P S T / H S T D X F O R U M

George Junak - 1820 North Villa Rica Avenue - Pasadena, California 91107

Happy new year to all IRCAers! My 4th year with the IRCA started with the last issue. I've been DXing for about 6½ years now. Never was too enthusiastic in the verie dept. tho, and only have 53 as of now, hi. Most of them are from 1/63 to 12/64. None were received during 1965 and only 4 in 1966. Might as well introduce myself to you newer members: I'm 14 and in my last year of jr. high (should be in HS this year but was born 26 days too late, hi) here in Pasadena. Equipment includes: Hallicrafter s S-120, pre-WWII Hammarlund 16 tuber (only tunes 1200-1600 on BCB tho), Philharmonic clock radio and a Sony 8 transistor. 90% of my 1963-64 DX was done on the Sony! Best catch then was KORL-Hawaii. Does anyone want to buy IRCA bulletins from Vol. 1 #1-34???

Ye Rovng Ed: Mike Northam - P.O. Box 605 - Beaverton, OR 97005 (PERMANENTLY!!)  
 (Junak, Cont'd) My brother Steve will sell his for the best price. He'll also sell his 200 odd surveys plus traders for a good price. (First call! mbn) Anyone who wants information on a new survey club, write me! It'll be starting next month. Main interest now is radio operation rather than listening (hi) and I've had my license for a year now. As far as I know, I have the largest current pop music library in Pasadena next to KRLA, hi. That about does it, hope to see more of you west coast members in the Forum this year. 73 from the world's laziest DXer next to Jack Alexander (he built his own computer/tape recorder that does his MM listening for him--whenever he wants to hear a certain station, he just types up the call & freq. and feeds it in, hi).

William J.F. Wilson - 7188 Cypress St. - Vancouver 14, B.C. CANADA

Hi Radio Listeners. Said a v/1 from CKUA, dated March 15: "It gives me great pleasure to acknowledge and confirm your reception of CKUA during our Special DX program the morning of February 27/67. Especially since it was the only reception report received!" WHAT HAPPENED?????! I thought two DX clubs were going after this one, or aren't IRCA DX's publicized by the NRC? (It was listed in NRC bulletin beginning 1/28, Bill. mbn) mbn--I hope DX is as good from Portland as it seems to have been from Eugene. (So do I--haven't had much of a chance yet! mbn) EST members--anyone know of an EST stn w/AM on 1440, FM on 104.3, & operates 0600 to midnight? Is this WOKY by any chance? Regarding KCCN v/1, since everyone else is counting it, I will too. Most listening here has been to local FM stns (yay jazz) but they're giving us a long Easter weekend, including a MM yet, so DX'll pick up then. Maybe even get KEZU-920 for a new state, if I'm lucky. 73. (Er, on the 27th I was asleep...not much you can say, is there? mbn)

Larry Godwin - P.O. Box 1048 - Berkeley, CA 94701

Hi gang. Tomorrow we're leaving for Denver for a brief visit (18th mbn)...with Bill N. and the rest of the proverbial Denver DXers. Not much DX last week, although the noise level was quite low. The surprise of the season is 4ZA-820, at times the only audible DU (see DXWW). Let's have more issues like the Anniversary Issue! Support your editors and we'll have 20 pages every bulletin. Good DX!

Garry Stoklas - 718 Waima Dr. - El Cajon, California 92021

I'm back again, the only difference is that it is thru mbn. Conditions aren't too good here (mucho static), but DX is coming in. It's 3:10 AM PST, MM Mar. 20. So far two new states logged with many other good catches despite the static. Two specials heard, but both are NRC. So far no Foreign DX noted but maybe some DU's (hope-hope). For my DX see JWH's section. Does anyone have a schematic for the Hammarlund HQ-129-X rx. My AVC doesn't seem to work; it looks like someone played around with the circuit. That's it on this end. Suicide is definitely out of the question now. (For whom? mbn) 73's and I hope everyone gets as good DX as I did this MM.

