ETHER GLEANINGS

By J. CLARENCE MYERS

FROM the lowest tip of our humble heart we wish you all a most happy Yuletide Season! Needless to say, the networks and independent stations are going to present many stupendous holiday broadcasts as a Christmas present to the air audience. But we'll tell you all about that in a few minutes. Right now uppermost in the minds of many hundreds of readers is the outcome of the Limerick contest conducted by this department.

Here's the name of the writer of the best last line to Limerick No. 2, which appeared in the issue of December 10 to 16:

C. E. Robinson, Box 93, Cutler, Calif.

The limerick to which Mr. Robinson added the winning last line follows:

Meredith Willson's fine crop of hair
Seldom does fall beneath a barber's chair.
He wear it long
So he can belong
To the classic musicians—in these days so rare.

Our hat off to you, brother Robinson. And we're wheeling that "iron man" your way pronto.

Ether Gleanings is awarding one dollar each week to the writer of the best last line to the limerick appearing in this department.

And what an avalanche came down upon us after we printed the second limerick! We were surprised on the results of Number 1, but Number 2, wow! The judges had to burn the midnight oil sorting out, grading and finally agreeing on the winner. Our readers have taken to the limerick contest like a duck to water. Come on, you who haven't tried your hand at limerick writing. It's loads of fun, even if you don't win. Try it!

Limerick Number 4

Cantor can joke in his winning way
Rubinoff a fine fiddle can play
But does Whitman's rare style
Keep you at the dial

There it is you limerick bugs. Tackle that one. There's a dollar in it for you if you write the best last line and a lot of fun even if you don't. All answers must be in by December 27, midnight. Mail 'em to Ether Gleanings, Broadcast Weekly, 36 Powell St., San Francisco.

Umph!

Look what Uncle Sam's letter distributor brung us in the mail last week. It's just what we've been expecting to get since we started this here limerick contest. Here 'tis:

Your limericks are so very bad
My dog, when he heard them went mad
As a writer of verse
You couldn't be worse
You'd better try writing an ad.

One of Your Subscribers.

Well, old fellow, our shoulders are broad and we can take it. Suppose there are many others with the same sentiments as you. But anyhow, just to show you we're a good sport, we'll take you up on that suggestion of yours and will write a limerick ad in the next issue.

***

Some of the most pretentious Christmas broadcasts in radio's history are to be staged this year by the two big chains.

The Columbia Broadcasting System has prepared to bring to its vast American audience the Yuletide greetings from ten foreign countries and in exchange will transmit this country's salutations to them. All this is scheduled to come about from 12:45 to 1:30 p. m. Christmas Day, and will be released locally over KFRC and the Don Lee chain on the coast. The countries scheduled to be heard from include: England, France, Germany, Italy, Hungary, Sweden, Holland, Poland, Ireland and Czecho-Slovakia.

Both networks—the CBS and NBC will carry King George's greetings to America from England on Christmas morning. But you'll have to hop out of the comfies early if you want to hear him. He will be heard on the Pacific Coast in the special program which begins at 6 a. m. and which will continue until 7:05 o'clock. A sound picture of the holiday festivities throughout England, which will include pick-ups from London, Glasgow and Birmingham, will be transmitted across the pond to this continent. We will hear Welsh carol singers, holiday cheerios from workers on a lighthouse and in a coal mine.

The NBC also plans to transmit from Bethlehem, the Holy Land, the ringing of the bells of the Church of the Nativity, on Christmas Eve—Sunday night.

The CBS's second feature from England will be broadcast by the King's College Choir from Cambridge at 7:45 a. m. Sunday, December 24.

On Christmas Day from 11 a. m. to 1 p. m. KGO and KPO will wing out "The Pageant of Christmas." It will be a musical and dra.
matic resume of the development and growth of traditions and ideas down to the present time.

* * *

A special Yule message to the disabled veterans of America will be transmitted over the CBS chain (KFRC at 1 p.m. December 23) by the Secretaries of War and Navy, and the national commander of the American Legion.

KYA comes forward too, with some special holiday events. The noted Christmas oratorio by Handel—"The Messiah," will be sung by a chorus of fifty voices, members of the Claremont Choral Club, Saturday, December 23 from 10 to 11 p.m.

