1600	CJRN	Niagara Falls, Ont.-Now on 24 hr sked. Off MM I believe. Ev Johnson-Ill.

R/Cs Per List

1st MM- WOOD-1300 0100-0115, KNOX-1310 0115-0130, KGMR-1500 0125-0135, KCTX-1510-Mx 0200-0215, WINU-1510 0220-0235. 1st Wed- KTRF-1230 0200-0230, WBOL-1560-Mx 0230-0245, KBBS-1450 0235-0250. 2nd MM- KYCN-1340 0335-0350. 3rd MM- WJOT-1260-Mx 0130-0145, KCKW-1480 0150-0205, WHSC-1450 0200-0215, KLMX-1450 0230-0245, KEXO-1340 0245-0300, WBIR-1240 0345-0400. 3rd Tue- KICS-1550 0200-0215. 3rd Thur- KHUZ-1490 0200-0215, WTJS-1390 0215-0230. 3rd Fri- KAGH-800 0120-0135, WDSK-1410 0245-0300, KCLR-1530 0600-0615. TT unless otherwise noted.

Late TIPS

900	CKBI	Prince Albert, Sask.-S/off 0200 w/GSQ. Mike Wilson-Alta.
1410	WKBH	La Crosse, Wis.-S/off 0100 w/SSB. Mike Wilson-Alta.
1600	WHVL	Hendersonville, N.C.-Had ET-Mx 10/29 0047-0100. W. Lewis

Bill Woodfield - 7318 Yorktown Drive - Norfolk, Virginia - 23505

Greetings to all! With all the hurricanes this season, I thought I'd log a lot of stations on the hurricane watch, but I only got two: umm WAPE-690 and WIAH-900. Since school started I've done a lot of daytime DX and SSS, and I've only been up one MM since 9/31. School isn't that hard, I'm just lazy, hi. I do have a few stations to report though- logged for the most part on that lone MM. By deadline: 10/16- WDXR-1560 @ 0205, 10/11- KKOK-630 coming through fairly well at 2326 o/u WIAL, 10/12 WRC-980 at 0000, GEW-990 in for lam news/weather just barely over WIRG, WATC-990 hrd at 0130 - 0200 w/c, WTKO-1170 in wall but with et, WSGH-610 logged at 0304 - 0321 weakly with WIP on top. The following are daytime loggings: 10/14- WITS-810, WYRE-810, WBBB-920, and WSPT-1000. Also, PJB finally hrd over CKLN at 7:35 w/ EE. Veries: KGH- (34th state), WJWL, WRC, those were w/c's. V/1's WITN and WGPS. Jan B. of Richmond, how about a formula; also, I'm tentatively starting SC'ing, but if anyone wants WGH, WRAP, or WNOR SC's, just drop me a line. DX totals are now 236/166, states 34/34, countries 11/8. Good DX and 73.

DeWayne Bruce - Cross Hall Box 27 - Greeley, Colorado 80631

First off, I simply won't allow a Yiddish section. After all, who would support it? Hi everybody. Close election wasn't it? I wish to extend my best wishes and best congratulations to the new elected officers. Well, DX here has been scarce as usual. 10/12- KFBB-1310, KYCN-1340, KOYN-910, KPRK-1340, CKXL-1140, KATL-1340, XEQR-1030 "Radio Centro", CBA-1070, WJRI-1150, and KTLW-920. Seems as though I pretty well stuck with Montana that MM, hi! 10/13- KLIX-1310, and KBOW-550 on new freq. 10/15- KHUZ-1490, WTJS-1390, and KAGH-800. What's the best time to hear Memphis? 10/16- WAHOOOOOOO! Long sought first from Mississippi, WDSK-1410. 10/18- KWLA-1530, long sought KOLC-1000, KROY-1240, CJER-900, and KBRX-1350. 10/20- KICS-1550, XERH-1500 s/off 0105, long sought KAGO-1150 s/off 0200, CJTE-1300 s/off which finishes the city of Regina, Sask. for me, unexpected CJDC-1350 s/off 0210. Now I've gone and lost my notes, so I'll have to let you know of the other 5 I hrd up to type time, next time. Well, I'll s/off now. ONE QUESTION: (maybe two! When do we get FF and PP report forms, and what's the matter with you Southern Calif. members? I've been getting some pretty awful "Hate Bruce Campaign" letters lately. Well, with nothing but a sore finger and pity for the state of Wisconsin (they didn't make this bulletin), I now leave you to your quiet solitude and immense power of thought to figure out what kind of a nutty editor you have, hi! 73!!! AuH20 in '64

Len Ratzlaff - P.O. Box 596 - Clearbrook, British Columbia

Guten Tag! Ich grüße euch alle! Hi to all Germans in the club! (See, that's 3 that I've found for a German section and only one for Yiddish, ed). Homework, especially in German is really getting me down. Anybody else fall into this category (me, ed)? I forgot to say tnx to Mike Worst in my last report for getting me started in IRCA. I really think it's great. DX seems to be rolling in at a good clip, especially on MM. Here are the latest loggings: 10/9- KWIN-580 s/off 2259, KLMB-570, KLAC-570. 10/11- KWSC-1250, KTFI-1270, KGRA-1320 0000 s/off, KTEL-1340 0006 s/off, KORK-1340, KDB-1360, CKGK-620, WGH-720, CJCA-930. 10/15- WPAW-820 and hrd 3 tonal "beeps" every 15 minutes behind KGO. Any ideas?, KOA-850 (I think), KFAB-1110 first time this year, KVOO-1170. Recent veries are KGO and WOAL. Totals to date are logged-164, veries 6/12 I guess that's about it from the rainiest province in Canada (its still beautiful, ed) By the way, I'm not quite clear about the term "f/up". Does this mean the first report to a station or the second report after the firstone has failed to bring a verie? (You hit it right on the nose w/ the second definition. You may send as many f/ups as necessary to ptoduce a verie, but a recommended 2 months is what I wait before sending f/ups., ed.) See ya soon and 73!

