

N-33H  
NL-33H  
33 R.P.M.

**NOISE LEVEL** 57 db below average recording level  
**WOW AND FLUTTER** 0.15%  
**MOTOR** High efficiency hysteresis synchronous motor built to REK-O-KUT specifications. Sealed lifetime lubrication.  
**REKOTHANE BELT** Special molded belt made to REK-O-KUT specifications with variable adjustment for optimum tension.  
**CHASSIS DECK** Model N-33H — 15 $\frac{3}{4}$ " x 15 $\frac{3}{4}$ ".  
Model NL-33H — 12 $\frac{5}{8}$ " x 19".  
**FINISH** White deck plate.  
**MINIMUM DIMENSIONS** (for cabinet installation with REK-O-KUT Stereo Tonearm)  
Model N-33H — 17 $\frac{1}{8}$ " wide, 17 $\frac{1}{8}$ " deep; height above deck 3", depth below deck 4 $\frac{1}{4}$ ".  
Model NL-33H — 13" deep, 21" wide. Other dimensions the same as Model N-33H.  
**TURNTABLE** Solid cast aluminum — lathe turned. Designed for easy disc handling.

N-34H  
S-34H  
33 & 45  
R.P.M.

**NOISE LEVEL** 57 db below average recording level.  
**WOW AND FLUTTER** 0.15%  
**MOTOR** High efficiency hysteresis synchronous motor built to REK-O-KUT specifications. Sealed lifetime lubrication.  
**REKOTHANE BELT** Special molded belt made to REK-O-KUT specifications with variable adjustment for optimum tension.  
**CHASSIS DECK** Model N-34H — 12 $\frac{5}{8}$ " x 19".  
Model S-34H — 15 $\frac{3}{4}$ " x 15 $\frac{3}{4}$ ".  
**FINISH** White deck plate.  
**MINIMUM DIMENSIONS** (for cabinet installation with REK-O-KUT Stereo Tonearm)  
Model N-34H — 13" deep, 21" wide, height above deck 3", depth below deck 4 $\frac{1}{4}$ ".  
Model S-34H — 17 $\frac{1}{8}$ " wide and 17 $\frac{1}{8}$ " deep. Other dimensions same as N-34H.  
**TURNTABLE** Solid cast aluminum — lathe turned. Designed for easy disc handling.

B-12GH  
B-12H  
33, 45, 78  
R.P.M.

**NOISE LEVEL** B-12H — 57 db below average recording level.  
B-12GH — 55 db below average recording level.  
**WOW AND FLUTTER** B-12H — 0.12%  
B-12GH — 0.13%  
**SPEED SELECTION** Single selector-knob. Idler is disengaged in "Off" position. "Off" positions adjacent to each speed permit turntable to be shut off without passing through other speeds.  
**45 RPM HUB** Built-in.  
**PILOT LIGHT** Neon light acts as "on/off" indicator.  
**CHASSIS DECK** 14" deep by 15-22/32" wide.  
**FINISH** Decorator gray and two-tone aluminum.  
**MINIMUM DIMENSIONS** (for cabinet installation with REK-O-KUT Stereo Tonearm)  
B-12H — 17 $\frac{3}{4}$ " wide, 16" deep, height above deck 3", depth below deck 6 $\frac{1}{2}$ ".  
B-12GH — same as B-12H, except depth below deck 4 $\frac{3}{4}$ ".

REK-O-KUT  
STEREOTABLES

1961

ELECTRONIC INDUSTRIES, Inc.  
2151 HENNEPIN AVENUE SO.  
MINNEAPOLIS 5, MINN. • FR. 4-5000

The finest REK-O-KUT Stereotables ever made... When you say "Rek-O-Kut" to a professional musician, an audio engineer or an audiophile, he recognizes immediately that you mean the finest turntable ever made. Now, with the introduction of the slim Stereotable in 1961, REK-O-KUT also brings a new look of beauty to the terraced bookshelves and open cabinets of the modern home or apartment. REK-O-KUT once again demonstrates its engineering superiority in the marriage of the new exclusive, cushion-soft Rekothane belt and hysteresis synchronous motor drive. The result is the unprecedented low rumble level of -57 db, by far the lowest noise level ever achieved

in a Stereotable. Each Stereotable features a hermetically oil-sealed hysteresis synchronous motor for locked-in accuracy of rotational speed regardless of power line fluctuation and load; unique self-lubricating, ball-bearing suspension of the micro-finished turntable shaft — the closest approach to friction-free motion; a precision-machined turntable cast of special aluminum alloys with resonance-inhibiting properties; and much, much more! Choose, then, the Stereotable best suited to your needs and be secure in the knowledge that you are joining the large fraternity of musicians, audiophiles and professional audio engineers who specify REK-O-KUT, the ultimate in high fidelity turntable design.

