For May 19 to 25
The Week's Special Events on the Air

By the Forecaster

SPECIAL events for the week show a decline in spectacular and stunt events, while the major feature broadcasts continue full blast. CBS offers another international broadcast Sunday morning at 8:45, while at 11, the broadcast by Aleppo Temple Shrine Band and male chorus promises an interesting listening period.

At noon, Sunday, NBC introduces the Pittsburgh String Symphony Ensemble. Congressional opinion is scheduled to reach the armchairs via CBS at 6:45 p. m., Sunday, and the Young Peoples' Annual Festival of Latter Day Saints will be heard over the same network at 8:30 p. m.

Monday, NBC presents the Foreign Trade Week program featuring Secretary of Commerce, Daniel Roper, at 9 a. m. "Six Gun Justice" is a thriller to be acquainted with CBS at 5 p. m. The Kiwanis Fellowship Hour is scheduled for 7 p. m., CBS net.

KJBS and KQW are presenting a new Hillbilly "The Crazy Mountaineers," at 12:15 p. m. over both stations. On Tuesday KJBS offers "The Black Ghost," a thriller with a distinguished cast at 9:30 p.m.

The Stanford Forum, NBC, Tuesday, at 4 p. m., and the La Forge-Berumus Musical over CBS, Wednesday at 12:15 p. m. are mid-week features of unusual interest.

Other events of the week include the first western hearing of "Ink Spot," Negro quartette, from New York over NBC, Friday at 7:30 p. m., and the Colgate University Glee Club over CBS on Saturday morning at 8 o'clock.

Many hurrahs will welcome the return of the Carefree Carnival over KPO net, Saturday evening at 6:30.

Broadcasts from Normandie Scheduled

Arrangements are nearing completion for a series of shortwave broadcasts which will enable NBC listeners to share the thrills of several hundred passengers aboard the giant French liner Normandie during her maiden voyage to New York early in June.

Alfred H. Morton, NBC Program Manager, will head the NBC delegation aboard the liner during its first sailing from Havre to New York. George Hicks, NBC announcer, and A. E. Jackson, radio engineer, have been selected to accompany Morton.

The departure of the 1,029-foot liner from Havre on Wednesday, May 29, will be described for NBC listeners, and portions of the elaborate bon voyage ceremonies will be heard. The Normandie's arrival in New York, on Monday, June 2, will be the occasion for another broadcast. Interviews with distinguished passengers, and the noisy welcome of harbor craft will be heard during this broadcast.

Stay-at-homes also will be given an opportunity to listen in during the ship's first concert, a traditional function of every trip, on Saturday, June 1. To give NBC listeners a complete picture of how the great boat works, some time during the maiden voyage microphones will be taken to interesting places aboard the ship for descriptions of the craft and its equipment.

-- Standard Symphony Entertains

The Standard Symphony Orchestra, conducted by Gaetano Merola, with Mary Garden as commentator, entertained several thousand school children at the Memorial Opera House, San Francisco, Thursday evening, May 9.

From the opening strains of the overture to Die Meistersinger, to the close of the concert, the attention of these starry-eyed youngsters was a tribute to the sponsor's belief in the value of good music.

The Standard Oil Company, in sponsoring this year after year feature, has rendered a distinctive service to the cultural growth of the Pacific Coast.

-- "Between the Bookends" Increase Schedule

"Between the Bookends," the restful quarter-hour of poetry and prose presented by Ted Malone from the studios of NBC in Kansas City, has expanded its schedule to become a five-a-week feature on the coast-to-coast Columbia network Mondays through Fridays from 10:30 to 10:45 a.m. P. S. T. Howard Ely, popular organist, accompanies Ted's talk with music suited to the particular mood of the day.

"Between the Bookends" has been a popular Kansas City radio feature for six years. During the past three years the program has been heard over a Columbia network in the West, receiving a tremendous fan mail response.

