## Editors

DXMW: Howie Modell, 22-36 Edgemere Ave., Far Rockaway, N.Y. 11691  
Forum East: Steve Russell, 8914 Mohawk Lane, Bethesda, Md.  
Forum West: Larry Snouffer, Box 98, Perkins Hall, Ohio U., Athens, Ohio  
WC PST Round-up: Lance Muller, 8895 Halsted St., San Diego, Calif.  
Special articles: Gray Scrimgeour, 1105 Virginia Way, La Jolla, Calif.  
DTI: Dave Johnson, 940 Veta, Pueblo, Colorado  
Club HQ: Box 112, Englewood, Colo. 80110 (Bill Nittler)

## PORTUGUESE FORM

The final portion of the Portuguese report form is included with this bulletin. They will be sent to all new members who join the club in the future. The form was prepared by Ron Schatz and should be a big asset in getting veries from Brazil.

## Club stationery

Well, our last big sale didn't go as well as planned so we are still offering the club stationery for sale at \$1.30 per hundred sheets or 150 for \$2.00. Convert your SACCA log money into stationery! Help dress up your reception reports and correspondence and promote the club!

## FCC Changes

New Station: Santa Fe, N.M. 810 kc. 5kw. D.  
Changes: WYCL York, S.C. from 1580 kc. 250wD to 980 kc. 1kw DA-D  
Callechanges: KMPG Hollister, Calif. (x-KGHT)-1520 WTAK Garden City, Mich(x-WERB)-1090  
Calls assigned: 1450 WNBV Newberry, Mich. 1600 Eminence, Ky. WSTL  
1070 Friona, Texas KNNN. 1140-KFWB Piedmont, Mo. 1460-WDOG Allendale, S. C.  
1530-WHYP North East, Pa.

## Dues Expirations

With this issue: Jon Clark, Paul Dillon, Norman Shor, Dave Scholz, Robert Crew, Ed Andrews, Bruce Collier, Ronnie Lehmer, Howard Fountain, Waldo Sharp.  
March 5 issue: Stephen Schmidt, Dave Schwartz, Richard Moore, Alphonse Leskiewicz, John Levoti, Jr., Gary Sanford, Tom Layde.  
March 12: (Issue #68 in history of IRCA...most of original members due with this issue so why not send in your dues now if you were among them.)  
March 19: Stan Morss, Lee Rawson, Jr., David McLean  
March 26: Charles Buckley, Ray Kwasnick, Robert Braun, Eric Westenberger, Frank MacHovec, Tom Mann, Steve Clendenen, Dennis Korwicki.

## 2ND ANNIVERSARY

The March 19th issue will see the beginning of a third year of publication for the IRCA. The club was founded on February 1, 1964 and the first bulletin published on March 15, 1964. Plan now to be in on the big anniversary issue on March 19th. Send in reports to all the various sections and let's match last year's anniversary issue!

26 February 1966

H.S.T./P.S.T. DX ROUNDUP

Page 2

Lance Clayton Muller

8895 Halsted Street

San Diego, CA 92123

590 KUGN Eugene, OR - News and s/off w/ SSB at 0312 on 2/21. (KGS)  
750 KXL Portland, OR - ET until 0320 on 2/21. (KGS)  
850 WYDE Birmingham, AL - On R/O at 0304-0314 on 2/20 weak. (KGS)  
860 CJBC Toronto, ONT - Good on 2/21 at 0603 in FF. (LCM)  
870 KIEV Glendale, CA - S/on 0801 SM 2/6. (LBG)  
1050 ???? Unk s/off to north w/ "America" at 2046 on 2/20. (KGS)  
1120 KMOX St. Louis, MO - S/on 0600 w/ NA mx on 2/21. (LCM)  
1140 KGEM Boise, ID - S/on MM 2/7 at 0730, but usually at 0700. New  
schedule? (LBG)  
KLPR Oklahoma City, OK - S/on 0559 on 2/21. (LCM)  
WRVA Richmond, VA - Early s/on at 0455 on 2/21, wreaking all  
chances for VOA in the Philippines. (KGS, LCM, RJS)  
1230 KAAA Kingman, AZ - S/on of ET-TT at 0351 on MM 2/7. (LBG)  
1480 KLEO Wichita, KS - ET w/ID at 0330 and r/s at 0615 on 2/21. (KGS)  
KSEE Santa Maria, CA - ET hrd 0327-0340 on 2/21 w/ frequent ID's  
and OC. (KGS) (S/on 0755 every morning, Gray. lcm.)  
KWEZ Santa Ana, CA - ET 0344 w/jazz on 2/21. (KGS) (s/on 0755 to  
0815 daily, exc ESP weekends. lcm.)  
1490 ???? Unk orchestral mx from 0420-0435. ID as C--- AM & FM at 0425.  
Maybe // to CBC. Probably CHYM (was CKCR, lcm) in  
Kitchner, ONT. (KGS)  
1560 KROB Council Bluffs, IA - Was on top at 0752 SM 2/6. (LBG)  
1570 KCVR Lodi, CA - In SS at 2000 w/EE ID on hour, on 2/20. (KGS)  
1580 WCLS Columbus, GA - W/ R&R at 0425 on 2/20. (KGS)  
1600 ???? Unk SS hrd on 2/20 from 2010-2025. KXEW? (KGS) (I've hrd  
KHER, Santa Maria, CA and KGST, Fresno, CA in SS before. lcm)

This week's DX was collected by: KGS - Gray Scrimgeour ; LBG - Larry  
Godwin ; RJS - Randy Seaver ; and yore lyttel ol' typer-editor LCM or lcm.

In case you cannot decipher the unusual abbreviations for the states used  
in this stencil, just stop by your local post office and ask for a list.

A radio signal is nothing but the tormented wind rushing through the  
endless turmoil of time. (thought conceived while in delirious world  
brought on by hours of typing DX Roundups. lcm)

Larry Godwin - P.O. Box 1048 - Berkeley, California 94701

Hi gang! - Good news! IRCA members will receive a considerable discount  
(perhaps 40%) on all World Publications (Denmark.) These include the  
WRTH, Medium Wave Guide, etc. Watch for more information soon in the  
Monitor. (How about a discount on the FBIS, and PAL logs too, Larry?  
lcm) CX to Asia are still very good, but to the South Pacific have been  
poor thus far in February. EC members watch 780, 880, 1000 kcs. on MM's  
for New Zealand, and 1510 for Australia. Congrats to Gray on his  
Bordeaux-1205 verie. Sorry to you were drafted, Park. Good DX to all.

