News and Comment

A PLAN to set aside the first week in November as an unofficial "Victor Herbert Testimonial Week," fostered by the leading orchestras and soloists of radio, has been effected by Richard Humber, popular radio director.

Humber hopes to enlist all his colleagues in this memorial to the famous composer, and he will inaugurate the occasion himself by featuring a medley of Herbert's music from "Babes in Toyland" during the Champions' broadcast over the coast-to-coast Columbia network Friday, November 1, from 9 to 9:30 p. m., P. S. T.

Up until this time, the famous composer of light operas has not thus been honored by the industry which has served to make his music familiar to millions. Humber plans to have radio's orchestra leaders and vocalists play at least one Herbert composition on their programs during this week.

The American Education Forum, a series of educational programs that will be "required listening" in many teachers' colleges and normal schools throughout the country, began over an NBC network on Monday, October 14, at 11 a. m. The programs, arranged by a committee of teachers and educators, under the chairmanship of Dr. Willard S. Elsbree of Columbia University, will offer discussions on subjects close to the workaday activities of all instructors.

With the recently effected affiliation of KHJ, Los Angeles, with The Los Angeles Times, a number of new features are being presented under the joint auspices of the two organizations.

These include four news broadcasts daily (except Sunday) at 7 a. m., 12 noon, 4:30 p. m. and 10 p. m.; a weekly "Football Rally" from the spacious auditorium of The Times; a Sunday night film-star interview conducted

by Edwin Schallert, drama critic; the "March of Progress" dramatic series, offered once per week and portraying events of interest in early California days.

"Country Church of Hollywood" returns as a regular feature of KHJ and other stations of the Columbia-Don Lee network, with Parson Josiah Hopkins and his neighbors. The program will be broadcast from 5 to 5:30 o'clock Sunday afternoon.

The sixth series of programs under the auspices of the National Student Federation of the United States recently opened over the KHJ-Columbia network. This new series, which bears the general title of "Youth Today," will deal with economic, social, political and international problems which directly affect the lives of students today. The programs will be heard each Wednesday at 1 p. m.

Each week a commentator will interview an important authority on student and youth administration. The National Student Federation programs in the past gained wide attention with the presentation of talks by undergraduates, college administrators and renowned journalists.

Drama, comedy and human interest stories are now heard over KXX on Wednesdays at 8:30 p. m., under the title of "News Parade," with the meat of the daily headlines dramatized in a stirring manner.

With world history in the making, these weekly periods summarizing not only the highlights but also bits of oddities of news insure an eager audience.

Radio Saved Music World in Depression, Elman Says

"It was radio broadcasting that saved the music world during this severe depression," according to Mischa Elman, world-famous violin virtuoso.

Elman said that the limited group of supporters of musical enterprises like symphony orchestras and opera companies, in the days before broadcasting, probably would have failed to carry their organizations through the worst test of the panic. The added strength furnished directly and indirectly by the outlying audience, built up by consistent broadcasting of good music by leading musical bodies, supplied just the additional financial help needed to carry these organizations through, he said.

"As well-known instances of what I mean," Elman continued, "I refer to the successful public appeals for direct money gifts made by the organizations supporting the Metropolitan Opera Company and the New York Philharmonic Symphony Orchestra.

"Several musical organizations, whose almost certain loss otherwise would have been calamities in the musical world, were enabled to get through their trying period because they were able to earn money by sponsored concerts or were paid by the networks for sustaining programs."

Elman said that this represented to him one of the major contributions broadcasting has made to music. "It is well enough to say," he said, "that broadcasting has brought good music to the great public remote from concert hall centres. That is certainly true. But the equally striking truth appeals to me, that broadcasting actually contributed in a major way to the dollars and cents solution of the life or death problems of the organizations most concerned with good music."

