MAURINE MARSEILLES — KHJ
The Week's Special Events on the Air

By THE FORECASTER

Among the week's events: Gilbert K. Chesterton and George Bernard Shaw from London, Tuesday, June 18, at 1 p.m. on CBS. Henry King's Orchestra from Mark Hopkins Hotel, 10:15 p.m., Monday to Saturday, beginning June 17. "You and Your Government" open summer series titled "Taxation for Prosperity" on Tuesday, June 18, at 3:45 p.m. over NBC. Frank A. Vanderlip, former Secretary of the Treasury, will be interviewed. KGO and network presents an international broadcast from London, Wednesday, June 19, at 1 p.m. CBS schedules for Thursday, June 20, at 12:30 p.m., "Greetings from Old Kentucky."

Brahms Festival on NBC Network

A festival of Brahms chamber music, to be presented on the campus of the University of California in Berkeley, California, will be heard over a coast-to-coast NBC network on Monday afternoons from June 17 to July 8, inclusive, and over a western network on Thursday afternoons during the same four weeks, beginning June 20.

This festival, made possible through the munificence of Mrs. Elizabeth Sprague Coolidge, foremost American patron of chamber music, will enlist the services of William Kroll and David Mankowitz, violinists; Leon Barzin and Nathan Firestone, violists; Horace Brit and Charles Warwick Evans, cellists; Frank Sheridan, pianist; Pierre Lambert, French horn, and P. Perrier, clarinetist.

On consecutive Monday afternoons, commencing June 17, at 4:30 o'clock, Pacific standard time, a half-hour portion of these festival programs will be broadcast over a nation-wide network, headed by KGO, while a western network, including KGO, will release the concerts on Thursdays from 3:30 to 4 p.m.

The programs will be played in Wheeler Auditorium on the University of California campus, and will be confined to the complete cycle of the chamber music of Johannes Brahms. The Brahms cycle consists of twenty-four sonatas, trios, quartets, quintets, sextets, and septets.

The group of musicians which has been assembled for the festival programs is regarded as one of the most outstanding aggregations of chamber music artists to be heard in this country in many years.

Mary Livingstone is a real West Coast girl. She was born in Seattle, went to school in San Francisco, and got her first job in Los Angeles.

Edwin C. Hill in Special Summer Series

The Columbia network is presenting, in a special summer series, Edwin C. Hill, whose colorful discussions on "The Human Side of the News" have made his name a household by word throughout the country. Hill, back after a month's vacation, is offering the type of vivid discussions and colorful stories which first brought him fame on the CBS chain.

He will broadcast each Monday, effective immediately, from 4:15 to 4:30 p.m., P. S. T., and each Wednesday at the same time, effective June 19.

Widespread requests for a continuation of Hill's brilliant commentaries led to the decision to inaugurate the summer sustaining series. Hill has been heard almost continuously over the CBS network since the summer of 1932, when he was first presented as a "first night" play reviewer, under the sponsorship of the Literary Digest.

Pat O'Shea, young Irish ballad singer, who is heard over NBC is the latest radio star to fall before the potent bow and arrow of the little god with a twinkle in his eye.

Pauline Starr, Hollywood dancer who appeared in San Francisco recently in a Peggy O'Neill show, is the girl she said yes the other day, and although the date has not been set, Pat admits it will be soon.

Jack Benny's latest pet is a jumping frog, discovered in his swimming pool and promptly named "Love in Bloom." Jack will enter him in next year's Calaveras frog jumping contest at Angels Camp.

Ben Bernie has four great prides in his life. One is his son Jason, who leaves private school in Connecticut this week to join his dad at Catalina Island.

The other three are his favorite proteges, Jackie Heller, on NBC in Chicago; John King, now making a picture with Dorothy Page at Universal studios in Hollywood, and his former arranger, Eddie Obar, now conducting his own band at the Hotel Roosevelt, Hollywood.

Latest to join the swelling list of NBC luminaries in Hollywood is Madame Slummann-Hein, who has already begun work in a new picture at Fox. Within two days' time, commencing immediately upon her arrival, she has sung at four war-veteran gatherings.

**CHARLES WINNINGER of “Show Boat” fame, now with “Gibson Family,” NBC, Sunday at 6 p. m. “Penthouse Serenade,” Lee Roberts and Bing Crosby will be missed by many listeners this week. Beginning July 2, Fred Waring will be heard on Tuesday at 5:30 instead of present Thursday schedule.