Lance Clayton Muller - 8895 Halsted Street - San Diego, CA 92123

I'm very sorry to hear that my planned Verification (QSL) List has been  
vetoed by the Board, (about a year ago.) I believe, however, that this  
merely a case of misunderstanding my objectives. First of all, this list  
will be only published once a year. Secondly, it will contain the call  
letters, frequency, address, type of verification, and latest date of  
verification of U.S., Canadian, and Caribbean stations only. If the  
consensus of the club is to add the verification signer, then it will  
also be in there. I will appreciate it greatly if the individual members  
will send letters to their Board of Directors, and plead in favor of this  
case. Also, please note in the letter support of forming an H.S.T./P.S.Y.,  
M.S.T./C.S.T., and E.S.T./A.S.T. DX Roundup in the forum. Thank you. 73's.

"None are more hopelessly enslaved than those who falsely believe they are  
free." (Goethe) Support your club!

Walt Mixon, 4723 Kings Highway, Jackson, Mississippi 39206

Hi y'all! I just bought the new VJ log frm a local distributor. Even with corrections and all, it really is an improvement. Lastest DX: 1/1 KMYO-1050 test at 0121, 1/18 WHHF-1270 2317, 1/27 WCFL-1000 2224, 2/5 WJRD-1150 0104, and finally on 2/7 WBAA-920 0407 with a special for the NRC. That last one really surprised me, but I managed to get a rpt off anyhow. (Hi!) Lance Muller: Keep up the good work! Those VJ log corrections really helped. Bill Woodfield: Those VOA-960 EE programs have been very strong here. I agree, it must be some kind of strange image. (Hi!) Support your club! Buy IRCA stationery. I'm sending inmy order this week. How about a CST DX Roundup? Does anyone else think this is a good idea? It's been raining here all week, so no DX. Maybe it'll clear up soon. Oh well, 73's and GUD DX'ing! :)

Bob Astmann, 191 Louvaine Dr., Kenmore, N.Y. 14223

Hi Guys & Gals! The mailman was in an extremely good mood this week and brought all of the following veries in one week: WNAX, WLSI, WNNJ, WCMB, CBR, WRNY, WHEQ, CEF, KIRA, WTCS, CKCN, WWDC, & CKOX. Only three new stns logged this week: (all on MM, 2/7) WBAA-920 0400 NRC DX was excellent from this stn. CKOX-1340 0415 NNRC DX for only a few moments and one good ID. WUIS-1320 0447 w/RS rr. Totals which I haven't given for a while in my DXF rpts are 466/293. States 41/41. Prov. 7/7. Countries 10/7. One more thing: those of you on the EC have probably noticed that Joey Reynolds is no longer on WKEW-1520. He was fired this week for being late to a WKEW-TV telethon. I've hrd he's planning on cutting some records. Enuf. 73 and best of DX.

Mike Hunter, 1703 Westwood Avenue, Richmond, Virginia 23227

Hi! This is the third time I've typed this rpt, and forgotten to mail it. I've sent my renewal into HQ, and am ready to start my second big year of DX with the IRCA. Since I joined last year I've logged 354 new stns, many of which came about after tips from the DXM. Veries: WFEA v/q. ~~XXXXXXXXXXXXXXXXXXXX~~. Really pretty card from WPHB, who I logged during their Emergency broadcast during the big snow (2/2/66). WSUN & WAVY both sent their v/q's. Both are large size. By the way, 4VEH, the SW outlet gives the calls of all tneir outlets when they sign on. This summer they listed 1035 as 4VEF. 2/6 THIS WEEK magazine had a very interesting article about the woman announcer for WMIE & R. Americas, who gives out the information about which agents in Cuba are operating, and how much Castro hates her. I really enjoyed reading about somebody that can make Castro squirm. Ralph Vatalaro: CBC 900 would be CKFS, 1kw DA-N. CBS on 1010, is possibly CFRB. I'm not sure whether they still are CBS or not, though. DX: 2/7 WBAA-920 0400-0430 w/NRC Spl. Very entertaining, and got a good tape on it.; WPON-1460 0449 w/CW mx. 2/9 WITN-930 0506 s/on w/SSE; WMNC-1430 0513 on RS; CEW-990 2300 (Man. #3). 2/13 raining, and was a dud. I hrd Bill Woodfield & ms's 960 VOA s/off at 0230 with Greenville ID, etc. I think I'll write the VOA and see what they say. 2/14 A great MM, and I only wish I could have stayed up AN. 0315 brought KLOC-920 Ceres, Calif. 500w! They were testing. Missed taping the ID's but sent rpt; WIVV-1370 0435. Had religious programming. Missed s/on. R.R. #1; WLTC-1370 0440 s/on w/reduced power. I wonder exactly how many watts? Hey! John Whitehead, what's wrong w/KGES being CW? CW is the biggest trend in AM broadcasting now. There are over 1600 stns in the US carrying 2 to 24 hrs. a day of CW. Over 200 full time. If it makes money, why not? Speaking of CW, both WPVA & WRET have gone CW, Mailing address for KISN is 10 N.W. 10th, Portland 98665. I am currently getting estimates on prices for IRCA stickers or decals. If enough interest is shown, we may be able to have them made. If you are interested, state so in your DXM rpt, or drop me a card, or both. I feel that this would be both a good way to dress up your shack, log, rx, or what you've got, and to publicise the club. It'll have to get the BoD OK, also. VJ omitted WRGM-1540 10kw BA-D. 1590 Richmond stn is WGOE. Both VJ and whites can't seem to get these two straight. Bill Woodfield: What your hearing on 1140 is not WRVA's OC. Mr. Raabe says they are completely off when they s/off, and what we are hearing is the jammer. James P. Foley: NB ds on 530, is in North Bay, Ont., runs 500 watts, non dirtional. Enuf for now. 73.

