

# DX MONITOR

PUBLISHED BY  
THE INTERNATIONAL RADIO CLUB OF AMERICA

November 14, 1970

OUR SIXTH YEAR

VOLUME EIGHT, NUMBER 8

President: (All dues and changes of address should be sent here)

Mike Northam, P. O. Box 1122, Lake Grove, Oregon 97034. 503-639-9727.

Publisher: Don Erickson, 6059 Essex St., Riverside, Calif. 92504. 714-688-6010.

Membership Dues: (U.S. funds; if paid in Can. funds, please add correct exchange)

\$9.50 first class mail; \$6.50 third class mail; \$14 air mail. Third class mail is not recommended because of unreliable service. Please make all funds payable to "International Radio Club of America" and mail to Mike Northam at Box 1122.

Bulletin schedule: Weekly, dated Saturdays, mailed w/Wed. or Thu. AM postmark.

Deadline for last-minute tips at 714-688-6010 is 0230 EST Wed; 0230 Tues. better.

DX Forum reports should be double-spaced, 15-line limit; name and address on top of report. DX Roundup reports should follow section format and have initials at the end of each item. Please double-space between items. DXWW reports should follow approximately the same format as DX Roundup. Deadlines for all sections are as stated in those sections.

ALL TIMES IN DXM ARE EASTERN STANDARD TIME! It is now official!!! DX Worldwide (DXWW) will switch to Greenwich Mean Time. Exact date of change hasn't been stated but January 1, 1971, is currently planned. GMT is EST plus 5 hours.

## NEW MEMBERS!!!

Phillip L. Council - 4513 Shop St. - Chester, Virginia 23831 (via KSL, WKBW, WCPL)

Robert A. DeMarco - 25 N. Emerson St. - Wakefield, Massachusetts 01880 (via NRC)

Michael E. Final - 111 S. Maxon Lane - Streamwood, Illinois 60103 (via KSL)

Craig Poff - 3215 Crest Avenue - Cheverly, Maryland 20785 (via WBAP, Comm. Handbook)

Robert Zoller - 8125 Donna - Westland, Mich. 48185 (via KSL)

## RENEWALS

William B. Feidt - 8708 Contee Rd., Apt. 14 - Laurel, Maryland 20810 (joined 11-29-

Ken Lyon - 9415 Goodrich Rd. - Clarence Center, N.Y. 14032 (joined 12-16-67) 69)

Bill G. Powers - 4155 Madrona Rd. - Riverside, Calif. 92504 (joined 11-9-68)

Paul Wingert - 52 Ingersoll Cres. - Regina, Sask. CANADA (joined 12-6-69)

## CHANGES OF ADDRESS & CORRECTIONS

Gary D. DeBock - c/o Ronald DeBock, CH. Building 3 - Great Lakes, Ill. 60088

Marc DeLorenzo - 30 Bay State Rd., Box 518 - Boston, Mass. 02215

Bill Hardy, Jr. - 303 W. 10th St. - Aberdeen, Wash. 98520

Jerry L. Smith - Route 1, Box 68, #9 - Brenham, Texas 77833

## DX CALENDAR

SUNDAY MORNS 0625-0630 EST WCNL 1010 Newport, N.H. 250w NRC/Stam Morss

Fri. Nov. 27 0000-0030 EST WCRV 1580 Washington, N.J. 500w NRC/IRCA-Dan Myers

All other CPC programs are scheduled from Mon. Dec. 14 onward and will be listed next issue. It will be a pattern in this coming season to list only a few weeks ahead if quantity should become too great. Saves publisher MUCH time and many errors.

PUBLISHING this issue is something unbelievable. Never has an issue so neatly fallen into place. Exactly 21 stencils plus front page, all received on Monday, all filled up and ready to go. If any hot news hits before the bulletin goes out, you won't be reading this anyway since it will occupy this space, hi. Good DX everyone! -DEE

Editor: Marc DeLorenzo - 30 Bay State Rd, Box 518 - Boston, Mass. 02215

Deadline: Thursday. Please list all items in frequency order.

-----  
EAST COAST DX FORUM

Ken Lyon - 9415 Goodrich Rd. - Clarence Center, New York 14032

DX conditions are definitely starting to improve, had my best sunset skip session so far this season on 10/28. Veries this week are: WLYB w/memo paper letter, and WHUN v/1 & CM for reception of equipment test. Reported them before but no answer. CU later.

Frank Waldron - 65 Lakeridge Drive - Matawan, N.J. 07747

Hi y'all. I read with great interest in the last DX NEWS that someone pointed out that the Federal Prison for the criminally insane is here in Matawan. I take great offense to that remark. I thought I should inform you people of the big Thanksgiving get-together at MD's place in Hyannis on 11/28. (Big Mouth. - MD) Rumour has it that the HIGH-light of the day will be harvesting of the vegetable crop in Marc's back yard. (?? - MD) Last weekend, local DXer Stanley U. Kramer and I drove down to Philadelphia in the middle of the night to plot WIBG's night-time contour. Next week we plan on travelling to Redlands, Cal. to take on KCAL. Anyone wishing to have their local station's pattern plotted, drop me a card. Attention SCers: I will trade WABC & WMCA SC's for back issues of Go Magazine. Please write! Well, time to hit the sack. Push over, rx. (Good idea Frank; I think you could use the rest.- MD)

Broadcasting Yearbook

The 1971 Broadcasting Yearbook is to be off the press in January 1971. So figure about March judging from years of broken promises. The price will be \$13.50 per copy when it is released. However, UNTIL NOVEMBER 30, 1970, you can order for \$12, their annual pre-publication special. Each year, or so it seems, the pre-pub offer is last year's regular price! Known as BYB, this fine publication has been sky-rocketing in price; just five or six years ago it was \$5 and wasn't much thinner. However, even at \$13.50, it is a must for the domestic DXer who can afford it and wants the latest source of station information. Included in BYB are AM-FM-TV stations in the U.S., Canada, and Mexico. The listings are not deadly accurate but no such listing is. Addresses and station personnel are included for all US and Canadian stations along with power and pattern facts, date station started, rep, phone number, TWX number, and so forth. In addition, there is loads of material on stations carrying specialty programs (farm, Negro, C&W, etc.). If you order before Nov. 30, send check for \$12 for each copy to: Broadcasting 1971 Yearbook, 1735 DeSales Street N.W., Washington, D.C. 20036, and mention you saw it in IRCA. (No, IRCA didn't get paid for this plug).

ITU PUBLICATIONS

The International Telecommunications Commission in Switzerland publishes a list of its publications available; the list is, unfortunately, in French, a language your publisher can only vaguely translate. Once the list is translated, excerpts might be included since the ITU does publish several lists that would interest members. The real problem is the cost. They are hardly inexpensive.

1971 Communications Handbook

As mentioned by Dr. Wood in this issue, the 1971 issue of C.H. will be on the newsstands shortly. Price is expected to be \$1.75 or \$2. Tnx, REW, for nice words on IRCA! C.H. is always the number one source of new members for IRCA.

\*\*\*\*\*

Jerry Robertson - 6065 Gardner Line - Crosswell, Mich. 48422

Hi, DXers of the world. I'm back after missing a great summer of DXing. Didn't really miss it, just, just can't count the loggings I made because I was on vacation. Got many fine loggings on AM and even got Alabama on TV from Kansas City with rabbit ears. Had a nice visit with Rob Keeney while there. More recently met DF & Brh in Port Huron and had a great time. WSGR-FM 91.3 in Port Huron is now on and comes in here real good with only 10 watts! My CPC region is Mich and Ohio so let me know your most wanted from these states. Veries are: v/q WFBG WLS WSBA WAHT CFRB WFIR WABC WHOT WTOD WOHO WDEEWTTT. V/1 WXCL WVAK WHAK WEOL WCFL CHFI WEND WTCR CKAC WCER WIFF. V/c CHML WKHM. v/f CJOY CFPL WREO. 73, and where's the SoM?