Devotional broadcasts will include the midnight mass from Old St. Mary's Church in San Francisco by KYA on Christmas Eve the Christmas Day services of the Italian Methodist Church from 9:30 to 10 a.m.

Most of the other independent stations will offer special holiday bills.

* * *

President Franklin Delano Roosevelt's birthday is to be the occasion for a gigantic nation girdling radio broadcast. Practically every major broadcaster will be hooked up for the event.

The chief executive will be 52 years old on January 30. On that date from 8:15 to 9:15 p.m. the broadcast in his honor will take place. Both networks—CBS and NBC—will wing it out. The President, himself, is scheduled to speak from the White House. Special parties will be staged throughout the country in honor of the occasion. Part of the proceeds of each affair will go toward a birthday gift to the President, who in turn will expend the money for relief of infantile paralysis sufferers.

* * *

We're jumping a little ahead of Father Time. But here's an event worth jotting down on your radio calendar right now. On New Year's Day, January 1, there will be a special coast to coast broadcast by the Los Angeles Philharmonic Orchestra from 12:30 to 1:30 p.m., over the CBS net. The group will play at Pasadena during the interval between the Pasadena Tournament of Roses and the football game between the best of the East and West. Otto Klemperer will direct the orchestra, which will play in the famous Busch Gardens.

As we mentioned in these pages in previous issues, there is scheduled a special broadcast from the Metropolitan Opera House in New York of "Hansel and Gretel" on Christmas Day.

* * *

Warden E. Lawes, colorful head of Sing Sing prison and author of the best seller: "20,000 Years in Sing Sing," is coming on the air via the NBC. The first broadcast is scheduled for January 3, 8:15 to 8:45 p.m. on KGO locally. Bits from his book will also be dramatized during the broadcasts, which are sponsored by the makers of Sloan's Liniment.

* * *

The NBC's first all-colored act on the Pacific Coast chain is that monickered: "Etta Moten and Her Company." It is winged out over KPO Tuesdays from 7:15 to 7:30 o'clock and includes besides the blues singer the Southern Harmony Four, male vocalists.

* * *

The Standard Oil Company of California, Horlick's Malted Milk Company, Swift and Company, and Chevrolet have renewed their contracts with the NBC, continuing with their present broadcast features.

* * *

Captain Argus is back at his old time on KYA—Mondays at 9:30 p.m.

* * *

An epidemic in illness and physical mishaps hit the KTAB studios last week.

Refa Miller is in St. Luke's Hospital in San Francisco recuperating from an appendicitis operation; Bill Powers is walking around the studio with his arm in a plaster caste; Doc Miller, actor, suffered injuries to his shoulder while playing football on the neighborhood sand lot; Frank Galvin is recuperating from an attack of influenza and Chubby Coleman is in a Los Angeles hospital recovering from an appendicitis operation and numerous complications.

* * *

Ralph Brunton, manager of KJBS, is in Seattle on business. Shortly after his return he plans to go to Washington, D.C., in time for the Radio Commission's hearings on applications for increased transmitting power.

* * *

James Kendrick, veteran pronouncer in these parts, is back on KTAB, working before the mikes at the Oakland studios.

They call it the
LONG-LIFE TUBE
...and absolute precision in every single manufacturing operation maintains that Tung-Sol reputation!

TUNG-SOL'S reputation as a precision manufacturer was established long before radio was born.

Look at the light bulbs in your automobile. They are probably Tung-Sols, because most of the cars in America have for years been initially equipped with Tung-Sol bulbs.

Can you think of any product on which precision methods of manufacture are more important or rigid standards of quality more vital than the light bulbs on which the safety of millions of motorists depends?

And if the leading automobile engineers in the world's greatest automobile owning nation have for years found Tung-Sol bulbs so outstandingly superior that they have specified them repeatedly, isn't that a tribute to Tung-Sol's standing as a manufacturer of precision built products?

To build good radio tubes demands precisely the same type of manufacturing operation as to build good automobile bulbs. And when it comes to that kind of experience, Tung-Sol stands alone!