Tom Jasinski, 11510 W. 192 St., Route #2, Monkena, Illinois 60446

Greetings; Have had some open MM and as a result some good Domestic DX. Hrd WSUN-620 for my second Fla; also WING-1410 & WCXI-790 all hrd on 2/7, hrd WBAA NRC special also on 2/7 for my first special for the contest. Veries in from: v/1 WLBK-1360, KAKC-970, v/q KWKH-1130 and WPTF-680. To J. Whitehead: KSTL-690, WPEO-1020 and WIRL-1290 have not veried any of my rpts. So they are on my non-verie stns list. 73 for now. Milwaukee in '66 - Milwaukee in '66 - Milwaukee in '66 - Milwaukee in '66 - Milwaukee

Paul Zec, P.O. Box 19, Somerville, Mass. 02145

Hello, once again. DX is very limited due to heavy school-work. Only new logging: on 2/6 WHK-1420 1915-1930. New veries: v/q's WAVY and CBE, v/1 CKAC. Best veries are WPOR, WRNL, KMOX, WDBO, and WAVY. Rpts are out to WMEX-1510, WORL-950, WLLH-1400, WORK-1350, CBA-1070, PJE-300, KYW-1060, WRYT-1250, WHK-1220, and WCKY-1530. Does WRYT verify? (Yes-SRR) I've sent out 85 rpts to BCB stns and thus far I've received 63 verifications back. This gives me a 75% return from rpts sent out. Why don't some of you non-active members start rpting to your respective editors. That's it from here. 73.

Elliot Straus, 27 Devon Drive, West Orange, New Jersey 07052

Lo dere. In 3 days I leave for Fayetteville, Ark. (Feb. 18). My totals now are 760/340 stns; 41/59 states; 8/7 prov.; 12/10 countries. I wonder how much they will change after I return? DX for MM 2/14 brought CKWS-960, 980-CHEX, 760-XEABC, Mex., IDed as R. ABC. 920-KDHL, 1430-KELI. New veries in are CHYM-1490; WFOY-1240, WRDO-1400 for a rpt of 14 months ago, WXOK-1460, WPNX-1460. I haven't hrd a TA for 3 weeks now, I guess that DX season must be drawing to a close, for TA's anyway. I have every state East of the Miss. River verified and the line that starts with Minn. on the top and ends with Tex. My best verie must be WFOY-1240 Fla. On MM 2/14 on 530kc there was a stn that kept sending NB in code, just the letters N and B. Does anyone know who this is? If there are any of you reading this who have a lot of cards and just pin them up on the wall I would advise buying EZ-IN Double Packets f/the Tennessee Paper and Box Co., POB 193, Gallatin, Tenn. They each hold 20 cards and look very nice you get 3 (or enough for 60 cards) for \$1. I have 9 full up already. I must have the easiest schedule of any High School Senior - 2 Englishes & 2 Histories. I would love to get my hands on a National HRO-500 rx but there is only one problem, the price - \$1295. To get a rx that good is my lifes ambition. I have to start sending some follow-up rpts now so I will say 73 and my best to all.

Ron Schatz, Box 5306 South, Univ. of Florida, Gainesville, Fla. 32601

Greetings from the land of Portuguese rpt forms! Yes, the stencils have been cut and sent to HQ, and the "Official IRCA Portuguese Report Form"; including translation, instructions, and glossary; will appear in this or one of the following issues of DXM. Any questions on it should be sent to me. Another development on the club scene has to do with the selection of a permanent editor for the "DXW" column: AS of the time of this rpt, at least three members are being considered for the position: Randy Seaver, (in Proposal 2.1-67), RFS himself (2.1-65), and Walt Nixon of Jackson, Miss. (2.1-68). Proposal 2.1-64 for Howie Modell may have been nullified, but I don't know for sure. If I become editor, I'll be making some changes in the column to make it more useful to our less experienced DXers and to make it easier to locate tips. I'll also add some new DX sources from around the world and a "DXW Tip of the Week" section. WRUL portions on their popular "DX'ing Worldwide" program will also be feasible, as I have access to Radio Center facilities. But all these extras pend with the success of Proposal 2.1-65. Regardless, whoever gets the column will do an equally good job on it, I'm sure. So far no talk re the IRCA's second anniversary coming up this March, so may I be the first to say: "Happy Anniversary, IRCA, and many more." The West-Indian DX'ers' Association, centered in the Caribbean area and covering both SW and MW DX about equally (much like the NZDXF), will also be celebrating its anniversary in March - its first. They put out a fine and informative bulletin ("Association-Bulletin") once a month via 2'nd-class airmail, and I'll use it in the "DXW" - IF. Only DX here of late has been HRME-1354, a move from 1350 (rather a drift), "Radio Patio" in La Ceiba, Honduras. Try for it evenings. Say, just occured to me that since I mailed off the Pg. RF stencils on Feb. 16 by SD airmail, it may have appeared in last week's bulletin, but I dunno. So much from your club's most mysterious member. Good DX to all & 73.

Jim Morey, 1245 Haverston, Cleveland, Ohio 44124

I hope all of you sent in your filled out questionnaires that appeared in the 2/5 DXM. The only way that we will be able to better the club is to let PK know what's bugging us. Something must be buggin' a lot of us, 'cause the monitors seem to be getting smaller & smaller each week, so if we let the Pres. know, maybe we can get some results. Enuf said. I just got word that the place that sent me my REM sent the wrong power supply to the set. That sure was nice of 'em. For that reason my DX has come almost screeching halt. 2/7 did manage to get the WBA-920 Spl 0400-0430. 2/14 got a pretty gud one for me, KLO-1430 on & off f/0130-0300, at which time I think they s/off. Am I right? Then got WJLE-1480 Spl 0200-0230. They got interference from LABB who were also testing. Tried for the other spls, but no luck. Veries: v/1 KWK, WSOM, WROS, v/q KSGM. 73 for now.

Tom Layde, 4968 N. Idlewild Ave., Whitefish Bay, Wisconsin 53217

Hello World! My 2/12 rpt should say, "WKYE-570 is flow (not not, hi!) WKYX." Welcome to Ross Hansch, the Badger State's latest gift to the IRCA: DX: 2/7 KBOI-950 0114; EGHL-790 0157; KGBS-1020 0236; 2/10 WFUR-1570 1800; KLIK-950 1844; 2/12 HJHJ-600 2230 R. Libertad"; 2/13 KKJO-1550 1806; KFUC-850 1325; KLGA-1600 1845 s/off; and CFCO-630 1851. Veries: v/q WIFE & WIRL (for a 7/17/65 rpt). v/1 WINS, KBOI, WFUR, KLIK, CKEY, and KLGA. Totals: 365/203, states 39 / DC/38 / DC, prov. 7/7, and countries 8/4. Looks like a shortage of funds will force me to put of renewel. 60 / 13!

