Provinces not covered: Bengkulu, Jawa Tengah, D.I. Yogyakarta, Nusa Tenggara Barat, Nusa Tenggara Timur, Irian Jaya, Timor Timur and Sulawesi Tengah. It is possible there are no commercial stations in Bengkulu, Timor Timur and Sulawesi Tengah. According to Dave Tucker in Irian Jaya, he knows of no commercial stations operating in Irian Jaya now. There used to be a couple, but they folded for one reason or another. (The two would have been Suara Annida and Suara Kasih, formerly on SW from Jayapura). Unfortunately, there is little or no information available for the moment on stations in the other provinces.

## Division of Call Signs (by Provinces)

PM2BBA - BCC	Jakarta	(eastern part)
PM2CRA - CRZ	Aceh

PM2DRA - DRZ	Kalimantan Barat	
PM2DYA - DYZ	Kalimantan Tengah	(western part)
PM3BFA - BIZ	Jawa Barat	
PM3CDA - CDZ	Sumatera Utara	
PM4BJA - BJZ	Jawa Tengah	
PM4CFA - CFZ	Riau

PM8EYA - BYZ	Bali	
PM8CNA - CNZ	Lampung	
PM8DCA - DCZ	Sulawesi Selatan	
PM9DEA - DEZ	Sulawesi Tenggara	
PM5EIA - BMZ	Yogyakarta	

Each province within a Nusantara has a different digit, e.g. Sumatra: Aceh = 2, Sumatera Utara = 3, Riau = 4, etc. The last 3 letters are unique to each station, and from the way they are allocated, it is often possible to deduce even the town location, or whether the station has undergone a significant frequency shift.

## How Reliable is the Information in the List?

As far as frequencies are concerned, from the various actual loggings, it seems that an estimated 2/3 - 3/4 are accurate. Some 4 ID titles are substantially different. Addresses are generally accurate, with relatively few changed. Frequency coordination seems rather well organised, with only 3 possible clashes that I can spot: 846 Radio Fortune in Bandung would not be here if RRI Bandung were too (but I think they are fixed on 540 now); 1332 R. Oz and R. Antares, both in West Java, are unlikely still to be on this channel when high power RRI Jakarta uses it also. In summary, the list seems a faithful representation of the commercial scene of just 3 or so years ago.

## Networks

An advertisement reproduced in DX Front Line of October 1980, from a 1978 issue of Tempo magazine (Indonesian), indicates a North Sumatran network of 4 stations, called the Alnora Group:

- 1505 R. Alnora, Medan (now listed on 1503)
- R. Kencana, Pematangsiantar (listed on 1485)
- R. Kencana, Padangsidempuan (unlisted)
- R. Alnora, Tebingtinggi (also unlisted)

Do the latter two stations still exist, I wonder.

Possible networks or at least some connection or affiliation may exist between the following stations sharing similar names. On the other hand, identical names could simply be coincidental.

Angkasa Jaya	1152, 1485	Mercy	864, 1485

F6S-SOFS

1375	Viktori	1980	Pajang, Lombok, Nusa Tenggara Barat
1485	U.S.U. (Universitas Sumatera Utara)	1980	Kampus U.S.U., Medan
1485	Angkatan Bersenjata	1981	Jakarta. Address as for 2475 SW

1503	Radiks	1982	Jl. Tanjung 11, Semarang.
1539	Taman Mini	1980/1	Podok Gede, Kramat Jati, Jakarta Timur
1585	La Bross	1981	Bukittinggi
1602	Geronimo	1982	Jl. Jagalan, Yogyakarta. There are about 15 non-RRI stations in Yogyakarta
?	Alba	1981	Tabanan, Bali. Station commenced in April 1981
?	Angkasa	1982	Tegal
?	Jalesvu	1982	Jl. Sunan Ngerang 2A, Juwana, Kab. Pati
?	Pasopati	1982	Jl. Erlangga I/4, Semarang (cf. 1185 in WRTM 82)
?	Roiska	1982	Jl. Panularan 29/IV, Surakarta (cf. 1205 in WRTM 1982)

That makes 50 extra stations on top of the 313 already listed, = 363 stations. The WRTM 1982 lists a further 43 commercial stations in Jawa Tengah, but on the outdated 5-multiple frequencies. The city-by-city breakdown is: Semarang (16), Pekalongan (6), Surakarta (5), Magelang (4), Tegal (3), Purwokerto (2), Purworejo (1), Kudus (1), Temanggung (1), Pati (1), Kendal (1), Wonosobo (1), Klaten (1). The GRAND TOTAL OF KNOWN STATIONS is now 363 + 43 = 406 STATIONS, which is just 7 short of the 1981 official total of 413 commercial and non-commercial non-government broadcasters. DF

#### INDONESIAN LIST UPDATER
