, and defense wardens gave on-the-spot reports of cooperation on the streets and in shelters. Civilians who remained in their cars heard the messages and the all-clear announcement on their car radios.

**WBZ-TV Slates Color Gear**

WBZ-TV Boston, Westinghouse-owned vhf ch. 4 station, will have equipment to telectric color slides and film by June, W. C. Swardt, station manager, announced following a press demonstration of NBC-TV’s Dinah Shore colorcast. The station will continue broadcasting NBC-TV color broadcasts as they are made available Mr. Swardt said, and will arrange a schedule of viewing for sponsors, agencies and other groups.

**KMTV (TV) Local Color in ’55**

LOCAL color production on KMTV (TV) Omaha will not be attempted until the latter part of 1955, according to Owen Saddler, general manager. The station already is equipped to broadcast network colorcasts, Mr. Saddler said. He also announced the appointment of Eugene Kingman and Kendrick Wilson as color consultants for the station. Mr. Kingman is director of Jostyn Memorial Art Museum. Mr. Wilson is director of the Omaha Community Playhouse.

**Special Program Marks WOI-TV Boost to 100 Kw**

A SPECIAL program marked the increase in power of WOI-TV Ames, Iowa, to its maximum 100 kw on Jan. 30.

On the special program schedule were James H. Jensen, provost of Iowa State College, licensee; Richard B. Hull, radio-television director; Dr. George Towne, ISC engineering extension service; Keith Ketcham, WOI-AM-FM-TV chief engineer, and Herb Hake, Iowa State Teachers College radio director and featured personality on several WOI-TV productions.

**WCBS-TV Offices Move**

OFFICES of CBS-owned WCBS-TV New York were to be moved over the past weekend from CBS headquarters building at 485 Madison Ave. to the sixth floor of the Look Bldg. across the street at 488 Madison. Program department remains in CBS Television Production Center at 524 W. 57th St., but program direction will be located in the Look Bldg. space. Move puts WCBS-TV offices adjacent to those of CBS Television Spot Sales, which were moved to the sixth floor of the Look Bldg. the preceding week. Telephone number remains Plaza 1-2345, and mailing address remains 485 Madison Ave., New York 22.

**Even on TV There’s Radio**

RADIO went on television in New York last week to promote radio. NBC’s WNBC bought 40 minutes on NBC’s WNBT (TV) Saturday night to let viewers know what they miss if they don’t tune to WNBC. The program, *WNBC Showcase*, was slated from 11:20 p.m. to midnight, and was designed primarily to promote WNBC’s daytime programming.
YEAR-END REPORT ON

BELL SYSTEM NETWORK TELEVISION SERVICE

In 1953 the Bell System added some 17,000 channel miles to radio relay and coaxial cable routes for video transmission. About 50,000 channel miles of coast-to-coast and border-to-border network now connects some 240 stations in 150 cities with a potential audience for a single program of 100,000,000 people.

1953 moved ahead with—

— a record number of stations added to the Bell System television network
— an international video link with the connection of television facilities extending into Canada
— the first coast-to-coast color television transmission.

More television “firsts” and new developments can be expected in the year to come. The Bell System will continue to keep in step with the industry’s requirements for network service.
**Jefferson Standard Names Covington, Tredwell, Spicer**

I. ROBERT COVINGTON and Kenneth I. Tredwell have been elected vice presidents of the Jefferson Standard Broadcasting Co., Joseph M. Bryan, president of the company which operates WBT WBTV (TV) Charlotte, N. C., has announced. Also promoted was C. Kenneth Spicer as controller and assistant secretary.

The appointments were announced at the firm's annual board of directors and stockholders meeting.

‘Mr. Covington, assistant vice president in charge of sales and promotion, joined WBT in 1947. Mr. Tredwell, assistant vice president in charge of programs and public relations, came to WBT in 1947 as production manager and later became program director.

Mr. Spicer was promoted in 1948, the year he joined WBT, to business manager.

**WBK B (TV) Offers Spots Around ‘Breakfast Club’**

SPOT availabilities are being offered around for the tv portion of the ABC Don McNeill Breakfast Club, which begins simulcast operation Feb. 22, according to WBKB (TV) Chicago, ABC oke station.

Spots will be offered to advertisers, as on the radio version, at 8 a.m., 8:15, 8:30 and 8:45 a.m., (CST), at a $250 package price covering five 20-second announcements Monday through Friday, or for $120 covering five 10-second announcements. Individual spots are pegged at $50 per 10-seconds.

Thus far, no advertiser on the radio version has exercised its option to pick up part of the tv end of the simulcast. It was reported that Swift & Co., sponsor of the 8:15-45 a.m. segment, has been given an extension of time to indicate its plans and that Philo Corp. will then follow suit with its decision.

**KTIP Porterville, Calif., Sold to Ralph Miller**

PURCHASE of KTIP Porterville, Calif., by Ralph F. Miller, advertising executive of the San Francisco Call-Bulletin for $50,000 from J. F. Tigher, automobile distributor and appliance dealer, subject to FCC approval, was announced last week. Purchase of fixed assets and real estate was negotiated by Blackburn-Hamilton Co., brokers. The 250 kw, ABC affiliate on 1450 kc has been in operation since 1947.

Mr. Miller was at one time national sales manager of KCRA Sacramento and prior to that associated with KVOS Bellingham, Wash.

**WBT-WBTV (TV) Begins Million-Dollar Plant**

THE NEW million-dollar home of WBT-WBTV (TV) Charlotte, for which ground was broken Jan. 25, is expected to be complete in 10 months, according to Joseph M. Bryan, president of the Jefferson Standard Broadcasting Co.

Mr. Bryan said the two-story brick, concrete and steel structure to be built in suburban Charlotte will be the first tv plant in the nation designed especially to accommodate color telecasts. Occupying a six-acre tract, the building will contain 47,000 square feet of floor space with room for expansion.

The building will contain two tv studios 40 by 40 and 40 by 60 feet, each with a 27-foot ceiling to accommodate lighting and scenery, with an adjacent storage area the size of both studios. There will be three radio studios. The building will contain storage space, photographic darkrooms and a lounge and cafeteria, adjoining an outside terrace. Parking space will accommodate 100 cars.

Thomas E. Howard, the firm’s director of engineering, helped design the floor plan and interior.

**KMPT (TV) Makes Changes; Farha Named New Manager**

FRED M. FARHA, commercial manager of KMPT (TV) Oklahoma City, has been appointed general manager of the station, succeeding Byrce Ross, who has resigned as president and general manager. A successor to the presidency vacated by Mr. Ross has not been named.

The board of directors of KIPR Television Inc., licensee of KMPT, along with Mr. Ross' resignation also accepted that of Monty Wells, assistant general manager, at a meeting Jan. 25. Mr. Wells' successor has not been named.

The change in management of the Oklahoma City station, more hours, and studio and office space will accommodate three radio and two television stations.

**WBZ-WBZA Name Richards**

C. LUD RICHARDS has been named sales service manager for WBZ Boston-WBZA Springfield, it was announced last week by Paul E. Mills, manager of the two Westinghouse Broadcast Co. stations. Mr. Richards formerly was sales promotion manager with WBCC Bethesda, Md., and sales manager for WAMS Washington. He assumes his new post March 1.

**WHLI Business Rise**

WHILI Hempstead, L. I., enjoyed the biggest three-month sales period in its history during the last quarter of 1953, president and general manager Paul Godofsky reported recently. He said national spot business on the station was up 42% during 1953, and estimated that overall billings for January ran 18% above those for the first month of 1953.
WITV (TV) Names Butcher as Head

BLAYNE BUTCHER, a veteran of three decades of experience in the broadcasting field, has been appointed general manager of WITV (TV) Ft. Lauderdale (Miami), on ch. 17.

Mr. Butcher, who assumes the post immediately, has been serving as consultant for three tv station applicants in the East and the South. Before that he was business director-consultant to a Pennsylvania tv station and earlier served in top capacities with radio and tv stations on both coasts.

According to the announcement of his appointment, Mr. Butcher will have a leading role in WITV’s plans, in progress since the ABC and DuMont affiliate went on the air last Thanksgiving Day as Florida’s “most powerful” tv station.

The station expects to originate network shows the year around from its outdoor tv settings, which include a regulation football and baseball layout, an “Olympic-size” swimming pool and a “complete Wild West village.”

Mr. Butcher’s experience includes several years of agency assignments, including responsibilities for such shows as Walter Winchell, Suspense and other productions.

WBKB (TV) Expands Operation

WBKB (TV) Chicago will expand its program lineup and hours of operation starting today (Monday) with the addition of six new video shows, it was announced last Monday by Sterling C. Quinlan, vice president in charge of the ABC outlet. The station will move its sign-on time from 9 a.m. to 7 a.m.

WOWO Goes to 50 Kw; Completes Pre-War Plan

WOWO Fort Wayne, Ind., increased its power from 10 to 50 kw last Monday in ceremonies attended by Westinghouse Broadcasting Co. executives and representatives of the advertising industry. The dedication culminated a project undertaken in 1939 but held up by the war and regulatory problems.

As the 6th 50 kw aural broadcast station, WOWO and Westinghouse showed their faith in the future of the medium, it was explained at the inaugural broadcast and supper held in the Chamber of Commerce Bldg., Fort Wayne.

Chris J. Witting, WBC president, participated via tape recording. Other WBC participants included Joseph E. Baudino, WBC vice president and general manager; Carl W. Vandagriff, WOWO manager; Bruce Ratts, WOWO chief engineer, John F. Hardesty, WBC eastern sales coordinator, and David Partridge, WBC sales promotion and advertising manager, as well as representatives of Free & Peters, representing WBC radio and tv stations.

O. B. Capelle, Miles Labs advertising manager, took part, the firm having been on the station continuously since 1931. Other advertiser representatives came from Kroger Co., Perfection Biscuit Co. and Rowland’s Furniture.
BOOST TO 50 KW was celebrated last Monday by WOWO Fort Wayne. Among those around ice-moulded call letters were (t o r) Carl Vandagriff, WOWO manager, J. Elvin Becker, first manager of station, “Fort Wayne News” (WGL), and Joseph E. executive vice president and general manager.

In his inaugural address Mr. Vandagriff said the fulltime job facing the entire WOWO staff is to develop acceptance for the station among 1,700,000 potential new listeners and then convert people and service into buyers of advertisers’ products. He estimated the coverage has been doubled by the increase from 10 to 30 kw.

The project represents an investment of $230,000. The Westinghouse 50HG-2 transmitter is located 11 miles southwest of Fort Wayne on U. S. Route 24. Three 415-foot towers provide a signal that becomes directional at night, protecting KEX Portland, Ore., WBC station, and a Mexican outlet.

WLK Sets $100,000 In Expansion Plans

PLANS for expansion of station facilities, program department and sales department at WLK New York at a cost estimated at $100,000 were announced last week by Harry Novik, general manager. He said the principal expense to be incurred is the cost of a new $75,000 transmitter.

The transmitter, nearing completion, is located in the heart of New York in the East River opposite 80th St. Mr. Novik said that the new transmitter will improve WLK’s clarity and reception in the New York area by 50%. He added that the transmitter will be dedicated formally on Feb. 22 at ceremonies at Gracie Mansion, where Mayor Robert F. Wagner of New York resides, and at the Hotel Theresa in Harlem where WLK maintains its Harlem radio center.

In line with its expansion program, WLK recently announced the addition of three staff members to fill key posts in the station’s revamped operations. They are G. James Fleming, previously executive editor of the New York Amsterdam News, who has been appointed WLK director of community news and special events; George A. Bernstein, formerly general manager of WOL Washington, who has been named sales manager and Hal Jackson, who will take over as broadcaster for the 11 a.m.-12 noon and 3:30-6:15 p.m. EST, Negro periods.

WABC-TV Puts $300,000 Into Promotional Drive

In a move designed to focus public attention on its increased programming, new talent and improved technical facilities, ABC-TV’s WABC-TV New York last Monday launched a $30(0-00, five-week promotion campaign 8:01, Jan. 25.

The high point of the campaign, according to John H. Mitchell, vice president and general manager of the station, is a giant “Lucky 7” contest aimed at impressing viewers with the station’s channel number. The contest consists of cash awards ranging from $10 to $10,000.

Other features of the station’s promotional effort will be a $50,000 advertising campaign in Greater New York newspapers; an additional $35,000 earmarked for exploitation; $50,000 in airline devoted to special daily “Lucky 7” telecasts, and $90,000 for special studio facilities, added personnel for the contest staff, talent and miscellaneous expenditures.

Norman, KNBH (TV), Resigns

DON NORMAN, general manager, KNBH (TV) Hollywood, NBC-TV o&0 station, resigned last week to become managing director of Television California, applicant for vhf Ch. 2, San Francisco-Oakland.

Joining NBC New York 10 years ago as account executive, he came to Hollywood in mid-1950 as KNBH sales manager, when Tom McFadden, station manager, was shifted to New York to head the network’s spot sales division. About 18 months ago, Mr. Norman took over KNBH managerial duties. His successor was to be announced Friday [see AT Deadline].

KNX Raises Rates 10-15%

KNX Hollywood, CBS o&0 station, has announced its first rate raise in seven years. Rate card No. 13 provides between 10% to 15% increase, depending on length and frequency of commercials, according to Bert S. West, director of West Coast sales, CBS Radio.

Baby Sitter WNEW

WNEW New York is turning baby sitter with a new quarter-hour program for parents awakened for the 2 a.m. bottle feeding of their infants.

Starting tonight (Monday) Art Ford’s all-night Milkman’s Matinee will devote a special quarter-hour segment (2:2:15 a.m.) to baby-care tips prepared in cooperation with Parents Magazine.

To date WNEW has signed four standard advertisers: Clapp’s Baby Foods, Mennen Baby Products, Borden Products, and Q-Tips, as well as three other highly specialized parent appeal products—Lullaby-Lite, an infant’s musical night light; Electronic Baby Sitter, a radio speaker which airs sounds from baby through any home radio, and Continental Insurance Co.—to participate on the program.

Albert Beck Dies

ALBERT L. BECK Jr., 32, WOWO Fort Wayne, Ind., salesman, was fatally injured early Tuesday when the auto in which he was riding went out of control. Mr. Beck died at 4:32 a.m., an hour after the accident, from a skull fracture and cerebral hemorrhage. He was a passenger in a car which police said was driven by Raymond J. Krogh, WOWO production manager, who was held under $2,000 bond on a reckless driving charge. The right side of the Krogh car was sheared off as the vehicle sideswiped two trees.
AFM STRIKE THREAT GROWS GREATER

Local 802 — in New York where majority of network shows originate — is said to have Petrillo assurances that he will not intercede with local as he did in similar situation three years ago.

RADIO and television networks last week were haunted by an old refrain that plagued them three years ago — threat of a strike by the powerful New York Local 802 of the American Federation of Musicians (AFL).

At a special meeting in New York Wednesday night, Al Manutti, president of Local 802, was authorized by the membership to call a strike, if he deemed it necessary. Mr. Manutti was voted this authority by unanimous agreement of more than 700 musicians in attendance after he had presented a report on progress of the month-long negotiations with representatives of the radio and tv networks.

A network source minimized the significance of the strike authorization, indicating it was a bargaining-point maneuver, and said he felt there was no immediate prospect of strike action. Pointing out that another meeting with Local 802 was scheduled for last Friday afternoon and another session with AFM President James C. Petrillo in attendance was planned for today (Monday), he said discussions at these conferences might change the entire character of union strategy. But a union official contended that the local would not back down on a demand for "live" musicians on all live shows, which the networks have repudiated sharply, and that Local 802 has Mr. Petrillo's assurance that he will not bring pressure on the local, as he has done in the past, if leaders are certain of the soundness of their position.