Frank Watanabe, KNX, now on new schedule, 8:15 p. m., Monday to Friday, KFOX announces the return of Hal Nichols’ “KFOX School Kids” on regular daily schedule.

**STOOPNAGLE and BUD to Co-Star With Waring**

Colonel Stoopnagle and Budd, masters of nonsense, will be co-starred with Fred Waring’s Pennsylvanians when the popular radio hour sponsored by the Ford Dealers of America moves to a new time schedule on the nation-wide Columbia network Tuesday, July 2, from 5:30 to 6:30 p. m., P. S. T.

Effective on that date, the air show which has won the following of millions of listeners will be broadcast each Tuesday at the same time. Meanwhile Waring and his gang will continue on their current Thursday schedule from 5:30 to 6:30 p. m., P. S. T.

Ralph Edwards has taken over an announcing spot at KSFO. He will likewise do a bit of writing and producing.

KSFO has established a Saturday Revue, from 8 to 9 p. m. each week, when most of the staff artists give their best with promises that the output will be done exceedingly well. While burlesques of certain historical incidents will be mastered by a dramatic group, songs, quips and comedy will fall from Helen Sawyer, Jack Moyle, Charles Keith, Bill Mayer, Willis Parker and others. Production Manager Jim Morgan will handle the show.

Latest reports from the West Coast are that the tests Frank Parker, Jack Benny’s vocalist and assistant comedian, made at the Universal lot proved okay. Frank is hoping to appear in the picture version of “Show Boat” with Irene Dunne.

**Dee Mack J oins Sales Staff**

Dee Mack, thirty-three, identified with the commercial side of radio for more than a decade, has joined the sales staff of the Don Lee organization in the capacity of account executive, according to the announcement of C. Ellsworth Wylie, general manager of KHJ and sales manager of the Don Lee Broadcasting System.

Mack, a native of Ogden, Utah, began his radio career in Salt Lake City as “the original salesman” for station KSL in 1924. There he remained until 1933, when he cast his lot with the Pacific Division of the National Broadcasting Company in San Francisco. He was assigned to the sales staff of KYA, which was taken under the wing of Publisher William Randolph Hearst in February of last year. Now he has resigned the post with the San Francisco organization to become a member of the increasingly active Don Lee sales staff.

Al Jolson will go by train and Victor Young by plane when the Chateau program makes its hegira to the West Coast between the June 15 and June 22 broadcasts. Vic’s secretary has already arrived in Los Angeles and is getting the musicians lined up there, but Young will take six key men from his present orchestra heard on the Saturday evening programs with him.

KNX Appoints Leonard Cox as Program Director

Leonard E. L. Cox, former program director for WOR and WABC, and director of commercial productions for WJZ, has been appointed program director for KNX, Hollywood.

Cox’s brilliant writing and outstanding radio productions over the past ten years include “Fred Allen’s Bath Club Revue,” “Main Street Sketches,” which enjoyed a run of several years over WOR, Newark, “Shades of Don Juan,” “Junction City Dramas.” His “Nights at Tony Pastor’s” have been imitated but never surpassed.

His first connections with radio began in 1924 as announcer for Radio Corporation of America, from which time he has made remarkable progress as writer, producer and director.

The appointment of Cox is another of the progressive steps being taken by Naylor Rogers, vice-president and general manager of KNX, in line with the recently completed vertical radiator antenna, the modern studios now under construction on Sunset Boulevard, and extensive program plans for the future.

Jack Benny will be a Winchell-like columnist in the M-G-M picture he is making in Hollywood, where his Sunday broadcasts originate. Among his supporting cast are Eleanor Powell and June Knight, dancers; Sid Silvers, who appeared with Jack on his “nickel back on every bottle” program, and Frances Langford, the blues chantress.

Phil Duce was asked to do a solo at a benefit recently. Anxious to do his share, the baritone star of “Circus Night in Silvertown” agreed to appear. “Shall I sing ‘With Every Breath I Take?’” Phil asked the young lady in charge. “We don’t care how you do it,” the girl replied, “as long as it’s good.”

Raymond Knight, NBC comedian, has sold his first short story. It is called “Diction Medal,” and will appear in an early issue of a radio magazine.