"Hawthorne House" Makes Bow

The first episode of "Hawthorne House," Samuel B. Dickson serial, makes its debut over an NBC-KPO network on Monday, October 28, at 9:30 p. m., E. S. T., with one of the pioneer stars of radio drama, Pearl King Tanner. She returns to the microphone in "Hawthorne House" after a lengthy absence from the air lanes.

Other players are Helen Troy, Frank Provo, Olive West, Natalie Park, Barbara Jo Allen, John Pickard and Charles McAlister.

Sponsors of this new program believe that in "Hawthorne House" they have another outstanding radio play. The central characters in this series will be a widow and her two children, a boy and a girl in their teens.

Until he joined NBC in 1921, Dickson was known principally as a short story writer. For

LESLIE HOWARD

Noted star of stage and screen, now appearing in a series of regular radio plays every Sunday over CBS. As one of the outstanding dramatic features to be presented this season, Howard will be heard each week as the star in condensed radio versions of famous stage plays.

some time he has been writing the "Winning the West" plays heard over the NBC-KPO network on Thursday nights.

Stations scheduled to broadcast "Hawthorne House" are KPO, KHQ, KOMO, KGW, KFI and KDYL.

Jean Ellington Plans New York Venture

Jean Ellington, KFRC songstress, plans to leave for New York with the expiration of "Time On My Hands," November 14, on which program she is starring in a song role with "Brick" Holton.

Nearly three years ago Miss Ellington joined the KFRC staff, and her first appearance was on the Jamboree, pioneer fun show. She continued with the Jamboree, being an important member of the cast during its transcontinental crossings via the Columbia network. Happy-Go-Lucky and a great number of other revues likewise featured the petite song star.

Recently Miss Ellington won the San Francisco unit of the Eddie Duchin nationwide contest. Her departure will break up the team of "Brick" and Jean, both of their splendid voices having added much to the enjoyment of good music.

Thru the Radioscope with Earle Ferris

New York.—Helen Hayes, having launched "The New Penny" over a nationwide network, now finds herself the first great contemporary dramatic star who has a prime opportunity to do a real creative job on the air. Others have come to the air for guest appearances; others have done whole plays in an hour's time. But Miss Hayes is the pioneer in the field of building a new and original character—when the builder is famous already on both stage and screen.

If she were changing her plays every week, there would be little opportunity to turn her creative faculties loose. As it is, she can apply the full breadth of her instinctive dramatic imagination and make the character grow from week to week.

On the stage she had three hours to get over a lifetime portrayal of a character. In the movies, she had three or four minutes at a time. That is one reason why so little real acting is done on the screen. A scene is shot and the actors rest. No screen star dashes out of a room into a courtyard, fights the enemy and then rides off in high dudgeon. That very continuity would be shot at four different times and perhaps on four different days. An actress could only emote under such circumstances for two whole minutes—

the scene leading up to the point where she dashed out of the room. That is why the actresses on the screen today have so little opportunity to show greatness in the films.

Miss Hayes has her chance. She admits that she'd like to be "another 'Amos 'n' Andy'—both of them." And her "Penelope Edwards" may prove to be just that.

* * *

Adele Ronson, radio actress, has probably been in peril more than any other young woman who follows the microphone for a living. She plays Wilma in the "Buck Rogers" series over CBS and in three years more dangerous rays and pistols have been pointed at her in programs than anyone else. This distinction is about to make her the Pearl White of radio.

* * *

Comes one Count Basil Fomeen of New York to threaten the airwaves with a new orchestra. Playing the most huge accordion in radio, the Russian-born maestro has a novelty. He would offer an orchestra of twelve accordions and a piano. One wonders if drums and a piccolo might not be a good addition.

* * *

Still the airwaves are cluttered up, with "dog and pony" shows taking time that might be devoted to better programs and only room for a few high-class attractions. Too many willing sponsors sit on the sidelines and wait for the "boss" to die before they can take his place. Time flies—but unfortunately for program makers, it doesn't stretch!