Effects Would Be Widespread

The widespread repercussions of such a strike, if called, is underlined by the pre-eminence of New York in network origination of programs using music. It was estimated that about 60% of such programs emanate from New York, though neither union nor network sources could confirm this figure. Various reference sources consulted by B*T indicate that New York accounts for 60%; Hollywood, 15%; Chicago, 10%, and other cities, 15%.

Mr. Manutti, according to a union official, was provided the right to call a strike Feb. 15 when the currently extended contract expires, after he had told membership that the union and the networks were "far apart" on provisions for a new pact. The main area of disagreement is said to center around Local 802’s "live" musicians demands, but there are said to be subsidiary considerations to be ironed out.

A source close to Local 802 told B*T Thursday that the New York musicians are prepared to call a strike if this condition is not met and that opinion within the union is that the networks will not accede to this demand. He pointed out that history is repeating itself insofar as Local 802 three years ago threatened to strike before the 1951 contract was completed, but held off at the insistence of Mr. Petrillo, who finally assisted in the formulation of an agreement.

But the parallel with 1951 does not continue, the source asserted, because President Petrillo

Again and again WBNS-TV’s Aunt Fran and her Playmates set sales records with varied product promotions. The Strie- mann-Felber Biscuit Co. recently reported a "quick turnover and fast sell out" of their Jumbo Size Circus Animal Cookies promoted on Aunt Fran.

This WBNS-TV popular, locally produced children’s program appears each weekday at 4 P.M.

All of this show’s commercial successes reflect children’s vast sales influence in the home. This is further proven by the fact that Aunt Fran has maintained a high "top ten" rating for the past year (Tele-pulse 1953-54), and an established reputation as one of Central Ohio’s most powerful sales builders.

You can cash in on Aunt Fran’s winning way with children by offering your products to her audiences who hold complete confidence in her recommendations.

For peak sales results, use WBNS-TV, the nation’s leading test market station.

WBNS-TV

REPRESENTED BY BLAIR TV

February 8, 1954 • Page 59
has indicated he will rely heavily on the judgment of his local negotiators. One instance of this change of policy by Mr. Petrillo is said to have occurred last fall when he refused to intervene in negotiations with the Metropolitan Opera Assn., contending this was the province of Local 802.

Seemingly more germane to the network contract issue is the report that Mr. Petrillo has expressed regrets that he did not drive "a harder bargain" with the networks three years ago.

At the first session the union laid down demands for a 15% wage increase, an approximately 24% rise in the number of staff musicians, and expansion of employment opportunities by using "live" musicians on all live programs. The networks are reported amenable to the wage condition, but vigorously opposed to the two other proposals.

According to a union source, Local 802 leaders have become incensed at the networks' demand for the right to record all cues, bridges and mood music and for a continuation of the present unrestricted use of recorded music.

In addition to conferences with Local 802, network representatives have been meeting with John Tegroen, president of Los Angeles Local 47.

Mr. Tegroen is said to be pressing for a 25% increase in salaries for musicians under his jurisdiction. Mr. Petrillo, who attended the first meeting as president of AFM as well as president of Chicago Local 208, has been in Miami for several weeks on other union business. He is expected to return to New York today.

Network representatives at the meeting have included John M. Clifford, vice president in charge of personnel, and Charles Moore of the legal department. Nick Mortimer Weinbach, director of labor relations, and Omar Elder, attorney and assistant secretary, ABC: James E. Wallen, administrative vice president in charge of finance, MBS, and William Pitts, director of labor relations. CBS.

NEW YORK WELFARE HEAD CHARGES 'STRIKE IT RICH' SHOW SOLICITS FUNDS

City's Commissioner, Henry McCarthy, says radio-tv program sponsored by Colgate-Palmolive on CBS-TV and NBC Radio, is acting as 'welfare' agency and is drawing charity cases to New York. Walt Framer Productions owner denies solicitation charge.

A CRACK-DOWN on giveaway programs, already under FCC fire, was undertaken last week by the New York City Welfare Dept., when its commissioner ruled a program he considered "a national disgrace" needed a license from his office to continue operating.

He implied he didn't think it deserved one. But, it's reported that he will notify the producer today (Monday) that such a license is mandatory.

Target of Welfare Commissioner Henry L. McCarthy's opening attack was the radio-tv veteran, Strike It Rich, which Colgate-Palmolive Co. sponsors on CBS-TV (Mon.-Fri., 11:30 a.m. to noon, and Wed., 9-9:30 p.m.) and, using a tape from the tv show, on NBC Radio (Mon.-Fri., 11:11:30 a.m.).

Mr. McCarthy and his legal adviser, Philip Sokol, held that Strike It Rich makes a public solicitation money to help those who appear on the program, is a "welfare agency" and needs a license for solicitations. They implied that other programs with similar formats fall into the same legal category.

Walt Framer of Walt Framer Productions, owner and producer of the program, denied Strike It Rich had ever solicited funds; said prize monies given for correct answers are paid by the sponsor, and denied that the law on which Mr. McCarthy based his ruling applied to the radio-tv show. Neither the networks, the sponsor, nor the agency, William Esty & Co., had any official comment on the ruling.

There is no charge for a license, but one may be refused after an investigation, in which case the program can take the issue to court. If the commissioner sticks to his ruling and the program operates without a license, the city may take the case to court. In line with Mr. Framer's contention that the law does not apply to Strike It Rich, a spokesman for the program said that if the law is changed to make it applicable, then the program will comply with the law.

The commissioner, in a letter to Mr. Framer last Tuesday, said, "I urge you to consider seriously the propriety of attempting to continue to operate a radio program without a license as a private welfare agency in the absence of legal sanction and the necessary equipment and qualifications for such work." He said it was "mere quibbling" for Framer to contend there had been no "solicitation" on the program.

Mr. McCarthy was quoted as telling newsmen that "programs like this are a national disgrace. They create the impression that destitute people in the U.S. have no place to go, and this in the face of the most comprehensive Community Chest and public and private welfare organizations in the world.

"Every time these poor souls have to expose their souls in public we are playing into the hands of the Communists. It is a return to the tin cup begging idea of charity."

'Easy Money' Brings Them

Mr. McCarthy contended 55 families had come to New York in search of "easy money" on Strike It Rich and had ended up on relief. His legal adviser said the program thus caused a "drain on the city."

This and not the solicitation-of-funds issue, according to a spokesman for the Framer organization, was the complaint made by Mr. McCarthy in a conference with Mr. Framer about two months ago. At that time, the spokesman said, solicitation was not mentioned.

Rather, he reported, Mr. McCarthy insisted that no people who are on or eligible for relief be used as contestants on the program—and, the spokesman added, the commissioner also wanted to pass on the contestants in advance.

Mr. Framer was reported to have refused the latter request but offered to submit the names of New York contestants in advance. This arrangement was said to have been followed until, a fortnight ago, a pastor appeared with a contestant who was found afterward to be eligible for relief. This irked the commissioner, the Framer spokesman said.

The Framer organization said Mr. McCarthy wrote on Jan. 26, referring to the program's "Heart Fund"—contributions received from viewers and listeners for distribution among participants on the show—that "some unproved rumor that has come to my attention has it that the "Heart Fund" has collected approximately one million dollars from its 20 million listeners and viewers. The recent investigation of 'charity rackets' conducted by New York State Senator Tompkins has highlighted the
need for strict accounting for all funds collected by any organization for charitable purposes.

"... As I understand it, the 'Heart Fund' is composed of monies collected from the public for disposition at the discretion of the officials of the program.

"This office is interested in the authorization under which these funds are solicited and collected, as is responsible for their allocation and whether any accounting is made of disbursements from the 'Heart Fund' for charitable purposes or expenses and to whom such accounting is made.

"Receipt of this information will enable us to determine whether this department has responsibility in the matter or whether some other official agency or investigating committee should take cognizance of it."

In response, Mr. Framer wrote the commissioner last Monday that the welfare head had been "seriously misinformed concerning the operation of the Heart Fund," which he said in 1951-52 received a total of $42,209.63 and as of December 31, 1953, had a balance of $1,281.83 in undistributed donations.

Mr. Framer explained that the "Heart Fund" began April 1951 because of spontaneous reaction from program listeners and viewers. He said there had been no solicitation nor collection of funds and that donors had given specific directions for disposition of monies. A special bank account, separate from the program operation, has been set up, he said, and no part of the monies is used for expenses.

Mr. Framer said "complete and accurate records" are kept of all receipts and disbursements and monthly audited reports are sent to the sponsor and to its advertising agency. These records, he said, were available for inspection.

He added that it must be clear to Mr. McCarthy that the "unverified rumor" the commissioner had mentioned "is completely without basis and has only tended to mislead you and others. It is indeed unfortunate that rumors of this nature occur."

McCarthy Reply

To this Mr. McCarthy replied on Feb. 2 that "I am glad to have your statement." He continued: "While you appear to have taken certain steps to safeguard the integrity of these funds, these measures are far from adequate and do not provide the protection to the public which is expected from organizations which raise funds for charitable purposes." Commissioner McCarthy said, "There are two basic reasons for this," and listed them as:

1. ... Your program cannot and does not properly investigate the validity of the representations made by the participants on the show. The inducement to the public is, therefore, apt to be false and misleading and their contributions obtained under false pretenses. An example of this is the incident reported in the press last week of the individual who appeared on Strike It Rich, received about $165 and while on the program was identified and later arrested as a fugitive from justice."

2. "The basis for the distribution where no beneficiary is named and which you state is the 'sound discretion of the program producers' is, in fact, wholly unsound. The producers of Strike It Rich are not persons who have been chosen for their positions in the broadcasting field on the basis of their qualifications as welfare specialists. The responsibility of receiving and disposing of trust funds intended for destitute persons should not be discharged..."
by mere whim parading under the guise of 'discretion.' . . . ."

The commissioner maintained that "it is apparent that the Strike It Rich program has assumed the character of a welfare agency and has projected itself into an area reserved for legally authorized and duly accredited and equipped private and public agencies in the field of philanthropy." He added that he would be glad to accept Mr. Fram's offer to make the Heart Fund books available for inspection.

In the statement he released subsequently to newsmen, Mr. Fram summarized his position as detailed in his letter to Mr. McCarthy, and added: "We can only register surprise that we are being subjected to an attack for helping people who are deserving."

Murphy Letter
Coincidentally, his office released a copy of a letter received last month from another executive of the welfare department—John J. Murphy, executive director of Children's Center—expressing appreciation to Mr. Fram for "your part in helping us to achieve for the children the happiest possible occasion" last Christmas. "Without exception, the children were surprised and thrilled by the marvelous gifts from Santa Claus," the letter said. "You can be truly gratified by the reflected radiance of the boys and girls whose Day and Season was made perfect by your generosity."

**NBC RADIO AFFILIATES UNIT APPROVES EASED 'CONTIGUOUS RATE' STRUCTURE**

Proposal is designed to put NBC Radio on better competitive footing with CBS Radio. The plan will be submitted for affiliates' vote.

RELAXATION of the "contiguous rate" structure of NBC Radio, calculated to bring it more nearly into line with that of CBS Radio, was approved last week by the NBC Radio Affiliates subcommittee for immediate submission to all affiliates of that network.

NBC officials sent out telegrams Thursday advising stations of the move and asking them to sign affiliation contract amendments incorporating the changes, which the network hopes to put into effect March 1. The proposal encompasses these two changes:

1. Cut from five to two the number of days on which an advertiser must sponsor a quarter-hour (or longer) time period in order to be eligible for the contiguous rate for an additional, equivalent period at night. For example, under the new plan an advertiser with two daytime quarter-hours could buy another quarter-hour on one of those evenings and, for the two quarter-hours falling in the same day, get the half-hour rate (60% of the hourly rate) rather than pay for each at the quarter-hour rate (40% of the hourly rate, or 80% for the two periods).

2. Any advertiser sponsoring at least a quarter-hour daytime can purchase an equivalent amount of evening time (on any evening) and, for the evening period, pay at "fractional" or "clock hour" rates. This means, for example, that a sponsor of a daytime quarter-hour may add an evening quarter-hour and, for the evening period, pay at 25% of the hourly rate. For his daytime quarter-hour the regular 40% of the hourly rate will prevail.

The latter plan is substantially the same as that in effect at CBS Radio, except that spokesmen for the latter network said in its case the evening time period must fall on the same day as the daytime period in order to be eligible for the lower rate.

The NBC Radio changes were approved by the affiliates subcommittee headed by Robert D. Sweezy, WDSU New Orleans, in an all-day session with network officials in New York Tuesday. Subcommittee members took the position that the revisions were necessary to put NBC Radio on a more even competitive footing with CBS Radio.

The contiguous rates were described as the principal subject covered at the session, although affiliates said network officials again made clear their intentions of strengthening the radio operation in every way they could.

**New Program Broached**

The possibility of launching a new program with a new sales format—somewhat like the participation sales plans employed on NBC-TV's Today program and NBC Radio's two-hour Weekend series, for example—was broached by network officials, but discussion for the most part was left for a subsequent affiliates-network session, participants reported.

The next meeting between the subcommittee and NBC officials, it was set for Feb 23 in New York.

All subcommittee members were present except Paul W. Morency, WTCIC Hartford, and Richard Mason, WPTF Raleigh. Those on hand, in addition to Chairman Sweezy, were Vice Chairman E. R. Vadeboncouer, WSYR Syracuse; Secretary-Treasurer Harold Essex, WSJS Winston-Salem; Milton Greenebaum, WSAM Saginaw, Mich.; George M. Norton, WAVE Louisville; Clair McCollough, Steiman stations, and Robert Hanna, WGY Schenectady.

The network delegation included President Sylvester L. (Pat) Weaver Jr.; Executive Vice President Robert W. Sarnoff; Finance and Services Vice President Joseph V. Heffernan; Station Relations Vice President Harry Banister, and Station Relations Manager Tom Knodle.

**DBS Begins Service To Southeast Fms**

SOME 30 fm outlets in four southeastern states last Monday began receiving four and a half hours of programming five days a week from the Dixie Broadcasting Service, a new network made up of small, rural fm stations, according to Otis Parker, DBS vice president in charge of station relations and sales.

Mr. Parker, who also is president of Southern Radio Representives, Atlanta, represents the stations in Georgia, Alabama, South Carolina and Tennessee.

DBS programs are originated on WGST-FM Atlanta, with feed by fm and fm relay. Other DBS officers are J. E. Patrick, president-general manager, and Zenas Sears and William Lowry, administrative vice presidents. Offices...
are at 617 One Peachtree Bldg., Atlanta, with telephone Cypress 0053.

Mr. Parker said programming will feature the "three R's—rural, race and religion," aimed at the small station market in the South and Southeast. Among talent will be news analysts by Robert Vogeler, American formerly a prisoner of the Communist. All stations reported "fine reception" of a test broadcast Jan. 25 and are "related over the setup," he said.

DBS service is free to SRR member stations. There will be no option time and shows may be sold locally or if sold regionally or nationally, the station airing the show will receive its local net rate, he said.

4 DTN Contracts Extended
EXTENSION of contracts by four advertisers of programs over DuMont Television Network was announced last fortnight by Gerry Martin, director of network sales. Heading the list was Helene Curtis Industries Inc., through Ruthrauff & Ryan, which lengthened its sponsorship of Down You Go (Fri., 10:30-11 p.m., EST) through Jan. 23, 1955, and also stepped up its sponsorship of the show from alternate week to a weekly basis.

