Hi gang (as LBG would say). Recent veries: v/q CJGK KAST v/1 KAGI KAHR. Heard my 2nd closest unheard on 3/3 (KAPS). Still haven't heard CJAV. Also on 3/3 heard WHO 1 hour before our local sunset asking for collect calls. I phoned collect but they were very busy! Hope everyone was able to hear the KARI DX special. It was from 0330-0600 (or later). I am an rr mx listener (avid, hi!) but that KARI DX with the music impressed me. Have almost 2 hours of it taped. No plugs were made for the IRCA, but DX and DX clubs in general were publicized. They were 5 kw for the test (they went to 5 kw 1/2 hour before the test.) KERI-FM was simulcast and the DX was made in the FM studios. Well enough for now. (Hey, that's my saying! mbn) 73 Good DX. (Send your B.C. tips to our new Province of the Month Editor--Jon is waiting for you!)

Ferdinando O. Martino, Sr., WPE6EPZ - 7632 52nd Avenue - Sacramento, CA 95828

I am trying to get down to reporting again. I have my garage in a mess trying to close it in for my radio shack. Now I have one section kinda in order, so now I am chasing stations again. By the way, I am the Chairman of your Report Form Committee. So far I haven't (? mbn) received action on the report forms. Fellows, this is your chance to have your say--tomorrow may be too late. Other members of the Committee are: Mike Shannon, Don Roller, & Lance Clayton Muller. We would like to hear from you because when we come to Denver for Our Convention, we don't want to hear anyone saying "we didn't know about the Report Forms." Thank you, 73 Amigos. (Ferdinando's rpt condensed from two reports, hence some editing done. mbn) LET YOUR VIEWS ON FORMS BE KNOWN!

Larry Godwin - P.O. Box 1048 - Berkeley, California 94701

Hi gang. Not much to report this time, except that CX MM 2/27 seemed more favorable for DU's. Maybe we'll get another opening yet! How about scheduling another IRCC Convention in late April or May in Santa Barbara? Several reports held for ANNIVERSARY ISSUE My address: Apt. 33, 4929 S.W. Scholls Ferry Road - Portland, Oregon 97225
 Deadline for this column will be Tuesday temporarily (I hope). mbn

Mike Bratcher, Route 1, Maysville, Oklahoma 73057

Hi again, I would like to make a campaign speech to those members who have not yet voted on the proposals that were in the February 25 ELECTION COMMITTEE REPORT. I'm sending this report directly to the publisher instead of the CST Forum to make sure it is printed in time. At first I was opposed to the idea of an IRCA Signature Melody, but now I'm all for it. As a musician, I feel that I can make a suitable choice and help the members decide better. After studying the selections that have been nominated, I consider J. P. Sousa's "Hands Across the Sea" as the only really suitable selection for the signature melody. It is my guess that only the central melody at the Trio will be used. It makes a fine background with its flowing counter-melody. I hope this helps you to make a better decision. Thank you. 73, VOTE NOW!

Mike Northam, Apt. 33, 1929 S.W. Scholls Perry Rd., Portland, Oregon 97225

Greetings group. Veries in: v/1 KYME HJBI (country #9) v/q WYDE (state #39) v/c KHVH. Considering the number of reports I've sent out (would you believe, zilch?), that's not bad, hi! Totals now 560/178; states 43/39; provinces 6/6; countries 23/9. (There you go, JEP!) Everyone remember to vote and start thinking about nominees for the various IRCA elective positions. And, as always, support your editors by reporting to the various columns. 73.

Bruce Portzer, 14056 5th Avenue South, Seattle, Washington, 98168

Greetings People. 'Tis I. The biggest development in these parts lately is the addition of KTW to the list of MM ANers which creates mucho QFMo to say the least. They are the fifth station in the Seattle area to be on MM's, joining KVI, KIXL, KAYO, and KRKO. Hope they don't keep this up too long as I get images of them on 1350 and 1210 plus slopover on 1240 and 1260. Latest veries here are KMOX, KCLR-DX, KAST (not for special), CJCA, & CJNB. KCLR and CJNB were v/1's. All others v/q. Revised totals: 282/39 stations, 31/18 states, 4/3 provinces, 8/5 countries. Is it legal to count utility stations? (Not considered usual practice-DEE). I have a v/q from RAB-1613 which is a Guatemalan radio beacon owned by Pan Am. I'll have more to report for the 3/18 Anniversary Issue. Report!!!!!! 73 and Gud DX.