Look for the dealer in your community who sells Tung-Sol radio tubes. The fact that he has the Tung-Sol franchise is in itself a sign of dependability and evidence of his desire to give you reliable merchandise and service.

You can't see what makes Tung-Sol a longer lasting tube, and even the readings on the dealer's testing apparatus tell only part of the story. But it's the years of experience in precision production, the use of processes and the adherence to inspection standards which in many respects are unique in the tube industry, that show up after months of perfect performance in your set. And after all, flawless performance is the important thing you buy when you buy any tube, because the finest receiver in the world is only as good as the tubes in it. Try Tung-Sols in your radio next time you need tubes and convince yourself that they actually do give better service longer.

The "Smart Set" of Radio

Majestic

THE RITZ—$87.50

A beautiful console radio — the very last word in beauty, style and smartness. Piano finish, modernistic cabinet with center panel and sides of striped walnut and pilasters of dark walnut.

A superheterodyne receiver using the latest "DUO-VALVE" tubes — each of which does the work of two ordinary tubes.

A MAJESTIC radio in every sense of the word.

171 Bluxome Street                      San Francisco
OUR family thoroughly enjoys our weekly copy of your magazine, and not only do we enjoy it, but many friends who drop in, for as soon as a new copy arrives the other copy is placed in our radio scrap book for reference in regard to artists, announcers and programs.

We find much pleasure in guessing the names of the various announcers before they give them over the air, consequently we enjoy reading of them and seeing their pictures in Broadcast Weekly. Will you publish, in the near future, photographs of Dick Ellers, Robert Waldrop, Milton Wood? We think it would be interesting, too, to see photographs of their wives and families if they have any. We're particularly fond of Jerry Kilgore’s voice. Feel like it’s a shame, though, that he is “on” so many late programs.

Is it too late to make a request for more appropriate Christmas holiday programs than we’ve had the last four years? Except for the advertising, one would scarcely have known from the radio programs that the Christmas season was approaching or here. There are so many lovely Christmas things that we all enjoy hearing, and of course have only a short time to use them during the year.

Since Al Pearce and his Gang are so popular, especially with the younger generation, I’m sure their unseen audience would be greatly increased if they could be on the air about 5:30 or 6 p.m.

I certainly hope that the government will not take “control of the air.”

Please accept our thanks and good wishes.

Mrs. Mary C. G., Bakersfield, Calif.

Am taking this opportunity in saying how much I enjoy the Broadcast Weekly. I think the NBC programs are excellent. I enjoy good singing and never tire of listening to Bing Crosby, Donald Novis, Jack Fulton, and others, but there is one tenor that is seldom mentioned and I think he is splendid—he is Lawrence King of KNX studios, Hollywood. Would like to see a photograph of him in the Weekly at some time in the very near future.

Best wishes for your success.

Mrs. Grace S., San Francisco.

As a subscriber to your interesting weekly, I would like to ask you why little or no publicity is given the interesting, well acted drama, “Catherine the Great.” We consider this drama on a par with “One Man’s Family.” I know many agree with me and I am sure many would like to know more about the excellent actors, and I know would appreciate photos of the cast, or at least Catherine. I am sure Clarence Myers could write a little something that would be interesting to all.

Sincerely yours,

John F. C., Emeryville, Calif.

A Rolfe’s Saturday night dancing party is splendid dance music by all standards, but why do the sponsors allow it to be ruined by inane advertising blurbs? One would be led to suspect that the citizens to whom they appeal to purchase Terraplanes were all morons—or something. Listen some time and then turn it off.

E. L. M., Colfax, Calif.

LIKE BAND MUSIC?

Are you thrilled to the marrow when martial music greets your ears? . . .

DON’T MISS KQW’s

NOONDAY BAND CONCERT

DAILY EXCEPT SUNDAY

12 to 12:30 p.m.

1010 kilocycles
*** Myrtle Vail Damerel, "Myrt" of the popular radio serial, "Myrt and Marge," and mother of Donna Damerel, "Marge" of the same program, announced the engagement of her daughter to Gene Kretzinger. Kretzinger, with his brother Charlie, forms the radio team of "Gene and Charlie," currently broadcasting over Columbia's Chicago outlet and well known to network listeners in previous performances. "Marge" and "Gene" will be married some time during the Christmas holidays.