Bertram A. Podall, Apt. 512, 141-05 Pershing Crescent, Jamaica, N.Y. 11435

What do you do with letters that arrive just after the deadline? Are they saved for the next week? (Yes-SRR). Re the question on WARM - over a year ago I received a memo from them that they were going to have QSL cards printed. WHLO-640 owned by the same group says, "If you have not already logged our two sister stns, you might give it a try. They are WARM, 590kc and WSBA, 910kc." So they should be verifying. When members travel to new areas are the stns hrd and verified in the new area (vacation band - business trip) legal for inclusion in their totals? I think at school and at home address are OK - by time in each location. But if you drive by a 250 watter on a vacation tour and then write them is that a legal catch? (I sure wouldn't count it as one-SRR). Did I mention that Part II of Broadcasting Stations of the World (NO US) by the Supt. of Documents, Government Printing Office, Wash. DC 20402 for \$2.50. Libbs all BCB stns by freq with a useable mailing address and power. It is worth it. On many occassions I send a card to members with questions that I can answer - I have yet to receive a txn. Is this common or what am I doing wrong? (Your notdoing anything wrong. I'm surprised to learn that if a member asks a question and another member takes the time and money to answer the question, that you don't at least send a card or letter of txn!!! Don't ask the questions if you don't want them answered!--SRR). 2/14 MM WJVA AN with "Flood Watch". What stn on 555-560kc at 0001 2/14 with talks on "abnormal children? English accent? Only one I know is South Afrca with 1000w - but don't think this is it.

Jerry Wolf, 57 Belgard Street, Rochester, New York 14609

Wise people only belive half of what they hear - wiser ones know which half to believe. Ye Ol Wolfman is back again with a genuine wolfbite. The snow around here is mostly melted away now w/about a foot left. Thats better than four feet! I was foiled inmy attempts on the CFYK & KPRM specials on 1/31 but the evening wasn't a complete failure. I came up w/WSLR-1350 0234, WRYT-1250 0315, WHO-1040 0400, KFAB-1100 0502, W HG-1320 0236, & WRHD-???? 0425 s/on again but they don't give their freq. They give there location as San Juan P.R. in EE at first & then the national anthem and then SS f/then on until it fades away. It's at approximately 1530kc. Does anyone know anything about WRHD? I tried mailing a rpt to them addressing it to CE, R. Station WRHD, San Juan, P.R. and the USPO returned it for insufficient address. I asked my mailman what was wrong with the address and he told me to ask P.R. Nuff sed. Other DX as follows: 2/2 WXYZ-1270 0129; 2/7 I got the CKOX spl but it lulled me to sleep after an hour, enough for a rpt though. (EKOX-1340 0330), also on 2/2 after xx I woke up again, WTAR-790 0444, & WEAN-790 0500. 2/13 WONO-1190 0147, WVA-1170 0209, & CKOC-1150 0230. The mailman is finally making it to my door through the snow with a bunch of veries: WJR, KXEL, CKLW, WFBL, WHN, WADO, WERE, CHFI, WKRT, KFAB, WXYZ, CKOX, WTAR, & WEAN. CHFI & WEAN returned the return postage. CHFI sent a nice coverage map & WERE sent a thick standard program schedule. I agree w/you Curt Kredrikson on that booklet from WGN-720. The title should have been "Don't let the FCC duplicate 720, or Gee we wish we had 1000kw." Hi! Congrats to Larry Colton on picking up two of Rochesters own, WROC-1280, & WBEF-950. They Busy Bee Hive (WBEF) is even hard to pick up 40 miles south of Rochester when I'm on my way to dances at the Bristol Hills Sky Chelet. Hey Howie no wonder I haven't hrd from you. According to the Editor list on the front of the 2/12 issue you live in Far Rockaway, New Mexico instead of New York. Who goofed? Well dats it fer today. I leave U wid De wered fer today. Optimist: One who thinks he can live like a milluonaire if he earns a million dollars. 73 & 38's oops I mean 88's.

Jeff Kadet, 8047 Park Overlook Drive, Bethesda, Maryland 20034

Hi. New loggings: 2/17 WBUX-1570 s/off 1731. 2/19 WKDN-800 1530, WBLT-1350 1752, WBTH-1400 1803 (#20 on 1400), WMNC-1430 1810, CJKL-900 1902. 2/20 WSOL-1300 s/on 0557, WFDR-1370 s/on 0600, WPTN-1550 0645, WCPA-900 s/on 0715. MM 2/21 KLEO-1480 ET/OC 0200, WISM-1430 0201 (#30 on 1480), WHSC-1450 r/c-TT 0205, KRSI-950 ET/M 0410 (#20 on 950), WBAW-740 r/c-TT 0450. Veries: v/1 WNJH, KRF, WGOK, WRCS, KUSD, WKMT. v/q WVKO, WAMY, KFBK. 73

Terry Tyrone Steeden, Earl Butts Dorm, Phillips Univ., Enid, Okla. 73701  
 Many greetings! DX here was null and void until got antenna and rx hooked in. In past two weeks have varied two new states. Recent QSL's WHB-710, WOKJ-1550, KTAR-620, WKY-930. May I pose a serious question: What to do in the following case? When you DX from two geographically different places, does one keep two different logs and totals, or does one count them as one list? I can see two different logs if the two places are very far apart, however, what about a person who moves only a relatively short distance from the original location, say 250 miles? (That is up to the discretion of the individual DXer, Terry. Try writing to some of our different members and find out what they think. lrs) Well, be of good cheer and 73. (Thanks for the report, Terry.) lrs)

Bruce Collier, 3512 Avenue B, Council Bluffs, Iowa WPE/ELA

Hi gang. Lots of DX since last report. New loggings by date; 12/27 KSTT 1170 f/c 12/30 WDAY-970. 1/1 WOI-640. 1/2 KCII-1380 f/c, KQAQ-970, WAVE-970. 1/14 KGHL-790, 1/22 WTIK-690, 1/24 KFDA f/c, KAYC-1450 s/off, WVON-1450. 1/26 KSAC-850. 2/3 WNBC-660, 2/5 KLTR-1580 s/off. 2/6 KXYZ-1320, WGAR-1220, KY7-1060. 2/12 CFOR-1570 s/off. Latest veries KIMN for f/up--6/23/65, WEAS for f/up--4/19/65, KXEO for f/up--4/19/65, WABC for f/up 3/23/65, KXOK-for f/up 12/13/64!!! Fast mailman. WVON, WOI, KSTT, CSAC, KQAQ, KFSB, WIL, KWK, WPTR, WDAY, KGHL, WGAR, KFDA, KAYC, CKDM and CFRB. Totals are now 119/145 veries, countries 3/3. Santa brought me an Emerson 4 speed t/r, and a Hermes semi-portable typewriter, so send your tapes and letters. 73's and good DX.