Garry Hawryluk - 1067 Dudley Avenue - Winnipeg 9, Manitoba

Hi all! Because this is my first entry to the DX bulletin, allow me to introduce myself. I am 15 years old and a student at Kelvin High School. I have been DXing for about two years, but listening began intensively about six months ago. Verifications: States:21/15, Provinces3/3, Countries 3/2. Recent catches include KVGBO/5, 10/10- KVOO, KOA, WAKR, WDER, WLAG, WOWO, and XEW. Recent veries include WAKR. Thanks to Mike Worst for the card. Well, I guess that's all, so 73 until next time.....

\*\*\*\*\*  
 \*\*\*\*\*  
 Remember that bulletins are now weekly! Next deadline is October 31 in Denver and Cleveland. Please try to type or print NEATLY (or write neatly) the reports. Tnx!!!

Grant Olson - 305- 24 Street South - Lethbridge, Alberta

Hello again. I think I missed the 19th unless I'm lucky and got in. A big hello out there to D. Erickson, L.B.G., and Ed Strawn and of course Pete Lunroe and Mike Wilson. It's been getting down below freezing around here and Cx have been getting better. I am sure that the IRCA will have another member by the 27th issue. Possibly two, but one for sure. DX has been very good and over my five day holiday, I got quite a few catches. My best was my first Wisconsin station, WKBH w/ s/off at 0100. I heard quite a few f/c's over the holiday too. Late veries are: CJOB, WCKY, and WHK-my only low power from Ohio. Latest loggings are- WLAC, KGLY-f/c (I need help on the call letters as it isn't listed in the White's log), KOLI-ET, KFJI-f/c, KOTE-f/c, KFYR-f/c, KYA, KIW, KLO, KOL, KCID, KFH, KPIR(?), KCPX, KIXX, KCRO, KGPI(?), KYGN (very strong in here. Wyo. stations have a monopoly for sig. strength in here 'cause their 250 watters come in like Calgary stations), KOYNE-f/c, KVVZ, KPRK, XEG, KPBK, KATL, KUNA, CBR, CFAM, KROE as I am sure you all know by know tnx to J.C.J.. That 's abo t all the DX from here for now so how about all you guys who don't report regularly, me for one, getting in on the band wagon? Gene Allen- no doubt that probably was CHEC 'cause it s/off's about 0300 - 0400 EST. Well bye for now and don't take any wooden nickles. 73.

Wayne Coombs, Jr., 859 E. Center St., Bountiful, Utah, 84010

I'll make this report short. KLUB-570 has MSP, DX since last report: 10/11 KFBK-1530, KGVO-1290, 10/12 WLS-890 (state #21), 10/13 KREM-970, 10/14 KJR-950, KLIQ-1290, 10/18 KXLF-1370, CBR-1010, Veries are: KGH, KETO, WHO, CEW, KGA, KPBK, CBK, KGVO, KREM. Totals are: 108/80, states 22/19, provinces 4/4, countries 3/3, foreign 12/8. Verie return 74%. Congratulations to the officers. Don: how did you get one vote for each of the two top offices? (hi) How about some stations on the west coast in the DX calendar? Let's vote on the subject of a constitution. PE had an article on BCB DXing. Mentioned several clubs but not the IRCA. Wrote a letter to the editor. I hope the print it. (probably won't, hi) 73's, 88's, 73 (any more, guys?) Remember Bountiful, Utah in '99.

Pete Lunroe, 7660 S.W. Brentwood St., Portland, Ore., 97225

Hi gang. First, congratulations to our new president, sect. treas. and directors. Now my dx, 10/10 CJOR-600, 10/11 KFQD-730 had news at 11:27 PST and ID @ 12:00 religious programs. 10/12 KGU-760, 10/16 KFAB-1110, CBR-1010 Calgary has CBC programs. 10/17 CKRD-850, 10/18 MH OW-630, KFQD was state #24 and KGU #25, KFAB #26. Now veries are CFON and WJR. Total states 26/22. 73's, 88's and 99's from Portland!

Roy H. Millar, P.O. Box 91, Marysville, Washington 98270

Domestic "DX" since last report: 10/7 WBOL-1560 Bolivar, Tenn. f/c 0230-0235, very weak but in clear...10/12 KTBC-590 Austin, Texas s/on 0600, very heavy QRM...10/13 CKAY-1500 Duncan, B.C. ID 9 PM, quite new I'm sure...10/17 WJIN-970 Atlanta, Ga. s/on 0559, QRMED like mad...Foreign "DX" detailed in Ed K's section, so no point in duplicating herein. Veries: KRAT-680, WLUV-1520, WGST-920, WDXK-1520, and 3AM2-1166, the latter being Europe verie #6...73.

Harry Girtman, 520 E. Virginia, Stayton, Ore.

Man, oh man, I've sure been busy, going to school in the daytime and going to work at night. Not too many to report this time, just KWSC-1250, KASH-1600, KPRO-1140 (River-side, Calif. Harry, Ed.). John Nelson, Mike Worst, and Dave Johnson, I'll write you soon. Thanks for the QSL's. My tape speeds are 7 1/2, 3 3/4, 1 7/8 IPS. I saw Len Lockwood as he drove by, very nice fellow. See you in '65 at the convention. 73's.