*** The Christmas day wedding of Phil Hanna, Three Cheers tenor, to Ruth Porter, will bring the total of the ball and chainers in the Al Pearce Gang up to five. The others are Don Johnson, writer, E. J. Derry, also of the Three Cheers, Andy Andrews, Monroe Upton and Al himself. The Bachelor Club, captained by Cal Pearce, includes Travis Hale, Carlyle Bennett, Earl Hatch, Morey Amsterdam and Bill Comstock. But Hatch, Hale, Amsterdam and Comstock are all slipping.

*** NBC listeners who have been accustomed to hear One Man's Family on Wednesday night, will have to mark a new date in their radio appointment books for 1934. Starting January 5, the saga of the Harburg family will be broadcast on Friday nights at 7:30 o'clock P.S.T. On that night the Wesson Oil Company, sponsor of One Man's Family in the West, extends its sponsorship of the weekly broadcast to cover the southwestern stations of the National Broadcasting Company as well as those of the Western Division. The broadcast of the serial which is presented Saturday nights from San Francisco for eastern audiences, will continue at its usual time. This is not heard in the West, but clever manipulation by Carlton E. Morse, author of the now famous serial, is bringing the eastern listeners up to date on the episodes heard in the West and starting January 5, listeners on both sides of the continent will hear the same episodes. Almost half a hundred stations on NBC networks now present One Man's Family.

*** Morey Amsterdam, Al Pearce comic, raves about Alexander Woolcott's broadcasts. Never misses them. All of the gang are good radio fans. They have radios in the cars they use on their trips. And there are usually several sets in operation in the dressing rooms backstage. Bing Crosby gets the nod for popularity.

*** Short Shots from KHJ: Muriel Reynolds, lovely heroine of H-O-Rangers, the KHJ "kid-thriller," was once a girl's Student Body President of the Los Angeles High School. Bert Boog, "Windy" on the same program, appeared in "Tom Shows," acted for Duffy and is a graduate of the University of Washington. Edward Lynn, author of "Catherine the Great," just had an operetta published by Willis of New York. It is a fantasy for children called "The Button Tree." The same Edward Lynn has two pages to his credit in the Anthology of California Poets. Sherman Bainbridge, who takes the part of Count Panin in "Catherine the Great," is an honest-to-goodness Colonel. True Boardman, who takes the part of Orloff the Strong is attending U.C.L.A. mornings, where he takes a special course in English literature. Lucille La Pointe, who takes the part of the Old Servant Naranka, also played the Empress Elizabeth Petrovna in "Catherine." Mora Martin, who plays Empress Catherine, is known to her family and friends as Billy Jim. Ted Osborne, who plays Potemkin in "Catherine," spent many years on the New York stage and directed plays in the New England states. Paula Winslow, who takes the part of Catherine's maid of honor, Mme. La Ponierre, a French woman, really speaks, reads and writes French.

*** An emotional person is Lulu McConnell, fast-talking comic lady who made her radio bow as the star of "The Big Show." This stage veteran sat down and broke into tears as soon as she finished her bridge-game skit on the opening program, though she wouldn't say whether they were tears of joy, nervousness or relief. But within two minutes the irrepressible Lulu was making faces at one of Isham Jones' saxophone players.

*** Harriet Hilliard, blonde charmer who sings with Ozzie Nelson and his orchestra on Joe Penner's Sunday evening Bakers' Broadcast, has packed a good deal of professional experience into her twenty-two years of existence. After minor roles, singing and dancing in movie shorts, and some training in stock companies, she reached Broadway less than two years ago, assisting N. T. G. in his job as master of ceremonies at the Hollywood Restaurant. Ozzie Nelson thought she was just the girl to sing with his orchestra and she has been with him since. She has done
further shorts for Paramount. Both her parents were professionals, her father a director in moving pictures.

- Muriel Wilson, Mary Lou of NBC's Show Boat, claims she has lost fifteen pounds in the last two weeks. She has given up cooking and has taken up horseback riding to acquire the sylph-like figure.