With the chain-letter craze now gripping the nation, Frank Parker remarks that Rudy Vallee should change his theme song to "Your Dime Is My Dime."

---

Here Is The Big Opportunity You Have Waited For!

A Personal RADIO SCRAP BOOK, with a generous supply of pictures of your favorite radio artists, and

At No Cost to You!

No pictures are printed in this personal scrap book. We send the big book, with a portfolio of prints. You insert the pictures you want in your personal scrap book. Additional pictures will be published in Broadcast Weekly.

Important! Latest radio logs and information included.

Don't Miss This Offer

Everyone subscribing, renewing, or extending their subscription now will receive one of these wonderful new PERSONAL SCRAP BOOKS as soon as they are off the press.

Just send in your subscription at the temporary low price of $1.50 per year. You save $3.70 and secure this great Scrap Book.

Remember, edition is limited, and the subscription price to "Broadcast Weekly" will soon advance. So ACT TODAY.

WJR, Detroit, to Join Columbia Network Next Fall

Station WJR, Detroit, Michigan, will become an outlet of the Columbia Broadcasting System on September 29, it was announced today by William S. Paley, President of the network.

Known as "The Goodwill Station," WJR operates on a wave-length of 750 kilocycles and with a power of 10,000 watts. On joining the Columbia network, Station WJR will replace Station CKLW as the CBS outlet in the Detroit area.

KFOX Announces "Live Talent" Policy

In conformity with a policy contemplated for some time, Hal G. Nichols, president and production manager of KFOX, Long Beach, announces that the station is now on a nonphonograph-record-broadcasting basis, and will continue that way permanently.

In plainer words, phonograph records, for KFOX, are "out." "Live talent broadcasting from now on," says Nichols.

May 19-25 BROADCAST WEEKLY

PROGRAM CHANGES

THE studios are now catching breath after the orgy of schedule shifting due to Daylight Saving Time. Not many important changes are effective this week up to press time.

Advices were received at closing of last issue that Al Pearce would be heard Monday and Saturday at 10:30. This has been cancelled, for the present at least.

Jack Pearl and Family Hotel bid farewell Wednesday at 6 p.m. this week, as does the Cystex Newspaper Adventure program at 8:45, both CBS.

Frank La Forge and Ernest Berumen present a musical, replacing Curtis Symphony, Wednesday, 12:15 over Columbia net.

Other farewells for the week include Voice of Experience whose last broadcast of present series is at 8 a.m. Friday over CBS net.

Among the new programs, get acquainted with Tony and Gus, daily over NBC at 7:15 following Amos and Andy. Two great artists combine their talent and script. To date they are packed with interest and action.

BROADCAST WEEKLY, 1114 Mission Street, San Francisco.

Gentlemen: Please send me Broadcast Weekly for one year, for which I enclose $1.50 (in currency, money order, or check). I am to receive a Personal Scrap Book with pictures, when off the press.

Thank You!

Thank you, our listeners, for the recognition you have accorded KJBS! Since our modest start as a five-watt station some ten years ago, it has been our endeavor to bring YOU the type of program you like to hear.

The fact that many of our sponsors continue with us, year after year, proves to us that you have enjoyed and responded to the programs we have broadcast.

We have tried to make KJBS YOUR station, and it is to your credit that today KJBS is recognized as the outstanding local station in this region.

It has been gratifying to serve you and we hope that we shall continue to be your favorite Radio Station. Thank you again, for your approval has meant much to us.

Ten Years Ago in "Broadcast Weekly"

On Sunday, May 17, 1925, there appeared in Broadcast Weekly—then called "Radio-cast"—the programs of KGO, KPO, KLS, KFRC, KLX and the newest radio arrival, KJBS. In those days, radio was a free and easy affair. Transmitters were turned on and off like a water-tap.