George Junak, 1606 North Altadena Drive, Pasadena, Calif. 91107

Greetings again! Same story as last time, no DX to report. Great to hear that a few of you heard the WDOV DX. In the 10/13 DX MONITOR the v/s for WDOV is Hugh Delaney, PD, but I'd say it is Franklin P. Kreisher, E. Hugh Delaney was the one I wrote to in the first place but Mr. Kreisher would be more interested in receiving the reports. (Hugh signed my verie, ed.) As I said WDEL-1150 will DX for the IRCA on 1/28 @ 0400 Reports go to Joseph W. Jones, Transmitter Engineer. He'd like all the clubs in the ANARC to know about it. Bill Mittler, somebody better notify the other clubs. (Bill Wilson is ANARC co-ordinator, ed.) Oh, yes PJB has been heard in English here at about 0600. Don't know the exact time for it was Steve that heard them then. A. Wiedersehn und gut to you, DB. Why don't you tell us what that old party crasher means? Wayne Coombs, how about a letter and a KOVO SC? Send some KYOU, DB. If any of you guys don't havetime to send in something for the r&r list, then put it in your Forum report. List all stations you hear playing r&r, such as CFCF-1000 @ 0954 with r&r mx. I'd really appreciate it. No new veries. 73 all!

Fred Barens 4032 Burton Place West, Seattle, Wash.

This is my first Forum report as I just joined the club. I let my membership in NRC drop and switched to this club for the one and only reason that there are a lot more reports from western members in this club. Anyhow, I've been DXing since '55 or '56, but don't have much to show for the years because in the last few years I just DXed a little while when I felt like it, which wasn't too often. I tried for all the DX programs I thought I could hear, though, and got a good verie now and then. My totals are 857 heard, and 568 verified. You might say I DX for "Calls" because I count call changes as a new station, but not when they change frequency without changing call. I guess everybody has their own standards and rules in this hobby, and that's the way I like to do it. My receiver is a Hallicrafters SX-100, with a loop antenna that I don't know how I ever did without. I also have a long (?) wire about 60 feet long. I have the "bug" stronger than in some time now because of the excellent conditions, and have been doing some listening lately, with reports to PJB-800 and 4QN-630, which is my best Aussie so far. Recorded programming on tape of Radio Pyongyang on 655, but didn't send report as I decided it was hopeless. Must be near 30 lines, so 73. (only 16, ed.)

Don Erickson, 24360 Myers Street, Sunnymead, California 92388

Hello IRCAers! This has been about the best DX week I have ever experienced. Witness: 10/16 CBR-1010 call ch. from CBX 0200 RS (CBX now on 740, Don, CBR new, ed.) 10/17 KURA-1450 Moab, Utah f/c per list 0245-0250. 10/18 KABS-740 outlaw station in San Diego, Calif. hrd. 0200-0330 with pop tunes but weekly and talk audible only a few times and only once was it understandable, that during ID "KABS-San Diego-840 kcs. in the Amateur Broadcasting System". A very much wanted catch thanks to Gray Scrimgeour's tip on times on the air, I believe 10 PM to 0230 PDST (Sat. night to Sun. Morn. PDST) I haven't any idea what sked will be now that we are off DST. A report was sent to Bill Lipis who seems to have some contact with the station and verification expected. I even have a tape of it. 10/19 XEABC-760 newly reported Mexican hrd with good strength before midnight with ID "A!B!C!" several times in rapid succession. Hrd with ID at 0152 on RS in SS hrd along with XEWB. Who was the Mexican on 1340 @0235 with good sigs at times? (probably XEAA, ed.) Who UnIDed 790 ET/ or f/c'er 0224-0300 with mention of skywatch at 0243. XERC-790 RS 0300 tnx. Randy Seaver. KAHU-940 EE ID at 0330. WLBR-1270 a much appreciated station in Lebanon, Pa. s/on 0400 then news. Unn. KTRH had call-in program and one caller wanted to know why "daytime only" stations can sign on while it is still dark where the station is located. WKAZ-950 testing per MONITOR of last week at 0443. WBIG-1470 0500 s/on, KRZY-1450 finally RS 0503. What is power? (250/1000 ed.) WRJW-1320 Picayune, Miss. RS 0510. KPOS-1370 s/on 0600 w/?. KLLL-1460 RS c/w mx 0645. Pretty good morning. KLLL thnx to Randy Seaver also. Evening of 10/20 10:30 PM VOA-1180 in Marathon, Fla. hrd. with fair signals and "Voz de America" ID in SS. Thanks John Boase, and a dozen others. DX has never been so good. I am ow looking for New Zealand, Austr., a Jap and HRN-670. Would make 21 countries. I've practically used up my room but would like to add that I appreciate all the work done by Mem-Com Captains in this campaign. I'll be at H.B. on 10/25 by bus hopefully with tape recordér and camera. Phone number can't be obtained from operator except by asking for Erickson's Beauty Shop. # is 714-653-1383. Enjoyed very much talking with Bill Nittler last week. Hope to have more news next week. KFXM-590 is now off MM at times (on this AM, 10/26 ed.) KPRO-1440 off sometimes Sun. morn. San Diego meeting of 11/1 cancelled says Randy Seaver. Contact him for details when meeting will be held. Probably will be Thanksgiving. Sure am glad to see DST go. 73.

Glen Kippel, 73-358 Highway 111, Palm Desert, California 92260

Whaddaya mean, where am I? We itinerant radio people are the last to know such tings! After careful investigation, I have, however, discovered my correct address, and ascertained that, as of today, I am with KREO in Indio and the new KWXV in Cathedral City, which are musically as far apart as you can get. But it pays to be versatile. Whoever that was who wrote me asking how to get into the radio business, I lost your letter; however, I offer these words of advice: forget it. The industry is drying up, so say the Dept. of Labor, anyway. Welcome to "Professor Pepe" down in San Luis Potosi, glad to see you in the club. DX...you think with two jobs I have time for DX? Besides, both my recorders are on the fritz, apparently a bias failure of the Eico and a sticky solenoid in the Ampex. Anyway, I am looking forward to our next sunspot low, sometime in 1976, I believe, maybe by then I'll have some time to DX. Until 1976, then, 73.