Michael B. Northam (mbn) - P.O. Box 605 - Beaverton, OR 97005

Greetings group. Things are only slightly less chaotic this week, but at least I have some furniture and clothes now! Phone here is 503-292-9979 for anyone who cares. I'd like to hear from anyone interested in trading rr albums/tapes, as well as all SCers. If I ever get organized, DX here should be good, with the possible exception of all sorts of wierd cross-modulation images before midnight caused by KISN/KOIN. KOIN's XR is about 3/4 mi away (high on a hill), but they must be directional into Raleigh Hills (where I am), 'cause they're all over the dial on all my radios! Is it true that Portland is now the DX capitol of the NW US? (I have to say US because of the army in Burnaby!)? 73's & grow with the IRCOW! (A Civil War????)

Frank B. Kennedy, 20340 Argonaut Drive, Saratoga, California 95070

I sent some DX into the Roundup for the 3/18 issue but I guess it didn't make it on time (JWH's deadline is on Sat. mornings-bl). A reintroduction: I am 19 years old and have been an IRCA member for a little over a year. I have been DXing off and on for the past 10 years. My totals however are only 608/81 stns, 39/29 states, 16/6 countries, and 6/4 prov. This is due to a very sporadic activity. My receiver is a Hallicrafters SX-25 at present but most of my DXing has been done on a Hallicrafters S-38-E. My ant. is a 650 foot long wire placed about seventy feet from a 6000 volt power line. As it stands now I am planning to attend both the IRCA conv. in Denver and the upcoming IRCC confab. Well for now, Best of DX to all the IRCA in the coming year and 73's.

-----  
 will this line print, mbn?

REPORT....DX....

PMZ Paul Zec, P.O. Box 19, Somerville, Massachusetts 02145

#### AST/EST DX FORUM

Paul Zec, P.O. Box 19, Somerville, Mass. 02145

Hi all! My totals listed in the 3/11 DXF were completely ridiculous (and besides that they were wrong). It would be nice if I had hrd 16 prov. hi. My totals should read 405/148, states 31/27, prov. 7/5, total Canada 74/26, & countries 16/4. Jeff and Steve: I'm sure that no one minded your monopolizing the 3/11 roundup. It was all good DX, left overs or not. Also I think all members should report to the round-up any ET of local stations that they hear. It may not be a DX catch to you, but it may clear up some other members mystery. Why is a begining doctor nervous? Cause he ain't got much patients yet. DX & REPORT!

Fred Precht1, 6128 Glade Avenue, Cincinnati 30, Ohio

Hi again! DX has been rather bad the past several days due to lots of thunderstorm activity in this area. I hope the DX season isn't down the drain yet. At last I went over my goal of 700 stations logged for this season, that I had set for myself. I now have a total of 707/337, with Canada at 49/28. Presumably some of the stations listed in DXR by some of the fellows are not always new stations heard. However I want to point out that all of my listings in DXR are new stns. not ones that were heard previously at one time or another. Well so much for now. 73.

Bruce Collier, 3512 Avenue B, Council Bluffs, Iowa 51501

What happened? After 4 stencils last week, we're out to half a one this week. The #of reporters dropped straight down. No DX lately. Latest varies: WCKB(NRG TEST), KIZ, & KCJB. I now have a total of 207 verifications or 80%. Thx to Larry Colton for the great job he did with the GPC, their work this season was really terrific. Had a chat with NRC member Larry Lehmer on 3/22 and he said to tell all you great DXers hello. The Ann. Issue really looked great! Why can't we have it that big every week? It's up to you as a member to report. 73 & Denver in '67! (This retyped by BL as we couldn't run Bruce's stencils without tops. Anyway, this will be worked out next week. -bl)