We are preparing a new log that will cover all important short-wave stations of all countries. It will be the most complete and up-to-date log you can get.

Send in your request for it now. Also advise us what station you are receiving regularly, and if you would like detailed programs of leading American and Foreign Stations to appear every week in “Broadcast Weekly.”

Write “All-Wave Editor” today, “Broadcast Weekly,” 1114 Mission Street, San Francisco.

Distinguished Americans Endorse NBC Program Policies

Program policies of the National Broadcasting Company, as interpreted and carried out by the company, were unanimously endorsed recently at the annual meeting of the Advisory Council of the National Broadcasting Company, composed of leading representatives of religion, agriculture, labor, educational and public affairs.

M. H. Aylesworth, president of the company, gave a report of his stewardship covering the entire nine years of the NBC’s history and after the meeting Owen D. Young, chairman, announced that the report had been completely approved.

The Advisory Council, in addition to Mr. Young, consists of Newton D. Baker, Paul D. Cravath, Dr. Henry Sloane Coffin, Dr. Walter Danrosch, John W. Davis, Dr. Francis D. Farrell, William Green, General James G. Harbord, Dr. Robert M. Hutchins, Judge Morgan J. O’Brien, Dr. Henry S. Pritchett, Henry M. Robinson, Elihu Root, Felix M. Warburg and Miss Ada Comstock. All were present with the exception of Mr. Cravath, Dr. Farrell, Dr. Hutchins and Mr. Root.

In closing his report, Mr. Aylesworth pointed out that “after all, the American people control the Government and they control the radio. The service of radio broadcasting is an essential service to American home life and our people will never permit it to be coerced, manipulated or destroyed.”

New Service for Northwest

Broadcasts of sporting affairs, news happenings, and entertainment features, which are beyond the reach of regular telephone transmission lines, soon will be available to KHQ listeners, according to an announcement made recently by Louis Wasmer.

Mr. Wasmer said that the request of Louis Wasmer, Inc., operators of KHQ, for a construction permit for a low-power mobile pickup station to operate on four different high frequency channels has been granted by the Federal Communications Commission.

The mobile station will be used wherever regular telephone lines are not available for transmissions of the news or entertainment to KHQ for broadcasting, according to A. G. Sparling, KHQ technician, who has designed the new unit.

“This will be especially valuable in the case of sporting affairs, such as swimming races, ski meets, and dance programs at lake resorts, where we could not easily reserve a line for telephone transmission to our studio,” Mr. Sparling said.

“We are now at work on the truck unit, and Mr. Wasmer expects to inaugurate the new service in the near future.”

More New Berlin Music

Irving Berlin has signed a new contract with RKO Radio studio and is now writing the lyrics and music for “Follow the Fleet” (tentative title), which is scheduled to go into production on September 1.

“Follow the Fleet” will co-star Fred Astaire and Ginger Rogers, and one song, “Let’s Face the Music and Dance,” has already been written by the composer, along with a great part of the score.

Named in a nation-wide radio poll as the song-writer most popular with American audiences, Berlin has had a career in music which began when he worked as a singing waiter in a Broadway cabaret at the age of fourteen. In 1911 he caught the public’s fancy with “Alexander’s Ragtime Band,” and from that point on his rise was rapid and his success remarkable.

The Compinsky Trio, whose distinctive chamber music is familiar to CBS listeners, have inaugurated a new schedule of Sunday programs on a nation-wide Columbia network, Sunday, from 9 to 9:30 a.m., P. S. T.

The trio will do first four programs of their new series to the chamber music of Johannes Brahms. Their program for June 16 will feature the Brahms Trio in B major, opus 8, presenting the four movements, titled Allegro con brio, Scherzo, Adagio, and Allegro. Their concerts will originate through the facilities of Station KHI, Los Angeles, where the Compinskys are now playing.
The ground station for the stratosphere flight this month is now testing almost every day on its two assigned wave lengths. The transmitter uses the call W-10-XFN, and is often heard between 9 and 10 a.m. on a frequency of 13.055 meg. Contacts are usually effected with W3XL of Bound Brook, New Jersey, which operates on 17.31 meg.

Both stations have also been heard on higher frequencies near 7 p.m., W-10-XFN working on 6.35 meg., and W3XL on 6.42 meg. It is interesting to note that Mr. Swinney, who is now in charge of W-10-XFN, is the same man who took care of the recent transmissions from the schooner "Seth Parker."