Dewaine Anderson, Rt. 4, Box 231, Roseburg, Oregon, 97470

Hi everyone: A correction in Jan. 8, 1966 issue of DX monitor, I goofed and set my radio dial on my 1938 Zenith on 540 instead of 740 and wound up listening to CBK and straining my ears for KYME. Zenith is my stand-by rig, my brother was using my Hallicrafters at his place for the weekend. Some weekend! I was half asleep at the time and my most sought-after station is KBRV-540 Soda Springs, Ind. DX for the weekend of 2/13/66. KBET-1340 Reno s/off 0500 well atop 1340 main QRM f/ KMET. 0810 to 0855 KGGM-610 in well w/unID SS speaking station, but when KOJM-610 Havre, Mont. S/on at 0855 "Poof!" No more KGGM or unID SS station. They used the slogan "Big Sky Radio" (I believe then, too, hi). Reports out to both KGGM and KOJM. Recent veries include KMYC, KFXM, KGB, KMED after 9 months, KOLO. Verie on back of coverage map CE is John Pageler. 2/14/66 KTYM-1460 testing auxilliary xtr most of early AM KNAK finally heard but way under KIT at 0405 so no log on 1280. 73.

Chuck Lamphear, 1614 Ave. G, Council Bluffs, Iowa 51503

Hi for the first time! This is my first report so I'll fill you in on myself. I'm 17, and go to good ole TEE JAY HIGH here in C. B. My rx is a 7 tube Japanese job. It's okay but I plan on getting a new and better one. I use a longwire, 50' NS, 40' EW. As a veteran DXer of two months, I have logged 80 stations and 26 veries. States 15/23. I811 give you my veries: WJAG-780 12/27 the CE wrote: "We are in the process of rebuilding our transmitter site because of a fire last April, and we should gain some coverage then. We expect to move sometime in January." I hope that helps someone. Back to veries: WSB, WNAX, WEAM, KMA, WLS, WCCO, WHAS, KHUB, KFOR WOI, KWMT, KJAN, KDKA, KCMO, WGN, WLV, WVL, KFAB, KXEL, WJR, KNBR, KMAV, KBON, WOF, KSAL. School and homework take most of my time, but I guess studying comes first. That's all from this shack, so I'll say 73 and good DX. (Welcome to DX Forum, Chuck, and let's hear from you often! lrs)

Remember to report all DX tips to Lance Muller. Support all parts of the DX Monitor. Report often.

State of the Month - Kansas.

There are no 50 kw. powerhouses in this state, but because of its central location it's not too hard to log Kansas stations. Almost all the reporters this month had heard WIBW-580, KOAM-860, WREN-1250, and KFH-1330. And both KFDI-1070 and KEWI-1480 might be good bets at your location. Try for the regular frequency checks, and at s/on time, for many Kansas stations.

- 580 WIBW Topeka. A strong one. Try MMs (NSP). CFRA may interfere. Try KSAC at SR
  - 730 KLOE Goodland. Try its 0830 s/on on WC; s/off too farther east.
  - 790 KXXX Colby. Easy in Colorado at s/on or s/off; sunrise in Wisconsin.
  - 860 KOAM Pittsburg. In the south, try Tuesday morning with KONO off. R&R. CJBC interferes farther north. Try at 0739 EST in west.
  - 1050 KUPK Garden City. Note call change from KNCO. Try them at sunset s/off, or s/on on WC.
  - 1070 KFDI Wichita. Try at either sunset or at sunrise, despite all the others on 1070
  - 1150 KSAL Salina. Park got them on a DX last season. 0630 s/on MM in Calif.
  - 1250 WREN Topeka. Try MM when others are off. It's KFKU before sunset. "The pest of the West." Very loud on WC.
  - 1270 KSCB Liberal. S/off u/WHEF at 2330 in Colo.; s/on at 0700 heard in Calif.
  - 1290 KWNS Pratt. Another one heard in Calif. at 0700 s/on.
  - 1330 KFH Wichita. Much logged. KFAC blocks it on WC. Also KPOJ. Much easier to the east, and quite consistent.
  - 1370 KALN Iola. Heard on ET with tone in Alabama around 0200.
  - KGNO Dodge City. Evenings in Colorado u/KXLF; 0600 s/on in Calif.
  - 1380 KUDL Overland Park. Heard in Ontario with KWK a few times (about 0030).
  - 1410 KWBB Wichita. 0600 s/on in the west; occasionally AN and heard in Florida.
  - 1440 KEWI Topeka. Quite easy in the west MM if frequency clear. Try mornings east.
  - 1480 KLEO Wichita. Early morning in the west (0600 MM s/on); s/off in Colo. Sometimes AN MMs, and heard in Florida then.
  - 1510 KANS Larned. Heard in Florida on original tests. Watch for ETs.
  - 1550 KEDD Dodge City. Try 0700 s/on. Also heard on AN ETs every few months.
  - 1570 KNDY Marysville. Heard in Michigan once at SSS; usually too much CFOR there. And XERF elsewhere.
  - 1590 KVGB Great Bend. Try evenings in midwest. 0657 s/on heard in Calif. once. There they are. I wish I could say that these stations are all good verifiers, but it just wouldn't be true! Give them a try. Thanks to all the reporters for this list:
- |                         |                                 |
|-------------------------|---------------------------------|
| Park Barton - Alabama   | Randy Seaver - California       |
| Larry Colton - Michigan | Mike Shannon - Wisconsin        |
| James Foley - Wisconsin | Jerry Walsh - Ontario           |
| Dave Johnson - Colorado | Bill Wilson - British Columbia  |
| Ron Schatz - Florida    | KGS, your compiler - California |

Gray Scrimgeour - 1105 Virginia Way - La Jolla, California, 92037

I tried hard, but wasn't successful, for the VOA-Poro DX. A poor morning for Asians. A trace of an Oriental on 1140 at the time, but I think it was JOBR because it went past 0600. Several veries this week: CKRC-630, KALF-1510, and CJJC-850. CJJC has had only a few reports from the south, because their nighttime pattern protects KTAC, KOA, and CKRD. Lance: The CBK transmitter is at Watrous, studios in Regina. Good going on #2200, Bill Nittler. Maybe I'll make 300 soon. Thanks to all our new editors, who are doing such good jobs. And especially LCM, who phones every Monday evening to make sure he has all the latest tips for the DX section. 73, Gray.