# REK-O-KUT S-320 STEREO TONEARM WITH EXCLUSIVE OMNI-BALANCE\*

Will make your new records sound like the original live performance! Will make your old records sound new again! Another engineering milestone exclusive with REK-O-KUT! Only with Model S-320 Stereo Tonearm can you adjust to perfect balance with any cartridge. The result for the first time, is equalized output from both tracks of the Stereophonic groove.

**Convenience features of Model S-320 — \$34.95 net (Zone 2, \$35.50 net)**  
**Model S-260 (16", less Omni-Balance) \$36.95 net (Zone 2, \$37.50 net)**

**OMNI-BALANCE\*** — Simple accessory attaches to any REK-O-KUT Stereo Tonearm in minutes for perfect balance with any cartridge. Attaching tool supplied. #OB-1 Kit, \$2.95 net (same in Zone 2)

**SINGLE JACKETED** cable connects Channel A and B directly into preamplifier. Spade lug grounds on chassis. 100% shielding for lowest possible hum level.

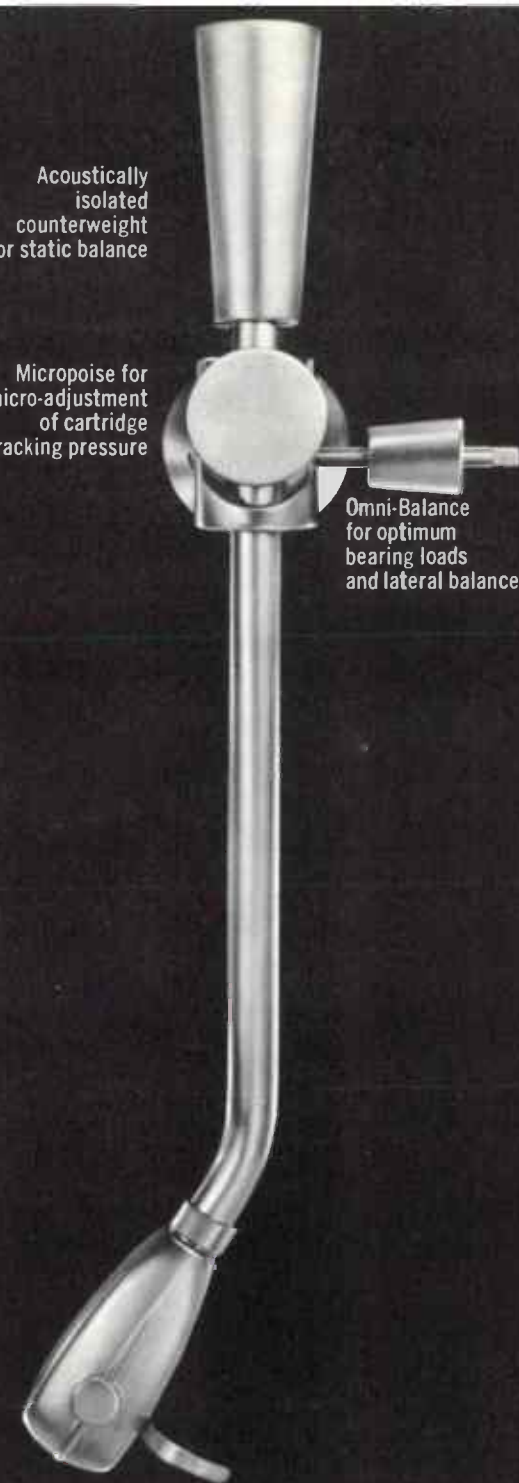

**SINGLE HOLE MOUNTING** in any REK-O-KUT Stereotable. Simply insert arm in pre-drilled hole and tighten hex nut.

Acoustically isolated counterweight for static balance

Micropoise for micro-adjustment of cartridge tracking pressure

Omni-Balance for optimum bearing loads and lateral balance

\* Price does not include arm and base.

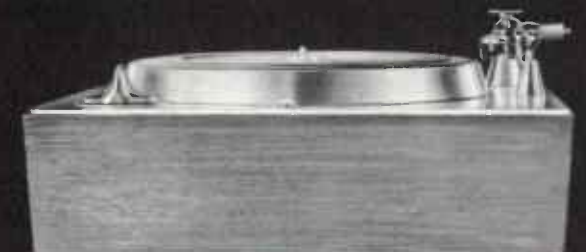

## Stereotable Model B-12H/B-12GH

Ideal for broadcasting studios, professional musicians and the dedicated audiophile. Model B-12H features a massive, custom-built hysteresis synchronous motor for unparalleled rotational accuracy in heavy-duty applications. Model B-12GH features a precision-built hysteresis synchronous motor, ideally suited to the needs of the average home user. The oil-grooved turntable shaft is turned to extremes of precision tolerance, as specified only in the aircraft industry. For every type of record, old and new.