Don Erickson, 24360 Myers Street, Sunnymead, CA 92388

This entire page typed by DEE. Latest DX: WHKY-1290 sign on 4AM after KSMN-1290 DX program. Following week, 7 AM EST, KGVO-1290 sign-on on MM. Two new states on 1290. Tnx to LCM for assistance in getting correct two-letter state abbreviations used in membership list as much as possible. Learn yours and join those using it. Amaze your mailman with your ingenuity and alertness. I'm still in San Diego looking for a job; plan to return about March 15. My only radio down here is a S-119 Halli. Sky-Buddy sold to me by Garry Stoklas for \$1. Works good (for an S-119!) but can't hear much on it. I'm against the use of (sic) in reports by editors. If there is a mistake, correct it. If the reporter doesn't like this, he can type his own rpt into stencil. "Hail To The Chief Engineer" (who verifies!) is my pick for Signature Melody, hi. Don't forget to get your updated Domestic Records totals into me soon. LCM has already done so; join the band wagon. Plans are being made by the So-Cal members for Denver in 1967. Let's all be there; an experience you'll never forget. 73

Bill Lipis, P. O. Box 325, El Cajon, Calif. 92022

Hi. Little DX. Quit raining after DEE left, note mbn. Might start any second. 73.

Garry Stoklas, 718 Waimca Dr., El Cajon, CA 92021

CST/MST DX FORUM

G. Alan Taylor cont from next page) I haven't received a verie from KOL0-920 in Reno for their DX earlier. I'm very unhappy about that since Nevada is among five states I still need for VAS(I still need Idaho, Hawaii, and Vermont, besides Nevada). So I see that Antarctica has 15 watt KMSA. Would you believe VdnAC instead of VAC(Verified darn near All Continents)? Well. I suppose these pages will be perhaps poluted permanently with my panicked poundings and all that rot. Looks like Uncle Sam will be helping me pan out my renewals for a spell now. 73's from CAT the sailor.

Dave Johnson, 940 Veta Ave., Pueblo, Colo. 81005

Just a couple lines left for me to say that I hope all of you can report next week to the Anniversary Issue. Since that will also be my final test week, please report early. Guess it's a little late to be saying it though. Also there will be no CST/MST section for the 25th. 73

Tom Stoltmann, POB 439, Stevens Point, Wi, 54481

Hi gang. With second semester well under way for me, I managed to find time to report to the 4-um. Also, I now can DX on weekends as my new roommate (the old one was asked to leave by the U) goes home every weekend, leaving me free to do some central Wisconsin DXing. For my first night on the air f/here, I got WKY, WXCO, and WHB before I fell asleep. More DX and maybe some more impressive catches next week. Hope to see you all in Denver, August 25-27 at the big IRCA (and maybe joint ANARG) convention(s). 73 Tfjs

Ray Hartman, 19330 W. Pinecrest La., New Berlin, Wisconsin 53151

Hi gang; after a few weeks absence from these hallowed pages, I decided it was long enuf without the blessings of my reports, hi. DX has been fairly good to me and it's been listed in Roundup. Veries in from KXLT-1370, WPHN-1560, WDEL-1150, WVMG-1440, KXEN-1010, WHHL-1440, WYZE-1480, PJC2-855, YND-675, WKYX-570, WGBF-1280, WAVE-970, WHKY-1290, WKQV* 1550, WWRL-1600. Present totals are 735/217, states 46/44, provinces 8/7, countries 24/12. C. Alan Taylor, maybe better luck next time. Anybody have any trouble getting WSME-1220 to verify from their test? I sent a followup so only time will tell. Got to hit the books. 1 week vacation is enuf according to Milwaukee School of Engineering. 73

