The Week's Special Events on the Air

By THE FORECASTER

HIGHLIGHTS for the week include an airing of the “All Star Baseball Game” from Cleveland, over CBS and NBC net. Monday at 10:15 a.m. At 1:45, CBS airs a new program—"Judy and the Jester." Other new CBS features for the week include: Tuesday and Thursday, 9:30 a.m., "Time on My Hands"; Thursday, 10:30 a.m., "Broadway to Hollywood." NBC specials include the Goldman Band, KPO net. Wednesday, 6 p.m., and "Lights out," a mystery drama at 8:30 p.m.

The Standard Symphony presents its 404th concert on Thursday. July 11 at 8:15 p.m., over KPO net. The program in full: Overture to "Rienzi," Wagner; "Tally-Ho!" Cham- inade; the Glazounov "Concert Waltz" and "Marche Joyeuse" by E. Chabrier; the Adagio for Strings by Guillaume Lekeu and Georges Enescu's brilliant "Roumanian Rhapsody" in A Major.

The third annual all-star baseball game between the leading players of the American and National Leagues will be described over the nationwide Columbia network from Cleveland, Ohio, on Monday, July 8. The game is scheduled to begin at 9:45 a.m.

Columbia announcers who will handle the game will be France Laux of KMOX, Columbia's St. Louis affiliate, and Jack Graney of WHK, the CBS Cleveland outlet. Laux, a former Oklahoma athlete, has covered previous all-star games as well as the World Series for Columbia. Graney played with the Cleveland Indians from 1910 and 1922 and was in the World Series of 1920. He has been with WHK as baseball announcer and commentator since 1930.

The American League team won the classic event in the past two years—at Chicago in 1933 and New York in 1934. This year, players of the senior circuit undoubtedly will be seeking revenge. Despite the loss of previous games, the National League probably can claim the most brilliant individual performance which came last year when Carl Hubbell of the New York Giants set down Babe Ruth, Lou Gehrig and Jimmy Foxx by the strikeout route.

The Girl on the Cover

PATTI CHAPIN, youthful CBS star, featured singer in Jack Pearl's "Family Hotel" program, now is heard in her own broadcast and other programs over a CBS network.

MANY programs fade this week or change time of broadcast. "Hollywood Church of the Air" is silent, also "Court of Human Relations." Friday, 4:30 p.m., over CBS. Among NBC features discontinued are Lux Radio Theatre, Sunday, 10:30 a.m., replaced by Radio Guild; Tony Won's "House by the Side of the Road," Joe Penner, Sunday, 3:30 p.m. and Silken Strings 8 p.m. The "Champions," on Monday 9 p.m., are also missing from the week's schedule.

Police Chief William J. Quinn, whose "Strange Cases," dramatized by Samuel Dickson, have been a popular Saturday night feature on NBC station KGO, will be away from the air lanes during the month of July.

Following his broadcast June 29, Chief Quinn left for Atlantic City, N. J., where he attended the National Convention of Police Chiefs. He is vice-president of the National Association of Police Chiefs, and a member of the executive committee. While in the East, Chief Quinn will visit Radio City. He will be back before the NBC microphone early in August.

Julius Brunton Sons, Co., operators of KJBS, San Francisco, have applied for a wave length for a 250 watt daylight station in Fresno.

When the current Jack Benny series terminates July 14, Jack and Mary Livingstone will remain in Hollywood, Don Wilson will go fishing in the High Sierras, Don Bestor returns to New York, and Frank Parker plans to visit Honolulu, where he will gather a group of native Hawaiian songs.

Miss Thelma Robertson, 17-year-old concert pianist, has been added to the KFOX staff, and broadcasts Tuesdays, Thursdays, and Saturdays at 8:15 p.m.
New Town Hall Show

Charles O. Locke, author of the operetta "Cyrano," and many other stage and radio successes has taken over the writing of the Town Hall Tonight show and Jim Harkins, former amateur show casting director, steps into Fred Allen’s shoes as master of ceremonies. Allen, Portland Hoffa, and Harry Tugend, his writing assistant, left the show recently for a 13-weeks' stay in Hollywood.