Other advertisers which extended contracts were Larus & Bro. Co., Richmond, through Warner & Legler, and Carter Products Inc., New York, through Ted Bates & Co., for co-sponsorship through March 28, of The Plain clothes Man (Sun., 9:30-10 p.m. EST), and River Brand Rice, New York, through Donahue & Cox, for sponsorship, through April 14, of Wednesday, 3:30-4:00 p.m. portion of Paul Dixon Show (Mon.-Fri., 3:30-4 p.m. EST).

Four Sign for 'Today'
SIGNING of four new clients for participations in NBC-TV's Today (Mon.-Fri. 7-9 a.m. EST and CST) was announced last week: Mutual Benefit Health & Accident Assn. of Omaha, 39 from Jan. 25 to April 23, through Bozell & Jacobs, Omaha; Bissell Carpet Sweeper Co., Grand Rapids, 11 from April 5 to May 27, through N. W. Ayer & Son, N. Y., C. F. Church Mfg. Co. Holyoke, Mass., four from March 1-26, and Brown & Halsey Candy Co., Tacoma, Wash., one on Feb. 9.

Windy, the bright spirit of TV in Central Kansas, is rushing in with your KTVH BONUS...that's yours for the asking! That is...asking for time on the one TV station that not only blankets the important Wichita-Hutchinson market but gives you a vast, exclusive Central Kansas BONUS coverage...BONUS sales...BONUS profits! KTVH business offices in Wichita and Hutchinson; studios in Hutchinson; Howard Peterson, General Manager.

MUTUAL President Thomas F. O'Neil (r) is made an honorary colonel of the State of Kentucky by the governor's proclamation presented here by Hugh Potter, general manager of WOMI Owensboro, Ky., and member of the Mutual Affiliates Advisory Committee. All MBS vice presidents were presented a key "to the old Kentucky home."

AT&T Plans Radio Relays
APPLICATION to construct a radio relay system from Amarillo, Tex., to Albuquerque that would initially provide two westbound video channels between these cities, starting late in the summer, was filed last week with the FCC by AT&T's long lines Dept. With the eventual goal of a "supercommunications highway" from Amarillo to Los Angeles, the phone company plans call for a second section—an eastbound channel from Los Angeles to a point near Baker, Calif., providing network tv service to Las Vegas, Nev., to be constructed following completion of the first link. Final section between Baker and Albuquerque will be built at some later date.

AT&T Links Another Four
FOUR more tv stations were connected to the Bell System's intercity network of tv transmission facilities Monday: WCSC-TV Charleston, S. C.; KOMU-TV Columbia, Mo.; KWFT-TV and KFDX-TV Wichita Falls, Tex. Total of 268 stations in 167 cities are now interconnected, AT&T said.

Folts Joins ABC Radio
HARRY FOLTS, for the past two years manager of WINS New York, joins ABC Radio as an account executive. He previously was assistant general sales manager of WLW Cincinnati.
ABC MEETS WITH AFFILIATES IN CHICAGO; OUTLINES SPLIT SPONSORSHIP, TV PLANS

Indications are that a majority of ABC's radio affiliates will go along with its controversial split sponsorship plan. More than 125 radio-tv affiliates hear the network's promotion and programming ideas.

ABC's radio-tv programming and promotion plans, including its controversial split sponsorship radio format, were aired last week before more than 125 affiliates at Chicago's Drake Hotel at the third in a series of regional closed sessions.

The sessions were described generally as harmonious, and while some affiliates voiced concern with the split sponsorship plan, the majority indicated they would go along with it.

ABC outlined its plans, as at the recent Los Angeles and New York sessions [B&T, Feb. 1, Jan. 18], as a "reasonable" solution to the competitive radio picture involving NBC and CBS and despite a protest from Station Representatives Assn. that they in effect constitute a "rate cut."

Robert Kintner, ABC president, expressed gratification with the three sessions held thus far. He claimed "heavy" approval of the split sponsorship plan and enthusiasm for ABC-TV's fall tv prospects. Discussion of the rate plan and the tv network's outlook in terms of talent highlighted the Chicago sessions.

Reporting on the ABC meetings covering talks to some 108 tv and 370 radio affiliates, Mr. Kintner noted "enthusiasm" for ABC's radio-tv plans.

Among new ABC-TV fall prospects are Sammy Davis Jr. and Joel Gray, personality finds. ABC-TV is trying to develop fresh tv talent, Mr. Kintner explained.

He reaffirmed ABC faith in radio's future charge of programming and talent, described plans for a weekly motion picture industry tv network program under an agreement evolved by ABC-TV and the Motion Picture Producers of America [B&T, Feb 1].

The Chicago meeting opened Monday morning with a general session and details of the network's general plans. Afternoon was devoted to radio and Tuesday morning to tv.

Representing AB-PT Inc., besides Messrs. Kintner and Weitman, were Leonard Goldenssen, AB-PT president, and vice presidents: Alexander Stronach, tv network; Charles Ayres, radio network; Ernest Lee Jahncke, station relations; Frank Marx, engineering.

In the ABC Chicago contingent were James Stirton, vice president, tv network; Sterling Quinlan, new vice president in charge of ABC's o&o WBKB (TV); Don Roberts, manager of ABC Radio, Chicago.

Spot Invasion Charge

Alleged invasion of spot radio by networks cropped up during the Monday radio sessions, with affiliates questioning network executives. The affiliates reportedly were told advertisers won't, in most cases, buy 202 stations (as on the radio network) on a spot basis; that network split sponsorship guarantees business for ABC affiliates outright; that spot buying does not mean saturation buying.

At one point an affiliate broadcaster asserted the network's plans would amount to "more business at our expense." He was told that this would make radio "more flexible" and "less expensive to buy," and that it would be a "larger pie to cut up." It was explained that ABC felt its three split sponsorship plans to be "competitive" or at least placed it in a position to compete more favorably with NBC and CBS.

These are the three plans ABC has asked affiliates to approve: (1) advertisers would be permitted to sponsor half of quarter-hour day-time serials, and the station permitted to sell other half of program at one compensation to the network; (2) advertisers would be per-
Here is amazing MANEUVERABILITY never before achieved!

NEW! for Film and TV Cameras

NEW! CIRCULAR STEERING
Entirely new steering mechanism makes possible easy, smooth, sharp turning on own axis or in any desired arc. Wheels can also be locked parallel for straight tracking in any direction.

VERSATILE WHEEL POSITIONS
- STRAIGHT TRACKING
- PARALLEL STEERING
- CIRCULAR STEERING
- PIVOTING

NEW! MANEUVERABILITY
The extreme flexibility of the steering mechanism makes possible fast positioning in small, crowded studios.

NEW! HANDLING EASE
Weights only 500 pounds. Cameramen and grips appreciate easy dollying, turning, raising and lowering boom.

NEW! LOW SLUNG CHASSIS
Cinemobile is built low down for better balance, greater stability and smoother rolling.

NEW! VERSATILITY
Makes possible a wide range of camera effects formerly achieved only with larger, heavier equipment. Priced to fit the budget of smaller studios.

475 Fifth Avenue New York 17, N. Y.
MAJ. EDWIN ARMSTRONG, FATHER OF FM, OTHER RADIO INVENTIONS, DEAD AT 63

Renowned radio inventor was credited with fm, the regenerative circuit, the superheterodyne receiving system and the super-regenerative circuit. His latest successful project was multiplexing signals on a single fm band.

John Scott Medal awarded by the Board of Directors of City Trusts, Philadelphia, 1942; Edison Medal of the American Institute of Electrical Engineers, 1943. He was made a Chevalier of the Legion of Honor of the French Government in 1919.

Born in New York

Maj. Edwin Howard Armstrong, who developed the fm system of broadcasting, died last Monday at the age of 63 after a fall from his 13th-floor apartment in New York. Reporting he had left a note to his estranged wife, Marian Mclniss Armstrong, police listed his death as a suicide.

In addition to developing fm, Maj. Armstrong also was responsible for other major advances in radio transmission and reception. In 1912, while still in college, he invented the regenerative circuit, which made possible the creation and maintenance of a world-wide wireless communications system. A few years later, while serving in France as a Signal Corps major during World War I, he invented the superheterodyne receiving system used in all standard receivers today.

The super-regenerative circuit, which made two-way radio possible, came in 1920. In 1933, Maj. Armstrong disclosed his "staticless radio," fm, which, in addition to its widespread use for sound broadcasting, also is used for the sound channels of television. Only last year [BT, March 23, Oct. 19, 1953] he announced and demonstrated a system of multiplexing fm signals so as to permit two or more simultaneous broadcasts over a single fm band.

Maj. Armstrong began toying with the fm idea in the 1920's and by 1933 was far enough along with it to persuade RCA to give him space in the Empire State Bldg. in New York, where RCA already had begun its experimental telecasting, to test out his theories. But after a few years RCA decided to concentrate on television and the major moved his apparatus to Alpine, N. J., on the Palisades just across the Hudson from uptown New York. There he established W2XMN, which in 1938 began broadcasting via fm on 42.8 mc.

Mecca of Fm

Since that time, W2XMN has been the mecca of fm, source of most of the innovations in this type of broadcasting. In January 1940, W2XMN picked up a program from neighboring W2XAG Yonkers and passed it along with benefit of wireless to WIXPW Meriden, Conn., which in turn relayed it to WIXOJ Paxton, Mass. and thence to WIXER Mt. Washington, N. H., with satisfactory reception reported all along the line. As recently as last October [B&T, Oct. 19, 1953] the Armstrong Alpine station originated the demonstration programs of his new fm multiplexing system.

Much of the major's income from his other inventions, which was sufficient to make him at one time the owner of more RCA stock than any other individual, was poured into W2XMN and his other fm projects, the total being estimated by his associates at several millions.

Among the many honors won by Maj. Armstrong for his contributions to the communications science was the Army Medal of Merit, awarded in 1947 by President Harry Truman for his part in developing military communications during World War II, when he served with the Signal Corps as a civilian.

Other honors bestowed upon Maj. Armstrong include the Medal of Honor of the Institute of Radio Engineers, 1917; Egleston Medal of Columbia U., 1939; Holley Medal of the American Society of Mechanical Engineers, 1940; Franklin Medal of the Franklin Institute, 1941; the Legion of Honor of the French Government; and the Legion of Honor of France; and the Legion of Honor of the French Government.

him hurt the thing most dear to him in all the world.

On the Friday before his death, it was learned, Maj. Armstrong had been notified that his wife, who had married him, and who had, for some time had been living in Connecticut, was going to seek separate maintenance. She reportedly had complained of having neither interests to occupy her nor companionship while he worked round-the-clock on the preparation of his case.

Industry Leaders Attend Armstron Rites in N. Y.

MORE than 150 persons, including many leaders of the scientific and engineering world as well as educational and business associates of Maj. Edwin H. Armstrong, attended his funeral Wednesday afternoon at New York’s Fifth Ave. Presbyterian Church.

Dr. Thornton Tenfield Jr., of the First Presbyterian Church of Yonkers, who conducted the service, praised the major for his strength of character, his determination to “carry on when there is little hope of fulfillment” and his “persistence to fight his way through like a mountain climber overcoming unconquerable obstacles.” He also lauded Maj. Armstrong’s loyalty to his country, his business associates and his friends.

Among those present at the service were Brig. Gen. David Sarnoff, RCA board chairman; John V. L. Hogan, president, Hogan Labs; Elliott M. Sanger, executive vice president, WQXR New York; C. R. Runyon Jr., president, Radio Engineering Labs; Dr. Frank D. Paken- thal, president, Columbia U. Press; John Dun-

ning, dean, Columbia School of Engineering; Thomas J. Styles, associate of Maj. Armstrong at the Marcellus Hartley Research Labs; T. H. Mitchell, president, RCA Communication, and Harold Beverage, director of radio research, RCA Labs.

A special program of tribute to Major Armstrong was broadcast by WNHC New Haven last Monday, shortly after news of his death became known. His invention of fm was hailed during the broadcast as “an inspiration to thou-

sands of pioneering spirits who carried the radio art to its highest level of achievement.”

The FCC Thursday adopted a resolution praising Maj. Armstrong’s “outstanding contrib-

utions” in the radio field and saying his “invaluable technical work and accomplish-

ments will constitute an everlasting monu-

ment in tribute to his memory.”

Major Armstrong Felt Reds Stole His Ideas—McCarthy

FM-INVENTOR Maj. Edwin H. Armstrong, who fell to his death Monday (see story page 67), last week was said to have expressed a fear that the Russians were stealing his inventions.

The “Red” angle was brought up by Sen. Joseph R. McCarthy, R-Wis.

Sen. McCarthy said the fear was expressed when the major was questioned by a repre-

sentative of the Senator’s investigations sub-

committee. He said another government agency is making an investigation into the death plunge. The Senator did not identify the agency.

According to Sen. McCarthy, Maj. Arm-

strong was questioned when “an Unguarded-

try of one of the [Federal] departments told us he wanted to talk to us.”

He quoted Maj. Armstrong as saying the U. S., after the Yalta Conference in 1945, gave Russia a destroyer with the latest radar equip-

ment. He said the radio scientist had been “militarily afraid” that secret radar discoveries by him and other scientists “were being fed to the Communists as fast as they could be de-

veloped.” The Senator said the major had worked in Fort Monmouth, N. J., at the Army Signal Corps Labs at one time.

High Color Cost Boon To Pay-See T.V.-Abrams

HIGH COST of both color television receivers and color television broadcasting was explored last week in two talks by Benjamin Abrams, president of the Emerson Radio & Phonograph Corp., New York.

Mr. Abrams told company stockholders at Emerson’s annual meeting in New York that universal public acceptance of color tv receivers will not come until some time in 1955 when prices can be expected to come down to the level that the public will be able to afford.

On Friday Mr. Abrams predicted before a New York meeting of Robert Morris Assoc., an organization of officers of the leading banks in the country, that the high cost of color tv broadcasting will result in wide acceptance of pay-as-you-see television by the industry and the public.

Mr. Abrams told stockholders that when prices of color tv sets become “reasonable,” a new boom will be started in the industry which may last for several years. In response to a question, he said that he did not expect the prices of color tv sets to approximate the cur-

rent prices of black-and-white receivers for at least 10 years.

He reported that sales for the first quarter of the current fiscal year, ended Jan. 31, will be about the same as for the corresponding period of last year, but that he expected earn-
ings to be off slightly. He attributed this to large inventories built up during that latter part of 1953, pointing out that sets were moved in January at reduced prices. He blamed the publicity over color tv in part for resistance by the public to the purchase of black-and-white tv sets. He said sales in 1954 are expected to exceed those of 1953, but added:

“We may not be so fortunate insofar as price is concerned. In 1953, which will be our ‘introductory year’ of color, it is ex-
pected that prices will have to be maintained at the lowest possible levels to maintain the interest of potential purchasers of black-and-white receivers. This, of necessity, must have an effect on profits.”

In his speech before Robert Morris Assoc., Mr. Abrams said pay-as-you-see television will emerge because of the current ‘spiraling’ cost of television broadcasting and the increasing reluctance of sponsors to support important programs. He added that since color pro-

grams will be even higher in cost, he believed that the pay-as-you-see system will “take its place when the sale of color television receivers will rise sharply some time in 1955.”

“Such a system,” Mr. Abrams continued, “will serve everybody’s interests. The tv set owner can take what is free in sponsored shows and also select the special programs he may desire by paying for them. The system will offer relief to sponsors by absorbing a great deal of the cost of programming. It also will supply a substantial source of revenue to the problems of the motion picture and theatrical producers who now find tough sledding in compet-
ition with television with some 28 million television receivers now in use, which figure will reach 50 million in five years, the potential revenue for all concerned is enormous, even though the charge to the individual set owner is nominal.”