Howie M. Modell, 22-36 Edgemere Avenue, Far Rockaway, N.Y. 11691

Hi everybody! Hey, DeWayne, if you start a German Section, I'm gonna demand equal time for a Yiddish section, hi. To compensate for my extra-long formula last time, I'll try to keep this shorter (only 29 lines this time, hi). Besides DXing and doing homework, I'm out campaigning for my candidate so I'm quite busy. To Jose Gonzalez Cordova: I speak quite a bit of Spanish, but for convenience, does XEWA have any EE programs? Also, Jose: Can you inform me of that other IA station I hear on 540 after XEWA s/off? I better decide to ship one off to PJB soon; they're beginning to fade now! As of 10/16, I have 110 QSL's, 29 states QSL'ed, 13 Canadian, and 3 provinces, but expecting CBN-Manitoba QSL real soon. (I hope, hi). I feel it's a shame that a dynamic guy like Ronnie Schatz couldn't be elected to the board, but maybe next year, eh Ron? We'll show those cheap politicians, hi. What? DX? Never saw the guy in my life! 10/4: WFTF-1310 Ind. 0530-0536, WGRY-1370 Ind. 0543-0550 (call change on this Howie, now WLTH)(ed.) KNOE-540 La. 0555-0599, 10/16, CKEG-680 Ont. 0547-0604. 3 QSL's wandered in this week. CH FI finally for 6/5 logging. They sent a v/1 and cm. Also, KNOE-540 v/1 and my first Cuban verie: CIAN-55 in Pinar Del Rio. Signer is Bonifacio Martinez of Radio Technico Dept. This was for my 6/25 logging, and didn't receive verie 'til 10/10, so all of you awaiting a R. Rebelde QSL, should have 4 months from date you send it. (took me 5, ed.) This was foreign country & QSL #3. G.M. Stanbury: I'll catch up to your 91 countries one of these centuries, hi. It's sure getting lonely here, so will somebody please write to me, huh? You may talk of anything from Anatomy to Zoology, but just write. Until we meet again, 73 from Far Rockaway, the home of the Far Out Rockers and me, The Leader of the Pack.

Walter Snyder, 722 University Ave., Cornell, Univ., Ithaca, N.Y.

Warm WX the past week has kept CX from being ideal, and thus I lacked the ambition to do too much all night DX. Verie came in 1 week from WDOV-DX consisting of a CM and CM and nice letter also from WLTH(NC) on specially due to flooding cx till 0232 on 10/5. Reg. s/on per/1 is 0530. Also noted KIUP-930 TT 10/18 till 0205, TT then ann. lost under heavy QRM. Will DX AN more when wx gets colder and we get organized into EST again, so all are on the same sched. Will devote the rest of my space to the strong AN'ers here in the "Southern Tier" of New York State. First, Attention all those wanting VT!! WFTF puts real strong sig. here on 620 at 0400 s/on with SSB, until (I thing) 0430 or 0500 when WHEN comes on, and it could get out some distance to the west. AN sta. (not necessarily MI) (readings taken Fri AM 9/25): 540---, 550-no WGR SS in background, 560-WJHD, WQAM weak at S-6, WKEN s-7, 580 CFRA S-6, 590 WARM very weak S-5, 600 WTAC, WCAO S-7 QRM, 610 WHP-6-9 NSP, big graveyard here, seems to put its 5 kv. everywhere, 620-WSUN S-6, 630-WPRO S-8 no WJAL though noted other times, 640-CMQ S-7, 650-WSM S-8, 660 WNBC-S-9, 670 WIAQ-10/S-9, 680 QRM v/WPTF on top, WNAC seldom makes it this far west, 690 WJCA S-8, 700 WLN-S-7, 710 WOR 10/S-9, 770-WABC 10/S-9, 780-WBBH 10/s-9, 790-WAEB, WTAR u/QRM, 800-CKLN 20/S-9, 810-KGHO S-8, 820 SS, 830-WCCO 20/S-9, 840 ..., 850 WH DH weak u/QRM, 860-KONO S-7, 880 TCBS-20/S-9, 870 WWL-SS? 20/S-9, 890-WLS 20/S-9, 900-CHIL 20/S-9, 910-WSBA 20/S-9, 920 ???S-9, 930-WPAT 10/S-9, 940-CBM 20/S-9, 950-QRM, 960-CHNS S-9, 970-MSW S-9, More later this year. RX is a Hammarlunds HQ-180-A G. 73's and good dx.

Richard Heiser, P.O. Box 193, Springer, New Mexico 87747

Hi everyone! Every issue of DX MONITOR outranks the ones which came before it and the growth rate of the club is really amazing. One thing tho: California, which accounts for about 10% of the U.S. population claims nearly 20% of the club membership, Canadians and all others included! Let's not let them take over the whole business, at least not as long as there are still about 15 states, 3 or 4 provinces, and ever so many foreign countries which don't have a single member yet. I'd be glad to write a few letters if you need someone to help with the membership campaign in these areas. Not a thing happening as far as DX. Only one verie since last report: WOAI in San Antonio. That is nothing to brag about, you can be sure of that. I sent off a report to KFIF in Tucson yesterday. It's good to have some real officers for the club, even tho I didn't vote myself. Having been a member for only about three months, I didn't feel I knew enough about any of the candidates to make an intelligent choice. As I understand it, they will serve for only one year, when new officers will be elected under the constitution. The first order of business now should be to get the constitution approved. This isn't a real club as long as the decisions are still in the hands of the "Denver Establishment", benevolent tho it may be. 73 until next time.

Bob Ziel, 222-89 Braddock Avenue, Queens Village, L.I., N.Y.