- What America needs, in the opinion of Dr. Ortiz Tirado, NBC's singing surgeon who has returned from Mexico, is the legalization of bullfights. Dr. Tirado enjoys every day of the week but Sunday during his visits to New York. But Sunday without a bullfight is like pudding without sauce to Tirado.

- Electric chimes have been installed at the Chicago NBC studios. The announcer presses a button to automatically start, ring and stop the chimes.

- KHJ is abuzz over the visit of a mysterious gentleman to the studios during the last "California Melodies" broadcast. Dame Rumor hath it that the gentleman is none other than Mr. Hall of the Victor Recording Company and that the genial Raymond Paige is to have his beautiful arrangements permanently recorded for posterity.

- While playing an engagement at a Chicago theater, Guy Lombardo was the victim of a sneak thief who entered his dressing room and stole clothes, stage uniforms, a sum of money and his violin. Evidently, the sneaker-inner wasn't a violin connoisseur for Guy is replacing the instrument with another of the $15 variety.

- Rudy Vallee has new offices in New York, with a combined library and audition room. When song pluggers or radio aspirants come to do their stuff, he has them at the microphone in the audition room, connected to a loud speaker in his private office, so he gets a good idea of just how the material would sound over the air.

- Mr. Lefler, one of the foremost radio technicians in the country was brought out from the east to install a new transmitter for KROW. He has installed fourteen stations throughout the United States and Canada. During the World War he taught radio to the Army schools in France and after the war, he returned to the United States and taught radio in high schools for awhile. Mr. Lefler was trained in Loomis Radio College in Washington, D.C.

- Cal Pearce, a second lieutenant at Camp Upton during the war, was offered an automobile by his commander if he could equip 3,000 men in 24 hours. Cal marched the men in front of him and threw them shoes, shirts, suits and hats as they passed by. He says he could guess the sizes in everything but the hats—the head size fooled him. But he won the car.

- Morey Amsterdam, Al Pearce comic, is quite a moving picture camera man. He spends most of his time of late taking pictures of members of the Gang. If most of the footage turns out to be of Mabel Todd it's probably just a coincidence. Morey takes them one day and is showing them to delighted crowds in the dressing rooms the next. The other day Al couldn't find him back stage while the show was on—he was in the pit taking pictures of Mabel in the spotlight.

- Gene Close, accompanist and arranger of the Clef Dwellers, new NBC singing trio, has written more than a hundred original songs, and claims the honor of having composed the very first "Carolina Moon" song on the market, ten years ago.

- Julian Riley, announcer at KOA, Denver, is an accomplished violinist and has appeared with Denver Civic Orchestra under such directors as Ganz and Hadley.

- "Are ya dyin'?" is the tag-line generally used by Lulu McConnell whenever she sports a particularly fast and raucous gag on a "Big Show" program. But in private life, her catch-phrase seems to be "Are ya' flyin'?" Ever since she first took a plane flight, Lulu has hoped to master the stick. So now, Lulu, a gay and spry grandmother, is regularly taking flying lessons at Roosevelt Field under the tutelage of George Pickenpack, famous stunt flier.

- In preparation for television, the Freeman Lang sound studios in Hollywood have started to produce a sample film to accompany each electrical transcription series which leaves its studios. For the initial performance in each recorded series, artists and actors appear in costumes of the times and scenes which they portray. The film library will be indexed and catalogued and, on order, complete filming will be done for any transcription series.

- Freeman Lang's power cruiser, "The Dierdre," which is used as a floating audition boat at stated intervals up and down the Pacific Coast, has been pressed into service for a sample transcription and film. This is in addition to the current practice of filming one episode of each recorded series.

- KNX's Sheriff Underwood and his Range Riders attended the funeral of Skeeter Bill Robbins, famous cowboy, picture actor and rodeo director, who was killed recently in an automobile accident. The group, including "Feewee, the giant Range Rider, sang "The Last Round-up" over the grave of the famous cowboy.
• • • Dell Perry, known as one of the best accompanists in the radio field is now accompanist for KROW. She has played the initial program for KFRC, KFWI and KYA, before coming to KROW. Miss Perry played for KGO on the NBC programs for over three years. Dell is a veteran in radio and when she starts playing, the piano begins to talk. Before she ever thought of becoming an accompanist, Dell Perry used to be a professional ice skater, well-known as a racer around Chicago.