Bill Nittler, 4590 So. Julian, St., Englewood, Colo. 80119 (or HQ at Box 112)

Did a little listening in the evening since I was home for a change on 2/23 and baby-sitting. HCEW2-995 putting in a very good signal most of the evening until 2300. Then thanks to Randy Seaver's tip down to 1470 kc. and the new calls for XEAU---XEBC were heard loud and clear on top of the freq. They use a lot of "RCN-Radio Cadena Nacional" recorded ID's. Then, I happened to run across a SS on 1025 kc. from 0050-0100 s/off using Colombian NA and mention of Cali. Hrd again at same time on 2/24 but still no definite ID, but then thanks again to RJS in DXWW, found the answer to be HJER. Thanks Randy...will write when I find time. Don't forget to get your report in to the various sections for our big anniversary issue on March 19th. Also, please send your dues renewals in as soon as possible so that they don't all come in at the last minute. All membership cards should be in your hands, now, so if you haven't gotten yours, holler.

Due to lack of room, only top 110 members listed. Hope others will understand. Please get all your changes in to Don Erickson, 24360 Myers St., Sunnymead, Calif. 92388 right away. Next time the listings will be more complete. Merry Christmas!

## A MESSAGE FROM YOUR PRESIDENT

## "Responsibility and the Free Press"

It has been said that the freedom to strike another person ends with the beginning of that person's nose. In other words, for every freedom granted to an individual that individual in return has a responsibility he must fulfill to all. Without responsibility there cannot truly be freedom. So it is with the free press.

Perhaps the choice of the word "free" when related to our club's editorial policies is not the best, for the word free implies the existence of no restrictions. The fact that we do have editorial policies should make it obvious that we are not completely free. Perhaps a better description would be a "responsible" press. It is a responsible press that we are striving to attain, yet what is a responsible press?

---

In our situation a responsible press could be best defined as one that serves to foster constructive ideas, opinions, and viewpoints as well as the presentation of factual news and information. Let us examine both aspects of the responsible press.

What is a fact? Although there may be various interpretation of this word, I shall consider a fact as being something that is true by the virtue of its impossibility to be disproven. The responsible press has a duty to report all facts pertaining to the subject at hand that are available to it. To snun from this duty, this responsibility, the responsible press loses its identity of responsibility and soon becomes the irresponsible press. Irresponsibility breeds contempt, which in turn breeds chaos.

Possibly even more essential to the heart of the responsible press is the promotion of constructive ideas, and here I emphasize the word constructive. Any press can foster ideas, but only the truly responsible press can promote constructive views. In a responsible press, constructive views, like facts, can be taken seriously or treated lightly, but they cannot be denied. Yet the press is still manmade and anything human has its weakness.

The press can be compared to one angle of a triangle, the other two being the individual and the audience served by that particular press, and of these three angles in this triangle, the press is the weakest. Why is this so? It is because to exist the press must rely on sources, and, just as the chain, the press can be only as responsible as its most irresponsible source. In our club's press--DX Monitor--it is only as responsible as its most irresponsible contributor.

Who is this "most irresponsible contributor" you ask? He is the one who acts before he takes time to debate whether his contributions are factual or constructive, or whether they are something submitted for the sake of merely contributing. It is because of him that we must still strive to become a responsible press.

Do you fit the description of our most irresponsible contributor? There should not be any doubt in your mind if you do not. If there is doubt, I ask you why? One reply might be that not all of us are adults. But because you may not be adults, must your contributions indicate it? I think not?

Time and time again I have been told that the main duty of an editor is to edit. This is a truism, but must it be? Again, I think not. If all of us were to keep in mind and continually apply in our reports to DX Monitor the definition of a responsible press, would there be a need for editors? There is a distinct difference between an editor and a compiler.

---

Be sure to donate what you can to the Oscar Reyes Membership and the Ted Vasilopoulos Award (see next page) Funds!! Why not convert you SACCA money for something really worthwhile? Send all donations to me, your club president.

It is time we all examine closely our habits of contributing to DX Monitor. This, in my opinion, is not too much to ask, for if irresponsibility continues to breed freely, continues to remain unchecked, we cannot have a responsible press, and without a responsible press we cannot have a free press.

Is not a free press, a responsible press, worth the effort to attain and maintain? The answer is in your hands.

In previous Messages I outlined two of my new programs that were at that time before the Board for their consideration. Having now passed, I wish to reintroduce those two projects for you.

The first one is the creation of officially-recognized local chapters of our club. The only prerequisites for official recognition are that each area applying must have at least five members located to make regular meetings practical and that these members draft and submit a set of operating laws not in violation of our Constitution and By-laws to the Board. That's all! At present there are several localities in the US and Canada that meet the numerical requirements, so if you live in one of these areas why not arrange a meeting of the local IRCAers and draft a set of rules to be submitted to the Board? Other than not violating the club's laws, there are no restrictions placed on these operating laws so you have plenty of room to maneuver.

Just what is the purpose of an IRCA chapter? If you're like most any other DXer, you're bound to want to meet with fellow DXers in your area, so in effect we are making your gatherings "official." However, there are several advantages to be gained and most important, through them valuable experience in club work can be acquired. Chapters can be an excellent foundation for future conventions; promoting club affairs in your local area by sponsoring DX programs, etc.; in fact, inter-chapter DX contests could even be arranged; and the experience gained in chapter work can pay off later because you will be given a good background in organizing and administering a club. The possibilities are endless, but it is all up to you.

What if you don't have five members in your area? No one's stopping you from recruiting new members to have enough to form a chapter! Were every member to get four new members we'd have over 1300 IRCAers! Impossible? Keep in mind that in less than two years we've grown as much as it took other clubs over a decade to.