Hi! Just got back from a two day vacation in Pa. My brother, Ron, and I went on the Reading R.R.'s "Iron Horse Ramble". (Any R.R.'s buffs or steam engine fans out there?) I took my R.C.A. transistor portable rx along so I could DX while we were there. The first nite (dig the spelling, hi) we stayed in Philadelphia, the city of brotherly (and sisterly) love. The following day (on 10/17) I received a few New York stations. WJGA-570, WNBC-660, WOR-710, WABC-770, WNYC-830, and WCBS-880 came in very well all throughout the day. Oh yeah, I got one really good catch in Philadelphia. WBIG-540 a tiny 250 watter in Islip, N.Y. located 50 miles east of New York City came in loud and clear. I felt right at home listening to them in Philly. I also received WICC (600) at sunset w/a little QRM from WIP-510. That "Power-lift" chassis in my RCA RX is really powerful. It goes after those hard-to-get stations like a good radio should. (this is begi ning to sound like a commercial, hi) Some of the other stations I logged on the trip were: WHP-580, WQUR-930, WUNS-1010 (call and freq. similar to WENS-1010 in New York City), WKOK-1070, WMWP-1380, and WMBT-1530. By the way, WMBT is a fabulous little (250 w.) R&R station in Shenandoah, Pa. Their DJ's are the wildest! I received a nice v/l w/cm of WMBT from their CE, Phil Nelson. That was on the trip through Pa. Other recently Received QSL's are: WHLO-640, v/l; WOTW-900, v/l & v/c; WHWB-1000 v/c, WCFB-1390 v/c and WENE-1430 v/l. I finally received PJB-800. In fact, they are a regular at nights here in N.Y. At times, their quiet mx completely drowns out CKLW's R&R mx. Does anyone know their power and whether they are directional? (525 kw., et) I'm sure that there are many other IRCA members, besides yours truly who would also like to know about PJB's Xr equipment. To DeWayne Bruce: Ich spreche auch Deutsch. Falls Sie mir in deutsch schreiben, werde ich Ihnen antworten. Vielen Dank! hi. 73's to all IRCA members and lots of 88's to all lovely YL's who read this, hi, hi.

High Ducklow, 322 South Court, Appleton, Wisconsin 54912

Sorry about not gettin in a forumula last time, but there just wasn't much to say. Main business this time is that I have a new RX! A Knight R-100 is replacing the Sky Buddy-aaaaah! I built it inside of 30 hours, it works quite well. Anybody who has one, please write about how to really use it. Down to DX: 9/30 first logging of PJB really boomed in, I hear it every evening now. KARK-920, 10/1 GMDL-730 report sent. Now starting DX with new rx: 10/14 KWCO-1560 @1915, 10/15 WCAL-770 @0815, KXCO-1550 @1817, report sent, KDTL-1370 @1813, report sent. CJBR-900 @2229 in FF. 10/16 WDSH-710 @0825, 10/17 WARC-550 @0132, KVI-570 @0135-0151, not bad, report sent. CKLG-730 @0225-0230 report sent. KPCN-730 @0234 testing, not in list, report sent. GKIL-1570 @245 with XERF OFF!!! WENS-1460 @0253, KKYZ-1320 @316, WLLS-1320 @0330, CJOC-1220 @0338-0400 report sent. GKDA-1220 @0355-0408 report sent. GKOC-1150 @0416, KONO-860 @0415, 10/20 KCTA-1030, KHEY-690 both @0615. Totals now are 310/92, states 37/26, provinces 8/5, countries 8/4, Mexico 5/1, or Foreign 4/1, Canada 48/8, Cuba 3/0, Mexico 11/1. Jose Cordova: I hear XEMA every once in a while, I'll send a report soon. U.S.A. 231/82. Next time, I'll figure out how many W's and K's I have. Hey, Mike Wilson, KPCN up there about 9 lines was my #300 and when PJB comes I will have 5 countries verified. Veries this time are WDAY v/l, KEYR v/l, GKDM v/a, WOR v/a, KDTL v/l. DFG, if it's not too late, put me down for a SACCA log. That's all so I guess I better say 73. Barry in '64, Chicago in '65, Poorman in '66. 73.

Randy Seaver, 2119 30th Street, San Diego, Calif. 92104

Heidi! Ho, as we Roger Miller fans say. The meeting I announced in the 10/13 bulletin is off (that was for NPV, 1) Possible resked for Thanksgiving vacation. DEE X (who?) continues: 10/5 PM KLVI-560 sneaking at 9:08 PM, SS-670 @9:20 P.M., I taped it. Could get no reasonable ID, though I think it's H RN. YSS-655 w/clear ID @9:33, KVVU-610 @0105. 10/6 CHUB-1570 riding high with good buddy Wolfman Jack off. 10/11 taped an UnID SS-1090 not XERB @ 0327, then they seemed to s/off. Mexican? KHVH-1040 @0359 ID. 10/12 WOW-590 @0503, 635-655-785 North Koreans all in parallel from 5-6, ID C6 I wasted the whole morning taping all three. 10/13 KBIF-900 @8:30 PM, 10/17 XENR-980 clear ID @12:13 AM, CBR-1010 @0210 ID, 10/19 R. Moscow on 1250 in clear @0440 and on, ID with Kremlin chimes @5. UnID s/on on 1290 @0459, any help? UnID SS-770 seeping thru ABC @0521, but no chance for ID. WOC-1120 @0541, KSD-550 s/on @0545, KGH-790 s/on @0600, KXGO-790 s/on thru KGH-790 @0400, UnID SS-800 s/on w//anthem @0501, possibly YSAX, tho not at all sure. JOIB-750 w/EE lessons on both sides of 6 over WSB. That's it from this den, see y'all next week unless I electrocute myself dxing. San Diego in '65....Heidi Ho!!