In the Radio Spotlight

By DICK TEMPLETON

New York Correspondent

AND so came to pass that there was finally a parable in the radio business. For there was once a sponsor who had a high-priced band, a good comedian, a fine male quartet and a pretty girl vocalist. He also had one of the best announcers. But he failed to have a good radio program.

And there was another sponsor who had a script writer, four thirty-dollar actors and he had a swell radio program and people tuned it in without fail every week and it brought him results an hundred-fold. For the latter sponsor had one of radio's priceless ingredients—an idea.

When the names of the two sponsors referred to above became legion, they drew a conclusion. It was: that a good radio program is one which has an idea and a bad program is one which doesn't have an idea. Listeners will tune in a good radio program and no matter how much money you spend on a bad program you will never get any listeners.

And today for the most part, sponsors are trying to get ideas so that they can have good radio programs. A few old fogeys go along in their dull, bull-headed fashion, clinging to something "the wife likes" without regard to the response it elicits from the rest of the world.

Those sponsors generally wind up getting off the air—not fast enough for most listeners—and then they go around saying, "Radio is no good—we tried it and boy, did we get stung!"

And the truth of it all is that the said gents would get stung almost any place they went—except near a beehive.

For the bee, naturalists tell us, before he stings anyone, gets an Idea that he is going to sting him!

The vogue of the amateur hour has reached distant Cuba. The people of this island, according to excellent reports, have taken the "ham" feature to their respective firesides. Five "shows" are now being broadcast by different stations, while a Havana studio caters to a large audience during the presentations.

On the most extended trip made by an outstanding symphony orchestra, Leopold Stokowski and his Philadelphia group will visit all major cities in the United States and Canada. Music lovers in coast cities, who have heard this famous orchestra over the NBC hook-up, will have a desired opportunity to enjoy seeing, as well as listening to it. One

hundred musicians will make the tour. Thirty-six concerts are to be given during a five-week period, of which the distinguished Stokowski will conduct twenty-five. Listeners are aware of how much radio has contributed to symphony music.

A popular announcer to many, but not to a certain grocer, heard caustic comment from the latter on the merit of his voice. The merchant did not know the broadcaster by sight. In complaining about the mikster's programs, the grocer emphatically stated, "Why, that 'nasal-voiced' fellow couldn't sell me a split pea." Several weeks later the merchant bought many boxes of canned goods from a national distributor. On each can was the picture of his pet aversion!

Broadcasting Aids Rainey

That Edward Rainey is rapidly gaining strength in his fight for the Mayoralty as the result of his weekly broadcasts over KFRC was the statement this week of J. R. Klawans, his campaign manager.

Klawans declared that following each broadcast hundreds of calls have been received at campaign headquarters, 1028 Market Street, requesting campaign literature and pledging support to the candidate.

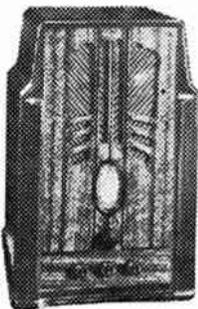

This week the Rainey campaign got into full swing and from now until election day there will be a continuous round of rallies, mass meetings,

parades and other events.

Branch Rainey headquarters have been established in the Mission, Richmond, Sunset, North Beach, Marina, Chinatown and Bay View districts, and others are to be opened during the coming week.

Jack Joy is passing out diet sheets to pals who admire his trim figure.

Workers Education Bureau Presents Labor Forum

Labor will tell its own story regarding social and economic conditions and the legislation recently enacted to remedy those conditions, in a series of ten fifteen-minute broadcasts over KHHJ and the Columbia network to be conducted by the Workers' Education Bureau of America, in cooperation with the National Advisory Council on Radio in Education and the American Federation of Labor.

The first of these programs was broadcast at 3:45 on October 14, and will be presented each Friday at the same time until December 20. Discussions will be led by Spencer Miller, Jr., director of the Workers' Education Bureau, who will be assisted by outstanding labor officials connected with the principal national trade unions in this country. However, a feature of each program will be the participation of a typical workingman who will tell how they have been affected by the conditions described. These workers will be selected from various industries and from different sections of the United States.