Locke brings to Town Hall a writing experience that dates back 15 years to Tiffin, Ohio, where he first pounded a typewriter on his father’s newspaper. His first efforts in “show business” were comic skits for burlesque and vaudeville acts. Later he collaborated on Broadway musical comedies and plays. For more than a year he has been writing radio adaptations of famous operettas for the Beauty Box Theatre.

He will shape the new Town Hall program about the genial, mellow personality of Jim Harkins, using a lively assortment of amateurs and the music of Peter Van Steeden. Jack Smart, a star of the Mighty Allen Art Players will be introduced as Pop Mullen, humorous town character.

Captain Marble’s B. K. T. A. on KGO

Captain Ed Marble, known to radio listeners as "Smiling" Ed Marble, introduces a new program designed for children and other lovers of pets on Monday, July 1, at 5:30 p.m., P. S. T., over KGO.

Entitled—Captain Marble’s Be Kind to Animals Club, the quarter-hour programs will be heard daily except Saturday and Sunday at the same time. Since 1927 Captain Marble has broadcast over a number of radio stations in various parts of the West.

Lanny Ross on Benny Spot

If unsolicited awards are any criterion of a radio performer’s worth, the forthcoming “Lanny Ross and His State Fair Concert” program bids well to be a show of dial-headliners. Filling the time to be made available by Jack Benny's vacation, the new program will be heard Sunday evenings on the NBC network from 7 to 7:30 for a period of seven weeks.

Lanny Ross, star tenor, Howard Barlow, orchestra conductor, and Helen Celheim, contrasto of Captain Henry’s Show Boat, will be the outstanding performers. All three have been honored recently by individual awards from different sources.

Midge Williams has been given a fifteen-minute spot on KFRC Thursdays at 5 p.m. She will be accompanied by a rhythm combination.

Rudy Wiedoeft Back on KNX

Rudy Wiedoeft, internationally famed saxophonist, steps into the KNX limelight at 9:30 Monday night.

Mona Content at the piano and Earl Hatch with xylophone and accordion supply the musical accompaniment, while Stuart Buchanan and Bill Lawrence team as masters of ceremony.

New Morning Program on KFRC

"Time on My Hands" is a new morning program on KFRC net at 9:30 o'clock and broadcast every Tuesday and Thursday mornings.

Artists featured include Jean Ellington and "Brick" Holton in solo and duet arrangements, the double piano team of Eunice Steel and Dave Strech, Bea Benederet, who has made a decided hit as narrator on the Sunday evening Salon Moderne, will be heard in a similar capacity on "Time on My Hands."

James Melton, popular tenor star of "Music at the Haydn’s" and the CBS "Headliners," who leaves for Hollywood July 15 to make "Thin Air" for Warner Brothers, has been booked for guest star appearances in Chicago, Denver, and Seattle en route to Los Angeles. Melton will consider a starring role in a new musical while on the Coast.

News and Comment

The Ford Sunday Evening Hour, one of the outstanding broadcasts originated during the past radio season, will be resumed September 29, following a summer intermission.

The 1935-6 series is scheduled for thirty-nine weeks, presenting the Ford Symphony Orchestra and Chorus, under direction of Victor Kolar, associate director of the Detroit Symphony Orchestra. An internationally known soloist will be presented each week as guest artist, as during the current series.