Leonard Lockwood, 516 N. Lilly Rd., Olympia, Wash. 98502

To HQ: Alden Backensto's QRA is now 3027 Woodland Park Ave. N., Seattle, Wash. so please send the bulletins that have been returned to Denver to that address. This is verified by a long distance phone call to his mother just a few minutes ago so all members take note and change QRA in membership list. To Ron Schatz, remember that you had your chance to cast your ballot in the election for the candidates of your choice. In the NRC, you wouldn't even had a chance to cast a ballot. Also, if you are dissatisfied with the present form of government, you will have the opportunity next year to change the present form. In the NRC, they stay for life as has just been the case. Now what little DX I have, 10/19 WKAZ-950 Charleston, W. Va. logged from 0400-0500 after KIMN Denver s/off @0400. WKAZ in the clear until 0410 when KJR in Seattle started testing with open carrier intermittently on and off. Heard a W call s/on 0430, Who? Did manage to get announcer's name at 0500 so hope they verify. Have a few more details in the log. First time for W. Va. since WWVA-1170 Wheeling used to be a regular back in the good old days. Oh yes, before I forget it, Ed Strawn count me in on the gathering in Portland if between Thanksgiving and middle of Dec. Since most members did not receive advance notice of weekly bulletins, now, it just goes to show ya what our bulletins will look like if we all do not support our editors, so get with it. Still interesting to note that 3 of the 5 elected members of the board of directors are still NRC members. Notice I said bored of directors. I believe that they have had their fill of other types of government and will conduct business in a democratic way. Though said. 73.

C. Alan Taylor, 939 N. Eastern Avenue, Indianapolis, Indiana 46201

First off, I want to warn the Denver gang, and especially the fellow who addresses the bulletins to be careful and make sure that the address is North Eastern and not Northeastern! Thanks to the ZIP, my bulletins arrive, but my mailman may not be too wise and forward my IRCA bulletin to Northeastern St. which exists here, too. To Jose Gonzalez Cordoba and Roberto Ferretiz M., both to whom I owe letters: I'll be at you before too long. Thanks to moving from 2529 E. Ninth, I've a pile of correspondence reaching to the moon. Ho! Now that Sr. Gonzalez has graced our pages with a report in perfect English, perhaps we can wrangle one out of fellow DXer (?) Roberto Ferretiz. I can't see how you can stand to have Jose be the first Mexican member to report. Hey DeWayne E. Bruce, Let's start a Spanish section. hi. Dave Gleason, I suspect that you may not have seen my request for a SACCA, so to make sure that you did: Hey, Dave put me down for a SACCA. Double hi. To Howie M. Modell, The Canadians have their frequency checked by monitors who go to each station, hence no checks in AM. To DeWayne again, The #indicator before a station's call shows that their field strength is adjusted by adjusting actual power input to the antenna. The Geographical co-ordinates are the station's exact antenna location in degrees, minutes and seconds. To George Junak, Your mystery 1060 sounds like CMBQ. Well, must skip as am returning to school now to attend a Democratic political rally. Viva Lyndon B. Johnson!

Tom Scott, 359 W. Jackson St., Apt. #3, Rialto, California 92376

Wie geth's all Leute? Ich bin gut. Well congratulations to all of our new officers. Well down to DX, latest dx is: KXL-Portland, WBAP-Ft. Worth, WFAA-Dallas, WMAQ-670 Chicago, CKWX-Vancouver. Recent veries: KDON, KRKD, WBAP, KGIL, KAVR, KFVB, WMAQ, WFAA, KTAR (after 3 tries). Totals now are: countries 3/2, stations 67/34, states 12/11. To Mike Worst, Thanks for the card, I will write sometime. To DeWayne Bruce, I agree "Wo ist alle deutsch Spracher". DX here has been down to a minimum, for I been having about 5 hours of homework a night. Well I had better say 73 and get back to my home work. Auf Wiedersehen. PS, hope I made this issue of the MONITOR. (you did, Tom, ed.)

Gary Ingebretson, 5407 Logan N., Minneapolis, Minn.

Hi! Just made the scene as member #185, thanks to Don Erickson. I work with a vintage 3-band floor model Philco. It's got an internal movable antenna and about a 12" speaker. Don Erickson has told me he has seen one. If anybody else has seen one and has some interesting info on it, I'd sure appreciate hearing from you. I just got a 70' long wire up. It seems to work real fine. With the internal antenna, I have been able to log 24 states and 45 stations plus Canada and Mexico, all verified since Jan. Latest DX here is WAKR-1590 Akron, O., WBAY-1360 Green Bay, Wisconsin, KSO-1460 Des Moines, Ia., and KRNT-1350 Des Moines, Ia., KSJB-600 Jamestown, N.D. and some real toughies, KRFD, WSL, and WLS. I want to thank Mike Worst for his card. See you next time!!

Dallas John, 1870 South High Street, Denver, Colorado 80210

10/26 KTOP-1190 @0230 AN strong sig., KGEN-1370 @0301 s/off with Lord's Prayer after religious program, Woman anncr. on 1370 @0300-0330 fading, maybe Jap, KGEN-1370 ET TT @0308 during sked WIGO test, WIGO-1370 test @0338 1/2 hr. late, strong signal. ZEM-1235 RS @0245 strong, KISM-1530 test @0401, good. SS-1505, probably G.R. w/1500 slop. 764-Senegal heard earlier in AM. KDWA-1460 w/one ID @0330 tail end of test. Jamaica-750 and 770 noted @0345. Don't know if I will verify any of these but they are all on tape in case. Oh, I am starting my own contest (no offense anyone): first, IRCAer who can name the call of the only Radio Station licensed within DuPage County, Ill. will receive air mail return postage for Surinam. Hope whoever wins can use it. No entry fee, hi. 73.