**Model B-12H—\$139.95\* net (Zone 2, \$142.45)**

**Model B-12GH—\$99.95\* net (Zone 2, \$101.95)**

**33, 45, 78 rpm**

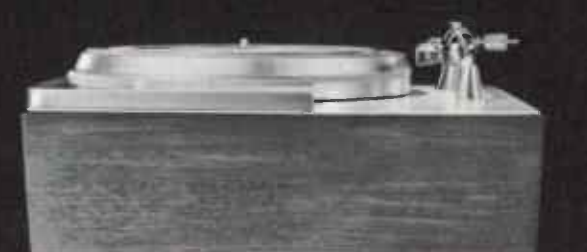

## Stereotable Model N-33H/NL-33H

Tremendous performance in a single speed. The perfect partner to the LP (33 rpm) record. Both models feature REK-O-KUT's new look of beauty. Model N-33H in the square frame, Model NL-33H in the slim frame. Precision-built hysteresis synchronous motor and cushion-soft Rekothane belt combine to provide noise level far below that of professional record-cutting equipment.

**Model N-33H \$79.95\* net (Zone 2, \$81.95 net)**

**Model NL-33H \$79.95\* net (Zone 2, \$81.95 net)**

**33 rpm**

## Stereotable Model N-34H/S-34H

The new look of beauty in a superb Stereotable of surpassing performance. Model N-34H features slim frame, Model S-34H square frame. Features the cushion-soft Rekothane belt, especially compounded for a lifetime of use. Hysteresis synchronous motor provides perfect rotational accuracy. Minimum noise and rumble level ever achieved in a 2-speed machine. Shifts at the flick of a finger from 33 to 45 rpm. Ideal for terraced book-shelves and built-ins. The immaculate purity of tone of these machines will satisfy completely your craving for fidelity at its finest.

**Model N-34H \$89.95\* net (Zone 2, \$91.95 net)**

**Model S-34H \$89.95\* net (Zone 2, \$91.95 net)**

**33 and 45 rpm**

## Stereotable Kits Model K-34H/K-33H

True Stereotables, in kit form! If you can handle a screwdriver, you can easily build these kits. Model K-34H is similar to Model N-34H in all specifications; Model K-33H is similar to Model N-33H. Both feature the same hysteresis synchronous motor and Rekothane belt drive system. Overall cabinet installation dimensions same as for N-34H. Substantial savings in costly factory assembly are passed directly on to you! Enjoy REK-O-KUT's new look of beauty and superior performance, at an unbeatable price.

**Model K-34H (illustrated) — 33 and 45 rpm \$69.95\* net (Zone 2, \$71.95 net)**

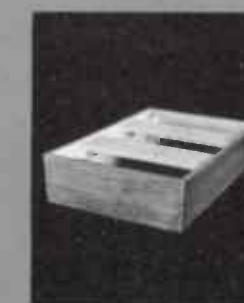

**Model K-33H — 33 rpm \$59.95\* net (Zone 2, \$61.95 net)**

# ACCESSORIES FOR YOUR REK-O-KUT STEREOTABLES

Stereotable Bases — Each REK-O-KUT Stereotable can be fitted with a decorator designed, furniture crafted base in walnut finish suitable to contemporary or traditional decor. Bases are pre-drilled for REK-O-KUT Acousti-Mounts. Rubber shock mounts are supplied with each base.

MODEL	FOR STEREOTABLE	PRICE
BW-1 Walnut	B-12H, B-12GH, S-34H, N-33H	\$16.95 net (Zone 2, \$17.35)
BN Walnut	N-34H, NL-33H	\$14.95 net (Zone 2, \$15.35)
KB Walnut	K-34H	\$14.95 net (Zone 2, \$15.35)

**BASES** — Especially designed to fit REK-O-KUT Stereotables, providing recommended clearances in minimum overall sizes. Low profile, tapered design is perfect for modern and traditional decor.

**ACOUSTI-MOUNTS** — #AF-1 — Recommended for use with REK-O-KUT Stereotables in areas subject to external vibration. Reduces acoustic feedback by isolating Stereotable from sources of external noise \$3.50 net (same in Zone 2).