The Broadcasting Corporation of Japan has entered the international short wave broadcasting field with a daily one hour program which is heard on the Pacific Coast between 5:30 and 6:30 p.m. Program material is arranged with a view to interesting the greatest number of listeners and will, therefore, cover the national culture, news of the day, Japanese music, western orchestrations of modern and classical Japanese themes, folk songs, eyewitness accounts of special celebrations, festivals and ceremonies and other subjects. In short, the broadcast presents a complete picture of Japan of the present and past.

News items are given first in English and then in Japanese, thus making it possible for those interested in keeping up with or learning the language a valuable opportunity to do so.

At the present time these daily transmissions are being heard over station JVH on 14.60 meg., but alternative frequencies of 10.66 and 7.51 meg. are available and may be used from time to time.

The British Broadcasting Corporation still persists in moving stations almost as fast as we can keep up with them. The number four and five transmissions have engaged the most recent attention of the engineers, with the result that GSI on 15.26 meg. now broadcasts daily from 9:15 to 11:15 a.m., and GSL from 11:30 a.m. to 12:45 p.m. After a fifteen minute silence, GSF comes on the air in place of GSD for the second half of the transmission, GSD being carried ahead to replace GSB on the number five broadcast between 3 and 5 p.m.

The interesting part of all these changes is the uncanny accuracy with which the BBC technicians predict reception on various wave lengths. Every shift in station or frequency almost invariably results in improved reception, and it must certainly be admitted that for downright efficiency and world coverage of transmissions the English short wave stations have no superiors.

* * *

A new Argentine station has been heard several times during the past few weeks, relaying programs of grand opera from some theatre or auditorium in Buenos Aires. The station announces both as LSK and LSK4, and gives its frequency as 7.46 meg. Trans-
missions are usually carried out between 6 and 8:15 p.m., but unfortunately no definite schedule has been adopted as yet. Twenty kilowatts of power have enabled LSK to reach all parts of the Pacific Coast with excellent volume in spite of the rising noise level on these lower frequencies.

A letter from Lima, Peru, informs us that two transmitters are working simultaneously between 3 and 8:30 p.m., one on 6.23 meg., using the call OAX4G, and one on 1200 kc. using the call OAX4B. One transmitter is of much lower power than the other, and on Wednesday the higher-powered equipment is used on short waves with the low-powered outfit on medium waves. For the balance of the week, the low-powered transmitter operates on short waves, which explains why American listeners report good reception only during the Wednesday broadcast.

VK2ME of Sydney, Australia, using the V1J frequency of 9.76 meg. has been testing quite often lately with VP1A, the Fiji Island station on 13.07 meg. Both stations use plain voice on these experimental transmissions between 9:30 and 10:20 p.m., and both are received with good volume at all points of the Pacific Coast.

**The DX Corner**

HJ4ABL, "Ecos de Occidente," of Manizales, Colombia, is now broadcasting on a new frequency of 6.06 meg. every Saturday night from 7 to 8:30 p.m. with the friendly Mr. Van den Enden at the microphone. The same announcer also conducts a Sunday program over HJ4ABB on 6.11 meg. between 8 and 9 p.m.

From Moscow comes the news that RNE on 12:00 meg. has now replaced RV59 on the regular daily schedule between 11 a.m. and 3 p.m., P. S. T. Although reported quite regularly in the East, these broadcasts do not seem to reach the Coast with any reliability.

HJ3ABH, "La Voz de la Victor," has also moved its frequency, and is now operating on an announced wave length of 50.25 meters or 5.97 meg.

The new Cuban station on 10.34 meg. is now announcing as CAC and broadcasting Sunday afternoons between 5:30 and 6 p.m. Recordings of other foreign stations have often been played during these transmissions, causing many ardent DXers to believe the impossible—Big Ben striking ten minutes late.

(Continued on Page 13)
Bob White, pioneer “sage of the air” and the possessor of one of the finest voices in radio, is conducting a program of breezy bits of philosophy and poems of heart interest daily except Sunday, at 7:15 o’clock, over KSFO.

White has broadcast from the old 2LO studios of the British Broadcasting System on Savoy Hill, London. He has been educational director of WJR, Detroit, announcer at WTAM, Cleveland, WOR, Newark, and WBEN, Buffalo.