Guest artists for the first fourteen programs have already been engaged. The schedule is:

September 29.—Jascha Heifetz, violinist.
October 6.—Lucrezia Bori, soprano.
October 13.—Julius Huehn, bass-baritone.
October 20.—Dailies Frantz, pianist.
October 27.—Richard Crooks, tenor.
November 3.—Joseph Szigetil, violinist, in his radio premiere.
November 10.—Mischa Levitzki, pianist.
November 17.—Cyrena Van Gordon, contralto.
November 24.—Kirsten Flagstad, sensational new Swedish soprano.
December 1.—Albert Spalding, violinist.
December 8.—Lawrence Melchior, tenor.
December 15.—Elizabeth Reithberg, soprano.
December 22.—An operatic quartet consisting of Grete Stueckgold, soprano; Kathryn Meislje, contralto; Richard Crooks, tenor, and Ezio Pinza, basso.
December 29.—Jose Iturbi, pianist.

Twenty Letter Writers Win Trip to Europe

Twenty top winners in the Palmolive travel contest heard good news Tuesday evening, July 2, when their names were announced on the Beauty Box Theatre radio program.

Each winner had a choice of an all-expense tour of Europe or $1,000 in cash. Those taking the European trip will travel both ways from New York on the steamship Normandie, newest, largest and fastest ship in the world. They will visit London, Paris, Vienna (or Berlin), Venice, Amsterdam, The Hague, Geneva, Brussels, Rome and other cities, and in addition to being provided the best of everything on the tour, they will be given $300 each for spending money.

The party will leave New York on July 31, after a day or two of sight-seeing in the metropolis, and will return there September 2.

A thousand other entrants in the letter-writing contest also were awarded prizes—beauty boxes for women and shaving kits for men.

Al Pearce Seeks Real New Yorker

Al Pearce hasn't seen a real New Yorker since he and his Gang reached Manhattan to begin their new series over NBC. (Not heard in the West) “It's my first trip to New York and I don't want to miss any sights,” says Al. “The first day I went to the Statue of Liberty, the next day to Grant’s Tomb, and so on, to the RCA Building roof and the Metropolitan Museum. But everybody I meet is from Iowa or Kansas or St. Joe, Missouri. I guess maybe the real New Yorker wouldn't be caught dead around an old landmark.”

"Concert Hall" Returns

"Columbia Concert Hall," one of the CBS chain's most popular programs last winter and winner of a special award made by the Women’s National Radio Committee, has been resumed by popular demand of radio listeners and will be heard over the national network throughout the summer.

The new series was inaugurated Saturday, June 22, from 5 to 5:30 p. m., P. S. T., and is heard each week at the same time.

When the "Concert Hall" made its debut, only artists of established reputation were featured with Conductor Howard Barlow and his Columbia Symphony Orchestra. The new summer series, however, will reverse this policy and introduce comparatively unknown vocalists who show promise of developing into stars.
Artists Form “Five Year Club”

How Many of Your Favorites Are on This List of Broadcasting “Veterans”?

ARTISTS of the Columbia Broadcasting System have started a new club. It is called the “Five Year Club.” It’s not formal, it collects no dues, and it’s not exclusive, except that each member must have performed on the CBS chain for five years or more. There are at least twenty-five Columbia artists who qualify for “The Five Year Club.” They are:

Ted Husing... Ex-city salesman... Landed in radio in 1925... First with Columbia in 1927, announced the True Story Hour... Has covered almost every major sports event since 1930... Currently at work with Ethel Merman in “Rhythm at Eight.” Julia Sanderson and Frank Crumit... Columbia stars since Blackstone Plantation nights in 1929... With radio since crystal set days, are currently heard on Sunday p.m.’s in Bond Bread’s aerial musicals. David Ross, announcer, narrator, poet, joined up in 1929... Opened the station with the janitor... Remembered widely for his “Poet’s Gold,”... Currently in “Romance” series with Emery Deutsch. Bradley Barker, writer, director, actor... Jack-of-all-sounds... Joined CBS in 1930 as one of the cast of “Mr. and Mrs.”... Sometimes working twelve programs a week, is currently taking the part of the “zoo” in “Mickey of the Circus.” Bill Adams, John Barrymore’s one-time director in “Hamlet”... President Roosevelt’s “voice” in “March of Time.”... Is now at work in “Marie, the Little French Princess” and his seventh year with CBS. Fred Feibel started his “Organ Reveille” for Columbia in 1929... Still at it... Commutes from Ridgefield, N.Y., on the 5:15 a.m. local to open key station WABC. Evan Evans, baritone, has been a favorite since Ward Tip-Top played the Columbia network in 1930... Now heard with Mary Eastman in “He, She, and They” and other programs. Andre Kostelanetz joined Columbia in 1929, conducting its “Ballad Hour.”... Petrograd born... Dates on American tennis. Parker Fennelly made his CBS debut in 1929’s “Fires of Men.”... Ex-stock company player, is now busy on Kate Smith’s weekly hour. Ken Niles, Columbia west coast announcer at KJH, started microphone work on the Pacific airways in 1929.