Claude Sweeten passes along the information that Earl Towner, former vocal director and music arranger at KFRC, is doing well in Chicago. Towner has joined Black, Sample and Hummert Ad Agency as music producer.

P. T. A. Speakers for Week

Mr. William W. Waters, of the San Francisco Red Cross, speaks on "Prevention of Home Accidents" on the Parent-Teachers' program at 10:05 a. m., October 28th, over KGGC. Mrs. Frank F. Rodin, director of the department of health of the P.-T. A., speaks over KYA at 3 p. m., October 28th, on the "Health of the School Child."

Man Can Talk With God, Says Noted Psychologist

A new and revolutionary religious teaching based entirely on the misunderstood sayings of the Galilean Carpenter, and designed to show how we may find, understand and use the same identical power which Jesus used in performing His so-called Miracles, is attracting world-wide attention to its founder, D. Frank B. Robinson, noted psychologist, author and lecturer.

"Psychiana," this new psychological religion, believes and teaches that it is today possible for every normal human being, understanding spiritual law as Christ understood it, to duplicate every work that the Carpenter of Galilee ever did—it believes and teaches that when He said, "the things that I do shall ye do also," He meant what He said and meant it literally to all mankind, through all the ages.

Dr. Robinson has prepared a 6000-word treatise on "Psychiana," in which he tells about his long search for the Truth, how he finally came to the full realization of an Unseen Power or force so dynamic in itself that all other powers and forces fade into insignificance beside it—how he learned to commune directly with the Living God, using this mighty, never-failing power to demonstrate health, happiness and financial success, and how any normal being may find and use it as Jesus did. He is now offering this treatise free to every reader of this magazine who writes him.

If you want to read this highly interesting, revolutionary and fascinating story of the discovery of a great Truth, just send your name and address to Dr. Frank B. Robinson, 401 Tenth Street, Moscow, Idaho. It will be sent free and postpaid without cost or obligation. Write the Doctor today.—Copyright 1935, Dr. Frank B. Robinson.

Rubinoff Featured in New Series

RUBINOFF and His Violin will be starred on the new series inaugurated over an NBC network on Saturday, October 19, at 6 p. m. The all-star supporting cast will include Virginia Rea, soprano; Jan Peerce, tenor, and Graham McNamee, ace announcer, on the weekly broadcast which succeeds the G-Men series.

Rubinoff, violinist extraordinary and winner of many radio polls, will conduct his own thirty-three-piece orchestra in original arrangements.

Miss Rea and Jan Peerce will be co-featured as vocalists. Miss Rea has been one of radio's perennially popular sopranos since the early days of broadcasting, and Peerce, star of many NBC programs, is a featured tenor at the Radio City Music Hall. Graham McNamee's name is synonymous with the history of broadcasting.

Although Rubinoff has been one of the most popular instrumentalists and conductors on the air, in the theatre and on the screen for more than five years, this will be the first time that he has been starred on the air in his own right.

Rubinoff was born in Grodna, Russia, in 1898. He came to America at the age of 15 with no other possession but his violin. Three years later he was playing the violin and directing orchestras for motion picture theatres. The young conductor made his radio debut in 1931 and skyrocketed to microphonic fame. This new program will be heard over Statons KPO, KHQ, KOMO, KGW, KFI, KFSD, KTAR, KDYL, KGIR and KGHL.

It's About Time!

A joke is worth only the laugh it can get and applause is desired only when spontaneous. At least this is the philosophy of Eddie Cantor, famous comedian, who turns thumbs-down on "applause" or "laughter" cards displayed for audiences. Before his coast-to-coast shows go on the CBS network each Sunday night, Eddie says to his audience: "If the joke is funny, laugh all you like. If you feel like applauding, do so. But we will not have anybody here telling you to laugh or clap if you don't feel like it."