Tony Bratton, WPE 8 FMX/6, 3357 Bardick Road, Anderson, California 96007

DX(?) has been at an all time low for me this past week. I have one week off of school for spring break and I hope to get some DX and at least 25 new stations. The only stn I have heard since the last forum is KPOJ 1330. Veries have been just as bad as DX. Some of these may be repeats from last week but here goes anyway: v/c's are KVI, CJVI, and CBR for prov. #6. v/l's are CKWX and KSYC whose manager wrote on the bottom of my report & KTW whose P.D. wrote on my report. I hope the deadlines for the W.C.F. can be changed to Wed. because MM DX has to be a week late in order to meet the deadline. (DX should still go to the Roundups, Tony. JWH's deadline is Saturday morning-bl) Mucho more next week, I hope!!! 73's to all.

Ron Schatz, SN FT "A" School, Bldg. 616, SSC, USNFC, Great Lakes, Ill. 60088(I'd better give complete mailing address----above plus: B30-58-67, Class 2107-1. -bl) Greeting from Lakeview Apartments (HUH). Well, our Admiral's house burnt down last night and so did the Admiral himself. May he rest in peace. I received the 3/11/67 DXM in a record time of 3 days--not bad at all. Learned in that issue of C.A.Taylor's presence here tho I haven't found him yet. The B. C. in Bldg. 401 could not find his rank, name, service number,etc. on the official roster and no one seemed to know of him. (Ron, CAT's name&address is: ETSA C. Alan Taylor, B505678, ET "A" School, Bldg. 402. -bl) Hi-powered Cubans: (some of them) GMAN-530-30kw. GMKV-600-150w. CMHQ-630-60kw. GMKP-670-50kw. CMGN-720-30kw. CMJL-740-60kw. ZNS-1540 may be using 50kw. secretly but they dare not tell the FCC. New RFS Cuban Station List will be out in a few months it'll be deadly accurate. More next time. Till then 73's and grow with the N.R.C.I.

GPC RESULTS

A letter from Greg Edwards of CKXR saying he received reports from Art Peterson & William Wilson plus a thank you note from K. Chatterton in Mannsville, NY. Greg also states that he enjoyed putting on the test. \* This from Len Mack.

CJJC special netted these reception reports: 3 or 4 from B.C. 2 from Calif. 1 from Seattle, Wash. Farthest ever--Mass. 4 years ago @ s/on.

KARI special netted these reception reports: Walnut Port, Pennsylvania -TT incorrect Seattle, Wash. Vancouver, B.C. La Jolla, Calif. \*From Jon Pearkins, Jr. Farthest report ever--Tokyo & London.

Hats off to the great work the GPC put out all season and to their great chairman-Larry Colton! REPORT! DX! REPORT! DX!

DX LOGBOOK

- 640 Cuba, Havana, CMQ heard at 0305 3/13, strongest this year, but jammed by very unusual TT from KFI. (Frank B. Kennedy, 20340 Argonaut Dr., Saratoga, Calif.) (Welcome, Frank-RJS)
- 650 Hawaii, Honolulu, KORL was very good on 3/20 at 0310. Only decent Hawaiian, tho. (Gray Scrimgeour, 1105 Virginia Way, La Jolla, Cal. 92037)
- 755 Portugal, Lisbon, CSA2, had instrumental music on 3/10 from 1816-1826 for Part. #2. WJR QRM prevented rpt. (Paul Zec, PO Box 19, Somerville, Mass)
- 764 Senegal, Dakar, heard 3/20 at 0105 with usual Arabic chanting, but first time heard in quite awhile. (Bert Podall, Apt. 512, 141-05 Pershing Crescent Jamaica, New York, 11435)
- 820 New Zealand, Invercargill, 4ZA? No ID here but LBG says I heard 4ZA, w/a musical format was most likely this. If so, country #15 heard. (Kennedy, Cal)
- 830 Japan, Osaka, JOBB was S7 at 0745 on 3/19. Otherwise clear channel here. (Scrimgeour, Calif) (Podall, NY)
- 834 Brit. Honduras, Belize, BHBS heard 3/20 at 0100, not good, but recognized./
- 880 Guatemala, Guatemala City, TGJ heard with regular programs at 2212 3/1. (Kennedy, Cal)
- 1010 Mexico, Ensenada, BCN, XEDX heard at 0002 3/10, is this still 500w-d., 250w.-n? (Kennedy, Cal)
- 1040 Com. China, Peking was booming at 0730 on 3/19 with JJ program. (Scrimgeour)
- 1210 Japan, Osaka, JOOR was weaker than JOBB but quite good at 0800 call-sign and single tone on 3/19. (Scrimgeour, Cal)
- 1500 Hawaii, Honolulu, KUMU logged under the CBC ANer on 3/20 with ID at 0423. Too much noise for a decent report. (Scrimgeour, Calif)
- 1550 Mexico, Tijuana, BCN, XEBG over KKHI S.F. 3/14 at 0007. (Kennedy, Cal)
- 1580 Mexico, Hermosillo, XEDM strong as usual 3/14 at 0244. (Kennedy, Cal)