Pawnshops are his hobby, where he patches together bits of stories of broken romances, tumble castles and lost hopes.

What, No Jamboree?

After seven and one-half years of consecutive broadcasting, the Blue Monday Jamboree is having its first vacation this summer, according to Harrison Holliday, manager of KFRC.

While no date for the resumption of the popular coast program has been set, it is expected that it will be resumed about September 1st.

“An extra heavy summer commercial schedule has interfered with the time set for the Jamboree, coupled with the desire of many artists to take leaves of absence.

"Country Church of Hollywood" to Build 3,500-Seat Annex

Plans for a “log cabin” chapel seating a congregation of 3,500 are being rushed for “The Country Church of Hollywood,” whose services are broadcast over the coast-to-coast Columbia network every Sunday, at 2 p.m., P. S. T., and over the Columbia-Don Lee network. Actually, the “Country Church of Hollywood” is a tiny white structure on the outer fringe of the Hollywood business district. Its modest spire rises above business buildings and dwellings and there is room for little more than a score of worshipers in the pews. So popular have the services of this unusual organization become that, in addition to the nation-wide radio audience, a huge tent now houses an overflow attendance of more than 2,500 people every Sunday and the “log cabin” is planned to handle the audience which has grown even beyond these proportions.

“The Country Church of Hollywood” was conceived on New Year’s Day, 1933, and was first broadcast over the Columbia-Don Lee network on August 6, 1934. The first coast-to-coast broadcast was heard on the occasion of the Fall Vesper Services held in the Hollywood Bowl in September and was attended by 20,000 people. The services, amazingly popular from the first, are designed to recapture the real spirit of the old-time country church.

There will be some changes made at KFRC, starting very soon now. For one, there is that popular KFRC tradition, Edna O'Keefe, who has resigned. The proposed tour of the Happy-Go-Lucky gang will take a number of familiar faces away for a while. And they do say that the Feminine Fancies program will undergo a cutting, or perhaps it will be a mere trimming.

A new job is not all that Hal Gibney found in the Northwest. The former KSFO announcer, no with Portland’s KBC stations, has also acquired a wife.

* * *

Although Pinky Tomlin was severely panned for his premiere movie performance in “Times Square Lady,” he may get the last laugh, after all. The radio-record favorite has been signed—and on a long-term contract—by Carl Laemmle, of the Universal Laemmles, who will start Pinky off with a co-starring role with Chester Morris in a new musical.

That man is in again. Meaning Clark Sanford, who goes blithely on, applying for station licenses. His newest request is a 100-watt license for San Jose.

* * *

Men at Work: Herb Lewis, who used to serve as a technician-announcer for KYA, is now doing the same for KJBS-KQW. Ralph Edwards is KSFO’s new announcer.

* * *

Among the vacation minded are Rudy Sieger, who will forsake his Fairmont Hotel post soon for a trip to Honolulu. He will not take his orchestra with him...KYA’s p. a., Lynn Church, is planning a little journey to Southern California, Lee S. Roberts, pianist-organist-composer, is another San Francisco radio light who is all set to take some time off.

* * *

For Mr. Ripley: Ruby Clark, of the business staff of Fanchon and Marco’s Radio Theatre (KGGC-KYA), is sponsoring a concession at the San Diego Fair. And what a concession! It is a Siamese cow, of all things, known as Bessie Shirley.

Prescription for a program: A serial drama of fifteen-minute episodes, featuring Colonel Rod, NBC’s man of many voices. In addition to showing off Rod’s remarkable versatility in vocal characterization, this idea should appeal to those who like the overhead low.
New York, June 16.—Taking the bull by the horns is always a step which calls for bravery. Taking the horns of the loud speaker, by a definite change in tactics, is always a thing which every radio sponsor faces with some trepidation. Such a step was taken on June 9 when “The Gibson Family” turned from an original musical comedy to an hour’s variety show, headed by the well known Charles Winninger. For the moment the love interest drops, more comedy sweeps over the scene and the show takes on a general attitude of summer fare.