On that May 17, ten years ago, KGO offered radio listeners a choice of church services at 11 a.m., a concert at 3:30 p.m., or more church services at 8 p.m. That was the day's schedule. KPO—then Hale Bros. 500-watter—spread itself with an astonishing schedule. You could tune in at 8 a.m. for "Reading the Funnies" at 10:45 for "Ye Towne Crier," with church services from 11 to 12. At 2 p.m. an organ recital; 3 p.m., church choirs. At 6 p.m. the States Restaurant Orchestra was heard, 6:30 brought more of "Ye Towne Crier," followed by the Palace Hotel Orchestra until 7:30. After half an hour for lunch, the Palace Orchestra (directed by Cy Trobie, now of KYA) returned at 8 o'clock. From 8:30 to 10:00 the Fairmont Hotel Orchestra, with Rudy Seiger, ended broadcasts for the day.

* * *

Compare the "features" of those days—just ten years ago—with present schedules. Where were Major Bowes, King George V, The Rhythm Symphony, Gibson Family? Or the Sperry Sunday Special, Tony Wons, Grand Hotel, or One Man's Family?

The only Ford Symphony was the chorus of the Model T's. Jack Benny had no dream of radio stardom, and Don Bostor's spats were not then considered funny. As for Joe Penner, his duck was still unhatched, and Eddie Cantor might have been heard to plead, "Oh, Doctor, Doctor! Is it a boy?"

* * *

Ten years ago KPO boasted of 500 wonderful watts of power. KFRC, then the City of Paris station, were radio Rajahs with 50 watts. KJBS, in its first months of broadcasting, made an impression with five individual, but very precious watts, operated by batteries.

In the files of Broadcast Weekly, extending back to its first number in November, 1922, are chronicled inspiring highlights of radio's development on the Pacific Coast. During these last few months, we will tell you about some of the old friendly stations that pioneered your radio, when there were no sponsors to make pioneering palatable. And of the loyal artists who "stood by" without benefit of a pay check.

Everyone interested in radio owes much to these far-seeing pioneers of the last decade, and to the new pioneers who are carrying radio forward to greater achievement.

Peace Discussed in CBS Series

Leaders in the field of political thought join in an impressive series of talks over the nation-wide Columbia Broadcasting System network, that began May 8, each speaker discussing the same subject: "How Can We Stay Out of War?"

The series is being arranged through the cooperation of the World Peace Foundation. Newton D. Baker, who was Secretary of War during the war, may take part in the symposium at a later date, as may General John J. Pershing, commander-in-chief of the A. E. F.

U. C. L. A. Students Pick Favorites

Encouraged by the student publication, the Daily Bruin, an enthusiastic student body at the University of California at Los Angeles, recently selected its favorite radio programs, naming Jack Benny's show as its favorite and Benny as its first choice for comedian.

The U. C. L. A. students' favorite type of music is dance music, and Guy Lombardo their choice for dispenser of that type of entertainment.

Paul Whiteman walked away with the blue ribbon in the favorite concert jazz orchestra division, while the favorite male singer of classical songs was Lawrence Tibbett, with Grace Moore leading in the feminine division.

The favorite news broadcaster was Sam Hayes, while the Lux Radio Theatre and the Beauty Box Theatre led in their fields.
KJBS Wins Radio Honors During Ten Years Broadcasting
Under the Same Management Since 1925, KJBS Has Registered Continuous Progress and Growth

It is a long jump from broadcasting a few hours a day, on five watts power, to an every-day schedule of twenty-two and one-quarter hours and 500 watts.

Yet that is the ten-year record of KJBS, San Francisco, now broadcasting more hours per day than any other station in Northern California.

Starting on January 3, 1925, with the call letters KFUQ, the little five-watt transmitter demonstrated that size is not always necessary in order to make a noise in the world.

Alert to its opportunity, each of the 600 volts of storage battery power used by this enterprising station sparked with hot enthusiasm.

In 1925 radio stations generally were on irregular schedules. If someone came in with a program the air was “turned on” with a hearty broadcasters blessing. Radio fans “fished” through the ether for what they might catch. At certain hours of the day there was silence, even the squealing of the old regenerative “blooper” was stilled.