Handy Diagnosis

RAYTHEON MFG. Co., Waltham, Mass., reports it has developed a new sys-
tem which enables the harder to identify detection defects of a color or black-and-white tv set over the tele-
phone to a repairman and thereby re-
duce the amount of time needed for servicing. Under the system, the pur-
chasers of a tv set receives a Raytheon “Service Saver” booklet containing a series of 40 numbered pictures, said to represent almost 95% of the types of trouble that might show up on a tv screen. When trouble develops with his set, the householder can call his repairman and give him the number of the picture that represents the condition. It was pointed out the “Raytheon Saver” system will work for any brand of tv set, as well as for Raytheon receivers.

Hoffman Sales Up 43%

SALES of Hoffman Radio Corp., Los Angeles (radio and tv set manufacturers), last year rose more than 43% from the $34,769,201 in 1952 to a record $50 million, H. Leslie Hoffman, president, announced last week. He said pro-
duction and development of military electronic items by Hoffman Labs made a substantial contribution to the increase.

STROMEYER NAMED CBS-HYTRON CHIEF

Bruce and Lloyd Coffin retire from active direction of the tube manufacturing division. Dr. Peter Goldmark becomes president of CBS Labs.

CHARLES F. STROMEYER was elevated last week from executive vice president to president of CBS-Hytron, tube manufacturing division of CBS, and Dr. Peter C. Goldmark was promoted from vice president to president of CBS Labs, the CBS engineering research and development division.

The announcement by Dr. Frank Stanton, president of CBS Inc., also revealed that Bruce A. and Lloyd H. Coffin, brothers who built the Hytron organization from a two-man hand operation into one of the nation's foremost manufacturers of electronic tubes, are retiring from active direction of the division's affairs but will continue to serve as members of the board of the parent CBS Inc.

President Since 1921

Bruce Coffin has been president of the Hytron operation since its formation in 1921 as Hytron Radio & Electronics Corp., and Lloyd Coffin has been treasurer. The company merged with CBS in 1951 and since that time has been operated as a CBS division with Bruce Coffin continuing as president and his brother as treasurer.

"In their capacity as directors of CBS Inc."

Dr. Stanton said, "Messrs. Bruce and Lloyd Coffin will continue to make available their 35 years of knowledge and experience in the electronics field."

Mr. Stromeier, the new CBS-Hytron president, has been associated with the company since 1942. He started as chief engineer and assistant to the president, later became vice president in charge of manufacturing and engineering, and in January was named executive vice president. Associated with electronic research and manufacturing throughout his business career, he has been awarded several patents for developments in electronic circuits and tubes and has undertaken a survey of the European electronics industry. He is a member of the Institute of Radio Engineers.

CBS-Hytron's main plant and administrative offices are at Danvers, Mass., and the division also has manufacturing plants at Newburyport, Salem, Mass., and Kalamazoo, Mich. It is a major producer of electronic tubes, transistors and germanium diodes, including both radio and television picture tubes as well as the CBS-Colortron, color picture tube developed in the CBS-Hytron Labs during the past year. The new president resides at Marblehead, Mass., with his wife and two sons.

Dr. Goldmark, in his new post, fills a vacancy which has existed since Adrian Murphy left the presidency of the CBS Labs Div. to become president of CBS Radio in March 1952. He has been associated with CBS since 1936 and a vice president and key figure in the Labs Div. since 1940.

He is credited with primary roles in many developments in color television and high-fidelity sound reproduction, including the CBS field-sequential system of color TV and the original field-sequential camera, the Chromacoder camera and the Chromacoder, unveiled last year, which are described as simplified and economical equipment for producing color under the FCC-approved compatible system; the long-playing "LP" microgroove record; and the Columbia "S90" high-fidelity phonograph, whose sound system subsequently was incorporated into a line of an, fm, and tv receivers produced by CBS-Columbia, the set manufacturing division of CBS.

Dr. Goldmark became chief television engineer of CBS shortly after he joined the organization. He is a Fellow of the IRE, the Society of Motion Picture Engineers, and the British Television Society. In 1945 the Television Broadcasters Assn. awarded him a medal for his color television work, and in 1946 he received the IRE's Morris Lieberman Memorial Prize for electronic research.

The retiring president of CBS-Hytron, Bruce Coffin, is a member of the Electronics Advisory Committee of Lowell Technological Institute, a director of Merchants National Bank of Salem, Mass., and president of Salem Hotel Corp. Lloyd Coffin is a director of RETMA, a director of Naumkeag Trust Co. of Salem, and vice president of North Shore Babies Hospital.

CBS-Columbia Plans
Color TV Seminars

THE FIRST in a series of color television training seminars for selected distributor personnel from key markets will be inaugurated by CBS-Columbia today (Monday), it was announced last week by Charles J. Kayko, administrative vice president of the company.

The color training sessions, which will continue through 1954, will be held at CBS-Columbia's plant at Long Island City, N.Y., over a five-day period. During that time, a scheduled 35 hours of instruction and demonstration will be presented by members of CBS-Columbia's color engineering and field engineering department.

The seminars will consist of discussion and demonstration on basic color principles, the CBS-Hytron Colortron tube, signal transmission, basic circuitry, components and installation-maintenance procedures.

...still stacking up sales! in the
GREATER OREGON MARKET

COLOR CONVERTER EXHIBITED IN D. C.

‘Simple, inexpensive’ method of converting standard black-and-white tv sets modifies compatible signal into field sequential pictures.

Method of converting black and white tv receivers for color reception was shown last Thursday in Washington.

System is simple and inexpensive, its developers, Airtronics Research Inc., declared to a news contingent at its first public showing.

Trick consists of translating the compatible National Television System Committee color signals into field sequential black and white pictures, then using a color wheel to add color. This is similar to the now superseded CBS field sequential system.

Pictures, demonstrated on a 15-in. DuMont receiver, were slightly lower in definition than the same program on a tri-color tube, but were considered acceptable by those who viewed the demonstration at ARI’s Bethesda, Md., laboratories.

Method was developed by Robert P. Benjamin, 24-year-old electronics engineer on the staff of ARI. Mr. Benjamin began working seriously on the project immediately after the first of the year, following the FCC’s approval of the NTSC color standards (B&T, Dec. 21, 1953). First working demonstration for colleagues took place Jan. 15, it was reported.

On a mass production basis, ARI officials estimated that the unit, including the color wheel and motor, could be merchandized for $50 to $100. This compares to the current $175 price for tri-color tubes, it was pointed out.

Company plans to continue development, but does not intend to engage in the manufacture of the device. It will welcome inquiries regarding licenses, William T. Whelan, chief engineer, said.

Circuits to translate NTSC signals into the field sequential pattern are contained in a five-foot long unit for a booster device. This is connected to the black and white set at four points. The color wheel, which can be run on a 1/50th horsepower motor, is synchronized with the field sequential signals.

Drawback of the mechanical color wheel, which were emphasized by the opponents of CBS’s mechanical field sequential system, have been largely overcome, ARI pointed out, by use of 60 fields per second as compared with CBS’s 155 fields per second. This permits the color wheel to be revolved at a slower speed—600 rpm compared to 1,440 rpm under the CBS system.

Workable up to 17-in.

ARI officials said the device should work satisfactorily with monochrome picture tubes up to 17-in.

System seemingly is the reverse of the CBS development in operation camera gear wherein scenes are “shot” on a field sequential tv camera with a whirling disc and then translated into the NTSC standards before being broadcast (B&T, Oct. 12, 1953).

ARI was founded in 1946 in the Washington suburb to do mechanical and electronic research and development work under government ordnance contracts. It consists of a 200-man staff, and is headed by Joseph E. Butler, former Navy commander who participated in the Navy’s special devices unit program at Sands Point, Long Island, N. Y.

Up to the present, the consensus among radio-tv manufacturers was that the cost of converting a black and white tv receiver to color would be as much as the price of a color tv set. Present standards are compatible, permitting monochrome receivers to receive colorcasts in black-and-white.

Although there has been some talk of conversions for color—FCC Comr. George E. Sterling referred to the possibility in his speech to Boston IRE members two weeks ago (B&T, Feb. 1)—only one company announced that it planned to proffer units to the public. This was Sigma, later renamed New Rochelle, N. Y., tv manufacturer. It said it had developed a “slave” unit which would convert a black and white set, to sell for about $250.

INTERNATIONAL

Guatemala Expels American Newsmen

TWO U. S. NEWS correspondents, one of them NBC’s Marshall Bannell, were expelled from Guatemala last Thursday. The other newsmen was Sydney Gruson of the New York Times. It was understood no charges had been placed against Mr. Bannell, although Mr. Gruson reportedly was accused of having “systematically” defamed and slandered the Guatemalan government.

A day later, Rep. Frances P. Bolton (R-Ohio) told the House the event was “of great magnitude” because that government is GUATEMALA “to say the very least, hostile to the interests of free peoples everywhere.” She charged the country’s government was communist.

Rep. Bolton said: “... Freedom of communication is basic to better understanding among all peoples and... any interference with the free transmission of news by an accredited American correspondent indicates a very unfriendly act on the part of a foreign government.”

Jackson Statement

Another member of Congress, Rep. Donald L. Jackson (R-Calif.) called the exclusion “another example of the exercise of powers of a police state which is becoming a common occurrence in Guatemala.”

Through the State Dept., William R. McAndrew, manager of news and special events for NBC, filed with the Guatemalan government a formal protest against Mr. Bannell’s ouster.

The UP reported Thursday that Guatemala’s President Jacob Arbenz called on left-wing revolutionary parties to “close ranks” against “reactionary forces” bent on “turning back the clock.”

President Arbenz addressed the U. S. Senate, State Dept. officials and American monopolies and “newspaper chains” and conducting a concerted campaign against Guatemala.

Coincident with these developments, U. S. Ambassador John Peurifoy left Guatemala for Washington. A government spokesman for Guatemala denied that the country was embarking on a course of suppressing freedom of information. But it was reported that the Washington decision to call in Ambassador Peurifoy ahead of schedule was connected with the expulsion of the two U. S. newsmen and what was judged to be a campaign against the opposition press and radio.

Meanwhile, NBC-TV has scheduled Guatemala, another in a series of programs on world trouble spots, for presentation Feb. 14 (2:20 p.m. EST) with Mr. Bannell doing the commentary. The program, on film, will describe communist infiltration of the Guatemalan government. Mr. Bannell is expected to be in New York this week for the broadcast.
CKCO-TV, CHSJ-TV PREPARE DEBUTS

TWO more tv stations are slated to go on the air in Canada. They are CKCO-TV Kitchener, Ont., scheduled for Feb. 21 on ch. 13 and CHSJ-TV St. John, N. B., March 15 on ch. 4. The Kitchener station will be CANADA Canada's eighth tv outlet. The St. John station will be the first TV operation in Canada east of Montreal.

CKCO-TV will be linked with Toronto via microwave, according to the Canadian Broadcasting Corp. and will be a basic outlet of the CBC-TV mid-eastern region.

CHSJ-TV plans test patterns on March 1. George Co. manager, CHSJ-AM-TV, reports 1,000 tv sets in the area.

Tu Sales Record Set in Dec.

DECEMBER saw the highest television set sales in Canada's history: 31,767—bringing the 1953 total to 365,400 sets, according to the Radio-Television Mfrs. Assn. of Canada Canada. With sets sold and imported prior to 1953, this brings the tv set total in Canada to about 620,000 at the end of January 1954. Last year 606,804 radio receivers were sold in Canada, compared to 568,884 in 1952. Imports by individuals in 1953 brought new radios to 672,000, as compared to a 631,866 combined total in 1952. Canadian Assn. of Radio and Television Broadcasters estimates about 9,350,000 radio sets have been sold in Canada since 1924. Manufacturers forecast radio set sales in 1954 at 315,000 to 650,000. Tv set sales in 1954 are expected to be 300,000 to 750,000. At present about one home in three in Ontario has a tv receiver, the highest ratio in Canada.

Killgore Tells Effect Of Radio in Indo-China

DRAMATIC effect that the construction of six radio broadcasting stations in Indo-China had on people in that area has been described by H. Scott Killgore, director of INDO-CHINA sales for Emerson Radio & Phonograph Corp., upon his return from an official mission to that country on loan to the Communications consultant to the U. S. Foreign Operations Administration.

Mr. Killgore, who supervised the construction of the six stations in Indo-China and of other facilities in Formosa, noted that since house-to-house power lines are virtually unknown in Indo-China, it is impossible to have radio sets in homes. He said this obstacle was overcome by placing in the center of each village a loudspeaker powered by a gasoline-driven generator, and he added that people "flock from miles around to listen avidly to broadcasts for hours."

CARTB Plans Seminar For Agency Executives

A ONE-DAY seminar for advertising agency executives to learn more about the broadcast medium is planned by the Canadian Assn. of Radio & Television Broadcasters.

CANADA The seminar is expected to be held at Toronto on April 19 and would cover data on Canadian stations, their coverage, receiver statistics, operation of network radio, selective or spot radio, how radio station representatives operate and preparation of commercials.

Also on the tentative agenda are discussions on syndicated programs, sponsored program promotion, how to present radio programs to clients, and the many facets of the administration of commercial time on radio stations. Because there are many newcomers to the radio departments of advertising agencies in Canada, the CARTB is planning this one-day training course on the operations of commercials on local and network radio stations.

Tappe the Loyal

BECAUSE he was "the only one in attendance from the U. S." for the second straight year at the yearly meeting of the Atlantic Assn. of Broadcasters in Halifax, N. S., Lou Tappe, Canadian representative for SESAC Inc., New York, was honored by the AAB, which declared a "Lou Tappe Day," and presented Mr. Tappe with a souv., a watch and a "flier."

He was named thusly: "To honor the guy who has traveled the greatest distance most faithfully to our Maritime meetings, giving him all the rights and privileges of a honorary member and the right to travel in Nova Scotia without a passport or even a smattering of the language."

CFPL Management Changes

WITH FULLTIME am-fm-tv operation of CFPL London, changes in top management have been announced by Walter J. Blackburn, president. Douglas C. Trowell was appointed vice president. Douglas C. Trowell was appointed sales manager of CFPL.

W. Cliff Wingrove, formerly manager of CKTB St. Catharines, has been appointed assistant manager of CFPL, and Robert Reinhart, operations manager of CFPL-TV, has been moved to assistant manager of CFPL-TV.

Murray Brown remains manager of CFPL-AM-FM-TV. Glen A. Robitaille, chief engineer of CFPL, becomes engineering director for the three stations.

AAB Elects Lynds President

FRED A. LYNDS, president of CKKW Moncton, was elected president of the Atlantic Assn. of Broadcasters at the recent meeting at Halifax, succeeding E. Finlay.

CANADA MacDonald, CICL Halifax. Gerry Redmond, CHNS Halifax, was elected vice president; John Hirtle, CKBW Bridgewater, as secretary, and Arthur Manning, CKCL Truro, treasurer. AAB will be represented on the national Canadian Assn. of Radio & Television Broadcasters by Messrs. Lynds, MacDonald and Redmond.

**AWARDS**

Salt Lake City has been given the Mennen Merchanising Award for "outstanding business cooperation in promoting Mennen products." Milton Allison (c), eastern manager for CBS Radio Spot Sales, stands proxy for the CBS-affiliated station accepting the award from Len Colson, Mennen advertising manager. Attending the ceremony are (l to r): G. T. C. Fry, Kenyon & Eckhardt vice president; Mr. m; Mr. Allison; John Akerman, CBS Radio Spot Sales account executive, and S. MacVicker, K&E account executive.