Bill Migley - 210 South Maple Street - Lancaster, Ohio 43130

Hello from Ohio. It's been quite some time since I've written in to DXF so I'd better re-introduce myself to the newer members. I'm 19 years old (been associated with IRCA since 1966) and a sophomore at Ohio University majoring in electrical engineering. My school address is Room 178 Convocation Center, Ohio Univ., Athens. I get home on weekends and that will be when I get my DXing in. If any DXers are ever in the area, either Lancaster or Ohio Univ, please drop by and say hi. During the summer I passed the ham general exam and I'm now WB8DHG. The BCB rx here is a Zenith M660 and I've just purchased an HQ-150 from a ham in New York. Veries in lately include ZBVI VOA-1196 CHSC & WMEX. On the local scene, WHTH-1000 Heath, Ohio is now on and they will verify. The CE is Jar's Feasel. 73's/good DX.

David Singer - 5501 Old Richmond Ave - Richmond, Virginia 23226

I'm really ashamed that I haven't had the time to become involved with all the muck-raking; I've just been too busy DXing! Veries in: v/f WPLB; v/r WEED; v/q & v/ppc KFAB; v/1 WTRQ; v/CM WJPF; Rpts out: WMOE WHIL WLAK XEVIP KDDA WSAO WSGA WKYK XELO WAUG WNOE KSYL WKAT WWGP. What seems to be a pretty good sign of abnormal southern cx as have existed for the past few days is LOL-15000 in Argentina; they ID in Morse at 3 minutes past the hour and every 5 minutes afterward, but they don't broadcast 24 hours/day. Is there going to be another DX Marathon over Christmas as there was last year? Totals now 432/45. Richmond in '71, and GO SQUIRES!

Bill Likens - 2578 Spaatz Ave. - Columbus, Ohio 43204

Hi gang! This is the first time I've written since I've joined, which was 7 months ago (sorry about that) so I'll start by introducing myself. I'm 15, a sophomore at West High School in Columbus. I began DX'ing in 3/?? ERC/69, and I have 15/v and 21/h. I once (around last Dec.) had a total of 225/o but I started over because I hadn't written to one of them. Best catch is CBU winnipeg/v and KSL/h (Salt Lake). I also am a SWL and have 39/12 with best catch EwLA Liberia/v. I use a Heathkit GR-64 receiver, a Webcor Royalite tape recorder and a newly constructed IRZA spiral loop. I haven't done much DX lately due in part to the breaking down of my typewriter and my lazyness in obtaining stamps. The last time I did some decent DX was in May. I hope to start picking up again DX wise this season.

Robert Stoehr - 945 Gladys Avenue - Pittsburgh, Pa. 15216

Hi gang! Just thought I'd put my 2 cents in. I just got done reading the ECDXF and read Jim's report. He was saying about not receiving the NRZ log. If he belongs to the NRZ I can't see why he didn't receive it yet. But if on the other hand if he doesn't belong to the NRZ, he didn't receive it because if your a non-member it costs \$3.75. Well getting down to business, I received some new stations: WIP-610 kHz., wEUP-1600 kHz. I received them on a car radio. Well I got my new receiver (Heathkit GR54), I really haven't had a good chance to use it yet. 73 and good DX'ing!

(Last two reports typed by Big George because MD was away on a trip.)

\*\*\*\*\*

Bob Foxworth - GPO Box 2111 - New York, N.Y. 10001

I am planning an addition to my receiver which will be a frequency counter measuring the local oscillator frequency, and subtracting 455 kHz from the reading, to show the freq to which the rx is tuned to the nearest tenth of a kHz. Am also planning a solid state front end which will be compatible with the electronic dial. I am using a NRC loop pre-amp and have no trouble with it, but I have found that both the parts layout, and the neutralization are tricky, especially when the DXer is near strong locals, and those who cannot get the pre-amp to work have likely not used good shielding or layout. It is possible to use Motorola MPF-105 FET's which have less gain and are more stable. The drain current can be set as low as 2 ma for both FETs and adequate gain be had. Bias is not very critical in the source line and fixed resistors of 2700 ohms or higher can be substituted for the dual pot, but should be trimmed for equal bias voltage on the source terminals of the FETs, with a total current of 2 to 4 ma, if the plastic MPF-105 FET's are tried. Loop tuning remains extremely sharp, which is the important criterion here. Best.

Dave Faulkner - 1430 Pine Grove Ave - Port Huron, Mich. 48060

Shalom! I fully support GHB on the RP issue. If a member wishes not to include RP, that's his business. No veries lately, only DX. Have managed to pull in a few more foreign stations, like Radio Belize-835 and Radio Nuevo Mundo, Guatemala. Now have 8 ctrys. LBG: thanks for telling me what ERBA stands for. I found it rather hard to believe at first. Sounds to me like a bunch of alcoholic lawyers. Southern cx has been super lately w/many LAs either logged or expected. Now have 609 stns logged. Hope the DX is hauntingly bad 10/31 as I have a party to attend. Still no word about my 3rd class license so I wrote to my 3 congressmen, Senators Hart and Griffin, and Rep. Harvey, and the Detroit Free Press Action Line. 73s. (Two statements cut to conform to the Editorial Policy. - MD)

Bruce E. McFadden - 4735 Shimerville Rd. - Clarence, N.Y. 14031

Hi gang! Boy, you wouldn't believe the \$ that's coming in. Reception rpts will be out soon. New job at a local restaurant attributed to it. Am saving for an HQ-129X that Fred Osterman is strongly thinking of selling in a month or so. JJ- you missed me by 20 minutes at Radio Shack. Am anxious to see you. FO says that you're a great DXer, hi. Attention Canadian members: I need Canadian 6¢ stamps. Will trade for U.S. stamps. Just write. Only verie, a v/1/21, hi, from WEKY. Actually, they took 3/4 of their envelope, cut the back off, and w/letterhead, wrote the verie statement. Ever hear of such a thing? One more thing, DEE, would you send me two more f/c lists? Tnx. 73's & peace. (Send DEE a post card with your request, Bruce. - MD)

Peter Campbell - 1201 Wright St. - Ann Arbor, Mich. 48105

Hello all. Can anyone confirm whether WEEL-1310 does operate with 500 watts at night? I find it a little difficult to believe. Haven't seen a verie in nearly 3 weeks and am getting desperate. Recent rpts out to KCWO, WAOK, WVOK, KOAM, CHFI, KNIN, & R.Belize. CHLO/CFOR/XERF trio are being hrd on 1570. Real nice hearing XERF again. Does anyone know why KRLD-Dallas carries Houston Oilers FB games? 73's and Michigan Wolves #1. Go Bo! (That's funny, UPI says Mich. #6, hi! - MD)

Quentin K. Brown - 59 Kenilworth St. - Ottawa, Ontario

Hi gang! LGW: WMBD sent me a v/f, (CE is v/s), program sked, & CM; CKCW sends their traditional "lional the lobster" v/q; KXEL sends a v/q - v/s was Jerry Dee. CKCW v/s is CE. GDD: WVMT sent me a letter last year, v/s is Burtis Dean. Sunset skip, for the first time this year, has really been good with many openings to the mid-west. Two veries this week: KSL & WKDA. GM: Both CJRC & CKOC are rockers but CJRC is FF whereas CKOC is EE. Tnx also for the WKER tip, hrd first time I tried for 'em! I finally bought some corrasable paper only to type a whole rpt without any typos!