• • • Anson Weeks and his popular dance orchestra will bid farewell to the NBC audience when they broadcast for the last time this year on Saturday, December 30, at 9:30 p.m. Following their appearance at the Mark Hopkins Hotel in San Francisco on New Year's Eve, Weeks and his musicians will begin a ten-weeks' tour of Pacific Coast cities, filling engagements at leading theatres from Seattle to Los Angeles. Weeks, born in Oakland, Calif., has been associated with radio since 1927. His band has been featured on numerous coast-to-coast broadcasts, was called east to play at a leading New York hotel and also has made records.

• • • “Well, on Wednesday, December 13, we completed our thousand and one nights,” Eddie Holden, creator of Frank Watanabe, said recently. “We have been with KNX a long time and have enjoyed every single minute of the time. And we'll be with KNX as long as we can,” the famous character actor and writer declared.

In this statement, Holden was joined by Reginald Sharland, who portrays “The Honorable Archie” in the comedy skit which is a nightly feature excepting Sunday on the 25,000-watt Hollywood station. “We worked out the details for Frank and Archie with Naylor Rogers, vice-president and general manager of KNX,” Holden declared, “and the skit has certainly brought us fame as well as fortune.”

• • • Jimmie Wallington’s first assignment when he joined the New York NBC staff was over a large network and it made him nervous. When he announced a number from “The Prince of Pilsen” his tongue just wouldn’t function right and he said “The Pill of Princeton” instead.

• • • Minetta Ellen, who plays Mrs. Barbour in “One Man’s Family,” keeps her slim figure without half trying. She lives in an apartment at the peak of a hill so high that automobiles have trouble climbing it, and the ten minutes it takes to walk it offers enough exercise for a day.

• • • Hal Hopper, enterprising member of the Three Rhythm Kings, has turned out another tune entitled, “It’s Not the Girl, It’s the Guy.” The ditty had its introduction on the “All-Star Revue” program, and already a catchy melody is being hummed all over KHJ.

• • • Carlyle Bennett, tenor, gives his favorite singer as Donald Novis. Bennett was one of the Atwater-Kent National Audition winners in 1929. His stage experience has been with musical shows and Fanchon and Marco units.

• • • Mabel Todd was prevailed upon by the President of the Huntington Park “Mabel Todd Club” to make a personal appearance before the 33 members when she was playing with the Al Pearce Gang at a Huntington Park Theater recently. There are eight Mabel Todd Clubs on the Coast.

• • • Floyd Gibbons writes his radio scripts attired in a flowing Mandarin robe, a memento of his war correspondent days in the Far East.

• • • Mabel Todd’s hobby, she says, is rehearsing new numbers. It’s never too late at night for Mabel to be running over a new song. She plays her own piano. Mabel was in musical shows, vaudeville and Fanchon and Marco units before Al Pearce gave her her first chance on the air.

• • • J. Anthony Smythe, NBC actor who plays Mr. Barbour in One Man’s Family, never eats luncheon.

• • • Frank Black, NBC’s general musical director, has a close friend who insists that Black should use his influence in trying to have some chess games broadcast. Black finally said he’s help arrange such a broadcast if the friend, a musician, would write an opera to broadcast between moves.
Many have called this new Majestic the most beautiful—and the smartest—radio design ever created. Very modern, but not extreme. Very colorful, with its contrasting wood tones—rosewood, walnut, natural, and ebony—but a most restful, satisfying piece of furniture to live with.

San Francisco
THREE pleasant-faced lads stood before a microphone in Denver, Colorado, and clasped hands in a pact of comradeship which has never been broken.

They were Earl Frederick, Wayne Frederick and Victor La Bat, singing trio whose triangular partnership has encountered and survived all the things that can happen to young singers.

As the Three Stars, the trio was known on the radio stations in Denver, Chicago and Los Angeles, as well as to vaudeville audiences in this country and England. They became the Clef Dwellers when Gene Close, noted composer, joined the group as its accompanist and arranger. The four musketeers of harmony recently became members of the NBC staff in San Francisco, where they are heard three times a week on their own programs, and are featured on "The Big Ten" Friday nights.