**DEWEY SUBMITS TV PLAN AT ALBANY**

Educational system to be built and operated by private education groups is outlined in message to New York State Legislature.

PROGRAM for the construction and operation of educational television stations in New York State by privately-organized education corporations was outlined by Gov. Thomas E. Dewey last Tuesday in a message to the State Legislature.

He recommended the enactment of legislation empowering the Board of Regents, which supervises all schools in the state, to charter private groups for the operation of educational TV stations. Gov. Dewey said the board of regents, which proposed last year that the state provide funds for the construction and operation of a network of 10 TV stations, has approved the plan for privately-operated outlets.

A committee appointed by Gov. Dewey last year to study the question of developing state-financed educational TV outlets rejected this proposal [B-T, March 2, 1953]. Gov. Dewey later suggested the appointment of another committee to bring together various education groups for the purpose of encouraging them to use more free time available on commercial stations and to establish non-profit corporations to construct and operate the non-commercial channels allocated by FCC to New York State.

**Cities New York City Action**

He pointed out in his message to the legislature last week that recent developments make the appointment of such a committee unnecessary. He cited as one such development the organization of the Metropolitan Education Television Assn. by leading educators in the New York area for the purpose of operating educational, non-commercial television stations [B-T, Feb. 1]. Gov. Dewey added that similar groups have been organized in the Buffalo area and in the Albany-Schenectady-Troy area.

"I am convinced," Gov. Dewey told the legislature, "that we have a sound and sensible solution for the best use of this medium through private operation in the public interest under a state-wide plan of mutual cooperation, all under the supervision of the Board of Regents."

State Sen. Francis J. Mahoney and Assemblyman Eugene F. Bannigan, the Democratic minority leaders, announced after Gov. Dewey's message had been read that the Democrats still favored state construction of a pilot educational television. "Identical bills to appropriate $500,000 for such an operation were submitted to the legislature last Tuesday by Sen. William Rosenblatt of Brooklyn and Assemblyman Sidney F. Asch of the Bronx, both Democrats.

**Sprague Gives Law Course**

STUART SPRAGUE, counsel for the All-Industry Local TV Music License Committee and one-time associate legal counsel for NBC, is giving a course on "Radio and Television Legal Problems" at the New York U. School of Commerce, starting this month.

- February 8, 1954

**EDUCATION**

**Weekend Fete Set For VOD Winners**

FOUR co-equal national winners in the seventh annual Voice of Democracy Contest were announced Tuesday by Robert K. Richards, NARTB administrative vice president and chairman of the VOD committee. The four—three boys and a girl—will receive all-expense trips to Washington, radio-tv consoles and $500 scholarships at the annual awards luncheon Feb. 24 at the Shoreham Hotel, Washington.

The four winners and their sponsoring stations are: Philip Max McCoy, 16, Argentine High School, Kansas City, RCGN; Elizabeth Ellen Evans, 16, John R. Buchtel High School, Akron, WADB; Joseph Gerdes, 16, Hbarttubg Catholic High School, WTPA (TV); Joel Howard, Cypress, Wichita Falls (Texas) High School, KWFT.

As part of the awards trip the four winners will participate in a weekend celebration in colonial Williamsburg, Va., joining many leading Americans in the annual Democracy Workshop. Many VOD state winners have been invited to the ceremonies.

National winners will arrive in Washington Feb. 18, and will motor to Williamsburg the next day. Their week-long visit will include personal conferences with leading government officials and President Eisenhower.

Sponsoring organizations are NARTB, Radio-Electronics-Tv Mfrs. Assn. and U. S. Junior Chamber of Commerce. Over a million high school students competed. The event is endorsed by the U. S. Office of Education and National Assn. of Secondary-School Principals. School, city, county and state eliminations were followed by auditions in which 12 finalists competed by means of blind recorders.

- February 8, 1954

**NATIONAL Safety Awards**

NATIONAL Safety Council has announced that it will administer the Alfred radio-tv awards for highway safety. The council also reported it is accepting entries for its annual Public Interest Award honoring public information media rendered exceptional service to the public year.

Public Interest Awards cover (1) radio-stations and networks, (2) trade and magazines, (3) daily and weekly newspapers and syndicates and (4) advertisers, not competitive. The Sloan awards—contract, competitive. Deadline for March 1.

The sweeps will be judged by a panel of judges, including the council's Public Interest Award winner for the radio-tv and television media. Information and nominations may be obtained from the council 4, Michigan Ave., Chicago 11, Ill., fields.

K. Richards, administrative vice president of NARTB, will serve as judge for both NARTB and Sloan awards.

**Winners Invites Entries Stations and Networks**

nd tv stations and the networks have submitted entries for the 20th annual NARTB Awards for outstanding newscasts 1953. Four categories of broadcast news are listed in the announcement: consistent radio network news broad-
Advertisers
Dorothea Mahlstedt, former brand publicity manager for Lever Bros. and previously in editorial, public relations and publicity in radio-television, named director of women's press and radio relations for Grocery Mfrs. Assn., N. Y.

H. C. Roark, General Mills Inc., Minneapolis, named to newly created post of southern grocery products sales manager.

J. A. Fouche, manager of advertising and merchandising, Seiberling Rubber Co., Akron, appointed assistant general sales manager. John J. Walbeck, manager of passenger tire sales, will succeed Mr. Fouche as manager of advertising and merchandising.

John D. Schuman, assistant advertising manager, Norge Div. of Borg-Warner Corp., Chicago, appointed advertising manager of that division.

Thomas F. Maschler, advertising and sales promotion manager, H. R. Basford Co., S. F., adds duties as merchandising manager.

Arthur Kuhl, public information office, Petroleum Administration for Defense, and Ray Grep Jr., firm's sales div., to public relations dept. of Standard Oil Co. of Indiana, Chicago.

Edward M. Reynolds, vice president and research director, Doherty, Clifford, Steers & Shenfeld, N. Y., to Lambert Pharmacal Co., Jersey City, in newly created post of director of market research, budgets and media.

Ralph Dansiger, art director, Norman D. Walters Inc., N. Y., appointed director of advertising for The Toy Guidance Council, N. Y.

Hugh F. Busner, sales manager, Hassenschmidt Bros. Inc., Pawtucket, R. I. (toys), and its subsidiary, Empire Pencil Co., Shelbyville, Tenn., named vice president and director of sales and advertising for both companies.

Tom Gibbons, director of advertising and sales promotion, Coleman Co., Wichita, Kan. (Coleman gasoline lanterns), died Jan. 24.

Agencies

Arch MacDonald, creative director for Pillsbury account, Leo Burnett Co., Chicago, to join John W. Shaw Adv. Inc., same city, as vice president and creative director.

Jack Creamer, sales account executive, ABC-TV New York, to Young & Rubicam, N. Y., where he will serve under Nat Wolff, vice president of radio-television dept.

Ben Rubin, formerly with Sorenson & Co., Chicago, to executive staff of Al Paul Leighton Co. same city.

Richard S. Lee, Gray & Rogers, Phila., to Jay J. Dugan, Adv., same city.

Norton H. Jonathan, assistant publicity director, Mid-Continent Airlines Inc., to Robert B. Wesley & Assoc., Chicago.

Ernstus H. Kloman Jr., formerly with Dept. of State, Washington, to public relations dept., Gray & Rogers, Phila.

Shirley Slivov, graduate of the U. of Manitoba and Laval U., Quebec, to promotion and publicity dept., S. W. Caldwell, Ltd., Toronto.

R. H. Frederickson, former advertising manager, Miller's Department Store, Klamath Falls, Ore., starts own advertising agency, that city, at 1632 Austin St.

Henry P. Teall, 58, assistant secretary of BBDO, New York, died Feb. 1 after a short illness.

Stations
Herbert L. Krueger, vice president-station manager, WTAG Worcester, to lecture on NARTB at evening school conducted by Advertising Club of Boston Feb. 9.

C. R. Dodsworth Jr., sales staff, WLWD (TV) Dayton, Ohio, appointed director of sales, succeeding William J. Williamson, who has resigned. Jim Venable to WLWD's sales staff and Gene Peterson named continuity director, same station.

Jack Healy, sales manager, KNUZ-TV Houston, named local radio sales manager, KPRC Houston.

Gordon Laughead Jr., account executive, KCRI Cedar Rapids, Ia., to WNAX Yankton, S. D., as sales promotion manager.

Harvey L. Glascock Jr., formerly sales manager, WMA-L TV Washington, to WWDC that city, as account executive.

W. Clifford Wingrove and D. C. Trowell named assistant manager and sales manager, respectively, CFPL London, Ontario; R. A. Reinhart named assistant manager, CFPL-TV and Glen A. Robitaille named director of engineering, CFPL-AM-TV.

Carlo F. Zezza, sales staff of Bolling Co., national radio-television sales representatives, to sales staff, WPIX (TV) New York.

Jim McKnight, formerly of WTAG Worcester, and John H. Fitzpatrick, formerly of the Boston Herald Traveler, to sales staff, WBJQ Boston and WBZ Springfield.

Lee Parker, commercial manager, WNAO Ra-

Manufacturers

J. Chapman Lane Jr., advertising staff representative, Westinghouse Electric Corp., Pittsburgh (Electronic Tube Div.), promoted to manager of advertising and sales promotion for that division.

William E. Deger, supervisor of sales order dept., Ampco Corp., Chicago (motion picture projectors and tape recorders), promoted to division manager of mid-west sales.

William Murphy, 20th Century-Fox film editor, has been elected president of American Cinema Editors. Named vice president and treasurer, respectively, were George Amy, Meridian Pictures, producer of CBS-TV Spectite Playhouse of Stars, and Fred Berger, William Boyd Productions, producer of NBC-TV Hapalong Cassidy. Eda Warren, Paramount Pictures, was re-elected secretary.

Thomas Griesser, previously vice president of Wort Co., Philadelphia (electronics mfg. firm), appointed assistant to administrative vice president of CBS-Columbia, tv receiver manufac-turing div. of CBS Inc.

Richard S. Smith, Ohio district sales engineer, Solis Electric Co., Chicago, named district sales engineer for new branch office in Los Angeles.

Lawrence R. Thielen, formerly of RCA Service Co., to Ampex Corp. (magnetic recording equipment), as service engineer in New York district office.

Rating Services

Charles W. Besosa and William H. Quinn, client service executives of A. C. Nielsen Co., promoted to positions of account executives of this research organization's New York office.

Program Services

Harvey Marlowe, formerly program manager, WORT-TV New York, named vice president in charge of production and sales, Stage Rentals Inc., same city.

Ulysses Kay, music consultant for BMI, to appear as guest conductor of the Tucson Symphony Orchestra Feb. 23.

Professional Services

Thomas C. Flyn, named account supervisor on Allen B. DuMont Labs account for David O. Alber Assoc., N. Y.

A. Walter Socolow, Monroe E. Stein and Charles B. Seton, all with wide backgrounds in broadcast legal problems, form Socolow, Stein & Seton, with offices at 580 Fifth Ave., N. Y.

Tom Dowd, of Washington law firm, Pierson & Ball, suffered a broken leg when kicked by a horse Jan. 30.

Representatives

Nick Mallof, account executive, WABC New York, to radio sales staff of Edward Petry & Co., N. Y.

John I. Peterson, vice president in charge of tv sales, George P. Hollingsby Co., N. Y., was guest speaker at the Wheeling, W. Va., Advertising Club's Tvc Clinic Feb. 4.

Government

Frank McNaughton, co-producer with Martha Rountree and Oliver M. Preshrey of Washington Exclu-sive on DuMont Tv Network, has started duties as a member of Sen. Paul H. Douglas (D-Ill.) administrative-research staff.

Trade Associations

Robert W. Sarnoff, executive vice president of NBC, appointed to the board of directors of American Arbitration Assn.

Robert J. Burton, vice president of BMI and general manager of BMI Canada Ltd., will serve as chairman of the radio and tv div. of the fund-raising drive of The Legal Aid Society.

Richard Page, newswriter and reporter, WBFL Syracuse, elected president of Syracuse Press Club.

John F. Becker, former radio-tv and film con-sultant to the National Foundation for Infantile Paralysis, the Muscular Dystrophy Assns., and the Presbyterian Church General Assembly, named to direct the American Cancer Society's radio-tv activities during 1954.

Ted Nelson has taken a five-month leave of absence from his radio-tv agency, Ted Nelson Assoc., N. Y., to serve for second year as director of the annual Page One Ball of the New York Newspaper Guild held May 14 at the Hotel Commodore.

B. George Barber Jr., commercial manager, WRGB Greensboro, N. C., elected a lieutenant governor of Advertising Federation of America's recently organized District Three.

Francis C. Coughlin, continuity director, WGN Chicago, elected a director in Chicago Press Veterans Assn.

Frank W. Crane, managing director, Adver-tising Club of Los Angeles, named managing director, Southern California Broadcasters Assn.

February 8, 1954 • Page 77
ANNEL SEY, 12,000 on a home food freezer, etc. Copies are available to those who write on company letterheads to: Victor Hawkins, Director of Research, Capper Publications Inc., 912 Kansas Ave., Topeka, Kan.

KROW NAMES CUCKOO
THE MASCOT of the KROW Oakland, Calif., Nick and Noodnik program, a mythical cuckoo whose call is used as time signal, is no longer nameless. He will be known as "Cuthbert the Cuckoo," the name judged the winner in a contest conducted by disc m.c.s.

AGGIES GAMES RE-RUN
KTVQ (TV) Oklahoma City has found a solution to the problem of showing its viewers the Oklahoma A&M basketball team in action. Because distance prohibits live telecasts, films of past contests are run after being carefully pre-plete tour of the station transmitter and studios was held, and programs could be watched from television receivers set up in studios as in the Hotel London during a cocktail reception. The party returned to Toronto on the evening train. Hosts were CFPL-TV and All-Canada Television Facilities, the station’s representatives.

‘THREE LIVES’ PROMOTION
KFSD San Diego’s monthly program schedule emphasizes its Tuesday, 7 p.m. program, i Led Three Lives, which the station claims to be the only such promotion in San Diego. The red and yellow, easy-to-read pamphlet is divided into eight sections, half of each page devoted to promotion of the program dealing with Herbert Philbrick’s ordeals as citizen, FBI man and Communist.

‘FIDELICIDE’ CAUTION
AN AD placed in Los Angeles Times’ Audio Fiesta edition for KFAC that city, carries the plea, “but don’t filter your music.” The ad points out that KFAC’s effort and equipment for the broadcasting of fine music are wasted unless the listener’s receiver is capable of reproducing that music in its full range and perspective. The ad concludes: “We hope you’re enjoying KFAC’s superb music to its last delicate decibel. We hope your radio isn’t committing that cardinal sin of this hi-fi-conscious era—fidelicide!”

MUSIC FOR MANY
WTTM Trenton is helping to teach music to 2,700 students of the overcrowded Pennsylvania, Pa., public schools by an experimental project in educational radio. A local music teacher teaches a class of 20 pupils in the station’s studios while 2,700 others listen with their regular classroom teachers in their respective schools. Fred E. Walker, WTTM director of public affairs, worked out the series hoping to alleviate the overcrowded school conditions. The series will be extended to include other public schools in the listening area if all goes well, according to Fred J. Bernstein, general manager of the station.

COMIC BOOK CENSURE
AN ASSAULT on the horror type comic books has been launched by Ruth Welles, women's commentator on KYW Philadelphia. Mrs. Welles began her attack by reading portions from books she had purchased at a newsstand and she plans to explore the effect of these books from the point of view of the child psychologist, as well as interviewing representatives of the PTA and other groups. The station reports favorable public reaction and promises of support from listeners.