EDITOR: Richard C. Evans - Box 1988 - Gary, Indiana, 46409

Couple of requests: try to report more often, some of you. The above DXR includes loggings from back in September, and I type this in Nov. I'm willing to accept reports on postcards as long as I can read them. Also, would appreciate it if you would list the town and state of each station. It takes awhile to look up! My parents were down here on 10/31 and I showed my dad what SSS was like. Had KS00-1140 S.D. in w/excellent signal for 5 minutes until pattern change and then it was all WRVA, just like that! Don Eggert found a way to beat the bad postal service and hand delivered his report on 11/4. Letters are now taking 3 days to get here from Chicago judging from postmarks--and two days from Arizona. Maybe that's where my NRC log is! v/l WVJS KPRC WOPA KMIS WORV v/q KSTP WOPA. Conditions seem to be really good judging by what DE and GDD are hearing. Only wish I didn't have to work during SSS. Dave Martin, don't think I ever thanked you for those 32 newspapers last spring. FWM, do you need a WMUS SC? Am holding one for you. Personally, I find SC's great for lighting my gas oven! Totals here now 1093/591 states 48/46 Provinces 8/5. Incidentally, I detest blackmail, and the next person who tries it with me can explain it to the board of directors and possibly the Post Office also--30----

EDITOR: Lynn D. Brooks - Box 253 - Ponca City, Okla. 74601 DEADLINE: Thursday

GARY D. DeBOCK - Ad Com, NTC - Great Lakes, Illinois 60088

Greetings. Veries: v/q WIP-610 WBCK-930 WAKR-1590 WPTF-680 (sked enclosed) WILL-580 WOKY-920(SC). v/l WSBT-960(CM) WIBW-580(CM, rate card, sked, note: "one of the best rpts I've received") WCUB-980 WGSB-1480 (CM, rate card). Now have 145 pts in the Domestic Contest, should have much more by now as 50 new rpts are out. RCE, you are doing a great job on MWDXR--it's a pleasure to read(not to type, tho, hi). Any MW members needing info on the formats of WC stns, just write. By the way, my best catch in Washington state was WFLA-970, which I've yet to log here in Illinois. 73's DAVID R. ALPERT - 6636 Davis Street - Morton Grove, Illinois 60053

DX hasn't been bad lately, but I only wish I had more Monday's with no school. My next opportunity for an AN MM DX won't be for quite some time. Recent veries, all by card: KFAB-Omaha KSL-Salt Lake City WWVA-Wheeling & WHAS-Louisville. Up until recently my BCB DXing wasn't too organized--like I've had Hawaii & Alaska in my log for a couple of years, but just got Kentucky last month. Goals for this season are to bring my totals up to 40 states & 10 countries. Current BCB totals: 27/27 states, 4/4 countries. Just installed a 450 MHz xcvr in my car. When used with a local repeater, I have access to a direct-dialing full duplex automatic phone patch. 73's. TOM GARCIA - Box 15186 - Tucson, Arizona 85708

A few nights ago I was taking a walk through the neighborhood with my SONY 3R-67(\$12 type BC portable) tuned to a dead spot at 1610 KC trying to locate an RF source that had been giving me static across the entire spectrum from LF through VHF. At 0100 I heard a faint voice announce "You are tuned to the Voice Of America". Came in the house & wrapped 4 turns of my antenna lead-in wire around the SONY & the VOA really came in strong, just above KLAC in Lakewood, Colo. on 1600(5000 watts, not a bad catch in its self I guess). Listened to the VOA for an hour, they signed off as Greenville, S.C. at 0200, but never announced a frequency. Transmission was beamed to Africa. Now for a further mystery...The VOA transmitter was not to be found at 1610 on my Hammarlund during the entire hour. Any ideas anyone? Anyhow, if you want to make your \$12 rx really puoc them in, try inductively coupling an antenna lead-in wire to it. Just make sure that the end of the antenna wire is connected to a good ground or it won't work.

JAMES R. LERSCH - 909 Greenleaf Avenue - Wilmette, Illinois 60091

ATTENTION, ALL DXers! Effective November 2nd, radio station WNMP-1590 Evanston, Ill. will have new call letters. The new call letters will be WLTD, & their slogan will be Radio Limited, Evanston. This info was not in the last couple of issues of DAM, nor was it hinted at in the NRC log, but was obtained from a gigantic 2 page ad in the local magazine. Requests for verification of the "new" station go to Buddy Black, Pres. & Gen. Mgr. Other news: I received verification from KBRX-1350, Nebr., for reception of their f/c. It's one .... of a nice v/l! I'm presently installing a CDE TR-44 rotator system for my 4' loop. I built this loop to take any rugged weather conditions imaginable, & distance of center of loop to ground is 37'-4"! This should improve the reception pretty good, considering it was only 4' off before! Also, in the NRC 1971 Log, station WBEL-1380, Beloit, Wisconsin was omitted from the listings of stations on 1380. I have a v/q, so they DO exist. I have a letter out now, obtaining all info for the Log update, so will send to Cambridge after received. I hope the cold weather holds out all winter! 73's and good DX.

D. ALAN 'D.A.' CUNNINGHAM - WDX9KEL - 2441 N. Henry - Alton, Illinois 62002

It appears that veries all tend to arrive in one week. 10/20 brought WBZ-1030 WCKY-1530. 10/22 brought WKY-930. 10/23 WIP-610. This brings my totals to 45/30. My offer to tapespond(w/cassette) still remains open & I'll swap locals w/anyone. Does anyone know if the 6th Vane Jones Log has come out yet? I have the 5th and it's a bit well worn. I'd like to do some DXing this week but the teachers keep pouring on the work. 73's to all. Good DXing & St. Louis in '71.

Everyone must see daily instances of people who complain from a mere habit of complaining; and make their friends uneasy, and strangers merry, by murmuring at evils that do not exist, and repining at grievances which they do not really feel.-Graves

DR. RICHARD E. WOOD - Louisiana State University - Baton Rouge, Louisiana 70803

A few verifications for my receptions back in Hawaii keep straggling in. They are KNEW-910 WDMG-860 KPLC-1470 from La., where I now live, and #12 verified from HI, KTNM-1400, WCVA-1490, state #23 on graveyards, Va., and WSOY-1340. Only one rx in use here at present, the Galaxy R-530, back from overhaul and working well; main problem with this rx is that audio intelligibility is very poor at all but the very broadest bandwidth, 6 kHz.; the 2.1 kHz bandwidth is far narrower than the equivalent on the SP-600 or HQ-180, to name two. No loop here yet. Generally less time for DX here than Hawaii, many trips to academic meetings. My phone here is (504) 343-7771, station-to-station will do. I hope you all read and enjoy the MW section in the new Communications Handbook 1971, which I wrote; I hope the two listings of IRCA's address win the club many new members. My strong endorsement to Rick Evans' trenchant comment on the reaction of a small LA station to getting 20 or 30 rpts in identical SS, per the report form. Reports should be personal, even if it means more work; the rewards are well worth it.