Director Mark Warnow won his Columbia spurs in 1929 with Ward Baking... Currently known for his personal program, “Presenting Mark Warnow,” Himan Brown, director, producer... One-time writer... Found room for himself on the Philco Hour in 1930... Still at it and is currently producing “Marie, the Little French Princess” and “Dick Tracy.” Kay Thompson got her start on Columbia airwaves through KMOX in St. Louis... Now one of the principal reasons for some of Fred Waring’s glee club effects... Frederic William Wile, veteran Columbian... Airs astute opinions of “The Political Situation in Washington Tonight”... Joined up in 1929... Has represented CBS in all parts of the world.

Freddie Rich’s Columbia allegiance dates to the days of 1927 and Ceco’s Couriers... Like classmates Cantor, Berlin and Gershwin, Freddie, too, has gone places since... Worked with such as Bing Crosby, Kate Smith and Gertrude Niesen... Now in

The British Broadcasting Corporation has now commenced a new series of experimental transmissions over stations "GSE for Empire, 25.5 meters, and GSD for Daventry, 25.5 meters." These broadcasts are being conducted every day between 5:15 and 6:40 p.m., and a complete record of the programs has been kept for verification purposes. Here, after many years, is a chance for short wave fans to actually verify London. Because of the fact that advance schedules have always been published for all six normal transmission periods, the Daventry stations have consistently refused to verify any reports in the past, but since no advance program material is being given out regarding the new experimental broadcasts from GSD and GSE, the announcer has stated that all reports addressed to the Chief Engineer, Broadcasting House, London W-I, England, will be promptly verified.

Another interesting development during the past week has been the shift in time schedule for the Japanese international short wave broadcasts. Station JYH, operating on 14.60 meg., is now carrying these programs every night from 9 to 10 p.m., instead of from 5:30 to 6:30 p.m. The new schedule has resulted in a tremendous jump in signal strength, and listeners should now have little trouble in enjoying these fine broadcasts which are announced in both English and Japanese. It is interesting to note that the English announcer is a former graduate of the University of California, and has been previously employed at the microphone of KFI in Los Angeles.

A slight change in the schedule of Australia's VK2ME became effective on July 1, and this famous "Kookaburra" station is now being heard on Sunday morning from 1:30 to 5:30 p.m., an advance in time of thirty minutes. No change has been made in the Saturday evening broadcasts which are still being heard on the regular frequency of 9.59 meg. between 9 and 11 p.m.

Station HJ4ABB of Manizales, Colombia, is now broadcasting regular DX programs for all English-speaking peoples every Wednesday evening between 7 and 8:15 p.m. The frequency used is 6.11 meg. Mr. Van den Enden, famous four-language announcer of HJ4ABL fame, cautions listeners to make sure of their station and to log some portion of the program if they wish a verification card. Letters that do not contain sufficient data to justify a verification will not be answered.

Since June 30, the Schenectady short wave stations have been operating on a new schedule. W2XAF on 9.53 meg. is now on the air with Sunday broadcasts between 1:15 and 9 p.m., and W2XAD on 15.34 meg. works from 7:30 a.m. to 1 p.m.