Bill Eusetti, Coal Creek, Colorado 81221

Hi again from the vast emptiness of Coal Creek. DX has been picking up lately, with the use of the IRCA spiral loop. New veries in since last report include WBAL, KXOK, KLCN, WING, KOAM, WHBF, WOWO all v/q, KSTR v/l. Totals now stand at: stns 173/94, states 39/35, Canada 13/7, Mexico 4/1, countries 5/4. As far as Radio Americas goes, I could care less if they were in my back yard, just so they didn't cause any problems with my DXing. And I don't DX SW very often, either. I'm with Scrooge; Bah! Humbug! Radio Americas has a plastic transmitting tower! I better quite there. If there are any comments to my above statements let's hear them, AND NOT IN THE MONITOR!! That's PLENTY ENUF of that. Dave Johnson, I've got your loopplans. (Tnx to BN. dj) Bill Lippis, I got your plans too. Tnx to both of you. By the way, Wolfman Jack is really a very nice guy (although my report hasn't been verified yet). I admit he gets carried away at times, but I'm on his side. Watch out for KVEG, I've sent 4 reports, 3 with return postage, and no verie yet. (Veried for me, Bill. dj) Got WCKB on their NRC test. Well, 'til who knows when, 73's & good DX. DENVER 67.

SA C. Alan Taylor B505678, Rd "A" School, Bldg 401, USNTC, Great Lakes, Illinois 60088

No. I haven't died. In fact, I'm still kicking very much as the Milwaukee bunch can testify. But what about that address up there? Simple: I'm in the US Navy for the duration. I graduated from bootcamp about three weeks ago. Ron Schatz: we're very coordinated! I saw your Jan. forum (or was it Dec?) and certainly was surprised. You were in Co. 612. Well, it seems I was in Co. 643, Battalion 12 (Porter: Bldg 922). I had no idea you were in RTC till I came home for Xmas leave and read my pile of back IRCA & NRC bulletins. Right now I'm in under the regular 4 yr enlistment but may go SET (Selective Electronic Training) which will involve adding 2 yrs to that hitch. I will probably do so though. All area DXers within about 100 miles of Great Lakes consider yourself vulnerable to siege from me. Ray Hartman, Tom Stoltmann, and Jim Foley have already been struck by the CAT. Who is next? I haven't gotten to see many area stations though. I have visited WEFA-FM 102.3 in Waukegan, WIND-560 in Chicago, WSBC-1240 ditto, WAUK-1510 in Waukesha. When duty does not interfere, alternate weekends find me at home. DX? I needn't say that that is practically dead for the time being or at least till I buy a sensitive portable. My NC-200 is much too heavy to cart around and there isn't much room for it anyway. (Guess I miscalculated again, the rest will be cont. somewhere. dj)

 WBAD College Park, GEORGIA heard at their 1816 s/off on 2/16. Instead of callin themselves the "Good Guys" like every other R&R station, they're called the "Bad Guys." Makes sense! By the way, my report to them was returned marked "address unknown" (evidently the P.O. doesn't realize that they've changed calls) so I called up the F.C.C. and got this address for them: Mr. John R. Dorsey, P.O. Box 693, Airport Station, Atlanta, Georgia 30301. They are licensed to College Park, though, and mail should normally go there. (JMK)

 KASH Eugene, OREGON heard again at 0215 on 2/27 w/WVRL off AN, u/KLAK. This is the best bet for Oregon in the East now & they're good verifiers. (JMK)

The reporters for this week's column were:

JMK (Your Editor)
 SRR Steven R. Russell, 8914 Mohawk Lane, Bethesda, Maryland 20034
 RN Richard Nall Jr., 606 N. Hite Avenue, Louisville, Kentucky 40206
 RV Ralph Vatalaro Jr., 97 REAR Franklin Street, East Somerville, Mass. 02145

We didn't realize until after last week's stencils had been mailed that we had made a gorgeous boo-boo by stating that our deadline for the big March 18th issue was on Saturday the 11th, only two days after most members would have received their bulletins telling them so. So, some way or another we promise to get all reports which are received up to Tuesday the 14th typed up. This week's column had to be cut on Sunday the 5th because we'll have absolutely no free time this Monday or Tuesday. Any reports which arrive late will be in the big March 18th issue for sure. Anyway, we seldom ever receive any reports on Monday or Tuesday. Also, we didn't mean to monopolize this week's column with our tips but we wanted to "clean up" on last month's leftovers. In almost all cases, daytimers in March s/off 30 mins. later. -Ed.