So KJBS, in April, 1925, having discarded its KFUQ call letters, found its first big opportunity in filling some of the gaps when other stations were silent.

That is characteristic of the station’s policy today—the performing of some useful service that has been overlooked.

The five-watt baby grew rapidly in popularity, and with even its limited power, was heard regularly in Sacramento, Santa Clara, San Jose, Stockton, and adjacent territory.

The public quickly sensed the alertness of KJBS, and while the smallest station in power rating, its listening audience was very large.

KJBS Passes Experimental Milestone

As with most stations of ten years ago, broadcasting was largely experimental. No one had decided exactly what to do with it. In the East there were rumblings of network plans, but NBC was still an idea. WJZ, of present network royalty, gave its time free to programs that were of a sufficiently high standard. WEAF, New York, had developed several large advertising accounts, “Eveready Hour,” the “Clicquot Club Eskimos” and “A & P Gypsies” being among the most popular features. Graham McNamee was happy at $60 per week, and Jessica Dragnette was on the WEAF staff at $25. Many of the stars of today were doing free turns at the microphone for experience. Electrical transcriptions were unborn, and the family phonograph was still a king of entertainers.

It was during this period that KJBS had a visitor who proclaimed his intention to advertise over the air.

This was certainly unusual, so Manager Ralph Brunton thought, and he said so. What to charge was a problem, as well as what to broadcast and how to broadcast it.

But it did not remain a problem very long. Radio advertising developed over night and swept the country, until today it aggregates more than one-tenth of a billion dollars a year, and is rapidly increasing.

With advertising possibilities, KJBS became a business institution and established a policy that has persisted through the years, namely, to avoid broadcasting any advertising detrimental to the well-being or good taste of the average American family.

General Manager, KJBS

SEIFFERT PLAYERS, KJBS
Dramatic Feature

HARRY WICKERSHAM
Production Manager, KJBS
KJBS Increases Power

In 1927 KJBS increased its power to fifty watts, and installed a new and modern transmitter. Evening schedules were adopted to fill the need for more variety. On December 16, 1927, Sunday schedules were increased with an added broadcasting period from 1:30 to 6 p.m. On March 1, 1928, the station came on the air with 100 watts power, twenty times that used two years previously. From April 15, 1929, KJBS has occupied its present assignment of 1,070 kilocycles, and has grown in scope of service and prestige.

Through its pioneering years from 1925 on, the growth of KJBS has been steady and consistent. Under the same management and ownership from its first day on the air, KJBS has been able to look ahead and adhere to a definite and constructive program of development.

A Flair for Radio Adventure

KJBS has won credit for many pioneering adventures. In April, 1925, cooperating with the San Francisco Fire Department and Fire Chief Murphy, tests were broadcast between city fire tugs in San Francisco Bay and the short station. With a shortwave transmitter aboard one of the tugs the value of two-way conversation in fighting fire by radio was successfully demonstrated for the first time on the Pacific Coast.

In July, 1925, during the Diamond Jubilee celebrations, KJBS successfully accomplished the first practical instance of mobile short-wave radio phone transmission.

A fifty-watt transmitter was installed in a truck, using the KJBS experimental call letters 6XAR. This truck led the monster parade, left the ranks near the City Hall and described the event, successfully rebroadcasting through KJBS.

In December, 1929, KJBS offered its facilities to the San Francisco Police Department. The station equipped police cars with sets to pick up emergency calls broadcast by KJBS. These calls provided KJBS listeners many a thrill as they took precedence over any program on the air. This test convinced the San Francisco Police Department that radio was a vital necessity in tracking down criminals while the trail was still hot. In April, 1930, KJBS became the official station of the San Francisco Police Department, continuing until the city installed its own transmitter.

A Pioneer "Owl" Broadcaster

On April 19, 1930, KJBS inaugurated its famous "Owl" program, signing on at midnight and broadcasting continuously through the night and next day. Many advertisers use the "Owl" service and have proven that a large cross section of the population sleeps by day and is awake at work, when the rest of the world is asleep.