A slight change in European reception was noted last week. With the improvement of the 31-meter band, England's GSC and GSB have been sending the strongest trans-Atlantic signals to the Pacific Coast, followed closely by DJN of Zeessen, Germany. Twenty-five meters, although weaker, continues to be the quietest of all short wave bands.

Attention should be called to the fact that station GSB on 9.51 meg. is now heard in the

Radio has brought fame to many accents but it neglected the laugh-provoking dialect of Ben Rogowitz. Ben, a Broadway musical comedy comedian of other seasons, found a meagre welcome at the gates of the air lanes. Last winter, he was featured on one of San Francisco's lesser stations, but his bigger ambitions did not materialize. So Ben packed up and left for the South. It is rumored that he will soon be seen in comedy shorts. Meanwhile, he is a popular performer at Hollywood's Cave Club.

Two songsters who can read lines are Tommy Harris and Cliff Nazarro. More important than that, both boys have a decided flair for comedy. On the Carefree Carnival of late, Cliff has been doing an unusual brand of word-garbling that's very funny. And just as amusing is the Henry Armetta Italian offered by Tommy. So it seems that even song stylists like to have an "ace in the hole."

Now that Dr. Seth Maker (The Philistine) has finished his NBC contract, he and Mrs. Maker will embark on an extended and interesting vacation trip. They plan to take a leisurely and roundabout way to New York and back. The trip will include Louisiana, Washington, D.C., Boston and Canada, and a lot of other places too numerous to mention. When The Philistine returns to the air, he will either be presented by Columbia or on a Southern California chain.

To Whom It May Concern, Station KFRC.
Dear Concerned One: Sam Moore is such a swell showman and that 2 to 3 spot is such a grand air time that—well, why not embellish it with more good talent? We're not panning the current cast. We're merely suggesting some worthy additions to that Happy-Go-Lucky gang of trouper. Best wishes—J.L.M.

Although Helen Stryker, talented and attractive actress, found it difficult to get dramatic work in Seattle studios, things were different for her in San Francisco. Stopping over on her way to Southern California vacation, she was immediately auditioned at NBC and, just like that, she had won for herself the new ingenue rôle in "One Man's Family." Seattle papers, please copy.

Gertrude Berg Has Real House of Glass

An admirer of Gertrude Berg's has sent her a two-foot house of glass complete in every detail. It even has little rocking chairs on the porches, linen on the beds, and tiny splinters of wood in the kitchen stove.

Since Richard Himber's latest composition, "Time Will Tell," has become so popular on the radio, Dick has been unable to clear the number so he can answer requests for his Champions Orchestra to play it over the CBS network.

Phil Baker owns an interest in a West Coast fighter he has never even seen. The comedian, who is heard over NBC-WJZ on Friday nights at 9:30 Eastern Daylight Saving Time, says that, judging by reports, his interest spends most of the time reclining gracefully on the canvas.

Believe it or not, Don Bestor received a pair of red, white and blue spats from a patriotic fan in Springfield, Illinois.

Mary: "That's a Hollywood mosquito."
Jack: "How Come?"
Mary: "He just passed a screen test!"

Hal Nichols and Alice de la Vergne will play principal rôles in "Al and Molly," comedy skit, heard Monday over KFOX at 5:50 p.m. Al and Molly have been fighting out their differences for nearly three years, and have never settled anything yet.
New Voice on KQW

Daily listeners of KQW are inquiring about that new voice on the air. The voice is that of Cedric C. Davey, who is working full time at the San Jose station during the vacation season. His voice, however, is not new to all radio fans, for he has been announcing at various times since 1928 when he worked at KPO. Then, too, he has been announcing part time at KQW and its member station of the NCBS for several months, and between the two stations getting in practically full time. Ced has had a very interesting career to date. He was born in Fremantle, West Australia, and came to the United States at the age of 16. He has gained a wide experience in the radio field, having studied electrical engineering and having worked at stations in the Bay District and several in Southern California. His fields of endeavor have also included the Hollywood motion picture studios.

morning between 10 a.m. and 1 p.m. as well as in the evening between 8:30 and 10:30 p.m.