Out of curiosity, Fred Waring's office staff recently set aside for a week letters sent to Fred offering things for sale. Among the various items were insurance policies, suits, books, automobiles, stocks and bonds, motor boats, trailers to transport the Pennsylvanians, tickets to amateur entertainments, chances on a floor lamp, a quilt and a sedan, a half-interest in an invention, a share in a treasure hunt expedition, and an automatic letter-opener.

JAN PEECE

Featured Soloist on Symphony and Concert Programs

Quite the most interesting story encountered along radio row recently is that of the actor, Don Costello, currently on the CBS Bobby Benson show. He was rehearsing a part on the new show which is dedicated to world peace. When a lull came, he strolled out into an alley behind the theatre-studio for a smoke and there heard a terrific rumpus. Rushing around the corner he found two of the musicians who were hired to blow their horns for the peace cause . . . they were in the midst of a knock-down, drag-out fist fight!

Michael Bartlett, the tenor, often gives spaghetti parties for his radio and film star friends at his home in Bel Air. He prepares the spaghetti, the sauce and the grated cheese himself. Bartlett uses a recipe which he learned while studying for grand opera in Italy.

George Whitney, who tootles the sax, won first round honors at a recent Millbrae Country Club golf tournament.

Lou Mawrey, from The Tavern at Reno, is now singing with Ellis Kimball's Band through KFRC on Wednesday and Friday nights, from 10:30 to 11 o'clock.

EVENTS for MONDAY

March of Time—7:30 p.m. CBS net.
 Lum and Abner—(new). KPO net 8:15 p.m.
 Helen Hayes—(New) 9 p.m. NBC net.
 Hawthorne House—(new) Dramatic Serial featuring Pearl King Tanner. NBC-KPO net, 9:30 p.m.
 Crime Clues—9:30 p.m. NBC net.

Another former KOMO-KJR artist recently rocketed to national fame by winning the role of Marian Galloway in "One Man's Family," she is Helen Stryker, and is reported preparing for a visit to Seattle. According to information received, Helen will be temporarily written out of the script of "One Man's Family," and after four weeks with her Northwest friends, will return to the role of Clifford's "heart interest" on the famous NBC radio serial.

Tito Guizar, Mexico's Ambassador of Song, left the Columbia studio after his broadcast the other night and discovered upon reaching home that his guitar case was EMPTY! Sensing the foul play of a clever pick-pocket, Tito excitedly phoned the CBS secret police who went into immediate action and collared the missing guitar in a control room! Such goings on!

Al Siegel, famous coach and developer of singing stars, admitted today that he had paid \$2,500 for the contract of Deane Janis, lovely young vocalist now heard on that ciggy program with Walter O'Keefe and the Casa Loma orchestra.

No stage or screen offer for the next thirteen weeks will be sufficiently tempting to lure Helen Hayes away from radio, according to a statement issued by the distinguished actress the week prior to the premiere of her new NBC Monday night series, "The New Penny."

* * *

Carlton E. Morse, author of One Man's Family, likes fried chicken and strawberry short-cake better than any other food, and Mrs. Morse always has these two dishes on their Sunday dinner menu.

N. T. G. has just gotten a renewal on his program over NBC.

Except for an occasional flying trip, Jack Benny will be absent from his familiar Broadway haunts for a period of one year. Benny and Mary Livingstone (Mrs. Jack Benny) purchased a \$60,000 home in Beverly Hills recently as proof of their intention to remain in Hollywood.

OVER a bridge table 6,000 miles across, two four-man contract bridge teams representing the United States and Argentina will meet on the night of November 1 in a brief match unique in the history of international play. An American four, headed by Ely Culbertson, will engage a team representing the exclusive Jockey Club of Buenos Aires, with short wave radio stations in North and South America carrying the bidding and play back and forth as the contest progresses. Bridge luminaries of both continents will participate, either as players or as members of the dealing committees.