(Continued on Page 11)
In spite of several temporary setbacks during the past week, the European stations are still sending excellent signals to the Pacific Coast. The place of honor for best reception is now given to GSC (9.58 meq.) on the number six English transmission between 7 and 8 p.m. on Tuesday, Thursday, Saturday and Sunday. Fine daily reception may also be had from GSB between 3 and 5 p.m., and again between 8:30 and 10:30 p.m., the latter transmission representing the latest change in the Daventry programs.

And now that Germany has shifted her North American programs to DJD on 11.77 meq., Coast listeners are again hearing these daily broadcasts between 2:30 and 7:30 p.m. It should perhaps be mentioned that DJN carries the identical program on 9.54 meq., with the exception that the news is given in Spanish rather than English.

* * *

Through the representations of Senor Don Luis Calderon, Spanish Ambassador in Washington, a new program period is dedicated to the United States each afternoon by station EAQ in Madrid. It may be heard daily on the Pacific Coast between 3:30 and 3:45 p.m., and is made up of news comments calculated to be of interest to the United States. EAQ operated on a frequency of 9.87 meq.

* * *

Before leaving Europe, just a word from gay Paree. We have been informed that the French government will soon inaugurate a new international shortwave broadcast station with a power of 120 kilowatts! If the engineers are able to keep that much electricity under control we will soon have our dials flooded with French programs at local volume, as the transmitter has been licensed to operate on 21.49, 17.765, 15.295, 11.845, 9.585, and 6.145 meq. The doubtful listener might reflect for a moment on the fact that the present "Radio Coloniale," which is heard so well out here, is using a power of only ten kilowatts!

* * *

The management of 2RO is still a bit skeptical of 9.62 meq. as a summer wavelength. However, tests are still being carried out on this frequency Tuesday, Thursday, and Saturday, while awaiting further reports from American listeners. The engineers fear that the wave is subject to fading in the United States, but, after all, a little fading is better than no reception at all, which is the case on 6.08 meq. at the present time.

Incidentally, a few miscellaneous rumors have reached our ears to the effect that 2RO will soon shift their evening transmission from 9.78 meq. to 11.81 meq. This seems like a very sensible move from the point of view of American listeners, and a bit of Italian opera should soon reach the coast between 11:30 a.m. and 2:30 p.m., if the change is put into effect.

* * *

New shortwave listeners should perhaps be informed that European reception is far from reliable at the present time. Stations are heard with local volume one day, only to become almost inaudible the next, and it is impossible to predict reception conditions with any accuracy. However, within the next month, the definite arrival of summer should give these trans-Atlantic broadcasts some semblance of regularity.

* * *

Boston Goes Non-Commercial

Station W1XAL of Boston, with a 5,000-watt transmitter, has been owned for several years as a hobby by a group of business men with a conviction that radio had something to give besides mere entertainment, that it can be given attractively, and that the elimination of commercialism will render such a mission possible.

For the past several months, W1XAL has carved its letters deep in the history of shortwave broadcasting. It is still presenting regular programs of music, natural science, drama, travel, talks on art, and other subjects of educational and cultural interest. The station staff includes some of the country's greatest educators and scientific authorities, and the advisory committee includes members drawn from the faculties of Columbia, Howard, and other leading universities. Here, indeed, is a project which should completely satisfy the critics of modern radio who would see broadcasting used non-commercially for educational purposes.

With a shortwave audience in this country which now runs into the millions, and through the aid of the British Broadcasting Corporation and other foreign systems, W1XAL will soon be a source of not only
national but of international education and enlightenment. Programs are broadcast on 11.80 meg. on Tuesday and Thursday from 3:30 to 5:15 p.m. and on Monday from 1 to 2:15 p.m. This is EXCLUSIVELY a shortwave feature.