And if GSC continues to occupy the 9.58 meg. frequency between 8:30 and 10:30 p.m., the evening broadcasts from 3LR of Melbourne, Australia, must either cease entirely or cause an unpleasant heterodyne with Britain's famous transmitter. During the past few weeks 3LR has been waiting some fine musical programs over the abbreviated wavelengths on Sunday evenings between 9 and 11:30 p.m., and it is hoped that these may be continued in the future.

* * *

HJ1ABB of Barranquilla, Colombia, has abbreviated its popular Saturday night dancing party, and now signs off at 7:30 p.m. on that day. However, the latter portion of the program is still devoted to a fine dance band with a featured drummer who sits close to the microphone and wields the drum sticks in a manner which would put most of our experts to shame.

* * *

Many listeners seem to be baffled by the apparent inability of their receivers to pull in the famous RV15 of Khabarovsk, U. S. S. R. Fans should bear in mind the fact that this transmitter employs a very low frequency (4.25 meg.), with the result that reception during the summer months could hardly be classed as satisfactory. Although on the air from 11 p.m. until 6:30 a.m., the long days and warm atmospheric conditions make reception impossible on such low frequencies until after 2 a.m. It will be noted that RV15 is heard well at the present time only between 3 and 5 a.m.

Three new Spanish-speaking transmitters have appeared in the short wave spectrum. The first was heard on 6.01 meg. Saturday night and Sunday morning until 2 a.m.; the second on 6.13 meg. between 6 and 8 p.m.; and the third on about 6.40 meg. between 6:30 and 8 p.m. If any of you listeners have identified these newcomers, we would appreciate hearing from you.

The DX Corner

VE9CS of Vancouver, B. C., "the little station with the big voice," is now broadcasting recorded programs of popular music on Saturday and Sunday nights until well after midnight. This transmitter operates on 6.07 meg. with a power of only 2 watts, and is a good catch for any DX fan. It has been logged as far south as Los Angeles with fair signal strength.

PCJ of Eindhoven, Holland, has been reported on the Pacific Coast every Wednesday and Sunday morning for the past two weeks. A frequency of 15.22 meg. is being employed, and the weak signal necessitates extremely careful tuning.

HJ5ABE of Cali, Colombia, a new station on approximately 14.10 meg. broadcasts musical programs irregularly between 4 and 7 p.m.

YV6RV of Valencia, Venezuela, does not seem to be on any definite schedule at the present time, but has been doing a lot of testing lately after 8 p.m.

Now busy in “Kaltenborn Edits the News,” Howard Barlow... one-time conductor of Denver’s Methodist choir. First crossed Columbia’s portals in 1927. Currently known for his Sunday afternoon “Symphonic Hour.” Jack Shilkret’s been painting the air with his colorful arrangements for seven years, Emery Deutsch. The man with the “Gypsy Violin.” Joined Columbia in 1929 to work in “Gypsy Camp.” Raymond Paige, orchestra leader since Sunday School days in Wisconsin. Now maestro-in-chief of “Hollywood Hotel.” Has directed many prominent west coast programs. Doubled as program director at KHJ. Leith Stevens, with five years’ service in Columbia’s musical ranks as a background. Noted for choral and orchestral work. Is currently operating in his popular “Harmonies.” Jack Smart... started with “Mr. and Mrs.” in 1930. Famed for his character work in the “March of Time.” Harry Von Zell came on with CBS in 1929. Hand-picked announcer for Whitman’s Old Gold program. Recently “contact” man with the Byrd broadcasts. Arnold Johnson, back in 1928, was doing the musical props for Majestic and its “Mighty Monarch.” Now on National Amateur Night Ben Bernie, Abe Lyman and Guy Lombardo are eligible for associate memberships. Full club privileges. For meritorious service in many of Columbia’s outstanding programs.