VERIFICATIONS

- 700 Nicaragua, Managua, YNSC for 2/6 ER report, signed by Salvador Cardenal A. Director-Gerente. QTH is Apartado 1929. (Larry Godwin, PO Box 1048, Berkeley Calif. 94701)
- 1030 Mexico, Mexico, DF, XEQR sent a colorful letter in SS from Enrique Salvador Flores, Relaciones Publicas for SASE for 2/17 logging. Beck in 10 days by air mail. Address is: Radio Centro, Articulo 123, No. 90, Mexico City 1, DF. (Ernie Wesolowski, 1416 Pasadena Ave., Omaha, Nebr. 68107)

From other sources, unless otherwise noted, items are via NRC.  
L) Venezuela, R. Musical (believed in El Tigre) is the YV here, 25 kw. (Silvera, Jamaica, NRC)

- 719 Andorra, Radio Andorra is now reportedly here from 998. Requests reports to M. Bailey-Watson, Esq., 82 Chelsea Manor St., London, SW3. According to a reliable source, R. London has agreed to buy time on R. Andorra if London is forced off the air. (Sweden Calling DXers)

- 1346 Colombia, La Voz de Chicamacha, Piedecuesta, HJMQ is the one here not HJNQ.

DX conditions have been very poor here in Southern California. All I get is static; Gray's comment was "What noise! Yech!"; Bert Podall said he has line noise problems. Conditions in the northeast, according to NRC, have improved and the TA's were audible nightly, and especially on 3/11 and 3/12. And to top it off, I hear that LBG defected to Colorado last weekend to escape the static! It is unfortunate

The Editor notes that for the third straight year there was a detectable post-anniversary issue letdown. Hope to hear from you all next week. Part of my trouble is a crazy idea that I have to support my local bowling alley. Also, last Sunday I visited the Scrimgeours, and had a most enjoyable bull session, the results of which may be in evidence in Santa Barbara very soon. If you would like advance notice of the next IRCC get-together, notify either Larry, Gray or myself

Conditions of Frequencies List

Note: If you have any changes, deletions, or additions to this list, please have them placed in the appropriate "DX ROUNDUP" or better yet send them directly to Walt Mixon, 4723 Kings Highway, Jackson, Mississippi 39206. This list, based on a previous list compiled by Don Erickson, will be compiled several times per year and is free to all members. Special thanks go to Don Erickson, Larry Godwin, Bill Lipis, Dave Johnson, John Hoogerheide, and Bruce Kirkpatrick. Also to the DX Roundup editors for their very helpful columns. PLEASE NOTE: It is requested that every IRCA member check this list for accuracy and submit changes and additions so that the next one can appear very soon and so that it will be as accurate as possible.