FREE TRUCKING BOOKLET
A FREE, documented study of the trucking industry, titled “Trucks in 1975,” is available on request to the American Trucking Assn., Washington 6, D.C. The booklet, by Carroll J. Roush, contains facts relating to employment, salaries, expenditures, expectations and trends in the trucking industry.

ANNOUNCER BROCHURE
SHORT biographies and photographs of its nine announcers, who combined represent a total of 123 years of broadcasting experience, make up a promotional brochure sent to agencies and advertisers by WAVE-AM-TV Louisville, Ky. Emphasizing “quality,” WAVE points out that the 123 years the announcers represent are years of “know-how in entertaining, informing and selling.”

DATES WITH MARILYN
CALENDAR featuring near-life-size picture of Marilyn Monroe and described as “one of the BIGGEST calendars ever produced” is being distributed by Westinghouse Broadcasting Co.’s WBZ Boston WBZA Springfield to point up the stations’ claim that WBZ-WBZA “is the BIGGEST advertising buy in New England.”

REVISED program format featuring “good music” throughout the broadcast day has been put into effect at WNY Rochester, N.Y. Discussing the new program plan are (1 to r) Rochester’s Mayor Samuel B. Dicker, Tom O’Neill, WNY sales staff; Jack Shefrin, general manager; George Li Butti, chief announcer, and Bert Colletta, sales staff. A two-color tabloid newspaper announcing the new format was sent to all homes in WNY’s listening area.

PROGRAM NAMING CONTEST
A CONTEST to name a new public service program, open to all military and civilian personnel at Bergstrom Air Force base, is being conducted by KVET Austin, Tex. The program, made up of informal music and news, is designed for the listening pleasure of Bergstrom personnel, their families and friends. Two table model radios will be awarded for the best program names submitted.

‘KANSAS FARMER’ SURVEY
THE RESEARCH Dept. of Capper Publications Inc. has published a 21-page report of 2,505 Kansas Farmer subscribers, titled “Readers, Family Characteristics and Household Equipment.” The study is based on the answers to a questionnaire sent to one out of every 25 of the farm paper’s 114,000 subscribers. In addition to facts on readership, family characteristics and household equipment, the survey lists the subscribers’ buying plans projected against the total circulation, for example: 9,120 readers have decided on a television set as their next major purchase costing $64 or viewed before presentation so announcers can provide accurate, instantaneous play-by-play description during the hour-long show. The station reports great audience interest in the Saturday afternoon programs.

CHAPLAINS COMMEMORATED
ABC RADIO was to present yesterday (Sunday) the American Legion’s Back to God program (9:30-10 p.m. EST), commemorating the 11th anniversary of the death of four chaplains aboard the troopship Dorchester on Feb. 3, 1943. The inter-denomination program was to feature a statement by President Eisenhower and special talks by Bishop Fulton J. Sheen, the Rev. Norman Vincent Peale, Rabbi Norman Salit, Thomas Clark, the American Legion’s national chaplain, and National Commander Arthur J. Connell.

ONTARIO OPEN HOUSE
OPEN HOUSE was held by CFPL-TV London, Ontario, on February 4 for close to a hundred advertising agency and broadcast industry executives. Two special railway cars were attached to the Toronto-London morning train to take executives to the station where a com-
YOU CAN'T MISS
WITH BRIAN DONLEVY IN
"DANGEROUS ASSIGNMENT"

145 markets have already proved Brian Donlevy cuts a mighty big figure as a salesman!

Here are some "DANGEROUS ASSIGNMENT" ARB averages (not high spots) for the entire first run. San Francisco: average 24.6 for a 42.3% share of audience. Detroit: 21.5 for a 53.6% share. And Boston: 16.1 for a 44.1%!

"DANGEROUS ASSIGNMENT's" re-run record is even more remarkable; it consistently reaches more customers at lower cost per thousand than it did on its first appearance. In Columbus, Detroit, and San Francisco, for example, the program reached respectively 3% more, 6% more, and 33% more people!

39 self-contained half-hour episodes, "DANGEROUS ASSIGNMENT" is backed by the most comprehensive and effective promotional package in the industry—further proof of NBC FILM DIVISION'S stature and leadership in Syndicated Television.

Only Feature Pictures ever Filmed for TV

TODAY, TV viewers are enjoying these full length motion pictures even before theatre audiences. Vitapix has proved that the television industry, by combining the best of TV and motion picture techniques, and utilizing Hollywood star talent, has a formula that answers the viewers' demands for new Motion Pictures as well as the sponsors' demand for film value.

NO WEAK WEEKS. Here's a film series maintaining a uniformly high level. Top Hollywood production and direction, plus names like these—Peggy Ann Garner, Akim Tamiroff, Martha Scott, Arleen Whelan, Jeffrey Lynn, Lee Bowman, Ann Rutherford, Jackie Cooper, Don Ameche—assure top ratings every week.

TOP BOX OFFICE AT THE CASH REGISTER. Because Vitapix Feature Motion Pictures provide the station with a TV FIRST, it has outstanding advertising and merchandising value. Hollywood knows the box office of a "Prevue" and a "Premiere." So does the sponsor.

The current series of 26 pictures presents drama, mystery, comedy and adventure. 70 or 54 minute running time, black and white or color. Vitapix Uniform National Pricing Formula Applies. For availabilities and prices, phone collect.

The STATION-OWNED Producers and Distributors of TV Films

VITAPIX CORPORATION: New York: 509 Madison Ave., Plaza 8-3013 • Chicago: 30 N. La Salle St., AN 3-2950 • Los Angeles: 8949 Sunset Blvd., CR 1-7191 • New Orleans: 3190 De Soto Blvd., Valley 1807

February 8, 1954
“PRODUCTION costs in television will go up, but better television will be a result,” predicts William Dozier, executive vice president of Cornwall Productions as well as executive producer of dramatic programs for CBS Television in New York.

“Television sets and stations are steadily on the increase so that additional needed money will be available as advertisers will be willing to spend more money to reach this vastly increasing audience. More money will permit better production. Our greatest concern is to spend wisely. We will try to get more on the screen and eliminate all waste off the screen. This can only be achieved by more careful preparation, and that is our aim.”

To Cornwall, Mr. Dozier gives his counsel and executive guidance without letting this work interfere with his work at CBS. Cornwall Productions was organized with Ella Raines as president and Mr. Dozier as executive president. Financing was arranged and distribution was taken over by Matty Fox’s Motion Pictures for Television—Mr. Dozier and Mr. Fox were friends from their days at Universal. The film venture started last year when Ella Raines, whom Bill Dozier had known in Hollywood for years, approached him about a tv show, Janet Dean.

“For several years,” he said, “I’ve toyed with the idea of a television series with a nurse as the leading character. A series with a nurse has an unlimited scope without forcing—all social levels, in all locales. I thought Janet Dean would fit like a glove.”

Thus Cornwall Productions was born. Joan Harrison was named producer of the nurse series and Walter Blake appointed production supervisor. Three Hollywood directors—Peter Godfrey, Robert Boyle and James Neilson—have turned out the first block of 13 films in the series and have already begun shooting on the second block of 13, with the first of the films to be aired in March.

In his capacity at CBS-TV, Mr. Dozier is responsible for the supervision of such shows as You Are There, Studio One, Suspense, Danger, The Web and 21st Precinct.

Born in Omaha, he attended schools there and was graduated from Creighton U. with a B.A. in 1929. He spent one year at the Creighton Law School before moving on to California, where he continued his law training at the U. of Southern California for another year. In 1934 he began his first job at the Berg-Altenberg Agency as a writers’ and story representative. He handled such writers as James Hilton, Sinclair Lewis, H. G. Wells, Kathleen Norris and Erle Stanley Gardner, among others.

In 1941 he went to Paramount Studios as head of the story and writer department, and in 1944 joined RKO as executive assistant in charge of production under Charles Koerner. He was appointed associate head of production at Universal-International in 1946, and his later activities in Hollywood were as a producer at Columbia Pictures for two years and later as executive assistant to Samuel Goldwyn. With Joan Fontaine, his former wife, he formed an independent company which produced two pictures—“Letter From an Unknown Woman” (“It was tremendously successful critically, but a financial flop,” says Mr. Dozier) and “You Gotta Stay Happy” (which made money). Then late in 1951 CBS and television called.

Mr. Dozier says he is happy in the “new” medium. He feels television gives to creative persons a much higher degree of gratification than do motion pictures, and that these creative people need the stimulus of opinion—good as well as bad criticism—and get it faster and from more people than in motion pictures.

Mr. Dozier was married to Ann Rutherford, motion picture and tv star in October 1953. They live in a New York apartment. His hobbies include golf, tennis, Scrabble and gin rummy. He is an expert cook, too.

a sports jackpot for tv

A sports fan who had never owned a camera hit it when he decided he could do a better job of football coverage than what he'd seen on tv. Film is the way he does it.

FROM a gleam in the eye of William J. (Bill) Parry Jr., president of Sportsvision Inc., the nationwide delayed sports telecast film group has come a long way.

Shortly before the start of the 1950 football season, Sportsvision existed only in the mind of Mr. Parry, an Oakland, Calif., labor relations expert and former college basketball player. Still a sports fan, he felt he could do a better job of football coverage than what he'd seen on tv, despite the fact, as he now cheerfully admits, "I'd never even owned a Kodak until then."

With the financial aid of friends and relatives, he quietly formed Sportsvision Inc., and with the ink scarcely dry on the incorporation papers, proceeded to the offices of Kenneth (Tug) Wilson, Big 10 Conference commissioner. He explained to Mr. Wilson that he was after the delayed, not the live telecast rights. Evidently his enthusiasm and obvious knowledge of sports were enough to carry the day, because he wound up with a year's contract for the Big 10 games. Using this, he was able to sign up the Pacific Coast Conference and other national collegiate football powers.

From Cold to Hot Next, without knowing a single executive, he and partner Walter Botelho walked into the offices of ABC-TV New York. After the normal struggle to reach the appropriate executive in the ABC organization, they were able to show their contracts and convince the network they had tied up tv film rights of many major universities. With the start of the football season just two weeks off, ABC-TV took the Sportsvision series, signing Pontiac division of General Motors Corp. as sponsor on 49 stations.

Since then, Sportsvision has never lacked a sponsor. In 1953, the firm's schedule of Pacific Coast Conference, Big 10, Big 7 and independent games and features was used by such advertisers as Tidewater Associated Oil Co., San Francisco; Phillips Petroleum Co., Bartlesville, Okla.; Franz Bakers, Seattle; plus a number of local and participating sports more than 100 tv stations in various parts of the country.

The sports film group wound up in the red in 1950, despite an $85,000 gross. However, by conclusion of the 1952-1953 fiscal year, ended Sept. 1, 1953, the company was in the black with a gross over $500,000. This uncompleted fiscal year, the biggest in the firm's history, promises much more black ink in Sportsvision's ledgers.

Recently, for the third consecutive year, Sportsvision was awarded a contract as exclusive tv film producer and sales representative for all Pacific Coast Conference inter-collegiate athletic contests for 1954-1955. Normally a tv film group, Sportsvision, as a step toward year-around tv programming of intercollegiate sports, will teletcast live most spring events (baseball, crew, tennis, golf, wrestling, boxing, swimming, etc.) of the U. of California and Stanford U. over KGO-TV San Francisco, under terms of another recent contract between the tv firm, acting as PCC representative, and the station. Even on those live tv telecasts which Sportsvision does not produce, the firm acts as conference representative in negotiations with the producer for all PCC games approved for live telecast by the NCAA.

William Parry has picked up a lot of tv know-how over the past few years, and he needs it. Every weekend during the past football season over 130,000 feet of film from important games all over the country was processed in the firm's Hollywood production offices. There, after a strenuous session of printing, writing, cutting and adding sound and commentary, eight weekly features would go out to the stations.

These included All American Game of the Week, Phillips Big 10 Game of the Week, Phillips Big 7 Game of the Week, Tidewater Associated PCC Game of the Week, Big 10 Football Highlights and PCC Football Highlights.

In some instances, stations wanted prints within a matter of hours after the game. Sportsvision's boast about piercing the "time barrier" is close to an accurate description of the firm's operation in meeting these demands. When Notre Dame beat U.S.C. 48-14 last Nov. 27, a release print was in New York for telecast over WABC-TV shortly after noon the following day. Since the program was scheduled for that evening, the completed print of the game, which had been played less than 24 hours previously, actually had to wait for air time.

Local Mobilization To do this job during the football season, Sportsvision mobilizes an average of eight crews a week across the nation. If possible, these men are recruited from those in the vicinity of the game selected by the company's executive group to be covered that week, but if competent personnel cannot be found, a crew is flown in from Hollywood.

Each crew contains three cameramen, two to shoot from the press box and one from the sidelines. One press box camera records every play, while the other shoots such slow motion as is required. The sideline camera is used for play closeups and crowd color. Beside cameramen, crews include spotters and recorders, who make notations on the ball carrier, yardage gained or lost, tackle and other pertinent data on every play of the game. This is used later in writing the narrative.

After out-of-town games, the undeveloped 16mm film, together with notes, is loaded on a plane for Hollywood, where a full crew is waiting to work on the footage under direction of production manager Donald R. Schwab. Also waiting are full crews at Acme Film Laboratories and Universal Recorders, two Hollywood firms which coop-

additional modern film studio
TO SERVE YOU BETTER
IN HOLLYWOOD,
KLING ACQUIRES
THE FAMOUS
CHARLES CHAPLIN
STUDIOS

Professionally perfect facilities, the
Charles Chaplin Studios—giant sound
stages, permanent exterior and interior
sets, extensive properties, construction
and paint shops, wardrobes, editing
rooms—all now under the Kling banner!

For the first time complete Hollywood fa-
cilities for TV shows and commercials; in-
dustrial, training and institutional films
for business and industry. This new ex-
ansion is additional proof of Kling's
winning formula: Advertising Know-
manship plus Hollywood Showmanship!

Tremendous expansion in Chicago, too!
Kling now offers the largest and most modern
motion picture facilities in the midwest.
Complete in every way, this new production center,
with three giant sound stages, brings to the
midwest facilities equal to the most demanding film
requirements. Kling . . . for the largest film
facilities in the midwest!
Big investment money has discovered Hollywood's zooming TV film industry.

At last the investment giants are starting to lend official recognition to this industry. They are lending their recognition in a language Hollywood understands—money.

Signs of TV interest began to appear a year ago among representatives of the major money marts. Their interest took the form of experimental loans where they were at least reasonably sure that video packages might return suitable profits.

Now the money holdout days appear to be near an end, judging by the way top-flight investment units are opening their safes. Hollywood's television industry, it appears, has finally arrived in Wall Street.

A B+T roundup of current TV film production reveals such investment houses as Bankers Trust, Chemical Bank & Trust, California Bank (Los Angeles), Walter Heller & Co. and Stillman & Stillman.

Many obvious and often exciting trends are catching the astute eyes of these barons of finance as they probe deeper into what makes Hollywood cameras click—especially the TV cameras.

Right at this moment, they note, 26 solvent film companies are producing 44 television series in Hollywood. They are either sponsored, syndicated or contracted for by distribution firms, advertisers or networks.

The 1954 Hollywood schedule, a quick check reveals, involves more than $50 million in TV film production. This doesn't include commercial spots but merely the half-hour shows. Many are in story board or script stage and aren't included in the $50 million figure, plus some projects in the pilot stage.

More TV Than Movies

While major studios are enjoying renewed activity as they concoct new ways to hold the sudden revival in movie patronage, Wall Street and the money marts of other centers are cognizant that the West Coast colony is turning out more film for television than for theaters.