Buck Rogers’ prophecies seem to be bearing fruit. A concern named Radio Vision, Inc., of Columbus, Ohio, plans extensive explorations of the outer air beyond the stratosphere, using a liquid fuel rocket. The rockets would be sent to heights of more than 100,000 feet, carrying government recording instruments and a special technicolor camera. First flights are planned in six months, possibly on the Tobyhanna Heavy Artillery Range stop at Poconos.

IN THE RADIO SPOTLIGHT

By Dick Templeton
New York Correspondent

JUST in case anybody believes that youth hasn’t a chance in radio, let them look over the latest folks to step into the spotlight.

Lennie Hayton, who directs the music on the “Hit Parade” every Saturday night, isn’t 30. Famous as a pianist and arranger for Paul Whiteman before he was 25, young Hayton ranks with the top ten baton-wavers, and yet there is no one who doesn’t classify a “Hayton arrangement” along with the other big name arrangers in the country.

Sultan of Scat is what they call young Johnny Hauser. There is no one in radio who can lend the color to off beat tempo like the young man who could be corner of his home town in New Jersey if he chose to hold public office. He’s done everything except hit 26 years of age—been a school teacher, a trumpeter, sold books—and today stands out as the leading disciple of “hot singin’” on the air.

When the sponsors of the Fred Allen program—number one in the Crosley ratings at this writing—sought a batoneer to put punch into their music, they didn’t look for a graybeard. Instead they nominated young Peter Van Steeden, who still looks like a collar ad or a college senior, and turned the baton over to him. His music is making him famous—and 35 is a long way off for the young Holland-born maestro.

Virginia Verrill is the talk of the town among the new “discoveries,” and she is a star in her own right. And at 18. And just as everybody on the Coast swore by “One Man’s Family” when it was first adopted for eastern sponsorship, try and find a Native Son, or anyone else on the Coast in fact, who will tell you they don’t think young Virginia is radio’s next “best bet.”

THE WEEKLY HORRORS-COPE

By FRANK COPE

Greetings... radio fans!! Speaking of radio fans... if we had two more fans we could check out of radio and run competish to Sally Rand. ... "Woody" KQW Woodling is suffering from a strange malady... (not the picture "Broadway Malady")... hoof and mouth disease. A hoss kicked him in the face 'tother day. ... What Bay Region newscaster shuns the word "municipal"... because his upper plate bounces out when he tackles that particular woid?... we suggested he walk on his hands to keep the old tooths in place. ... Telephone companies promise a scoop on television. "Call--look" over the tellyphone by 1936... enabling caller to see party called and vice versa. We gamble this will hurt the extension telephone bizness. ... Catch on? Toe nail descriptions: ... Ben Bernie... kewpie doll smoking a stogie. Frank Black... a pair of horn-rimmed specs with a musical education. David Ross... a waxed mustache in short pants. Kay Kyser... the village school master with a southern drawl. Gene KJBS Clark... the red ink on the family budget. Mac West... "posed for by a professional model." ... Frank Munn... before taking in a reducing drug ad... This Scribe... before taking in hair restorer ad... Ben Old Mousetrap Bernie is taking a mighty verbal shellacking for his recent pantomime on the Gettysburg address. Mayhap the mousetrap thought it had been declared illegal by the Supreme Court along with NRA. ... Slips that pass in the mike: Charlie KJBS Parker was once handling a one man request program... answering the phones... announcing... and playing the phonograph records. Business became so good that Chas. was a bit excited. In the middle of a conversation on the phone a record ran out... Excusing himself from the conversation he opens the mike and yodels... "Our next number is for Miss Susie Bluge, who is sweet sixteen today." Paul Whiteman and his orchestra play "When You and I Were Sweet Sixteen." ... A telephone number... (sounds more to us like an electrical transgression)... We received a letter a short time ago from our pal, Ted KDYL Rogers... who inquires about Bay Region radio activities... and wants to know if this naval observatory time he hears about refers to the gals that line the docks when the fleet is in... We'll refer that to our maritime dept. ... So many

IN THE RADIO SPOTLIGHT

(Continued from Page 11)

Jack and Loretta Clemens, both in their early twenties, are high in ranking as stars in Uncle Charlie’s Ivory Tent Show Sunday nights. You’ll generally find white-haired Charlie Winninger giving tips to young Jack Clemens, and he’ll tell anybody—and he already has told quite a few—that Jack Clemens is “goin’ places.”