**The DX Corner**

Station JVH has been heard quite often during the past few weeks directing relief work for the recent earthquake in Formosa. The station operates on 14.60 meg., and is reported near 9.45 p.m.

The Hungarian stations are now on their summer schedules. HAS3 is broadcasting on 15.37 meg. each Sunday from 6 to 7 a.m., and HAT4 is on the same days from 3 to 4 p.m. transmitting on 9.135 meg.

CO9GC of Havana, Cuba, is now on the air three or four times a week playing phonograph records and chatting with South American amateurs after 10 p.m. The frequency is 6.15 meg.

HJ4ABB, “Radio Manizales” has been heard several times on 6.11 meg. between 6 and 7 p.m. Mr. Van den Enden, the four-language announcer of HJ4ABL has been doing the work at the microphone since the station changed its wave.

The powerful Manila phone station KAY is on 14.98 meg. almost every morning at 7 a.m., and its sister transmitter KAZ may be heard on 9.97 meg. near 8 a.m.

YV4RC of Caracas, Venezuela, has been one of the most active South American stations during the past few days. They work on 6.37 meg. and can be heard very often after 8 p.m., in contact with other members of the Latin-American chain.

**Don’t Forget!**

Watch for the announcement under the above heading.

**IT’S IMPORTANT TO YOU!**

“Pancake Time,” starring Sweeten, Breneman, and Bonny Jean

It’s pancake time at KFRC. After chasing the elusive white pellet over hill and dale at Millbrae, Claude Sweeten, musical director, and Tom Breneman, emcee of Feminine Fancies, repair appetites and compare adventures in the sand-traps. For they’re golfing these days. Scores are shrouded in mystery, but who cares for golf scores anyway with Bonny Jean Ellington as the pancake purveyor?
This Is No Press Agent's Yarn: "Colonel" Rod, many-voiced star of NBC's Sunday Special, not only invites criticism—he pays for it. On his personal payroll are several non-professional critics, chosen at random from the telephone books in the various cities releasing "Colonel" Rod's Castle Cragmont mysteries. From them, he demands frankness and honesty—or else.

*A Miss King has been awarded a soprano throne at NBC, but that's not the reason Rita doesn't sing there any more. It so happens that Rita Lane had decided on the New York venture long before Carlotta King was signed. However, the method of transportation she has chosen is a recent decision. Rita is taking a slow-freighter and traveling via the Panama Canal.

Your scribe invades the Southland very soon. Soon enough, in fact, to give a Hollywood dateline as well as Hollywood flavor to next week's column. Give it a glance, will you?

Shortwaves and Remote Rumors: If KGGC is granted the permission it wants, Mr. McGill's station will be the only twenty-four-hour day-and-nighter in California... KJBS now leads with twenty-two and one-half hours daily... Los Angeles radio moguls are paging KFRC's Jean Ellington... Eddie Fitzgerald, who used to do "Feminine Fancies" for the same station, answered his call and now he covers the waterfront for the N. Y. Post... Beryl Roscoe is two-timing her Fanchon and Marco radio shows. She's on KYA and KGGC... Henry King will succeed the Griff Williams aggregation at Hotel Mark Hopkins... Doctor's orders are taking NBC's Nanette La Salle away for a while.

THE BLACK GHOST
A Thrilling Western Mystery Serial

9:30 P.M. TUESDAYS & THURSDAYS

KJBS 1070 Kilocycles

(Continued from Page 7)

KJBS first brought polo broadcasts to Northern California audiences, and did much to stimulate interest in this sport.

In October, 1931, KJBS rebroadcast successfully from a navy submarine. Special equipment was installed in the United States submarine "Bass" and a short receiving station equipped. Many distinguished guests aboard the sub were thrilled to hear the program and conversation in the central room of the submarine fighting ship, as were the listeners tuned in on KJBS, through which this novel program was broadcast for the first time.