Big financiers note, too, that large-scale operations may solve some of the economic problems that inevitably appear in any new industry. With financial backing, some of the production and distribution operations will be combined. Already there are definite signs of a trend toward fewer but stronger and better-financed operations.

Several new firms have appeared in recent months but the total number of Hollywood independent TV film production units is dropping noticeably. In many instances their demise has been due to lack of capital.

At the same time there have been many expansion projects among production and distribution companies. Others are in the negotiation stage. Several production-distribution combinations have strengthened their position in the industry.

Then there's color TV—exotic, expensive and exciting in the best Hollywood tradition. The color era is a dollar-and-cents matter, however, to those who handle the nation's investment money. Al-
TV FILM FINANCING

stability in western tv filming

ready the cans are stacked high with color film produced in anticipation of the color era.

But color is a long-range matter to those whose investment problems are of an immediate type. They figure, as a rule, that color tv film programs will be in the minority for at least three years despite the publicity that accompanies current colorcasts. After all, investment bankers know that color equipment in the home is at least two years off, on a mass basis, and they figure it will be merely a show-case item for dealers in the months just ahead.

Investment men are aware that many advertisers are in no hurry to dash into color films at this time nor are they likely to be stampeded into costly production costs for some time to come.

No man charged with the placement of money in American industry is likely to ignore the interest agency and advertiser executives are showing in color tv demonstrations. Re-packaging of many products in anticipation of color has not gone unnoticed.

With all these symptoms of a new color era, though, financiers will watch set manufacturing and circulation closely and at the same time carefully watch the growing popularity of black-and-white service. They are keeping check, too, of the imminence of tape-recording for black-and-white and color television.

Measurements of Growth

Financial men measure Hollywood's tv growth in many ways—particularly the type of work that talent and technicians are performing. Now aware that more workers are employed in television than in theatrical film production, they have learned that over half of Screen Actors Guild's 8,000 members are appearing in television films though total "man days" may be greater in regular movie activity due to the speedier production in the video industry.

A check by B-T recently showed that tv films employ about 40% of Hollywood directors; over 50% of assistant directors; 40% of film editors, cameramen and sound technicians; over a third of established screen writers and 40% of the members of IATSE's 18 film locals [B-T, Dec. 14, 1953].

Bankers Trust, New York, was one of the first investment houses to get into the Hollywood tv field, providing Mark VII Productions Inc. with funds for its NBC-TV Dragnet series. It is understood to have provided $600,000 for the last 26 NBC-TV Hopalong Cassidy films.

In addition Bankers Trust has backed other television production companies and additional deals are being negotiated.

Chemical Bank & Trust Co., New York, is another to meet the changing times, backing Telemount-Mutual Productions Inc. in the first 13 films of Cowboy G-Men tv series. The deal reportedly included a cash payment of approximately $275,000 to Walter Heller & Co., Chicago factoring firm, which had previously supplied money for the series.

Deal for Chemical Bank to provide financing of $1,200,000 for 39 tv films in the Authors Playhouse series was negotiated late last month by Eugene Solow and Brewster Morgan, heads of the production company.

The half-hour dramatic plays, each budgeted at around $30,000 will be adaptations of published works by American name authors,
YOUR*

* 52 star-studded half-hours of top TV plays

Page 90 • February 8, 1954

Broadcasting • Telecasting
Your* Star Showcase, with Edward Arnold as host, is a proved program—with a fresh, audience-building format. Even in markets where it appeared as The General Electric Theatre, it is new to more people than the number who saw the first run. And the addition of Arnold assures even larger audiences.

Your* Star Showcase offers local and regional advertisers 52 different, top quality, network-calibre programs with a proved, impressive audience record. The series boasts ratings of 20.3 in Chicago... 30.5 in San Antonio... 22.9 in Cleveland... 32.6 in Kalamazoo... 47.4 in Charlotte, etc.

Your* Star Showcase is a series to which the phrase “presents with pride” truly applies. It is great drama. It is a weekly parade of marquee names... sparkling scripts... tight direction... lavish production.

On all counts, Your* Star Showcase can be the showcase for your product. Call, write or wire for the complete story.

*Advertiser or brand name.

†Videoex, February, 1953
with shooting to start early in March at California Studios for September delivery. Star talent will be cast in the top roles.

Matthew Fox, chairman of the board of Motion Pictures for Television Inc., is said to have Chemical Bank support in his firm’s $30 million program of film production for syndication. Production of Duffy’s Tavern, to be produced as a series of 117 filmed programs of rate of 39 per year for three years, will represent a total expenditure of approximately $5 million, it was pointed out. The firm has six additional top name series on its schedule for syndication, with all, including Duffy’s Tavern, to be filmed in color as well as black-and-white.

Milton Gittering, New York attorney, who passes on motion picture and tv film loans made by Chemical Bank, said in Hollywood late last month he was looking into the RKO Radio Pictures Inc. situation. More than a year ago he made an undisclosed cash offer for Howard Hughes’ stock in the production-distribution company “for myself and not for anybody else”.

Active for many years in the financing of independent pictures, the Heller organization recently increased its revolving fund by $1 million for expansion in the tv field. It also closed a deal with Television Programs of America for financial backing in the forthcoming Ellery Queen tv film series.

John Ireland has been set for the title role in that production. Shooting will start this month (Feb.) at Motion Picture Center. Norman and Irving Pincus will produce the series under Norvin Productions banner, a subsidiary of tv Programs of America.

When tv film producers Jack Gross and Phil Krasne bought out associates Gerald King, Milton Blink, Sam Costello and Ben Frye (B&T, Oct. 5, 1953) in United Television Programs Inc. last October for “in excess of $250,000”, the purchase financing was handled by Stillman & Stillman, New York factoring concern, and bank representative Vilem Zwillingor. Stillman & Stillman is reportedly also handling production cost financing on the Lone Wolf tv film series now being shot by Gross-Krasne Inc. at its California Studios for syndication by UTP. Messrs. Gross and Krasne acquired the well-equipped California Studios in a U. S. referee-in-bankruptcy sale for more than $200,000 in Nov. 1952 (B&T, Nov. 24, 1952). It was part of the estate of the late Harry Sherman, movie producer.

The newly organized American National Studios Inc. syndicate which bought the 4½-acre Eagle-Lion Studios in mid-Decem-ber for more than $1 million has set aside another $1 million as a revolving fund for “outside” tv deals. This is in addition to its own planned large scale production.

Group Among Hollywood’s Largest

This group is one of the largest in Hollywood’s tv film history. It brings some key financial figures into the industry (B&T, Dec. 21). Bernard Prockter, who sold his syndication PSI-TV (B&T, Dec. 14) a few months ago to Ely Landau, head of Ely Landau Inc. and Martin Ross, president of Emperor Films, hands ANS as president and executive producer, with Fred Levy Jr., Los Angeles realtor and financier, board chairman. Mr. Levy represented the Ralph E. Stolkin-headed syndicate in its negotiations to purchase RKO Radio Pictures Inc., in fall of 1952. The deal, however, fell through.

Edward Conne, one of the organizers of World Broadcasting System and more recently partner in Conne-Stephens, tv film production company for the Prockter packages, is executive vice president in charge of ANS studio operations. William Stephens is production chief.

Other principals who serve on the board include Edwin W. Pauley, independent oil operator and political figure; Daniel F. Reeves, broker and president of Los Angeles Rams, pro football team; Bertram C. Gamble, president of Gamble Skogmo Co., Minneapolis Gamble’s Western Auto Supply Stores; Edward D. Matz, president of Kur-ley Kate Corp.; Chicago (stainless metal sponge); and F. R. Long, independent oil operator and vice president of Mohawk Oil Co., Los Angeles.

Messrs. Landau and Ross in their newly formed National Telefilm Associates Inc., have set up an entirely new concept in tv film production-distribution. It embraces use of franchise holders as distribution agents and production financiers.

Besides distribution of the old Bernard Prockter product along with Mr. Landau’s own filmed shows, the new firm will move into the production field on its own. NTA will also help finance outside production and work straight distribution deals for independent producers.

California Bank, Los Angeles, with several branches in Southern California, is known to have financed segments of the tv industry, and state-wide Bank of America has done likewise, with both now starting to expand their financing operations in video.

Those are some of the projects underway in Hollywood as financiers look into the West Coast colony with new interest. They are turning an appreciative eye toward some of the profit sheets of both producers and distributors.

With 83 stages available for rental to Hollywood tv film producers, a survey by B&T shows that better than half of these stages actually are being used for video productions. The list of stages in use includes 10 each at California Studios and RKO Pathe; nine at Motion Picture Center; 18 at Republic Pictures; eight at Samuel Goldwyn Studios; seven at General Service Studios; six at First National Studios (formerly Eagle-Lion); five at Hal Roach Studios; three at Walt Disney Studios; three at KTTV (TV); two at KPTV (TV); and two at KTTV (TV); two at Oppenheimer Studios; one each at Filmcraft Productions and Jerry Fairbanks Studios. Two more studios have stages under construction.

Not included are two stages at Columbia Pictures, devoted exclusively to Screen Gems Inc. video filming and the one stage and...

Exclusive distributors of Studio Telescriptions
Placeritas Canyon Ranch utilized solely by Gene Autry’s film interests.

Whereas California Studios is currently exclusively tv, the video ratio at Motion Picture Center is two-thirds, General Service six-sevenths, Goldwyn one-half, RKO-Pathé three-tenths, with the remainder taken up by Panoramic theatrical films. Republic has a minimum of one-third reserved for tv while continuing theatrical film production.

An example of what tv filming has done for the independent studios is best shown by the emergence of General Service Studios from bankruptcy. Beset by financial difficulties these past three years and in bankruptcy court, owners James, George, Henry and Ted Nasser in mid-July repaid more than $1 million loan balance to Bank of America to retain the property. The brothers attribute saving of their studio entirely to rental of space and facilities.

Of the seven huge stages, five are under term lease with the other two available to free lance independents. Tenants include Joan Davis Enterprises (NBC-TV I Married Joan); McCadden Productions (CBS-TV Burns & Allen Show); Jack Chertok Productions (CBS-TV Private Secretary) and that firm’s other productions; Denmac Productions (NBC-TV Dennis Day Show); Stage Five Productions (ABC-TV Adventures of Ozzie & Harriet).

On a term lease for more than $1 million, Kring Studios Inc., Chicago, has taken over the old Charles Chaplin Studios on Sunset Blvd. and La Brea for its expanded Hollywood operations. Although the Chicago firm has already moved its Hollywood animation and editing departments onto the lot, the entire layout is undergoing extensive remodel-ling and renovation, according to David S. Garber, studio manager.

A third sound stage is being constructed and many other new features will be added for tv film production, it was said. Kring’s own production activities, under supervision of Lee Blevin, will start this month.

The old Warner Bros. Studios lot on Sunset Blvd. in late December [BT, Dec. 28] by Paramount Pictures Corp. to house its subsidiary KTLA (TV) has given credence to the long standing report that the motion picture company will become active on a major scale in tv film production for syndication.

Now being remodeled, with many innovations to be added, it is generally believed the 10 acre site will become the production center not only for the station’s film syndication through Vitapix Corp. which KTLA recently joined [BT, Dec. 21] but for other such production. Consensus is that Paramount Pictures will set up a new subsidiary, similar to Columbia Pictures’ Screen Gems Inc., producer of NBC-TV Ford Theatre.

Springboard to Future

At time of the property purchase, Klaus Landsberg, vice president of Paramount Television Productions Inc., and station general manager, indicated such activity when he stated the new facilities will permit expansion of KTLA’s programming along national syndication lines and also be the “springboard for future operation”.

In addition to four large stages, the acreage includes a 100 by 140 foot storage building which, if necessary, could be converted into film shooting space; a completely equipped building for broadcasting purposes (it formerly housed KFWB when owned and operated by Warner Bros.); an office building and another structure now occupied by Warner Bros. Cartoons Inc., under five-year lease arrangement.

Desilu Productions, producers of CBS-TV I Love Lucy and Our Miss Brooks and headquartered at Motion Picture Center, in addition to providing physical production facilities and personnel for other such companies (three at the moment), has an estimated $5 million in production set for this year. There is also available money for future packages it might develop.

Reve Productions, subsidiary of MCA and headquartered on Republic’s lot in north Hollywood, budgeted around $3 million for five series, with three more in planning stage. Reve produces ABC-TV Pride of the Family, Pepsi-Cola Playhouse, syndicated City Detective and Kilt Carson series (Coca-Cola), CBS-TV Meet Mr. McNutley and has started an as yet untitled feminine newspaper correspondent series starring movie star Joan Crawford. The Pepsi-Cola renewal for 13 weeks of the ABC Pepsi-Cola Playhouse, involves approximately $325,000 in production budget.

Ziv TV executives a few months ago revealed it, too, has around $5 million earmarked for Hollywood film production in
a sports jackpot for tv

(Continued from page 84)

erate closely with Sportsvision in rapid processing of prints for releases.

From the airport the film is rushed to Acme, occupying the first floor of the same building in which Sportsvision is located. There, using special equipment and processes, a work print is ready in 2½ hours.

Upstairs, in Sportsvision, a crew of four negative cutters, five positive film editors, two assistant film editors, five writers and five members of the firm's executive staff quickly cut the print down to important plays, plus crowd and game color inserts. (Most members of Sportsvision cutting and writing crew are part-time staff members, holding down jobs in the motion picture and other industries during the week and picking up an extra paycheck from Sportsvision for their weekend work.)

A narrative script is written and checked simultaneously with the film negative against the completed work print, after which the work print and script are rushed to Universal Recorders. There, one of Sportsvision's three commentators—Tom Harmon, Bill Brundidge or Jack Shaw—records the sound track. Play-by-play script is usually in skeleton form, merely indicating to the commentator what is going to happen so he can accurately "call" the play as if it were actually happening.

With narration, sound and music transcribed on tape and synchronized with the cut negative, Acme finishes the release prints on another special machine, capable of turning out six half-hour prints an hour. Meanwhile, Sportsvision's staff checks air express schedules and speeds the print to the airport for the stations wanting quick release.

The rush prints out of the way, the staff takes a deep breath and concentrates on production of other football programs. These include the regional Highlight series, not shown on the air till later in the week.

Roughly, complete cost to Sportsvision to produce each football game on film, from shooting the game to shipping the prints to the stations, runs from $3,500 to $5,000.

The firm maintains headquarters in San Francisco, its production department in Hollywood and sales offices in Hollywood, Chicago and Seattle. In addition to distribution of its own sports features, Sportsvision plans to handle sales for both sport and non-sport tv features made by other producers in the future.

Time was when, with the end of football, Sportsvision would strip its operation down to a skeleton crew for the rest of the year. However, besides its new California-Stanford live tv spring sports series, the firm is branching out and offering tv stations a group of diversified sports features including Play Golf with the Champions, Sports 30 and Sports Quarter. The last two are, respectively, half- and quarter-hour features on all sports, beginning Christmas week on a local and participating sponsor basis.
Murder in Minutes for Tv

THOUGH Charles Michelson believes he has introduced a tv film production concept he likes to call "the assembly-line technique" in his five-minute series, Capsule Mysteries, he is worried about semantics.

He is quick to disabuse clients and colleagues of the notion that "assembly-line," as he means it, refers to a product made in a hurry for mass consumption. He stresses that his interpretation connotes that Capsule Mysteries were produced with stop-watch precision and coordinated movement to exploit to full advantage the split-second time-table that had been established for use of sets and availabilities of actors and production personnel.