Many sponsors run from the summer months, despite proofs by network experts that the decrease in radio listening is negligible. Others, more alert, move to temper the changing mercury with programs more suited to summer listening. One does not find Rudy Vallee fleeing from the microphone because of the rareness of June days. Nor does Massa Al Jolson do a fade-out. Instead they look for that which is best suited to summer listening. Wise sponsors seek a generally light touch for June, for July, for August. So it is with the soap sponsor who has given radio its first “noble experiment” in “The Gibson Family.” The hearty chortles of Charlie Winninger will come from your loud speaker. The tunes you like instead of the music especially written by Broadway luminaries to fit into a program will be presented. There is a general change—and with Winninger’s popularity, a change which seems to this listener, for the better.

If you chat with network executives they will tell you that summer will be the time for many tactical moves by program builders. In the past, too many purveyors of cheap and mediocre programs have gotten the best half hours, and held on in spite of the fact that better programs sought good hours and were turned away. A classic example like in the “ninety-voiced symphony” which Frank Black presented for twenty weeks. Waiting pa-

PROBABLY one of the busiest masters of ceremonies in California is tall, dark and handsome Owen Crump, of KFWB. Crump, who journeyed to Hollywood from Louisiana several years ago, first started in a series called "Lady Luck," which paradoxically enough, started his downfall.

Arriving in California he deposited his fortune (fifty gee's) in a Beverly bank, which promptly went defunct.

Radio, which made him one fortune, beckoned once more.

He's been handling "The Family Circle," (10:30 a.m.), for two years. Then General Manager Gerald King pushed Crump into the "Emsee" position on the Sunday night Hi Jinks. He's also writer, producer and "Emsee" of the "Armcath Playhouse." In his spare time he writes eight half-hour programs for a recording company, paints, composes, draws, fences, plays golf and drives around in his new roadster to get a bit of fresh air—to keep him fresh on the air!

Bert Butterworth, brother of the screen comedian, spoiling for the Warner station. . . . Otto Kruger will do a scene from "Accent on Youth" as guesteer on Al Jolson's Shell Chateau June 29. . . . Jane Withers, who's a movie star now, began her career on KFWB's "Juvenile Revue." . . . The Sons of the Pioneers are Decca-recording when they're not singing . . . when they're not singing, they're making movie pitchers at Warner's. . . . That's all, and thank you!

Frank Davis, who gives interesting talks on dogs over KJBS at 10:15 o'clock Tuesday nights, draws upon his years of experience as a dog breeder and judge. Davis has judged at most of the principal shows held throughout the United States and Canada and recently went to Maui, Hawaiian Islands, to judge the first dog show ever held on that island.

Davis is the man who trained the famous movie dog, "Thunder," the German shepherd which was starred in "Black Lightning," "The Silent Pals," "His Master's Voice," "The Phantom of the Forest," "The Silent Avenger," "The Law of Thunder" and many other pictures.

"White Fawn," another movie dog, was also trained by Davis. Davis is the only licensed all-breed judge of the American Kennel Club giving weekly talks over any radio station in the West.
THE WEEKLY
HORRORS-COPE

By FRANK COPE

We note with amusement that an eastern radio shastun has signed a new program for and by ice men. . . . Heralding their merits over electric refrigeration, . . . They have a sales point at that . . . Kissing a tray of ice cubes is not so hot . . . A Charlotte, N'Daw Calina, radio station has as one of its staff announcers the mayor of the town. . . . Furthermore his other regular vocation is . . . undertaking . . . His avocation playing the drums . . . Knocks 'em dead over the air . . . To drum up business . . . We guess . . . We once had the pleasure of conducting a morning program with the luscious Benay now-top-billing Venuta . . . Her script called for two recorded sound effects one a . . . a pook bark and an auto crash . . . With usual alacrity when Benay cued with “Hop up on mama's lap, Bottles” . . . We crashed the chariots!!! . . . The show must (but did not) go on . . . Jack Northern-California-Broadcasting-Systm-Chief-Engineer Burrell was formerly employed in the Research Division of Bell Laboratories . . . Lost his job from too frequent oversleeping . . . Just a bell of the nighties . . . Oh me . . . Clem KSFO-Pianist Kennedy is taking gowf lessons . . . His pro recently chimed . . . “Clem, every day your game gets a little worse . . . But today you're playing like next year”. . . Hu KJBS-KQW-Newsman Gagos formerly played a cornet in the Stanford Band.