- 770.5 Costa Rica, San Jose, TIW, Radio City sent fine letter in SS from Antonio Murolo, Gerente General. Stated nominal frequency of 775 but implied proximity to 770 by speaking of WABC QRM. Apartado 835. (Wood, Ind. NRC IDXD)

VERIFICATIONS (Cont'd)

- 773 Spain, San Sebastian sent a very specific card in about two months. A card was received a week before from Madrid which indicated that my report had been forwarded to San Sebastian. Address is RNE, San Sebastian, C/Andia, N. 13-5. (Cooper, Mass)
- 780 Guatemala, Guatemala TGHB with definite v/l and post card. V/s is Srta. Gladys Argueta, Secretaria. Same QTH as in 2/25/67 DXWw. (Godwin, Calif)
- 830 Mexico, Mexico, DF, XELA has a new address: Rio Tiber 100, 8^o piso, per recent phone directory. WRTN QTH is incorrect and letters sent there are returned. (Godwin, Calif)
- 840 Colombia, Santa Marta, HJBI is having problems with the local P.O., according to Idania Diaz G., Secretaria. She just sent veries to 3 IRCA members. If yours didn't come, let her know by f/up. (Godwin, Cal) Sent a long letter in SS for 2/6 carnival report. (Same signer as above) Address is Apartado Aereo 757. (Nittler, Colo.)
- 989 West Berlin, RIAS, sent a photo-card, newspaper, magazine, and station info in about 5 weeks. (Cooper, Mass.)
- 995 Ecuador, Guayaquil, R. Suceso, HCEW2 sent very pleasant letter from the Gerente, who requested a photo for an album being prepared. Power listed as 10 kw, Casilla 1009. Suggest anyone who reports it (now on 1000) send photo of himself. (Wood, Ind./NRC IDXD)
- 1365 Colombia, Socorro, HJGI, Empleado José Antonio Galan sent v/c plus pennant and lapel pin. V/s Mario G. Rojas, V. Gerente. (Silvera/Jamaica/NRC IDXD)
- 1570 Mexico, Ciudad Acuna, XERF, sent friendly QSL on attractive letterhead. Signer is Arturo C. Gonzales, 313 Pecan St., Del Rio, Texas. (Starr, O./NRC)

MISCELLANY

- (1000) Venezuela, Puerto Cabello, YV??, Radio Mil heard with a beautiful signal 2/24 at 2104. "Radio Mil desde (corona?), Puerto Cabello, Venezuela. Diez cuatro minutos hora Mil." Song, then "Diez seis minutos son la dulce hora Radio Mil la emisora del momento". Faded out rapidly at 2108 and not heard since. Report sent off with fingers crossed. (Jack Weber, Crawley, Sussex, England) (This is listed under Miscellany because methinks the errata are fairly miscellaneous in this week's issue-RJS)

Pirate Schedules, from Jon Pearkins, Jr., 8445 15th Av., Burnaby, B.C., who got his info from the London Evening Standard of 1/27/67.

- Radio London (266 metres) 0030-2100 EST
- Radio City (299 m.) 0100-1900
- Radio Caroline (259 m) NSP
- Radio Essex (222 m) NSP
- Britain Radio (355 m) 0100-1900
- Radio 390 (390 m) 0130-1900

Voice of America, in South Vietnam is listed in the new official VOA frequency schedule effective 3/5/67 again. However, it was not off the air during the last year (it hadn't been listed) according to NASWA's Feb. "FRIENDX". In fact, according to this reliable source, it wasn't even silenced by a Viet Cong mortar attack in the summer of 1966. Its absence from the list probably indicates that during this period it was not airing any VOA programs at all, with the entire schedule devoted to programs produced by another (non-American) agency, presumably the South Vietnamese government. A similar practice is applied to the Philippine frequencies of 920 and 6170 kc. When they are used entirely for P.B.S. XMSNs, as now, they are deleted from the VOA's list even though the XMTRs are actually still on the air. It is also interesting to note that until the VOA sked effective 5/4/65 the 060 kc station's power (50 kw) was listed but not its location. After that date, and now, the power is not listed but the general location (Vietnam) is shown. It seems reasonable to wonder whether around that time the facility was not drastically altered. However the power itself was apparently not changed. (continued on page 3, the result of poor planning-RJS)