The older, more settled brains in broadcasting can be looked on for the steady, consistent performances on the air. But it is to youth that radio has to look for the startling achievements most of the time. And radio, like the stage and screen, is doing just that. They have made way for youth—and youth is apparently making its own way for radio.

Archie Taft, manager of Station KOL, has just returned from a month’s trip to California and Mexico. . . . Lee Kroll of WGR-WKBW, New York, was a recent visitor to KOL.

Bob Kinney, whose orchestra broadcasts every Friday and Saturday night over the Columbia-Don Lee Network from the Hotel Del Monte, is a graduate of the University of California Law School. His band is composed of former University of California students.

Before going to Del Monte eighteen months ago, Kinney had played successful engagements at Yosemite Valley and at the Claremont and Hotel Oakland, in Oakland. Bob Saunders, Jim Tosteson, Gil Wilkie are the vocalists with the band. Saunders was a baseball star at the university.

Wednesday, on KFRC’s Happy-Go-Lucky program, hereafter will be known as “Vacation Day.” The program will open with the theme song, “In the Good Old Summer Time.”

Harry Conn, Jack Benny’s script writer, rises and shines with this nifty, “A lot of folks squawk about their relatives borrowing $10, $50 and even $100. That’s nothing, my relatives are all G men!”

Jack Strock, announcer, character actor, and harmonica player, has rejoined the staff of KFOX after an absence of several months.

New Service for Radio Owners

The Radio Manufacturers Service and the Western Union Telegraph Company have entered into an agreement to provide a quick, reliable service for radio owners whose sets may need adjusting or repair, it was announced today.

The arrangement enables radio owners to obtain radio servicemen by simply telephoning Western Union. No charge is made for this contact service.

The Radio Manufacturers Service, created by the Philco Radio & Television Corporation, Philadelphia, is a nationwide organization of trained, experienced and properly equipped servicemen who are helping radio owners everywhere obtain maximum performance from their sets.

Their training includes courses from technical books prepared by radio engineers covering all types of installation and service problems on all sets. Their ability to perform their work satisfactorily is guaranteed by endorsement of Philco distributors who pass on their qualifications before they are admitted to membership in the Radio Manufacturers Service. There are 13,000 of these servicemen in the United States. They are identified by their Radio Manufacturers Service membership cards.

Veterans interested is maintained on station KROW through programs of the American Legion (heard Sundays at 1:45 p. m.), and the Veterans of Foreign Wars (heard Mondays at 9:45 p. m.). Items of current interest to all Veterans are discussed.

Credit—or blame—for the most egregious pun of recent radio days goes probably to somebody on the Stoopnagle and Budd program. It was during rehearsal and an engineer signaled to Carlyle Stevens, CBS announcer, to take a test for "level," studio term for the correct sound volume for broadcasting. Piped up Budd, dryly, "Who is this guy 'Level' anyway?" ... "Oh, he," came the reply from the control room, "is the former Premier of France!" The Colonel fainted dead away.

Radio Stamp Club, under the leadership of Norman Shepard, well-known stamp collector, is assuming large proportions. Each week hundreds of new members are added.

Connie Gates, the young contralto from Cleveland who is heard on numerous CBS programs, says that she was once a living example of a coincidence. At twelve o'clock noon on May 12, 1912, when Connie was twelve weeks old, she weighed exactly twelve pounds.