To point up the importance of timing in Mr. Michelson's first venture in the tv filmed programming field, he arranged a four-week period of "dry run" for all personnel before actual production began so that everyone would know what was required of him during the real thing.

Mr. Michelson, a veteran of the radio transcription field of 18 years standing, conceived the idea of a five-minute mystery tv film series last April and assigned Gil Braun to write the scripts. Mr. Braun is a long-time radio and television writer, whose credits include Plainclothesman, Ellery Queen and Famous Jury Trials on tv, and Frank Merriwell and Avenger on radio.

"I felt that in order to give the series the quality it deserved it required a lot of new faces and a lot of sets," Mr. Michelson explained. "I am very proud to say that in the 39 episodes we have completed of Capsule Mysteries, we used 153 actors and 62 sets. When you consider that each episode runs about 3½ minutes, with the rest of time open for commercials, you can see we attained a wide scope of visual appeal and a wide range of acting talent."

In order to make full use of the sets in Montreal, where the series was produced, Mr. Michelson effectuated "the assembly line technique." If, for instance, various scenes from various episodes were to be

Body found, crime solved—all in 3½ minutes in Capsule Mysteries show.

Here's stage in Montreal where 39 episodes of new series were shot.
shot in a forest, he arranged for the production to be completed on all scenes before the set was dismantled.

Mr. Michelson reported that Capsule Mysteries will be distributed by Charles Michelson Inc., starting on or about April 1. He said he has had inquiries from various advertisers, including one company that is considering sponsorship in 40 markets.

Mr. Michelson hesitated to make a definite claim that Capsule Mysteries was the only filmed dramatic series of five-minute length, but said he believes he established "a first" with its production. He was influenced to start the project, he said, because he felt it could fit into various programming schedules and into various advertisers' budgets.

Rates for five-minute program range from $17.50 in small markets to $98.75 for some stations in Los Angeles, Chicago and New York. Mr. Michelson noted that the price in the large metropolitan areas has been kept down proportionately in order to give Capsule Mysteries the widespread initial exposure he feels it deserves.

Program-wise, Mr. Michelson contends that a five-minute show is a life-saver on many TV stations that run feature films of irregular length. Mr. Michelson believes the series can be programmed in various ways, either as a straight five-minute show, as a ten-minute program or as a 15-minute stanza. He mentioned that one station planned to use Capsule Mysteries as a half-hour show, utilizing three episodes plus a panel that discusses each mystery.

ASSISTANT RESEARCH PROMOTION DIRECTOR

in New York office of leading television network. Needs basic knowledge of radio and television research techniques with ability to write and deliver sales presentations. State salary requirements. Write Box 8-T 921, 221 W. 41st St., N. Y. 3, N. Y.

For the Record (Continued from page 100)

The proposed major broadcast fee would apply to am, fm and tv stations for construction permits; modifications of construction permits or modifications of licenses in power, frequency, location, and operation; licenses for new stations; renewals of licenses; assignment or transfer of permits or licenses; and special services. (See story p. 46 B-T, Feb. 1, 1951.) Action Jan. 28.

Second Survey of Independent TV Stations—The Commission authorized second survey of financial experience of independents in both tv and uhf. The period to be covered was Aug. 1, 1950 through March 1954. The post-freeze stations which were in operation by Nov. 1, 1953, will be asked to furnish this supplemental information in connection with

BROADCASTING • TELECASTING
the filing of their Annual Financial Report Form 324 by April 1, it will augment the first survey, scheduled for June 30, 1953, which covers the preceding post-freeze period. Action Jan. 28.

WORD-TV Spartanburg, S. C.—Broadcast Co. For application to the FCC granted special temporary authority for interim operation of a low power television station on channel 2, using 6 kw visual and 6 kw audio power at Greenville, S. C., 2.85 kw visual antenna at (288 ft., 2 mi. southwest of) Greenville, S. C. S.C. (on Channel 3, Jan. 28.

TV Allocation—Rapid City, S. D.—On petition filed Dec. 29 by The Hills Broadcast Co., of Rapid City, S. D., the Commission proposed rule-making to add ch. 3 plus to that city, which now has ch. 2. The Commission may be filed on or before Feb. 26. Action Jan. 28.

TV Allocation—Zanesville, Ohio—By report and order, the Commission denied Telecasting Corp. of Zanesville, Ohio, by assigning ch. 18 minus to Zanesville, to become effective 30 days after the date of grant. This provides a second commercial u/f channel to that city, the existing ch. 50 plus. Action Jan. 28.

TV Allocation—in a notice of further proposed rule making, the Commission invited comments by February 28, on (1) proposal by Frank W. Starn, Waco, Texas, to add ch. 9 minus to that city by substituting ch. 11 for ch. 9 in that city. The Commission proposes the action by the Allocation of Educational TV Commission to transfer non-commercial educational ch. 7 from University of Minnesota, Minneapolis, Minn. These proposals conflict with proposals by the University of Minnesota filed on Nov. 19, for ch. 11 to Lexington, Tenn., ch. 7 to Rock Island, Tenn., and ch. 11 to University of Minnesota. The Commission invited public comments on commercial educational use. Comments Sterling not presented. Action on notice was issued a concurring statement. Action Jan. 28.

Chief Broadcast Bureau—Grant petition for extension of time to Jan. 27 within which to file opposition to Hartford Telecasting Co. on order of motions commissioner dated Jan. 19, which granted petition of The Hartford Broadcast Co. Service that deficiencies should not be taken as a basis for finding a notice of taking of positions filed by Hartford Telecasting Co. re ch. 3 in Hartford, Conn. (Docket 10821, 10866).

United States of America—Vernal, Utah: Carbon Emery Broadcast Co., Price, Utah—Dismissed as most petition of Utah party in re proposed re application of Carbon Emery (Docket 10759); expiry of license, subsequent granting of petition of Carbon Emery for leave to amend application to specify 1400 kc. View of 1400 kc, and the application as amended was remanded for further action. Action Jan. 27.

By Hearing Examiner Millard F. French

Ordered that the date for the exchange of the supplemental material required by Commission Order in re applications of Tulsa Broadcast Co., et al. applicants for ch. 8 in Muskogee, Okla. (Docket 10806 et al), be changed from Jan. 21 to Jan. 29, 1954. (Action of 1/27/54.)

Radio Dialbo Inc., Stockton, Calif.—Corrected page 2, line 9 of initial decision of Jan. 21, 1954, to change the word "require," to "require." (Docket 78673; (Ch. 13.) (Action of 1/27/54.)

By Hearing Examiner Inasde A. Noffs

Palm Beach Broadcast Corp., WEAT-TV Inc., West Palm Beach, Fla.—Grant petition of WEAT-TV Inc. for extension of time on Jan. 29 to such later date as may be designated by subcommittee on pending examinations, if the filing and exchange of the pre-hearing material required by the party in re their applications for ch. 12 (Docket 10829-39). (Action taken 1/28/54.)

All petition of WEAT-TV Inc. for advancement of hearing date from Feb. 5 to Jan. 29 in this proceeding. (Action taken 1/28/54.)

By Hearing Examiner Herbert Sharfman

La Jolla Broadcasting Corp., San Diego, Calif.—Continued hearing from Feb. 1 to Feb. 23 in re application (Docket 10925).

The further hearing tentatively scheduled for Feb. 4 in re applications of Scripps-Howard Radio Corp., KQCH, Davenport, Iowa, and WBBN, Chicago, Ill., was scheduled for Feb. 4 (Docket 10152 et al). (Action of 1/28/54.)
No figures to put in that blank space yet—but letters pour in every day from points all over the area shown above. In different ways, they say: “WHIO-TV with 316,000 watts and the World’s Tallest TV Tower comes in here perfectly clear.” It’s amazing! New tower and the boost in power only in use since December 1st of ’53. Check with George P. Hollingbery representatives. They’ll have complete information very soon.

1. FT. WAYNE, IND. “Reception perfect day and night. Enjoy it very much.”
2. LIMA, OHIO “Your new tower and increased power have really improved the reception in Lima.”
3. CYNTHIANA, KY. “We could hardly get your station until recently and now it comes in clear . . .”
4. POWELL, OHIO “Just a line to let you know how well we get your Channel 7 ... listen regularly . . .”
5. SHELBYVILLE, IND. “Thought you might like to know how strong you come in here . . .”
6. ANDERSON, IND. “I get your station with very good reception.”
TELESTATUS

Tv Stations on the Air With Market Set Count And Reports of Grantees’ Target Dates

Editor's note: This directory is weekly status report of (1) stations that are operating commercially and educational outlets and (2) targets. The number (—) indicates stations now on air with commercial programming. Each is listed in the city where it is licensed. Stations, vhf or uhf, report separately. Where estimates differ among stations in the same city, separate figures are shown for each station. Set estimates are from the station. Further queries should be directed to the source. Local V. S. sets in use is unduplicated B-F estimate.

**Facts on 'Facts Forum'**

**CONSIDERING** the attention the program has recently received in national magazines and in Senate debate over the confirmation of FCC Comr. Robert E. Lee, it is strange that one feature of *Facts Forum* has been largely ignored. That feature is the inconsistency of the program's sponsorship.

By the estimate of the program's moderator, Dan Smoot, radio and television stations donate more than $3 million a year worth of time to *Facts Forum*. Yet it is interesting to observe that although hundreds of stations carry it without charge, the program is carried in paid time by WMAL Washington and WTTG (TV) Washington. The organization that pays the bill on those stations is Facts Forum Inc., the foundation which receives its heaviest financial support from H. L. Hunt, the fabulously rich Dallas oilman and rancher.

Whether Facts Forum Inc. buys time for its show on other radio and television stations is not known (although it is known that some stations sell the shows to local advertisers). The point is that it violates the generally recognized principles of commercial broadcasting if the sponsoring organization of a program of this type buys time from some stations and gets a free ride from others.

We do not presume here to go into the character of *Facts Forum*, which has been both attacked and defended in Congress and elsewhere. Quite aside from that, a question may be raised as to the propriety of the irregular manner of its placements.

**Sauce Bernays**

IT MAY be true, as he steadfastly maintains, that Edward Bernays, the public relations counsel, conducted his critical poll on tv commercials with the purest motives of public service. Whatever his motives, it cannot be denied that he obtained considerable personal publicity in releasing comments by a group of educators, businessmen and churchmen which added up to a severe condemnation of contemporary tv practices.

The Bernans poll cannot be entirely ignored, for indeed there are commercial abuses that need correction. They are not as critical or as abundant, however, as the ultra-sensitive Bernans respondents would have you believe.

Possibly the survey was all to the good. It may remind a few erring telecasters that modulation is not without reward. And, who knows? It may accidentally establish Mr. Bernans as an ideal public relations counsel to advertising media in competition with television.

**Maj. Edwin Howard Armstrong**

THE PONDEROUS physical being of Maj. Edwin H. Armstrong has passed from the contemporary scene. But his inventive genius will benefit mankind forever.

Maj. Armstrong was an enigma even to his friends. He was respected as a scientist who contributed some of the fundamental inventions and processes that make radio reception possible as we know it today. But he was a complex and controversial man who forever seemed to be battling adversaries, both in industry and in Government. He once accused FCC and Bureau of Standards engineers of tampering with the official records to his detriment. And, at the time of his tragic death, he was in the throes of a trial litigation with RCA over patent rights.

Because the major was an intense person, he guarded zealously what he construed to be his rights. A news story which placed what he considered improper emphasis on any of his developments promptly was brought to the attention of the editor involved. A misplaced comma, in his precise, scientific mind, was error that warranted editorial correction.

Although his invention of the regenerative and the superheterodyne circuits were more remunerative, Maj. Armstrong regarded his development of fm as his crowning achievement. Up until almost the day of his demise, it was on his mind, because he had written the FCC favoring the proposed new rules on multiplexing specialized services on the fm channels, a development in which he had also participated.

Maj. Armstrong, in life, erected for himself a monument that is timeless. Every time one turns on his radio or television set he is paying tribute to Edwin Howard Armstrong. Others gave radio a voice; he gave it sensitivity and amplification.

---

**In Fee Not So Simple**

AT THIS stage it would appear important that the FCC's proposal to charge filing fees for broadcast station applications (and all others) is merely a proposal and not a rule. Presumably, if an adequate case can be made, the fees may never materialize.

But a realistic appraisal persuades the conclusion that a fee system there will be. The economy-minded administration is for it; and Congress has paved the way legislatively. The Government wants to return to the Treasury the monies disbursed in administering the various agencies providing service to art and industry.

In the broadcasting field the idea of charging federal filing fees is so unprecedented and the potential meanings of it so ramified that it is difficult to evaluate the proposal in haste.

On the positive side, the imposition of fees would seem to give broadcasters some rights of equity in their properties that they do not now enjoy. The claim no longer could be made that facilities are allocated solely for the benefit of the public. Thus, it would appear that, whatever the fee, the broadcaster is acquiring a right making him perhaps less vulnerable to attack. Another benefit might be to discourage frivolous applications.

On the negative side, it is immediately apparent that the amount of the proposed fees will work hardships on applicants, particularly those in small station operation.

The entire concept of filing fees should be carefully studied by qualified broadcasting attorneys so that well-considered comments may be filed. Perhaps the benefits that would accrue overshadow the objections. The deadline is April 1, allowing plenty of time. The important point is not to let the fee system in by default.

**The Misery Touch**

HOWEVER we may disagree with the New York City Welfare Dept.'s belief that it has a right to license a radio-television program, we cannot help but sympathize with the reasoning that has induced the department to announce it may take jurisdiction over *Strike It Rich*.

The sole appeal of the program is to those who take perverse pleasure in human misery or those who hope somehow to relieve their own troubles by participating in the show. The latter, it turns out, are by no means few; the welfare department says it has been obliged to give aid to many impoverished hopefuls who have landed in New York to try to get on the program.

Of a certainty, *Strike It Rich* commands a large and faithful audience, but the value of a program cannot be measured by commercial success alone. To argue that *Strike It Rich* and its imitators are worthwhile as charities is to be fatuous. At best they provide charity for the few but only morbid amusement for the many.

The logical course here is to make a strong legal stand to dispute the city's contention that it can license a program but coincidentally, in the interest of good taste, to change or abandon the show.
Every act on the boards knew there were certain cities that responded better to their performance. A typical performer’s reaction was, “You should have caught th’ act in Oskaloosa . . . they loved me there!”

Things haven’t changed a bit; regions, areas and localities still differ in their tastes—tastes better evaluated and met by those right on the spot.

That’s why independent radio is scoring so many outstanding successes . . . why independent radio has thrived in the face of competition! If you want to put your product over in Home Town, America, be independent . . . think independent! Contact any of the top independents listed below!

They are all members of AIMS — Association of Independent Metropolitan Stations — each the outstanding independent station in a city.

Aim for BULL’S-EYE results... with the AIMS GROUP
IN SAN FRANCISCO TELEVISION

HIGH KRON-TV, since February 14, 1953 has operated at HIGHEST legal power on its favorable Channel 4.

HIGH KRON-TV telecasts from the HIGHEST antenna in the San Francisco-Oakland area.

HIGH KRON-TV led all Bay Area stations with HIGHEST average quarter-hour ratings during KRON-TV’s telecasting periods, according to October 1953 Telepulse.

HIGH KRON-TV programs—NBC Network Local and Syndicated are HIGHEST in October Telepulse ratings. Ten of the “Top Fifteen” are KRON-TV features, double the other two stations combined.

LOW KRON-TV, Channel 4, operates on the LOWEST frequency in the Bay Area—insuring a stronger signal over a greater area.

LOW It all adds up to the fact that KRON-TV gives the advertiser the LOWEST average cost per results.