David Rogers, Box 1348, Buffalo, Oklahoma 73834

Greetings again. Congratulations to the new officers. Tax for letter, Howie. Also lets welcome IRCA's newest Oklahoma member, Ronald Hebard, WPT5DR, 416 East 13th Pl. Tulsa, Okla. 74120. We've got a real enthusiastic member here. Last time when I said I'd swap QSL's, I didn't mean my BCB veries. I meant my WPT5DRJ DXer QSL's. There seemed to be a little confusion on that point. Hi, hi! Nothing new in DX, so will devote the rest of my space to KSAL in Salina, Kans. 1150 kc. KSAL operates once in a while AN and the next time will be October 31-November 1 (Halloween) so this is a good chance to log them. Received a real nice personal letter and KSAL QSL from their CE after I talked to him on the ham band. Send your correct reports to D... Engelhardt, CE. P.O. Box 180, Salina, Kansas, 67402. He also sent a hand drawn map of KSAL's directional pattern. They are omni-directional in the day. At night, they use a 4 element directional pattern protecting: CKX, WISN, WAPO, WJBO & XEJS. Their main power goes Northwest. Don was willing to save his QSL's for IRCA but he wanted me to come down to get them, which is impossible at the time since Salina is too far. Perhaps there is an IRCAan closer to Salina that could get them. Haven't heard anything yet of KWBB-1440 in a month since they said they would send me their reception reports. 73's.

John Wallis, P.O. Box 125, San Clemente, Calif.

Conditions are getting better out here, and there is little more dx to report: 10/2 CKCK-620 @0200, GJVI-900 @0230, 10/6: KVOO-1170 u/KCBQ @0230. 10/14: KHRPM-660 @0300, TGJ-880 @2330. 10/15: KUDU-1590 @0044. 10/17 LZD-1000 in Tauranga, N.Z. @0330 9rpt. sent), GBRM1010 @0530, XIQR-1030 @0620, WYDE-850 @0630, Pyongyang, N. Korea-655 @0700 KGAR-1550 @0735, possible JOOK-840 @0740. 10/19 KHAI-1090, @0305, KIT-1280 @0340, CKRM-980 @0357, WNOE-1060 f/c ended @430, WRCV-1060 @0435, and possible LYA-780 Dunedin, N.Z. @0530, but WBBM s/on and dlobbered them. Pretty sure it was LYA, though. (heard in Denver that date but hour earlier, ed.) Only veries this month: KRVN- and 1000 watt KLMO. V/s for KLMO was Jim Jaeger, Owner. It took KLMO six days to verie. I say lets keep the IRCA broadcast band only. That is the only reason why I joined in the first place. If we do branch out into other fields, the coverage of BCB has got to suffer due to restrictions in space, and the amount of concentration put into it. Dave Gleason, put me down for a SACCA log, if you will. That's it for now, so 73's.

Don Eggert, 1925 E. Bowman St., South Bend, Ind. 46613

Hi y'all. I don't have a lot of DX to report, for a change, due to the unpopular burden of schoolwork. The wx is cooling off quickly which indicates Good DX is here. Recent DX is: 10/13 WRTL-1460 @0645 s/off. 10/15 WJGY-1130 @0608 PM EST. 10/16 WMLR-1550 :6PM. 10/18 WKRS-1220 @12:30 PM on daytime skip, WJCD-1390 @ 559 s/off SSB and WJDS-1440 @6:15 AM s/off. Recent veries are v/q PJB and v/l WSIV for 3/64 report. Also got GI from them. Well, know that I have some 20 lines left, I think I'll talk about the great Notre Dame team! No, not really but they are good. Oh yes, while I have space left: Ernie, for N.J. watch WMLR-1450 AN on MI. They put a good sig in here most of morn. of 6/29. Also I have WJ RZ-970 @0435 s/on SSB on MI w/poor sig. but worth a try. Some SC's I have for trade are WIBM, WJPS, WJVA, WJNR, WLS, and WSAL. I have about 120 different. DB, I'll send you some SC's in a couple weeks for those you mentioned in 9/13 Dx Mon....speaking of SC's...silent Frank Williams hinted he might even report in the FORUM. Well, I best quit while I'm ahead so 73.

REMEMBER, THE BULLETINS ARE BEING PUBLISHED WEEKLY WITH DEADLINES ON SATURDAY IN DENVER AND CLEVELAND AND MONDAY IN DENVER FOR DXFI. YOUR WEEKLY REPORTS OF DX ARE INVITED. WE WANT TO HEAR ABOUT YOUR DX!!!!