PERCY R. KESTEVEN - 13112 - 134th Street - Edmonton 44, Alberta, Canada

Well, Vancouver '70, IRCA's convention bash this year, is finally over for me. As you may remember, I offered copies of convention photos I took. A total of 419 were ordered! They have all been sent out now--wow, what a massive bookkeeping job, hi. John Oldfield may come over tonite (MM, Oct. 25) for a DX session on my Drake SPR-4. The SPR-4 is finally complete with all ordered accessories. The noise blanker came thru the other day--it does a fabulous job on pulse type noise. I got a ferrite bar from Joe Worcester, but haven't tried out anything with it yet due to having been very ill for 2 weeks recently. If anyone has put it together per his instructions which appeared in a February DXM, I'd like to hear of the results. 73. (Hope you are feeling better, Percy. The pictures rcvd here okay, and boy are they GREAT. Many thanks for undertaking such a project. It was much appreciated here. -LDB)

BEN-HUR - 431 Carr U. R. H. - Urbana, Illinois 61801

Good to be back in the DX scene. Glad to see that nothing has changed much in the DXM: same DX, same members, same revolts, etc. Here, in my new location, I haven't done much in the way of DX'ing; most of the time I've been checking out the band to see what regulars are here. I do that at a new location so it will be a few months before I start DXing. Since I haven't been an IRCA member for a few months, & haven't written anything in the MWDXF, an introduction is in order. I am 18 and a freshman at U. of I. this semester. My main rx is a small 15-xistor M.B.C. rx which picks up well considering its size. My totals are 223/95 stns 31/24 states & 4/2 provinces. A big welcome back to Bill Raczko who I met at the ChiCon and probably couldn't remember me if he tried. George Tanner: I am real sorry about the tape but illness & a big summer mess kept me from getting it out. I'll try to get it to you somehow. Have to split now; hope to hear from everybody soon. Adios.

GREG C. ZIMMERMAN - 3005 So. 107th Street - Omaha, Nebraska 68124

Greetings! Well it's about time to begin another DX season. The DX season in Omaha will get off to an official start on MM, Nov. 2nd with a DX bash including Omaha's newest member, Dan Morisseau, who was paid a visit by Oz and myself. Welcome to Omaha, Dan! Dan's wife appeared rather interested as we talked DX which is more than I can say for my parents. Elementary Electronics TeenaBoost seems to work although it has yet to get a good work-out. With job money burning a hole in my pocket I'm looking for a new rx. May the new DX season be plentiful and remember "Laughter is God's hand on the shoulder of a troubled world". Go Black Hawks, peace, 73's.

ROBERT KRAMER - 3406 W. Pierce - Chicago, Illinois 60651

Hi. Well the way I should tell you about DX here is summed up in this phrase: IT IS COMING IN FASTER THAN A SPEEDING BULLET. My best loggings this season so far are WAAY-500 watts from Huntsville, Alabama my first from Ala., and WQAM 1000 watts from Miami, Fla. Latest: v/q WWVA WCCO WAKR KOIL WKYC WONE; v/l WNUS WPTF WNEW WJAS. I hope that this QSO didn't cause any QRM in your DXing time...73's.

He can never speak well, who knows not how to hold his peace. - Plutarch  
The unspoken word never does harm. - Louis Kossuth

ERNIE J. WESOLOWSKI - 1416 Pasadena Avenue - Omaha, Nebraska 68107

From an inactive DXer, I must confess. Nearly a year has passed since last report, so will reintroduce myself. I'm single, 30, have some 1050 veries in 47 states, 9 provinces, & 20 countries in my 12 years of DXing. RA is an HQ-180A, use the 40" loop & have a new den in the basement all set for DXing. Some late veries are mostly FM. Only AM's are ex KFBB-1310 in Great Falls, Mont. now KKGf. After 5 tries by mail, a personal visit payed off last July. An interesting one...though I won't count it...is from CBRD-860 in Field, B.C. logged while in Field on vacation. My only 40 watter & it's a LPRT. Report sent to CBU in Vancouver. Oh yes, a verie from our local Police on 154 mc. KLNQ-1490 new call in town from ex-KBON. KOTD-1000 Plattsmouth, Nebr. is the only Nebr. holdout for being 100% verified in this state. As many of you older friends know, I like to travel & while in B.C. last summer, I visited CKPG-550 in Prince George & CKPR-860 in Prince Rupert. The LPRT's are sure popular along the highways but only get out about 10 miles at most. Then "Way-Up-North" a visit to KTKN-930 Ketchikan, Alaska. I know now why it's so hard to hear our 50th state. Ketchikan on 930 was the only Alaskan station I could hear on the car radio from just 90 miles S. in Prince Rupert, B.C. & that was poor. Many stations along the W. Coast South of there were heard well. KLAk-1600 in Denver, but nothing from KOA-850. Why? Welcome to Omaha, Dan Morisseau!

TOM McCORMACK - 275 Lettleton Street - West Lafayette, Indiana 47906

Hi. Lots of recent DX here as I'm listening a lot on the graveyards to increase my Domestic DXC points. I now have 270 points as of 11/2, and ?? points in the CL's DXC. Recent reports have gone out to: 4VEC-830(tape too) KOEL-950 KTUP-1580(my 8th Arizona) KWCO-1560 WTBC-1230(relog) KFEG-680(finally) KROC-1340 KIMP-960 KBBB-1600 KOCY-1340 WCSR-1340 KXLF-1370(my 2nd f/up) WLTN-1400(a very pleasant surprise!) WIAQ-1410(relog & f/up) WAEW-1330 WSJM-1400 & WKBC-810. Here are my most recent verifications as of lately: v/l KABQ WLCX KSOK KUOA CKLC KYA KULY WCMT WIGM-DX test WSGO(small v/c too) WLBC & New WTRQ. v/r- KCBC. v/cm- WIAK v/f- WDOE(v/l too, & they were on 310 watts psa) WGUS WDW & KOTA(My 8th S.D. verie out of 11 logged). v/q-KGCX Almost all veries I receive send CM's enclosed too, as I request 'em. 678 veries here now, w/60-70 reports still out from 9/15 on. Anyone w/info on pirate BCB stns, pse write. SCers & corresponders write! 73 & go gettum MILWAUKEE BUCKS!!!

LARRY B. GODWIN - 5421 South Clinton Court - Englewood, Colorado 80110

Hi gang. Reception CX have been much better 10/31-11/2 with several TAs and TPs heard, as well as good CX to the south. Now to hear some new catches! Congrats to Bruce Collier on tying the knot! I see Don Kenney has really been bagging the TAs from the WC. Unfortunately Glenn Hauser's TP tape was lost in the mails & I will soon return the tapes I received for transcribing. During the past 2 weeks, I've had taped reports returned unclaimed from Argentina (Radio Nacional) & Nicaragua (Radio Corporacion). Emphasis on written reports rather than taped to Latin America would provide a higher verie %, I think. A notable exception is Colombia, from which I've never had a tape returned. Good DX.

GARY D. DeBOCK - AdCom, NTC - Great Lakes, Illinois 60088

Greetings. Much DX here; veries: v/q WIBA-1310-CM WSUN-620 WSPA-950 WTMJ-620 WOKY-920-SC WILL-580. v/l WCUB-980 WGSB-1480-CM-rate card WDOR-910 very friendly WOC-1420-CM-QSL(nighttime is directional North from Davenport) WMRO-1280 WTAQ-1300-huge packet of guff incl. CM's, skeds, promo sheets, etc. WLBK-1360-CM-rate card. New rpts out to WDOD-1310 WONE-980 WIMA-1150 WJAX-930 WGBF-1280 KPRC-950 WMIR-1550 WAVE-970 KMA-960 WHAG-1410(best catch so far)WWSW-970 & KQAQ-970. Received an interesting letter from the Pres. at WKTY-580: "We don't think it is possible to receive WKTY in Chicago in the daytime or at night, since there are other stations nearer Chicago than we are..." Tonight they were bombing in on SSS at 1745, & I have a perfect rpt ready for Mr. Herbert H. Lee, hi! Totals in Domestic Contest as of 11/2 are 167 points, should have more by bulletin time. If anyone wants to see my veries from KOMO Country, which include some Alaskans, Hawaiians, etc., just drop by. Totals for about 2 months here in Illinois: 330/36 stns, 38/17 states, 10/1 ctys. The day I send a rpt to WLS will be the day that Paul Lotsof joins the NRC. 73's.