Play will proceed from both Schenectady, N. Y. and Buenos Aires, and according to the present plan, a listener tuned to either W2XAF on 9.53 meg. or LSX on 10.35 meg. will receive a complete account of the contest, hearing the voices of all participating players and of the officials.

Short wave reception from European countries during the early morning hours is still on the up-grade. Since PHI of Huizen, Holland, has shifted its frequency to 11.74 meg. for the winter season, Pacific Coast listeners have been reporting some excellent reception from this country. PHI broadcasts daily, except Tuesday and Wednesday, from 5:30 to 7:30 a. m., and remains on the air an extra hour Saturday and Sunday.

In order to avoid interference with PHI, the British Broadcasting Corporation has shifted its third transmission from GSD to GSE on 11.86 meg. Incidentally, this change has resulted in a considerable improvement in signal strength from London between 6 and 8 a. m. The same transmission is also carried by GSF on 15.14 meg. and GSI on 15.26 meg., the latter signing off at 7:30 a. m.

A new station, believed to be located in Bandoeng, Java, has put in its appearance on

9.58 meg. irregularly near 3 a. m. The newcomer has forced 3LR of Melbourne, Australia, to shift its frequency from 9.58 to 9.64 meg. temporarily to avoid interference.

Another new station to be logged on the abbreviated wavelengths is TG2X of Guate-

C. H. LANG and J. D. LOCKTON of W2XAF. players in a recent contract bridge match over short wave. Partners were in Barranquilla, Colombia, South America.

mala City. According to the announcer, the transmitter is owned by the National Police, and broadcasts are carried out on 5.94 meg. four days each week. The days are believed to be Friday, Saturday, Sunday and Monday.

* * *

YV2RC of Caracas, Venezuela, has encountered a bad harmonic since shifting its frequency to 5.80 meg., and first place in volume from South America has now been surrendered to HJ4ABE of Medellin, Colombia. HJ4ABE operates on 5.93 meg., and broadcasts programs in English near 7:15 or 7:30 p. m. daily.

Do not forget to send your inquiries about short wave topics to "Broadcast Weekly's" All-Wave Editor. A new revised All-Wave Log is yours, FREE, edited and revised especially for Pacific Coast fans. Write today if you are interested in receiving a copy. Address All-Wave Editor, "Broadcast Weekly," 1114 Mission Street, San Francisco.

The DX Corner

WHETHER due to increased power or to a new type of directional antenna, station 2RO of Rome, Italy, has been responsible for a very strong signal on the 25 meter band between 2 and 3:30 p. m. recently. The frequency employed is believed to be about 11.85 meg., since the station is received slightly higher than W8XK on the dial. Identification is facilitated by the fact that

a woman announcer is used almost exclusively.

* * *

CP6 of La Paz, Bolivia, is now reported by many listeners near 11 p. m. on 9.12 meg. The transmissions are purely experimental, and are connected indirectly with the Bolivian-Paraguay dispute.

* * *

EAQ of Madrid, Spain, has abandoned its experimental broadcast, and returned to its old schedule on 9.87 meg. It is now on the

air daily from 2:15 to 4 p. m., and on Tuesday, Thursday and Saturday until 4:30 p. m. Reception varies from weak to fair.

* * *

Several DX fans have reported reception of Ethiopian short wave stations on the Pacific Coast. Station ETA on 12.27 meg. is audible irregularly and weakly from 9 to 10 a. m., and an unidentified transmitter on 18.25 meg. has been heard between 9:30 and 9:45 a. m. announcing in English and French at Addis-Ababa.

SHORT WAVE FEATURELOG

Watch this new department for day by day American and Foreign features on the short waves. New stations will be added from week to week. Please cooperate by reporting reception to ALL-WAVE EDITOR, BROADCAST WEEKLY, 1114 Mission Street, San Francisco.