- 540 HJKA Bogota, COLOMBIA, "Radio Horizonte" was logged with a nice signal, on top of the channel, on 10/20 from 1857-1915. Report sent. (ELK)
- 550 CMAN ? (...?), CUBA. The city of the transmitter is unknown, but a verie was received from "Radio Rebelde". Address and signer were the same as listed last week for the 720 kcs. outlet. Letter in English. QSL was received on 10/10 for 6/25 logging. Country # 5. (HM)
- 580 XEFI Chihuahua, MEXICO heard to s/off at 0058 on 10/18, under KMJ. (KGS)
- 620 -RNE- Tenerife, CANARY ISLANDS is now in operation. Power is 100 kws.. (WRTVH)
- 635 -KCBC- Pyongyang, NORTH KOREA was heard and taped in // with both 655 and 785 kcs. on 10/12. ID around 0600 with three pips and a tone. Was not // with 655 or 785 kcs. after 0600. (RJS)
- 638 -RNE- San Sebastian, SPAIN was finally logged with a reportable signal, but with severe WHLO qrm, on 10/18 from 1900-1917 s/off. (ELK)
- 655 -KCBC- Pyongyang, NORTH KOREA is a regular each MM. See 635 kcs.. (RJS)  
YSS San Salvador, EL SALVADOR was heard and taped on 10/5 from 2120-2135. Clear call letter ID at 2130. (RJS)
- 660 2 YC Wellington, NEW ZEALAND was probably the DU station heard running beyond their normal s/off on 10/14 with an Olympics broadcast. On past 0630. (RH)
- 670 HRN ? Tegucigalpa, HONDURAS was quite likely the Spanish station heard here on 10/5 over WMAQ from 2115-2120. (RJS)
- 680 2 KP Kempsey, AUSTRALIA was heard with an "ABC" ID at 0430 and 0600 on 10/13. Weak, but in the clear, as CJOB disappeared. (RHM)
- 750 JOIB Sapporo, JAPAN is probably the most regular of the Japanese stations. Was heard on 10/19 with English lessons from 0556-0620. (RJS)
- 760 -VOA- Saigon, SOUTH VIETNAM. Heard an ID as: "VOA transmitter in Far East" at 0800 on 10/19 with subsequent programming in Vietnamese. Was soon covered by "Radio Peking" outlet which normally controls this frequency here on "Oriental" mornings. Power here is 50 kws.. Listed schedule is 0600-1030, to Southeast Asia. (SCDX) (WRTVH)
- KGU Honolulu, HAWAII was heard the strongest this year on 10/11 at 0150, but with strong qrm from WJR and the Cuban station. (KGS)
- XEABC (...?), MEXICO was heard before 0200 on 10/18 with good signals, usually over XEWB. IDed as "A ! B! C !" repeated many times. (DE)
- 770 3 LO Melbourne, AUSTRALIA was a powerhouse on 10/14 from 0430-0530. (RHM)
- 790 XERC Mexico City, MEXICO was good until 0300 on 7/19. (DE)
- 800 PJB Bonaire, NETHERLANDS ANTILLES is heard almost every evening from 2000-2300, S 3-8, and with little qrm from CKLW & XELO. They have a "Back to the Bible" broadcast at 2200, and a "Music and You" program (Requests) at 2300. Both are in English. Country # 8. (HD)
- ???? UnID station heard here and taped on 10/19 at 0600 s/on. Possibly YSAX. I have a call letter ID, but the fourth letter is "essem"; doesn't sound too much like "eckis". (RJS)
- 810 YVLP Valencia, VENEZUELA, "Radio 810" was heard "cutting up" WGY on 10/20 around 1845. Gave addresses in Valencia and Venezuelan time. (ELK)
- 850 XEZF Mexicali, MEXICO was heard on 10/18 from 0657-0705 with clear slow call. Very easy logging. (RHM)
- KIMO Hilo, HAWAII. S/off is at 0300+. (DE)
- 870 ???? (...?), CUBA (?) The jamming station for WWL's "Free Cuba Radio" broadcasts, presumably from Cuba, has the same reception characteristics as other Cuban stations. Heard often here, but not strong. (KGS)
- 940 KAHU Waipahu, HAWAII was heard with an English ID at 0330 on 10/19. (DE)
- 955 ..... Rangoon, BURMA has programs in English from the "Burma Broadcasting Service" at 0930-1100. News is at 0945-1000. (WRTVH)
- 1000 1 ZD Tauranga, NEW ZEALAND. Verie received for 10/2 reception, V/s not legible. (KGS) Gray, the ID here should be: "One Zed Dee Calling" (RJS)
- XEOY Mexico City, MEXICO is heard nightly after KOMO s/off, at 0310, with US pops in Spanish. (DE)
- 1032 HJGE Bucaramanga, COLOMBIA was heard with a very fine signal on 10/20 from 1830 on. (ELK)

- 1034 4 VEF Cap Haitien, HAITI closed with VOA News, in English, at 2017, then s/off at 2025 on 10/14. (RHM) Fall English schedule is: 0630-0900 (Saturday & Sunday 1000) and 1400-1600 (Sunday). (WRTVH)
- 1040 KHVH Honolulu, HAWAII was logged on 10/11 at around 0359. (RJS)
- 1090 ???? UnID Spanish station heard here on 10/11 from 0327-0330, when it seemed to go off. My tape says "say eckis" or "CX", but no sign of the much wanted "28" ! (RJS)
- 1100 .... Taiyuan, Shansi Province, CHINA, "Radio Peking". This location per all logs. ID heard at 0730 on 10/18 and in quite well until 0810. (RHM)
- 1130 KLEI Kailua, HAWAII was heard with the loop antenna while CKWX was testing on 10/19 from 0310-0400 s/off. Qrm from JOQR. (KGS)
- JOQR Tokyo, JAPAN was heard on 10/19 along with KLEI. I could hear JOQR by turning the loop north. Good after 0330. (KGS)
- 1145 YST San Salvador, EL SALVADOR verified with a fine two page letter from Angel H. Suarez at Apartado Postal 210. Indicates that their schedule is: 0800-2400. Uses 1000 watts, and plays mostly "good music" - largely instrumental, "for relief from modern tensions", hi ! (ELK)
- 1180 -VOA- Marathon, FLORIDA. To Don Erickson - Best heard here in the early evening around 2100-2200. (RJS)
- 1190 ???? UnID Spanish station noted slightly off frequency and hetting WOWO badly on 10/19 around 2040. Also on 10/20 around 1945. (ELK)
- 1200 ???? Oriental station reported in 10/13 DXWW was audible again at 0350 on 10/12, so 0400 is ID time only, not s/on time. No reply as yet from the "Voice of Free Korea". (KGS)
- 1214 -BBC- Westerglen, SCOTLAND was heard with s/on at 2330 on 10/14 with Big Ben, "Light Programme" ID and weather. Taped report sent. (RHM)
- 1250 .... "Radio Moscow". This outlet was heard with Kremlin chimes (At least they're the same as 548 kcs. uses) on 10/19 from 0440-0500. (RJS)
- 1340 ???? (...?), MEXICO. UnID station in with good signal until 0300 on 10/19.
- 1370 JOKD Kitami, JAPAN was heard at S 7 level on 10/12 at 0428. This is the loudest Japanese reception I've had. (KGS)
- 1410 ???? Oriental station (Japanese, I believe.) faded in a few times from 0410-04 on 10/12. Possibly JOIF-Fukuoka, but not certain. (KGS)
- 1425 .... Thule, GREENLAND, "Radio 1425" was heard with ID at 2305 on 10/17, but not needed. A thrill to hear again, and note the time !!! (RHM)
- 1466 3 AM 2 Monte Carlo, MONACO, "Radio Monte Carlo" sent a regular QSL card, for European verie # 6. (RHM)