Progress is the activity of to-day & the assurance of to-morrow. - Emerson

Greetings. Been a long time since I've seen a Canadian postmark here...spent the afternoon rigging three LW antennas on top of the apartments, John Kolb has moved into the building, which will, I believe give us more rx's per block than anywhere else! I will be getting a vacation shortly, and will be heading to Uncle Ben's country (probably) on the way stopping to see as many as possible. See if I can find any DX in Vancouver, etc. King Snedley will be here on Nov 28th, for the Thanksgiving SCECPOSDX, and Greater Pacific Beach turkey shoot...will you??? Please let us know!  
Death to harmonic generators. Anybody got any 6SF7's??? Please??

Editor: Bob Jacoby, 556 E. Alvarado St., Pomona, CA 91767

Dave Christanson - 3434 39th W. - Seattle, WA 98199

Greetings all. At the request of DEE, I paid a visit to one of the more friendly local 50 kwers yesterday, KIRO-710, to look thru their rpt files. The CE said 1) He doesn't mind SINPO coded rpts, as long as their is an explanation of the code enclosed, 2) RP is appreciated (of course, and your chance for a verie is better if you enclose it), 3) such things as atmospheric noise, conditions, etc. are helpful in verifying (and this also helps your chances of getting a verie, and helps the hobby by making good relations w/CE and the like), and 4) please try to give some type of details of your reception. I saw some reports, not of IRCA members, that just said "I hrd your station, KIRO, on such and such a date, please verie. Thanks." The reports of IRCA members looked very good, for the most part. I was suprised to see that they get out very well to Europe, and the S. Pacific. Recent veries: KTKT-990 (thanx PSL), and KIRO-710, and WBM-780. If anybody wants a cassette of Wolfman Jack, send one (any length), as I'll be in XERland in Dec. Sonny Sixkiller can fish wherever he wants! 73 and Gud DX.

Dan Sys - 149 W. 26th Ave. - Vancouver 195, B.C. CANADA

Greetings. It might be a good DX season after all. CJOR was suprisingly off for a few hours on 10/1 which enabled me to hear CFQC, WMT, & KOGO for the first time. V/q from KOGO & v/l from CFQC. There is also lots of other new catches coming in I hadn't expected. On the CJOR topic, they are still on 530 & 670 kHz. I don't care about the frequencies (they're lousy), but it's the principal of the matter. If CKLG or CKVN was doing the same thing the D.O.C. would be on their backs right away, but straight old CJOR doesn't disturb anybody by doing it. Welcome to the club Michael Hiesinger, apparently you have an unlisted number. I guess Vancouver still has the most powerful membership per ratio. Quentin Brown--I phoned CJJC about their frequency change and power increase and they said they don't know anything about it. Quit scaring me like that. Of course, switchboard operators and assistant engineers don't know much about the station they work for anyhow. Vancouver's radio ratings come out in a couple weeks, it should be interesting with all the format changes we've had this year. I'll report it next time I report. SCers write. Peace.

Credo R. Bisquera - 86-123 Kakaiapola St. - Waianae, HI 96792

Like most beginners, I feel reluctant to report because I'm not sure as to what I'm supposed to write. I do not write for veries; therefore, I cannot consider myself as a true DXer. My equipment is a HQ 140X with a recently completed 4' loop with 7 turns. I am located on the leeward side of the Island of Oahu, 30 miles from Honolulu and have logged the Big Island (Hawaii) KKON-790, KHIO-850, KPUA-970, KJPA-1110; the Valley Isle (Maui) KMVI-550, KNUI-1310; and the Garden Isle (Kauai) KUAI-720, and KTOH-1350 regularly. My ultimate aim is to log mainland graveyarders but so far I have been able to log only the following 50,000 powered stations from the mainland consistently: KFI-640, KNBR-680, KNX-1070, KSL-1160, and KDAY-1580. I still have the DX 150 for sale if anyone is interested.

Darrell Snook - 1245 Nebraska Ave. - Salem, OR

Hi. Just joined in early June. I'm 15 and a Soph in North Salem High School. Started DXing on Jan. 30, 1970 with KOB. Never heard of IRCA, MM's, and radio logs until May. Best veries are WIRE WBZ KFQC CKFH KDHN and KRVN. Best heard (some just out) WDXR KMVI KLOU KGU KLEO KRJO KWFT and last but not least TGJ. Totals 177/123, 33/30, 5/4. SCers have KBZY KGAY KISM KINK-FM, anybody wants them write. I have a cassette recorder but most of the time it is at Lafayette getting fixed. Rxes are Lafayette Explor-Air Mark V and Radio Shack TRF Portable. Antenna is mess of longwires on roof. Jim Adams is right about the 49ers. And here is some parting advise, put water on ur com

Bill Hein - 5539 Pattilar Ave. - Woodland Hills, CA

(213-3475266) 10/31 had the best CX I've ever hrd. Stns from the north were excellent. Canadians dominant on Mexican channels. New loggings: YNX CKDA CKLG WCAU KFAR. Veries are KYC v/q, and KOY-550 v/l. I need a ride to Thanksgiving DX meeting. If you can take me, please call me. I forget to mention last time that I DX SWBC and I'm a member of NASAA. 73

Editor: Father Jack Pejza, 3266 Nutmeg St., San Diego, Calif. 92104

Report From Panama-- SPA Bill Hardy, 535-48-0583; 9th Psyop Br., 8th SFGA, Ft. Gulick, C.Z., APO N.Y. 09837 until November 15.

It sounds like the Panamanian government is cracking down on distorted radio! One by one, the distorted stations are leaving the air, then reappearing one or two months later with clean signals. Since I haven't reported since May, there are a number of changes:

- 640 HOK Panama, Colon, C.P.R. (Cadena Panamena de Radiodif.) parallel to HON-1500 Colon and R. Aeropuerto, HON31-550, Panama City. IDs for both. Also mentions HOC-1440 Panama City, but this station is off air and has been for more than 18 months. Sked is SS 0700-2000, EE 2000-2200 Mon-Sat., s/on and s/off with Panama NA. Sunday sked is 0800-1230 EST, so would not be heard Sun. night. Power definitely is 1 kw or more, not 250 watts as per WRTH.
- 650 HOS22 Panama, Panama, R. Mia s/on cold 0430 EST weekdays, usually un'IDed until 0500 news. At 10 kw, this is easiest Panamanian to log, along with HOXO-760 at 0540.
- 760 HOXO Panama, Panama, changed s/off times in May. No more SS classical music 2200-2300 (SCN airs it at that time now). S/off 2200 M-Th, 2400 Fri and Sat, still 2230 Sun, with Panama NA. S/off SS M-Sa, EE Sun. EE rock 2200-2400 Fri. and Sat.
- 780 Ho.. Panama, David, R. Chiriqui, new station recently on air. Power 1 kw or better. S/off 2300 with NA weeknights, probably 2100 Sunday.
- 830 HOG Panama,, Panama back on air by 10/30 after being off six weeks. Stronger signal, maybe new 1 kw transmitter, and no more distortion. Distortion was terrible on old 500 watt xmtr. Same format: Jamaican EE, soul music, jazz and calypso; still off 2300 M-Fri, 2330 Sa, 2000 Sun, with NA.
- 920 HOS56 Panama, Los Santos, R. Mia. This is correct city, (Not Panama as per WRTH) parallel to 650.
- 980 HO.. Panama, David, another R. Mia relay parallel to 650. I believe these relays also s.on 0430.
- 990 HOR59 Panama, Panama, R. Impacto, s/on 0500 M-Sa, s/off 2400 daily and sometimes 0100, but no longer NSP.
- 1045 HOJ2 Panama, Las Tablas, Ondas del Canajagua, easily heard evenings, not heard AN, so apparently no so any more. (Please note, Tom Sundstrom, Ed)
- 1125 HOF47 Panama, ???, listed in WRTH as RPC station. Unheard here or in any province except Darien (where I haven't been). Phone book ad for RPC lists relay in Darien, but s/on and s/off list all relays except a Darien relay. So, unsure of this one. Definitely not "Onda Popular" which is Panama and Colon only.
- 1180 HOC20 Panama, David, new call, ex-HOOC. Did a remote AN 9/6 from hotel in Boquete where we stayed and I know it was AN, hi!
- 1190 HOL47 Panama, Panama off air for several months, not AN.
- 1210 HOE91 Panama, Panama back on air in June with new slogan, "R. Eco". Sked 0630-2400, M-Sa, off all day Sunday.
- 1240 HOM36 Panama, David, correct slogan is "R. David, La Reloj de Panama". NSP
- 1250 HOQ Panama, Panama back on air in August with new 1 kw transmitter, very clean signal. "R. Exitosa" with same announcements through echo chamber. NSP. Apparently the EE radio newspaper, which used 1250 until October 1969, will continue using SS stations on 575, 990 and 1505 one hour a day. Presume HOQ is still the call.
- 1540 HOE28 Panama, Panama, R. "TWT" no longer AN, but noisy (FM) OC AN. Sked 0600-2400 weekdays, 0700-2400 Sun. S/off and s/on with Panama NA.

The following stations listed in 1970 WRTH are not on the air: 540, 820, 840, 890, 1140, 1190, 1270, 1360, 1410, 1440, and 1470.

I leave the Army this month; anyone with questions on Panamanian radio should write me here no later than November 15. As of December 15, I'll be home again: Bill Hardy, Jr., 303 West 10th Street, Aberdeen, Washington 98520. Will probably do one more report from here. 73 to all. Bill.

Report From Thailand- Glenn Hauser, Khorat, Thailand

- 565 ... Thailand. The call of the station in Surin appears in some listings as Kaw Vaw Saw ( or Kor Vor Sor); I'm not sure what it stands for. Has an EE session at 0700-0730.
- 570 ... Thailand. This station here is Chor Sor 5, in Chaiyaphum, not far from Khorat. Noted at 0819 10/4 with ID after SWKSHPT news.
- 580 ... Laos. Although a Thai station appears in some lists, all I hear is a station in Vientiane, Laos, noted at 0730 10/4 with ID and Sousa march. Not in any list to my knowledge.
- 664 ORTF Reunion. Announcement on SW says this is frequency, not 665.
- 738 ... Thailand. cf. last report. The station is Raksa Dindaen, of the Dept. of Territorial Defence (Border Patrol), Bangkok.
- 888v ... Thailand. Nominal 890, Yankraw outlet in Bankrabue (Armored Car School).
- 980 ... Thailand, SWKSHPT, Yala. Over/under Chinese at 0659 10/5 and suffering from local splatter-975. Supposed to be a 50 kw station provided through Austrian aid.
- 1030 ... Thailand. Another 50 kw station appears in official lists, at Phitsanulok. I cannot hear it but it may come on eventually.
- 1075 ... Thailand. Noted 10/4 1105-1140 during rock music and ads for James Taylor, ID seems to be Or Chor Sor 1-0-7.
- 1188v ... Thailand. The Khorat station previously reported is : Kongthap Phat Thi 2 the Second Army Division.
- 1125 ... Thailand. cf. last report. This station is Kor Wor Chor 3, Army, Sakon Nakhon, noted with ads, ID at 0726 10/5.
- 1130 ... Thailand. cf. last report. This station IDs not as reported, but as "Por Chor Sor Lampang" per my Thai informant.
- 1250 ... Thailand, Wor Por Thor 7 (JED), Udonthani, listed on 1230, program preview, rock music 0529 10/4.
- 1330 ... Laos, Vientiane Psywar station stays on fairly late, past 1059 on 10/15 with music and announcements.
- 1358 ... East Germany, Berliner Welle/Koepenick, German talk at 1301 10/5. First time heard here.
- 1370 ... Thailand, Por Chor Sor, Chiang Mai, informal announcement and off 1201 10/4 without ID. Believed in northern Thailand dialect. I visited this station in August; was shown around by a stunning young lady announcer. Studios for Lamphun-1480 are in the same building.
- 1393 ... Albania, Tirana, Russian ID "Goverit Tirana" etc., Internationale, and off 1256 10/4; may have returned later on different beam.
- 1395 ... Thailand. cf. earlier report. My Thailand informant listened to the tape and says it's "Mon Ton Tahaanbok," an Army station at Camp Surasat near Lamphun, contrary to what I had thought.
- 1520 ... Thailand. station 2-OH, has a block of news in foreign languages at 0600-0700. Noted 10/4 in Malay, then at 0516 into Cambodian, 0526 Pedum, 0537 French, 0542 Thai dialect or Lao, 0555 music. This in addition to English at 1830 and 1000.
- 1540 BED78 Taiwan, Tainan, weird YL in Chinese 1230 10/4; western music. ID at 1232, long vocal anthem and off 1235.
- 1605 ... Thailand. cf. previous report. My informant, Sod Klahan, says this station is Por Thor Or, and artillery station at Rat Buri.

*Enter the IRCA Foreign Contest today!! Dave Christensen is waiting for your entry. Win big prizes (37¢) and make new enemies in verifying stations they don't have.*