On November 15, 1931, the newest type Western Electric transmitter was installed on KJBS, the first Pacific Coast station to do so. Since that date KJBS has been regularly heard in all parts of North America, and many verified reports of reception have been received from New Zealand and Australia.

Recently the station started operating on 500 watts power, extending its field of service to where it is received regularly and covers thoroughly the heart of Northern California with its population of 2,592,671 (1930 census).

Fifty per cent of this population is within a twenty-five-mile radius of San Francisco, and 61.5 per cent within fifty miles. KQW, sister station of KJBS, operating from San Jose on 1,000 watts power, carries many of the KJBS daily features.

The two stations are originating points for broadcast of the Northern California Broadcasting network, now in its second year, and of which KJBS is the key station.

The KJBS and NCBS organization is under the general management of Ralph Brunton. KQW is managed by C. L. McCarthy, a prominent West Coast radio executive and a pioneer in the broadcasting field.

Within a ten-year space, KJBS has increased its power 100 times—and is known as a successful, progressive station from coast to coast, serving the local and regional advertiser. Its slogan is "Keep on watching us grow!"
THE WEEKLY
HORRORS-COPE

By FRANK COPE

An unabridged schematic on the Frank N. Cope.

My esteemed friend (until now), the editor of this worthy publication, for some unknown reason requests that my somewhat erratic existence be herein chronicled (perhaps as a warning to embryo radio aspirants; or do they spell that “aspirins”?) . . .

4 Being enlarged of heart (from running madly up studio stairs twelve seconds before air time) we comply through the medium of a re-built typewriter upon which last month’s rental is still overdue . . .

The subject was born in Salt Lake City some thirty-four years ago because his parents preferred that residence to Afghanistan . . .

5 After being dropped head-first on various solid objects during childhood we took up a musical career with the thought in mind that such a vocation was further removed from labor than any other means of drawing a pay check . . .

6 After tramping around the several states overugging musical instrument cases . . . a unanimous vote of some half a dozen orchestra leaders decided our career must lie in some other field (for instance, Potter’s Field) . . .

7 Upon returning to the locale of our birthplace, Salt Lake, (on borrowed funds and a train) we were convinced by two brothers, John, now Paramount’s sound department, and Don, NBC’s San Francisco Production Manager, then at KSL, that radio was as painless a means of starvation as any (a theory we have since exploded) . . .

8 After several years in technical radio we gave up in favor of an executive position with a station in Ogden, Utah . . .

9 After executing we drifted to San Francisco (at the request of Los Angeles) . . .

At the time of our very unauspicious (Webster’s New International—Page 2230) arrival of Mr. Ralph Brunton, manager of KJBS, suffering at the time with temporary deafness and poor vision, hired us as announcer, continuity writer, technician, program director, relief janitor and chamber maid to photog- raph records . . .

10 Noticing our tendency toward late hours Mr. Brunton decided we seemed most awake at seven in the morning so cast us in the role of Alarm Klok Klub announcer . . .

11 Since the boss doesn’t arise in time to hear the program we have held the job up till the time this goes to press (O yeah?) . . .

12 Any further information desired can be obtained from our creditors (who if not world war veterans, are legion) . . .

For the benefit of any

A. M. Tuesday
7:45—LEE S. ROBERTS—Also Thursday and Saturday. NBC.

Goldman Band Concerts in Fifteenth Season
Summer concerts by the famous Goldman Band, which have been a radio feature for fourteen consecutive years, will be presented again this year several times a week. The broadcasts will begin in June.

The concerts will be conducted by Dr. Edwin Franko Goldman, who originated them in 1918 when his band played its first summer season on the Columbia University campus, in New York City.

The Pawnee Indians of Tulsa, Okla., recently conferred on Dr. Goldman the title of Chief Bugle.

The New York concerts, many of which are to be broadcast, are the gift again this year of the Daniel and Florence Guggenheim Foundation. They are due to open on June 19 and the final concert will be given August 18. David C. Rosebrook will be the cornet soloist, replacing Del Staigers, soloist for the past seven years.