(continued from page 2) According to a letter received from the Voa (oops-RjS) last fall, it is still 50 kw. What have West Coast DXer's heard on this frequency from the Far East during the past year or so? S/on is 0600 EST. (C.M. Stanbury) (As for WC DX, China generally heard here until KFMB s/on. XEABC NSP makes it difficult in Southern Calif, don't know about Northwest. Last reported reception of VOA was 12/2/64 by an Alberta DXer. However, in the 1/20/65 DXWW Lars Ryden of Sweden says that it had been heard in Sweden, to the best of his knowledge, during Fall of 1965. Haven't checked the NRC bulletins that far back. The above info of mine was from a frequency listing of DXWW items provided by Don Erickson of Sunnymead, Calif. Thanks Don, it works out pretty well-RjS)

From Other Sources, we have gleaned the following items of interest:

- 535 UnID SS at 0115 s/off 2/6. (Keene/Texas/NRC IDXD)
- 676 Colombia, Bello, HJNX, R. Tricolor AM here 2/13. (Cooper/N.Y.?NRC)

- 1535 Colombia, Barrancabermeja, HJ??, La Voz del Poptulo (?) is the one here. (WIDX Colombia, HJJB, R. Sevilla, is indicated by detective work here. ID is similar, ~~is~~ belongs to RCN. S/off is 2302. (Dangerfield, Pa/NRC) Gleason says it's La Voz del Petroleo (sorry about poor stencil the other week-RjS) and that there's no word as "Populo". Let's wait awhile on this, hi.
- 1545 Colombia, HJLE, R. Armero heard here 2/X20 at 0415. Listed 1530. (Reynolds/N

Cuban high-powered stations are reported in several news reports recently. A new 150 kw station in San German has been reported on 600 kc. The same report from the Miami Herald of 2/25 reports a 50 kw outlet in Holguin on 670, and NRCer Joe Jones adds that others are under construction at Santa Clara and Camaguey, with 60 kw, and Colon and Pinar del Rio with 30 kw. No frequencies given. (NRC)

Ye Editor is awfully hungry at this point, it being 8 PM on 3/9. I tripped out to Henry Radio in Santa Monica yesterday and got their last HQ180AC. My thanks to Don Reynolds, a new IRCA member for the info on this. Still working off the TV antenna in the apartment. Some DX this next week will appear. Horrible static has been mucho prevalent. Glad to hear the NRC Boston gathering last weekend was a gas, sorry I couldn't make it, but a bowling commitment held me up. 73-RjS

RECEPTION REPORTS

To this day there are many members who still will not send return postage with their reports; in fact, some are of the idea that they are doing a great service to the station by keeping personnel employed in answering reception reports! This constant campaign to stress the use of return postage by us has not hit home apparently so perhaps the views of a broadcaster speaking his mind on this might be interesting:

"...I was at one time a very ardent DXer myself....I feel that it is merely a matter of personal satisfaction--this business of logging distant stations--and as such, pleasure is derived only in the knowledge that you actually accomplished the desired objective. It seems to me that false reporting of DX is more or less like cheating at solitaire. If one gets a kick out of slipping a card or so, let him. I personally get a grudge against the 'so-called ardent DXer' who isn't interested enough in his hobby to cooperate with the station by furnishing postage. To a small local station, the DX mail doesn't really mean much and it runs into a tidy sum each month to handle all of the verifications. I feel it is a duty to furnish a verification for a true report--if postage is furnished. But at the same time those 'please send me' cards are a source of irritation--no end. In my humble opinion,...what you want in the line of veries, you pay for by your cooperation with the station by helping on the matter of stamps."

This was written by Mr. Irvin Faulkner, Chief Operator of KCRJ, Jerome, Arizona, and any other small local broadcaster today will be in total agreement with him. Times may have changed some aspects of DXing, but the return postage principle has not, and that is why this rule is just as valid today as it was in 1938 when he wrote this.