Listeners' Loggings--- East Coast

- 660 ??? UnID R. Juventud taped with strong signals S9+20 but who is it? Format is rock (EE and SS) followed by R. Juventud IDs, never a mention of the country during my logging of 11/2 from 0150-0220. By 0300 HJMM was the only SS on 660, so maybe R. Juventud s/off between 0230 and 0300. (LMA) (LBG has IDed this one as the new call of XERPM. Ed)
- 670 CMAF Cuba, Pinar del Rio, heard at 1900 10/27 with "R. Progreso, Pinar del Rio" ID. Fair signal. (LGW)
- 700 TGHR Guatemala, Guatemala in under WLW at 2000 11/1. R. Mundial IDs, seldom heard here as WLW never fades. (LMA)
- 750 YVKS Venezuela, Caracas in fair at 0322 on 11/2 with R. Caracas ID. (LMA)
- 764 ... Senegal, Dakar 10/12 and thereafter at 1750 with native music. With FF YL announcer. Lotsa WABC, good though. (JCH).
- 770 RJR Jamaica, Mandeville, had many corny jingles with US pop tunes and some LA. All EE. 0215 10/18. (GLM)
- 830 CMCA Cuba, Havana puts het nightly against WCCO. Overrides WCCO with good audio at times. (LMA)
- 834 ... British Honduras, Belize strongest ever with S9+40 signals at 1945 10/27. (LMA)/ Fair signal 2000 10/27 with "La Voz de la R. Belize" ID. (LGW) Very good 10/24 with music, news, andn BBC program 2137-2220. (BRH) May be almost a semi-regular here late evenings 2300. (GCM)
- 855 PJC2 Netherland Antilles, Curacao, 10/13 2000 with popular music and man in Papiamentu and some EE; time checks 4½ hours after GMT. (JCH)
- 880 TGJ Guatemala, Guatemala excellent with ID and talk about baseball 10/24 2115. (BRH)
- ??? UnID here in SS all AM 11/2. Mention of Iquitos, maybe Peru. Still needed, will keep trying. A logging of Peru would give 30 countries. (LMA) (OBZ4N in Lima is the one which has been reported AN here. Ed)
- 885 ... Montserrat, Plymouth 10/13 in briefly at 1927 with local program of interviews. Weak but good at one peak. (JCH)
- 890 HIPJ Dominican Republic, Santo Domingo, R. continental, 10/22 2102 with LA music, tobacco ads, TCs, man announcer, all SS. (JCH)
- 925 PJA6 Netherland Antilles, Aruba with religious programming 10/27 1920. BER, power is 10 kw. (BRH)
- 990 YV?? Venezuela, Barquisimeto, in fair 0440 11/2 with many R. Tricolor IDs. What are calls? Typical format. (LMA) (YVTA, 10 kw per WRTH Summer Supplement 1970. First reported by Objio in Dominican Republic as new a year ago. Ed)
- 1010??? Colombia, R. Sutatenza logged 0435 back on 8/17. Who is this? (LMA) (Part of the Accion Cultural Popular network in Colombia. Right at the moment I don't know the location of this particular outlet. Ed)
- 1015YSC El Salvador, San Salvador, R. Internacional with ID and LA rock music, 2045 10/28. (BRH)
- 10354VEF Haiti, Cap Haitien fair to very good with music and religious programming 10/26 1830-1845. (BRH) Heard 1830 10/28 with 4VEH IDs. Country #9. Good signal. (LGW)
- 1153a YSCF El Salvador, San Miguel, one of my best catches, on 10/16-17 from 2358-0003 s/off. Off frequency (v/1 says I listened 3 kc too high). Ondas Orientales IDs at 0002 then into s/off. No NA. (LMA) (This one out of order, sorry, Ed)
- 1080 YVQJ Venezuela, Barcelona with good signal at 2300 10/10. R. Rumbos ID. (LGW) (This one listed in WRTH and supplement both as YVQJ and YVOJ. Not listed as Radio Rumbos, however, but R. Barcelona. Ed)
- 1202? ??? UnID SS here 10/26 1916 with announcements (possibly news items). Every announcement followed by chimes. Lasted for 10 minutes, then music. First idea was a 24 hour Cuban news station, but the format didn't follow. Ideas? (BRH) (TIQ has been reported on about this frequency off and on. Ed)
- 1210CMHK Cuba, Cruces, heard at 0247 10/26. Another Cuban coming in strong, with only 1 kw? (LGW)
- 1235ZBM-1 Bermuda, Hamilton fair to good with MoR and light rock music 10/26 1930-1940. (BRH)/ Excellent 2302-2306 10/16 finishing news, ID, into MoR. (GLM)

- 1435 PJA5 Netherland Antilles, Aruba, Radio Kelkboom 10/13 1938 with popular music. IDs very clearly in SS and FF. Pretty splendid signal. (JCH)
- 1500 XERH Mexico, D.F. running over/under WDEE 10/18 2210. (BRH)
- 1554 ORTF France, Nice 10/8 1928 with popular FF vocal music. YL FF announcer, stays till late. Very strong. (JCH)
- 1570 XERF Mexico, Cd. Acuna 0140-0210 10/26 with CKLM QRM. Fair signal. (LGW)
- 1586 ... West Germany, Langenberg 10/8 and many nights after 2001 with folk music in GG, and later classical music. Powerful. (JCH)
- 1595 ??? UnID SS here with LA MoR music and SS announcements. 10/28 2030 and past. Good QSA for frequency. HJH? (BRH) (Could be, Bruce. Ed)

MidWest

- 650 KORL Hawaii, Honolulu was in with ID 0208 MM 11/2 and generally strong the entire AM after that. (LBG)
- KYAK Alaska, Anchorage tentatively the one with spot for Bill Egan, a man who would put young Alaskans in responsible positions if elected. (PRK) (I presume this was about the same time as your other Alaskan logging, 0900 11/2. Ed)
- 655 ... North Korea was apparently the one causing a rumble with Ecuador around 0545 on MM 11/2. Frequently heard here around 0800 but never strong. (LBG)
- 664 ??? UnID Caribbean station heard in EE 11/2 from 2100-2115 s/off. Was weak, and about ½ kc below Lisbon-665. Announcer mentioned Jamaica, and at s/off I'm 90% sure he mentioned the Windward Islands and eastern Caribbean. After s/off there was a short song (sounded like a hymn) and no an-then; OC remained at least 15 minutes. I wonder if this is the new station at Castries (10 kw) mentioned in the last WRTH. (LBG)
- 665 ... Portugal Lisboa is the most consistent TA here, generally registering at least a weak het every evening during AN show. Had audio at 1910 on 11/1 and had very good signals through 0100 when I went to bed. IS was taped at 2000 and 2100; consisted of 4 pips 5 seconds apart, followed in 6 sec. by a higher-pitched pip. Had a fantastic signal at 0023. (LBG)
- 683 RNE Spain, Sevilla had carrier separable from 680 at 1850 11/2, and at 2400 I heard the characteristic IS of a continuous note with small bells in the foreground--very weak. (LBG)
- 730 CM.. Cuba, AN MM with program //870, noted strong at 0223 11/2. This one not usually AN, I don't believe. (LBG)
- 750 KFQD Alaska, Anchorage good signal which peaked nicely for ID (contrary to all DX laws, hi) 0900 11/2. Program format was religion. (PRK)
- 755 ... Portugal, Lisbon audible at sunset for the first time the season; 11/2 1900-1916. At 1915, the prominent notes of Beethoven's 5th Symphony were heard, presumably at s/off, although the voice was unreadable. (LBG)
- 760 XEDGO Mexico, Durango "R. Capital" strong at 0759 11/1. Has been staying in until 0900 lately and blocks a good Chinese frequency. (LBG)
- XEABC Mexico, Los Reyes s/on with "Mexican Hat Dance" song at 0705 SM 11/1. Remember when this one was AN and a real pest? (LBG)
- 764 ... Senegal, Dakar believed the one with sharp het at 1904 10/31. Had audio (woman announcer) 1859-1900 very weak on 11/2; carrier off at 1901. (LBG)
- 840 HJBI Colombia, Santa Marta is back! Strong on AN show 11/2, with frequent mention of frequency and power. Slogan: "Ondas del Caribe." (LBG)
- 850 KHLO Hawaii, Hilo seemed to be the one with rock heard off and on 0300-0500. Believe I had an ID at 0500, but pretty weak. Can anyone confirm the rock format here? (LBG)
- 880 YVMP Venezuela, Barquisimeto probably the weak one with NA at 0456 MM 11/2, interrupted by HJGE. (LBG)
- HJGE Colombia, Bucaramanga, "R. Bucaramanga" s/on strong at 0457 MM 11/2. (LBG)
- 900 ... Barbados s/on 0431 MM 11/2 essentially in the clear except for CJVI's OC. S/on announcement was brief, followed by TC for EST + 1 hour. (LBG)
- 1025 ... UnID TA ca-rier, definitely from the NE, noted 1906 11/2 but couldn't get any audio. (LBG)