Forgotten creditors or any who may have been unable to keep up with us we humbly submit the following description: Weight, 165 before golf—Height, 6 feet 4 inches in stocking feet (when we can afford to wear them) . . . PS. Shortest in stature and mental capacity of a family of five boys . . . Hair, Uh Huh! Married: Our wife sometime wonders . . . After seeing glasses constantly in front of eyes for several years is contemplating tending bar.

Watch for the important announcement under the above heading in an early issue of Broadcast Weekly. It will tell you how to enjoy the finest radio reception you have ever experienced!

Wherever you may live, you can benefit by this wonderful service plan. Watch for announcement in Broadcast Weekly.
Virginia Verrill, Vera Van and Benay Vanutia are known as the “three V’s from California” around the CBS studios.

Talk about sister teams. There’s an outfit with Horace Heidt’s organization called the King Sisters—and, you can take our word for it, there’s six of them—1, 2, 3, 4, 5, 6—all bona fide sisters. Sing, Kings, Sing.

George Hall, CBS band leader, and Helen Fox, hostess, were engaged in conversation the other day. Their subject was Fritz Scheff, the famous prima donna. Helen is her niece, and George formerly was her musical director.

When Kate Smith had those girl champion wood choppers from Idaho on her Matinee Hour the other day, the huskies brought their axes along for atmosphere. But Kate warned them to be careful. She explained that the large piece of wood in the corner of the studio wasn’t a stump—but a bass fiddle.

Very excitedly the young small-town girl told Zora Layman that she was going to get a chance on the air. “Are you going to sing in decollete?” Zora asked. “Oh, no,” the girl answered, “I’m going to sing in the studio.”

Virginia Rea has an amusing story to tell on herself. When told that the soprano was a famous diva, a gushing lady to whom she’d just been introduced exclaimed: “Why, Miss Rea, I didn’t even know you could swim!”

Frank Black, NBC’s general musical director, is a great arranger. But making arrangements for the Revelers and for his own program occupies so much of his time that he can’t even make them for his own vacation.

Since Kay Thompson has achieved recognition as a vocalist with both Fred Waring’s orchestra over CBS and Lennie Hayton’s over NBC, ten cities have claimed her as a “local girl who made good.” Although Kay got her start on the Coast, she’s really a girl from Missouri—St. Louis, to be exact.

Peter Van Steeden, whose music is heard on Fred Allen’s “Town Hall Tonight” over NBC-WEAF on Wednesdays, is searching through dictionaries for a new synonym for orchestra leader. Van says he is tired of being referred to as an “ork pilot,” “maestro” and “baton waver.”

New Programs Scheduled for KFOX

Lloyd Hart, widely known coast organist, has been engaged to play the studio organ, which will be used a lot in opening and closing broadcasts of the "spoken" variety. Los Caballeros, a bunch of Mexican stringed musicians and singers, have been hired to broadcast six days a week in a program called "In a Little Spanish Town," the Texas Ramblers, a hill billy aggregation headed by the famous "Stepladder," have also been added to the studio payroll. Jay Johnson will put on a "One Man's Frolic" mornings, 9:30 to 9:45, using his accordion. "Marti's House," a song-and-patter program popular two or three years ago over the same station, has been revived with Fos Rucker, Homer Reid and Mart Dougherty handling the principal parts. Organist Hart is scheduled for two daily fifteen-minute spots of straight keyboard melody.

Rita Lane and "Fishface" Eastward Trek

Two more NBC stars are leaving San Francisco shortly for New York. They are Rita Lane, NBC soprano, and Emhore Vincent (Senator Fishface), both of whom have won large followings throughout the country through their work on the Carefree Carnival.

Born in San Francisco, Rita Lane was educated here and in the East. She studied singing in Milan and toured Italy with an Italian opera company, making her debut as Gilda in Rigoletto. When she returned to America she signed a picture contract which kept in Hollywood for several years.