Earl and Wayne Frederick were born in Salina, Kansas, but were taken to Denver in their childhood, and grew up there. Earl is the elder of the two brothers; he is 28, and Wayne is just past his twenty-third birthday. The latter was only 13 when he and his big brother made their radio debuts. He followed in Earl's footsteps all through school; both brothers attended Denver University, and both studied with John C. Wilcox, famed western singing teacher, at the Denver College of Music.

Victor La Bat, first tenor in the trio, was born in Denver. Just a month younger than Earl Frederick, he and the latter became friends in their high school days, but Victor was more interested in the stage than in vocal work, although he studied at the Colorado Conservatory of Music.

At a Denver radio station he met Earl Frederick again, and the trio was formed on the spot. Almost instantly they clicked with vaudeville audiences all over the country, and when they reached New York at the conclusion of the first tour they found an agent awaiting them with a contract to appear in London music halls and clubs. They spent a year abroad, then returned to their first medium, the microphone.

In Chicago, where they sang at various stations, Ted Lewis heard them and engaged them to sing with his orchestra. At the close of this engagement they went to Los Angeles, where they made transcriptions and appeared in several films, the most recent of which is "Going Hollywood." They made their first NBC appearance in the west in "Hollywood On the Air."

Close was born in Ithaca, New York, where he played by ear from babyhood. He studied piano and harmony at the Ithaca Conservatory of Music, and made his first appearance at the age of 10. He played with dance bands, and was featured in vaudeville in this country and abroad, although it is as a composer that he made his greatest success. He has written more than a hundred songs, including what he believes to be the very first "Carolina Moon" song—his was published in 1923. The Clef Dwellers present many of his songs on their programs.

THE newest member of the Al Pearce Gang, in common with Mrs. Woodrow Wilson and Will Rogers, has royal blood in her veins, Bernardine Miller, pretty balladist, has an Indian Princess in her ancestry, which makes her one-eighth Cherokee Indian.

The Princess defied her stern father’s command and eloped with a young Englishman. By the time the Chief caught up with them they had three little babies. But this did not soften the heart of the proud and haughty old grandfather who was still ired at his daughter’s desertion from his race. He killed the father and dragged the weeping mother and her babies back to the royal tepee. The heart-broken Indian Princess was Bernardine’s great grandmother.

Bernardine has also had tragedy in her life. Her father, a United States Government official, traveled extensively and little Bernardine saw the grammar schools of Missouri, New York and Virginia. Then he died before she was into her teens. When she grew up she entered the business world but it was only a stopping point. She always wanted to go on the stage. She got her first chance three years ago when she was featured as a contralto on WSYR, Syracuse, New York.

But her biggest thrill, she says, came when she was accepted by Al Pearce as a member of the Gang. That was in October of this year.

She is now 22, has brown eyes, is five feet four and weighs 125 pounds. She is active athletically, loves swimming, dancing, skating and riding. She even says she likes to cook. All of her ambitions lie in a radio career.
# METER-KILOCYCLE—Conversion Table

The following table gives the values of kilocycles corresponding to values in meters, using the factor 299,820,000 meters a second as the speed of the electromagnetic wave. This table covers the band of waves allocated to broadcast stations. To get channel number, omit last cipher of kilocycle rating.

</tbody>
</table>

The values as specified herewith were developed by the United States Bureau of Standards and are convertible. That is, wherever a value of frequency or wave length appears it is interchangeable with the value associated with it. In other words, where 205.4 meters is equal to 1460 kilocycles, 1460 meters is equal to 205.4 kilocycles.

The "Smart Set" of Radio

Majestic

THE LIDO—$103.50

Here is a radio that "belongs" in modern settings, or will add a welcome touch of originality to more usual environments. A new and refreshing note in design that gets away from the deadly-dull monotony of the ordinary radio. Five different tones of woods are employed—from natural to ebony.

Houses the famous Majestic superheterodyne chassis with the new "DUO-VALVE" tubes. These tubes are also self-shielded—molten metal fused directly on the glass effectively shutting out interference.