- 1030 ??? UnID still here, believed in EE again, weak at 0330 MM 11/2 with XEQR looped out. WEST COAST MEMBERS: What do you hear here MMs after KTWO f/off 0300? (LBG) (I'll have to check, Larry. Ed)
- 1034 ??? UnID TA carrier, probably Lisbon, had poor audio at 1907 11/2. (LBG)
- 1040 ... China believed the oriental program heard SM 0657-0701 11/1 with no QRM at all. No break in discussion program and no IS on the hour, though. Is this characteristic of Peking at 0700? (LBG)
- 1100 ?? UnID heard 0207-0235 10/31, strong signal with slight QRM from XERB at 0226 and 0235 tune-out. Programming consisted of brief one-minute or so musical interludes, male vocals, and talks by both male and female. Language sounded like cross between Chinese and Japanese. (RSH) (Probably KFOX, San Francisco, Roger, which broadcasts in oriental languages at night. I've been fooled by this one also. Ed)
- 1115 ??? UnID SS weak 2157-2248 10/28. ID at 2157 seemed to be "Radio ??? Reloj." (LBG)
- 1178 VOA Ryukyu Islands, Okinawa assumed the one with sharp het at precisely 0831 11/3 (indicating probable antenna change), thanks to Gene Martin's tip. Had good audio thereafter, with NBC's Monitor beeps as if relaying part of a newscast. Language was oriental. (LBG)
- 1475 ... Asiatic RSFSR believed the weak one at 0447 MM 11/2; although couldn't tell language. (LBG)
- 1560 XEVIP Mexico, Mexico faded in and out with KPMC and WDXR between 2321 on 10/28 and 0059 (s/off) 10/29. Program was in EE with MoR music and very frequent plugs for CBS news. At 0049 IDed as "VIP Radio." Also ran EE spots sponsored by the Mexican National Advertisin Council. Reported. (LBG)
- XEJPV Mexico, Juarez very strong 10/30 at 2030 with full ID (including slogan "Radio Alegria") and it dominated the channel. Seemed a bit late in the eve-ing for a daytimer. Heard also 0722 11/1, I blieve just after s/on; not quite as strong then. (LBG)
- West Coast
- 550 KENI Alaska, Anchorage 11/2 0435 mixing with KOY, under and sometimes dominating. had rock, and was using IDs from that weekend ("...super soul weekend, on K-E-N-I") sounds like XERB, hi. (DGC)
- 640 CMQ Cuba, Havana 11/2 0625 with strong talk, ID 0630. (GMA)
- 750 JOIB Japan, Sapporo barely audible on peaks, although looped correctly with KFQD off for night. Strange, in view of conditions. 0842-45, 0903-08 10/30/ (JM)
- 765 ... Malaysia, Kuala Trengganu, 0605 strong with news and quiet guitar music 11/2. (GMA) (The last time this was reported was this time last year. Sunset there was about 0551 on 11/1. A North Korean also has been reported on this frequency. Ed)
- 790 KCAM Alaska, Glenallen 11/2 0400 good with s/off and weird song (not SSB, or any other song of that type). (DGC)
- 810 XERSV Mexico, Ciudad Obregon, Son. Fair with KGO off; "R. Variedades" SID 0807 10/25. (CA)
- 830 KIKI/ Hawaii/Japan KIKI dominant with JOBB looped; JOBB readable except in occasional short fades with KIKI looped 0850-0856 10/30. (JM)
- 835 ... China, Nanchang weaker than JOBB but quite readable. 0900 pips uninter-rupted by fade. (All Murley TPs normally dive into a fade on the first pip. Recognizing that few others seem cursed with this particular malady, I feel it necessary to note my phenomenal luck on this reception.) No sign of 825 to check parallels between these regionals. (JM)
- 840 JOQK Japan, Niigata first new catch of the season, all alone in JJ, weak, subject to long fades 0847-0901 10/30. (JM)
- 900 ??? UnID, 11/2 0335 some sort of show about England, English life, and English pubs (maybe sponsored by ERBA, hi), tuned back at top of hour and KOMO spur TT was there. Suspect KFRB, as Alaska was good that night. What d'ya think, FJP? (DGC) (Could be, Dave. Never having heard KFRB, I really can't say too much about this one. Ed)

- 1010 XEHL Mexico, Guadalajara with clear "Musica Peque" ID 0638 MM 11/2. (FJP)  
 1040 ... China/Hawaii Peking over Honolulu, later audible only with Peking looped.  
 KHVH Peking strongest TP noted 0910-0915 10/30. (JM)  
 1178 VOA Ryukyu Islands, Okinawa best TP from 0845-0920 10/30 with many channels  
 clobbered by WC Friday morning ANers. KEZY splatter easily looped, armchair  
 readability out of fades, audible in fades. (JM)  
 1475 ... Asiatic RSFSR, Khabarovsk, good with woman talking in CC, as per AWP's re-  
 port, then into classical music 0750 10/25. Stuck around for Kremlin Bells  
 across the hour, but station apparently started jamming (or being jammed)  
 0758. (CA)  
 1560 XEJPV Mexico, Cd. Juarez 11/1 0609 with Radio Alegria IDs. (GMa)

#### Verifications

- 1153a YSCF El Salvador, San Miguel verified in 8 days by very friendly v/s Joaquin  
 Cardenas, Suarez. He said they are on 1150, but heard definitely on 1153  
 or 1154; Will send pennant later. (LMA)  
 1250 HJAO Colombia, Barranquilla, Emisoras ABC v/1 in 8 days on TODELAR stationery.  
 V/s is Anamaria Otalora Arango. (LMA)  
 1540 ZNS Bahamas, Nassau, short, concise v/1 in about 3 months. V/s Samuel J. Hep-  
 burn, Acting CE. (PRK)

#### Geomagnetic Conditions

Despite my dire prediction last week, the solar flare on 10/28 did not cause large  
 changes in the  $A_{pp}$  indices. Solar activity has been declining since the 28th, al-  
 though geomagnetic activity is expected to be unsettled Nov. 8-9. A high (extremely  
 so) local noise level prevented anything of note getting in here MM 11/2. North  
 Koreans on 655 and 725 noted quite well shortly after their sunset 0345-0353 on 11/7.  
 Oct. 28-Nov. 3 11 13 08 05 01 04 06

*This issue of DXM is going to about 20 of my students as samples. Maybe we'll see  
 an increase in the number of members in San Diego, similar to what existed here about  
 5-6 years ago (according to Randy Seaver).*

*I just purchased a surplus LM-18 frequency meter, so from now on, I'll be able  
 to get a better idea of exactly where some of the splits are.*

*The last issue of "37" was, as usual, offensive, incriminating, and funny as all  
 getout. The Chief Mogul of SCECPOSDDX should be censored, censured, and commended  
 for the job he did. Unfortunately, he is in Hawaii, on the Big Island, where there  
 are no Aiders, with KHLO off at HST midnight. (lucky guy!)*

*Things are looking up for the SCECPOSDDX-ERBA Thanksgiving weekend. Ralph San-  
 serino, of Huntington Beach, has indicated he might attend. What about other So. Cal.  
 DXers? Will you be here? The place--Grant Manning's house, 4034 Ingraham Street.,  
 Pacific Beach, Calif., all day, Saturday, November 28. For other activities during  
 the weekend, contact the Chairman of the ERBA Hospitality Committee, Randy Seaver,  
 for directions on making the ERBA Loop.*

*A brilliant idea---San Diego for the 1971 Convention--a brilliant idea.*

FJP