So think about it. Creating chapters all over the US and Canada could just be the shot in the arm our club needs. But again, it's all up to you. Only you can unlock the unlimited potential we as a club have. If you already have five members in your area, submit a set of operating laws; if not, try enlisting new members. Why not give it a try? You've only got one thing to loose--a lack of spirit. For more information on forming a chapter in your area, contact me.

The second project approved by the BoD is the creation of the Ted Vasilopoulos Award. This award, in memory of our late charter member and one of our finest DX friends, was created to promote the improvement of BOB DXing through DXclubs--a goal that Ted held dear. The TVA will be presented annually at our conventions to the one IRCAer selected by you, the members, whom you feel has done the most in promoting our club, its programs, and goals. The TVA will consist of an inscribed plaque and a free year's membership. But to be representative of all of us, I am asking you to contribute now to the first annual TVA Fund. Just a dime or a quarter from every member would be enough to get the Award started.

If you believe our really hard working members should get more than a mere "thanks," why not send in a dime or a quarter or as much as you can afford to create a fitting award to some of the finest people in the world, the members of the IRCA.

--Paul Kirkpatrick, OMR, Box 80649, Tucson, Arizona, 85707

KEEP OUR CLUB ALIVE, SUPPORT AND PROMOTE THE VICE PRESIDENTIAL AMENDMENT!

DX WORLD-WIDE

PAGE ONE

Editor: Howie Medell, 22-36 Edgemore Ave., Far Rockaway, N.Y. 11691

- 548 RVL45 Vladivostok, Asiatic USSR---very good on 2/7 @ 0505 in Mandarin (LCM)
- 560 YVLX Villa de Cura, Venezuela---all over KSFO from 0508-0557 on 2/14 then fade (KGS)
- 590 CMW Havana, Cuba hrd 12/26 at 2040---copy good (SGS)
- 62C ---- China hrd under CKCK on 2/7 @ 0410 (KGS)
- 625 TIEICA San Jose, Costa Rica. Hrd with election results @ 0240 on, 2/7 (KGS)
- 640 TGW Guatemala City, Guatemala s/on 0656 MM 2/14, then had a religious program at 0703, mentioning "Guatemala" and "Guatemalteco" a total of 5 times. No ID, as usual, but frequent xylophone notes, which is TGW's IS per WRTH. Taped tentative sent. (LBG)
- 649 5CK Port Pirie, Australia was evidently the one with 6 pips at 0700 2/14, though the signal was very weak and buried by CMQ. 4YX s/off 0620 according to WRTH, so likely was 5CK. (LBG)
- 645 HOS22 Panama, Panama, Radio Mia, was logged with excellent signal 2/13 from 2320-2330. Unneeded, however (ELK)
- 650 YVLH Maracay, Venezuela, Radio Girardot, hrd on this freq. 2/14 @ 0456 s/on. My tape says 650, and I double checked to make sure when I heard the YVLH call rather than the expected YVQO call (and much wanted). (RJS)
- 655 YSS San Salvador, El Salvador was heard on 2/13 at 2305 with music and "transmitte R. Nacional de EL Salvador" ID. (RC)
- 670 JOBK Osaka, Japan, card from NHK for my 12/15 reception, from Tokyo. (KGS)
- 675 YND Managua, Nicaragua, was heard on 2/13 at 0034. IDed with "Union Radio, La Onda Musical y deportiva", Union Radio en Managua", and chimes. (RC)
- 695 TGHR Guatemala, Guatemala was probaby the station audible with XETRA off on 2/6 @ 2330-2350. No ID's heard, though.
- 700 2NR Grafton, N.S.W., Australia. 6 pips hrd 0800 on 2/11, then weak ABC news. Still not reported, but I hope for good log soon. (KGS)
- 700 YNSC Managua, Nicaragua was logged on 123 at 2335 with a very clearly read ID as "Radio Centauro". Playing light popular jazz. Equal with W. A few weeks ago, it was TIHB on this spot regularly. On tape. (SGS)
- 735 ---- Pyongyang, No. Korea, gave its characteristic IS at 0800 MM 2/14. It surprised me to log this one, first because No. Korea is on 725 kc., also, and second, because either Thailand or Maucau is heard here in New Zealand (LBG)
- 750 JBC Port Maria, Jamaica 2/14 0445-0500 easy on MM before WSB s/on (EW)
- 760 ---- Radio Peking, China excellent at 0610 on 2/7 with weak SS underneath. S/en @ 0600, I think (LCM)
- 764 ---- Dakar, Senegal was hrd on 2/8 at 0117 with tribal music (RC). hrd 12/6, 12/13, 12/20, 12/27, and 1/3 w/sig peaking on 12/6 at a fantastic 5x8 here in the midwest. There seems to be a BC in Arabic instead of French at 0130 now. All on tape. (SGS)
- 764 ---- Sottens, Switzerland was logged with a rather poor signal 2/14 at around 0040. Before Dakar blasted in, of course. (ELK)
- 780 ---- Radio Peking, China seemed to s/off at 0944 2/9 and 0925 2/10. At any rate, that's when their het left the air. (LBG)
- 785 ---- Black Rock, Barbados, was relaying R. Australia's broadcast of the latest test match (cricket) on 2/12 at 0435. (KGS). hrd s/off after WBBM at 0103 on 12/13 and 12/27 in EE w/GSQ. Carrier left on. On tape. (SGS)
- 800 UFG UnID TP heard 2/14 at 0401 with end of an anthem. Probably Pyongyang, although, I've never heard this anthem before. (RJS)
- 810 WKVM San Juan, Puerto Rico hrd 12/26 @ 2100 over WGY in SS. No slogan. First PR (SGS)
- 835 HRSP Comayaguella, Honduras, Radio Moderne, was noted with a poor to fair signal but definite ID, from 0033-0035 on 2/14. (ELK)
- 840 TGKL Guatemala, Guatemala Radio Emperador, was in weakly on 2/14 from 0031-0033. Plenty of WWV splatter. It was interesting to hear "Supercalifragilistic-expealidocious" (?) in SS! (ELK)
- 840 4RK Rockhampton, Qnsld, Australia. Watch for this one on DU openings (KGS)
- 840 ??? UnID LA hrd 2/14 @ 0307. Probably one of the Brazilians, seemed to be in Portuguese. No ID's heard. (RJS)
- 860 IYZ Roterua, New Zealand crept thru KONO about 0330 (2/4) and was 50% readable to 0450. Report sent (KGS)
- 870 JOLA Fukuoka, Japan. Another NHK QSL from v/s T. Ohara for 12/12 report. (KGS)
- 877 ---- Pycngyang, No. Korea has moved up a few kc. Faded in about 0318 on 2/3 and 0311 on 2/4. Just above 877 kc. (KGS)