Our college operatives inform us that he was subsidized by Alabama . . . Bob formerly KTAB-Boss Roberts is a very modest chap . . . Each year he sends a telegram of congratulation (collect) to his mother . . . On his birthday . . . You can't win on the radio . . . We recently received a scorching tirade for displaying our exceedingly poor taste for announcing a recording . . . “Swing Gate Swing' by the Ink Spots” . . . Writer resented our so-called racial prejudice and downright ignorance for belittling the Mills Bros. . . . The Ink Spots are a self-labeled group of highly entertaining colored gentlemen . . . And are as similar in style to the Mills lads as Schnozzle Durante is to Lily Pons . . . Mercy . . . We repeat . . . You can't win on the radio . . . Slips that pass in the mike: Mike Thomas . . . Announcer over WJTL . . . Atlanta, Gawgah . . . In announcing a remote from the Confederate Veterans' Home referred to the vets as . . . “You boys in blue” . . . That "bull" practically caused another battle of Bull Run . . . Which reminds us that it's time to run and let you get back to your knitting . . . S'long . . .

**THE DX CORNER**

(Continued from Page 7)

Another Cuban station which transmits regular weekly programs is CO9GC, working on 6.14 meg. every Saturday night from 5 to 11 p.m., in addition to its frequent tests on other nights at the same time.

**RV15 of Khabarovsk, Siberia, now has a regular broadcast of American dance tunes commencing at 4:45 a.m. on 4.25 meg. But beware, you dance fans, for the vocal refrains are all sung in Russian.**

**COC of Havana, Cuba, on 6.01 meg. now broadcasts its regular Saturday evening programs of typical Cuban music between 8 and 9 p.m., a scheduled advance of thirty minutes.**

Station ORK of Brussels, Belgium, has been reported quite frequently during the past few weeks on its daily broadcasts between 10:30 a.m. and noon. A frequency of 16.53 meg. is used, and announcements are made every half-hour.

**"Big Broadcast" Notes**

Taking their portable piano with them, Mack Gordon and Harry Revel, composers, are visiting Bing Crosby at his Rancho Santa Fe summer home in order that they might sing for him eleven new songs. Crosby will select numbers for his radio programs and a specialty number in Paramount's "The Big Broadcast of 1935."

Two radio quartets, "The Singing Guardsmen" and "The Cavaliers," have been signed by Paramount to sing "Double Trouble" with Lyda Roberti. "The Cavaliers" have been singing with Raymond Paige's orchestra on the Hollywood Hotel program.

Bing Crosby is considering a radical change in his radio programs next year, he has announced, but he will give no intimation as to what the conjectured change might be.

Joe Penner will arrive in Hollywood July 1 for his next picture, "Joe College," it has been announced by Paramount.

Citing George Burns and Gracie Allen as examples, Norman Taurog, director of Paramount's "The Big Broadcast of 1935," contends that radio trained players have a great advantage in what he terms their "microphone confidence." Burns and Allen appear in 'he film with numerous other radio stars, including Bing Crosby, Amos 'n' Andy, Ethel Merman, and Jessica Dragonette.
tiently for a better half hour to bob up, the sponsor gave up the ghost, not because his program was not getting results, but because the promised "better half hour" failed to materialize.

Can radio one day apportion its limited hours according to quality? Can the advertiser who gets a fine half hour and offers only a poor tenor and a cheap band continue to retain the best half hour when the provider of an excellent program has to sit on the sidelines and hope to get his program before an audience? Perhaps a Will Hays may one day live in the radio industry. It becomes crucial when we approach a period when better programs are kept off the air than those that get on!

Best of the programs coming from the Windy City continue to be the Edgar Guest show and "Grand Hotel." The Guest program offers definite heart appeal and "Grand Hotel" seems to find an amazing method of providing good story plots with excellent casting and directing. Yet the best comedy from the West is still Amos 'n' Andy, who hit back and forth between Chicago and New York.

Radio has yet to learn the lesson from the vaudeville theatre: "Get 'em on, get 'em off, and make 'em want more." Radio, too inexperienced and too generous, provides too often a lion's share that chokes the lamb who tries to consume it.

When Ted Webb, baritone of radio and the concert stage, went in for farming recently he did it right. While many of his friends are content with a house and lot in the country, Webb purchased a 192-acre farm near Sharon, Conn. All he lacks is time to work the ground. * * *