- 880 LYC Auckland, New Zealand was evidently the one with 5 pips at 0300 MM 2/14.  
However, LYC usually doesn't use pips on the hour; 0300 may be exception. (LEG)
- 835 --- Montserrat, had a signal which belied its power on 2/14 at 1950. US Pop MX. (ELK)
- 894 YVLW Valencia, Venezuela 2/14 hrd very well with freq. ID's 0503-0525. (BW)
- 98) --- Madrid, Spain, Radio Peninsular - this RNE outlet was heard for the first time  
on 2/14 from 1832-1916. Heavy QRM and rather severe QSB unfortunately. Tent.  
only. (ELK)
- 990 XECL Mexicali, Mexico put in a super-fine signal on 12/26 at 0020 o/CEW (SGS)
- 995 HCEW2 Guayaquil, Ecuador very strong here on 2/23 from 2245-2300. Several R.  
Suceso ID's heard. (BN) "Ave Maria" hrd at 0601 2/14, then SS. I didn't  
hear any R. Suceso ID, but the phrase "Nuevo Mundo" heard. Very weak so  
probably HCEW2. (KGS)
- 1000 YNY Managua, Nicaragua sent what I consider to perhaps be the most cordial verie  
ever received from a station. The Gerente, S.R. Buenaventura Selva T., sends  
his most sincere greetings to the members of the IRCA. The address is Apartado  
Postal 1894. Note the new WRTH lists the call as YNDW, and FBIS as YNY. The  
verie doesn't specify. (LEG)
- 1020 --- ??? weak EE under KDKA and China on 2/3 at 0405. Probably ZCO Tenga from  
program and loop bearing. (KGS)
- 1025 HJER Cali, Colombia, "R. Pacifico" hrd well on this new freq. 2/15 @ 0100 s/off,  
taped and reported. (RJS). Hrd w/0100 s/off on 2/23 and 2/24 but not IDed,  
mention of Cali made and Colombian NA hrd but QRM(TVI) too great for slogan. (BN)
- 1035 HVEF Cap Haitien, Haiti hrd 12/26 at 2325, or their carrier, with all the WBZ  
slop it was heard to tell about audie. (SGS)
- 1038 --- ?? UNED LA loud 2/14 @ 0915. What? (RJS)
- 1040 --- R. Peking, China excellent on 2/7. No trace at 0550, and excellent at 0610.  
Therefore, probable s/on is 0600. (LCM)
- 1070 --- ??? Weak UNED DU station with several interfering stations (NHK, CFAX, and  
SS). Children's music program from 0330-0400, then a 4 note chime. I suspect  
LZB, but am curious. (KGS)
- 1080 YVQJ Barcelona, Venezuela, excellent from 0530 on 0546 on 2/7 w/"R. Rumbos" network  
news. (LCM)
- 1090 --- R. Peking, China good at 0613 on 2/7 due to late s/on of XERB. (LCM)
- 1090 JOHB Sendai, Japan. Japanese QSL #15. Just over a month to return, so NHK is  
much faster this year. (KGS)
- 1100 --- China. Chinese music with a Mandarin ID at 0515 EST on 2/5. Several US OC's  
bothered reception. (KGS)
- 1120 HBC Brisbane, Australia was sure to be the EE R&R station mentioning Australia in  
a casual way MM 2/14 0400-0444, before R. Peking took over. (LEG)
- 1120 --- ??? 2/14 SS weak under KMOX testing from 0513 on--man talking, no mx or spots (EW)
- 1135 HJAC Baranquilla, Colombia hrd with fantastic strong signal at 0609 s/on MM 2/14,  
IDing as "Emisora Riomar". taped report sten, with one I had of them on 1128  
kc. in Febr., 1964. (LEG). Hrd on 2/13 at 2010 with a trumpet fanfare and at  
2025 with "Emisora Riomar" ID. Three descending notes on an organ used as  
an IS. (RC)
- 1205 RTF Bordeaux, France. sent v/1 in FF for 12/6/65 report. They were very specific  
as to freq, time, and date. Reports should go to the "Le Chef du Service des  
Relations Publiques" at RTF, 34 Rue Ulysse-Gayon, Bordeaux. (RB)
- 1223 --- Arganda, Spain was in very nicely again on 2/14 from 0102-0115. Part of the  
programming seemed to be a language lesson. (ELK)
- 1375 --- St. Pierre & Miquelon still eludes me for a report although I can hear them  
almost nightly with a weak to fair signal. One of these days! (ELK)
- 1470 XEBBC Tijuana, Mexico, please note calls are changed from XEAU(RJS). Hrd under these  
calls on 2/23 with good signal @ 2335. (BN)
- 1560 WRSJ Bayamon, Puerto Rico hrd 0530 2/14 ann. gave call in EE, then had news and spot  
for Volkswagen in SS later. (BW)

Slogans abbreviated in RFS List:

CMBF, Radio Musical Nacional  
 Radio Reloj Nacional  
 Radio Progreso, Cadena Nacional, la Onda de la Alegria  
 CMKC, Cadena Provincial de Oriente  
 Radio Holguin, la Voz de la Libertad (CMDL)

Schedules of stations and cadenas (networks):

Radio Rebelde 0500-2400  
 Radio Progreso & CMQ 0530-2400  
 Reloj Nacional & CMBQ NSP  
 CMBF - Musical Nacional 0700-2400  
 Cadena Agramonte 0530-0030  
 Voz de Cuba 0000-0530 (0100-0530 MM's)  
 Radio Free Dixie 0000-0100 Monday AM's via R. Progreso  
 CMCA 0600-0100  
 Most others 0530-2400

Note from your interim editor:

I'd like to thank, on behalf of the whole club, the people who made this excellent list so excellent: Ron Schatz (Gainesville), Sheldon Miller (Miami Beach), and Mike Silvera (Jamaica). Many stations on the RFS list are different than those in the VJ Log; but Jones was never very accurate on Cubans, so I'd trust the RFS list all the way! *Howie*
